

Super D. S 1641

Chapter 1641: Victory!

"Why don't you call the old man?"

The waywardness is quite taboo.

"If you call it out, it would be unfair." Ye Xuan opened his mouth and smiled.

Ghostly Emperor is the Heavenly Beast, Megatron is the weapon, so the past is said.

However, the old tree is also considered a demon person. If it is called out, isn't it more than one person?

Looking at Ye Xuan arbitrarily, I thought that the gloom of the latter that was only obtained by the latter was not taken out, and my heart was relieved.

In fact, Ye Xuan alone is not sure. If the tree is old and the Nether is coming out, he will simply accept the loss.

"Okay, if that's the case, then come on!" He screamed freely and directly turned into the Platinum Holy Light Dragon.

Platinum Shengguanglong is actually a Tianlong family, but it is nobler than any one of the Tianlong family.

After being turned into a self-willedness, the combat power has skyrocketed a lot, but unfortunately, this is in the eyes of Ye Xuan, which is a target for live detachment.

Don't forget, Ye Xuan has already won the title of Dragon Slayer and doubled the damage to the dragon.

In addition, there is also the skill of Kirin Deterrence, which doubles the damage.

In other words, Ye Xuan's waywardness after being turned into a body is three times more harmful.

Coupled with the undead avatar, the octave of the soul, the doubling of the soul, the attack power of the supremacy, the **** power of the celestial unicorn and the blood of the undead, so it has not yet begun, and it is destined to be willful. Failed.

The people around him saw Ye Xuan and his way of arrogance, and he could not help but retreat.

This battle will be very intense in their estimation, of course only their estimate.

"come on!"

Once again, the wayward roared again, and then directly turned into a white light and swept past Ye Xuan.

"kill!"

At the same time, Ye Xuan directly gave orders to the ghost Emperor and Megatron, and the two greeted them one by one.

"Virtual Flame Sword!"

Ye Xuan also began to shoot, one after another attack toward the wayward.

"Haha, this attack can hurt me." He laughed a few times.

Although Ye Xuan's attack is strong, the dragon scale of Platinum Shengguanglong is not fun. However, the attacking momentum of the virtual flameless sword wave and the damage falling on the dragon body are not equal.

The waywardly stretched the dragon's claws, and prepared to directly defeat these few flameless sword waves, and at the same time, the body turned and wanted to directly kill Megatron.

Long before, he also knew the infinite resurrection of the Ghost Emperor and Megatron, so he was not merciless.

Just, he is wrong!

"Hey!" "Hey!" "Hey!"

A muffled sound spread, and he couldn't help but scream, and he found that his dragon claw was actually hurt by Ye Xuan's imaginary sword wave.

How can this be?

"Haha, the flameless sword wave hurts the dragon, but it is three times the normal time!"

Ye Xuan could not help but sneer and continue to attack.

He was willing to eat a bit, and the injury was deep and visible, and blood flowed.

In the case of reincarnation, the injured can still use the sacred gas to treat the injury, but after entering the immortal, after having the body of immortality, the injury is more difficult to cure, as is Tongtianjing.

However, as the willfulness of Platinum Shengguanglong, the injury was recovered in an instant.

"I don't believe you can recover indefinitely!"

Ye Xuan's light flashed and quickly exploded. At the same time, the flameless sword wave was applied without stopping.

"Bad boy, don't get it, see me blast your two kidneys!"

The arrogant anger, a direct tail pumping, directly to the Megatron to blow out, and the platinum scales suddenly burst into a white light, in an instant, the ghost of the Emperor is purified into a fly ash.

"Hey, Megatron died!"

"Hey, Megatron is resurrected!"

"Hey, the ghost is dead!"

"Hey, the ghost is resurrected!"

In the blink of an eye, Megatron and Ghostly Emperor reappeared and then killed.

"Oh, you are too fake, you can resurrect infinitely." He couldn't help but anger.

"You can't cure indefinitely?" Ye Xuan laughed.

"That is also true. With your current attack, it is not enough to kill me?"

After being willful, he suddenly accelerated to Ye Xuan.

"If that's the case, then come true!"

Ye Xuan and other big eyes, directly marked with a death killing order, so that his attack has added damage to the wayward.

Since the blood of the gods and the blood of the sword gods have merged into the blood of the sage, the damage and achievement of this death chase has increased to 30%.

Moreover, the first hit power of the assassination eye has also increased to 50%.

This blow is estimated to be enough to break the balance of capricious damage and recovery.

"call out!"

When he was arbitrarily turned into white light, Megatron and Ghostly Emperor couldn't keep up, but when his dragon claws were about to seize Ye Xuan, Ye Xuan's figure suddenly flashed and came to the wayward.

"The eye of assassination, hehe!"

"Hey!"

A virtual flameless sword wave, directly on the dragon's back of Platinum Shengguanglong, this time the power has improved a lot, almost lost the body of Platinum Shengguanglong half.

After being hurt by this feeling, I couldn't help but scream, and then said, "Mom, don't fight!"

"Don't fight, so fast?"

Ye Xuan is a bit strange, this is not yet two seconds, this willfulness, and his cards are not all out.

"The combat power of your kid is already a level of scent. I am not your opponent. The Holy Lord has made me refrained." The willingness shakes the faucet, and after healing the injury, it is directly into the human form.

Fang Caitian's old disciple Lin Zhanhao and the first day of the Penglai Yaozu Yao Tian teamed up, and could not spend three seconds under the capricious hand.

Now, it is self-willed to the ontology, but it can't be three seconds under Ye Xuan's hands.

Ye Xuan, is it too enchanting?

"Well, is there anyone else to come out and try?" Ye Xuan suddenly turned to look at other people.

With his strength, enough to single-handedly and a group of people within the way, who dares to challenge him?

"Since it is not, then this Holy Order is for me!" Ye Xuan opened his mouth and smiled, then summoned it to the summoned.

Before that, he had already used the Platinum badge and the glass fairy scorpion to pass. This holy order, he had to give it to the first place, and after the catastrophe had passed, he gave the glass fairy.

There is no opinion on the glass fairy, and the same is true for the old fairy, so I will follow Ye Xuan's plan.

The result of the fall has already been known, so after it appeared, it directly took the seal that was learned from the dragon bird and the aunt, and then hit it on the stone platform.

"Hey!"

Shitai suddenly burst open.

Everyone is very surprised. Looking at the means of falling, is it true that the Holy Order is in that stone platform?

Chapter 1642: Refining and destroying the Lord's Order

Even Ye Xuan did not expect it, because he had previously swept through the eyes of insight, but found nothing.

Soon, a white token was reflected in everyone's eyes.

Sure enough, the Holy Order is in the stone platform.

Before blocking the eyes of Ye Xuan, it should be a certain array of methods, so Ye Xuan did not find it.

"Sure enough, it is the Holy Order!"

"I didn't expect it to be in this. I attacked Shitai before, but it didn't work. It couldn't be destroyed."

"If you guessed it, the array of dragons and birds will not be broken by your strength."

Everyone is shaking their heads.

At this time, Ye Xuan has swiftly swept the past and put this holy command in his hands.

As long as this holy commander is refining, he will become the lord of the holy land of the Ponglai holy land. As long as he is in the holy land of Penglai, his strength will increase a lot, and even if he breaks through the scattered fairy, he can still be in the holy land of Penglai. Get started.

"Hey, the host obtained the Holy Order of the Holy Land of Penglai, is it directly refining?"

A system prompts to sound.

At the moment, Ye Xuan is directly in his mind and replies: "Yes!"

Although the Holy Order is going to give the fallen and the glass fairy, but it can be transferred at that time, and now refining it, because then, he has a plan.

"Oh, the Holy Lord has succeeded in refining and refining, and the host has become the Lord of the Holy Land of Penglai!"

The system prompts.

Although Ye Xuan did not feel the change of strength, but his shot, the power will certainly be much stronger than before.

However, it was at this time.

"Hey!"

Suddenly, the space next to Ye Xuan suddenly split a gap, and then a palm of the hand came out of it, ready to take the Holy Lord.

This scene, suddenly, hit everyone and caught off guard, even Ye Xuan did not think.

Who?

Who is it, can you use the means of breaking through the secrets established by this dragon bird?

You must know that after these people came in, they lost the ability to break the air. Ye Xuan, who has the eye of space, can't use it. Not only that, but even the eye of the void is a glance.

But now, even if someone can break through, what is the situation?

"I want to grab my holy order, no way!"

Ye Xuan's eyes widened, holding the holy commander in one hand, and holding the other hand in one hand, then dragging it.

Then, a young man is reflected in the face of everyone. The face of this person is very strange to everyone, but his strength cannot be underestimated.

"Hey!"

Another space cracked open, this time, the space crack directly expanded to Ye Xuan's head, seems to be ready to kill Ye Xuan.

However, Ye Xuan has already cultivated the glass treasure to the sixth stage, and he also has the eye of space. The most important thing is that he has refining the Holy Lord.

When the space crack was expanding to his skin, it suddenly recovered.

"what?"

The young man was shocked. He thought he could succeed this time. He did not expect to fail.

Not waiting for him to react, the old tree is directly pulling out the chain of nine thunder fires.

Kowloon Thunder chain, lock!

In an instant, this young man was trapped by the Kowloon Thunder chain, and the strong power of lightning directly prevented him from being paralyzed.

"who are you?"

Ye Xuan asked subconsciously.

This young man has the means to break the gap here. At least the strength of the death emperor and the prince of the Nether are infinitely level, and even stronger.

You must know that the glass fairy did not tell him that there is such a master. After all, the masters of the evil land are coming under the watchful eyes of the fairy and the fairy.

"The eye of space, he is a spatio of time and space!"

Susceptible suddenly thought of something, hurriedly yelled.

"Time and space pass, what is this?"

Ye Xuan brows a pick.

However, he does not care who the other party is, and directly hits it.

Holding the Holy Order, and has refining the Ye Xuan of the Holy Order, the attack power suddenly skyrocketed.

"Hey!"

This punch is very fast, and even the waywardness has not responded.

When the minds of all the people came back, the young man's neck was already bursting open and his body separated.

The reason why Ye Xuan did not target his head was that he felt a familiar atmosphere, that is, the eye of space.

Not waiting for the other party to react, Ye Xuan quickly shot and took off the two eyes of the young man.

Originally, he thought that the other two eyes were the eyes of the space that he got from the Tongtian beast, but when he took it and swallowed it, he found that it was not the case.

One eye of this young man is the eye of space, and the other one is actually the eye of time!

"Hey, the host has swallowed the eye of a space!"

"Hey, the host has swallowed the eyes of a time!"

"Hey, the planting space has changed, the host can change the time and flow rate of the planting space, and the up and down flow rate fluctuates ten times!"

"Oh, the eye of time has been transcribed into the catalogue of eyelids. There are currently three kinds, the eyes of Vientiane, the eye of death, the eye of space, the eye of time!"

"Hey, the system rewards the host celebrity advanced!"

A series of system prompts, let Ye Xuan squat down.

The eyelid catalogue is understandable, but what is the time flow rate of the planting space?

At the moment, he has looked at the planting space and found that the flow rate in the planting space can be increased ten times or ten times slower.

If it is ten times faster, then the growth of those Tiandi Dibao will be ten times faster.

If it is ten times slower, then ten days in the planting space is equivalent to the day outside.

"The trough..."

Ye Xuan was shocked.

Ten times slower, it is one tenth of the previous one. It has only been in the planting space for ten years, and the outside world has only been in the past year. This is better for the average person than any natural treasure.

The most important thing is that the planting space flow rate after the change will change with the grade of the planting space.

Now the planting space is six levels. If it is upgraded to level 7, it may be a hundred times. In the future, it may be upgraded to a thousand times and 10,000 times!

In the planting space for thousands of years, the outside world has only been a year, thousands of times different, even if it is a fool, it can become a genius.

However, this time flow rate is only effective for cultivation and the like. If someone is pregnant, it will take 100 months to grow in the planting space if it is pregnant for 10 months.

"Ha ha ha, thank you for giving me a welfare."

Ye Xuan laughed and saw this time and space pass.

This time and space passer, can be regarded as a good calculation, he is waiting for Ye Xuan to get the Holy Order while shooting.

Unexpectedly, Ye Xuan was able to refine the Holy Order in an instant, and he was caught off guard by surprise.

Not only did the plan not succeed, but it fell into the hands of Ye Xuan, and the failure was very thorough.

"Right, how does this time and space pass people?" Ye Xuan asked.

Chapter 1643: grab!

"He should be the son of the island of time and space. There is no cliff. The island of time and space is also a holy place, but it is much smaller than the holy place of Penglai. However, this time island owner is very lucky and got a pair of time eyes. He laid down the law on the island of time and space, so that the flow rate of the island of time and space was doubled. The time on the island is different from the time of the holy land of Penglai. After one year of cultivation, it means that we have been practicing in the holy land of Penglai for two years."

"Oh, only double?"

Hearing this, Ye Xuan's brow could not help but pick it up, and his eyes showed a taunting color.

You know, his planting space can be changed to ten times the flow rate, which is much stronger than the time-space island owner.

"Ah, ah..."

At this time, no cliff suddenly opened his mouth and screamed a few times with a voice that everyone could not understand.

"At this time, no cliffs have been born to be dumb. Now you have only one head left, and even your eyes have been dug. It is really cruel."

The wayward smiled openly and said: "I didn't expect that the evil sacred place could actually touch the island of time and space. If you react slowly, then the Holy Lord will be taken away."

"How was the strength of the empty island at that time?" Ye Xuan could not help but ask.

"At that time, the owner of the empty island was the second robbed of the immortal. Before that, I had offended my life, and I have been shrinking on the island of time and space. I dare not come out."

When he said it way, he couldn't help but look at the cliff without saying a moment. "If you kill directly without a cliff, he will definitely resurrect the soul with the soul on the island of time and space. It is better to give him to me. I will bring back to life." The prison is imprisoned."

"If you want to win my holy order, you have to pay the price."

Ye Xuan snorted and directly threw the head without the cliff to the wayward, and then he took off the shackles on the body without the cliff.

Everyone saw it one by one. The strength of Ye Xuan was beyond his understanding. I didn't expect that it would be terrible to have a cliff without hurting him.

"Since the demon inheritance and the holy order have been obtained, let's go."

After Ye Xuan finished, he hesitated.

At this time, no cliffs have already cultivated the eyes of the space. Although there are only half of them, it is enough to break through this space, let alone Ye Xuan has already obtained the Holy Order.

Since the fall of the Lord's order has been found, the export naturally told Ye Xuan, however, Ye Xuan is not prepared to break open the void.

A group of them followed the road behind Ye Xuan. After Ye Xuan led the way, they finally found the entrance to the secret.

At this time, the glazed fairy, the celestial celestial being, and the sacred masters of the evil sacred places are all outside the mask.

"The tree is old, ready..."

Ye Xuan said in his heart.

At this time, he has refining the Holy Lord's Order. With the increase, he estimates that he is qualified to pose a threat to these masters.

And these few evils are scattered, and certainly do not know that he has refining the Holy Order.

This means that Ye Xuan can attack them, and they can only defend, but they can't fight back.

There are two scattered immortals in the **** holy land, the sacred land, and the holy place of evil spirits. The holy places of death and the holy places of the Holy Spirit come together with two scattered immortals.

Ye Xuan's goal this time is to kill these seven scent!

At this time, the celestial fairy and the glass fairy have also seen Ye Xuan, through the sound, they also know that there is no cliff.

Not only that, but the Holy Land is also known, because no cliffs are invited by them.

"Well? That seems to be..."

The two scattered immortals in the Holy Land of Death, suddenly raised their brows.

When there was no cliff, they were mixed in the team of the Netherland, and they changed their capacity, so they did not recognize it.

Now, when the head of the cliff is held in the hands of the cliff, the hoarse notes are constantly emitted in the mouth, so they are recognized.

"I didn't expect that the Netherland Holy Land would have been invited for a while without a cliff..."

These two scattered immortals in the Holy Land of Death can not help but think.

What they didn't even think of was that the cliffs failed.

You must know that when the strength of the cliff is still simple and quiet, it is actually oystered, how is it possible?

At this time, Ye Xuan and others have passed through the mask and came out of the secret.

At the moment, the celestial fairy and the glazed fairy are welcoming.

"Ha ha ha, presumably you have already got the news, the simplicity of the dead land, the solitude of the holy land, all fallen."

The wayward smile arrogantly: "The Holy Land, I don't know, what conditions have you opened, you can call this guy to help."

When he finished, he couldn't help but lift his head without a cliff.

When there is no cliff, it is also a peak of heaven and earth. Even if there is only one head left, he will not die.

If he erases his soul, then he can resurrect with the soul on the island of time and space. But if it is imprisoned in the life of the saints, then it will not be resurrected.

The time-space island owner once had a contradiction with the life of the saints. Now the son of the island of time and space falls into the hands of the wayward, and then does not know what will happen.

"Hey, you dare to kill my family, the Nether Emperor will not let you go!"

A secluded sacred place in the Netherland.

Naturally, it will not be scared by this threat. Continue to ridicule: "Cut, even if your family has no soul, I will kill it. Is there something to blame me?"

The two masters of the sacred land of the Netherland glanced at each other and their faces were ugly.

At this time, the red blood fairy who is in the **** holy place suddenly said: "Things are like this. May I tell who I got the Holy Order?"

"Why, who gets the weight?" The old man suddenly stepped forward and gave him a look.

"Oh, I have died a lot of people in my **** holy place. Isn't there even a qualification for a glance?" Red blood fairy was cold.

"If you want to see it, look at it."

After Ye Xuan finished, he took the Holy Order directly from the swallowing space.

When I saw it, the eyes of the celestial being could not help but be wet. He recognized it. This is indeed the Holy Order of the refining of the Dragon and the Birds.

Although other scented celestials have not seen this, the sacred decree of the Dragon and the Sinus, but they can feel the extraordinariness of this sacred Lord.

Since who has already obtained the Holy Order, then the evil sacred place will also be planned.

"Hands!"

Suddenly, the two scattered immortals of the Netherland glanced at each other. Then, the two of them quickly swept past Ye Xuan.

At the same time, one of them did not hesitate to attack Ye Xuan!

"what?"

Everyone was shocked, and no one would have thought that the two scattered immortals in this secluded holy land suddenly shot.

Is this going to rob the Lord?

You know, this island is also part of the Penglai Holy Land. If they are shot, they will be punished by heaven.

These two scattered immortals from the Netherland are all scattered and scattered.

One of the attacks was enough to kill the ordinary scent, let alone Ye Xuan, a heavenly world.

This scene is so sudden that even the glass fairy and the red blood fairy have not responded.

Chapter 1644: Cross robbery, scattered fairy!

"not good!"

Because of the celestial beings, he suddenly understood the plan of the Netherland, and immediately changed his face.

For this holy order, the Netherland decided to sacrifice a scent, kill Ye Xuan, and then steal it by another person.

This abacus can be played very well!

It's a pity that this sacred sanctuary says that it's easy to do it.

Right now, I can only see Ye Xuan!

"Not even afraid of heavenly punishment, shot on me..." Ye Xuan was a little surprised, because he also wanted to shoot these few scattered fairy, but did not expect to be slow.

However, this does not matter!

"Too naive, look at the trick!"

Ye Xuan suddenly flashed twice, and broke a space crack in front of him. Then, the attack of the famous fairy in the Netherland was smashed in and then appeared from behind another person.

"Hey!"

Han Mang hit the other person's head and instantly broke his head and pierced it.

A robbery peak, a fairy, dead!

At the same time, the scent of the shot was also punished by Heaven in this moment, and the soul was directly obliterated.

In just one second, the two sacred princes of the robbers were successively fallen.

Heaven is punishable according to the strength of the attack power, and the attack is very fast, so the heavenly path directly obliterates the attacker's soul.

This person is a robbery peak, and it has been stuck in this realm for more than a thousand years. He knows that he is going to be unable to suppress the immortal, and he knows that he can't pass, so he decides to sacrifice himself, so that the Nether Emperor can protect him. Descendants.

I did not expect that the action actually failed!

Not only the Netherlands, but the two people who died in the Holy Land have the same plan.

When the space crack did not appear, one of them also launched an attack.

After hearing the fierce break, Ye Xuan's face was dignified. The next moment, his figure disappeared directly and then appeared behind the attacker.

"Hey!"

It is just that the attacker's heavenly punishment is punishable, the soul is also wiped out, and the whole person falls directly from the sky.

"Too naive, I accept!"

Ye Xuan sneered in the heart and closed the body.

This sacred place and the sacred place of death are really big, and you will get this holy command at the expense of the lost fairy.

In a blink of an eye, there are three robbing peaks and sorrows, which scares the people around them.

"Tree old, Megatron, ribs, do him!"

At the moment, Ye Xuan is directly drinking in the heart.

Immediately afterwards, the old three of the trees suddenly appeared, directly attacking the dead immortal who died in the holy place of death.

The old three of the trees are just the peaks of the heavens, and they are allowed to shoot.

Not only that, but Ye Xuan, who has the Holy Order, suddenly changed his mind.

The next moment, the crack that could not be repaired suddenly expanded, and another Ye Xuan came in.

"fit!"

Ye Xuan, with the speed of lightning, combined with the second body, the combat power directly increased by 20%.

In the case of double fit, the combat power of 70% is improved, and the triple fit is 90%.

"Hey, the current success rate of the host is 100%. Is it starting to rob?"

"Yes!"

After Ye Xuan answered in his mind, the surrounding world was beginning to gather.

In the secret world, the simple attempt to transition robbery is a failure to induce.

At this time, Ye Xuan is outside the secret world. It is just an island in the holy land of Penglai. Naturally.

"What, he wants to rob?"

The people around were shocked, and then the figure quickly exploded.

Other people rob, it is better to be far away, because the robbery of others has a huge harm to themselves.

"What is this kid doing?"

It's a bit unclear that there is no fallen fairy in the death sacred place. At this time, the old three trees have already flashed in front of him.

However, he is also a robbery of the peaks, even if standing here to play the old three trees, the other party may not be able to break his defense.

So, he decided to take a look!

However, how could he know that Ye Xuan had refining it at the moment he was given the Holy Order?

Not only that, but even the celestial fairy and the glazed fairy will not think of it, they are not clear, Ye Xuan is what to do.

"Boom!"

At this time, the genocide finally came down and squatted on Ye Xuan's head.

The sacred sacred sacred sacred sect, directly avoiding the old three of the trees, and leaning toward Ye Xuan, because he was thinking, as long as Ye Xuan died under the sacred robbery, then the Holy Lord is his.

It's a pity that the success rate of Ye Xuan's fairy robbery is 100%!

"Hey, the host has been successful."

"Hey, because the fairy channel is closed, the system forces the host to disarm!"

"Hey, the success of the host military, the current is the beginning of a robbery!"

A system prompts to sound, and Ye Xuan's breath has skyrocketed several times.

Sure enough, it is necessary to force the soldiers to repair the immortals. If the channel of the fairyland is still open, then Ye Xuan can directly become a true immortal.

You must know that a fairy is equivalent to three robbers, and two emperors are equivalent to six robbers, and three tribes are equivalent to nine robbers.

As long as you have once again passed through the funeral, you can become a four-character immortal, and you don't have to worry about the once-in-a-century annihilation.

Now, Ye Xuan has broken through, and with the sake of the Holy Order, he can finally make a full effort.

"Ha ha ha, finally to the fairy."

Ye Xuan laughed a few times, even if he did not use the Holy Order, he also had a 100% chance, if it failed, it would be strange.

Everyone was a little surprised, and I felt that Ye Xuan's robbery was too hurried. After all, other people should choose a good location and be fully prepared.

However, they couldn't help but breathe a sigh of relief after seeing Ye Xuan's peace.

As for the four remaining sacred sacred sites, you have to cry!

"Kid, I admit that I planted this time, but you let the three of them attack what I am doing, do you think that they still want to hurt me?"

The sacred sacred sacred sacred can't help but chill.

"of course not!"

Ye Xuan shook his head, and then took out the Holy Lord again, and then in the eyes of the public, with the infuriating.

The next moment, his body was encased in a strange energy that came out of the Holy Lord.

Everyone is shocked!

Ye Xuan, can actually use the Holy Order, this is not a representative, has he refining the Holy Order?

The owner of the Holy Land at Penglai Holy Land is Ye Xuan!

"what?"

The celestial celestial beings and the glazed fairy are shocked.

From the time they got the news, it's still only half a day. In the past half day, Ye Xuan also hurried under the eyes of everyone. How could it be successful?

"not good!"

The sacred sacred sacred sacred land and the masters of the three evil sacred places have changed greatly.

Chapter 1645: All destroyed!

At this moment, they finally understood why Ye Xuan had to rob the scene, because Ye Xuan had refining the Holy Order.

As long as the success of the ferry has become a sacred fairy, coupled with the blessing of the Holy Lord and the restrictions of the small holy land, none of the presence was followed by Ye Xuan.

"go!"

The sacred sacred sacred sacred singer immediately turned around and ran, preparing to open the crack in the space, returning to the holy land of Penglai, and then fleeing.

Unfortunately, he took a slow step.

"Dead!"

Ye Xuan did not move the sound, directly used the strongest card.

"Kirin down!"

"boom!"

In an instant, the sacred sacred sacred sacred land was directly stepped on by the flaming hoof.

After breaking through to a smashing fairy, Ye Xuan's strength has increased several times, and with the blessing of the Holy Lord's order, the damage has exploded.

With just one foot, the scent of this robbery peak was severely injured.

"puff!"

A blood spurted out of this population.

This time, it was really a loss of the wife and the soldiers. He originally asked another person to kill Ye Xuan, and then he went to win the Holy Order.

Unexpectedly, it failed, and it was completely defeated!

"If that's the case, then die together!"

This person shouted, regardless of the other, directly shot.

"Now you are in front of me, just like an ant ant!"

Ye Xuan glimpses a glimpse, and another unicorn foot falls.

This time, directly kill this scent!

At the same time, his attack has also hit the front of Ye Xuan, but Ye Xuan, who has the Holy Order, used the power of the Holy Land to easily defeat this attack.

Although even if he does not attack, this scent will be punished by Heaven and then kill the soul.

However, the person he killed, but can get the value of killing.

Right now, there are three more.

"I will also send you on the road."

Ye Xuan said nothing, use the unicorn to drop the third foot, this foot, directly kill the sacred celestial sacred land.

This sacred fairy was only the beginning of a robbery. It was weaker than the four people in the Holy Land of Death and the Holy Land. It was directly killed.

At the moment, there is also a scattered fairy in the holy place of evil spirits, and the red blood fairy.

"Don't kill me, I am willing to surrender!" Red blood fairy said in a hurry.

"I don't need a dog leg like you..." Ye Xuan shook his head and killed him directly.

Although this red blood fairy is a sinister in the middle of a robbery, Ye Xuan, who has the Holy Order, can easily kill him without a big move.

As for the other person, it is the beginning of a robbery, naturally it is impossible to escape.

Within two seconds, there were two more dead bodies, and the seven scattered immortals of the evil land were all fallen.

Although several of them were punishable by Heaven, they would not die and eventually die in Ye Xuan's hands.

Ye Xuan, who has the Holy Order, is almost invincible in the holy land of Penglai, unless he reacts to kill him in a sacrificial way, otherwise he is almost immortal.

Everyone looked at these ever-expanding cracks in space and couldn't help but avoid it.

The whispered space is unstable. Once the celestial beings are shot, the space crack is not something that ordinary people can repair, so they will be punished by heaven.

Although the War of the First War was not long, it left a lot of space cracks. If left unchecked, the entire Penglai Holy Land would have to suffer.

"Ye Xuan, first fix the space crack!" Tiandeng Xianxian hurriedly reminded.

"it is good!"

Ye Xuan nodded, then used the Holy Lord's Order again, and added the eye of the space, quickly suppressed these space cracks, and then repaired it.

These space cracks are left behind by a full-scale attack by the robbers, and the expansion speed is very fast. If it is not suppressed, it will engulf the Penglai holy land and even spread to other holy places.

Fortunately, Ye Xuan is already the owner of the Penglai Holy Land. It is a breeze to repair these space cracks.

Now, the scattered immortals of the seven evil sacred places are dead, and things are finished.

"I have already broken through to the celestial beings. After the millennium, it is time for me to go through the second annihilation..."

Ye Xuan thought in his heart.

In the millennium, it was too long for him. Fortunately, the super swallowing system is very good. As long as you find a specific treasure, you can shorten the time of the funeral.

Among the spoils of the genius, there are a lot of things that can shorten the time of the genocide, which adds up to about a hundred years.

Once it became a sensation, the millennium once squandered, even after the millennium, it was only a catastrophe.

If it is a failure, then it will be scattered by the scattered priests. If it is successful, it will become a burglary.

Therefore, Ye Xuan wants to break through to the smashing of the peak of Xianxian, and then use these heavenly treasures to reduce the time of the singer, just in case.

Now he has crossed the sacred robbery, but the three old trees and the sneaky emperor are just the peaks of the heavens.

Not waiting for the day to open the old fairy, the heavens and the earth have changed again.

This time, it was the old man and the ghostly emperor.

As for Megatron, it is only because it is a weapon, so it is stuck in the sky. Fortunately, he shares the rank with the Ghost Emperor. As long as the Ghost Emperor passes the fairy, it will follow.

"Oh, I have been robbing one after another. If that is the case, then I am disposed of!"

He openly grinned and then threw his head without a cliff to Ren Feng, and began to ignite the heavens and the earth.

He even started to rob!

"Mom, the old man is not hiding, and robbery!"

At this time, a demon old man who broke through to the heavens and has been tens of thousands of years old screamed.

It's not fun to cross the fairy, but once the robbery fails, it's a ghost. Moreover, the soul that was smashed by the sacred priests was resurrected with the soul, so only once.

If you don't succeed, you will be married!

Fortunately, the funeral will not be affected by the number of people in the vicinity.

"Boom!" "Boom!" "Boom!"

Under the robbery of the thunder, the old tree and the ghostly emperor each took one.

After the old tree became a thunderstorm, it was resistant to the attack of the Ray property, so it was easy to get through the fairy.

Half of the Ghost Emperor is also a rock series, so it is easy to spend the funeral.

"Hey, the thunderbolt of the thunderbolt has succeeded, and it is currently the beginning of a robbery!"

"Hey, the ghosts and the emperors have successfully robbed, and it is currently the beginning of a smashing fairy!"

"Hey, Megatron has successfully robbed it, and it is currently the beginning of a smashing fairy!"

However, this is not over yet.

There are a few scattered immortals who have not thought that they will fall, and the scent can not be resurrected with the soul, so the general things will be carried on the body.

After the battle, the good things all fell into the pocket of Ye Xuan.

"Hey, the host breaks through, and it's the middle of a mess!"

"Hey, the thunderstorm breaks through, and it's the middle of a mess!"

"Hey, Megatron breaks through, and it's a middle of a mess!"

"Hey, the sneaky emperor breaks through, and it is currently in the middle of a smashing fairy!"

"Hey, Kirin cools down!"

Chapter 1646: Falling into the robbery

A series of system prompts, I heard Ye Xuan some confusion. However, the feeling after the skyrocketing strength is really good.

"too terrifying!"

After feeling the scent of Ye Xuan, whether it is the eternal fairy or the glazed fairy, I couldn't help but shudder.

The only one of the four robbing peaks, the strength is similar to the two of them, but they were all killed by Ye Xuan.

Now, Ye Xuan directly breaks into the middle of a smashing fairy, even if he does not need the Holy Order, I am afraid that they can be killed.

In this holy land of Penglai, Ye Xuan is already invincible!

On the other hand, the wayward sinister has also fallen, and then his breath is skyrocketing.

"My father left a lot of life in my body. Even if it is not refining, it will be enough for me to return to the peak!"

Thinking in his own way, the breath quickly rose, and soon stayed in the middle of the middle of the robbery.

As for the old man of the Yaozu, he has successfully passed through the fairy robbery, and the soldiers have solved the problem of becoming a fairy.

At this time, Ye Xuan directly summoned the fall and then took out the Holy Order.

"This is also a good place, just refining it directly." Ye Xuan handed the Holy Order to the land.

"and many more....."

At this time, the old man suddenly interrupted: "In the process of her refining, you can not use the Holy Order, and in case the death of the Holy Land sent two robbers, it is dangerous, go to me. Light Holy Land."

"Alright!"

Ye Xuan nodded and promised.

The celestial celestial being is the lord of the Holy Land of the Twilight Holy Land. It is safer to go there and refine it.

However, before this, Ye Xuan first let the old three of the trees experiment.

The attacks of the old tree and the sneaky emperor will produce a rapidly expanding space crack, which will then be punished by heavenly punishment.

And Megatron, no matter how he attacked, but there will be no punishment, and can not break the space crack, which makes Ye Xuan very surprised, but also surprised him.

This means that Megatron can ignore the Heavenly punishment and shoot on the Little Holy Land!

If you know it early, Ye Xuan can directly rob, and when it comes to Megatron, it will be a lot easier.

At the moment, Ye Xuan is taking everyone from the crack of the space of the Dragon Bird and the aunt to return to the holy land of Penglai.

In this day and more, Ye Xuan's avatar has long removed all the strongholds of the three evil sacred places, otherwise he has no resources to break through to the middle of the robbery.

After returning to the Penglai Yaozu, the celestial beings used the transmission array of the Penglai Yaozu and directly transmitted to the Tianmeng Palace in the Twilight Holy Land.

In the twilight holy land, as long as you don't come to the three robberies, there will be no threat to the celestial beings.

What's more, who wants to be punished by Heaven?

You must know that the soul can only be resurrected if it is below the heavens. After it becomes a fairy, the soul will die once it is broken. Moreover, even if the soul escapes, it is not as easy to resurrect as the heavens.

Although there are many restrictions on the immortality, the improvement in strength has made Ye Xuan not afraid of the one-hundred-year-old annihilation.

anyway.

After coming to the Tianmeng Palace in the Twilight Holy Land, Ye Xuan handed over the Holy Order to the land, and then began to refine.

This Holy Order was preceded by the Dragon Bird Fairy, and now it is available, and the refining will be correspondingly simpler.

"Predecessors, now refining and refining the complete legacy of the demon, and this piece of the Holy Order, if she is directly robbed, how many chances will it be?" Ye Xuan asked.

"For this matter, I have been looking for a high-ranking person of the life of the saints. He said that if you use the Holy Order, you will probably have an 80% chance of winning!"

"Only 80%?"

Ye Xuan brows a pick, obviously not very satisfied with this success rate.

What he wants is ten percent!

"If you become an ontology, you may be able to achieve ten successes, plus my wife is proficient in the formation of the defensive method, it is a lot simpler." Emphasis was placed on the word robbery.

The robbery is not a fairy robbery.

The genocide must fall on the thief's body, and only use his own strength to survive. And the falling catastrophe does not need to lie on the thief, blocking it.

Although outsiders can't help, but the array of methods and the magical powers of learning can be used to resist the robbery.

"Right, after breaking through to the fairy, there is still a sell-through in the super-phagocytic system, which can improve the success rate of the robbery..."

Ye Xuan's eyes suddenly lit up, which is good news for the fall.

Adding this, it's not a problem to fall through the catastrophe!

.....

Although the Holy Order was once the thing of the Dragon and the Sinus, even so, it took half a month to settle down the refining and refining.

Half a month later, the fall succeeded in refining the Holy Order, and then everyone returned to the holy land of Penglai.

At this moment, the fall can rely on the power of the Holy Land.

"Grandpa, brother, when will I be able to fully open the memory of inheritance?"

On the main square of the Penglai Yaozu, I asked the two people who were facing Ye Xuan.

"No hurry, first prepare for perfection, you are here to arrange defensive formations."

His wife, the Dragonfinch, is a master of the sect. Although the realm is only a sinister in the middle of the robbery, this time the formation can still be effective.

Then, after falling down, I began to arrange the arrays in the memory.

One heavy, two heavy, three heavy, four heavy...

Other people's formations, resisting the catastrophe, have no effect and will be defeated in an instant. But these arrays of fallen are arranged by her hand, so they can be used to resist the robbery.

In the end, a total of seven methods were arranged.

"Let's fall, this remedy, take it before the robbery."

Ye Xuan directly spent a lot of super-phagocytic crystallization, exchanged a ferry, and then lost.

Falling down to catch the robbery Dan, then turned to look at a person, that is Huang Xuan from the reincarnation of the place.

She has been reincarnation nine times, and every parent has her parents. However, Hu Xing'er is the parents of the first world, and she will naturally come over.

"Almost, I am going to wake up her inheritance memory."

After the day, the old fairy said to Ye Xuan, it was gone.

As long as the awakening of the lost inheritance memory, then the blood of her body will be fully activated, and will be greeted by the time.

When I saw the sky, the old fairy came toward me, and the little hand was stuffed. The dragon in the hand was thrown into the mouth and swallowed.

Ye Xuan looked at the sky and the old fairy was close to falling, and then put the dry hand on the falling head.

Falling is not a magic weapon. Once the robbery fails, it is the end of the soul.

This robbery must not fail!

Chapter 1647: Full awakening

Fortunately, the fall and Ye Xuan concluded the blood stagnation of the master and servant. The former, like the old three, can double the strength of the increase.

At this time, the palm of the sky, the palm of the sky suddenly poured out a piece of infuriating, and merged into the fallen head.

The next moment, the falling eyes are suddenly screaming, and two glare are shot from the blast.

Pass on memory, complete open!

In the meantime, a strong atmosphere spread and shocked everyone around me.

The sky is full of blood, completely awakened!

The fall also awakened the memory of the previous VIII, remembered Ye Xuan, remembered Hu Xing'er, remembered the tree and others.

At the same time, the spirit of heaven and earth began to gather rapidly, and the horrible atmosphere spread again.

When you see it, the old celestial celestial stalks quickly, and the fall is also a slap in the foot, opening the seven-defense array.

Then, it turned directly into the ontology.

Originally, she was a fox-like family. After reincarnation, she was thrown into the fox demon. Now she has completely turned on the blood of the gods, and it is still the body of the demon. However, the body is a golden nine-tailed fox.

The fox demon that landed this birth, although still pretty good, is far worse than the Tianhuo fox.

The robbery of the day has already condensed almost, and it is possible to fall at any time.

In the fall, he grabbed the Holy Order and prepared for the robbery.

"The tree is old, you guys go up and try."

Ye Xuan hurriedly summoned the three old trees. He looked at the three old sacred levels of the tree to try to block the squad.

"Boom!"

Just when the old three of the trees were in place, the sky suddenly rang loudly, causing everyone's attention.

Day robbery, come down!

This robbery of thunder contains the power of terror, and it directly turns into the fall of the body of the fascinating fox.

At the same time, Megatron three people also lined up from top to bottom, and then greeted.

Ye Xuan's plan is to let the three people resist the power of the robbery, but this does not have any effect.

"Hey, Megatron died!"

"Hey, the ghost is dead!"

"Hey, death after the thunder!"

This robbery has run through the Megatron, the Ghost Emperor and the old body of the tree, and the power has not weakened.

Don't forget, the realm of falling and robbing is now the peak of the heavens, which is a lot more than Hu Xin'er.

"boom!"

In the end, the robbery was on the layout of the landing.

This array of law has fallen infuriating, so it was recognized by the robbery. However, this seven-fold array method still could not block the robbery.

The seven-fold array method was broken successively, but it also played a role in weakening the robbery.

When the robbery falls on the falling body, the power of the robbery is only two-thirds.

"boom!"

The robbery, and finally squatting on the falling body, the powerful and overbearing lightning spread instantly.

The falling body could not help but whisper, the hair was all erected, and the whole body was shaking, seemingly enduring the pain.

Seeing, Ye Xuan, Tianshen Laoxian and Hu Xinger can only look at it dryly, because the robbery is a matter of falling alone, and others can't interfere.

When the day was robbed to the body, the fall had already used the Holy Order, plus the factors such as the peak of the heavens and the peak of the demon, and the success of the attack.

"Hey, it's a success!"

"Oh, the fall of the compulsory military, the current is the beginning of a robbery!"

These two system prompts, but it makes Ye Xuan somewhat strange.

It's a day of robbery, not a fairy robbery. How can it break through to the fairy?

However, this is no longer important, because the landing has successfully passed the catastrophe, and no longer have to worry about it in the future.

"Yeah, young master, mother, I have spent the day!"

The fall immediately turned into a human form, and it was directly caught in the arms of Hu Xing'er.

For today, everyone has also spent a lot of painstaking efforts, and things have finally come to a successful conclusion.

"Okay, just pass it."

Ye Xuan also breathed a sigh of relief.

Now, not only has it survived the catastrophe, but it has also broken through to the celestial beings, and the inheritance and memory have all been opened. It is gratifying.

However, the father who has been left has no news, it is a pity.

To this end, Ye Xuan also ran through the entire field of the beasts, and explored all the Fox people with spiritual knowledge, but could not find a clue.

Perhaps, the fallen father has already fallen, or it is not necessarily reincarnation.

Since the matter is over, then this piece of the Holy Lord of the Penglai Yaozu is also handed over to the glass fairy.

Ye Xuan took the Holy Lord's order from the landing, and then found the glass fairy, ready to fulfill his previous promises.

Liu Lixian spent a lot of talents to cultivate him, and now he wants to use this holy order as a reward.

However, when Ye Xuan came to the holy mountain of Liuli and found the glass fairy, he found that he was willful.

"Hey, boy, this holy order, you should first accept it." The wayward directly to Ye Xuan laughed.

"what why?"

Ye Xuan heard this and asked very strangely.

Suddenly, and the glass fairy looked at each other and said: "Next, I have a plan, you are definitely interested."

"what's the plan?"

Ye Xuan asked subconsciously.

"This is the Holy Order of the Punjabi Holy Land. Keep it first. In the future, you will be the Lord of the Holy Land in the Holy Land of Penglai. As for your commitment to me, you will use the Holy Order of the Holy Land to return it!" said the Glass Fairy.

Wen Yan, Ye Xuan brows a pick, did not respond for a while.

"In a nutshell, you can get a holy order again."

"Go get a piece, where to get it?" asked Ye Xuan.

"This is also used to say that naturally it is a few holy places, some holy places, the Lord of the Holy Land is only a sin in the middle of the robbery." The wayward continues.

"But, I am also a fairy now. Once I am shot in other holy places, I want to fly."

Ye Xuan said that there was a sudden flash of thought in his mind and suddenly realized.

If you are in the small holy land, you must be scattered.

However, the old tree, the sneaky emperor and the Megatron three can be resurrected even if they die!

"You stupid pig, just reacting now?" The wayward turned a blind eye, a little helpless.

Indeed, the old three trees are Ye Xuan's pets, and they also have undead attributes. Ye Xuan actually asked this question.

As long as the old three people are allowed to shoot, even if they are punished, they will only punish the old three.

Even if the old three of the trees are dead, he can continue to rise again, then those little holy places...

Hey!

"Hey, there are a lot of holy places, I have made a line for you..." The waywardness suddenly opened his mouth and smiled, a look of embarrassment.

"What you said before is this plan?" asked Ye Xuan.

"Not bad!"

Nodded in no way, said: "I have passed with my father, he is willing to fund you, as long as you help to win those evil places."

Chapter 1648: Scattered fairy!

"I just help you kill the Lord of the Holy Land and sell the Holy Lord to you?" Ye Xuan suddenly reacted.

"Yes, the evil Buddha of the Holy Land of the Holy Land of the evil sun is just a smashing of the fairy peak. As long as you kill him, you will have a more holy command. When you can, you can use it to give Liu Liu. As for me, I want the one that is on the evil Buddha's body!" said the way slowly.

Hearing this, Ye Xuan stunned it.

Tongtianbao map!

In the evil Buddha of the evil place of the evil sun, there is actually a picture of Tongtianbao?

"The evil Buddha, this is a pro-disciple of my Buddha's holy place, Buddha. Later, on the grounds of enlightenment, I borrowed the Buddha's Heavenly Treasure Map, and sentenced the Buddha's holy land, and finally became the holy land of the evil sun. Lord," said the glass fairy.

"It turns out!"

After listening to it, Ye Xuan also understood that the evil Buddha had stolen the Tongtianbao map. Now, the glass fairy and the wayward have to use this to destroy the holy land of evil spirits and other evil places.

"This plan is not bad, but the evil Buddha is a smashing fairy peak, plus the Holy Lord's order, it is not so easy to kill." Ye Xuan suddenly thought of this, directly said.

"You can rest assured that my father is a local tyrant, and he has money!" He said cheerfully: "As long as you agree, there will be a large amount of natural treasures sent in a few days."

"Do you want to clean up the holy land of the Holy Land and the Holy Land of life?" Ye Xuan said blindly.

Nodded and nodded: "This is nature. It is best to do the Holy Land of Death and the Holy Land, but this is more difficult. After all, this is a great holy place..."

The space of the Great Holy Land is relatively stable. Even if it is a three-robbery, it can be shot, so it is not so easy to destroy.

However, if Ye Xuan is shooting on the small holy land, there is no way for these two great holy places.

"In this case, it is no problem, it is equivalent to spending money to hire me to help clean up the evil land." Ye Xuan opened his mouth and smiled, he still had no place to upgrade.

I heard Ye Xuan promised, and once again, smiled again: "Well, then I will go back immediately and write a copy of what you need for me."

"no problem!"

At the moment, Ye Xuan is writing down what is needed.

After breaking through to the fairy, he still has a thousand years to greet the first annihilation. If you want to accelerate, you need a specific treasure.

Fortunately, as long as he swallows it alone, the time of the fall, the old tree, the ghosts of the three emperors will be shortened.

Since we have to cooperate with the waywardness, then it is natural to break through to the second robbery.

Of course, it is not enough to shorten the time of the celestial robbing, but also to have the strength of the robbery. Otherwise, it will be scattered by the sorcerer.

At the moment, the waywardness is to leave the holy land of Penglai and go back to his holy land of life.

Within two days, he came back and brought back a lot of good things.

"These things, for the evil yang, bloody, erosive three holy roads of the Holy Order!" willingly straightforwardly said.

Ye Xuan looked at it and was shocked. He immediately replied: "No problem!"

This Qiankun ring has a lot of heaven and earth treasures. In addition, there are still things that he expected.

Devouring the body of the beast!

The wayward, even with a devour of the body of the beast to him, this is very rare things, enough to give Ye Xuan a little swallowing point.

"Haha, what are the three evil places, no problem!"

Ye Xuan opened his mouth and smiled and poured the good things directly into his devour space.

"Okay, then you are ready to prepare, let me know, I will go." The wayward smiled.

"no problem!"

At the moment, Ye Xuan directly agreed, and then found a quiet place in the glass of the Holy Mountain.

"Hey, the host breaks through, and it's a smashing fairy peak!"

"Hey, the thunderstorm breaks through, and it's a smashing fairy peak!"

"Hey, Megatron breaks through, and it's a smashing fairy peak!"

"Hey, the ghosts of the great emperor break through, and the current is a smashing fairy peak!"

"Hey, the host devours a devoured corpse and gets a little swallowing point!"

A series of system prompts sounded in Ye Xuan's mind.

However, next, Ye Xuan did not continue, because the fall is still just the beginning of a scatter.

If Ye Xuan shortens the time of the singer, then is it not a tragedy?

Therefore, Ye Xuan gave the celestial treasures for cultivation to the land, and then let them fall into the planting space to cultivate.

After the planting space has changed, the time flow rate can be adjusted, and it can be cultivated for ten days. The outside world only has one day.

Moreover, the fall also has the blood of the sky, and absorbs the heavens and the earth and refines it. Even if you don't use the heavens and earth treasures, it is estimated that the absorption of the heavens and the earth in the planting space can be improved a lot.

In just three days, the fall was from the beginning of a smashing of the fairy, all the way to a smashing the peak of the fairy.

Of course, she practiced in the planting space for thirty days.

But this is also shocking enough to know that others may have to spend thousands of years from the beginning of a robbery to the middle of a scatter.

The only blood in the world that is completely awakened is really not covered.

After the breakthrough, it is not a problem to rely on its own strength to deal with the scattered fairy.

"Okay, let's start the robbery!"

At one of the glazed mountains, Ye Xuan said to the three.

At this time, his success rate of the robbery is 100%, so there will be no accidents.

The scent of the singer is different from the smuggling of the previous smuggling. It is affected by the number of people who have been robbed, so they can only rob one by one.

Ye Xuan came first, directly igniting the strength of the heavens and the earth, gathered on top of the head.

This time he wants to cross the scent of the singer, the power is much stronger than the previous genocide, and the changes in the world have also shocked many people.

At this time, the glass fairy and the wayward in the holy mountain of the glass were all found.

"This is... scattered fairy, Ye Xuan actually began to rob?"

The wayward is shocked.

Not only that, but even the glass fairy is the same. Although she is a smashing fairy, she is not 100% sure to survive the first time.

However, Ye Xuan is even earlier than her!

You must know that Ye Xuan only passed through the heavens a month ago!

"This kid is big enough, others are procrastinating, and he is actually motivated in advance. If it is really for him, isn't it a sin?"

The wayward eyes widened, and the heart couldn't help but admire.

However, as long as Ye Xuan passed the first time to scatter the genocide and accomplish the second robbing of the celestial beings, then it is simple to deal with the lords of the holy places.

"Boom!"

At this time, the robbery in the distance fell and fell on the head of Ye Xuan.

"Hey, the host has successfully robbed, and it is currently in the early days of the second robbery!"

Chapter 1649: Evil sacred place

"Hey, the host has successfully robbed, and it is currently in the early days of the second robbery!"

A system prompts the sound, and Ye Xuan's breath is skyrocketing several times. At this moment, his realm is the highest on the Penglai Holy Land.

"This glass treasure is really good, or the success rate of the robbery may not be 100%..."

Ye Xuan is satisfied with the nod.

After the cultivation of the glass treasure to the sixth stage, what is needed is the best glass, but there is a redemption in the super swallowing system, so Ye Xuan has cultivated the glass treasure to the seventh stage, just like the glass fairy.

At this moment, two figures were suddenly swept away in the distance. Needless to say, it was natural to be a fairy and a wayward person. They looked at Ye Xuan with a strange look, which was a bit unacceptable.

Habitually swallowed, said: "Have you ever been?"

"Well, it's already two annihilation!" Ye Xuan nodded.

"It's terrible. I thought you had to do it recently. I didn't expect to be able to rob." Any **** sigh.

"No hurry, first robbed and said." Ye Xuan opened his mouth and smiled. This time, he still has other plans, the purpose is not limited to evil places.

The glass fairy has been unable to speak, after all, the time has passed a month, she can not imagine that a month ago, it is only a heavenly environment, Ye Xuan, now the realm has exceeded her.

Not waiting for her opening, the heavens and the earth have changed again. This time, it is the old man.

"Again?"

A wayward surprise.

Although the old tree and Ye Xuan have a guaranteed level contract, it seems to have no effect in the realm of Sanxian, so they have to rob themselves.

Soon, the scent of the singer came down.

"Boom!"

The robbery landed on the old tree, and the old tree easily withstood the robbery, and then the robbery succeeded.

"Hey, the thunderbolt of the thunderstorm is successful, and it is the beginning of the second robbery!"

Then, it is the Ghost Emperor.

"Hey, the ghosts of the great emperor have successfully robbed, and the current is the beginning of the second robbery!"

"Hey, Megatron breaks through, and it is the beginning of the second robbery!"

Ghostly Emperor is the associated magic weapon of Megatron, so after the success of the robbery, Megatron also followed.

However, this is not over yet.

"Let's fall, don't forget to use the Holy Order."

Ye Xuan said in the mind about falling.

"Ok!"

Nodded and then took out the Holy Lord.

Before Ye Xuan handed the Holy Order to the glass fairy, but the glass fairy refused, and prepared to cooperate with Ye Xuan, so it is still the lord of the Holy Land of Penglai.

Business of the Holy Trinity, business and leaf, and no concern.

"Boom!"

Soon, the fourth sinister looted, and the fall of the body of the skating fox has withstood this blow.

"Hey, the success of the robbery, the current is the second robbery!"

Falling, but also spent a scent of annihilation, the achievement of two robbers.

Ye Xuan, four people, directly robbed, but scared the glass fairy and wayward.

Ye Xuan and Falling, even if it is, one is a enchanting, one is the world's first day to survive the days of robbery.

The old strength of the tree is also very strong. It is no better than Ye Xuan. He also counts.

However, even the sinister emperor, the sacred beast, has become a robbery, which makes it irresponsible.

"This sneaky emperor, now should be called a pseudo-beast..." The heart can not help but secretly say a word.

The pseudo-beast, which is the Tongtian beast of the scattered fairy level.

However, this is not the point. The point is that the capricious **** is now in the middle of the smuggling. I am afraid that even the weapon of Megatron can not be beaten.

"Well, we have all gone to the second to scatter the scent, then, the action is over."

Ye Xuanyi opened his mouth and smiled.

Don't say that the two robbers are scattered, and even a smuggling singer can't shoot in the small holy place, but this time he is drilling a loophole.

If the old tree and the sneaky emperor are shot in the small holy place, they will be punished by the punishment of the heavens, but they will be revoked because they can be resurrected indefinitely. Even if they are killed, they can be resurrected and then shot again.

Who else is their opponent in the little holy land?

"Haha, okay, go now!"

The wayward eyes are bright.

"There is no transmission between the holy land and the holy land. The people who came to the holy land of Penglai have crossed the sea, so we are the same."

After the waywardness, I took out a map and handed it to Ye Xuan: "This is a map of the sea. This holy place is just next to the holy land of Penglai. It is quite close."

"As long as you arrive at the holy place of evil spirits, you can send it directly to the **** holy place or the bone-stricken place at that time?" asked Ye Xuan.

"Well, as long as you cross the sea once is enough." Nodded.

"If that's the case, then let's get off."

Ye Xuan did not say anything, he copied the map of the sea to the super swallowing system.

Then, he passed through the transmission array in the holy mountain of the glass and sent it to the edge of the holy land of Pengyang.

Although the sea area does not belong to any holy place, it will be punished by heaven when it is started on the sea.

However, the flight is still possible, after all, there is no shot.

As for the glazed fairy and the wayward, it was received by Ye Xuan in the planting space and was enjoying ten times the cultivation speed.

Nowadays, the strength of the heavens and the earth in the planting space is no worse than that of the Penglai Holy Land. Coupled with the spatial flow rate, I want to be willing to stay in the planting space.

Falling is also cultivated in the planting space, but since it is now two robbing scent, plus the willingness to use the heavenly treasures almost the same, so the cultivation is somewhat slow.

Under Ye Xuan's full speed, one day later, he rushed to the holy place of evil.

Then he plunged directly toward the center of the evil sun.

The evil Buddha of the Holy Land of the Holy Land of the evil sun is just a smashing of the peak of the fairy, even the Megatron can not beat, let alone the ghosts and the old trees.

Ye Xuan is now a robbery, and the spirit of killer instinct, the eye of perception, can cover almost one-fifth of the holy land of evil.

There are still some scattered immortals in the holy place of evil spirits, but they are all gathered in the middle, and Ye Xuan has not arrived, they have sensed them.

"A sneak peek at the peak, find you!"

Ye Xuan's flash of light flashed, his mouth could not help but tilt slightly, and then directly plunged into the middle of the holy land of evil spirits.

At this time, those scattered fairy in the middle of the evil sacred place finally felt them.

"Well? Who is it?"

A bald man brows a finger, he feels that Ye Xuan's breath is very strange, but he is just a little strange. After all, he is a holy land under the feet, and he is the Lord of the Holy Land, even if the second robbery comes, also do But he.

What's more, other scattered immortals cannot be shot in the holy place of evil spirits. So he believes that this should be the master of other holy places.

Chapter 1650: Ye Xuan's plan

"Dare to ask who is yours?"

The bald man plundered the sky and shouted.

Ye Xuan looked at him and confirmed his identity.

This bald man is the disciple of the Buddha's holy place, Buddhism, the sacred Buddha of the Holy Land of the evil sun.

"First ruined his body!"

Ye Xuan said directly in his mind.

At the moment, the old three of the trees come out directly from the planting space.

The appearance of the old tree, the attacking of the evil Buddha is unprepared, but even more alarming is still behind.

"Kowloon Ben Lei Flash!"

The tree was directly sent to the back of the evil Buddha, and then punched out.

"Hey!"

This fist of the Thunderfire directly blasts the neck of the evil Buddha and separates his body.

Then, the tree was also punished by Heaven and was obliterated.

"Hey, death after the thunder!"

"Hey, the thunderstorm is resurrected!"

Although the evil Buddha is the lord of the Holy Land, he is only a smuggling scent. After all, in the face of the two robbed trees, even if you use the Holy Order, you can't do it.

What's more, the old tree is still unexpected, attacking the evil Buddha.

How can the evil Buddha think that even someone will sacrifice himself to kill him?

In an instant, the evil Buddha had only one head left, and then his body and the Qiang Kun ring fell into the hands of Ye Xuan.

"Ha ha."

Ye Xuanyi opened his mouth and smiled, letting the wayward and the glass fairy go out, and taking a token from the Qiankun ring.

Holy place of evil spirits, Holy Order!

"Oh, the host refines the Holy Order of the Holy Land of evil spirits and becomes the Lord of the Holy Land of evil spirits!"

A system prompts to sound.

Now, Ye Xuan can shoot on the holy land of evil spirits.

There was only one evil Buddha in the head, staring at Ye Xuan, and it was difficult to accept the fact that he had only one head left. After a long while, he asked: "You...who are you..."

Ye Xuan, who refines the Lord's Order, continues to look for it in the Qiankun Ring, but does not find the so-called Tongtianbao.

"The wayward, I have not found the Tongtianbao map." Ye Xuan said, throwing the Qiankun ring to be willful.

"Impossible, he just stole the Buddha's treasure map..." He checked it himself.

This time, the evil Buddha knew the other party's intentions. It turned out to be the map of the Bentong Tianbao.

Before Ye Xuan did not use the eye of the soul, because he did not refine the Holy Order, although it was a soul attack, but he did not dare to try, because he was afraid of being punished by heaven.

But now that he has refining the Holy Order, he can use it.

"Essence: The Eye of the Soul!"

"Hey, take control of success!"

In an instant, Ye Xuan is to control the evil Buddha. Although the evil Buddha has lived for tens of thousands of years, Ye Xuan is a higher realm than the evil Buddha.

"Tong Tian Bao map, where are you going?"

Ye Xuan asked the evil Buddha.

"Tong Tian Bao map, has been handed over to the death of the Emperor!" The evil Buddha directly replied.

"what?"

Ye Xuan brows a pick, turned his head and looked at the wayward.

"Is he controlled by you?" asked casually.

"Not bad." Ye Xuan nodded.

In this way, the evil Buddha said it is true.

Unexpectedly, Tongtianbaotu was actually in the death of the emperor, then it was troublesome.

The Emperor of Death is the lord of the Holy Land of the Holy Land of Death. Now that the Tianbao map has been dedicated to the Death Emperor by the evil Buddha, it is estimated that there is no drama.

"But, since this Tongtianbao map fell into the hands of the death emperor, then don't want it." He said with a sigh.

"it is good!"

Ye Xuan nodded and then directly killed this evil Buddha.

The person of the scattered fairy level, once the soul is broken, it is dead.

The masters of the evil sacred sites in the bottom saw the evil Buddhas being spiked, and suddenly they were scared and scattered.

"I don't want to go, it's not so easy!"

Ye Xuan blinked, quickly catching up with a few scattered fairy, and then using the eyes of the soul to control it.

The holy land of evil spirits is also a good thing in the small holy land. If all the resources are gathered together, it is not a small income.

Now Ye Xuan is the lord of the holy land of the evil sacred place. He can be arrogant in the holy land of evil spirits. He directly ordered the masters of his majesty to eradicate the forces that are bad in style.

As for the scattered celestial sacred sites, they were all controlled by Ye Xuan.

Then, Ye Xuan quickly passed through the transmission array of the evil sacred place, and directly sent to the **** holy place, and then used the same method to quickly kill the **** immortal of the Holy Land of the **** holy land, and seize the Holy Order of the Bloody Holy Land. .

Then, it is the sacred land, and the other four slightly smaller sacred places.

However, in two days, Ye Xuan directly took all the seven evil sacred places. And he is the lord of the Holy Land of the seven holy places.

At the same time, his realm also directly broke through to the middle of the second robbery, the old tree, the ghost of the Emperor, the Megatron three, it is to the second robbery.

Because it needs to be cultivated, it will be slightly slower. She and Ye Xuan's realm are the second in the middle of the second.

Ye Xuan's action is too fast, even after two days, the news has not yet spread.

In order to fulfill his promise, Ye Xuan gave the sacred lord of the evil sacred place to the glass fairy, and the three holy masters of the **** holy land and the sacred land gave way.

As for the remaining four holy commands, it is kept by him. If it is added to the holy land of Penglai, it is five.

However, Ye Xuan is not ready to stop because he has another plan.

That is, the island of time and space!

Before he got the time of the cliff without a time, the planting space changed, and the time-space island owner had another one.

If you make a pair of eyes, the effect of planting space will increase.

The owner of the time and space is the second robbing of the fairy peak, and the lord of the holy land of the island of time and space. Even if it is the past, it will kill him.

Therefore, as long as he does not come out in the island of time and space, no one can really help him.

At this time, in a holy land.

"The wayward, when the empty island owner, has provoked your life saints?" asked Ye Xuan.

"Yes, he had killed one person in my holy place of life before, and died is the child of an elder of my life, so he was chased by my life saints and squashed in the island of time and space." Nodded and nodded.

"If I help you get rid of him?" Ye Xuan glanced and said with a smile.

"Would you like to go to the island of time and space?"

After he heard this, he said very strangely: "At that time, it was near the lord of the Holy Land of the island of time and space, and it was the sacred sacred priest of the second robbery. On the island of time and space, even if the three robbers could do it, It may not be able to beat him."

"I know that." Ye Xuan nodded.

"Then how do you want to win?"

Asked inexplicably.

When the turtle was on the island of time and space, even if his father couldn't help it, it's almost impossible for Ye Xuan to kill.

Although the old three trees can be resurrected indefinitely, they will die once in an attack. This battle is difficult to continue.
