

## Super D. S 1711

Chapter 1711: All received

"Oh, I thought it would be fine if I got together."

The mixed world demon sneer, directly with Ye Xuan plunged into the dark magic city.

He is only a low-ranking golden fairy. He will not be noticed at all. Ye Xuan is also true.

"Everyone listens, I am coming to the world, the little devil is coming, and I will meet you quickly!"

The mixed king demon directly jumped into the sky and screamed.

When he was in Ziyang City, he reported to his home. Perhaps it was heard by people outside the city, so the other nine cities rushed to merge.

Ye Xuan may not know, but many of the demons are from the devil world, naturally I have heard of the name of the mixed king.

However, what they can't figure out is, how can the little devil in the world still be in the dark prison?

You must know that the devil of the devil world, with a glimpse of his feet, can destroy the forces that are ten thousand times stronger than the country. How can it be so lonely now?

At first glance, it is fake!

Soon, the center of the Dark Magic City has plucked a lot of figures, these people are very strong, they are all Xuan Xian.

"Crash the little devil?"

A middle-aged man glanced at the six-year-old child in front of him.

"It is this king!"

The mixed world demon snorted and said, "You, have you heard of my name?"

"That is nature, I came from the devil world, and it is also the cultivator in the Shura emperor's plate. However, the memorable little devil in my memory is a demon king comparable to the fairy kingdom. How is it just a golden fairy?" A long-haired cultivator came out and said slowly.

"That is because the king reincarnation."

The mixed world demon turned around and looked around, saying: "How about Jinxian, even if it is only Jinxian, the king can kill all of you!"

"Great tone!"

The long-haired demon screamed: "Even if you are a mixed-race little demon, now it is just a golden fairy. Today, I will come to you for a while!"

"Questioning me? Yeah, but it is to pay the price of blood!"

"That is coming!"

The long-haired sorcerer screamed and rushed directly to the little devil.

"蝼蛄, die!"

The little demon king of the world was flashing, and his twin wings were instantly smashed, and the chest of the long-haired cultivator was directly punched. The magic of the latter was also broken in the first time, and it fell.

Spike!

A product of Jin Xian, killing a product Xuan Xian!

This is the strength of the devil!

"Hey!"

After seeing the body of the long hair cultivator, everyone could not swallow the swallow.

They have been trapped in the Dark Lord Prison for a long time. They are all calculated in units of 10,000 years and are familiar to other people.

The long-haired cultivator cultivated the black yuan magic, although the body growth rate is not the strongest, but the defensive power is hard, even if it is the second product Xuan Xian, it can not kill him in a short time.

Now, he was actually killed by the golden celestial being in front of him. This fact is unacceptable to everyone.

However, the middle-aged man who led the reaction was extremely quick, and hurriedly said: "I have seen the Devil King!"

Then, the rest of the people also respectfully said: "I have seen the Devil King!"

Just kidding, with a product of Jin Xian's cultivation, it is not a common person to do anything to kill a black fairy with a big realm.

"Very good, you will follow me in the future, I can take you out of this ghost place!"

The mixed world devil is satisfied with the nod.

If these people are not cultivators, not cultivators, I am afraid that they will have been killed by him.

"Leave the Dark Lord Prison?"

Upon hearing this sentence, those mysterious people, including those under the ruins and the cultivators, all had their eyes shining.

"I heard that the corpse is bloody, and even the middle-order Xuanxian can't go, but I am not an ordinary person. As long as my repair is restored, even the country can be destroyed, let alone the black magic prison?" The little devil is cold.

When the words came out, everyone nodded.

If the reincarnation of the little devil is restored to the mysterious fairyland, even the kingdom of the country may be able to succumb to it, and then they can escape from birth.

"I am willing to work for the devil!"

At the moment, the middle-aged man is hurriedly said.

"Very good, now you are entering one of my spaces, don't resist!"

The mixed world demon said, giving a voice to Ye Xuan outside the city.

"It's a devil, it's solved so soon!" Ye Xuan admire, and quickly swept in.

There is a small devil watching, so Ye Xuan also put people into the planting space very easily.

Looking at that individual disappeared, everyone was so angry that their eyes were coming out.

Although the Xuanxian had some resistance, but after the mixed world of the devil directly opened a condition, they all agreed.

This condition, that is to teach the purple magic!

The purple magic is the legendary magic. Although these cultivators have refined other magical spirits, the purple magical character's high level can cover these magical hearts.

If they have the purple magic flame, the combat power is at least doubled!

However, after being taken into the planting space by Ye Xuan, they were directly controlled by Ye Xuan, and then forcibly charged the Qiankun Ring.

Suddenly, the millions of demons are just getting out.

"Reassure, my mixed-race little devil is just borrowing these things first. After I break this black demon prison, I will give it back to you one by one!"

At this time, the mixed world demon king has also been received in the planting space.

In fact, Ye Xuan can directly release those people with the second avatar, and then let them fly up the fairy world. However, now Ye Xuan is not enough, afraid that those people will start with him, so I will wait until later.

During the retreat of the small devil, Ye Xuan went out for food.

Xuan Xian has all been accepted by him, but now he has broken through to the three-pronged Jinxian, and the old tree and others are the six-grade Jinxian level.

Although the top ten main cities have disappeared, the black magic prison is so big, there are other large and small cities.

There are no Xuanxian in these cities, so they are the targets of Ye Xuan.

During the retreat of the small devil, Ye Xuan installed a lot of city pools, and his own realm was upgraded to the level of Wu Pin Jin Xian.

"This black magic prison is a fairy. I don't know if people in Laos know what is inside."

Ye Xuan's heart is somewhat fearful. Although his current strength is strong, but the bottom card is out of the situation, at most, he has to deal with one product.

The king of the country is a true fairy, and there are countless masters of Xuanxian, so he is still afraid of the middle and high-order Xuanxian into the black magic prison.

Now, during the retreat, if you come to a middle-level Xuanxian, they are not able to deal with them, so be careful.

However, it was during the retreat of the mixed king.

"Booming!"

Suddenly, the land of the Dark Lord Prison began to tremble, and the vibration was very large, just like a mountain.

Chapter 1712: Magic rose

"what happened?"

Ye Xuan, who was on the road, picked up his head and did not figure out the situation.

Could it be that the people of Laos discovered the changes in the Dark Lord Prison?

Still waiting for him to react, the sky was a loud roar.

"Roar!"

This roar has shocked everyone's mind, and even Ye Xuan's dazzling fairy heart can't help but sway.

This is clearly the buzz of the fairy beast!

"It was from the north!"

Ye Xuan brows a pick, and quickly asked about it, and released a few people.

These few people are the top masters of the Black Devils, all of them are Xuan Xian.

They just appeared, they heard the second roar.

"Roar!"

Hearing the snarl of the heart, everyone was trembled.

"Well, the horrible snoring, how can there be such a fairy in the Dark Lord?"

"I also think that I have been in the Dark Lord Prison for 500,000 years, but I have never heard such a buzz."

"It seems to be from the north, the distance is not very far, let's see?"

The people discussed it and decided to go and see.

Listening to the sound seems to be very close, but it can take a while, but it took more than a day.

One day later, Ye Xuan and others rushed to a large cave.

"Weird, here was my city before, how can I not know that there is such a big hole?"

A mysterious fairy said.

"Who will go see?"

When this is said, everyone is silent.

This big cave seems to be very simple, no one wants to go down the road.

"Megatron, Ghost Emperor, you go down and see." Ye Xuan shouted.

After listening to their lives, the two immediately rushed to the cave.

As for the old tree, it is left to protect by Ye Xuan.

Ye Xuan and his pet have a vision to share. Through the eyes of Megatron and Ghostly Emperor, he only sees the stone wall of the black hole.

However, as they continued to decline, they finally saw the light. Just, this is the purple-black light.

"Well? Is there a formation below?"

Ye Xuan brows a pick and finds that this trap is a black lion with a huge body and a long horn.

"What is this ghost thing?"

Ye Xuan did not know this fairy, so he projected it and showed it to other Xuanxian.

"this is....."

When the Dark Lord City Lord saw this fairy, his eyes immediately lit up.

"Black Devil Lord, do you know it?" asked one person on the side.

"Recognition, this is not a fairy beast, but the World of Warcraft in the Devil World. Moreover, it is still the top Warcraft Point Magic Lion. It is said that the Mount of the Devil's Emperor Shura is a horned lion!" The Dark Lord City explained.

When I heard this, everyone showed a strange look.

Is this the mount of Shura?

"Impossible, how can the Shura Emperor's mount be trapped here?" Someone questioned.

"It is true that the mount of Shura's emperor, at least the devil's level, can kill 10,000 kingdoms of the country with one foot, how could it be trapped here."

The main eyelid of the Dark Lord City turned over and said: "I just said that the mount of Shura is a horned lion. Didn't say that this is only the mount of Shura, who said that there is a horned lion between heaven and earth?"

At this time, Ye Xuan spoke up: "You have been here for countless years, don't you know this?"

"I don't know, but look at this situation, the horned lion should be sealed up, is it the lord of the country?" The black magic city owner shook his head.

"This seal is strong, I am afraid that not everyone can break it, or wait for the devil to go out and say it."

When everyone heard this, they nodded.

At the moment, the little devil is about to leave the customs, and he will listen to him.

The people waited for three days, three days later, the mixed king of the devil went out.

At the moment, Ye Xuan told him about the horned lion.

"Oh? Horned Lion?"

When the little demon king listened, he browsed and immediately went out to check it out.

"This is... my friend, the great demon king, lived together in the early years, and later lost because of a big battle, but did not expect to be sealed here?"

The mixed world devil blurted out.

Not waiting for everyone to react, the mixed king of the demon is directly plunged into the cave.

"It turned out to be the mount of a small devil friend, not a Shura emperor."

Ye Xuan brows a pick, this is too clever.

After the Miscellaneous Devil went down, there was a roar of rumors in the cave. After a while, the little devil came up.

"Confirmed, it is indeed the mount of the Great Devil King. It was only a Warcraft comparable to the Great Luo Jinxian."

The mixed-race little demon nodded slightly and said: "It should have been seriously injured, and then it was touched by the lord of the country, and it was suppressed with the fairy."

"How do you break the seal?" asked Ye Xuan.

"I am in a realm, I am afraid I can't break this seal alone, but I have other ways."

After talking about the little demon king, he turned to look at the repairers and said: "Next, I will arrange a magical array, which will force you to upgrade your realm. This method has advantages and disadvantages, once someone can't stand it. The end is the soul flying, but once successful, your realm will be improved, less is said to be three realms, who wants?"

Hearing this, these demons are all awkward.

A moment, improve at least three realms?

"Success, at least three realms can be promoted. Failure is death?"

The Lord of the Black City swallowed swallowing water, and these things can not be encountered at any time.

They have cultivated for hundreds of thousands of years, and the highest one is now the second-class Xuanxian. Before that, I heard that the three-character, four-in-one and even five-piece Xuanxian went to the \*\*\*\* sea of the corpse, but all of them fell without exception.

"I am willing!"

"I am willing too!"

"Isn't it a death? If it succeeds, at least three realms can be promoted!"

There is no doubt that all these demons have promised.

"After your realm is promoted, I will teach you all the magical dances. If you join forces, you may be able to fight with the high-order Xuan Xian. As long as this horned lion is out of trouble, it is when we leave the Dark Lord!"

After the mixed king devil finished, he turned his head and looked at Ye Xuan.

Ye Xuan would like to know and immediately put everyone into the planting space.

In the following time, the mixed world demon king has to do a big job. Now there are thousands of people in the planting space. If it is forced to promote the three realms, it is very scary.

Of course, this magical squad is not 100% successful, nor does it know how many people can survive.

At this time, the mixed world demon king has already arranged the array method in the planting space. The arrangement process took three days. Here, it is the three days outside, that is, three hundred days in the planting space.

Three days later, the magical squad was set up, and then the little devils let the sorcerers enter.

Suddenly, there was a skyrocketing magic in the planting space.

Chapter 1713: See you again

This magical blast has operated 10,000 people at a time, but for the first time, more than 8,000 people have fallen. However, the remaining two thousand people have at least improved three realms.

In general, the lower the realm, the higher the success rate.

There are thousands of cultivators in the planting space, that is, one thousand times, and those few sacred celestial beings choose to enter for the last time.

Since it was carried out in the planting space, the outside time was still slow and it took only one hour.

However, in the end of the tens of thousands of cultivators, only 600,000 people survived, and even one in ten did not.

Not only that, but only six of those who died in Xuanxian.

However, any success that has survived has improved at least three realms. The strongest one has broken through to the seven-character Xuanxian, which has raised five realms.

"Thank you for the devil!"

The owner of the Dark City is grateful to him. After all, he was only a second-class Xuanxian. It was incredible that he was promoted to Qipin Xuanxian in an instant.

Now, although there are only 600,000 cultivators, plus those who are cultivating immortals, they are at most one million.

However, their current strength is a hundred times stronger than before, after all, they have improved at least three realms.

"Well, next, I will teach you a lot of dances, you as a squad, this 10,000-magic army is commanded by you!" said the little devil.

"Yes, Devil King!"

The Lord of the Black City is respectful.

Now his realm has reached the seven-character Xuan Xian, I am afraid that I can fight the mixed king.

However, the little devil in front of his eyes is the real demon king. As long as he can leave the black magic prison, he may be able to follow the mixed world demon to the devil world, but in the future, it will fly.

Therefore, he has now treated the little devil as a master, and he is willing to be the dog's leg of the little devil.

Ye Xuan from the outside world is also very curious, how powerful this squad is.

He heard that this array is commonly used in the devil world. Although these demons are Jinxian and Xuanxian, but 600,000 people are united, I am afraid it is not the same.

It took three days before the magical squad, and this time the Wanqu group danced a lot, but it took a full month.

One month outside, the planting space is eight years.

"At the end of the day, 100,000 of the 600,000 people have already refined the low-level purple magic, and when they show a lot of dances, it is estimated that they can fight with Jiu Xian Xuan Xian at the same time!"

Said the little devil.

"So strong?"

Ye Xuan was shocked.

You must know that among the 600,000 people, the black magic city owner, the seven-character Xuan Xian, did not expect to be able to block several nine-category Xuan Xian, which is strong enough.

After all, if there is no big magic group dance, then an eight-piece Xuan Xian is enough to solve these 600,000 demons, not to mention nine products.

Devil, it is a devil!

"Do not talk nonsense, first save the horned lion, and then we will directly break this fairy!" The little devil can't wait.

"it is good!"

Ye Xuan did not say anything, just let the small devil and the 600,000 demons released.

These sorcerers are very obedient, put down the big magic group dance, and then listen to the instructions.

"Align the array, attack!"

Under the command of the Dark Lord City, six hundred thousand cultivators, and hundreds of thousands of cultivators, all attacked the formation.

"Let me ignite the magic veins in your body, break out!"

The twins of the world are twinkling.

The next moment, the horned lion in the seal suddenly expanded a lot and began to attack from within.

Although this array is strong, but the group dance is not covered, plus the horned lion and the mixed world of the devil, not half a minute, this seal will be broken.

"Roar!"

The horned lion was sealed for countless years and finally got out of trouble. He couldn't help but scream at the sky.

Until the seal was broken, the breath of the horned lion was spread. This time, even the little devils of the world were wrong.

The horned lion is not a mysterious level, but a true fairy!

It is no wonder that there are no high-order Xuanxian in the Dark Lord's prison. Even the middle-order is rare. It turns out that some people have broken this seal and put out the magic lion.

Now, the horned lion who is comparable to the real fairy is enough to break this shackle.

"Roar!"

The horned lion has been unable to wait, and it has risen to the sky.

"Follow!"

When the little demon king saw it, he immediately yelled.

Suddenly, everyone is behind the lion's lion and plunges into the sky.

They are all hit from the land to the Dark Lord, so the above is the exit.

"attack!"

The mixed-race little demon screamed and everyone attacked the zenith. These attacks fell on the defensive array of the Dark Lord Prison, and they burst into loud noises.

This black magic prison is a fairy, although it is good, but can not stand the attack of everyone.

In less than half a minute, the zenith was broken open, and the sun shone in.

Light!

They finally saw the day again!

"Ha ha ha, I finally came out!"

"The \*\*\*\* black demon prison, I am trapped for 300,000 years!"

"Hey, wait!"

Six hundred thousand revils can't help but scream.

At this time, the people found that the place they broke out was in front of a huge city.

This is the palace!

Around, there is a lot of strong atmosphere.

"It is the palace of the country!"

The eyes of the mixed world demon were bright, and I did not expect that I came directly to my destination.

Before he wanted to leave the Dark Lord prison, he destroyed the country. Now it is right in front of the palace. Is this not God's will?

"Ready to fight!"

At this time, the masters of the Shu Kingdom Palace have already discovered these millions of people.

And, that big scary horned lion!

At the moment, they all jumped into the sky.

At the same time, the lord of the country also discovered the loophole of the Dark Lord Prison and immediately swept it out from a certain place in the palace.

The king of the country, the three products are true!

"The missteps, I did not expect that there are still a few real immortals in the country, the news is wrong!" The face of the mixed world is somewhat gloomy, but they are not empty, after all, there are horned lions.

This horned lion is the mount of the great demon king of Shura, but they are only the level of the big Luo Jinxian.

After the horned lion was seriously injured, the lord of the country wanted to conquer it, but it did not succeed, so it was suppressed in the black magic prison.

Now the horned lion is out of trouble, and the resentment against the kingdom of the country is erupting.

"Roar!"

In an instant, the horned lion is rushing to the kingdom of the country.

"Kill innocent!"

The lord of the country knows that this time it is not good enough, and immediately screamed, the momentum of the whole person spread, scaring many of the cultivators to tremble.

A terrible battle broke out!

Chapter 1714: Da Luo Jinxian

"Kid, I can't take care of you, be careful!" The little demon snorted and slammed the pair of huge magic wings and joined the battle.

Now Ye Xuan is a five-pronged Jinxian, the old tree, the ghostly Emperor, and the Megatron are all eight gold fairy, the strength is not weak.

However, the people in the palace are at least Xuanxian, so Ye Xuan must find some people with low realms.

"Do not destroy the soul!"

"Sharp storm!"

"Kowloon whistling!"

The old three of the trees are layered out.

In addition, Ye Xuan is not idle.

"killing and engraving!"

He first condensed a killing and engraved, so that killing people can condense another killing and engraving.

He estimated that as long as you kill a product, you can condense a second killing.

Fang Caishu's old trio joined forces and has already directly killed a product, Xuanxian, so this second killing and engraving directly condenses.

"Hey, the host has a killing mark!"

The two killings are engraved, you can use the 弑仙傀儡, but Ye Xuan's plan is not so simple, what he wants is the 诛仙剑阵!

Eight trees of the Jinxian level are old, and in this kind of melee, they sneak up and succeed. In the blink of an eye, there are several mysterious deities.

After a while, Ye Xuan's third killing mark was condensed.

At this time, if he is using two killings, he can get together five killings.

However, he did not do this because he is now only five gold stars.

Fortunately, the few sacred sects that were killed were not cheap, and all were given away by the tree.

These Qiang Kun Rings naturally fell into the hands of Ye Xuan.

“Hey, the host breaks through, and it’s currently six gold fairy!”

“Hey, the host breaks through, and it’s currently a seven-piece gold fairy!”

"Hey, the breakthrough of the thunderfire, the current is the nine gold fairy!"

"Hey, the breakthrough of the thunderfire, the current is a fairy!"

Because the tree is old and Ye Xuan has a guarantee contract, it will not exceed the three realms of Ye Xuan.

However, Megatron and the Ghost Emperor did not.

This time, they once again opened the realm of Ye Xuan.

"Hey, Megatron breaks through, and is currently a nine-piece gold fairy!"

"Hey, Megatron breakthrough, the current is a fairy!"

"Hey, Megatron breakthrough, currently the second product Xuanxian!"

Ghostly Emperor is the associated magic weapon of Megatron, and it has the same realm, so it is also the second product.

Ye Xuan and others have raised several realms at once, but this did not play a role in the whole battle.

On the other hand, the 600,000-thousand-devils have laid out a large array of sorcerers and dances.

However, the immortals who were thrown into the black magic prison were scattered and all fled.

Surprisingly, this battle turned out to be the upper hand.

The horned lion, one person blocked all the true immortals of the country, was desperately venting anger.

The battle continued for a while, and soon, Ye Xuan's five killings were engraved. If there were two killings that had not been used, he had seven.

At the same time, his realm also directly reached the realm of Jiu Jin Jin Xian.

Right now, it's time to make a big move!

"Two times killing!"

"诛仙剑阵,起!"

Ye Xuan instantly consumed seven killings and engravings, and then the swordsmanship was launched with him as the center.

"Calling!"

A squally wind blew up, and the entire sacred swords squadron enveloped many of the sacred fairy of the country.

Later, Ye Xuan heard a system prompt.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

The sacred swordsmanship, which lasted only three seconds, caused a lot of Xuanxian's fall.

Although there were no survivors in the lineup, Ye Xuan did not stop the swordsmanship, and he quickly collected the bodies of these people.

However, it is at this time.

"Colorful fairy power, not good, is Da Luo Jinxian!"

A violent drink rang.

This voice, Ye Xuan recognized, is a small devil.

"What, Da Luo Jinxian?"

Ye Xuan was frightened.

Da Luo Jin Xian, but the realm after the real immortal, now the country is a three-pronged immortal, how can there be more powerful than the nine-class real fairy Da Luo Jinxian?

"The mixed king of the devil? It is really heaven to help me, as long as you catch you back, it must be a great achievement!"

A strange voice fell into everyone's ears.

"Hey, I want to catch me, it's not so easy!" The little devil snorted and immediately turned into a black streamer, directly overlooking.

This time, he was in trouble, but before leaving, he still gave Ye Xuan a voice, let Ye Xuan go to the devil to find him.

"Da Luo Jinxian, I am not at all able to fight..."

Ye Xuan's face was gloomy. I didn't expect such a strong person to appear in the country.

In this battle, there is no way to fight with the horned lion and the little devil.

The 600,000 demons composed of the Wanqu group dance can deal with a few nine products, but there are still a few true immortals in the country. There is no way to fight.

In an instant, six hundred thousand cultivators were scared and scattered.

"I must also go quickly!"

Ye Xuan was gloomy and fell quickly.

Fortunately, he cultivated the fairy heart, and it was just a golden fairy, so no one would notice him.

"Hey, the host completes the random task and opens the second sage-assisted bloodline!"

Suddenly a system prompt sound spread in Ye Xuan's head, when he recalled that he still had a random task, and now he left the Dark Lord Prison, this random task is also completed.

During this period of the Black Devils, he had already swept the new blood of the sacred phagocytic system and set a second sage.

“Hey, is the host redeeming the blood of time and space?”

The system prompts.

"Yes!"

“Hey, time and blood is redeemed, is it immediately integrated?”

"Yes!"

“Hey, the integration of time and space is successful!”

This time and blood is the second sage of blood carefully selected by Ye Xuan.

Time and blood, as the name suggests, is able to control time and space.

Space control, you can let Ye Xuan have the ability to teleport, and there is a powerful trick, called the polar shield.

The Atomic Shield is a defensive skill, similar to the Kowloon Thunderbolt, which absorbs attacks and then triples out. It is a defense-resistant skill.

The mastery of time is to increase the flow rate of the planting space, while also having the ability to return to the past.

At this time, Ye Xuan has merged with the blood of time and space.

“Hey, the flow time of the planting space has changed, and the current changeable range is two hundred times!”

Previously, the planting space was a hundred times, and now it has directly increased to two hundred times.

Waiting for half a year inside, the outside world is still one day!

Moreover, every time you advance, the effect will increase.

Chapter 1715: Punch

At the moment, Ye Xuan has no time to think about other things, and directly cast teleports.

Time and space, the teleport can move to the end of the field of vision, with the eye of insight, Ye Xuan immediately left the right and wrong place, but this is not finished, he moved continuously twice, only a little relieved.

The teleportation of time and space can only be used three times a day. This time it is used directly on the road.

However, at this time he was not out of danger, so he quickly changed his appearance and then concealed his breath.

Fang Cai's swordsman killed a lot of Xuan Xian, and things have been collected by him. At this time, he is a two-character Xuan Xian.

The tree is always the five-character Xuanxian, the ghosts of the Emperor and the Megatron have reached the level of the six-class Xuanxian. They were almost afraid of any Xuanxian, but there are many real immortals in the country, and the mysterious Da Luojsxian. So, Ye Xuan must run a little farther.

The 600,000-thousand-truth-killers have already been beaten up and defeated, and they fled in all directions.

The Wanqu group dance was broken, and the group of demons did not have the power of a battle, and then they were chased by the masters of the royal family.

In the end, these demons were still slaughtered, and almost no one was spared.

As for the cultivators who left before, they have lived a lot of people. After all, they are cultivators. So many people, even Xuan Xian can not distinguish whether they are wanted criminals.

Ye Xuan was also fortunate enough to escape, but it was separated from the mixed king.

"Da Luo Jinxian chased and killed the little devil, and he did not know if he could escape from birth."

Ye Xuan sighed.

After this incident, let him know that there is strength and can not be casual, because there may be people who are stronger than you.

"The predecessor of the little devil is the demon king, it should not be so easy to die, but in order to fall the demon, it seems that I have to go to the devil!"

Ye Xuan thought in his heart.

The fairy world and the devil world are two different worlds, and they are still opposing camps. I am afraid that it is not so easy to go from the fairy world to the devil world.

When the little demon king was chased by the big Luo Jinxian who had the colorful fairy power, Ye Xuan had already marked the opponent with the death killing order, so he could sense the place where the mixed devil was at this time.

However, the distance between them is being widened at a horrible rate. If it is slowed down, it will be caught up by the big Luo Jinxian.

Devil's devil, it is really extraordinary, even in the realm of Xuanxian and more powerful than the real fairy Da Luo Jinxian fight speed.

In case, just in case, Ye Xuan quickly hid in a nearby city, and then used the insight of the eye to start investigating how to go to the devil world.

Because he was wanted, Ye Xuan was very careful and spent a whole day, and had not yet heard how to go to the Devil.

"The entrance to the devil world, at least not in the country, so you have to go to a more powerful country to ask."

Ye Xuan's eyes slammed and decided to leave the country directly.

At the moment, Ye Xuan is plundering toward the north. His goal is to border the country.

The Dark Lord Prison is now being pulled out of a hole. The people of the Royal Family are chasing the Demon Slayer. Although he is a cultivator, he will still be in danger.

This time, he spent three days. Three days later, he came to the border of Laos.

"Is it checking in front?"

Ye Xuan's eyes are slightly stunned. If the cultivator is close, I am afraid that he will be directly attacked. However, he is a cultivator, so there should be no problem. After all, he changed his appearance.

"Two products Xuan Xian?"

After the generals of the border guards of the Laos felt the realm of Ye Xuan, they could not help but reveal a strange look.

Although he felt that Ye Xuan was a cultivator, at the moment, it is not allowed to go out of the Xuanxian class, so Ye Xuan failed to go out.

"The border guards of the Laos are guarded by the generals. The guards are strict and the generals are more than eight." If they are forcibly rushed, they may not!"

Ye Xuan's eyes glimpsed and the mind was calculated.

He is the second-class Xuan Xian, the tree is always the five-character Xuan Xian, the ghost of the Emperor and Megatron is the six-category Xuan Xian.

The leapfrog challenge, isn't it always good at them?

"A nine-piece Xuan Xian, nine eight-character Xuan Xian, the bottom of the board, enough to kill them instantly!"

Thinking of this, Ye Xuan is directly condensing out of the Tianxian sword.

"Kid, you show up the weapon, what do you want to do?" A guardian guard is a stranger.

"kill you!"

The voice has not yet fallen, Ye Xuan is directly shot.

Ye Xuan of the second-class Xuan Xian, shot with the thunder of lightning, instantly pierced the chest of this five-character Xuan Xian.

"Hey, the host's killing value is improved!"

At the time when the system prompts the sound, the old three trees have already appeared, and then they have killed.

"Enemy!"

Someone yelled.

In an instant, there are a large number of masters who plucked from the level, including the nine-character immortal.

At this time, Ye Xuan has condensed the first killing mark.

The old three of the trees are even more tricks.

"Kowloon whistling!"

"Sharp storm!"

Although it is only the old tree of the five-character Xuanxian, the real combat power is powerful and terrible. After all, he has the purple magic flame, and then cooperate with the Kowloon Xiaotian, even if it is the nine-category Xuanxian have to avoid the edge.

This time, Ye Xuan's goal is not to force the rush, but to prepare to extinguish this level to show anger.

In an instant, they are directly fighting.

There is also a six-person sacred fairy of 3,000 people on the border of Laos, and it also controls the array of methods, and its power is extraordinary.

At the moment, Ye Xuan directly let Megatron and the Ghost Emperor kill.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

Along the system prompts the sound, Ye Xuan's killing value has skyrocketed.

"Hey, the host has a killing mark!"

"Hey, the host has a killing mark!"

In an instant, Ye Xuan's killing and engraving is three, and he still has two unused ones, which is enough to display the swordsmanship.

However, he is only a second-class Xuan Xian. At this time, using the Jianxian sword array, the effect is too weak.

So next, you must break through as soon as possible!

"Kid, die!"

At this time, just one of the eight products Xuan Xian killed.

"You are the one!"

Ye Xuan's flash of light flashed directly to Qilin.

A horrible atmosphere spread, this time Ye Xuan summoned not the cold unicorn, the flame unicorn and the thundering unicorn, but the rare dark unicorn.

As soon as the dark unicorn appeared, the sky instantly darkened, and at the same time, Ye Xuan's figure instantly disappeared into the field, directly separating from the vision of the eight-character Xuanxian.

"Fairy!"

The eight-character Xuan Xian flashed a light and found the trace of Ye Xuan, but at this time, Ye Xuan was already launching an attack.

Thousands of absolutely!

Chapter 1716: go away

After feeling this breath, the eight-character Xuan Xian snorted, and the district's second-class Xuan Xian also wanted to hurt him?

If he doesn't feel that Ye Xuan is a bit wrong, he won't be killed here.

However, how can he think that the trick is to be powerful and powerful.

When thousands of people fell on the eight-character Xuan Xian, they oscillated hundreds of times in an instant.

In the second hundred and eight hundred times, thousands of rumors triggered a hit and kill effect.

Although Ye Xuan and the eight products of Xuanxian are different between the six realms, the trigger probability is greatly reduced, but Ye Xuan's lucky value is equivalent to 36 points, plus thousands of triggers, the effect is not bad.

"Hey, the host's killing value is improved!"

In an instant, the fairy heart of this eight-character Xuan Xian is directly broken, and is killed by a thousand.

At the same time, Ye Xuan, who has strangled the enemy in six realms, has directly condensed the remaining two killings.

At this time, he has already had five killings, and there are two spares.

"Hey, the host breaks through, and it is currently a three-pronged fairy!"

"Hey, the host breaks through, and it is currently a four-pronged fairy!"

"Hey, the host breaks through, and it is currently a five-pronged fairy!"

This eight-category Xuanxian is also extremely high in the military, second only to the nine-character Xuanxian, and also led the army to hunt for hunting and harvesting Shuofeng.

However, his net worth, all cheaper Ye Xuan!

Ye Xuan, Wu Pin Xuan Xian.

The old tree, Megatron and Ghostly Emperor, respectively, broke through the eight-character Xuanxian and the nine-class Xuanxian.

There is no suspense in this battle!

Ye Xuan originally thought it would be a bit difficult, but Qian did not let him down, directly killing the other side, which led to a great victory in this battle.

However, the battle is not over yet, and there is a team rushing in the distant horizon.

"This realm, really immortal?"

At the sight of Ye Xuan's brow, he discovered that there is a super master in this team.

Really fairy!

There are not only one but seven.

Ye Xuan recognizes this person, because that day of the war, this true fairy is also.

This is trouble!

"It's a coincidence, so if you do, then you can enjoy it, the power of the swordsmanship!"

Ye Xuan's glory was marked by the death killing order.

Although he is only a four-pronged fairy, he has lost six realms, but he has all kinds of blood.

"Aurora shield!"

At the moment, Ye Xuan is a skill that displays the blood of time and space, and then picks up the eye of assassination.

In an instant, Ye Xuan came to the back of the true fairy.

In addition to this true fairy, there are six nine-character Xuanxian, but these six people react slowly, only the real fairy reacts.

"what?"

This real fairy was shocked and immediately turned and took out a sword.

Extremely empty shield, but with a strong defense ability, it directly absorbs this sword and then bounces out.

Power, skyrocketing to three times!

"Hey!"

This real fairy was hit by his own tricks and flew out in an instant.

However, this is not over yet.

"The eye of assassination!"

Ye Xuan's light flashed and quickly came to the back of this true fairy.

After using the first hit after the assassination of the eye, the power is improved by 70%, so Ye Xuan used this time to match the eye of the assassination.

At that time, the Jianxian sword array was unfolded, and countless swordsmanship flashed, and the seven people including the true fairy were encircled.

A hurricane, rain, scraped!

Death killing order, assassination eye, 诛仙剑阵, these three are used to deal with a true fairy, Ye Xuan estimated that it should be enough.

However, between Xuanxian and Zhenxian, there is a springboard, that is the true fairy power, which is much stronger than the ordinary Xianli.

Therefore, Ye Xuan does not feel that he can kill this true fairy, just ask for a delay.

"killing and engraving!"

At the time of the opening of the Xianjian sword array, Ye Xuan once again used the killing and engraving. At the same time, Shu Lao and others have appeared in the Jianxian sword array.

In addition, the six nine-character Xuan Xian, is simply to die, the old tree came to the back of one person, then punched out, instantly smashed its heart.

"Hey, the host's killing value is improved!"

"Hey, the host has a killing mark!"

"Hey, the host has a killing mark!"

Within two seconds, the six nine-character Xuan Xian were all fallen, and Ye Xuan also condensed three killings.

"One more!"

Ye Xuan once again used the killing and marking, gathered four, and then cast a rare arrow.

On one side is the 诛剑 sword array, one side is the sacred arrow, plus the entanglement of the old three of the tree, this true fairy is powerful, can not stop so many attacks.

What's more, the six nine-character Xuan Xian also gave Ye Xuan a lot of heavenly treasures.

“Hey, the host breaks through, and it's currently six products!”

“Hey, the host breaks through, and it's currently a seven-piece fairy!”

Ye Xuan's realm has soared, not only that, but the old man and others have all broken through to the true level.

Now they have no rivals!

"Kowloon Ben Lei Flash!"

After the breakthrough, the old atmosphere of the tree skyrocketed, and a flash came to the back of the real fairy, and then slammed out.

Hey!

The fairy of this immortal blasted and the body fell from the sky.

At the moment, Ye Xuan is swiftly swept past and will accept the Qiang Kun.

"Hey, the host breaks through, and it is currently the eight-character Xuanxian!"

The realm has once again improved.

At this moment, Ye Xuan is called the real invincible, at least in the country.

No, it may not work, because the country has suddenly come to a big Luo Jinxian, this is a super master beyond the true fairy.

"It seems that revenge for the country is not enough, or leave it!"

Ye Xuan thought about it, and after all the other people were killed, they forced to leave the country.

This battle has given him tremendous benefits and directly raised the six realms. It is really cool.

"When I return next time, it is the day of your ruin!"

Ye Xuan looked at the border of the country, and said coldly in his heart.

If there is such a big Luo Jinxian, he is probably going to kill the Royal Palace directly.

At this time, the mixed world demon king is also farther and farther away from him, but fortunately he marked the mixed king demon at the last minute, if the other party is dead, he will prompt.

Now the death chase is still there, which means that the little devil is still alive.

Being chased by a big Luo Jinxian, still able to live for so long, it is worthy of the devil king.

After leaving the country, I went to the land of the Lord without the Lord. Only the true fairy and the six nine-character Xuan Xian were actually the envoys of the Shu Kingdom. They were going to visit the neighboring countries, but they were unexpectedly It's really bad luck to run into it and then destroy it all.

The speed of the mixed king is so fast that Ye Xuan can't meet him. He can only find the entrance to the devil and then meet in the devil.

Anyway, the mixed world demon now does not know how to refine the demon, the devil should be going.

Chapter 1717:

Before in the country, Ye Xuan did not hear the news of the Devil's Channel, so his next goal is a big country called Qinghong.

This Qinghong big country is more powerful than the Shu Kingdom, and there may be a passage to the Devil World.

However, between Laos and Qinghong, there is a relatively terrible danger.

This soul sea is extremely dangerous. Even if it is a fairy, it may not be able to retreat. If you want to go to Qinghong, you have to go through this sea of souls.

If you circumvent it, I am afraid that it will take several decades to use Ye Xuan's current realm.

Just when Ye Xuan thought about it, the system sounds, come!

"Hey, the host triggers a random mission and crosses the soul sea in a month. If it fails or refuses, the fairy kylin blood will be relegated once!"

Originally, Ye Xuan did not want to enter this sinister sea of souls, but now that he has come to a random mission, I am afraid that he will not be allowed.

"It's awkward, how is this system so embarrassing, even refusing to punish!"

Ye Xuan really wants to cry without tears.

The celestial blood of the fairy eye is equal to earning a six-point swallowing point, and the same is true.

The important thing is that if the first step is reversed, his unicorn will become three unicorn legs again.

It seems that this soul sea is a must go!

"The failure penalty is so serious, then the reward should be good, fight!"

Ye Xuan thought about it and finally decided to go.

After leaving the country to enter the land of no land, Ye Xuan rushed for three days, and finally arrived at a boating point in the soul sea.

There will be terrible thunder in the sea of the soul, so the sea is extremely dangerous. If the general person enters the sea of the soul, it is easy to be killed by these thunders. Therefore, the crossing tool of the soul sea is a thing called a lock boat.

This iron lock boat is actually an ordinary flying boat, but the route of travel is a lock.

In this iron lock flying boat, crossing the sea of souls, the safety will be improved a lot, and there is also a true fairy level master sitting in the iron lock flying boat. Under normal circumstances, there will be one accident at the top of the ten iron locks.

Coincidentally, there is just a steel lock boat that is about to depart today.

At the moment, Ye Xuan is directly buying a ticket on board.

Although the price is not high, but a ship can fly thousands of people, a lot of income together, after all, the lock of the boat is about half a month.

A lot of people have been waiting here for a long time and finally waited for this iron lock.

"Okay, everyone is on board, and I will leave in an hour!"

The captain of the iron lock boat shouted.

Ye Xuan swept the eye with insight and found that this is a three-pronged immortal, just like the king of the country.

"It turned out to be Captain He Yuan. We definitely have no problem this time!"

"Captain He Yuan is also a little famous in the soul of the sea. He has crossed the sea of souls many times, and there has been no incident."

"Haha, the value of this money!"

Everyone can't help but start talking.

Most of these people who want to cross the soul of the sea are Xuanxian, only a few of them are really immortals.

Ye Xuan was alone, immediately boarded the iron lock boat, and then found a corner to stay.

Want to cross the soul of the sea, it is about half a month, this time is not long for others, but for Ye Xuan, it is not so easy.

"Since the system has given me such a task, this time it will certainly not be calm, it must be guarded, and it will be withdrawn when there is a situation!"

Ye Xuan said secretly.

Relative to the system punishment, it is more important to be a small life. If you are in danger, he will break away from the void.

An hour later, the iron lock boat set off.

“Hey!” “Hey!” “Hey!”

Starting from the iron lock boat, the flying boat quickly acted on the iron lock and made a burst of sound.

The flying boat was hung on the iron lock, even faster than flying in the air, which made Ye Xuan unable to understand.

The soul is overseas, and the thunder is constant. Although there are no accidents, everyone in the iron lock boat is shocked.

Fortunately, the previous passage was very peaceful and nothing happened.

After seven days, the iron lock flying boat suddenly stopped.

"Come on, finally arrived, smash the island!"

The dignified face of everyone suddenly flashed a smile.

The Soul Island is a transit station in the sea of souls. It is absolutely safe and there will be no thunder.

"Three of the seven of you are disembarking at the Soul Island. I will also spend a day at the Soul Island and leave after one day!"

He Yuan, the captain of the three products, said.

"What about the Soul Island..."

Ye Xuan's eyes glimpsed. When he was on the road, he was already hearing about the fire.

Located in the middle of the soul-stricken island, the Soul Island is an absolutely safe place in the sea of souls. There are many people gathered here, among which the island owner is a four-piece fairy.

Since it's only going to start tomorrow, Ye Xuan also decided to go to the soul island and wander around.

There are a lot of reals in the soul island, and there are various markets, and occasionally there are some good things that others don't understand.

However, Ye Xuan, the broomstick, went wherever he went.

"Booming!"

When he was hanging out in the market, there was a sudden tremor in the soul-stricken island.

"what happened?"

"Is it an earthquake? No, how can the earthquake island be an earthquake."

"There is a history of 10,000 years, and I have seen an earthquake for the first time."

The people on the island of Evil have all had a strange look.

This kind of thing is really weird!

Then, everyone saw the guards of the Soul Island in the air flying around, not knowing what happened.

"The thief, who has stolen the seal stone of the Soul Island, quickly screamed out, and the old man will not die!"

An old voice sounded and fell into everyone's ears.

When everyone heard it, they immediately trembled.

Seal stone of the soul island?

What is this?

Everyone looked up inexplicably and saw a figure passing through the air.

Fast speed!

"Ok?"

Ye Xuan's brow picked and found that the man was wearing a black suit and was in a hurry. He swept across his head in the blink of an eye.

Out of curiosity, he directly marked the person with a death killing order.

However, it is at this time.

"Hey, the host triggers a random mission, picks up or kills the thief who stole the seal stone of the Soul Island, and destroys the seal stone of the Soul Island!"

This system sounds, after he rang in Ye Xuan's mind, let him tremble.

According to intuition, he estimated that the black man who had passed the top of his head was the thief who stole the seal stone of the island.

In order to accomplish this task, two conditions must be reached. One is to destroy the seal stone of the Soul Island, and the other is to capture or kill the thief.

## Chapter 1718: Flying sword form

"The other party is a three-pronged fairy, but for me, it is nothing, chasing!"

Thinking of this, Ye Xuan is running out.

Although it is only eight products, but his speed is not slower than the three products.

On the other hand, the seal stone of the Soul Island was stolen, so the owner of the island was furious and sent a large number of masters to search.

However, this thief is fast, and directly into the crowd, hiding the atmosphere, it is estimated that it is not so fast to find.

His disguise is indeed good, but unfortunately, Ye Xuan has a death killing order and can accurately find him.

"Got you!"

With the eye of insight, Ye Xuan quickly found the thief, and then the tree suddenly appeared.

"Kowloon Ben Lei Flash!"

In an instant, the tree is old and flashed to the back of the thief, and then took a punch.

"Hey!"

The same tree is the same as the three immortals, directly killing the thief, and then, the 戒 戒 戒 is given by Ye Xuan.

However, there is not much natural treasure in the thief's ring, and it is estimated that even a single product is more than a fairy.

"This is the seal stone of the Soul Island, is this?"

At this time, Ye Xuan suddenly took out a blue stone from the Qiankun ring.

"Hey!"

In a crisp sound, this blue stone shattered directly.

"Hey, the host completed a random mission and rewarded Megatron for mastering super-deformation!"

"Hey, Megatron masters the shape of the flying sword!"

This time the random task, it is not difficult, Ye Xuan directly received the reward.

"Flying sword form?"

Ye Xuan did not understand the situation, hurriedly looked at it, and then took a breath of air.

The Megatron, which is used as a flying sword, has greatly improved both attack power and speed, and the speed of the road is no worse than that of the same class.

"Not bad, under the shape of the flying sword, the strength of Megatron is estimated to exceed that of the ghosts, and the old trees..."

Ye Xuan is very satisfied, this time a random task, it is completely white.

However, just as he ruined the seal stone of the Soul Island, the Soul Island also made a rumbling loud noise and re-emerged.

And this time, the shock is even more intense!

"Booming!"

Everyone listened to this terrible noise, and they were panicked. Someone even sat directly on the boat and prepared to leave.

"You, the seal stone of the Soul Island is destroyed, and the giant tortoise under the sorrowful island is about to wake up. When the soul island will sink, everyone will leave quickly!"

An old voice fell into the ears of everyone again.

The people on the island of Scorpion were shocked when they heard it.

Under the soul of the island, sealed a giant tortoise?

Although some people don't know what the scorpion giant tortoise is, the sound is obviously the owner of the island of the sorrowful island. There is no way for even the four tales. What can they do with them?

Not waiting for everyone to react, the earth trembled more intensely, and the cracks began to spread, and the entire soul-stricken island seemed to be divided into five horses.

Upon seeing it, everyone flew into the sky. In less than a moment, the Soul Island was directly disintegrated.

"Hey!"

A roar of horror, once again fell into the ears of everyone.

Everyone stared at it and saw a huge figure that gradually emerged from the deep sea.

Ye Xuan, who has deep sea phobia, is already stepping on Megatron, who has become a flying sword. He is ready to leave at any time.

This huge figure that emerged in the deep sea is really endless. Even Ye Xuan's eyes can't be seen.

However, he knows that this is a fairy beast, that is, the giant tortoise in the main mouth of the soul of the island.

He estimated that this savage giant turtle is at least a six-pronged level.

Moreover, the tortoise of the turtles has always had a strong defense force, and even if it is a sibling of the same level, it is impossible to break its defense.

As a result, the person present was estimated that no one could hurt him.

However, it is at this time.

"Hey!"

Suddenly a roar sounded, and then the sea surface changed, and the water column rose to the sky.

"Puff puff!"

These water columns, through the thunder and lightning, run through the body of Xuanxian and even the immortal.

"Come on, the giant tortoise is angry!"

Someone yelled.

The scorpion giant tortoise was sealed under the sorrowful island, and now it is venting its anger.

The water column is very impactful, even if Ye Xuan does not dare to take a nap.

Moreover, these water columns continue to erupt, and there are hundreds of thousands of roads at a time. Anyone who is on the back of the giant tortoise has already raised the spirit of 120,000 points, because once these water columns are passed through the fairy heart, They are dead.

"go!"

Although the soul of the sea is dangerous, but now this giant tortoise is more dangerous, many people turn around and leave.

At the same time, Ye Xuan heard a system prompt.

"Hey, you destroyed the seal stone of the Soul Island. Now the giant tortoise is the main target of killing you. The host can choose to escape from the sea of souls, or choose to kill the giant tortoise!"

This system prompts the sound, killing Ye Xuan is caught off guard.

What is this?

"The trough, obviously I saved you from appearing, now you have to chase me?"

Ye Xuan screamed in his heart.

However, he knew that this must be a ghost of the system.

If so, then run!

The scorpion giant tortoise is a fairy beast that is comparable to the six-story sacred fairy, and it is still a bottom-up estimate, and Ye Xuan is in the sea of sorrow, it is extremely dangerous, so he chooses to leave.

In an instant, Ye Xuan, who is on the foot of the earthquake, is turned into a streamer, directly cut through the air and disappears into the eyes of everyone.

His speed, even the singer of the four immortals, can not catch up.

The Megatron, which is transformed into a flying sword, is no slower than the flying boat of the same class. What's more, it is now a magic weapon for the three-class true fairy.

Now the captain's iron lock boat has already left, and Ye Xuan has labeled He Yuan with the death killing order, and has chased the past.

The thunder of the sea of souls will always hit some individual individuals, that is, people like Ye Xuan who are flying on the sword.

And those flying boats hang on the iron lock, the chances will be much smaller, so Ye Xuan let Megatron stick out a chain and hang it on the iron lock, so that he is no longer an individual.

However, it didn't take long before he left, and he felt that something was wrong. The voice behind him did not seem to stop, but it was getting closer.

"What, the savage giant turtle actually caught up!"

Ye Xuan was shocked.

The system is like a death killer on him, and the chaser is obviously the one.

If so, kill it!

"Don't kill you, it seems that you can't safely leave the sea of souls, die!"

Chapter 1719: Shura Ghost

"Don't kill you, it seems that you can't safely leave the sea of souls, die!"

Ye Xuan directly killed the heart, and now he summoned the old tree and the ghostly Emperor.

The tree is always the second product of the true fairy, the ghosts of the great emperor and the Megatron are all three true fairies, if the bottom card layer, it should be able to kill this ghost giant turtle.

Although I don't want to fight here, there is no way at the moment, let's fight!

"Thousands of absolutely!"

Ye Xuan, the eight-character Xuanxian level, first took a sword directly against the giant tortoise.

It is a pity that the eight-character Xuan Xian and at least the six-pronged immortal, the difference is huge, this time did not trigger a hit and kill, so this move is abolished.

So, it can only be hard!

"Kowloon whistling!"

"Sharp storm!"

"Kirin down!"

Everyone has a card.

This time, the summoning is still Leiming Kirin, which is still a bit of an increase in the soul of the sea.

At the same time, Ye Xuan is constantly attacking, although thousands have never been used, but the effect of one hit and kill is not only a thousand can only trigger, usually also.

The attack of this giant tortoise is very simple, that is, the turtle's back will suddenly erupt the shock wave, drive the sea water, and then erupt.

Such an attack still does not hurt Ye Xuan.

"Boom!" "Boom!" "Boom!"

The old tree of the tree stared at the head of the giant tortoise, and the sound continued.

The scales of this giant tortoise are very hard. They attacked for a long time before they broke open.

Since the scales were broken, then it would be easier to do so. The earthquake-swords group swept directly into the interior and destroyed them.

Not only that, but Ye Xuan also got into it.

"Hyun blame, burn it!"

Ye Xuan continued to display the sword from the sky, with the dazzling fire, the attack power is not weak.

In the blink of an eye, the body of the giant tortoise is burned up, making the giant tortoises suffer.

However, if you want to kill it, you have to destroy the head of the giant tortoise.

However, when they broke through the flesh and blood and entered the brain of the giant tortoise, they saw a huge blue stone in the brain of the giant tortoise.

"What the hell?"

Ye Xuan brows a pick, but did not think much, let the tree several old people destroy the brain of the giant tortoise.

Immediately, the brain of the giant tortoise was smashed into a horse's nest and then fallen.

"Hey, the host's killing value is improved!"

Then, Ye Xuan is close to the huge blue stone and will pick it up.

"Hey, the host has swallowed up the body of the giant tortoise!"

The two systems prompted the sound, and Ye Xuan's realm soared.

"Hey, the host breaks through, and it is currently a nine-piece fairy!"

"Hey, the host breaks through, and it's a real thing!"

The body of this giant tortoise, let Ye Xuan break through twice, the benefits are good.

However, this is not over yet.

"Hey, the sneaky emperor can merge with the soul beads, is it fusion?"

"Well? The ghosts can merge the soul beads?"

Upon hearing this, Ye Xuan's brow slightly raised and hurriedly agreed.

"Hey, the ghosts and the great emperor merged into the soul beads, and the success is advanced to repair the ghosts!"

Advanced, the ghost of the Emperor actually advanced!

"Haha!"

Ye Xuan couldn't help but laugh out loud and hurriedly turned his head and saw that the appearance of the ghostly Emperor had changed.

The original white bone armor turned black directly, and a gloomy breath spread, and even the sneaky sword became a demon knife, called Shura.

Then, Ye Xuan quickly checked the skills.

The original Ghost Emperor had several skills, namely the Hand of the Hades, the Elegy of the Soul, the Advent of Evil, the Will of Death, and the Gaze of Death.

The broken sky flow rock was abandoned by Ye Xuan before, so it has disappeared.

Now, using the grip of the Hades to deduct a little increase in the elegy of the soul, it becomes a grip of Huang Quan without any use conditions, and there are two attacks.

In addition, the growth of the ecstasy of the invincible soul and soul is also increased to three times!

Death gaze, also advanced into the eye of Shura, who is pregnant.

"Not bad, now the ghosts of the emperor, no, the strength of the repairing ghosts, I am afraid that the old level of the tree!"

Ye Xuan is very satisfied, this is really an adventure!

Now, the giant tortoise has died, and the entire body has been swallowed up by Ye Xuan. Then he can continue on his way.

However, it is at this time.

"Well? Someone is coming, fast!"

Ye Xuan brows a pick, and at the sight of the insight, he saw a figure swiftly rushing toward him.

Moreover, the physical strength of this cultivator is so powerful that the eye of insight can not penetrate.

"High-order real fairy?"

Ye Xuan was shocked.

Let him not see through, at least the high-ranking true fairy, of course, if it is a seven-piece true immortal, he is not afraid now, but if it is eight good immortals, even nine good immortals, then there is no way. Even if the sneaky emperor advanced to the Shura ghosts, it would not help.

"Hand over the soul beads, spare you not to die!"

This high-order immortal demon screamed.

"冤魂珠?"

After hearing this name, Ye Xuan brows his head. Isn't this something that he only swallowed?

This high-order real fairy, need this soul beads?

However, the soul beads have been swallowed up by the ghosts of the Great!

"This person, not the current one, I can force the enemy. If he is close, I will be in danger!"

Ye Xuan brows a pick, then cast blood skills.

Time and blood, time back!

In an instant, the picture around him has changed, both in time and time.

At this time, Ye Xuan's foot is the soul of the island, and it is just the time when the land is happening.

Time back, you can let Ye Xuan return to a certain time after a day.

However, this skill can be used once in three days, and after returning to the past, everything will return to the situation at the time, and only one of his talents knows that time is going backwards.

Ye Xuan, who had already broken through to a real fairy, was directly down to the eight-character Xuan Xian, and all kinds of skills were restored.

Those who were killed by the savage giant tortoise also lived.

"I just didn't want to fight with the giant tortoise, so I fled, but after I killed the scorpion giant to swallow the sorcerer's soul, the powerful cultivator will kill, so I have to solve this problem as soon as possible. !"

Ye Xuan thought in his heart.

Soon, the Soul Island was once again sunk, and the giant tortoise appeared.

"kill!"

Ye Xuan directly summoned the tree and others to kill the giant tortoise.

"Thousands of absolutely!"

"Kowloon whistling!"

"Sharp storm!"

"Kirin down!"

Due to the back-to-back time, various skills were cooled and restored, so everyone's cards were re-emerged.

However, this time Ye Xuan's luck was good. When he was absolutely degraded on the giant tortoise, he even triggered a single blow.

"Hey, the host triggered a hit and kill!"

"Hey, the host's killing value is improved!"

The giant tortoise, this time directly killed by the spike.

Chapter 1720: Wanted team

"Haha, good luck!"

Ye Xuan laughed twice, then swiftly swept over, and collected the body of the giant tortoise with lightning speed.

"Hey, the host breaks through, and it is currently a nine-piece fairy!"

"Hey, the host breaks through, and it's a real thing!"

"Hey, the break of the thunderstorm, the current is the three products!"

"Hey, the breakthrough of the thunderfire, the current four products are immortals!"

The road system prompts to sound, and Ye Xuan and the old realm of the tree are raised twice. Since this is a corpse of a fairy beast, there is no breakthrough in the repair of the ghosts and Megatron.

"That cultivator is coming from the soul of the soul, I am afraid that it will come soon, let's go first!"

At the moment, Ye Xuan is directly mixed into the crowd, and at the same time changes his face and turns into an ordinary fairy.

Soul Island was sunk, and the soul of the giant tortoise was so close that everyone had not reacted to what had happened, and they were still squatting.

However, at this time, Ye Xuan, already the iron lock boat that took the captain of He Yuan, marched toward the northeast.

"The trough, it's dangerous, I didn't expect a powerful fairy under the soul of the island!"

"Who is stealing the seal stone, why do you want to do this?"

"But, what about the giant tortoise, is it a dive?"

"Take him, you can escape from birth!"

The soul of the giant tortoise died quickly. The people in this boat did not see it. They thought it was diving into the deep sea.

Ye Xuan mixed in it, silent.

With his current strength, in fact, all the people in this iron lock can be robbed again, but the high-order real fairy repairer may be caught up, and he can also disguise it.

Fortunately, this time, sometimes the blood is empty, let the time go backwards, otherwise let Ye Xuan face the high-order real immortal, he estimates that the odds are less than 10%.

In the next section, nothing happened. However, on the sixth day, the trouble came again.

The people in the iron locks suddenly changed their faces because they felt a strong breath.

"It's so strong, at least it's a mid-level fairy!"

"No, it should be a high-ranking fairy!"

"In the soul of the sea, how can there be such a powerful true fairy, is it from the big country of Qinghong?"

In the iron lock flying boat, everyone looked at each other.

At this time, Ye Xuan also felt the breath, he hurriedly turned his head and saw that a figure quickly swept toward them.

This person turned out to be the high-ranking true immortal who needed to smash the soul beads.

This is trouble!

Last time, the sorcerer asked him for a soulful bead, but this time, he was directly hands-on.

I would rather kill 10,000 and not let go. After all, he was originally a cultivator, and there is still no land here. Who will manage it?

"Calling!"

In an instant, this sorcerer came to the front of the iron lock flying boat. Just a punch, he directly smashed the iron lock to the slag, and countless flesh and blood flew. Those who had low realm could hardly escape.

Ye Xuan has a teleport, but has escaped this blow.

"There are hundreds more people to survive and withdraw!"

Ye Xuan's light flashed, and he directly recruited Megatron to make it a flying sword.

At this point, he is about to leave the soul sea, so the time-space backflow cooling is over.

But this time, he does not intend to continue to use time and space, because it is possible that the cultivator did not catch up with him?

"The tree is old, go to play a show!"

In order to prevent it, Ye Xuan is the old man who gave the realm of the four realities.

"Hahaha, do you want to lick the soul beads, in my hands!"

The old man squatted back and laughed.

When the sorcerer heard it, he showed a strange look. He really needed to smash the soul beads and refine one thing. But how did the other party know?

However, since the other party said so, then the soul beads must be in the hands of the other party!

"dead!"

The sorcerer did not say anything, but slammed a punch at the tree.

Although the old tree is only a four-piece true fairy, but this magical has reached the nine products of true immortal, the strength is not weak.

With just one punch, the old half of the tree was blasted, and the magic was broken and fell directly.

However, before the tree fell, it was a crush of a ring.

"Do not!"

The cultist widened his eyes and did not expect that he was a slower step.

When the Qiankun ring was crushed, the things inside disappeared, and the soul beads disappeared.

In order to vent his emotions, he decided to kill all the people around him!

At this time, Ye Xuan has already stepped on the sword and flew to the northeast.

Only a little, he can leave the soul sea, and then the ghost task of the system can be completed.

He was also seen in the old scene of Fang Caishu's murder. He estimated that this cultivator should not be so easy to find.

The next road was flat for a while, but when he left the sea of souls, a team suddenly ushered in front.

"It's so strong, the breath is not weaker than the sorcerer!"

Ye Xuan's light flashed.

This team, at least seven products are true immortals, the strong one is probably to reach the nine products. At the same time, they are all wearing

These people should not appear in the soul of the sea, what is going on?

Ye Xuan ignored them and avoided them directly. Then they left the sea of souls and came to the land.

"Hey, the host completes a random task and can choose one of the following three rewards!"

"Reward 1: Nothing in the extremes!"

"Reward 2: Thousands of miles to advance!"

"Reward 3: Increase the flow rate of planting space by a hundred times!"

These three rewards are very good.

There is no upper pole, that is, full weapon proficiency, so that all attacks can be increased by 10%.

The planting space flow rate has increased by a hundred times, that is, to reach the level of three hundred times. In the first three hundred days, the outside world only passed one day.

However, this is nothing compared to a thousand.

At the moment, Ye Xuan is the direct choice of the reward, which is the reward of two, thousands of advanced.

"Hey, thousands of great success!"

After the advanced, the number of shocks has doubled, the number of shocks has doubled, and the chances of triggering have increased. This effect can be more than doubled.

"Your Mightiness!"

At this time, Ye Xuan suddenly sounded a shout.

Ye Xuan turned his head and found that the team had just swept over him.

The young man headed by the team came up with a portrait and said: "We are chasing this magician. I wonder if you have seen it?"

Hearing this, Ye Xuan gaze at the portrait, and after he finished reading, it was a tremor.

The person on this portrait is the high-order real immortal who appeared in the soul sea.

"I have seen it!"

Ye Xuan nodded.

"Really?"

The young man was shocked and said: "I am Liu Zheng, the captain of the Qinghong Great Country Wanted Team. This person is rampant in China and has destroyed many forces, so I am going to trace him. If you can take me to find him, there must be a thank you!"
