Chapter 1661: Robbers

After the young man finished speaking, he left directly. He had to go to the outside world to reopen the Tongtianbao map into nine points and wait for the next batch of interested people.

The two people, because of the youth, did not dare to leave, but did not dare to do it.

There are twenty people on the side of Shengzong, and they can carry twenty-five people. Because of insurance, only 20 people came out, but they did not expect that there was such an opportunity. It was a loss.

However, this is a big secret for Ye Xuan, so they dare not let people out, and wait until everyone joins Xianyuan.

However, when the young man went there, there was no news. Ye Xuan, the 32 people in this mountain, stayed for three days.

On the fourth day, the sky suddenly caught a strange thing.

"Look over there."

A fairy in the Buddha's holy land reminded.

The people turned their heads and found that a big thing was coming towards them.

What is this ghost?

The hearts of the people sank because they saw this for the first time.

However, after seeing Ye Xuan, he was a little shocked, because how is this thing a bit like a battleship?

Before they could react, this 'warship' suddenly burst out of three people, offering weapons and killing them.

The person is not good!

The people subconsciously thought of this and immediately raised the spirit of 120,000 points.

Because of the coming, it turned out to be three four robbers!

"What are you going to do?" Ling Xiaodao shouted.

"Don't see the pattern on our flying boat, we are an explosive bandit group, a group of girls..."

The middle-aged man who was headed snorted and said: "If you know each other, you will be shackled, lest we do it."

"Our blasting bandit group has just been established, and now recruits people, and the entrants can avoid death." One person on the side reminded me.

"Flying boat, robber group?"

Everyone swallowed their mouths, and their luck was really bad. When they came in, they encountered this kind of thing.

"Three, we are here a disciple of Xianyuanzong." Buddha respect suddenly opened.

"Xianyuan Zong?"

After hearing the three people, they couldn't help but look at each other and immediately laughed at the same time.

"Xian Yuanzong, you are teasing me, how can you know the disciples of Xianyuanzong?"

The middle-aged man snorted and said: "It seems that you are not aware of the lift, the second brother and the third brother, do it!"

When the voice falls, these three big four robbing singers are rushing to each other.

"No, go!"

Everyone changed their face. I didn't expect the other person to believe that they were related to Xianyuan.

This is trouble!

Although there are several three robbings and celestial beings on their own side, the enemy can be three annihilates, and they should not be underestimated.

At this time, Ye Xuan had already swept away with the eye of insight, and he found that there was still a large number of scattered immortals in that flying boat.

"Well, there are at least ten four robbing scent in that squad, and there are five shards!"

Ye Xuan could not help but sigh.

When I heard this, everyone's body trembled.

Ten fourth-order scattered fairy, and five robbers scattered fairy, how can this be played?

The Death Emperor and the Nethered Emperor looked at each other and immediately decided.

"I am waiting to join!"

"I am also joining!"

The two shouted together.

However, the nearby step of Cang, but quickly turned around and left, this speed is fast, even these three four robbers are a bit stunned.

"Good, it's time for you to make a contribution."

For the middle-aged man, he opened his mouth and smiled.

At the moment, the people of the Holy Land of Death and the Holy Land are plundering directly toward Ye Xuan and others.

"Damn!"

Ling Xiaodao and others have changed their faces. It seems that things are troublesome. However, they have a plan to slow down their troops. That is to join the explosive bandit group for the time being, and then talk about it later.

"We also join!"

In desperation, they had to shout.

However, Ye Xuan is not willing to join.

"I Ye Xuan, do not like to put the life to the hands of others, leave!"

Ye Xuan screamed and then directly used the eye of the void and drilled in.

In this little fairy world, the eye of space is useless and cannot break the void. However, the eye of the void is the level of the fairy eye, much better than the eye of space.

"Hey!"

The door of the void is closed, leaving a group of wrong people.

"I was able to leave in Xiaoxianjie. This kid is somewhat capable. Where did he go?" asked the middle-aged man.

"Adult, we are not clear, we are not familiar with him, but only on the road." Ling Xiaodao immediately said.

This is actually what Ye Xuan told him before he left, that is, to make the holy place of life and the holy place of Buddha respect and clean relations with him.

If it is a four-robbery, Ye Xuan can be a battle, but he observed it with the eye of insight, and found that there is not only five robbers in this boat, but this boat is not so easy to deal with.

On this flying boat, there are even powerful weapons. If this burglar bandit wants to kill them, they can directly launch this powerful weapon and smash them into slag.

Therefore, Ye Xuan can only leave.

At this point, he has already returned to the entrance of Xiaoxianjie, although it is close to the incident, but at least it will not be discovered by those people.

"There is such a thing when you come in, but you should first withdraw from the distance. Megatron, you are waiting for the Xianyuan sect."

Ye Xuan finished talking to Megatron, and he left in the opposite direction.

What he is most afraid of now is the Holy Land of Death and the Holy Land, all of which he has to offer.

I don't know, when did the Xianyuan sect return?

Like this millennium old monster, one year is nothing for them. Ye Xuan is afraid that this Xianyuan sect will stay in the outside for a month or two before returning.

Fortunately, Ye Xuan left death killing orders in Ren Xiong and Ling Xiaodao, and the other three were in Death Emperor, Nether Emperor and Step Cang.

"That step Cang, but it is somewhat capable, and actually escaped to him."

Ye Xuan felt that the goal of the death chase was getting farther and farther, and she could not help but sigh.

As for the others, it is estimated that they were caught in the flying boat and then quickly left at an extremely fast speed.

"The fly boat is really too abnormal. Even if it is all shots, I am afraid it is difficult to break a hole in it." Ye Xuan thought.

At this time, the waywardness in the planting space suddenly asked: "Ye Xuan, what happened?"

"After entering the fairyland, I encountered a wave of robbers. Your father and grandfather were caught in the robbers..." Ye Xuan said helplessly.

"The trough, so back..." He couldn't help but roar and said, "What should I do?"

"I will follow up to see." Ye Xuan said.

However, the speed of the flying boat is probably ten times that of him. It is not so easy to keep up.

Although the two men walked to the line, but the flying boat was pulled a lot of Ye Xuan.

Chapter 1662: Kill the door!

"Well? Have you stopped for a long time?"

Ye Xuan eyes a moment, remember that position, and then continue to chase the past.

He was tracked according to the death killing order, but at this time, the flying boat has been in a position for a long time, has not moved, and does not know what to do.

However, this distance allowed Ye Xuan to rush for more than two days.

At this point, he is very close to several goals of the death killing order.

"It turned out to be the Robber Mountain, and the flying boat still stayed inside..."

Ye Xuan swept away the eye of the bandit and looked at the bandit mountain. He found that almost all of them were scattered. At this time, some people were robbing.

However, Buddhism, Ling Xiaodao and others were controlled together. As for the death emperor and the Nethered Emperor, they were successfully integrated into the bandit gang. It was really a group of people.

"This blasting bandit group has just been established. There is a five-robbery in the flying boat. There is also one in the robbers. As for the four robbing, there are twenty, and the three robs add up to nearly one hundred..."

Ye Xuan said secretly.

If it is an average person, I am afraid it will be scared to death, but for Ye Xuan, it is also an opportunity.

Now he is just the beginning of the three robbers, except for the fall of the three robbings, the old trees, the ghosts and the Megatron are also similar.

Therefore, if the burglary bandit group is looted, it will definitely break through.

However, now that the flying boat has not left, the explosive bandit group is too strong, so Ye Xuan decided to wait.

After he waited here for a long time, finally, the flying boat took action.

This burglar bandit group used to take turns to patrol. If you see someone, you will catch it. If you do not agree to join, kill it.

The one who stayed in the robbers' mountain this time was the wave that Ye Xuan had contacted before. However, the death emperor and others flew away.

In this way, convenient Ye Xuan to act!

"Tree old, ghostly Emperor, Megatron, go on!"

Ye Xuan's flash of light flashed, and an hour after the departure of the boat, he finally made a decisive shot.

There are still many robbers on the robber's hill, so Ye Xuan takes a control method. With the eyes of the soul, he can control at least fifty of the same level.

At the same level, that is the level of the three robbers!

As for the fall, due to the re-generation of the Yaozu, it is no longer fascinating.

Before Ye Xuan did not use the eyes of the soul, it was because people were in the boat, and three out of the four robbed, he could not control.

The difference between the three robbers and the four robbers is not a realm but three.

The old tree is the fastest. He rushed straight into the horse. There were some ransoms and annihilates along the way. He was directly solved by him.

"This war, I am afraid it is not so easy, just use that point to swallow it!"

Ye Xuan thought in his heart, directly added the swallowing point obtained before to the killing of the blood of the immortal.

However, the effect of this point of phagocytosis is beyond the expectations of Ye Xuan.

Originally, you can use the killing mark three times a day. It can't be used continuously, that is to say, you can't display three killings and immortals.

However, after an advanced level, it will be fine.

"Haha, come on!"

Ye Xuan's brow was picked up and directly used to kill and mark, and it was used three times in a row.

Two killings can be engraved, and you can summon a 弑仙傀儡!

"Appear!"

Ye Xuan's light flashed.

The next moment, next to him was an old man with a sacred bone. Behind the old man, carrying a long sword.

弑仙傀儡!

This realm of immortality is a higher level than Ye Xuan. It is the middle stage of the three robbers. Because of the killing, the engraving has only advanced.

"Kill innocent!"

Ye Xuan immediately gave the order to the priest, and the latter burst out of the air. This speed was not slower than the old tree.

It consumes two killings and imprints, and the strength is not the same as that of the trees.

At that time, there were countless bodies at the foot of the Robber Mountain.

The old trees, the sneaky emperor, the Megatron, the celestial scorpion, and the three robbers of the sacred peaks, all killed.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

A systematic reminder sounds.

Ye Xuan also has a killing and engraving. As long as he kills, he can re-enact the killing and engraving.

In less than ten seconds, the second killing is to condense, as long as Ye Xuan thinks, he can continue to summon a fairy.

However, Ye Xuan has engraved these two killings, because if it is condensed into three killings, then you can cast a sacred sorrow. If it is four, it is a sacred arrow.

If the dog rushes to the five killings, then it is the sword.

There are many people in this robbery mountain. They say that there are five hundred. If all of them are killed, they can say that they can achieve four killings.

Just, this is not easy!

"There are strong enemies!"

Then, those four robbers were all dispatched. After all, the four robbers were below, and no one could block the punch.

At this time, Ye Xuan has also controlled a lot of robbers, ready to pit a few four robbers.

"It's you!"

At this moment, suddenly a familiar voice came, Ye Xuan turned his head and saw that the three were the four thieves.

"Good, come and solve them first!"

Ye Xuan's eyes slammed and gave orders to everyone.

At the moment, the old tree, the sneaky emperor, and the Megatron are all dispatched, and the cards are layered.

Falling, it is directly into the body of the fox.

"Kowloon whistling!"

"Sharp storm!"

"Do not destroy the soul!"

"Tian Yan Li!"

Under the various tricks, the three men had to resist all the time. Unfortunately, the old ones were able to overcome the challenge.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

In an instant, the three were directly killed.

The three of them are just the beginning of the four robbers, and the realm is not much different.

After the death of the three men, they directly gave Ye Xuuan a large amount of killing value. Together with those who were killed by Ye Xuan and those who were controlled by Ye Xuan, Ye Xuan directly condensed the third killing mark.

At this moment, Ye Xuan can choose to increase the combat power by three times, or he can choose to display the singer.

However, there is still a five-robbery in this robbery mountain, so he feels that he waits first. After all, as long as the system determines that it is in battle, this killing will not disappear and will always exist.

"Who is arrogant?"

Chapter 1663: The most beautiful arrow!

"Who is arrogant?"

Finally, an old voice overshadowed all the fighting sounds and fell into Ye Xuan's ears.

Lord, finally came out!

Ye Xuan turned his head and saw that a burly strong man flew out of the robbers' mountains. This breath is indeed a five-robbery.

This person, that is, the five robbers that Ye Xuan had swept in the flying boat with the eye of insight.

However, at this time, Ye Xuan has already received a large number of Qiang Kun ring.

"Hey, the host breaks through, and it's currently in the middle of the three robberies!"

"Hey, the break of the thunderstorm is currently in the middle of the three robberies!"

"Hey, Megatron breaks through, and it's currently in the middle of the three-day scatter!"

"Hey, the ghosts of the great emperor break through, and the current is the middle of the three robberies!"

A series of system prompts to sound, the strength of Ye Xuan and others directly skyrocketed.

Due to the gap in the realm, Ye Xuan is not sure about the realm of this strong man. In the end, is it the beginning of the five robbers, or the five robbers?

If it is the beginning of the five robbers, then he has the ability to deal with it, but if it is the five robbers, then the gap can be big.

"Tree old, ghostly Emperor, Megatron, you go to deal with him!" Ye Xuan immediately said.

These three people can be resurrected infinitely, so Ye Xuan is very reassured.

As for the immortals and the fallen, and the robbers controlled by Ye Xuan, they continue to harvest the lives of others.

After falling into the sky, the body is very powerful. Although it is only three robbing, it can call the surrounding world to enhance the attack.

"Tian Yan Li!"

A group of fireballs fell from the sky, this power is enough to kill the general four robbers.

"I dare to come to the trouble of my burglar bandit, find death!"

The brawny was also angry, attacking with all strength, but the double fists were not the same as the four hands, not to mention the three old men who dealt with him.

"Kowloon Thunder Chain!"

"Sharp storm!"

This kind of attack, although Ye Xuan does not feel able to kill the strong man of the five robbers, but can drag some time to leave.

At this time, Ye Xuan is leaning toward the location of Ling Xiaodao.

"The eye of assassination!"

After reaching a certain distance, Ye Xuan directly flew to the front of Ling Xiaodao.

"Ye Xuan?"

A few of the people in Lingxiao were very surprised. They were killed by the death of the great emperor, so they were controlled by the robbers.

"Don't say so much, advanced."

Ye Xuan did not say anything, and directly loaded Ling Xiaodao, Bu Zun, Ren Zhiyuan and others into the planting space.

Then he broke open the void and came to the side of the fall.

At this time, the robbers on the mountain are already corpses.

No, there are countless dead bodies!

The sneaky emperor in the middle of the three annihilation of the immortals directly raised those who were lower than him and then joined the battle.

The situation has always been an advantage from the beginning to the present.

When Ye Xuan went to save people, it was terrible to have killed a master in the middle of the four robbers. After all, she is now a one-on-three.

"It's almost, wait a little longer, it's enough..."

Ye Xuan's eyes glimpsed, and after thinking about it in his heart, he joined the falling battle.

If Ye Xuan thinks, he can improve his combat power by three times at any time, but what he wants is four killings.

Soon, the robbers of the Robber Mountain did not run, they were killed, and then turned into the corpse of the Ghost Emperor.

Then, the realm of Ye Xuan and others has once again increased, reaching the peak of the three robbers.

At this moment, there are not many enemies in the entire robbery mountain. As for the five robbers, they are also dragged by the old three trees. They can't fight and can't run, and it's too bad.

"Hey, the host has a killing mark!"

At this time, suddenly a system prompts to sound.

Finally, the four killings were engraved!

"Through you are the beginning of the five robbers, or the peak, die!"

Ye Xuan's flash of light directly consumed four killings and engraved, and condensed a brilliant arrow.

The goal of the sacred arrow is the goal of the death chase, which is the brawny.

"call out!"

In an instant, the fabulous arrow is going through the air, which is so fast that the brawny is shocked.

"not good!"

The strong man's face changed greatly and quickly retreated.

However, this rare arrow is not the same as a small arrow, and this time Ye Xuan is aiming at the head of the strong man.

Without hitting the target, this brilliant arrow will not disappear!

Coupled with the fascinating arrow that Ye Xuan broke through, the power is not so simple.

"call out!"

The speed of the fairy arrow is fast, but for the first time it is the afterimage of the strong man.

Originally, the strong man couldn't help but the old three of the trees. Now it's even harder to add this brilliant arrow.

Not only that, but the immortals, the fallen, and dozens of masters all come to support. At this moment, the strong man is a shackle, even if it is a wing, it is difficult to fly.

"Damn, if the boat is in, I will kill you!"

The strong man is roaring in his heart.

This explosive bandit group was built by him. The flying boat was also created by himself. It is a fake fairy and has a strong attack power.

Unfortunately, the boat went out for a walk.

Soon, this brawny became very passive under the siege of everyone.

At this time, the fabulous arrow suddenly whizzed.

In desperation, the brawny had to raise his hand to stop.

"puff!"

The fascinating arrow easily penetrated the arm of the strong man and then pierced into his head.

Fortunately, the strong man's constitution is relatively strong, and the sacred arrow only penetrated his head to the extent of less than half a finger.

The sacred arrow does not disappear without hitting the other side. Because the strong man is strong, this attack does not kill the strong man.

However, Ye Xuan's mouth is slightly tilted up.

"There are amazing arrows, fried!"

"Hey!"

This sinister arrow, which almost killed the strong man, suddenly burst open. This is the effect of killing and marking the advanced stage. Although the power is not strong, it also shakes the strong man's head.

In this way, I also won time for others.

"弑仙剑法!"

"Kowloon Ben Lei Flash!"

"Sharp storm!"

"Broken sky rock!"

"The claws of the soul!"

"Virtual Flame Sword!"

The old tree, the sneaky emperor, the Megatron, the Fallen, the Immortal, and the Ye Xuan, all of them attacked the strong man.

In an instant, the strong man was directly killed.

"Hey, the host's killing value is improved!"

A system prompts to sound, at this time, Ye Xuan has swiftly swept away, and will accept the strong man's shackles.

The identity of this strong man, Ye Xuan does not know, but as one of the two big robbers of the burglar bandit group, the net worth must be very expensive.

These things, if it is for Ye Xuan, is enough to break through twice, but now Ye Xuan is a three-robbery, and he can't let him shorten the time of robbery to zero, and still have fifty years.

However, the success rate of the robbery has reached 80%!

Chapter 1664: Kill it!

"Now I entered the fairyland, there is no Holy Lord's order, and I can't fit with the second body. The success rate of the robbery is not so easy to improve..."

Ye Xuan's eyes were stunned, and then some of the best colored glazes were exchanged in the super swallowing system, and the glazed treasures were cultivated to the ninth stage.

The success rate of the robbery reached 90%!

He estimates that as long as he swallows the limit, he has a 100% success rate.

Now, the strong man is dead, and the entire robber mountain is occupied by Ye Xuan.

As for the 50 scattered celestial beings, they were all thrown into the planting space by Ye Xuan.

Planting space is his world. Even if the five robbers go straight in, Ye Xuan can kill as long as he has a thought.

"As long as the people in the flying boat are done, I can almost be robbed..." Ye Xuan thought.

It has been a long time since it was settled in Sanluo, and as long as Ye Xuan breaks through, she can continue to practice.

At the moment, Ye Xuan is rushing to the fly boat.

Above the flying boat, there are the Death Emperor and the Nether Emperor. These two people were killed by Ye Xuan.

However, the speed of this flying boat is very fast, even if it is to break through the three robbing of the peak of Ye Xuan, not as fast as one-fifth.

Fortunately, after Xu Xuan slaughtered the robbery of the robbers, he got the patrol line of the flying boat from the Qianghan ring of the strong man, so he simply went around the front of the flying boat and waited quietly.

Sure enough, after a day, the fly quickly leaned towards Ye Xuan.

"Well, let the bait come out."

At the moment, Ye Xuan is to release a part of the 50 people who have been controlled before, and he has changed the following and mixed into it.

Then he just watched the flying boat approaching.

"Calling!"

The flying boat came out of the air and stopped in front of this group of people.

"Hey!"

The cabin door of the flying boat suddenly opened, and several people were drilled from inside. The head of the boat was an old man.

"How are you, what are you doing here?"

The old man apparently knew these people who were controlled by Ye Xuan and asked curiously.

"Adult, it's not good, our site has been occupied by a strong man, and the big leader has fallen!"

One of the three robbers' peaks replied.

"What, the big leader has fallen?" The old man was shocked and hurriedly said, "You come in."

He did not doubt, and directly brought Ye Xuan and others into the flying boat.

In this way, Ye Xuan is also considered to be deep into the tiger hole!

In the flying boat, the Death Emperor and the Nether Emperor have already become a part of this group of robbers. They also made a lot of contributions to this trip.

However, after Ye Xuan entered the flying boat, he quickly used the eyes of the soul.

"Hey, take control of success!"

"Hey, take control of success!"

Several consecutive system prompts to sound, this death emperor and the Nether Emperor, directly controlled by Ye Xuan, the hatred in their hearts, instantly disappeared.

"what happened?"

At this moment, suddenly a voice came, it was a man.

"Two bosses, not good, the old family has an accident." The old man said anxiously.

"What happened?" The two leaders asked strangely.

Then, the representative of Ye Xuan's control immediately told the situation at the time.

Of course, this is a compiled fact.

"A mysterious master, after fighting dozens of rounds with Big Brother, killed the big brother?"

The two leaders flashed a flash of light.

His eldest brother is in the middle of the five-year-old scatter, and he is even higher than him.

However, such a existence has been solved within a hundred rounds. The other party is at least a sacred fairy in the middle of the five robberies.

However, it is now up to him to control the flying boat. If he directly drives back, he will use his realm to attack the celestial beings that can seriously hurt the five robbers.

"Miscellaneous things, see I don't kill you!" The two leaders were furious, driving the boat directly and rushing back to their homes at full speed.

During the period, Ye Xuan took control of more than 20 people with the eyes of control.

Although he only has more than 50 places, more than 20 people are trapped in the planting space, so they can continue to control.

Now these fifty people are on this flying boat, and there are fifteen three robbers, and the strength is not bad.

In addition, there are seven robbing scented singers and two singers.

"Now the killing is engraved and advanced, you can use it three times in a row, and you can let me show the eternal sorrow in an instant. However, it is better to use the killing state directly, increase the strength by three times, and then step on him with the unicorn."

Ye Xuan thought in his heart.

However, after the triple strength, the unicorn was too powerful, and he was afraid of breaking the boat.

It seems that there are still some means to play.

This boat has not been flying for a long time, and suddenly ‘咔嚓’, it caught everyone’s attention.

The crowd turned their heads and found that the hatch of the flying boat was suddenly opened, and then someone directly shot and killed the robbers around.

"what happened?"

The people are very puzzled, and they are not waiting for them to react. These murderers are smashing out.

"Mix things, grab them!"

At the moment, there are four robbers who have chased them out, but they are waiting for them, but they are the old trees, the ghosts, and the Megatron.

Four robbers, one out, one dead!

At the same time, many people also plucked out, and the entire flying boat was empty.

After hearing the movement, the two leaders who were driving the boat stopped and then swept them out.

This flying boat is forbidden. Only he and the big boss know how to collect it. However, the moment he left the flying boat, the flying boat suddenly disappeared.

"what?"

The two leaders were shocked.

Still waiting for him to react, the one who greeted him was the unicorn.

Prior to this, Ye Xuan had used three killing marks, and all of them were consumed, which turned into a strength increase.

three times!

Kirin drops!

"boom!"

One foot, only one foot, the two leaders were severely injured by Qilin.

"puff!"

He squirted a blood and fell from the air.

At this time, the second foot of Kirin fell.

"Hey!"

In the second ankle, two leaders were killed and killed directly.

"Hey, the host's killing value is improved!"

At the beginning of a system prompt, Ye Xuan launched the third time Qilin.

The goal of this time is to have two robbing singers who stand together.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

In an instant, there are only five masters left in the explosive bandit.

Soon, under the siege of Ye Xuan and others, they all fell.

This time, Ye Xuan got a lot of heaven and earth treasures, and the most important one got the flying boat.

However, this flying boat will not be mentioned for the time being, and there are more important things to follow.

“Hey, the current success rate of host robbery is 100%. Is it a robbery?”

The system prompts.

Chapter 1665: Flying boat to the fly boat!

"Yes!"

Ye Xuan immediately answered.

Not only that, the old trees, the ghosts and the emperors and the fall are also plundered into the distance, while at the same time robbing.

Four consecutive crossings!

"Boom!" "Boom!" "Boom!"

A road robbery thundered down.

"Hey, the host has survived the triple-disappearance, and it is currently the beginning of the four-day scatter!"

"Hey, it's the third time that you've been able to get through the three heavy sects.

"Hey, the thunder of the fire has crossed the three scattered fairy robes, and the current is the beginning of the four looters!"

"Hey, the sneaky emperor has crossed the three-story sorcerer, and it is currently the beginning of the four-day scatter!"

“Hey, Megatron’s breakthrough, the current is the beginning of the four robbers!”

In addition, the unicorn that was used by the genius was directly restored after swallowing so many corpses.

The robbers who were controlled by Ye Xuan were all stunned.

Even if they are liberated now, they are not expected to betray Ye Xuan.

At the time of the three robbing of the Xianfeng Peak, it killed the five robbing scent, and now it has broken through to the four robbing scent, the strength has improved qualitatively, certainly more powerful.

Then, Ye Xuan took out the flying boat and went in to check it out.

The energy of the flying boat is rather mixed, that is, the Tiancai Dibao is thrown into the incinerator. At this time, the energy in the flying boat is estimated to allow the flying boat to attack three times.

However, I don’t know how powerful the flyboat is.

Now, when people are saved, the burglar bandits are also solved, then the next step is to wait for the disciples of Xianyuanzong to return.

The speed of the flying boat was very fast. In less than half a day, it was rushed back to the entrance of the outside world, but at this time it was still the door closed.

"Before Megatron was summoned to fight, I don't know if the Xianyuan sect is coming back, or strolling outside..."

Ye Xuan felt that there was some headache, so he let his second avatar wander around the holy places to see if he could find the disciples of Xianyuan.

With the strength of his current four-robbery, even if there are three people who have lost the peak of the fairy, holding the Holy Order, it is impossible to be his opponent.

Simply put, the four holy places of the outside world have been completely controlled by him.

He is the Lord of the outside world!

Unfortunately, he still did not find the disciples of the Xianyuan sect. It seems that the other party came back when he and the blasting bandit group, and then they saw them leaving, so they also left.

"The luck is really bad. I finally found the Tongtianbao map, thinking that I can go straight to the fairyland, but I didn't expect it to be just a small fairyland. I could have joined the most powerful Xianyuanzong, but I met a robber, although I managed to escape, but also Lost the opportunity."

The wayward is very helpless.

The crowd also nodded and agreed.

"The luck is not good, but there is no chance that we will be able to join as long as we can go to Xianyuanzong." Ye Xuan said.

"Yes, but we still don't know the position of Xianyuanzong..." said Ling Xiaodao.

"No hurry, you can practice in my space first, you can always go back and see, I am responsible for the road." Ye Xuan said.

"Then please." Ling Xiaodao nodded slightly.

Now, Ye Xuan's realm is the highest among them, and the strength is also the strongest. Coupled with the flying boat, it is not expected to be too long.

However, before this, the scattered immortals who suppressed the three robberies of countless years were also beginning to rob.

In the outside world, they are suppressed by the heavens, so they cannot be robbed. But when you come to this little fairy world, that's okay.

At the moment, Ling Yi Dao, Bu Zun, Ren Zhiyuan and other three robbers of the peak of the singer began to rob.

Although there is no holy order, their own strength is also very strong. It should not be a problem to survive the triple-disappearance.

As for the Death Emperor, the Nether Emperor and others, they have been killed by Ye Xuan, and the hidden problem is solved.

Next, he is going to explore the city, the location of Xianyuanzong.

If there is a transmission array, then it is best.

Before he destroyed a whole bandit group, there is naturally a map of this area. At this time, the nearest one is a place called Burning City.

At the moment, Ye Xuan is driving a flying boat and rushing to the burning wild city.

The speed of this flying boat is very fast and can save a lot of time, but at the same time, the goal is too big.

On the second night of Ye Xuan's rush to the burning of the wild city, he actually encountered another flying boat.

"Don't dare intercept me?"

Ye Xuan's eyes sneaked and rushed to use the eye of the insight to find that there were hundreds of people in the other side of the boat. At the same time, there were three five-robbery, but they were all in the early days of the five robbers.

"Your Mightiness!"

At this time, the other side suddenly gathered a virtual shadow before the flying boat, is a knife middle-aged.

Upon seeing it, Ye Xuan also condensed a virtual shadow, but did not reveal the true face.

"what's up?"

Ye Xuan asked.

"Well? Who are you?" The middle-aged man in the knife asked a little strangely.

"Who are you?" Ye Xuan asked.

"This flying boat is not an explosive bandit. It can control the flying boat. It is not a big leader or a two leader. Which number are you?" asked the middle-aged man.

Ye Xuan's heart trembled. I didn't expect the middle-aged man to know the two leaders of the burglar bandit group. He immediately swept away and found that the other party was also a bandit group.

"I am the three leaders of the burglar bandit group, Ye Qian, are you looking for my two big brothers?" Ye Xuan asked subconsciously.

"It turned out to be."

The middle-aged man's eyes slammed, and the deity's mouth could not help but reveal a smile.

"The rumored blasting bandit of the bandit, the attacking power is amazing, it is a rare attack-type flying boat. If it can be captured, it will definitely enhance our strength."

He thought about it in his heart. Just wanted to speak, but he saw a huge fireball and flew toward his own boat.

Ye Xuan, directly attacked!

"what?"

The middle-aged man was shocked and not waiting for him to react. The huge fireball was already on his flying boat.

He did not expect that Ye Xuan was the first to attack!

"Oh, since it is a robber group, then grab it!"

In the flying boat, Ye Xuan opened his mouth and smiled. This was his first attack. Although he lost a lot of energy, this attack did not have to be said.

"Boom!"

The huge fireball smashed into the flying boat that the middle-aged man was riding, and directly took it out of a huge hole.

Power, so strong!

"What, my ship is a defensive flying boat. The other party actually blasted through the defense with a single blow. How is this possible?"

The middle-aged man of the knife only realized this time. The flying boat was his second home. There were also various defensive arrays on it. Even if it was a level higher than the flying boat, it could not be bombarded at once.

However, the flying boat of the blasting bandit group actually did it!

Strong defense!

Chapter 1666: Fly boat system

"Try again."

In the explosion of the flying boat, Ye Xuan once again spurred, the bow of the boat bloomed like a petal, and then blew a second huge fireball from it.

In this flying boat, there is a full three-attack array, two more than the enemy, almost invincible in the same class.

"Damn, you have to kill the net. If so, come on!"

The middle-aged man with a knife is gloomy and attacks.

At the same time, the masters in the flying boat are also mad, and then attacked Ye Xuan's flying boat.

"Boom!"

"Boom!"

Two flying boats exchanged one attack.

This time, the boat of the middle-aged man of the knife fell directly, and the boat of Ye Xuan was not serious.

When the masters saw it, they immediately attacked the gap in the blasting boat, but without exception, they could not break the defense.

"How is this possible? I have to wait for a single attack, can't break it?"

"This is clearly an attacking type of flying boat. How can it have such a strong defense? Is this from a famous hand?"

"Run fast, the boat is at us!"

Not waiting for them to react, the third huge fireball was blasted out.

This fireball attack, even the defensive canoe of the middle-aged man can not resist, these three robberies, four robbers of the scattered fairy is impossible.

In an instant, this blow killed nearly a hundred scattered immortals, which is really terrifying.

"Big Brother, go!"

"This flying boat is too strange. We are not opponents. We will stay in the green hills without burning wood."

The other two five robbers are persuading the middle-aged people.

When the middle-aged man of the knife saw his falling boat, he was so angry that he could bite his teeth. However, he thought that the opponent's attacking power and toughness would be strong, and he could only turn around directly.

"Cut, I just want to run now, it's late!"

Ye Xuan's eyes lit up and poured out a large number of heavenly treasures to make the flying boat burn.

In an instant, it added energy for two attacks.

At the same time, the old three trees have already been dispatched, directly dragging the three.

"come on!"

Ye Xuan's flash of light flashed directly.

A huge fireball, smashing to the tree six.

"What, is this going to be the same?"

The middle-aged man was shocked.

The six of them are fighting, and the blasting boat is directly attacked. This is to kill everyone.

However, how can they know that the old three of the trees have always been the death squad, and it has been dead so many times, it is nothing.

"Boom!"

A huge fireball that engulfed six people.

"Hey, death after the thunder!"

"Hey, the ghost is dead!"

"Hey, Megatron died!"

A series of six system prompts to sound, the tree three old people died, and directly resurrected beside Ye Xuan.

At the same time, when the fireball is about to hit the other side, Ye Xuan has already condensed the eyes of Vientiane and wrapped the other party's Qiang Kun ring.

On the other side, the robbers who have not died are immediately smashed.

"Kill innocent!"

Ye Xuan immediately ordered.

At the moment, the old three of the trees rushed out again and solved all the robbers.

This battle made Ye Xuan very satisfied.

Although it was said that a lot of heavenly treasures were wasted, but more natural treasures were obtained, and the attack power of the detonated flying boat was also tested.

One word, strong!

However, it is at this time.

"Hey, the blasting boat is damaged, the damage is 3 percent, and the host is repairing!"

"Yes!"

Then, another system prompts to sound.

"Hey, the explosion of the flying boat is finished, the host opens the flying boat system!"

Upon hearing this, Ye Xuan's body trembled and turned on a new system.

At the moment, he just checked the flying boat system.

Explosive flying boat, in the flying boat system, is determined to be a pseudo-class five-level flying boat, whether it is attack power, defense power or mobility, it is five.

However, Ye Xuan was just getting this explosion in the air, and did not understand the flying boat, so it is not clear how high the five levels.

This flying boat system can use ore to improve the level of the flying boat. Not only that, but also can use ore as an energy source, in the future, it will not require the treasure of heaven and earth, and it will be more provincial.

Not only that, in the future, Ye Xuan also has the ability to control his own flying boat in the air, without the need for people to control inside.

"It's another ore, it's lacking..."

Ye Xuan sighed.

If there is ore, he can strengthen this explosive boat.

"Little Master, there are individuals..."

At this time, the tree suddenly said.

Ye Xuan took back his mind and turned around and saw that there was a figure in the distance looking at them.

Six robbers scattered fairy!

This level of master, with Ye Xuan's current strength, is indeed a bit imaginary.

However, Shu Lao and others have already cleaned up things and sent them to the flying boat.

"Hey, the host breaks through, and it's currently in the middle of the four robberies!"

"Hey, the break of the thunderstorm, the current is the middle of the four robbers!"

"Hey, Megatron breaks through, and it's currently in the middle of the four-day scatter!"

"Hey, the ghosts of the great emperor broke through, and the current is the middle of the four robbers!"

After the realm was upgraded, Ye Xuan's ambition was there. After all, he still has a lot of cards.

"Right, the shot-down boat is also a huge income, which can be used to strengthen the explosion."

Ye Xuan's eyes lit up, and immediately let the tree collect in the past, and at the same time condense a virtual shadow, saying: "Have you stopped here, is there something?"

The young man in front of the six robbers, the eyes glanced, and the heart said: "This turned out to be the all-powerful flying boat from the hands of the master of Tianbaolou..."

The all-around flying boat is very rare, including attack, defense and speed.

He took a look at the tree that went out to collect the wreckage of the flying boat and said: "Hello, is this flying boat willing to sell?"

"Want to buy a blasting boat?"

After hearing this, Ye Xuan paused and then replied directly: "Sorry, don't sell!"

Just kidding, this flying boat has a strong fighting power. It is several times stronger than the one that was destroyed. Now he has started the flying boat system. If it is sold, what is it?

It is just that the old tree has brought back the wreckage of the ship.

"Hey, the wreckage of the flying boat can enhance a property of the blasting ship, and the host can choose to attack, defend and speed to upgrade."

"Upgrade attack!"

Ye Xuan did not want to answer.

The defense is useless, because he can use the super swallow system to repair, and the speed is used to hurry, the effect is not great in the battle, so he can only attack.

"Hey, the explosion of the flying boat attack upgrade was successful!"

Now, the attack power of the blasting boat has increased to six levels, and the defensive power and speed are five.

"Hello, I will definitely open a price that you are satisfied with," the young man said.

"Oh, then what do you say?"

Ye Xuan asked with interest.

Chapter 1667: Six-level flying boat

However, after the youth was finished, Ye Xuan's face was a sinking.

Although this price is good, but the top buyer is the one that he shot down, want to buy a blasting boat, what international joke?

"Since you are not sincerely want to buy, then forget it." Ye Xuan snorted, ready to turn around and leave.

"Slow!"

The young man suddenly stopped Ye Xuan and said: "I can pay for your flying boat. This is to lift you, don't give your face a shame!"

"Oh, I just don't want your face, how can you take me?"

Ye Xuan's voice came from the flying boat.

When I heard this, the young man's face changed, and he directly came out with a long sword. "Don't think that you are hiding in the flying boat, I can't help you."

"Then come try?"

"court death!"

The youth is furious and shoots directly.

"call out!"

A blue sword light broke through and squatted directly on the blasting boat.

But what is amazing is that his attack has only left a fine mark on the flying boat.

The six-robbery of the singer's blow did not break the defensive power of the blasting boat. How is this possible?

"I don't believe it!"

The young man has widened his eyes. This time, he attacked with all his strength.

"Blue sky and day!"

"call out!"

This time, the attack is at least five times stronger than the one, but the attack power is actually not much stronger than the attack of the middle-aged man.

"Hey!"

The swordsman dissipated, and the explosion of the flying boat was only damaged, and the damage was not even three percent.

"The six robbers are not so good."

In the explosion of the flying boat, Ye Xuan opened his mouth and taunted, but he would not let the young man continue to attack, after all, repairing the spacecraft but using super-phagocytic crystal.

"Tree old, ghostly emperor, Megatron, do him!"

Ye Xuan's light flashed, and at the moment the young man attacked, he had already sentenced the young man to death.

Dare to beat his idea, the courage is really not small, even if it is six robbers and immortals?

After the old three trees heard the order, they immediately took full action.

"Kowloon whistling!"

“Broken sky rock!”

In addition, there is a 絨傀儡凝聚凝聚凝聚凝聚凝聚凝聚凝聚凝聚凝聚凝聚凝聚叶叶叶叶叶叶叶叶叶叶

They showed up on the cards and the offensive was not weak, which made the youth look a bit stunned.

It is rare that a few of the four looters have been able to possess such an attack power.

However, he is not vegetarian.

Although these attacks are strong, his realm is here, and it is not so easy to hurt him.

"Booming!"

A loud noise spread, but the young man actually blocked all the attacks.

However, the good play is still behind.

Explosive attack!

The youth suddenly felt a hot temperature, and immediately turned around and saw a huge fireball coming to him.

The attacking ability of the blasting boat has been improved, and it is even stronger than the level.

This young man apparently did not expect this, but now he has no ability to avoid it and can only stop it.

However, this time the attack was too strong, even if the tree and the old man after the breakthrough, they turned into fly ash.

It should be known that the old three trees share the auxiliary blood of Ye Xuan and have the flame resistance of the blood of the undead.

In this way, they are all burned to death, showing how the attacking power of this explosive boat is.

Even so, the youth still stopped, but at this time, he did not say that the clothes were destroyed, even the skin was burnt, and the area was at least 80%.

This blow, if it is the general six robbers, I am afraid that it has already been hung up, but he is hard to support, but it is already the end of the strong.

It was not until this time that he reacted. He was provoked by a person who should not be provoked. At the moment, he changed his face and then turned around and left.

"Haha, are you running, running over the boat?" Ye Xuan opened his mouth and smiled, then directly controlled the flying boat and plucked the youth.

The level of the blasting flying boat increased, and the energy consumed was also more. Ye Xuan estimated it. Now he has two more shots. After two runs, the blasting can not attack, only flying.

However, the two guns are enough to clean up the young man.

"Hello, your heart is even killing yourself!" The young man was gloomy and angered.

However, the next moment, he is a trembling figure.

"Who said, are they dead?"

Suddenly, the tree old, the ghostly emperor and Megatron three suddenly appeared in front of him.

At this point in his mind, a word flashed immediately.

Unharmd!

"How can this be?"

The youth was shocked.

Still not waiting for his voice to fall, the old three trees are continuing to attack.

"Kowloon Thunder Chain!"

"The grip of the Hades!"

"Explosive attack!"

Two powerful control skills, the young people who were seriously injured, once again hardened the attack of this explosive boat.

This time, he can't stop it, and it will fall!

"Hey, the host's killing value is improved!"

A system prompts to sound, Ye Xuan got a large amount of killing income.

A family of six robbers and celestial beings is definitely a lot of money. At the moment, Ye Xuan is personally dispatched to take over the youth's shackles.

"Sure enough!"

Ye Xuan's eyes lit up and swallowed those things directly.

"Hey, the host breaks through, and it's currently four miles away!"

"Hey, the thunderstorm breaks through, and it's currently four miles away!"

"Hey, Megatron breaks through, and it's currently four miles away!"

"Hey, the ghosts of the great emperor break through, and the current is the four robbers!"

Ye Xuan swallowed all the things inside, and then left a little for the cultivation in the planting space.

As for the rest, it is used to strengthen the flying boat.

"Hey, the explosion level of the blasting boat is improved!"

"Hey, the speed of the blasting speedboat is increased!"

At the time when the two system prompts the sound, Ye Xuan took a look at the flying boat system and found that the level of the flying boat also increased.

Attacks, defenses, speeds, and all levels have been upgraded. I am afraid that this single boat will be able to do the usual six robbers.

Cool!

This time, he also made a big profit. First, he solved a robber group, and then there was another six robbery to send him to death.

Then, next, he is going to burn the wild city to see, and inquire about the news of the lord of the fairyland.

Along the way, he encountered a lot of flying boats, but the level is not high, this three- or four-level flying boat, even if he can easily destroy.

However, the people on these flying boats, he did not know who it is, so he did not kill innocent, unless someone did not want to provoke him.

Two days later, he finally came to Burning City.

This little fairyland is different from other places. There is even a stop for the flying boat. This blasting boat looks quaint, but it is fast, and it is not a simple item at first glance.

Therefore, Ye Xuan's flying boat caused a lot of people's attention.

Chapter 1668: Single headed city house

"This flying boat, at least five levels, is actually a four-robbery peak, and it seems to have a background."

"Yes, even the six robbers may not be able to own these flying boats."

"Hey, there is a symbol on this flying boat. Is it a robber group?"

"It seems that this kid is a flying boat from the band of the robbers. It is a good luck."

People around are discussing it.

However, there are still some discerning people who immediately see the eye as soon as they see a structure next to the fly.

"This flying boat is similar to the model of Tianbao Master in Tianbao Pavilion. This flying boat is actually from the hands of Master Tianbao?"

An old man's eyes lit up.

The boat that Tianbao masters shot, the level is not high, there are also strong people vying to buy back to make a collection.

Simply put, this explosion of flying boat is worth the price!

However, Ye Xuan did not know this. At this time, he had already put away the flying boat, and then entered the Burning City with a wayward group of people, ready to inquire about the news of Xianyuanzong.

This is the first time they have entered the city of Xiaoxianjie, so to visit and visit, Ye Xuan also wants to buy another flying boat and give it as a gift.

This burning wild city is not strong, the city owner is only a six-robbery, but it is the six-robbery peak, the strength is not bad.

Inquire about the things of Xianyuanzong, and for the time being, Ye Xuan first took a group of people to eat something to eat in Xiaoxianjie.

The former Xianyuan sect disciple said that when the three immortals descended, they first selected a group of people in the major holy places, and then established the small fairy world. Therefore, the residents in Xiaoxianjie are actually outsiders.

"The trough, the fake fairy of the four-level scent, was cut into pieces and cooked."

In a restaurant in the Burning City, he was willing to make a strange exclamation.

When the people around him heard this, they could not help but reveal the look of contempt, and look at the look of the country.

However, Ye Xuan's realm is there, they can't say anything more.

However, just as they ate half of it, suddenly there was a five-robbery.

"You, the city owner has please!"

This five robbers said.

"City Lord?"

Ye Xuan's brow was picked up, and suddenly there was an ominous premonition in his heart.

"It can be, but we have to wait until we finish eating." Ye Xuan said casually.

When the words came out, the five robbers were immediately angry and shouted: "The city owner invited you, you dare to scorn, you are so bold!"

"Then don't go."

Ye Xuan shrugged his shoulders.

The wayward and other people can hear the cold and sweat, they can hear the realm of the burning city masters along the way, but the scattered celestial beings of the six robbers are the first strongest in the burning wild city.

However, this realm can not scare Ye Xuan.

"If that's the case, then I can only take you there."

The five robbers scattered a glimmer of light, a pair of hands to look like.

He is in the middle of the five-robbery, and he is two higher than Ye Xuan. Can you still pick it up?

However, he still can't really clean up.

"It seems that we can't finish the meal. Let's go ahead."

Ye Xuan's eyes glimpsed, and then there was a strange energy that would captivate dozens of people.

Then, the wayward and other people were all received in the planting space.

The third floor of the restaurant was instantly empty.

The people around were shocked, and even the five robbers were shocked. How do the dozens of people with good end suddenly disappear?

Hard to beat, just a virtual shadow?

This is impossible!

This five-robbery was shocked, because he was in the middle of the five-year-old scent, and the other party couldn't help him even if he was superb.

Still waiting for him to react, suddenly a sound broke, attracting his attention.

Ye Xuan, directly attacked.

Only two realms, coupled with the general meaning of the five robbers, led him to be directly smashed by Ye Xuan.

"I didn't want to cause trouble, but I always took the initiative to find the door, and die!" Ye Xuan said coldly, that is, his head was crushed.

As for the other party's Qiang Kun ring, it naturally fell into his bag.

Since this has happened, then this burning wild city can't wait any longer, and must leave immediately.

Of course, there is a second method, that is, war!

"The people sent by the city owners have been killed by me. It is estimated that they will soon be introduced into the ears of the city owners. When there will be a master coming, even the six robbers will be scattered."

Ye Xuan thought in his heart, that is, he quickly left the burning wild city. If it is slow, he will not be able to leave.

There is a law in the burning city, and it is impossible to take out the large things, so it is impossible to say that the flying boat will not work.

If it is blocked in the city, then it is a tragedy, and outside, Ye Xuan and the help of the explosion of the flying boat, at least double the combat power.

Soon, Ye Xuan was out of town, but he did not immediately drive the blasting boat to leave, but waited quietly outside the city.

The explosion of the flying boat is already ready. Because of the flying boat system, Ye Xuan does not need to be personally controlled.

In addition, the old trees, the ghosts, the Megatron and the landings are already in place in the planting space, and once they start, they will play immediately.

Sure enough, in less than five minutes, there was a group of city guards who came out under the leadership of a middle-aged man.

"A six-robbery scent, five robbing scent, and more than a dozen robbing scent..."

Ye Xuan's eyes glimpsed and he suddenly saw the other side's realm.

These people, I am afraid I still can't stand the attack of two explosions.

"A big courage, I dare to burn the wild city in me, kill the subordinates of the city, and know what to do, let's take it!" The middle-aged man headed out.

"More nonsense, find death!"

Ye Xuan snorted and released the old three of the trees directly, and then killed them.

"act recklessly!"

The first middle-aged man snorted and directly led the garrison to kill the past.

"Kowloon whistling!"

The old tree directly opened the big move, and nine thunder fire dragons smashed out and rushed toward the other side.

"Glyphs!"

The middle-aged man was cold-spoken, but his face was not very good, because he felt that this attack was not a trivial matter. It is estimated that the five-robbery is not so easy to pick up.

Fortunately, he was a six-robbery, so he took the lead and greeted him.

Only, as a result, the old strategy of the tree is in the middle.

After the nine Thunderbolt Dragons, there were nine lightning bolts. After the middle-aged man defeated the dragon, nine lightning bolts were locked on him.

One neck, one arm, one wrist, one thigh, one small leg, two each, exactly nine.

The power of the thunder and lightning will instantly paralyze the six robbers.

"Hey, this little trick, I want to trap me?" These six robbers immediately sent the infuriating, unraveling the effect of paralysis.

But the next thing that greeted him was the terrible attack of the blasting boat.

Chapter 1669:

"not good!"

This time, he finally changed color, but it was too late.

This rock-like fireball has arrived.

"Calling!"

This huge fireball directly engulfed it.

"Hey, the host's killing value is improved!"

This six-robbery singer is still a little worse than the young man before, so he was directly killed and there was no accident.

His death shocked everyone else.

Is the attacking power of this flying boat too abnormal?

Still not waiting for them to react, the second explosive fireball has already hit, even if those people are fully resisted, they can not stop the attack of this explosive fireball.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

A systematic reminder of the sound, this city guard, directly killed by Ye Xuan, only the relics of Qiankun.

Those who are onlookers are already shocked and unable to speak. If this flying boat attacks the wild city, how long can the defending city fight?

However, Ye Xuan will not do this kind of thing, after all, he is not going to kill the city.

This time the harvest is not bad, but Ye Xuan still can not reach the level of crossing the four heavy scattered fairy.

At this moment, he is thinking, is he going, or will he keep it?

Continue to stay, there will definitely be more powerful masters, even the owners of the six robbers will be killed.

However, Ye Xuan is puzzled by what the city owner is looking for him to do?

Therefore, he decided to stay!

Today, he is going to fight again.

After a while, the news was passed to the city government, and then the city owner was furious and led the masters out.

There are six in the six robbers, and seven in the words of the city. In addition, there are more than twenty scattered emperors in five robberies. This is the strength of the city government.

Faced with such a strong team, Ye Xuan did not miss the scene, so he looked at it.

"A big courage, who gave you the courage to scatter in me?"

"You are the owner of the burning city?" Ye Xuan eyes a sigh, asked one.

"Exactly me!"

The owner of the Burning City City has a big eye.

"I want to ask you, you have nothing to send people to find me to do, I have a hatred with you?" Ye Xuan immediately asked.

"I still want to ask you, where did you come from this explosive boat?" asked the owner of the burning city.

Ye Xuan said: "Where is it, what is it about you?"

"If I guess well, this flying boat should be from the hands of Tianbaoge Tianbao Master. It is an all-round flying boat that combines attack, defense and speed. Even if it is me, it may not be able to afford such a six-level. Flying boat." said the burning city owner.

"You can't afford it, it's that you have no ability." Ye Xuan said ironically.

However, the explosion of the flying boat was originally only a five-level flying boat. It was only after the construction of the flying boat system that it became the sixth level. Such a flying boat could not afford to be burned.

"The husband is guilty of sin and death!"

The owner of the burning city city did not say anything, and did it directly.

Ye Xuan was shocked. This old guy was very resolute and said that he would do it.

If so, then fight!

"Sharp storm!"

In an instant, Ye Xuan directly let Megatron open a big move, and at the same time, he also directly killed it.

For a long time, I didn't have a personal battle!

"killing and engraving!"

He first condensed a killing mark and then killed it.

As long as there are two killings and engravings, then he can use two killings and engravings, superimposing on five killings, and then all of them, and then display them.

From the integration of the blood of Zhu Xian to the present, he has not used the Jianxian sword array.

Today, we must try the power.

At the same time, he also controlled the flying boat and went straight to the side to launch a blast attack.

However, the city's main government has come to a large number of masters, even if it is a blast attack, it is also fully blasted by other masters.

At the moment, the energy of the blasting can also be attacked three times, so it must be saved.

The participants in the battle were Ye Xuan, Shu Lao, Ghost Emperor, and Megatron. Because of the difference between the six realms, Ye Xuan did not dare to approach the city. After all, they were different between the six realms. If you are not careful, you may be spiked.

Fortunately, among the people brought by the city of the Burning Wild City, in addition to the six robberies and the five robbers, there are four robbers.

"Essence: The Eye of the Soul!"

In an instant, Ye Xuan is controlling a large number of four robbers, and then let them attack the surrounding masters.

"Calling!"

The wind is whistling.

The owner of the Burning City City apparently did not think that there would be so many people betraying him. He subconsciously reacted. This must be that Ye Xuan controlled these people.

This attack has caused the fall of four people who have lost their lives. This has brought a lot of killing value to Ye Xuan.

"Hey, the host has a killing mark!"

A system prompts to sound.

At this moment, Ye Xuan already has two killings and engravings. If you make one more, then you can cast a sword.

However, the first time it was due to a sneak attack, it killed four people, and now everyone has reacted. I am afraid it is not so easy.

Fortunately, Ye Xuan has other tricks.

"Death chase!"

"The eye of assassination!"

In an instant, Ye Xuan directly crossed the city of the burning wild city and came to a six-robbery.

Then he used the cards directly.

Kirin drops!

A flame hoof fell directly and stepped on two people.

Taking advantage of this opportunity, Ye Xuan quickly used the second Qilin drop.

"Hey!"

This foot, instantly killed the two men.

As for the third foot, Ye Xuan is aiming at the group of five robbers.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

There are three other system prompts to sound, and now, the third killing mark has finally condensed.

"Hey, the host has a killing mark!"

At the time when the system prompts the sound, Ye Xuan used two killing skills.

Five, killing and engraving!

"Come on,

After Ye Xuan consumed five killings and engravings, there was a huge formation with him as the center.

In the air, there was a rapid emergence of a variety of weapons, all long swords.

Hundreds, thousands, thousands...

Although Ye Xuan does not have a detailed number, these long swords are already covering the sky.

Not waiting for everyone to react, the swordsmanship began to work, and tens of thousands of swords began to sweep.

"Calling!"

In the sacred swords, the wind whistling.

The people who burned the city and the city were already covered by these long swords. Even Ye Xuan, who has the eye of insight, is hard to capture.

Chapter 1670: Seven robbers

However, at this time, Ye Xuan's mind is constantly ringing.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

In just one moment, there were several deaths, and all four robbers were destroyed.

"What is this array, how can it be so powerful?"

Among the sacred swords, the main face of the burning city was gloomy.

This array is arranged by Ye Xuan, who is scattered in the four peaks. The power is not small. The most important thing is that Ye Xuan also immunizes these long swords and will pass directly through his body without any harm.

This means that he can attack in the line!

However, he did not want to do this, because no more than three seconds, the rest of the six robbers are all fallen, leaving only the burning city owner.

At the same time, the burning city owner was also injured, and soon he could not hold on.

"If that's the case, then send you a ride!"

Ye Xuan's eyes smacked and marked the death of the wild city owner directly with the death killing order, and then one passed away.

"The eye of assassination!"

"Virtual Flame Sword!"

The burning city of the city was busy with the defense, and did not expect that Ye Xuan would suddenly come to his side and launch a sneak attack on him.

This sword directly flew him and was killed by more than ten long swords.

"Hey, the host's killing value is improved!"

When this system prompts the sound, Ye Xuan will stop the Jianxian sword array directly.

The people in the array, all but the other, have fallen, and what are they going to do?

When the Xianjian array stopped, the talents in the burning city saw the bodies on the ground.

hiss!

They all took a breath of cold air, and it was shocking to say nothing.

Because one of the corpses turned out to be the owner of the burning city, it was the scent of the six robbers!

Under the strange eyes of these people, Ye Xuan cleaned up the battlefield and then swallowed the heavenly treasure.

"Hey, the current success rate of the host is 95%!"

The system prompts.

Now, the glass treasure has been cultivated to the ninth order, without the Holy Order, and can not be merged with the second, so he hesitated.

"Exchange, loose fairy!"

At the moment, he is directly converted to a refining martial art. This is a sinister genre that has reached the level of pseudo-sense.

After Ye Xuan gave this scent to the cultivation, the success rate of the robbery was increased to 100%.

Then, he was the fourth time to seduce the sorcerer, along with the old tree and the sneaky emperor.

As for the fall, although it has reached the peak of the four robbers, but still lacks some heat, so Ye Xuan let her practice for a few days.

The inhabitants of the Burning Wild City have already admired the five bodies and cast their land. After killing the city of the burning city, they did not hurry to leave, and they began to rob.

Not afraid of the immortal law enforcement team?

"Boom!" "Boom!" "Boom!" "Boom!"

Soon, the robbery fell.

Because of the 100% chance of success, Ye Xuan directly passed through the four heavy shards, and achieved five robs.

The same is true of the old trees and the ghosts, and all of them have safely passed through the scattered fairy tales, breaking through to the five robbers.

Things are solved, then the next step is to search for the city government.

However, it was at this time.

"Oh, I dare to kill the burning city owner, find death!"

The sky suddenly flew quickly.

Ye Xuan turned his head and immediately jumped.

I am going, seven robbers scattered fairy?

He is now a poor man, even if he is driving a blasting boat, I am afraid it is difficult to be an enemy of the seven robbers.

The cockroach will smash and withdraw!

At the moment, Ye Xuan is directly plunging into the blasting volcano and then overlooking.

"The flying boat of the elders of Tianbao?"

This seven-robbery was shocked. He looked at the speed of the explosion of the flying boat. He also took out a small flying boat directly from the Qiankun ring and quickly chased it up.

Now the explosion of the flying boat, is already a six-level flying boat, even if it is a seven-robbery, there is not necessarily a six-level flying boat.

What's more, the blasting boat is still a versatile flying boat.

However, what makes Ye Xuan wonder is that the flying boat that the seven robbers had taken was as fast as his blasting boat.

How can this be?

"This seven robbers are not small, and the armor on the body seems to be a standard..."

Ye Xuan's heart sank.

If he wants to escape, he has a way to use the eye of the void directly.

But if you do, then the seven robbers are estimated to immediately turn around and burn the wild city.

Therefore, he is going to lead the seven robbers to the immortals, and then go back to the robbery and burn the wild city.

Since the other party can't catch up, then he is too lazy to manage, let the other party chase for a few minutes, and then go back empty.

However, letting Ye Xuan be shocked is still behind.

"Tianbao elders refining, it is not a real thing, but with this also want to escape in front of me, delusional!"

These seven robbers fluttered, and they controlled the flying boat and attacked.

A huge arrow with an iron chain suddenly shot, and then pierced a hole in the **** of the blasting boat. Not only that, but after the arrow pierced the defense of the blasting boat, it suddenly opened two downs. hook.

"My day, I am prepared!"

Ye Xuan was shocked and couldn't help but admire the attacking power of the other flying boat.

At this time, the small flying boat hooked the **** of the blasting flying boat. Then the seven robbing scent can come along the chain. If the two meet, then Ye Xuan will die!

"You must break this chain!"

Ye Xuan's eyes glimpse, and her mind quickly thinks about it, but it seems to be powerless.

Is it only a battle?

"If it's hard, I'm afraid it won't be his opponent, but this chain, I also keep on..."

Ye Xuan's Lingguang suddenly flashed.

Keep the chain open, then destroy the boat from the inside!

"The tree is old, dismantle!"

At the moment, Ye Xuan called out the old couple.

"Hey!" "Hey!" "Hey!"

The road was crisp and loud, and in less than a second, the second half of the boat was separated.

"Hey, the blasting boat is damaged, the damage is 40%, is it repaired immediately?"

"no!"

Ye Xuan immediately answered.

Fix it now, isn't it that the seven thieves in the rear know his secret?

However, now that the trouble has been broken, he is not in a hurry.

"I have the ability to catch up with me!"

After seeing the chasing seven of the chasing after the chasing, Ye Xuan could not help but ridicule.

"Do not mix things, have the courage to run."

"The fool doesn't run!"

Ye Xuanyi opened his mouth and smiled, then continued to ridicule there, taunting, and went on the head, directly ridiculed for half an hour.

The speed of the two flying boats was almost the same. After they slid for half an hour, the seven robbing singers in the rear suddenly hesitated and the speed dropped.
