

Super D. S 1781

Chapter 1781: Skyfire San Xuan change!

When the old tree appeared, it was directly used by the fire, and it flashed to the back of the other side, and then punched out.

"Hey!"

The back of this cultivator was pierced, and the sorcerer's heart was held by the old tree. As long as the latter was pinched, the fairy heart would burst directly.

"what?"

The young man was scared, and his fairy tales covered it. Why didn't he find the four old devils of the tree, how could it be?

Not waiting for him to react, Ye Xuan has super-swallowed it, although the difference is five realms, but the chance of success will fluctuate with the mood of the other party.

At this time, the young man was in a crisis, and at the time of panic, the chances were greatly improved, and Ye Xuan was immediately taken into the planting space.

When it comes to planting space, is it not the meaning of Ye Xuan to kill?

"What is this place?"

The young man was thrown into the planting space by Ye Xuan and shouted in a strange way.

Next, Ye Xuan is to torture him, use the eyes of the soul to torture the other side, and ask the things of the Tianhuo Palace, and the fire of the day.

The flow rate in the planting space is 10,000 times slower than the outside world, and Ye Xuan does not believe that the other party can continue.

If it is not because the other party is a person in the Tianhuo Palace, he has to take some things from the other side, Ye Xuan has already killed the soul.

Soon, the thing of the Tianhuo Palace and the fire of the day, was obtained by Ye Xuan.

In this way, the disciple of the Tianhuo Palace of the Five-Principal Emperor also had no use of Ye Xuan, and he let him live in the planting space.

"Hey, the host learns the first change in the three fires!"

The system prompts.

"Tianhuo three metamorphosis, the first change can forcibly promote a realm, the second change is two realms, the third change is three realms!"

Seeing this, Ye Xuan's eyes could not help but shine.

If you learn the third change, you can temporarily improve the three realms, which is very important for him.

Although there are trees and other people in the battle outside, in the trial tower, the tree can not always appear.

Now Ye Xuan has passed the sixth floor of the trial tower, and then the seventh floor. If he challenges the realm of his nine-pronged king, he will face the seven-character emperor.

However, now he has learned the first change of Tianhuo Sanxuan, and can temporarily raise a realm. Doesn't that still fight for more than six realms?

"Xianwang level can only learn the first change of Tianhuo Sanxuan, the emperor can change the second, and Xianzun is the third change. Now I am the nine-character king. If it is to challenge, it is not a problem!"

Thinking of this, Ye Xuan is sinking his mind into the trial tower.

"Hey, the host is starting to challenge the seventh floor of the trial tower!"

"Hey, the system draws to the cultivator!"

"Hey, the difficulty is five stars!"

A systematic reminder sounds.

Ye Xuan, the next challenge is the seven immortals.

"three!"

"two!"

"One!"

Trial challenges, start!

"call out!"

The countdown has just returned to zero, and Ye Xuan's opponent directly sacrificed a flying sword and then shot at Ye Xuan.

Upon seeing it, Ye Xuan couldn't help but breathe a sigh of relief. This means that the other party is not a sword fairy, but an ordinary cultivator.

"Tianhuo three metamorphosis, the first change!"

Ye Xuan's eyes widened and he directly applied the skills he had just learned. The realm instantly soared to the level of a fairy.

"Death chase!"

"The eye of assassination!"

The next moment, Ye Xuan crossed a large distance and appeared behind the cultivator.

"Thousands of absolutely!"

Ye Xuan had the strength of six realm challenges before, and now it is equivalent to six realms. As long as there is no accident, this battle will certainly be won.

"Hey!" "Hey!" "Hey!"

Although the power of a thousand is not strong, it will oscillate two thousand times in an instant, and the system will judge it two thousand times in an instant.

It is a pity that the odds of this thousand is calculated according to the nine-pronged king, not a single immortal. Therefore, it is only triggered by a dozen critical strike powers, and it does not trigger a one-shot kill effect.

Even so, it has caused a lot of damage to these seven immortals.

"Don't you die?"

Ye Xuan brows a pick and quickly casts a unicorn drop.

Thousands of rumors have not been successful, but this time the unicorns fell, but it was beyond the expectations of Ye Xuan.

"Hey, the host summoned a second ice unicorn!"

This second-level ice unicorn appeared, and the whole challenge was like a momentary solidification. The speed of the seven-story emperor seems to have dropped a lot.

"The wind blows through the palms!"

At this time, the seven-character emperor suddenly turned and took a picture of the palm of the hand, very fast.

However, Ye Xuan has used the Atomic Shield since the beginning. Although this palm is directed toward his dazzling celestial heart, it is absorbed by the Atomic Shield.

Coincidentally, the power of this blow is just within the tolerance of the Atomic Shield.

"Three times rebound, bang!"

Ye Xuan's eyes lit up and directly blasted the polar shield. The power of this blow was exactly three times that of the wind.

These seven immortals apparently did not think of this, and were instantly hit, and the fairy heart burst open.

"Hey, the host challenge is successful!"

"Hey, the host gets a little swallowing point!"

"Hey, does the host continue to challenge?"

Now, Ye Xuan added a little bit of swallowing point and reached three points.

This is also thanks to the Tianxuan three metamorphosis, otherwise Ye Xuan is unlikely to successfully challenge the seventh floor of the trial tower, unless it is a new blood.

"If you break through once again, I can learn the second change of Tianxuan San Xuan, and then I can challenge the eighth layer. If it is to Xianzun, you can challenge the ninth floor."

Ye Xuan thought secretly.

He did not expect that this time he would encounter such an adventure. Otherwise, he still does not know that Tianhuo Sanxuan is so easy to use.

"Give me another two or three days, then I can break through to the Emperor, and then challenge the eighth floor of the trial tower to win the swallowing point!"

Ye Xuan's eyes glimpsed, and even if he quickly left the place, he went to the wind blade.

After three days.

"Hey, the host breaks through, and it's currently a fairy!"

"Hey, Shura ghosts, Megatron, Yanyin ghosts break through, currently the five-pronged emperor!"

"Hey, the host learns the second change in the three fires!"

Ye Xuan, finally broke through to the Emperor.

At the moment, he began to challenge the trial tower. This time, it was the eighth floor. It was eight times higher than him. His opponent was the nine-prefecture emperor.

After the trial challenge began, Ye Xuan quickly used Tianhuo San Xuan, forced to promote the realm to the Sanpin Emperor, so that only six different realms.

The final winner of this battle is Ye Xuan.

Of course, this is also his luck. If he is not a cultivator, but a cultivator or a demon, I am afraid he will lose.

However, it does not matter, anyway, the trial tower can challenge once a day, and it will not come slowly.

Chapter 1782: Fairy channel

After successfully challenging the eighth floor, Ye Xuan had a four-point swallowing point, but unfortunately the second sage level bloodline still did not open, he still could not be exchanged.

"With my current strength, it is enough to find the devil's trouble." Ye Xuan thought.

The old tree is already a five-pronged emperor, and it is not afraid to face the demon, so Ye Xuan wants to catch something this time, so there is no need to upgrade in the future.

The devil's horn of the Blood Moon Demon is still big, and the Wind Blade Emperor's collar is just a corner. Therefore, Ye Xuan directly plunges toward the middle of the Devil's Horn.

Before, he came from this place, but at that time the realm was low and he was busy with his escape.

Now, he changed his mind and is ready to kill.

Because of the old tree, Ye Xuan should be the common enemy of the demon and the immortal. Then, he is ready to kill the Quartet.

When he saw the immortal, he summoned the old battle of the tree. When he saw the demon, he summoned the old tree, as for the demon, or the old tree.

Anyway, in addition to the necessary moments, Ye Xuan basically will not personally take shots.

"Young Master, I have to go out too!"

In the planting space, the land shouted.

Now she has broken through to the four-character demon, the strength is not worse than the old man, she has been trying to come out for so long.

"Okay, let me out!"

Ye Xuanyi opened his mouth and smiled and summoned the people who had fallen.

There is a team of cultivators who are approaching, just to let the hands fall.

"Look at me, the sky is turned into a fox!"

Falling into nothing, directly transforming the body, and then turned into a golden streamer.

Among the teams of this cultivator, there are four eight-devil emperors, one of the nine devils, and the realm is much higher than the fall.

The fall of the incarnation of the fox turned directly to the five people.

"Big fire purgatory!"

A fiery flame spurted out of the falling body and instantly wrapped the five emperors into it.

In the distance, Ye Xuan, who is under the eyes of insight, only saw that this group of people was thrown to the incineration.

Although the demon person is also known for its long body, but the falling flame is not ordinary, this is the demon fire, the power is no worse than Ye Xuan's dazzling fire.

In the blink of an eye, the five people will be killed by the fall, so there is no need to say more about this strength.

"Good job."

Ye Xuanyi opened his mouth and smiled. He swiftly swept the past and took a few people's shackles.

However, what he did not know was that there were several strong breaths and he quickly came to him.

"Young Master, I want to sneak myself!"

The fall suddenly said.

"Where are you going?"

Ye Xuan did not refuse. After all, he now sometimes turns back the skill. If he encounters something, he can completely reverse the time and space.

Of course, the strength of the fall can almost dominate in this neighborhood, no need to worry.

"In this case, the old tree, you also have your own heart, staying at the Megatron and the Shura ghosts in my place." Ye Xuan said to the old tree.

"Ok!"

The tree smiled and then quickly left.

As for Megatron, it is turned into a Xuan Shen battle armor set on Ye Xuan, while Shura Ghost is behind Ye Xuan.

Then, Ye Xuan himself also killed.

In this area, almost all of them are high-level demon emperors, but there are few masters of the demon level. Although Ye Xuan is only a fairy, he is not afraid even if he encounters the demon.

Don't forget, he also has the three fires of the sky, and the armor of the mysterious god.

What's more, his eye of the void can instantly pull down the tree and pull it back.

All in all, he is almost invincible here!

This time, the dragon field of the fairy world attacked the demon world, apparently prepared, killing the devil world is caught off guard.

However, the offensive demon world is actually a blind man, but in fact it is for one person.

Just after Ye Xuan killed a few waves of the magician, he suddenly received a message from the mixed king.

"Ye Xuan, the Dragon Field attacking the magical spirit, does not seem as simple as the surface. Only my master said that they are looking for someone in this attack!"

Hearing this, Ye Xuan couldn't help but ask strangely: "Look for someone? Who are you looking for?"

"I don't know, but this war won't be too long. They won't attack the **** city. You should find a place to hide it." The little devil reminded him.

"okay, I get it."

Ye Xuan nodded.

Although I don't know what the dragon field is looking for, it is definitely not his business. After all, the other party's level is too high, and he is only entering the fairy kingdom.

However, it was not long after the reminder.

"Yeah, young master, not good, there are a group of powerful demonists who have surrounded me." The sound of the fall suddenly sounded in Ye Xuan's mind.

Upon hearing this, Ye Xuan's figure trembled and hurriedly asked: "What, what happened?"

During the speech, he quickly broke through the void and appeared directly next to the falling body. Before that, he had already brought the tree back to the planting space.

After passing through the door of the void, Ye Xuan sensed that a stock could suppress the strong breath of his breathlessness.

Four, a total of four demon!

However, these four demonizers are all of the middle-level demon level.

"what happened?"

Ye Xuan quickly asked, and be careful.

"who are you?"

A young man suddenly spoke and asked.

"The same is the Yaozu, do not kill the demons, but surrounded my sister, what do you want to do?" Ye Xuan directly asked.

"younger sister?"

After the young man heard it, his eyes glimpsed.

He felt that Ye Xuan was just an ordinary cultivator, not a Yaozu, and that the realm was much lower than the fall.

However, he did not ask more, but said directly: "We are not malicious, I just want to ask, is she refining the demon?"

When the words came out, I asked Ye Xuan and the fall.

Can these few demonizers be able to sense it?

I don't know, this is a blessing or a curse!

However, Ye Xuan is not afraid of these people, although he may have to die once, but sometimes the light back to this skill is, big deal and then come back again.

"What is it?" Ye Xuan answered.

"I didn't expect that the Fox family could even refine the demon spirit. It is rare."

The young man lamented a sentence and said: "She has refining the demon, how long should it be?"

"Not bad!" Ye Xuan again responded.

"That's right, the Dragon King felt it, it should be her!" The young man nodded.

"Dragon King?"

Ye Xuan's eyes glimpsed, and suddenly she thought of a person.

Fairyland, Longyu, do not destroy the Dragon King!

These demon-taughters, originally turned out to be the devil of the Dragon King, and still rushed down.

"What do you want to do?"

Ye Xuan asked a hostile look.

"In my dragon field, in addition to not killing the Dragon Emperor and the Red Dragon Emperor, there are three refining of the demon, and now if there is one more, it will certainly enhance the strength of my dragon domain." Youth Road.

Chapter 1783: Xianjie Longyu

"It turns out!"

Now Ye Xuan understands it. I originally wanted to drop it to the Dragon Field, and then cultivate it to become the dragon's handle.

"Because of this, you are attacking the devil world, just to find the fall?" Ye Xuan asked again.

"Not bad!"

The young man nodded: "Compared to the Qing Emperor and the Wuhou, my dragon domain is less attacking the devil world. This time, if someone has sensed the demon, send the news back, we will not come."

"But, you came from the fairy world, shouldn't you arrive immediately?" Ye Xuan asked.

Before, he and his waywardness have been soaring for half a month, but it has been different for nearly a thousand years.

From the fairyland to the devil world, there have been decades of surprises.

It's not too long before the refining of the demon spirit, the dragon domain people are coming, this is a bit strange.

"You mean there will be a time difference, that has been solved." Youth Road.

Although I don't know why, but Ye Xuan did not ask much, he saw that the four repairers did not have a hostile look. They should really want to ask them to go to the Dragon Field.

"If this is the case, then let's go to the Dragon Field." Ye Xuan said.

"I am very welcome. We have already notified the 18 dragons of the Dragon Emperor before, and I will soon arrive."

"Okay, then I am here and so on."

Ye Xuan nodded.

However, this matter is too sudden, and the little devil is accepted as an apprentice by the ninth demon of the demon world.

Now the dragon king of the dragon domain also sent people to come and drop to the dragon domain. In the future, if the fairyland and the devil world go to war, it will be bad.

After half a day, there is a stronger atmosphere than the four young people. According to Ye Xuan and the youth chat, this person is not one of the 18 dragons of the Dragon Emperor.

"Is this little girl?"

This 18-year-old dragon is a burly man, and immediately after seeing the fall, he said.

"Yes, Long Wei adults!" the young man nodded.

"Fortunately, it is not near Xueyuecheng, otherwise it will be troublesome. Well, we will return to Longyu and inform other brothers to withdraw."

After the burly man finished, it was directly the avatar.

Ye Xuan saw that it was the five-clawed golden dragon that he had killed. This is the top race in the dragon class.

Next, Ye Xuan and Luo Lan are riding on the back of the five-clawed golden dragon and quickly plunging into a fairy passage.

In less than a day, they came to the fairy channel and sent it directly.

"Yu, I will leave the devil world first, and come back to you later!"

At the time of separation, Ye Xuan confessed to the little devil, but did not mention the things that fell into the sky.

Immediately, Ye Xuan entered the channel of the fairyland and sent it to the fairyland.

When I was thinking about it, when he came to the Devil World, it seemed to be Luo Tianxian, and now he left the Devil World, and he has already broken through to the Emperor.

Moreover, if the bottom card is layered, even if it is a fairy, you can't help him.

Presumably, he will soon stand at the peak of the fairy world.

The fairy world and the demon world have very significant surprises. The environment of the devil world is very harsh and oppressive, while the fairy world is full of fairy tales. Looking around, they are surrounded by clouds and smoke, like a painting.

At this time, Ye Xuan has followed the middle-aged people and returned to the Dragon Field.

Here, it is the world of the demon, so there are many fairy beasts.

After coming to the fairyland, the middle-aged man continued to maintain the body of the five-clawed golden dragon, plunging toward the northwest. After several small transmissions, he finally came to the center of the dragon domain, Thang Long City.

However, before the middle-aged people entered the city, there was a team welcoming them.

Moreover, they are all rare races, including an oversized five-clawed golden dragon.

"Hey!"

Suddenly, this five-clawed golden dragon roared in the sky and then became a human figure.

After the five-clawed golden dragon became a human figure, it was a white-haired old man wearing a golden dragon crown, and it looked amiable.

However, his realm is still above the 18 Dragons, reaching the nine-character celestial, he is the dragon king of the dragon.

On the other side, there is also a red dragon to become a red-haired middle-aged man. He is the second-handed Chiron Emperor of the Dragon Field. The body is also the top race in the dragon class, the supreme red dragon.

"Well? The demon spirit has not been completely refining, only half."

At the sight of the Red Dragon Emperor, he saw the secret of falling.

"This is already very good. The other half of the refining method of the demon spirit has always been the secret of my dragon domain."

After killing the Dragon Emperor, he asked in the face of the fall: "Little girl, where did you get the devil's refining method that day?"

"Get it from a cultivator." The fall said directly.

Of course, this is what Ye Xuan told her to say.

"It doesn't matter. Anyway, the refining method of the first half of the sky is deliberately circulated. If someone is smelting, it is the blessing of my demon."

Do not destroy the Dragon King, continue to ask: "Little girl, what is your body?"

When I heard this, I couldn't help but turn my head and look at Ye Xuan. After I got the consent, I started to transform myself into the body.

Immediately, a golden fox caught the eyes of everyone.

"Fox?"

When the Red Dragon Emperor looked at it, it was a bit strange.

He thought that it was a noble race, but he did not expect it to be the most common golden fox.

"Old red, this time you can look away."

Do not destroy the Dragon King's eyes, a little smile on his face said: "If I guess well, this little girl is not a golden fox, but a legendary savage fox!"

God is tired of fox!

When these three words fall into the ears of all people, their body shape trembles.

This is a super-racial race!

"How is it possible that the rarity of Tianhuo fox is still on my supreme red dragon, and it is almost impossible to survive, and it will be robbed by the sky." Chi Longdi shocked.

"It is true that Tianhuo is too arrogant, but if it is to spend the day in the mortal world, then it is okay."
Do not destroy the Dragon King laughed.

The brilliance of the mortal world is less than one hundred million in the power of the celestial world.

After the immortal reminder of the Dragon Emperor, the Red Dragon Emperor felt that there was some truth and hurriedly asked: "Little girl, are you flying up from the mortal?"

"Ok."

Falling down and nodding.

"Okay, that's great. If you have already passed the catastrophe, then you don't have to worry about it. Heaven and the devil, plus the sky-wearing fox, is simply a perfect match. If it grows up, even if we are two people, I am afraid it is not Opponent." Chi Longdi said very happy.

On the rarity, the Supreme Red Dragon is more rare than the Five-Claw Golden Dragon, but if it is compared with the Tianhuo Fox, it is spiked.

If it is really better than that, in the Dragon Field, Tianhuo Fox is definitely ranked first, then the Supreme Red Dragon, followed by the Five-Claw Golden Dragon.

Chapter 1784: Complete day demon

"Little girl, come, this dragon field will be your home in the future!" said the Dragon King with a smile.

In the Dragon Field, there are three other refineries, except for the Dragon King and the Red Dragon Emperor.

However, these three are all five-clawed golden dragons.

Although the Supreme Red Dragon is more rare and more powerful than the Five-Prong Golden Dragon, the Supreme Red Dragon has a congenital defect, that is, there is no fertility, so that the Red Dragon Emperor has no children.

However, there is no such thing as falling foxes on this day. In the future, her children may be ignorant.

If there is no annihilation of the Dragon Emperor and the Red Dragon Emperor, if you can regenerate the sorrowful fox in the future, you will certainly be able to survive the day.

All in all, the Emperor and the Emperor of the Red Dragon have not treated the fall as their granddaughter, and the other half of the fallen demon will soon be refining.

It's just a half-day demon, and the physique is no worse than the tree. If you refine the complete demon, even if the realm is lower than the tree, you can hang the tree.

Because Ye Xuan is a falling brother, he also received the attention of the Dragon Field. The two of them were arranged to a residence.

"Little girl, you have to rest for a few days, and when you have a rest, we will help you to refine the other half of the demon." The dragon is said to be intimately facing the fall.

"Thank you Grandpa Dragon King." Thanks for the smile.

Then, not to kill the Dragon King and others, they left, let Ye Xuan and fall to rest.

Ye Xuan and the fall of this time is called the Golden Dragon Hall. Those who can live here are the top masters in the dragon field. This is enough to see that the Dragon King does not pay attention to the fall.

In addition, Ye Xuan also discovered three unsettled dragon guards of the eight-level Xianzun level, and stayed near Jinlong Temple.

"There is a fall in the future, my cultivation resources are estimated to be worthless. If it is a realm of five days, after more than a month, I can break through to the level of Xianzun."

Ye Xuan thought secretly.

Only when you step into Xianzun, can you be a true master, because no matter whether it is the fairy or the devil, the level of the Emperor of the Emperor seems to be few.

After a few days.

"Hey, the host breaks through, and it's currently the second emperor!"

"Hey, Shura Ghost, Megatron, Yanyin Ghosts break through, currently the Six Pinxian Emperor!"

The realm of Ye Xuan and the old three of the trees has once again increased.

Later, Ye Xuan felt that the time was almost the same, and people were told to not kill the Dragon King.

Fall, you have to start refining the other half of the demon.

After the news of the Dragon King was not extinguished, he quickly rushed over with the Red Dragon Emperor. They were already preparing the materials.

Falling is self-smelting into a half-day demon heart, plus the blood of the day, and the two super masters of the Dragon King and the Red Dragon Emperor, and the other half of the Sky Demon is estimated not to spend much time.

However, this move is of utmost importance, so the Dragon King and the Red Dragon Emperor are not destroyed, and no outsiders are allowed to enter.

Ye Xuan as a fallen brother, this does not matter, after all, Ye Xuan is just the second realm of the Emperor.

Don't say the Emperor, even if it is a middle-class fairy, it is a dish in front of this group of masters.

Seeing that these two great deities are so attached, Ye Xuan is relieved. During their help in refining, Ye Xuan also chose to leave. After all, if he is inside, how can he break through?

"Hey, the host breaks through, and it's currently the Sanpin Emperor!"

"Hey, Shura Ghost, Megatron, Yanyin Ghosts break through, currently the Seven Pinnacle!"

In the process of refining the other half of the demon, Ye Xuan broke through again.

Although the upgrade speed is amazing, he can harden the past with his own reincarnation.

Shortly after his breakthrough, there was a dragon guard who found out that he had refining another half of the demon.

However, the fall has not yet gone out, she just took advantage of this opportunity, impact the higher realm, may be able to directly rush to the demon statue.

After another few days, Ye Xuan's realm broke through again, reaching the four-pronged emperor, and the tree was a few, but it broke through to the Eight-Eight Emperor.

On the second day after their breakthrough, the landing was also a successful exit. Not only did they break through all the way, but they broke through to the nine-deviled kingdom, and they realized the state of forgetting.

The so-called forgetting state is to greatly enhance the speed of self-absorption of scent. In simple terms, the speed of cultivation is much faster, and with the flow rate of the planting space, it is estimated that it will soon break through to the demon.

"Young Master, my other half of the demon is refining."

In Ye Xuan's mind, there was a sound like a silver bell.

"Well, then do you want to play with the tree old?" Ye Xuan laughed.

"No, the tree grandfather is his own person, I want to challenge the geniuses of the Yaozu!" said the direct.

"it is good!"

Ye Xuan opened his mouth, and he also wanted to see the breakthrough to the fall of the nine-pounded demon, and the strength is strong to what extent.

Soon, the two of them will meet again, and then they will propose to the Emperor.

"No problem, I will go all out to gather all my geniuses."

Do not destroy the Dragon King left with a smile.

In the Longyu, the cultivation time is less than 100,000 years, and they are all young people.

In other words, the fall will challenge all ages less than 100,000 years.

It is said that the strongest one has been practicing for 90,000 years, and it is already the six-character demon, but the first genius of the dragon domain, and he also refines the demon.

Not killing the Dragon Emperor, all the young talents in the vicinity are all gathered on the Dragon Platform.

"I heard that there is another genius in the Dragon Field that refines the demon spirit. Is this true?"

"It is true, it has already spread, and it is still rare."

"What, Tianhuo Fox, isn't it rarer than the blood of the Red Dragon of the Emperor Chilong?"

"Well, I don't want to kill the Dragon Emperor and the Red Dragon Emperor. I think she can lead our Yaozu and win back the demon world."

"Heavenly fox blood, but can absorb the sacred cultivation, if it is added to forget the state, it is estimated that within a million years can reach nine demon statues, even the demon emperor. At that time, she can certainly sweep the underworld master, lead us back to the demon world."

Countless demon people, whispered in that.

At this time, the immortal Dragon King suddenly came with the fall, attracting everyone's attention.

As they appeared, the people present at the scene closed their mouths, and the thunderstorms were quiet all around.

"You, this little girl is the sixth demon person in my dragon field who has the demon spirit. The body is a savage fox. Then, if the cultivation time is less than 100,000 years, they can come to the stage to discuss with her."

"Every realm is limited to three people. If she is defeated, there is a reward!"

When the sound of the Dragon King fell into the ears of everyone, everyone was boiling.

Chapter 1785: Sweeping the dragon genius

You must know that, like this situation, it happened rarely before. The Dragon King is one of the two giants of the Dragon Field. His reward is definitely a lot of money.

The people present can accurately sense that the fall is the realm of the nine-devil, that is to say, the next thing to go is at least the nine demon.

"I will come first!"

A nine-character demon screamed and jumped on the dragon station.

In fact, he knows that he can't beat it, but he has to go up and try it.

"call out!"

This nine-character demon has just landed, and it has already rushed up. Her speed is beyond the reaction of the former. The small hand has directly fanned out the nine demon kings.

Spike!

Just kidding, even if there is no refining of the demon, it is not the same level of people who can fight.

Next, it is a demon.

However, a product demon is still a part of being killed.

The second product demon statue is the same, and it is easy to shoot by falling.

As for the three-product demon, the original thought that they would have something to look at, the result is still a slap in the air.

This is already the more three realms of fighting.

Moreover, the people who came to power were the best among the peers, but they were killed by the nine-deviled emperor. It was a shame.

Then, the next four stars are demon.

"Please drop your high school to teach!"

A young man is holding a fist against the falling.

"This time, let me attack you!" The fall did not immediately attack, directly said.

"Okay, offended!"

The youth did not feel guilty and immediately agreed to it. When the voice fell, it was already rushed out.

This punch, straight to the landing door!

This young man is a four-character demon. If it is placed in other places, it is enough to challenge the genius of the five-devil.

However, such a strength is obviously not enough to see in the face of the resurgence of the Tianhuo.

"Hey!"

The fall did not move, but the young man's fist did not hit the body, but was blocked by a layer of barriers.

"What, the barriers of the demon condensed, actually blocked Wu Quan's full punch?"

Everyone was shocked.

"I do not believe!"

Wu Jun angered in his heart and made another punch.

"Hey!" "Hey!" "Hey!"

The fists were fierce, but they were all blocked by the monsters.

"what....."

At this time, Wu Jun suddenly snarled and turned directly into the body.

The body of Wu Jun, although not a five-clawed golden dragon, is also a weaker than the five-clawed golden dragon.

"Calling!"

This time, it is Wu Jun's full-strength tail attack, which is enough to detonate the body of the ordinary five-devil.

However, it was still blocked by the falling of this layer of monster barriers.

"It should be impossible,"

The Chiron Emperor in the high air is different.

"No, old red, you see falling." Undead Dragon King suddenly reminded.

After such a reminder, the Red Dragon Emperor looked at it and found that the fall was somewhat different.

"The original is to enter the state of forgetting, it is no wonder that the monster barrier is so powerful, and the daring is to call the surrounding fairy." Chi Long emperor instantly understood, after all, he is one of the top two top players in the dragon domain.

"Hey!"

At this time, on the battle dragon platform was a muffled sound spread, Wu Jun's red gold white dragon was directly dropped to a fist to the head, and then flew out of the dragon station.

Still spike!

"hiss!"

The people around him took a breath.

Only the fall of the nine-level demon level, it is easier to overcome the four realm challenges, and there is still the way to look.

If she waits for her to break through to the demon, isn't it stronger?

"Four demon statues don't go up, the next five demon statues!" Do not destroy the Dragon King Road.

Even if he doesn't say it, it is estimated that there are no four-character demon to go to the church, obviously it is impossible to beat.

Wu Jun, who is a genius, is already at the top level in the four-character demon. However, he was shot and flew. Is it not the same mistakes that others have gone up?

However, as the one person after another flew out of the dragon station, the emotions of the participants were also mobilized.

Next is the five-character demon, do not know whether it can successfully challenge the fall?

"I come!"

Another young man jumped up. This person is also known in the presence. It is the top three of the five-character demon, named Zheng Qiwen, and the body is the wind and the wind.

After he took office, he did not talk nonsense, and directly turned into a stream of light and fell.

"Hey!"

Falling still stood there and tested the strength of his own demon barrier. In a muffled sound, the young man's fist was still blocked.

"A strong defense!"

Everyone's heart trembled.

The people present, there are a lot of middle and high-level demon statues, they all can see that Zheng Qiwen's fist is at least five times stronger than the tail attack of Wu Jun's body.

However, it is a demon barrier that cannot be shaken.

"Even my demon barriers can't be broken, and you are not qualified to be my opponent."

In the heart of the fall, I snorted and made a direct move.

She used to be very humble, but after the refining of the demon, the arrogance came up.

Although Zheng Qiwen's strength was strong, he only took three shots and was thrown out of the dragon platform.

Falling, the more five realms challenge success!

"hiss!"

Everyone is already shocked and can't speak.

The fall has actually surpassed the five realms, so when she breaks into the four-character demon in the future, is it stronger than the Eighteen Dragons?

Now, even the five-pronged demon can't make three moves under the falling hand, then they can only play six demon statues.

"Teng Qingshan, let's go!"

After seeing this scene, the Dragon King personally ordered a person's name.

Teng Qingshan is the first person in the six-character demon, and the first person in the young generation of the Dragon Field. The body is a five-clawed golden dragon.

This time, if the fall can beat him, it will replace the name of the first genius of the Dragon Field.

"Don't support the big, direct body!" Do not destroy the Dragon King privately to Teng Qingshan.

"Yes, grandfather!"

Teng Qingshan respectfully responded to a sentence, and then did not enter the scene, it was turned into a 10,000-meter long five-clawed golden dragon, golden light shines like a small sun.

In fact, when it comes to this realm, the size of the body is indifferent. Even if you grow millions of meters or even millions, they can easily pass.

Looking down at the top of the five-clawed golden dragon, the powder fist can not help but clenched. She knows that this Teng Qingshan is different from the person she met before. This time, I am afraid I have to try my best.

Of course, if Teng Qingshan can force her to become the body of the fox, then it depends on the ability.

"let's start!"

Do not destroy the Dragon King incarnation referee, said a sentence.

The next moment, Teng Qingshan and Luo Qiqiu shot.

"Oh, this is fun, Teng Qingshan has also refining the demon of the sky, even if it is the eight-character demon, why not help him, I don't know if it can be dealt with."

"If we talk about race level, our five-clawed golden dragon is under the supreme red dragon, and the supreme red dragon is no more than the sky, so it is hard to say this time."

"Yes, although Teng Qingshan is six times higher than the fallen Highness, but it is a sorrowful fox, it may be able to make up for this gap."

All the people widened their eyes and carefully observed the battle.

Chapter 1786: Comparable to the blood of the day

At the beginning of the battle, the fall and Teng Qingshan began to fight, but if it is said to be physical, Teng Qingshan is more powerful. After all, it is six high, and it also refines the demon.

However, the fall has realized the state of forgetting the sorrowful fox, calling the huge scent for its own use and strengthening the body.

Therefore, this round of two people put together a close match.

"Hey, little girl is really terrible now. If I am a nine-character fairy, I must have beaten this Teng Qingshan, unless I add a mysterious warrior."

The tree is old and said.

Although he can fight more than six realms, but that is the average person, if you really meet the genius, then it will not work.

In the battle dragon station, the battle was very fierce. Although it seems that Teng Qingshan was beaten, Teng Qingshan was not hurt.

"It's not a five-pronged golden dragon. The golden scales are really hard. It seems that there is no cost, and you can't beat you."

When you think about it in your heart, you change it directly.

God is tired of fox!

An invisible pressure has spread.

Although the realm of falling is lower than that of most people present, her blood is ruined by everyone.

When the body of the fascinating fox appeared, there was a lingering sensation in the heart, and it was almost breathless.

"Good, strong pressure!"

"I didn't expect that I could see the legendary Tianhuo fox, it was really dead without regrets!"

"In the future, you will be able to lead us back to the demon world and defeat the underworld!"

"The demon world is the site of our Yaozu, and we will not have to live in the fairyland in the future."

Everyone talked about it and the mood was high.

On the other hand, Teng Qingshan, the five-clawed golden dragon, appeared in the blood of the body with the appearance of the day-old fox, which is the **** suppression, but unwilling performance.

"Hey!"

Teng Qingshan roared in the sky and waved his paws to the ground.

The pair of fascinating scorpions suddenly flashed, and the whole body turned into a golden stream, and instantly pierced the claws of Teng Qingshan. Then the nine tails suddenly swept away, and the half body of Teng Qingshan was cut off by the waist.

This war, I am afraid that has already won the game.

Fall, win!

Although it is only a moment, but the fall is already the strength of the Teng Qingshan. If it is a life-and-death battle, Teng Qingshan's demon will probably be torn in half.

That move, but the tricks of the fall of the nine tail fans, enough to pose a threat to the eight demon statues.

The whole audience was silent.

Even the Dragon King and the Red Dragon Emperor were shocked.

The strength of the fall is beyond their understanding. They did not expect Teng Qingshan to be so unbearable in the face of falling.

"Old, old gold, do you want to go to the Seventh Demon?" The Red Dragon Emperor gave a sigh of silence to the Dragon King.

"No, it's only the nine-deviled emperor. When she breaks through to the demon, let's talk about it." The emperor shook his head.

The fall of the nine-pounded emperor has such strength, and when she enters the realm of demon, the strength will be strong to what extent?

Do not destroy the Dragon King and the Red Dragon Emperor, have some expectations.

Although this time the challenge, no one in the Dragon Domain has been rewarded, but they have all seen the power of the sky, which is also a good news for them.

However, just when everyone was thinking about whether the Dragon King would let the seven-character demon shot, suddenly a petite voice flashed to the dragon platform.

This is a mini golden-haired monkey. It is not much bigger than the palm of the hand. It is also holding a thin iron rod. It looks like it is falling on the dragon platform.

"Hey, cute little monkey."

After seeing this little monkey, I immediately put my eyes on the light and prepared to go to the front.

Available at this time.

"Fall, be careful!"

Do not destroy the Dragon King hurriedly shouted.

When I fell, I stopped and looked at the Dragon King in a strange way.

She feels that this little monkey has only seven virtues, and it seems to be just a fairy. What are you afraid of?

"This monkey, the fairy beast that came back with me, is very sleepy, but its combat power is very amazing." The Red Dragon Emperor gave a voice.

"It's amazing, but it's two lower than me." The fall is a bit strange.

She is a nine-character demon, and after she became a body, she also directly killed the Teng Qingshan of the six-character demon level.

It's hard to be done, this little monkey is even more powerful than Teng Qingshan?

how is this possible?

Falling can not believe.

"Hey!"

At this time, the little monkey in front of the scene suddenly called two times, and waved at the fall.

"You let me attack?"

Asked to fall and understand.

"Hey!"

The little monkey nodded.

At the moment, the fall is to look at the dragon king and seek meaning.

"Little monkey, what do you want to do?" asked the Red Dragon Emperor.

"Hey."

The little monkey called a few times.

If it is a general fairy, the demon people can almost understand, but the language of this little monkey is weird, even the Chiron Emperor can not fully understand.

However, this time the Chi Long Emperor understood, the little monkey wants to learn from the fall and will not hurt her.

This is the case, but the landing is extremely dissatisfied.

She also understood the words of the little monkey, what would not hurt her, obviously was flattened.

"This, let's go."

The Red Dragon Emperor and the Undead Dragon King looked at each other and nodded.

There are two of his nine demon statues on the scene, it should be no problem.

However, before the little monkey was asleep, it was just a three-deviled emperor. Now, after waking up, it is already a seven-piece demon, it is incredible.

"Hey, see how I can clean you up."

At this time, Ye Xuan's voice outside the court reminded: "Be careful, this little monkey seems very unusual."

"Good young master!"

Falling down should be a sentence, directly keeping the human form rushed up.

Unexpectedly, this little monkey did not mean to dodge, just stood up and was kicked and flew.

"what?"

The fall was shocked. She thought that the little monkey would avoid it. The strength of this foot is not small, and the Seven Devils will probably be kicked.

However, her worries did not happen. After the little monkey took this foot, she just turned back and smirked and grinned.

It seems that the strength of this little monkey is indeed as simple as that of the Red Dragon Emperor.

"It turned out to be a pig and a tiger, then I am relieved!"

When you drop your eyes, you start to shoot with all your strength.

However, the speed of this little monkey was so fast that it began to tease and fall, and it was quite funny to scratch the ear.

"What is the origin of this little monkey, even playing the game?"

"I don't know, I only know that it was brought back by the Red Dragon Emperor. No, it seems to be coming back with the Red Dragon Emperor."

"I remember that it used the thin iron rod to fly a lot of people, at least six realms, is it a super fairy?"

"In my memory, there is no such thing as a monkey that can compare with the sky-like foxes?"

The onlookers on the scene showed a strange look and looked at the dragon station.

At this point, the fall is already irritated. She just killed Teng Qingshan and she was played by a little monkey. This can't be tolerated.

Chapter 1787: Monkey

"Transformed!"

Falling into nothing, directly into the body.

However, it is still far behind, and she seems to have no influence on this little monkey.

We must know that when Teng Qingshan was fighting against Teng Qingshan, Teng Qingshan did not play the strength of 10%, at most 70%, it was suppressed by the blood of Tianluo.

But now, the little monkey has no influence at all, which shows that the blood of the little monkey is comparable to that of the day, even surpassing the sky.

"Sure enough, this little monkey is probably a mutant fairy, at least one level with the sky."

The Dragon King and the Red Dragon Emperor did not look at each other, and they thought in the same way.

In the battle dragon station, the body of the Tianhuo fox has fallen, and the quality of all aspects has improved a lot.

This time, the little monkey was a little hard, and couldn't help but start waving the thin iron rod in his hand and began to fight back.

"Hey!" "Hey!" "Hey!"

A sound of the road fell into the ears of everyone.

Everyone was shocked.

The seven-character demon-level little monkey seems to have become a tie with the nine-character-level devil-like fox. What is the situation?

"What is the origin of this little monkey?"

I don't want to destroy the Dragon King and the Red Dragon Emperor again.

While watching the little monkey and falling into battle, Ye Xuan quickly let the fairy phagocytic system sweep the little monkey.

It was discovered that even the fairy phagocytic system could not know the type of small monkey.

I don't know if the blood of the little monkey is too noble, or the realm of Ye Xuan is not enough.

However, from the current situation, the fall seems to be still at a disadvantage.

Seeing this, Ye Xuan's eyes could not help but brighten. He had already made a decision and received the demon monkey.

If you are conquered, you will be able to become a super-power in the future.

"Hey."

Ye Xuan snickered in the heart.

He is now a four-pronged emperor, which is four levels lower than the demon monkey. At that time, he uses the super swallow to separate the demon monkey into the planting space, and then forcibly sign the contract.

This is his plan!

Although it is a bit bad, if the little monkey becomes his pet, he can enjoy the effect of pet strength growth. At that time, the little monkey may be able to kill directly.

In the battle dragon station, the battle has entered a white heat, falling and the little monkey, playing hard.

What I have to say is that the little monkey's defensive power is amazing. He even hardened the falling nine-tail fan. This is a super trick to kill Teng Qingshan.

The most important thing is that the little monkey is unscathed. What does this body do?

Terrible, it's terrible!

"Hey!"

The little monkey suddenly stopped and asked a question in a strange tone.

"Say my strength is a bit strange?"

After failing to understand the words of the little monkey, I suddenly remembered the plan of Fang Caixuan, and immediately smiled: "That is because I have a good master. After signing a contract with him, my fighting power has doubled."

"Hey?"

The little monkey was a little surprised, looking down at the falling eyes, and finally fell on Ye Xuan.

However, it is not stupid. If it is a contract with a human being, it is a troublesome thing. At least the current one cannot solve the contract.

After seeing the skeptical look of the little monkey, he fell and whispered: "And he still has an independent space. The space velocity inside is 10,000 times slower than the outside world. After staying for 10,000 years, the outside world The past year."

"Hey?"

The little monkey eyes are bright.

If it really falls like that, it is a good place. In the future, he can add sleep in it.

"Oh, don't believe it, even if you win this time, I will go back to the retreat. After I break through to a demon, I will abuse you!"

When he saw that the little monkey was still hesitating, he immediately turned into a human form and then turned away from the dragon station.

"Hey!"

The little monkey suddenly turned into a streamer, flashed to the face of the fall, and seriously asked again.

"Of course it is true, do you want me to test the age to show you? I was born until now, only twenty years!"

It's like laughing and laughing.

Indeed, she has only been twenty years since she was born.

Moreover, even if it is two hundred years, two thousand years or even 20,000 years, it is nothing in the eyes of the people present.

However, in the past 20 years, it has broken through to the nine-piece demon, which is a bit too fake.

When the little monkey heard this, he turned his head and plunged it to Ye Xuan, then sat down in front of Ye Xuan and looked at it.

It found that the blood in Ye Xuan's body was very mixed, and even it could not see Ye Xuan, a bit strange.

"Hey!"

The little monkey called for two songs at Ye Xuan.

"Let's fall, what is it talking about?" Ye Xuan asked inexplicably.

Although Megatron and Shura Ghost can't talk, he can understand it after signing a contract with him.

This little monkey is not his pet, he does not understand this animal language, so it is not clear.

"It is asking if you are the same as I said." The sound of the fall sounded in Ye Xuan's mind.

"Nature is true. If you sign a contract with me, you will never regret it." Ye Xuan said quickly.

"Hey!"

The little monkey thought for a moment and called twice.

"Young master, it said to first sign an equality contract to see." Falling translation.

"Row!"

Upon hearing this, Ye Xuan's eyes lit up and hurriedly exchanged an equal contract from the Xian-level engulfing system.

The so-called equality contract, after signing, Ye Xuan could not call the little monkey.

If it is the master servant contract, then the little monkey has to listen to Ye Xuan's order.

On the other side, I don't know the Dragon King and the Red Dragon Emperor. I don't understand what the Fall and the Little Monkey are doing, just watching it quietly.

But the next moment, they will understand.

"What, sign a contract?"

The Dragon King and the Red Dragon Emperor were shocked. The most strange thing was the latter. After all, he once wanted to sign a contract with the little monkey, but he was despised by the little monkey and said that he was not qualified.

Even his nine demon statues are not qualified, how is Ye Xuan qualified?

Although Ye Xuan is a fallen brother, but not?

However, they see that this is an equal contract, and the little monkeys are voluntary and they can't say anything.

"Hey, the host and the **** of the gods signed an equal contract!"

"Oh, the **** of the gods is the **** of breaking the gods, and it is automatically transformed into a magic weapon!"

Two consecutive system prompts, let Ye Xuanzhen in the same place.

After signing the contract, the system detected the blood type of the little monkey. It turned out to be a fairy beast called the **** of the gods.

However, what is the situation when the body of the gods is broken?

This goods, originally from the stone like Sun Wukong?

Moreover, it is also automatically made into a magic weapon, which is fun.

Chapter 1788: Super boost

"Hey?"

After the little monkey and Ye Xuan signed the contract, they felt it.

Nima, really doubled!

Falling down did not even lie to her!

He was thinking that if it was to swindle it and sign a contract with Ye Xuan, it would kill Ye Xuan with a stick, but did not expect that Ye Xuan and Luo Luo said that it was true.

In this way, the little monkey became Ye Xuan's fifth pet, and it was one of the most powerful ones ever.

Only the seven-deviled emperor played a tie with the fall of the nine-devil, and at the time it did not double the pet increase.

If the little monkey is already a pet of Ye Xuan, and enjoy that double the increase, then the fall is definitely not its opponent.

The little monkey is so smashing, what is it that is coming, is it too powerful?

"How, I didn't lie to you?"

Ye Xuan smiled and said to the little monkey.

"Hey!"

The voice of the little monkey sounded in Ye Xuan's mind, and now the latter can understand what the little monkey said.

"Don't worry, that place didn't lie to you, but I don't want to expose it to others to know, and then go back later." Ye Xuan said quickly.

"Hey!"

The little monkey compromised.

"Do you have a name? If you don't have one, it will make you break the sky in the future." Ye Xuandao.

"Hey!"

The little monkey called, meaning it doesn't matter, it is called with you.

As a result, Ye Xuan has added a super general, and it is still more anti-day than the fall.

Now, Ye Xuan's five pets are higher than him.

The old tree, the Megatron, the Shura ghosts, and the broken gods are all seven elites, while the fall is the nine emperors.

As for Ye Xuan himself, it is a three-pronged emperor, low pity.

However, now he relies on pets to eat, he does not have to do it, every battle is on the crowd, don't mention how comfortable.

On the other hand, the Red Dragon Emperor and the Undead Dragon Emperor saw Ye Xuan actually conquered the little monkey and could not help but pluck down.

"Young man, how did you convince it?" Chi Long could not help but ask.

At the beginning, he also wanted to conquer the gods, but he did not succeed. Now he was taken over by Ye Xuan, so he was a little unbalanced.

If it is better than him, Ye Xuan is not a three-pronged emperor, what is the qualification to accept?

Faced with this problem, Ye Xuan opened his mouth and said: "It doesn't matter, they have contracted with me, including falling."

"what?"

This one answer is also to scare the immortal Dragon King and the Red Dragon Emperor.

Falling, even has a contract with Ye Xuan?

"Hey, I am a young master with a big hand. When the young master knew me, even the immortals were still far away. It was he who took me through the robbery and then flew up to the fairy world. Otherwise, I might have died in the robbery. It's down." Falling and laughing.

In the eyes of outsiders, it is estimated that the fall has been cultivated for tens of thousands of years, and Ye Xuan is also true.

However, they are only twenty or thirty years old. If the secret is said to go out, it will definitely scare some of the lesser-minded repairers to heart disease.

"This....."

The Dragon King and the Red Dragon Emperor did not look at each other.

Since the fall is a long-term contract with Ye Xuan, they are not good at saying anything, but they still have some concerns.

"Young man, what contract is you signed with the landing?" asked the dragon emperor.

"When I met with the fall, she wanted to charm me, but I was expected to be countered by me. At that time, I signed the blood of the master and the servant." Ye Xuan answered honestly.

"What, the blood of the master and the servant?" The dragon was shocked.

The blood of the master and the servant is still different from the contract of the master and the servant.

The master servant contract, the master can command the servant, if the master is dead, the servant will be freed, and if the servant is dead, the master will have no influence.

However, the blood of the master and the servant means that if the master is dead, the servant will die. The servant is dead and the master will not have an influence.

To put it simply, if Ye Xuan is dead and has to be buried, it is so cruel!

"Dragon Emperor, rest assured, the young master will not die." Falling into the hurry.

Ye Xuan, but with all kinds of stunts, back in time, four big avatars, etc., want to kill him, it is not so easy.

What's more, now Ye Xuan is already a three-pronged emperor, which is already in the top realm in the fairy world.

In addition, he has a big avatar and stays in the mortal world. If he wants to kill him, he must find his mortal.

However, this should not be possible.

Ye Xuan's fourth avatar is invincible in the mortal world, because the space structure of the mortal space is weak, let alone the emperor, even if it is the big Luo Jinxian, I am afraid that it can not be down.

The reason why his fourth avatar was able to sit there was because he was a mortal in the mortal world and would not be excluded.

And the big Luo Jinxian level of the next, let alone kill him, I am afraid he can not lift his head, directly suppressed into the land, then, who can threaten him?

Although the fall is so said, but the Dragon King and the Red Dragon Emperor are still somewhat worried, because Ye Xuan and Luo Cheng signed the blood of the master and servant, Ye Xuan has the ability to let fall.

"The dragon king predecessors, my strength is not weak, or you find someone, fight with me?" Ye Xuan suddenly proposed.

"Find someone?"

It doesn't kill the Dragon King, but Ye Xuan is just a three-pronged emperor. What is the use of this realm?

In the Longyu area, as long as the cultivation time exceeds 10,000 years, it almost exceeds this realm.

Ye Xuan is stronger, and can't be stronger?

"But the old man doesn't say much anything."

It's decided not to destroy the Dragon King. After all, Ye Xuan seems to be quite good at falling.

Since the little monkey was also conquered by Ye Xuan, this represents Ye Xuan should also be a bit of a skill, there are falling and small monkey protection, Ye Xuan is also a lot safe.

However, in the heart of the Dragon King and the Red Dragon Emperor, there is an idea that restricts Ye Xuan's actions, that is, Ye Xuan is not allowed to leave the Dragon Field easily, and will live in the Dragon Field in the future.

In fact, Ye Xuan's heart also expected this. After all, he signed the **** stipulation of the master and servant.

If he is dead, he will follow the funeral, and now it will be the first day of the dragon domain. In the future, it will definitely surpass the Dragon King and the Red Dragon Emperor, or even the Dragon Dragon Emperor.

Demon Dragon Emperor, who was once the demon king, but in the battle of the underworld attacking the demon world, in order to cover the demon to the fairyland, he was besieged by the underworld master.

In other words, the Yaozu people in the fairyland dragon field are waiting to fall and grow up, leading them to regain the demon world.

As the fall appeared, they knew that this moment should be short.

Today, the success of the success of winning the first genius of the Dragon Field, then her status will be over the 18 Dragons of the Dragon King, and the Chiron Emperor's nine blood dragon guard, only Second is not to destroy the Dragon King and the Red Dragon Emperor.

Chapter 1789: The underworld

As a fallen brother, Ye Xuan naturally has a high water bed and has received numerous protections.

Of course, it is not so much protection, it is better to monitor, because the Dragon King and the Red Dragon Emperor do not want Ye Xuan to leave the Dragon Field, which is equivalent to life imprisonment.

In this regard, Ye Xuan actually has no complaints, because he knows that the Dragon Field can not limit him.

Now the little monkey and Ye Xuan signed a contract, and what makes Ye Xuan strange is that he is like the Xiu Luo ghost, Megatron, can be upgraded by swallowing ore.

In other words, his upgrade method will be exactly the same as Shura Ghost and Megatron.

day!

In the case of the same level, even if it is the Fall, the Shura Ghost and the Megatron add up, I am afraid that it is not the opponent of the little monkey.

Ye Xuan estimates that its strength is already more than six demon statues, even the seven demon statues can not accept its full strength.

Therefore, his strength should be at the level of eight demon statues, infinite, after all, nine demon statues.

This is of great significance to Ye Xuan.

A few days after the Genius Challenge.

"Hey, the host breaks through, and it's currently four emperors!"

"Hey, Yan Ghost Monarch, Shura Ghost Respect, Megatron, Breaking the Gods, Breaking, is currently the Eight Emperor!"

In addition, after cultivation in the planting space, the fall has also successfully broken through to the realm of a demon.

If it was before, Ye Xuan would be afraid to expose the planting space, but he has already said the secret of signing the blood of the master and servant, and there is nothing.

After all, there are many methods and magic weapons in the fairy world that can bring people into a place.

After breaking through the sacred gods, coupled with the growth of Ye Xuan's blood, the strength of its strength is probably no less than the annihilation of the Dragon King and the Red Dragon Emperor.

However, the devil's smashing this super strong card has a deadly place, that is, lethargy!

After each battle, it will fall asleep and time will be fixed.

Before playing with the fall, what skills are useless, so it is easy, just stay in the planting space for a while.

"Young Master, I am now breaking through to a product demon, the strength is even worse than the seven-devil, not as good as we are now going to the underworld?"

The fall suddenly proposed.

"If you go out now, you will not agree with the Dragon King and the Red Dragon Emperor." Ye Xuan replied.

"Hey, then let's wait a little longer? When I have the strength to compare them." Fallen said again.

"Well, wait ten days!"

Ye Xuan nodded slightly.

Ten days later, the old tree, the Shura ghost, the Megatron, and the broken gods can all break through to a demon. If you use the state of forgetting, you can estimate that you can have two demon statues and even three demon statues.

This kind of strength is enough to fight the Dragon King and the Red Dragon Emperor. At that time, even if they join hands, they can't stop Ye Xuan.

Time is a little past.

A few days later, Ye Xuan broke through again and reached the five-pronged emperor. The old tree, the Megatron, the Shura ghosts and the broken gods broke through again and reached the nine-story emperor.

As long as you break through again, then it is the demon!

Just signed a **** contract with Ye Xuan, and the music is about to explode.

In just a few days, it actually broke through twice, and its strength has turned over ten times, which is simply terrible.

This is not the point, the point is that we can continue to upgrade.

Falling over there, but there are a lot of heaven and earth treasures, not at all.

However, just three days after this breakthrough, suddenly a message was passed into the city of Thang Long.

"What, the northern part of the Longyu suddenly appeared in the underworld?"

After learning the news, the Dragon King was not shocked.

"What is going on, is there a passage in the underworld?" Chi Long asked quickly.

"No, there is a ghost in the underworld, killing and killing the dead, turning those dead into the underworld!"

A Long Weihui report.

"A demon ghost, it seems to be a nine-character ghost."

Do not destroy the Dragon King's eyes, then said to the Red Dragon Emperor: I will solve him, you come to the town of Shenglong City! "

"I will go." Red Dragon Road.

"My five-clawed golden dragon is the nemesis of the underworld creatures. If it is a one-on-one, I will not fear them at all. Even if I am surrounded by two or three, I have the ability to escape." The dragon king said.

When the Red Dragon Emperor heard it, he felt that there was some truth. After all, the Golden Light of the Five-Claw Golden Dragon can suppress the underworld creatures. If the low-level underworld creatures are photographed, they will be burned in an instant.

"Okay, then you are careful!" Chi Longdi nodded.

Immediately, the Dragon King did not take his 18 dragon guards and left the city of Thang Long directly to the north of the Dragon.

As for the Chi Long Emperor, it is the town of Shenglong.

If it is really better than the other, the underworld is the strongest of the four worlds, because they have the ability to control the underworld creatures, and there are two ghost emperors.

It is precisely because of this that only one demon king's demon world was captured by the underworld, and the Yaozu people were forced to migrate to the fairy world.

As for the fairyland, the Qing Emperor and the Wuhou are the realm of the Emperor. Now, with the master of the Dragon Field, they are not afraid of the Underworld.

At this time, the Dragon King and the 18 Dragons have not left the Dragon City. As for the protection of the Fall and Ye Xuan, they are replaced by the Dragon Dragon of the Red Dragon Emperor.

"Red Dragon Grandpa, where is the Dragon King Grandpa?" asked the voice.

"There was a nine-character ghost in the north of the Dragon Field. It was leading the army of the underworld and the dragon king went to clean up." The Red Dragon emperor replied.

"The people in the underworld?"

Hearing this, the falling eyes glanced and said: "I will go too."

"No, and the Dragon King alone is enough. You must not leave the Dragon City now." Red Dragon reminded.

He feels that this is not so simple, maybe it is an ambush.

The nine-character ghost is just a bait. The purpose is to separate the Dragon King and the Red Dragon Emperor.

After returning to the sound, the Red Dragon Emperor immediately sent a message to the Qing Emperor and the Wuhou, let them know about it.

Because, when the world is in the dark, there is no good thing, and every time things are not small.

In the city of Thanglong, there is a transmission array of Qingmu City and Wujing. Presumably, these two emperors will soon send people.

However, the next moment, the face of the Red Dragon Emperor is a big change.

"What, there is no way to send the message?" The Red Dragon Emperor's eyes widened.

This is trouble!

Sure enough, he just reacted, and a certain place in the city of Thang Long was a booming sound.

"Booming!"

Upon hearing this, the Red Dragon Emperor swiftly swept out, and his face dipped heavily: "Everyone is careful, there are foreign enemies!"

Then he plunged in the direction of the sound.

The Yao people in Shenglong City are also surprised. What is the place of Shenglong City, the center of the Dragon Field.

How come people in the underworld?

Chapter 1790: Tune the tiger away from the mountain

Not only that, but Ye Xuan is the same, but in the next moment, he can be sure that Thang Long City was indeed attacked.

The repair of the demon ghosts does indeed sense the breath of death, and there is more than one direction.

"Booming!"

Not waiting for Ye Xuan to react, the other directions of Shenglong City also sounded a booming sound.

A majestic death, spread!

"Under the undead, I want to kill the Yao people..."

Ye Xuan's eyes were slightly stunned, and my heart thought.

The underworld is the strongest of the four worlds, but why do they choose the advanced attacking demon world?

That's because the demon person is very strong, as long as it can be transformed into a general army, then you can sweep the other two.

In this action, they also planned for a long time. The reason why the Dragon King and the Red Dragon Emperor did not disappear was because they bought some of the demon slayers. Even the 18 Dragon Guardian and the Blood Dragon Guardian also had traitors.

"It's not good to fall to the Highness, and Thang Long City is attacked by underworld creatures."

A blood dragon guard, hurriedly ran into Ye Xuan and the falling residence.

"I already know." Nodded.

However, the next moment, the blood dragon guard in front of him suddenly exposed the endless murderousness and flew directly toward the fall.

This blood dragon guard is a traitor who has been bought by the underworld ghosts!

The fall is a little shocked, but now she is already a demon, and is infinitely close to the second demon, against the eight demon, no longer.

"The claws of the demon god!"

When she fell, she immediately turned into a fascinating fox, and she showed her cards. She poked out her claws and instantly penetrated the chest of this blood dragon.

The magic of this blood dragon is instantly shredded and then fallen.

A product demon statue, kill eight products demon!

This is the power of the sky and the fox and the demon!

"The underworld has also penetrated into the Dragon City. This attack, I am afraid not because of other reasons, but because of falling."

Ye Xuan suddenly came out and said slowly.

"I am afraid that I will grow up, but also a demon dragon, perhaps more powerful, and then swept the underworld?" asked.

"It should be like this, but the other party certainly did not expect that you have broken through to a demon. This blood dragon guard knows your current realm and your previous record, but see you now, so I want to try. Ye Xuan nodded.

"Oh, my strength is now above the 18 Dragons. The whole of the Dragon City is second only to the existence of Grandpa and the Dragon Grandpa. It is not so easy to kill me." Ramp.

Not only that, but Ye Xuan also has a strong card, which is the **** of the gods.

Before the little monkey, it was the Seven Devils. Now it has broken through two realms and reached the nine-deviled king. The strength has also skyrocketed dozens of times.

Ye Xuan estimates that its current strength has surpassed the Dragon King and the Red Dragon Emperor. Even if the ghosts of the Underworld are personally out of the country, I am afraid that it will not be able to.

This means that the action of the underworld will not be so smooth.

"Go, let's go help!"

At the moment, Ye Xuan is leaving with the fall, the tree old, Shura ghosts and Megatron all appear, killing those dead creatures.

The masters of the underworld can control the dead, and those who have been killed will immediately change and then kill the former companions.

In this case, Shu Lao and others will not be merciless.

Ye Xuan is now only a five-pronged emperor, even if he uses the Tianhuo three metamorphosis to upgrade to the seven-character emperor, I am afraid that he can only fight with the four-character ghost.

Therefore, this war can only temporarily hide under the mysterious war, and is far from the crowd.

The tree is now a nine-character emperor. If you join hands with the demon ghosts, you can deal with the seven-character ghosts, but they still assist in the fall and look for those high realms.

"Sure enough, there are nine ghosts, and there seem to be three, the Red Dragon is dangerous!"

With the help of Shura ghosts, Ye Xuan understood the greatness of the underworld.

You must know that the entire dragon domain is also two nine-devil lords. Now the eternal dragon also ran to support the north, leaving the Red Dragon Emperor alone, to be the only three masters.

However, it is not such a simple thing to kill the Dragon King and the Red Dragon Emperor. They are worried that this is the rule of the tiger in the underworld. Therefore, the Dragon King did not directly rush to the north of the Dragon Field, but wandered outside and folded. came back.

Sure enough, as he expected, this is a conspiracy in the underworld!

"Under the old ghost, your grandfather is back!" The dragon is angry and the golden light shines.

Although there are not many people in this group of five-clawed golden dragons, they are strong because of their blood.

Everyone is full of golden light, and instantly burns down those low-level death creatures, and at the same time suppresses many masters.

"Jiang Guoran is still old and spicy, but he did not succeed in taking you away, but what about this?"

A yin and yang sound is heard.

"Yellow Huangjun, is it you?"

The Emperor Huang never recognized it, after all, they had a fight in the past.

"Not only that, but me!"

Another sound is heard.

"Seven killers!"

The Red Dragon Emperor also recognized it.

The Huangquan monarch and the seven murderers are also famous in the four worlds, and their strength is not weaker than them.

However, it does not kill the Dragon King and the Red Dragon Emperor. It is clear that there are three nine-nine ghosts, then the third one?

The next moment, their faces are changing.

Because they actually saw an acquaintance.

"master?"

Do not destroy the Dragon King and the Red Dragon Emperor exclaimed.

This third stock of nine ghosts of the atmosphere, not others, is the demon king of the year, the demon dragon!

At that time, the demon dragon emperor had a total of five apprentices, but in that big battle, only the dragon and the red dragon were killed.

Now, the demon dragon has appeared here, how is this possible?

"Haha, your three brothers and brothers, Jiuyou Emperor failed to refine, but your master, but succeeded! Although it is not as good as the peak time, but also has the peak strength of 20% to 30%, you will surrender, As long as you follow the nine emperors, you can definitely unite the four worlds in the future!" Huang Qunjun laughed loudly.

"You have destroyed our roots, left home and left here, and want us to surrender?"

The revenge of the priests is not shared, let alone they are almost destroyed?

Surrender, absolutely impossible!

"It's really stubborn, now you are blocked by the Dragon City, the communication and the transmission array can not be used, I see how you resist!" Seven killers coldly shouted.

"Even if you die, you will never surrender!"

"If this is the case, then I have to kill you!"

Huang Qunjun's eyes widened and turned his head and said: "Find out that day, I'm tired of foxes, oysters!"
