Chapter 161: Assessment, the battle of the dynasty!

"Hey, there are always some dogs that bite people when they go. Brothers, sorry, since someone is upset, the last Zhongpin Spirit is not for sale."

After Ye Xuan finished, he hurried away.

The whole audience was a glimpse, and suddenly someone stunned Lin Zhirong.

If it is not Lin Zhirong, they may have a chance to buy it!

Lin Zhirong now knows that he has fallen into the trap of Ye Xuan. He secretly blames himself for being too big. He has shattered a token and is now hated by so many people.

"Damn hybrid, I don't kill you, Lin Zhirong, don't swear!"

.....

Nine cold swords, Ye Xuan is a total of 4,500 pieces of the next product spar, although there are some discrepancies, but the difference is not big.

On the way back, he directly devours these things.

"Hey, the host broke through to the middle of the real thing!"

Devouring the points, it is finally over a million.

The Chinese youth Lin Zhirong is also in the middle of the real world. If Ye Xuan does not break through, he can easily pinch him.

After breaking through now, it is even more like a duck.

He estimated that he might be able to kill the real thing like killing a chicken.

"The people of the high empire, in addition to possessing the spirit, may also have the martial arts level of the middle class, I can not care about it. After three days of assessment, Lin Zhirong may shoot me, but if I find the opportunity, I Directly exploding his head."

Ye Xuan's light flashes.

People don't commit me, I don't commit crimes, if people commit me, ten times more!

After returning to the house, Ye Xuan directly laid a gathering of the spirits. He estimated that Zhao Pan and Jiang Xian should have a 90% chance of breaking through within three days.

At the same time, he himself spent tens of thousands of swallowing points and bought one.

This is a forging map of the Chinese spirit, called the silkworm silk hand.

Now, in addition to using bows and swords, he occasionally uses explosive punches, so he must have a pair of Chinese spirit gloves.

Everything is ready, just owe the wind!

In the past three days, many people have come to this area, and it is estimated that they have reached five hundred. Not only that, but even the people of the Tang Dynasty came.

Moreover, all three of them are all real and terrifying.

It is said that the talent tests of these three people have reached a medium level of excellence. One of them is even better than Ye Xuan, and even if they do not participate in the assessment, they can directly enter the local government.

This person is called Tang Tian, the Prince of the Tang Dynasty!

After these three days of cultivation, Zhao Pan and Jiang Xian finally broke through to the real world and caught up with the public.

.....

On the fourth morning, a lot of Lingxiao Dapeng flew over the area.

"Everyone, the square collection!"

A loud voice fell in everyone's ears, they were all a glimpse, and then quickly left the house and went to the Grand Place.

At this time, in the Grand Place, it has already landed ten of Ling Xiao Dapeng.

No minutes are spent, and everyone in this area has reached the Grand Place.

Then, an old man on Ling Xiao Dapeng said loudly: "The examination of Lingxiaofu is about to begin, and everyone will board the Lingxiao Dapeng and go to the assessment site."

In other words, someone jumped directly to Ling Xiao Dapeng.

This Lingxiao Dapeng is bigger than the plane, and it is not a problem to stand on a 50-person back.

Ye Xuan three people also jumped up directly, but they landed, there is a cold floating.

"Oh, it's really narrow."

Ye Xuan stared at it. Didn't it stand in front of them and Lin Zhirong who had a holiday?

"Want to die, don't worry." Ye Xuan said faintly.

Lin Zhirong blinked and said: "I will give you a chance. If you kneel down and give me three heads, I may spare you a life."

"moron."

Ye Xuan turned his eyes and went straight to the middle with Zhao Pan and Jiang Xian.

Although Ling Xiao Dapeng's back is big, if it is blown away by the wind, then it will be dead.

Looking at the back of Ye Xuan's departure, Lin Zhirong clenched his fists and muttered: "You, you will die very badly."

Soon, hundreds of people were all on the back of Ling Xiao Dapeng.

"take off!"

The old man who shouted shouted.

Ten Ling Xiao Dapeng began to fan their wings and flew in one direction.

Now, Ye Xuan also understands that these Ling Dapeng are the real beasts of the real world, flying very fast, can travel 100,000 miles a day.

However, these Ling Xiao Dapeng still flew for half an hour, and then stopped at the entrance of a large valley.

After the arrival, the hundreds of people also landed on the ground according to the instructions of the first old man.

Then, the old man began his long story.

"I will introduce myself first, the old man, Yang Tai, the elder of Lingxiao, today is the chief examiner of your Tang Dynasty dynasty. You have a total of 573 people in the Datang Dynasty, and your opponent is the Great Zhou Dynasty. It's similar."

"Next, listen carefully."

"In this valley, there are two entrances, and the Great Zhou Dynasty is another. At the same time, there is a big river in the center of the valley, which is the dividing line."

"All you have to do is to cross the river in a month and destroy the town tower stone in the other five towers. Which side of the five town towers were completely destroyed, which side will be defeated."

"If you don't win the game after one month, you will decide the outcome according to the number of remaining tower stones. If it is the same, then the number of survivors will be used. If the number of survivors is equal, then it will be said."

"Every town tower stone has been laid out, can not be accepted into the ring, can not be moved."

When the old man finished, he took out a large parcel from the Qiankun ring and threw it on the ground.

"This is the identity token of your Tang Dynasty dynasty. Each token has a formation and cannot be accepted into the ring. If you bring it on your body, you can sense the people in the same camp, one for each."

Then, a messenger of the Lingxiao House jumped to the ground and quickly distributed the token.

At this moment, the horizon suddenly had a flash of light. After the old man saw it, he was also condensed and stretched his fingers in several directions. He said: "The Great Zhou Dynasty is ready, the five sentry towers of the Tang Dynasty. In these directions, let's get started."

When he finished, he drove directly to Ling Xiao Dapeng, and he didn't even have time to ask questions.

Lingxiaofu assessment first battle, start!

After the old man left, one person immediately jumped to a big tree and said loudly: "You, I am the Tang Dynasty prince Tang Tian, this first battle is very important, so we can only win without defeat. Next Let me direct."

Tang Tian was born in the royal family of the Tang Dynasty. When he was born, there was a domineering power of the superiors. Between the gestures and the cultivation of the real Xuanjing, no one in the scene dared to oppose him.
