Chapter 1701: Spiritual hole

"The three major forces of the fairyland, Longyu, Qingmucheng, Wujing, the leaders are not to destroy the Dragon Emperor, the Qing Emperor and the Wuhou, we should now be in the site of the Qing Emperor." The mixed world demon explained.

Ye Xuan nodded slightly, but it was too far away from him, so it was useless to know.

If you want to refine the demon, you still have to ask for a drop.

After thinking about it for a while, said: "Young Master, then I will wait."

The demon of the sky is a legend for the demon, and among the countless demon, only a single digit is refining.

If the fall can be refining, the strength will definitely be strong in the future.

"Okay, if that's the case, let's put it first." Ye Xuan nodded, and then swallowed up all the materials that refine the purple magic.

Now, the Xia has been destroyed, so Ye Xuan began to establish the Xianyuan sect. As for the person who is the master of the house, it is naturally the Liu family.

The body of the celestial immortal is also the ancestor of the ancestors, and Ye Xuan has completed his last wish.

Things are solved, then the next step is to re-plan.

"I am now a second-class fairy, and I also got a recommendation letter from Lingdongdong. It is a good suggestion to make a name for the miscellaneous devil."

Ye Xuan thought in his mind that it was to find a map that was the gateway to the virtual world.

In the vicinity, there is a transmission array, which can be transmitted all the way to the virtual hole. Moreover, he still has a sinister sacred disciple, and the road must be unimpeded.

"Well, let's go to the virtual hole to see." Ye Xuan eyes a glimpse.

At the moment, he is transformed into the face of the five-character fairy, Xia Yuanxing, and then uses the transmission array continuously.

After several twists and turns, I finally came to the virtual hole, but this virtual hole is not a real spiritual hole, but a branch.

This virtual hole is an island, but it is great, although it is just a small hole, this is enough for Ye Xuan to look up. After all, this small hole in the sky, but has a master of the jade level.

Ye Xuan came to Lingxu Cave before the day, felt a bit, and found countless shares more powerful than him.

His two products are here, the existence of the bottom!

"Hey, what are you doing?"

A voice floated, and Ye Xuan turned his head and glanced at it. He found a disciple wearing a sinister costume.

"I came with a letter of recommendation!" Ye Xuan finished, took the recommendation letter out.

At this point, he has changed his face, from the Xia genius Xia Yuanxing, to his cousin Xia Yuanlong.

"Oh, let's go in." The disciple of this sinister hole did not stop, letting Ye Xuan go in.

Ye Xuan sighed with relief, because he felt that this disciple of the emptiness of the sky, the strength is probably reaching the high level of the fairy, it is terrible.

Along the way, he encountered a lot of people, all came with a letter of recommendation, but these people's realm is higher than him.

Soon, he came to a large hall, and he handed the recommendation letter to a deacon.

"Oh? Xia Yuanxing's cousin?" The deacon was slightly surprised. He looked at Ye Xuan and said: "Xia Yuanxing is Yuan Yi's person. It is the most sleek and deep. Yuan Yi is fancy. Now Xia Yuanxing recommends you to come in, then you also Go to the East Island where Yuan Yi is."

"Yuan Yi, Dong Dao?" Ye Xuan's eyes glimpsed, and he did not understand the situation.

Still not waiting for him to open, the deacon is to come up with a token, with two words on it, East Island.

This token, Ye Xuan has also seen in Xia Yuanxing's Qiankun Ring.

This small hole is divided into the four islands of Nakajima and the southeast and northwest. The four islands in the southeast and northwest are disciples, so Ye Xuan is assigned to the East Island.

Then, under the leadership of a disciple, Ye Xuan came to a residence in the East Island.

"Yuan Yi brother, are you there?" Shouted the disciple of Ling Xudong.

"Yuan Yi brother went out, how?"

Suddenly a young man came out and said.

"This brother is good, he is Xia Yuanxing's cousin Xia Yuanlong." The disciple explained.

"Oh, Xia Yuanxing's cousin, I know." The young man nodded.

Then, the disciple who sent Ye Xuan came away.

However, Ye Xuan found out that the disciples costumes that the deacon had just sent to him were not the same as the young people in front of him.

"How did your cousin not come back?" asked the young man.

"Oh, there are some things in the family, he is dealing with it." Ye Xuan replied.

"Then go and clean the house, remember to be careful, but the house of Beiyang brothers, if it is messed up, don't say it is your cousin, even if I can't keep you." Road.

"clean?"

Ye Xuan brows a pick, suddenly there is an unpredictable foreboding.

"Crap, you are like a Xia Yuanxing confidant disciple, it is difficult, you think it is a formal disciple?" The young man said coldly.

Cosplay disciple!

"Sure enough, it was a miscellaneous. I didn't expect that Xia Yuanxing was just a confidant disciple. It was an accident." Ye Xuan eyes a sigh, thinking in his heart.

If he knows that this is the case, he will not come to the emptiness of the sky. If he has come in and wants to leave, he has to find a chance.

This disciple is at least a high-ranking fairy, not the one he can currently provoke, so he can only pass silently.

Whenever he has the chance, he will leave this small hole directly. After all, he began to think that he was a formal disciple.

Ye Xuan entered the mansion of the Beiyang brother and checked it.

The formal disciples' homes are all equipped with arrays of methods. Even if they are discovered, they cannot be broken.

Although I don't know who the Beiyang brother is, I am definitely not an ordinary person, so I let Ye Xuan, the second product, go in and clean up, so as not to cause some trouble.

Ye Xuan entered the house of Beiyang's brother and swept it directly with the eye of insight.

"There are many things hidden in the house, and they have arranged the hidden array method and the defensive array method..."

Ye Xuan eyes a glimpse.

If it is the average person, I am afraid it is difficult to find these hidden arrays because they are hidden in some furniture organs.

However, Ye Xuan has an eye for insight, and these hidden things are nowhere to be seen.

However, the defensive array is a problem.

"My super swallowing system has been upgraded to a scented phagocytic system, and there are a lot of tools in it."

Ye Xuan thought about it.

He already has the heart to leave the emptiness of the hole, just as there is a windfall in front of him, how can he not take it?

Take it out and leave!

"The needle is broken and the weapon is broken!"

Ye Xuan exchanged a pointed needle from the fairy phagocytic system, then came to the bed and knocked twice at the bed, which opened an organ.

In the dark, there is a ring of 乾, but there is a small defensive array.

Ye Xuan said nothing, directly smashed the needle and lost it.

Chapter 1702: Hardworking disciple

"puff!"

A sharp needle broke the defensive array in an instant, and Ye Xuan won this ring.

"A lot of things..."

After Ye Xuan explored the things in this Qiankun ring, his eyes could not help but explode two fine mans.

"Hey, the host breaks through, and it's currently a three-product fairy!"

"Hey, the break of the thunderstorm, the current five-day fairy!"

"Hey, Megatron breaks through, and is currently a five-day fairy!"

"Hey, the ghosts of the great emperor break through, and are currently five products!"

Moreover, this is not over yet.

"Hey, the host breaks through, and it's currently four products!"

"Hey, the break of the thunderstorm is currently a six-piece fairy!"

"Hey, Megatron breaks through, it's currently six products!"

"Hey, the ghosts of the great emperor break through, and are currently six products!"

This single stop, let Ye Xuan and others break through twice in a row, which shows how much there is inside.

"Haha, this is really not wrong." Ye Xuan laughed, then took a sharp needle and broke the other formations.

In this room, there are three hidden Qiankun Rings. Ye Xuan has broken a battle, and there are two left.

After Ye Xuan found out the other two Qiankun Rings, he heard the system prompt again.

"Hey, the host breaks through, and it's currently four products!"

Not only that, the old three trees have opened Ye Xuan's distance, and all of them have broken through to the seven-character fairy.

This time, the harvest is really big.

Now, he has already robbed the house of this Beiyang brother.

"Hey..."

Ye Xuan opened his mouth and smiled. Suddenly, he didn't want to leave because he was not in a hurry.

Although the three Qiankun Rings are not all hidden by Beiyang's brothers, he may have hidden in other places, but it is also very good.

If the homes of other brothers are also there, then it will be cool.

"Come and come, super vacuum cleaner, clean all this!"

Ye Xuan also exchanged something from the Xian phagocytic system to show his gratitude.

Then he hid the strength and then went out to find the young man.

"Brother, I have already cleaned it." Ye Xuan said.

"Oh?"

The youth was slightly different, and then they looked at it in person. It was really clean and there was no dust.

"The Beiyang brothers have not returned for several years. It is estimated that this time will return. The average person does not dare to come in and clean up, so the dust has accumulated a lot. You can clean it up like this and do a good job."

The young man was very satisfied, and then took out an remedy from the Qiankun ring and threw it to Ye Xuan.

"This is a reward for you, then you can go and clean up the house at the rear," the young man said.

"Yes, brother!"

Ye Xuan has a happy heart and then continues to work.

What happened to the confidant disciple, this is an opportunity for him.

Cool!

This second room will be slightly cleaner than the Beiyang brothers' house, and Ye Xuan will first clean it with a super vacuum cleaner, and then it will start to break.

There is only one hidden place in this room, behind a wall.

Ye Xuan used the eye of insight to find the organ, and then broke through the sharp needle and got the ring.

The owner of this mansion is not high, and the wealth is not a lot, so he did not let Ye Xuan break through.

In order not to be suspected, Ye Xuan deliberately stayed in the room for a while before going out.

However, when he found the young man, he found that there were others.

"What, you said that Beiyang brother, died in the experience?" The youth could not help but exclaim.

Ye Xuan, who heard this, couldn't help but pick it up.

Beiyang brother, is it dead?

That being said, the things he took were originally nothing.

Soon, the two disciples who passed the letter left.

"Brother, the house is already..."

After the two left, Ye Xuan said to the young man.

But before I finished, the other party waved and interrupted: "You should stay by yourself, I will come and go!"

Ye Xuan looked at the back of his departure, and the light flashed twice. Ye Xuan estimated that he should be the house of Beiyang's brother.

This young man is the realm of the seven-character fairy, and he can see through him after Ye Xuan breaks through the four-character fairy.

In his realm, it is not always possible to break those formations. What's more, the three formations have been broken by Ye Xuan, and there is no trace. Even if the other party knows the organs, they can only see empty spaces.

Soon, this young man returned, and his face was gloomy, then he walked quickly to Ye Xuan.

"Brother, what's wrong?" Ye Xuan asked with a blank face.

This young man sensed that Ye Xuan is just a second-class fairy. Can you find that the hidden array is still a problem, let alone a break.

Moreover, there are no traces in the dark grid, which means that the means of breaking the array is super high, or there is no formation at all.

The young man tried Ye Xuan, but the latter's words did not have any problems.

"Is it difficult, Beiyang brothers did not keep things in the room?" The young man thought.

He is also not sure, after all, the relationship between Beiyang brother and him is not so good.

Therefore, this matter has passed.

"You did a good job today, the two rooms are very clean, and you can do more than your cousin's oily slippery things."

Young people are satisfied with the head: "I will follow me in the future. My name is Huang Xu. After 100 years, I will protect you as a formal disciple."

"Thank you brother!"

Ye Xuan quickly thanked.

However, he sneaked a blank eye in his heart, and the seven-character Tianxian also dared to be his big brother, do not know where to come.

Moreover, it will not be possible to become a formal disciple in a hundred years.

Ye Xuan is still only 30 years old. If it is really counted, cultivation will be fifteen years. Let him talk to a person for a hundred years, what international jokes?

However, this kind of work is a bitter for others, but for Ye Xuan, it is simply welfare.

On the East Island, there are tens of thousands of houses, and there are still many comrades in the comrades, but they are too lazy to clean them. If something is done accidentally, it will be terrible.

Therefore, they generally help the various brothers to run errands, send letters and the like.

Then, all these tasks were handed over to Ye Xuan, and then all he earned.

In three days, Ye Xuan cleaned hundreds of homes. Although many of them were empty, the harvest was not bad.

Three days later, Ye Xuan broke through the four-character fairy, to the five-character fairy. The old three trees also broke through the six-character fairy, to the eight-character fairy.

Now, with Ye Xuan's blood strength, if he hides his strength, even if it is a nine-character fairy, he can't see it unless it is a master of the spirit class.

In these three days, Ye Xuan also understood the illusion of this small hole.

The East Island is the weakest of the four islands. The strongest is the nine-character fairy, while the south and northwest have the masters of the spirit-level, which is good news for Ye Xuan.

However, just when Ye Xuan came to the third day, suddenly there were a group of disciples who went out to practice and came back.

When they came back, they immediately found out that something was wrong. The Tibetan Rings that they hid in the house were all gone.

Chapter 1703: Ready to act

"Ye Xuan, Master Huang Xu called you!"

Outside the residence of Ye Xuan, someone shouted.

"Are you still alive?"

Ye Xuan's eyes slammed and hurriedly took the door.

However, when he saw Huang Xu, he found that things were not the same thing.

At this time, Huang Xu was standing next to several official disciples, and their faces were ugly, and all eyes fell on Ye Xuan.

"You are Ye Xuan?"

A yellow-faced youth said.

"This brother is..." Ye Xuan turned to look at Huang Xu.

"You don't have to worry about this. I only ask you, when you cleaned their house, did your hands and feet be clean?" Huang Xu asked at the door.

"Clean hands and feet?"

Upon hearing this, Ye Xuan suddenly understood that these people are estimated to be the owners of some of the houses he had visited, and now they are investigating.

"Brother, I am only responsible for cleaning, nothing has changed."

Ye Xuan said in a hurry, pretending to be a look of sorrow, although he was not afraid of these people, but now it is in the virtual world, but there are many spiritual immortals and even jade.

"you sure?"

The yellow-faced youth widened his eyes, and an imposing force suddenly spread and pressed against Ye Xuan.

"I'm sure!"

Ye Xuan nodded.

"Is it wrong? Your order is arranged by me. This kid is only a second-class fairy. Even the organs are not necessarily able to find it. The fairy will be smothered by the sneak peek, let alone the broken method. Qiankun quit!" A long-haired disciple defended Ye Xuan.

No way, Ye Xuan's realm is too low, and the second-class fairy, can be a servant disciple is very stubborn.

You must know that this disciple who speaks for Ye Xuan is already a nine-character fairy. The array of methods he has arranged, even if it is a seven-character fairy, may not be aware of it. How is Ye Xuan possible?

"Then what did you say? We have been away for only two years, and they have been looted?" said the yellow-faced youth.

"That can't be robbed by this second-class fairy?" Long-haired disciple said.

Indeed, the second world, the realm is too low, this is the key.

"Is it difficult to be a master of the spirit fairy level, sneaked into my East Island?" Huang Xu suddenly said.

"The other three big islands don't bother to come to our east island, but if there are really disciples of the spiritual level secretly sneak in, we really can't find it."

"If that's the case, then let's report it!"

In the end, everyone decided to report the matter. Although there are not many lost things, this is not the case. Be sure to take out the thief.

At this time, Ye Xuan was snickering in his heart, because everything was done by him, but because he hidden the realm, he could not find him.

However, the things in the house are not much compared to those brought by these disciples.

"The tree is old, ready to act!"

Ye Xuan's eyes slammed into the tree and gave it to the old tree.

"no problem!"

The tree in the planting space should be old.

They had been negotiating before, and if things were exposed, then the demon people who had refining the magic were sinned.

There is not even a fairy in the East Island, and the old tree is already an eight-in-one fairy. In this East Island, it is already an invincible existence. If he is shot, no one can stop it.

As long as you are robbing everyone in the thunder, you will earn.

Thinking of this, Ye Xuan directly released the old three trees, and the two masters of the eight-class Tianxian level, the old tree and the ghostly emperor, appeared suddenly and were captured by everyone.

"Ha ha ha, let's die!"

The tree boss laughed twice, and instantly flashed in front of the yellow-faced youth, and then took a punch.

"Hey!"

The yellow-faced youth is a nine-character fairy. He was punched in the chest by a fist, and even the fairy heart was pinched in the other hand.

"Hey, don't move, or crush your fairy heart!" The old man opened his mouth and smiled, reminding him.

Not waiting for everyone to react, the tree is already taking the yellow-faced youth's shackles and picking up the Kowloon Thunder chain.

Everyone is trapped in an instant!

Then, the next step is to do a big job.

Among these people, except for the yellow-faced youth and the long-haired disciple, which are Jiu Pin Tian Xian, the others are eight-character fairy and seven-character fairy, which can't stop the old three.

In an instant, they were looted, and then the tree three disappeared in an instant, and was accepted by Ye Xuan.

In the planting space, the old three of the trees handed over to the leaf and then reappeared in the distance.

"What strength is this?"

The yellow-faced youth and others were shocked. When they were still surprised, Shu Lao and others began to destroy.

"It is them, they are, they must have grabbed them!"

"Get out soon, someone sneaked into the East Island to steal."

In an instant, the atmosphere of the entire East Island was active, and it was a shame to be mixed with the demon people who cultivated the magic.

At the moment, many people have gathered together.

As for Ye Xuan, I was watching it underneath.

"There is a big trouble here. Nakajima will definitely be aware that there will be a spiritual fairy to support it, and it is not a long time to stay here!"

Ye Xuan's eyes squinted and he figured it in his heart.

In the past three days, he has actually touched a lot of information about the mansion, and there are some people who are not.

Taking advantage of this opportunity, he can also ransack, but before that, first upgrade the strength.

"Hey, the host breaks through, and it's currently six products!"

"Hey, the break of the thunderstorm, the current is the nine-day fairy!"

"Hey, Megatron breaks through, it's currently nine products!"

"Hey, the ghosts of the great emperor break through, the current is the nine-day fairy!"

Only those who are in the ring, enough to let Ye Xuan break through, because there are people around, only Ye Xuan did not immediately break through.

Now, the old tree is the true invincible, even if it is a spiritual fairy, if it is a low-level spiritual fairy, it may not be able to stop him.

"Ye Xuan, don't worry, even if there is a spirit, come, let me grab something!"

At this time, a sound suddenly appeared in the planting space, which was a small devil.

"it is good!"

Ye Xuan immediately agreed, and there is a small devil in the world, this is the best.

Over the East Island, this time has been a group, but the old three of the tree that broke through to the level of the nine products, the strength is not generally strong.

In particular, the old tree, the fusion of the purple magic, and the purple magic flame, he is a lot stronger, even if it is hard to attack the nine immortals, no problem, no one can catch up. His speed.

There are many disciples who have stayed in Dongdao, and there are more than 500 people, but there are only about ten of the nine products.

These ten people are the mainstays of the East Island, but in the face of the old trees, they can only do nothing.

Soon, the old tree was to rob all of these eight and nine products, and then Ye Xuan took him in the air and got all the ring.

Chapter 1704: Lost

"Hey, the host breaks through, and it's currently a seven-day fairy!"

"Hey, the break of the thunderfire, the current is a fairy!"

"Hey, Megatron breakthrough, the current is a fairy!"

"Hey, the ghosts of the great emperor break through, and they are currently a fairy!"

Shu Lao and others directly broke the shackles of the fairy and made the fairy.

However, at this time, finally, there were several powerful disciples.

"What is the situation in your East Island?"

Three disciples swept over.

Ye Xuan sensed it and found that he was the realm of these seven fairy gods.

"At least three spirits!"

Ye Xuan eyes a glimpse.

Lingxian is actually the mainstream of this small hole. The East Island is a fairy. It is because the East Island is called the island of newcomers. The potential disciples are in the other three islands. The strongest is the North Island. I heard that there are disciples of Jiu Pin Ling Xian.

"Let me go out and do them!"

The little devil shouted.

"Properly!"

Ye Xuan is no longer nonsense, directly put the little devil out of the world, just in front of the three Lingxian disciples.

For the mixed world devil, Ye Xuan, who is already a seven-character fairy, still can't see through, but it's not a problem to look at the hybrid demon.

Big deal, run it!

"Hey, I like to grab you guys, and bring everything!"

The little demon king of the world laughed and immediately came to the three disciples of the Lingxian class. He screamed a few times, and he shot the three people and made a ring.

This strength is indeed nothing to say.

"Ye Xuan, I will go when I go!" The little devil of the world gave Ye Xuan a voice, and then he rushed straight out.

On the East Island side, the battle continued, but it only lasted for five seconds.

Five seconds later, the entire Dongdao disciples were all looted, and they were all seriously injured, including the dozens of nine products.

At the same time, the realm of Ye Xuan is also raised again.

"Hey, the host breaks through, it's currently eight products!"

However, this time the old three trees did not break through. After all, after breaking through the spiritual fairy, more experience was needed, but it was faster.

"With my current realm, it is estimated to go to the South Island."

When Ye Xuan thought about it, he secretly broke the void and came to the entrance of Xiaodongtian.

Fang Caishu's old three ransacked the East Island. No one knows that he has a relationship with him. After all, he is only a second-class fairy.

At this point, he has changed his face and is ready to enter the South Island.

"Hey, where are the demons who dare to make trouble in my emptiness, find death!"

"Everyone is careful, this little thing is very powerful!"

"Ah, fast speed!"

In the sky, there is a constant roar, which is the voice of the masters of the mixed world and the masters of Xiaodongtian.

Ye Xuan's heart trembled, and this mixed-race little demon was so powerful that even one person and the whole master of the small hole day were enemies, and they did not know what realm was cultivated.

At this time, Ye Xuan has entered the South Island.

This spiritually small hole is divided into four islands in the southeast and northwest. The east island is the weakest, and there is not even a fairy.

The South Island is second, the strongest is the Sanpin Lingxian, the only three disciples are from the South Island.

After Ye Xuan entered the South Island, he immediately released the old three trees and ransacked again.

"who?"

When the old tree appeared, the magical power emitted by the magic immediately caught the attention of others.

However, the old tree is now a fairy, the ghosts of the Emperor and Megatron, they joined forces, in the South Island is almost invincible existence.

What's more, Ye Xuan is assisted in the dark.

"Hey, take control of success!"

"Hey, take control of success!"

"Hey, take control of success!"

Along the system prompts the sound, Ye Xuan constantly controls the eight-piece, nine-product fairy, and soon it is fifty.

These fifty people, all things were taken away by Ye Xuan, and then joined the battle.

For a time, the interior of the South Island was hit.

After Ye Xuan swallowed these Qiang Kun ring, the realm of the old three trees was finally improved.

Two products Lingxian!

Now, there is no one in the South Island who can stop them.

It is estimated that as long as the entire South Island is looted again, at least two more breakthroughs can be made. That is to say, Ye Xuan can break through to the Lingxian level.

However, at this time.

"presumptuous!"

There was another powerful voice in the sky.

Yuxian, who is sitting in the town of Lingxue Xiaodong, is finally shot.

"The trough, six Pinyu, walking!"

After the mixed-action little demon sensed this breath, his face changed greatly and he immediately turned around and left.

He originally thought that this small hole was sitting in the town of Sanpin Yuxian. He did not expect it to be three times higher than his estimate. In this realm, he still can't do it now.

"what?"

After hearing this, Ye Xuan turned his head and saw that the small demon king had directly turned into a black streamer and disappeared.

However, before the advent of the little devil, I gave Ye Xuan a voice.

"See the cross-cut cliff in the northwest of Xiaodongtian!"

Ye Xuan is just an eight-character fairy, not to mention the jade fairy, even the middle and high-ranking spirit fairy is enough to leave him.

In order not to expose him, the mixed king demon left alone because he knew that Ye Xuan had the ability to leave.

"Running, don't say anything to me in advance!"

Ye Xuan was slightly helpless, and decisively broke away from the void.

The people who attract hatred are gone, and those masters will soon find the battle in the South Island, so it is not appropriate to stay for a long time.

In an instant, Ye Xuan is leaving Xiaodongtian.

This time, his harvest is not small, I almost broke through to Jiu Pin Tian Xian, the old three trees also broke through the second product Lingxian.

You must know that when he first came in, the realm was indeed the second-class fairy, and this time he raised seven realms.

At this time, Ye Xuan is rushing to the Hengya Cliff.

According to the direction in which the devil is leaving, he should want to lead the jade to the cross cliff.

However, this cross-brick is not far away, and Ye Xuan was run by the old tree, and it took him three days.

Three days later, Ye Xuan arrived at Hengdiao Cliff, but did not see anyone.

"It is estimated that it is still being chased..."

Ye Xuan turned his eyes, and he prayed that the little devil would not do anything. After all, that body, but Ye Yuquan.

This is another seven days.

When Ye Xuan was a little too late, there was finally a strong breath close to the Hengya Cliff.

"This king is here!"

The little devil shouted.

Ye Xuan's heart trembled, and he sensed that the real world of the little devil was high. Not only that, but even the two black horns on the head have grown a lot.

"How are you so slow?" Ye Xuan asked strangely.

"Don't mention it, the guy is not only a six-character jade fairy, but also a good flying sword, killing me for five days and five nights, and finally I risked falling into the realm, using the cards, I am afraid I have to be Continue to chase." The mixed king of the devil sighed.

Among the immortals, the cultivators usually use the flying sword to hurry, a good flying sword, very useful.

Chapter 1705: Two people join hands

"Then you still want to go back, I can let you go back to the small hole in an instant."

Ye Xuan suddenly smiled.

"Go, of course, I went, and I chased me for five days and five nights. How can this hatred not be reported?"

The eyes of the little demon kings glimpsed and said: "Give me the past, I ransacked that little hole, and after that I will divide your trophy by one percent!"

"Only one percent?"

Ye Xuan exclaimed.

"One percent is not enough?" The little demon stunned Ye Xuan and said: "Hurry, the guy seems to be rushing back."

Ye Xuan thought about it and thought that the transaction was not bad. After all, he was only responsible for opening the door.

In that small hole, there is only one six-character jade fairy sitting in the town. There are also a few jade celestial ones. If you go back, it will be enough to rob them all.

At that time, one percent of the spoils are enough for him to rise several times.

At the moment, Ye Xuan is directly breaking the void and returning to the small hole.

"Open it!"

The mixed-race little demon can't wait to rush over. This time, Ye Xuan didn't go in, just looking outside, ready to open the door of the void to evacuate.

It was already ten days since the last big hole in the sky. At this time, the six-character jade has not returned yet, so no one in the hole is the opponent of the mixed king.

Soon, the little devil was robbing this little hole and then hurried away.

"Go!"

The mixed king demon plundered in front of Ye Xuan, and then the latter opened the door of the void again and passed quickly.

This process, in less than half a minute, even if it is the six-character jade, there is no way.

At this time, Ye Xuan returned to the Hengya Cliff with the mixed little devil.

"Get it!"

Ye Xuan reached out with impunity.

"Get it and take it!"

The mixed world demon king is also extremely generous, directly thrown to Ye Xuan, a large number of Tiancai treasures, and said: "The following will be mixed with the king, the king will not treat you badly, now send me in, I want to put All things are refining, and I am trying to refine a pair of magic wings, so that even if there is a good flying sword, I can't catch up with me."

Ye Xuan received the Qiang Kun ring, his eyes could not help but brighten, and then directly into the mixed space of the small devil into the planting space.

"Hey, the host breaks through, and it's currently a nine-day fairy!"

"Hey, the host breaks through, and it's a good thing now!"

"Hey, the host breaks through, and it's currently the second product!"

"Hey, the host breaks through, and it's currently a three-pronged spirit!"

This time, Ye Xuan jumped four realms and directly broke through to Sanpin Lingxian. In addition, the old three trees have also broken through, six products Lingxian.

He estimated that if he swallowed all the spoils, he would at least get six products.

However, this is not anxious. As long as the realm of the mixed king is raised, he can go back to looting once again and rob the six jade celestial beings. Is there still no good thing at that time?

In the course of the cultivation of the little demon king, Ye Xuan was hiding far away in order to avoid being searched by the six-character jade.

Until the third day.

"Kids, after three days, I estimate that I can finish cultivation and continue. When there is a total of thirty-six small holes in the sacred hole, all of them will be robbed." The little devil said.

"no problem!"

Ye Xuan opened his mouth and smiled.

This time I got on a thick thigh, luck is really good, Ye Xuan provides a cultivation place for the mixed world demon king, and after every looting of the mixed world demon, it will give Ye Xuan a lot of things, the two complement each other, repaired soaring.

Three days later, after the cultivation of the little demon king, the Ye Xuan of the Sanpin Lingxian is still unable to understand the cultivation of the little devil.

"Go, send me back, the king wants to catch the six jade fairy!" said the little devil.

"it is good!"

Ye Xuan has already counted this point, immediately opened the door of the void and returned to the small hole.

At this point, the six-character jade is already back. He has already reported the incident of the little devil, but no one has come to support it.

"Old guy, this king came to take revenge!"

The mixed king of the devil did not arrive, the voice first arrived.

The six-character jade in the small hole in the sky heard it and immediately flashed into the sky.

"what?"

These six jade immortals felt the breath of the mixed world, and they were shocked.

However, in a few days, the mixed world devil has grown to the point where he can't see through. How is this possible?

However, what he did not know was that the cultivation of the space for fifty days was only a day before.

The mixed world demon king practiced for six days in the inside. In fact, it is equivalent to three hundred days. In addition, the small devil is a reincarnation of the strong, and the speed of cultivation is fast, but not the average person can catch up.

Not waiting for the opening of these six products, the pair of black horns on the head of the mixed world suddenly flashed twice. Then, the body of the mixed king demon king extended a virtual image of rapid expansion.

"Heaven and Dafa, Heaven and Earth!"

In an instant, there is a strong sense of oppression, which falls on everyone's body and makes them unable to move.

Not to mention those celestial beings, even those jade celestial ones and two products, even the six-character jade fairy in the town, can not move.

"Ye Xuan, take everyone in!"

The mixed world demon suddenly spoke.

"what?"

Ye Xuan brows a pick, and did not respond for a while.

"They were so shocked that I couldn't move, and I took this hole in the sky!" explained the little devil.

Upon hearing this, Ye Xuan glanced at it and found that the six-character jade fairy was cold and sweaty.

"who are you?"

These six jade immortals, finally opened their mouths and spit out a sentence.

"Even if it is a sinister, I am in front of me as an ant-like ant, even the lord of this country, I can't enter my eyes!" said the little devil.

"The Lord of the Spirit, the Lord of the Kingdom?"

Everyone was shocked when I heard this.

In the virtual world, there has been a golden fairy.

However, Jin Xian is a cockroach ant in front of the lord of the country.

One hundred and eight holes in the country, including the virtual hole, is the bottom of the ranking. The king of the country is also a super master of the true fairy level.

Immortal, Tianxian, Lingxian, Yuxian, Jinxian, Xuanxian, really idle, that is to say, the king of the country is the master of the seventh world of immortals.

This kind of existence, even can not enter the eyes of the mixed king.

It's hard to be a good thing. Is the little demon king who is beyond the real fairy tales?

"Hey!"

Thinking of this, these six jade can not help but swallow a mouthful of water.

Ye Xuan does not understand so much. At this time, it is already using the planting space to accommodate all the people in the small hole.

These people, all of them were shocked by the mixed little devil, and they can receive planting space without asking for consent.

Chapter 1706: Planting space upgrade

Within three minutes, all the people, including Liupin Yuxian, were all included in the planting space, and there was no one left.

Then, Ye Xuan moved the entire spiritual void to the planting space.

"Hey, the planting space level has increased, currently it is nine!"

At this time, the system suddenly prompted.

The planting space, due to the occupancy of so many masters, is finally improved.

Upon hearing this, Ye Xuan's eyes couldn't help but sneak a sneak peek and found that the flow rate of the planting space turned out to be a hundred times.

After practicing for three months, the outside world only passed the day.

"Not bad!"

Ye Xuan opened his mouth and smiled.

The increase in planting space, although he does not have much gain, but for the fall, it is a good thing.

Although they have been practicing recently, they have continued to provide resources for cultivation, and they have already broken through to the level of Lingxian.

But for now, there is one more important thing to do.

He can also get one percent of the six-piece jade trophy.

"Get it, your booty!"

In the planting space, the mixed king devil divided the spoils and handed them to Ye Xuan.

After devouring it, Ye Xuan's realm has once again increased, and he has jumped two levels and reached the five-pronged spirit.

The old three trees, but also instantly broke into the eight spirits!

These days, the repair is too fast, Ye Xuan himself can not believe.

"Go, go to the next hole, I will sweep this emptiness hole to the sky!" said the little devil.

Lingxu Dongtian is ranked at the bottom of the 108-hole day in Laos, but there are also thirty-six small holes. This time, the little devil is trying to rob all these thirty-six small holes.

Although Ye Xuan only got 1% of the spoils, he can break through the power of ash, and how can he let go of these benefits?

Next, Ye Xuan was a few twists and turns, and came to a small virtual hole.

This emptiness and small hole, the strongest is still the six-character Yuxian sitting in the town, so it replayed the scene of the day, everyone was received by Ye Xuan in the planting space.

Then, Ye Xuan and others continued to act.

In the following month, Lingdongdong directly lost 18 small holes, and all disappeared, and the murderer had only two people, one cultivator and one cultivator.

A month later, Ye Xuan's realm was directly upgraded to a product of Yuxian, and the old tree and others were four-character jade.

This strength is already very strong.

"Kid, my realm has been restored to Yuxian, now I am, even Jinxian can not help me, our next destination, go to the virtual hole."

The mixed world devil directly said.

"What, you are a jade?" Ye Xuan brows a pick, exclaimed.

Yuxian, he is also a product of jade, but this mixed world is actually the same.

In the case of the same level, the eye of the insight can not see through the other party, how strong is the mixed king devil?

"There is nothing to be fussed. If you are in the peak period, you can kill this country with your wave. I am the one who is one of the eighteen kings of the Emperor of the Devil's Emperor, and the little demon king."

"Devil world, Shura Huang, the Eighteen Heavenly King, 祁绪?"

Ye Xuan's eyes were slightly stunned, and he only knew the name of the little devil.

"Devil world, is the same place as the fairy world, that is the world of the magician, there is a demon world before, but now it has disappeared. I am from the devil to the fairy world, but in the fairy world was overcast, so reincarnation, no I also thought of a source of the devil..." The world of the devil.

"It sounds so good." Ye Xuan couldn't help but slap a bite.

At the same time, he quickly thought about it for a moment.

The Shura Emperor of the Devil World must be the kind of existence that everyone knows, and the mixed world demon king is one of the 18 kings of Xiu Luo Huang, and its status is certainly not low.

Therefore, he estimates that this small demon king can squeeze into the level of the top masters of the devil, and must hold the thighs.

"Go, go to the emptiness of the sky, fight for something, then I will retreat to condense a pair of magic wings."

The mixed world demon continues.

He had said before that he had to condense a pair of magic wings, but there was no material, so there was no way.

And this emptiness is a top-notch force in the country. Once there was a master of Jinxian, the strength must not be small.

Although the Jinxian fell in a big battle, but the foundation is also very rich.

Ye Xuan is not qualified for this kind of jade, but the old man and so on are actually enough to go to the virtual void.

What's more, there are super-level masters of this level, what are you afraid of?

At the moment, Ye Xuan is beginning to continue on his way.

Although they have been wanted all recently, it doesn't matter. After all, Ye Xuan has the means to make a face-lift, and he can't see it at all. After all, this is a change of face, not an easy-to-capacity technique.

A few days later, Ye Xuan came to the virtual hole.

They used to visit the small hole days, but now, it is the real spiritual hole.

At the moment, the little devil of the world is rushing in, and then the emptiness of the hole is a burst of blood and rain.

Although it is said that this emptiness hole and the mixed world little devil have no hatred, but the fairy world is actually similar to the mortal world, is a world of weak meat, the weak are always the first to be eliminated.

However, the spirit of the virtual hole is also a hole in the sky, there is a record in the country, even if it is a more powerful hole, it is not allowed to shoot, otherwise it will be wanted by the country.

However, the mixed world devil is not afraid.

This emptiness hole is just a master of the Golden Fairy. In fact, there is no gold fairy. Therefore, there is no rival in the world. In less than three minutes, all the spirits are looted.

However, there are nine kinds of jade celestial beings in this emptiness hole. The mixed world demon king is still unable to suppress it, so he hurried away after the looting.

"Come, one percent of you!"

In the planting space, the mixed world demon king was thrown to Ye Xuan, a Qiankun ring.

The wealth of the virtual hole is much more than the thirty-six small holes in the sky. Although Ye Xuan only got one percent, it has many advantages.

“Hey, the host breaks through, and it’s currently a second-class jade!”

“Hey, the host breaks through, and it’s currently a three-product jade!”

This time, it is two jumps.

However, just as Ye Xuan secretly hid the joy, there was a phantom in the sky.

"Bold, dare to join hands to repair the demon, robbing the virtual hole?"

A violent drink, ringing in Ye Xuan's ear.

Ye Xuan looked up and found a man wearing a gold armor standing on top of his head. The breath of this person was so strong that Ye Xuan could not move.

Chapter 1707: Dark prison

"who?"

Ye Xuan’s heart trembled and he did not find out how the other party appeared.

And why did he find his head?

"Say, where is the cultivator?" The golden armor yelled.

"Predecessors, what is the magician?" Ye Xuan asked strangely.

"It is also a sophistry. My country is built in a fairy. What you are doing, I can see it clearly. Every time the cultivator robs the emptiness of the hole, you are nearby, and you are still talking." It doesn't matter?" The gold armor was cold.

Hearing this, Ye Xuan's face changed greatly, and he did not expect his means to be seen.

I don't know, this golden armor is what comes to the head, and there is such a big ability.

Of course, the most strange thing about Ye Xuan is that this country is actually a fairy.

"Catch the little devil, wake up quickly, the trouble is big!"

At the moment, Ye Xuan shouted in his heart.

However, at this time, the mixed world demon king has already arranged a formation in the planting space and began to cultivate, which is to condense his so-called magic wing.

The planting space is the site of Ye Xuan. In principle, the mixed world demon king has to listen to him after he has entered the planting space.

However, this mixed-race little devil is a means of heaven, and even the planting space cannot control him.

Simply put, at this time, Ye Xuan is not awake.

"Damn, this guy is really fast!"

Ye Xuan roared.

However, it is strange to blame the planting space flow rate is too slow, one second outside, it has been a hundred seconds.

"Don't say yes, good!"

Jin Jia men saw Ye Xuan silent, after a low drink, a palm shot directly.

"Get into the Dark Lord!"

The earth suddenly burst into a hole, and Ye Xuan, who could not move, fell directly.

This feeling is almost the same as when I entered the fairy tomb. Ye Xuan could only watch her away from the ground and close to the center of the earth.

However, Ye Xuan was relieved, he thought he was going to die there.

The process of falling down has been going on for several days. In the past few days, Ye Xuan couldn't move at all. At the same time, the little devil in the planting space did not wake up. I know that more than a year has passed in the planting space. Time is up.

"Pit, what is the Dark Lord Prison, why haven't you arrived yet?"

Ye Xuan is very helpless, but at this time, his back suddenly felt a cool breath.

Then he saw that he had fallen into a dark abyss, surrounded by nothing, no living things.

At the same time, he also felt that his body was finally able to move.

"Is this the black demon prison?" Ye Xuan brows a pick.

The Dark Lord Prison sounds like a prison. I didn't expect it to be below.

At the moment, Ye Xuan quickly uses the eye of the void to see if he can leave this ghost place.

However, as he expected, the eye of the void could not be used.

This is a miserable!

"The tragedy, I don't know what level of my three jade is here."

Ye Xuan wants to cry without tears.

Since you can't leave, you can only investigate this black magic prison first.

There is no darkness in the black magic prison, but Ye Xuan, who has an eye for insight, does not have any discomfort.

Now the mixed king is retreating, so he can only rely on him.

"The tree is old, the ghost is the great emperor, Megatron, go out and explore the road!"

In order to prevent it, Ye Xuan summoned the old three of the tree.

"it is good!"

Already a tree of six-character jade, he should have swallowed it out quickly.

Exploring the Dark Lord's prison, they are handed over to them, because there is no limit to resurrection, so there will be no problem.

"Young master, caught a piece of jade fairy!"

After a while, the tree suddenly shouted.

Upon hearing this, Ye Xuan quickly rushed over and then saw a man who was caught by the old tree.

"Hey, take control of success!"

With Ye Xuan's three-character jade fairy realm, the opponent is instantly controlled, and then, the soul is searched.

The Dark Lord Prison, originally used by the Shu Kingdom to detain the Demon, was later turned into a prisoner.

Once you make a mistake, you will come in directly and let them fend for themselves.

Because there is no way out here!

"There is no way out, is it impossible?"

Ye Xuan's eyes squinted and carefully searched the soul.

The road to discovery is still there, but it is extremely dangerous. After millions of years, no one has succeeded.

This time, Manima is finished!

"The way out is called the blood of the corpse, no matter who goes in, it is a dead end, even Xuanxian enters it!"

Ye Xuan heart trembled.

He is only a jade now, followed by Jin Xian, and then Xuan Xian.

Even Xuan Xian can not successfully leave, it seems that this is dangerous enough.

However, he did not have a chance to leave at all, because there is still a small devil in the world.

Moreover, this black magic prison has been established for countless years, and there are probably countless prisoners in it. When it is time to rob it, it may be possible to kill a way out.

"In this black magic prison, even the magical level of the Xuanxian level has, and I can not use the eye of the void now, you must be careful, otherwise these two avatars will be miserable!"

Ye Xuan's light flashed and he thought about it.

There is no map in this dark magic prison, so he can't copy it, unless he explores it.

I don't know when the little devil will go out!

"Hey, taking one step is a step."

Ye Xuan sighed, who made him bad luck, even was discovered by the inspection of the country?

Fortunately, life is not lost!

This black magic prison is extremely dangerous. Let's not say that there is no way out. The countless cultivators and fierce cultivators in it alone are enough for him to drink a pot. Therefore, Ye Xuan must be extremely careful.

In this way, we can only let the old three people explore the road!

However, it was at this time.

"Hey, the host triggers a random mission, flees the Dark Lord Prison, and the mission completes the reward to open the second sage-assisted bloodline!"

Suddenly a system prompts to sound.

After hearing it, Ye Xuan's eyes lit up. He hadn't triggered random tasks for a long time, and finally came today.

"Haha, the second auxiliary blood column, at least three points to swallow the point to open, not bad."

Ye Xuanyi opened his mouth and smiled. With this random mission, he also had the motivation to upgrade.

However, I am afraid that the Dark Devils are not so easy to go out!

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

In the following days, Ye Xuan encountered a lot of cultivators and cultivators.

The Black Devils were originally detained by those who were cultivators, but some sinister sinisters were locked in. However, in the case of the same level, the cultivators are generally better than the cultivators.

The people killed by Ye Xuan, although not high in realm, are better than nothing. In such a dangerous place, it is a point to be able to enhance a little strength. If it is so bad, can it reverse the situation?

Chapter 1708: Clearance

On the third day of Ye Xuan's entry into the Dark Lord's prison, he finally met an adversary.

Jiu Pin Yu Xian level of the demon!

"Hey, the ghost is dead!"

"Hey, the ghost is resurrected!"

"Hey, Megatron died!"

"Hey, Megatron is resurrected!"

A series of four system prompts to sound, let Ye Xuan be one of them.

Through the visual sharing, he saw a man with dark skin, and killed the ghost Emperor and Megatron.

This person, by virtue of his physical quality, will make the Ghost Emperor and Megatron a powder, and his strength is very strong.

"I have been in the Dark Lord Prison for three days. The strongest one has encountered four Pinyus. I didn't expect this time I suddenly met a nine-character jade..."

Ye Xuan's eyes glimpsed and thought in her heart.

He is now a three-character jade fairy, the old tree, the ghostly emperor and the Megatron are all six jade fairy, if you join hands, killing this black skin repairer should not be a problem.

"The tree is old, up!"

At the moment, Ye Xuan is the oldest tree to chase after the past, at the same time, he also with the ghosts of the Emperor, Megatron to keep up.

As long as he killed the nine-character jade, he can break through at least once, or even twice. Even if the card is layered, it is necessary to kill the person.

With the eye of insight, Ye Xuan quickly found the other side, at this time the old tree has already flashed.

"Get another prey, die for me!"

The black-skinned man snorted and slammed into the tree.

"Kowloon Ben Lei Flash!"

The tree does not say anything, and it goes up.

This punch, he did not go around, but waiting for Ye Xuan, when the time to join hands, then sneak attack.

"Hey!"

A loud bang was spread, although the difference was three realms, but the power of the two was not much different.

The old Jiulong Benlei of the tree has advanced once, and the power of the shot has increased by 70%. Together with the strength of Ye Xuan's blood, the old tree has the strength to overcome the challenge.

Although the power is not much worse, the old tree has other means.

At this point, the black skin man saw his hand climbed by a purple-black flame, which actually burned his skin defense and made him suffer.

"This is, the legendary purple magic flame?" The black skin man was shocked.

The purple magic flame is the magic flame produced after the refinement of the purple magic, this is a magical flame only in the legend, I did not expect to see it today.

"This person actually has the purple magic, what is the head?" The black skin man can not help but think.

A person with a purple magical mind is certainly not small. He has been locked up in the Dark Lord Prison for more than 100,000 years, but he has never heard of this.

Before he could open his mouth, the old tree was punched and punched with him.

"It's so strong, but fortunately, my heart is the black magic, and the body is strong. If it is the average person, I am afraid that the arm has been burned out." The black skin man said in a dark voice.

At this time, Ye Xuan has already marked the other party with the death killing order, followed by one big one after another.

"Kirin down!"

"Do not destroy the soul!"

"Sharp storm!"

The first time the unicorn descended, the fire unicorn was summoned, and the second time in the Xia time, the ice unicorn was summoned, and this time, it was Lei Ming unicorn.

Thundering Kirin, controlling lightning, and acting quickly, the strength is probably not weaker than the old tree.

In an instant, the black-skinned man is the enemy of the abdomen. If he wants to go, he will not be able to walk, and in a blink of an eye, he will fall into the wind.

"The eye of assassination!"

"Zhu Xian is a must!"

"Kowloon whistling!"

In the case of Ye Xuan and other people's cards, the black magical body of this black skin man was directly bombarded.

The nine-product jade-level cultivator is instantly degraded!

"Hey, the host's killing value is improved!"

At the time when the system prompts the sound, Ye Xuan has swiftly swept the past and took it out.

There are a lot of things in Qiankun's ring, but it's still less than what Ye Xuan expects. After all, these people stay in the black magic prison, can't add the heavenly treasures, can only snatch, and there will be losses, so Not much is normal.

"Hey, the host breaks through, and it is currently a four-character jade!"

"Hey, the breakthrough of the thunderfire, the current is the seven-character jade!"

"Hey, Megatron breaks through, and is currently a seven-character jade!"

"Hey, the ghosts of the great emperor break through, currently the seven-character jade!"

The system prompts the sound, and the realm of Ye Xuan and others is improved.

However, just before the black man fell, he used the secret technique to pass on to others.

"What, purple magic?"

In a corner of the Dark Lord Prison, a man opened his eyes and he already learned the message of his friend's death. All he has to do now is to pass the message of the Purple Magic.

At this time, Ye Xuan did not know about this and was continuing on his way.

With their current strength, no one in the Yuxian class is their opponent. Even if they encounter a product, they can also fight.

Of course, in this dark magic prison, there are many Jinxian, even Xuan Xian has, let alone Jin Xian?

"This mixed-race little devil, I don't know when it's been closed, it's been a year..."

Ye Xuan is slightly helpless.

One day outside, the planting space is one hundred days, and it has already passed a few days, which is equivalent to more than a year.

However, one year is a blink of an eye for this realm. They are used to it. After all, in general, retreats are based on the year, and some people may even retreat for a long time.

One year, it's not too long!

However, Ye Xuan is waiting for his heart to be cold. If this mixed-race little demon wants to retreat for a thousand years, is it not a tragedy?

"Oh, forget it, or be self-reliant!"

Ye Xuan sighed.

His current goal is to upgrade and upgrade to the Xuanxian level, so that he can stand in the Dark Lord Prison without reminding him of his daring.

Although it may still not go out, at least it will not be dangerous. When it is time, you can go straight and leave.

Fortunately, this time the little devil retreats and soon, on the third day after the death of the black skin man, the mixed king is the customs.

At the end of the retreat, the mixed world demon condensed a pair of magic wings and the speed soared.

"Kid, during the period of my retreat, have you encountered any trouble?" asked the little devil.

"The next time you retreat, remember to tell me how long to close!"

Ye Xuan's projection looked gloomy and said: "You immediately retired after the smashing of the virtual void. I was discovered by the inspection of the country and then entered the black prison."

"Oh, Dark Lord Prison?" The little devil is a bit strange, saying: "Where is this?"

"This is a gathering place for all criminals in Laos. It is a fairy. It is under the Shu Kingdom. There are some cultivators and a small number of cultivators. There is no way out here. The only suspected way out is The corpse is **** sea, it is said that even Xuan Xian can not go." Ye Xuan explained.

Chapter 1709: Skyfire Palace

"Xuan Xian?" The eyes of the little devil in the world, said: "This country is also a true immortal. Just let me return to the Xuanxian level, you can break this."

This retreat, in addition to refining the pair of magic wings, he also improved the realm, and repaired and refined a lot.

"I am going to go to a city in the Dark Lord Prison. The city owner is a second-class Jinxian. Can you deal with it?" Ye Xuan asked.

"In any case, we are getting rich by looting, and it is the same everywhere, but this is the hatred of the black devil, but you can't report it." The little devil said, suddenly sneer.

Ye Xuan heard this, his eyes could not help but brighten, asked: "How to report?"

"When we go out, it is the day of the destruction of the country!"

For this sentence, Ye Xuan instantly understood that the mixed world demon king is to collect the entire black magic prisoner, and then break the fairy, in the country to release all the demons, attack the royal family!

In fact, Ye Xuan is more suitable for repairing the devil, which can enhance physical fitness, and the strength may be stronger than the current.

However, the magic heart and the fairy heart are opposite, the two are very sensitive. Once they are rehabilitated, they become a street mouse, so Ye Xuan chose to refine the evil heart.

Next, the mixed world demon directly launched the pair of huge magic wings, and then with Ye Xuan rushed to the nearby city.

Although his realm is the same as Ye Xuan, it is only four products, but the strength is super strong, and the challenge of a big realm will not be a problem.

The pair of magic wings are fast, and the speed is ten times faster than the old tree. Within half a day, Ye Xuan rushed to the nearby city.

They don't care what the name of the city is, and the little devils rushed in.

"Day of the Devil, the devil!"

The mixed world of the devil does not say anything, directly display the card, the giant virtual shadow appears, the people in the entire city can not move.

Then, Ye Xuan began to accommodate these people into the planting space. His planting space, even if Jinxian entered, could not come out.

The owner of this city is the second-class Jinxian, which was directly moved by the mixed-world little demon, and then was taken into the planting space.

The whole city was full of more than 100,000 people. In the end, all of them became slaves of Ye Xuan, and everything was taken away.

Then, the mixed world demon and Ye Xuan distributed the spoils according to the distribution method of 99% and 1%.

"Yu Xu, you got so many natural treasures, why is the realm so low?"

Ye Xuan finally couldn't help but ask.

"What do you know, the source of the devil must have a lot of heaven and earth treasures, and, my demon spirit has not been refining it."

"What, you are just an ordinary magic?" Ye Xuan asked strangely.

"My past refining is the purple magic, but this is not suitable for me now. If you want to integrate the magical world that is comparable to the demon, you must raise the ordinary magic to a certain level." Road.

Among the treasures of the heavens that they ransacked, many were used to temper the fairy heart and to temper the magic. However, all of them were used by the small devil to quench the ordinary magic.

"There is a way to rebuild it, I want to change the heart of the evil fairy into a purple magic." Ye Xuan asked.

Although the dazzling celestial sensation of the celestial heart is stronger than the purple magic flame, but for him, the purple magic can improve a lot of physique, in contrast, it is still more cost-effective.

"No, if it is the general fairy heart, I have a way. But this dazzling fairy heart is not an ordinary thing, this is the supreme heart of the Heavenly Fire Palace. Now it looks worse than the purple magic, but if you are in the future, I got the Tianhuo Sanxuan of the Tianhuo Palace, and this dazzling celestial heart will be able to smash the purple magical ten streets." The little devil said.

"Tianhuo Palace, Tianshen three metamorphosis?" Ye Xuan heard this, his eyes could not help but glimpse, said: "This treasure, you will give me?"

"The value of the purple magic is high, but I already have it. What I want to do in my hand is naturally to spread out and let more people practice the magic. Secondly, the refining method of the singularity of the fairy gods is obtained by chance. It is also because I was chased and reborn, I gave it to you, but also want you to pass it out, oh..." The little devil sneered.

"Hello, what if you know what the fire palace is?"

Ye Xuan was so angry that he knew that he was being pitted. It is no wonder that the demon of the devil is so kind, it turned out to be such an abacus.

"Oh, don't worry, the fire palace is not something you can touch now. Now you even use the dazzling fire, no one knows."

After the mixed world demon king finished, he arranged another array of methods, and then said: "I have to start retreating again. The outside world is about ten days. During this time, you are busy, don't die!"

In fact, Ye Xuan is not dead, he does not care, because Ye Xuan has a avatar in the mortal.

If Ye Xuan is dead, he can continue to fly to the fairy world.

After hearing this, Ye Xuan rolled his eyes and then swallowed one percent of the spoils he had received.

"Hey, the host breaks through, and it's currently a five-paste jade!"

"Hey, the host breaks through, and it is currently a six-character jade!"

"Hey, the breakthrough of the thunderfire, the current eight-character jade!"

"Hey, the breakthrough of the thunderfire, the current is the nine-character jade!"

"Hey, Megatron breaks through, it's currently eight Pinyu!"

"Hey, Megatron breaks through, it is currently Jiu Pin Yuxian!"

"Hey, the ghosts of the great emperor break through, the current is eight Pinyu!"

"Hey, the ghosts of the great emperor break through, currently the nine-character jade!"

A series of system prompts to sound.

This time the harvest is not bad, but unfortunately, the mixed king devil will retreat every time he ransacks, instead of a one-time robbery and then retreat, really will not use time.

To this end, Ye Xuan can only helplessly, in order to insurance he can only hide, waiting for the reunion of the small devil to complete the retreat.

This is closed for ten days.

But now, for Ye Xuan, it is nothing. The immortal has an endless life expectancy. Under normal circumstances, it is impossible to die.

Gradually, he also calmed down!

Ten days later, the small devils went out and the repairs were upgraded again, so they began to move on and robbed the big cities in the dark prison.

The Shu Kingdom was built on the Dark Lord's Prison, and people were sent to the Dark Lords prison all the time. Everyone who died every day could form a city.

After the strength of the upgraded little devil, they visited the surrounding cities and moved them all into the planting space.

Although their movements are fast, they are not seamless, and soon this matter is spread.

Chapter 1710: Main city merger

Then, the mixed world demon king continued to retreat, this time is seven days.

And Ye Xuan, also chose a place to rest, at this time he is already eight Pinyu.

After seven days, the little devils went out and they were ready to plunder again.

"This time, picking a big one, even if it is a fairy, it is enough for a fight!"

The mixed-race little devil smiled confidently, unfolded his wings, and took Ye Xuan to hurry.

However, this time they are not so easy.

One day later, they came to Ziyang City, one of the ten main cities in the Dark Lord Prison, and their goal.

"Old plan!"

The little devil sipped a low voice and then sneaked into the city himself. However, he just entered, and he felt a strong breath.

Xuanxian!

"There is a mysterious fairy, but what about it?" The little devil in the world did not take it for granted. He went straight to the Xuanxian.

At this time, in the main house of Ziyang City, the one-piece Xuan Xian is still drinking and playing chess leisurely.

At this time, the little devil of the world is not the level of the jade, even the golden fairy is not there, naturally it can not attract his attention.

However, after a while he heard a rumbling bang outside the city.

"what happened?"

The main eyebrow of Ziyang City is a pick.

He is one of the top ten masters of the Dark Lord Prison. It is already a fairy tale. Is there anyone who dares to shoot at his site?

He immediately unveiled the fairy tales, but suddenly found that the masters of the Jinxian in the city government fell one after another.

day!

what's going on?

He concentrated on using the fairy to look at it and found that it was not a golden fairy but a jade fairy.

To be precise, it is Jiu Pin Yu Xian!

"A nine-character jade fairy, even killing dozens of senior Jinxian in my city's main government, is this a dream?"

Ziyangchengcheng's eyes widened and hurriedly took the door and jumped into the sky.

At this time, he was seeing a double-horned head, and the children with their double wings were killing.

"Still, look for death!"

The owner of Ziyang City also no matter who the other party is, and directly sacrificed the sword of the fairy.

"call out!"

This fairy sword was immediately turned into a streamer, and it was attacked by the little demon king.

Ziyang City is one of the ten main cities of the Dark Lord Prison. The city owner is not a cultivator, but a cultivator, so his means is to use the treasure.

In the distance, when the little devil saw the Ziyang City, the light could not help but flash.

Although he is only a nine-character jade fairy, even Jin Xian is not, and the owner of Ziyang City is a product of Xuan Xian, higher than him to a full ten realms.

But what about this?

"I am a little demon, but one of the eighteen kings of the Emperor of the Devil, who is obsessed with me!"

The mixed-race little devil snarled in the sky, and the two black horns on his head suddenly gave off two black lights.

"Day magic, magic flash!"

Using this trick, it is possible to let the world of the little devil fall, but as long as the sacred fairy is killed, no one in Ziyang City can stop him.

After seeing this move, the Ziyangchengcheng master looked stunned and waited for him to react. The two black lights had already disappeared into his chest.

"Hey!"

Only heard a crisp sound spread, the heart of the Ziyang City Lord's heart broken, and instantly fell.

Now, the only one of the Ziyang City Masters is a fallen man, and who is the opponent of the mixed king.

What is even more tragic is that after the little devil used the cards, the realm did not fall.

"Day of the Devil, the devil!"

In an instant, a huge virtual shadow appeared, and all the people of the entire Ziyang City were suppressed.

Ye Xuan outside the city saw the mixed world demon king used the demon photo, immediately plundered into the city, first put all the people in the city government to say, and then, the entire Ziyang City.

In less than five minutes, Ziyang City, one of the ten main cities of the Dark Lord Prison, disappeared!

"Well, this time the harvest is good!"

Subsequently, the mixed world demon king counted the spoils and distributed it to Ye Xuan.

"How long have you been retiring this time?"

Ye Xuan was difficult to hide the joy of the eyes, asked.

"At least half a month!"

After the mixed king devil answered, he began to retreat.

This time, they have destroyed Ziyang City, one of the ten main cities of the Dark Lord Prison. The harvest is not small, although it is one percent, it is enough for Ye Xuan to break through.

"Hey, the host breaks through, and it is currently Jiu Pin Yu Xian!"

"Hey, the host breaks through, and it is currently a gold fairy!"

"Hey, the host breaks through, and it is currently the second gold fairy!"

Three jumps, it is already strange.

If the people in the black magic prison are poor, or robbed such a city, even if it is only one percent, it is enough for him to break through to the six gold.

However, Ye Xuan felt that it was enough. After all, he only rose a few months in the fairy world.

In a few months, it has never been unprecedented to break through the ordinary immortals all the way to Jinxian.

Immortal, Tianxian, Lingxian, Yuxian, Jinxian, a full five realms.

All of this, thanks to the mixed world of the devil, otherwise he is estimated to be in the realm of Lingxian.

This time, the little devil needs to retreat for fifteen days, so Ye Xuan is also resting for fifteen days.

He estimated that the strength of the little demon king after fifteen days should be the top of the whole black demon prison. At that time, they ransacked the entire black magic prison and closed it again. Maybe you can challenge the corpse blood. The sea is gone.

Fifteen days in the outside world, the past 1,500 days in the planting space, that is, more than four years.

Fifteen days later, the mixed world demon king went out and the realm broke through to the Jinxian level.

"go!"

The mixed world demon reveals a confident look. Now, in the dark prison, who else is his opponent?

What he didn't know, however, was that during the fifteen days of his retreat, the Dark Lord prison had undergone earth-shaking changes.

In the Dark Lord Prison, there are actually three giants. In these fifteen days, the three giants have all put together the main city of His Majesty.

The mixed king of the devil was originally going to find a main city called Montenegro, but he did not find it, and then went to find another main city, or not.

"Strange, is the map too old?"

The mixed king is very surprised.

However, this map was obtained by the owner of Ziyang City. There should be no mistake.

Therefore, he decided to go to other cities to see.

Almost all of the top ten main cities have turned, but there is no discovery.

Right now, there is only the last main city, the biggest city of the Dark Lord, the Dark City.

The black magic city owner is the second-class Xuan Xian, and also the first strongest of the black magic prison.

However, the scale of this Dark Magic City is big and I am afraid.

"So big, is it after the merger of the nine main cities?" Ye Xuan said.

This dark magic city, at least for a million people, should not be so big.
