

## Super D. S 168

### Chapter 168: Hunting moment

"If you have a quick time, you can get rid of a sentry tower the next day, and then go to the next one before the Tang Dynasty dynasty, so that within a week, the Datang Dynasty lost."

Ye Xuan thought in his heart.

On the other hand, Tang Tian is also preparing to cross the river with hundreds of people. Maybe he can encounter the chaos. If he does not encounter it, then he will be in trouble.

"It seems that I still have to go out."

Ye Xuan said a word in his heart, and then he took away the shackles of the long-haired warrior and said: "I said it, you go."

The long-haired warrior is actually very embarrassed. How can he not know the cruelty of the world? For some things, even if the brothers can turn against each other, let alone a promise?

"Thank you brothers!" The long-haired warrior held a fist at Ye Xuan, and then quickly left.

And Ye Xuan, but also quickly put the spoils to collect, just 20 sets of Qiang Kun ring is not a small number, not to mention the things inside.

"Two Chinese spirits, a lot of heavenly treasures and spar, hehe."

Ye Xuan dumped all of these things into the phagocytic space and then swallowed them all. The harvest is not bad, plus a million engulf points.

At this time, his engulfing points have reached five million, and another one or two million, it is estimated that it can be broken.

Later, he went straight in one direction. The long-haired warrior was directly sent to the Datang Territory. He did not know the position of the tower, so he did not ask.

Moreover, he is not going to find the tower, but to find someone.

The first game of the dynasty was very crucial. It determines whether a dynasty is going to the heavens and the earth, or the Xuanhuang two houses.

If the first game is defeated and the second game is won, then you can only enter the Xuanzhi House. If the first game wins and the second game is defeated, then at least you can enter the land.

Therefore, Ye Xuan is ready to make full efforts.

.....

"If that person didn't lie to me, the teams of the Great Zhou Dynasty should have come to the river..."

Ye Xuan thought as he wandered around the river.

According to the long-haired warrior, the Datang Dynasty was divided into four groups. The two groups held two sentry towers. One group was attracted by the river. The last group was the four people who went around and dismantled each other's sentry towers.

The purpose of Ye Xuan is to find the third group, that is, the team of nearly ten.

Sure enough, after he searched for more than an hour, it really happened to meet the second team, the configuration is the same as the previous team, twenty people.

"Oh? Is it a true peak?"

Ye Xuan hides in the bushes and feels a little, but he is far away from the other side, so he is only guessing, maybe it is also in the middle of the real world.

Then he is quietly approaching.

More than 20 people acted together, messy, and Ye Xuan's footsteps were light, so no one found him.

"Everyone is ready to cross the river!"

Suddenly there was a loud voice that reminded me of the strong man who led the team.

However, at this time, Ye Xuan shot.

"The riot of riots!"

Nine roads were plucked out, and nine loud bangs sounded. When the other party reacted, there were only two people left.

"Where is the mouse generation, can you dare to come out and fight with me?"

The brawny shouted loudly.

"moron."

Ye Xuan, hiding in the dark, once again opened the bow, killed the 19th man, and then began to attack the brawny.

"call out!"

"Hey!"

What makes Ye Xuan strange is that this brave man has escaped his one hundred steps to wear Yang.

"It seems that it is really the peak of the real world. I have to look at it. You can block it several times!"

Ye Xuan sneered in his heart, and then, began to attack wildly.

Hundreds of steps to wear Yang is only the next level of martial arts, and he is already a real thing, so consumption is negligible.

"call out!"

"call out!"

"call out!"

The speed of the brawny was very fast, and they all hid in the past. This is the first time I saw it.

"Zhongpin Spiritual Martial Arts?"

Ye Xuan was shocked, and his eyes showed greed.

In the devour of space, the cheapest martial arts of a spiritual class also requires two million engulfing points.

"No wonder I can avoid it. Since you let me out, then I will come out!"

Ye Xuan is not hiding. After picking up the star chasing, he is rushing past.

In the forest, two figures touched instantly.

"The tiger and the wolf roar!"

"Jiu Lie Huang Quan!"

"Booming!"

The number around them was shaken by shaking. This time, it turned out to be a close match.

"How is it possible in the middle of the real world?"

The brawny is eclipsed.

He clearly felt that Ye Xuan was only in the middle of the real world, and he was one level lower than him. Moreover, he is still using the Chinese-level martial arts. If it is a sneak attack, it is enough to kill a real Xuanjing strong.

However, such an attack can only be tied with the other party. It can be seen that the other party is not an ordinary person.

"Haha, do you think I am like this? Two roars!" Ye Xuan suddenly laughed twice.

"boom!"

This time, the strong man was repulsed a few steps, revealing a faint color.

It turned out that it was not equal, but he fell.

"Try this trick again!"

When the voice fell, the strong man saw a huge real yuan palm shot toward him.

"Jiu Lie Huang Quan!"

"Boom!"

The strong man punched in the hands of the real Yuan, and blasted it.

Although the floater is a Chinese-level martial art, it is to fight the real yuan. Although the tiger wolf roar is the next level of martial arts, but it is the real element wrapped around the arm, so the power will also gain strength.

Therefore, the power of these two martial arts is similar.

However, after the brawny smashed the giant palm of his hand, his eyes were the boss. He suddenly found out that Ye Xuan had disappeared.

No, it didn't disappear, it was in front of him.

"Death!"

Ye Xuan shouted and punched the abdomen of the strong man. The rush of energy poured into the body of the strong man, and some of his organs were shattered.

Then, Ye Xuan's hands were twisted again, and the two arms of the strong man were abolished, and then one foot kicked out, and the strong man had only one leg to move.

"Hey."

The strong man was planted on the ground, and his throat was constantly pouring out blood. He couldn't figure out the realm of his true state, and he would be beaten by others.

"Speaking the slogan of two martial arts martial arts, I will let you live a path." Ye Xuan's voice fell into his ear.

"No... maybe." The strong man looked firm.

"Zhongpin spirit martial arts is precious, but can compare with life? You can rest assured, I said to do it." Ye Xuan continued.

"I will not tell you if I die," said the strong man.

"Ok."

Ye Xuan shook his head helplessly, and then a sword pierced the heart of the strong man. He saw the eyes of the strong man completely different from the former long-haired warrior.

It seems that this strong man should not want to let the martial arts of his empire spread.
