

## Super D. S 1671

### Chapter 1671: Lumen

"The front is the first dangerous place in the fairyland - the tomb of the fairy, even if it is the nine robbers, it is not necessarily alive..."

These seven robbers are frowning.

The fairy tomb is a very strange place. Even if you fly in a flying boat, you may fall.

So he decided not to chase!

Of course, he had to see Ye Xuan enter the fairy tomb.

However, Ye Xuan did not know the danger, and drove directly into the only half of the explosion.

"Well? It's dark?"

Ye Xuan's eyes stunned and suddenly felt dim around, and soon there was no light at all.

Fortunately, he has an insightful eye to see what's going on around him.

But what surprised him was that the seven robbers did not even come in.

It's tricky!

Ye Xuan suddenly reacted and knew that he was chasing a dangerous land.

At the moment, he immediately used the eye of the void, but the next moment, he heard a system sound.

"Oh, the eye of the void is temporarily unavailable!"

Ye Xuan's heart was directly cooled by half. What the \*\*\*\* was this, even the eyes of the void could not be used.

The space in Xiaoxianjie is very stable. Even if it is the seven robbing scent of Ye Xuan, it is impossible to break the void.

Ye Xuan does not work, but his empty eyes, under normal circumstances, will not be used.

It seems that it is a place of trouble.

"This place should not be left for a long time, first withdraw!"

Ye Xuan thought in his mind that he began to repair the flying boat and then left the dark place.

It is at this time.

"Boom!"

The dimly lit area suddenly sounded like a thunderous bang, like the thunder, but what makes Ye Xuan strange is that there is no light at all.

In the next moment, the flying boat could no longer fly and fell directly from the air.

Forbidden array?

Ye Xuan immediately responded, because even he could not fly, and fell directly from the air.

Fortunately, with his physique, even if it is hundreds of thousands of meters high, it will not be injured.

If the master falls to death, is it still a master?

However, just as the explosion of the flying boat was about to fall, Ye Xuan saw with an insightful eye that there was a huge stone monument in front.

No, not a stone tablet, but a huge tombstone!

This is not the point. The point is that when the blasting boat is about to land, the earth suddenly splits into a big hole.

The blasting flying boat did not land, and went directly to the center of the earth.

"The trough?"

Ye Xuan was shocked. What is the situation?

A good end suddenly appeared a banned array, when the fall is about, the ground suddenly opened a big hole, let him continue to fall.

How is this going?

It seems that there is a super powerful presence that is manipulated behind the scenes.

Ye Xuan has already mentioned the spirit of 120,000 points. The old trees are already on standby in the planting space. If they are dangerous, they will quickly kill them.

However, Ye Xuan is suspicious, and soon the explosion of the flying boat is inserted into the ground, and the hole has disappeared.

At this point, the explosion of the flying boat has been repaired, and Ye Xuan hides in it, quietly using the insight of the eye to look around.

The blasting flying boat is a six-level flying boat with a defensive level of six. Even if it is a seven-robbery scent, it takes a little effort to break open, so it is relatively safe.

There is nothing in the air, only one door.

At this time, the cave suddenly lit up, followed by a virtual shadow.

This is an old man. It seems to be very common, but Ye Xuan in the blasting boat is knowing that he is not such a simple person.

"Let's have someone, come out and see."

The old man said slowly.

Ye Xuan's heart trembled, knowing that he had a big event, and secretly saying that his luck during this time was really bad. Wherever he went, the trouble went.

"Predecessors, you brought me in, is there anything?" Ye Xuan did not immediately come out, but asked.

The old man did not answer this question, saying: "Young people, don't be afraid, if I want to kill you, your flying boat can't stop me."

When he finished, he directly slammed a white light in front of Ye Xuan, and then cut the blasting boat into two halves.

This time, Ye Xuan is awkward.

Just a shadow, there is such a strength, this Nima is at least nine robbers.

Since the defensive power of the blasting boat is useless, Ye Xuan can only get out of it and face the old man.

"Young people, you can come here and explain that we have a chance. Next, I will send you a big creation." The old man said.

Ye Xuan turned a blind eye, what is the reason, it is clear that you forced me to pull in.

However, after hearing the latter half of the sentence, his eyes could not help but burst out two brilliant.

Is it still big?

"Predecessors, you are this..." Ye Xuanqiang held back the joy and said strangely.

"I don't care. Actually, I am already dead. This Lumen Hall is my tomb. In this Lumen Hall, I have the treasure left by my life, but if you want to enter, you need a key..."

The old man said.

"Dead? Treasure? Key?"

Ye Xuan's brow was picked.

How can such a good thing happen to him?

It's tricky!

"So, what did the seniors want me to do?" asked Ye Xuan.

"It's very simple. I asked you to go to Xianyuanzong and get the key. Then this treasure is yours," the old man replied.

When the words "Xian Yuan Zong" fell into Ye Xuan's ear, he could not help but shudder.

"Key, in Xianyuan Zong?" Ye Xuan was shocked.

This Xianyuan sect is the hegemonic force of Xiaoxianjie. This old man has a connection with Xianyuanzong. Is it the elder of Xianyuanzong?

The old man stunned the old eyes with vicissitudes of life, saying: "Young people, my name is lumens, have you not heard of me?"

"Lumen, what's the name?"

Ye Xuan was a little confused, he was the first to hear the name.

"It's a girl."

The old man smiled indifferently and said: "I, the celestial immortal, is one of the three immortals in the fairyland, and the founder of the fairy sect of Xiaoxianjie."

what?

When the words came out, Ye Xuan almost swallowed the throat.

At this time, the old man in front of him was actually one of the three immortals who established Xiaoxianjie.

Immortal, but more powerful than the scattered fairy.

This is not the point. The point is, how can the immortals fall?

"Predecessors, since you are a fairy, how can you die?" Ye Xuan asked strangely.

This little fairyland was created by this celestial fairy and two other immortals. In this fairy world, the celestial immortal is almost invincible, how can it die?

"You should be thinking, I am the developer of the fairyland, how can I die? That is because I got something, was smashed by two other immortals, and was seriously injured by the siege, and soon died." Answered.

Chapter 1672: The source of devouring!

"something?"

Ye Xuan was amazed and said: "What is it?"

"This is also the reason why I brought you in. You have the same breath as that, and you have estimated that you have also."

When the old man finished, he suddenly condensed the shadow of a black stone in his hand. This black stone had a strange pattern. This pattern is very familiar to Ye Xuan.

"This is the source of devouring?"

Ye Xuan's eyes widened and he couldn't believe it.

Now, he understands why he came in, because he once got a source of engulfing, just on the \*\*\*\* continent.

At that time, the source of the devour, but the phagocytic system was upgraded to a super swallow system. If you devour one more, you may be able to upgrade.

"This strange thing can swallow all things, and then turned into Xianli feedback to me. The other two immortals learned my secret and sneaked on me, but fortunately I was lucky enough to escape, but it didn't take long to be seriously injured, but Before I fell, I built a large array of celestial beings. Anyone who came in would be killed by the celestial squad, even if it was the Nine Robbery."

When the old man finished, he couldn't help but sigh: "The other two immortals are my brothers and sisters, and my brothers, who are good and dead, but for this thing, they can't help but confront me. They know that the tomb is mine. Fallen land, but they did not dare to come in because of the immortality."

After listening to Ye Xuan, she couldn't help but feel a cold sweat.

This sacred squad, even the nine shards can be killed, even the real immortals are jealous, let alone his five robbers.

"Predecessors, since this is your tomb, can you open the door directly?" Ye Xuan asked a little strangely.

"No, my Qiang Kun ring has been marked by them. Once they open, they will know that when they arrive, they will try their best to come in."

"Then I will open the key, isn't it the same?"

Ye Xuan brow wrinkles.

"That's not the same. When you go to Xianyuanzong to get back the keys, I guess I have already laid out the hidden array. Although I can only hide the time, it is enough for you to take everything away." Lu Mingxian said.

Ye Xuan paused and said: "So, this key is not the key to open the door, and it is not the key?"

"If you can, it's best to get that key, because that's the key to opening the fairy channel."

"Fairy Channel?"

Ye Xuan brows and picks, said: "Is this not closed?"

"Yes, the Fairy Channel is indeed closed, but you know, why?"

After the Ming dynasty finished, he couldn't help but paused. "We were chased and killed in the fairy world when we were forced to hide in the lower bounds. Then we unplugged the key to Sendai and unilaterally closed the fairy passage. People can't come down anymore."

"Is it your predecessor?"

Ye Xuan was shocked.

"However, if we do this, it is already a violation of the fairyland. If the channel of the fairyland is opened again, we must not be able to hide it, so the other two do not dare to open the channel of the fairyland. The most important thing is that I also upgraded the Sendai Demolition, all in my tomb, as long as you take the key, you can open the fairy channel."

After listening to the words of the illuminating immortal, Ye Xuan could not help but be silent. After a long while, he said: "The key to this Sendai should be in the hands of the other two immortals?"

"The key to the rise of Sendai is called the Shengxian Order, but the Shengxiantai was dismantled by me. The formation method is no longer usable, so it is useless to raise the immortal order alone. This immortal order has become the token of the Xianyuanzong, not in their hands." Lu Mingxian said.

"What is the head?"

Ye Xuan's eyes glimpse, there are only three immortals in Xiaoxianjie, and the other tops are the nine robbing sacred peaks. In this case, he can deal with them.

"Predecessors, then, in addition to asking me to get the immortal order, is there anything else?" said Ye Xuan.

"Yes, I was chased and killed in the past, and the only regret is that I don't have to say much. My request is that after you open the channel of the fairyland, bring my body back to the real fairy lord..." Lumen  
The immortal sighed.

"The real fairy sect..." Ye Xuan muttered in his heart, then nodded: "Well, the younger generation must do it!"

When I heard Ye Xuan's answer, the narcissist nodded slightly and said: "Although we met for the first time, I feel that you are not an ordinary person. I can see that you should not practice for more than 100 years now?"

As soon as this was said, Ye Xuan was shocked again.

Immortal is a fairy, his eyes are really sinister, even guessed.

However, he has not practiced for 20 years since he cultivated. Where is the hundred years?

"You should also have a black stone. With it, you can say this. But now I am not going to give him to you unless you can bring back the immortal order."

"But, I am now only five robbers, how to mix into the fairy ancestors?" Ye Xuan frowned.

"It's very simple!"

After the Ming dynasty finished, he suddenly changed out five stones and said: "This is called the fairy stone. With it, you can enter the fairy ancestor. A foreign disciple, two inner disciples, three, can directly Become a pro-disciple of an elder."

"What is this, is it so capable?" Ye Xuan took the three white stones and quickly swept it with the eye of the insight, but there was no discovery.

"I am a disciple of Xianyuanzong. Pay attention to a fate. When we establish Xianyuanzong, we will spread them out. These three stones are actually the fairy stones that I brought down from the fairy world, but there is a line above. Law, if you don't break it, you can't see anything."

After the narration of the immortal, he suddenly untied the two arrays of sacred stones and then threw them to Ye Xuan.

"Is it a fairy stone?"

Ye Xuan's eyes lit up and quickly swallowed this fairy stone.

"Hey, the host breaks through, and it's currently in the middle of the five robberies!"

"Hey, the host breaks through, and it's currently five miles away!"

"Hey, the break of the thunderstorm, the current is the middle of the five robbers!"

"Hey, the thunderstorm breaks through, and it's currently five miles away!"

"Hey, Megatron's breakthrough, the current is the middle of the five robberies!"

"Hey, Megatron breaks through, and it's currently five miles away!"

"Hey, the ghosts of the great emperor break through, and the current is the middle of the five robbers!"

"Hey, the ghosts of the great emperor break through, and the current is the five robbing of the fairy peak!"

"hiss!"

After hearing such a series of system prompts, Ye Xuan couldn't help but breathe a sigh of relief.

Just a fairy stone directly let him smash two realms. If it is because of the hurdles of the robbery, he may be able to continue to break through.

loss!

"Awful, terrible, just a fairy stone, let me break through twice." Ye Xuan could not help but swallow.

It is a pity that he is very poor now and can't shorten the time of the robbery to zero, so he can only get stuck in the five peaks.

"It's really amazing, but unfortunately, I am already dead. Otherwise, I have this black stone. I can even break the fairy tales and achieve the fairy."

The celestial fairy has revealed a regretful look.

Chapter 1673: Leaving the fairy tomb

"On the immortal, is it a fairy..." Ye Xuan heard some clues.

Immortals, naturally, are also graded. The celestial immortals are the most common immortals, and then the immortals. I don't know, what is the realm above the fairy, but Ye Xuan does not matter, as long as his realm is reached, then naturally will know.

"Although I have great wealth, I can't give it to you now. As long as you get back the immortal order, then it will all be yours. You can even fly up the fairy world!" After the Ming dynasty finished, he threw the three fairy stones in his hand. Ye Xuan.

With these three fairy stones, Ye Xuan can enter the Xianyuan Zong.

"Three pieces of fairy stone, can let an elder to be a pro-disciple, but after I am missing, I estimate..."

Although the Lantern immortal did not say anything, but Ye Xuan also understood.

The other two immortals, the source of the engulfing of the immortals, were besieging him.

Xianyuanzong has lost a large giant, so the people who are fascinated by the immortals are naturally eroded.

"Although this is the case, I can suggest that you worship under the elders of Tianbao. He is honest and does not fight for rights. It is the first group of people I brought from the outside world. You take these three celestial stones and worship him as a teacher." The lumens are humane.

"Tianbao?"

This name is no stranger to Ye Xuan, because the owner of the Burning City City said at the time that his blasting boat was from the hands of Master Tianbao.

The Tianbao Master of Tianbao Pavilion should be the elder of Tianyuan.

"Yes!"

Ye Xuan nodded a sentence.

"Okay, then go, but remember not to expose you to the fairy tomb, otherwise, you should know the consequences." Lu Mingxian said.

"In this case, the younger generation will leave first!"

Ye Xuan is holding a fist at the Ming Dynasty.

"Go, after leaving, leave from the north of the fairy tomb, and then travel to the northeast for a day, you can reach Feiyun City. At that time, you can directly reach the foot of Xianyuan Zongshan through the transmission array of Feiyun City."

After the lumen of the immortal, he waved his hand and the hole at the top appeared again.

"it is good!"

Ye Xuan should have a sentence, even if it is left directly.

But before that, he has changed his face and turned into an ordinary man.

The lower the key, the easier it is to sneak into Xianyuan.

Then he drove the blasting boat and flew directly to the northern edge of the fairy tomb.

"My explosive boat is made by Master Tianbao, so it is very conspicuous. However, I have a flying boat system. In addition to upgrading the flying boat, this flying boat system can change the shape of the flying boat according to my meaning."

Ye Xuan thought in mind, directly changed the shape of the explosion of the flying boat.

As the saying goes, concentration is the essence!

The volume of the blasting boat was greatly reduced. The length of the original kilometer was directly shortened to 50 meters, and even the shape changed. The original diamond-shaped flying boat with small wings was directly changed into a cylinder.

At first glance, it looks like a big missile.

In this way, no one can recognize it?

Although the shape has changed, the missile's attack power, defense power and speed are still six levels.

Coupled with Ye Xuan's ability, even if I saw the seven-robbery of the immortal law enforcement team, I can't recognize him.

However, the matter of going to Xianyuanzong is not urgent.

"Now I have three celestial stones that have not been unsealed, and a useless sacred stone. I am now a five-robbery sacred peak. If you want to rob, you need a heavenly treasure..."

Ye Xuan thought about it.

At this time, his spiritual light suddenly flashed.

In the fairy tomb, there must be a lot of good things, those who do not want to come in, all killed by the celestial immortals, then their bodies may still be scattered around the tomb.

Thinking of this, Ye Xuan is driving a missile flying boat and turning back into the fairy tomb.

He just entered, and was discovered by the celestial immortals, but the celestial fairy suddenly understood, and Ye Xuan is now leaking.

"This kid..."

The filial fairy is crying and laughing, but there is no objection. Anyway, it is only three days before the visit to the fairy tomb.

Even if it was three years, it was just a glimpse for him. What did it take in three days?

The fairy tomb, originally had a lot of scattered immortals coming in and practiced, but since there was a nine-robbery, the immortality fell into the inside, almost no one came in.

Most of the treasures were taken away by the celestial immortals, but those relics of the six robberies and the seven robbers, the celestial beings were sometimes lazy, so that Ye Xuan was cheaper.

Ye Xuan spent five days, strolling the fairy tomb thoroughly and getting a lot of good things.

During the period, the fall also broke through to the five robbed and scattered peaks.

Anyway, in the fairy tomb, so Ye Xuan is not anxious, wait until the fall is sure, then join the robbery.

After Ye Xuan summoned the old tree, the ghostly Emperor, the Megatron and the Fall from the planting space, the Ming Dynasty was also surprised, because even he did not find that Ye Xuan had such means.

Ye Xuan several, once again robbery together.

"Boom!" "Boom!" "Boom!"

A road of robbery fell.

"Hey, the host successfully robbed, the current is the beginning of the six robbers!"

"Hey, the success of the robbery, the current is the beginning of the six robbers!"

"Hey, the thunder of the fire has been successfully robbed, and the current is the beginning of the six robbers!"

"Hey, the sneaky emperor succeeded in the robbery, and the current is the beginning of the six robbers!"

"Hey, Megatron's breakthrough, the current is the beginning of the Six Robbers!"

This is not over yet.

This time, Ye Xuan had a lot of gains in the fairy tomb. After the successful robbery, he immediately swallowed it.

Six robbers in the early days of the immortals... Six robbers in the middle of the immortal... Six robbers scattered Xianfeng!

In an instant, I went up again!

However, this time his natural treasure is not enough, only reduced the time of three hundred years of robbery. After all, the eight tombs of the immortals and the above are all collected by the celestial immortals.

Potholes!

But this is not bad. After all, when Ye Xuan entered the fairy tomb, he had just passed through the four heavy sects, and now he has reached the realm of the burning city.

"It's almost gone, fly to Yancheng, and then send it to Xianyuan."

Ye Xuan's eyes glimpsed, then took the flying boat and left the fairy tomb.

Before he got a lot of good things, so the blasting boat was strengthened once. At this time, the attacking power of the blasting boat has been upgraded to seven, and the defensive power is also seven, that is, the speed is still a little worse, so it is still six.

However, this is enough.

After rushing for a day with the new blasting boat, Ye Xuan finally arrived at the Feiyan City.

Before entering the city, Ye Xuan deliberately went to the house to glance at the block and found that there was no such order.

It is estimated that the seven robbers believe that he is already dead. After all, even if the nine robbers enter the fairy tomb, they may not be able to live.

At the time, Ye Xuan was only five robbed, how could he survive, and he was able to break through to the six robbers?

Chapter 1674: Xianyuanzong

This Feiyan City is much larger than the Burning Wild City. The city owner is a seven-robbery singer. Here, there is a transmission line leading to the Xianyuan dynasty.

Although the cost is not small, but Ye Xuan still paid.

As the first force in Xiaoxianjie, Xianyuanzong naturally has many people who want to go to Xianyuanzong to speculate. Can it be seen by a certain master of Xianyuan, and accepted as a disciple?

Xianyuanzong, pay attention to a word!

Xianyuanzong is extremely strict. After all, it is the first force. There are also many people in the history of holding the celestial stone. However, there are three celestial stones like Ye Xuan, which have appeared twice in history.

One, now the elder of Xianyuanzong, the master of refinery of Xianyuanzong, Tianbao.

The other one is the current lord of Xianyuanzong.

Ye Xuan, is the third!

At this time, Ye Xuan is already holding a fairy stone, and boarded the long ladder of Xianyuanzong.

After a while, he came to the mountain gate of Xianyuanzong, but was stopped by two disciples of Xianyuan who wore blue and white robes.

"You are not my disciples of Xianyuan, what is it?" one of the disciples of Xianyuan asked.

Ye Xuan looked at the two priests of the Xianyuan sect, and he was shocked.

These two people turned out to be seven robbers.

Xianyuan Zong, it really is extraordinary!

"Two brothers are good, I found the fairy stone, so..."

Ye Xuan said, taking out a fairy stone directly from the phagocytic space.

After seeing this fairy stone, the two shoushan disciples suddenly widened their eyes, and even flashed a greedy color.

Fairy stone, turned out to be a fairy stone!

As disciples of Xianyuanzong, they naturally know what is the fairy stone, but it is Xianshi.

With a fairy stone, into the Xianyuan Zong, in fact, very loss!

However, the seal of Xianshi can only be solved by the master of Xianyuanzong. If it cannot be solved, this fairy stone is a waste, and there is no difference between ordinary stones on the ground.

"The younger brother is really lucky. I got a fairy stone. I don't know how to get it?"

A mountain priest asked.

"This is the case. I used to find a cave for the catastrophe. This fairy stone was found in that cave." Ye Xuan ' honestly replied.

"The luck of the younger brother is really good. A fairy stone can join my fairy ancestor and become a foreign disciple. I have grown up in the Xianyuan dynasty since childhood, and I have spent a lot of time, but it is just an inner door. Only a disciple." A mountain watcher said enviously.

The disciples of Xianyuan Zongli want to be promoted to the inner door. At least they have to sneak into the realm of the singer. These two shoushan disciples are all seven robbed and scattered immortals, so they are already inner disciples.

Originally, the plan of the Ming Dynasty was to let Ye Xuanhua three celestial stones, worshipping under the door of the elders of Tianbao.

However, Ye Xuan Fang inquired at the foot of the mountain and found that the rules have changed.

Originally a fairy stone, you can enter the outer door to practice; two fairy stone, you can directly enter the inner door; three fairy stone, you can choose an elder, worship it as a teacher.

However, after the change of the Xianyuan sect rule, three celestial stones can only enter the inner door.

Want to worship an elder as a teacher, you must have five fairy stones!

Now Ye Xuan has three celestial stones, and there is a singular stone that is not used. It is not enough to worship under the elders of Tianbao.

Instead, use a fairy stone to enter the outer door, and then robbery into a seven-robbery, so that you can directly enter the inner door.

This method is more economical!

Of course, Ye Xuan is to save money. After all, he has a lot of time. Why bother to spend Xianshi?

As long as he finds a way to unlock the seal of Xianshi, then the two sacred stones are the things in his bag. At that time, he has three celestial stones.

"Teacher, when you look at it, you will have a relationship with my fairy ancestor. Go, I will take you to the elders of the outer door."

A guardian of the mountain, after the completion of the speech, directly took Ye Xuan into the Xianyuan.

Along the way, the disciples of Xianyuan, after seeing the fairy stone in the hands of Ye Xuan, looked at the fairy stone with greedy eyes.

Of course, some people are directly exposed to the contemptuous look, disdain for Ye Xuan.

After all, the vast majority of these people are due to their talents and talents.

And like Ye Xuan, who got the fairy stone, and then entered the waste material of Xianyuanzong, how can they be on an equal footing with them?

After a while, the Shoushan disciple came to the rear of the utility hall with Ye Xuan.

"The elders of the hills, the disciples have something to see!"

Shoushan disciple shouted outside the door.

"not see!"

There was an old voice coming from inside.

"cough....."

Ye Xuanyi smiled, this Qiu elder shelf is not small.

"The elders of the hills, some people came with the fairy stone..." The guardian of the mountain hurriedly added a sentence.

When the words came out, they were silent for a moment and then walked out of an old man.

"The luck is good, I can get the fairy stone..."

The elders of the hills snorted and took away the fairy stone in the hands of Ye Xuan, saying:  
"Tomorrow, come again to take Xianshi!"

After the people get the fairy stone, they can not only join the Xianyuan sect, but then the elders will unravel the seal of the fairy stone, and then hand over the fairy stone to the fate.

So, this fairy stone, or Ye Xuan!

Although Ye Xuan can also use three celestial stones directly to join the inner door, after the sin stone is also his, but this is too swaying, after all, in history twice.

Still low-key behavior is wonderful!

Then, the guardian of the mountain is to register with Ye Xuan, who directly became a member of Xianyuanzong, received the identity token, etc., and assigned a residence.

"Teacher, you got the fairy stone and entered the door of my fairy ancestor. This is estimated to have spread. I guess there will be many foreign disciples coming to find it..." said the guardian disciple.

"Look, why?"

Ye Xuan is somewhat puzzled.

"You must know that the fairy stone is actually a fairy stone, but there is a seal on the top. After three days, you will get a stone without seal. If you refine more than ten stones, then you may be able to coagulate. Refining Xianli to come..." Shoushan disciple replied.

"Xian Li?"

Hearing this, Ye Xuan's eyes lit up.

Sanxian Sanxian, although there is a fairy in the name, but in fact it is still the realm of mortal, the body is still infuriating, not Xianli.

However, as long as the refining of 10 celestial stones, it is possible to condense Xianli.

As long as you condense Xianli, is there anyone else in your class who is your opponent?

Even if it is a leapfrog challenge, it is not a problem.

"If you say this, there are indeed many people looking for it, but why are there only foreign disciples?" Ye Xuan asked curiously.

"The elders of this door can get a fairy stone every hundred years, so they don't bother to shoot at you. As for the inner disciple, there is a clear rule that it is not allowed to be thrown out by the disciples, otherwise it will be evicted. Yuan Zong, even threats do not work."

Chapter 1675: Sengoku action

After the Shoushan disciple finished, he paused again: "So, there are many outside disciples behind them, who are internal disciples. They are specially staying at the outer door. If someone gets the fairy stone, they will directly grab it. The fairy stone, though Some people have it, but this is, after all, a world dominated by the strong, able to get the immortal stone, that is the fate!"

"As long as you don't make a life, the Zongmen will not manage it."

Hearing this, Ye Xuan could not help but sigh: "In the end, it depends on strength!"

"Teacher, as long as you like, you can use this fairy stone to exchange the treasures of heaven and earth. When they don't dare to move you. You can rest assured that these heavenly treasures are at least enough for you to cultivate to seven robbers. Xianfeng, even the Eight Robbers."

This Guardian disciple finally revealed the fox tail.

A fairy stone, but very precious, even the top elite in the inner door, it will take a long time to get one.

If this shoushan disciple has a fairy stone, it must be sold to other people in exchange for cultivation resources. After all, he knows that it is impossible to get together ten celestial stones.

For ordinary people, there are no more than ten celestial stones, and there is no possibility of getting Xianli.

However, Xianshi for Ye Xuan, but can improve the repair, and the super-phagocytic system is completely engulfing the sin stone, maybe not need ten, he can condense the Xianli.

"Sorry, my brother."

Ye Xuan did not explain much, said directly.

"Humph!"

Hearing this, this shoushan disciple is extremely unhappy, and in his heart, Ye Xuan does not know how to be good.

In this case, he is not much nonsense, just turn around and leave.

Sure enough, not long after he left, someone came directly to find it.

"You, is Ye Xuan?"

A strong man, with a dozen younger brothers came over.

"Is there something?"

Ye Xuan was sitting in the yard and said no to his head.

The brawny in front of him is already the scent of the six robbers, and the people behind him are also six robbers, and their strength is not weak.

However, such strength is not enough to see in front of Ye Xuan.

In fact, Ye Xuan can directly control the opponent with the eyes of the soul, but he feels that control is not necessary.

"I heard that your kid got a piece of fairy stone and entered the outer door of Xianyuanzong, so I came over and prepared to give you a chance. As long as you give me the stone, you can almost walk in the outer door in the future, even if it is Ascending into the inner door, there is also a tenth-ranked Yuan Ying brother who covers you." The strong man said directly.

"Is the Yuan Ying brother in the tenth inner door?"

Ye Xuan opened his mouth and said, "If I don't pay?"

"Then, I will be hands-on!" The brave man snorted.

He also felt that Ye Xuan had already been a six-robbery, but he had broken through to six robbers and had been in the past for more than a thousand years, plus the tenth Yuan Ying with the inner door. Not to be underestimated.

Dealing with a kid who comes in by luck, isn't it a hand?

"If this is the case, then you still don't do it?" Ye Xuan brows his head and is ready to do it.

"The courage is not small. Someone said this to me more than 20 years ago, and then I was abolished by my limbs. Boy, do you want to start here, or do you go to the stage with me?" The brave man said coldly.

The outer door control of Xianyuanzong is relatively loose, as long as it does not make human life, it is allowed.

However, it is not always possible to go anywhere. If you want to grab the other party's things, you must go to the fairy platform. After all, if you start this, the movement will be too big and will soon be stopped.

"whatever!"

Ye Xuan replied casually.

"If that's the case, then come with me!" The brave man snorted and turned around and left.

Ye Xuan is no nonsense, and goes up.

Along the way, there are still many people who look at Ye Xuan with gloating glory, and some people shake their heads again and again.

It's not uncommon for someone like Ye Xuan who doesn't know how to be good.

As the saying goes, if you have to endure the sky, why bother to ruin your future for a piece of fairy stone?

Soon, Ye Xuan followed the brawny and came to the fairy door of the outer door.

Xianyuanzong is relatively more amiable, and the battle platform can only be gambling here, and it cannot be decided.

"Brother, you want my fairy stone, then you have to come up with some treasures."

At this time, Ye Xuan suddenly said.

"Hey, if you can win me, this thing in the ring is all for you." After the brawny finished, he took the 乾坤戒 directly and threw it to Ye Xuan.

There are a lot of things inside, after all, the strong man is a tyrant of the outer door.

In fact, he has long been able to spend six heavy sorcerers, accomplishing seven robbing scent, and then into the inner door. He stayed at the outside door, helping the Yuan Ying brothers of the inner door to collect Xianshi.

Ye Xuan looked at the things in the Qiankun ring. Although not many, it can also reduce his two hundred years of robbery time, which is not bad.

"Well, I promised this gambling!" Ye Xuan nodded, then lost the Qiankun ring back.

On the side of the fairy warfare management, I also understand the ins and outs, the original Ye Xuan is a fairy sect that entered the fairy stone.

"Okay, the bets on both sides, I am clear. The rules are very simple, and no one can be killed. They are sent to fly outside the Fairy Treadmill. Of course, the stage can also admit defeat." Taiwan governor said.

"Kid, I will give you one more time, if I am on the stage of the fairy, then..."

After the brawny has not finished, he saw Ye Xuan flew directly to the fairy platform.

"Be bold!"

The brawny is no nonsense, jumped up directly.

At this time, just two groups of people swept over, they are also a tyrant of the outer door. After seeing Ye Xuan and the strong man on the stage of the fairy, they could not help but scream in their hearts.

"Damn, he was preempted by him!"

.....

On the stage of the fairy, Ye Xuan and the strong man stood face to face.

The two are the same as the six robbed and scattered, and the realm is the same, but most people think that the strong man wins.

After all, in this millennium, the strong man has obtained three sacred stones for the Yuan Ying brothers who are the tenth in the inner door.

Fight, at the touch of a hair.

"Kid, look for death!"

The strong man from the small refining body, the body is very powerful, his feet squat on the floor, the whole person is like a cheetah pounce on Ye Xuan.

However, compared with the body, Ye Xuan has never lost.

When the brawny came, Ye Xuan suddenly broke out with a more horrible speed than the brawny.

"Hey!"

A strong and powerful fist, directly squatting on the chest of the strong man, all the power on the fist rushed out, just a punch, the strong man flew out of the fairy platform.

Spike!

The outcome of this battle is only in an instant!

The audience was shocked.

Even the management of the fairy warfare of the Eight Immortals was also seen.

However, he was already used to the genius, immediately reacted, and then quickly swept over, took the strong man's ring and took it to Ye Xuan.

Chapter 1676: Engulfing sin

"Thank you brother!"

Ye Xuan smiled slightly and poured the things in the ring to the engulfing space.

His time for robbery was also reduced by two hundred years.

The strong man was hit hard and looked at him erroneously until he was accepted by Ye Xuan.

"How is it possible?" The strong man exclaimed.

At this moment, someone immediately flashed to the ring.

"It's me!"

This person is also the sixth robbing of the fairy peak, and also represents a certain brother in the top ten of the inner door, the strength is stronger than the strong man.

"This brother, you must come up with something that makes me happy, I will take Xianshi to gamble with you." Ye Xuan said.

"Get it."

This person is also nonsense, take out a weapon directly, and then take off the Qiankun ring and throw it to Ye Xuan.

Ye Xuan glanced at it and found that there were more things in the head than the brawny. Therefore, after being satisfied with the spot, he was thrown to the fairy war station.

"His bet is this ring, is your bet still a fairy stone?" asked the fairy warrior.

"Correct!"

Ye Xuan nodded.

Although it is said that Xianshi has not yet arrived, he will be able to find the elders of Qiu tomorrow, no difference.

The second gambling war started.

Not surprisingly, this sword-savvy disciple is still being beaten by Ye Xuan.

Then, Ye Xuan directly got his one-of-a-kind ring.

Two wins, and only used two punches, so Ye Xuan's strength has already shocked everyone in the room.

Sure enough, a little strength, no wonder dare to call these people.

"This kid, the idea is hard, but Master Yang has already got nine pieces of Xianshi. If you come back, you may be able to condense Xianli. At that time, you will be able to squeeze into the top three..."

One person in the field, after thinking about it in his heart, jumped up again.

He did not talk nonsense. After offering his own weapons, he threw the Qiankun ring to Ye Xuan.

"enough."

Ye Xuan nodded.

The third battle, start!

This battle, there is still no suspense, the other side was directly beaten by Ye Xuan.

At this time, Ye Xuan's time for the robbery was only a hundred years away. If he had something good, he could directly rob.

As long as he has crossed the six heavy sacred robes and achieved seven robbings, he will directly refine the sacred stone, and then he can quickly break through.

However, after three consecutive games, there are not many people who dare to go on stage.

Although not fatal, but do not come up with something, Ye Xuan will not promise a gambling war.

Finally, two more people took the stage to try it, or failed.

As a result, Ye Xuan also made up the Tiancai treasure, enough to rob.

After five people, no one dared to go up, because Ye Xuan Fang only took the first master of the outer door to fly.

He is the first of the outer gates of Xianyuan.

"Ye Xuan, you can only stand in the outer door, do you want to go to the inner door in the future?" At this time, the brave man suddenly shouted.

"In the future, I don't want to worry about it now." Ye Xuan sneered, then left.

On the stage of the fairy, he has already shocked everyone. It is estimated that no one will come to him.

Inner door?

After he took the celestial stone back tomorrow, he immediately began to rob.

However, the tree is now also a six-robbery, so Ye Xuan secretly gave him a fairy stone, and then let him also join the Xianyuan.

Within a day, two people even entered the Xianyuan sect with the fairy stone, which is also very rare.

Then, those people went to find the old troubles of the tree, and they were beaten by the old tree, and they got a lot of benefits.

Afterwards, they discovered that Ye Xuan and the tree were always a group. After learning about this, they were so angry that they could not speak.

The next day, Ye Xuan was carrying the old tree and went to find the elder of the hill.

The seal of the two fairy stones has been unlocked.

"Thank you for the elders!"

Ye Xuan thanked.

"Your strength is not weak, but in the future, it will be miserable. It is already the first in the inner door. It is already a smashing scent, and it has condensed Xianli. You are good at it." Ms. Qiu reminded her kindly.

"Thank you for reminding the elders!" Ye Xuan thanked.

Next, the fox tail of Elder Cheung will be revealed: "Of course, if you sell these two sacred stones to me, I promise that they will not dare to find you trouble."

"Thank you for the kindness of the elders, these two sacred stones, we want to refine ourselves."

Ye Xuan directly refused.

"Oh, then follow you, anyway, the old man does not lack these two sacred stones." Elder Chou snorted and then prepared to enter the door.

At this time, Ye Xuan suddenly cried: "Chou Elder, please wait a moment."

"doing what?"

Elder Chou turned around.

"This, I don't know how to unlock the seal of the fairy stone, where can I get it?" Ye Xuan asked directly.

Upon hearing this, Elder Qiu responded subconsciously and exclaimed: "Do you have one?"

"No, no, I just think, if you get another one in the future, how to change it." Ye Xuan immediately shook his head.

In his swallowing space, there is indeed a fairy stone and a fairy stone, but this thing is still known.

Mrs. Qiu Changxin looked suspiciously at Ye Xuan. He didn't quite believe in Ye Xuan's words, but he didn't ask much. He said directly: "The method of unlocking the seal can be exchanged in the inner door."

"Internal door..."

Ye Xuan's eyes glanced and nodded: "Thank you for the elders!"

Then he left with the old tree.

Next, he opened a secret room directly and then robbed inside.

"Young master, Xianyuan Zongli, where the seven robbers scattered immortals, will be forced to rise to the inner door, when the pressure is not small." Tree reminded.

"Well, at that time, I am at most seven robbing the fairy peak, unless I can get some celestial treasures, and then robbed again!" Ye Xuan nodded.

He thought about it and he hesitated.

However, he is not a vegetarian. When the time comes, he will not be able to make a big show. After all, Ghostly Emperor and Megatron have not yet.

This room used for robbery will not have a second person coming in, so Ye Xuan will start the robbery directly.

"Boom!" "Boom!" "Boom!" "Boom!" "Boom!" "Boom!"

After 18 consecutive robberies fell, Ye Xuan directly passed the six heavy scattered fairy robbery, and achieved seven robbers.

At the same time, the three old trees, the ghosts of the Emperor and the Megatron also broke through to the early days of the Seven Robbers.

The realm of falling, because of the reason of Xianshi, was once again opened.

"The seven robbers are scattered, I swallow!"

After the breakthrough, Ye Xuan directly swallowed a fairy stone, but this time, this celestial stone only allowed him to break through to the middle of the seven-robbery, and almost reached the peak of seven robbing.

Therefore, he once again swallowed one, this is the third.

"Hey, the host breaks through, and it's currently seven miles away!"

"Hey, the thunderstorm breaks through, and it's currently seven miles away!"

"Hey, Megatron breaks through, and it's currently seven miles away!"

"Hey, the ghosts of the great emperor break through, and the current is the seven-robbery of the fairy peak!"

Chapter 1677: Xianyuan Zongzhi

Two sacred stones, let Ye Xuan break through from the early days of the Seven Robbers to the Seven Robbers, which is not too bad.

Don't forget, Ye Xuan's upgrade is simple, but the required Tianbao Diba is many times that of other people. If it is changed to other people, it is estimated that it will break through to the middle of the Eight Immortals and even the peak.

Of course, the average person refining Xianshi, the utilization rate is too low, and it is not so easy to condense Xianli.

"Little Master, what do we do now?" asked the old tree.

"Go to the inner door first, and you will get the solution to the seal of the fairy stone."

Ye Xuan eyes a glimpse and then left directly.

Now he has broken through to the seven robbing of the fairy peak, relying on the blood, to suppress it in the early days of the seven robbers, that is, just the appearance of the robbery, and then go to the inner door to register.

Soon, he became the inner disciple of Xianyuanzong, and then he went to the method of unlocking the seal of the fairy stone.

"Hey, the fairy stone is unblocked, and the host gets a fairy stone!"

The system prompts.

The Ming Dynasty immortal gave him three pieces of fairy stone, two pieces of fairy stone. When he was at the tomb, he refining one on the spot, and then refining two, so there are two celestial stones in Ye Xuan's head.

The next two Xianshi, Ye Xuan is deciding how to allocate, he thought for a moment, and finally made a decision.

"The two sacred stones are all used to strengthen the blasting boat!"

Ye Xuan eyes a glimpse.

Before he got a lot of ore, there are some low-level flying boats, so he was used to strengthen the explosion of the flying boat, and now the explosion of the flying boat is already a seven-level flying boat.

This sacred stone is a stone formed by the scent of scent. If it is used to strengthen the flying boat, I don't know what it can be promoted.

Thinking of this, Ye Xuan directly dropped a fairy stone into the flying boat system.

"Hey, the level of attack on the blasting ship is increased!"

"Hey, the explosion level of the blasting boat is improved!"

"Hey, the speed of the blasting speedboat is increased!"

The seven-level flying boat, after refining a fairy stone, was directly upgraded to the eight-level flying boat.

However, this is not over yet.

"There is still a fairy stone, let's go!"

Ye Xuan was stunned and used the last sacred stone to strengthen the flying boat system.

"Hey, the level of attack on the blasting ship is increased!"

"Hey, the explosion level of the blasting boat is improved!"

Another two system prompts to sound.

Now, the explosive power of the blasting boat is nine, the defensive power is nine, and the speed is eight.

This is almost the top flight.

It should be known that Master Tianbao spent a thousand years to refine a nine-level all-around flying boat. If the resources consumed are converted into Xianshi, it will exceed one hundred.

And Ye Xuan, only spent two Xianshi, this is the power of the system.

This explosive boat is enough to fight against the sacred sacred sacred peaks. With it, Ye Xuan is afraid that there is no cultivation resources.

However, this explosion of flying boat is Ye Xuan's biggest card now, can not be easily exposed, at least not in Xianyuan.

"With this blasting boat, then I am doing a martial art mission, it is a lot easier."

Ye Xuan's mouth tilted slightly, quickly went to the inner door of the auditorium, and took some difficult tasks.

"Hunting the two-headed black dragon in the Black Dragon Abyss."

"Scrapping the devil of the nine-level scent!"

"Destroy the terrible bandit!"

These martial missions are at least seven-star level, that is to say, the minimum is at least seven robbers can be accepted.

But this is not the point. The point is that there are a lot of tasks in the nine-star class. Even the first master brother of the inner door may not be able to complete it.

After picking up the task, Ye Xuan quickly left because he felt someone around him recognized him.

A fairy stone is not precious, but it wins less.

We must know that the elders of Xianyuanzong can get a fairy stone every hundred years, and ten thousand in the millennium.

However, there are only a handful of elders in Xianyuanzong, but only nine.

"The nine elders of Xianyuanzong are already the sacred sacred sacred priests, and with those singers, they are estimated to have condensed Xianli and have a strong fighting power. Moreover, there are two in Xianyuanzong. The real immortal is sitting in the town and wants to win the immortal order from the head of the hand. At least I have to break through to the nine robbers to disperse the fairy..."

Ye Xuan thought in his heart.

At this point, he has left the Xianyuanzong, and then found a hidden place to directly break the void, and then take a blasting boat and start to do the task.

He knows that if he doesn't leave, the brothers inside the door will come to him for trouble. Although the inner door will be more controlled, in this case, he is estimated to be doing it. Cultivating the inner door master of Xianli.

After all, his cards can't be used!

The reason why the old tree can appear is because Ye Xuan has also exchanged something and helped him change his face.

Although the seven robbers are the law enforcement team of the Xianyuan, they have been running outside for a long time, but they still have to be careful.

"When I come back, I will do it directly!"

Ye Xuan eyes a glimpse.

When he entered the Xianyuan sect, he was only six robbed and scattered, and then the robbery became a seven-robbery.

However, if you rob two times in a short period of time, then it will cause doubts from others. Therefore, by then, he had to do it directly, and he was able to get the order of the immortal.

Next, he is going to complete those tasks, and there is a blasting boat, it is estimated that it will not take much time.

What is the nine-headed black dragon in the early stage of the nine-year-old scatter, what is the murderous level of the murderous level, and what is the horror of the robbers.

However, just as Ye Xuan left, in a hidden place in Xianyuanzong, two old people were sitting face to face, just to talk about it.

"Teacher, how do we store the Xianshi now, how many?" asked a middle-aged man with a knife on his face.

"Senior brothers, there are not many, the nine elders will consume nine each hundred years, plus the other, the millennium will be about one hundred or so. I estimate that only three thousand years can be held..." Another yellow face The old man shook his head.

"The \*\*\*\* lumens, the removal of the Shengxiantai will be considered, and also took away a lot of Xianshi..." The middle-aged man with a knife roared.

This middle-aged man is called the demon spirit, while the middle-aged person in the yellow face is called Huanglongxian. Both of them are the younger brothers of the Ming Dynasty.

Their sacred stones are brought down from the fairy tales. In this lower bound, it is impossible to produce sacred stones, so the less they are used.

"Senior brother, or else, do we organize people to kill the fairy tomb?" Huanglong Xianren said.

"No, there is a clear hand, the last time we ate a big loss, and it has not fully recovered yet. If it is attacking the fairy tomb, it will only speed up the depletion of Xianli..." The Lingxian people shook their heads.

Chapter 1678: Nine robbery

After hearing the four words of Xianli exhaustion, Huang Longxian's face suddenly became difficult to look at. He said: "The heavens and the earth in this lower bound are too thin, and our fairy veins have arrived here, gradually shrinking, and it is estimated that it will not last for ten thousand years. We will die here..."

"Think about other ways."

The demon spirits face is also gloomy.

However, they are two immortals, but they are helpless about this matter and can only wait for death.

Although using Xianshi can slow down their atrophy, it is only a plan to slow down. If Xianshi consumes light, their ending is also death.

When they fled the fairyland and came to the mortal world, they actually expected this day, but because of the establishment of the Xianyuan sect, they accelerated the speed.

"Tianbao has been able to build a versatile nine-level flying boat. If it is a hard work, it may be possible to refine the flying class of the fairy class, when it will be..." Huang Longxian said.

"Imperial, is it so easy to refine? Tianbao's qualifications in the refining device are indeed very high, but he is only a sneak sneak sneak, although the lower bound will not usher in the ninth scent, but it can only be so awkward and Live a life like a sneak peek. Even if it is a real immortal, it may not be able to refine the fairy." The demon spirit sighs.

"Unfortunately, we don't have the source of Xianshi, otherwise we can make a Xianshi vein, so that we won't fall into the end of Xianli's exhaustion and survive for a long time."

Huanglong Xianren followed the sigh.

"We can only send people to speed up the collection of the fairy stones scattered around the small fairyland, so that we can continue for some years."

.....

This time out of the mission, Ye Xuan also spent some time, a full five days.

In these five days, he used a nine-level flying boat to visit a lot of places, and also used a nine-level flying boat to kill a two-headed black dragon with a ninth robbery, and a murderous demon madman, etc. .

In other words, he has completed the task, and has also collected a lot of Tiandi Dibao, has successfully passed the seven heavy scattered fairy robbery, broke through to the eight robbers.

But this is not enough!

"Booming a double-headed black dragon, you can get a fairy stone. You can also get a fairy stone by killing the killing monster. These two missions have been in existence for thousands of years. So far, no disciples can finish it. If I go back to finish, I must Caused the shock of Xianyuanzong..."

Ye Xuan thought as he rushed back to Xianyuan.

He estimated that if all the rewards were obtained and then all swallowed up, it would almost break through to the middle of the eight-year-old.

At that time, if the card is layered, it should not be a problem to deal with other masters.

Of course, if the two real immortals shot, it would not work, so he was able to grab the opportunity and seize the opportunity.

"I just broke through soon, I broke through to the eight robbers, and also completed a variety of eight-nine-star missions, so it is not appropriate for me to finish!"

Ye Xuan's eyes decided to hide first, then find someone to help him.

Soon, he drove the boat back to the vicinity of Xianyuanzong, and then broke open the void and returned to his place of residence.

In the inner door, at least the disciples of the Seven Robbers and the Immortals, the strong ones have reached the nine robbers, such as the inner door master.

Ye Xuan directly controlled the disciples of the early days of the Eight Immortals.

"Hey!"

The door of Ye Xuan's residence was opened and a young man came in.

"See the host!"

The young man kneels down, respectfully said.

"You, bring some people to come first, it is best to be like your realm, don't be taller than..." Ye Xuan said.

There are a lot of rewards, but the next move, if the strength can be improved, it is the best, and he can control a lot of people, naturally will not miss this opportunity.

Soon, one of the inner strength disciples who were not weak, entered the house of Ye Xuan.

"Hey, take control of success!"

"Hey, take control of success!"

"Hey, take control of success!"

Along the system prompts the sound, Ye Xuan will directly fill the quota.

At this point, he has already broken through to the middle of the eight-year-old scent, and if they add those rewards, it is enough to break through to the Eight Immortals.

"Okay, go get the reward for me!"

Ye Xuan said to these horses.

More than fifty of the eight robbers and celestials went together to complete the task, which was big enough.

After a while, they came back with great enthusiasm, and brought back two celestial stones, as well as a large number of heavenly treasures.

"Hey, the host breaks through, and it's currently eight miles away!"

"Hey, the thunderstorm breaks through, and it's currently eight miles away!"

"Hey, Megatron breaks through, and it's currently eight miles away!"

"Hey, the ghosts of the great emperor break through, and the current is the Eight Robbers!"

"Hey, the speed level of the blasting boat is improved!"

A series of system prompts to sound, let Ye Xuan's eyes scream.

The current explosion of the flying boat, can be regarded as a real nine-level flying boat, but let Ye Xuan wonder is that this explosion of the flying boat can continue to upgrade.

Above the nine-level flying boat, is it difficult to be a ten-level flying boat?

However, the nine-level flying boat, corresponding to the nine robbers, and if it is upgraded, then it is not...

"These things will be said later."

Ye Xuan's eyes sighed and asked: "I asked what you asked, did you ask?"

"Asked, the lord retreats in his residence, and the piece of the door is always hanging around his waist."  
A disciple replied.

"Very good, you all come in!" Ye Xuan nodded, and immediately threw these people directly into the planting space, and then directly unlocked the eyes of the soul.

Even if it is a real immortal, he will be thrown into the planting space, I am afraid that it will not come out, let alone these people?

Next, Ye Xuan also used the eyes of the soul to control dozens of disciples in the middle of the Eight Immortals. However, he could not let him break through to the Eight Immortals.

However, this is not over yet!

“Hey, the eyes of the soul match the planting space, it’s just seamless!”

Ye Xuan's eyes lit up and he again received the disciples in the planting space and continued to control.

After several times, the number of disciples in the inner door was much less, but Ye Xuan also broke through to the Eight Immortals.

However, just as Ye Xuan was going to continue, there was suddenly a strong breath that fell into his yard.

Nine robbery!

"Who?"

Ye Xuan was shocked.

Xianyuan Zongli is the nine elders, all of which are the sacred sacred sacred sacred sacred sacred sacred  
sacred sacred sacred sacred sacred sacred sacred sacred sacred sacred sacred sects.

The scattered fairy, once every thousand years of robbery, but after the nine robbery, the ninth scattered fairy will not fall again.

Therefore, there are quite a few nine robbers in Xianyuan Zongli. These people are all offerings of Xianyuanzong.

Chapter 1679: Chief disciple

However, at this time, it was not the offering of Xianyuanzong, but the chief disciple of Xianyuan Zongmen, Yu Hao.

After sensing this breath, Ye Xuan also opened the door directly.

Outside the door, stood a handsome young man with long hair.

"The chief disciple of the inner door, Yu Hao?"

Ye Xuan recognized it. After all, someone took the portrait and showed it to him.

"I just saw a lot of people entering your house. How did one breath disappear?" Yu Hao asked strangely.

"The brother must have felt wrong, no one in my house." Ye Xuan opened his mouth and smiled and shook his head.

"This is impossible. I obviously sense that they have entered your house. One of them is my brother." Yu Hao glanced.

"If the brothers don't believe, they can go into the house to see." Ye Xuan finished, directly gave Yu Hao a way out.

Yu Hao paused, then crossed Ye Xuan and entered the house.

Indeed, there is no one inside!

However, he firmly believed that someone had entered Ye Xuan's house before, but why not?

"Teacher, how do I see you, is it a face?"

At this time, Yu Hao suddenly transferred the words and asked.

"Oh, my brother has been retiring for a long time. It is normal to not know me." Ye Xuan said quickly.

"If there are other people, I may not know, but at the moment, the fairy sect of the sect of the sect, only I have spent eight sacred sects and robbed the sin. I have all the other sensations of the eight robbing peaks. I know all of them. There seems to be no such character." Yu Haodao.

Upon hearing this, Ye Xuan's heart trembled, and Yu Hao was really extraordinary, and he actually sensed his realm.

Eight robbers scattered Xianfeng!

"I really don't care, my brother, I got three fairy stones, and I recently joined the Xianyuanzong. Today is the first time we met." Ye Xuan said quickly.

In fact, he used a fairy stone to enter the outer door, and then went to the inner door after the robbery. At this time, except for Yu Hao, no outsider learned his realm.

If Yu Hao knows that he has broken through from the Seven Robbers to the Eight Immortals, it only takes a few days, and he will certainly have doubts. You must know that Yu Hao is the apprentice of the head.

"Three fairy stone, the younger brother is really good luck." Yu Hao heard this, his eyes could not help but shine.

Three celestial stones, as long as the seal is three sacred stones, this is not a small number.

At the moment, although Yu Hao has already condensed Xianli, the combat power is far superior to that of the same class, but he still needs Xianshi, so that he can refine Xianli again, have more Xianli, and let Xianli become More pure.

The reason why Ye Xuan said such a lie is actually that he intends to break the net. He originally wanted to act, but he accidentally hit this Yu Hao.

Then, let's do it!

"My brother, I was lucky, but I came here first, so I asked my brothers to take care of them. After the seal of the immortal stone was lifted, the younger brother was willing to come up with two celestial stones and honor the brothers!" said Ye Xuan with respect.

As soon as this was said, Yu Hao's figure could not help but tremble.

Two, Xianshi?

"This kid, it is quite a man..." Yu Hao said in a heartfelt sentence that he originally wanted to forcibly acquire three celestial stones, but he did not expect that Ye Xuan directly took out two singers to send him. It was really unexpected.

However, just as his heart was shaken, suddenly a strange force attacked his soul.

"Soul attack?"

Yu Hao suddenly reacted.

Right now, only he and Ye Xuan, this soul attack is not Ye Xuan's exhibition, who is it?

Even Ye Xuan did not think that the eyes of his soul had failed, which is unlikely.

Although Yu Hao lived for a long time, and it was still a nine-robbery, but Ye Xuan is now eight robbed and scattered, and only one realm.

Yu Hao, certainly a means of defense of the soul, may be the two immortals left on him.

If you can't do it once, you will be in trouble!

"kill!"

At the moment, Ye Xuan is moving to kill the heart and directly offering weapons.

At the same time, there were three figures behind Yu Hao's body, the old tree, the ghostly emperor, and Megatron.

"The grip of the Hades!"

"Kowloon Thunder Chain!"

In an instant, Yu Hao was forcibly controlled and could not move.

The next moment, Ye Xuan's sword has penetrated into his head, only one fingernail away from the brain.

"Submit to me, or immediately let your soul fly!"

Ye Xuan's cold voice fell into Yu Hao's ear, the latter did not expect that he was planted here.

He looked at Ye Xuan's eyes full of killing, and could not help but swallow.

"you dare....."

When Yu Haogang wanted to speak, he felt that the long sword on his forehead had pierced a trace of it, and it had already touched his brain.

"You only have one chance!"

After Ye Xuan finished, he used the eyes of the soul again.

Yu Hao's soul does have the defense left by two immortals, but if he surrenders himself, this defense will be useless.

"Hey, take control of success!"

A system prompts the sound, the chief disciple of Xianyuan Zongmen, directly became the shackles of Ye Xuan.

"call!"

Ye Xuan sighed with relief, and he was really afraid of exposing things now. After all, he did not even see the face of Xianyuanzong.

However, Yu Hao is the apprentice of Xianyuan Zong's head. Now that he has become the shackle of Ye Xuan, he can be recommended for Ye Xuan, which is a blessing in disguise.

Now that Yu Hao has been controlled, then Ye Xuan is also quickly getting the three old trees in the planting space, because there are two breaths in the plain and for no reason, may be discovered.

Then, Ye Xuan unceremoniously took Yu Hao's Qiang Kun ring and took a look.

"Not enough, only four hundred years can be shortened..."

Ye Xuan shook his head helplessly.

Next, he is going to do a big vote, that is, to assassinate the leader of the Xianyuanzong, obtain the order of the immortal, and then leave.

If you can break through to the nine robbers, then the success rate is definitely high.

However, the task of winning the immortal order is now handed over to Yu Hao.

Ye Xuan planned in the heart, decided to make a big noise of Xianyuanzong once, and then Yu Hao sneaked into the head of Xianyuanzong and obtained the order of Shengxian.

Then, he went straight away and went back to the fairy tomb to open the lumen of Dongming to get the treasure.

For the next battle, Ye Xuan must be prepared.

The cohesiveness of killing and engraving requires a lot of killing value, but the killing value of the blood of the immortal is not only murder or killing monsters. As long as the fighting continues, the value of killing will continue to increase.

In the inner gate of Xianyuan Zong, there are nine eight robbers and peaks, so Ye Xuan let Yu Hao bring two to come, and then use the eyes of the soul to control.

At this time, his time of robbery has been shortened to only three hundred years.

Chapter 1680: Attacking Xianyuanzong

These two robbing peaks are scattered among the disciples of Xianyuanzong. Relatively speaking, they are all disciples of the elders.

Ye Xuan controlled the two and then became the face of one of them. Then he was on the stage with another person.

"Hey, isn't that Brother Wang and Brother Lin, are they going to take the stage to test?"

"These two brothers have a good relationship. Because of their strong strength, the elders stipulate that if they want to compete, they must go to the fairy platform."

"Go and see the style of the two brothers."

Suddenly, Ye Xuan disguised as the brother of Wang, and another Lin Shixiong on the battle platform.

Then, Ye Xuan directly displayed the killing and engraving.

war!

This war is not so easy to end, because Ye Xuan needs to rely on the increasing value of killing to use the big move.

On the other side, Yu Hao, the chief disciple of the inner door, is already looking for his master, which is the head of Xianyuanzong.

At the same time, the old tree, the ghosts of the Emperor and Megatron, has been driving the upgrade to the ninth-level explosive blasting boat, waiting outside the Xianyuan ancestors, waiting for Ye Xuan's instructions.

"Hey, the host has a killing mark!"

One minute after Ye Xuan and Lin Shixiong played against each other, the system prompts.

If it is killing, the second killing imprint is estimated to take only a few seconds to be successful, but the battle is a full one minute.

Under the stage of the battle, there are already thousands of disciples, inner-door disciples, and outside disciples.

Even if the disciples with low realm can see that Ye Xuan and Lin Shixiong are only trying, they have not done their best.

The third killing was engraved and it took nearly ten minutes.

It took ten minutes to fight in a battle. This is a very rare thing. At this time, the surrounding disciples are already beginning to doubt.

These two brothers are doing hair?

The battle is still going on.

Ye Xuan directly ignored the whispers of the people around him, and Lin Shixiong handed over.

"There was finally a elder elder..."

At this time, Ye Xuan's eyes squinted and landed on someone around him.

Only when the sacred sects of the sacred ancestors came to watch the battle, but these offerings were only in the early or mid-term of the nine annihilation, they could not see through Ye Xuan's disguise.

However, the nine elders of Xianyuanzong are already the peaks of the nine robbings. If they find clues, Ye Xuan will be exposed.

However, the other party should not think that Wang Shixiong is pretending to be someone else, and will not know the purpose of Ye Xuan and Lin Shixiong.

"What are you two, what are you doing?"

The middle-aged old man suddenly asked.

"Chen Chang, Master Wang is trying to compare with me." Lin Shixiong replied.

"Compared, need to play for so long?" This elderly and old do not believe.

"Chen Chang, I have a gamble with Master Wang, not to win the other side." Lin Shixiong continued to return.

In the middle and old age, I just snorted and said, "Take it with you."

He didn't have any suspicions, only feeling that these two people were really idle.

Such a boring comparison, the people around are also the first to see, so many people left directly.

Beside the fairy battle platform, there are fewer people.

"Hey, the host has a killing mark!"

At the time when the system prompts the sound, Ye Xuan has already had four killings.

However, in order to condense the three killings, Ye Xuan spent a full hour.

If you want to fight for the fifth killing mark by fighting, I am afraid that it will not work for five hours.

So Ye Xuan decided to do it!

"The tree is old, come on!"

Ye Xuan, finally gave the old voice to the tree.

"understand!"

At the moment, the tree is always driving a nine-level explosive blasting boat, plundering the fairy ancestor.

The blasting raft has been upgraded to the ninth level, and the speed is also ninth. It quickly plunges into the front of the Xianyuan Zongshan.

"who?"

Those disciples who guarded Xianyuan Zongshanmen immediately angered.

Still waiting for the voice to fall, the old three trees are taken out from the blasting boat, and then these disciples are quickly disabled and taken away.

Xianyuanzong is the first force in the Xiaoxian world. It has a real immortal sitting in the town. No one would have thought that it was attacked.

"Explosive attack!"

Ye Xuan, who is in Xianyuan Zongli, directly attacked the explosive blast boat and launched an attack.

"Boom!"

A huge fireball fell directly on the guardian mountain array of Xianyuanzong, and it was penetrated with just one blow.

"Someone is a mountain!"

The voice spread throughout the Xianyuan sect, and all the people who heard the voice burst out.

With this nine-level explosive blast boat, Shu Lao and others directly sneaked in, although there was no big killing, but if someone came to die, they did not recommend flying.

At this time, the blasting flying boat has already been opened to the outer gate of Xianyuanzong. There have been several offerings of Xianyuanzong. However, the attack of the blasting raft is comparable to that of the nine robbing peaks. These offerings can't be stopped.

Moreover, the defensive power of the blasting flying boat is amazing, and even the defense is inseparable.

These people can't stop the explosive boat.

In the blink of an eye, the blasting flying boat was plucked into the inner door of Xianyuanzong, and behind it, it was followed by a number of flying boats that came in.

If Ye Xuan thinks, Xianyuan Zong is estimated to have blood flowing into the river, but in order to open the fairy channel, he has to do this.

At the time when the old boat was coming in, Ye Xuan had already passed the voice to Yu Hao, and he did not know who shouted. He had already alarmed the head of Xianyuanzong.

At this time, Yu Hao is coming out behind him.

Soon, Ye Xuan was the head of this fairy ancestor.

At the same time, there are other elders in Xianyuanzong, a total of six.

Add up, a total of seven nine robbers of the peak of the immortal, and more than a dozen nine robbers of the sacrifice.

"Who is arrogant?"

Xianyuan Zong's head screamed.

However, his voice has not yet fallen, Ye Xuan is directly controlling the explosion of the flying boat, gave him a shot.

"Boom!"

A huge fireball slammed toward the edge of Xianyuanzong.

As the head of Xianyuanzong, his strength does not need to be multi-handed, and he can receive three celestial stones every 100 years. He has already condensed Xianli. If it is started, Xianyuan Zongli has two Outside the immortal, he is the strongest.

"Give me away!"

Xianyuan Zong's head screamed and punched out, and actually smashed the blast attack.

However, at the time of his shot, Yu Hao behind him also followed suit.

"Hey!"

A long sword directly pierced the throat of Xianyuanzong's head, and immediately after the shock of Xianli, the neck of Xianyuanzong was instantly cut off.

A man of the sacred ancestor was stunned by his own apprentice, even those elders did not expect it.

However, just smashed his head, the head of Xianyuanzong will not die.
