

## Super D. S 177

Chapter 177: plan

"This kid has not been killed by Lin Zhirong?"

Those who have seen Ye Xuan think so.

"Well, you talk about it." Tang Tian nodded slightly, and he did not expect any good idea for the time being.

Ye Xuan went straight to the edge of the cliff, and then punched out a punch to make a big hole in the stone wall.

"My plan is very simple. It is to dig a hole and let everyone in. Only let the real people go to the peak and above to kill." Ye Xuan said simply and plainly.

"What is this plan?"

Everyone is rolling their eyes.

"You are also a plan? If this cave is found, wouldn't it be to die inside?"

"Yes, the Song ruling of the Great Song Dynasty, I am afraid that one person will be able to clean up us. It is too dangerous, no."

Someone immediately vetoed.

"It's not so easy to be found, you see this..." Ye Xuan said, that is, the handle was pulled out, and then the big hole that was only blasted by him was miraculously disappeared.

"what?"

Everyone is shocked.

"Fantasy?"

Tang Tian immediately responded and exclaimed.

Ye Xuan smiled and said: "Yes, it is a magical array. As you can see, as long as you have a magical array in the hole, as long as no one touches the stone wall, it will not be discovered under normal circumstances. Even if it is discovered, just come. It is not a master, then it will be besieged by hundreds of people."

"This method is feasible." Tang Tian agreed.

"This method is not bad, even I can't see the clues, and here is the cliff, the average person will not stay here, as long as no sound, no one will find out."

"Okay, I agree."

Immediately someone agreed, and this change of face speed is also to let Ye Xuan swear.

At the moment, they are starting to drill holes, and they are in the air more than ten meters above the ground. Not only that, but they also cut a few out as spare caves, and opened a retreat for themselves. Even if someone found out, they could evacuate from the rear.

It took two hours, and there were six more caves on the cliff wall. These people had a ring, so the stones that were cut out were collected and nothing was left.

Then, Ye Xuan gave the six caves one by one to the city's Shenglou, and refracted the stone walls elsewhere.

After a war of dynasties, there were only four peaks in the Tang Dynasty, including the two guards of Tang Tian.

Plus Tang Tian and Ye Xuan, there are six people.

After they settled in other people, they left directly.

There is no time limit for this second dynasty war, so they can consume slowly.

They only spent more than two hours in order to drill the cave. Presumably, the Great Song Dynasty also began to act.

The six of them carefully walked through the forest, very careful.

During the period, Ye Xuan also learned from the mouth of Tang Tian some things about the Great Song Dynasty.

This time, the Great Song Dynasty had two outstanding geniuses, one called the Song ruling and the other called the Song dynasty. The Song ruling was the crown prince of the Song Dynasty, and the Song dynasty was the princess.

This pair of brothers and sisters, the qualifications are extremely high.

The 17-year-old Song Dynasty and Tang Tian are the real Xuanjing, and the Song ruling, one year older than the Song Dynasty, is already in the middle of the real period.

Tang Tian estimates that if these six people meet the Song ruling and the Song dynasty at the same time, I am afraid that they will turn around and run.

Therefore, they can only pray that they should not meet these two people at the same time, otherwise they will be in trouble.

They have been away for more than two hours. Although the valley is much smaller than the previous one, it is not so easy to meet people.

at this time.

"There are about 30 teams in front." Ye Xuan suddenly had a meal.

"Look first, don't do it!" Tang Tian commanded.

Although Ye Xuan's eyesight is amazing, he is felt by the blood of the super-sound bat. These 30 people are about 400 meters away from him.

They lie here and wait for the other person to pass by.

Four hundred meters... three hundred meters... two hundred meters... one hundred meters...

All six of them held their breath and waited for the command of Tang Tian.

"Don't start, wait for them to go, see if anyone is following." Tang Tian whispered.

Ye Xuan nodded slightly, have to say, this Tang Tian is still a bit of a brain.

Although more than 30 people are scattered, but orderly, and they are extremely careful, try not to make a sound. If Ye Xuan has supersonic positioning, I am afraid it is hard to find.

"No one is coming." Ye Xuan reminded.

"Okay, do it!" Tang Tian snorted, and the whole person was just like a cheetah.

Almost at the same time, Ye Xuan five people also rushed out.

Two real Xuanjing, four true Yuanjing peaks, such a combination, can definitely kill all 30 people in five seconds.

"Hey!"

Their footsteps were also discovered by the people in front.

"There are enemies!"

Someone shouted.

However, the voice has not yet sounded, Tang Tian and Ye Xuan have already killed the crowd.

"A word is awesome!"

"Floating hand!"

Since the conversion of real yuan into mysterious, Ye Xuan's attack power has been greatly improved. As long as the other party is not a real Xuanjing, it will instantly fall.

The two immediately disrupted the formation of the other side, and then the four real-world peaks joined the battle.

In just five seconds, this team of more than 30 people was completely annihilated.

"Put the bodies of all people into the ring."

After confirming that no one has escaped, Tang Tian also said.

After hearing this, Ye Xuan reacted and how stupid he was before.

Although the phagocytic system can't devour human corpses, it can't take human corpses into the phagocytic space, but it can be done.

Sadly, when Lin Zhirong was killed, Ye Xuan did not know until now.

At the moment, he took the shackles of these people and then took their bodies to the ring. The bodies of the province were discovered by others.

From the beginning to the present, it is only ten seconds, thirty people in ten seconds. If it is more than a few times, then it will turn over.

Before the departure, they have already negotiated well, who killed it, and who is the Qiang Kun ring, so don't worry about the distribution problem.

"Okay, move on." Tang Tian looked around in a circle.

He still had some meat pain before, but now it seems that Ye Xuan is definitely worth the price. The latter not only will be able to formulate the law, but also give him advice, but also can find enemies across hundreds of meters.

Sometimes a person can really dominate the victory or defeat of a war. At this time, Tang Tian felt the dawn of victory.

They went a little further and then hid again because Ye Xuan found another team.

"No one is coming."

Ye Xuan reminded.

"Hands!"
