

## Super D. S 1631

### Chapter 1631: Reincarnation

Before the waywardness, it was only after the celestial beings, it was able to recover to the peak of the nine heavens in the sky. The Ye Xuan was able to climb up and hit it. It was an incredible moment to break through the peaks of Tongtianjing.

Carefully scrutinized a bit, he estimated that Ye Xuan's strength is probably not weaker than him, really a monster.

At this time, there is a young man next to the wayward, the same is the peak of the heavens, it should be the chief disciple of life Shengzong Ren Feng. In addition, there is Yao Tian, the first day of the Penglai Yaozu, and Lin Zhanhao, the disciple of the old fairy.

The geniuses of the Penglai Yaozu, the Heavenly Palace, the Glass Knights, the Holy Land of Life, and the Holy Land of the Buddha are all here.

The glass fairy, with Ye Xuan three, sat down directly.

At this time, the celestial celestial singer directly fell on Ye Xuan and said: "Your appearance, it seems not too surprised, it seems that I have already known my identity."

When I heard this, the glass fairy was shocked, and everyone turned to look at Ye Xuan.

"I have seen seniors!"

Ye Xuan quickly got up and said hello.

"No problem, I also watched you grow from the blood rock continent to the point of today, you do not have to be restrained." Heavenly fairy said slowly.

When he met Ye Xuan, Ye Xuan was fighting the Yaozu. Later, he couldn't bear the extinction of the Wild Demon, so he stopped.

At that time, Ye Xuan was nothing but a virtual reality, even the supreme!

When the words came out, the people around them were surprised.

"The blood rock continent, isn't that the hometown of the demon?"

"Yes, the demon king seems to be from the \*\*\*\* continent of the wild demon, I did not expect this young man to come from the same place with the demon!"

"But it is too barren, so the celestial celestial being just condenses an energy avatar in that guardian."

In the temple, some people of the Yaozu were whispering in the whisper.

This time, Ye Xuan is understood.

The demon in the population of these Yaozu is the dragon and the aunt, the wife of the gods.

Unexpectedly, the blood rock continent has actually had such a powerful figure.

"The little fox thing, I will say later, let's talk about business right now."

After the day, the old man said that he couldn't help but look around and said: "This time our opponents are not small, everyone should know. The forces that can participate in the major forces are quite a lot, but the top level of combat power, We are afraid that we are not as good as each other!"

"Yes, as far as I know, this evil road has brought a lot of masters, more than ours." Glass Fairy borrowed words.

The people around can't help but look at it.

"The top level of combat power, the death of the great emperor to count one, the Nether Emperor counts one, Platinum Holy Light Dragon counts one, my Penglai Yao Yaotian and Tianmeng Palace Lin Zhanhao is good, but still can not compare with them."

Said a demon old man.

They all divide their strength into three levels. The first echelon is capricious three, the second echelon is Yao Tian, Lin Zhanhao, etc. The third echelon is Lin Guangyao.

The fighting power of the three echelons added up, but it was able to get together 30 people, but the evil sacred place added at least 50 at this time, so it was difficult to do.

Ye Xuan sat there silently, listening to the discussion of other people, and his heart was sneering.

His strength is definitely the first echelon. When they join forces, they can compete with the death emperor and the Nether King.

In addition, the old tree, the ghosts of the Emperor and the Megatron are also all over the world. Although their strength is not the top, but in addition to Megatron, the old tree and the ghosts should be able to rank second.

The key point is that Ye Xuan still has room for planting. Even if he encounters a death emperor, as long as he is killed, he may be able to kill him.

At this meeting, Ye Xuan did not listen to it. It was nothing more than a strategic deployment, as well as personnel team formation. Anyway, everyone now thinks that he is the same level as Lin Guangyao, and he has not paid much attention to it.

"Kid, do you want to help the glazed maidens to take the holy command?" The will suddenly voiced to Ye Xuan.

"Well, otherwise I am afraid that it is only a matter of heaven. In order to let me break through, she also bleed once." Ye Xuan said.

"You are a pit, if you say it earlier, I will give it to you directly. At that time, I can force the marriage with the Holy Order." The waywardness is very helpless.

"You are not going to pass the treasure map?" Ye Xuan asked slyly.

"Tongtianbao map is the life of my life, but I am changing my mind now, and now people have to. Only if we can get married, it is much more convenient to explore the fairy passage in the future."

I am willing to raise my eyebrows and say: "Now you have killed a halfway, but it has made me a lot tricky, but if I really meet, I will not be merciful."

"Haha, then it will be a fight at that time!" Ye Xuan could not help but smile back.

Since the integration of the blood of Zhu Xian, he has not played well, even the power of those skills are not allowed, this wayward should be a good opponent, after all, was once a fairy.

"Yes, but I suggest that you first join forces to dry up the Holy Land and the Holy Land. These two forces have killed many of my life's disciples."

"it is good!"

Ye Xuan nodded.

They can meet here together, on behalf of them for the time being the united front, first to smash the evil land and then the master of the Holy Order.

The combat conference opened a lot of time, and it has also entered a fever.

Suddenly, the glass fairy asked: "The demon emperor, we seem to have not seen it, can you come out and see?"

This demon inheritor has refining half of the demon inheritance, he wants to rely on this half of the demon inheritance, looking for the other half, so he is the most crucial figure.

"it is good!"

The gods nodded, and even if they were voiced to someone by the air, they also looked at Ye Xuan, who was sitting next to the glass fairy.

Ye Xuan was a bit strange, but the next moment, he was sitting in a dangerous situation and suddenly trembled.

He felt that the familiar atmosphere was quickly approaching the House of Parliament.

"Is it..."

Ye Xuan was a little unbelievable, so he stared at the entrance to the House of Parliament.

Soon, a petite voice came in under the care of two talented masters.

This is a little girl with a pink face, and her age seems to be around six years old. Her appearance has surprised everyone present.

Hard to beat, this little girl is the inheritor of the demon king?

After everyone feels the breath of her body, it can be determined.

This little girl turned out to be the peak of the heavens!

However, at this time, the most shocking thing is Ye Xuan, because he and the little girl have some kind of induction.

Fall!

This little girl turned out to be a reincarnation!

Chapter 1632: Holy Order

"How is it possible, how long it will take to reincarnate, how could it be..."

Ye Xuan's eyes widened.

He can be sure that this little girl is the reincarnation of the fall, because after the fall of the world and he has the blood of the master and servant, even if the reincarnation is linked, it is still unbroken.

It's just that Ye Xuan is not clear. This is how much more than a month has passed. How can it be so long?

It is difficult to achieve, it is directly born on a pair of shells, or it is used in some way to promote the formation of long.

The little girl walked up to Ye Xuan and looked at Ye Xuan with the big eyes. He asked strangely: "Big brother, how do we seem to have a strange connection between us?"

"This....."

Ye Xuan did not know how to explain it.

"Let's fall, come over first." The old man suddenly shouted.

Ye Xuan rushed to the incredible, did not expect to fall into the reincarnation, not only voted in the Yaozu, but also called the fall.

Of course, this may be the name given to her by the gods.

After hearing the sound of the old fairy, I also took a look at Ye Xuan, and then ran all the way, sitting on the thigh of the old fairy, and then shouted: "Grandpa."

This time, Ye Xuan was shocked.

grandfather?

Falling, actually fell to the generation of the granddaughter of the gods?

"Don't misunderstand, I just recognize her as a granddaughter. She was born in the fox demon family, and then got the inheritance of the demon emperor."

"It turns out!"

Ye Xuan nodded silently, this relationship is not big, but he did not expect that the fall is actually the successor of the demon, which is too clever.

This means that when it is time to fall, is it not to find another half of the inheritance?

"You are the ones who have been transferred to the demon emperor. At that time, she will lead us to find the other half of the demon emperor, and the Holy Lord." The old fairy said to the people.

"How is it a child?" asked casually.

The old man explained: "She and my wife have a very high degree of inheritance. After accepting the inheritance, they have grown into a six-year-old child. In fact, she was born only a month."

Although I don't know what happened, everyone is not very interested in this topic.

"Then she will join the battle then?" asked the glass fairy.

"She has been born for more than a month, but I have helped her to condense a soul, and in my hands, as for combat power, it is not weaker than Yao Tian, so I will let her and Yao Tian. Lin Zhanhao formed a three-person team."

Yao Tian and Lin Zhanhao are the fighting strength of the second echelon. If the strength of the landing is similar to that of Yao Tian, then there will be more generals. The most important thing is that there are soul species, which is much safer.

In fact, Ye Xuan also knows that the latter half of the sentence is to listen to himself. If there is no soul, he will definitely oppose it.

"In this case, when do we leave?" Liu Lixian continued to ask.

"There are a few evil sacred places that are estimated to be ready, and they have found a strong space eye successor. Even if we leave, we can't beat them, so we will leave tomorrow." The old fairy replied.

Falling is the key to finding the inheritance of the other half of the demon, and she is the peak of the heavens, and the enemy can easily find her.

The most important thing is that the demon inheritance is near the Penglai Yaozu, and if it is in other places, they can also leave with the transmission array.

"Okay, then tomorrow!"

When the glass fairy was finished, he immediately got up and took Lin Guangyao and left.

As for Ye Xuan, it is here.

The Holy Family of Life came to be willful and Ren Feng, so they can stay in the Penglai Yaozu.

As for the Penglai Yaozu, the Heavenly Palace and the Glacier Knights, they have to dispatch a large number of masters, and they all have to be through the heavens.

In the Glacier Knights, there are many people who pass through the peaks of the heavens. Platinum knights are almost all in this realm, but their strength is too weak compared to Lin Guangyao, so the glass fairy has only brought some elites, all ranked in the top ten. Master.

These ten Platinum knights, although the strength of the individual is not as good as Lin Guangyao, but if added up, it can be regarded as two Lin Guangyao.

As for the Penglai Yaozu and the Tianjue Palace, there are also ten peaks in the sky. The evil sacred places attach great importance to this sacred battle, so they will probably have more masters.

The glass fairy went back to arrange, and Ye Xuan stayed in the Penglai Yaozu.

At this time, there are only three days of old fairy, fallen, and Ye Xuan in the temple.

"Grandpa, why do I have some strange connection with this big brother?" Fall is very incomprehensible. Although she was born for a month, IQ has long since matured. She is the realm of the peak of the world.

"You are actually the reincarnation of her sister, but you have not yet opened the memory of the inheritance, so I don't recognize him." The old fairy said with kindness.

"What grandpa, why don't you open it for me?"

Asked strangely.

Ye Xuan also feels very strange. The blood of the Tianhuo fox in the body may have been suppressed. Why is it that the eternal fairy does not open her inheritance memory?

"This....."

The day is absolutely old, and then I look at Ye Xuan, saying: "In fact, the blood of her body is still in her body. If it is forcibly opened to inherit the memory, I am afraid it will directly greet the sky!"

"What, no success?"

Ye Xuanyuan's eyes widened. Before the Fox ancestors and he said that there is a 90% grasp, it is difficult to make bad luck, and met that one?

"Possibly, it is because of the fall and birth in the fox demon family, my demon is actually the ancestors of the orc, may have inspired the blood of her body." Heavenly immortal said.

The Orc is a descendant of humans and the heavenly beast.

The Yaozu, which is produced after the cultivation of the Heavenly Beast.

So the fall was born in the Yaozu, luck is really to the extreme.

"Predecessors, what should I do?" Ye Xuan could not help but ask an eyebrow.

"If you get the other half of the demon emperor, then she may open the inheritance memory directly, but if you have a holy order, you may be able to directly pass through the robbery."

"Holy Lord!"

Ye Xuan brows tightly locked.

If you refine the people of the Holy Order, then you will become the master of the holy land of Penglai.  
If you fall into the sky, then the security will be greatly enhanced.

However, this holy commander was one piece, and he agreed to the glass fairy to help him grab the Holy Order.

"Don't worry, don't forget, I have the Holy Order of the Twilight Holy Land. Even if I didn't grab it, I will transfer the Holy Order to her!" The old man said very generously.

Chapter 1633: Demon empire

"Thank you for your seniors!" Ye Xuan hurriedly thanked.

However, the thing that falls is his business, so he must grab the Holy Order, and then let the land fall over and then say it.

Although the glass fairy is also a holy commander, there should be no major problems later.

"The fall has been passed down by my wife. We are also a good friend. However, there have been many people in this evil place. The number of people who have passed through the heavens has exceeded 50, and the number of top fighters is a little more than us. "The gods reminded me."

"I won't let them grab it anyway."

Ye Xuan is confident.

The most important thing is that if the Holy Order is won by the evil land, then the holy land of Penglai will be the world of evil places. By then, there will be no place for them to live here.

Don't forget, the secret entrance to the Blood Rock continent is in the holy land of Penglai!

Tomorrow is about to find another half of the demon inheritance, but Ye Xuan this time, but made another decision.

He took the second body in the Eastern Continent, and also went to the center of the Penglai Holy Land, and then uprooted all the evil places when he was squatting at the sacred land.

Although there is no fit, his second avatar is not enough, but the old tree, the sneaky emperor and the Megatron are on standby in the planting space. If it can't be destroyed, Ye Xuan is not as good as suicide.

Soon, it was another day.

The next day, the team of the Glacier Knights and the Heavenly Palace came, and with the people of the Penglai Yaozu, there were 30 masters of the nine peaks of the heavens, including the super-power of Ye Xuan.

The super-power of the Penglai Yaozu is the first day of the Yaozu Yao Tianhe.

The super-power of the Heavenly Palace is Lin Zhanhao, a disciple of the gods.

The super-power of the Glacier Knights is a monk and Ye Xuan.

The sage of life is the arrogance of Platinum and the chief disciple of Ren.

Among them, Lin Guangyao of the Glacier Knights, because of the short cultivation time, even became a treasure of the glass, the strength and the Penglai Yaozu and the Tiangong Palace are almost the same as the peaks of the heavens, so the Knights of the Glass is the weakest party.

Of course, everyone thinks that Ye Xuan is just like Lin Guangyao, and is the third echelon's combat power.

"I have to sit in the Penglai Yaozu, so this time I will lead the team, the spirit of the fairy will be much larger than the heavens, try to avoid the spies of the evil places."

The strongest of the scattered fairy level, although not able to shoot in this Penglai holy place, but what is going on is still no problem.

This time, the leader of the team is the role of the radar, so that this team avoids the eyes and ears of the evil land, and then find the inheritance of the demon.

Just don't know if things can be as simple as imagined.

As for the Penglai Yaozu who sits in the town, it is the celestial being from the Tianmeng Palace in the Twilight Holy Land. It is also the apprentice of the celestial celestial being, the brother of Lin Zhanhao.

The space of the Penglai Yaozu is relatively stable. It is not a problem for the small fairy to shoot. It will not attract the punishment of the heavens. Therefore, even if the people of the evil land are killed, it is a dead end.

At this time, the gods and the fairy are already leading the Penglai Yaozu.

There are a lot of eyes and ears around the Penglai Yaozu, but this action has two leading celestial leaders, they easily avoided these spies.

After falling into the reign of the half of the demon emperor, there has been a kind of induction, the induction from the northeast direction, so they are going straight to the northeast this time.

Although their speed is not fast, they are very safe, and the spies of the evil places have not yet been discovered.

However, after all, the paper can't contain the fire. After all, the evil roads come here, not only the masters of the heavens, but also the scattered fairy.

"Oh, heaven, glaze, where are you so anxious to go?"

Suddenly a yin and yang sound began to sound.

Upon hearing this, the face of the gods and the fairy of the glass changed, and they looked together and found a scarlet figure in the sky.

This person has red hair, wearing red armor, and came to the crowd in the blink of an eye.

"Red blood, is it really discovered by you?"

The old man's eyes glimpsed and said slowly.

This red-haired middle-aged man is a scattered fairy in the \*\*\*\* holy place, named red blood.

"Hey, how can we not find out when we are so motivated? You are also direct. I thought you would use the method of slamming the West. I didn't expect to act directly. The little girl should have got half of the demon's heritage." ?"

The red blood fairy opened his mouth and smiled, and his eyes fell on the body.

At the same time, his hand also directly took out a signal bullet and released it directly.

Everyone did not stop it. After all, it can only stop for a while. As long as the red blood fairy is far away, you can still notify other people.

"Don't worry about him, let's go!"

The old fairy screamed and continued to lead the way.

Now that they have been discovered, they are going straight to the full speed, as long as they are five minutes earlier than the evil land, it is worth it.

On the side of Ye Xuan, the weakest ones are the peaks of the heavens, and the speed of their journey is fast. At full speed, in less than a minute, I came to my destination.

"Grandpa, I feel it, and the other half of the demon inheritance is below." Falling to the sky, the old fairy said.

Not waiting for the day to open the old fairy, the red blood fairy will be different: "I did not expect that it was the place where I only rested, the dragon bird is not a master of the law, even my spiritual knowledge did not find the entrance.

The celestial celestial people and other people heard this, slightly surprised, but did not say much.

"Get started and find out the secret entrance!"

The old man immediately ordered the road.

In an instant, all of them swooped down and began to smash the mountain.

A few minutes later, someone found the defensive array under the dragon's fairy squad. This defensive array is very mini, not much bigger than a skull, and it is beyond everyone's expectations.

"I come!"

The gods of the sky quickly picked up the seals of the dry palms and then entered the defensive formation. In an instant, the formation was broken.

The worst in the field is the peak of the sky, which is very sensitive to the fluctuation of space.

This defensive array method is actually to cover up somewhere in the array. After the formation of the formation, immediately there is a space fluctuation that is captured by everyone.

Inside the defensive array, there is a space crack in the size of a fingernail. This space crack cannot be repaired and exists between heaven and earth.

At the moment, the master who is closest to the crack in this space directly uses the means of breaking the space to open up the crack in this space, enough for several people to pass.

In an instant, there is a flower that floats out and screams.

Chapter 1634: Entering the secret

"Come, go in!"

The gods quickly issued orders.

Dozens of people gathered quickly and then went straight through the crack in the space and came to the front of a flower.

At this time, there is still a white light blocking in front of this piece of flowers, and the celestial fairy and the glass fairy can not enter.

"The master of evil is not yet coming, you are going in!" The glass fairy urged.

"Yes!"

Everyone should say a word, then go straight through the white light and enter the sea of flowers.

However, they just entered, they completely lost the breath of other people, and they were sent to different places.

One by one, all scattered!

Then, a minute later, all the evil masters also entered the inheritance.

"The strength of the heavens and the earth here is abundant, but it is not in the holy land of Penglai. It should be a small island hidden around the Penglai Holy Land. No wonder I have not found it." The red blood fairy is shining.

"Don't talk nonsense, go in all!"

A man wearing a black armor urged a sentence.

"Yes, adults!"

The masters of these evil sacred places also quickly entered the white light path and were then sent away.

Soon, there are only a few people left outside the white light. In addition to the celestial beings, the glazed fairy, and the red blood fairy, there are six scattered celestials, two of which are the sacred sites and the holy sacred sites. One from the Holy Land of Death and the Holy Land.

"There are no gods, I have seen it. You are not enough for my family to see!" An old man can't help but sneer, he is a sacred man from the dead, and his lord is death. The emperor passed down the simple.

"The tone is not small, the descendant of the death emperor, I am afraid to fall down twice." Glass fairy can not help but cold.

The descendant of the Emperor of Death has already been set, but it has been done by the Platinum Holy Light Dragon. Otherwise, it will never be easy.

The words of the glazed fairy are also scornful and easy to fall.

"Liu Liu, what kind of glass knights do you, I advise you to disband early, or else you will die under the scent of the singer, they will have no leader." The old man ridiculed.

After the last incident, the glass fairy was also well known. Her real name is Liu Liu, the youngest daughter of Ling Xiaodao.

"If it is said that the scent of the singer, it is up to you to come first, I heard that you have suppressed for more than three hundred years, how, and stealing for more than three hundred years, very beautiful?" Glass fairy taunted back.

"Humph!"

The old man was speechless in this statement.

As for the other two scattered fairy from the Netherland, it is silent.

This time they were invited to a master disciple in the Netherland, they are the most likely to win the Holy Order.

At the same time, Ye Xuan's second avatar also began the clean-up operation. Taking advantage of this opportunity, he was prepared to solve all the people who were stationed in the holy places of Penglai.

.....

"I didn't expect that after passing through the white light, it was all scattered."

Ye Xuan, who is in the inheritance of the demon, is slightly helpless.

At this time, he was in the middle of a flower sea, looking at it, but there was no creature.

However, this flower sea is not an ordinary place. These flowers under the feet will emit some white poisonous mist, which makes people fall into a illusion, and there are also people who are lethargic. Fortunately, Ye Xuan has no blood and death, this is the right thing. He has no effect.

Moreover, this flower sea has a lot of white fog, blocking the line of sight and spiritual knowledge. If Ye Xuan has an insightful eye, I am afraid it is easy to get lost.

"Although I entered the inheritance of the demon, but the next step is to find the inheritance of the demon..."

Ye Xuan thought in his heart.

Fang Cai, the fall has also entered here with him, so the fall should also be dispersed with others.

Fortunately, there is a connection between him and the fall, so he clearly senses the location of the fall.

Not only that, but the same is true.

However, when Ye Xuan flew in the north of the flowering sea, he suddenly swept a figure.

"Essence: The Eye of Insight!"

Ye Xuan stared at it and found that he was a person he did not know.

The 30 masters of the Glacier Knights, the Penglai Yaozu and the Heavenly Palace, he all know, but this comer is wearing a black robe and his face is very strange, so it must be an enemy.

"Not on the list, it seems to be a dregs, die!"

The black man was cold and directly attacked Ye Xuan.

"Cut, it's just the third echelon."

Ye Xuan sneered, and quickly pulled out several swords.

Virtual Flameless Sword!

"call out!"

The black sword smashed away and instantly defeated the opponent's attack, then split his body in half.

The brain is broken, the soul is instantly separated, and then the virtual flameless sword wave is followed.

"Hey, the host's killing value is improved!"

A system prompts to sound.

Unfortunately, the same level of people, giving Ye Xuan the value of killing is not much.

Although there are not many people who enter the inheritance of the demon emperor, they are all the best in the peak of the heavens. If Lin Guangyao's strength is ranked, it can only be regarded as the middle reaches.

In addition to the ten Platinum Knights of the Glacier Knights, there are more than a few days of masters and Penglai Yao masters.

This person's strength is even weaker than Lin Guangyao, so he was directly killed by Ye Xuan.

Ye Xuan swiftly swept past and took it away, but the other side was fighting, and naturally it would not bring much.

Then he quickly swept northward, and with the help of the fall, he knew that the fall was also rushing toward him.

However, on the way, he encountered two unsuccessful evil sacred masters, and both of them were killed by him.

"brother."

A silver bell sounded.

After this short time, Ye Xuan finally saw the fall.

Because the old fairy said that Ye Xuan is his brother in the past life, coupled with the induction of Ye Xuan, so fall is very trusting Ye Xuan.

After the two met, they fell directly into the arms of Ye Xuan.

"Let's fall, is there any danger on the road?" Ye Xuan asked.

"There was a person who didn't know, and I was beaten to death by a punch." Nod and nodded.

Although she reincarnates into a fox demon, but after inheriting the inheritance of the demon emperor, not only the strength directly soared to the top of the heavens, but even the body is also extremely powerful.

Ye Xuan estimates that the strength of the fall can also be in the middle and upper reaches of the second echelon.

"Let's fall, can you sense the specific location of the demon emperor?" asked Ye Xuan.

"No, after I came in, I could only sense my brother."

Falling and shaking his head.

"If that's the case, look for it!"

Ye Xuan's flash of light flashed directly to the ghost Emperor and Megatron, and then let them fall with them.

Ghostly Emperor has a strong fighting power and is expected to rank in the top three on the second echelon, so Ye Xuan is not worried.

What's more, the strength of falling is not weak, and the three people have the strength of pets to increase, so when they join hands, even if they encounter the first echelon's estimate, they can fight.

Chapter 1635: Direct spike

After the fall, the ghost Emperor and Megatron left, Ye Xuan summoned the old tree.

"The trees are old, they may not know you, so if you meet the same camp, just leave." Ye Xuan said to the old tree.

"no problem!"

The tree should be old and directly turned into a lightning to leave.

After the change, he can display the Kowloon Ben Lei Flash without cooling time. The speed is still above Ye Xuan. The strength is estimated to be squeezed into the first echelon. Even if the second echelon meets him, it is estimated that only dead. End.

There is no way to do this. After all, through the voice of the glass fairy, Ye Xuan can learn that more than 60 people have come to this sacred place, all of which are the masters of the heavens.

On the way to search, Ye Xuan also met several people in the same camp, the Platinum Knights of the Glazier Knights, and the masters of the Yaozu, but Ye Xuan and them just looked at each other and left to find the true inheritance. Ground.

Finally, in the tenth minute of Ye Xuan entering the inheritance of the demon, suddenly a breath spread.

"Brother, I feel the atmosphere of the other half of the demon!"

Falling down the channel.

After Yesterday's meeting with Ye Xuan and the falling face, he managed to use the means of sound transmission in the air, which just came in handy.

"How come I didn't feel it?"

Ye Xuan was a bit puzzled and hurriedly asked: "Which position."

"If I am the North, in the northeast direction." Fallen answered.

"Okay, go!"

Ye Xuan did not say anything, immediately rushed over, he estimated that someone must have found the inheritance of the demon.

You must arrive as soon as possible, otherwise you will not know who took the demon emperor.

After learning the news, the two sides of the fall and the tree were also rushing to the demon.

The first to arrive was Ye Xuan. He saw a table in the center of Huahai, but on the table, it was empty.

Was taken away!

Fortunately, this person who took away the other half of the demon king did not leave.

This is a young man in red, holding a ring in his hand.

It should be known that the inheritance of the demon king is likely to be in the same order as the Holy Lord. Now that the red-haired youth has been passed down by the demon, the Holy Order is also very likely to be in his hands.

"This person seems to be the first bloodthirsty dragon blood spring and autumn!"

With the eye of insight, Ye Xuan suddenly recognized it.

The bloodthirsty mad dragon is a new branch of the dragon family. The fighting power is very strong. This blood spring and autumn is the genius of the bloodthirsty mad dragon family, and it is also the strongest.

However, this bloodthirsty dragon blood spring and autumn, is only the third echelon's combat power, not enough fear.

"I remember, you seem to be a glass..."

This blood spring and autumn just want to open, Ye Xuan directly hands.

"Death chase!"

"Virtual Flame Sword!"

A black sword is smashing away. These attacks are the attack of Ye Xuan's release of water, because his purpose is to make this blood fall and fall lightly, then...

"Oh, I don't know how to live!"

This blood spring and autumn is just a cold bang, ready to defeat these attacks by Ye Xuan.

However, at the moment of his shot, Ye Xuan's figure suddenly disappeared and then appeared behind him.

The eye of assassination!

"Oh!"

A crisp sound spread, the dragon's bloodthirsty dragon blood spring and autumn, directly cut off by the Ye Xuan.

Then, it is his soul!

Spike!

"What is the first in the dragon list, weak like the scum..."

Ye Xuan dismissively vomited a sentence, and then quickly took the blood spring and autumn of the ring and the demon king passed away.

"The other half of the demon emperor passed down, and finally got it. If you give it to the land, then it can practise the sacred treasure, which is stronger than the glazed treasure."

Ye Xuan could not help but sigh, but he did not find the Holy Order in this ring.

It seems that the Holy Lord is in another place!

"Let's fall, the other half of the demon inherits me and I am sent to you now."

After Ye Xuan finished, he quickly swept away.

"Ah, my brother, I came across that simple!" The story suddenly said.

"Death to the Emperor, simple?"

Hearing this, Ye Xuan's brow was a pick, and it's really narrow.

He had encountered simplicity before, and the goods wanted to grab his will to die twice. Later, when he was in the Black Dragon, he was defeated by waywardness, and then it did not appear.

Today, Ye Xuan is going to take revenge!

Unfortunately, the space in this secret environment is still stable. Even with the eyes of space, Ye Xuan can't break through.

"Hey, the host can't currently use the eye of the void!"

Not only that, but even the eyes of the void can not be used, it is a hell.

"Ghost Emperor, Megatron, give me the guy, and I will soon arrive!"

Ye Xuan hurriedly reminded.

The Death Emperor's successor is the super-strike force of the first echelon. The Fall and Ghostly Emperor are the second echelon, and Megatron is the third echelon.

As long as they arrive, they will die!

"Ah, the monk brother came to help."

At this time, the fall suddenly passed over.

"Monk brother, is it a monk?"

Ye Xuan's eyes are a glimpse of this monk, who is also the master of the second echelon, and is also a Buddhist holy place. It is easier to deal with the simplicity of the death sacred place than others.

"Ah, another ugly monk in red and gray clothes..."

Hearing this, Ye Xuan stunned.

The ugly monk of red clothes and gray clothes, it should be the flower monk of the holy place of evil spirits and the meat monk.

The Lord of the Holy Land of this evil sacred place is called the evil Buddha.

I heard that this evil Buddha used to be an apprentice of Buddhism. Later, he was expelled from the holy land of Buddhism. Afterwards, he went to the holy place of evil spirits and became the general of the evil sacred land.

After the fall of the Lord of the Holy Land of evil spirits, he inherited this holy command and became the new lord of the Holy Land.

In other words, this flower monk, meat monk, is a sacred place, is an enemy!

These two people are all masters of the second echelon, plus the simplicity, the current situation is very dangerous.

"Megatron, what's the situation on your side?"

Ye Xuan quickly asked, although he said that he had a vision to share, but he could only see and could not feel the whole situation.

Megatron sent a message saying that the Buddha thought that the monk blocked the death of the great emperor, and that the three of them were fighting with the two monks.

It also said that the death of the great emperor is simple and does not seem to be as powerful as imagined.

"Support, the tree is coming soon!"

He can sense the position of himself and others. Relatively speaking, he is far away, and the tree is faster and faster, naturally it is the first to arrive.

At the same time, he has already sent a voice to the Emperor, and once it is not right, he will use the invincible soul directly.

Chapter 1636: Complete demon inheritance

Within two seconds, the tree rushed to the scene, and as he joined the battle, the situation changed instantly.

You must know that the old tree is also the combat power of the third echelon.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

Two systems prompted the sound, Ye Xuan directly obtained two killing value income, which is the flower monk and meat monk degenerate.

As for the simple death of the great emperor, it was also bombarded by the old punch of the tree.

"What, it turned out to be just a death avatar..."

Ye Xuan stunned, no wonder Megatron said that this simple is not as powerful as imagined, it turned out to be only a avatar.

However, just a single avatar, you can fight with a thought, this is really not a general generation.

Finally, Ye Xuan also rushed to the scene.

"I thought it was a simple deity. I didn't expect it to be a death. Otherwise, if they fall, they might be in danger..."

Ye Xuan was relieved, and then thanked the monk for a thought: "Thank you for the master!"

"The donor is not welcome, just, this flower monk and the body of the meat monk, can I take it away?"

"Please!" Ye Xuan nodded.

The evil Buddha is a disciple of Buddhism. This flower monk and meat monk, who used to be a holy place of the Buddha, wanted to bring the body back.

"Land, this is another half of the demon inheritance."

Then, Ye Xuan gave the lost ring to the land.

"Hey, if I let it refine now, it will take a day, but..."

Falling and wrinkling little eyebrows, although she was just born, but the IQ is not low, this situation is not the time when the refining and demon kings inherit.

"Nothing, my brother has a place here to make you refining, and, maybe you can find the Holy Lord only if you refine the legacy of the demon!"

Ye Xuan touched her hair and then received it in the planting space.

If other people, as long as one resists, Ye Xuan can not put it into the planting space, but the contract between him and him has not been lifted, as long as he wants, he can directly receive it.

After the reincarnation, there is no memory, so the planting space is very strange. However, she quickly adapted to the refining of the other half of the demon inheritance.

However, in the day when the refining and refining half of the demon emperor passed, Ye Xuan will not be wasted. He will continue to search. Even if he can't find the Holy Order, killing some enemies will also earn.

"A Master, please be careful!"

Ye Xuan holds a fist in front of a monk, and then leaves directly.

A thought has not yet asked the identity of the old tree and the ghost of the Emperor, Ye Xuan has left, can only sigh and continue to find a companion.

This secret is also peculiar, the signal bombs have no effect, and disappear once a lift.

However, those who are less powerful will gather together and the team will continue to grow.

"Ye Xuan, the old fairy said that it is necessary to refine the integrity of the demon emperor, to be able to find the Holy Order..."

The glass fairy suddenly heard the news.

"I know, I have already handed over the other half of the inheritance to the fall, she is refining." Ye Xuan nodded.

"Okay, in addition, our people are gathered in the East, you can meet in the past."

"understand!"

Upon hearing this, Ye Xuan immediately changed the route and swept toward the east.

Although he can act alone, it is still tricky to encounter the Emperor of Death and the Emperor of the Nether at the same time.

After a while, he successfully met with other people.

Ye Xuan quickly glanced at it and found that the number was less than half of the time when he entered.

Ren Ren, Ren Feng, Lin Zhanhao, Lin Guangyao, in addition, it is also a dozen individuals.

"Ye Xuan, have you ever met a strong one?" After seeing Ye Xuan, he couldn't help but ask.

"I have encountered a simple death avatar, as well as a flower monk and a meat monk in the holy place of evil spirits..." Ye Xuan replied.

"killed?"

Self-willed to raise an eyebrow.

"necessary!"

Ye Xuan nodded, his strength is not weak, met the natural to kill.

Don't say death, even if you are a simple deity, you may die.

"If that's the case, then report on the battle." Turn around and look at other people.

Lin Guangyao immediately said: "I am a glass knight, there are already six people known to have died..."

Among the people who came in, the Platinum Knights had the weakest single-team combat power, and even some even the third echelon could not squeeze in. The heavy casualties were expected.

"My Penglai Yaozu also died four." A master of the Yaozu said.

"I have three deaths in the palace," said Lin Zhanhao, a disciple of the gods.

This adds up, then they have died thirteen, and the loss is still a bit heavy. After all, the high-handed hands of the Penglai Yaozu and the Tiangong Palace have also cultivated the eternal eternal eternal, their combat power can be squeezed into The second echelon.

"Ye Xuan, that the demon emperor inherits, it still takes a day to refine it?" asked again.

"Well, it fell in my space and refining." Ye Xuan nodded.

"Although it is very likely that the Holy Order will appear after the completion of the complete legacy of the demon, but we can not wait for the day, then everyone will team up to act." The wayward looks around.

He does nothing when he acts alone, but other people act alone, and the master is almost dying. The purpose of gathering now is for this.

The people present nodded slightly, and then started each of the two or three groups, even the second echelon master is the same.

"Ye Xuan, is there any interest in making a big vote?" The waywardness suddenly smiled.

"What's big?" Ye Xuan eyes a glimpse.

"You also know that my body is a Platinum Holy Light Dragon, which is sensitive to the breath of death. Although this flower sea spirit has a small scope of exploration, I can feel it simple, but at the time he was inseparable with the Nether King. I didn't do it." Wayward.

"So, you want to do these two leaders first?"

Ye Xuan's eyes twinkled, apparently being said to have moved.

Because they are advanced, otherwise, he must use the death killing order to mark the death emperor and the ghost king, so that he can be killed.

Now, it is much more convenient to have a position that is easy to sense.

"As long as the two men are paralyzed, then the rest of the people are not afraid." The willful smile opened his mouth.

"You can sense each other, so you can feel it easily. When they joined forces, why don't you bother to ask you?" Ye Xuan asked curiously.

"Haha, this...you know..." said the waywardly.

This time, Ye Xuan understands that the original wayward is directly paralyzed.

With the ability to be willful, if you want to escape, even if you are simple and quiet, you can't stop it.

Chapter 1637: Cooperation

"Well, I am going with you."

Ye Xuan immediately nodded.

Hearing this, he arbitrarily shot Ye Xuan's shoulder, then turned his head and said: "Ren Feng, you are with them."

"Yes, seniors!"

Ren Feng nodded.

Immediately, Ye Xuan is leaving with the wayward team.

"Although it is two-on-two, but don't care. There are a lot of death creatures under the simple hand. There are some ghosts in the Nether King. We estimate that they are being besieged."

"Nothing, I like to be besieged." Ye Xuan opened his mouth and smiled.

When he rushed to this meeting point, he and the old three of the trees had already gathered first, so this time the tree is old.

What's more, his killing and engraving still needs to kill the value to condense, as long as he let him condense a few killings and engravings, and lay down the sacred swords, even if it is a sinister.

"This is too slow to find, sit on my back."

The waywardness suddenly said a word, and then it was directly turned into the body Platinum Holy Light Dragon.

When he was beaten back to the original shape, he was petite and very mini. But now, his body length has reached a kilometer directly, and the speed has skyrocketed a lot.

On the way, they encountered a lot of enemies. These people were killed by Ye Xuan without exception. Among them, there is a wine monk under the evil spirits of the evil sun, and the strength should be able to rank in the second echelon.

Unfortunately, he met Ye Xuan and wayward.

The arbitrariness of the embodiment of Platinum Shengguanglong carried Ye Xuan in the sea of flowers, and soon he felt a disgusting breath.

"found it!"

The wayward eyes are bright, reminding me.

At the sight of insight, Ye Xuan did not see anything. It seems that simplicity is outside his field of vision.

"Already prepared!"

Ye Xuan's face is dignified and nodded, and the hand has been forged to the highest level of the Tongtian.

"I feel the simplicity and quietness of the atmosphere, in addition to a few people, want to go?" asked casually.

"It's all here, can't you?"

Ye Xuan said nothing, his feet on the dragon's back, the whole person plucked in front of the dragon's head.

"That's good, give it to me easily, and the Emperor of the Nether is handed over to you!"

The waywardness is no longer nonsense, directly killing the past.

On the other hand, the Death Emperor passed on the simple, the Nether Emperor and the Endless Two also felt the willful atmosphere and prepared for the battle.

Several people behind them saw it and immediately greeted the weapon and waited quietly.

Soon, Ye Xuan and the wayward figure are reflected in their eyes.

"The last time you were ran, this time you brought someone, thought you could fight with us?" Let's talk low.

If he is heads-up, he is not willful, but they are now united with the Netherlands. If the two sides join hands, they still have a lot of confidence.

But how can they know that Ye Xuan is a hidden superpower!

"Do not talk nonsense, let me send you to see your brother!" Roared freely, and instantly killed.

At the same time, Ye Xuan was also killed under the guard of the ghost Emperor and Megatron.

"killing and engraving!"

At the moment, Ye Xuan directly used the new skills of the blood of Zhu Xian, and immediately condensed a killing mark.

If he thinks, he can double his fighting power now.

No, it is three times!

"Come back... I am going, can't I use it?"

Ye Xuan suddenly widened his eyes.

He originally wanted to directly condense three killings and engravings, so that he could directly increase his combat power by three times, and killing enemies would not be a problem.

However, I did not expect that the killing and marking could not be used continuously.

In this way, it is not so easy to apply the skills of killing and engraving.

"If it doesn't work, then kill!"

Ye Xuan's eyes were murderous, and the full attributes of Ghostly Emperor and Megatron also skyrocketed twice.

Do not destroy the soul!

Just before the battle, Ye Xuan and the wayward have already discussed the countermeasures. If it is a fight, then it will be forced by the way of being simple and quiet, and then Ye Xuan will kill the rest.

In addition to being simple and quiet, there are four masters who don't know whether they are the second or third team.

However, this does not matter.

The sneaky emperor who opened the invincible battle spirit directly killed the two men directly with Megatron. The former sword was fully swept away and one person flew directly.

Megatron is not covered, anyway, this battle is crucial, so Ye Xuan directly used the blade storm.

In an instant, tens of thousands of blood swords swept away and directly engulfed the two. On the other side of Ye Xuan, the other two were quickly resolved.

Because it is the same realm, so the value of killing is not much.

"If that's the case, then it will break out!"

Ye Xuan reacted at this time. He was fighting with his peers. He estimated that even if he played for an hour, it would be difficult to condense a killing mark, so he directly broke the current killing and used the killing state. The combat power has soared twice.

On the other hand, it was shocking to see the four people being instantly killed by the simple and quiet.

This time, they did not dare to neglect, and hurriedly took out their cards from the Qiankun ring.

Two bone dragons!

Two secluded!

These two keels are all dragons of the sacred level before their death.

After death, their combat power is very strong, and the two bone dragons join hands, even if they are simple and careful.

The two secluded scorpions were refining by the Nether Emperor. They were all scattered before they were born, so they were extremely powerful.

These four dead things can all be squeezed into the first echelon, so the simple and quiet endless party directly has the fighting power of the six first echelons.

"Grandma's, you know you have a card, but don't underestimate me!"

Breathing with arbitrariness, a white light spurted out of his mouth, and then quickly zoomed in.

This is a white dragon column, which shines as soon as it appears.

This holy white light fell on the bone dragon and the phantom, and immediately gave the blue smoke.

"White Dragon Town Magic Pillar, this thing is actually in his hand!" Simple shock.

This thing, but the nemesis of the dead creature, is the treasure of the life of the saints of the sage, did not expect in the hands of willfulness.

"No, this is just a fake!"

The eye-opening Nether King saw the clue.

If it is the real white dragon town magic column, then the four dead creatures will probably be purified in an instant.

Fang Cailong's magic column appeared, and both the simple and the Nethery Emperor actually retired. However, after seeing this white dragon town magic column is only a copy, he decided not to leave.

After all, they have six people!

However, Ye Xuan is not a vegetarian.

"Megatron, kill them!"

Ye Xuan immediately issued an order.

At the same time, he also directly released the tree.

"It's time to go to the old man!"

Chapter 1638: dead!

"It's time to go to the old man!"

The old man opened his mouth and smiled, and it turned into the body of the thunder fire. The nine thunder fire dragons flew out of his body and attacked the two nearest ghosts.

Kowloon Xiaotian hit!

The power of this trick is not worse than the blade storm.

At the same time, the two big moves will be displayed, and the two ghosts will be smashed into scum.

And, this is not over yet!

"Death chase!"

"The eye of assassination!"

Ye Xuan directly marked the simple, and then flashed to the back of it, and then with the old Kowloon rushing to the lightning, the two attacked one after the other, the connection was not airtight.

The death emperor's simple face changed greatly, and he used the card again.

"Undead!"

When Ye Xuan and the old attack of the tree were about to fall on the simple body, his body suddenly magnified several times, and the flameless sword wave and the old thunder fire fist hit him, and did not cause any harm.

The disciple of the death emperor is really not so easy to deal with!

However, the purpose of Ye Xuan and Shu Lao is not to kill the simple, but to make the two bone dragons simple and innocent.

"Haha, look at the trick!"

The arrogant voice of the wayward sounds, the next moment, he directly squirts a white dragon.

"Gifts, holy dragons breathe!"

This white dragon's breath directly hits a bone dragon and instantly slams it.

The golden dragon's dragon's breath, the damage to the dead creatures has an increase, and it is very normal to kill the bone dragon in one stroke.

Right now, two ghosts and one bone dragon were instantly wiped out, but this was a surprise for two people.

"Damn, go!"

The phantom emperor wearing a black armor changed his face and turned away.

"The tree is old, chasing him!"

Ye Xuan immediately voiced to the tree.

This secret can't be broken, so Ye Xuan only used the death killing order to mark the Nether Emperor, and then the old tree with the Kowloon Ben Ray Flash.

As for this simplicity, kill it first!

"Calling!"

Tens of thousands of blood swords swept away from the simple ones. In addition, Ye Xuan and the Ghost Emperor also slammed the past.

And Platinum Shengguanglong is self-willed, but it is condensed in the same place, ready to hit a simple bombing.

"Go to see your brother!"

At this time, the wayward cohesion was completed, and after a pre-announcement, the big \*\*\*\* mouth was opened.

Easy to be copied by the three-way, there is no place to hide, just to control the bone dragon between him and wayward.

"boom!"

The sacred breath erupted and the bone dragon was used as a shield to block the blow.

"You dare to move me, the master will not let you go..."

There is no way at this time, and I can only move out of my own background.

"Your brother is dead in my hands, can't I live well?"

The wayward opened the mouth and sneered.

The Holy Land of Life, the Holy Land of Buddhism, the Holy Land of Death, and the Holy Land of the Nether, these are the four great holy places.

The simple master of death, the Lord of the Holy Land of the Holy Land of Death, has a profound background.

However, the wayward way is not bad, his grandfather is the lord of the holy land of life, and the strength has also crushed the death of the great emperor.

So, what are you afraid of?

The use of the immortal body is simple, the defense is amazing, even the blade storm and the virtual flameless sword wave can not be broken.

However, this undead body is definitely a time limit. Once the duration is over, then this simplicity is the trick of the shackles, the fish on the knife board.

The waywardness has already condensed the third breath of the holy dragon, but he can't wait, and it erupts directly.

"boom!"

This bit of breath, wiped out hundreds of shocking blood swords, and then slammed into the simple body of Altman's transformation.

The undead body that is immune to ordinary attacks is directly smashed by this holy dragon, and it is easily damaged. It not only spits out a blood.

"The undead body of the death emperor is really powerful, I have to look at it, you can have him a little bit!"

The wayward chills, once again condensing the power of the Holy Light, while controlling the White Dragon Town magic column to go easy.

"Hey!"

The damage of the white dragon town magic column is not high, but it can make it self-willing.

"Get out of my way!"

Simple and furious, throwing a fist to fly the white dragon town magic column, while looking for a breakthrough, want to leave.

It is a pity that there are tens of thousands of blood swords around him, and he is surrounded by a tight air. As long as he runs in which direction, Ye Xuan and the ghostly emperor will keep up, and they will not be able to go.

Fortunately, he still has a soul in his master's hands, so it is not too desperate.

Even if you die, you can use the resurrection of the soul, which is a benefit that has not yet broken through to the fairy.

At this time, the simple aura flashed, and suddenly came up with a solution.

"Since you want to die, then I will fulfill you!"

Suddenly, the sky roared, and then the heavens and the earth suddenly began to run wildly and gathered toward the simple head.

Seeing it, Ye Xuan is somewhat puzzled. Is it difficult to use the cards and share them with them?

"The trough, this guy is going to be on the spot!"

The waywardness suddenly reacted and immediately exclaimed: "This guy wants to seduce us and attack us, walk!"

"Backward!"

Ye Xuan was also shocked and quickly stepped back.

Fairy robbery is not fun, let alone the robbery of others.

At this time, only the robbery, become a fairy can only survive this crisis.

The space here is very stable, and it is similar to that of the Penglai Yaozu. If it breaks through to the fairy, it may be possible to do it here.

However, to make this simple shock, he was defeated by the robbery.

"puff!"

Suddenly, the robbery cloud in the sky collapsed directly.

This place cannot be robbed!

"what?"

I was shocked by the simple, this is his last resort, and I did not expect to fail.

"Hahaha, let you get it." Happily laughed.

Originally, I wanted to use the fairy robbing to scare away Ye Xuan and be willful, and then directly pass through the fairy robbing, and then the soldiers to repair the sacred fairy, so that they can escape the birth.

Unexpectedly, there is no way to rob this place, this is finished!

"Dare to move me, you will die without a place of burial!" In the end, I will not forget the threat.

However, when his voice fell, the body began to shrink, and the duration of the undead body immediately passed.

Upon seeing it, Ye Xuan's eyes lit up and shouted: "Roll him!"

In an instant, tens of thousands of blood swords swept through, and the shrinking undead body fell, and was instantly pierced.

"Hey, the host's killing value is improved!"

A system prompts the sound, which proves that the simple has been killed, at the same time, Ye Xuan's insight into the eye also caught a remnant.

Virtual Flameless Sword!

"puff!"

In a subtle muffled sound, the simple soul was obliterated by Ye Xuan.

What is the death of the great emperor, it is not worth mentioning!

You must know that Ye Xuan even has not released the Qilin drop.

Chapter 1639: Chasing

"Things are for you, I am going to chase the guy!" The willfulness to the end of Ye Xuan, directly chasing away from the direction of the Nether King.

Ye Xuan quickly accepted this simple Qiang Kun ring, but when he was ready to put the simple body away, the simple eyes suddenly turned into two death wills, and then they condensed into a virtual shadow.

"Who gave you the courage to dare to kill my apprentice?"

The speaker is a middle-aged person.

After hearing this, Ye Xuan suddenly recognized that this person should be a simple master, the lord of the Holy Land of death, the death emperor.

Originally wanted to chase the waywardness of the Nether Emperor, suddenly stopped, he looked at the death of the Emperor, sneer: "It is funny, just a virtual shadow, what qualifications appear in front of me?"

"Is this guy who doesn't know how to be tall?"

The Emperor of Death fell his eyes on the wayward. The last time, he was willing to kill his great disciple, and he made another passer.

This time, it was simply killed and the hatred was directly superimposed.

However, the waywardness is right, now he is just a shadow, what can be done?

"Now, I can't help you, but you should be careful in the future..."

The death emperor shimmered in the light, and after the completion, he directly turned into two white light, respectively, and fell into Ye Xuan and the wayward body.

"Hey, let me go..."

Not only did the waywardness not respond, but Ye Xuan was the same. He estimated that this should be some kind of imprint of the death emperor.

"Well, you are a death emperor. I want to find someone to kill me in the future. Yeah, don't be afraid, I will find my father to help me out later!"

After being willful, he plunged directly into the distance. After all, the Nether King also ran away.

Ye Xuan also did not pay much attention to the imprint of this death emperor. After all, he is now in the holy land of Penglai, even if the death emperor came, he could not help him.

With the sharing of vision, Ye Xuan can see the figure of the Nether King through the old eyes of the tree.

This Nether King is endless, the strength is weaker than simple, but the means of escape is not bad.

"You will catch up with the old tree, and I will be willing to split it!"

Ye Xuan immediately voiced to the tree.

"it is good!"

The speed of this Nether King is very fast. The old tree with the Kowloon Bumper can only barely keep up. However, this flower sea has a range. Once it escapes to the edge, it will be hit by Ye Xuan or willful.

On the way, this Nether Emperor encountered some people, there are platinum knights, there are also demon masters, but also from the three evil places.

However, after the Platinum Knight and the Yaozu master recognized the Nether Emperor, they avoided it, and the Nether King did not have time to clean up these people.

As for the masters of the three evil sacred places, after seeing that the Nether Emperor was chased by an unidentified bald old man, he was also scared of courage and hurriedly avoided.

This time, the pursuit of warfare continued for a short period of time, with a full twenty minutes.

After twenty minutes of escaping at full speed, the Nether Emperor actually came across the edge of the flower sea, which is the edge of the battle.

This time, if he does not change his course, he will be caught up by the tree.

"Damn!"

The face of the Nether Emperor changed dramatically and then flew toward the West. It happened that the West was the direction that Ye Xuan came.

"Haha, hit the gun!"

Ye Xuan laughed loudly, flashing in the light, directly showing the assassination of the eye, flashing behind the Nether King.

Although it has been more than 20 minutes since the time has passed, the double increase in the killing status has long passed, but don't forget that Ye Xuan can use three times to kill the mark.

"Killing state!"

Ye Xuan broke out instantly, and the breath doubled again, followed by a sword against the back of the Nether Emperor.

Virtual Flameless Sword!

"call out!"

The wind is whistling.

After the red fire sword hit the mind of the Nether Emperor, the power of this attack is not weak. If the Emperor of the Nether can't hide, the head will naturally fly.

"Damn, Nether!"

The Nether King looked cold and his body suddenly became illusory. Then, the red sword in Ye Xuan's hand was like a cut of water, and passed through it.

And the Emperor of the Nether, it is unharmed!

"Good tricks..."

Ye Xuan was shocked, this move is indeed good, but he heard the system's prompt tone, this Nether body, can not be copied.

It seems that the level is too high, or there are specific factors that he is not satisfied with.

But this does not matter, first kill the ghost of the Emperor.

At the same time that Ye Xuan blocked this Nether Emperor, the old tree also rushed to the front of the Nether King.

"puff!"

The old hand of the tree also passed through the body of the Nether King.

The son of Nether Emperor is not so easy to deal with.

The death emperor passed on the simple, cultivated the immortal body, and directly Altman turned, making the whole body indestructible.

And the son of the Nether Emperor is ruthless, and he has cultivated this sacred body and directly immunized various attacks.

But what about this?

"Megatron, wrap!"

Ye Xuan sneered a sneer, the next moment, Megatron suddenly appeared, directly into the package of the three, intimidating.

At this point, the face of the Nether King has sunk to the bottom, but he is forced to calm down, smiled: "Ha ha ha, just because of you, want to kill me?"

"Ordinary attacks are really useless to you, but do you try this trick again?"

At this time, after Ye Xuan sneered, he suddenly avoided the old tree.

Then, Megatron broke through a hole and a white light came in from the outside.

This white light is the sacred breath that erupted from the wayward rush.

Ordinary attacks have no effect on this Nether's body, but the wayward sacred breath can.

This Nether Emperor was swallowed up by white light, and was instantly purified. Even the soul was wiped out together, leaving only a ring.

Since it is not Ye Xuan's killing, naturally there will be no killing value, but the wayward is very generous and said: "Things are for you."

"Thank you!"

Ye Xuan is also unpretentious, directly accepting the glory of the Nether King, but as he expected, there is not much.

Now, the Death Emperor and the Nether King have fallen, and no one can stop them in the mysterious legacy.

"Oh, there is also a secluded scorpion, which is made from the body of the sacred fairy..."

Ye Xuanyi opened his mouth and smiled. This kind of secluded fighting power, but the first echelon level, precious.

"There are no rivals now. Let's act separately. Let's say the people in the holy land."

When you are willful, you will turn around directly.

As long as the masters of all evil places are killed, then the Holy Order is not to be afraid.

What's more, there are not many people who are qualified to \*\*\*\* the Lord's Order.

Chapter 1640: Single pick

At this time, outside the secret.

"Hahaha, okay, that's great. Even the Nether King is folded in. It's really good news."

The old man couldn't help but laugh.

The news of the simple death of Ye Xuan was also passed out through the glass fairy. Now it is the endless death of the Emperor of the Nether.

The scattered fairy on the side of the evil land can not believe that the blood spring and autumn, the wine and meat monk and other people are dead, how can even the first echelon's combat power die?

"What happened in the end, the Platinum Shengguanglong could not kill two people!"

These scattered fairy hearts can not help but think so.

At this time, the four scattered immortals from the Holy Land of Death and the Holy Land of the Nether made a decision in their hearts.

These four people are not simply simple and endless bodyguards. They come here for another purpose.

However, the Netherland also invited a master, but it was delayed and did not know what to do.

.....

Through the glazed fairy and the celestial celestial beings, almost all of the camps have learned the news of simplicity and solitude, and immediately became a morale.

On the contrary, the masters of those evil places, the morale fell, and began to be careful, if not because they can not find the exit, I am afraid that many people will leave.

At this time, Ye Xuan and his wayward are swimming in the entire sea of flowers, and all the enemies will be killed.

For most of the day, there are very few people living in the holy places, and some are hiding in the sea of flowers, hoping to survive this robbery.

Although there are many sacred sacred masters coming in, there is almost no one at present. Therefore, Ye Xuan and others directly gathered in front of the platform where the enchanted ancestors were placed.

They almost turned the whole piece of flowers around, and they didn't find any clues, so only the possibility is here.

It took another half day.

In the planting space, the refining of the other half of the demon inheritance finally opened his eyes.

"Brother, I am finished."

The tender voice of the fall sounded in Ye Xuan's mind.

"how about it?"

Ye Xuan asked curiously.

"After refining the other half of the demon inheritance, I got the inheritance memory left by the demon predecessors. I already know where the Holy Lord is..."

Falling down and replied: "Under this half-transmission, at the same time, the body of the demon predecessor is also below, but this has the protection of the law, and if it is forcibly broken, the ring of the lord of the Holy Order will be broken..." "

"okay."

Ye Xuan nodded slightly, since the refining of the other half of the demon inheritance, and the inheritance of the memory of the Dragon and the Dragon, she should be able to obtain the Holy Order.

However, things are not over yet, and there are still many people outside.

Ye Xuan looked around in a circle and said: "The fall has already known the whereabouts of the Holy Order. However, our forces have not yet decided to belong to the Lord's Order, right?"

"I feel that since only the fallen adults know, then..."

Yao Tian of the Penglai Yaozu said, but he was interrupted by waywardness before he finished.

"Hey, you can't say that. If it wasn't for me and Ye Xuan to kill the simple and quiet, do you think things are so easy?"

"What do you mean?"

Lin Zhanhao of Tianmeng Palace suddenly asked.

"This is simple, the strong is respected, then naturally the strength is to win the treasure, each party sends a person, won the last can get the Holy Order!"

In fact, for other people, he is not afraid. At this moment, it is only Ye Xuan who can estimate his battle with him.

At this time, there are also four forces, the Heavenly Palace, the Penglai Yaozu, the Glazier Knights, and the Holy Land of Life.

In fact, there is a fifth one, that is, the holy land of Buddhism, but the monk at the moment is standing on the side of the Gladiator Knights, so it is not a representative of the holy place of the Buddha.

At the same time, the Tianmeng Palace and the Penglai Yaozu are a group. Lin Zhanhao of the Tianmeng Palace will be handed over to the fallen masters. After all, they are here to help.

"This....."

Lin Zhanhao and Yao Tian looked at each other. Ye Xuan and Falling seemed to have an inexplicable relationship. It's hard to do it. Ye Xuan does not help fall.

"I have promised the glass fairy to help him obtain the Holy Order, but the fall also requires the Holy Order, so I must take it. After the use of the Holy Order to spend the day, I will give the glass fairy..."

Ye Xuan's heart is a dark sentence.

"You don't want to fight in the Heavenly Palace and the Penglai Yaozu. I can shoot you with one hand." The wayward suddenly turned and said.

"Even if you used to be a fairy, then I can't back down!" Yao Tian said coldly.

"If this is the case, then you will go with Lin Zhanhao, I will pick up this battle."

Wen Yan, Yao Tian and Lin Zhanhao looked at each other, this is self-willing, so they can not be sentimental.

In the case of one-on-one, they will undoubtedly lose, but in two-on-one, they may not have no chance of winning.

"That's offensive!"

At the moment, Lin Zhanhao is offering a long rifle, and Yao Tian is directly becoming the ontology. It is the most powerful devastating dragon in the Tianlong ethnic group.

It's not fun to join the two!

"Hey, what is the former fairy, I will teach you lessons today."

When he was arbitrarily arrogant, he greeted him directly and dealt with the two second echelons. He did not need to become an ontology.

In an instant, the three are handing over.

This level of combat is still relatively rare. Originally, everyone thought that Lin Zhanhao and Yao Tian had joined forces to at least force the self-willed body out, but did not expect that they would be beaten by the capricious one at the beginning.

The strength gap is at a glance!

"How could it be so strong?"

Lin Zhanhao and Yao Tian thought in the same way.

The same is the peak of the nine heavens, their strength and arbitrariness are so much, which makes them a bit unacceptable. Moreover, they also can see that if they are willful to take the shot, they will probably be spiked.

Within a few seconds, Lin Zhanhao and Yao Tian were defeated and were chosen by the wayward person.

"How about, or do you want to try again with all of you?" He said with a smile.

At this time, there are seven people in the Tianmeng Palace and the Penglai Yaozu, plus Lin Zhanhao and Yao Tian are nine.

One pick nine, this is not fun!

However, many people present believe that willfulness will still win.

Lin Zhanhao and Yao Tian looked at each other and finally set their sights on Ye Xuan.

At this moment, only Ye Xuan can compete with Platinum Shengguanglong. If he does not shoot, then this holy command is self-willed.

"Be willful, come to war!"

Ye Xuan came out with a red sword.

At the same time, there were two figures beside him, a Megatron, a ghostly emperor.
