

Super D. S 1691

Chapter 1691: Old acquaintance

"Kowloon Ben Lei Flash!"

"boom!"

The old man slammed into the back of the headed person and then smashed it.

"Hey!"

The ordinary fairy heart of these six immortals was directly crushed and instantly fell.

"Hey, the host's killing value is improved!"

The system prompts.

"Although it is a six-character immortal, it is worse than the Huanglong and the demon."

Ye Xuan eyes a glimpse.

Huanglong Xianren and the demon spirits are all disciples of Xianyuanzong. Although they are only foreign disciples, the combat effectiveness is still very strong in the same class.

The head of the six-character immortal, the two five-character immortals were controlled by Ye Xuan, and the battle ended instantly.

"who are you?"

Ye Xuan asked the three people's Qiang Kun ring.

"We are the people of the nearby Black Wind tribe. When I see someone here, I am going to see it, so come over and see." One of them explained.

"Black wind tribe?"

Ye Xuan frowned, said: "Let the police, I want to search for the soul!"

Compared to the question, it is easier to search for the soul. After all, Ye Xuan's first arrival, you must understand the pattern of the fairy world.

The same level of soul search, but it is very fast, but it also took half a day.

Half a day later, Ye Xuan was directly killing the two men.

"There are many tribes in this area, the small tribes are attached to the big tribes, and the big tribes are controlled by the family..."

Ye Xuan thought in his heart.

This area is controlled by a Xia, which is the immortal family named Xia.

As for the news of Xianyuanzong, this person does not know, after all, Xianyuanzong is in another area.

However, there are more than three people from this black wind tribe. They are going to enter this fairyland gathering place and encircle another tribe.

This kind of war, Ye Xuan likes most, after all, he has not used Kirin down yet.

These three immortals, each with a few hundred stones, are not bad.

"Hey, Megatron breaks through, and is currently a five-pronged man!"

"Hey, the ghosts of the great emperor break through, and they are currently five people!"

After crossing the scattered fairy robbing, the upgrade experience has been greatly improved. These Xianshi have only improved one-fifth of the experience of Ye Xuan.

"It's a bottomless pit!"

Ye Xuan sighed, and even if he turned his head, he rushed to the depths of the fairy beast.

According to Fang Cao Soul, this black wind tribe is going to sneak into the Baiyue tribe, and this Baiyue tribe is going out of the nest this time, in order to encircle several fairy beasts that are comparable to the Eight Immortals.

This kind of good play, can you leave Ye Xuan?

In the cofferdam time, just three days later, three days to get there, Ye Xuan can still do it.

In order to hurry, Ye Xuan even ignored the beasts along the way. After three days, he finally arrived nearby.

However, the loud noise coming from the front proves that the front is already fighting.

I don't know, it is the Baiyue tribe that encircles the fairy beast, or has already done it with the Black Wind tribe.

At the moment, Ye Xuan is quickly leaning against the past.

This battle has added up to a hundred people, but those who are comparable to the Eight Immortals are not seen, and it is estimated that they have been collected by someone.

"Mixing things, I am Baixiang, I will fight with you today!" A strong man yelled at the sky.

"Ha ha ha, this time my black wind tribes are all elite, and you kill the beasts, many people have died, it is impossible to escape the birth of the sky, do not go with your companions as follows."

A long-haired man from the Black Wind tribe laughed.

The two sides are playing hard, and the leaders of these two tribes are all eight elites, and their strength is very strong.

Originally, Ye Xuan wanted to wait for the two sides to make a double defeat, and then shot again at about the same time.

However, after he saw several figures in the Baiyue tribe, his eyes were about to come out.

"A wayward, glass fairy?"

Ye Xuan's eyes widened as if he had read it wrong.

Unexpectedly, they even joined the Baiyue tribe, but Ye Xuan looked at their realm and felt a bit wrong.

Wayward, six good immortals.

Glass fairy, six Pinxian.

How can this be?

When the arbitrariness and other people left, they were almost nine scams. Even if they were successful, they should be just four talents.

Why, how long did this last, even broke through to the six Pinxian people?

However, Ye Xuan does not care so much, because the wayward and the glass fairy joined forces, and was beaten by a seven-character immortal.

"kill!"

Ye Xuan said nothing, directly put the old tree, the ghosts of the Emperor and Megatron.

Although they are only four good immortals, but each is a challenge that can be challenged, not to mention, this time Ye Xuan is going to kill and the bottom cards.

"Kirin down!"

After Ye Xuan used this card, the power of his body was madly used, and then a courageous unicorn came out.

After the unicorn descended three times, it was finally possible to summon the unicorn, and each summoning may be different.

Fire unicorn, ice unicorn, Lei Qilin and so on.

The call of Ye Xuan is a fire unicorn.

"kill!"

Ye Xuan immediately directed the fire unicorn and killed.

At the same time, he also marked the wayward opponent, and then cast the eyes of the assassination.

"call out!"

"From the sword!"

A flame sniper, directly on the wayward opponent, this person fortunately is the seven-character immortal, Xian Lijun, and there is a fairy armor, did not die under this attack.

I was very grateful to see someone suddenly rushing out and reducing the burden on myself.

However, after he saw the face of the comer, the whole person was paralyzed.

"Ye Xuan, I have been waiting for you for almost a thousand years, you are finally here!"

Shouted excitedly.

When the words came out, I changed the leaves and Xuanyuan.

A thousand years your sister, obviously not even for half a month, where is the thousand years?

However, at the moment it is not the time to revisit the old, first solve this battle and then say.

"Kowloon Ben Lei Flash!"

The tree suddenly came, and a punch hit the chest of the seven-character fairy.

"Hey!"

With just two hits, this fairy armor is broken directly.

Now that the defense has broken, then it is time for him to die.

"Calling!"

A gust of wind whistled, a flame unicorn came to the air, and directly on the chest of these seven immortals.

This foot has the power of destroying the earth and destroying the earth. Without him, the fairy heart is broken instantly.

"Hey, the host's killing value is improved!"

The system prompts.

Ye Xuan's killing value has skyrocketed a lot, and it has also condensed a killing mark.

At the moment, he just put away the other party's Qiang Kun ring and said: "Be willful, wait until the old!"

After that, he marked another person with a death killing order and then swept over.

"From the sword!"

"Kowloon whistling!"

"Sharp storm!"

Chapter 1692: Hundreds of years ago?

Ye Xuan, already killing his eyes, if he kills all the people of these black wind tribes, he may be able to break through twice in a row. This is a good opportunity.

Although he would like to use the 诛剑 sword array, but there is still a lack of killing engraving, and there are people of the Baiyue tribe, so other skills are better.

This battle was originally a weak position of the Baiyue tribe. With the addition of Ye Xuan, the situation directly reversed a major overhaul.

The five seven-character immortals of the Black Wind tribe died directly, and then they died.

"Death chase!"

"The eye of assassination!"

“Thousands of absolutely!”

After the preparations were completed, Ye Xuan immediately came to the back of the second Qi Pin Xian.

A white light flashed over and fell on the body of this seven-character fairy.

"Hey, trigger a hit and kill effect!"

"Hey!"

The fairy heart in this seven-character immortal body bursts instantly and falls down directly.

It's too powerful to fight with one hit and then with a thousand.

Originally, Ye Xuan's goal was to have eight people in the Black Wind tribe, but this person's realm is high and he has the upper hand. I'm afraid it's not so easy to attack him, so Ye Xuan changed his goal.

At this time, the Black Wind tribe left only three seven-character immortals.

Moreover, this is not over yet.

"Hey, the host has a killing mark!"

"Hey, the host has a killing mark!"

Four killings were engraved, and only one was left in an instant.

Ye Xuan found an opportunity to hold a hand from the heavenly sword.

戮仙绝绝!

A huge sword smashed away and directly split the body of a seven-character immortal into two halves. Even several masters behind him could not escape this blow.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

Along the system prompts the sound, Ye Xuan's killing value has skyrocketed.

At this moment, the strength of the Black Wind Tribe and the Baiyue Tribe is almost the same.

No, it should be that the Baiyue tribe is stronger, because Ye Xuan is standing in the Baiyue tribe camp.

"How is this going?"

The eight-character immortal of the Black Wind tribe was shocked and did not understand where Ye Xuan came from.

Don't talk about him, even the leader of the Baiyue tribe does not know who Ye Xuan is.

However, in general, their crisis is temporarily lifted. Not only that, but they may also fight against the Black Wind tribe and let them suffer heavy losses.

"Damn, go!"

The black wind tribe, the eight-character fairy face changed greatly, directly ordered.

"It's not so easy to go now!"

The leader of the Baiyue tribe squinted and immediately chased it up.

At the same time, there are also two figures quickly approaching, one is the old tree, and the other is the fire unicorn that Ye Xuan summoned.

Although the duration of this fire unicorn is not long, but the attack power is very strong, at the same time, he still has a trick.

"burning the world!"

The fire unicorn directly turned into a hot flame, and the eight-character immortals of the Black Wind tribe swept away.

"A strong attack!"

The man's face was gloomy, and he saw some of his companions burned out of the bones by the temperature of the unicorn flame.

If this blow falls on him, I am afraid that the consequences will be serious.

"Hello, what are you thinking about?"

Suddenly a strange voice rang behind his back.

The old man once again used the Kowloon Ben Ray Flash to come to his back, followed by nine Kowloon Thunder Chains.

In an instant, this eight-character immortal was trapped, and the leader of the Baiyue tribe also controlled a flying sword and stabbed him into his head.

However, even if the immortal's head bursts open, it will not die, because after the immortal, the soul has moved to the heart and is integrated with the fairy heart.

However, the flame of the fire unicorn passed directly through the wound and rushed in.

"Calling!"

The fiery flame burned in the body of the Eight-Pin Xian, and the other's fairy heart was just the ice-hearted heart, but it could not resist the fire of the Kirin.

After a second, this ice fairy heart is melted directly.

"Hey, the host's killing value is improved!"

At the moment, when these eight immortals die, others are not afraid of it. Soon they are chased and killed, and there is no one left.

Among them, a large part of the Qiang Kun ring, fell into the hands of Ye Xuan, including the eight Pinxian people.

"Enough I broke through..."

Ye Xuan eyes stunned and directly swallowed it.

"Hey, the host breaks through, and it's currently six people!"

"Hey, the break of the thunderstorm is currently a six-piece immortal!"

"Hey, Megatron's breakthrough, currently six people!"

"Hey, the ghosts of the great emperor break through, and are currently six people!"

In an instant, the strength of Ye Xuan and others has skyrocketed several times.

"Ye Xuan..."

The wayward quickly flew over and said: "Your strength is as strong as it was hundreds of years ago."

"Hundreds of years ago?"

Ye Xuan is a little confused about the situation. He said that he has waited for nearly a thousand years. What is going on?

"Yeah, don't you count it? I have been flying to the fairy world for a thousand years." Nodded and nodded.

"What a thousand years, obviously less than half a month." Ye Xuan said differently.

"Half month? Impossible, we have all joined the Baiyue tribe for hundreds of years. If it is not necessary to have a lot of Xianshi, I want to go back and see you."

At this time, the glass fairy was also swept over. "What happened? How do you think that it is less than half a month?"

"Yeah, shortly after you ascended, I also soared. How could it be nearly a thousand years?"

Ye Xuan frowned.

"It's hard to be true. The time flow rate between the mortal and the fairy world is different. Anyway, I have been through for nearly a thousand years. I have had a grandson with Liu Liu..." The wayward is also amazed.

As soon as this was said, Ye Xuan almost did not spurt an old blood.

The wayward and the grandson of Liu Liu?

In the conversation between the people, the leader of the Baiyue tribe also led other people to rush over and asked: "Be arbitrarily, do you know them?"

"Deputy chiefs, they are my friends, just flying up." The wayward explained.

"In the next hundred Xiang, this is a loss of a few, otherwise the consequences are unimaginable."

The deputy leader of the Baixue tribe solemnly held the boxing, and then said: "I only heard your conversation, and I have heard it. Recently, there seems to be some problems in the fairyland. I heard that this has happened in the flying up points of other tribes."

"It turned out to be."

Ye Xuan nodded slightly.

Fortunately, he did not let the tree grow up first, otherwise it would be a tragedy if there was a hundred years of error.

"The little demon king of the world has been flying for a long time before me. I don't know how many years have passed to the fairy world."

Ye Xuan's eyes glimpsed and thought in her heart.

Chapter 1693: Time difference

"Since all of you are self-willed friends, why not go to the Baiyue tribe to sit?" Baixiang invited.

"Right, go sit down with us, my father is all there."

"Alright!"

Ye Xuan nodded slightly, although he and the wayward were less than half a month, but the wayward and other people, but it has been nearly a thousand years have not seen.

At the moment, Ye Xuan is following the team of the Baiyue tribe and flies back to the Baiyue tribe.

"Right, everyone has passed the Jiuzhong Sanxian?"

On the way, Ye Xuan could not help but ask.

Hearing this question, he shook his head arbitrarily and said: "This is not the case. Many people have died under the smuggling of Jiuzhong, including my grandfather. Only less than ten have survived the scent."

The self-willed grandfather Ren Zhiyuan is the lord of the Holy Land of the Holy Land of Life. He did not expect to die under the scent of the sacred sacred.

"What about the predecessors of the day?" asked Ye Xuan.

"He passed, but he did not join the Baiyue tribe, and he went to the fairyland. The Buddha and the monk also left." The wayward replied.

"Oh!"

Ye Xuan nodded.

Soon, they returned to the Baiyue tribe. This Baiyue tribe is not too small. There is a nine-character immortal sitting in the area, which is quite powerful in this area.

Baixiang and others just returned, Baiyue tribe's leader Baiyue sensed, and rushed out to meet.

"Second brother, how could this casualty be so serious?" Baiyue asked strangely.

This time they are going to hunt three eight-class fairy-class beasts, although they may be a little damaged, but they will not die.

However, at this time, only one-third of the people brought back by Baixiang.

What about the other third?

"Big brother, we have been attacked by the Black Wind tribe this time, and many people have died. If they are not willful friends, I am afraid that I may not be able to come back." Baixiang replied.

"Black wind tribe?" Baiyue trembled, it seems that there are traitors in the tribe.

However, this matter will be discussed later.

At the moment, Baiyue is a place for people to set up a banquet and repay Ye Xuan.

When I came back, Bai Xiang was voiced to Baiyue, saying that Ye Xuan's strength is very strong and not weaker than him.

Therefore, Baiyue now wants to recruit Ye Xuan into the tribe, which can greatly enhance the strength of the Baiyue tribe.

Unfortunately, Ye Xuan's ambition is so great, how can he commit himself to a tribe?

"Sorry, I am going to travel alone, but if you want to destroy the Black Wind tribe, you can call me!" Ye Xuan said to Baiyue.

Although he did not join, Baiyue felt a little pity, but when he heard that Ye Xuan could help them, his eyes were immediately bright.

However, the war between the two tribes, the death and injury must be heavy, so be careful.

After the banquet, he was willful and returned to his residence with Ye Xuan and others.

"grandfather!"

They just entered the door, and a little boy rushed straight over and hugged the wayward thigh.

"There is a grandson in the trough!"

Ye Xuan was frightened.

Unexpectedly, the waywardness really made the glass fairy to be soaked, even if the son was born, they all went to the third generation.

"Donger, called Xuan Grandpa!" said the way to the little boy.

"Xuan Grandpa is good!"

The little boy cleverly called, then extended his hand directly.

Ye Xuan turned his eyes, and he was only 30 years old and became a master. It was really a god.

"I have nothing, give you a hundred stones." Ye Xuan took out a bag of Xianshi directly.

"It's Ye Xuan, and one shot is a hundred stones." He said enviously.

After seeing Ye Xuan, Ren Xiong and Ling Xiaodao also came over. After all, Ye Xuan is their old friend.

They talked for a while, then, Ren Xiong asked: "Ye Xuan, your space, can you connect to the sacred life of the mortal?"

"No, but I have a avatar in the mortal world. However, if they fly up in the mortal world, the fairy world is estimated to have passed for many years." Ye Xuan shook his head.

"This fairyland, I can't figure it out, but I also ask you to tell the family of these people, they died in the ninth scattered fairy." Ren Xiong took out a list and handed it to Ye Xuan.

"no problem!"

Ye Xuan nodded.

Next, he also lived in the Baiyue tribe for seven days.

In seven days, it was nearly a year in the planting space. In this year, the fall directly from the Wupinxian people, broke through to the seven-character immortals, and overtakes Ye Xuan.

At this point, Ye Xuan wants to raise the planting space to nine, so that the flow rate can be changed again, which is very important for the fall.

If there is a heavenly treasure, it can even open the realm of Ye Xuan, but it is a pity.

After seven days, that Baiyue was also brought to someone.

"Ye brothers, we decided to start tomorrow, attack the Black Wind tribe, and then ask for your help." Baiyue voiced to Ye Xuan.

"no problem!"

Ye Xuan nodded and promised.

He helped the Baiyue tribe, one is to upgrade, and the other is to help the incumbent and other people solve the problem, so that they can survive here safely.

Now, Ye Xuan, Shu Lao, Ghost Emperor, and Megatron are all six-character immortals, and they have broken through to the seven-character immortals.

The Baiyue tribe, in addition to Baiyue, the nine-character immortals, also Baixiang three eight-character immortals, and more than a dozen seven-character immortals.

This time, the Black Wind tribe ate a big loss, plus Ye Xuan and others, the Baiyue tribe to extinguish the Black Wind tribe, should not be a problem.

Therefore, the Black Wind tribe is ready to go out of the nest, just as there is a fairy-class flying boat in Baiyue, which can carry everyone.

However, Ye Xuan feels that it is not so troublesome, because he still has the eye of the void, which is what is really unexpected.

However, tomorrow, the Baiyue tribe will fight with the Black Wind tribe to kill you, so the eye of the void is estimated to be useless.

For the sake of confidentiality, they only dispatched masters of the seven-story and above.

When the next day came, Ye Xuan had already joined the Baiyue, and then sat on a fairy-class flying boat.

There are nine people in the nine immortals, three in the Eight Immortals, and ten in the Seven Immortals. In addition, there are Ye Xuan.

This fairy-class flying boat, although only a seven-class immortal level, but the speed is more than the Jiupian immortal Baiyue.

However, even then they spent three days before they arrived at the Black Wind tribe.

"The Black Wind tribe is no different, and it doesn't know if it is installed."

Ye Xuan swept the black wind tribe with a hole in insight.

The number of black wind tribes is around 3,000, and the strongest is also the nine-character immortals. However, how can there be two nine-character immortals in this black wind tribe?

"Everyone, in this black wind tribe, there are two nine-character immortals..."

In the flying boat, Ye Xuan reminded.

Chapter 1694: Single-handed black wind tribe

"What, two nine-character immortals?" Baiyue was shocked when he heard it. "Impossible, they are the leader of a nine-character fairy. Is it difficult for someone to break through recently?"

"I don't know, I just reminded you." Ye Xuan eyes a little, knowing that Baiyue and others are a little disbelieving, anyway, his words have already been brought.

"If it is true, then I am afraid I will not be able to attack the Black Wind tribe this time." Bai Xiang said.

Still not waiting for his voice to fall, that is, people with the Black Wind tribe found this flying boat.

"The leader, there is a flying boat near our tribe!"

This violent scream spread throughout the Black Wind tribe.

"No, go!"

Baiyue's face changed greatly and quickly controlled the flying boat to turn around.

Fortunately, the speed of the flying boat was very fast, and it immediately fled the field of vision.

"Two of the nine immortals, I am afraid that they can't do the Black Wind tribe, but I have the eye of the void, but it can disturb each other!"

Ye Xuan, your eyes are a glimpse.

Even if it is a strong tribe, as long as he can't help him for a while, he can also kill each other.

"Let me go."

Ye Xuan suddenly said.

"what did you say?"

Baiyue seems to have heard the wrong one. If it is put on Ye Xuan, isn't it going to be besieged by the people who are chased by the Black Wind tribe?

"I Ye Xuan will not make fun of my own life. I have a lot of means to escape. Even if I face two big nine immortals, I can escape."

Ye Xuan said: "The Black Wind tribe can't help me, but I can weaken their strength."

After listening to this, Baiyue was silent, but because Ye Xuan was not a Baiyue tribe, he did not stop it.

Ye Xuan, indeed, is not a joke to take his own life, because he does not belong to the Baiyue tribe, do not need to fight for the Baiyue tribe.

"Hey!"

The flying boat hatch opened and Ye Xuan swiftly swept out.

"Big Brother, what do we do?" Bai Xiang asked.

"No hurry, although the Black Wind tribe also has a flying boat, but it can't catch up with us, if the situation is wrong, then leave." Baiyue replied.

At this time, many people in the Black Wind tribe had rushed out. They only saw Ye Xuan and immediately murdered.

"All six people are immortal, only one of the seven immortals, too dishes!"

Ye Xuan's eyes squint and directly use the eyes of the soul.

"Hey, take control of success!"

"Hey, take control of success!"

"Hey, take control of success!"

Along the system prompts the sound, Ye Xuan instantly controls six six-person immortals.

Then, the six six-character immortals launched a sneak attack on the former seven-character immortals.

"Hey!" "Hey!" "Hey!"

In an instant, this seven-character immortal is tragic, and he does not know how he died.

"Hey, the host's killing value is improved!"

Prior to this, Ye Xuan had already used the killing and engraving, and the person killed was a seven-character immortal, giving him a lot of killing value.

After using the killing and engraving, as long as the battle continues, it will produce a killing value. Although it is small, it can extend the duration of the killing indefinitely.

However, if you are dealing with yourself, it is not counted.

The so-called self-persons are the old pets of the tree, and the six controlled six-character immortals. However, as long as these people commit suicide, the killing will not disappear.

"Before, in the gathering place of the fairy beast, the unicorn was reduced to use, and then it was not added, so it is still not available."

Ye Xuan thought in his heart, that is, directly condensed out of the fire sword, and killed it.

"Bold, dare to swear at my black wind tribe?"

A violent sizzling sounded, and then a few seven-character immortals flashed out.

This level is not enough for Ye Xuan to kill.

Don't talk about him, even the Ghost Emperor or Megatron can solve these people.

Within a few seconds, these seven immortals were successively degraded, but due to realm problems, the killing and imprinting did not condense.

However, he has gotten a lot of good things.

"Hey, the break of the thunderstorm is currently a seven-piece immortal!"

"Hey, the ghosts and the great emperor break through, and they are currently seven good immortals!"

"Hey, Megatron breaks through, and is currently a seven-piece immortal!"

Ye Xuan has a lot of experience, and the pet has a double growth rate of two times. After crossing the funeral, the realm has to be opened.

This is a good thing!

"The killing time is here!"

Ye Xuan's eyes slammed directly into the tree and the old three rushed in, and he and the fall were watching outside.

"The eight-character immortals and the nine-character immortals are all gathered together. It seems to be in a meeting. Kill them first and get caught off guard!"

Ye Xuan's heart is a dark sentence.

Now the old three of the trees have broken through to the seven-character immortals, and their strength has soared. Even the nine-character immortals can fight a battle, but Ye Xuan has not called Baiyue and others back because it will grab his spoils.

The movement here has also caused the attention of the two nine immortals. At this time, they all jumped into the sky.

"Well? Is there a person who is not a black wind tribe?" Ye Xuan's eyes stunned and suddenly found something wrong.

The people in the Black Wind tribe are dressed in black-skinned tribal clothes, and the young nine-piece immortals are dressed in white.

"Where is the mouse generation, report it!"

A middle-aged man yelled, he is a nine-character immortal, and also the leader of the Black Wind tribe.

"You guys in the Black Wind tribe, grab me things, so I came up to destroy you!" Ye Xuan replied casually.

"Great courage, look for death!"

Not waiting for this sentence to fall, there is an eight-character immortal on the side.

He is an eight-person immortal, will he be afraid of a few seven-character immortals?

However, in order to prevent accidents, there is also an eight-character immortal to assist him. The two join hands and the strength is not weak.

However, such strength is not enough in the eyes of Ye Xuan.

In the face of these two eight-character immortals, Ghost Emperor and Megatron first took the opportunity to entangle with each other.

Then, the tree quickly slammed into the back of one person, and then pulled out the Kowloon Thunder chain.

"Transient?"

Everyone was shocked.

Not waiting for them to react, the Kowloon Thunder chain is already **** with one person, and there are also nine powerful Thunderfire Tianlong.

Kowloon Xiaotian hit!

"boom!"

This unlucky one was directly bombarded by nine thunderbolt Tianlong, and Xianxin was directly bombarded and died on the spot.

"Hey, the host's killing value is improved!"

"Hey, the host has a killing mark!"

Now, Ye Xuan has two killings, and there are still two unused ones, which means that you can use the rare arrows.

However, this time Ye Xuan is not prepared to use this.

The tree will take away the old moments, and then flashed to Ye Xuan. When the other party reacted, he was already a direct breakthrough.

"Hey, the host breaks through, and it's currently a seven-piece immortal!"

A system prompts to sound, Ye Xuan's breath has skyrocketed several times.

Chapter 1695: Tian Xian, hey!

At this time, Ye Xuan's flash of light flashed.

"The four killings are engraved, and the state of killing is out!"

In an instant, Ye Xuan's strength has skyrocketed four times.

"Death chase!"

"The eye of assassination!"

Still not waiting for the other party to react, Ye Xuan flashed behind the other eight Pinxian people.

From the fire sword!

In the hands of Ye Xuan, the fire sword was turned into a fire, and it was stabbed in from the back of the other side.

"Hey!"

This person's fairy heart is broken, and it will fall!

In this scene, but in a second, the Black Wind tribe has degraded two eight-character immortals in this second, which is a heavy loss.

You must know that there are a total of three eight-character immortals in the Black Wind tribe. One is not missing. Now two more are dead, and only one is left.

"Baby, you are looking for death!" The leader of the Black Wind tribe was furious and decided to take it himself.

As for the other eight Pinxian people, they are also ready for the battle.

At this time, the white youth suddenly said: "Zi Zi, Xia Yunfei of my Xia, who are you?"

Upon hearing this, Ye Xuan could not help but tremble, thinking in his heart: "This young man is actually a local snake from this area - Xia."

The Xia is very large, managing more than a dozen large tribes, and the tribe manages hundreds of small and medium-sized tribes.

Among the Xia people, there are many masters of the fairy, so it is the overlord of this area.

But what about that?

"I Ye Xuan, who haven't been afraid of it." Ye Xuan opened his mouth and smiled.

"Ye Xuan, it is very difficult to cultivate to the realm of today. I will give you a chance to surrender to me. I can spare you a life!" Xia Yunfei said.

"Why didn't you surrender to me?" Ye Xuan asked.

Xia Yunfei also met a lot of people like Ye Xuan, but the end is very tragic.

Therefore, Xia Yunfei did not intend to talk nonsense, directly said: "Black old, kill him!"

Then, in the bottom of the black wind tribe, a black man suddenly jumped into the sky.

After seeing this person, Ye Xuan was shocked, and his eyes were not found to have such a master.

"A good and powerful means of concealment, this old man in black is a fairy!" Ye Xuan's eyes widened, a little unbelievable.

The loss of insight into the eye should be due to the realm of the realm. After all, he has just broken through to the seven-character immortal.

"Kid, I am a fairy, you have no possibility of escaping today. If you know each other, you will follow the young master. The young master will not treat you badly." The old man in black said.

"It is not impossible to let me surrender."

Ye Xuan's eyeball suddenly turned and smiled: "As long as you can pick up my strongest sword!"

"On the basis of your cultivation of these seven immortals?" The old man in black smiled.

"The realm, does not represent strength, my sword, even if the nine products immortal can not pick up, you have to try?" Ye Xuan pretending to be very confident.

"Well, I like people who are confident, black and old, you pick him up!" Xia Yunfei answered.

"If this is the case, then make a move, the old man does not hide or shine, hard to pick you up a sword." The old man in black is also confidently said.

He is already a fairy, and his strength is ten times stronger than that of the nine-character immortal. Is it even afraid that Ye Xuan's attack on these seven immortals is afraid?

"Okay, then take the move!"

Ye Xuan glimmered, pretending to do his best, and then took out a sword.

This trick is his strongest attack.

Now Ye Xuan has nine lucky points, plus the effect of Lucky Nine, which is equivalent to 18 lucky points.

In addition, the absolute limit can also double the trigger effect, plus thousands of attacks, even if it is a difference between several realms, it may not be able to spike.

The most important thing is the spike effect, which doesn't look strong, so in the eyes of the old man in black, it is a joke.

He stood there, transported Xianli to protect him, and was not prepared to resist.

Soon, the thousand is absolutely in front of him, and then hit his fairy power.

"Hey!" "Hey!" "Hey!" "Hey!"

The subtle sounds of the road spread, and the thousands of bombs continued to bombard. Finally, in more than one hundred times, a single blow was triggered.

"Hey, the host triggered a hit and kill!"

This scene, suddenly, immediately defeated the black man's fairy power defense.

"what?"

The old man in black was shocked, but he had no time to react.

"Hey!"

The remaining eight hundred are absolutely perfect, and finally fell on the old man in black.

One hit and one kill has been advanced once, the chance is improved, and now there is an upgrade equivalent to 36 points of lucky value, the trigger probability is very large.

"Hey, the host triggered a one-shot kill!"

When the system prompts to sound, the fairy of the black man is directly broken.

A strong killing place is that if it is injured, it will fall immediately, even if it only hits the shoulder.

"Hey, the host's killing value is improved!"

Ye Xuan, directly got a huge amount of killing income.

It is a pity that he has already used up his killings, otherwise he will condense a killing mark.

However, at this moment, this fairy is killed by him, and the other party's ring is naturally to be collected.

When the people have not reacted, the old tree quickly swept over, took away the Qiankun ring, and then sent it to Ye Xuan.

"Hey, the breakthrough of the thunderfire, the current eight-character fairy!"

"Hey, Megatron breakthrough, currently eight people!"

"Hey, the ghosts of the great emperor break through, and they are currently eight people!"

"Hey, Kirin cools down and recovers!"

This Tianxian's net worth is very expensive, although it is impossible for Ye Xuan to break through again, but let the old tree and others break through.

Now, even if there is another fairy, it is estimated that Ye Xuan can not help.

"Black... Black is old?" That summer Yunfei was shocked and couldn't believe it.

A fairy, even by the seven-character immortal Ye Xuan to kill, what is the trick?

"No matter who you are, today, you are going to die!"

Ye Xuan's flash of light flashed, marking the opponent with a death killing order, and then one passed.

"From the fire sword!"

Although the difference between the two realms, but Ye Xuan has always had the ability to leapfrog, this Xia Yunfei, although from the Xia, but also the immortal category, is not afraid.

Coupled with the breakthrough of the eight-character fairy tree, the two men's sneak attack, this Xia Yunfei spiked instantly.

"You, you dare to kill Xia Gongzi?" The leader of the Black Wind tribe was shocked.

"That's how, I want to kill you!" Ye Xuan's light flashed again, with the tree old, gave the leader of this black wind tribe a heavy blow.

"Hey, the host's killing value is improved!"

The leader of the Black Wind tribe, fallen.

As for the other eight-character immortal, I was scared to escape immediately.

Chapter 1696: Xianyuanzong clue

Just kidding, even the fairy is dead in the hands of Ye Xuan. Does he have a bird for the Eight Immortals?

Unfortunately, Ye Xuan is not prepared to let go of any one person.

"Hey, the host's killing value is improved!"

Another system prompts the sound to start, this person was directly beaten by the tree and punched the death of Xianxin.

The entire Black Wind tribe, the masters of the Eight Pinxian people are all killed, not only that, but also the Xia Yunfei and the Tianxian who came from the Xia.

Ye Xuan quickly sorted out the battlefield, and then loudly said: "Everyone, can't resist, or die!"

Then he used the planting space to get everyone in.

A total of 3,000 people, all for his slaves, as long as he has a thought, these three thousand immortals will all fall.

I have to say that Ye Xuan's harvest is good, and all of the more than 3,000 people can be returned to him.

Of course, he will borrow it first, and wait until the future is strong. What's more, the flow rate in the planting space is fifty times, and it has been cultivated for fifty years, and only one year has passed outside.

Therefore, Ye Xuan, regardless of these people agree to disagree, first grab it.

"Hey, the host breaks through, and it's currently eight people!"

"Hey, the break of the thunderstorm is currently a nine-piece immortal!"

"Hey, Megatron breaks through, and is currently a nine-piece immortal!"

"Hey, the ghosts of the great emperor break through, currently the nine-character immortals!"

After hearing these prompts, Ye Xuan was satisfied with the nod, no restrictions, and it was quick to improve.

Even if the old man in black is still alive, it is estimated that even Megatron and others can single-handed him.

In the distance, Baiyue and others in the flying boat saw that they were shocked and could not speak.

Ye Xuan, even a few people alone destroyed the entire black wind tribe, but also killed a fairy, it is simply God.

"Ye, Ye Xuan, those people?" Baiyue asked strangely.

"I was received by my space, and I have been practicing it for 50 years, and it has only been a year before." Ye Xuan said.

"What, fifty times the gap?" Baiyue and others are very different.

"Yes, they are willing to practice in it before." Ye Xuan nodded.

With his strength, he no longer needs to be concealed in these people, because he wants to collect the Baiyue tribe.

He has his own space, so he wants to build a world. In the future, maybe it is another fairyland?

However, this matter is still going back and saying that he immediately broke through the void and returned directly to the Baiyue tribe.

After consultation, the Baiyue tribes all moved to the planting space. Not only that, but Ye Xuan got the whole fairyland gathering place.

The wayward is also a person of the Baiyue tribe, so Ye Xuan did not move the Baiyue tribe.

"Give them some fairy bets, so they can be self-sufficient..."

Ye Xuan thought in his heart.

In the planting space, there are actually two areas, one is a flow rate that is 50 times slower and is suitable for cultivation. In another area, the flow rate is increased by 50 times for planting.

Anyway, he is the owner of the planting space, how to change how to change.

This is the end of the matter.

However, Ye Xuan found an interesting thing in the Xia Yunfei's Qiankun Ring.

This is a token with a word engraved on it: edge!

The other side of the token is engraved with a summer character.

"Xia, but what is behind?"

Ye Xuan's eyes stunned and suddenly associated with Xianyuan.

Ordinary people, how can you engrave the word on the side of the token?

It's hard to be true. Is this Xia and Xianyuan sect related?

"Right, the Ming Dynasty immortal once told me that Xianyuan Zongli is mainly Liu family, then Xiajia."

Thinking of this, Ye Xuan's body trembled.

Could it be that this Xia is the Xiajia in Xianyuan Zong?

"No matter what, I have to go and see." Ye Xuan thought, at this time he regretted a bit, and knew that he would not kill the Xia Yunfei, so that he could search for the soul.

It seems that he has to go to the Xia!

Xia, a distance from the Black Wind tribe, the immortal journey to a month, but Ye Xuan directly promoted the explosive boat to the eighth level, the speed is several times faster than himself, it is estimated that it takes only ten days to arrive. .

At the moment, he is directly rushing to the Xia.

"I hope that this Xia is the Xiajia of Xianyuanzong, so that the will of the Ming Dynasty can be completed."

Ye Xuan eyes a glimpse.

The fairyland is wide, and the pattern is changeable. The age is tens of thousands. In some cases, it takes ten or eight years to get on the road. Ye Xuan is good for ten days.

However, in the past ten days, Ye Xuan naturally will not be idle. Although the road encounters are low-level fairy beasts, but they are better than nothing.

Moreover, the time of ten days to convert into planting space is five hundred days. In the case of Tiancaidibao, the speed of cultivation is fast, and it has directly broken through to the Eight Pinxian people.

Ten days later, Ye Xuan entered the boundaries of the Xia.

Xia, there is only one main city, but this main city is the biggest one that Ye Xuan has ever seen. Even if Ye Xuan wants to cross the main city, it takes a day.

Soon, Ye Xuan entered the main city, and then he just asked someone to inquire about the position of the Xia.

On the way to the Xia, Ye Xuan met some of the Xia's children. With the realm, Ye Xuan directly controlled them and then incomeed into the planting space.

"Speak the origins of your Xia." Ye Xuan asked directly.

"The Xia nationality was established after the dissolution of the Xianyuan sect 100,000 years ago..." said a Xiazi child.

Hearing this, Ye Xuan brows a pick and directly interrupts: "Is it really a fairy ancestor? What about the Liu family in Xianyuan Zong?"

"Liu, now is the slave of my summer family!" answered the Xia children.

"Slave? What is going on?" Ye Xuan asked strangely.

He remembers that the former Xianyuanzong was the Liu family, the sovereign, the elders and the elders were all Liu family, how can they become slaves of the Xia family now?

"More than 100,000 years ago, the master of Xianyuanzong suffered heavy casualties due to a big battle, so my summer family stepped on the Liu family and moved to here."

This time, Ye Xuan understands.

"Well, take me to the Liu family." Ye Xuan blinked.

For specific reasons, he did not want to ask more. Anyway, he knew that Liu's family was not doing well now.

Under the leadership of these three Xiajiazi children, Ye Xuan came to the Xia.

Originally a sect, it has now become a family, although the number is much smaller, but it is stronger than before.

Along the way, Ye Xuan met a lot of people. After seeing the clothes of the Xia children, they all respectfully said hello.

These are all Liu family people.

Soon, Ye Xuan came to the place where the Liu family lived. The number of Liu family members was tens of thousands. The place where they lived did not even have one-tenth of the Xia nationality. It was a slave.

Chapter 1697: Dealing with Xia Jia

"Go, bring the Liu family's genealogy."

Ye Xuan said to one person.

"Yes!"

A Xia's child nodded and then left, and after a while he took a bamboo slip back.

The bamboo slips of the fairy world need to be viewed with the fairy tales. Even a million words can be read in a short time.

Ye Xuan swept the fairy and found the name of the fairy.

"Liu Ming, the road number is clear and immortal, the whereabouts are unknown!"

Then, he looked at the relatives of the Ming Dynasty, but found that the son of the Ming Dynasty was dead, only one granddaughter.

"Liu Fang, Liu Pin Xianren!"

Ye Xuan's eyes glimpsed, and I did not expect that there was only one relative left in the Ming Dynasty.

This family tree has everyone's place to live, so Ye Xuan used to find the past, however, when he was close to Liu Fang's residence, he heard a bang.

"Small nephew, I see that you are your blessing. You Liu is our slave. What qualifications are rejected?"

"Ok?"

After hearing it, Ye Xuan quickly swept over and landed in a small courtyard.

In the yard, standing with a man and a woman, the woman's left face is red, with a bright red palm print on it.

And the man, the strength is the realm of eight good immortals.

"Liu Fang?"

Ye Xuan eyes a sigh, asked the woman.

"Kid, who are you?" The man turned and looked at Ye Xuan. At the same time, he took a look at the three people behind Ye Xuan. He said: "Cousin, what are you doing here?"

Wen Yan, Ye Xuan slightly different, did not expect this man to be a Xia.

"Hey, take control of success!"

Ye Xuan said nothing, just control it, and then asked again: "Are you Liu Fang?"

The woman nodded slightly.

"I am a friend of your grandfather Liu Ming." Ye Xuan went forward and said directly.

"grandfather?"

Liu Fang is a little surprised because Grandpa has left when she is still not born.

"Whether you believe it or not, it is like this anyway. Originally, I wanted to send his body back to Xianyuanzong. I didn't expect Xianyuanzong to be dissolved." Ye Xuan sighed.

"The body?" Liu Fang squinted his eyes and said: "Grandpa is so lonely?"

"Yes, dead."

Ye Xuan nodded, and immediately came up with a memory spar, which recorded the picture of the Ming Dynasty before the death of the immortal, and the last words.

Now, Liu Fang can be sure.

"Your grandfather is a very ordinary child in the Liu family, but he has the grace for me. Now the Liu family is actually dominated by the Xia family. This is busy, I want to help." Ye Xuan said to Liu Fang.

"busy?"

Liu Fang was shocked and did not understand what Ye Xuan meant.

"Liu's family is not even a fairy. They are suppressed and can't lift their heads. You can bring them all together. I will send them to a better place. I will come to cultivate resources in the future." Xuan continued.

This sentence, but Liu Fang gave a shock, there are four Xia children around, how can Ye Xuan say this?

"Don't worry, these four people have been controlled by me."

Ye Xuan said, directly picking up the man who was in charge of Liu Fang's man, and then slap him.

"Snapped!"

These eight immortals were directly drawn, and did not dare to have any complaints.

"The same is the Eight Pinxian people, even can instantly control each other, the strength of your predecessors..." Liu Fang was shocked.

"Even the angels are dead in my hands, this is nothing."

Ye Xuan installed a smile like a smile, said: "However, you Liu family currently has more than 10,000 people, I am afraid it is not very good to gather, and will certainly be discovered by the summer family. I am afraid that this matter has to be long-term, you pretend not to have seen me ""

Liu Fang is just a six-character immortal, and she doesn't know how to do it, so she can only nod.

"You, just stay here, protect her, understand?" Ye Xuan said to the eight-character immortal.

"Yes, master!"

Then, Ye Xuan left directly.

At the same level, Ye Xuan can control the opponent in an instant, even if the level is not too difficult, so his plan is to upgrade the strength first, and then control the children below the Xiazhong Zhongtianxian.

"There are three products in the Xia nationality. This is something I can't deal with right now. I must upgrade my strength."

Ye Xuan's eyes slammed into the planting space directly, and then disguised as a person's appearance and began to act.

"Hey, take control of success!"

"Hey, take control of success!"

"Hey, take control of success!"

There are tens of thousands of children in the Xia nationality, eight immortals and nine immortals, adding up to nearly 500 people, these are the prey of Ye Xuan.

In case, just in case, Ye Xuan is the first to control the eight products.

Every time he controls one person, he sweeps the person over and throws it into the planting space, so that the quota is vacant.

One by one were controlled, and Ye Xuan controlled hundreds of people with little effort. The Tiandi Dibao and Xianshi owned by these people all fell into the hands of Ye Xuan.

"Hey, the host breaks through, and it's currently nine people!"

"Hey, the breakthrough of the thunderfire is currently a product of heaven!"

"Hey, Megatron breaks through, it's a fairyland!"

"Hey, the ghosts of the great emperor break through, and they are currently a fairy!"

During the period, the realm of Ye Xuan and others was also improved. The three old trees directly broke the embarrassment of the immortals, and the achievements of the immortals, the strength has changed dramatically.

Because they are all breaking through in the planting space, the Xia people will not find it.

"Young Master, with my current strength, it is enough to fight the strongest of the Xia, we will start playing directly." Tree old could not help but tell Ye Xuan.

"I don't worry, I will control the remaining dozens of nine immortals." Ye Xuan replied.

Although they have already chosen the strength of the entire Xia, but for the sake of insurance, it is still better to continue to improve.

If it is played now, it may be a hard battle, but if it is promoted, it will be easier to deal with it.

Jiu Pin Xianren, one by one, was controlled by Ye Xuan. These nine immortals are almost all in retreat, ready to hit Tian Xian.

Soon, the forty-three nine-character immortals who stayed in the Xia, all became slaves of Ye Xuan.

"Very good, almost, it's time to put the white-eyed wolf in the summer."

Ye Xuan's heart is a dark sentence.

It is known from other populations that there are about ten items in the Xia nationality at this time, and there are three in the second product, one three-day fairy.

This is of course not all the combat power of the Xia, but only in the Xia. Many people have been assigned to other places.

In other words, in the Xia, there are a total of fourteen fairy, one of which is three fairy.

"Okay, come one by one!"

Ye Xuan's eyes glimpsed and the fairy thoughts unfolded and found a nearby fairy.

With the realm of them and others, you can definitely kill each other in an instant.

Chapter 1698: Mysterious comer

"Don't blame me for being mad, just blame you for being wrong!"

Ye Xuan's heart snorted and began to work.

Ye Xuan and the tree old teamed up, directly killing a product of the fairy.

Before he thought about it, he used a thousand to kill, but now, it is easy to kill.

The Xia nationality is being eroded by Ye Xuan, a locust, but no one can find it.

However, as the number of angels decreases, it is difficult for them to find out.

At this time, in a certain corner of the Xia.

"Well? How did a fairy turn out six?" An old man opened his eyes.

The next moment, his face is a change.

It's hard to be done. The family has mixed in with the super killer. In the absence of his discovery, he killed six people.

At the moment, he is directly plucking.

Compared with the previous Xianyuanzong, it is not easy for the Xia to cultivate the fairy. Every fairy is a baby of the Xia, and one cannot be broken.

And he is the three-character immortal, and Ye Xuan, who has super-sensing, instantly sensed it.

"Three products are immortal, I am coming!"

The tree is cold and screaming.

Ye Xuan also did not talk nonsense, summoned it out.

"Hey!" "Hey!" "Hey!"

The rushing thunder in Kowloon, the speed is fast, and immediately greeted the three Pinxian people.

"who?"

This three-product fairy is angry and shouts.

The tree is no longer nonsense, directly shouting: "The person who killed you!"

Today, when the Xia is destroyed, there is no need for nonsense.

A big battle broke out directly in the air, causing everyone's idea.

"Be sure to solve this three-product fairy first, otherwise if it is besieged, things will be troublesome." Ye Xuan eyes a glimpse, directly show the cards.

Kirin drops!

After the unicorn descends three times, it can summon the entire unicorn, and each call may be different.

The last time in the gathering place of the fairy beast, Ye Xuan summoned the flame unicorn, but this time, the summoned is the ice unicorn.

"Hey!" "Hey!" "Hey!"

When the ice unicorn appeared, the surrounding celestial feelings solidified, and an icy atmosphere spread.

Although the old tree is a fairy, it is not a problem to drag the three-person fairy. As for other people, it is Ye Xuan.

In an instant, the Ghost Emperor and Megatron also appeared directly, and the latter was directly turned into a slashing sword, and swept away toward those two-class fairy.

There are three second-class fairy tales in the Xia nationality. The sneaky emperor and Megatron, who used the blade storm, joined forces to stop them from being a problem.

What's more, there are dozens of Xia nationality nine people who help.

As for the remaining four items, they are handed over to Ye Xuan and fall.

"who are you?"

The Xi'an ancestors screamed.

In the face of this problem, everyone is shutting up silence, because there is no need to talk nonsense with the dead.

Soon, the four Yipin immortals were also easily killed by Ye Xuan and Fall.

"Now, it's up to you!"

Ye Xuan turned his head and looked at him, his body shape disappeared instantly.

"The eye of assassination!"

As early as before, he had already marked the four ancestors of the Xia, and at this time he had already flashed behind a second-class immortal.

"From the fire sword!"

This two-product fairy was just in the blade storm group, unable to respond, and was directly pierced by a sword.

"Hey, the host's killing value is improved!"

Killing and engraving, directly condensed one out, and then, Ye Xuan continued to use the killing mark.

Four killings are engraved!

"Four times killing, kill!"

Ye Xuan consumed four killing marks, and his strength increased fourfold directly.

Then use the assassination of the eye to attack, the other two two immortals also fell within two seconds.

"Hey, the host breaks through, and it's a fairy!"

"Hey, the breakthrough of the thunderfire, the current is the second product immortal!"

"Hey, Megatron breaks through, and is currently a second person!"

"Hey, the ghosts of the great emperor break through, the current is the second product immortal!"

Along the system prompts the sound, the strength of Ye Xuan and others has skyrocketed several times.

"Now, you are damn, there will be no Xia after today, I will rebuild Xianyuanzong!"

Ye Xuan's eyes glimpsed and slowly opened.

This time, the Xia ancestors finally understood, the original Ye Xuan is to seek revenge.

However, this is already late!

At this time, Ye Xuan has already flashed behind the Xia ancestors.

"stop!"

The sky suddenly floated together, but Ye Xuan had already shot.

"From the fire sword!"

The fire sword that was condensed by Xianli directly pierced the heart of the Xia ancestors, and the heart was broken and instantly died.

At the moment, Ye Xuan quickly collected his Qiang Kun ring and his body, turned his head and looked at it, and saw a figure in the sky.

"who?"

Ye Xuan brows his head and sweeps it with the eye of insight. He finds that he can't see the realm of the comer.

Four products fairy?

No, when he was in the Nine-Popular Immortal, he could see the Xiazu ancestors. Now he is a fairy, and the other party is at least five cents, even higher.

However, judging by the breath of the other party, Ye Xuan judges that the other party is a five-character fairy.

This person, what is the head?

"You, **** it!"

The young man, looking at the bodies, said with a grin.

Although I don't know what identity this young man is, Ye Xuan knows that he must have a relationship with the Xia. It seems that this is difficult.

Shu Lao and others felt the killing of this young man. They did not say anything and killed him directly.

Five products, these are the three realm challenges. If it is not a problem when it is scattered, it is now a fairy, but it is not so easy.

"A group of ants are giving me death!"

The killings that the young people resisted finally broke out.

"kill!"

Ye Xuan said nothing, directly shot.

Five products, this is the most powerful person he has ever met, but he is not vegetarian. So many people are there, are you still afraid of each other?

However, he underestimated the strength of this young man.

"Give me death!"

The young man became angry and angered, and directly sacrificed a flying sword to attack the tree.

This flying sword, the speed is astonishing, and instantly penetrates the ordinary fairy heart that the tree has just condensed soon. Even the ghostly Emperor and Megatron wear a sieve in a short time.

As for the ice unicorn, the same is true!

"It's so strong, it's not a good thing, but it's not too small to come..."

Ye Xuan's eyes glimpsed, but fortunately he has already finished collecting the spoils. As for this summer home, I will say it later.

"go!"

At the moment, he broke through the void and drilled in.

The young man was shocked and hurriedly controlled the flying sword.

"call out!"

The flying sword suddenly accelerated and got into the door of the void.

"So fast!"

Ye Xuan was shocked. Before he could react, Feijian was already stabbed in his chest. If he did not respond quickly, Xianxin might have been pierced.

At the moment, he is holding the flying sword and using the skills.

Forced to swallow!

"Hey, forced swallowing success!"

Chapter 1699: Goodbye Devil

The size of this flying sword is very high, Ye Xuan has swallowed it, and the cultivation of the Ghost Emperor and Megatron has improved a lot.

On the other side, the Xia is in the air.

"There are such means, but if you destroy my family, you want to escape my palm?"

The young man's eyes stunned, but he found that his flying sword could not be controlled.

Distance, a bit far!

At the moment, he sacrificed a flying sword and then chased it up by induction.

At this time, Ye Xuan did not know that he had already got the other person's tracking mark, and he was sighing.

"The young man has a relationship with the Xia nationality, but even the Xia ancestors are only three good immortals. He turned out to be a five-character fairy..." Ye Xuan thought, he did not know what the relationship between the other and the Xia.

Originally, he wanted to get the Xia people to receive the planting space, and then ransacked it, but now it was disturbed by the mysterious youth, so there is no way.

However, he only used the death killing order to mark the other party. If the other party left the Xia, he would go back and collect the Xia.

However, when he observed the other side's movements, he found that the other party actually flew toward him. This speed was so shocking to him.

"After about ten seconds, I can catch up!" Ye Xuan calculated it.

Only when he was in a hurry to break open the void, so he did not run far, and the other party was able to find it, obviously leaving a mark on him.

"I still can't do it now, withdraw!"

Ye Xuan took the initiative and broke the void again, but at this time, he suddenly had a more sense.

This kind of induction is not the goal of the death killing order, but the blood pulse.

Someone, with him has the same blood!

With the blood, this is not to say that there are celestial blood vessels, celestial blood, undead phoenix blood, etc., but like Ye Xuan, flowing the blood of Ye Jia.

In the fairy world, how could there be a Ye family, Ye Jiaming Ming flew up to the fairy world.

No, there is one!

"Crash the little devil?"

Ye Xuan suddenly reacted.

In the fairy world, in addition to his blood in the Ye family, there is only Ye Yuquan who had risen up before.

Soon, Ye Xuan saw the little demon king, he still looks like a six-year-old child, but he has two black horns on his head.

"Hey, kid, I haven't seen you for a long time."

The mixed-race little demon looks like a human being and is harmless.

"Why are you here?"

Ye Xuan asked very awkwardly. At the same time, he also felt the realm of the little devil.

Nima, the breath is stronger than the mysterious youth!

Ye Xuan was frightened because he was flying behind the little devil. Although there is a time lag between the mortal and the fairy world, it is estimated to be only a few decades.

For decades, the mixed world demon king has cultivated from a long habitat to the fairy, and it is really powerful.

"Just refining the magic body, just to sense your blood, just come and see." The mixed king said.

At this point, he has already sensed the breath of the mysterious youth, but the latter did not.

"Chong you?" asked the little devil.

"Well, five products fairy." Ye Xuan nodded.

"You are a fairy, and it is strange to be chased by a five-character fairy."

When the little demon king said, he turned to look at the direction of the mysterious youth, and soon he saw a figure.

"Ok?"

The mysterious youth widened his eyes. With his knowledge of the fairy, he only swept to Ye Xuan, but he did not find the little boy. How could this be?

This can only mean that the other side's realm is higher than him, covering up the fairy.

"go!"

The mysterious youth was very careful, quickly stabilized the figure and then stepped back.

The real world of the little devil is higher than him. If it is only the six-character fairy, he is not afraid, but what if the other party is the seven-character fairy, the eight-character, or even the nine-day fairy?

"Haha, I want to go, it's not that easy."

The mixed world demon king laughed twice and directly turned into a black streamer, and instantly came to the other side.

Then, just a punch!

"Hey!"

The chest of the mysterious youth burst open, and the fairy heart was directly destroyed and died on the spot.

Terrible strength!

Ye Xuan couldn't help but swallow the mouth. Fortunately, the little devil is helping him, otherwise he will die worse than the mysterious youth.

"Things are taken, the king can't see it now." The mixed king demon took the other's Qiang Kun ring and threw it to Ye Xuan.

After Ye Xuan caught it, he quickly checked it and then took a breath.

The things here are at least let him break through once or even twice.

What is this mysterious youth?

"Well? Ling Xudong Tian disciples?"

At this time, Ye Xuan suddenly took out a token.

"Why is the virtual hole in the sky?" The little demon king squinted and said: "This force is not bad. It is said that there has been a golden fairy in history."

"Golden Immortal?"

Ye Xuan eyes a glimpse.

The mixed world demon came to the fairy world longer than him, and was able to know the past that this news can also be said.

Immortal, Tianxian, Lingxian, Yuxian, Jinxian, that is to say, this powerful virtual heaven has the strongest of the fifth world of immortals, indeed it is powerful.

At this time, Ye Xuan took out a letter and found that it was a letter of recommendation from Lingdong.

"It turned out that the only five people who chased me were the Xia Jia people. The name was Xia Yuanxing. He was a disciple of Ling Xudong, and then returned with a letter of recommendation from Ling Xudong, who wanted to bring his cousin. Recommend to enter the virtual hole days."

Ye Xuan suddenly understood.

"Recommended letter, then you can pretend to be a name, anyway, you are a fairy," said the little devil.

This suggestion is not bad.

If you can mix in, you will be able to upgrade continuously.

However, this will be said later.

"Your magic body is well refining, then the body of my nephew..." Ye Xuan blinked.

"Well, it's good, but I found out that the body of your nephew is actually the body of the source that I have never seen before. No wonder I will be born again to him..." said the little devil.

"Then you are..." Ye Xuan's heart trembled.

"For the time being, I will not return to the flesh. I will cultivate him to the peak. By then, my strength will be at least ten times higher than before!" said the little devil.

"This....."

Ye Xuan is very embarrassed, because he is the expression of Ye Yuquan. Now the mixed world demon king occupies the body of Ye Yuquan, and he is better than him. What should I do?

It seems that it can only be calm!

"Then you can't die!" Ye Xuan reminded.

"Reassured, I have now refining the magic body, and refining the magic, plus the memory of my past life, I will return to the peak in a short time." The small devil said.

Chapter 1700: Hyun

"In a short time, it is not too short for me."

Ye Xuan sighed and said: "I have a space where the flow rate is 50 times slower than the outside world. It is practiced for fifty days, and the outside is only one day."

"What, there are such magical places, take me in and see." The eyes of the mixed world demon are bright.

"it is good!"

Ye Xuan nodded, even if the planting space was used, the mixed world demon king was taken in.

The mixed world demon king appeared in the planting space.

Then, Ye Xuan's projection appeared in front of him, saying: "In the future, this flow rate will change again, maybe a hundred times, two hundred times."

"Not bad, the source of the demon body has the greatest potential when he is young. This body is not over 100 years old. This place is suitable for me." The mixed devil is very satisfied with the planting space.

"That's good, you will practice in it." Ye Xuan nodded.

"Wait, what if you die?" said the little devil.

"Reassure, I have a avatar in the mortal world, I can't die." Ye Xuan replied.

In order to convince the mixed king, he used the second avatar to summon the small devil.

"Very good, in this mortal, you are already invincible."

The mixed world demon is relieved and begins to practice quietly.

Ye Xuan's two avatars are in the fairy world, one is in the mortal world, but he feels that the fairy world is the same as the mortal time.

The time of the recent rise to the fairy world is too different, so he estimates that this must be a problem when flying, although only for a while, but it is definitely what happened.

However, this kind of problem is not something he can answer.

Since the mysterious youth is dead, Ye Xuan quickly broke through the void and controlled the entire Xia.

At this time, among the Xia people, even one of the angels was gone. Together with those who were controlled by Ye Xuan, Ye Xuan easily controlled the Xia people and then moved them all into the planting space.

“Hey, the host breaks through, and it’s currently the second product!”

"Hey, the break of the thunderstorm, the current three-day fairy!"

"Hey, Megatron breaks through, and is currently a three-product fairy!"

"Hey, the ghosts of the great emperor break through, the current is the three-day fairy!"

"Hey, the break of the thunderstorm, the current four-day fairy!"

"Hey, Megatron breaks through, it's currently four products!"

"Hey, the ghosts of the great emperor break through, and are currently four products!"

The gap in the realm has finally been opened.

Now the old three trees have brought Ye Xuan down to two realms. Ye Xuan’s strength is probably weaker than the old tree.

However, this is not over yet.

The mysterious youth left him with a lot of good things, including materials for refining the evil heart and the purple magic.

At the moment, Ye Xuan is starting to refine.

“Hey, dazzle, sorrow, and heart refining success, is it immediately integrated?”

"Yes!"

"Hey, the host has a fusion of sorrows!"

"Hey, the host has a dazzling fire!"

"Hey, the system will randomly select a bloodline between the Xianmu Kirin blood and the undead blood."

Hearing this, Ye Xuan's brow was picked, and after having a dazzling fire, he was able to make the blood of the flame attribute advanced, which is really good.

At this point, what he wants most is to make the celestial unicorn bloody, because only one unicorn to drop this skill, you need four points to swallow, always counted, that is, seven points to swallow.

Unfortunately, this did not make him wish.

"Hey, don't die, the blood of the phoenix is advanced!"

Potholes!

Undead phoenix blood, on the two advanced routes, it is only two points to swallow.

Moreover, the undead avatar needs to advance to the third time before a avatar can appear again, but now it is advanced for the second time, so it is still less.

However, this is not bad. Now, the double fit is 80% increase, and the increase is 10%. In addition, flame resistance, fire skill power, recovery speed and toxin resistance have also increased.

At the moment, Ye Xuan is waving his hand, and a small flame appears in his palm.

This small flame is composed of seven colors, which is a seven-color dazzling fire. Don't look at it. This small flame has great power.

At this time, Ye Xuan is only a second-class fairy. He estimates that this small flame may be able to turn a three-product fairy into an ashes. If it is integrated into the attack, it will be more powerful.

"I don't know what level of this super-devil is a master, and asked him not to tell me."

Ye Xuan's eyes glimpsed, and the heart secretly said.

After the rehearsal of the sorrowful celestial heart, then the next step is to help the old and the refining of the tree.

The tree is still ok, it is a magic weapon, so Ye Xuan can help him refine the purple magic.

"Hey, the purple magic is refining successfully!"

The purple magic is refining, and then Ye Xuan makes the tree old.

"Hey, the fire of the fire has successfully merged with the purple magic, master the purple magic flame!"

A system prompts the sound, and then there are three.

"Hey, the Kowloon Thunder chain is advanced!"

"Hey, Kowloon is going through the lightning!"

"Hey, Kowloon Xiaotian hits the stage!"

The old tree blends with the purple magic, so that all three skills have been upgraded once, not bad.

Then, next, it is falling.

However, it is not a magic weapon to fall, this purple magic must have to refine herself.

"Oh, wait!"

At this time, the mixed world of the devil in the planting space, suddenly shouted.

"what?"

Ye Xuan asked differently.

"This little girl, is it the legendary day of the fox?" asked the little devil.

"you know?"

Ye Xuan was shocked.

"Crap, one of the top races of the Yaozu, comparable to the existence of the Five-Claw Golden Dragon, how could I not know."

The little devil of the mixed world trembled and said: "In this case, she is not suitable for the purple magic."

"What is that for?" asked Ye Xuan.

Hearing the words, the mixed world demon king thought for a moment, said: "The demon is generally refining the magic, but there are some rare devils. If this is the blood of the sky, perhaps you can refine the demon Come."

"Heavenly devil, refining himself?" Ye Xuan brows a pick.

"That is to say, she is only suitable for ordinary fairy hearts. I don't know how to make my devil's refining method that day. If there is any encounter in the future, I will ask you for help." said the little devil.

"When is that time?"

Ye Xuan is slightly helpless.

"If Tianhuo Fox has the demon spirit, the blood pulse will probably raise a grade, and it may also comprehend the state of forgetting, which can increase the speed of absorbing fairy singularity."

"Improve the blood to a grade, sit and forget the state?" After listening to Ye Xuan, I felt that this was very unusual.

"So, I suggest that she waited first, to know that the whole dragon domain refining the demon, there are only a handful."

"Where is the Dragon Field?" Ye Xuan asked again.
