Chapter 1721: Serial random task

"Recognition, how many?"

Ye Xuan's eyes lit up.

Liu Zheng is also very generous, and took a bag directly. After Ye Xuan saw the things inside, he could not help but reveal a satisfactory look.

"It turned out to be a fairy with a higher level than Xianshi, and there are some heavenly treasures..."

Ye Xuan's heart is happy, he estimates that these things can at least allow him to break through to San Pinzhen.

"Well, I will take you to find him!"

Ye Xuan immediately agreed, and the sorcerer was already marked by his death killing order. It is not difficult to find him.

"Okay, you step on this flying sword!"

Liu Zheng was not nonsense, and he lost a flying sword. This flying sword was controlled by him.

Ye Xuan boarded the flying sword and followed the team.

In fact, the people behind Liu Zheng did not understand why Liu Zheng would look for Ye Xuan. After all, Ye Xuan is just a real fairy. Even if he saw the magician, can't find the exact position of the other person now?

However, Liu Zheng does not think so.

Is it so simple to be able to step on a flying sword and cross the soul of the sea?

Even if it is a five-pronged immortal, I am afraid I cannot cross the sea of souls alone.

Of course, if you use a lock to fly the boat, it will be different. If there is an iron lock, why should Ye Xuan use the flying sword to hurry?

The most important thing is that with Liu Zheng's eyes for so many years, I feel that Ye Xuan is different.

The only thing that gave Ye Xuan to him was that he was a singer. After all, he was a nine-piece fairy. If he could catch the cultist, it would be no problem to spend a hundred times.

"In that direction!"

Since he has received the other party's things, Ye Xuan is not nonsense, pointing to the southwest.

"How do you know that the cult is in this direction?"

One of the teams asked inexplicably.

"Before the sorcerer opened the killing ring, I left a mark on him to avoid his pursuit!" Ye Xuan explained.

"On the basis of your true immortality, I also want to leave a trace mark on the demon of the nine-class true immortal level?"

Someone immediately retorted.

The people present, the realm is at least seven good real fairy, higher than Ye Xuan is not a trace.

"Well, at least we know that the cultivator is in the sea of souls, and check it in the direction of the little brother." Liu Zheng said.

At this time, Ye Xuan could not help but ask: "I don't know, why did Captain Liu believe me so?"

"I can only walk the sword and cross the soul of the sea. Although you are not the first one, but I have done this with the realm of a true fairy, I have only heard of one. However, if it is true, I choose to believe in me. Feeling." Liu Zheng smiled.

"It turns out!"

Ye Xuan nodded slightly and did not ask again.

"If you can successfully catch the magician, thank you!" Liu Zhengdao.

"Reassured, my mark is still there, I can definitely catch up with him!" Ye Xuan said.

"So best!"

Liu Zheng nodded slightly.

Originally, Ye Xuan had already left the soul of the sea, but encountered this, in fact, a large part of the reason is that the cultist once wanted to kill him.

With the character he must report, how can he not report this hatred?

Liu is the nine-character true fairy, only one step is the big Luo Jinxian, and even if he controls two flying swords, the speed is very fast.

Ye Xuan estimates that with this speed, it is estimated that as long as two days, the chasers can be caught up.

In the following time, everyone is on the road. This time is nothing for Liu Zheng and others.

The nine-product true immortal demon murderer is killed in the soul sea, and Ye Xuan has a death killing order. Two days later, Ye Xuan can clearly sense the other's position.

"After half an hour, you can see him!" said Ye Xuan.

"well!"

Liu Zheng is satisfied with the nod.

After half an hour, they really felt a strong breath.

"Sure enough, he!"

After Liu Zheng was sensed, his body trembled.

His feelings, and sure enough, Ye Xuan really took them to find the wanted magician.

"Hello, this is your reward!"

Liu Zheng did not say anything, and once again took out a bag and handed it to Ye Xuan.

Then they just killed it.

In addition to Liu Zheng, this team has two eight-piece real fairy, and seven seven-character real fairy.

These people are enough to deal with the cultivator!

"Well? Can you trace me?"

The cultivator, who has already sensed Liu Zheng and others, secretly said: "In the big country of Qinghong, I don't want to give birth to extravagance, and spare your life. I didn't expect you to dare to catch up and find death!"

At the moment, he also directly blew the past.

A big fight broke out!

"Hey, there is a good show..."

Ye Xuanyi opened his mouth and smiled, then avoided it and then swallowed it.

The things that Liu Zheng gave him, enough for him to break through to Sanpin Zhenxian, and only gave him some, probably can break through to the four products.

After all, his experience is much more than the average person.

"Hey, the host breaks through, and it's the second best!"

"Hey, the host breaks through, and it's currently a three-piece real fairy!"

"Hey, the host breaks through, and it's the current four-story fairy!"

Sure enough, after swallowing those things, Ye Xuan directly broke through several times.

However, the vast majority of the rewards received are Xianjing, so the old tree is just six products. However, Shura Ghost and Megatron have broken through to eight good realities.

He estimated that Shura Ghost and Megatron should be able to fight with Da Luo Jinxian.

However, it was at this time.

"Hey, the host triggers a chain of random missions, the first ring, killing the target by hand!"

This system prompts the sound to start, let Ye Xuan surprise.

The goal is already shown, that is, the demon who fights with Liu Zheng and others.

"If it is killed by others, then this serial random task is estimated to fail!"

Ye Xuan thought about it, and even if he directly put the Shura Ghost and Megatron directly.

Eight products really fairy!

"kill him!"

Ye Xuan immediately gave orders to two people.

Not to mention the Shura ghosts, even if Megatron is afraid that he can single out the magician, if the two join hands, it will definitely not be a problem.

However, Liu Zheng and others seem to be a little bit powerless and are being suppressed by the cultist.

"Damn, his strength is so strong?" Liu Zheng gnashed his teeth.

He is also a nine-piece real fairy, the other is also a nine-piece real fairy, although the other is a magician, but they are many people.

Under such circumstances, it is still impossible to kill the other party?

At this time, he suddenly felt the breath of another eight-piece real fairy. He turned his head and saw that the Shura ghost of the black-browed armor was quickly swept.

In addition, there was a stream of light that hit it in an instant.

Chapter 1722: Blue rainbow power

"This is, Ye Xuan's flying sword?"

Liu Zheng recognized it instantly.

Still waiting for him to react, Megatron in the form of Feijian has joined the battle and instantly stabbed the repairer.

"Do not destroy the soul!"

The Shura ghosts screamed in the sky, and the breath suddenly soared.

Do not destroy the soul of the war, improve the combat power of three times, at this time the Shura ghosts, the strength has exceeded the tree too much.

"The grip of Huang Quan!"

The Shura ghosts stretched out, and a powerful tearing force shrouded the cultivator. Although the cultivator was physically strong and taller than the Shura ghost, he was still pulled quickly.

"what?"

The cultivator was also shocked. With his realm, he could not resist this tearing force.

how is this possible?

When he reacted, the sword of the Shura ghosts was already slamming.

"Oh!"

In an instant, the nine demon-like sorcerers were directly smashed into two halves, and the same was true of the magic.

dead!

"Hey, the host's killing value is improved!"

When a system prompts the sound, Ye Xuan's killing value is skyrocketing.

It is a pity that after the integration of the blood of Zhu Xian, there is no upper limit to the value of killing, that is, it can no longer be converted into a swallowing point, a bit of tragedy.

However, it does not matter if you swallow the point. After all, the blood is to make Ye Xuan stronger in the same class.

As long as there is a heavenly treasure, Ye Xuan's realm can be infinitely enhanced, and it is more important to upgrade the blood.

The sorcerer's ring of the sorcerer was taken away by the sorcerer and then handed over to Ye Xuan.

"Hey, the host completes the first ring of random tasks!"

"Hey, the host breaks through, and it's currently five products!"

"Hey, the host breaks through, and it's currently a six-piece fairy!"

"Hey, the breakthrough of the thunderfire, the current eight products are true!"

"Hey, the breakthrough of the thunderfire, the current nine products are true!"

"Hey, Megatron breaks through, and is currently a nine-piece real fairy!"

"Hey, Megatron breaks through, and is currently a big Luo Jinxian!"

"Hey, Shura ghosts break through, currently the nine products are true!"

"Hey, Shura ghosts break through, now is a product of Luo Jinxian!"

Unexpectedly, after this war, Megatron and Shura Ghosts both stepped into the realm of Da Luo Jinxian.

In fact, immortals, fairy, fairy, jade, golden fairy, and true fairy are all ordinary immortals, and become the great Luo Jinxian, then it is not the same.

Da Luo Jin Xian, who has a colorful fairy power, is not a bit more than a real fairy force.

Ye Xuan estimates that even if he, Shu Lao, Megatron and others add up, I am afraid that it is not the opponent of Shura.

On the other hand, after Liu Zheng and others felt the breath of the Shura ghosts, the figure could not help but tremble.

"Da, Da Luo Jinxian?"

Liu Zheng couldn't help but say that he didn't know how the Shura Ghosts came out.

"You don't have to worry, he is a fairy that I have conquered."

At this time, Ye Xuan suddenly rushed to the side of the Shura ghost, patted his shoulder.

"what?"

Liu Zheng and others were shocked.

Ye Xuan, a true fairy, actually conquered a Shura Ghost of the Da Luo Jinxian level, what international joke you are making!

No, not a product!

"Six products really fairy?"

Liu Zheng carefully felt the breath of Ye Xuan and found something wrong.

Before he thought that Ye Xuan was just a real fairy, he did not expect that the other party actually covered up the breath, and even he did not see it.

The super-hidden means, coupled with the Da Luo Jinxian level of Shura ghosts, and the extraordinary flying sword, let Liu Zheng and others have a strong curiosity about Ye Xuan.

"Before I saw this cultivator, but because of other things, I was innocent to deal with him. I saw you seem to be incapable of seeing you today, so you can kill them. You don't have to be surprised!" Ye Xuan said with a smile.

"No, he is the magician of my Qinghong big country. If you die, you can complete the task. Just, I beg you to give us his body." Liu Zheng said respectfully.

"The corpse is useless to me. Take it." Ye Xuan waved his hand and the body of the cultivator was pushed.

"This cultivator, refining the soul of the soul, he entered the soul of the sea should be looking for the soul of the soul, want to break through to the realm of the great Luo Jinxian!"

After Liu Zheng finished, he once again hugged his fist: "Thank you, please remove this hidden danger for us."

"you are welcome!"

Ye Xuan opened his mouth and smiled.

In fact, with his strength, it is enough to rob Liu Zheng and others.

However, he did not do this now, it is because this triggered a random random task, he felt that this task, perhaps related to Liu Zheng.

Otherwise, how do you call a serial random task?

"Hello, is it better to sit on my house?" Liu Zheng suddenly said.

Ye Xuan is a six-pronged immortal. The hidden means are so bright that he can't even see it, and he can also tame a fairy of the Great Luo Jinxian level. It must not be an ordinary person.

Such people can recruit!

When Liu Zheng's words fell, a system prompt sounded in Ye Xuan's mind.

"Hey, the host triggers the second loop of the serial random task, helping Liu Zheng complete the **** mission!"

Hearing this, Ye Xuan can not help but be a bit strange, this Liu Zheng, what **** mission?

However, this confirms that Liu Zheng is related to this serial random task, so he must agree.

"Alright, I have some things to inquire about." Ye Xuan opened his mouth and smiled.

"What?" Liu Zheng asked strangely.

"I came here this time, I want to inquire about the entrance to the devil world. I hate the devils, so I want to go to the devil world." Ye Xuandao.

Liu Zhengyi listened, his face suddenly dignified: "Devil's entrance? My Qinghong big country was once beaten through a devil's entrance, but then forced to close, I am not very clear about the specifics, why not go back and investigate?"

"Okay, then it's trouble!"

Ye Xuan nodded.

It is for this reason that he did not release the old tree. After all, the old fusion of the tree is the purple magic, a demon.

A cultivator is in the fairy world, but everyone shouts. If the tree is old, it will cause unnecessary trouble.

Next, Ye Xuan followed Liu Zheng and went to Qinghong.

They were very fast, and they came to a border of Qinghong Power in less than three days.

As an official of the Qinghong Power, Liu Zheng can easily enter the customs. Then they pass through a nearby transmission array and directly to the emperor of Qinghong.

"The Grand General?"

After Ye Xuan knew Liu Zheng's residence, he could not help but tremble.

"My grandfather is the general of the Qinghong big country." Liu Zheng explained.

Chapter 1723: Roadblock

"It turns out!"

Ye Xuan nodded slightly, and then followed Liu Zheng into the generals.

Unexpectedly, this Liu Zheng was actually the second generation of the official, the general of the Qinghong big country, this official position is not low.

However, the most telling thing about Ye Xuan is that after Liu came back, he directly closed for three days and then broke through to Da Luo Jinxian.

Three days later, Liu Zhengcai went out and then went to Ye Xuan to drink and eat meat.

"Sorry, sorry, the battle suddenly broke, and I came back for three days. It's really a slap on the Ye brothers!" Liu Zheng said with a sullen face.

"Three days, nothing." Ye Xuan said with a smile.

For three days, it was really nothing to him. He was afraid that Liu Zheng would retreat for three, thirty or three hundred years.

You know, Liu Zheng has lived for tens of thousands of years, and three hundred years is really nothing to him.

Liu Zheng broke through from Jiu Pin Zhen Xian to Da Luo Jin Xian. He was in a good mood and had a day of drinking with Ye Xuan.

Only when you step into the realm of the Great Luo Jinxian, you can count on the No. 1 character in the Qinghong Kingdom. Otherwise, it is a general generation.

However, Ye Xuan came to Qinghong Daguo this time, but not for Liu Zheng to drink friends, but for random tasks.

The second ring of the serial random task is to assist Liu Zheng to complete the **** mission!

However, this task has not been a shadow until now, which makes Ye Xuan very helpless.

However, on the fifth day, Liu Zheng came over again.

"Ye brothers, in a few days, I have to bring a team to **** my country princess to the Tianqin big country, I am afraid I can not accompany you to drink!" Liu Zheng said.

"Princess? Escort?" Ye Xuan brows a pick.

"Yes, I am a big country in Qinghong, and I am already married to the Tianqin Power. This time I am escorting the princess to the Tianqin Power, and let the Princess and the Emperor of the Tianqin Powers get married!" Liu Zheng replied.

Hearing this, Ye Xuan's eyes lit up, it seems that the second ring of the random task is this.

"In this case, it is better for me to follow." Ye Xuan suggested.

"So very good, I am not too bored on the road!" Liu Zheng directly agreed.

Before he took people to arrest the cultivator, it was only for the sake of experience. He was actually a general of the Qinghong Power.

Of course, under normal circumstances, the generals of the Qinghong big country must be at least the Da Luo Jinxian level, but don't forget, Liu Zheng's grandfather is the general.

"This time, there is a flying boat equipped with the royal family. It is estimated that it will take only one month to go back and forth. In addition, there are several generals who are with me, one of which is Sanpin Da Luo Jinxian, that is my grandfather!" Liu Zheng said.

"San Pin Da Luo Jinxian!"

Ye Xuan's eyes glimpsed and nodded slightly.

Because of the serial random task, he felt that the **** task was not simple, and there must be a crisis, so he should be careful.

Soon, it took three days.

Three days later, the generals gathered in front of a group of people, all of whom are masters of the Da Luo Jinxian level.

"How come there is a six-piece real fairy?" Someone asked strangely.

"Hey, that's a friend of the young master, don't talk."

After Liu Zheng saw Ye Xuan, he immediately greeted him: "My grandfather will arrive soon!"

The voice just fell, the sky is a huge figure, a magnificently decorated flying boat.

"Good flying boat!"

Ye Xuan's eyes sighed and he sighed.

He estimated that this flying boat is probably comparable to the four major Luo Jinxian, not the average person can have, and only the Qinghong big country royal family has this financial power to build.

At this time, the flying boat suddenly opened a hatch.

"walk into!"

Under the command of Liu Zheng, everyone plunged into the hatch.

In this flying boat, all of them are all Da Luo Jinxian, adding up to hundreds of people.

At the same time, the strongest one is Sanpin Da Luo Jinxian, which is Liu Zheng's grandfather Liu Heng Liu Dajun.

General Liu Da took a look at Ye Xuan, but did not say anything, and then directly controlled the flying boat to leave.

In this flying boat, there is also a guarded room with a pretty woman sitting inside. Although her cultivation is not high, she has reached the level of Jiu Pin Zhen Xian. She is the princess of Qinghong Power. The second time to marry the Tianqin big country.

Ye Xuan and Liu Zheng, found a location, and then continued to drink and chat.

Not only that, but Ye Xuan summoned Shura Ghost and Megatron, after all, on this road, something will happen.

Soon, this flying boat left the Qinghong country and then went to the Tianqin power.

In the previous section, nothing happened, but on the tenth day, suddenly a flying boat stopped the boat of Ye Xuan and others.

"Where is the mouse?"

Liu Heng sighed.

"Hey, it turned out to be General Liu Da, I haven't seen you for a long time!"

Suddenly an old voice sounded, and then, between the two boats, there was a ghost image.

After Liu Heng saw the face of this person, his face changed greatly. He said: "Haiyuan Grand Power General, He Yao?"

"We are meeting for the first time. I didn't expect General Liu to recognize me. The old man is very pleased." He Yao opened his mouth and smiled.

"Not much nonsense, you stop me waiting, what do you want to do?" Liu Heng said coldly.

He demon laughed again: "You are going to Tianqin big country this time?"

When this was said, Liu Heng's face was once again cold. I didn't expect the news to be leaked. I was also told to the head of Haiyuan that I was dead. Suddenly an ominous premonition was born!

"I have something to say!" Liu Heng said.

"Okay, then I will just say it!"

He Yao opened his mouth and smiled and said: "This time, you are going to be with the Tianqin big country. When will you join forces to fight against my Haiyuan power?"

"So, are you coming to intercept us?" Liu Hengdao.

"No, I am taking the opportunity to destroy you!" The enchanting light flashed, and the murder in the eyes was completely revealed.

"Just by you?"

Liu Hengyi's eyes widened. This time, the reason why Qinghong's great country sent him was that he was afraid of a poor pool.

"Not much nonsense, next year's today is your jealous day!" He screamed and screamed, directly controlling the underarms and launching the attack.

At the same time, Liu Heng also controlled the flying boat and launched an attack.

These two flying boats are all four-class Luo Jinxian level, the attack power is huge, and the Xianjing consumed by each attack is also an astronomical number.

"Booming!"

The two flying boats slammed once and no one took the upper hand.

If this is the case, I am afraid that there is no win or loss, so both sides directly open the hatch and start killing!

However, this time the Haiyuan powers are obviously prepared, in addition to the three devils of the Golden Devils, there are actually two three-class Luo Jinxian.

Although Liu Heng's strength is strong, it is already the peak of Sanpin Da Luo Jinxian, but it is also difficult to be an enemy three.

"The situation is not good, you quickly **** the princess to leave!" Liu Heng immediately gave a few confession, including Liu Zheng.

Chapter 1724: Breakthrough, Da Luo Jinxian!

At this time, Ye Xuan has ordered the Shura Ghost and Megatron to help.

Shura Ghost and Megatron are already a product of Luo Jinxian, and it is not a problem to deal with Sanpin Da Luo Jinxian.

"Do not destroy the soul!"

Ye Xuan's light flashes.

In the next moment, Shura Ghosts directly opened the invincible soul. In an instant, the strength of him and Megatron was skyrocketing three times. Together with the shape of Feijian, the strength of Megatron is not weak.

However, this is not over yet.

"The repair of the ghosts, the eyes of Shura, open the killing!"

Ye Xuan once again voiced.

The eye of Shura was discovered by the sinister emperor in the advanced stage of repairing the devil. This time, it was the first time that Shura Ghosts opened the eyes of Shura.

The chest of Shura's ghost was broken open, and a black eye opened, and a smoldering breath suddenly spread.

The eyes of Shura are open. At this time, the Shura Ghosts are the real Shura ghosts. The ones of the Haiyuan Powers are just a glance. The fairy heart bursts into pieces.

On the side of the big country of Haiyuan, dozens of people died in an instant. After the death of these deceased, there was an invisible gas that swept the Shura ghosts.

When the eyes of Shura are opened, they are going to kill the Quartet. This skill is a bit like the killing feast before Ye Xuan. The more people die, the stronger the strength of Shura.

"Amazing eyes, be careful!"

He demoned a low voice and his face became dignified. He felt that something was wrong.

Not right, that's right!

"The Eye of Shura, Shurao Light!"

At this time, the Shura ghosts absorbed the dead air of the deceased, and the eyes of Shura in the chest suddenly slammed and sent a terrible black beam of light.

"Be careful!"

He demon shouted and avoided it.

However, behind him, the two second-class Luo Jinxian and a three-product Luo Jinxian were not so lucky, and they were directly smashed into shrubs by this Shura.

The strength of both sides, opened the distance in an instant!

"A good powerful fairy..."

He Yao and another three-product Da Luo Jinxian heart could not help but think.

This happened suddenly, they simply did not have time to react, and they fell a three-product Luo Jinxian.

"Good opportunity, kill!"

When Liu Heng saw it, he immediately led his master to rush.

Originally they wanted to **** the princess to leave, but now it seems that there is no need for this.

With the addition of Shura Ghosts, the situation is one-sided, and Megan's flying sword is collecting the Qiang Kun ring. This battle may last for five seconds.

After Megatron collected the Qiankun Ring, Ye Xuan took it into the planting space.

"Hey, the host breaks through, and it's currently a seven-piece real fairy!"

"Hey, the host breaks through, and it's currently eight good!"

"Hey, the host breaks through, and it's currently nine products!"

The two second-class Luo Jinxian and Sanpin Da Luo Jinxian's Qiankun Ring were all smashed by Shura Shengguang, so they were gone.

Now these leaves of Ye Xuan are all the ones of the big Luo Jinxian, but this is enough.

Ye Xuan has promoted three realms, as well as Shura Ghost Respect, directly from the Yipin Da Luo Jinxian, to the four-character Luo Jinxian.

Now, the realm of people present is lower than that of Shura Ghost. Who else is his opponent?

Don't talk about him, even Megatron is already a four-character Luo Jinxian, and it is transformed into a flying sword.

"Hey!" "Hey!" "Hey!"

A burst of sound spread, Megatron instantly stabbed the rest of the people, including the great general of the Haiyuan Power.

This is not the point. The focus is on the Shura Ghost and the Death Will skills. Those who have died are resurrected and become his embarrassment.

Upon seeing it, Liu Heng and others have been shocked to say nothing.

In this battle, they did not seem to play any role. It was entirely a killing of the Shura ghosts.

Not waiting for them to react, Ye Xuan has already accepted those spoils, including the flying ship of Haiyuan.

"Hey, the host breaks through, and it is currently a big product Luo Jinxian!"

The system once again sounded a tone, and Ye Xuan finally broke through to the realm of Da Luo Jinxian.

At the same time, the realm of Shura Ghost and Megatron was once again improved, and the five-character Luo Jinxian was obtained.

Now, let alone the demon, even if it is the head of the Haiyuan powers, it can't help Ye Xuan.

However, at the moment, Ye Xuan is performing a serial random task, so I can't do it for the time being.

"Ye Xuan, what is this fairy beast? What is it?" Liu Zheng came over and asked in vain.

"The ghosts of the emperor evolved."

Ye Xuan returned with a sentence, and then said: "What is the realm of the most powerful country?"

"The strongest is the head of the big country of Haiyuan, the five-character Luo Jinxian! But ah, our three big countries have the background of the ancient fairy world."

Liu Zheng replied.

"Ancient fairyland?"

Ye Xuan brows a pick, do not understand what this is.

The fairyland is on the fairyland. How come another ancient fairyland?

"Our Qinghong, Tianqin, Haiyuan three big countries, the strongest is only the five-character Luo Jinxian, but there are certain forces in the ancient fairy world, but the situation of our three countries as a gamble."

Liu Zhengton paused and continued: "They absolutely do not allow a country to be destroyed between us!"

"Oh, how strong are they?" Ye Xuan asked.

"Luo Tian Shang Xian!"

Liu Zheng replied.

Luo Tian Shang Xian is the next realm of Da Luo Jin Xian. Although it is said that the Shura Ghost is now a five-character Luo Jinxian, he can still deal with the master of Luo Tianshang.

What's more, Luo Tian Shang Xian also has a grade!

Originally, Ye Xuan wanted to directly destroy the Haiyuan powers. However, I did not expect that there were backgrounds behind the three major countries. It seems that there is no way.

"If this is the case, then go on the road!"

Ye Xuan no longer asks.

The roadblock has been solved, then the next step is to **** the princess of the Qinghong Power to the Tianqin Power to complete the serial random mission.

However, Ye Xuan feels that this speed is a bit too slow.

"Your speed is too slow. Let me go directly to the Tianqin Power with Liu Zheng and the princess."

Ye Xuan suddenly proposed.

"This....."

Liu Heng and others listened and hesitated.

Their task is to **** the princess to the Tianqin big country to marry, let Ye Xuan take the princess, they are a bit uneasy, after all, Ye Xuan is not a Qinghong big country.

"Reassure, when I arrive at the Tianqin Power, I will have a way to pick you up directly."

After Ye Xuan finished, he did not wait for the other party to open his mouth. He said: "With our strength, if you take the princess away, you can't stop it!"

Indeed, with the realm of Shurao's ghosts, no one has been able to stop the people present.

Chapter 1725: Mysterious youth

Although they did not understand why Shura Ghosts suddenly skyrocketed, they felt that the atmosphere of Shura's ghosts was extremely strong, at least the four-character Luo Jinxian.

Of course, the real realm of Shura Ghost Respect has reached the five-character Luo Jinxian, and its combat power, I am afraid it can be a battle with seven, eight or even nine products.

In desperation, Liu Heng and others can only nod.

"Well, I will go with Liu Zheng and the princess first!"

Ye Xuan opened his mouth and smiled. A force directly wrapped around Liu Zheng and Qing Hong's princess, and instantly left the place.

The shape of the flying sword of Megatron is at most three people, so Ye Xuan is just three.

The serial random task is to help Liu Zheng complete the **** task, so Liu is the one who must be there, and the **** goal is the princess, so the princess must also be there.

If you follow the previous speed, it will take half a month, but now Megatron is the five-character Luo Jinxian level, which can be reached in two days.

However, things are not that simple.

Originally, the Qinghong Power, the Tianqin Power, and the Haiyuan Powers were not allowed to have a master, and the strength of the Shura Ghost was too amazing, so it was a mistake.

When Ye Xuan was about to arrive at the Tianqin Power, a figure in the distance attracted his attention.

"Fast speed!"

Ye Xuan brows a pick, and quickly gaze at it and finds that the visitor is a young man.

However, the breath of this young man is powerful.

"Seven Pinnacle Luo Jinxian? Eight Pins of Luo Jinxian? Or, Jiu Pinda Luo Jinxian?"

Ye Xuan said secretly.

He is only a big Luo Jinxian now, because the gap between the realms is too big, so he is not able to see through each other.

Anyway, this power cannot be the people of the three great powers. It should be from the ancient fairyland.

"It seems that it is going to be a war!"

Ye Xuan thought so in the heart, the next moment, he heard the other party's voice.

"Kid, you have broken the rules!" the young man said coldly.

"Rules, what rules?" Ye Xuan asked.

"The situation in the three countries is probably broken by the beast around you, so I can't just watch it." The young man replied.

"Oh? Shura ghosts respect him, he is only a five-character Luo Jinxian, is it difficult to participate?" Ye Xuandao.

When the voice fell, Liu Zheng, who was behind Ye Xuan, added: "Yes, Ye Xuan is now an official of Qinghong University."

"To shut up!"

The young man gave a cold drink.

Liu Zheng scared his neck and shrank. He knew that the young man from the front was from the ancient fairyland.

This level of master is not something he can deal with, let alone him, even if the Qinghong big country all add up, I am afraid that it is not a single opponent.

"Here, what I said is the rules, so today, I will send you on the road!" The young man finished, and his eyes fell on the Shura ghost.

Ye Xuan is just a product of Luo Jinxian, even if it is divided into 10,000, it is not likely to be his enemy.

Of course, Shura Ghost is not in his eyes.

"Sura ghosts, kill him!"

Ye Xuan heart angered.

In an instant, Shura Ghost and Megatron are all plucked out.

"Do not destroy the soul!"

"Sharp storm!"

When I saw it, the youth didn't take it for granted. It was just a palm.

With the realm of his nine-category Luo Jinxian, let alone the Shura Ghost of the Five-Piece Luo Jinxian, even if it is the seven-character and eight-product Da Luo Jinxian, I am afraid I will not be able to take it.

However, he is wrong.

The Shura Ghost Respect for the invincible battle spirit has increased by three times, plus the triple increase of the soul elegy and the increase of Ye Xuan's pet, which is more than seven times.

The young man's palm was smashed by the Shura ghosts!

"how is this possible?"

The young man was shocked: "I am a nine-character Luo Jinxian, only one step can become Luo Tianshangxian, my attack, how could it be so easily taken?"

Before he was surprised, Megatron was already plundering.

Don't forget, Megatron also has the effect of not destroying the soul of the war, adding up to seven times the increase, and because it is a flying sword form, the speed is very fast enough to threaten this young man.

It's a shame to be a nine-character Luo Jinxian, who has been challenged by people.

"You all have to die!"

The youth roared in the sky, the colorful fairy blossoms bloomed, and a horrible atmosphere spread.

"No, this guy is going to worry!"

Ye Xuan's face changed.

Although the strength of Shura Ghost and Megatron is good, if they really want to fight, they are still not enough to fight this young man.

At the moment, there is only one last way to kill him!

"Death chase!"

"Aurora shield!"

"The eye of assassination!"

When the other party was shocked, Ye Xuan suddenly came to the back of the youth, and then a sword broke out.

"Thousands of absolutely!"

This time, the turbulence effect has been raised to two thousand, and the probability of triggering is also high, and it is possible to kill this young man.

Unfortunately, Ye Xuan is only a product of Luo Jinxian at this time, and the other party is Jiu Pin Da Luo Jinxian, the difference between the eight products, so the probability is small and poor.

This blow, although it was hit by the youth, but this time even his Xianli defense did not break open.

"Hey, I am a big man in the district, and I dare to attack me!"

The young man snorted, although he was somewhat surprised by Ye Xuan's means, but the attack, even if it was a hundred times higher, would not hurt him.

"Go to death!"

A majestic colorful fairy force directly shakes off.

If the average person is nearby, it will be directly destroyed by the crushing fairy, even if it is a magician, I am afraid it will not be spared.

However, before Ye Xuan rushed over, he used the extremely empty shield, and the young man did not make all the effort at all, so he was absorbed.

"shock!"

Ye Xuan released the extremely empty shield, and the power directly increased by three times. This time, it directly broke the youth's colorful fairy defense.

However, after breaking the colorful fairy power, it did not hurt the youth.

"How can it be possible to break my defense?" The youth was shocked again.

Still not waiting for him to react, Ye Xuan flashed again to his back, this time it was blocked by the colorful Xianli that the other party re-emerged.

Originally, Ye Xuan wanted to try to forcefully swallow it, but even the other's body could not touch it, and naturally could not be swallowed.

"There is no way to deal with it, only to go!"

Ye Xuan's flash of light flashed directly to Liu Zheng and Qinghong's big country princess, forcing them to be included in the planting space.

"Want to go, leave me!"

The young people did not say anything, and they used the colorful fairy power to block the way of waiting for others.

However, Ye Xuan wants to escape, but not many people can intercept.

"The Eye of Void!"

Ye Xuan glimmered and then slammed in.

At the same time, he also collected Megatron and Shura.

Chapter 1726: Holding the country

"Hey!"

The door of the void was closed, and the body shape of Ye Xuan and others disappeared completely into the eyes of the youth.

"Ran?"

At this time, the young man was already shocked and couldn't speak. When he was challenged by the people, he did not say that he was still being escaped. How is this possible?

At the moment, he quickly swept out and found a direction, trying to get Ye Xuan out.

However, Ye Xuan went back to the place where he and the Haiyuan big country generals played a demon battle. Even if the youth is fast, it will take half a day to arrive.

Wait a moment, then go back empty, complete the second ring of the random task.

.....

After returning to the air, Ye Xuan waited for a while. With the help of the death killing order, he clearly felt that the young man was rushing toward him.

"I have been left with a mark in my body?"

Ye Xuan eyes a glimpse.

However, Megatron is estimated to be absent.

"Hey!"

In an instant, Ye Xuan broke open the eyes of a void, and then let Megatron pluck into it.

Others, for Ye Xuan, were cumbersome, so he was all included in the planting space.

He didn't want to expose this secret before, but now there is no way, only this.

"This young man can find me in at least two hours. I have to pull away the distance and then entangle with the eye of the void!"

Ye Xuan said secretly, he quickly left the place.

Although his speed is fast, but the young man is also a nine-character Luo Jinxian, faster.

Two hours passed quickly. At this time, Ye Xuan only felt that the young man was about to be killed. He quickly broke through the void and returned to the place where he and the young people fought.

"Well? Go back there again?"

The young man was shocked. He did leave a mark on Ye Xuan, but he did not expect the other person to suddenly go back.

This means that he has to travel two hours!

"It's a good way, when I kill you, I must search for your soul!" The youth's eyes burst into two killings, and then rushed back.

Ye Xuan, at this time is to let Megatron go to the road, and he is dealing with the youth.

Anyway, the middle of the road is not short, the young people have to arrive at full speed, it takes two hours.

Two hours at a time, then twelve times is a day.

After more than ten times, Megatron flew alone to the Emperor of Tianqin, and then Ye Xuan broke open.

The princess was successfully sent to the Tianqin Power State, and Ye Xuan also completed the second ring **** mission for the serial random mission.

"Hey, the host completed the second loop of the serial random task!"

The young man was still coming to the Chaotian Qin State, but at this time Ye Xuan had already arrived in front of the Imperial Palace.

"It turned out to be General Liu Hengda, long-awaited!"

The Emperor of the Tianqin came out to meet the Crown Prince. After he saw Liu Heng, he could not help but smile.

"It turned out to be the Crown Prince, and the old man was flattered!" Liu Heng quickly returned.

People with identity generally like to be a guest, and Ye Xuan is not very cold.

After a while, they were invited into the palace.

"Right, General Liu Da, how come you seem to be ahead of schedule for a while?" asked the Prince of Heavenly Kingdom.

"Yes, we plan to arrive in Tianqin big country within one month, but on the way it was intercepted by Haiyuan Power..." Liu Heng nodded.

When the Crown Prince heard it, he was shocked: "The big country of Haiyuan?"

"Yeah, this time, the great country of Haiyuan sent three generals of the three-product Luo Jinxian. Fortunately, I came to a concealer in Qinghong, and all of them were annihilated!"

After Liu Heng finished, he couldn't help but turn to look at Ye Xuan.

"The concealer?" The Crown Prince looked down and found that Ye Xuan was just a product of Luo Jinxian.

With the realm of his second-class Luo Jinxian, he only felt that Ye Xuan was just a product of Luo Jinxian, so he guessed that he could not see Ye Xuan.

The strength of the Qinghong big country is similar to that of the Tianqin big country. The royal concealers are at least the realm of the four-character Luo Jinxian, so the crown prince also thinks that Ye Xuan is the four-character Luo Jinxian.

"I have seen seniors!"

The Crown Prince said in a hurry.

"Exemption!"

Ye Xuan made a deep wave of his hand.

In fact, when I came to the Imperial Capital of Tianqin, Liu Zheng, Liu Heng and others had all been controlled by Ye Xuan, in order to prevent the news from leaking.

That is to say, at this time, Sanpin Da Luo Jinxian Liu Heng is Ye Xuan's ape, and he naturally will not expose Ye Xuan.

"The big country of Haiyuan sent a master to intercept General Liu, and he wanted to come to fear that our two countries would join hands. In this case, even if it is the ancient fairyland, it is hard to say anything." Huang Taizi thought in his heart.

Then, he took Ye Xuan and others to see the king of the Tianqin Power.

Tianqin Daguo, Qinghong Daguo, Haiyuan Power, and the heads of the three great powers are the five-character Luo Jinxian level. In order not to show the other side, Ye Xuan specifically summoned the Shura ghosts of the town.

Shura Ghost and Megatron are also the five-class Luo Jinxian level, even if the entire royal family is out of the nest, they can't help them.

After seeing the introduction of the Crown Prince, the king of the Tianqin Kingdom could not help but subconsciously look at Ye Xuan.

What is the royal concealer, this is clearly only a product of Luo Jinxian!

However, the Shura ghosts next to Ye Xuan really did not even see him.

So strong!

"The nine-character Luo Jinxian from the ancient fairyland is estimated to be coming soon. If so, then I will kill him by surprise!"

Ye Xuan's flash of light flashed, and the heart has already made a decision.

Not yet waiting for the opening of the kingdom of Tianqin, Ye Xuan directly gave orders to Shura Ghost and Megatron.

"call out!"

In an instant, the Shura ghosts directly killed them, and they seized the opportunity with lightning speed.

When the people reacted, the black sword of the Shura ghosts was already placed on the shoulders of the king of the heavenly kingdom. At any time, he could squat down and split the fairy heart of the kingdom of the heavenly kingdom into two halves.

"Guarding!"

The personal guards of the king of the heavenly kingdom shouted.

However, even the five kings of the kingdom of Tianqin, the king of the country, were held in an instant. What is the use of these people?

"What do you do..." Tian Qin, the king of the country, narrowed his neck and asked in vain.

At this time, Ye Xuan has used the eye of assassination to come to the back of the king of Tianqin, and then take it off.

A big country, and the strongest of the big countries, although the Qiankun ring is not a national treasury, but there are too many things than Liu Heng.

After winning this sacred ring, Ye Xuan's breath suddenly surged.

"Hey, the host breakthrough, the current is the second product Luo Jinxian!"

"Hey, the host breaks through, and it is currently the Sanpin Da Luo Jinxian!"

"Hey, Megatron breaks through, and is currently Liu Pinda Luo Jinxian!"

"Hey, Megatron breaks through, and is currently a seven-character Luo Jinxian!"

"Hey, the Shura ghosts broke through, and now it is Liu Pinda Luo Jinxian!"

"Hey, Shura ghosts break through, currently the seven-character Luo Jinxian!"

"Hey, the breakthrough of the thunderfire, the current five-character Luo Jinxian!"

"Hey, the breakthrough of the thunderfire, the current is the six Pinnacle Luo Jinxian!"

Chapter 1727: Magic value

The Shura Ghost Respect was originally a five-character Luo Jinxian. After swallowing up the Qiankun Ring of the Tianqin Power, he rose two realms.

Now, no one in this place can stop him.

At this time, the people around have not yet figured out the situation, even Liu Heng and others who were controlled by Ye Xuan.

"Now, the king of the heavenly kingdom is my Ye Xuan!"

Ye Xuan suddenly looked around and said loudly.

The audience was shocked.

On the site of others, hold the country, and then be yourself?

"My Shura ghosts are the seven great Luo Jinxian, but you can not force the enemy." Ye Xuan added another sentence.

Seven Pinnacle Luo Jinxian!

When the words came out, everyone was shocked.

This place, how can there be such a powerful person, this is impossible!

Is it difficult to come from ancient times?

"Hello, is it that you are from the ancient fairy world?" Tian Qin, the king of the country, asked.

Ye Xuan thought about it and then said: "I am not a person in the ancient fairy world, but I will go to the ancient fairy world sooner or later. Forget it, I am not a lord of this country, it seems that this is not necessary!"

Now, he is not afraid of the young man, and the young man is coming soon, then it is time to report the hatred of yesterday.

Although the Tianqin Power is good, but for the current Ye Xuan, he is already blind.

He is the young man!

"This world, the strong is respected, don't blame me for stealing your Qiang Kun ring, now even if Luo Tianshang immortal, I am not afraid!"

After Ye Xuan finished, he directly stepped on the Megatron, which had already broken through the seven-character Luo Jin Xian, and left the Tianqin Grand Emperor.

He has no interest in the battle between the three countries. However, he has broken the balance of the three countries. If he does not kill the young man from the ancient world, it is estimated that he will not stop.

Yesterday, Shura Ghost and Megatron joined forces, barely able to drag the young man, but today Shura Ghost and Megatron both broke through, and it broke through twice.

I am afraid that if the Shura ghosts broke out, they could kill each other in an instant.

"Hey, the host triggers the third ring of the random task of the chain, killing Chang Kangcheng from the ancient fairyland, and getting the ancient fairy!"

At this moment, suddenly a system prompts to sound.

The third ring of serial random missions is finally here!

Although I don't know what the ancient immortal order is, it is definitely useful, or wait until the enemy has reported it.

The young man left a mark on Ye Xuan, so he has already rushed into the Tianqin big country, just as Ye Xuan himself greeted him, and soon they both met again.

"Sanpin Da Luo Jinxian?" Young Chang Kangcheng was shocked.

When he saw Ye Xuan yesterday, Ye Xuan was just a big Luo Jinxian. How did it last day, Ye Xuan suddenly increased two realms in vain?

"The kid can escape under my hand, and you are a bit of a skill."

Chang Kangcheng just said coldly.

His plan is to seize Ye Xuan, and then search for the soul, and get the means by which Ye Xuan breaks open the void.

However, at this time, Ye Xuan did not want to talk nonsense with him, directly summoning the Shura ghosts.

"Do not destroy the soul!"

"The grip of Huang Quan!"

An invisible powerful force wrapped this Chang Kang into it, followed by a double attack by Huang Quanzhi.

"Hey!"

The youth's body was directly crushed and crushed, and even the fairy heart in the body was directly broken.

"Hey, the host's killing value is improved!"

When the system prompts the sound, Ye Xuan has swiftly swept the past and will accept the young people.

Then, Ye Xuan is to devour all the treasures in the sky.

"Hey, the host breaks through the current four-branded Luo Jinxian!"

"Hey, the host breaks through, and it's currently the Five Pinnacle Luo Jinxian!"

"Hey, Megatron broke through, currently the eight-character Luo Jinxian!"

"Hey, Megatron breaks through, currently it is Jiu Pin Da Luo Jinxian!"

"Hey, Shura ghosts break through, currently the eight-character Luo Jinxian!"

"Hey, Shura ghosts break through, currently the Jiu Pin Da Luo Jinxian!"

"Hey, the breakthrough of the thunderfire, the current is the seven-character Luo Jinxian!"

"Hey, the breakthrough of the thunderfire, the current is the eight-character Luo Jinxian!"

The realm, even arrogantly went up two grades.

Only this time, Ye Xuan's luck has been exhausted. After he heard the next tone, his face could not help but sink.

"Hey, the host's magic value has reached sixty!"

Hearing this, Ye Xuan's brow was picked and he quickly checked the value of this magic.

"The realm is going too fast, and the value of the magic will go up wildly. If it reaches one hundred, will it be enchanted?"

Ye Xuan was shocked.

Enchanted, and it is not a general enchantment. Once the magic value is 100, it will lose its sanity and cannot be recovered.

Simply put, Ye Xuan will become another person, replaced by a killing demon.

This, you still have it?

"No, absolutely can't enter the magic..."

Ye Xuan couldn't help but swallow the swallow. When he entered the magical value, he would enter the magic, and he has now reached 60. If he wants to make the next breakthrough, he may get to 90. Is it still worth it?

At the moment, he quickly checked the fairy devour system to see if there was something to reduce the value of the magic.

"What, a little swallowing point, lowering the magic value of ten points, I need six points to swallow the point of 60 points..."

Ye Xuan wants to cry without tears. Now he has no point to swallow.

Of course, the magic value can also be recovered. In his current situation, each month will reduce the value of the magic, that is, if he does not upgrade, he will be able to return to normal within five years.

However, for five years, he is very grown!

"Oh, you can also look for specific things to reduce the value of the magic!"

Ye Xuan breathed a sigh of relief.

Reduce the value of the magic, in addition to time recovery and clearing with the swallowing point, you can also find something to recover, for example, the heart of the lotus, the flowers and so on.

All in all, Ye Xuan does not dare to easily raise the realm now, and this is a bit boring.

However, things have come to an end and it is useless to say anything.

"Hey, the host completes the third ring of the serial random mission, rewarding Megatron to open the form of the flying boat!"

The system prompts.

"Flying boat, shape?"

At this time, Ye Xuan's brow was picked.

He already has a flying boat system. How come there is a flying boat shape?

At the moment, he quickly checked the system of the flying boat and found that Megatron had become his lifeboat.

"This form of flying boat can allow Megatron to choose three advanced routes of attack, defense or speed. The shape of the flying sword of Megatron is good, and the attack and speed are good. It is better to make a moving fortress and defend the defense." Xuan said secretly.

Chapter 1728: Ancient fairyland

At the moment, Ye Xuan is to make Megatron into a flying boat. This is similar to the appearance of a normal flying boat. Fortunately, this can be changed.

Don't look at it like this. Now, the realm of Megatron's seven-character Luo Jinxian, if it becomes a flying boat, the defense is very amazing. Even if Luo Tianxian is afraid, he will not hurt him. As long as he hides inside, Ye Xuan's own safety will be Can be guaranteed.

Of course, this is a defense that sacrifices attack and speed, so the defense is so powerful.

"Right, ancient fairy!"

Ye Xuan suddenly remembered a problem, and the serial random task asked him to find an ancient fairy.

Since the things in the Qiankun ring were received by him in the swallowing space, the ancient immortal order was also obtained by Ye Xuan by default. At the moment, Ye Xuan found it.

"Enable system analysis!"

Ye Xuan looked at the ancient fairy, and recited a sentence in his heart.

This is a new ability to upgrade the super-phagocytic system into a fairy-level phagocytic system that can analyze something with the system.

The Xian phagocytic system analyzed this ancient fairy order through the eyes of Ye Xuan, and then reached some conclusions.

"The ancient fairy, the ancient fairy and the outer fairy world together with the only key!"

Seeing this, Ye Xuan was slightly shocked.

Simply put, with the ancient fairy, you can enter the ancient fairy world, and it is the only key.

"If I close the entrance to the ancient fairy world, then the people in the ancient fairy world are not expected to come to the outer fairy world."

Ye Xuan thought about it.

This ancient fairyland, he can go, but his priority is to find a small devil.

The mixed world demon king was chased by Da Luo Jinxian on the same day. He was told to Ye Xuan that he met in the devil world. Now Ye Xuan sensed that the position of the mixed devil was not far from him. He thought that he had already returned.

In fact, Ye Xuan also went back to the place where the little devil disappeared, but there is no clue, so he wants to see if there is any entrance to the devil world among the three major countries.

"No matter how much, let's go to the entrance of the ancient fairyland."

Ye Xuan thought in his heart and quickly set off.

There was a map on the young man, which recorded the location of the entrance to the ancient fairyland, so Ye Xuan quickly found the past.

The entrance is a gate, and the ancient fairy is the key. However, at this time the door is open.

"The ancient immortal is the only key to enter the ancient fairy world. Now the door is open, is the young man forgotten?"

Ye Xuan was puzzled.

In any case, the entrance to the ancient fairyland is closed first, so that Ye Xuan is the strongest of the outer fairyland.

"Boom!"

In a loud noise, the entrance gate of the ancient fairy world was closed, and the only key was in Ye Xuan's hands.

This ancient immortal order was analyzed by the sacred phagocytic system. The system said that it is the only key, then it must be unique.

"Go back and see!"

After closing the gate of the ancient fairyland entrance, Ye Xuan went back to the palace of the Tianqin Power State through the eyes of the void.

At this time, the king of the kingdom of Qin State and other people were still in the middle of the temple.

When the Shura ghost appeared, his strong breath made everyone feel trembled.

"Now, the entrance to the ancient fairyland has been closed by me."

After Ye Xuan finished, he directly fell his eyes on the head of the Tianqin Power State. He said: "I took you a ring of enthusiasm. Next, I will kill the big country of Haiyuan. It is still yours!"

When this was said, everyone was shocked.

The entrance to the ancient fairy world was closed?

"Hello, are you going to destroy the great country of Haiyuan?" Tian Qin, the great country leader, asked awkwardly.

"Speaking of it, but before that, I want to ask you, who has the news of the Devil's Channel?" Ye Xuandao.

"Devil's Channel?"

Everyone looked at each other.

"In the Tianqin big country, there has not been a channel of the devil world, but the Qinghong big country has appeared once." The king of the Tianqin powers fell on the general of Liu Hengda.

"The Qinghong big country did have a magical passage. It was the one-way battle of the demon world. Later, China was completely closed, and now it has disappeared." Liu Heng explained.

"Can't get through this side again?" Ye Xuan asked curiously.

"No, because it is unilaterally opened up in the Devil." Liu Heng shook his head.

Since Liu Heng has been controlled by Ye Xuan, his words are 100% trustworthy.

Of course, unless Liu Heng himself does not know.

"In this case, then I will destroy the Haiyuan Power for you first."

When Ye Xuan finished, he broke away from the void again, leaving behind a group of wrong people.

The great powers of Haiyuan, the great kingdom of Tianqin, and the big country of Qinghong, the three great powers have fought for countless years, and now they say that they are destroyed, which makes them unable to return to God for a time.

At this time, Ye Xuan had come to see the place where the Haiyuan Grand Power General was demon, and then continued on his way.

The Megatron of the seven-character Luo Jinxian level, turned into a flying sword form, the speed is already more than the youth of the nine-character Luo Jinxian.

Two days later, he rushed directly into the big country of Haiyuan, and then forced the imperial capital.

He is already a five-character Luo Jinxian, and the head of Haiyuan is also a five-character Luo Jinxian, so Ye Xuan directly controls the other side.

Then, the entire royal family was scraped by Ye Xuan.

However, these things are not worth mentioning for Ye Xuan now. After all, even one percent of the young people are not allowed to ring.

The royal masters of Haiyuan Power were all forced to receive the planting space by Ye Xuan, so the entire Haiyuan powerhouse was extinguished, and then Ye Xuan broke open the void.

In the future, there will be only two big countries, Qinghong and Tianqin.

"I have already looked for the place where the little devil disappeared, but there is no discovery. It seems that his disappearance should be his own means."

Ye Xuan thought in his heart.

There is also a death killing order on the mixed king, but he is far from Ye Xuan. The induction is almost weak, so he should use the secret technique to return to the devil world.

"It seems that only enter the ancient fairy world." Ye Xuan sighed.

The outer fairyland and the ancient fairyland are actually wrapped up in a matrix, and the outer fairyland is wrapped up. It is a force called Xuantianzong.

Among these forces, there are three factions, which correspond to the Qinghong big country, the Tianqin big country and the Haiyuan big country. In short, these three factions are sometimes used to bet, such as the Qinghong big country and the Haiyuan big country, which side will win, etc. Wait.

Although the system says that the ancient immortal is the only key to the entrance of the ancient fairyland, it does not say that other people must come in through the entrance of the ancient fairyland. After all, the array is arranged by them, and they have other methods to come in.

Thinking of this, Ye Xuan is very careful.

"Megatron, you go to open the door and try..."

Ye Xuan handed the ancient immortal order to Megatron, which opened the door.

The gate of the ancient fairy passage was closed. Maybe the Xuantianzong would doubt it, so be careful.

Chapter 1729: Xuan Tianzong

"Boom!"

Megatron turned into a human form, and placed the ancient fairy in the door. The next moment, the gate of the ancient fairyland was opened again.

Then, Megatron swiftly swept in and explored it nearby, and found nothing.

"it is good!"

Ye Xuan breathed a sigh of relief, and then directly through the eyes of the void, came to Megatron.

"Boom!"

In a muffled sound, the gate of the ancient fairyland was closed again.

"The young man is a disciple of Xuan Tianzong, but this hatred has already been reported. However, I still go to Xuan Tianzong to see it."

Ye Xuan's eyes came to the ancient fairyland.

In fact, the ancient fairyland is the real fairyland. The outer fairyland is just a small place.

This Xuan Tianzong, who has the master of Luo Tianshangxian, is not weak, so Ye Xuan must be careful.

Although the young man died in his hands, Ye Xuan could not search the soul of the youth because of the realm problem, so he did not know much about Xuantianzong.

"Now my magic value is 60 points. If I use time to recover, I can only recover a little every month, and I have no swallowing points. I can only find a specific Tiandi treasure to recover."

Ye Xuan thought in his heart, that is, stepping on the Xuan Tianzong of Megatron.

Xuan Tianzong, in the ancient fairy world is also not influx, but he has the master of Luo Tianshangxian level, so Ye Xuan has to pay attention.

Three days later, Ye Xuan, who stepped on the Tiantian Feijian, finally arrived at the foot of Xuantian Zongshan.

"Well, the realm of the disciple is not too high, but it can be controlled." Ye Xuan thought.

He is now a five-character Luo Jinxian, similar to Xuan Tianzong's foreign disciples.

At the moment, he remotely controlled a few foreign disciples of the five-character Luo Jinxian level, and then transformed into one of them.

In this way, Ye Xuan entered the Xuantian Zong.

Through the soul search of a disciple, he also learned the internal contradictions of this Xuan Tianzong.

There are three veins in Xuantian Zongli, which are headed by the sovereign, the elders of the elders, and the elders of law enforcement. They correspond to the Qinghong Power, the Tianqin Power, and the Haiyuan Power.

The relationship between these three veins is not very good. In recent years, the two masters and the elders of the elders are still quite good. Therefore, the Qinghong big country and the Tianqin big country in the outer fairyland are ready to kiss.

In other words, Xuan Tianzong's law enforcement elders are being jointly suppressed. After all, the power of law enforcement elders is too great. If there is an opportunity, they can even remove the sovereign.

The outside disciple controlled by Ye Xuan is under the command of the elders of law enforcement, but Ye Xuan is not interested in this kind of struggle for power. What he wants to do is to find the treasures of Tiancai that can reduce the value of the devil.

At this point, he has entered the Xuan Tianzong refining pharmacy to see if he can find the treasures he needs.

However, he looked at the list in all the refinery halls, only found one, only reduced the value of the magic, and also spent a lot of money.

"It's a tragedy!"

Ye Xuan could not help but say a word in his heart.

No way, who made him a fairy, less than a year, from the immortal all the way to the big Luo Jinxian, this breakthrough speed even the fairy phagocytic system can not stand.

However, it is at this time.

Outside the door of the refining pharmacy, suddenly there was an eight-character Luo Jinxian who came in.

"This brother, I have completed the hunting mission to receive the reward!"

This is an inner disciple. He went straight to the counter and rolled a sheepskin to the management disciple of the refining pharmacy.

"The younger brother is so powerful that he can complete this task. I will go and give you a reward!"

When the deacon of the refining pharmacy finished, he quickly left, and soon he returned with a piece of heavenly treasure.

After Ye Xuan saw this Tiandi Dibao, his eyes were almost straight.

"Net heart holy lotus?"

Ye Xuan brows a pick, this net heart Shenglian, is exactly what he is looking for now, can fully reduce the magic value of five points.

It turns out that the things on the list of refining pharmacies are not all, and some are used as rewards for tasks.

Coincidentally, just let Ye Xuan meet!

"Eight Pinnacle Luo Jinxian, even Megatron may be able to kill, but here is in Xuantianzong, I feel a lot more powerful than the young man, or be careful."

Ye Xuan looked at the eight-character Luo Jinxian, and his heart was planning how to lead him out of Xuantianzong, and then grabbed the heart of the holy lotus.

Just when Ye Xuan was surprised, who knows that the eight-character Luo Jinxian suddenly turned his head and looked at him, and then he said: "Hey, cousin, are you here too?"

Upon hearing this, Ye Xuan's body trembled and turned to look at it. He found that the inner disciple who received the net heart of Shenglian was watching him.

Ye Xuan's face at this time is a foreign disciple of the five-character Luo Jinxian. He did not expect that his disguised identity turned out to be the cousin of this inner disciple.

He quickly searched for memories and found that he really knew this person.

This is fun!

"Congratulations to my cousin!"

Ye Xuan said with a smile.

"Cousin, you have to cultivate well, and after another 10,000 years, you may become an inner disciple."
The inner disciple said with a heavy heart.

"Take a courage!"

After Ye Xuan finished, he suddenly gave a voice to the inner disciple: "Cousin, I have a secret, I want to tell you!"

"Oh? What secret?"

Seeing Ye Xuan's voice, the inner disciple's eyes lit up.

"Still not say, cousin is better to come with me directly." Ye Xuan pretending to be mysterious.

"Where is the cousin going to take me?" The inner disciple was not suspicious. After all, his cousin, the son of his aunt, had a good relationship.

"Cousin, you know when you go, you may be able to rush to Jiu Pin Da Luo Jinxian!" Ye Xuan once again sold the Guan.

Jiu Pin Da Luo Jinxian!

Upon hearing this, the inner disciple trembled and hurriedly grabbed Ye Xuan to leave the refining hall, and then sacrificed a flying sword to leave Xuan Tianzong.

Ye Xuan and the inner disciple took a flying sword together. He stood behind the other side and his mouth tilted slightly.

"The heart of the lotus, it is mine!"

.....

Under the guidance of Ye Xuan, the inner disciple of the eight-character Luo Jinxian flew toward the north for an hour.

"Cousin, what are you talking about, tell me, I can't wait!"

This insider disciple asked curiously, after all, things are related to his cultivation.

This must be an adventure!

"Okay, then I will tell you!"

Ye Xuan's mouth is awkward and said: "Actually, I am not your cousin!"

This words just came out, Ye Xuan directly sacrificed the earthquake sword, and then smashed a sword, instantly cut the head of this inner disciple.

Immortal, the most important thing is the fairy heart, as long as the fairy heart is not broken, it will not die.

A head in the district is still nothing.

"Cousin, what are you talking about?"

The head of the inner disciple who floated suddenly opened his mouth and said strangely.

Chapter 1730: Fairy war

But before he could react, his Qiang Kun ring had already fallen into the hands of Ye Xuan. Not only that, but he had one more hand on his chest, and he caught his fairy heart accurately.

"Give up resistance, otherwise your next heart will be broken!"

Ye Xuan solemnly reminded me.

The inner disciple felt that his fairy heart was pinched and exerted strength. If he did not, he would probably fall immediately.

However, he did not know what it meant to give up resistance in Ye Xuankou.

The next moment, he will understand!

On the way, Ye Xuan actually secretly used this person to forcefully swallow. Originally, he added 18 lucky points. The success rate of forced engulfing should be quite good, but this time it failed.

However, when there is bad luck, Ye Xuan can understand. Therefore, he used the normal method to get the person to plant the space.

"Look at you as the cousin of my disguised person, and send me a clean heart, I will spare you a life!"

Ye Xuanyi opened his mouth and smiled and directly threw the person into a corner of the planting space.

"Hey, the host has swallowed a net of holy lotus, and the magic value is reduced by five!"

Adding the top to lower the point, Ye Xuan's magic value has dropped to 54 points, and if you try harder, you can drop to less than half.

However, what has to be said here is that the natural treasures required for entering the magic value are related to the current level of the realm.

If Ye Xuan is now Liu Pinda Luo Jinxian, the required Tiandi Dibao is definitely more precious than it is now. After all, he is now only a five-product Luo Jinxian.

"First reduce the magic value to below 50 points, then consider upgrading!"

Ye Xuan thought again.

Otherwise, he is not comfortable with the upgrade, and his current things are not enough for him to break through.

Then, Ye Xuan stepped on the flying sword and returned to Xuantianzong. Then he found the residence of the inner disciple and ransacked it again, but still could not let him break through.

However, he found an interesting thing in the hidden ring.

"Is there a commentary about the Devil's Channel? And, is there a lot of information?"

Ye Xuan's eyes lit up. He didn't understand an inner disciple. Why was he interested in the Devil's Channel?

Can't it be, Xuan Tianzong wants to get through a passage to the devil world, and then fight a battle?

It seems that he is having a good time!

His purpose, is not to find a magical passage entrance, and then go to the devil world?

At this time, he remembered another thing. The channel of the devil is not so easy to get through. The time required is at least calculated in years. Maybe it is still a hundred years or even a millennium?

You know, time is not a big deal for immortals.

"It seems that it is still necessary to investigate clearly, and it is impossible to speed up the Devil's Channel to open up the Devil's Channel!"

Ye Xuan thought in his heart.

The scent-level phagocytic system, but there are many uses, can repair what the transmission array, and speed up the opening of the demon world channel, may also be OK.

However, the problem is coming again. He is now a foreign disciple. How to investigate?

However, just as he was surprised, the sky suddenly swept a group of figures.

This group of people, all dressed in black, and powerful, even surpassed the Da Luo Jin Xian, reached the Luo Tian Shang Xian.

When they began to breathe, the entire Xuan Tianzong oscillated.

"The demonizers are all demons!"

"No, the demons are coming!"

"Everyone is fast!"

The disciples of Xuantianzong all sensed the devil's breath on the demonist.

At the same time, the top officials of Xuan Tianzong also quickly swept out.

"Xuan Tianzong is right, today, it is your day of destruction, kill!"

One of the group of cultivators shouted and slammed a hurricane.

No one would have thought that this group of demons would come and say killing and killing.

At the same time, in one place of Xuantianzong, three elders of Xuantianzong looked at each other.

"Executive elders, what is going on here, not to say that they will attack after three days?"

An elder, looking at the white-haired old man in the middle.

"No, this is not the group of magicians in the Black Man Mountain!" The white-haired old man shook his head.

"Oh? That's the place, how can they attack Xuan Tianzong?"

"Because the head is also a five-pronged heavenly fairy, let the sovereign and the elders solve the problem, we don't care. If they are injured in this battle, then our actions will be more convenient after three days." The corner of the mouth is slightly tilted.

"If this is the case, then we will quickly retreat, lest we say that we will not shoot."

.....

The attacking Xuan Tianzong's cultivators, a total of more than 10 people, the weakest one is San Pin Luo Tian Shang Xian, this strength is not weak.

In addition, the physical strength of the cultivator is strong, and in the case of the same level, it is slightly stronger than the cultivator. Therefore, the sect of the Emperor Xuan Tianzong and the elders of the elders will not be able to solve this group of demons.

"A big courage, dare to invade my Xuan Tianzong, suffer death!"

A violent drink came, Xuantian Zong Center smashed a few masters who were not weak, and instantly played against this group of demons.

As a foreign disciple, Ye Xuan is looking at the battle in the sky, thinking in his heart.

"It doesn't look so strong. If Shura Ghost and Megatron join hands, it should be able to deal with one. If you can get a corpse, you may be able to reduce my enchantment value. Then I will repair the ghosts and Megatron. You can both step into the heavens!"

Ye Xuan thought about it and finally decided to wait and see the situation.

People do not have to be killed by them, but the body must be obtained.

On the side of the magician, a five-character Luo Tianshang, two four-story Luo Tianxian, the rest are three Pin Luo Tianxian.

This group of people has swept a lot of forces around here. Now they have come to Xuan Tianzong, but they have not thought that there are quite a few masters of Xuan Tianzong.

The Xuan Tianzong lord and the elders of the elders are all five sacred heavenly celestial beings. There are also four celestial celestial celestial beings, and there are more than twenty celestial celestial beings.

Obviously, the defender is weak.

"Great courage, dare to find the trouble of my mysterious Tianzong, find death!"

A Xuan Tianzong's Shang Xian screamed, and the flying sword he controlled directly turned into a streamer, then stabbed into the chest of a cultivator and pierced his magic.

"good chance!"

After seeing this scene, Ye Xuan's eyes were bright, and the Shura Ghosts and Megatron were directly released. Even the trees of the Eight-Golden Luo Jinxian were the same.

In an instant, three people appeared near the body.

"Kowloon Ben Lei Flash!"

The tree was directly flashed to the side of the body, and then took away the ring.

Then, Ye Xuan quickly received it in the planting space.

This scene happened quickly, and even the killers did not react.
