Chapter 180: To blame

"younger sister!"

The Song ruling was late, and when he arrived, he saw that the Song Dynasty had been captured by Ye Xuan. As long as Ye Xuan's hand moved, the Song Dynasty would have to be fragrant.

The two people stood quietly for two seconds.

Song decided to take the lead: "Let my sister, I let you go!"

This bridge section, Ye Xuan saw more on TV, he is not so stupid.

"I have already given your sister a poison. If there is no antidote within seven days, the skin will be ulcerated, and then the abscess will grow, and finally the meridians will die..."

Ye Xuan is also nonsense, straight to the point and said, but those symptoms are fake, after seven days is just violent, not so troublesome.

After hearing this sentence, Song Ting's body was also trembled and said: "You are a despicable villain..."

But before she finished, Ye Xuan directly interrupted: "Shut up, I just stop you from escaping. Tang Tian has broken his arm. You don't chase him but chase me. You stink. They are not so good."

"Smelly, stinky, do you dare to marry me?" Song Congjing said.

"Don't say you, I can kill you." Ye Xuan is cold.

"You are a jerk, I will kill you!" Song Congjing is already a little angry, but she was restrained by Ye Xuan. If there is any move, she will be pinched off by Ye Xuan.

The Song ruling also had some regrets. I knew that he had just pulled his sister directly to chase Tang Tian. If so, how could this situation be achieved?

"Brother, what do you want?" asked the Song ruling.

"Don't be close, we are enemies. I don't want to be like it, as long as you stay with me until the end of the assessment." Ye Xuan said straightforwardly.

"No, brother, don't worry about me, kill this mix..."

The Song ruling has not yet been opened. The Song Dynasty is a direct statement, but she has not finished yet. Ye Xuan's hand is a glimpse, so she can't speak.

"I talk to your brother, the child shuts up, and then you will kill you. Anyway, I am only a low-level empire, and it is worthwhile to die with the Princess of the Song Dynasty." Ye Xuan asked for a broken net. .

"do not!"

Song ruling hurriedly stopped the road.

"You agree?" Ye Xuan eyes.

"Oh..." Song Chongjing wanted to speak, but Ye Xuan locked his throat and could only make a whimper.

Song ruling looked at his sister's appearance and nodded directly: "Well, I am at the end of this assessment, I hope you can keep your promise."

"You can rest assured that I don't want to kill her. If she is dead, your Great Song Dynasty will definitely retaliate, I can't afford it. As long as the assessment is over, I will give you the antidote, but before that, she only temporarily Can be with me." Ye Xuan said.

Indeed, he did not dare to kill the Song Dynasty.

However, the antidote is true, he bought a million swallowing points, and is a poison against the real Xuanjing strong.

"Yes!" Song ruling nodded: "If you follow the promise, then I will rule to hand you this friend."

Ye Xuan did not speak, he immediately sensed it and found that there was a cave around it.

At this point, the fire has spread, and they can't stay here until the end of the assessment. Therefore, Ye Xuan directly went to the cave with the Song Dynasty.

The Song ruling followed, and he was afraid that Ye Xuan would start with the Song Dynasty.

Soon, Ye Xuan found the cave and then directly captured the Song Dynasty. At the same time, he also took off the Song Dynasty's ring to prevent her from detoxification.

"Song ruling, this cave has no exit, you are guarding outside the cave." Ye Xuan said, and took out a medicinal medicine from the swallowing space, and stuffed it into the Song Dynasty.

"What are you doing, what is that medicine?" Song rude hurried at the hole.

"The poison has been eaten, is it still afraid to eat something else? This is a stagnation of the gas, so as not to sneak into me." Ye Xuan said, it is the hegemonic grasp of the Song Dynasty into the, the whole mountain king looks like.

"Brother, leave me alone, kill this mix..."

The voice of the Song Dynasty was echoed in the cave.

The Song ruling outside was sitting at the mouth of the cave.

It is already a success to hold the Song Dynasty and plan for the Song ruling.

Although Tang Tian was cut off by one arm, he still has one hand and can completely dominate this battle.

Ye Xuan is also worthy of the two thousand crystals.

.....

Wherein the Lams were moved to the shadows of the darkness, Ye Xuan, and I began to look for the cave.

This cave is not big, and there is no road, all the way to the end.

Ye Xuan came to the end of the cave, and then gave the Song Dynasty to the Song Dynasty. At this time, the Song Tang's body of the air has already had an effect. Xuanqi is already broken, and it can't be condensed again. There is no threat at all.

"You are a jerk, you will only do things to hold girls!" Song Cong angered.

"If you are on the battlefield, will the enemy be merciful because you are a girl?" Ye Xuan asked one sentence and continued discovered: "Quiet, don't play tricks, I will let you go until the end."

"If you have the ability, you will kill me!" Song Cong continued to anger.

"You are not afraid of death?"

Ye Xuan raised her head slightly.

At this point, he carefully looked at the Song Dynasty and found that the Princess of the Song Dynasty was not bad. Exquisite little face, white skin, towering chest, thin and long legs, if ordinary people are here, I am afraid I can't help it.

Ye Xuan remembers that he seemed to be touching in the rush. It was wrong. He took a shot from the chest of Song Dynasty. At that time, he did not think much. Now he thinks that he is losing money.

"It's all people will die, what are you afraid of!" Song Congjing argued.

"Yes, but when I just caught you, you seem to be shaking, your mouth is not honest, but your body is very honest." Ye Xuan said coldly.

"you....."

The Song Dynasty was said to be speechless, but unfortunately she did not have any mysteriousness in her body. Even the weapons were taken away by Ye Xuan, naturally not Ye Xuan's opponent.

"Quiet, I will use people's money to replace people. I have done it with you, but if you are not safe, don't blame me for being ruthless."

Ye Xuan's eyes lingered, and then he took out the Song of the Song Dynasty.

"You want spar? I will give you, let me go!" Song cuts his eyes.

Ye Xuan almost didn't laugh out. He shook his hand in the ring and smiled. "Your Qiang Kun is in my hands. Even if it is your brother, I can come over. Where are you from the spar?"

The Song Dynasty had a meal, and he remembered that there was not much in his own shackles. In the last trophy, she was confiscated and generously gave it to others.
