

Super D. S 1611

Chapter 1611: Closed fairy channel

"What is the position of the Cavaliers?" Ye Xuan asked curiously.

"Anyone who passes the gold assessment, or the realm of the six heavens can become a regular knight. At that time, he will join a knight, and every knight is at least a platinum knight."

When the old man finished, suddenly the thief laughed and said: "There are a total of 50 knights in the Gladiator Knights, and the old man is one of them!"

This time, Ye Xuan understands why the old man gave him a small stove. He originally wanted to accept him to his majesty.

"It turns out!"

Ye Xuan nodded, and then directly took the platinum badge to the blood and recognized the Lord, and then received the body.

"Everyone who passes the gold assessment will be assigned to my majesty. My name is Ma Li. In the future, I will be your knight." The old man said.

"I have seen the Cavaliers!"

Ye Xuan once again clenched his fists.

"Well, I didn't expect anyone to pass the Platinum assessment this time, so the reward is not ready yet, and I will give it to you later. In addition, those who pass the assessment can choose a mount, but I don't think you can see the following. Mount." Ma said

"Mountain?"

Ye Xuan brows a pick.

There are about 500 passers-by in the square on the square, and the strongest has reached the triple of heaven.

Even if they participate in the lowest bronze examination, they will need to kill the Tongtian, a six-day Tongtian beast.

If Ye Xuan asks, it would be fine to have a six-horse mount of the Heavenly Beast.

However, if the realm of the realm is so large, it is impossible to sign a contract. Can you not use the mount of Tiantian, what is the use of Ye Xuan of the Platinum Knight?

"The Cavaliers are long, the mount is even." Ye Xuan said, but also fell on Megatron.

Mounting, only a prestige, can not keep up with his speed of cultivation, unless there is a special talent.

"Okay, then I will give you more points on rewards. Go out."

The horse nodded and immediately waved his hand. He and Ye Xuan appeared directly in a square.

Only those who pass the assessment can come to this square.

Ye Xuan immediately felt it. There are already tens of thousands of people in the square. Most of them have passed the bronze examination. There are dozens of them through the silver examination.

As for the Golden Knight, there are only five people who are jealous. The Platinum Knight, only Ye Xuan one person!

These people also integrated the Knight's badge. When Ye Xuan appeared, he immediately felt it, and everyone was shocked.

"God, it turned out to be a platinum knight!"

"Platinum, turned out to be a platinum knight, he has more than six realm challenges to succeed!"

"Where through the gold assessment and above, you can directly become a regular knight, he actually passed the Platinum assessment, in history, it seems that five geniuses who passed the Platinum assessment directly!"

"However, the realm of examination through Platinum is generally low, so it is relatively easy. The soul does not destroy the triple realm, it is really a good realm!"

The people in the entire square have boiled up.

Then, they also focused on the horse who was also the Platinum Knight.

Most people are badges issued by regular knights. Only the five golden knights are awarded by some powerful people.

Unexpectedly, Ye Xuan was actually awarded by the Platinum Knight, which is a bit powerful.

"This kid... It's no wonder that the assessment is so slow. It turned out to be a Platinum assessment. It's amazing."

After passing the golden test of the waywardness, I saw the leaves behind the leaves, and I couldn't help but smile.

Originally, his request to Ye Xuanding was a gold assessment. I did not expect Ye Xuan to take a higher platinum badge, which was beyond his expectations.

Of course, with his strength, Platinum assessment is not a problem, but he thinks this is too swaying.

As for the other four golden knights, the realm is still lower than him, but it is not bad. After all, it comes from the big forces around.

Ye Xuan also noticed the waywardness. After the horse left a high platform, he directly joined the wayward.

"Not bad, passed the Platinum assessment, and really did not let me down."

"It took the war of consumption to win."

Ye Xuanyi opened his mouth and smiled, then used the real gas to condense the wire, directly to the wayward voice: "The knight is long, what is the realm?"

"Tong Tian Jing Jiu Jiu Feng Feng, they are all suppressing the realm, there is no breakthrough. Although it can not be soared, but without exception, the soldiers must be repaired, but there is a deadly place in the immortal..." .

"What is the deadly place?" asked Ye Xuan frowning.

"After the military dismantling and dispersing the immortals, every thousand years will come to a fairy robbery, and once more dangerous than once, if it can not withstand it will be smouldering. Although many people have the means to postpone the genocide, but once it can not be delayed, then工具了了."

After the waywardness, I couldn't help but paused. "So, once you become a fairy, life expectancy will be greatly shortened. Some people will be killed by immortality after living for a thousand years. However, if the robbery is successful, then the strength is doubled. Upgrade."

"Life is so short..."

Ye Xuan locked the brow.

We must know that the strongest people in Tongtian can live for tens of thousands of years, and once they become a fairy, then only a thousand years of life can live, so many people suppress the realm and resolutely do not break through.

Ye Xuan suddenly remembered a question and asked: "Why is the fairy passage closed?"

"Unclear, no one knows the reason. Anyway, no one has ever successfully climbed to the fairyland and become a true immortal." The wayward shrugged and shook his head.

After listening to it, Ye Xuan was silent.

He has a super-phagocytic system. If he reaches the peak of the world, he does not know whether he is flying directly to the fairyland, or like everyone else, he can only solve the problem.

At this time, the horses on the high platform have not seen the gold appraisers in the assessment secrets, so they directly said: "If you pass the gold assessment and above, come with me!"

Of the thousands of people present, only five passed the gold assessment, and Ye Xuan, who passed the Platinum assessment.

So this sentence is to give them six people to listen to.

Those who have passed the examinations of bronze and silver can only look at the six people with envy. Of course, the most eye-catching thing for them is Ye Xuan, the Platinum Knight.

Platinum Knight, that is the glass knights near the highest level of the knight, you can get the huge resources of the glass knights to cultivate, the future achievements will naturally not be low.

As for the examinations of them through bronze and silver, they have to join the preparatory knights. Only through the gold assessment, or reaching the six heavens, can they become regular knights.

During the period of following the horse, the four golden knights except the wayward looked at Ye Xuan with a look of adoration. One of them was a hot woman, and she continued to wink at Ye Xuan.

Chapter 1612: Glazed knight

Although these people's realm is higher than Ye Xuan, but on the qualifications, they are opened by Ye Xuan 18 streets, unless they are promoted to the Platinum Knight, otherwise see Ye Xuan have to salute.

"What we are now in is called Linfeng City. Around the headquarters of the Glass Knights, there are a total of 50 such cities, each of which is temporarily owned by 50 knights."

The horse left the road and explained: "In the future, you are all knights under my command. You can choose to guard the city of Linfeng, or you can choose to go out and perform tasks."

"The Cavaliers, I heard that there are five glass knights above the Platinum Knight?"

At this time, a gold knight suddenly asked.

"You know a lot, yes, above the platinum knight is the glazed knight, but in my glaze knight, there are only five glazed knights."

Ma nodded and said: "The five glazed knights are strong, and four of them have already passed through the slain and become a sin. The last Lin Guangyao is still a natural world, but he also has the strength of an enemy. Although I am at the same level as him, if I fight, I am afraid I will be killed by him."

Spike!

After hearing the word, everyone could not help but hold it.

Fang Caixuan listened to the will, said that the Cavaliers long horse is already a master of the heavens and the top of the peak, then Lin Guangyao is also estimated to be the peak of the heavens, but the latter can kill the former, this strength is too much difference, right?

"The Cavaliers, I heard that you are already the peak of the world, why is the strength difference so great?" asked a gold knight.

"Although I am with Lin Guangyao, the same person is the peak of the heavens, but Lin Guangyao is the one who has produced the glass of the glass. It is not an exaggeration to play ten."

After leaving the horse, he couldn't help but paused. He said: "This glass treasure is the most powerful magical power of my glass knight. Once the cultivation is successful, the body will be greatly improved. Even if the space cracks are hard, there is no problem! "

"Cracking space cracks?"

Everyone was shocked.

Even the waywardness is not a brow.

Space cracks, the destructive power is almost infinite, but can it be hard?

"No, I said wrong, it should not be hard. As long as it is made into a glass treasure, the internal environment will be extremely stable. If there is a space crack and tear to the skin, it will be shocked back. The glass treasure is It has the effect of anti-shock, although it is not a hard battle, but it is almost the same."

The horse shook his head helplessly: "The glass treasure is indeed strong, but it must be promoted to the Platinum Knight to be able to come into contact. I have been practicing for a hundred years, and I have only touched the threshold."

"Platinum Knight?"

After hearing this, the five golden knights, including the wayward, couldn't help but look at Ye Xuan.

Ye Xuan passed the Platinum assessment, which means he can come into contact with this glass treasure.

However, how to contact, after all, Ye Xuan is just the soul of the immortal.

The Knights who are connected to the peak of the nine peaks in Tianjing are not trained. What is Ye Xuan doing?

Therefore, the other four gold knights are not envious at this time, just some expectations.

It is natural to investigate the Glass Knights.

This Glazed Knights was founded five hundred years ago, that is to say, they only took five hundred years to develop into a position to compete with the Penglai Yaozu and the Heavenly Palace.

I have to say that this glass fairy is very good.

Ma Li took Ye Xuan six people to the front of several houses and said: "Well, you six people first find a place to live here, adapt to the environment."

At this time, suddenly a silver knight came over and handed it to the horse.

After the horse was separated, he was transferred to Ye Xuan and said: "This is the reward after you have passed the Platinum assessment. It is enough for you to cultivate into the heavens. You can receive a batch of cultivation resources every month in the future. Others will have to Consuming meritorious service, as for merit, you can get the task."

"Thank you, Knight!"

Ye Xuan took a look at the Qiankun ring, and he couldn't help but shine. The evaluation through Platinum really had great benefits. The thing in this ring was so much that he almost jumped and hugged the horse.

"Well, you can adapt to a few days, then you can pick up some simple tasks to practice."

After leaving the horse, he left directly.

As for Ye Xuan, it is to prepare their own accommodation.

I have to say that the hierarchy in the Knights is too strict. Ye Xuan is now a Platinum Knight. He did not choose a place to live. The other four gold knights did not dare to choose.

"Okay, I am here." The waywardness directly points to the recent saying of living.

The other four golden knights were shocked, but they thought that wayward and Ye Xuan seemed to know, so they didn't speak.

"I will be that."

Ye Xuan pointed to the residence next to her waywardness.

Anyway, people like theirs have no need to sleep, and their homes are generally used for cultivation.

At this moment, suddenly a voice fell into Ye Xuan's ear.

"Adult, do you need to sleep?"

This is a woman's voice, Ye Xuan turned around and saw that the female knight is throwing a wink at him.

"no need."

Ye Xuan also uses the real gas to condense the silk, the sound is directly in the female knight's ear.

But I have to say that this female knight is really expected, it is not too much to call it a cow. It is a very beautiful thing if you can spend the night with her.

However, Ye Xuan's family already has two wives.

Wildflowers, still not good!

After hearing Ye Xuan's words, the female knight also showed a disappointing look, and then turned to look at her waywardness.

"Go on the side."

Said waywardly.

The female knight is no longer eating Ye Hao, and her resignability is not interested in her. She can't help but show her angry look.

However, she felt that her waywardness was not simple, so she could only suppress the anger, then turned her indignation and walked into a residence.

At this time, Ye Xuan has also returned to his residence.

This time he passed the Platinum assessment and got a huge reward. If he breaks through now, it will be too swaying.

"Breakthrough once and say it again!"

Ye Xuan, no matter how much, directly swallowed up some.

"Hey, the host breaks through, and the current soul is immortal!"

"Hey, the spirit of the ashes breaks through, and the current is the soul of the six realms!"

"Hey, Megatron breaks through, and the current is the soul of the six realms!"

"Hey, the ghosts and the great emperor break through, and the current is the soul of the six realms!"

A series of four system prompts to sound, Ye Xuan's breath directly skyrocketed.

This award is less for the ore in the Qiankun Ring, but it can still make the Megatron and the Ghost Emperor break through.

Ye Xuan estimated that the things in the head can at least let him break through once or even twice.

Chapter 1613: Receiving task

"Where, Nima, have you broken through?"

At this time, suddenly a figure flashed into the room of Ye Xuan, needless to say, naturally it is self-willed, and only he dare to directly blame Ye Xuan's residence.

The residence here almost has a pattern of isolation. After entering the way, I found that Ye Xuan broke through.

"What do we do next?" Ye Xuan looked up and asked.

Now that they have successfully mixed into the Glazier, it is the first step.

"Your realm is too low, you want to get close to the glazed maidens, at least get the knight to leave the realm. The second step is to improve the strength."

"Then we will pick up some tasks to do?" Ye Xuan suggested.

"This is of course, I also need to achieve merit, in order to be able to upgrade to the Platinum Knight. But no hurry, I set myself the goal is a hundred years." Ren Ren a calm look said.

Hearing this, Ye Xuan could not help but rolled his eyes.

Just kidding, he is still only 30 years old. He is too long in a year, let alone a hundred years?

Others need to cultivate, maybe retreat once in ten or eight years or even a hundred years, but he has a super swallowing system, let him retreat for ten years, it is better to let him wipe his neck.

At this time, a system prompt sounded suddenly.

"Hey, the Dragon Slayer's title mission is triggered by the third ring mission, killing the 100-year-old Guan Chengye on the Dragon Devils list."

Wen Yan, Ye Xuan paused.

After he killed the death dragon Dawn, the second ring mission was over.

Now, the third ring mission has finally been triggered.

This task is still completed, because as long as the kill is ranked within one hundred, it is also considered to complete the task, not necessarily to kill Guan Chengye.

"Go, pick up the mission!"

Ye Xuan said nothing, go straight out.

In addition to improving the damage to the dragon class, the title of the Dragon Slayer is also full of 30%. Ye Xuan is very eye-catching.

Now he just wants to improve his strength, and it is best to take the opportunity to complete the task.

Anyway, it's okay anyway, just follow it up.

They first became familiar with the environment, and then they found the meritorious hall.

The Gongxun Hall is a popular place for the Glazier Knights. There are a lot of traffic every day. After all, this is the place where the regular knights pick up the mission, and it is also the place where the knights are ready to pick up the mission.

Ye Xuan and the wayward have not yet entered the door, they will see those knights and regular knights on their knights.

You must know that in addition to the knight of the gold badge, the other must reach the six heavens to be able to turn positive.

Passing by the master's eye-catching salute, Ye Xuan has a sense of superiority.

There are more than 100,000 reserve knights in this city, and there are nearly 10,000 regular knights. However, there are only a handful of Platinum knights.

It is normal for these people to salute Ye Xuan.

"Kid, enjoy a hand, cool?" He couldn't help but ask.

"Yes, I have to pay more than ten levels higher than me, so cool." Ye Xuan nodded.

Soon, the two entered the meritorious hall.

High level, and some hidden privileges, such as cutting the queue.

After feeling the arrival of Ye Xuan, several knights who were originally taking the task immediately let out their debut, so that Platinum Knight Ye Xuan and the Golden Knight were willful.

"Adult, what task do you want to take?"

Asked a bronze knight of the Gongxun Hall.

"Show me if I have the task of killing the Dragon Master." Ye Xuan said.

This bronze knight is very efficient. After two seconds, he handed a list to Ye Xuan. From the first place to the top two of the Dragon Devils.

Some of these tasks show when the other party has appeared.

Ye Xuan glanced at it and finally locked in the position of the 97th, a person named Di Kai.

Like Di Hui, this Di Kai is the death dragon of the Dragon Devils Palace. The realm is the peak of the soul and the eternal peak of the soul. Three days ago, it happened to be a battle between Tianlang City and the National People's Congress. It is easier to trace.

"Just him!"

Ye Xuan pointed to this task and said: "Platinum Knight Ye Xuan, and the Golden Knight willingly take it together."

"Ok."

This heavenly bronze knight revered nodded and said: "Two adults, can you choose to follow from the knight?"

"Hey from the Cavaliers, what is this?"

Ye Xuan asked a little strangely.

"Golden knight, each mission can choose a 層 to follow from the knight, the Platinum Knight can choose two. 層 From the knight's realm, it changes according to the task level."

The bronze knight took a look at the mission and said: "If the two adults take this task, they can choose three heavens and a heavyweight to follow from the knight. They will guarantee your safety, but will not assist you in completing the mission."

"What are the three heavens?"

Ye Xuan's eyes squinted and then shook his head directly: "No need."

For him, the three heavens and the world are like the Cavaliers, but they are like cumbersome.

Just kidding, although the self-willedness is now the soul of the immortal, but he was a master of the scattered fairy level before, even if the six heavens in his eyes, are all ants.

"Ok!"

This bronze knight did not say much, took out a sheepskin roll directly to Ye Xuan, the task is very simple, is to kill that Dicky, bring the body back.

As for the merits, Ye Xuan did not look carefully, it does not matter.

After taking the task, Ye Xuan and waywardly left the Gongxun Hall under the eyes of the public.

The tasks they took, the people around them also heard, and these knights also know that Ye Xuan just took this task to practice.

This Linfeng City is still quite large, and there is a transmission array leading to each city. After Ye Xuan and the waywardly leave the Gongxun Hall, they came to the transfer palace and then transferred to Tianlang City.

This day Langcheng is similar to the former Liege City, and the city owners are masters of the heavens.

At the time of transmission, the two also collected the Knight's Medal. After all, the Golden Knight was arrogant enough to sway through the market. If Ye Xuan, the Platinum Knight, was known, there would be a master to kill him.

"The death dragon Duke was kicked into a knight's tracking mark. The knight's mark in our body can trace him, but the realm of jealousy is low, it depends on you."

After leaving the transfer palace, Ye Xuan said to the wayward.

"Really, if you want to connect to the level of heaven, then the soul will not be destroyed, and it will not be so low."

The waywardness is somewhat helpless.

His realm is higher than Ye Xuan, and the ability to track down with the Knight badge is stronger than Ye Xuan.

What's more, his spiritual knowledge is a lot more than Ye Xuan. After all, it was the level of the scattered fairy. Although the realm was lost, the soul is still very strong.

Almost instantly, he found the escaped Dikai.

Chapter 1614: Kill into the enemy

"Found, see me!"

No way to talk about it, take out the eye of a space directly, and then use the eyes of this space to break open the void.

You should know that the interior of the city is relatively stable, and it is not so easy to tear the space inside.

However, the level of the eye of the capricious space is not low, and the formation of a small town in the district is not in his eyes.

When the two men crossed the door of the air, they sensed the breath of the soul.

Dikai!

I have to say that the scattered fairy is awesome. Even if the master of Tongtianjing tears the space, it is impossible to find Dikai here. After all, Dikai has left for three days.

"who?"

Dikai's reaction was quick, and he immediately sighed.

"Weak **** one, I am lazy shot, you go up!" There is no meaning in the way of arbitrarily, and directly took out a fan, sitting in the air and fanning up.

Also, even if the master of the nine heavens can not enter his eyes, let him deal with a soul that does not destroy the eight realities, too much price.

"I am also lazy to shoot, ribs you up." Ye Xuan also showed a tired look, summoned the old three trees.

The old three of the trees are now the soul of the six spheres, killing this Dikai is not a problem.

"escape!"

After Di Decai saw her waywardness, she immediately gave birth to a retreat.

Although he once killed the master of the soul and the eternal world, the experience of Wannian has made him understand that the waywardness is not a leisurely generation. The means of breaking through the empty space is not something that ordinary people can have.

This war, he is not sure, so he can only escape!

"Want to go? Have you asked the old man?"

The old man of the tree took the lead and immediately intercepted this Dikai.

"The soul of the district is not dead, and dare to sway in front of me?" Dikai was furious, and he was afraid of being willful, not Ye Xuan.

However, he was very wrong, and the old man alone could be singled out with him, let alone the Ghost Emperor and Megatron.

"Hey!"

After Dekai realized that he was not right, he directly turned into the body of the death dragon, and fled insanely.

Unfortunately, he could not escape the palm of the old man.

"Hey, the host's killing value is improved!"

A system prompts to sound, this death dragon Duke also fell into the hands of the old three trees, and then the soul was harvested by Ye Xuan.

"Hey, the host completed the third ring of the Dragon Slayer title mission!"

"It is already the third ring. I don't know how long it will take to complete..."

Ye Xuan is slightly helpless. However, with his current realm, he can complete one thing, that is, the maximum value of killing.

Now that he has a seven-point swallowing point, if he has two more points, he can combine two fighting blood.

Therefore, he wants to squat or the soul of the immortal opportunity to kill the enemy.

At this time, the eyes of death were similarly made into two wills of death. This time, Ye Xuan quickly absorbed the two wills of death.

The eye of his death is elevated, so the will of the devil's death will also increase, and the power of using death gaze will be stronger.

"Right, how big is your break?" Ye Xuan could not help but ask.

"If you don't have a positioning, it will be enough to use the eyes of the space for three days. Where do you want to go?"

He replied arbitrarily, and now he is just not dead.

"I got a strategic map before, ready to explore." Ye Xuan said.

"That's it, but it may be fake. If it breaks through, it will probably fall into the enemy's lock-in array. However, it is not a problem for me to take you with me."

After the waywardness, I took out the eyes of the space again, and then broke the void.

Although he was not able to pass through the heavens, he directly crossed the three-day distance with the eyes of this space in his hand and penetrated the enemy's territory.

Ye Xuan took out the map and looked at it to understand where he was.

"In the northwest direction, a group of demons are moving in the northeast direction."

"it is good!"

Ye Xuan's eyes lit up and immediately turned toward the northwest.

This time, he has actually completed the task, but he is willing to take the shot because of his arrogance.

The demon squad he found this time, from the breath of their body, are all dragons.

Now the dragon family has rebelled to the **** holy land, so it is very normal to see it.

"Kids, let's kill it." He said to Ye Xuan.

"Right on my mind!"

Ye Xuan's eyes widened and he saw thousands of dragons migrated in the field of insight.

What Kewen had inquired before was the distribution map of these dragons. Once the map was broadcast, there would be a master who would descend to destroy the family, so they had to migrate.

The strength of this dragon group is still not weak. The three dragons in the lead are the souls of the eight immortals. There are still a lot of masters under the arm, so many killing values, Ye Xuan's eyes are red.

"on!"

At the moment, Ye Xuan is not talking about it. He directly marked one of the dragons with the death killing order and then flashed over.

"Kill the feast, open!"

Here, there was a violent storm.

Although Ye Xuan has just passed the Platinum assessment, the skills such as the invincible soul are used up, but Ye Xuan has a feast of killing, enough.

With the advent of Ye Xuan, this dragon group was seriously damaged, and the bodies of countless dragons fell from the sky.

In the blink of an eye, the increase in the feast of the killings has increased by a few.

At the same time, the internal movements also stopped the entire ethnic group.

"what happened?"

The three souls that were headed did not destroy the eight-fold dragon, and saw the middle of the team hit.

"Someone came directly from the sky and killed our people!"

There is a report on the dragon that keeps the human form.

"It's damn, I don't know who leaked the ethnic distribution, it made us have to leave, and we also suffered several kills along the way."

The head of this dragon group angered a word.

They have suffered several kills before, but the realm is not high, but this time, they are suffering from Ye Xuan.

50%...80%...double...

Within three seconds, Ye Xuan's increase has doubled and is still climbing rapidly.

Originally, the patriarch of this dragon group thought that there would be a few masters in the family to solve Ye Xuan, but after three seconds, Ye Xuan still had a living and alive, knowing that he was going to take it himself.

"court death!"

The patriarch of this dragon group screamed and plundered directly toward the ghost priest.

The soul is immortal and the soul is immortal. It only differs from the two realms. The Ghost Emperor is sure to kill each other in three rounds.

Coupled with Megatron's cooperation, you can almost kill!

Chapter 1615: Enchanted inheritance

The patriarch of this giant dragon group screamed and was close to the sneaky emperor, and the dragon claws were caught, ready to smash the sinister emperor.

But at this time, the sneaky emperor suddenly made a full effort, and instantly smashed this huge dragon claw. Not only that, but the swordsmanship of the dragons gave the majority of the patriarch's neck.

Sure enough, almost killed by the spike!

However, this is not over yet.

Megatron directly turned into a stunned sword, just like Pangu opened the world.

"Oh!"

In an instant, this faucet was cut off, but the patriarch of this soul is still not dead.

"Take it to the old man!"

Not far from the tree, the old tree flashed continuously, and slammed the fists out of the faucet, directly breaking the back of the head into a big hole.

After several punches, Ye Xuan heard a system prompt.

"Hey, the host's killing value is improved!"

A master of the soul is immortal and falls directly.

As for his soul, Ye Xuan naturally will not let go, quickly fill the knife to harvest it, and the increase will be increased again.

Even the patriarchs were murdered. This group of arrogant dragons was instantly splashed with cold water and fled.

These nearly 10,000 dragons, if they want to escape, Ye Xuan is unlikely to intercept all of them, so they can only pick the high world to kill.

The waywardness in the distance has already lie in the air, holding the head with one hand and shaking the fan fan, it looks very comfortable.

"This kid, it is very ferocious to kill. If you grow up to the top of the sky, it is estimated that the fairy can be paralyzed."

Being willful and satisfied, he is secretly praising his own vision and is very powerful.

However, at this time, the sky suddenly rose with a white light, and then a strong atmosphere spread.

"Ok?"

The self-willed brow is a pick, his soul and spiritual knowledge can be scattered level, the induction is much stronger than Ye Xuan, just feel the strong breath.

"This is, the demon inheritance found the inheritor?"

He was somewhat arrogant. Before he came to the holy land of Penglai, he naturally heard about the fall of the Penglai demon.

Unexpectedly, it is a coincidence that someone actually inherited the position of the demon emperor today.

However, Ye Xuan is in the midst of crazy killings, but he did not find the flashing sky beam, and he could not sense the breath.

Soon, this dragon group was killed by Ye Xuan, and all the souls were also wiped out. As for the dragons that ran away, the realm was very low. This battle was enough.

Ye Xuan estimated it, and it is estimated that it will be a few more times before it can reach the upper limit of the killing value.

"There are also a group of demons in the north who are moving, can't go?"

The wayward suddenly said to Ye Xuan.

"of course!"

Ye Xuan nodded a sentence, but he can't even use the killing feast now. It will take a while to use it. It is estimated that it will only be able to fight normally.

There is no such thing as killing feasts, not killing the souls and other skills. In fact, with his strength, it is almost impossible to kill him under the heavens.

At the moment, the waywardness is to break open the void directly, and then Ye Xuan and others plucked in, once again intercepted a team of dragons.

Although the duration of the killing feast has passed, but Ye Xuan has continued to fight, although it has not been able to kill all the dragons, but it does not matter, after all, the dragon is amorous, the ability to multiply is among the Yaozu, and These dragons are not in the realm of heaven, and the units are hundreds of millions.

After several tossing, Ye Xuan finally reached the upper limit of killing value again.

"Hey, the host's killing value reaches the upper limit, is it converted into a swallowing point?"

"Yes!"

"Hey, the host gets a little swallowing point."

Now, Ye Xuan has eight points to swallow, and then a little more, you can combine two battle blood.

"Be willful, then..."

When Ye Xuan was ready to let the wayward continue to carry out the spiritual search, suddenly an old voice sounded directly in Ye Xuan and the wayward ears.

"You two, do the task outside?"

This voice is the long distance of the Cavaliers.

The Platinum badge owned by the Cavaliers can be contacted by the Cavaliers, or even directly positioned, and then broken.

"The Cavaliers, we are doing the task outside." Ye Xuan used the platinum badge to pass back.

"There have been some things happening. It is estimated that there will be a large number of sinister sacred masters entering our site soon. You must be careful."

Ma reminded.

"Issues?"

Ye Xuan did not understand the situation.

However, the wayward is to understand in an instant, then pass back to the sound, let the horse away from peace of mind.

The wayward is the golden knight, which means that he is killing the heavenly beast that is full of heaven and earth. No one can compete in this area, so the horse is relieved.

"If it is dangerous, let me know immediately, and you will come back some more. I can't support it too far."

Ma reminded.

Ye Xuan is a Platinum Knight after all, which is the most potential seed for the Gladiator. Although the soul can be resurrected, the resurrection takes time.

Genius is about to erupt in a young age. Once it is silent, it may be a mistake.

"it is good!"

Ye Xuan and the wayward look at each other, and then a sentence.

"When you were fighting, I felt a strong breath, which was from the direction of the Penglai Yaozu."

"Penglai Yaozu, what happened?" Ye Xuan frowned.

"Someone got the inheritance of the Penglai Emperor, so the next three holy places of blood, evil, and bones will send experts to spy on them to see who got the inheritance of the demon."

Ye Xuan said: "What does it have to do with us? Is it far from the Penglai Yaozu?"

"The masters come in, then those who have low realm will keep up, and take the opportunity to make a fuss. Now there is not a lot of heaven and earth in this area. It is estimated that there will be a two-way, three-way master who will pass through."

After the arbitrariness paused, said: "Of course, the real main battlefield is still the Penglai Yaozu, the Penglai demon's inheritance is only half, and now someone has got this half, and the other half is expected to appear soon."

"How is it only half?" Ye Xuan raised his eyebrows.

"You really don't know anything, tell you." The wayward continues to fan the fan, telling: "The Penglai Holy Land was originally the owner of the Holy Land, that is, the Emperor Dragon Bird of the Penglai Yaozu, and later The Dragonfinch fairy priest knew that he could not survive the sacred robbery, so he left half of the inheritance in the Penglai Yaozu, and then left half of the inheritance in the fallen land."

"I don't know if I can't get through it anyway. Why don't you directly rob the demon?" Ye Xuan asked again.

Chapter 1616: Lord of the Holy Land

"There are many people, so she chose to hide. At first, everyone thought she was in a retreat. Later, she realized that she was degraded. She stayed in the half-way inheritance of the Penglai Yaozu and could guide the other half to inherit. Get." The wayward continues to explain.

Ye Xuan finally understood, said: "So, the other three holy places are for the demon inheritance?"

"Of course not. The inheritance of the demon is only one of them. The most important thing is the Holy Order."

Shamelessly shook his head: "The Lord of the Holy Land can have the Lord's Order. As long as the Holy Lord is refining, then you can become the owner of the holy land of Penglai. I said before that the fairy can't be shot in this holy place of Penglai. Why?"

"I don't know, is there any agreement or the like?" Ye Xuan guessed.

"Well, it is a default agreement, but the real reason is because the space in Penglai is unstable, and the strong space can tear the space, but it can be repaired. Once the strong person of the level can be shot, the space for tearing will be Will not fix."

" Moreover, this space crack may continue to expand. In the end, it even swallows the entire holy land and even spreads to other holy places. Therefore, the scattered fairy is not allowed to be shot in the small holy land. Violation will be punished by the heavens, but severely injured. Directly fallen." The wayward explanation.

"So, can you fight in the Great Holy Land?" Ye Xuan said.

"The four holy places are four, the Holy Land of Life, the Holy Land of Buddhism, the Holy Land of Death, the Holy Land of the Nether. These four holy places are very stable. People in the heavens can tear the space, the cracks in the space will be repaired instantly, and the masters of the scattered level fight. Space cracks will be repaired a bit slower."

When you say it way, you will turn the topic and say: "But if you have this holy command, you can do it yourself on your own site, and others, no!"

"It turns out that the Holy Order is a fragrant scent. If a sacred lord gets this holy command, it is almost invincible in his holy place."

This next leaf Xuan thoroughly understood that the three evil sacred places were stationed in the holy land of Penglai, originally to compete for the Lord of the Holy Land.

Alien can not be used, but the scattered fairy with the Holy Order can be, is this not invincible?

"Right, the six forces of the Penglai Holy Land, in addition to the three evil sacred sites and the Penglai Yaozu, there are also the Glass Knights and the Heavenly Palace, they are also vying for this Holy Order?" Ye Xuan suddenly asked.

"Glass Knights, Penglai Yaozu, Tianmeng Palace, although the three forces are fighting against the three evil sacred sites, but the Penglai Yaozu and the Tianji Palace are together. Although the background is not small, she also wants Competing for this holy command."

Ye Xuan's eyes sighed and said: "What about the palace that day?"

Heaven is a palace, but it is very similar to the name of a person he knows.

Ye Xuan estimates that there should be a connection between the two.

"The Heavenly Palace is the husband of the Emperor of the Penglai Yaozu, so he naturally wants to help the Penglai Yaozu."

"The sky is old?"

Hearing this, Ye Xuan's heart was twitching all night, although he had guessed it before, but when the four words were spoken from the wayward mouth, they were still shocked.

Unexpectedly, the celestial celestial being hidden in the East Chinaland turned out to be a sacred fairy. I really didn't think of it.

At the beginning, Ye Xuan thought that the eternal fairy is just a master of Vientiane. I didn't expect the realm to be so high.

How can such a strong person shelter the Great Wilderness in the **** rock continent?

"This day is the lord of the Holy Land of the Twilight Holy Land, but this time the competition for the Penglai Holy Land, the scattered immortals can not be shot." Ren Ren said again.

"Twilight Holy Land?"

Ye Xuan was once again surprised. I didn't expect that the celestial celestial being is the master of the Twilight Holy Land. It is so big.

The eternal **** has the Holy Order of the Twilight Holy Land. As long as it is in the Twilight Holy Land, then he is invincible existence, terrible.

"What do we do now?" Ye Xuan suddenly turned and asked.

"Your current state is too low, or first to improve the strength, rest assured, I cover you, you want to go anywhere." Willful and confident face.

"If this is the case, then I will directly enter the enemy's belly." Ye Xuan suddenly laughed evil.

He has already got an eight-point swallowing point, and then a little more, then the two fighting blood can be merged.

His plan is to reach the upper limit of the killing value when the soul is inexhaustible.

When the two battles are merged, he will swallow the genius treasure that has been picked up in the space, and directly break through.

"What I don't understand is that you have reached the end of the soul. You should be able to directly break through to the soul of the five immortals, why have you been stuck?"

At this time, the wayward suddenly asked.

Hearing this, Ye Xuan was a bit stunned and hurriedly said: "If you want to complete a particular task, if you don't break it, it will be easier to complete."

Willful will look at Ye Xuan suspiciously, and did not ask again, after all, everyone has their own secrets.

"In this case, I will take you directly to kill and go!"

The willfulness of the hand directly waved, using the eye of the space in the hand to break open the void again, directly across a large distance.

Then, he launched a search for spiritual knowledge and pointed to the northwest side: "There is another death dragon in there, but the soul is not dead."

At this point, the Platinum assessment has been a night, the killing feast, the invincible soul and other skills can be used, so Ye Xuan is not afraid.

Seeing Ye Xuan nodded, he was once again ruined, and after Ye Xuan passed, he saw a young man wearing a black robe.

"who?"

The black robe youth immediately reacted, and when he turned back, he saw Ye Xuan and his wayward drilling out of the crack in the space.

"Hey, the host triggers the fourth ring of the Dragon Slayer's title mission, killing the death of the devil, Di Lie!"

A system prompts to sound.

Finally, the fourth ring mission appeared.

This Di Lie is also ranked in the Dragon Devils list, and the ranking is not low, reaching 85.

On the Dragon Devils list, there are a lot of masters of Tongtianjing. The first one in the Dragon Devils list is the top of the world. However, this Dragon Devils list is not ranked according to strength. These people on the list are all in the same class. The leader.

However, this is not true for Ye Xuan.

Not waiting for this Di Lie to open again, Ye Xuan let the tree three old people directly kill.

The soul does not destroy the peak of the nine important circumstances, it is the strongest enemy he has encountered, so he directly let the ghosts of the Emperor open the invincible soul.

In this battle, he was too lazy to join, so he looked at it quietly.

This Di Lie's strength is not bad. He was suppressed at first, but after turning into the ontology, he even tied the old three of the tree.

Chapter 1617: Wayward shot

It is a pity that the injury on Di Lie can't be recovered. Over time, he will be defeated.

"Hey, the host's killing value is improved!"

The system prompts to sound, this soul is immortal, and Di Lie, who is in the doldrums, is directly killed.

At the same time, Ye Xuan also completed the fourth ring of the title of the Dragon Slayer.

However, what surprised him was that after the fourth ring mission, the fifth ring mission appeared immediately.

"Hey, the host triggered the fifth ring of the Dragon Slayer's mission, killing the death dragon, Emperor Di Tian, and completing the award of the Dragon Slayer!"

The fifth ring turned out to be the last ring.

"Death Dragon King Ditian, what is this realm?" Ye Xuan did not understand a bit, this branch of the Dragon King, the strength is not weak, the difficulty gap between the two rings is too big, right?

Fortunately, he used to transcribe the task list into the super-phagocytic system when he was on the merits hall.

This death dragon dragon Emperor Di Tian, is also on the Dragon Devils list.

"Weird, this death dragon dragon Emperor Di Tian, even just through the heavens."

Ye Xuan was a bit strange, and asked about her waywardness.

"The death of the dragon in the dragon is a new vein that the dragons have come to after the **** holy place. Although they are born with the eye of death, it is extremely difficult to repair, and the life is short, and it is extremely difficult to breed. "

The wayward began to explain: "After the dragon family's reliance on the **** holy land, there is also a blood circulation called bloodthirsty dragon. This **** cow is very, the blood spring and autumn is the bloodthirsty dragon. , claiming to be the invincible existence under the scattered fairy..."

"Blood Spring and Autumn?"

After hearing the name, Ye Xuan couldn't help but search for it. I found that the name of the task list I saw before did have this name.

Blood spring and autumn, the strongest bloodthirsty mad dragon, relying on bloodthirsty to improve, has been the peak of the nine heavens, and once with the glass knight Lin Guangyao, did not win.

However, this death dragon is not a bloodthirsty dragon, Ye Xuan's goal is only this death dragon dragon.

He searched the list of previously transcribed tasks and found that the last death of the Dragon King was half a month ago.

This is trouble!

"It seems that it is not so easy to find this death dragon dragon. If so, then I will go directly to the death dragon group."

Ye Xuan took a closer look and found that there was news of the death of the demon dragon group.

This death dragon group is next to the black dragon family under the Dragon Palace, and it is attached to the black dragon family, because the death dragon is a special breed of the black dragon.

The patriarch of the death demon dragon group, that is, the death dragon dragon, is a heavenly environment, and Ye Xuan is not afraid. However, there seems to be a strong three-way powerhouse in this black-inspired dragon community, not what Ye Xuan can now deal with.

"Through the heavens triple, this level is handed over to me, as for the death dragon, and the other will be handed over to you."

Before him, he was a scent. Even if the realm fell, it was not the average person who could fight him.

At the moment, he is constantly moving the eye of the space in his hand, breaking open the void.

A trip across the air can reduce the distance of three days, but every time you break through the road, if there is a strong person around the world, you will find its space fluctuations.

However, the realm of people in this area is generally low, and the waywardness has been broken several times in a row, and they have not encountered the strong people who have passed through the heavens.

At this time, they have arrived near the death dragon group and the black dragon group.

"Want to continue, I can directly take you to the death of the demon dragon group." Turn around and ask.

"Is the Death Dragon King?" asked Ye Xuan.

"There is a death dragon that passes through the heavens, I don't know if it is."

Ye Xuan paused, and the black dragon family was nearby, so he planned in his heart.

"I want to do the two ethnic groups together, but there are three masters in the black-and-black dragon family..."

Ye Xuan said, it turned to look at willfulness.

"I can help you solve all the problems in heaven. If you want to, I can use them to shock them. At least I will suppress one or two realms." The waywardness is like laughing and laughing.

"Repression of one or two realms?" Ye Xuan was shocked.

"Don't forget, I am a Platinum Holy Light Dragon. It has a powerful deterrent effect on this black dragon and death dragon. I am just not indestruction now, but as long as I want to, I can break through to the heavens at any time. Killing 100,000 dead dragons is not a problem." The waywardness is cold and arrogant.

However, he does have arrogant capital. After all, he was a strong player in the prestige level. Even if the realm falls, these people are still ants.

"Then you helped me to suppress them all, I have to solve it myself!"

Ye Xuan's eyes lit up.

As long as the people are suppressed, then this time it is possible to reach the upper limit of the killing value again. After all, there are three masters of the world in the black-inflamed dragons, and Ye Xuan is only the soul of the four realms, which is a whole eight realms.

"Okay, then let me see you, my means!"

After the waywardness, the breath suddenly skyrocketed several times. This is not because he used the magic power, but broke through.

Passing through the sky!

Before he remained in the soul, it was completely for the sake of low-key. As long as he thought, it would not be a problem to break through several times in a row.

"Look at it!"

After the waywardness, he waved a space crack directly. This time, he did not use the eye of that space.

This time, he came directly to the black dragon.

The Death Dragon is not in the corner of the Black Yan Dragons. After all, the genius of the Black Dragons is a genius, and one of the Death Dragons.

If the non-death dragon is a black dragon, it may have been driven out.

The wayward and Ye Xuan came directly to the black dragons through the space crack.

When the spatial volatility spreads, it is immediately discovered by the powerful people.

"What is going on, the space in my black dragon family is stable, how can someone break through?"

"Through the heavens, there is a soul that does not destroy the four realms. Who is it?"

"Impossible, how can we get through the sky?"

At the moment, all the strong people in the black-inspired dragons are swept out.

This array of their ethnic groups is not bad, even if the four strong players can not break through, but the wayward but the heaven and the earth is a heavy but has this strength, certainly not the average person.

In an instant, there are dozens of people who are strong in the sky.

At the same time, the one who passed through the heavens in the death demon group also found this point and swept high-altitude observation.

"who are you?"

A master of the black dragons asked strangely.

Chapter 1618: Nine points to swallow the point!

"Glass Knights!"

The waywardness is just to answer one sentence, even if it is a direct means of exerting oneself.

He used a true spirit to condense a white dragon in his hand, and then use the power of Vientiane to enlarge.

When this white dragon soared, there was a pressure that fell on everyone.

The masters of the Black Yan and the Death Dragons all fell into two realms.

"This... what is this?"

Everyone has widened their eyes, and at this time they have a strong sense of fear in their hearts.

This is not the suppression of the realm, but the suppression of blood!

Ye Xuan couldn't help but look up and found that this white dragon and the wayward body are a bit like, but Platinum Shengguanglong is much more handsome than this white dragon.

"This is Tianjin Bailong. My Platinum Shengguanglong is from this change. If I am not afraid of revealing my identity, I personally suppress them!" He explained to Ye Xuan.

Ye Xuan, regardless of the other, directly summoned the old three trees.

Fortunately, this day, the white shadow of Jin Bailong is the death of the dragon and the black dragon, and the ghosts are not affected.

Fang Caixuan felt a huge pressure from those who were strong in the sky, but now he is not under pressure.

"First kill the death dragon dragon!"

Ye Xuan directly gave the tree an order, let him go to the death of the Dragon King.

The death of the Dragon King was originally a level of heaven, and after being suppressed by the shadow of Tian Jin Bai Long, only the realm of the soul is immortal.

After all, this death dragon dragon is the target of Ye Xuan, so he is willing to take care of him.

The death of the demon dragon was very miserable. The tree that was quickly flashed quickly burst into the head, and after death, it became the body. The death will of the two eyes of death was also condensed by Ye Xuan. The eye is absorbed, and even the soul is shattered.

"Hey, the host has completed the title of Dragon Slayer and won the title of Dragon Slayer!"

A system prompts to sound.

In an instant, Ye Xuan is soaring up to 30% of the full attribute, but unfortunately the full attribute bonus of this title has no effect on the old three trees, but the damage caused to the dragon is.

"Megatron, the blade storm, sweep it!"

Ye Xuan's mouth tilted slightly and snarled in his heart.

This time, he wants to destroy the entire black dragon, not only can increase the value of the killing value and the elegy of the soul, as the body of these dragons, brought back to the glass knights can be exchanged for success.

For the sake of convenience, I can't help but help Ye Xuan to directly gather these people who are suppressed.

"Adult, adults are forgiving!"

"No, I don't want to die."

"We are relying on the **** holy land, it is completely forced to help, we have no way!"

The masters of the black dragons were exclaimed.

The blackest dragons are the strongest, but they are only three heavens. They can't talk in the dragon family. However, they can choose to stay in the Penglai Yaozu, but in the end they follow the dragon family, so they are enemies.

There are not many black dragons, and there are tens of thousands of people here, and the death dragons are about 60,000.

There is a way to suppress them, Ye Xuan is insatiable, the value of killing is skyrocketing, and the increase in the elegy of the soul is also rapidly increasing.

As for those masters who have passed through the heavens, they all died under the blade storm.

At this time, Ye Xuan's killing feast has increased by four times, nearly five times.

This is the most enjoyable time for him to kill, but it is attributed to being willful. Otherwise, he will fight against the death dragons at most, and he will not be able to fight against the black dragons.

Soon, the black-inspired dragons are almost dead of the souls of the seven souls.

During the period, Ye Xuan's killing value naturally reached the upper limit.

At nine o'clock, I swallowed the point and it took so long. I finally got it.

At the moment, Ye Xuan consumes the nine-point swallowing point and fuses the blood of the sword **** and the blood of the god.

"Hey, the blood of the sword **** and the blood of the gods are fused, it takes nine points to swallow, is it confirmed?"

The system prompts.

Hearing this, Ye Xuan did not want to answer: "Confirm!"

"Hey, the blood begins to merge..."

"Hey, the progress of blood fusion is 10%!"

"Hey, the progress of blood fusion is 20%!"

.....

"Hey, the progress of blood fusion is 80%!"

"Hey, the progress of blood fusion is 90%!"

Soon, the progress of blood fusion has increased to 90%.

"Hey, the progress of blood fusion is 100%!"

"Hey, blood is successful!"

"Does the host get the blood of the immortal, is it immediately integrated?"

诛仙血脉?

Hearing this, Ye Xuan couldn't help but scream, and then replied in his heart: "Yes!"

"Hey, the blood of the immortality is successful!"

At the moment, Ye Xuan is a quick review of the skills of the blood of the immortal.

The first advanced route is called the Killing Way. It integrates the killing, killing state, killer instinct, death killing order, assassination eye, and thousands of skills.

Thousands of flashes are the advanced steps of the shadow step and can be used in battle. The death killing order was also directly raised to the goal of marking five goals a day. After using the first hit after the assassination of the eye, the attack power increased from 30% to 50%.

The second advanced route is called the ultimate pole. No matter what weapon you use, you can get double the damage increase even if you use the fist and leg.

In addition, all comprehension abilities are doubled, which has an effect on martial arts, magical powers, even formations and alchemy.

The third advanced route is a skill called killing and marking, which can be used three times a day.

This killing and engraving, once used, can get a mark, killing and engraving will gradually condense with battle and killing, the upper limit is five.

Each time you burn an engraving, you can turn on the killing state, double the full attribute, double the cost of two engravings, and so on. Moreover, once this state is turned on, it can continue indefinitely unless the host is released or the kill value is exhausted.

One-time consumption of two killings can be summoned to summon one of the celestial scorpions and fight for the master.

One-time consumption of three killings and engravings can be used to display the immortality.

Consume four killing marks at a time, you can summon a tracked sacred arrow to attack the enemy. This sinister arrow will not be destroyed, but it can only attack the target of the death killing order.

The most important thing is that this singular arrow has a probability of killing a hundred times.

Finally, there is a one-time consuming five killing skills, that is, the swordsmanship.

All of the above five skills need to consume the killing value. As for the night sky, killing feast and other skills, it is gone.

Chapter 1619: Death emperor

I have to say that this blood of the immortal is also strong enough to explode. Although the feast of the killing is gone, there is a state of killing. As long as the battle continues, you can gather new killing marks and then use various skills.

This killing can be used three times a day. In short, Ye Xuan can instantly get three killing marks, then increase the strength by three times, or use the

As for the superiority of the blood of the sword god, it is also the cow has nothing to say.

In the future, Ye Xuan's weapons will no longer be limited to swords. No matter what weapons are used, they can double their attack power.

In addition, there are various enhancements.

All in all, this **** blood is worth it.

Just don't know, how powerful are the skills of killing and engraving?

The three bloods are all successfully integrated, then if you get the swallowing point, you can directly strengthen those skills.

Another benefit of merging blood is to integrate some of the skills together so that they can all be promoted.

Now that the blood has been successfully integrated, then the next step is to deal with some aftermath, such as killing the soul.

However, it is at this time.

"Ok?"

The waywardly looked up a bit strangely, because he suddenly felt a disgusting atmosphere.

At this time, there is already an eye of death in the air. Then, the figure that gradually condensed under the eyes of death, Ye Xuan and the wayward have ever seen, turned out to be the long-haired man who appeared after the death of Di Hui.

"The breath is a lot stronger, is it because of the distance?"

Like this kind of cross-empty eyelids, it is generally related to the distance between the airspace. The eye of death that appeared in the last Tianlong ethnic group is very weak, and it is wayward and direct.

However, this time, he is not expected to work.

"It's you, die!"

After the long-haired man saw Ye Xuan, even the will to die was not absorbed, and the attack was directly directed against the wayward.

With the realm of this long-haired man, even if the deity does not come, the warrior who kills the heavens is not in the air.

However, his attack did not have any effect on the Platinum Light Dragon. Of course, the same is true for Ye Xuan who has the blood of the undead.

"This breath, the original death of the great emperor, simple!"

Suddenly, the brow suddenly jumped, a strange look.

When I heard my name, the long-haired man couldn't help but sigh: "Who are you?"

He did not expect that the white-haired boy in front of him could recognize it.

"Who do you care about me, you come to the holy land of Penglai, should it be for the Holy Order?" asked the wayward.

"Are you not?"

With a simple eye, I took a look at the sky and white dragon in the sky, suddenly thought of something, and smiled: "Who is my way, it is the Platinum Holy Light Dragon!"

"Why, do you have a kind of body to do one?"

"Is it because of your heavens?"

Simple and very disdainful.

"If you don't dare to say it, if you dare to appear, I will send you to see your brother!"

When I heard the words of my brother, the simple face changed instantly, and then smiled: "I have to thank you for speaking, not that you killed my brother, and I will not get the attention of the master."

"In this case, isn't it going to roll?" The wayward face suddenly became cold.

"Although I am worshipping you, but he is my brother after all, today, I have to avenge my brother!"

When the simple voice falls, the death wills of this place suddenly begin to gather, and then quickly condense the simple virtual shadow into a solid.

"Even if your deity comes, you can't help me, what can you do with a death alone?" The waywardness is still a disdain.

"Yes, then try."

Suddenly, I used a death will to condense a sharp blade, and instantly killed the wayward.

"Since the deity does not dare to come, let's get out!"

The waywardness does not want to entangle with this simple, in the face of the latter who has already been killed, the breath suddenly soars.

Through the heavens two!

Through the heavens triple!

Then, the wayward body suddenly burst out of a white light, just a single blow, this simple death avatar was directly smashed and vanished.

Spike!

"Spicy chicken, I still want to test me."

Ye Xuan is also helpless. This battle is sudden and the end is very fast.

However, he felt that the death of the death of the great emperor was more powerful than the patriarch of the black dragon. At least the four heavens or the heavens were five or even higher.

However, such a presence is still being arbitrarily squandered by the Platinum Holy Light Dragon.

"He estimates that he will not come again, and absorb the will of death." The waywardness suddenly said to Ye Xuan.

"Oh."

Ye Xuan nodded, and immediately used the eye of death to absorb the remaining will to death.

At this point, he only felt a pity, because there will be only a few death wills, and it will not improve much.

"Who was that?" Ye Xuan could not help but ask.

"The Holy Land of Death, the descendant of the Emperor of Death!" answered the wayward.

"The Holy Land of Death, isn't that one of the four holy places?" Ye Xuan frowned.

Nodded arbitrarily: "Yes, this simple has the ability to rob, but it has been suppressed in the peak of the heavens, certainly for the Holy Land of the Penglai Holy Land."

"how about you?"

Ye Xuan asked.

"I am not interested in this Holy Order. I can make continuous breakthroughs. That is because I have retired before I came to Penglai Holy Land, but I just suppressed it. If I think, continuous breakthrough will not be a problem."

His task is to mix in the Knights of the Glass, investigate the map, and the situation is too high a bit.

"Ok."

Ye Xuan nodded silently.

However, it is at this time.

"Ye Xuan, speed back to Fengcheng!"

Suddenly an old voice fell into Ye Xuan's ear. This is the badge.

"Knight, what?" Ye Xuan asked slyly.

"There is a big man who wants to see you." Knight Long Ma replied.

"Big man?"

Ye Xuan heard this, slightly surprised, said: "Well, I will go back immediately."

Then he turned around and said to the wayward: "The Cavaliers said that there is a big man who wants to see me, is it a glass fairy?"

"Glass little girls?"

He was arrogant, and said: "Maybe she is, go, go back and see."

After that, they just cleaned up the battlefield, and then they broke through the void and prepared to return to Tianlang City and then to Linfeng City.

However, when they were about to return to Tianlang City, the waywardness suddenly stopped.

Chapter 1620: trap

"If you can break through now, you will break through. Although it has been more than a day, there is a big thing in the history of a day. The higher your qualifications, the more attention will be paid. "The wayward to Ye Xuan said."

Wen Yan, Ye Xuan could not help but pause.

In fact, he wants to reach the upper limit of the killing value when the soul does not die.

At most, a realm has reached three times. He has now reached twice. Once again, he can strengthen all kinds of blood, which is very helpful for his strength.

However, after hearing the wayward words, he also felt that there is some truth.

A little swallowing point is really good, but after all, it only strengthens the blood, but the higher his qualifications, the more likely to get a lot of heaven and earth treasures, blood is only second, the realm is king.

"Okay, I will break through now!"

Ye Xuan nodded, and immediately swallowed up those treasures that had been hoarded before.

"Hey, the host breaks through, and the current soul is immortal!"

"Hey, the spirit of the Ashes breaks through, and the current soul is immortal!"

"Hey, Megatron breaks through, and the current soul is immortal!"

"Hey, the ghosts of the great emperor break through, the current soul is immortal seven heavens!"

.....

"Hey, the host breaks through, and the current soul is immortal!"

"Hey, the spirit of the Ashes breaks through, and the current is the second place!"

"Hey, Megatron's breakthrough, the current is the second place!"

"Hey, the ghosts of the great emperor break through, the current is the second world!"

Twenty consecutive system prompts to sound, Ye Xuan's realm of arrogance, directly broke through the soul of the immortal.

The Tiandi Dibao that was obtained through the Platinum Examination before was not enough to break through to such a high level. At most, the soul is not dead, and now he has reached the end of the soul.

Don't forget, only when he killed the black dragon, if there were all kinds of souls, the good things were hidden, and he estimated that they could directly break through the heavens.

"The soul is immortal, and your speed is terrible." He said with a willful face.

He absorbed a lot of life power in the Shengzong of life, and he was able to break through the breakthroughs continuously, and Ye Xuan even directly rose from the immortality of the soul to the immortality of the soul, and crossed the five realms. If you are known by others, I am afraid I will be scared to death.

"Okay, let's go!"

Ye Xuan's brow was picked, how long did he leave, and even jumped five levels. If he let the horse know, he didn't know what it would be.

Then, they directly entered Tianlang City and then sent back to Linfeng City.

"Hey!"

When they returned to Linfeng City to transfer the palace, one person greeted them.

"Two adults, you are back!"

A six-powered silver knight came forward and said with respect.

Although Ye Xuan and the wayward nature are lower than this silver knight, one of them is a platinum knight, and the other is a gold knight, the status is higher than this person.

Not waiting for Ye Xuan to open, the silver knight said: "The Cavaliers and the 5th Army head went to Jinwucheng to inspect, but also bothered the two adults to send again."

"Jinwucheng?"

Hearing this, Ye Xuan and the wayward brow are all picks. Only when he leaves him is to let him return to Linfeng City. How come he left again?

However, their attention is concentrated on the five words of the head of the Fifth Army.

The Glazier Knights, divided into five legions, Ye Xuan is now part of the Fifth Army, and the head of the Fifth Army is the glaze knight Lin Guangyao.

"I thought it was a little girl, but I didn't expect it to be just a glazed knight."

Ye Xuan is the same. After sighing, he said to the silver knight: "Help us to transfer to Jinwucheng."

"Ok!"

The silver knight nodded and then started running again.

Ye Xuan and the wayward are just joined the Glazier Knights, they don't know much about this city, so there is no doubt.

However, when they arrived, they found something wrong.

How is this Jinwu City destroyed?

Under the cover of Ye Xuan, there is no living person, just like a dead city.

Most importantly, when the transfer array landed, several bursts of eyes suddenly burst open and destroyed by themselves.

At the moment, Ye Xuan is a change of face, looking towards wayward.

"Oh, it's counted."

The waywardness suddenly reacted, looking at the figure that suddenly appeared in the palace, and opened his mouth and smiled.

At this time, I came in a man wearing a blood red gown. Even his hair and pupils were red. His breath was very strong. Even Ye Xuan, who had reached the endless soul of the soul, could not see the depth of the other.

"Through the heavens and the eight, you should be a bloodthirsty dragon?" He said with a smile.

Bloodthirsty dragon?

In Jinwu City, how can there be bloodthirsty dragons?

This time, Ye Xuan understands.

It turned out that the silver knight was a traitor and deceived them to Jinwucheng. This is a trap.

"You can recognize me, you are a bit of a skill."

The blood-stained man walked in, and then glanced at Ye Xuan, saying: "The five glass knights of the Glacier Knights have superior combat effectiveness. They all pass the Platinum assessment once. I didn't expect to have another one now, you must take you. Killing in the cradle."

"I have already arranged the lockout array for a long time. The plan is not bad, but I am covering him. It is not so easy to kill."

Said arbitrarily.

"What are the qualifications for the golden knight who is in the sky?"

The blood-stained man snorted and shot directly, ready to kill the wayward.

Ye Xuan, he is ready to catch back. As for the golden knight of willfulness, it does not matter.

Unfortunately, how can he know that the waywardness also has the strength to pass the Platinum assessment?

"Even if the blood spring and autumn come, I am not afraid of my grandfather, just rely on you to be full of heaven and earth?"

The wayward snoring, the breath rose again.

Through the heavens!

Five heavens!

Through the heavens six!

Heaven is full of heaven!

Through the heavens and the eight!

Through the heavens, the nine peaks!

In an instant, the waywardness directly broke through from the three heavens to the peak of the nine heavens, only using the momentary time.

After the man in the blood coat felt the breath, he trembled.

how is this possible?

Still waiting for him to react, he will be willful.

"call out!"

"puff!"

A white light directly penetrated the head of the blood-stained man and instantly killed him.

Then, the soul of this **** man floated out.

This level of soul, the virtual flameless sword wave can not hurt, so Ye Xuan can only look at the wayward to beat this soul.

"How are you..."

Ye Xuan turned his head a little.

"Forget it, the task of the investigation will be handed over to you." The wayward sighed.
