Chapter 1731: Black Man Mountain

"succeed!"

Ye Xuan opened his mouth and smiled.

Fang Caishu can take away the Qiankun ring, and a large part of the reason is that Shura Ghost respects the use of Huang Quan's grip against the killer and controls it.

It was not long before the tree old, Shura ghosts and Megatron appeared, and some people did not see it at all.

"Be careful, there are hidden enemies!"

The master of Xuan Tianzong immediately responded, and immediately sighed.

When everyone heard it, they became more cautious.

But the cultivator is surprised, who is the hidden enemy?

"Damn, the black man of the mountain actually gave me a false news. This Xuan Tianzong is completely a hard scorpion, withdraw!"

The head of the demon screamed and quickly retreated.

"Chasing, one does not stay!"

The Xuan Tianzong lord shouted.

"Be careful in ambush!" Xuantianzong was too elder to rush.

This group of demons, so many people dare to go to Xuantianzong, maybe there is any conspiracy, so can not be deep.

When Xuan Tianzong's lord heard this, he felt that there was some truth, but he was driven out of Xuantianzong.

However, due to the large number of people in this battle, there were no casualties, but the one who repaired the demon was derogated from three three-character.

Of course, those disciples will die.

After the group of demons left, Xuan Tianzong's lord turned his head and looked at it: "Elder Lin, what do you mean by the hidden enemy?"

"I don't know, I just used a flying sword to pierce the magic of a cultivator, but in the next moment, there is a figure that will pick up his shackles, and even the body is gone." Elder Lin replied.

"A figure? What is the realm?" Xuantian Zongzhu asked in vain.

Lin Elder, good ㄅ is also San Pin Luo Tian Shang Xian, how can people be robbed of spoils?

"I sensed the eight-character Luo Jinxian. In addition, there is a fairy beast of the nine-character Luo Jinxian. I will control it in the air!" explained the elder Lin.

Eight Pin Da Luo Jinxian, Jiu Pin Da Luo Jinxian?

How can this be?

Even if it is the second celestial fairy, it is difficult to steal the spoils under the eyes of the elders of Lin, let alone the big Luo Jinxian?

"Elder Lin, are you sure?" Xuantianzong continued to ask.

"I am very sure, I have clearly killed a magician, definitely not in the illusion of the other side." Lin Elder nodded.

At this time, there was an elder on the side who said: "Yes, I saw it too. It's really weird. If you look at it, you will be gone."

"It seems that there are hidden masters in Xuan Tianzong, check, find out!"

Xuan Tianzong's lord said.

He estimated that the realm of the other side should be higher than that of the elders of Lin, reaching the realm of the four-character celestial beings, so the elders of Lin only sensed the realm of each other.

When everyone was talking in the air, Ye Xuan was already far away.

The body of the triad of the three-class celestial being, has been collected by him, together with the 乾戒 ring.

"There are a lot of things in the trough, this is earning!"

Ye Xuan explored the Qiang Kun ring and the whole person was shocked.

He estimated that if he is allowed to break through now, at least from the five-character Luo Jinxian, all the way to the eight-character Luo Jinxian, or even nine products.

Unfortunately, there is now a magic value, he can not improve.

Fortunately, there are many good things in this martial artist's ring, and Ye Xuan's enchantment value is directly reduced to 40 points.

Therefore, he should be able to break through!

"Hey, the host breaks through, and it is currently Liu Pinda Luo Jinxian!"

"Hey, the breakthrough of the thunderfire is currently the nine-character Luo Jinxian!"

"Hey, Megatron breakthrough, the current is a product of heaven and earth!"

"Hey, Shura ghosts break through, and now it's a good thing!"

"Hey, the host's magic value reaches seventy-five!"

A series of system prompts to sound.

Ye Xuan only broke through once, and the value of the magic was raised from 40 points to 75 points. If it breaks through once again, it must be enchanted.

"The realm is going too fast, hehe..."

Ye Xuan can only sigh.

Now that he has cultivated resources, there is no way to devour it. This feeling is not good.

Now his realm is the six-character Luo Jinxian, and the body of the cultivator is the three-character celestial being, the realm of the difference is huge, and it may take a lot of time to search for the soul.

However, this is a cultivator, maybe it is from the devil world?

It is so different from each other, so Ye Xuan is ready for the heart.

However, when he searched for the soul to the third day, there was another strong breath that appeared around Xuantian.

"A strong atmosphere, a lot of masters, is this to destroy Xuan Tianzong?"

Ye Xuan returned from the soul of the soul search.

The atmosphere of the cultivator that appeared this time is three times stronger than that of three days ago. There are at least three masters of the five geniuses.

It seems that there is a big fight to fight!

Ye Xuan likes this kind of war, and hurriedly put away the body of the cultivator, and then went out to watch.

This level of war, his outside disciples can not participate, but he wants to mix a foot to see if you can pick up the body.

At this time, in front of Xuantian Zongshan, there are already standing figures. These people are wearing uniforms and all wearing black clothes. The number has reached hundreds. The worst is Jiu Pinda Luo Jinxian, which adds up to the forces. Xiao Yan.

On the other side of the Xuantianzong, after the lord and the elders of the elders sensed the breath of the cultivator, they began to organize the man.

This time, the people of the law enforcement elders also gathered.

If it is really necessary to start playing, Xuan Tianzong can not lose this group of demons.

However, things are not that simple.

"A recent rise of power, Black Man Mountain?"

Xuan Tianzong's lord looked at the coming, his eyes glimpsed and said: "You, are you coming to die today?"

"Send to death? The Sovereign is really joking. Do you see us in this situation, like coming to death?"

Suddenly, one person came out, and it was the one who lost the battle three days ago.

Last time, he was used as a gunman by the people of Black Man Mountain to test the strength of Xuantianzong. Then he went to the black man mountain and made a big fight. Finally, he reached an agreement with the leader of the Black Man Mountain and occupied Xuan. Tianzong.

He was originally the cultivator of the Five Pinnacles, and the two chiefs of the Black Man Mountain, that is three.

Xuan Tianzong also has three five-character Luo Tianxian.

However, what everyone does not know is that the third of the sacred Tianzong in the Tiantianzong, has been colluding with the people of the Black Man Mountain.

"Not much nonsense, the fairy is not standing, let it die!"

Xuantian Zongzong sighed and screamed directly.

The immortalists usually use the flying sword to fight. If they gather together, they will have a great advantage in playing the group.

However, the cultivators are physically strong, and if they are approached by them, the cultivators will be beaten into a group of scattered sand.

Chapter 1732: traitor

In an instant, the nearly three hundred masters began to fight, the scene is extremely ambitious, countless flying swords arrogant, swords and spirits.

At this time, Ye Xuan stood underneath and was smiling, waiting for the casualties of both sides.

However, in the third second after the start of this battle, the masters of Xuan Tianzong's elders of law enforcement were all under the secret voice of the elders of law enforcement, and suddenly transferred the target.

"kill!"

The law enforcement elders screamed.

In an instant, some people in Xuan Tianzong were seriously injured, and even many people were degraded.

"what?"

Xuan Tianzong and the elders of the elders were shocked.

Law enforcement elders, why should you attack yourself?

Is it difficult to do, the elders of law enforcement colluded with the black man mountain?

Right now, there is only one saying.

"Hey, the old man doesn't want to explain more. After today, there is no more Xuan Tianzong!" The law enforcement elder screamed and assisted the three masters of the cultivator, attacking the Emperor Xuan Tianzong and the elders.

The original three-on-three, now become four-on-two, plus the cultivator itself is strong, Xuan Tianzong lord and the elders of the elders are defeated in an instant.

"go!"

The Emperor Xuan Tianzong and the elders of Taishang knew that the big things were not good. They would not think of the oldest law enforcement elders who had betrayed Xuan Tianzong.

Be aware that when they are only disciples, law enforcement elders are already law enforcement elders.

"Now want to go, not so easy, leave me!"

The law enforcement elders instantly turned into a streamer and intercepted the two. Soon, the Emperor Xuan Tianzong and the elders of the elders were both fallen.

As for the other people, it seems that the two men are also screaming and fleeing around.

Just kidding, even the five masters of the heavenly ancestors and the elders of the elders are dead. What are they doing here?

You know, they are facing the demon!

"Ha ha ha, good!"

One of the leaders of the Black Man Mountain laughed, and the two instinctive guys died, then the next is their world.

Underneath, Xuan Tianzong's disciples watched this tragedy happen and fled.

Even Ye Xuan has this idea, although Shura Ghost and Megatron have already broken through to Luo Tianshang, but the more so many levels, facing so many demons, they are not sure.

Fortunately, in this battle, he also sneaked away a lot of Qiang Kun ring, which is a lot of money.

However, just as he hesitated, the battle in the air changed dramatically.

Only then helped the demons to kill the law enforcement elders of the Emperor Xuan Tianzong and the elders of the elders. They were attacked by three cultivators and instantly fell.

"Too naive, even looking for a magician to cooperate!"

The leader of Black Man Mountain sneered.

Before, the elders of law enforcement talked with him about cooperation. As long as the Xuantianzong was destroyed, the interests were equally divided.

However, the words of the demonist did not even have a credibility, so that after the death of the Emperor Xuan Tianzong and the elders, they repented and killed the elders of law enforcement.

Upon seeing it, the sorcerer who was headed on that day trembled, and his heart screamed badly.

"Haha, don't worry, in the future you will be the three leaders of my black man mountain!" The head of the Black Man Mountain looked at him and said with a smile.

The next situation, then needless to say, Xuan Tianzong's master died, fled, the entire Xuantian Zong blood flow into the river, the corpse across the field.

However, there are still many people who are not desperate, and they are in the process, such as Ye Xuan.

"The bodies of those masters have been collected on the spot, and they have not fallen. Although I have collected a lot of bodies, there are only ten levels of Luo Tianshangxian, but not as much as three days ago..."

Ye Xuan is slightly helpless.

However, it is at this time.

"Hey, there is a kid who is a six-character Luo Jinxian. Isn't it going to be scared?"

A thick voice sounded, and a sorcerer of the celestial level of the heavens stared at Ye Xuan.

"Cut, take your knife!"

Ye Xuan snorted, and the next moment, the old three trees directly surrounded the cultivator.

"Hey!"

Not waiting for the other party to react, the sword of the Shura ghost has fallen, and his body and the devil have been cut into two halves.

"Hey, the host's killing value is improved!"

When this system prompted the sound to come, Ye Xuan had already obtained his ring.

"go!"

In an instant, Ye Xuan broke through the void and then drilled in, away from Xuan Tianzong.

This battle is still only ten seconds. It is really incredible that Xuan Tianzong, who has been established for a million years, has been killed within ten seconds.

However, there is a traitor in Xuan Tianzong, and it is one of the three masters of Xuantianzong, so this is true.

In fact, Fang Caixuan can let Shuo Lao and others go out to fight, but he did not do this because he had a hunch, and then there may be something happening.

"There are not many harvests in this trip, but my magic value has been restored to 65. It seems that sooner, I can once again upgrade a realm!"

Ye Xuan said secretly, at this time, he is already far away from Xuantianzong.

However, he was in Xuantianzong, leaving an ear and eye, that is, a Megatron that became an inconspicuous sculpture.

Through the sharing of vision, he can observe the movements of the black-skinned monks in the Xuantian Zongli.

At the same time, he took out the body of the sorcerer who was killed by him, and then searched the soul.

There are two fewer realms in the world, and it is much easier to search for the soul.

It turns out that this group of demons is not from the devil world. It was originally a person of the immortal world. It was only a cultivation of the magic heart, and then gathered together.

However, Ye Xuan was able to learn something from the leader of the Black Man Mountain with Megatron.

At this time, in the Xuantian Zong.

"The Xuan Tianzong law enforcement elder said that there was originally a magical passage under Xuantianzong, and it was already arranged almost. As long as the timing is right, you can open a magical passage!"

The leader of the Black Man Mountain said, he waved his hand and said, "Look, find out the channel of the devil!"

"Yes!"

A group of cultivators turned Xuantianzong to the bottom, and finally found the original entrance to the devil.

At this time, the array of methods has been arranged around the Devil's Channel. However, the most important thing in this formation is the need for a powerful cult.

"With the realm of the three of us, it is not a problem to get through this channel of the devil. However, we don't need to get through it so quickly. Let's stop all the surrounding forces first." said the leader of the Black Man Mountain.

This sentence, although Ye Xuan did not hear, but he understands that this group of demons has found the channel of the devil.

However, it was at this time.

"Hey, the host triggers a random mission, and gets through the Devil's Channel. The mission rewards the time and blood to control the time to advance!"

A system prompt sounded in Ye Xuan's mind.

Random mission, Ye Xuan most like it!

Chapter 1733: Bonfire

"Since the system mentioned the passage of the Devil World, then it is ok. If so, then I will kill you, what is the black mountain?"

Ye Xuan thought in his heart, the dawn is a flash.

"Essence: The Eye of the Void!"

In an instant, he returned to Xuan Tianzong.

As soon as he appeared as a cultivator, he immediately caught the attention of the group of demons around him. However, the old tree and the Shura ghosts have long been violated.

"Megatron, don't worry about me, I can protect myself!"

Ye Xuan said to Megatron.

Although he is only a six-character Luo Jinxian, even if it is Luo Tianshangxian, I am afraid that it is not so easy to get him. After all, he is full of various blood, although the strength is not three strong, but not a good persimmon.

In Xuantian Zongli, there was a sudden burst of blood and rain.

The strength of this black mountain is good, the worst is the nine-class Luo Jinxian level, Luo Tianshang level masters add up to dozens.

At this point, the three chiefs went down to the ground to see the entrance to the devil, not on land, so there are not many masters on land.

"The Eye of Shura!"

The Shura ghosts who received the order of Ye Xuan directly opened the eyes of Shura, and in an instant, the nine-character Luo Jinxian and the one-of-a-kind sacred sorcerer were directly killed.

Not only that, those who died in the battle of Xuantianzong, and those who are now dead, whoever did not reach the second stage of the heavens, were all resurrected by the death will of the Shura.

In an instant, hundreds of figures appeared.

"One does not stay, kill!"

Ye Xuan gave a low drink.

Megatron is also in the state of flying swords and begins to kill.

At this time, Ye Xuan was able to feel that Megatron's blade storm, after Megatron had the shape of Feijian, the effect was no longer so obvious.

After this battle, it is better to take the blade storm and use the swallowing point to add to other blood.

Taking advantage of the three chiefs, Ye Xuan and others directly cleaned up these sorcerers. Although there are still four masters of the four geniuses, the Shura ghosts do not fight with them at all, so there is no way. .

"Booming!"

After hearing the movement, the three chiefs of the underground immediately went to the land to see and found that the dead bodies were everywhere, and some of the dead people were directly resurrected.

"what happened?"

The head of the Black Man Mountain did not know the situation.

After Ye Xuan discovered these people, he immediately ordered the Shura Ghost.

Shura ghosts have absorbed so many people's dead air. The power of Shura's eye savings has been very large. After getting the order of Ye Xuan, he directly aimed at a four-character Luo Tianxian.

"The Eye of Shura, Shurao Light!"

A horrible black light column erupted, and instantly engulfed the four sacred heavenly celestial beings.

"Hey, the host's killing value is improved!"

A system prompts to sound, which proves that this four-character Luo Tianxian has died.

The old tree quickly flashed in the past, and accepted it, and then Ye Xuan broke through the void, and used the planting space to collect the old trees.

"Hey!"

The door of the void is closed.

In this battle, the black man mountain suffered heavy losses, not only died a four-character Luo Tianxian, San Pin Luo Tian Shangxian and the following almost all the army was wiped out.

If not the three chiefs come out, they are afraid to die here!

"What the **** is it?" The leader of the Black Man Mountain shouted.

"The big prince, I don't know, only when there are enemies, and then all the dead people attack us. I only remember that the strongest one is a fairy of the heavenly fairy, and there is a teleport. Jiu Pin Da Luo Jinxian repairing the demon."

A four-character Luo Tianxian explained.

"This point of realm, you will not kill the film?" The big boss obviously does not believe, he estimated that the other party is at least five of the heavens, hiding the breath.

Otherwise, how can this be done?

"Big Brother, the amount of waste is useless. If we need people, we can recruit at any time. Then what should we do next?"

"Xuan Tianzong was destroyed, and there are mysterious enemies. So, let us directly open the channel of the devil, follow the army of the devil, and turn this fairy world to the bottom!"

The leader of Black Manshan made a decision.

Then, the three of them were once again down to the ground, ready to run that big array.

However, what they did not know was that their conversation was already heard by Megatron, who was hidden in Xuantianzong.

At this time, somewhere outside Xuantian.

"Do they want to get through the channel of the devil?"

Ye Xuan brows a pick, this can not, after all, he has a random task, if the magic channel is opened by others, he will not be finished?

However, this is not anxious, because it is not so easy to get through a channel of the devil.

First clean up the spoils and say!

"Well, yes, the value of the magic has dropped below 50 points!"

Ye Xuan is very satisfied.

This time the harvest is not bad, but the realm of each realm to reduce the value of the magic is not the same, it is still difficult to find a specific one.

In the case of Wu Pin Da Luo Jinxian, you can reduce the value of five points into the magic value, to the six Pinda Luo Jinxian, may only reduce a little magic value, which is the difficulty.

Now Ye Xuan's magic value has dropped below 50 points, and it is estimated that it can be broken.

"Hey, the host breaks through, and it is currently the seven-character Luo Jinxian!"

"Hey, the breakthrough of the thunderfire, the current is a product of heaven and earth!"

"Hey, Megatron breaks through, and it's currently the second best!"

"Hey, the Shura ghosts break through, and the current is the second best!"

Ye Xuan felt the breath of his body soaring, but the next moment, his face turned pale.

"Hey, the host's magic value reached 96 points!"

This time, the breakthrough, even in vain soared nearly 50 points of the magic value, only four points, Ye Xuan almost entered the devil.

"Calling..."

Ye Xuan was scared to death, and suddenly understood that the closer the interval between the two breakthroughs, the faster the magic value would rise.

Last time, his enchantment value rose from 40 to 75 and increased by 35. This time, it was an increase of 46 points.

too terrifying!

However, as long as Ye Xuan does not take the initiative to swallow, it will not be upgraded. At this time, he is the peak of the Seven Pinnacle Luo Jinxian, and there will be no danger.

"Go, go back and kill one!"

Ye Xuan opened his mouth and smiled, once again broke through the void and returned to Xuantianzong.

Now, it is estimated that not many people can stop them.

In Xuantian Zongli, there was no one at this time, because the masters of Black Man Mountain all went down to the ground and went to get through the channel of the Devil.

At the moment, Ye Xuan is to let Shura ghosts and trees grow old and explore the road. If you meet people, don't talk nonsense, kill them directly.

As for Megatron, it is turned into a small flying boat. Ye Xuan hides inside and there is no danger.

Megatron's flying boat form has all upgraded its defense. He is the one who has the best of both worlds. Even if the three leaders join forces, they may not be able to break their defense.

Chapter 1734: Coming back again

At this time, at the bottom.

"Calling!"

A gust of wind whistling.

The three chiefs of Black Man Mountain and other masters have already stood in the big battle and started to work.

The magic is full of heaven, full of caves.

Although this method is not brilliant, there are several masters who preside over it. I believe that this magical channel can be opened in one day.

Of course, this big battle is not very clever, so the place where it is opened is probably the poorer demon world, that is, the place where the per capita strength is weak.

However, this does not matter, as long as the channel of the devil is opened, then there will soon be a demon army, and then the devil will come to the fairy world and kill.

Ye Xuan also does not care about the fairy fighting, he only knows that this is the task that the system gives him, and absolutely cannot be completed by others.

Through the sharing of vision, Ye Xuan met several masters of the Black Man Mountain, and the other party also found him.

"kill!"

Under Ye Xuan's order, Xiu Luo ghosts and trees were killed directly.

"Damn, it's you!"

A four-character of the Black Man Mountain, the heavenly angel, yelled.

At this time, the Black Man Mountain side has three five-character Luo Tianxian, and three four-character Luo Tianxian, this strength can not be underestimated.

However, the Shura Ghost Respect is already the second genre of the heavens, and it is simply hand-to-hand to deal with three four-character celestial beings.

What can threaten him is the three products and five products!

"Most of the things of Xuantianzong are in the hands of all three of you. Today, you must die!"

Ye Xuan's flash of light flashed directly using three killing marks.

"弑仙傀儡, 出!"

Once upon a time, the 弑仙傀儡 appeared again, and his strength was not worse than the old man.

Although the number of enemies has the upper hand, what is the most abnormal thing about Ye Xuan?

That is the infinite resurrection!

Their style of play, extremely fierce, is a means of hurting the enemy by a thousand losses.

At the same time, Ye Xuan himself is also looking for opportunities, trying to kill one person with thousands.

"The grip of Huang Quan!"

"Kowloon Ben Lei Flash!"

Under the joint efforts of the Shura ghosts and the old trees, the three four-character Luo Tianxian were directly killed, and then Ye Xuan was promoted with two killings.

"A more 弑 傀儡 傀儡!"

Ye Xuan's mouth was slightly tilted, and another 弑仙傀儡 appeared and killed.

Although the three chiefs of the Black Man Mountain left, but the Shura ghosts can block them two, and the old trees can cooperate with the two to display the immortals, and they can block one.

As for the others, it is already dead!

"Damn, who are you?"

The great leader of the Black Man Mountain yelled.

Faced with this problem, Ye Xuan did not intend to answer, directly in his heart: "Megatron, you go too!"

In an instant, Megatron just released Ye Xuan, and then turned it into a flying sword, and directed the past to the three chiefs.

"Kirin down!"

This time, Ye Xuan summoned the ice fire unicorn, which has two attributes of ice and fire.

However, Ye Xuan's realm is somewhat low, only the seven-character Luo Jinxian, so the strength of the ice-cold unicorn is similar to that of the 弑仙傀儡.

"First attack one person!"

Ye Xuan, who was watching in the corner, gave instructions to everyone.

In the end, he set his sights on the new leader of the Black Man Mountain, which was the same day as the first time to attack the Xuan Tianzong.

The strength of this person is the weakest among the three!

"The grip of Huang Quan!"

"Kowloon Ben Lei Flash!"

"Ice fire breath!"

"弑仙剑诀!"

The people suddenly shifted their targets and launched an attack on the three leaders of the Black Man Mountain.

After the Shura ghosts advanced, Huang Quan's grip was huge, and the first heavy grip led the three black hills to control, and the second heavy grip squeezed the bones.

Coupled with the attacks of other people, the three leaders of the Black Man Mountain were seriously injured in an instant, and then they were pierced by the flying swords of Megatron.

"Hey, the host's killing value is improved!"

"Hey, the host has a killing mark!"

At this time, Ye Xuan had two killings, so he directly summoned the third 弑仙傀儡.

Now, it's eight to two!

The other two chiefs of the Black Man Mountain were as gray as they were. They did not expect that these five elements of the heavenly celestial beings were actually given to these low-level people. This has been said for everything.

"Since you are dying, die together!"

The leader of the Black Man Mountain snorted and made a decision in his heart.

"Big Brother, don't!"

The two heads of Black Man Mountain angered.

Still not waiting for the voice to fall, the body of the black savage mountain leader is beginning to swell, like a ball.

"Magic blew?"

Ye Xuan suddenly reacted, and quickly used the Atomic Shield, while letting the old tree use the Jiulong Thunderfire hood and cover him.

"Boom!"

The body of the black savage mountain squad exploded, and the air wave rolled, and the squid was directly blown into powder.

Not only that, but even the five kings of the heavens and the black man and the leader were also seriously injured, the magic heart was damaged, almost ruptured.

As for the ice fire unicorn and the three 弑仙弑, it was directly smashed and vanished.

Fortunately, Ye Xuan has two defenses, the first heavy fire shield in Kowloon, the second heavy air shield, so it is prevented.

"No, the array of the Devil's Channel has been blown up!"

Ye Xuan's face was gloomy, and his mind quickly thought about it and decided to use time to reverse.

"Hey!"

The time stops momentarily and the surrounding environment begins to change directly.

Everything returned to the moment when the three chiefs of Black Man Mountain were attacked by the group.

"This black man mountain boss will blow himself, priority!"

Ye Xuan rushed to give orders to everyone, and at the same time let the old tree give him a 19-thunder fire hood and then use his own shield.

"The eye of assassination!"

“Thousands of absolutely!”

After experiencing the scene of the genius, Ye Xuan decided to take the initiative and directly flashed behind the leader of the black man.

Ye Xuan is only a seven-character Luo Jinxian. Naturally, he will not be looked at by the leader of the Black Man Mountain. Moreover, his attack, in the estimation of the leader of the Black Man Mountain, cannot even break the defense.

“Hey!” “Hey!” “Hey!”

Thousands of smashing bombardment on the Xianli defense of the great leader of the Black Man Mountain began to oscillate quickly.

Thousands of times, now it can oscillate two thousand times, and the chance of triggering a hit and killing and crit is increased.

This time, it was beyond the expectation of Ye Xuan.

"Hey, the host triggers a hit and kills!"

"Hey, the host triggers a hit and kills!"

Two consecutive systems prompted the sound, and the black savage leader only heard ‘咔嚓’, and his own magic was broken directly.

Five Pin Luo Tian Xian, was spiked!

"Hey, the host's killing value is improved!"

At the time when the system prompts the sound, Ye Xuan quickly took off the Qiang Kun ring of the black man, and then checked it.

"Hey, the host's magic value has dropped to thirty-six!"

The head of the Black Man Mountain has a large number of heavenly treasures. After all, he destroyed the entire Xuantianzong.

Chapter 1735: Devil world

However, Ye Xuan still dare not break through now because he has broken through twice today.

For the first time, the magic value increased by thirty-five, and the second time increased by forty-six.

For the third time, no one knows how much to improve, so Ye Xuan temporarily held back.

Right now, there are only two enemies left.

In order to prevent them from blasting, Ye Xuan let the Shura ghosts entangle one, and then everyone else besieged another to ensure that nothing is lost.

The two leaders of the Black Man Mountain, as well as the three leaders who have just joined, have already sunk to the bottom.

Even the five sects of the heavens and the celestial beings were spiked, and they are afraid that they will die.

"Hello, let's stay in the line and meet each other in the future!" said the three leaders of the Black Man Mountain.

Upon hearing this, Ye Xuan only felt funny and said: "Sorry, we will not see you again in the future!"

Under this circumstance, the two leaders and the three leaders of the Black Man Mountain had no ability to blow themselves up. Therefore, they were both killed in two seconds.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

At the time when the two systems prompted the sound, Ye Xuan was relieved.

It seems that this is over!

If the non-favorable formation is smashed, Ye Xuan does not need to use time to reverse all the time. Fortunately, this time there is no failure, otherwise it will be a tragedy.

"Hey, the host's magic value is reduced to ten!"

Ye Xuan got the remaining two Qiankun Rings and harvested Shuofeng.

"Hey, the host breaks through, and it is currently the eight-character Luo Jinxian!"

"Hey, the breakthrough of the thunderfire, the current is the second product of the heavens!"

"Hey, Megatron breaks through, and is currently a three-pronged heavenly fairy!"

"Hey, Shura ghosts break through, currently the three Pin Luo Tianxian!"

"Hey, the host's magic value has increased to eighty-three!"

The realm of Ye Xuan has once again increased.

Originally, his magic value was 35 points. Fortunately, he did not choose to break through. Otherwise, if he increased by 73 points, he would directly exceed one hundred.

At this time, Ye Xuan went to the formation.

"Hey, if you want to start the battle, you need a slayer of the sacred level!"

The system prompts.

Luo Tian Shang Xian level of the demon, this does not need to find, after all, the tree is old.

However, if the tree is to preside over this formation, it will take ten days before it can completely open the channel of the devil.

In ten days, Ye Xuan still waited, and he also needed some time to slow down and quickly improve the sequelae of the realm.

Then, the tree is always in the big array, and began to host.

Ye Xuan is on the sidelines.

Taking advantage of this opportunity, he decided to reorganize himself.

"The blade storm is out of date for Megatron, and it is!"

Ye Xuan thought about it, and he recovered the blade storm.

"Hey, the blade storm is recycled, and the host gets three points to swallow!"

The blade storm has been with Ye Xuan for a long time, and has been upgraded several times. It is not bad to be able to devour three points.

Then, Ye Xuan used a little swallowing point, added to the undead avatar of the blood of the undead.

"Hey, I'm not dying and I'm successful, I'm starting to condense my fourth avatar!"

"Hey, the fourth avatar is a success!"

Undead enthusiasm for the advanced route, after three advanced steps, will condense a new avatar.

At the same time, in the case of triple fit, you can double your combat power. If it is a quadruple, it is three times as much.

As for the remaining two points of swallowing, Ye Xuan decided to put it first and plan again in the future.

Time, the passing of the day.

Xuan Tianzong was destroyed, the disciples all fled, and there was no more powerful force around Xuantianzong, so no one dared to approach Xuantianzong.

Soon, the passage of the Devil World is almost complete.

"The Devil's Channel can be opened in an hour, I can complete the random task, the time will be advanced, and the flow rate in the planting space will change again!"

Ye Xuan has some expectations.

The flow rate of the planting space has no effect on him, but it is very cool to think about it.

after an hour.

"Hey, the Devils have already gotten through, is the host open immediately?"

"Yes!"

Ye Xuan directly responded.

"Booming!"

Xuantianzong underground, opened a strange channel, this magical channel is actually a transmission array, you can cross from the fairy to the devil.

"Hey, the host completes the random task and rewards the time to control the time!"

After hearing the system prompt, Ye Xuan hurriedly checked the planting space.

It was found that the flow rate in the planting space has increased from two hundred times to four hundred times, and it has been four hundred years in the planting space.

In addition, the three-day time-space reversal skills have also become two days, shortening the cooling time.

"Hey, the host triggers a random random task, the first ring, go to the devil!"

Just solved a random task, and now triggered a serial random task, the system is really waiting for Ye Xuan not thin.

Moreover, the first ring task of this serial random task is completely white.

Ye Xuan originally wanted to go to the devil world, and now it's good, and completed a ring of tasks in vain.

"The next step is to go to the devil world and find the little devil in the world. I don't know when I can return to the fairy world..."

Ye Xuan said secretly.

In the fairy world, he can be rampant, but if it is to the devil world, it will be different.

He cultivated the fairy heart, and the devil is a cultivator. These people cultivate the magic, and they can sense it.

Simply put, when Ye Xuan will become a street mouse!

After getting ready, Ye Xuan stood up and immediately started running again.

Last time, Ye Xuan flew from the mortal to the fairy world and spent an hour.

This time, he spent nearly six hours.

I heard that during this period of time, there will be some changes in the long-distance transmission. The last time Ye Xuan has been flying for nearly half a month, it has been nearly a thousand years away from the wayward.

I don't know how long this time, how long has the fairy world been?

However, this does not matter to Ye Xuan.

After more than six hours, Ye Xuan successfully arrived at the Devil World. At this time, his foothold was in a forest.

At the foot, it is the channel of the devil. Anyone can come up and send it to the fairyland.

"Hey, the host completes the first ring of random tasks!"

Hearing this, Ye Xuan's mouth slightly rose.

I finally came to the devil world, although he said that he would become a street mouse that everyone called, but he has a devil-level friend here.

As long as you find the little devil in the world, he will not eat and wear in the future!

"Hey, the host triggers the second ring of the random task of the chain, fleeing the dragon's ridge!"

"The ridge of the dragon, is this place under my feet?"

Ye Xuan's eyes are slightly stunned.

Chapter 1736: Dragon's ridge

At this time, Ye Xuan's heart suddenly raised an unpredictable hunch. This task is to escape. Is it difficult to be trapped in a place like a black magic prison?

At this time, Ye Xuan turned his head and looked at it, in the distant sky, there was a scarlet killing.

Death killing order!

"The world's little devil, now I am far away from me..."

Ye Xuan sighed, it seems that it is not so easy to find a small devil.

However, this magical channel is open to him. No one else has discovered it yet. Therefore, he decided to arrange a hidden array here to prevent the demon channel from being discovered. In the future, he may also use this magical channel to return to the fairy world.

Ye Xuan found a hidden array in the Xian phagocytic system, and then covered this magical channel.

Then he left in the direction of the mixed little devil.

However, this dragon's ridge is not as simple as he imagined.

As he walked around, he felt a little bit wrong. He clearly moved toward the goal of death killing orders, but now it is at least a 30-degree angle.

How is this going?

"This fog, there is a trick!"

Ye Xuan brows a try, tried a few times, he could not find the right direction.

Even those who have the goal of killing and killing orders will unconsciously deviate from the direction. Isn't the other person lost in the inside?

However, at this moment, suddenly a breath, was touched by Ye Xuan.

"San Pin Luo Tian Shang Xian..."

Ye Xuan sensed the realm of the other party, and then directly summoned the Shura ghosts.

kill!

"Hey!"

The same is the trilogy of the three gods of the heavens, the Shura ghosts, the moment to kill the man, and then brought the body back.

"Search for the soul!"

Ye Xuan said nothing about the soul of the cultivator.

Now he is the eight-character Luo Jinxian, this cult is the three-character Luo Tianxian, which is different from the four realms. The time of searching for the soul is not short, and it took two days.

Two days later, Ye Xuan finally understood what it was.

The ridge of the dragon is the fallen land of a powerful dragon. After it dies, the huge body becomes the ridge of the dragon, and no one can take it away.

At the same time, this sorcerer is the only force in the ridge of the dragon - the Dragon Hall.

Millions of years ago, the master of the Dragon Dragon Temple thought that he had found a treasure, so the Temple of the Dragon was built here, and the ridge of the dragon suddenly sprang out strange fog and trapped them here.

No matter who you are, as long as you enter the Dragon's Ridge, you will never be able to go out.

This cult is the person of the Dragon Hall. There is a token in his sacred ring. With this token, you can find the location of the Dragon Hall, but you can't leave.

In other words, Ye Xuan is really trapped in the dragon's ridge.

At this time, Ye Xuan suddenly took out a reel and looked at it.

"This dragon is too big, even if it is a five-character fairy, the sky will not see the head for a month..."

Ye Xuan could not help but sigh.

Of course, it may be affected by the white fog and deviate from the direction.

"This magic dragon, is it the fairy beast of the nine-day Xuanxian level?" The old tree could not help but say.

"Well, it may be pure Yang."

Ye Xuan couldn't help but swallow the mouth and nodded.

Such a big dragon will certainly be a super beast, at least the nine-day Xuan Xian who surpassed the Luo Tian Shang Xian, or the pure Yang Zhenxian who is higher than the nine-day Xuan Xian, so the dragon dragon temple trapped here Can't leave.

It seems that things are in trouble!

"The Dragon Dragon Temple, the Lord of the Temple is the cultivator of the nine-class Luo Tianshen level, which is more than ten times stronger than the previous Black Man Mountain..."

Ye Xuan said secretly.

These things are known from the children of the Dragon Dragon Temple.

It seems that it is not so easy to leave this place.

However, there are always ways to do it. If you can't fly back to the fairy world, you can find a place to open the magical channel. This is also possible.

"Don't go back first, go to the Dragon Dragon Temple and see it again..."

Ye Xuan thought in his heart.

However, there is a very serious problem at the moment.

Before he could successfully merge into Xuantianzong, it is because he is a cultivator, and now he has come to the devil world, and he can recognize him if he comes to a cult.

It is not so easy to enter the Dragon Hall!

"This magic dragon hall is so strong, there should be a lot of heaven and earth treasures that reduce the value of the magic. As long as you can reduce the value of the magic, I can break through!"

Thinking of this, Ye Xuan is the pick-up token of the Hand Dragon Hall, and rushes to the Dragon Hall.

Under normal circumstances, the dragon's ridge will not have a cultivator. Even if it is a cultivator, there are very few outsiders. After all, the horror of the Dragon's ridge has already spread, and no one dares to come in.

In the eyes of the outsiders, the dragon's ridge is a place where ten dead and dead, and all who come in are dead.

Fortunately, this dragon ridge can be born with many treasures of heaven and earth, and the Dragon Dragon Temple can be self-sufficient. Apart from being isolated from the world, there is no difference.

However, the cultivators have always been known for their brutality and addiction. Even if they are isolated for millions of years, they will not change their habits.

Therefore, the battle in the Temple of the Dragon is not as intense as usual.

Ye Xuan hand-held the tokens, can sense the disciples around the magic dragon who went out to hunt, those people also sensed Ye Xuan, immediately rushed toward him.

"The Dragon Hall has a rule. Whenever you leave the Dragon Hall, you can kill each other between the same door. These people have sensed my tokens, and they must come to kill and win the treasure!"

Ye Xuan immediately understood.

Because he was sensing the tokens, Ye Xuan couldn't figure out the other side's realm. However, he was not afraid of the other party, because this place can use the eye of the void.

What's more, Shura Ghosts and Megatron are already the three sacred heavenly celestial beings. The strength is comparable to that of the six-character celestial beings. If the cards are layered out, even the seven-character celestial gods will not do them.

Seven Pin Luo Tian Xian Xian, even in the Temple of the Dragon, there is not much.

Soon, there is a team of five people who have entered the range of Ye Xuan's induction. The only one who is headed by the five-character Luo Tianxian is the cultivator. The other four are the four-class Luo Tianxian.

"The repair of the ghosts, Megatron, to solve them!"

Ye Xuan said directly.

After hearing this order, Shura Ghost and Megatron instantly killed them. Within a few seconds, they returned with a corpse.

"Although it is a five-pronged heavenly fairy, but the income is much worse than the three chiefs of the Black Man Mountain, but the devil is barren, it is no wonder that one wants to occupy the fairy world, it turns out to be really poor."

Ye Xuan shook his head helplessly. Although his income was not much, his moral value was reduced a lot, leaving only seventy-five.

Then he began to move on again.

Chapter 1737: Off!

The Dragon Hall is very cruel. After all, they don't need to raise so many people, so the internal battle is fierce and remains around tens of thousands.

In addition, every immortal has a life span of one million years. They are not in a hurry to go out and look for heaven and earth treasures, so the people in this dragon's ridge are not as much as Ye Xuan imagined.

Even so, he still encountered several wave disciples, but the realm is not high, at most, there are five products in the sky.

After several times of looting and killing, Ye Xuan's enchantment value has also dropped below 50 points.

Although it has been ten days since the last breakthrough, this time is a blink of an eye for others, so Ye Xuan still dare not break through.

At this time, Ye Xuan has been hiding the breath and came to the boundary of the Dragon Hall.

"Although it is said that the fairy phagocytic system can redeem the things that change the fairy heart, but if the other party is more than six realms, it will be discovered. This dragon dragon temple owner is a nine-character Luo Tianshang, and his majesty is a lot of masters. Camouflage is useless!"

Ye Xuan shook his head helplessly.

It seems that he can only hunt outside the Dragon Hall and improve his strength a little.

The next time, he continued to linger in the Dragon's Ridge, this time spent a full week.

A week later, his enchantment value was finally reduced to below 30 points.

It's been half a month since the last breakthrough. If there is a breakthrough, there should be no problem.

"No, if I break through, it will be more precious to reduce the value of the magic material. It is better to return to the zero value in this realm!"

Ye Xuan suddenly thought of this.

He is now an eight-character Luo Jinxian, and the value of 30 points should soon be zero.

However, once it breaks through the nine-character Luo Jinxian, 30 points into the magic value, I am afraid I have to spend more time, at least five times.

Therefore, he spent more than ten days around the Dragon Temple, and then cleared the magic value to zero.

Now, finally, you can break through!

"It's been a month since the last breakthrough, and my enchantment has been reduced. It seems almost the same."

Ye Xuan's heart estimated that it was the beginning of engulfing Tianbaodibao.

"Hey, the host breaks through, and it is currently Jiu Pin Da Luo Jinxian!"

"Hey, the break of the thunderstorm, the current is the three-story heavenly fairy!"

"Hey, Megatron breaks through, and is currently a four-pronged heavenly fairy!"

"Hey, the Shura ghosts break through, and the current is the four-character heavenly fairy!"

"Hey, the host's magic value reaches twenty!"

After a breakthrough in a month, Ye Xuan's enemies only reached 20 points, which was still in his expectation.

If so, then he can continue to break through!

"Hey, the host breaks through, and it's a good thing for the world!"

"Hey, the breakthrough of the thunderfire, the current four-character Luo Tianxian!"

"Hey, Megatron breaks through, and is currently a five-pronged heavenly fairy!"

"Hey, the Shura ghosts break through, and the current is the Five Pinnacles!"

"Hey, the host's magic value has increased to seventy-five!"

It is also a series of system prompts.

Now, Ye Xuan has already crossed the Da Luo Jin Xian, and broke through to Luo Tian Shang Xian. Not only that, Shura Ghost and Megatron directly broke through to the five-character Luo Tianxian, their fighting power is very amazing, I am afraid it is enough to kill the Dragon Hall.

"Kill the Dragon Hall and then break through again. At that time, no one will be their opponent!"

Ye Xuan thought in his heart.

Of course, the Dragon Hall is not his ultimate goal. His purpose is to leave the dragon's ridge.

If you want to leave the Dragon's ridge, you must have the strength. This Dragon Temple is the stepping stone for Ye Xuan.

At the moment, Ye Xuan is directly on the flying boat of Megatron, and then goes straight to the Dragon Hall.

The Dragon Dragon Temple was originally a force outside. After the Lord of the Dragon Temple found this treasure, it was repaired by leaps and bounds, and it broke through directly from the Seven Pin Luo Tianshang to the Jiu Pin Luo Tian Shang Xian.

It is a pity that even if he is a jewel in the sky, he will not be able to find a way out of the Dragon's Ridge.

At this time, Ye Xuan was already in front of the Dragon Dragon Temple with the old tree and the Shura ghost.

"Cultivate the Immortals? Where?"

The guardian disciples of a magic dragon temple were surprised. Their magic dragon temple was trapped in this place for a million years, and it was the first time that they saw the immortal.

No matter what, kill it first!

However, this guardian disciple of the six-class Luo Tianxian level is directly shattered by the old tree.

Spike!

"Hey, the host's killing value is improved!"

When the system prompts the sound, Ye Xuan has already rushed into the Temple of the Dragon.

Suddenly, there was a rush of blood in the Temple of the Dragon!

If you are facing the immortal, Ye Xuan will put some water more or less, and will not kill it. But for the cultivator, he will not be merciful.

"The Eye of Shura!"

Shura ghosts do not say anything, directly open the big move.

In the Temple of the Dragon, it is said that there are tens of thousands of disciples, but here is actually the level of Luo Tianshangxian.

If you add Da Luo Jinxian and the following, it has actually exceeded one million.

When the eyes of Shura are opened, the realm of the world is lower than that of the Shura, and the eyes of this Shura are directly degraded.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

In just one moment, countless people have fallen, and the Shura ghosts have directly condensed a lot of dead air.

"There are foreign enemies coming!"

The people in the Temple of the Dragon immediately rushed out, but they were shocked the next moment.

Countless brothers and sisters launched an attack directly against them.

Don't forget, the Shura ghosts also have the will to die, and can resurrect the same level and the dead who are weaker than him.

Prior to this, Ye Xuan had already condensed a killing mark, and when he saw the eyes of Shura, he instantly printed four more killings.

At this time, there were just a lot of six Pin Luo heavenly immortals, so Ye Xuan directly marked one person and swept the past with the eyes of assassination.

"Come on, 诛仙剑阵!"

The five killings and engravings disappeared directly, and the sacred swordsmen opened up with Ye Xuan, and instantly wrapped hundreds of people.

At the same time, Ye Xuan once again used the killing mark.

In the squadron of the sacred swords, there was a whistling wind, and in a few seconds, hundreds of six-pin Luo Tianshang were all fallen.

Then, Ye Xuan added four more killings to seal it, enough to use it again.

They are so troubled, the high-level of the Dragon Hall has already heard the movement. At this time, the high-ranking Luo Tianshangxian is appearing one by one.

"The Shura ghosts, the trees are old, go!"

Ye Xuan immediately commanded.

As for Megatron, he is standing by his side.

In the Temple of the Dragon, the corpse is everywhere, the blood flows into the river, and countless dead people resurrect and join the battle.

Taking advantage of this opportunity, Ye Xuan quickly collected the Qiang Kun ring.

This time, he has seen the most of the Qiankun ring.

Although the realm of the cultivator who killed the genius is not high, but it is definitely an astronomical figure.

Chapter 1738: Dragon's Bone

"Hey, the host's magic value is zero!"

A system prompts to sound.

After devouring a large number of Tiancaidi treasures that can reduce the value of the magic, Ye Xuan's magic value is again zero.

"Hey, the host breaks through, and it's currently the second best!"

"Hey, the breakthrough of the thunderfire, the current is the Five Pinnacles of Heaven!"

"Hey, Megatron breaks through, and is currently a six-character heavenly fairy!"

"Hey, the Shura ghosts break through, and the current is the Six Pin Luo Tianxian!"

"Hey, the host's magic value has reached eighty-eight!"

Because the party broke through twice, so the third breakthrough, directly added 88 points.

At this time, the Megatron and the Shura ghosts of the Six Pinuo Tianshangxian are no match for them.

"Hey, why did the rats really dare to scatter in my magic dragon hall?"

A violent rush came from the sky, and Ye Xuan turned around and saw a middle-aged man in black rushing quickly.

Jiu Pin Luo Tian Shang Xian!

"Lord Dragon Temple Lord?"

Ye Xuan looked at him with a slight glimpse of his eyes.

What about Jiu Pin Luo Tian Shang Xian?

"The Eye of Shura, Shurao Light!"

Absorbed countless deadly Shura ghosts, a big glance in the chest, a gloomy black light column erupted, and instantly the magic of the Lord of the Dragon Temple.

The next moment, Ye Xuan felt that his killing value has improved a lot.

"Hey, the host's killing value is improved!"

Lord of the Dragon Temple, killed!

The Dragon Hall is up and down, a panic!

They have been trapped in the Dragon's Ridge for countless years, and now suddenly came a few mysterious people, and also killed the strongest in their hearts, which made them unacceptable for a while.

However, Ye Xuan was too lazy to pay attention to other people, and quickly rushed to accept the Dragon and the Lord of the Dragon Temple.

"Hey, the host's magic value is zero!"

Another system prompts to sound.

Only this time, Ye Xuan can not swallow the breakthrough, because he knows the next breakthrough, the value of the magic must be more than one hundred.

At that time, it will be directly into the devil!

"Six Pin Luo Tianshang and above, kill innocent!"

At this time, Ye Xuan gave orders to everyone.

The people of the Dragon Dragon Temple were behind the temple, and they were already scared and trembled. They immediately smashed and smashed, and even those eight-character celestial gods ran away.

In this regard, Ye Xuan naturally will not let them go.

It has already broken through to the Shura Ghosts of the Six Pinluo Heavenly Immortals. Killing them is as easy as killing a chicken. Within half a minute, these high-ranking Luo Tianshang are all fallen.

Ye Xuan's harvest is amazing!

As for those low-ranking Luo Tianshangxian and Da Luo Jinxian, Ye Xuan is too lazy to pack them up, let them fend for themselves.

"If these cultivation resources have swallowed me all, I can at least break through to the six Pin Luo Tian Xian Xian, even the seven products!"

Ye Xuan looked at the piles of heaven and earth treasures that swallowed the space, and shook his head helplessly.

It is a pity that he can't break through now, and he can only maintain the realm of the second genre.

However, these things can be handed over to the fall.

Moreover, the flow rate in the planting space has reached four hundred times, and inside the year, the outside world is not even one day.

Although there is no fairy heart or magic, there is room for planting, and her cultivation is already catching up. Now she has reached the Five Pinnacles.

Adding these heavenly treasures, I am afraid that it will soon surpass Shura Ghost and Megatron.

Therefore, Ye Xuan decided to give priority to the cultivation.

Now, the Temple of the Dragon is destroyed, and everyone is scattered all over the Dragon's ridge.

Ye Xuan first looked for the Dragon Dragon Temple, but there was no discovery.

Now, it's a little tricky!

He originally thought that there would be some discovery of the dragon's ridge in the Dragon Temple, but he did not expect the Dragon Temple to be helpless, but if he remembered that the Dragon Temple had been trapped in the Dragon's Ridge for millions of years, it would be fine.

At this time, Ye Xuan was holding a map of the inner circumference of the dragon's ridge, wandering around, and occasionally saw some disciples of the Dragon Dragon Temple on the road, all of which he was thrown into the planting space.

The dragon's ridge is actually divided into the inner circumference and the outer circumference. The inner circumference is around the magic dragon temple. There is no fog here.

However, there are a lot of fog on the periphery, even if Ye Xuan, who has a death killing order, can't get out.

Ye Xuan has been in this place for more than ten days, and there is no discovery.

Ten days outside, the planting space has been in the past ten years, and it has been in the cultivation for so long. With the blood of the sky, plus so many natural treasures, it has already broken through to the seven-character.

"The ridge of the dragon, is there a secret?"

Ye Xuan is not clear.

It's hard to be, he wants to be trapped here like the Dragon Hall?

After another five days, he still did not find a way out.

At this time, it has been half a month since the Demon Dragon Temple was destroyed, so Ye Xuan decided to devour the Tiandi Dibao again.

"Hey, the host breaks through, and it's currently a three-pronged heavenly fairy!"

"Hey, the breakthrough of the thunderfire, the current is the six Pin Luo heaven!"

"Hey, Megatron breaks through, and is currently a seven-character heavenly fairy!"

"Hey, the Shura ghosts break through, and the current is the Seven Pinnacles!"

"Hey, the value of the host's enemies has increased to thirty points!"

A systematic reminder sounds.

Although Ye Xuan and others have improved their horizons, Ye Xuan still finds it difficult to leave the dragon's ridge, so he decided to look for another month here. If he still can't leave, he will go back to the fairy world and then re-open a magical channel. Come back to find the little devil.

Anyway, this magic dragon hall has been destroyed, and few people have entered the dragon's ridge, so Ye Xuan has no worries. All the disciples of the magic dragons that have been encountered have

received the planting space. After all, the mosquitoes are small and meat. Maybe there is a heavenly treasure that reduces the value of the magic?

However, they have been looking for a few more days, but they still have not found it.

On the fifth day, the fall suddenly found something.

"Young master, ribs say there is a very strange bone here!"

The fall suddenly came back.

Hearing this, Ye Xuan brows a pick and rushes past.

Soon, he discovered a mountain rising from the sky, but this is not a mountain, but a huge bone.

"Even if I have the eye of insight, I have to stare at it for a few seconds to find out, even I can't do it, not to mention other people..."

Ye Xuan's heart trembled, and he had a hunch that he might have found it right this time.

"Clean up everything around you!"

Ye Xuan gave a command, and then, the tree and others waited to open the mountain, and then exposed the white bone inside.

"This bone is the one that is the dragon?" Ye Xuan thought about it, and then let the Shura ghost attack.

The seven-character Luo Tianxian level of Shura ghosts, full strength and rapid power, Luo Tianshangxian level is estimated that no one can pick up.

Chapter 1739: Dragon maze

This knife has a strong attacking power, but when the sword of the Shura ghosts falls on this bone, it is impossible to leave traces on it.

Hard!

It seems that this is probably the bone of the dragon.

"System Analysis!"

At the moment, Ye Xuan plucked the past and then glanced at it.

"Hey, this is the tailbone after the death of a powerful fairy!"

The system prompts.

Now, Ye Xuan can be sure!

Since it is the tailbone of the dragon, chances are not necessarily there.

At the moment, everyone is spinning around the tailbone to see if there is anything wrong with it.

As for Megatron, it is responsible for digging the soil around this tailbone.

"Young Master, there is a gap here, and the white fog is coming out of it."

At this time, the fall has been discovered.

"what?"

Upon hearing this, Ye Xuan rushed over and found that there was a small hole with a diameter of one centimeter on the tailbone.

"Megatron, you go in and see!"

Ye Xuan immediately made Megatron a fine needle and drilled it in.

Inside, don't have a hole in the sky!

The demon dragon is huge, and a single small truncated bone is a big mountain. His bones are certainly not small.

Megatron entered the bones at this time. At the moment, Ye Xuan broke through the void and drilled in.

Everyone, come in together!

"Haha, fortunately, Megatron can change thousands of times, otherwise I can't get in!"

Ye Xuan opened his mouth and smiled.

It is impossible for a person to come in through such a small hole, even if it is a fairy, unless it can be opened.

However, this demon dragon is at least nine days of Xuanxian level, even if the bones after death are not ordinary people can be hurt, only to repair the ghosts and ghosts have tried, it is no wonder that the dragon temple is trapped here, they even found this small hole I am afraid there is no way.

"The old tree, the Shura ghost, you two to explore the road."

Ye Xuan said to the two people. As for him, he is hiding in the body of the earthquake. After all, there is no danger in this place.

As for the fall, it is back to the planting space and continue to cultivate. Every day, the outside world is very precious to her.

Sure enough, the interior of this keel is not so simple. The old tree and the Shura ghosts who went to explore the road directly returned the news.

In front, there is danger!

"Is it a bone soldier? Is it comparable to Jiu Pin Luo Tian Shang Xian?"

Ye Xuan swallowed the swallow, and Nima was too pitted.

The lord of the Dragon Dragon Temple is nothing more than a sacred sacred celestial being, and there are three sacred sacred sacred soldiers in the front. It is incredible.

However, thinking that this dragon is at least nine days of Xuanxian level, Ye Xuan has calmed down.

What is the level of Jiu Pin Luo Tian Shang Xian, the old trees can solve, let alone the Shura ghosts?

Soon, Ye Xuan rushed over and saw the old tree and the Shura ghosts who were fighting the three bone soldiers.

"Little Master, although the combat strength of this bone soldier is not strong, but the defense is amazing, the ribs can not kill them with a full force!" said the old tree.

"The ribs are full of strength, enough to hurt the master of the nine-day Xuanxian class, but this bone soldier should have been born in the dragon bones for countless years, and the strong defense is natural!"

Ye Xuan said slowly.

"Then what do we do, is it hard, or?" asked the old tree frowning.

Ye Xuan hesitated for a moment, said: "The repair of the ghost, you hold one, I can see if he can accept him!"

The Shura ghosts shook the eyes twice, almost slamming a bone soldier in an instant, and the remaining two were handed over to the tree and Megatron.

"Forcibly swallowed!"

Ye Xuan was close to the bone soldier and was forced to swallow.

"Hey, forced swallowing failed!"

This bone soldier does not know what level is judged by the system. Anyway, it is impossible to collect it in the realm of Ye Xuan, the three products of Luo Tianshang.

Since it doesn't work, try the next trick!

"Thousands of absolutely!"

Ye Xuan sacrificed from the fire sword, directly.

"Hey!" "Hey!" "Hey!" "Hey!"

A subtle muffled sound fell into Ye Xuan's ear, and two thousand turbulences.

It is a pity that this thousand is still not able to kill this bone soldier.

"It seems to be tricky!"

Ye Xuan's eyes were slightly stunned and he thought for a moment in his heart.

"Little Master, it is better for us to stay here for the time being, wait for your strength to improve, maybe you can." Tree reminded.

Upon hearing this, Ye Xuan nodded slightly and said, "Well, if that is the case, then we will wait for a while, let me break through the first!"

Before he destroyed the Dragon Hall, he had a lot of heaven and earth treasures. At this time, his magic value was zero, but since the last breakthrough time has not passed, he is waiting for time.

Then, he tried another two bone soldiers with forced swallowing, still the same, without success.

"Megatron, you are trapping them three, let's wait a few days!"

Ye Xuan said to Megatron.

To be honest, Ye Xuan did not want to let go of these three bone soldiers. After all, this bone soldier was born from the bones of the dragon. This is a nine-day Xuanxian-level bone. For him and the tree, it's one. A huge income, can you let go?

When Megatron heard this, he quickly became a ball, and then the Shura ghosts threw the three bone soldiers into it and trapped them.

These three bone soldiers are only nine products, and they can't break the defense of Megatron. They can only be trapped inside.

Then, Ye Xuan let the tree wait at the end of the tail bone, and he himself went back.

Time, a little bit past.

After about seven days, Ye Xuan felt that the time was almost the same, so he began to devour the heavenly treasure.

"Hey, the host breaks through, and it's currently a four-pronged heavenly fairy!"

"Hey, the thunderstorm breaks through, and it's currently the Seven Pinnacles!"

"Hey, Megatron breaks through, and is currently the Eight Pinnacle Heavenly Fairy!"

"Hey, the Shura ghosts break through, and the current is the Eight Pinnacle Heavenly Fairy!"

"Hey, the host breaks through, and it's currently a five-pronged heavenly fairy!"

"Hey, the breakthrough of the thunderfire, the current is the Eight Pin Luo Tianxian!"

"Hey, Megatron breaks through, and it's currently a nine-piece Luo Tianshang!"

"Hey, the Shura ghosts break through, and the current is the nine Pin Luo Tian Xianxian!"

"Hey, the host's magic value has reached 60 points!"

In the breakthrough to the four-character Luo Tianshen, Ye Xuan cleared the magic value once, and then broke through again, and suddenly rose 60 points into the magic value.

Then, he swallowed a lot of heavenly treasures and returned the magic value to zero.

However, the harvest of the Dragon Dragon Temple, he almost used up.

"Five Pin Luo Tian Xian Xian, Shura Ghost and Megatron also went to Jiu Pin Luo Tian Shang Xian, now our strength, should be enough to kill a bone soldier?"

Ye Xuan said secretly, and then let Megatron release a bone soldier.

"Sura Ghost, crush him into powder!"

Chapter 1740: Mutant bone soldier

"Sura Ghost, crush him into powder!"

After hearing this order, Shura ghosts instantly smashed out, and he armed with a big knife, aimed at the bones of the bones is a knife.

"Hey!"

This time, Shura Ghost is finally broken, which makes Ye Xuan very happy.

I have to say that this dragon is too strong, and the bones are hard after death.

Soon, Shura Ghost Respect was to cut a bone soldier into bones, and then was taken into the planting space by Ye Xuan.

The first bone soldier solved, then the next one is the second one!

After a while, all three bone soldiers were resolved.

"Okay, it's time to go in and wander!"

Ye Xuan satisfactorily nodded, then drilled into the eye of the void again and came to the keel.

Megatron is still turned into a flying boat, Ye Xuan hides in it, and let the tree old and Shura ghosts open the way.

In the past seven days, the tree has explored the inside of the keel many times, and touched the bottom of the keel nearby. The map has been copied into the Xian phagocytic system.

In the vicinity, there are hundreds of bone soldiers, which is enough for the repair of the ghosts.

The Shura ghosts settled, and the old man took advantage of this opportunity to continue exploring.

With his current strength, the bones are simply unable to catch up with him, and then relying on the sharing of vision, the Xian-level phagocytic system is automatically drawing a map inside the keel.

“Hey!” “Hey!” “Hey!”

A shrill sound, sounding inside the keel, this is the voice of the Shura ghosts constantly solving the bones.

It takes a lot of time to kill a bone soldier with the strength of the Shura ghost. But now Ye Xuan has time, so I am not in a hurry.

Ten... twenty... thirty... forty...

The number of bone soldiers was reduced a little, and those broken bones were directly received by Ye Xuan in the swallowing space.

These things are not worse than the natural treasures, and the number is huge. Ye Xuan estimates that there are no shortages of upgrades in these realms.

However, just half a day after they entered the keel maze.

"The death of the thunderfire!"

"The Resurrection of the Thunderfire!"

Suddenly two system prompts, killing Ye Xuan was caught off guard.

Hearing this, Ye Xuan's figure trembled.

The tree is old, how is it hanging?

Eight Pin Luo Tianshen-level tree is old, the strength has exceeded the average nine-day Xuan Xian, how can it die?

"Little Master, there is a red mutant bone soldier over there, the strength is strong, I accidentally pierced the magic by him!" The old tree quickly said.

"Red mutant bone soldier?"

When Ye Xuan heard this, the brow couldn't help but pick it up. The old tree is now the eight-character Luo Jinxian. It can fight in three realms, that is, it can fight with the people of the second-class nine-day Xuanxian level.

However, if you can kill it, I am afraid that it is at least three products and nine days of Xuan Xian, and even reaches the four-product nine-day Xuan Xian level.

At this time, the keel maze suddenly came a rush of footsteps, Ye Xuan's body trembled, his face changed: "No, he killed!"

At the moment, Shura Ghost is rushing into that road, and the tree is quickly catching up.

"Boom!" "Boom!" "Boom!"

At the time of the encounter, the sound of fierce battles spread in the passage.

Fang Cai Ye Xuan did not pay attention, and now through the field of vision sharing, he saw the red mutant bone soldier.

No, it should be said that it is a bone!

The general bone soldiers are attacked with both hands, and this bone will still carry two bone forks.

"Hey!" "Hey!" "Hey!"

The Shura ghosts and the old trees joined hands, but they did not get any benefit from this bone. Instead, they were stabbed by the other's bones.

"Good strength, Megatron, you can also help!"

Seeing that the situation is not good, Ye Xuan hastened to let Megatron go to help.

At the same time, let the Shura Ghosts open the invincible soul, directly improving the combat power of three times.

When the invincible soul is opened, the situation will stabilize and the two sides will be evenly matched.

Until this time, Ye Xuan, who was afraid of death, dared to rely on the past to see this bone.

"Death chase!"

"Kowloon Thunderfire Cover!"

"Aurora shield!"

This bone will be extraordinary, so Ye Xuan decided to try a thousand.

"The eye of assassination!"

When the bones were dragged by the three ghosts, Ye Xuan suddenly flashed behind it, and then smashed a sword.

"Hey!" "Hey!" "Hey!" "Hey!"

Thousands of enthusiasm began to fluctuate.

However, Ye Xuan is only five products in the heavens, and this bone will be estimated to be only four products and nine days of Xuan Xian, so this is absolutely nothing, no effect.

"In the case of the invincible soul, the three talents of the Shura ghosts can be tied with this bone. If the spirit of the invincible war continues, I am afraid it will not kill!"

Ye Xuan said secretly.

Therefore, he estimated that the Shura ghosts would once again break through once and reach the nine-day Xuanxian level.

"No matter who he is, go!"

Ye Xuan decided to retreat first, and when he broke through again, he would be able to clean up the bone.

"Hey!"

The door of the void was closed, and Ye Xuan left the inside of the keel directly.

As for the old tree and the Shura ghost, there is no need to leave, and directly fight to death.

Although the effect is not great, but this bone will be cut and bruised.

Ye Xuan decided that he would come in every day and let the Shura ghosts who started the invincible battle harass the bones. Although the effect is not big, they can always hurt each other.

Time, a little bit past!

In a blink of an eye, it took another ten days.

"All the heavens and earth treasures are used, although the magic value can only be restored to ten points, but after such a long time, there should be no problem!"

Ye Xuan thought about it, and then he began to devour the only remaining treasures and broken bones.

"The host breaks through, and is currently the Six Pin Luo Tian Shangxian!"

"The breakthrough of the thunderstorm, the realm is upgraded to nine Pin Luo Tian Shangxian!"

"Hey, Shura ghosts, Megatron breakthrough, the realm of the realm to a nine-day Xuanxian!"

"The host's magic value has increased to sixty-four!"

Now, they should have the strength to kill the bones, so Ye Xuan directly broke into the air.

Soon, I found the red bone.

"Do not destroy the soul of the war, do him!"

Ye Xuan screamed, and the next moment, Shura Ghost, Tree Old and Megatron were killed together.

This time, Xiu Luo Ghost and Megatron are not breaking from the Eight Pin Luo Tianxian to the Jiu Pin Luo Tian Shang Xian, but from the Jiu Pin Luo Tian Shang Xian, breaking through to a product nine days Xuan Xian.

This strength, but there have been earth-shaking changes!

Coupled with the effect of the invincible soul, no more than ten rounds, before the extremely fierce bones, was killed by the repaired ghosts, and then was picked up by Ye Xuan.

"While, after playing for so long, I finally solved this bone!"

After seeing the pile of bone powder in front of her eyes, Ye Xuan couldn't help but breathe a sigh of relief. It must be said that this bone would be very difficult.
