Chapter 164: Don't go back

"Hey, the Chinese martial arts level martial arts floats hand-collected successfully, learning needs 150,000 points to swallow points, do you study?"

After hearing this prompt, Ye Xuan also opened his mouth and smiled. It seems that Lin Zhirong did not lie to him, and did not tamper with his mouth.

"Good, you are very honest." Ye Xuan showed a smile.

"Let me let go, the grievances between us are written off." Lin Zhirong did not forget to remind him at the end.

"You can rest assured that I am talking about Ye Xuan, I said not to kill you, I will not kill you!"

Ye Xuan suddenly stood up, then turned and said: "Fat brother, handed it to you!"

what?

The three people present were shocked.

give it to you?

"This Lin Zhirong has become your demon. If you don't kill him by yourself, your cultivation will be troublesome in the future. Go ahead."

Ye Xuan explained.

"No, Ye Xuan, you are a hybrid, you can't go back." Lin Zhirong immediately shouted.

"I'm sorry, I played a word game. I said that I won't kill you, but I didn't say that I won't let others kill." Ye Xuan looked at Lin Zhirong lying on the ground. After a slight smile, he turned his head again: "Fat brother, kill it." We are already dead, and you don't want to do it, let me come."

"it is good!"

This time, Zhao Pan did not hesitate to go straight up, and then sacrificed a cold sword.

"Oh!"

The sound of the long sword into the flesh is very sensational, and the cold light sword easily pierces the heart of Lin Zhirong.

Lin Zhirong did not think that he had lost his wife and lost his soldiers. Not only was Ye Xuan cheaper, he also fell into a tragic end.

"Oh!"

The Hanguang sword was pulled out by Zhao Pan. At the same time, a touch of color in Zhao Pan's eyes disappeared directly.

Indeed, Lin Zhirong has become his devil unconsciously, and if he continues to cultivate, he is likely to go into flames.

But now, it has been removed!

Then, Ye Xuan took Lin Zhirong's Qiankun ring and then quickly dug a big pit, buried all three of them, and ruined the identity token of the three.

"Ye Xuan, let's come out together. If only three of us go back, I am afraid I will be suspected..." Jiang Xian said with some concern.

"Who said that we have to go back?" Ye Xuan suddenly smiled, and then began to dump three things in the ring.

"not going back?"

Zhao Pan is also amazed. Their mission is not to guard the first sentry tower?

"Yes, don't go back."

Ye Xuan nodded: "The two dynasties are fighting, the scene is bound to be very big. If you participate in this kind of chaos, I am afraid that you will die very badly. The purpose of both of you is to enter Lingxiaofu, so just hide it. ""

After such a reminder, Zhao Pan and Jiang Xian also looked at each other.

Indeed, their purpose is to stay in the Lingxiao House. They do not insist on the land of the land or the temple of the heavens. Even if they are only the Huangzhifu, they can satisfy them.

"So, you don't have to go to this drowning water, even if you lose two games, you can enter the Yellow House." Ye Xuan continued.

"However, it is impossible for Lingxiao to collect hundreds of disciples." Zhao Pan asked again.

"Yes, but you have already broken through to the beginning of the real thing, and there is a Chinese spirit, if you add a Chinese-level martial arts, you can definitely override the genius of the intermediate empire, don't worry. "

Ye Xuan said, it was to take out the pen and paper directly. In a short while, he wrote the mouth of the floating butcher.

"This is the Chinese martial arts martial arts floater. You use the rest of the time to enlighten. If you can learn, passing the assessment is not a problem."

Ye Xuan handed the shackles over.

"Zhong Pin Ling martial arts, are you sure to give us?" Zhao Pan Zhang opened his mouth.

Zhongpin spirit martial arts, even if it is a middle-level empire, there is not much, even if there is, it is also protected as a treasure of the town, and will never be passed out.

However, Ye Xuan, but they gave them this level of things, this mind is not generally broad.

"Get it quickly, then I will take you to a safe place to hide." Ye Xuan directly threw things away.

"Ye Xuan, I did not intertwine with my friends in Zhao Pan. After that, my life is yours!" Zhao Pan suddenly burst into tears.

Jiang Xian is silent, but Ye Xuan also feels that he is very grateful to Ye Xuan.

"Okay, don't talk nonsense, follow me, I will hide you!"

Ye Xuan said that he was heading in one direction.

Zhao Pan and Jiang Xian are also keeping up.

After about ten minutes, they came to a cliff.

"Don't move, I'm going to dig a hole out." Ye Xuan said, directly hitting the stone wall.

"Cave, isn't this easy to find?" Zhao Pan asked.

"You will know when you wait!"

Ye Xuan did not explain much, directly carrying the silkworm silk hand, began to mad gravel.

Now that he is fully punched, I am afraid that it will be able to crack the stone wall, and it can be embedded in the stone wall with a single claw, so it is very easy to dig.

Zhao Pan and Jiang Xian did not understand Ye Xuan's move, but then they understood.

He first cut a stone sew for several people to hide in less than half a meter from the ground, and then his hands were showing a handprint that could not be understood by Zhao Pan.

"You want to make a magical array?"

Zhao Pan asked curiously.

"Yes, as long as you can make a magical array that no one else can find, you will stay in it if you have nothing to do. And it is far from the sentry tower. Most people will not come here. You are very safe." Ye Xuan said.

"You will refine alchemy, refining, and spiritual array. What else can you not?" Zhao Pan could not help but ask.

"Don't say so much, you go ahead and see." Ye Xuan lazy answer this question.

"it is good!"

Zhao Pan did not have nonsense, but climbed directly from that stone seam. This stone seam is just an entrance, and there are hundreds of square meters of activity space inside.

After all, this is Ye Xuan's cave for a while, and those who fell down are all swallowed up by Ye Xuan, and there is no evidence left.

"Okay, great, the head is big enough for us to cultivate enough."

The sound of Zhao Pan's excitement came from inside.

"If that's the case, then I will start to arrange, the city's Shenglou, give me up!"

Ye Xuan made the last handprint, and then there was a real yuan spewing out. With Ye Xuan's palm, a real yuan was hit on that pinnacle.

Next, weird things happen.

That stone seam disappeared.

This magical array is very simple, that is, the stone wall elsewhere is refracted here, as long as the hand does not reach in, it will not be discovered.

"Okay, then I will go first, then I will come back to call you."

Ye Xuan shouted in the head.
