

Super D. S 1791

Chapter 1791: First battle

Upon hearing this, the demon dragon nodded slightly and swiftly swept out.

This time, it is because of the relationship between Tianhu and Fox, the underworld has only started.

Although I haven't seen it, the face of the fall is not in the city of Thang Long. It has spread all over the entire dragon domain, even the entire fairy world.

It is not difficult to find her!

What's more, the demon dragon emperor is half the foot of the emperor.

The nine secluded emperors want to seize the fall, the purpose is to control, and then cultivate, so that you can have more generals.

Just, is it really so easy?

"Not good, the demon dragon of the nine-devil level, come over!"

Ye Xuan's face changed greatly.

Although it is said that the fall is now a demon, but the strength is not as good as the Dragon King and the Red Dragon Emperor, let alone deal with the Dragon Emperor.

It seems that it can only be broken!

The nine-character demon level breaks the sky, the strength does not know how to compare the Dragon King and the Red Dragon Emperor, but Ye Xuan knows that as long as it puts on the mysterious war armor, it will surely be far beyond the Dragon King and the Red Dragon Emperor. .

"Let's fall, come in!"

At the moment, Ye Xuan is collecting the falling, locking the falling dragon spirit, and instantly lost the target.

"Ok?"

The demon dragon's eyes are a glimpse. He has been killed before. Now he is a death scorpion. Although he can't speak and has no previous memories, he can still think.

Among the information he got, Tianhuo Fox has a human brother!

"found it!"

The demon dragon eyes squinted and locked his eyes on Ye Xuan. He felt that the disappearance of the fall should be done by Ye Xuan.

"Breaking the sky, turning him over!"

Ye Xuan screamed, and finally summoned the broken sky. The next moment, Megatron is the incarnation of the mini-Xuanshen armor, set in the broken sky.

Immediately, the power of breaking the sky and so on got a qualitative leap.

"Stunning one hundred and eight sticks!"

When the sky breaks out, you can directly wave the thin iron rod in your hand and bow towards the demon dragon.

"Hey!"

This shot is very fast enough to kill the ordinary nine-devil.

However, the demon dragon was born before the demon level, but also the demon, will you be spiked like this?

However, this blow of the sky has already hit the demon dragon.

"Breaking in the sky, we withdraw!"

Ye Xuan immediately shouted.

Immediately, the tree old and the Shura ghosts are directly dispersed. They are only nine emperors, and it is estimated that they will not attract attention.

"Block them!"

On the other side, Huang Quanjun quickly gave orders to those dead creatures.

These dead creatures, with up to eight levels of demon, are very difficult.

However, the old tree is not a good lord, and the card is directly displayed.

"The soul of Yanming Town!"

"The Eye of Shura!"

Both of these skills can absorb the anger of death, and those dead creatures that have been sucked away by death have fallen.

In addition, the Shura's eyes of Shura's ghosts are absorbed to a certain extent, and they can cast big moves.

"The eyes of Shura, Shura changed!"

In an instant, the body of the Shura Ghosts began to zoom in quickly, and as long as there is a constant gathering of dead air around it, it can be kept indefinitely, and it will continue to improve.

It is only the Shura Ghost of the Nine-Popular Emperor. Originally, there is the strength against the six-pronged immortal. Now, the display of Shura has changed, and I am afraid that it is comparable to the Seven-Fairy.

Among the Longyu, there are not many eight-level Xianzun levels, except for the 18 Dragon and Wei Longwei.

Coupled with the fall of the planting space, no one can stop Ye Xuan from leaving.

"I want to go, it's not that easy!"

Suddenly, a strong breath, after all, turned out to be a blood dragon guard of eight grades.

"Let's fall, go up!"

Ye Xuan quickly released it and appeared in front of this blood dragon.

"The claws of the demon god!"

The fall has long since turned into a body, directly sticking out the claws, and directly through the blood dragon's chest.

Still spike!

Ye Xuan quickly collected this person's Qiang Kun ring, and then left the city by the fall.

When Huang Quanjun and the Seven Killers saw it, they immediately panicked and hurriedly shouted: "Stop them!"

It is a pity that at this time they were dragged by the Dragon King and the Red Dragon Emperor. There is no way.

As for the demon dragon, it was also intercepted by the little monkey.

Soon, Ye Xuan left the city of Thang Long and took the time to collect it from time to time.

However, this demon dragon has been pursuing it, but now it can drag him down, but this demon dragon has been a demon emperor after all, although the strength has fallen, but the body still did not drop much.

Want to kill him, the little monkey is not enough now, unless it breaks into a demon.

But don't forget, after the little monkeys exert their strength, they will fall into a deep sleep period. If Ye Xuan can't escape during this time, it will be miserable.

"Young master, we seem to be unable to go, it is better to let me go back and join the little monkey. As long as he can solve him, then this time the definition will be badly hurt!" The fall suddenly proposed.

In this underworld, a total of three major nine-character ghosts were dispatched, namely Huang Quanjun, Seven Killers and Demon Dragon Emperor.

If the demon dragon is solved, then the falling and the little monkey can immediately go back to support, thus solving the Huangquan monarch and the seven killings, and the underworld is greatly hurt.

Just, is it so easy?

Ye Xuan thought for a moment, thinking that he has the time back to this skill, big deal, he went back directly to the past.

At that time, he can set up a void positioning point in advance, and he can leave immediately after an accident.

"Well, kill the demon dragon!"

Ye Xuan immediately nodded.

Falling, repairing ghosts, old trees, breaking the sky and Megatron, all five people were dispatched.

Although the Dragon Emperor's peak period is powerful, it is dead after all, and the Shura Ghost can continue to absorb the deadness in his body, and then enlarge the move.

This battle may not be impossible!

However, if it is played for a long time, let's not say that the little monkey is going to fall asleep, and will be chased by the chase, and then it will only be used back in time.

"Stunning one hundred and eight sticks!"

The little monkey is holding a thin iron rod, and it is a glimpse of the demon dragon.

After the signing of the contract between the gods and Ye Xuan, there is only one skill, that is, a hundred and eight sticks.

When one went out, there was a hundred and eight sticks of shadows falling down and squatting on the demon dragon.

"Hey!"

The demon dragon Emperor has recruited this time, but this time, it has escaped a lot.

"Inflammation locks the soul chain!"

"The grip of Huang Quan!"

"The claws of the demon god!"

Because of the low realm, the old tree and the Shura ghosts can only try to control the demon dragon emperor, and then they will be shot by the fall.

Unfortunately, these two have no effect on the demon dragon.

"The old tree, the Shura ghost, you two go!" Ye Xuan immediately voiced the two.

Now he is entangled by the Emperor Dragon, and it is estimated that he is not reliable, so I want the old man and the Shura ghost to run.

Chapter 1792: Reverse the situation

Both the old tree and the Shura ghosts are only the nine-story emperor, and the demon dragon will naturally not be in the heart, thinking about the goal.

His goal is Ye Xuan, but that is because Ye Xuan has collected the fall, and now her goal is naturally falling.

However, as the battle continued, his injuries were increasing.

"Hey!"

At this time, the demon dragon suddenly snarled in the sky.

"No, he has to change!"

Ye Xuan's face changed greatly and hurriedly passed.

The humanoid dragon dragon is so difficult, if it becomes the body, is it more powerful?

However, the combination of falling and the little monkeys is still unable to prevent the demon dragon from turning into the body.

Suddenly, a silver-gray dragon appeared in the eyes of everyone.

The body of the demon dragon is the supreme iron face dragon, and it is a grade with the supreme red dragon, but he is known for his defense, no wonder so resistant.

This is trouble!

"Calling!"

The Supreme Iron Face Dragon waved a hand and grabbed it.

"Humph!"

In the face of this shocking claw, the fall was just a cold scream and quickly avoided.

However, at this time, he suddenly saw some of the figure looming in the sky.

There are fifteen figures in these figures, all of whom are men wearing gold armor. When they see the body of the fox, and the one of the supreme iron-faced dragons, the figure is trembled.

"It turned out to be the demon dragon Emperor!"

These fifteen dragon guards were shocked, but they obviously felt the dead air from the supreme iron face dragon.

It seems that the Supreme Iron Face Dragon has been controlled by the Nine Emperor!

"Up, protect the fallen down the temple!"

These fifteen eight-character demon level dragon guards rushed up.

On the other side, Ye Xuan saw it and couldn't help but overjoyed it. Only then did the dragon emperor open the dragon and returned, and it seems that he also removed the traitors. Now these fifteen should be confidants.

Falling, the little monkey and the fifteen dragon guards will surely kill the Supreme Iron Face Dragon.

"Hey!"

Suddenly, all the fifteen dragon guards were turned into bodies, and all of them were all five-clawed golden dragons.

Under the golden light, the iron armor of the Supreme Iron Face Dragon began to melt, although the effect was not high, but it was enough for the little monkey to break its defense.

"Hey!"

The little monkey wearing the mysterious armor, slammed into the head of the Supreme Iron Face Dragon, and instantly crushed its armor.

At the same time, fifteen dragon guards joined the battle and launched a group attack.

The 18 dragons who do not destroy the Dragon Emperor, all of them are elites. If they join hands, it is directly comparable to the Dragon King.

Although there are only fifteen, but the strength can not be underestimated, plus the fall and the little monkey, the Supreme Iron Face Long was beaten to lose his helmet and turned around and fled.

"chase!"

Taking advantage of this opportunity, Ye Xuan immediately ordered the fall and the little monkey.

A bang, and then decline, three exhausted, must win the pursuit, the Supreme Iron Face Dragon.

Thang Long City.

"What, the demon dragon was actually beaten to escape?"

The Huangquan monarch and the seven killers were shocked.

We must know that when the demon dragon retains the human form, the strength is not weaker than them. After being transformed into the ontology, the strength is already more than the two of them.

However, it was incredible that someone was beaten and ran away.

"It's the little monkey..."

Huang Quanjun and the Seven Killers, while at the same time, their eyes fell on the gods.

They feel that breaking the gods is really strong and explosive, but the nine-level demon level can actually make such a powerful attack.

"Long Wei is back, go!"

The plan of the Huang Quan monarch and the Seven Killers was planned, and it was decided to retreat first.

If there are only a few blood dragon guards, they are not afraid, but now with the fifteen eight demon statues, it will not work.

"withdraw!"

Thinking of this, Huang Quanjun and the Seven Killers also turned around and left.

"Fairy world, you want to come, you want to go and leave?"

Suddenly an old voice sounded, and then a white old man suddenly came from the air.

Huang Quanjun and the Seven Killers looked up and almost didn't scare the urine out.

"Qing, Qingdi?"

The two were shocked.

Qingdi is one of the two giants in the fairy world, and its strength has reached the second emperor.

It is because of him that he is not afraid to attack the fairy world.

However, the Huangquan monarch and the Seven Killers quickly reacted. This Qing Emperor is not a deity, but a projection.

"Hey, what about the Qing Emperor, just a projection, want to leave us two?"

Huang Quanjun is cold and cold.

"He can't, plus me?"

Another sound is heard.

However, this time it is a gentle, watery sound.

The Huangquan monarch and the seven murderers glimpsed and discovered another projection.

Wuhou!

Even Wuhou came!

"Ha ha ha, although you have blocked the communication and transmission array around Thang Long City, but don't forget, I left Thang Long City."

The Dragon King suddenly burst into laughter.

Fang Cai, he discovered this doubtful point, so he quickly turned into a body and left the city of Thang Long, and sent a message to the Qing Emperor and the Wuhou.

"Give me the town!"

The Qing Emperor and the Wuhou, although only two projections, but the two deities are two emperors, one is a fairy.

Their strength is not comparable to Huang Quanjun and the Seven Killers.

At the same time, the two men shot at the same time. In an instant, the Huangquan monarch and the seven murderers felt tremendous pressure and the speed dropped.

This is trouble!

"Qingdi, Wuhou, do you really want to protect the dragon domain?" Huang Quanjun, seeing things is not good, hurriedly shouted.

"I do things, I don't need you to ask. Today, I will use your death to warn the nine emperors, don't be too crazy!"

The voice of the Qing Emperor fell into the ears of the Yellow Spring Monarch and the Seven Killers.

It seems that today they are escaping!

"Nine secluded emperors will take revenge for us!"

The voice of the Yellow Spring monarch resounded nine times.

Unfortunately, this threat did not stop them from being killed.

With the projection of the Qing Emperor and Wuhou, the Huangquan monarch and the Seven Killers were finally killed by the Emperor and the Red Dragon.

As for the demon dragon, it was worn away and turned into a corpse.

Great battle, success!

"Thank you for the Qing Emperor and Wuhou to help each other!"

After the death of the Huangquan monarch and the Seven Killers, the Dragon King hurriedly thanked him.

"No matter, this time, the two generals of Jiuyou Emperor and Bai Guifujun will be broken, and they will be able to stop for a while." Qingdi waved.

This battle is definitely earned. Although it is a bit horrified, the underworld has folded two nine-character ghosts.

After that, the projections of the Qing Emperor and the Wuhou disappeared. If they did not do it, they could stay for a long time, but only in order to suppress the Huangquan monarch and the Seven Killers, so time was not enough.

However, it does not matter, after the Dragon City can be transmitted, their deity can come over.

Chapter 1793: Victory!

"Huh!"

After the Qing Emperor and Wuhou left, the Dragon King and the Red Dragon Emperor were deeply relieved.

This time, it was almost destroyed here!

Fortunately, the demon dragon Emperor went to pick and drop, otherwise if you join the battle here, whether it is not the Dragon King or the Red Dragon Emperor, there is no way to take an enemy.

Fortunately, this time it was just a surprise, but also broke the two nine-character ghosts in the underworld.

"Only, the little monkey who dragged the master?"

At this time, the Red Dragon Emperor reacted.

"Hey!"

The **** of the gods removed the mysterious armor and called two songs. This means: not me, but who?

Now it is only the realm of the nine demon kings. If the party is the demon level, the Supreme Iron Face Dragon will probably be bombarded by it.

Unfortunately, it took two days!

"In just a few days, the little monkey broke through from the seven-character demon to the nine-deviled emperor. Is this the merit of Ye Xuan?"

Do not destroy the Dragon King and the Red Dragon Emperor in the heart of the same thought.

However, there are still a lot of things to be busy at the moment, so they didn't ask much. They only sent a few dragon guards to protect Ye Xuan.

"Young master, this luck is really bad, if it is a few days later, even if the Qing emperor and the military do not appear, we can also win the battle!" Some helplessness.

Ye Xuan nodded slightly: "Yes, but nothing."

Fang Cai, he is already ready to go back in time, did not expect fifteen dragon guards suddenly arrived, saved the situation.

Next, Thang Long City is also busy for a few days.

During the period, Ye Xuan broke through to the six-pronged emperor, and the old tree, the Shura ghost, the Megatron, and the broken gods successively broke through to a demon statue, and the success also broke through to the second demon.

If the underworld attack is at this time, it must be a mess of failure!

Do not destroy the Dragon Emperor and the Red Dragon Emperor received the Longwei report, and quickly rushed to see.

Lying in the trough, Ye Xuan actually broke through!

I thought that when Ye Xuan came to the Dragon Field, it was only the second emperor.

Now, in less than a month, I have reached the six-pronged emperor. How is this possible?

When did the realm break through so well?

Even if Xianzun or even the Emperor reincarnation, I am afraid I can't do this?

It seems that Ye Xuan can surrender to such a ruin of the heavens, there are really some unique means.

But then again, now the broken gods have broken through to the nine demon statues, the strength has completely overwhelmed the dragon and the red dragon.

In a few days, they can help the Dragon Field and regain the demon world.

"Young Master, are we going to act?" suddenly asked.

"Well, in our current realm, it is not dangerous to go to the demon world. As long as I make a breakthrough, even if I face the Nine Emperor or the Ghost House, I am not afraid!"

Ye Xuan nodded.

The nine secluded emperors and the hundred ghosts, the two giants in the underworld, have reached the ghost emperor, but they are all a ghost emperor.

In a few days, if you break through the gods and make a breakthrough, then you will have the strength to compete with these two ghost emperors.

However, after the previous battle, the broken gods have fallen into a deep sleep at this time, do not know when will wake up.

Fortunately, the flow rate of the planting space is more than 10,000 times slower than the outside world.

Therefore, Ye Xuan wants to sneak in the demon world after the awakening of the gods, and to the ghosts who sit in the demon world.

"Hey, the planting space is upgraded and is currently at level 11!"

At this time, the system suddenly prompted.

After hearing the system prompt, Ye Xuan suddenly stunned and the planting space was upgraded.

Before the fall, I asked the Dragon King and the Red Dragon Emperor to ask for a lot of things, most of which are the seeds of Tiandi Dibao. This grows up better than the mature Tiandi Dibao and is more conducive to planting space. Upgrade.

After ten thousand times of acceleration, although these Tiandi Dibao are not mature, they also upgrade the planting space.

Ye Xuan quickly checked, in addition to changes in the strength of the heavens and the earth, the spatial velocity has changed again.

The original flow rate of 12,800 times has actually increased to 25,600 times.

One day outside, the planting space is seventy years!

"Haha, now it's good, and the upgrade speed has doubled."

Ye Xuan opened his mouth and smiled.

The fall has the added speed of cultivation, and now with the external existence of planting space, the cultivation speed is faster.

In this way, they can also go to the demon world early.

"Hey, the host breaks through, and it's currently the Seventh Emperor!"

"Hey, Shura ghosts, Megatron, broken gods, Yanyin ghosts break through, currently the second product Xianzun!"

A few days later, the realm of Ye Xuan and others broke through again.

However, the **** of sorrow is still asleep, not yet awake.

If it is calculated according to the outside world, it has been nearly two hundred years since I fell asleep.

I don't know why it is like this. Every time you fight, you have to fall asleep, perhaps related to its physique.

It took another few days.

Ye Xuan directly broke through to the eight-pronged emperor, while the old tree, the repairing ghosts, the Megatron and the broken gods, are already the three treasures.

As for the fall, under the flow rate of 25,800 times of the planting space, it broke through to the four-character demon.

At this point, the **** of ruin also just woke up.

In the realm of breaking the gods, it is estimated that enough people are facing the whole underworld, but Ye Xuan thinks this is not enough. After all, the underworld is the strongest of the four worlds, and there may be some cards.

"Hey, the host triggers random missions and cleans up the masters of the demon world. The current number is 13,670, and you must personally clean up 80% to complete the mission. The mission rewards Megatron to retain one. The magic weapon form!"

Suddenly a system prompts to sound.

Random mission, finally coming!

"So many ghosts in the demon world, if you want to complete the task, you must kill at least 11,000 people."

Ye Xuan's eyes glanced.

However, this mission reward is very good.

Let Megatron keep a magical form, which is equivalent to a little swallowing point.

Before Megatron, he retained a mysterious warrior armor, which brought a lot of convenience to Ye Xuan. If he completed the task, he could retain one more.

Originally, Ye Xuan was thinking about going directly to the underworld, using the time on the road to make a breakthrough, and then doing the nine secluded emperors and the hundred ghosts.

Now it seems that you have to go to the demon world!

The old tree, the Shura ghosts and the Megatron three are the three-class fairy statues. The real combat power is already the level of the nine-class fairy. Even if the gods are not shot, this trip to the demon world will surely be able to sit in the demon world. Kill all.

At the moment, Ye Xuan is to give a sound to the Emperor and the Red Dragon.

Chapter 1794: Tree old war dragon

"What, are you going to the demon world?"

After the Dragon King did not hear it, he immediately returned in a strange way.

"The fall is now four demon statues, the strength has far exceeded the two predecessors, plus the little monkey, in fact, I went to the underworld is not a problem." Ye Xuan said.

"This....."

Do not destroy the Dragon King hesitated.

That is to say, although it is said, but Ye Xuan and Luo signed the master servant contract, in case Ye Xuan accidentally died, then the fall is not to fall?

"Predecessors can rest assured that this time I have a 10% grasp and recapture the demon world. At that time, I can also go to the underworld with the trend." Ye Xuan continued.

"If this is the case, I have to discuss with the Qing Emperor and Wuhou." The Dragon King said.

"If the Emperor of the Dragon Emperor does not believe it, why not fight it?" Ye Xuan suddenly proposed.

"A battle?"

Do not destroy the Dragon Emperor, do not understand what Ye Xuan means.

"I don't believe in the strength of the two predecessors, but because the old trees and the Shura ghosts who have contracted with me are too much against the sky. If the seniors can win them, I will dispel the thoughts of the demon world."

Ye Xuan said.

"To challenge me more and more?" The Dragon King is even more surprised.

Although he is not a demon emperor, he has become infinitely close to the demon emperor, and with the blood of the five-clawed golden dragon, it is not the average person who can fight him.

Not to mention, the leapfrog challenge!

"Okay, give it a try!"

Do not destroy the Dragon King nodded.

The reason why he promised it is because Ye Xuan has recently made a lot of miracles.

It took only a long time to fall into the refining and refining of the demon, and it has already broken through to the four demon statues.

The little monkey has the strength to fight against the demon dragon, it is simply too horrible.

All of this is related to Ye Xuan!

At the moment, Ye Xuan and the immortal Dragon Emperor and the Red Dragon Emperor came to the front of the Dragon.

On the way, they attracted a lot of people's onlookers. These people did not understand what Ye Xuan had to do.

"Tree old, Shura ghosts, who do you want to go?" Ye Xuan said.

"Hey, let me come, challenge the leader of a group, it should be very cool." The old man opened his mouth and gave Ye Xuan a voice.

Although he is only a three-pronged fairy, but the strength is very amazing, and don't forget, there is also a mysterious war armor.

Put on the armor of the mysterious god, even if it does not destroy the Dragon Emperor and the Red Dragon Emperor, it is also correct.

"Kid, come on."

Do not destroy the Dragon Emperor said to Ye Xuan.

The next moment, the tree is always covered with the mysterious warfare of Megatron, and then a smoldering body flashed onto the dragon platform.

"What, these three demon statues, even challenge the Dragon King?"

"My God, the Dragon King was challenged by leapfrog, and it was still six more realms!"

"What is going on here, I must be dreaming!"

The people around are shocked, but can't blame them. After all, this kind of thing is still the first time I see it.

In fact, the current blood of the old tree and the Shura ghost is not as good as the fox, but it is definitely higher than the five-clawed golden dragon and the supreme red dragon.

Coupled with the mysterious war armor, what are the six realm challenges?

"on!"

Not waiting for the Dragon King to open, Ye Xuan gave the tree the old order.

In an instant, the old tree directly crossed a large distance, and it used the fire to flash to the back of the dragon.

"So fast!"

Unexpectedly, the Dragon King was shocked and quickly turned and banded a punch.

"Hey!"

This punch, the two fight a close match.

Although there is an increase in the armor of the mysterious gods, the realm of the old tree is too low, and it is so easy to deal with the Dragon King as one of the two chiefs of the dragon domain.

"Come back!"

The old tree flashed, and immediately showed the fire.

This smoldering body can be divided into nine, and it will not be surrounded by the Dragon King.

As long as the tree does not flash, the Dragon King does not know which one is the real body.

"Huh!"

Suddenly a wind fell into the ear of the dragon, and his body fluttered again, and he turned and punched.

"Hey!"

Do not destroy the Dragon King and the old tree again, the fist is still flat.

However, the strength of the old tree has been so incomprehensible that the dragon is not destroyed. After all, he is six times higher than the tree.

"It seems that I can't take out some strength, it won't work!" The golden light flashed in the eyes of the Dragon King, and the body shape was instantly enlarged.

Ontology, five-clawed golden dragon!

"You have a body, I have it!"

When the old tree saw that it was not destroyed, the dragon was turned into a body, and it was also wide-eyed.

Don't forget, the old tree is also a demon, and his body is a sinister ghost.

However, the old tree after the transformation was the golden light that was not destroyed by the Dragon Emperor.

Fortunately, there is a mysterious warrior, otherwise the tree will be suppressed for at least one or two realms, and there will be no way to fight.

Both of them were avatars and launched a battle in the air.

"Inflammation locks the soul chain!"

"The soul of Yanming Town!"

"The Nether is broken!"

The old card of the tree came out, and it was so hot that it was not destroyed.

In this battle, the people underneath are eager to speculate, and they have speculated that the tree is always a rave of the race, and can even fight the Dragon King!

Terrible, it's terrible!

On the other hand, after seeing this scene, the Red Dragon Emperor could not help but wipe a cold sweat.

If it were him, I am afraid I couldn't help the old man.

Thinking of this, he couldn't help but smashed the smashing of the four-character demon.

If it is to fall on the field, I am afraid that the Dragon King will be killed like the Teng Qingshan of the day!

The battle power of Ye Xuan and his party is already a stand-alone one. Even if the whole dragon field is added up, I am afraid it will not be their opponent.

They go to the demon world on this trip, not necessarily!

After all, there are still little monkeys.

"Okay, don't fight!"

At this moment, the Dragon King suddenly screamed and then turned into a human form.

In fact, after the transformation into the body of the immortal dragon, the strength has indeed improved.

However, his body shape is too big, and the old tree has a smoldering avatar. When he goes out with nine avatars, he can't find the target. He can only swear.

Instead of this, it is better to end the battle ahead of time!

"I can't even beat him, let alone fall and the little monkey. Your strength has been recognized by me!"
The dragon king gave Ye Xuan a voice.

"Then we will go to the demon world first, kill all the ghosts in the demon world, and then jointly attack the underworld?" Ye Xuan asked.

In fact, Ye Xuan wants to go to the heads of the world alone. The reason for saying this is also to make the Dragon King and the Red Dragon Emperor feel at ease.

"Also, then I will inform the Qing Emperor and the Wuhou, let them attack the underworld, and take a two-pronged approach!" Do not destroy the Dragon King nodded.

"Well, in this case, the younger generation will leave!"

After Ye Xuan finished, he couldn't help but hold the boxing of the Dragon King and the Red Dragon Emperor.

As for the passage of the fairyland to the demon world, it is in the northern part of the dragon domain, that is, the nine-character ghosts of the previous period have been passed.

That passage is not the underworld, but the demon world. Although it has been closed, Ye Xuan should be able to get back in reverse.

Chapter 1795: Entering the demon world

"Be more careful!"

Do not destroy the Dragon King and the Red Dragon Emperor reminded.

At the moment, Ye Xuan is directly away from Thang Long City. The location of the demon channel is not far from Thang Long City. If the tree is old, it is estimated that only one day is enough.

One day later, Ye Xuan came to the destination, but it was attacked some time ago, so the corpse is everywhere, and the grass is not born.

After searching, Ye Xuan found the demon world channel, which was indeed closed.

"Hey, the host found that the demon channel that was closed, did it start to reverse?"

The system prompts.

Reversing the demon world channel, it takes a little bit of the genital system, but this is a slap in the face of Ye Xuan.

"Hey, start to reverse the channel of the demon!"

This process does not take too long, only half a day, that is, after half a day, Ye Xuan can reach the demon world.

The random task that was triggered before was given to Ye Xuan for seven days. Ye Xuan was sure to complete the task within seven days.

After half a day.

"Hey, the demon world channel has been opened!"

The system prompts.

Hearing this, Ye Xuan's eyes glimpsed and immediately got into this demon world.

Soon, he came to the demon world.

The environment of the demon world was originally second only to the fairy world. It was occupied by the underworld with the demon world. It was a dramatic change. The surrounding area was dim, and occasionally there were some strange sounds, which were even more terrifying than the devil world.

However, Ye Xuanyuan will be afraid of this kind of thing?

Previously, the random task showed the masters of the ghost level in the demon world. There were more than 13,000 people. Although the numbers are a bit wrong, they are almost the same.

If Ye Xuan wants to complete this task, he must kill 11,000 people independently.

Of course, the independent killing here, including several of his pets, the old tree, the Shura Ghost, the Megatron, the Falling, and the Three Gods, are also on his head.

"The old tree, the Shura ghost, you go alone." Ye Xuan said to the two.

"it is good!"

The tree nodded, even if it was left directly, and the Shura ghosts were the same.

As for Megatron, it is turned into a Xuan Shen battle armor set on Ye Xuan.

Now Ye Xuan is just an eight-pronged emperor. Even the immortal is not there. It is dangerous to encounter high-ranking ghosts.

However, if you put on the armor of the mysterious god, then he is not afraid of the sky, after all, the defensive power of the mysterious warrior armor, even the dragon king can not be broken.

The purpose of wearing the mysterious war armor is to be afraid of someone sneak attack. Maybe the nine secluded emperor or the hundred ghosts are also in the demon world?

Although there are falling and little monkeys, they can't be taken lightly!

The next time, Ye Xuan began to search for ghosts in the demon world. Up to the nine-character ghost, down to a product ghost, is his goal!

Since the demon world was captured by the underworld, the creatures inside have almost turned into death creatures.

This conversion also has a success rate. If it is in the underworld, the conversion can reach 80%, but this is a demon world after all, so it is not high.

Ye Xuan heard that there are two big nine ghosts in the underworld, sitting in the demon world.

However, this big nine-character ghost, Ye Xuan does not want to find their troubles for the time being, after all, even if killed, it is only two people.

The purpose of Ye Xuan is to clean up the vast majority of ghost level masters and complete random tasks.

With Ye Xuan and others entering the demon world, the number on the random task panel is a little reduced. If you follow the current speed, you can complete the task in at least three days.

After all, although the demon world has been captured, some transmission arrays are still available.

However, just the third day after Ye Xuan entered the demon world, when he was about to complete the task.

"The trough, what happened, the death creatures of the ghost level, the number suddenly increased?"

Ye Xuan's eyes widened and looked at the numbers on the random task panel. He reached 100,000 in the blink of an eye.

How is this going?

"Hey, the underworld has sent 100,000 ghosts to the demon world!"

The system suddenly prompts.

This time, Ye Xuan understands.

"It is a tragedy. It seems that the nine secluded emperors and the hundred ghosts are afraid that the demon world will be retaken, so they sent a large number of death squads."

Ye Xuan said secretly.

However, this has brought him a lot of trouble.

There are still three days left. Within three days, can you kill 890,000 ghosts and complete random tasks?

"It seems that we must find these places where the underworld forces are stationed!"

Ye Xuan's eyes are slightly stunned.

The underworld army must come through the underworld channel. As long as the channel is found, the underworld army should be nearby.

At that time, one pot is over!

At this time.

"Well? You said that you have sensed a large group of horror?"

Ye Xuan's eyes suddenly lit up, and immediately broke through the void and came to the side of Shura's ghost.

Sure enough, Ye Xuan also sensed a strong breath and spread from the front.

It seems that it is to find a point, luck is good!

"The underworld is so powerful, even if it is dead two nine-character ghosts, there are still six, this time the underworld army is coming, maybe there are nine ghosts!"

Ye Xuan thought about it.

He estimated that there are at least four nine-character ghosts sitting in the demon world.

However, now the nine-character ghost is no longer a thing in front of him, even if it is falling, it can be solved, let alone a small monkey.

"Go, kill the past!"

At the moment, Ye Xuan took the tree back and then flew toward the north.

On the way, he also saw a small team that supported the army of the underworld. Of course, these teams were annihilated by him without exception.

As he continued to go north, the atmosphere became more and more huge. If Ye Xuan was wearing the armor of the mysterious god, I am afraid it would be scared to move.

"Little monkey, be prepared, this time may be a big fight!"

Ye Xuan said to the **** of the gods.

However, less than a last resort, Ye Xuan does not want to release the little monkey, after all, is the card. And every time a small monkey fights, it is bound to fall asleep, which is very deadly.

"In less than a day, I will be able to break through again. It is better to wait for a breakthrough and then kill it!"

Ye Xuan thought in his heart.

In another day, he will be able to break through to the nine-character emperor, and the realm of the old tree, the repairing ghosts, the Megatron and the gods will also be promoted to the four-character demon.

At that time, I am afraid that no one in the four worlds can stop the little monkey!

Thinking of this, Ye Xuan was a little excited, after all, he tamed a super pet.

However, it is at this time.

Ye Xuan suddenly felt something, and hurriedly took out a communication magic spar.

"Ye Xuan, where are you now?"

The sound is from the little devil of the world.

"Wandering in the demon world, how?"

Ye Xuan said strangely.

Chapter 1796: long time no see!

The next moment, the words of the little devil in the world will give him a glimpse.

"I am also in the demon world!"

Hearing this, Ye Xuan was shocked.

The mixed king is also in the demon world?

doing what?

"How are you here, are you not going to retreat to the demon statue?" Ye Xuan asked strangely.

"Before the master said so, but my devils now join hands with the underworld, my master took me, and the other two great devils, came to the demon world."

what?

"You have joined forces with the underworld?" Ye Xuan's eyes widened, this is really not the time.

Of course, he is not afraid of the devil and the underworld, but is afraid that he will meet the next generation of the devil.

"So, you have arrived in the Devils army?" Ye Xuan asked again.

"Well, there are 100,000, all of them are demon level!" The little devil nodded.

"This is to attack the fairy world in three lines!"

Ye Xuan's eyes turned over.

"Don't say this, what are you doing here?" asked the little devil.

"What else can you do, on behalf of the fairy world, come over and destroy the army of the underworld!" Ye Xuan replied casually.

This time, it is the turn of the mixed world magic * shocked.

"What, you want to destroy the underworld army?" The mixed king demon exclaimed: "Are you already growing to this point?"

At this time, Ye Xuan turned his head and saw that he had found a target of death and killing.

This goal is obviously a mixed king!

"Do not worry, see the **** moon demon statue later, I will be merciful." Ye Xuandao.

The words came out and the other side was silent.

How long has it been, and Ye Xuan has the strength to kill the nine demon statues. If he knows it, he will not worship the bloodmoon demon.

This is what the mixed world devil thinks at this time.

Too bad!

"Well, it seems that the underworld is doomed to fail. The master is not too thin for me. I hope that you can show your mercy!" said the little devil.

"The other two great devils..." Ye Xuan reminded.

"I don't know." The mixed king devil answered.

I am afraid, no one would have thought that it was just a sentence of the mixed king and the devil, and decided the death of the other two nine geniuses.

Soon, the time of day has passed.

"Hey, the host breaks through, and it's currently a nine-pronged emperor!"

"Hey, Shura ghosts, Megatron, broken gods, Yanyin ghosts break through, currently four products Xianzun!"

Not only that, but the fall also broke through the realm of five demon.

Now, even if the little monkey does not shoot, the strength of this fall is enough to sweep the four worlds. After all, there is also the mysterious war armor.

The time has come, then it is time to start acting!

"let's go!"

Ye Xuan's eyes slammed directly to the tree and rushed toward the goal of the death chase.

There, it is the base camp of the underworld and the demon army!

After a while, they are killed, and then, it is a terrible killing.

"The Eye of Shura!"

After the appearance of the Shura ghosts, the big tricks were directly applied, and a huge eyelid appeared in the sky.

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

A systematic reminder sounds.

Anyone who is in the realm of the four treasures and below, as long as he sees this one, will fall.

In an instant, the Shura ghosts condense a lot of dead air, and then directly use Shura.

On the other side, Ye Xuan also used the killing and engraving, and then gathered several pieces.

"诛仙剑阵,起!"

What about the 200,000 army?

After this war, it is estimated that not many people will survive.

"who?"

In the center of the united army of the Devil and the Underworld, four ghosts and three demon statues reacted.

Actually, some people dare to kill here, is it the fairy world?

However, as they went out to see it, they found that it was not what they expected.

There are only a few people who have come in, and the realm is low!

Four demon statues?

This realm is like the existence of an ant in their eyes.

However, it is this realm that the people who killed them will not be defeated!

Not waiting for them to kill, there is a figure to kill, this person is wearing the fall of the mythical armor.

Falling, it is already five demon statues, and then wearing the mysterious war armor, even if it does not change, clean up the seven nine-character demon level people, it is more than enough.

Of course, Ye Xuan is already letting the fall of the **** moon demon.

As for Ye Xuan himself, he is watching from a distance. He is paying attention to the position of the little demon king, so that the old tree and others should not be accidentally injured.

"Master, let it go, this attack on our coalition is Ye Xuan!"

The mixed world demon king voiced the **** moon demon, the latter heard, shocked: "Ye Xuan, is your friend brought back that day?"

"Ok!"

The mixed king demon nodded.

However, it is at this time.

"The claws of the demon god!"

Falling hands and exploring.

"Hey!"

"Hey!"

The two hearts are directly broken.

The two people who were killed by the fall were the nine ghosts of the underworld, and the one side of the underworld instantly damaged the two.

"what?"

The blood moon demon stunned, and found that the falling figure actually passed by himself, facing the two magical deities behind him.

It was two to the crisp and spread. After he turned around and saw it, he found that the two demon statues had become a body and widened their eyes and fell from the sky.

It's a spike!

The masters of the seven major nine-level demon statues were killed by the fall and only three were left.

The **** moon demon is cold and sweaty. If he only shoots at him, I am afraid that he will die.

"It's hard to say, what is the truth?"

Otherwise, why did the fall choose to let him go?

The seven people joined forces, but they couldn't help but fall, and they were killed by four people.

There are only three left now, and naturally it is impossible to fall into the opponent.

In the blink of an eye, the last two ghosts from the underworld are almost at the same time.

Right now, there is only one bloodmoon demon!

Then, the fall suddenly smashed the blood moon demon statue, said: "Flame rain!"

The next moment, there were countless fireballs in the sky, squatting.

The demon, the dead creature, suffered heavy casualties.

This battle, the devil and the underworld lost, and the defeat is very thorough.

After a while, the Devils and the Underworld were almost killed by the old trees, the Shura ghosts, the Megatron, the Fall, and Ye Xuan.

One, no more!

In addition to Ye Xuan and others, there are only two people left in the world.

"Blood Moon Demon, I haven't seen you for a long time!"

At this time, Ye Xuan suddenly swept over, laughing at the **** moon and the sorrow.

Sure enough, it is Ye Xuan!

The blood moon demon lord is already shocked and can't speak. After swallowing the swallow, he said: "You have enough strength to cross the four realms. I am afraid that even the nine secluded emperors and the hundred ghosts are not. Your opponent."

Chapter 1797: Entering the underworld

In such a short period of time, killing a whole 200,000 troops, even the nine secluded emperors can not do.

Moreover, the strength of the **** moon demon sense is far from this, Ye Xuan should also have a card.

All in all, they are defeated in this battle!

"Yes, my current plan is to remove the underworld and then destroy the devil!"

Ye Xuan nodded slightly, and when he said it, he seemed to be in a position to be calm.

"In addition to the underworld, the demon world?"

Blood Moon Demon has turned his eyes, is there such a place for him?

If the four worlds have become fairy and demon, then you still have it?

"The master does not have to worry, Ye Xuan himself has an independent space, no worse than the devil."

At this time, the mixed world little devil suddenly said.

"Ok?"

The **** moon demon listened and was shocked.

Before he could open his mouth, there was an energy that shrouded him. Before that, the little devil had disappeared.

"Yu has already entered." Ye Xuan said.

Anyway, the **** moon demon is now a prisoner. If he has a change, he will definitely pick up his magic.

The next moment, the bloodmoon demon statue disappeared and appeared in the planting space.

In this way, Ye Xuan also solved the safety of the two worlds.

Then, next, it is the devil!

"Right, the random mission has been completed, and Megatron can still keep a magic weapon!"

Ye Xuan suddenly remembered one thing.

At the moment, he is sweeping a magic weapon that has already appeared.

The first magic weapon that remains is the mysterious warrior armor.

This is a rare magic weapon and it is very useful.

As for the second one, Ye Xuan naturally does not choose at will, the common magic weapon such as Tianfeng Promise Fan, Shengxian Step Cloud, and Split Axe are directly ignored by Ye Xuan.

"The refining pot, you are!"

Finally, Ye Xuan chose a point.

This refining pot can throw the body into it and then refine it into a soul.

This soul liquid can be used to strengthen the body of the Shura ghost and the old tree.

At present, Ye Xuan has the body of 200,000 troops. If all of them are refined into soul soul, the strength of Shu Lao and Shura Ghost will be improved a lot.

"The soul refining pot, close!"

At the moment, Ye Xuan is to change Megatron into a refining pot, and then put all the bodies that have been taken away and stopped.

Refining, it still takes some time.

Now, the underworld army and the demon army have been resolved, and the threat has been temporarily lifted.

However, the underworld and the devil are still plotting to attack the fairy world.

If they let them plan, then the fairyland will be attacked by the demon world, the underworld and the demon world. It is difficult to defend with the Emperor and the Wuhou.

Fortunately, Ye Xuan has removed this threat.

"With my current strength, I have not been afraid of the Nine Emperor and the Hundred Ghosts. When I let the little monkeys shoot, I will kill them."

Ye Xuan is planning in the heart.

It's a pity that there was news that came back to the Devil and the Underworld.

Therefore, Ye Xuan must kill them when they are still shocked.

"Where is the underworld, wait for it to be destroyed!"

Ye Xuan's mouth tilted slightly and then went straight through the underworld channel to the underworld.

The breath here is more disgusting than the demon world, but for the old tree, the Shura ghosts, it is nothing.

"The nine secluded emperors and the hundred ghosts of the monarchs live in the heavenly ghost town..."

Ye Xuan took a look at the map of the underworld and determined his position, then he plunged toward the ghost town.

The underworld, the demon world, the fairy world, and the devil world are actually quite big, but the big one here is for people with low realms.

Like the high-level Xianzun realm, these four realms are not really big.

Just like Ye Xuan, there is a tree with an old man. After coming out of the underworld channel, it is estimated that it will take only two days to reach the Heavenly Ghost Town.

Two days later, it is the day of the demise of the underworld!

As long as the nine emperors and the hundred ghosts are dead, then the rest of the underworld can't afford the big waves.

Soon, Ye Xuan arrived near Tiangui City.

"A lot of masters, who live in the city, are at least middle-aged ghosts!"

Ye Xuan eyes a glimpse.

Before going through the underworld channel to the demon world, it seems that although there are 100,000 troops, in fact, it is really counted, and 90,000 are low-level ghosts.

Seven characters and eight spirits add up, in fact, it is only a hundred people.

This time, Ye Xuan wants to make a big noise.

"The old tree, the repairing ghosts, the fall, let's go!"

Ye Xuan angered.

In the next moment, the three people directly entered the heavenly ghost city. As for Megatron, it was naturally left to protect Ye Xuan.

The four-character sacred level of the old tree and the Shura ghosts, the five-character demon level falls, there is no rival.

What are the seven ghosts, eight spirits, and the dishes in front of them, even if they are nine ghosts, they can't stop falling.

Suddenly, there was a gust of wind and rain in the ghost town.

"Hey, Shura has advanced and comprehended new skills - Shura God kills!"

Suddenly a system prompts to sound, so Ye Xuan is a bit wrong.

Shura changed, and after absorbing a lot of dead air, he made his own progress.

Not bad!

"The repair of the ghosts, the repair of the gods!"

At the moment, Ye Xuan is letting the Shura ghosts use the new skills they have just learned.

Keeping Shura's sorcerer's demon, the body shape continues to grow, and so is the big knife in his hand.

After hearing Ye Xuan's order, he squatted directly at the front.

"Sura **** kills!"

A huge black sniper appeared in the sky.

All the masters along the way, as well as those dead creatures, were deprived of their vitality by this huge attack, even though this attack did not lie on them.

This huge black sniper seems to divide the entire ghost town into two.

However, at this time, suddenly two figures appeared.

"Still!"

After a low drink, this Shura God killed and was suddenly defeated.

Ye Xuan immediately turned around and saw two figures standing in the air.

This breath is a ghost emperor!

Nine secluded emperors, a hundred ghosts, finally appeared!

"Little monkey, it's time for your show!"

Seeing that the Lord has appeared, Ye Xuan opened his mouth and smiled, and directly released the broken god.

The sacred **** is now a four-character demon, even if you don't wear the mysterious armor, it is enough to kill the nine secluded emperors and the hundred ghosts.

However, in order to solve the battle faster, Ye Xuan put the little monkey on the armor of the mysterious god.

"Hey!"

After the little monkey was dressed neatly, it was directly killed.

"Stunning one hundred and eight sticks!"

The thin iron rod in his hand was smashed by the little monkey, and suddenly there was a hundred and eight sticks.

This move is very fast, even if it is the ghost emperor's nine secluded emperor and a hundred ghosts, he has not been able to dodge.

Chapter 1798: Senson!

"Hey!" "Hey!" "Hey!"

The two men, who suffered half of the sticks, were directly taken down from the air.

This blow has already seriously injured them. Although the strength of the little monkey is strong, but these two people are also the two giants in the underworld, will it be so easy to fall?

Taking advantage of the other person's serious injury, the little monkey swept over again, and the fine iron rod in his hand raised his head and then fell again.

This time, the stick shadows all swayed to one person, and this person was a bad luck.

The little monkey made a full blow, and it is estimated that no one can pick it up in the four worlds. Even if it is the Qingdi of the second class, it will not work!

This one hundred and eight sticks, all of them squatted on the hundred ghosts, and suddenly smashed his body.

Spike!

"Hey, the host's killing value is improved!"

A system prompts to sound, Ye Xuan's killing value has skyrocketed, it seems that this hundred ghosts have been killed.

"What, the old ghost was spiked?"

On the other side, the nine secluded emperors saw that the ghosts of the ghosts were not adult-like, and immediately swallowed a spit and quickly turned around and left.

"Hey!"

The little monkey saw it and raised his hand immediately.

Another hundred and eight sticks fell, and the head of Jiuyi Emperor was directly opened. Of course, the heart was also broken directly.

It's a spike!

The two giants in the underworld are directly solved by the three monkeys, which can still be played?

The two giants are dead, so the rest of the ghost city is not afraid.

The most important thing is that the fighting power of the little monkey can help Ye Xuan to quickly destroy the people in this ghost town.

Not a minute.

This ghost town, it really became a ghost city, and then the body was all collected by the refining pot of the Megatron, and it was refined into a soul liquid, which was used to strengthen the tree and the Shura ghost.

At the same time, the underworld is really a kill!

After the war, the little monkey fell into a deep sleep, but it doesn't matter. After all, the next demon world may not need a little monkey.

The Devils also dispatched 100,000 troops this time, plus three great deities.

Now there are two nine-character demon statues that have been killed by the fallen heart, and the blood moon demon statue has also been taken into the planting space by Ye Xuan.

This means that the devil world is now the six major nine demon statues, as well as a mysterious demon emperor.

This day, the Emperor, is said to be just a demon emperor, for the current Ye Xuan is a little tricky, but did not let Ye Xuan jealous.

After all, this day the emperor is a cultivator, not a cultivator!

"Well, go shopping in the underworld first, and then go to the ghost world after breaking through!"

Ye Xuan thought in his heart, that is, he quickly left the ghost town.

At the same time, he sent a message to the immortal Dragon King and the Red Dragon Emperor in the fairy world.

"The nine secluded emperors, the hundred ghosts are dead, the underworld is gone!"

This news, when it was passed to the side of the Dragon King and the Red Dragon Emperor, shocked the two men.

Nima, isn't it good to destroy the demon world? How is the underworld also destroyed?

"Ye, Ye Xuan, what is this?" The Dragon King hurriedly asked.

"Nothing, Jiuyi Emperor and Bai Ghost House did not fight, was killed by the little monkey three sticks!" Ye Xuan replied.

"This....."

The Dragon King has no words to say.

They are still waiting for Ye Xuan to destroy the demon world, and then return to the news, and then join the Qing emperor and the Wuhou, and attack the underworld together.

But now, Jiuyi Emperor and Bai Guifu are dead, what is this attack?

"Don't say it, then I will go to the devil world again, and then integrate the demon, the devil, the three worlds."

After Ye Xuan finished, he was focused on the road.

However, the fairyland is already in a mess.

A hallmark of the underworld, was actually destroyed by Ye Xuan several people, what is Ye Xuan in the end, this is too enchanting some?

Even the Qing Emperor of the second-class Xiandi level did not dare to say that he could kill the nine secluded emperors or the hundred ghosts.

The little monkey has such strength, it seems to be the first person in the four worlds!

However, if the four worlds are integrated into one fairyland, everyone can develop together in the future, and it will certainly be better than before.

After a few days.

"Hey, the host breaks through, and it is currently a fairy!"

"Hey, Yan Ghost Monster, Shura Ghost Respect, Megatron, Breaking the Gods and Breakthrough, the current is the Five Gifts!"

Several consecutive system prompts to sound.

The realm of Ye Xuan is finally promoted to Xianzun, which is not easy.

"I finally went to Xianzun!"

Ye Xuan's eyes glimpsed, and in the next moment, a system sound was heard in his mind.

"Hey, the host learns the three fires, the third change!"

The third change of Skyfire's three metamorphosis can fully enhance the three realms. Ye Xuan is now a fairy goddess. After using it, you can go to the four-character fairy.

Now he is qualified to challenge the ninth floor of the trial tower.

The ninth-level keeper of the trial tower, but the foot is higher than Ye Xuan's nine realms, but minus the three realms of the Tianhuo three metamorphosis, it is only six.

Six realms, Ye Xuan can still cope with it!

This time, the ninth floor of the trial tower is a cultivator, so Ye Xuan's luck is not bad.

Although it is the difficulty of five-star strength, but Ye Xuan's best way of fighting is consumption. In the end, this one-class immortal level of the immortal, was killed by Ye Xuan alive.

"Hey, the host passed the ninth floor of the trial tower!"

"Hey, the host gets a little swallowing point!"

Now, Ye Xuan has three points to swallow.

"Hey, the host can consume a little swallowing point, open the tenth to the nineteenth layer of the trial tower, or pick up the refresh task!"

At this time, the system prompts again.

"Open the tenth to the nineteenth floor of the trial tower, or take the refresh task?"

Ye Xuan's eyes are slightly stunned.

He is now at the top of the ninth floor, but the tenth floor is more than ten realms. He can't do it now.

As for the refresh task.

"Refresh the task, you can refresh the first to the ninth layer after the completion, you will be able to challenge again..."

Seeing the shape, Ye Xuan mouth can not help but lift.

If it can be refreshed successfully, then he can once again pass through the nine-layer trial tower, which is a nine-point swallowing point.

However, taking this refresh task requires a little bit of swallowing, and I don't know if it will be difficult.

Ye Xuan thought for a moment and decided to take a look at the swallowing point.

"Hey, the host is currently unable to pick up the refresh task!"

This system prompts the sound, let Ye Xuan squat down.

Temporarily unable to pick up?

It turns out that this refresh task is also triggered. After the trigger, it can consume a little swallowing point.

If so, forget it!

"Well, now I have broken through to the fairy, you can directly kill the devil!"

When Ye Xuan thought about it, he acted again.

In these few days, Ye Xuan has already found a few passages leading to the devil world. In addition, there is also one on the side of the demon world. That was the day before the Emperor sent 100,000 troops to come.

Chapter 1799: Devil, destroy!

Ye Xuan came back to the devil world through the channel of the devil.

Last time, he came to find the little devil of the world, in order to refine the method of the demon.

However, this time, he is going to destroy the devil!

The mixed world demon king and his master Xueyue Mozun have been received by him in the planting space, so Ye Xuan's next plan is to first collect the Beiminghuayu and others, and then start the killing.

North Minghuayu and others are in the city of Xueyue. This place Ye Xuan has been there.

Just right, this demon world channel is in the magical spirit of the bloodmoon demon, so Ye Xuan spent half a day to reach the **** city, and then took the North Minghua rain, the devil and other people.

Then, the next step is to kill!

"Although I am a cultivator, I am not affiliated with any camp. The cultivator for me has no other distinction with the cultivator, but I don't need to find an excuse."

Ye Xuan thought in his heart.

Today's demon world, in addition to the demon emperor, there are six great deities.

However, now these demon statues, even Ye Xuan himself can solve, let alone the old tree and the fall.

He estimated that it would take only a few days to resolve the devil world.

.....

Somewhere in the fairy world.

"What, the nine secluded emperors and the hundred ghosts are dead, not only the demon world has been taken back, but even the underworld has been destroyed?"

The Qing Emperor and the Wuhou who heard the news were all shocked.

At the moment, the Qing Emperor and the Wuhou are sending people to open the demon world channel and the underworld channel. Go and check it out.

Soon, they got the news, there are really not many dead creatures in the demon world and the underworld.

The news is true!

"This Ye Xuan, who is it, easily destroys the demon world and the underworld, and now goes to the devil world..."

The Qing emperor couldn't help but swallow the mouth. If Ye Xuan also shot the fairy world, they might have to be like the demon world and the underworld.

Fortunately, Ye Xuan and Long Yu have a little relationship, and the Dragon Field has been settled in the fairy world after being destroyed in the demon world. Therefore, the Qing Emperor also has a good grace for the Dragon Field, plus the last battle, so the Qing Emperor feels the leaves. Xuan should not do this.

At the moment, the top leaders of the fairyland are gathered together to start a meeting.

At the same time, Ye Xuan has already solved the six major nine-devils, and is searching for the whereabouts of the demon emperor.

According to the nine demon statues, the demon emperor came to nowhere to go without a trace. Before joining the nine emperors and the hundred ghosts, he also relied on communication.

However, the devil world is so big, such a huge atmosphere, even if it is covered up, it can not hide the trace of Ye Xuan and others.

"found it!"

Ye Xuan's eyes glimpsed, and finally found the Emperor.

"what?"

Somewhere in the devil's world, a long-horned man shuddered and turned his head and saw Ye Xuan, Shu Lao and others who quickly rushed toward him.

During this time, he also learned that he had left the news that the demon statues were killed and the city was destroyed.

Therefore, at this time, he is getting through the passage, ready to leave, and then find a place to hide.

Unexpectedly, it was still found by Ye Xuan.

"The Emperor of Heaven, finally found you!"

Ye Xuan's voice fell into the ears of the Emperor, and the latter looked at it and found a golden light.

Has broken through the fall of the six-character demon level, directly put on the armor of the mysterious god, and killed the past toward the demon emperor.

The Emperor of Heaven is just a demon emperor. Even though the strength is strong, it can't stop falling.

"The claws of the demon god!"

When the fall of the claws came out, the magic of the demon emperor was instantly blown up.

Heavenly Emperor, die!

"Hey, the host's killing value is improved!"

In Ye Xuan's mind, a system sound was also heard.

Now, the devil world is truly dying. In the future, I am afraid that the fairy world and the demon world will be divided equally.

No, the future leader, it must be a demon, because even the Qing emperor plus the martial arts, it is not likely to be the opponent.

"Now the demon world is regaining, the underworld and the demon world are destroyed, and the future world is mine!"

Ye Xuan's mouth is slightly tilted.

He will be the Lord of the Four Realms in the future, and he will be supreme.

However, the problem is coming again.

"Nine secluded emperors, hundred ghosts of the emperor, the demon emperor, the demon dragon emperor, the Wuhou are all a fairy emperor level, only the Qing emperor is the second emperor, then, how will the future realm rise?"

Ye Xuan can not help but think so.

Since there is a realm, it must have been reached. Is it only simple that the four worlds are so simple?

"But, go back to the fairy world and say it!"

After thinking for a while, Ye Xuan still decided not to want to go back to the fairy world.

At the moment, he found a channel of fairyland and then went back to the fairyland.

However, things are not that simple.

Going back from the fairy channel, it took only half a day, but when Ye Xuan returned to the fairy world, he found that he had swallowed up the communication spar in the space and had countless messages.

After Ye Xuan listened to these messages, he couldn't help but eclipse: "What happened, I came back from the devil world, and it has gone a hundred years?"

These messages are not destroyed by the Dragon Emperor and the Red Dragon Emperor. They said that Ye Xuan has been missing for a long time and has been a hundred years old.

"The Dragon Emperor, I am back!"

Ye Xuan rushed back to one.

Soon, the sound of the Dragon King will not sound again: "Ye Xuan, you are finally back."

"Dragon King predecessors, how is there a time difference between the two circles?" Ye Xuan was very surprised, could not help but ask.

"The reason why there is a time difference is that the relics of time and space have appeared, and this time the entrance is in our fairy world!" The Dragon King replied.

"Time and space relics, what is that?" Ye Xuan asked inexplicably.

"The relics of time and space are actually the same space as the demon world, the underworld, the devil world, and the fairy world. It is a very dangerous place. There are many masters in history who have entered, but there are not many people who can live out."

After the end of the Dragon Emperor, after a pause, he continued: "Every time the ruins of time and space are different, there are at least ten celestial masters who have entered the eternal relics of time and space, and there are two of them. emperor!"

"You can't guarantee to live alive even if you go in the second emperor?"

Ye Xuan is slightly surprised.

"Well, the turbulence of time and space means that there will be time and space relics. This time and space remains, it is near Qingmucheng." The Dragon King said.

"Aoki Castle, that is the site of the Qing Emperor." Ye Xuan's eyes slightly glimpse.

For the Qing Emperor, he is not afraid.

However, at the moment, he is not lacking in cultivation resources. What is lacking is time. Therefore, this fairyland, he does not want to ransack again. Occasionally, being a good person is still good.

Soon, Ye Xuan is back in the Dragon Field.

Although I have already learned about the demise of the demon world, the underworld, and the demon world, I am quite shocked to see the Emperor Huang and the Red Dragon Emperor after seeing Ye Xuan himself.

Ye Xuan, but a product of the immortal, it is too horrible to have such ability.

Chapter 1800: Time and space ruins

"The Dragon King, the Emperor of the Dragon Emperor, what was the relic of the time?"

Ye Xuan could not help but ask.

Now, the demon world, the underworld, the devil world and the fairy world, it is estimated that there is no place for his people, even if there are so many resources, he also cultivated at the level of Xiandi.

If you want to continue to break through, you have to find a more advanced place!

Since the demon world, the underworld, the devil world, and the fairy world are all space continents, there will definitely be others, and there will be more, even the hundred, thousand, and tenfold of the fairy world.

This time and space remains, maybe a breakthrough!

"The time and space remains, the Qing emperor has personally been there, but did not go in, just look at the door. This time and space relics, it seems easier than before, but can not be seen, after all, the safer, may be More dangerous!" said the Dragon King.

"Yes, I also think that this time and space remains not so simple, it is estimated that at least nine levels of demon must be able to enter." Red Dragon Emperor added.

"Nine products demon statue?"

Ye Xuan's heart secretly calculated.

He is now a fairy goddess. If he uses the Tianshen Sanxuan of the Qing Emperor's Tianhuo Palace, he can be promoted to the Four Pinxian.

If it is really counted, his strength is already the level of Xiandi. Of course, it is only temporary. Because of the three changes of Tianhuo, the high-ranking Xianzun can not be used, let alone the Emperor.

However, the old tree, the Shura ghosts, the Megatron, and the broken gods are now the five-grade Xianzun level, and the real combat powers are all Xiandi level.

Among them, the broken **** is even more perverted. If you wear the armor of the mysterious god, even the three-class fairy emperor and the four-character emperor can also fight.

"Ye Xuan, in fact, during the passage of the fairy passage, we are already ready to enter the time and space with the Qing Emperor and Wuhou."

At this time, the Dragon King suddenly said.

"Oh?"

Ye Xuan is a little surprised, saying: "Exactly, I also have this idea."

"These four worlds will be handed over to the young people. I and Laohong have already prepared for the ruins of time and space. Because this time and space remains, if it can pass through this time and space, it is possible to reach the new space continent. There must be more opportunities than the fairy world." Do not destroy the Dragon King Road.

"Well, when will you leave?" Ye Xuan immediately asked.

"All parties are ready. We are waiting for you because we have not yet entered."

Ye Xuan paused and thought for a moment, saying: "If that's the case, then it's better to wait a few more days."

"Well, we have come over in a hundred years. What have you counted in a few days?" The dragon emperor opened his mouth and smiled. "But, this time and space remains unclear when it disappears, so the action is fast!"

The reason why they did not enter the time and space remains, is indeed waiting for Ye Xuan, because Ye Xuan and others are very strong, and there is also a mutual care between them.

It is not so much a reference, it is better to say that I want to hold Ye Xuan's thighs. After all, I have destroyed the Three Realms by myself. This strength has already surpassed everyone.

The reason why Ye Xuan did not act immediately is because this time and space remains seemingly dangerous. He must upgrade his realm. Otherwise, there may be a danger of falling.

Therefore, he decided to break through and say it again!

After a few days.

"Hey, the host breaks through, and it's currently the second best!"

"Hey, Yan Ghost Monster, Shura Ghost Respect, Megatron, Breaking the Gods, Breakthrough, the current six-piece fairy!"

The realm of Ye Xuan and others has been raised again.

The little monkey has already finished the rest and can play again. If he is there, Ye Xuan is not worried.

"The Dragon Emperor, I am ready!"

Ye Xuan did not kill the Dragon King.

Soon, the Dragon King and the Red Dragon Emperor appeared in front of Ye Xuan. After they felt the realm of Ye Xuan, they could not help but look at it.

How long did it take, Ye Xuan broke through from the second product Xianhuang all the way to the second product Xianzun.

Although it has been a hundred years for them, it is Ye Xuan in the fairy channel, which is affected by the turbulence of space, so there is a time difference.

terrible!

It's terrible!

Although the Dragon King and the Red Dragon Emperor did not know how Ye Xuan practiced, but did not ask much, Ye Xuan was not malicious to them anyway.

"Okay, let's go!"

Do not destroy the Dragon King nodded.

There are a total of ten people who went to Aoki Castle in the Dragon Field. In addition to the Dragon King and the Red Dragon Emperor, there are eight masters of eight demon statues.

Plus Ye Xuan, that is eleven!

In the city of Thang Long, there is a transmission array leading to Qingmu City. Ye Xuan stepped on under the leadership of the Dragon King and the Red Dragon Emperor.

The transmission array started to work, and after a while, Ye Xuan felt that things around him had changed.

Aoki Castle, it is here!

This Qingmu City is the site of the Emperor of the Immortal World. There are countless masters here, much more than the Dragon City.

At this time, the team of Wuhou has arrived, and they are waiting for Ye Xuan to return from the devil.

"finally come!"

After Ye Xuan's landing, there were two people who came in. It was the Qing Emperor and the Wuhou who had a relationship with Ye Xuan on that day.

"I have seen two seniors!"

Ye Xuan hurriedly said hello.

Although he said that his current strength is not afraid of the martial arts or the Qing Emperor, but the two are seniors after all, it is still a bit polite.

When I heard Ye Xuan's words, the hearts of Qingdi and Wuhou were also put down. It seems that Ye Xuan is not malicious to the fairyland.

"Little brother, we have been waiting for you for a long time."

Qingdi said with a smile.

"Well, don't say these words, the little brothers want to enter the time and space relics?" Wu Hou asked directly.

"Yes!"

Ye Xuan nodded.

This answer, the Qing Emperor and the Wuhou slightly slightly gratified, because Ye Xuan's contractors are not a general generation, he joined the team, the safety performance improved a lot.

"The time and space remains, we have sent some sneak peeks to explore before, but after they passed through the gate, they lost contact. In short, we don't know anything about this time and space ruins!" Road.

"Don't say that, the little brothers come to see it!"

After the Qing Emperor finished, he left with Ye Xuan and others and entered another transfer palace.

Here, you can directly transfer to the entrance to the time and space ruins!

"Hey!"

The transmission array was again running, and after a while, Ye Xuan landed again.

The entrance to the time and space remains, just next to the transmission array.

"Is this a time and space relic?"

Ye Xuan's eyes are slightly stunned. The entrance to this time-space relic is a quaint gate. The door is open at this time, but it is covered by a strange energy, and the things inside are not visible.

"After this door, it was a time and space relic. I used to let people in, let him come out immediately, but no one came out." Qingdi said.
