Chapter 174: Alexander

Ye Xuan did not speak, too lazy to care for him, began to smash the things in the ring.

To be honest, if this Tang Tian is not the Prince of the Tang Dynasty, he will kill and kill him when he is only flying Tang Tian.

The Prince of the Tang Dynasty, the Qiang Kun ring must be very advanced, and the cultivation resources inside are probably full of it.

It is a pity that Tang Tian's identity is extraordinary. If he kills him, the Xuanyang Empire must be destroyed.

"Please everyone, according to the instructions, to the nearest sentry collection!"

The voice of the examiner was again heard in the sky.

Then, Ye Xuan couldn't help but look up and found that a Lingxiao Dapeng began to slowly descend.

Sure enough, every whistle tower has a smashing Dapeng.

"There are hundreds of messengers who have been to the empire to pick up people. I am afraid these people are watching our every move in the valley..."

Ye Xuan thought in his heart.

Soon, Ling Xiao Dapeng fell to the point where the top of the tower was flush, and then jumped up to a person.

When Ye Xuan saw the followers, he was also surprised, because this person was the messenger of the Lingxiao government who went to the Xuanyang Empire to pick up the three of them.

"Ye Xuan, yes."

Mo asked to jump over and said to Ye Xuan.

"Predecessors have won the prize." Ye Xuan said modestly.

Tang Tian also had some impressions on Mo Wen. Now he can be sure that Ye Xuan is indeed a person of the Tang Dynasty.

Mo asked not to say anything, took out some red plants directly from the Qiankun ring, and then ignited.

After the red plants burn, red smoke is produced, and it can rise to a high place without being blown away by the wind.

If there are people around, you can follow this red smoke to the stone tower.

At the same time, Ye Xuan also finished the thing and swallowed it.

Regrettably, it still failed to let him break through to the real state, the body is still the real yuan, not the mysterious.

However, Ye Xuan is also satisfied, and his strength has improved a lot compared to before.

After all, every time he swallows something, his real strength will increase. Although it is the peak of the real world, there is still a gap.

At this time, Ye Xuan's engulfing points are already more than 20 million, very close to 25 million. If it wasn't for the only time to change the Chinese martial arts level, I'm afraid it's already over.

"Hey, it seems that you have to think carefully about how to use it."

Faced with nearly 25 million engulfing points, Ye Xuan is also laughing, he has forgotten how many points he entered when he entered the valley.

Anyway, it is rarely.

However, if all of his blood is raised to the advanced level, these swallowing points are still far from enough, and the blood of the beasts alone is more than that.

However, the blood channel of the beast is already filled with him. As long as the realm is sufficient, he can be integrated without buying it with the swallowing points.

Then, Ye Xuan took the question of Ling Xiao Dapeng, who was asked by Mo, and began to pick up people around. Some of them came up from the Great Zhou Dynasty, and some were from the Tang Dynasty.

Just don't know, how many survivors are left in the two dynasties?

As for Zhao Pan and Jiang Xian, they also heard the sounds in the sky, walked out of the hidden caves, and were picked up.

A few days later, everyone was received in front of a valley, not only that, but also a lot of messengers of Lingxiao.

The two chief examiners of the dynasty war, one person stood on one side, Ye Xuan also took Zhao Pan and Jiang Xian, and went to the camp of Elder Yang Tai.

"You protect the law and start to recognize people. If you find someone standing in the wrong position, immediately disqualify!" Yang Tai shouted.

This battle of the dynasty was the victory of the Tang Dynasty. Under normal circumstances, people from the Tang Dynasty would not go to the Great Zhou Dynasty.

However, if someone will pretend to be in the ranks of the Tang Dynasty, then it may be.

Those who heard the law and heard the order immediately took people to the side, but not everyone who brought the law was still alive, and many people died in the battle of the dynasty.

Mo asked to jump, and then went to the side with Ye Xuan and Zhao Pan.

"This dynasty war is too fierce. I remember that there were more than 500 people at the beginning. Now there are only two hundred people left." After Zhao Pan roughly calculated it, it was also awkward.

"There is no way. After all, we have also been demolished with four towers. There are more than two hundred people here. And when we encounter enemies in the forest, the outbreak of the group battle is a piece of death, and there are more than two hundred people left. Not bad."

Ye Xuan said slowly, and at the same time stunned the big Zhou Dynasty camp, the other side only has a hundred people, and died more than 400 people, it is estimated that half of them died in his hands.

After the recognition of the law, the people who did not have the Great Zhou Dynasty posing as the Tang Dynasty.

The Datang Dynasty won the victory, then they lost even in the second game, and they entered the land. And even if the second week of the Great Zhou Dynasty won, it can only be Xuanzhifu.

The land of the government and the Xuanzhi House, although only one level, but the gap is still quite large.

After the recognition of the law, the Yang Tai elder suddenly silenced. Then, Mo asked, he asked: "Ye Xuan, you performed well in this dynasty battle, I hope you can continue in the second game."

"This is not asking, has it been following me?" Ye Xuan was surprised, but did not think much, immediately nodded.

Then, Mo asked to turn to look at Zhao Pan and Jiang Xian, saying: "Although the Tang Dynasty won a game, the worst can enter the Xuan Zhifu, but the survivors do not mean to enter the mysterious The house, with the strength of both of you, it is difficult to enter the Xuanzhi House..."

At this time, Ye Xuan thought of a question, said: "Fat brother, how is your martial arts training?"

Zhao Pan did not think about it, just sighed: "If you give us a month, maybe it can, but only a few days, I am afraid I have not touched the threshold."

"Well, me too." Jiang Xian also nodded.

This is troublesome.

Ye Xuan did not calculate the time. Now, Zhao Pan does not have a martial arts level. If you want to pass the assessment, I am afraid it is not easy.

"You are practicing martial arts at the spiritual level. If you practice it, there may be a chance, but if you don't practice it, chances are small."

When Mo asked, he turned his eyes on Ye Xuan and continued: "If you want to enter Lingxiao, you must survive in the second battle of the dynasty. This is the first condition. The second condition, That is to get our approval, Ye Xuan is enough, you two still can't, because the number of places is limited, there are only twenty places in the land."

"Twenty?" Ye Xuan was shocked and said: "That is to say, only two of the two hundred people have entered the Xuanzhi House. If it is the Tianfu House, the number is still less than half?"
