Chapter 1681: Zhu Xian

At the moment, Yu Hao took his

Then Yu Hao immediately nodded to Ye Xuan.

"Got?"

Ye Xuan brows a pick and quickly marks Yu Hao with the death killing order. At the same time, he directly uses the skills to condense the fifth killing mark.

Killing state, five times outbreak!

"The eye of assassination!"

In an instant, Ye Xuan came to the side of Yu Hao, and then accepted the Qiang Kun.

As the head of Xianyuanzong, his body is naturally above anyone, and there is no more than him.

After consuming a large amount of Tiandi Dibao, Ye Xuan's time of robbery was shortened to zero.

However, it is not the time of the robbery, so Ye Xuan quickly flashed to the side of the tree.

"Things got, go!"

Ye Xuan snorted and sneaked into the blasting boat.

Just as he was about to leave, suddenly an old voice sounded.

"Bold rats, dare to break into my fairy sect, killing!"

Ye Xuan stared at it and found that he could not see through.

Immortal!

The founder of Xianyuanzong, killed.

"Quick withdrawal!"

Ye Xuan also can't take care of the other, directly breaking the void and leaving instantly.

The crisis of this situation, even the explosion of the flying boat did not take away, leaving directly.

"What can be done in the Xiaoxian world I established, how can this kid do it?"

The one who came was Huanglong Xianren, and then the demon spirits also swept out.

"Second brother, what happened?" The demon spirits looked at the situation around and asked strangely.

They are all in retreat, which can slow down the shrinking of the Xianmai, so the spiritual knowledge has not started.

"Big Brother, Sheng Xianling was taken away!" Huang Longxian looked at the head of Xianyuan Zong, who had only one head left, and exclaimed.

Although he did not know the ins and outs of his life, Yu Hao smothered the head of Xianyuanzong with lightning speed, and then he was taken away by Ye Xuan, apparently running toward Shengxian.

When I heard this, the demon spirit immediately understood.

"It must be a celestial fairy!" The demon fairy has widened his eyes.

The immortal order is actually useless for them, so it is the token of the head.

The reason why it is useless, because the Shengxiantai has been demolished by the celestial immortals, it is impossible to open the fairy passage by relying on the immortal.

At the same time, only the Ming Dynasty immortals know the secret of this immortal.

"Big brother, this illuminating immortal is really a good means. Yu Hao's soul has two defenses left by us. It is still controlled by a person. A person who has already died can be so big?" Huang Longxian sighed.

"Teacher, the celestial celestial being is the first genius of my immortal ancestor. Is it so easy to deal with? I guess he is now trying to open the channel of the fairyland, and then let the enemies of the celestial world kill us both." .

"Then what do we do, can we just sit still?" Huang Longxian frowned.

Although they also want to open the fairy channel, they will have to fall again in a few years.

However, they do not know whether the enemy is still at the other end of the fairy channel. If they open the channel of the fairyland, they may fall early.

"No hurry, this illuminating immortal is dead, and our two are invincible in the fairyland. The celestial fairy wants to open the fairyland passage, and must return to the fairy ancestor." The demon spirit is humane.

Shengxiantai is in Xianyuan Zongli, so he is sure that the other party will definitely return.

.....

At this time, Ye Xuan is already breaking open the void, away from the Xianyuanzong.

Then, after passing through the void positioning point on the road, I quickly returned to the huge tombstone in the fairy tomb.

"Predecessors, I took the Shengxian Order." Ye Xuan hurriedly shouted.

Then, in front of the huge tombstone, a hole was broken. Ye Xuan saw it and quickly got in and went to the Lumen Dongfu.

"Young people, you really did not disappoint me, actually got the order of the immortal!" The fluent immortal appeared again, a shocked said.

"Just, the younger generation took the violent way to take the order of the immortal, so the two immortals should be able to guess." Ye Xuan answered.

"It doesn't matter. If this is the case, then I can't use this hidden method. If they are still in the future, you should take it quickly."

The filial immortal did not say anything, and directly opened the door to his own house.

The next moment, Ye Xuan saw the fairy stone that had piled up into the mountains, and his eyes were about to come out.

"Here, there are 10,000 pieces of Xianshi, and the fake magic weapons of my life, all of which are yours." Lu Mingxian said.

"Thousands of celestial stones?" Ye Xuan was shocked. If these were all swallowed up, wouldn't they be able to break through many levels in a row?

However, what he cares about is the black stone on the Xianshi Mountain.

The source of devouring!

"I have already taken these things out. The Huanglongxianren and the demon spirits are estimated to have noticed that they are expected to come to the fairy tomb soon."

"Predecessors, although they have already received the immortal order, the predecessors have also raised the bricks of Sendai, but where is the real Shengxiantai?" Ye Xuan asked.

"Chenxiantai, it is in Xianyuan Zongli. Next you can have two choices. The celestial world is not comparable to the immortality of the fairy world. Staying here for a long time, Xianmai will shrink, then Xianli It began to dry up. The two immortals, it is estimated that it will soon be at the point where the oil is running out. At most, for a thousand years, they will be lonely."

The celestial celestial man paused and said: "The first way, you just wait for them to be lonely, then go to Xianyuanzong and open the channel of fairyland."

"Wan Wan? I am practicing less than a hundred years now, let me wait for ten thousand years, it is better to kill me..." Ye Xuan brows a pick, subconsciously said.

"Cultivating immortals is not a matter of overnight. I have become a fairyland hundreds of thousands of years ago. For 10,000 years, it is not too long for me. However, compared to you, it is indeed a long... .."

Lumen Xian nodded and said: "So, you can choose the second method, that is to kill the two immortals!"

"Hey, seniors, let me marry?"

Ye Xuan listened.

The two are true immortals, although they don't know what the realm is, but they are ten times stronger than the nine.

Even if he breaks through to the Nine Robbers, he may not be the opponent of the other side.

"I just said that if a true immortal stays in the mortal for a long time, the fairy vein will shrink, and Xianli will begin to dry up. These fairy stones are all brought out by Xianyuanzong. I estimate the Xianxian of Xianxian. There are not many reserves, so the strength of Huanglong and the demon spirit is not as good as before."

Chapter 1682: Xiaoxianjie Chengxian

The Ming dynasty estimated the heart, saying: "Huanglong and the demon spirit are the six-character immortal. At the present, it should be dropped to the four-character immortal."

"Four Pinances?"

Ye Xuan's eyes squinted and the heart calculated.

Nine robbery is equivalent to the three-character immortal, but if the four-character immortal is converted, it is equivalent to twelve robbers, but this is a difference of nine realms.

"Predecessors, you didn't make me a joke?" Ye Xuan said with some sorrow.

Even if he breaks through to the nine robbings, he can't cross so many realms and fight with the four immortals.

"I haven't finished yet."

The Ming Dynasty immortal said: "Although the channel of the fairyland is closed, it does not mean that it cannot be a fairy!"

"what?"

Hearing this, Ye Xuan was shocked.

"In the fairyland, there will be no stagnation of the sacred sacred sacred, but so many sacred stones are enough to create a real environment of the celestial world. By then, you can rob!"

"Let me, in the Xiaoxian Jiedu Jiuzhong scattered fairy robbery?" Ye Xuan eyes lit up.

"Arrange a battle method, it is estimated that it will cost nearly 10,000 pieces of Xianshi. What do you think?" The Ming Dynasty turned to look at Ye Xuan.

"Nearly 10,000 pieces of Xianshi?"

Ye Xuan turned a blank eye, and if these celestial stones were swallowed up by him, they could break through many realms.

It is a pity that there is no robbing of the celestial beings and no further breakthroughs can be made.

These celestial stones are kept, and at the very least, he is allowed to break through to the nine robbing and dispelling the fairy peaks. It is useless to swallow up more.

"Right, the fly boat can continue to improve, maybe it can fight..."

Ye Xuan's eyes squinted and thought about it. "Well, how many pieces of sacred stone can be left after the arrangement?"

"Actually, I still have more Xianshi, but in order to run this 陨仙大阵, I spent a lot of money. I guess, I can give you a hundred." The fluent immortal replied.

"Ten thousand, only one hundred?" Ye Xuan was slightly helpless, but this one hundred is enough for him.

"You will rob you first. After breaking through the nine robbings, I will start to arrange the formation. Huanglong and the demon are estimated to be coming to the fairy cemetery. Your speed is better." After that, the hand directly caught the void and threw the source of the devour to Ye Xuan.

The source of engulfing, the second source of engulfment!

At the moment, Ye Xuan is taking the source of this devour.

"Hey, super swallowing system, can be upgraded to a fairy phagocytic system, is it upgraded?"

"Yes!"

If Ye Xuan does not say anything, he will agree directly.

Last time, the phagocytic system was upgraded to a super-phagocytic system, which gave him a lot of convenience. I don't know what to expect from this upgrade.

"Hey, the system is up!"

The system began to upgrade, and Ye Xuan looked at the progress bar, his eyes slightly stunned, and then directly ignited the eighth heavy fairy.

His success rate of robbery is 100%, so don't worry. At the same time, there are two old trees, the ghosts and the great emperors.

"Booming!"

The robbery fell, a total of eight.

Ye Xuan three people suffered eight bombardment bombings, even if they heard a series of system prompts.

"Hey, the host has successfully robbed, and it is currently the beginning of the Nine Robbery!"

"Hey, the thunderbolt of the thunderbolt has succeeded, and it is currently the beginning of the Nine Robbery!"

"Hey, the ghosts and the emperors have successfully robbed, and the current is the beginning of the Nine Robbery!"

“Hey, Megatron’s breakthrough, the current is the beginning of the Nine Robbery!”

This is not over yet.

Before Ye Xuan got a lot of Qiang Kun ring, including the head of Xianyuan Zong, so he has a lot of cultivation resources, including nearly ten pieces of Xianshi.

"Hey, the host breaks through, and it’s currently in the middle of the Nine Robbery!"

"Hey, the host breaks through, and it’s currently nine miles away!"

"Hey, the host condenses out the power!"

A systematic reminder of the sound, Ye Xuan and other people’s strength, directly arrogant up, reached the peak of the nine robbers.

However, due to the problem of the mortal world, the ninth sacred priest will not come. At this time, even if Ye Xuan’s time of robbing has reached zero, it is impossible to provoke the ninth sin.

"Clarifying the power of Xianli, with my current realm, plus Xianli's words, it should not be a problem to cross the ninth heavy fairy. When I am, I am a four-character immortal, enough to be with those two true immortals. A battle."

Ye Xuan thought secretly.

On the side, after the Ming dynasty felt the change of Ye Xuan's breath, he couldn't help but be satisfied with the nod: "I have waited for so many years, and I have finally waited for you. The Huanglong and the demon spirit have guessed that I am a ghost, and I should stay one person. Xianyuanzong, to prevent the channel of the fairyland from being opened, then I will arrange the array method, let you cross the Jiuzhong Sanxian, and achieve the immortal!"

When he finished, he waved his hand and made the direct stone mountain directly, and then began to arrange the array.

The Xianshi Mountain was emptied, leaving only a hundred pieces of Xianshi to Ye Xuan, as well as the treasures before the Ming Dynasty.

As for those treasures of heaven and earth, they have long been used to suppress the shrinking of the fairy veins before the fall of the celestial fairy.

However, this is enough.

"These treasures are also worth a lot!"

At the moment, Ye Xuan quickly swept the past and then put away the treasure.

"Hey, the explosion of the flying boat attack upgrade!"

"Hey, the explosion of the explosion boat defense upgrade!"

"Hey, the speed of the blasting speedboat is upgraded!"

The three-way system prompts the sound to start, and the explosion of the flying boat is directly beyond the ninth level.

Ye Xuan subconsciously swept and found that the level of the blasting flying boat has been upgraded from the level of the sacred ninth to the fourth level of the immortal.

However, this consumption is a bit large, and those treasures are used by the celestial fairy, and they are lost.

Moreover, after the blasting squad is broken, it can no longer be upgraded. Otherwise, Ye Xuan will definitely let the Ming dynasty stop the array, and directly use nearly 10,000 celestial stones to strengthen the blasting boat.

"Fengxian can't break into a real immortal in this little fairy world, but this flying boat can..."

Ye Xuan's eyes lit up.

The Ming Dynasty immortal felt the change of the blasting boat. While setting up the array, he asked: "Young people, this flying boat, is it already a fairy level?"

"Predecessors are really eye-catching." Ye Xuan laughed.

"Your means, more than I imagined, with this flying boat, as long as you have crossed the nine heavy scattered fairy, then against the Huanglong or the demon spirit, the odds are a lot bigger."

Lumen Xianren is very satisfied, but he still reminds: "Just, this flying boat is in our fairy world, generally no one is used. Because refining is too cumbersome, the material price is high, and there is no general magic weapon to use, just like you The bundle of sacred ropes, although it is only a fake fairy, but it can help you to enemies in the battle. I originally had a fairy, but it was damaged in the battle with Huanglong and the demon."

Chapter 1683: Xian phagocytosis system!

Only those treasures, Ye Xuan actually can not look at the eyes, are sold in the super swallow system.

On the contrary, the flying boat is very easy for him to use, can attack and defend, but also be able to hurry and be practical.

"Predecessors, after this arrangement of the law, can you have a few people to rob?" At this time, Ye Xuan asked again.

"With you, but only one day, but I estimate that with your strength to survive this nine heavy scent, there will be no problem, just in case, you still refine some Xianshi, condensate Force it." The fluent immortal replied.

Ye Xuan nodded slightly, but did not immediately swallow the one hundred sacred stones, because he has reached the peak, and then swallowed, except for the condensed Xianli, there is no effect.

He thought, first wait for the narration of the immortal to arrange the method, and then say that the system may prompt him to success rate, see the situation and then swallow.

Arranged array method, consumed a lot of Xianshi, Ye Xuan looked so blindly that Xianshi was refining, and then turned into a fairy to fill the cave.

One day later.

"Hey, at present, you can cross the ninth-small scam, and the success rate of the host robbing is 80%. Is it immediately robbed?"

Suddenly a system prompt sounded in Ye Xuan's mind.

"The success rate of the robbery is only 80%. It's not so simple."

Ye Xuan eyes a glimpse.

Before he heard the narration of the immortals, the fairy tales and the power of the celestial robes in the celestial world were stronger than those in the mortal world. The celestial beings of the celestial world and the celestial martial arts of the heavens could not be successfully robbed.

Because he was robbed in the mortal world, the power of the robbery was weaker than that of the celestial world.

At the moment, Ye Xuan is beginning to swallow Xianshi.

One...two...three...

At the same time, the success rate of the robbery is constantly improving.

Eighty-one percent... eighty-two percent... eighty-three percent...

Finally, after Ye Xuan swallowed twenty sacred stones, the success rate of the robbery was finally 100%.

One hundred percent, this means nothing!

Compared with Tiandao, Ye Xuan believes in the super-phagocytic system.

"Break!"

At the moment, Ye Xuan is urging the surrounding celestial spirit and starting to rob.

This time, it is still three people who have been together.

"Oh, when I thought about it, the old man would never have thought that he could achieve this kind of realm..."

The old tree couldn't help but send out emotions.

The same is true of the Ghost Emperor, although he will not speak, but now, his strength is many times stronger than that of the year.

As long as he has crossed the Jiuzhong Sanxian, he will be able to fade away from the pseudonym in the future and become a true fairy.

"Boom!"

Finally, the Jiuzhong Sanxian was robbed, and once it was three, it fell on the heads of Ye Xuan, Shu Lao, and Ghost Emperor.

Scattered fairy robbing, one is stronger than the other, the first is extremely easy.

Ye Xuan has a 10% chance of robbery, so he is not worried, but the old tree and the ghostly emperor are not so simple.

Finally, after suffering the sixth shard, the sneaky emperor was hurt.

"Boom!"

The seventh Dao Xian was robbed, and the sinister emperor persisted.

The eighth sacred robbing, the sneaky emperor has been seriously injured.

After the ninth sinister sin, the sneaky emperor was directly smashed by a soul.

"Hey, the ghost is dead!"

"Hey, the ghost is resurrected!"

Ghostly Emperor, it was the first time that the robbery failed.

However, the old tree has survived the Jiuzhong Sanxian.

"Hey, the host has successfully survived the Jiuzhong Sanxian, and it is currently a four-person immortal!"

"Hey, the thunder of the fire has successfully passed through the nine heavy scattered fairy robbers, currently four people immortal!"

Finally, Ye Xuan and the tree are old and become true immortals.

Although the Ghost Emperor had some pity, fortunately, there was no smog and it was directly resurrected.

After this incident, he can continue to robbery.

"Predecessors, since it is possible to arrange such a formation, why is Xianyuan Zong not..."

Ye Xuan is a bit strange.

"Do you think that it is so simple to rob, even if it is the top genius of Xianyuanzong, I am afraid that it will be robbed and killed by the ninth sacred sacred sacred priest. Even if the sacred sacred sacred power is weak, it is not something that ordinary people can spend. The layout of this array is extremely expensive and can only last for one day. The most important thing is, what can be done as a fairy, the channel of the fairy world will not open, and the fairy vein will only shrink continuously." The celestial sighs.

After listening to it, Ye Xuan also felt that there was some truth. A genius like him could not be seen casually.

"Predecessors, what is the realm of chasing your enemies?" Ye Xuan asked.

"I was a seven-character immortal in the past. Huanglong and the demon spirits were all six immortals. My two younger brothers had no intention of offending two seven-character immortals, so they were chased and killed. Sendai, come to the lower bound."

After the narration of the immortal, he paused and said: "At that time, even if you solve the two ungrateful guys, Huanglong and the demon spirit, I am afraid that they will not be able to fly up to the fairy world because they may be guarding."

"What should I do? I have to die here?" Ye Xuan said.

"There are still some methods, but you have to wait for you to solve the Huanglong and the demon spirits."

If these two people can't solve it, let alone an enemy.

"it is good!"

Ye Xuan nodded, and one thing was returned. The current crisis was solved first. Anyway, the Shengxiantai bricklaying and the immortal order were all here.

At this moment, suddenly a system prompts to sound.

"Hey, super swallowing system, upgrade to the fairy phagocytic system!"

System, upgrade is complete!

"Hey, the host can choose a bloodline!"

"Oh, the increase in the elegy of the soul has doubled!"

"Hey, the host gets the system reward, three bottles of blessing oil!"

"Hey, the host masters the phagocytic technique: forced swallowing!"

"Hey, the planting space level has increased, currently 8!"

A systematic reminder of the sound, let Ye Xuanzhen in the same place.

The last time the phagocytic system was upgraded to a super-phagocytic system, he also got a lot of benefits. Although there was no system open this time, there were many rewards.

Before the sneaky emperor was robbed, it was already in use, but it still failed, but now the increase in the elegy of the soul has doubled, perhaps it can be spent.

"There are so many rewards, one by one."

Ye Xuan's heart is already happy, first the first reward, the blood is advanced.

"Compared with the situation, the celestial unicorn blood is better in advance, because there are many advanced routes, and if the unicorn is advanced, it will require three points to swallow."

At the moment, Ye Xuan is chosen.

"Hey, the fairy blood of the unicorns is advanced!"

The unicorns, the unicorns, the unicorns, the unicorns, and the unicorns all lifted up a realm.

Chapter 1684: Huanglong Xianren

Now, Ye Xuan's summoning is no longer a unicorn leg, but a real unicorn.

However, due to the difficulty in cooling this skill, Ye Xuan temporarily resisted.

Then, he poured all the three bottles of blessing oil rewarded by the system on Megatron. Now, Megatron has six lucky points. For some skills, the triggering probability has increased a lot, such as one hit.

At this time, the lucky nine is still three lucky points.

This system upgrade also raised the planting space once. Ye Xuan checked it and found that the space velocity in the space has expanded from 30 times to 50 times.

One day of cultivation, which is equivalent to fifty days outside, is simply refreshing.

However, the upgrade that most leaves Ye Xuan to pay attention to is the devour skill: forced engulfing.

After Ye Xuan read the instructions of this forced engulfing, the whole person was paralyzed.

Forcibly swallowed, you can ignore the object and directly swallow it.

Under normal circumstances, there is the Lord's object Ye Xuan can not be swallowed, such as flying swords that others are driving, but with this skill, as long as Ye Xuan meets Feijian, it can be forced to swallow.

Of course, this forced devour is a chance and is also affected by the lucky value. And you can choose to devour directly, or to devour space or plant space.

The most important thing is that this forced engulfing can even force the swallowing of living creatures, but only to receive it in the planting space.

However, the chance of phagocytizing living things is much lower than that of consuming dead things, but once successful, the people who are received in the planting space will be allowed to be slaughtered by Ye Xuan.

In the planting space, Ye Xuan is the king!

However, this forced to swallow the same target, can only be used once, once it fails, there is no chance.

However, it is at this time.

"Someone is coming, there is only one outside the fairy tomb!"

Lumen Xianren suddenly reminded.

"Oh? It's coming soon, it's a fairy!"

Ye Xuan eyes a glimpse.

Now he is a four-character immortal, the old tree is also a four-character immortal, plus a fairy-class flying boat, can't he still deal with a rival of the same class?

He does not believe it!

"Predecessors, I am going to avenge you!" Ye Xuan clenched his fist at the celestial fairy.

The celestial immortal, the brother of the Huanglong immortal and the demon spirit immortal, was shackled by the two younger brothers, and then was seriously injured by the sneak attack, and finally fell.

At the beginning, it was the catastrophe caused by the two divisions, which led to the three of them being chased. He helped the two younger brothers to the lower bound all the way, but unexpectedly fell behind.

To put it simply, the Huanglong Immortals and the demon spirits are ungrateful.

Ye Xuan was enshrined in the grace of the immortal, and today he is going to help the confession of the immortals.

"You are careful, the other party has been a six-character immortal after all, even if the realm falls to the four-character immortal, it is not how easy it is to deal with." Lu Mingxian reminded.

"understand!"

Ye Xuan nodded.

The super-phagocytic system has been upgraded to a fairy-level engulfment system, which has doubled the increase in the elegy of the soul. This increase is shared, that is to say, Ye Xuan also has.

For those who come, Ye Xuan has the determination to kill!

No matter who, there is only one end, die!

At the moment, Ye Xuan is directly plucking out the fairy tomb. After he sees the person who has seen it, he discovers that it is Huanglongxian.

"Imperial?"

After Huang Huangxian felt the breath of Ye Xuan, he was shocked and said: "That lumen is so wasteful?"

He instantly understood that it must be a well-organized array of methods, and improved the environment so that Ye Xuan could cross the Jiuzhong Sanxian.

"Will you come alone?"

Ye Xuan's eyes glanced and asked.

"Kid, even if you become a fairy, do you think you can fight with me?" Huang Longxian said very disdainfully.

"Do not try, how do you know?"

Ye Xuan suddenly saw his eyes and directly applied his eyes to the soul.

Now he and Huanglong Xianren are four immortals. If you can control this Huanglong immortal, then it is simple.

Just not that easy!

"Hey, control failed!"

The system prompts.

This Huanglong immortal, after all, was once a six-character immortal. Now, although the realm has fallen, it is not so easy to control.

Since it can't be controlled, kill it!

Ye Xuan said nothing, directly to the earthquake sword, come and see.

Virtual Flameless Sword!

Now he has just broken through to the four-character immortal, and this imaginary sword wave can only be promoted to the level of nine robbers, so the attack power is not enough.

However, use it first!

"Hey, don't be self-sufficient!" Huanglong Xianren also directly sacrificed weapons, directly with a sword to defeat the flameless sword wave.

However, he saw it the next moment, and there were several figures beside him.

One is the bald old man he saw yesterday, one is the ghostly emperor, in addition to Megatron and the blasting boat.

"Kowloon Thunder Chain!"

"Explosive attack!"

"Broken sky rock!"

"Sharp storm!"

Although it is said that the Ghost Emperor and Megatron are only the level of the nine robbers, but the strength is not weak, it should be able to cause some trouble for these four immortals.

The broken sky and the blade storm, he is not afraid, it is estimated that he can not break his defense.

However, the attack of the blasting boat is extremely powerful.

"flash!"

Huang Longxian's face changed and turned directly into a yellow lightning, which quickly flashed through these attacks.

Huanglong Xianren, mastered a fairy, called Huanglongbu, known for its speed.

However, no matter how fast his speed, Ye Xuan can capture it.

As early as before, Ye Xuan used the death killing order to mark the Huanglongxian people.

"The eye of assassination!"

In an instant, Ye Xuan came to the back of Huanglongxian, and then took a hand.

"Hey!"

Ye Xuan's hand was shot behind the Huanglong Immortal. At the same time, the former launched a skill that he had just mastered.

Forced to swallow!

"Hey, forced swallowing success, Huanglongxian people are forced to enter the planting space!"

A system prompts the sound, and the body of Huanglongxian disappears and appears in the planting space.

Forced phagocytosis does not have to be swallowed, it can also be taken into the planting space or engulf the space.

The probability of success of this skill will decrease with the level of the object or person being forcibly swallowed, but Ye Xuan now has six lucky points, which undoubtedly increases the probability of success.

To put it simply, Huanglong Xianren's luck is not good, and he will be tested by Ye Xuan!

At this time, in the planting space.

"What, where is this place?"

Huanglong Xianren's eyes widened and he couldn't understand Ye Xuan's means.

After he appeared in the planting space, there was a strange pressure on him. He was a four-person immortal, but he was suppressed and unable to move.

Then, a phantom appeared in front of him.

Chapter 1685: Immortal

"Huanglong Xianren, this is my space. If you come in, you can't go out."

Ye Xuanyi opened his mouth and smiled, then took the Huanglong immortal's Qiang Kun ring, but the things inside him were not visible to him now.

"who are you?"

Huanglong Xianren asked.

Even if it is a demon fairy, I am afraid I can't do this. Why is Ye Xuan, who has just become a fairy, have such a means?

"You don't care who I am. Now I only give you a chance to surrender to me, otherwise you will die here immediately!"

Ye Xuan said nothing, directly threatening.

"fart!"

Huang Longxian did not want to think about it, he immediately yelled.

"Be bold, you are looking for death!"

Wen Yan, Ye Xuan snorted, the pressure on the Huanglongxian people quickly expanded.

"Hey!"

"Hey!"

I only heard two crisp sounds spread, and the two arms of Huanglong Xianren were directly distorted.

"In my space, I am the master. If I want to kill you, I only need one thought. Are you surrendering or choose to die?" Ye Xuan asked again.

At this time, the yellow face of Huanglong Xianren has become iron blue. He feels that this is not a dream. If Ye Xuan wants to kill him, I am afraid that it is just like a party. It only needs one thought.

"I surrender, I surrender!"

Huanglongxian was afraid of death and said quickly.

In this case, Ye Xuan is no nonsense, directly using the eyes of the soul.

However, during the peak period of the Huanglong Immortal, it was a six-character immortal, and it also produced a fairy heart, which was resistant to the soul attack, so Ye Xuan failed to succeed in the first time.

Every immortal can refine a fairy heart. This fairy heart is the lifeblood of the immortal. In fact, it is the soul of a mortal. Once broken, the immortal will fall.

On the other hand, if the immortality is not broken, the immortal can be reborn and resurrected.

At the same time, Xianxin still has some effects, such as the ice fairy heart, the flame fairy heart, which has an increasing effect on their cultivation of some immortals.

This Huanglong immortal, cultivated is the immortality of Xianyuanzong, and cultivated an immortal heart, which is resistant to soul attacks.

Ye Xuan has become a real immortal at this time, but there is no material, so it is impossible to cultivate the fairy heart.

This matter will be discussed later.

"Predecessors, this Huanglong immortal has been caught by me, do you want to do it yourself?"

After returning to Lumen Dongfu, Ye Xuan directly recruited Huanglong Xianren.

When I saw the Huanglong immortal, the celestial immortal was trembled with anger, and wanted to shoot, but held back.

"I am just a remnant of the soul, even if he stands here to kill me, I guess I can not kill. And, he is still useful to you, you can let him sneak attack the demon spirits."

"Okay, if this is the case, then I will go to Xianyuanzong now and solve the demon spirits."

Ye Xuan nodded a sentence, and when he finished, he left the fairy tomb directly.

The Huanglong immortal has been accepted, so the one who stayed in Xianyuanzong is the brother of Huanglongxian, the demon spirit.

The demon spirit fairy, also fell to the realm of the four-character immortal, the strength will be stronger than the Huanglong immortal.

However, such a realm is not worth mentioning for Ye Xuan.

"Hey, I still have the unicorn to drop this card, and the demon spirit is not afraid."

Ye Xuanyi opened his mouth and smiled, then he broke open the void and went to Xianyuanzong. With the eyes of the void, he came to the place near the Xianyuanzong, and then released the Huanglongxian people.

Huanglong Xianren has been controlled, this is a piece that Ye Xuan used to sneak attack on the demon spirit.

Although Ye Xuan is not afraid of the demon spirits, but in case, just be careful.

"Master, I am advanced!" After Huang Longxian said to Ye Xuan respectfully, he flew to Xianyuan.

If the disciples of Xianyuanzong were seen, one of their ancestors even bowed to Ye Xuan with respect and respect, and I am afraid that my eyes will come out.

Soon, Xianyuan Zongli came with a signal.

"Come on, start!"

Ye Xuan's eyes lit up, and immediately broke through the void and returned to the Xianyuan Zong.

He had just passed through the door of the void, and he sensed two powerful breaths and was fighting.

"Teacher, why are you betraying me?" asked the demon spirit population with blood.

In the face of this problem, Huanglong Xianren did not answer. At this time, Ye Xuan has directly used the eyes of assassination to flash behind the demon spirits.

"Snapped!"

Ye Xuan took a shot and used forced swallowing skills.

"Hey, forced swallowing failed!"

The system prompts.

Forced phagocytosis does not succeed every time, especially to force the swallowing of living things.

Huang Longxian's success was pure luck. This time it failed, and it was also expected by Ye Xuan.

Since you can't forcefully receive the planting space, kill it!

Ye Xuan, Shu Lao, Explosive Flying Boat, Huanglong Immortal, the four masters of the four-class immortal level, this demon spirit immortal was instantly suppressed.

"what?"

The demon spirits were shocked, because the three immortals were clearly in the fairyland, and one of them was still fallen.

Now, how come the two four-character immortals, Ye Xuan and Shu Lao?

Under the joint efforts of Ye Xuan, the demon spirits have not been asked, and they have been seriously injured.

"Submit to me, otherwise, die!"

Ye Xuan's cold voice fell into the ears of the demon spirits.

"Hugh think!"

The demon spirits are struggling to support.

He is also a fairy, how can he surrender?

"If that's the case, then you will die."

This time, Ye Xuan hearted and killed directly.

Without ten rounds, the fairy body of the demon spirits was blown open, and then a fairy heart floated out of the body.

Ye Xuan saw it and quickly swept it to hold the fairy heart, and then directly pinched it.

"Hey, the host's killing value is improved!"

The fairy heart is the lifeblood of the immortal. If it is broken, then it is really dead.

Demon spirits, dead!

In this regard, the Huanglongxian who was controlled by Ye Xuan did not feel a little sad.

Now, the three immortals of Xiaoxianjie have died two, and only one Huanglong immortal is left.

When Ye Xuan was inspected the Qiang Kun ring of the demon spirit fairy, he found that there were still 300 stones in the head and earned.

If you add the previous eighty, that is, 380 celestial stones.

"Get it!"

After the death of the demon spirit, Ye Xuan could not help but reveal a long-lost smile.

Now, he is the strongest of the little fairy world, that is, the king of this mortal world.

The disciples and elders of the group of Xianyuan sects, who saw their ancestors falling behind, were shocked and could not speak.

Fortunately, Huanglongxian people are still alive, they are not countless.

Ye Xuan glanced at them and immediately broke open the void and returned to the fairy tomb.

Chapter 1686: Fairy Channel, open!

"Predecessors, demon spirits are dead!" Ye Xuan said to the lumens of the immortals.

"Well, these two ungrateful guys finally got retribution." Lumen Xianren is very satisfied.

Although Huang Longxian is still not dead, but it is controlled by Ye Xuan, as long as Ye Xuan has a thought, then he will die without a place of burial. What is the difference between this and death?

Moreover, the Huanglongxian people still have a little use.

"Predecessors, what about next?" asked Ye Xuan.

Now the two immortals are dead, and the Shengxiantai and Shengxian orders are in his hands. As long as he thinks, he can open the fairy passage.

However, the other side of the fairy passage, there may be two enemies who are illuminating the immortals. These two enemies are all seven immortals, and it is not easy to deal with.

"Now things have been going on for so long, they may have left, so you can open the fairy channel and take a look."

The Ming Ming said: "Of course, you can let the Huanglong immortal to open the fairy passage, or use him as a bait to attract the two, and then you take the opportunity to fly up the fairy world."

Ye Xuan heard, can not help but slightly nod, this is a good way.

If the two immortals are descended, after seeing the Huanglongxian people, they must first kill and then quickly.

By then, he can take the opportunity to fly.

This task, let the tree go old, because the tree will be resurrected.

"My body is already collected by you. If you return to the fairy world, be sure to let me recognize the ancestors!" The literary immortal continued.

"The younger generation must do it!"

Ye Xuan solemnly said.

"Well, now that the big hatred has been reported, then it will be useless for me to continue to linger, young people, goodbye!"

When the narration of the immortal is finished, it is directly a bubble, and his remnant soul is finally dissipated between heaven and earth.

For the Ming Dynasty immortal, Ye Xuan is also grateful. If it is not the former, he is afraid that at most it is a seven-robbery, how can it become a fairy?

"Predecessors, my Ye Xuan's promise, will definitely be done!"

Ye Xuan reported to the place where the sacred fairy remnants disappeared.

Then he left the fairy tomb directly and returned to the Xianyuan Zong.

Although the people in Xianyuan Zongli are still unknown, it does not matter.

He now leads the Huanglong Xianren, finds Shengxiantai, and then rebuilds Shengxiantai.

However, the piece of the immortal order has not yet been put on, because once it is put on, the fairy passage will be opened.

"The mortal world and the fairy world should not be a level place. If it rises, I am afraid it is not so easy to come back."

In the planting space, Ye Xuan communicated with the projection and the wayward.

"It doesn't matter, our wish is to fly up the fairy world, even if it is dead in the fairy world, it doesn't matter." Ren Zhiyuan said.

"Yes, although we are only scattered, but the treasures that you have left for us are enough for us to cultivate to the nine annihilation. After arriving at the fairyland, we will find a place to bury it until it becomes a real immortal." Ling Xiaodao said.

"Then you might as well cultivate in the cultivation space to the nine robbers and say it?" Ye Xuan suggested.

Bu Zun shook his head and said: "No, it is not good for Lao Lai to be there."

"If that's the case, then I will send you some more gifts!"

After Ye Xuan finished, it took a few seconds to complete. He was outside to ask the elders of Tianyuan Zong to ask for the all-around flying boat, and then strengthen it with Xianshi.

There are two fairy-class flying boats in the life of the Holy Family, and the Buddha's holy land has also received two fairy-class flying boats, so that their safety has skyrocketed.

Although I have spent a lot of Xianshi, but for my friends, Ye Xuan can still get it.

"Haha, thank you!"

Everyone thanked them.

However, things are not over yet, because the other side of the fairy channel may be guarded by two seven-character immortals.

Next, Ye Xuan stayed in the holy place of the outside for a month before returning to the fairyland and preparing to open the fairy passage.

His other avatar is going to stay in the mortal world, and the purpose is still the same, in order to save his life.

As for the entrance to the planting space in the holy place of life, Ye Xuan is to keep it. If the two immortals are down, just find the planting space, then Ye Xuan can kill them.

In order to avoid certain things happening, Ye Xuan evacuated the Xianyuanzong, and then he also hid far away, hiding the breath.

As for the Huanglong Immortal, it is near the Shengxiantai, and the person who placed the immortal order is the old tree.

"Young Master, I put it up!"

The old voice of the tree.

With the sharing of vision, Ye Xuan saw that the Shengxian Order had been put back to the Shengxiantai. In an instant, a white light rose to the sky and the Shengxian Formation was launched.

If the enemies of the celestial beings are still there, they should look down on them. When they arrive, they will first find the old trees, then the Huanglongxian people.

However, Ye Xuan is more concerned.

It's been more than 100,000 years since the Ming Dynasty's three immortals, and they just did not intend to offend the two, they were chased.

It is unlikely that the other side of the Fairy Channel will be kept for more than 100,000 years. However, the Huanglong Immortal and the Demon Lingren are not open because they are afraid of death.

The fairyland channel was opened, and the fairy tales of the fairyland were suddenly transported. Not only that, but even the fairy robes became stronger.

Those who passed through the peaks of the heavens and the earth, after learning the news that the fairy passage was open, they did not want to rob.

However, there is no one in the world.

The fairyland passage is closed, and the power of the fairy robber is small, so many people can spend the funeral.

Now that the fairy channel is open, the probability of falling is 99.9 percent, which is very scary.

Ye Xuan has already warned them, but these people have been thinking about becoming immortals, so they did not listen, resulting in total degeneration.

In this day, the Ghost Emperor also began to rob, after the upgrade of the Xian phagocytic system into a fairy devour system, the increase of the soul elegy doubled, and the strength increased a lot.

However, due to the increased power of Jiuzhongsan, it failed again and again.

However, every time the robbery fails, the Ghost Emperor's resistance to the smuggling of the smashing sect is stronger.

After three days, he finally succeeded in the robbery.

Now, in addition to the fall, Ye Xuan has reached the four-character immortal.

In the past three days, no one has gone out of the way. It seems that the two enemies who have seen the immortals have left.

"Ye Xuan, since no one is coming down, then we will go first!"

The wayward voice to Ye Xuan bid farewell.

"it is good!"

Ye Xuan returned a sentence and knew that these people could not wait.

In the end, the wayward and other people flew together to the fairyland. As for Ye Xuan, they continued to stay in the mortal world.

Because he is dealing with one thing, this thing is so difficult that even he is helpless.

At this time, in the Lianyun City on the eastern continent of Xueyan, Ye Xuan's three big names gathered.

Chapter 1687: Immortal reincarnation?

"Ye Xuan, you have become a fairy, can you even have no way?"

A woman asked about Ye Xuan frowning.

He is a cousin of Ye Xuan. The realm is not high.

At this time, on the bed in front of Ye Xuan, a six-year-old child was lying.

This child is the child of Ye Xuan's cousin, named Ye Yuquan, but after he opened the fairy passage, he has been comatose until now, and has not woken up.

Don't say that it is a fairy, even if it is already a fairy, Ye Xuan, can not reach into the child's body.

"I really saw a ghost, and even my eye can't see through his body. What is going on?"

Ye Xuan was shocked. All this was too unscientific.

Moreover, why is it so happening after the opening of the fairy channel?

Is it related to the two?

"Ye Xuan, what the **** is going on?" Ye Xuan's Dabo Yezhang could not help but ask.

"I don't know, even my realm can't probe his body." Ye Xuan shook his head.

"You can't even do it?"

Everyone is surprised.

Who is Ye Xuan, but the immortal, even he can not know the reason, who else can save this child?

Because it is the Ye family, Ye Xuan worked very hard to investigate the cause, but it was delayed.

This investigation is seven days long, and it has been seven days since the arbitrariness and so on.

"Although I was in a coma for seven days, no bad things happened..."

Ye Xuan observed Ye Yuquan, his eyes slightly picked up.

As soon as the Fairy Channel was opened, Ye Yuquan fell into a coma. If it is said that the two have nothing to do with it, it is a bit unreasonable.

If it is said to be related, is it too clever?

There are countless people in this mortal world. Why did it happen to Ye Yuquan?

In these seven days, Ye Xuan has already visited the entire mortal world, but did not find such a situation like Ye Yuquan.

Like Ye Yuquan, people who can't see through the eyes of the insight can't find a second one.

Therefore, Ye Xuan guessed that Ye Yuquan was not a reincarnation!

"Da Bo, cousin, the reason why Yuquan is like this, I guess... he may be a reincarnation of the immortal!" said Ye Xuan.

When everyone heard it, they were all shocked.

"Xian, immortal reincarnation?"

Ye Xuan's cousin's eyes widened, and she couldn't believe that her son turned out to be a reincarnation.

"There should be only this explanation, otherwise I can't see it!" Ye Xuan solemnly said.

Indeed, the realm of Ye Xuan's now four immortals is invincible in this mortal world. Even if it is the Huanglong Immortal of the Six Pinxian people, he can see through it.

"Then, is this good or bad?" Ye Zhang asked.

"I don't know this."

Ye Xuan shook his head.

However, he believes that this is a bad phenomenon, because the reincarnation of the immortal, the realm should be higher than him.

If it is a good-natured immortal, then it is okay to say, but what if the immortal is a killer?

In the past seven days, Ye Xuan tried to get Ye Yuquan to receive the planting space, so that the other party would wake up and Ye Xuan had a way to control it.

However, this method has failed!

Then, Ye Xuan used forced engulfing skills to prepare Ye Yuquan forcibly into the planting space, but still failed.

Ye Yuquan, but a six-year-old child, even if he was raised from a small age, is now a long-lived place.

Forced to swallow, even can not get in, this will undoubtedly make Ye Xuan more certain that Ye Yuquan is the reincarnation of the immortal.

Therefore, Ye Xuan is looking for something in the Xian phagocytic system, and some things that can trap the immortal, so that Ye Yuquan wakes up, and he has a way to control it.

However, it is at this time.

"Calling!"

In the room, suddenly a gust of wind blew.

Then, Ye Yuquan on the bed suddenly changed.

Ye Yuquan's face suddenly became red, not only that, but the whole body was as red as blood.

Immediately, Ye Yuquan's eyes suddenly burst open.

As his eyes opened, a strong momentum spread and shocked everyone present.

Even Ye Xuan, I feel guilty!

What is the realm of Nima?

"Ha ha ha, I am a little devil, finally reborn!"

Ye Yuquan, directly sent a long smile.

Although Ye Yuquan's strength is weak, this laughter almost makes everyone's souls fly away.

What kind of strength is this?

Perhaps because the rebirth was too excited, Ye Yuquan smiled for half a minute, and after half a minute, he noticed everyone present.

"Hey, is there a fairy?"

Ye Yuquan looked at Ye Xuan somewhat strangely.

"You, is the reincarnation of the immortal?" Ye Xuan asked in vain.

Although he said that his heart is already very certain, he still couldn't help but ask.

"Xianren? Hehe, do you care if I am, let's play one game and see the boxing!"

Ye Yuquan suddenly smiled and sneaked a sneak peek into the front of Ye Xuan. The young right hand came out and suddenly slammed into Ye Xuan's stomach.

"Hey!"

Ye Xuan, a four-person immortal, was shot by a long-lived Ye Yuquan, and his bones were broken.

This point, even Ye Xuan can not believe it.

"Hey, how is it so weak?"

Ye Yuquan looked at Ye Xuan, who was flying out, could not help but sigh.

The people around him, including Ye Yuquan's mother, Ye Bingbing, have widened their eyes.

Ye Xuan, already the strongest mortal, but was beaten by a punch, Ye Yuquan is not a reincarnation, or what?

Seeing that Ye Xuan did not fight so much, Ye Yuquan did not shoot again. Instead, he held his arms around his chest and looked at Ye Xuan's cousin Ye Bingbing. He said, "You, is this physical mother?"

Ye Bingbing heard this, and after a pause, he nodded quickly: "I have seen my predecessors!"

"Very well, you have a good son. The body is very suitable for me. You can rest assured that this body is only temporarily occupied. Your son's soul is sealed by me. After I restore my strength, I will reshape the magic body and will take you. The son is still back." The mixed king said.

"More, thank you seniors!"

Hearing that his son's soul was not erased, Ye Bingbing quickly thanked him.

At this time, the mixed world demon king again fell on Ye Xuan and said: "You, know where is the Sendai station?"

"know!"

Ye Xuan nodded.

"Well, take me to Shengtai, Laozi wants to return to the fairyland. When it is time, it must be a shame!"

The mixed world devil angered.

Then, Ye Xuan was forced to bring this self-proclaimed little demon king to the Shengxiantai in Xiaoxianjie.

"Kid, you don't seem to have refining the fairy heart, how do you want it, do you want me to pass you one?" The little devil said suddenly.

"what?"

Wen Yan, Ye Xuan's eyes lit up.

"I think you are still pleasing to the eye, the blood in the body seems to be a fire attribute. I have a refining method of purple magic here. Do you want it?" The twins of the mixed world demon show their sly look.

Chapter 1688: Flying up fairyland

"Purple magic?"

Ye Xuan frowned and didn't understand what it was. After all, he was just a fairy, and he didn't understand the fairy heart.

"Haha, you haven't heard of it is normal, but I can tell you that in addition to the immortal, there is a cultivator in the fairy world, and I am a cultivator!"

"Cultivate the immortal, repair the demon?" Ye Xuan brow wrinkled, asked: "What is the difference?"

"Cultivating the immortals, that is, the right way in your mouth, is similar to yours now. The demonist is mainly practicing the devil, and the body can be cultivated to the extent that it is hard to touch the fairy."

After the mixed world demon king finished, he smiled again: "The immortal and the cultivator are just right and wrong, but I don't think you are practicing hard, so you don't bully you."

"The purple magic is the magician?" Ye Xuan asked.

"Yes, if you have tempered this purple magic, then you will have the purple magic flame, this is a very overbearing skyfire, even I am jealous."

Hearing this, Ye Xuan hesitated.

There are two ways now in front of him.

The first is to accept the kindness of this mixed king, and the second is to refuse directly.

However, if you refuse, you may be angry with the little devil.

Therefore, there is only one way to go.

"Thank you for your predecessors!"

Ye Xuan said quickly.

"OK."

Then, the mixed world devil is just writing with the real gas.

"Hey, the purple magic method of refining is successful!"

The system prompts.

At this time, the eye of the mixed world demon king is another turn, said: "Hey, I am not strong, and the demons are in the fairy world, but everyone shouts, you can write down this."

He finished and started writing again.

"Hey, the method of refining the magical fairy heart is successful!"

Still not waiting for Ye Xuan to open, the mixed world demon king is continuing to say: "Hey, this dazzling fairy heart, but better than the purple magic, if it can be refining success, the body will produce a dazzling fire, burn the world."

Ye Xuan is also unclear about the intentions of the little devil in the heart of the world, but he seems to be quite suitable for him. It should also be a fire attribute.

"Well, I want to fly up the fairy world, goodbye!"

After the mixed world demon king finished, it was directly on the station of Sendai.

"Ok?"

Ye Xuan reacted, and the mixed world demon king is only a long-lived place. Even the scattered fairy is not, how can he fly up the fairy world?

However, this mixed-race little devil is not an ordinary person, nor does he know what is the realm of the realm. In an instant, he is flying up to the fairy world, leaving only the wrong Ye Xuan.

Ye Xuan is also quite helpless, no one would have thought that a demon person would be born again on his nephew.

I don't know if this is good or bad. After all, the little devil who said that the cultivator and the cultivator are not right and wrong.

However, things have already happened, there is no way, after all, the mixed world demon has soared to the fairy world.

"It is also time for me to fly to the fairy world. Listening to the narration of the immortals, it takes a lot of fairy stones to come back from the fairy world. I have swallowed up these three hundred pieces in the space. It is estimated that it will not work..."

Ye Xuan's eyes glimpsed, then returned to Lianyuncheng and brought the news to Ye Bingbing.

The mixed world demon king reincarnate to Ye Bingquan, the son of Ye Bingbing, but they have no way to stop it, so they can only calm down.

Maybe, is this still an opportunity for Ye Jia?

"Well, I have to stay at home and it is time to fly."

Ye Xuan thought about it and immediately set off again and went to Shengxiantai.

Finally, it is going to fly!

At this moment, Ye Xuan's mood is extremely complicated. As soon as he is a mortal, he has become a fairy.

I don't know, what is the world of immortals?

"Hey!"

On the rising stage, a white light descended, and Ye Xuan's figure was submerged. Immediately, it disappeared on the rising fairy platform.

There are countless mortals in this world, and there seems to be only one celestial world, so the process of flying is extremely slow.

Ye Xuan spent an hour in the white light, and then appeared in a strange place.

Shengxiantai is actually a transmission array with a long distance. It can be seen from the hour of flying.

Ye Xuan was also afraid before, after he flew, the planting space could not be connected with the mortal.

This worry really happened.

"Hey, the planting space entrance is closed!"

"Hey, the planting space entrance is closed!"

The two systems prompted to sound, and Ye Xuan sensed that he was at the entrance to the East Continent of the Blood Rock continent, and the entrance to the Life of the Holy Land, closed.

Fortunately, he moved Ye Jia and others to his planting space, but his second avatar was to stay in the mortal channel.

The mortal and fairy circles may be due to the difference, so the planting space cannot be connected. This is something that Ye Xuan can understand.

That being the case, then forget it.

"Is this the fairy world?"

Ye Xuan's eyes squinted and looked around and found himself at the foot of a mountain.

Next to it, there is a stone monument with three big characters on it: Shengxian Cliff!

The mortal world is the strength of heaven and earth, and the fairyland is the fairy.

The people in the fairyland are tempered by the immortality at birth, and it is very simple to reach the heavens. Even some people are born as immortals and immortals. This is the gap.

From a common warrior, Ye Xuan climbed all the way to the fairyland, which is a very rough situation.

This time, Ye Xuan is going to complete the last wish of the Ming Dynasty, that is, to send his body back to the fairy ancestor of the fairyland.

However, it has been hundreds of thousands of years since the Ming Dynasty immortal, and the pattern of the fairy world may have changed. If the Xianyuan is still there, it would be much better.

If Xianyuanzong was ruined because he had provoked someone, then it would be a tragedy.

Among the relics of the celestial immortals, there is also a map. Ye Xuan does not know whether this map is correct. In short, let's see it.

"Xianyuan Zong, in the northwest of this flying cliff, and the distance..."

Ye Xuan looked at the map in the Xian phagocytic system, but he suddenly found out that this Xianyuan sect was calculated from his years.

"I have gone there. If I want to go in the past, I will spend at least a hundred years. Even with a transmission array, it will take at least ten years..."

Ye Xuan's eyes are awkward and the road to the fairy is long. It's really not unreasonable.

It seems that we must first improve the strength, as long as the strength is strong, the road is simple.

At the moment, Ye Xuan is looking at the map and then heading north.

The map shows that there is a gathering place of fairy beasts in the north, so Ye Xuan is trying to hunt the fairy to enhance his strength.

As for the road, it is natural to use the fairy-class explosion.

Chapter 1689: Lucky nine

Before the Ming Dynasty immortal reminded Ye Xuan, the explosion of the flying boat in the mortal use is not bad, but to the fairy world, it is a bit out of hand.

Ye Xuan still did not understand the meaning of this sentence, but when he rushed to the gathering place of the fairy, he understood.

At this point, Ye Xuan suddenly had a strong breath, and then passed by him.

This is an old man with a sacred bone. He is in white, his feet are flying swords, and he has passed by.

"At least, it's six good people!"

Ye Xuan eyes a glimpse.

It turns out that the most commonly used in the fairy world is the flying sword. On the speed, the flying sword of the same order is much faster than the flying boat, and the material is less.

Although the flying boat can also be defended, it can also be attacked, but the refining cost of a fairy boat is enough to make up three fairies. Moreover, the average person needs to control inside the fly boat, and if they use the fairy device, they can also use other means, so the flying boat is a bit sloppy.

However, Ye Xuan does not care, after all, he can control the fly boat remotely.

The fairyland is very big, and it is hundreds of millions of times larger than the mortal. With this trip alone, Ye Xuan has been in full swing for seven days.

You know, he is driving a fairy-class flying boat.

"It's a bit overkill for flying a boat to kill monsters, and now every time you attack a blasting boat, you have to consume five sacred stones, which is too wasteful..."

Ye Xuan's eyes slammed, then he took the boat and entered the gathering place of the fairy.

This fairy beast gathers, there is a fairy beast that is comparable to the Eight Immortals, so it should not be underestimated.

However, Ye Xuan, who has all kinds of cards, is not afraid.

"Hey!"

Ye Xuan was just entering, there was a roar of roaring sounds. He heard the sound and swept his eyes and found a winged tiger.

"Is it comparable to the fairy of the four immortals?"

Ye Xuan's eyes glimpsed and then swiftly swept away.

Killing, although the income is much, but Ye Xuan actually prefers to kill monsters.

Although the IQ of the fairy beast is not low, after all, it is still a beast. Like the demonizer, it mainly relies on the body to fight.

The most important thing is that Ye Xuan has the blood of the fairy unicorn, and his attack has more than doubled the damage to the fairy.

Soon, Ye Xuan rushed over, and then flashed, directly controlling the winged tiger with the eyes of the soul.

Under the same level, the fairy beast is easier to control than the immortal, which saves a lot of things.

Controlling this winged tiger, Ye Xuan has no other ideas, just to facilitate the killing.

"Virtual Flame Sword!"

At the moment, Ye Xuan is directly throwing out a sword and falling on the winged tiger.

Unexpectedly, this sword did not even kill the winged tiger.

"The virtual flameless sword wave has raised the level of sweeping the nine robbing and dispelling the celestial level. It seems that it has to be changed."

Ye Xuan's eyes glimpsed, and then he went out with a few swords and gave the winged tiger a spike.

Then he just swallowed the body directly.

The body of the fairy beast can be swallowed up to improve the cultivation of Ye Xuan, and the old tree will also benefit.

Now there is no restriction on the scent of scent, the strength of the old tree, the sneaky emperor and the Megatron, I am afraid that Ye Xuan will be opened a distance.

"I have already ascended to the fairy world. Some of the previous things have to be lost."

Ye Xuan eyes a glimpse and began to explore.

The martial art of the imaginary sword wave, when Ye Xuan spent two points to swallow the point, and now it is useless, but it can be recycled a little swallowing point back.

Secondly, the lifeblood of the immortal is the fairy heart. Although Ye Xuan has not refined the fairy heart, the eternal eye is no longer used. This skill has lost its effect after Ye Xuan became a fairy. Now it can be recycled. Point to swallow the point, not bad.

Coupled with the original point of devouring on his body, it is four o'clock.

In addition, the smashing of the Emperor of the Ghosts is also difficult, so Ye Xuan also decided to take it.

"Hey, the virtual flameless sword wave is recovered successfully, and the host gets a little swallowing point!"

"Oh, the Eternal Eye is recycled successfully, and the host gains two points to swallow!"

"Hey, the broken rock is recovered successfully, and the host gets two points to swallow!"

Along the system prompts the sound, Ye Xuan directly has a six-point swallowing point.

Then, he first used three points to swallow the point, bought three bottles of blessing oil, and then all used on Megatron.

"Hey, Megatron's lucky value is a little better!"

"Hey, Megatron's lucky value is a little better!"

"Hey, Megatron's lucky value is a little better!"

Megatron's lucky value will be shared with Ye Xuan, so Ye Xuan now has nine lucky points.

Lucky nine, but has a special effect.

"Hey, the host is lucky, and the lucky effect doubles!"

"Hey, the host gets the system reward, the fairy technique: a thousand!"

Hearing this, Ye Xuan's eyes lit up.

Lucky nine, it is really good, the lucky effect has doubled.

This means that his lucky value of nine points is equivalent to the effect of eight points of luck.

As the lucky value increases, the success rate of skills such as one-shot kill, crit, and forced swallowing will increase.

Of course, Lucky Nine is already the limit and will not be upgraded in the future.

Then, Ye Xuan again focused on the door of the fairy.

The blood of the immortal, there is a body that can be promoted, called a thousand. Now, he has gotten a thousand more, although knowing that it will not matter, but also a little bit.

After Ye Xuan saw the clear explanation, the whole person was paralyzed.

A thousand, it is an attacking fairy, seemingly only a sword, but in fact it contains a thousand attacks.

This move is a bit like the pulse of the earth in the virtual state of God. However, this one can still make the chance of a hit and a crit trigger doubled!

"I am lucky now, the lucky effect doubles, the chance of triggering is much higher, plus this thousand is absolutely perfect, even if it is a fairy, you have to fall!"

Ye Xuanyuan has wide eyes.

Don't forget, the effect of one hit and kill is calculated according to the number of attacks. As long as the thousand attacks are triggered once, it is enough.

One trigger, break the defense of the opponent, trigger twice, then the life of the other party!

"Shuang, it's so cool!"

Ye Xuan's self-confidence suddenly burst into shed.

This undoubtedly gave him another hole card, and it is the most powerful one card from the beginning to the present.

However, this one can only be used once a day.

Right now, he still has three points to swallow, so he carefully calculated it and decided to change the sword of a fire attribute.

"From the fire sword!"

This door is a sword that can grow up. It is not only a fire attribute, but also can be condensed out of the fire sword. The power is not weaker than the same level, so it also saves the forged fairy. This step.

The thing that devours the three points is naturally not weak, so Ye Xuan directly exchanges it.

"Hey, I've successfully exchanged it from the fire sword, do you want to learn immediately?"

"Hey, the host learns to be away from the fire!"

Chapter 1690: trouble

Now, the six-point swallowing point is completely used up.

Then, Ye Xuan exchanged a common refining method in the Xian phagocytic system.

He has become a fairy, but has not yet refined the fairy heart, because there is no material in the mortal world.

Although he has a way to refine the evil heart and the purple magic, but the material does not seem so easy to get.

Moreover, even if you want to refine the heart of the fairy, you need the ordinary fairy heart, so this is inevitable to change.

"The material of Xianxin can probably be obtained in the gathering place of this fairy beast, but the old tree is now a fairy, and the purple magic will give him a good time."

Ye Xuan said secretly, that is, the old three trees were released.

The old tree is mainly based on physical combat, and the purple magic is suitable for him.

The sneaky emperor is a fairy, and does not need to refine the fairy heart, so the strength is somewhat insufficient.

It's already nine miles away, but Ye Xuan has been practicing for a while. If you become a true immortal, you must also cultivate a kind of fairy heart.

"Okay, divide into three groups of actions!"

Ye Xuan said to the old three of the trees.

He is a group of himself, a group of old trees, a group of Ghosts and Megatron, and a three-pronged approach, the efficiency of hunting the beasts is certainly high.

The reason why Ye Xuan does not use the three hundred sacred stones to enhance the realm of the Ghost Emperor and Megatron, is also because after becoming a fairy, the upgrade experience is much more.

These three hundred sacred stones are estimated to only allow them to ascend a realm, and by then refining the fairy heart, it is necessary to directly refine a large number of celestial stones and then transform them into fairy tales.

However, even so, it does not hinder the pace of Ye Xuan's upgrade.

"Hey, the host breaks through, and it's currently five people!"

"Hey, the break of the thunderstorm is currently a five-pronged man!"

This time, Ye Xuan was killed in the gathering place of the fairy beast for seven days and seven nights, directly devour the body of the fairy beast and broke through once.

Ye Xuan, who has the knowledge of the gods, the killer instinct, and the perception of the eye, collected all the heavenly treasures encountered on the road.

"Well, I finally collected the refining materials of ordinary fairy hearts."

Ye Xuan breathed a sigh of relief and then piled all the materials together. In addition, there were more than one hundred sacred stones.

"Hey, the host gets a common fairy!"

The system prompts.

The heart of Ye Xuan has directly become a fairy heart, which is relatively safer.

However, Ye Xuan estimates that it is not so easy to get the materials for refining the evil heart.

"Go, continue to collect, and try to get the old and the fallen."

Ye Xuan thought about it.

However, at this time, the fall in the planting space suddenly said: "Young master, can I be robbed?"

It's been a long time since it's broken, but she's not a magic weapon, so she's let her protect her. After all, the robbery in the fairy world is stronger than the mortal.

Ye Xuan estimated that, coupled with the robbery of Dan, the fall should not be a problem.

"Okay, come on!"

Ye Xuan nodded and agreed.

Then, the fall appeared on his side, and then prepared a little, then take the robbery.

"Calling!"

Xianqi, began to condense.

It is the strength of heaven and earth that condenses in the mortal world, so the robbery is weaker, and the celestial world is condensed, and the power is multiplied.

However, it has been cultivated for a long time in the planting space. If it is converted, it has been more than ten years, so Ye Xuan is relieved.

Don't forget, the falling days of the blood of the fox, but very powerful.

"Boom!"

Finally, the robbery fell.

Jiuzhong scattered robbing, a total of nine, one is stronger than one.

This first way is just an appetizer.

But then, the robbery did not have any influence on the fall. Even the ninth robbery could not make her frown.

"Oh, the success of the robbery, the current four-star immortal!"

"Hey, the breakthrough is broken, and it's currently five people!"

A series of two system prompts to sound, Ye Xuan's brow pick.

what's going on?

After the nine-robbery of the sacred sects and the sacred sacred sects, shouldn't it be just a four-character immortal? How can it be directly broken?

"Young Master, after I ran into the robbery, the scent of the body suddenly expanded, so I broke through the shackles directly."

"It seems that you are tired of the blood of the day, it is beyond my imagination."

Ye Xuan lamented, but in general, this is a good thing.

The stronger the blood, the better the fall!

"Well, now you are also a fairy, then you want that purple magic, or dazzle fairy?" Ye Xuan asked.

"I am also a demon family like a grandfather. After becoming a fairy, it should be a demon fairy, but we all rely on physical fitness to eat, generally refining the magic." Fallen answered.

"Demon fairy? Is this your inheritance in memory?" Ye Xuan asked.

The inheritance memory before the fall is the memory of her previous generations, but now the memory of inheritance is the blood of the sky.

"Well, we refine the magic of the devil, not as obvious as the demons. In the fairy world, we are legal defenders." Nod and nodded.

"So very good, so I am not afraid of being chased by the young master." Ye Xuan opened his mouth and smiled.

The mixed king devil said that the immortal and the demonic are dead enemies, and they will kill when they see it.

If the tree is old and fallen into a repairer, then in the fairy world can be a street mouse, when he has to fight carefully.

Now it's good, and the demon refining magic is legal, so it's simple.

However, at this time, the sky suddenly plundered three figures.

These three people are all coming on the flying sword, and there are two five-character immortals.

"Oh, the one I saw was a saga, it's weird."

"Are you a pig? The scattered fairy robbing was smashed by a soul, but no one is there?"

"Well, there are four five-character immortals here, kill it."

The three of them did not say anything about Ye Xuan.

“Hey!” “Hey!” “Hey!”

Three-handed flying swords, plundering toward Ye Xuan.

In the fairy world, it is generally fighting magic, so it is to control the flying sword to fight, few people will fight like a demon.

These three-handed flying swords, although not a fairy, have been very close after years of hardening.

"If you don't agree with one word, you will kill it. The fairy world is not as peaceful as I expected."

Ye Xuan's mouth is slightly tilted, and the light flashes directly.

"Hey, take control of success!"

"Hey, take control of success!"

In an instant, the two five-character immortals were controlled by him, and then the two flying swords suddenly turned around and stabbed the six-character immortal.

"what?"

The head of the person was shocked and did not understand why his two brothers suddenly attacked him.

“Hey!” “Hey!”

The six-character immortal who was headed hurriedly offered a armor to block the two flying swords, but the next moment, a figure suddenly appeared behind him.
