

Super D. S 1771

Chapter 1771: Warfare!

Now Ye Xuan, acting alone is also a good way, but if it is a little devil than the origin of the devil, it is still a lot worse.

Moreover, he also needs the refining method of the demon, if the reincarnation of the demon king is to retrieve the body of the demon king, then the fall can directly begin to refine the demon.

"You are now a nine-devil king, but if you want to work with me, you still have to look at strength. You can fight with them."

Ye Xuan said to the little devil in the world.

"They are three?"

The mixed world demon king understands who Ye Xuan is talking about, turning his head to look at the tree old, Shura ghosts and Megatron three.

"Yes, fight first, look at your strength." Ye Xuan nodded.

"it is good!"

The mixed king of the devil is not nonsense, directly spread the wings, looking at the tree three old.

The old three of the trees are now the two kings of the king, and if they join hands, it should not be a problem to deal with the nine devils.

The mixed world demon king is the nine-devil king, just do not know, can you fight?

"Come and come, let you see the power of the source of the devil, free to attack it!" The mixed king of the devil opened his mouth and smiled.

"Okay, then we are welcome!"

Ye Xuan's flash of light flashed the order directly to the old three of the trees.

At the moment, the old three of the tree are out of the nest, ready to smash the little demon king.

"The fire is avatar!"

When the tree was old, it flashed directly to the back of the little devil, and then punched.

The old fist of the tree is extraordinary, but the little devil is a hard-hitting.

"Hey!"

The sound is there, but there is no harm.

"Well, this can't break my defense." The little demon king opened his mouth and smiled.

"Don't be a fan, there is!"

The tree boss drank a word, the whole person turned into a black streamer, and smashed into the back of the mixed world.

Nether soul smash!

"boom!"

The back of the mixed world demon was hit hard, and the whole person flew out in front, but the eye-opening Ye Xuan saw that the mixed world demon was still not injured.

"A good and powerful defense, the source of the devil is so powerful?" Ye Xuan brow a pick.

The ghost of the Nether is already the strongest attack of the old tree, enough to kill the Eight Devils.

However, this shot was shot on the little devil, but there was no scar.

It seems that the tree is always poor!

The mixed world demon king was hit by the old hit of the tree. After a few weeks of rotation in the air, the Shura ghosts who were greeted were smashed back.

However, this sword still can't leave any scars on the little devil.

However, this is not the strongest blow.

"Megatron, Split Axe!"

Ye Xuan gave orders to Megatron.

In an instant, Megatron changed into a magical axe in the top of the attack power, and then was captured by the Shura ghosts.

"boom!"

A strong temperament, directly breaking the void, squatting on the body of the little devil.

"Hey!"

The mixed world demon was suffocated, and the whole person fell and fell into the ground.

"Oh, this is a good thing, it makes me feel pain, but I still can't hurt me."

The little devil climbed up from the ground and patted the dust on his body.

This time, Ye Xuan and others admire.

The Shura Ghosts are armed with a split axe, which is enough to hurt the Nine Devils, but it still hurts the little devil. This is the power of the source.

Ye Xuan estimates that if the Shura ghost is wearing the armor of the mysterious god, and then holding the split axe, it may be hurt.

Unfortunately, there is only one Megatron, and it is impossible to simultaneously transform the mysterious armor and the split axe.

"The mysterious warrior armor is the most practical one among the magic weapons of Megatron. It is better to keep it!"

At this time, Ye Xuan could not help thinking in his heart.

The so-called reservation is to spend a little swallowing point and retain the mysterious warfare. In the future, Megatron can become a mysterious warfare at any time, and it does not occupy the three pre-selected places, which is very good.

"Hey, mysterious warrior keeps success!"

A system prompts to sound.

Ye Xuan directly spent a little swallowing point, retaining the mysterious warrior armor, and then spent a little bit of swallowing points, will take control of the time once again advanced.

At this time, the flow rate in the planting space was 12,800 times slower than the outside world. It took only thirty-five years for the planting space, and the outside world only passed the day. It was simply against the sky.

However, now he has only two points left in the swallowing point, and there are few pitiful.

"Okay, I've been hit a few times, then it's up to me!"

At this moment, suddenly a tender voice fell into Ye Xuan's ear.

Ye Xuan turned his head and saw that the little devil disappeared instantly. Then, in his mind, a system sound was heard.

"Hey, Yan Ghosts are dead! Yan Ghosts are resurrected!"

"Hey, Shura ghosts are dead! Shura ghosts are resurrected!"

"Hey, Megatron is dead! Megatron is resurrected!"

Six consecutive system prompts to sound, Ye Xuan directly stunned.

The old three of the trees were actually killed in seconds!

"Haha, my strength can be more than this, the source of the magic!"

The little devil suddenly laughed, and then a layer of black crystal armor covered his whole body.

"The source of this magical armor is amazing, and it can greatly reduce the attack of the cultivator. My current strength is no worse than the Shura."

The mixed world demon king paused and continued: "However, this repairing emperor is likely to have broken through the second product, so in order to be safe, I will first break through to the emperor, and then go to find him trouble!"

"In this case, then we are leaving now?" Ye Xuan said to the little devil.

"it is good!"

The mixed king devil nodded.

Since the Shura Emperor dared to start with him, he must be prepared for revenge, starting from the territory of the Shura Emperor.

At the moment, the mixed king is directly transmitted through the transmission array to the former King of the Devil, and then directly to the leader of the Red Cloud.

As for the North Minghua rain and the North Ming smoked two, because of the low level, they still do not know that the mixed world demon has returned, still waiting in the government.

"My current strength, invincible in the devil, go, see that I have done all the kings of Shura Huang!"

The mixed world demon king unfolds its wings and directly flies with Ye Xuan all the way.

The original mixed king and the demon king were the kings of the Shura emperor, except for the two of them, and sixteen.

Among the sixteen kings, ten are the nine devils, but this is not a big deal for the little devil.

The super-devil king of the nine-devil king level, the speed is fast, and coupled with the source of the demon, only one day has arrived at a top king.

The lord of this top king collar is an eight-piece demon king, which is awesome.

The mixed world demon directly went over and shot the other side, and then Ye Xuan gave the entire lord's house into the planting space.

Chapter 1772:

"Harvest me nine you!"

The mixed world devil said to Ye Xuan.

"it is good!"

Ye Xuan did not say much, after all, a lord of the eight-character demon level, even if it is a revenue, it is enough for him to squander.

Of course, this mixed-race little demon and his come to rob, are disguised.

I am afraid that the Shura Emperor wants to break his mind and he will not think that this nine-devil king who is willing to be deliberate in his jurisdiction will actually be his front.

"Old things, when I break through to the Emperor, I will replace you!"

The mixed world demon king thought of the robbing of the territory of the Shura Emperor.

A nine-devil king is actually not afraid, but the mixed-aged demon king is not an ordinary nine-devil king. His strength even exceeds that of the general demon, so this is enough to give the Shura emperor's territory, causing panic.

This time the looting operation lasted for half a month. After half a month, the Emperor Shura's majesty, the king of heaven, left only six kings.

After half a month, Ye Xuan broke through to a product of the king, while the old tree and others broke through to the five-pronged king.

At this moment, they are already qualified to challenge the devil.

However, the nine kings of the devil, the devil, are still the nine devils. After all, he spends most of his time on the road.

At this point, they are already ready to enter the Shura Imperial.

As the realm is improving, there is no need to rely on the rush to make a trip. Ye Xuan himself is wearing a rising fairy.

The last time, Xuan violently smashed the old three trees, and now the old three of the trees have broken through to the five-pronged king, naturally it is to find this scene.

"Don't go, fight again!"

During Ye Xuan's journey, the old tree couldn't help but say to Qu Xu.

"Well, let's try my true strength today." Yan Xu opened his eyes and was warlike.

On that day, although he was awkward, the old three could not break his defense, so he was very puzzled.

Today, Xuan is ready to go all out.

In the planting space, the two sides stand opposite each other, so that the strength of the old man can be singled out, so he decided to go first.

"The fire is avatar!"

The tree is no longer nonsense, and a direct flash has come to the back of the mixed world demon king, and then punches the back of the mixed world devil.

The last time I couldn't break the defense, this time broke through three realms, should it be enough?

Yan Xu also understood the power of this boxing, and had already condensed the source of the source of the devil. The old fist of the tree was on it, but it was not able to break it.

"A strong defense!"

The tree brows a pick.

"This is nature, don't forget that you are also a magician!" Yan Xu opened his mouth and smiled.

The source of the demon, not only strong defense, but also to reduce the attack of the demon.

The tree is also a cultivator, so the attack power is not as good as before.

"Yes, then try this!"

The old tree shimmers, and the next moment, Megatron is the incarnation of the mysterious warrior armor, set on the old tree.

Then, it was another smashing attack.

Because there is no direct contact, this time the effect of the source magic armor can not be played, and the mysterious war armor also improved the old body of the tree, this punch, directly to the source of the magic armor to crack.

"The trough!"

The mixed king demon was shocked.

You must know that he is a nine-devil king, and he is still the source of the demon, and the tree is old but the five-devil king, even the proud of his source of magic, hit the crack, although only a small piece, but enough He was shocked.

Being able to hit the source of the magic armor, it shows that it has threatened his life.

"Good guy, go all out!"

The little devil in the world is no longer hiding, and immediately unfolding the pair of magic wings, attacking the tree all the time.

"Boom!" "Boom!" "Boom!"

A loud noise spread across the planting space.

A nine-devil king, a five-devil king, was actually a tie.

Although the old tree began not like the blood of the fox, the source of the devil, but after several stages of advancement, his strength has risen to a very terrible realm.

The more four realms of battle, it is not a problem!

If you add the Shura ghost, the mixed king is probably going to lose.

However, at this time, Ye Xuan's projection suddenly revealed a sly smile.

"Tree old, Shura ghosts, Megatron, killing the sorrow!"

Ye Xuan's voice rang in the minds of the old three trees.

When I heard this, the three old trees were shocked.

Ling Xu, isn't Ye Xuan's good friend, why Ye Xuan wants to kill him?

"Hey, I have a time to reverse the skills, I let you kill him, have fun!" Ye Xuan said to the old three trees.

Time back?

Hearing this, the old three of the trees only felt incredible, and there was such a magical skill.

However, since Ye Xuan said, they will naturally obey unconditionally.

"kill!"

The light of the old tree and the Shura ghosts flashed, and the fire was directly open.

"Do not destroy the soul!"

"The grip of Huang Quan!"

"The Nether is broken!"

The old three of the trees are really layered.

At this moment, the mixed world demon king did not know that Ye Xuan was killing him, and he was still in the air.

However, over time, he was a little tired, and the whole source of the magical armor was beaten by the old tree, and the body was revealed.

"Megatron, Tianjian signed!"

After hearing Ye Xuan's order, Megatron quickly separated from the tree and turned into nine streams, hitting the back of the mixed king.

"what?"

The mixed world demon king is a bit confused about the situation, but his body shape is trembled, but he is unable to block the nine Tianjian signs.

"Hey!"

In a subtle sound, the magic of the little devil was pierced. He widened his eyes and looked at Ye Xuan's projection. He spit out a few characters: "I...you are oh..."

Mixed world devil, death!

Ye Xuan looked at the body of the little demon king from the air and fell from the air, the corner of his mouth could not help but slightly tilted.

It seems that he is still stronger.

"Okay, time goes back!"

Ye Xuan brows a pick, directly cast a time-turning skills once a day, back to the party before they went to war.

.....

"Don't go, fight again!"

After the time went back, Shu Lao and others were like amnesia, and they began to fight with the little devil.

Only this time, Ye Xuan did not issue an order to kill the sorrow, so only he knew this thing all the time.

Ye Xuan looked at the small demon king who fought with the old man and the tree. He couldn't help but sigh: "Every day, time goes back, and the time is back to eight days. As long as I and the avatar are not instantly dead, I almost It won't fall!"

Of course, if you encounter that kind of ruin, then he will be bored.

Chapter 1773: Shura

The dead end, for example, entering a dangerous place, the front is smooth, but after ten days, it is found that this is a bottomless pit, there is no way out.

In this case, time will not help until eight days ago.

Therefore, in the future, Ye Xuan should avoid this situation, and once again, come back again, and don't fall into this dilemma.

At this point, the battle in the planting space is already nearing the end. Although the source of the demon is very strong, but the mixed devil is just succeeded in training, except for the refining of the source of the magic, other None, so the combat power is not so strong.

However, this source of the devil is enough to make him roam in the devil world. After all, the devil is a magician.

"Don't, how long do you still need to break through to the Emperor?"

Ye Xuan suddenly asked.

"Give me another hundred years is enough!" Xiaoxu replied.

"A hundred years time."

When Ye Xuan heard this, his eyes couldn't help but squint. He knew that the hundred years said in the mouth of Xu Xuan meant that he had been in the planting space for a hundred years.

In the planting space for a hundred years, the outside world is only three days.

However, if the mixed-race little demon is out of the customs, I am afraid that it is the demon emperor. At that time, he will find the revenge of the Shura emperor, and then replace it.

During the retreat of the mixed king, Ye Xuan was wearing a rising fairy.

In less than three days, he rushed to the Shura Imperial.

Here, it is the territory of Shura, and it is also where he is.

"Hey, the host breaks through, and it is currently the second king!"

"Hey, Shura Ghost, Megatron, Yanyin Ghosts break through, currently the Six Pinxian King!"

Soon after Ye Xuan arrived at the Shura Imperial Emperor, he broke through again, but at this time, the mixed world devil has not yet gone out.

"With my current strength, it is enough to destroy the Shura emperor. It is better for me to do one thing first and hand over the Shura Emperor to the little devil!"

Thinking of this, Ye Xuan's mouth can not help but slightly tilted.

The Shura Emperor may have been the second emperor, but this realm is not very high for the current three old trees. It is only five levels higher than the tree.

However, the Shura Emperor can stand in the devil world, it must be some means, perhaps not as good as the imagination.

At the moment, Ye Xuan began to continue on his way, but on the way, he suddenly heard a system prompt.

"Hey, the host triggers a random mission, defeats the Shura Emperor, and completes the reward of Shura's Eyes!"

The system prompts.

"Beat the Shura Emperor..."

Ye Xuan's eyes are slightly stunned. This task is quite good. After completing the reward, it is actually to let Shura's eyes advance, I don't know what to expect.

At the moment, Ye Xuan is directly plundering toward the lord's house of Shura.

Less than a day, he came to the lord's house of the Shura Emperor. On the way, he also smashed the ramie and killed the murderer.

In his current realm, killing the demon is not a problem. How can the devil in the district be able to help him?

At this time, the mixed world devil is still in the retreat, not yet awake.

In this case, then Ye Xuan is not welcome!

"Tree old, Shura ghosts, let's go!"

Ye Xuan immediately issued an order.

At the same time, Megatron is directly changed into a mysterious warrior armor, set on Ye Xuan.

Now the mysterious warrior armor is kept, Ye Xuan wants to use it, very good.

Although it is only the second king of the king, but he can fight more than six realms, after putting on the armor of the mysterious god, the seven realms are not a problem.

His strength is also top in the devil!

"The Eye of Shura!"

The old man of the tree rushed into the lord's house, and then the Shura ghosts also directly opened the big move.

He is the one of the six kings, and the eyes of Shura are open. Anyone of the same level and below will see this eye and will be irritable immediately.

In an instant, countless people fell and were absorbed by the eyes of Shura.

"The Eye of Shura, Shurao Light!"

A black light column suddenly burst out, and instantly pierced the chest of an eight-devil king.

The death of an eight-product demon is enough to fill the eyes of Shura.

"Shu Luoguang!"

"Shu Luoguang!"

Shura Ghost Respect began to use Shura Shengguang madly. No one can stop this trick, even the Nine Devils will not do it.

At this time, the Shura ghosts are like a heavy machine gun, and they are shooting crazy.

As for the old trees, they are not idle, flashing quickly, and beginning to harvest the lives of those high-ranking devils.

In the house of Shura's lord, the screams and screams were repeated, and the dead people whose realm was lower than the Shura ghosts were all resurrected and joined the battle.

Here, like a gloomy hell!

However, at this time, a breath suddenly came and caught the attention of Ye Xuan and others.

Shura Huang, finally arrived!

"Who is giving you the courage to scatter in my house?"

A slightly old voice fell into everyone's ears.

Obviously, this must be said to Ye Xuan a few listen.

"How about the Shura Emperor, just come!"

Ye Xuan's eyes smashed and directly consumed four killing marks, which condensed two brilliant arrows.

"go with!"

These two brilliant arrows quickly attacked and the target was Shura's eyes.

At the same time, the old tree quickly flashed away.

This Xiu Luo Emperor has indeed broken through to the second product of the Emperor, the strength is not weak, five heights higher than the tree, but what about it?

This time, the old flashing position of the tree is not the Shura Emperor, but Ye Xuan's side.

The next moment, Megatron's sacred warrior armor was placed on the tree.

"kill!"

The tree did not say anything, and directly killed the past.

"The six kings of the devil, dare to come to me trouble?"

The Shura Emperor snorted and did not care. He knew that he was the second demon emperor. Even if the nine demon kings were in his eyes, they were all ants, especially the Six Devils?

However, he is wrong, and he is still very wrong.

After the tree was put on the armor of the mysterious god, it was enough to break the source of the demon king, and now it is not worthwhile to repair the emperor.

Two products, the emperor, what?

"Hey!"

The old movement of the tree was very fast, and he punched the head of Shura's head with the thunder of lightning, and gave birth to the latter.

"puff!"

The Shura Emperor's nose was beaten. After he couldn't help but spurt a blood, he quickly unfolded his magic wing and stabilized his figure. At the same time, he looked at the old tree with disbelief and said: "How is it possible?"

The second emperor of the devil, he was actually challenged by five realms, and he was still injured. What happened to this world?

"What is impossible, see that I don't take your wings apart, and then unload your limbs."

The old man opened his mouth and smiled. When he was in a shape, he was once again flashing in the past. He wore the armor of the mysterious god, and his strength was superior. Even the three emperors were not afraid.

Chapter 1774: Exit!

"Hey!" "Hey!" "Hey!"

In the air, there was a muffled sound, and the old tree and the Shura emperor began to fight.

I have to say that the Shura Emperor, as the lord of the Shura Emperor, is also very strong. At the beginning, he was succeeded by the old man because of his great intentions. Now he is doing his best, and even the old tree is so good, it is a bit resistant.

On the other hand, the Shura Ghost of the Sixth Immortal King is screaming at the Shura Shengguang, and almost has to kill the high-order demon.

Not only that, but Ye Xuan also uses the killing and engraving that is constantly condensed to summon Qi Xianyu.

After killing and engraving, the original one can only consume two killings and imprints. You can use two killings to engrave and summon, so that the strength of the immortality is very abnormal.

This is in line with the repair of the ghosts, it is simply against the sky!

Within a few seconds, there were six four-in-one 弑 傀儡 傀儡 ,,,,,,,,,,,,,,
,,,,,,,,,,,,,

"Ha ha ha, a lot of Qiang Kun ring, don't have to smash the ghosts of the little devil."

Ye Xuan stood in the air outside the house of the lord, constantly using the super swallow, and taking these hurricanes away.

If there is no limit on the value of the magic, at this time his realm is at least six devils.

However, this cultivation speed is already exploding.

Before he spent more than ten years in the mortal world, he broke through to the immortal. Now, after flying to the fairyland, less than two years ago, it has been from ordinary immortals, all the way to the fairy king, which has already gone against the sky. The gods are angry.

Not waiting for Ye Xuan to react, he suddenly heard a system prompt.

“Hey, the host completes the random task and rewards the skill to repair!”

Hearing this, Ye Xuan quickly checked it out, and sure enough, this skill was repaired by the devil. Moreover, it is still the skill of Shura's eyes, that is, the same as Shura.

However, he can be sure that this Shura must be very abnormal.

Since the random task was completed, the representative of Shura was defeated. Thinking of this, Ye Xuan quickly turned around and saw that the Shura Emperor had been removed from the tree by the old wing, and his limbs were broken and terrible.

Who would have thought that this dog-like person would be the lord of the Shura Emperor?

"Super swallow!"

At the moment, Ye Xuan quickly swept the past, and then tried it out of the air, and found that the Shura emperor was admitted.

day!

You must know that there is a big difference between him and the Shura emperor.

Ye Xuan is the second king of the king, Xiu Luo is the second king of magic, this is a big realm!

This time, it was really a dog.

Of course, this may also be because the Shura Emperor is now in a state of sudden death, and the demon is exposed. As long as the tree is old, it can kill his life, so the chance of collection is greatly enhanced.

"This, what is this?"

In the planting space, the Shura Emperor looked at this strange place and couldn't help but ask.

"I ask you, the body of the Great Devil King?"

Ye Xuan made a projection and stood in front of Shura.

Unexpectedly, Xiu Luo did not answer this question, but continued to ask: "Who are you?"

He felt that Ye Xuan was only a second-class fairy king, but he himself was defeated by the five-devil king. This lesson tells him that he can't see the dog low.

"You don't care who I am, you just know that you are my prisoner now, as long as I have a thought, you will be obliterated!"

Ye Xuan said coldly, and asked again: "I ask you, where is the body of the Great Devil King?"

After bringing in the Shura, Ye Xuan was already getting the Shukun Ring of the Shura Emperor. However, he did not find the body of the big devil king, the demon king, in this Qiankun ring and other people's ring. .

The Big Devil King happened to know the way to refine the demon, so Ye Xuan must get his body and then search for the soul.

Although I don't know why Ye Xuan was looking for the body of the Great Devil King, the Shura Emperor knew his current situation and had to say slowly: "The body of the Great Devil King should be in the hands of my Lord's Office!"

"The general manager of the government, where is the other person?" asked Ye Xuan.

"This time, there suddenly appeared a nine-devil king, and a cultivator, who was arrogant in my place, so I sent him to investigate." Shura Huang said.

Ye Xuan brows a pick and asks: "He is also the devil?"

During this time, the king of Shura's majesty died a lot, and the Shura Emperor dared to send this general manager out, it must not be the nine-devil king, it should be the demon kingdom.

"Yes, he has broken through to a demon!" Shura nodded.

Ye Xuan quickly investigated the Shukun Ring of Shura, and then found a communication magic spar.

Then, next, he is going to kill the leader of the Lord's Office and recapture the body of the Great Devil.

Of course, this must first be uprooted by the Lord's Office.

The city owners have been desecrated, and the people in the lord's house can't escape Ye Xuan's palm. Under the coercion, they are all taken into the planting space and become the fish that Ye Xuan slaughtered.

Next, Ye Xuan is to let the Shura Emperor communicate with his butler, determine the location of the other party, and then agree to meet at a certain place.

Of course, it is impossible to go to the meeting to be Shura, but Ye Xuan.

However, just as Ye Xuan was preparing to leave, the planting space suddenly became magical, and then it was a terrifying scream, falling into the ears of Ye Xuan and others.

"Good... a strong magic..."

The Shura emperor trembled.

This magical power is already strong enough to make him feel guilty, at least three magical emperors.

Ye Xuan also felt this magical power, hurriedly projected the past, and found that it was really a small devil.

"It's no wonder that it's only now that I'm out of the game. I've accidentally broken through to the Three Devils?"

Ye Xuan couldn't help but swallow.

The nine-devil king, once smashed three realms, broke through the three-product magic, this mixed-race little demon is really a freak.

However, this must be attributed to the source of the source!

"Haha!"

A hearty laughter fell into Ye Xuan's ear. The small demon king opened his eyes and spread his wings to the front of Ye Xuan. He was excited: "Go, see me go and do the old!"

"Do you mean Shura Huang?"

Ye Xuan's mouth tilted slightly and said: "I'm not hitting you. I see that you haven't made a clearance, so you're going to do it yourself. If you fly forward, you can see him."

"what?"

When the little demon king heard this, he groaned, and then followed Ye Xuan's meaning, flew forward for a while, and it was really the person who dreamed of killing him.

Shura Huang!

"You are not dead, Lao Tzu is willing to be your subordinate, you actually poisoned me?" The mixed king of the devil could not help but roar.

At this time, the Shura empire knew where the magic of the sky was coming from.

Chapter 1775: Half a demon!

"Three Devils?"

Shura Huang's eyes widened.

You know, when he accepts the little devil, the latter is a devil.

But now, after the mixed king demon king dog got the source of the demon, even in such a short period of time, he broke through to the three demons, and he was even higher than him. The source of the demon is too strong, right?

"The source of the demon, it is really extraordinary, if I know it, I will personally take it!"

The Shura Emperor said bitterly.

Before, he did not choose to take it himself, but also because he is now the realm of the second demon, once he has won the body of the source, then he has to re-cultivate.

This Shura Imperial Emperor is hard to beat him. If he is retreat, the territory will certainly be eaten away by other demons, so he can't bear it.

Unexpectedly, the body of the source devil turned out to be so bad.

Therefore, in his heart, in addition to regret, still regret it!

"If you become a king, you have to kill, you have to kill, you have to listen to you!" Shura is calm, after all, he is now degraded to this point.

"Okay, then I will fulfill you!"

The eyes of the mixed world demon king are about to be ready, but they are interrupted by Ye Xuan.

"The body of the Great Devil King has not been found, and he will be solved after he finds it!" said Ye Xuan.

When the little demon king heard it, he nodded slightly: "Well, let him delay the pain for a few more days!"

Next, Ye Xuan continued to hurry, before Shura Huang had set a position with his general manager, so Ye Xuan is now rushing to that place.

Two days later, they also met successfully.

"Hmm? Immortal?"

The head of the government is somewhat surprised.

The second product, Xian Wang, even dared to sneak in the devil world, really looking for death.

Still not waiting for Ye Xuan to approach, the general manager of this product is directly shot.

A difference of eight realms, he was able to fan Ye Xuan with a slap in the face, but when this palm is about to hit Ye Xuan, suddenly there is a person.

"Hey!"

The palm of the hand was broken. The next moment, the general manager saw a black shadow hitting him quickly.

Three products magic emperor?

The general manager was shocked, but he had not reacted yet, his right arm was gone, and he was broken by his life.

"found it!"

The little king of the mixed world brows his head. He found the body of his good friend, the Great Devil, from the ring of the Lord of the Lord.

In this case, then this manager is useless!

kill!

"Hey!"

The mixed world demon king said nothing, punched the chest of the general manager, and instantly smashed his magic.

A product of the devil, dead!

"Okay, just get it!"

Ye Xuan is satisfied with the nod, it seems that the fall is finally able to refine the demon, and the strength of the fall will be strong to what extent?

At the moment, he just received the mixed space devil to receive the planting space.

"Old guy, your death is here!"

The little devil's eyes glimpsed and stood in front of the Shura.

The Shura Emperor already knew his own ending, so he closed his eyes and waited for death to come.

The world is defeated, the world is so cruel!

"Hey!"

Although Shura is a second-class demon, and innumerable years, the body is very strong, but the mixed king is now the three-magic demon, plus the source of the demon, punching the magic of the Shura emperor broken.

"The source of the demon can absorb the magic of the demon or the demon body for their own use. Although it is only the second emperor, it can also reduce my penance time."

In the mind of the little devil, I thought about it, so I saw that the body of the Shura was shrinking and absorbed by him.

Ye Xuan looked at the scene and said: "Now you are the new Shura emperor. What plans do you have next?"

"We demon world, a total of nine demon statues, our current position is the magical spirit of the **** moon demon, and in this magical spirit, there are countless emperors, now I have done the Shura emperor, plus The source of the demon, naturally wants to expand the territory." The small devil said.

"Well, you are very ambitious, I am not interested, but I can help you clean up the surrounding royal collar." Ye Xuan shrugged, helpless.

Ambition is useless for him. After all, his realm has improved so fast.

If you really want to talk about it, then his goal is the strongest between heaven and earth!

Of course, this goal is very big, because he feels that the world is definitely not that simple.

"Get it, this is the refining method of the demon, but it seems to have only the upper half."

At this time, the mixed world of the little devil suddenly lost a jade and Jane, although there is only a small piece, but to use the fairy to see.

"Only half?" Ye Xuan was slightly surprised.

"It's not bad to get half of it. You can refine half of the sky and demon. As for the other half, you have to get it yourself."

"Okay, then go on your own."

Ye Xuan nodded, and then directly released the small devil.

Next, the mixed world demon is probably to unify the three emperors and stand on their own feet.

As for Ye Xuan, I am now thinking about letting the refining of the demon.

The flow rate of the planting space is 12,800 times that of the outside world. It is not too difficult to fall into the refinement of the demon.

As for the materials needed for refining, Ye Xuan looked at it. This thing is still a small thing for him.

During this period of time, although I have not gone out to fight, it is also because of falling and illegal treasure. If I die, I am really dead.

However, this does not mean that her realm is low.

If the time in the planting space is counted, the age of the fall has exceeded that of the mixed king.

Moreover, the speed of cultivation has not fallen, and it has been a five-pronged king. It is only a realm worse than the old man.

Even so, her strength is very horrible, although not comparable to the old three trees, but enough to fight more than a few realms.

"Let's fall, you start to refine this half of the demon, and you can go out to fight when you get there."

Ye Xuan said to the fall.

If it was before, he would not be assured to fall out of the fight, but now he is sometimes empty, if there is a sudden accident, there is also a fourth in the mortal use time reversal skills.

Refining the demon, it is not so easy, but there is room for planting, and it took only five days for the outside world to refine the half of the sky.

The demon spirit is the heart that is really suitable for the demon sorcerer. Although it is only half a mile, it also makes the falling physique soar up several times.

Now she feels that her strength is not in the previous Shura Ghost and Megatron, second only to the old tree.

You know, she is only the five kings!

However, during her retreat, Ye Xuan has already made another breakthrough and reached the Sanpinxian King.

As for the old tree, the Shura ghosts and the Megatron, they have reached the Seventh King.

Chapter 1776: The mixed world is destroyed!

At this time, Ye Xuan felt that a piece of communication magic spar in the swallowing space suddenly lit up.

"Ye Xuan, now I am going to start fighting for the Quartet, are you going to be together, or..."

The mixed king demon asked.

Nowadays, he is the three-magic demon, plus the physique of the source of the demon, no one around him will be his opponent, naturally it is necessary to expand, and then plunder the resources of cultivation and enhance the realm.

"Your speed is faster than me, and it is easier for me to get into the enemy's interior with me. The thief will first smash the king. Just take the lord and the other is simple." Ye Xuan replied.

"Okay, then I will follow you, and we will share the difference in the future!" The little devil in the world agreed.

From the previous one percent to the most recent one, and now it is equal, it is enough to see that Ye Xuan's status is gradually improving.

In fact, with the realm of Shu Lao and others, the challenge of the middle-level demon is not a problem, and as time goes by, Ye Xuan's realm will continue to improve, and then he can challenge stronger opponents.

Anyway, Ye Xuan is missing time now.

Next, the mixed king of the devil is to go to the next door of the demon king, to kill the devil.

Later, he began to expand and prepare to dry all the surrounding emperors.

At this time, Ye Xuan, like a smuggling ship, secretly sent the little devil to the other emperors, and then the small devil took the shot and killed the lords.

Not yet half a month, the surrounding emperors were all occupied and merged into a mixed king.

At this time, the mixed world demon king also broke from the three-product magic emperor, all the way to the five-character demon, the strength is superior.

As for Ye Xuan, it is also a breakthrough to the six-pronged king, the tree old, the Shura ghosts and the Megatron three, but also reached a fairy.

However, after all, the paper can't contain the fire. The mixed world demon king captured so many royals in half a month, naturally it attracted the attention of the high-order demon.

Just when they went to the next emperor, they suddenly received a message.

"Yu, it's not good, there is a high-order demon coming, destroying the mixed city, your father and my father, all killed!"

This news is from the North Minghua rain.

After hearing this news, the mixed king of the devil squinted his eyes and said: "What happened?"

"They said that you are rising too fast and may threaten them, so come over and want to kill you. But you didn't find you, so kill them!"

The North Minghua rain replied.

The scene of Fang Cai is really too shocking for her. After all, she is a devil.

Those who died before, there are many devils, they are captured by the mixed king of the devil, and then went to the world of the little devil.

Unexpectedly, all the battles were killed!

"Who, who made it?"

The mixed world demon screamed at the communication magic stone.

"They said that they were the people of the Wind Blade Emperor, and they came from the command of the Wind Blade, at least the Six Devils!" North Minghuayu replied.

"Wind Blades!"

The little devil, who heard the name, was so angry that he was about to explode.

Before the North Emperor was just a second-class demon emperor, and there was no contact with the masters of the six-character demon level. Now, due to the miscellaneous devils, the mixed king's collar was stared at by the wind-winged emperor, and it was so badly destroyed.

How can you not report this hatred?

On the other hand, Ye Xuan, who was on the road, heard the news and couldn't help but stop.

"Wang Xu's father and father-in-law are all dead?"

Ye Xuan brows a pick, I feel that this thing is going to be a big problem, the mixed world devil, I am afraid to go to the wind blade emperor collar, hand blade wind blade emperor.

However, Ye Xuan has a way to avoid this tragedy.

That is the time and space!

"Yu Xu, do you want to save your father?" Ye Xuan suddenly said to Qu Xu.

"What do you mean, you can still be resurrected when you die?" The little demon king asked inexplicably.

Although he has contradictions with the devil, but the latter is his father, can you kill and kill?

"I can raise your father!"

Ye Xuan did not say anything more than the mixed world demon king, just opened his mouth and smiled and used the skills directly.

According to the news from Fangcai North Minghuayu, Ye Xuan knew that the tragedy was just happening, so he wanted to use the time-space backward skills to return to a day ago.

Yesterday and today, they are all on the road, so even if they return to yesterday, it will be fine.

Back to yesterday, Ye Xuan can go back to the mixed city and meet the enemy through the eyes of the void.

At the moment, Ye Xuan is directly using time back.

Time, began to fly back, and returned to yesterday in the blink of an eye.

Then, Ye Xuan is to break through the void and return to the mixed world of the mixed king.

"Yu Xu, we will stay in the middle of the world in the first few days."

Ye Xuan suddenly said to the small devil who cultivated in the planting space.

"Why?" The mixed king devil asked some questions.

Since returning to yesterday, the father and father-in-law of the mixed world demon king are also resurrected, so the mixed king of the devil will naturally not remember this matter.

Everything, only Ye Xuan knows in his heart!

"I feel that you have been too high-profile recently. Maybe someone is attacking the mixed king when you are not there?" Ye Xuan replied.

"No, we have captured so many emperors, even the five magical emperors are relying on me. How long will it take to attract the attention of the high-order demon?" The little devil did not believe.

"Insurance is good, anyway, for a few days, it is a blink of an eye for you." Ye Xuan said to the little devil.

Indeed, for a person who has been practicing for more than a thousand years, such as the Mixed Little Devil, a few days is simply a blind eye.

Some people retreat once for tens of thousands of years, and a few days are nothing.

"Okay, okay, then I will stay for a few days." The little devil nodded.

Today, it will soon pass.

Ye Xuan waited quietly here, and looked for a map to see that the Fengshou Emperor was in the northwest of the mixed king, so Ye Xuan made the tree old, Shura Ghost and Megatron three People go to the border to arm.

In this way, if the other party comes, he will be able to know early!

Ye Xuan began to calculate the time. The previous tragedy occurred at noon, but now it is only one hour away from that time, so he guessed that the master of the wind blade should be entering the mixed king.

Sure enough, when he was still thinking about it, the old tree in the mixed king's collar was suddenly feeling a few strong atmosphere.

"Little Master, there are three six-devils, ten five-magic emperors, do you want to do it directly?"

The old tree was given to Ye Xuan.

Chapter 1777: The enemy is coming!

"First, don't let them come." Ye Xuan replied.

According to Beiminghuayu, the North Emperor and the Devil of the Sky are killed by a six-character demon. Although it is now time to go back, this hatred, Ye Xuan thinks that it is still hand-picked by the little devil. .

"it is good!"

After the tree heard the words, he did not think much and went straight back from the door of the void.

"Yu Xu, there are big enemies coming!"

Ye Xuan here, quickly rushed to Xuan.

"What enemy?"

The clues who are retreating and practicing are hearing this and hurriedly ask.

"There are three six-devil emperors and ten five-magic devils, who entered the mixed-world emperor from the northwest corner, and the ones are not good!" Ye Xuan said to the little devil.

"What, is there such a thing?" The little devil of the mixed world brows a pick, did not expect Ye Xuan's guess turned out to be true, someone really came to find him trouble.

Fortunately, Ye Xuan proposed to wait for a few days in the mixed king, otherwise it would be troublesome.

"Hey, I didn't ask them for trouble. They came to the door and saw that I didn't kill them!" The little devil was cold.

Although he is now a five-character demon, but the strength is very strong, three districts of the three magic kings, how can you get him?

I am afraid, even his source of the devil can not break it!

These few people are not good, so it is very likely that there will be a battle. At the moment, the little devil will leave the mixed city directly and greet him.

Ye Xuan is also following closely, and at the same time, the plan is in mind.

Kill these few people first, then kill the wind blade emperor, and then destroy the wind blade.

Because the two sides were opposite, they met in less than half an hour.

"Hmm? Five Devils?"

The head of the man from the Wind Blade Emperor's collar sensed the breath of the little devil, and immediately stopped.

At the same time, the mixed world demon king also felt that these thirteen shares are not weaker than his breath.

"who are you?"

The mixed world demon directly shouted.

"We are all under the command of the Emperor of the Wind, and now give you a chance to surrender to the wind blade, and merge the world into the wind blade collar, so I can spare you a life!"

The first man is no nonsense, and he says straight to the point.

"I am not crazy, you are coming to me madly, looking for death!"

The mixed world devil does not say anything, directly hands.

"Hey, the wind blade emperor said, only give you a chance, since you don't cherish it, then die!"

The first man's eyes widened and he shot directly.

He had heard of the strength of the small devil before, and he was able to challenge more and more, so they came to so many people this time. Although they are a little disgraceful, they are a bit unscrupulous, as long as they can achieve their goals, group attack so what?

However, they underestimated the strength of the mixed king, the thirteen attacks all fell on the mixed king, and there was no broken source.

"A powerful powerful weapon!"

The first man was shocked. He thought of this source of magic as a magic weapon.

Of course, this is because the mixed king demon disguised the source of the demon, otherwise, the discerning person will recognize this is the source of the magic, thus deducing that he is the source of the devil.

"You guys, give me death!"

The mixed king of the devil is furious, turning anger into power and directly banging it out.

"Hey!"

The boxing shadow is very powerful, and the chest of a five-magic emperor is instantly pierced.

Everyone is surprised.

The mixed king is the five-magic demon, and the dead person is also the five-magic demon, but it is spiked. How strong is this?

This is not the point. The point is that several people have suddenly appeared around, even they have not found it.

"Tree old, Shura ghosts, Megatron, go on, one does not stay!"

Ye Xuan suddenly summoned the three people and issued the order directly.

The three who have broken through to the realm of Xian Wang broke out instantly.

The old tree is wearing the armor of the mysterious god. He directly uses the fire to flash to the back of a six-character emperor, and then punches.

"Hey!"

The chest of the six devils also burst open.

If it is a comparison, the punch of the mixed world demon king is at least five times worse than the old fist of the tree.

Although the old realm of the tree is low, his strength is not inferior to that of the mixed world, plus the mysterious warrior armor, even if it is the seven devils, he can't help him.

It is precisely because of this that it is doomed to the failure of this group of outsiders!

"Hey!" "Hey!" "Hey!"

In the sound of a muffled sound, the top ten middle emperors in front of them were all fallen.

The mixed kings are their place to sleep!

"Hey, so vulnerable, and dare to come to me trouble?" The little devil in the heart of the world is cold.

These people are indeed not enough for him to see. Even the lord of the Wind Blade Emperor is just a seven-magic demon, and it is not a threat to him.

However, his mixed king collar is a chicken rib.

"Well, I feel that you are better off giving up the mixed king, mix it with me?"

At this time, Ye Xuan suddenly said to the small devil.

"Follow you?" The little devil did not respond to the time.

"The size of my space is already more than your mixed king. I will continue to develop in the future. Your relatives and friends will stay in it and it will be very safe."

Ye Xuan paused and said: "In short, let you move the mixed king to my space."

The mixed world demon heard this and couldn't help but think for a moment.

Staying in Ye Xuan's space is really good, but it will be a lot less fun.

Ye Xuan is there, who else dares to start with him?

"From the time you met me to the present, my cultivation speed is fast? After a while, don't say the emperor, even if it is a fairy, it is not impossible. Even the emperor is not impossible. Now my space is better than Your mixed king is big, waiting for me to break into the Emperor, the size of the space may be able to catch up with the devil!" Ye Xuan continued.

"Okay, but now I don't want to go in, let's go in with the King of the World." The little devil nodded.

Ye Xuan heard the words and opened his mouth and smiled: "No problem, but after that, I hope you will strip off the soul of my nephew and give him a good flesh!"

"This is a simple matter, I must find him a powerful one!" The little devil smiled.

Next, Ye Xuan walked east and west in the mixed king's collar and put everyone in it.

There are mixed little devils, these people dare not follow, even those beasts are all loaded.

Ye Xuan is trying to get the planting space, so that the level of planting space in the future may continue to increase.

However, in two days, the entire mixed king's collar disappeared like a void, and there was almost no living thing.

The Northern Emperor, the Devil, the North Minghua and the North Ming smoked, all stayed in the planting space of Ye Xuan.

Chapter 1778: The ninth demon!

However, if you stay in the planting space for a long time, if you don't go out, the flow rate of this planting space does not seem to have much effect.

Ye Xuan is too lazy to manage so much, and now he has left the mixed king's collar and plundered toward the wind blade.

Of course, these forces on the way, Ye Xuan is also rude, all destroyed, and then forced into the planting space.

During his hurry, his realm has once again increased.

"Hey, the host broke through to the Seventh King!"

"Hey, Shura Ghost, Megatron, Yanyin Ghosts break through, currently the second product demon!"

The system prompts.

With their current strength, it is estimated that no one in the demon environment can be their opponent.

Soon, Ye Xuan invaded the Fengshou Emperor, and then directly killed the front of the lord.

Wind Blade Huang, just a seven-magic demon, and the strength is not weak, many of his men.

However, this strength is really nothing for Ye Xuan.

Because of the time back, the Devil and the Northern Emperor did not fall, and the hatred of the Wind Devil was not so high.

Therefore, this time is solved by Ye Xuan.

"who?"

When Ye Xuan was close to the lord's house, it was discovered by people. However, the person who discovered it saw that Ye Xuan was only a queen of seven celestial beings, and did not take it seriously. He came out alone.

"court death!"

Ye Xuan snorted and slammed it out.

Although he is only a seven-character king, he can fight in six realms.

Six realms, that is, the four treasures!

The discoverer is only the gatekeeper of the three-magic demon, and is instantly spiked.

"Tree old, Shura ghosts, let's go!"

Ye Xuan said to the two.

In an instant, they are killing them.

Megatron is also no nonsense, turned into a mysterious warrior armor, and placed on the tree.

As for the Shura ghosts, it is the eye of Shura.

On the last random mission, Shura's eye was advanced. After the opening, there was a huge eye in the sky.

Anyone whose realm is lower than the Shura Ghosts or the same level is instantly killed, and the dead air gathers in the eyes of this Shura, so that the Shura Ghosts have the ability to display Shura.

However, this time, the repair of the ghost is not the use of Shura Shengguang, but another skill.

"The eyes of Shura, Shura changed!"

This trick was rewarded after the last random mission.

After the cultivation of Shura, the body of the Shura ghosts directly magnified hundreds of times and became a giant.

"boom!"

The swords of the Shura Ghosts have also been magnified hundreds of times, and they are directly shot against the masters who rushed out of the lord's house.

Originally it was only the Shura Ghost of the Second Demon Emperor. After absorbing so much death, this time it actually broke through to the Three Devils, and the cultivation is still improving.

"who?"

At this time, in the depths of the Lord's House, after the wind blade Huang felt the breath, he opened his eyes directly.

It's just that the three-product magic emperor has the breath that makes him feel guilty. How is this possible?

Just as he was surprised, suddenly a strange voice fell into his ear.

"Got you!"

The old man wearing the armor of the mysterious warrior was looking for it, and he did not give the other party a reaction time.

"Hey!"

This punch directly penetrated the heart of the Wind Blade Emperor and instantly killed it.

The seven devils of the deity, under the eyes of the two old devils of the tree, are so vulnerable.

However, the old tree is already blameless, and it will directly accept the Fengkuhuang's Qiankun.

On the other hand, Shura Ghost also quickly killed those middle-level demons, one left.

Then, the next step is to clean up the action.

"Don't go out and help to suppress them, I have to collect them all!"

Ye Xuan suddenly put the sputum out.

"it is good!"

If you don't say anything, you jumped directly into the sky. At the next moment, there was a figure behind him that was no less than a statue of Shura.

"Super swallow!"

Ye Xuan also began to swim in the house of the lord, using forced engulfing, forcing all of them to receive the planting space.

In less than half a minute, the entire government was empty.

"Hey, if you go on like this, if you don't have much time, I can dominate the Devil!"

Ye Xuan's mouth suddenly tilted slightly.

There are a total of nine demon statues in the devil world. Each one is a nine-character demon level. Although there are other levels of demon respect, they are headed by these nine demon statues.

Now the old three trees are estimated to have the strength to fight with the demon. If this is the case, then the nine demon statues are actually nothing to him.

However, it was at this time.

A strong atmosphere that made the little devils of the world faint, and suddenly came.

After this breath appeared, Ye Xuan's dying fairy was almost bursting open, but fortunately his heart was more capable, otherwise it would fall.

"What...who?"

Ye Xuan looked up stunnedly and looked down at the breath, and found a **** figure standing in the sky.

This **** figure was covered with a red mist and could not see the face.

Who?

Ye Xuan and the mixed king of the devil looked at it inexplicably.

Such a strong atmosphere, at least the level of the demon, how come here?

Still waiting for the small devil to open the mouth, the red fog outside the red figure suddenly disappeared, and then revealed a demon face, is a handsome red-haired youth.

"I didn't expect that I actually met a source of the devil!"

As soon as the young man opened his mouth, he revealed the secret of the little devil.

As soon as this was said, the body shape of the mixed world demon and Ye Xuan trembled. The former was already disguised, and the average person could not see it. However, this young man turned out to see it.

This is trouble!

This young man is at least a master of the demon level. If he wants to kill the little devil, it is a breeze.

Moreover, the source of the demon body is extremely rare, even if it is the master of the demon level, if it can be successful, it will soon be able to return to the peak strength.

However, Ye Xuan is not too desperate. After all, he still has time to reverse his skills. When he is out of the wind, he will quickly break open and hide.

"What do you want?"

The mixed world devil gnawed his teeth and said.

"Oh, I don't want to be like!"

The young man opened his mouth and smiled and said: "Under the introduction, I am the ninth demon of the demon world, **** moon!"

"boom!"

This self-introduction is like a blue sky, falling on Ye Xuan and the mixed world demon.

The ninth demon of the devil world, blood month?

Heaven, this young man in front of him is actually the bloodmoon demon of the demon world.

After Ye Xuan and the mixed world demon king heard this, they couldn't help but take a breath. They didn't expect such a place to encounter such a master.

Chapter 1779: The tenth demon in the future!

The blood moon demon statue is the nine-character demon statue, which is nine times higher than the nine-devil magic king. It is not at all that Ye Xuan and the mixed world demon king can currently deal with it.

However, it seems that this **** moon demon statue does not want to kill them. Otherwise, he will not appear and directly obliterate it.

Ye Xuan, who had already used the time back, suddenly stopped.

Maybe, when this **** moon demon stalks, I met the little devil of the world, want to accept it as a disciple?

Not waiting for Ye Xuan to open, the blood moon demon is the road: "The source of the devil is rare, but I am not the first time to see it, and I am also the source of the source, so I just want to ask If you are willing to be my apprentice?"

"Blood Moon Demon is also the source of the source of the devil?"

"Not bad!"

Blood Moon Devil has a sentence, the next moment, his body is a layer of blood red crystal armor.

This set of armor is similar to the little devil in the world, but the color is wrong.

"I am not only the body of the source, but also promoted it to the body of the Gorefiend. As long as you worship me as a teacher, I will pass on my life to teach you, and in the future you will be the tenth demon in the devil!" Moon Demon said.

This condition is very tempting.

I thought about it in the heart of the little devil, and I couldn't help but look at Ye Xuan. The latter gave a slight meal. He said: "You decide it yourself and become the tenth hand of the devil. It is also very good."

"it is good!"

The mixed king devil nodded and said: "See the master!"

Hearing this title, the blood moon demon can't help but laughed and said: "I have taught you that in the future you will be able to crush the other eight demon statues, the devil's tenth demon, must be you!"

"Master Xie!"

The mixed little devil hurriedly thanked.

There is the ninth demon lord of the demon world. In the future, he will also have no worries about food and clothing, and he can cultivate with peace of mind.

However, Ye Xuan is still a bit uneasy, after all, he is guilty of paranoia.

At the earliest time, he was almost overwhelmed by his master, and the paranoia was like this.

Except for his own people, he almost can't believe it.

"Time back can only return to ten days ago. If this **** moon demon wants to murder the little devil, but it is not so fast, it will be miserable."

Ye Xuan thought secretly.

However, what can be done now?

This time, chances are the opportunity to be a little demon. If he uses time to go back, then the little devil may not touch the bloodmoon demon.

Therefore, Ye Xuan decided to let the little devils make their own choices. Once something really happened, then Ye Xuan could only avenge the little devil.

"Okay, you can go back to Bloodmoon City with me now!"

After the **** moon demon is finished, there is a force that shrouds the little devil and Ye Xuan, and then forcibly leaves.

In front of these nine devils, Ye Xuan is a cockroach ant, letting him slaughter.

However, even if there is no such thing as a small demon king, this **** moon demon may not be able to descend from his identity, and Ye Xuan shot.

The speed of the nine-character demon is not something that ordinary people can catch. After only one day, Ye Xuan and the mixed-race little demon king came to the **** city of Blood Moon Demon.

Here, it is the world of the strong, there are a lot of masters in the city, if not the **** moon demon, the mixed world of the devil and Ye Xuan may not be able to walk, the breath can shake their heart burst.

The **** moon demon with Ye Xuan and the mixed world demon king came to his **** castle.

"Master, you are back!"

A man greeted him, and his breath was so strong that even the little devil could not sense it.

"The sixth, for the teacher to go out to collect a disciple this time, he is your younger brother in the future, you arrange a place for him." Blood Moon Devil said to the man.

"Yes, Master!"

The man nodded respectfully.

He is the sixth disciple of the Blood Moon Demon, and is already the realm of the Three Devils.

"There is still something to do for the teacher. You will come to me tomorrow."

After the **** moon demon fell on such a sentence, he left in a hurry.

"Seven teachers, my name is Xi Yuan."

The man finished talking to the little devil, and he couldn't help but ask Ye Xuan, "This is..."

"He is my friend." The little devil said in a hurry.

Xi Yuan glanced a little surprised and did not put Ye Xuan in his heart. However, he felt that there was a blood relationship between Ye Xuan and the mixed king.

"Well, please ask the seven divisions here." Xi Yuan did not ask much, and left with the little devil and Ye Xuan.

Since even he can sense it, then the blood moon demon can certainly be, and precisely because of this, Ye Xuan was brought back together.

"I will practice here in the future, what about Ye Xuan?" On the way, the little devil can't help but tell Ye Xuan.

"I, I think about it again." Ye Xuan replied.

To be honest, he wants to go back to the fairy world. After all, it is the place to cultivate the immortals.

However, in the Devil World, he is the public enemy of the whole people. Once the cultivator finds out that he will attack, he will not have to find those reasons to rob the forces.

However, now that Xu Xun is accepted as a disciple by the Blood Moon Demon, Ye Xuan is estimated to have to upgrade to another place.

"Since I have chosen myself, I can't stop it. I will leave after eight days."

Ye Xuan said secretly.

Soon, Xi Yuan arranged the residence for the mixed king and Ye Xuan.

At the same time, Ye Xuan and the mixed world demon king also accurately sensed that there are other cultivators in Xueyue Castle.

The cultivator and the cultivator are not two, but they do not have to be divided into life and death. Just like the sixth demon of the devil, he is a genius, so there are some cultivators in the devil. It is a very normal thing.

Next, Ye Xuan stayed in his residence to see what the **** demon lord called to do.

In these eight days, he can use time back, so he is not worried.

The next day, according to the instructions of the blood moon demon, he went to look for him.

In less than half a day, Xuan Xu came back.

"The master passed on the cultivation method of the source of my source, and as long as I continue to cultivate, I can practice his body of the Gorefiend."

When Xu said, he couldn't help but paused. "But he said that he must wait for me to break through to the demon, before he can go out."

"Someone teaches you that it is not difficult to cultivate to the demon, but you need a lot of time in the outside world." Ye Xuan reminded.

"It doesn't matter. Now there is the ninth demon lord of the demon world. It is the same in practice and cultivation outside." Xu Xuan opened his mouth and smiled.

"If this is the case, then I will leave in a few days." Ye Xuan said.

The secret of planting space, he does not want to let the blood moon demon know, after all, is an outsider.

Chapter 1780: Tianhuo Palace!

Just in time, the little devil in the world can also peel off the soul of Ye Xuan's child in these days, and then find another flesh.

During the period, Ye Xuan's realm once again broke through, reaching the Eight Pinxian King, and the old three of the trees reached the Sanpin Emperor. However, this strength is not worth mentioning in the Bloodmoon Castle.

On the seventh day, Ye Xuan felt that the time was almost the same, that is, he said goodbye to Yuxu and left the Blood Moon Castle.

"I have my death killing order on my body. If it is death, I will know it for the first time."

Ye Xuan thought about it, and then left under the leadership of a middle-level demon.

His strength, if he started from the Blood Moon Castle, I am afraid that he will die in the middle of the road, so the mixed world demon king will bring Ye Xuan to the Wind Blade Emperor.

However, on the way back, it is not too flat.

This middle-level demon statue with Ye Xuan's returning wind blade is the sixth-class demon level. On the way back with Ye Xuan, he suddenly stopped.

"what happened?"

Ye Xuan is a bit strange.

"Opened a fairy passage in the vicinity, you are here, I will look at it." After the six devils finished, they left Ye Xuan and left.

Ye Xuan looked at it strangely.

What about the big fairy channel? What's the big deal?

However, this time is not simple.

This person was ordered by Ye Xuan to kill him. When he went to check, Ye Xuan suddenly heard a system prompt.

"Hey, death kills and kills the target!"

This system sounds, but she is shocked by Ye Xuan.

The master of the six-character demon level, hung up?

Not waiting for him to react, there are a large number of people appearing in front of them, overwhelming.

"Looks in a big slot!"

Ye Xuan roared.

So many people seem to be cultivators, but they are not.

The demonist cultivates the magic, and the cultivation of the demon is actually a magic. If it is carefully sensed, there is still a difference.

At this time, Ye Xuan from these people, is not the magic, but the demon.

These people are all demons!

"The demon slayer is in a camp with the cultivator, and there are three chief princes in the celestial world, namely the Qing Emperor, the Wuhou and the eternal Dragon King. These people should not be destroyed!"

Ye Xuan reacted at once.

This time, the fairy world is going to fight the devil world!

"It's just a fairy king. Go back to the fairy world. There will be a big fight, not you can participate!"

A repairing demon suddenly swept over and kindly reminded him.

"Yes, seniors!"

Ye Xuan nodded a sentence.

This level of combat is really not what he can now participate in.

Even the six-character demon statues are dead, so the level of the fairyland here is not weak, and the coming may be the middle and high-level fairy statues.

The war is coming soon, Ye Xuan has to hurry to escape!

"Zhuxu, you have to be careful on the other side, only to take me back to the wind blade, the emperor's six-character demon statue was killed by the demon slayer, came a lot of high-end Xianzun!" Ye Xuan hurriedly conveyed to Xuan.

"What, a lot of repairing the demon, is this going to attack the devil world?"

"I don't know, you are careful, I will take another step!"

Ye Xuan said helplessly, and then quickly left, but the direction he left was not the fairy passage, but the wind blade.

At this time, he did not want to go back to the fairyland. Then there was a big battle. In other places, there should also be a passage in the fairy world. At that time, he could rob the fire.

The immortal, the demon, the demon, all are his goals!

On the way back to the wind, the Emperor led him to meet a lot of people, almost all of them were repairing the demon, and there were a few cultivators. After they saw Ye Xuan, they all left in a hurry. After all, Ye Xuan was just the Eight Kings. ,it can not be helped.

The farther away from the **** city, the lower the realm of the immortal and the demon who met, so that the safety of Ye Xuan is also guaranteed.

In the previous section of the road, Ye Xuan also walked up with fear, all wearing the mysterious warrior.

There, there are a lot of masters of the demon level. Fortunately, after the opening of the fairyland channel, a large number of cultivators and cultivators are sent over. They will kill when they see the cultivator, so it is safer.

At this time, Ye Xuan is already returning to the Wind Blade Emperor, only three days away.

At the same time, his realm has also been upgraded to the nine-pronged king, and the old three are the four-class emperor.

However, it is at this time.

"what?"

Suddenly a strange voice fell into Ye Xuan's ear.

Ye Xuan turned his head and found that a young man was approaching quickly, and his realm was not high. He only had five emperors.

After seeing this person, Ye Xuan's dazzling celestial heart suddenly accelerated and jumped up, which made Ye Xuan somewhat strange.

"Teacher, you don't even come to the Emperor, how dare you come to the Devil?" The young man asked strangely.

"Teacher?"

This title makes Ye Xuan even more surprised. Does this young man mistake him for other people?

Still waiting for him to speak, there was a figure in the distance.

"A big courage, dare to scatter in the devil world, find death!"

A voice floated over, and Ye Xuan sensed it. It was a five-magic demon.

"Hey, the five magical emperors in the district, dare to come to me trouble!"

The young man in front of Ye Xuan snorted and was immediately wrapped in a group of skyfire.

After Ye Xuan saw this group of fires, the brow was immediately a pick.

Isn't this a dazzling fire?

Now, Ye Xuan has some understanding of why this young man called his younger brother. The other party is a disciple of the Tianjie Palace.

Tianhuo Palace, the practice is to dazzle the fairy heart, but also master a powerful fairy magic, the name is Tianhuo three metamorphosis!

At this point, the young man has already shot, wrapped up the flying sword with the dazzling fire, directly hit the front of the five treasures.

"What, dazzling fire?"

The five devils were shocked, and the flying sword was so amazing that he came to him in an instant and then stabbed in.

"Hey!"

I only heard a series of crisp sounds, the magic of the five devils were directly pierced, and then the fire of the sky spread, and the body was incinerated.

Spike!

In the case of the same level, the cultivator actually killed the cultivator, which is relatively rare.

However, this young man is from the Heavenly Fire Palace, which is ok.

At the moment, the youth is swiftly swept away and will accept the martyrdom of the cultivator.

Ye Xuan looked at his back, and the light flashed, and suddenly made a decision.

The mixed world demon once said to him that after the people of Tianhuo Palace became a dazzling celestial heart, if they cooperated with the Tianshen three metamorphosis, the power would be very powerful.

Thinking of this, Ye Xuan directly summoned the old tree.

The tree is old, but now it is the four-character demon. It is only a lower level than the youth. Even if the youth comes from the Tianhuo Palace, it is impossible to be its opponent.
