

Super D. S 171

Chapter 171: Spike the real thing!

"Yes, then try it."

The warrior of the real thing is also taking out a big knife, which is not a product.

The two sides have been deadlocked for about two seconds.

"kill!"

A big fight, at the touch of a hair!

In the meantime, countless attacks plundered Ye Xuan, but before that, Ye Xuan's body had already appeared a protective shield.

Lotus treasure!

The more than 30 people around are the geniuses of the real world. However, they are far from the realm of Ye Xuan, and the attack is not a threat to him.

What really threatens Ye Xuan is the strong man who is the peak of the real world.

However, his threats only exist for a second.

"The tiger and the wolf roar!"

"Hey!"

Ye Xuan instantly escaped his big knife and punched him in the heart. The sternum was broken and the violent real element directly tore his heart.

Spike!

More importantly, Ye Xuan is still attacking more than 30 people and killing him.

"What, was it spiked?"

"Impossible, he is not Tang Tian, it is impossible to have such strength."

"His fists and speed are so fast that even a warrior of a refining body cannot be so fast."

"His defense martial arts is breaking, and everyone continues to attack."

Those who originally wanted to escape, after seeing the lotus treasure of Ye Xuan suffered a lot of attacks, it was also a bright eye.

But the next moment, they are scattered.

Many days of people, I thought that I would kill Ye Xuan's lotus treasure, can I kill him?

Fang Caixuan is only trying to kill people, so he used the Lotus Baojia. Now that the people have been killed, why should he stand and play for others?

After taking off the Qiang Kun ring of the true Yuan dynasty, he was instantly transformed into a shadow, stepping on a lotus flower and plundering to an individual.

"Hey!"

"Hey!"

"Hey!"

A burst of crisp sound spread, a person fell, they were all smashed and died in the heart.

Some people realize that their own people can't be Ye Xuan's opponents, and they can quickly turn around and flee. And Ye Xuan naturally will not let go of these people, the left hand holds a hand, the chasing star bow is in his hands.

"shoot with great precision!"

Those who escaped were shot first by Ye Xuan.

Within ten seconds, all of the more than 30 people died in Ye Xuan's hands. At the same time, their Qiang Kun ring was all swallowed up by Ye Xuan.

"Three hundred and one hundred thousand swallowed points, cool!"

Ye Xuan's heart screamed.

The fifty people who were under the stone tower were already killed by him. Then, the people who were in the stone tower were packed up.

At the moment, he directly condenses a real lotus and rushes in.

"The enemy is coming in, everyone is careful!"

Someone shouted, but his voice has not yet fallen, it has become a body.

Ye Xuan began to kill madly, and every time he killed one, he took his shackles and took them away.

The true spiritual realms of the Great Zhou Dynasty have all been sent to the Tang Dynasty, so the elites are here.

However, their attack is not useful for Ye Xuan.

Ye Xuan killed all the way, and he was invincible. No one could stop him from attacking.

However, just after he killed more than 20 people, he suddenly felt that something was wrong.

At this time he has arrived in the middle of the stone tower, there is a large open space, which is very suitable for fighting. However, such a place is not a single person.

No, somebody!

Although Ye Xuan's eyes can't be seen, the information transmitted by the Supersonic Bats is that there are ten people on this large platform.

At this time, the blood of the intermediate-level masters in Ye Xuan suddenly felt.

After the points have increased, Ye Xuan has upgraded the blood that can be upgraded in the body, including this master.

"It turned out to be a magical array, and it's a blind eye." Ye Xuan suddenly opened his mouth and smiled.

Although his naked eyes can't see people, they can sense their position, and he has already found the flaws of this array.

"Breaking the array, it's not fun, go straight!"

Ye Xuan smiled again, deliberately revoked the lotus treasure, and then the sword rushed in.

These people saw Ye Xuan rushing in without any protection, and immediately revealed a smile, under the direction of someone, suddenly launched an attack.

"kill!"

Ten attacks, attacked Ye Xuan in the past.

But when the voice has not yet fallen, Ye Xuan has already condensed a real Yuan Lotus, and at the same time, his body shape flashed and escaped all attacks.

"Haha, when I don't know anyone here?"

Ye Xuan's hearty voice fell in everyone's ears, and they were all surprised.

When they reacted, four people died in the hands of Ye Xuan. At the same time, there was a muffled sound, and then the magical array on the ground collapsed.

There are six left!

"kill!"

A young Jianmei girl gave a low drink and killed.

Ye Xuan just snorted and slammed into his chest. Then the latter was soft and dead.

Fang Caixuan noticed that those real elements flowed to his feet, that is to say, the magic array was laid by him.

"It is said that there are not many people who will be in the law. You are also a genius. However, I am specializing in the growth of your genius. Let's go with peace of mind."

Ye Xuan said to his body, and then rushed up again.

This young man is already the strongest in the tower, that is to say, the remaining 10 people are not afraid.

Not long after, the dozens of people also succumbed to the body.

Ye Xuan also came to the top of the stone tower, and then hit a fist on the town tower stone.

"The fourth town of the Great Zhou Dynasty was destroyed."

There was a voice in the sky immediately.

Now, there is only one town tower stone left in the Great Zhou Dynasty. As long as it is destroyed again, it is the victory of the Datang Dynasty.

"Ha ha."

Ye Xuan opened his mouth and smiled. He destroyed two stone towers with his own strength. This record is also very good.

Then, he swallowed up all the things, and swallowed the points and rose again, reaching more than 14 million.

However, this is not enough. If you want to upgrade, you have to go to Tower 4.

"Now there is only one left in the Great Zhou Dynasty. Tang Tian should also go there. When they join forces, what are the 300 people?"

Ye Xuan licked his lips, and if he could, he still wanted to face alone.

Three hundred people!

That is three hundred ring!

If you let him get it, you can definitely break through to the real world.

Thinking of this, Ye Xuan is starting directly. He only wants to hurry for half an hour before Tang Tian.

For half an hour, he absolutely removed the town tower stone on the tower.
