### Chapter 1741: Bone king

However, Ye Xuan does not think that this keel maze is only this bone.

And, maybe there is a stronger existence than bone?

"This bone will be comparable to the four-product nine-day Xuan Xian. In the case of our bottom card, it can be killed. However, if it appears more powerful, then it will be troublesome. I have no natural treasure, can reduce the magic. Value, even with so many broken bones, can't be upgraded!"

Ye Xuan suddenly thought of this, and could not help but have some headaches.

If there is a stronger presence than the bones, and they can't get the treasures that reduce the value of the magic, it is estimated that it is difficult to go out.

It seems that we can only take one step at a time!

In the following time, Ye Xuan still cleaned up the bones in this keel maze, and also encountered one bone after another.

He estimated that if there is no limit on the value of the magic, it is estimated that these broken bones can be used, and all the way to the nine-day Xuan Xian.

It's a pity that he didn't dare to break through the treasures of Tiancai.

The dragon's ridge is very large, the keel maze is naturally not small, plus the staggered passages, and the fog that will dispel the direction. If Ye Xuan has the sacred phagocytic system and the eye of the void, I am afraid it will be trapped. Inside.

After these days, he has already walked the keel maze. The entire labyrinth is a huge keel. He found the faucet from the dragon's tail.

As for the roads, it is natural that the old trees and the Shura ghosts are respected, but this time they have encountered a tricky existence.

"The purple bone creature should be stronger than the bone. For the time being, let him be the bone king."

Ye Xuan said secretly.

Only then, he let the tree old and Shura ghosts enter the skull to explore and discover a purple bone king.

At the same time, this purple bone king killed the old tree on the spot, and then even the repaired ghosts were defeated and killed.

Therefore, Ye Xuan estimates that this bone king has reached the realm of six products and nine days of Xuan Xian.

On one side, Ye Xuan is a six-character Luo Tianshang, the tree is always a nine-character Luo Tianshang, Shura Ghost and Megatron are all a nine-day Xuan Xian.

The bones will only be the realm of four products and nine heavens, and this bone king has reached six products and nine days.

If it is a bone, then the repair of the ghosts is to clean up, five products and nine days Xuan Xian is estimated to be able to fight.

However, this bone king is a six-product nine-day Xuan Xian, I am afraid it is not so easy.

"There is a closed door behind the bone king. It may be the exit of the dragon's ridge. If you want to leave, I am afraid I have to pass the interception of this bone king..."

Ye Xuan is not sure.

Six products and nine days of Xuan Xian, a full height than him, he could not join the battle.

However, in any case, he has to leave this ghost place.

"Go on, firepower is on!"

After Ye Xuan made the decision, he let the three people of the Shura ghosts come together.

However, the strength of this bone king is beyond the imagination of Ye Xuan.

The killing of the tree, the Shura ghosts and the Megatron three took only less than ten rounds, and the gap was too great.

"With my strength, if it appears in front of it, I am afraid it will be killed in an instant. It will be a big realm, and there will be no effect in the end. How to kill him?"

Ye Xuan constantly let the old three trees rush to death, while thinking in my heart.

The strength of this bone king is too strong, even if the old tree, Shura ghosts and Megatron join hands, can not break through him, let alone arrived at the door of the bones.

It seems that you have to add a little more talent!

"Let's fall? No, she has almost broken through to nine days of Xuan Xian, and she will not resurrect, can't let her take risks!"

Ye Xuan shook his head and thought about it again. He could only summon, only Kirin and Zhu Xian.

In his swallowing space, there are a lot of broken bones. If the value of the magic is allowed, he can break through again. At that time, he can fight the bone king.

Unfortunately, his enemies have reached 64 points. If the next breakthrough, the magic value will increase to 36 points, then he will be enchanted.

"The defensive power of this keel maze is still above the bones. Even the current Shura ghosts can't be broken, and I don't have the talent to reduce the value of the magic. It seems that I can only wait for the time."

Ye Xuan sighed.

But the next moment, he suddenly remembered one thing.

In addition to the time and the specific Tiandi treasure, there is another way to reduce the value of the magic value, which is to use the phagocytic point to reduce.

He still has two points to swallow. If it is used to reduce the value of the magic, it can be reduced by 20 points. At that time, he should be able to break through again.

However, he then thought of another question.

If you break through again, what about?

The ore that provides the breakthrough of Shura Ghost and Megatron is already gone. The most is the broken bone, which can only make the tree break through.

At that time, he is a seven-character celestial fairy, the tree is always a nine-day Xuan Xian, it does not help.

Moreover, the swallowing point is so precious, wasted in this place, it is not worth it!

At the moment, there are only two ways. One is to wait here for the time, and the other is to go back to the fairy world and re-open a channel of the devil.

Of course, there is actually another way, but Ye Xuan can't guarantee success, that is, to lure the bone king, and then he took the opportunity to destroy the bones of the bones and escape the birth.

"Try to lure the bone king. If it is unsuccessful, you have to go back to the fairy world."

Ye Xuan made a decision in his heart, but he can only act tomorrow, because the invincible soul has already been used.

Soon, it took another day.

The next day, Ye Xuan was ready to go. His plan was very simple. He seduce the other side, and then Megatron, who was incarnate by the fine needle, passed away and saw if he could break the door.

The bone king is in a room at the end, and if you want to enter this room, you have to pass a corner.

Before, they all just appeared, and the bone king was rushing up, stopping them and not letting them into the room.

Even if the tree with the ability to teleport is old, it is at the moment of the coming, and the spikes shot by the bone king will pass through the magic and fall.

This time, Ye Xuan first let Megatron transform into a flying boat form, and then continue to shrink, which may be more resistant.

Of course, this time Ye Xuan himself has to appear, when you can cross the bone king and summon Megatron, so you can save one step.

"let's go!"

After getting ready, Ye Xuan gave instructions in his heart.

In an instant, the trio of the Shura ghosts appeared directly.

"Hey!"

The bone king saw the trio of the Shura ghosts at the corner, and immediately turned into a purple streamer and rushed out of the room.

Chapter 1742: White bone gate

"Calling!"

The speed of the bone king is beyond the reaction of Ye Xuan. In just one moment, the oldest tree is killed.

Below, it is the turn of the Shura ghost!

"Do not destroy the soul!"

"The grip of Huang Quan!"

The Shura ghosts explored the right hand, and an invisible force wrapped the bone king, but the next moment was resolved by the bone king.

Before, the old man, the Shura Ghost and the Megatron three joined forces, and there were no more than ten strokes under the bone king.

Among them, there are five tricks that are guarded by Shura Ghost. After all, it has no fairy heart and magic, and only when the damage reaches a standard, will it fall.

However, what makes Ye Xuan wonder is that this bone king discovered this after several battles.

"Hey!"

With the speed of lightning, the bone king stabbed the two bones in his hand into the chest of the Shura ghosts, and then pulled them apart from the left and right, instantly splitting the whole person of the Shura ghosts into two.

The original ten strokes are estimated to be shortened to five strokes!

"The trough, this bone king's fighting consciousness will be upgraded, I only have one chance!"

Ye Xuan swallowed a spit.

Although the Shura ghosts were divided into two, but it did not die, but also slashed and stuck in the neck of the bone king.

Right now, it is the opportunity of Ye Xuan!

"Megatron, old trees!"

Ye Xuan immediately summoned the old tree and appeared next to the Shura ghost.

As for Megatron, he was summoned to a distant room.

This bone king is sticking to the door of the bones. Someone enters the room. He does not care whether the Shura ghosts and the trees are old. He turns and rushes back.

"What, even without the bone nails on the back, shot Megatron?"

Ye Xuan was shocked.

He had thought that the bone king would launch the bone nails on his back, but he did not expect to run back.

However, this is also a good opportunity, which means that the door of the room is empty.

"Crash in!"

Ye Xuan screamed.

Through the undead phoenix blood, the Shura ghosts, and the old trees and Ye Xuan, all entered the room.

At the same time, the bone king has already pierced Wei Zhentian.

At this point, there are several figures in the room, scattered in every corner.

Until this time, the bone king only launched countless small nails on the back.

"Hey!" "Hey!" "Hey!"

A sound broke through the road.

Ye Xuan's face was gloomy, looking at the door of the bones, and instantly teleported.

After entering the room, he and the Shura ghosts, the old tree is scattered in two corners, so the bones of the bone king did not shoot at the door of the bone.

However, this room is a bit strange, the teleport can not directly come to the front of the bones, which makes Ye Xuan very surprised.

“Thousands of absolutely!”

Although Ye Xuan did not flash to the front of the bones, but also moved to the middle, this blow will definitely fall on the door of the bone.

I hope that thousands of rumors will also have an effect on non-biological!

However, Ye Xuan’s plan failed, and it’s absolutely no effect at all.

The bone king who originally wanted to rush toward the Shura ghosts suddenly shifted his target and rushed toward Ye Xuan.

This speed is not something Ye Xuan can react to.

However, at this time, the right hand of the Shura ghosts once again extended, and the old tree also pulled out the Kowloon Thunder chain, which successfully restricted the bone king moment.

"I don't believe it!"

Ye Xuan’s glory is full of direct use of three killings and engravings. At the same time, he consumes three killing marks and slams into the door of the bones.

"Zhu Xian is a must!"

Although Ye Xuan is only a six-character Luo Tianxian, but his sword, the power is not weaker than the Shura ghost.

However, this sniper has not yet landed on the door of the bones, and the bone king has already broken free from the shackles and rushed toward Ye Xuan.

Fortunately, Ye Xuan had already prepared, and after making the sinless sorrow, he once again teleported to the Shura ghost.

"Booming!"

In the end, Zhu Xian's stagnation succeeded in falling on the door of the bones, but unfortunately, this sword could not break the door.

"Leave a trace?"

Upon seeing it, Ye Xuan's brow could not help but pick it up. This means that the Shura Ghost should be able to break the door of this bone, which is a good sign.

It is a pity that if there is a lot of deadness, the Shura Ghost can use Shura.

At that time, it is certain that this door can be opened.

But now, there is a more serious problem, and the bone king is back.

"The Gate of Void!"

Ye Xuan quickly broke through the void, while the old tree, Shura ghosts and Megatron zen up.

Although they can't stop the bone king, but the five strokes are still possible. Finally, they are fortunate not to be insulted, helping Ye Xuan successfully delay the bone king.

"Hey!"

The door of the void is closed.

This time, although it failed, it was not nothing. It hurt at least the door of the bones. It was known that the door could be broken.

At this point, Ye Xuan returned to the outside.

"The bone king, in fact, can chase me through the door of the void, but he just watched me leave, it seems that it is impossible to bring it out with the eye of the void."

Ye Xuan said secretly.

If the bone king came to chase him, he could not ask for it. When he closed the door of the void directly, the bone king could not go back.

Unfortunately, the bone king does not seem so stupid.

If the bone king is forced to avoid the Shura ghosts, it is actually threatening Ye Xuan, but Ye Xuan still holds a back-end card in his hand, so he is not afraid.

Big deal, come again!

"Today's eternal warfare has been used, and will go to the bones for a while tomorrow!"

Ye Xuan finally took a way, that is soft hard foam!

As long as I can hurt a white bone door every day, it is earned. As time goes by, the bones will surely be bombarded by him.

"Yesterday, I have been positioning the void in that room, this time I can go straight!"

Ye Xuan's eyes glimpsed slightly, and then directly broke through the void, and then the three men were rushed in.

Now, he does not seek to break the door, only to leave a mark on the door of the bones.

After a fierce battle, Ye Xuan successfully left a scar on the door of the bones, and did not hesitate to do so.

Then they left again.

Although the bone king is strong, but Ye Xuan's goal is not to kill him, so there is no way for the bone king to stop.

Day after day, the bones of the bones were scarred, and finally on the tenth day, the door of the bones was bombarded.

"pass?"

Ye Xuan's eyes widened.

He was trapped in the ridge of the dragon, and it has been several months. Today, is it finally to leave this ghost place?

However, it seems that it is not so easy to rush out of the bones.

"Megatron, you go out!"

Ye Xuan immediately gave orders to Megatron.

After hearing this, Megatron instantly became a flying sword and then plunged toward the door of the bone.

As long as Megatron leaves, then Ye Xuan can directly leave the Dragon's Ridge through a special void positioning.

Chapter 1743: Magic weapon form, mysterious warfare armor!

"Hey!" "Hey!" "Hey!"

The bone king is still not ready to leave any one to leave, the back bones vibrate a few times, and there are countless bone nails erupting out, and the Megatron is shot into a sieve.

"The tree is old, Shura ghosts, drag it!"

Ye Xuan's heart is big.

"The grip of Huang Quan!"

"Kowloon Thunder Chain!"

Two restriction skills locked the bone king, taking advantage of this opportunity, Ye Xuan teleported a large distance, and then released Megatron.

"call out!"

Megatron took out the strength of breastfeeding, and finally rushed out of the door of the bones and escaped from birth.

The next moment, Ye Xuan opened a door to the void and quickly got in.

"Hey!"

The door of the void is closed.

Ye Xuan left the labyrinth of the keel, and Megatron also passed the door of the bones. As for the old tree and the Shura ghost, it was the war.

.....

"Where, Megatron finally left, I don't know if the bone king will chase it out..."

Ye Xuan took a breath.

The bone king can't chase after him. In fact, he has no threat to him. He doesn't chase the best, and he is not afraid of chasing.

"Hey!"

The door of the void was opened again, and the old tree and the Shura ghosts rushed in.

"Haha, the bone king really can't leave the keel maze."

The old man laughed.

During this time, he did not know how many times he died under the bone king. Now he saw the bone king standing at the exit of the keel maze, and immediately taunted.

Ye Xuan also saw the bone king, and at the same time glanced at them and found that they came out from the forehead of the keel.

"Three-eyed dragons, we are coming out of their third eye..."

Ye Xuan suddenly understood.

However, this is no longer important, after all, he has successfully left the keel maze.

"Hey, the host managed to escape the Dragon's ridge and complete the second ring of random random missions!"

"Hey, the system rewards Megatron to open the magic form!"

Two consecutive system prompts to sound.

"What, this serial random task is two rings?"

Ye Xuan was shocked.

Megatron originally had a flying sword shape and a flying boat shape, and now there is more magical form. What is this?

At the moment, Ye Xuan has just checked it and found that Megatron can transform into different magic weapons every day.

Today's magic weapon, called the Mysterious Warrior, not only has a strong defense, but also enhances the power of the wearer.

"If the host can kill the bone king in one day, the maximum amount of magic can be increased to three per day!"

At this time, the system suddenly prompted.

"In one day, kill the bone king?"

Ye Xuan brows a pick, how is this possible?

No, it is possible!

Megatron has now opened the magic weapon system. The current magic weapon is this mysterious warfare armor. If you let the Shura ghosts wear it, you may not be able to fight this bone king.

"Good, Megatron, magic form!"

Ye Xuan's eyes lit up.

The next moment, Megatron is transformed into a set of silver armor, and then directly placed on the Shura ghost.

After wearing the mysterious warrior armor, Shura Ghost Respect only feels that the power has been upgraded to a level, and the body has an endless power.

"The time for revenge is here, dry this bone!"

Ye Xuan screamed, and the Shura ghosts were killed.

Before, the nine-day Xuanxian level of Shura ghosts and the old trees and others could not defeat this bone king. Now there is a powerful magic weapon, and it should not be a problem.

Although the duration of the invincible soul has passed, the strength of the Shura ghosts has improved. In an instant, he has been killed in the keel maze.

"Boom!" "Boom!" "Boom!"

A loud noise, from the keel maze, even if the realm did not improve, the invincible soul has no effect, but at this time the Shura ghosts, but the five realms and bone king battle.

"The mysterious warrior armor, really powerful, even let the Shura ghosts who were originally killed by the bone king have the strength to fight with them."

Ye Xuan couldn't help but swallow.

"Haha, this magic weapon is really powerful, and the old man is going to join in the fun!"

The tree boss laughed a few times and then sneaked in.

As for Ye Xuan, I just stood outside and looked at it.

However, it must be said that the strength of this bone king is super strong, even if you have the Shurao ghost of the mysterious war armor, you can only fight with him.

This battle can be described as a shocking and screaming ghost, and it took a full day.

On this day, neither side has the upper hand, but now the bone king's attack has broken the defense of the mysterious war armor, so it is not hurting the Shura ghost.

Although the Shura ghosts can't be hurt, don't forget, the cooldown of the invincible soul is one day.

"Invincible battle soul cooldown recovery!"

When the system prompts the sound, the atmosphere of the Shura ghosts is skyrocketing.

Do not destroy the soul!

"Hey!"

A distinctive voice finally sounded in the keel maze. This king of bones was finally injured by the Shura ghosts who had been upgraded by three times the fighting power, and then there was no ability to resist, directly within ten rounds. It was smashed into bone residue.

"It's finally dead, it's really hard to clean up."

Ye Xuan sighed.

If this is not the battle of the soul, they may not be able to clean up this bone king.

But now, things are finally solved!

"Hey, Megatron's magical form has an upper limit of three!"

A system prompts to sound.

The magic weapon form, originally only one optional per day, has now been upgraded to three.

When the next leaf Xuan is to check it out.

The shape of the mysterious warrior armor, because Wei Zhentian still maintains, so did not disappear.

As long as Megatron becomes a flying sword form or a flying boat form, today it can no longer become a mysterious warrior.

At this time, there have been three new magic weapons, namely the Tianfeng Promise Fan, the Split Axe and the bundled Xiansuo.

"The wind is endless, and with a single fan, you can make a super strong wind and blow people away."

"Split axe, with powerful destructive power!"

"Bundles, once tied, will be difficult to break free!"

This is the three new magic forms that have emerged.

"Come on, try to become a split axe."

Ye Xuan immediately gave orders to Megatron.

Then, Megatron turned into a golden axe, and then was held by the Shura Ghost.

"Roar!"

The Shura ghost screamed and slammed into the ground.

"Hey!"

The indestructible keel maze broke out and the cracks stretched out to several kilometers.

"Good, good!"

Ye Xuan swallowed again.

The destructive power of this split axe is too great. You must know that you can only wear the keel maze when you wear the Shura ghost of the mysterious warrior.

Now, the Shura ghosts who have lost the power of the mythical armor, can be broken!

"Haha, magic weapon form, cow!"

Ye Xuan couldn't help but laugh a few times, once again let Megatron transform into a bundle of celestial.

Chapter 1744: Intentional

"Hey!" "Hey!" "Hey!"

The bundle of celestial cords that was made by Megatron, in the blink of an eye, entangled the sorcerer, and the latter was locked and could not move at all.

Then, the next step is the third magic weapon, the windless fan.

"The tree is old, you can try it."

Ye Xuan let the Shura ghosts hold the Tianfeng Promise fan, and then came outside the dragon's ridge.

"Calling!"

With the help of the Shura ghosts, a super strong wind swept out, and the tree was blown to the sky in an instant, and even Ye Xuan's insightful eyes could not be seen.

The old tree, only feels that his speed is weak, and he is flying at high speed, and there is a pain in his back. This shows that the speed is fast.

"It's so far, it's estimated that it will take an hour to fly back..."

Ye Xuan screamed.

The Shura Ghost Respect is just one, and the old tree is blown to a distant place. Even if the Kowloon Ben Lei Flash is used continuously, it is estimated that it will take an hour to come back.

However, Ye Xuan has a special position for the void, and directly opened the door to pick up the tree.

"The magic weapon form, it is really a cow to have no friends, Megatron is coming to split the axe, and the keel is completely removed, I have to collect it."

Ye Xuan said.

The next moment, Megatron once again became a split axe, and then the sword of the Shura ghosts began to destroy the keel of the three-eyed dragon.

The keel of this three-eyed dragon is so terrible that there are countless bones in the body, which makes the Shura ghosts dismantle for nearly half a month.

As soon as the keel was closed, the white mist quickly dissipated, and the people inside would never lose their way.

"This keel is absolutely enough for me to break through to the nine-day Xuan Xian."

Ye Xuan is very satisfied.

Now, not only did he escape the Dragon's Ridge, but he also took the entire keel, then he will begin to sneak into the Devil.

"Megatron, flying sword form, let's start on the road!"

Ye Xuan immediately issued an order.

Looking at his current position, the mixed king is in the north, so he is going to the north.

At this time, his realm is Liu Pin Luo Tian Xian, Shura Ghost and Megatron are all nine-day Xuan Xian, although this strength is not very strong, but in this area, it is top.

Out of the devil world, life is not familiar, so Ye Xuan must first understand this place.

He directly cleaned up a weaker force than the Dragon Hall and then gained intelligence.

"Now my position is the demon of the North Emperor, and the lord is a master of pure Yang..."

Ye Xuan's eyes are slightly stunned.

Pure Yang Zhenxian, but even stronger than the nine-day Xuanxian, but Ye Xuan is not an enemy of this day, the devil is the enemy, he just wants to find the little devil.

"The little devil, it seems to be the Mausoleum of Shura, and here is the territory of the Northern Emperor. It seems that it is not so easy to find the past!"

Thinking of this, Ye Xuan is slightly helpless, it seems that it is necessary to upgrade the level.

Anyway, here is the devil world, then he is also a bit unscrupulous to do it. In the next time, he directly cleaned up the surrounding forces, one is not left.

As for the people in these forces, all of them were received in the planting space.

"There have been several cleanups recently, and there are ten times more powerful than the Dragon Hall. It is finally a treasure."

Ye Xuan thought about it, and then directly swallowed the Tiancai Dibao that reduced the value of the magic, and zeroed the magic value.

Then he tried to break through again.

"The host breaks through, and it is currently the Seven Pinnacles of Heaven!"

"The breakthrough of the thunderstorm is currently a product of nine days of mysterious fairy!"

"The repair of the ghosts, the Megatron breakthrough, the realm of the two to nine days of Xuanxian!"

Now, Ye Xuan only feels that he is very helpless. Every time he breaks, he has to reduce his magic value, which greatly inhibits his breakthrough speed.

Otherwise, with his current net worth, I am afraid that it has broken through to the nine-day Xuanxian, right?

However, Ye Xuan's arrogant practice has also attracted the attention of the masters of the devil.

Ye Xuan is still on the road, but there is a team in the sky, coming to him.

These are all cultivators, and they have reached the realm of five products and nine heavens. They are three levels higher than the Shura ghosts.

However, this realm is not enough in Ye Xuan's eyes.

"Megatron, Tianjian signed!"

Ye Xuan looked at the group of people and said to Megatron in his heart.

The next moment, Megatron was the incarnation of nine Tianjian signs, and went away.

"Hey!" "Hey!" "Hey!"

The wind whistling, the formation of this group of demons was instantly disrupted, and even some people were killed by nine days.

After a few seconds, the group of demons all fell, including the five-product nine-day Xuan Xian.

In the face of this group of demons, Megatron only turned into a magic weapon, and killed all of them. This magic weapon is really powerful.

Then, Ye Xuan swiftly swept the past and took it away.

Enter the magic value and return to zero again.

"Hey, the host breaks through, and the realm is now upgraded to eight Pin Luo Tian Shangxian!"

"Hey, the breakthrough of the thunderfire, the current is the second product nine days Xuanxian!"

"Hey, Shura ghosts, Megatron breakthrough, the realm of the three-day nine-day Xuanxian!"

Now, Ye Xuan does not want to break through continuously, so every time he breaks through, the Tianmu Dibao needed to reduce the value of the magic is even more precious, so he plans to reduce the magic value to zero after each breakthrough.

"carry on!"

Ye Xuan said nothing, let Wei Zhentian turn into a pair of rising fairy clouds, and then wear it on the feet.

This is the first time that Ye Xuan has encountered it, and the speed of flying is much faster than that of Feijian.

Although there is a limit on the value of the magic, but Ye Xuan is now in the devil world, there is no scruples.

Every force in the Devil is very cruel, and the family often kills each other and then leaves the strong, which is quite different from the Xiuxian School.

Therefore, Ye Xuan is where to go, where to kill!

If you are dealing with those small sects, the Shura Ghosts directly open the Shura ghosts, you can destroy them.

As for the big sect, the strength of Shura Ghost and Megatron, as long as they are not pure masters of pure yang, should be able to cope.

However, Ye Xuan's move has already attracted the attention of the demon leader.

"Are there another team of cultivators?"

Ye Xuan's eyes are slightly stunned.

However, the strength of this team of demons is beyond his imagination.

Among the five people, four are eight-piece nine-day Xuanxian, and the ones that lead are nine products and nine-day Xuanxian. They are all wearing standard armor and are very powerful.

"There was a hard idea. However, today Megatron has become a mysterious warrior, but I am afraid that you will not be?"

Ye Xuan's light flashed, and immediately made Megatron become a mysterious warrior, set on the Shura ghost.

Although the Shura Ghost Respect is only a three-product nine-day Xuan Xian, but with the mysterious war armor, the strength has improved a lot.

Chapter 1745: Breakthrough, nine days Xuan Xian!

"kill!"

Under the command of Ye Xuan, the Shura ghosts were in a shape and directly killed the past.

The group of cultivators also know that among the group of Ye Xuan, the Shura ghosts are the strongest, so they pay attention to him.

"Go to one and kill the rest!"

The leading nine-nine-nine-day Xuan Xian angered.

Hearing this, Ye Xuan's eyes slammed into the void and rushed into it.

Just kidding, he is only eight Pinnacles, but even the worst of the other, he is a higher realm than him. Is this still a wool?

Ye Xuan left, Shura Ghost is directly under siege by five people, but what is surprising is that the defensive power of Xuan Shen's armor is beyond imagination, and the other four eight-nine-day Xuan Xian can't break its defense, only the one who takes the lead. Jiu Pin Xuan Xian can hurt the mysterious war armor.

But don't forget!

Megatron and Ye Xuan shared the blood of the undead phoenix, and the resilience was amazing. The mysterious warfare armor was just injured and immediately recovered.

In short, this group of people can't help Shura ghosts.

However, Shura Ghost has always been hiding strength, he is waiting for an opportunity.

"Mix things, try me this trick!"

A sorcerer, holding a sharp dagger, takes the heart of the Shura ghost.

However, it is at this time.

"Do not destroy the soul!"

In an instant, the Shura ghosts are soaring, and the chest opens with a huge eye.

"Calling!"

Suddenly, the wind whistling, only to hear a crisp sound spread, Shura ghosts gave a slash to the two demons, including the magic.

He died, and countless deaths poured into the eyes of Shura.

The people have not yet reacted, and the eyes of Shura, the Shura ghost, are awkward.

"The Eye of Shura, Shurao Light!"

"boom!"

A black light column instantly shot the second eight-piece nine-day Xuan Xian.

Then, the eyes of Shura are once again.

The second Shura Shenguang suddenly exploded!

"Flash!"

At this time, the talents reacted.

This second Shura Shenguang, although not lost, did not blow the other party's magic, so it was a waste.

In this way, Shura Ghost can no longer use Shura.

At the moment, when the Shura ghosts are screaming at each other's jealousy, they will take away the shackles of the people who were killed by him, and then disappear instantly.

"What, man?"

Everyone was surprised and turned around and saw that Ye Xuan's empty door was closed.

It turned out that Ye Xuan returned from the battle and received the cultivation space from the Shura ghost.

This time, although I only earned a Qiankun ring, it is already very good.

Under the siege of five people, Xiu Luo Gui Zun killed one person with an unexpected sneak attack, and then, between the other side, used the Shura Shengguang to kill the second person.

However, after the other party has reacted, even if he has opened the invincible soul, I am afraid that it will not help the other side, it is better to receive it.

After all, if you continue to fight, it is very likely that you will not even get a ring.

"Hey, it's not that easy to kill me."

Ye Xuan opened his mouth and smiled, and said something in his heart.

Now he has got a nine-piece nine-day Xuanxian ring, but there are a lot of good things inside.

"The host's magic value is zero!"

"The host breakthrough, currently the nine products Luo Tianshangxian!"

"The breakthrough of the thunderstorm, the realm is promoted to three products nine days Xuanxian!"

"The repair of the ghosts, the Megatron breakthrough, the current four products nine days Xuanxian!"

However, this is not over yet.

"The host's magic value is zero!"

"The host breakthrough, currently a product of nine days Xuan Xian!"

"The breakthrough of the thunderfire, the current four products nine days Xuanxian!"

"The repair of the ghosts, the Megatron breakthrough, the current realm is five products and nine days of Xuanxian!"

In an instant, Ye Xuan's realm soared twice, and finally broke through to nine days of Xuan Xian.

At this time, the invincible soul of the Shura ghosts is still there.

"Up, destroy them!"

At the moment, Ye Xuan once again broke the void and returned to the place where he was.

Five products and nine days of Xuan Xian, dealing with two eight products and nine days of Xuan Xian and a nine-piece nine-day Xuan Xian, should not be a problem.

Don't forget, the Shura Ghost is still wearing a set of mysterious warfare.

"What, five products, nine days, Xuan Xian?"

The three men were shocked.

This is only a second of the time, the Shura Ghost Respect has actually broken from the three products and nine days of Xuan Xian, to the five-product nine-day Xuan Xian, how is this possible?

Not waiting for them to react, the Shura ghosts once again killed the past.

This time, these several demons are not opponents at all. Two eight-piece nine-day Xuan Xian were spiked. The nine-category Xuan Xian did not support three rounds and eventually fell.

"The host's kill value is improved!"

"The host's kill value is improved!"

In an instant, Ye Xuan won the battle and won four more ring.

"The host's magic value is zero!"

"Host breakthrough, currently two products nine days Xuanxian!"

"The breakthrough of the thunderstorm, the realm of the realm to five products nine days Xuanxian!"

"The repair of the ghosts, the Megatron breakthrough, the current realm is six products and nine days of Xuanxian!"

"The host's magic value is zero!"

After the previous experience, it broke through three times in a short period of time, and each time you break through, you must return the magic value to zero before you can continue to break through.

Today, Ye Xuan jumped three levels, the breakthrough magic value reached only 90 points, and then he was instantly returned to zero.

But then, he can't continue to upgrade, because the next breakthrough will definitely exceed one hundred or even two hundred.

If you want to break through again, you will have at least ten days and a half, so it is safer.

"These five people should be the guards of the lord of the demon. It seems that I was the attention of the lord of the devil."

At this time, Ye Xuan suddenly thought of this, because he found some proof of identity in the five-person ring.

But what about that?

The demon led the lord, the legend is a pure yang, but even the nine days of Xuan Xian are dead under the Shura ghosts, a pure Yang Zhenxian, is not so threatening.

However, Ye Xuan did not dare to take it lightly, because he heard that this day the devil led the lord, not the magician, but the real demon.

"No matter what, first find a place, retreat for ten days and a half."

Ye Xuan shook his head, no longer worrying about it, and turned around and left.

Anyway, he has come to the devil world, and at the current stage he has nothing to do with the time, so don't hurry, just come. Therefore, he decided to find a place first, and then avoid the limelight.

Although it can be said that there is no waste in ten days, if he returns to the battle after ten days, he may be able to break through continuously. Now, the upgrade is so easy.

Chapter 1746: The demon leads the lord!

Fang Cai, Ye Xuan broke through in a short time, then killed back, hit the other party unprepared.

However, just as he retired on the sixth day, he suddenly felt a strong sense of oppression.

"Nine products nine days Xuan Xian? No, it is pure Yang Zhenxian!"

Ye Xuan brows a pick.

He felt that the East had swept a stronger atmosphere than the nine-day and nine-day Xuan Xian.

Pure Yang Zhenxian level of the magician!

"The devil leads the lord?"

Ye Xuan suddenly understood, his body trembled, and quickly summoned the Shura ghosts.

It happens that today, Megatron's three magic weapons pre-selection, there is the mysterious warfare armor, which makes Ye Xuan slightly relieved.

"The Shura ghosts will go out and will go out for a while and lead the lord!"

Ye Xuan let Wei Zhentian become the armor of the mysterious god, set on the Shura ghosts.

Six products, nine days, Xuan Xian's Shura ghosts, plus the mysterious warrior armor, even if it is against the pure Yang Zhenxian level of the demons?

When they went out, they found a black figure standing in the air, but when Ye Xuan saw the face of the person, his body could not help but tremble.

This pure Yang Zhenxian, turned out to be a little girl in a black dress, looks like a 12-year-old.

However, this little girl had her wings and her cold eyes swept over Ye Xuan, letting the latter cool.

She, is the demon leader?

"I heard that the demon lord is not a cultivator, but a real demon, or the top ethnic demon in the devil..."

Ye Xuan said secretly.

At this time, the little girl spoke up: "Is it you, what is it in my territory?"

In the face of this problem, Ye Xuan did not answer, but asked in reverse: "You are the lord of the devil?"

"Yes, this seat is the lord of the devil!" The little girl should answer.

"In this case, there is no need to say more, I will not be like you because of you." Ye Xuan slowly said.

"I also have this intention, but you are a good beast, I will leave him a life." The demon collar lord snorted.

"Look at your skills!"

Ye Xuan's light flashes.

The next moment, the Shura ghosts moved, and directly turned into a streamer to the lord of the demon.

Five products and nine days of Xuan Xian, the battle of a product of pure Yang Zhenxian, the difference between the five realms.

Although there is an increase in the armor of the mysterious god, but Ye Xuan is not sure, after all, this day the demon leader is the Mozu, not the demon.

The people of the Mozu are born to be stronger than the Demon, so this battle is not easy.

"Boom!" "Boom!" "Boom!"

In the sky, there was a direct bang, and the Shura Ghosts had already played against the lord of this day.

Now Megatron is also a five-product nine-day Xuanxian level, the transformation of the mysterious warfare armor, the defensive power is even stronger than the flying boat form.

However, such a strong defense force is in jeopardy in front of the lord of this day.

The demon led the lord, and even his own weapons were not sacrificed. The pair of pink fists alone would be able to crack the mysterious warfare, but Megatron had the blood of the gods and died, and soon recovered.

"Oh? This set of fairy tools is not bad." The demon leader led the thoughtful look, she did not know that this is Megatron.

However, she saw that the Shura ghost is the fairy of Ye Xuan, so the thief first smashed the king.

"call out!"

In an instant, the demon leader is to avoid the Shura ghosts, and then dive.

"The grip of Huang Quan!"

Shura Ghosts quickly reached out, but Huang Quan's grip was not very effective for this day's demon lord, only to slow down some speed.

The realm of the lord led the lord, but it was eight more than Ye Xuan, and the strength was huge. Fortunately, Ye Xuan had prepared, and he flashed to the end of the horizon, and then broke open the void.

"go!"

Ye Xuan got in and left only the Shura Ghost and Megatron.

"There is still such a means, but it is powerful, but it is not so easy to escape from the palm of my hand!"

The demon collar leader snorted in the heart, swiftly swept in one direction, and she with the demon wing, if it was full speed, it would be better than the three-product pure yang.

However, if Ye Xuan wants to leave, he will not be able to stop it unless he has previously placed a lock-up.

"That little girl, flying towards me, the speed is really fast."

Ye Xuan hit a chill, this speed, even the shape of Feijian is not enough.

Don't talk about the shape of the flying sword, even if it is a rising fairy, you may not be able to catch up!

Ye Xuan estimated that the head of the skull could kill him in the middle of the day, but unfortunately, now he wants to use the eye of the void, and with the eye of the void, it is impossible to catch up.

After half a day, Ye Xuan felt it and found that the girl was very close to him, so she quickly broke through the void and returned to the place where the previous battle was.

"What, go back?"

The demon leader is very surprised and hurries to turn around.

She does not believe that Ye Xuan can continue to use, and in order to conquer the Shura ghosts, she will be willing to pursue a hundred years.

However, Ye Xuan did not want to fight her at all, but only used the eye of the void to delay the time.

The demon leader led the lord to the road for a long time, and Ye Xuan left the plane again, and each position was different, which made the devil lead the teeth to gnash their teeth.

In ten days, she had been chasing for ten days, and there was no gain. Time was spent on the road.

However, after ten days, Ye Xuan's cooling of the magic value has been almost restored. Although it is only possible to break through twice in a row, it is enough to deal with the lord of the day.

"Hey, the host breaks through, and it is currently a three-product nine-day Xuanxian! Hey, the host breaks through, and is currently a four-product nine-day Xuanxian!"

"Hey, the thunderstorm breaks through, the realm is upgraded to six products and nine days of Xuanxian! Hey, the thunderstorm breaks through, and the realm is upgraded to seven products and nine days of Xuanxian!"

"Hey, Shura ghosts, Megatron breakthrough, the current is seven products nine days Xuanxian! Hey, Shura ghosts, Megatron breakthrough, currently eight products nine days Xuanxian!"

At that time, the realm of Ye Xuan and the old three of the tree was raised by two levels. With the current realm, they are not afraid of the demon leading the lord.

"She is also rushing, and when she arrives, she will shoot her directly!"

Ye Xuan gave orders to the tree and the Shura ghosts.

This day, the devil leads the lord. It doesn't matter if he kills or kills it, but Ye Xuan's realm is low. It is estimated that it will take a long time to search for the soul, so Ye Xuan decided not to kill.

Instead of this, it is better to catch the planting space and ask how you can quickly find the little devil. Be aware that the flow rate in the planting space is so slow that he does not believe that the other party will not yield.

Soon, the small body of the demon collar lord appeared in front of Ye Xuan.

"Ok?"

The demon led the Lord's brow to pick and feel the change of the Shura ghosts in the breath.

Chapter 1747: captive

Six products and nine days of Xuan Xian, in just ten days, actually broke through to eight products and nine days of Xuan Xian!

It's incredible!

Not waiting for the demon to lead the Lord to react, the Shura ghosts directly killed the past.

On that day, he was only six products and nine days of Xuan Xian. Although he could not touch the lord of the demon, the lord of the demon did not hurt him.

Nowadays, Megatron also followed the breakthrough to the eight-product nine-day Xuan Xian, the state of the mysterious warrior, the demon collar lord could not break its defense.

"The devil is big, the magic is broken!"

The demon lord felt the extraordinariness of the Shura ghosts, and immediately made a housekeeping skill.

A black fist shadow, directly bombarded on the armor of the mysterious god, but this time, the mysterious war armor actually did not have any scars.

hiss!

The demon leader took a breath of cold air, and on that day she could beat the mysterious warrior with a fist.

Today, she used a trick, but she still can't hurt her. How is this possible?

At this time, Shura Ghosts suddenly came out and found an invisible force to wrap the Lord of the Devil.

Huang Quan's grip!

However, the demon leader is not a vegetarian. This Huang Quan's grip is strong, but it is not up to her level.

But what if you add a Kowloon Thunder chain?

"Hey!" "Hey!" "Hey!"

The Kowloon Thunder chain, the tree that was suddenly appeared, was thrown out.

Although the old tree is only a seven-piece nine-day Xuanxian, it has a lower level than Megatron and Shurao, but he also has the strength to fight with Chunyang.

"It's not that easy to trap me!"

The demon led the Lord to spread the wings and quickly avoided.

It's a pity that Huang Quan's grip and the Kowloon Thunder chain are all paving the way. Ye Xuan's real killing trick is behind.

"Megatron, bundled with celestial ropes!"

After getting the order of Ye Xuan, Megatron instantly transformed into a long golden chain, directly plucked to the body of the demon collar, and then immediately tied it.

Binding the sorcerer's magic weapon, once the other party is locked, the other party can no longer use Xianli, even if it is pure Yang Zhenxian.

"how is this possible?"

The demon leader was shocked.

A set of armor, how suddenly became such a magic weapon, so that the magic of her body can not be used.

"Hey, little girl, you are too tender!"

A wretched voice fell into the ears of the lord of the demon. At this time, I saw only the face of Ye Xuan sneaked and smacked the past, and accepted the former.

"Forcibly swallowed!"

After picking up the Qiankun Ring, Ye Xuan quickly used forced engulfment. Although there were several differences, Ye Xuan had a lucky value of nine points, and the effect was doubled in the lucky nine state, which is equivalent to the 18-point lucky value. .

This time, forced swallowing turned out to be successful!

"Hey, I didn't think that luck was over!"

When Ye Xuan saw that the demon leader had disappeared, it was immediately moved. He just subconsciously used forced engulfing. He did not expect success.

Now, the lord of the pure sacred level of the pure sacred lord, became the fish on the knife board, let Ye Xuan slaughter.

"What is this place?"

The demon collar lord trapped in the planting space made an exclamation.

"This is my space. Here, you can be left to the ground."

Ye Xuanyi opened his mouth and smiled.

"Hey, even if I get here, what can you do, can you kill me?"

The demon collar led the Lord to cold.

"Or, let's try?"

Ye Xuan brows a pick. Although he doesn't know how old the lord of this day is, he must be much older than him. Although he seems to be only twelve years old, he may have been a super old monster who has lived for a million years. ?

Therefore, he will not pity the jade, let alone the other is a demon!

"The Shura ghosts, cut her wings!"

Ye Xuan gave an order to the Shura ghosts who returned to the planting space.

The Shura ghost is a fairy, and he does not know how to pity the jade. He only obeys Ye Xuan's orders.

After hearing Ye Xuan's words, he immediately lifted his knife and suddenly squatted.

However, unexpected things have happened.

The eight-day nine-day Xuan Xian's Shura ghosts should have the strength to injure the lord of the demon, but this knife was blocked by the lord of the demon.

Moreover, there is no difficulty!

"You are too naive, do you know who I am?" The demon leader took a look at the big knife and revealed a very disdainful look.

"Not a lord." Ye Xuan replied casually.

"Ha ha....."

The demon leader led the innocent smile and said: "My realm is the lowest among all the lords, but why can I manage the demon collar without being killed by other lords? Do you know why?"

Upon hearing this, Ye Xuan's figure trembled and said: "There was a background, but how about it, now you are my prisoner."

"The prisoner is in the order, anyway, you can't hurt me. I have a magic weapon on my body. Even if your strength is improved by a million times, it will not hurt me." The demon leader led the way.

"10,000 times?"

Ye Xuan couldn't help but swallow the swallow. He quickly looked at it and found that the demon collar led the skin surface. It was really strange.

"Don't say that you have four products for nine days, even if you reach the king of Xian, you can't break open, give up. Now I am missing, I think my father will find me soon, and you will receive it." The leader led.

"Xian Wang?"

After hearing this, Ye Xuan's brow was picked and his face looked strange.

He is now a nine-day Xuan Xian, followed by Chun Yang Zhen Xian, Tai Yi to Xian, and then Xian Jun.

And the fairy king is a higher level than Xianjun!

Unexpectedly, this little girl had such a background, it seems that his father is at least the devil level.

"Cut, wait for my realm to break through and control you, this magic weapon is mine!"

Ye Xuan's eyes lit up.

If the devil's level of the magic device, if he is owned by him, he will be able to go sideways in the future.

"Your immortal, I heard that there is a fairy control that controls people's minds. I advise you to give up. This magic weapon is called the Heavenly Magic. It is not only defensive, but also able to withstand the soul attack. Even the Devil can control me. "

The demon leader led the disdain and continued to say: "More, my body is a demon, even if there is no magic, you can't control me."

The devil, but with the level of the demon, I did not expect this \*\*\*\* to be refined.

"What is this gimmick?" Ye Xuan couldn't guess. After all, the little devil of the world did not refine it into a demon, but this gimmick actually had.

It seems that he is hit hard!

The background of this girl has exceeded his imagination, so he must leave the Tiangao collar as soon as possible, and maybe he will return to the fairy world.

Chapter 1748: So clever!

The existence of the Devil's level is not something he can handle now. I am afraid that it will be enough to kill him 100 million times.

At this time, the demon lord suddenly spoke up again. "I still let me know, I see it on the face of the purple magic, let you have a horse!"

"Oh? Purple magic?"

Ye Xuan was shocked and said: "Why would you look at me on the face of Ziji Magic?"

"The repairer of the Shura Emperor's sorcerer's sorcerer's sorcerer's sorcerer is the purple magician, and he has cultivated the purple magical spirit. He wants to come from the mixed king."

The demon leader led his eyes and fell on the old tree. He said, "I know the lord of the mixed king, so I look at his face and spare you a life!"

"Mixed king collar?"

When I heard the name, Ye Xuan suddenly thought of a person, that is, the little devil.

Moreover, the mixed world demon king happens to be the emperor of Shura, and it is hard to be...

"The lord of the mixed king, is the little devil of the world?" Ye Xuan asked strangely.

"nonsense!"

The demon leader led the white eye.

This answer surprised Ye Xuan.

Unexpectedly, the little girl he had kidnapped actually knew the little devil.

In this case, it is simple!

"Do you know the little devil in the world?" Ye Xuan subconsciously asked again.

"How about knowing, what do you want to do?" The demon leader took a look at Ye Xuan.

This is not a secret, so it is fine to say it.

"Occasionally, I am also looking for him. If you tell me how to find him quickly, I will let you go, how?" Ye Xuan suddenly revealed a harmless appearance of humans and animals.

Now, it's the turn of the demon to lead the Lord. "Do you know the little devil?"

"Know, he asked me to come to the Devils to find him." Ye Xuan nodded.

"A serious saying, even if it is Xianjun, he will not be in the eyes, how can you know him in a nine-day Xuan Xian?" The demon leader is obviously not convinced.

Ye Xuan and the mixed world demon king, the realm of the difference is so big, this is like a monk said to know the emperor, how is this possible?

"I am not letting you believe, I am just making a deal with you. As long as you take me to find him, I will let you go!" Ye Xuan looked cold.

"Cut, I don't believe it, unless you can name him, I will take you to him." The demon led the way.

"Name, this is simple, he seems to call it?"

Ye Xuan brows a pick, recalling the situation of the day, the mixed world devil, really told his name.

However, this name is rarely known in the devil world. Ye Xuan actually knows that this is to scare the lord of the demon.

"Do you really know him? How is it possible?" The demon leader was shocked.

The name of Qu Xu, only some people know that Ye Xuan can't be blind.

"My name tells you, how do you want to confirm, waiting for you to take me to find him, things are not out of the water?" Ye Xuandao.

"In my ring, there is a magic spar that can communicate with him." The demon led the main road.

Upon hearing this, Ye Xuan immediately found all the magic spar, and then the demon led the lord to find one, and tried it.

"No echo?"

The demon leader is somewhat surprised. "It is estimated that he is retreating. He has just returned soon."

"If this is the case, then take me to find him!" Ye Xuan was slightly disappointed.

"Okay, but you have to go to the North Emperor." The devil leads the way.

"North... North Emperor's collar?" Ye Xuan was a bit stunned.

The Northern Emperor's collar, which is the territory of the Northern Emperor, and the road is far away, how long does it take?

"My father is the North Emperor, how, fear?" The demon led the Lord.

"The trough?"

Upon hearing this, Ye Xuan's urine was almost scared. The pure lord of the true celestial celestial lord turned out to be the daughter of the Northern Emperor.

North Emperor, that is the devil!

"Hey, the father of the mixed king, the demon king is my father's great general. If you are a friend of the mixed king, you can find the devil." The devil leads the main road.

"Floating the Devil, in this case, how did the mixed-race little demon go to the Shura Huangzhu?" Ye Xuan asked inexplicably.

The demon collar lord reluctantly said: "The two fathers and sons have a big fight and ran away. In addition, the mixed king is my brother-in-law!"

"hiss!"

Ye Xuan took a breath of cold air, but he did not expect that this little girl who was kidnapped was the little nephew of the mixed world.

Fang Cai, he still wants to cut down the wings of this girl. It is really a big water rushing to the Dragon King Temple.

However, if the devil leads the lord, Ye Xuan has no research, so he only believes in half.

"Northern Emperor's collar, the road is far away, how long will it take in the past?" Ye Xuan asked.

"With your cultivation, if you don't encounter danger on the road, it is estimated that it will take 100,000 years, but I can ask someone to pick it up. Do you dare?"

The demon collar lord suddenly smiled.

"Don't dare!"

Ye Xuan immediately answered one sentence.

This little girl is the niece of the North Emperor, the one who picks her up, and the little one is also the demon.

He is only a nine-day Xuan Xian, in front of the demon is like an ant, when he happens, he can't run.

"I still have to hurry."

Ye Xuan swallowed it.

"Or, you can go to the rain king collar first, that is the site of my sister's northern misty rain. When you get there, you can just inquire about it. My sister and the mixed little devil have a marriage contract."  
The demon led the main road.

"Hua Yu Wang Ling?"

According to the map of the little girl in the ring, the leaf found the flower rain king collar and found that it was much closer than the North Emperor.

However, this is also a king, the lord is the devil level, I am afraid it is not so easy to pass.

"But, anyway, I can continue to break through, just give me time to grow up, it is estimated that it will not last long."

Ye Xuan's eyes are slightly stunned.

Now, he kidnapped the little daughter of the Northern Emperor. Although the things in the Qiankun ring did not meet this identity, it was enough for him to break through to Chunyang.

He estimated that after a month or two, he could break through to pure Yang.

In order to be on the safe side, Ye Xuan still decided to retreat first, after all, he only four products nine days Xuan Xian.

This time, the retreat was closed for a month. After one month, Ye Xuan went out.

At this time, his realm has been from the four products and nine days of Xuan Xian, to the nine products and nine days of Xuan Xian, while the Shura Ghost and Megatron, but also broke through the three products of pure Yang true immortal level, even the tree is also the second product Pure Yang Zhenxian.

Now they are fighting, and it is not a problem to leave this ordinary territory.

However, Ye Xuan does not want to go directly to the flower king, so naturally it is necessary to rob the past.

Chapter 1749: Disaster relief

"Hey, you are in this realm. Why do you still have to do something in my territory?" The demon leader led the North Ming smoked a little unhappy.

"Is it wrong? The fairy devil is not standing. I am a cultivator. If I don't open the killing ring, it will give you a face." Ye Xuan said coldly.

At this time, he had already copied the house of the North-smelling house to the sky.

"The person who tied me, and also grabbed my things, you really shameless. Since you need it, then you should go to fly sand collar first, grab a power there, and get me a gods." Smoked the road.

"Feisha collar, why go there?" Ye Xuan asked curiously.

"Feisha led the lord, although I know my identity, but every time I look at my eyes are not right, I want you to dig his eyes, it is best to kill him!" North smog.

Hearing this, Ye Xuan couldn't help but feel sad for the leader of the flying sand. Knowing the identity of Beiming, he even dared to look at it. It was just that he did not know how to live and die.

"Cheng, I am going to kill him."

Ye Xuan agreed.

Take people's money, for people to fight disasters, although he was directly robbed of the North Ming smoked, but the North Ming smoked is also a small nephew of the mixed world, this busy still has to help.

Of course, the most important thing is that this flying sand collar lord is a six-product pure yang, and it is not a problem to kill him.

Soon, Ye Xuan left the Tiangao collar and swept all the way.

The forces on the way could not stop his footsteps, and all of them were wiped out.

However, now Ye Xuan's realm has reached nine products and nine days of Xuan Xian, only one step will step into the pure Yang Zhenxian, the required treasures of heaven and earth can be quite a lot.

After spending a few days, Ye Xuan crossed several territories and then came to the Feisha collar.

Although the flying sand collar lord is a master of the six-product pure Yang Zhenxian, but Ye Xuan did not directly kill his main city, but began to smash.

Moreover, in the past, the grass is not born, there is no living person, and all are received in the planting space.

These forces, families, etc. disappeared out of thin air, making other people in Feisha collar feel weird, but also passed into the sand-sand collar of the flying sand collar.

However, at this time, Ye Xuan has collected a large number of Tiandi Dibao, will return the magic value to zero, and killed the Feisha leader.

"Hey, the host breaks through, and it's a pure Yang immortal!"

"Hey, the breakthrough of the thunderfire, the current realm is four products pure Yangzhen!"

"Hey, Shura ghosts, Megatron breakthrough, the realm is upgraded to Wupin Chunyang true fairy!"

The system prompts the sound, and the realm of Ye Xuan and others has skyrocketed.

"A strong breath!"

The sand-sand collar leader Sha Fei sensed the breath of the Shura ghosts, and immediately rushed out of the lord's house.

I saw that a few figures stood in the void, one of which was the one he knew.

"Little princess?"

Satay recognized it at a glance.

A product of pure Yang immortality of North Ming smoked, was released by Ye Xuan, at this time is standing opposite to Shaying.

"Old guy, today is your death, kill!" North Ming smoked no nonsense, directly snorted.

In an instant, the Shura ghosts are killing the past, and the right hand is on the way, and an invisible force envelopes the sand.

"The grip of Huang Quan!"

The first section of Huang Quan's grip restricts the sand raft, while the second section of Huang Quan's grip directly blows the body of the sand shovel.

"Hey!"

The whole person of the sand blast exploded and flesh and blood flew.

This satay is not a demon, but a cultivator, but his physique is also very amazing, but he can't be killed by a Shura ghost who is lower than him.

When a person dies, then the lord's house is the leader of the group, and is directly squandered by Ye Xuan.

However, the news that the demon leader led the place in this place was also passed down. After all, some people have communication magic spar.

"Okay, die one, continue."

North Ming smoked the body of the sand scorpion and slowly said.

"Continue? How many kills do you have?" Ye Xuan rolled his eyes.

"A lot, anyway, these lords will die, and soon there will be new lords. It is better to solve them all."

"My current strength, I am afraid I can't go to the flower king, anyway, I have to upgrade my strength."

In the heart of Ye Xuan's thoughts, he nodded and said, "Okay, then I will help you solve those people!"

At the moment, they are leaving again.

In fact, he also found some things in the ring of some people, and he secretly searched the soul, but confirmed the identity of the North.

North Ming smoked sister North Minghua rain, but also has a marriage contract with the mixed world of the little devil, but not married.

Because of this, Ye Xuan was relieved of the North.

In the following period, Ye Xuan again robbed all the land around the Feisha collar.

A month later, his realm has reached the five-pure pure yang, as for the Megatron and the Shura Ghost, and it has reached the nine-pure pure yang, only one step, you can reach Taiyi. Fairy.

After Taiyi to Xian, it was Xianjun. At that time, Ye Xuan decided to go to the flower rain king collar.

However, just as he was about to continue the looting, there was suddenly a black team to kill.

This team has a total of three people, but the strength is beyond the imagination of Ye Xuan. All three of them are the sorcerers of the Taiyi to Xianxian level.

"No, the lords I killed, the strength has not reached Taiyi to Xian, will not come to such a powerful person?"

Ye Xuan brows a pick and feels something wrong.

Such a powerful cultivator should be in a stronger place, how can he come to the backcountry?

There are countless territories in the devil world, and there are also grades. The lord is the pure land, the lord is the subordinate land, the lord is the prince to the immortal, the lord is the intermediate territory, and the lord is the lord, the lord is the devil, That is called the king collar.

The sorcerer of the Taiyi to Xianxian level is usually mixed in the intermediate territory. How can he go to the lower-level territory?

The most important thing is that the three people are very strange and they are coming directly to Ye Xuan.

"Because I am a cultivator? Impossible, I am only a five-pure pure yang, even if it is a cultivator, you can kill a pure sacred singer if you make a single blow..."

Thinking of this, Ye Xuan will understand.

These three Taiyi to Immortals, I am afraid to come and chase him, because he has recently been too popular.

Or, there are other reasons!

"Strange, what about the North?"

The head of a sorcerer whispered, his face was very strange.

Ye Xuan, he recognized it, but did not see the North Ming Emperor's little daughter Bei Ming smoked.

"No matter, kill him to search for the soul!"

The other person said nothing, and the pair of magic wings swept past Ye Xuan.

Chapter 1750: Magic killer

The three are all three products from Taiyi to Xian, and the strength is not weak.

However, this is not worth mentioning in front of Shura's ghosts.

But this time, Ye Xuan does not want to let the Shura ghosts take the shot, Megatron should be enough.

"Megatron, judged!"

Under Ye Xuan's order, Megatron made a huge brush directly, and then quickly wrote a word in the air.

Judging the official pen, one word is judged to die!

When the last stroke of the word was written, I saw only three of the three products, Taiyi and Xian, all of them trembled, and then the magic was broken.

Lost the dominant body and fell from the sky.

This judgment is very small, but the power is huge, that is, it has the effect of killing one shot.

However, this does not require an attack on the other party, as long as the other party is in Ye Xuan's field of vision. Moreover, the chance of a hit and a kill is also linked to the lucky value.

The most important thing is that Megatron is four times higher than Ye Xuan, so the probability of this kill will be very high, thus killing these three Taiyi to Xian.

"Hey, Megatron, your magic weapon system is terrible."

Ye Xuan couldn't help but sigh, quickly swept the past, took the three bodies of the corpse, and then the body was thrown into the planting space.

"Hey, where are you from these three bodies?"

In the planting space, Bei Ming smoked strangely.

"Just killed, still hot, do you want to eat?" Ye Xuan said casually.

"Hey, I am a demon, not a demon, what kind of body?"

Bei Ming smoked and yelled, said: "The three are the devils."

"What happened to the devil?" Ye Xuan asked strangely.

"The murderer, the natural killer, has a high task completion rate, but it shouldn't be in the vicinity."

Bei Ming smoked and thought, said: "I know, it should be that the news that I am with you has leaked the wind, killing the emperor to kill me."

"Devil kills the emperor?" Ye Xuan muttered: "Your father's enemy?"

"Well, the reason why they only send people of this level is afraid of being discovered. It seems that they are eyeing you. You should be careful."

After the northern smog was finished, suddenly there was a sly smile. She had a magical armor on her body. Even if the devil came, it would not hurt him. Moreover, the master of the devil level is unlikely to descend to the North Emperor, so She is not dangerous.

"Reassured, I am not so easy to die." Ye Xuan replied.

"When you die, remember to give this piece of fairy to me." North Ming smoked reminded.

The piece of fairy in her mouth refers to the planting space of Ye Xuan. She thought she was received by a certain fairy.

The flow rate reached 400, and within a year, the outside world was only one day.

It has only been cultivated for more than 3,000 years, and if the outside world has passed the past seven thousand years, then she is equivalent to practicing for nearly three million years.

At that time, she must be able to surpass the Emperor and achieve the Devil!

Although the life expectancy of immortals is terrible, the world's pattern is changeable, and the speed of cultivation can be accelerated by four hundred times. You can swallow other territories and make yourself stronger.

If she can, she would rather take out ten pieces of the magical armor and exchange the fairy.

Unfortunately, Ye Xuan said many times, the planting space is not a fairy, and North Ming smoked still does not believe.

After solving the three devils, Ye Xuan continued to hurry.

However, soon there will be new devils coming.

"This time, it turned out to be a five-product Taiyi to Xian?" Ye Xuan was shocked.

Before he killed, it was three tri-products, Taiyi and Xian. However, this time, it turned out to be Wupin Taiyi to Xian.

Strength, directly increased by ten times!

"Megatron, judged!"

Ye Xuan immediately shouted.

The probability of judging the official pen has nothing to do with the number of people, only related to the realm.

Now Megatron is a nine-pure pure yang, which is different from the other five realms. Therefore, this time, the judgement was unsuccessful.

Seeing that the judge's pen was unsuccessful, Megatron changed quickly, this time with nine days.

"The Shura ghosts, the trees are old, you are also on!" Ye Xuan immediately shouted.

In an instant, everyone is killing the past.

"Northern smoke is not in the first place, kill you first!" This five-character Taiyi to Xian level of the demon, the heart secretly finished, is turned into a black shadow swept past.

This time, Megatron's three magic weapons are not included in the mysterious warfare, so the combat power of Shura Ghost is much weaker than before.

"The grip of Huang Quan!"

"Kowloon Thunder Chain!"

When this Taiyi to Xian was controlled, Ye Xuan hurriedly took out a sword. This sword is naturally a thousand.

However, Ye Xuan's realm is too much, and there is absolutely no effect at all.

"You three cheer, I will withdraw first!"

Ye Xuan said nothing, directly breaking the void, away from this battle.

Now, he mainly relies on pets to eat. After all, his realm is too low, only five products are pure.

The other side, but the five products are too B to the immortal, higher than him a full realm.

This battle, although fierce, but the three people of Shura ghosts are not dead, so this Taiyi to Xian can only get more and more tired, and finally had to flee.

It is a pity that Huang Quanzhi, who has a Shura ghost, is unable to escape.

"Hey, the host's killing value is improved!"

At the time when a system prompts the sound, Ye Xuan once again breaks open the void and returns to the five-piece Taiyi to Xian.

"Although there are a lot of natural treasures, I dare not break through now..."

Ye Xuan is slightly helpless.

It was only a few days since he last broke through, although the value of the magic is now in the zero state, but for the sake of insurance, continue to wait.

"The devil kills the emperor and does not know that there is a magical armor in the north. Otherwise, I will not send someone to come over, and I am now being stared. The five-grade Taiyi to the immortal level can also be killed by the consumption war, but if it comes six There is no way for Taitai to Xian."

Ye Xuan thought in his heart.

The North Ming smoked with the Tian Mo Jia, even if the devil came, he could not hurt him, but the devil killed the emperor but did not know this.

The devil may not be sent, but the high-end Taiyi to Xian, should still not be a problem.

Moreover, for the people of the Emperor level, Taiyi to Xian is nothing, and how much they want to send.

Therefore, Ye Xuan is ready to find a place to do a good job.

After reviewing the surrounding maps, Ye Xuan continued to move forward. There was a dangerous place nearby. He wanted to go into the submarine for a few days.

The more dangerous the place, the safer it is. If the devils are coming, they should also be in an ordinary place. Not many people will think of going to a dangerous place unless the realm is high.
