

Super D. S 1801

Chapter 1801: enter!

"So, when you get in, you are trapped?" Ye Xuan suddenly reacted.

"Our team has already been prepared. This time, it is a ruin of time and space. Although it is a life of nine deaths, it is better to stay in this fairy world. It is better to fight." Wu Hou said.

Now she, and the Qing Emperor is the only two of the four elites in the four worlds, and can no longer be promoted here, can only live!

Therefore, they made the decision to smash the time and space remains!

Ye Xuan glanced at it and found that there were quite a few people in the Qing Emperor and the Wuhou belt. Together, there were more than 50, plus ten in the Dragon Field, that is almost 60 people.

Among them, Ye Xuan also sensed a familiar feeling, which is from three nine-class fairy statues, because the hearts of the three people in the body are dazzling fairy hearts.

These three people are the three palace owners of Tianhuo Palace!

Because they are the same, they also feel the scent of Ye Xuan, but now they can't say anything.

Although Ye Xuan is only a second-class fairy, he is seven levels lower than them, and can be the strength of the old and others, even the Qing Emperor is jealous.

"Since the decision has been made, let's enter it together. If it can still be together, there will be a care." Qingdi said slowly.

"it is good!"

"Go in!"

"Those ancestors, maybe not in the dead, but through the eternal relics of time and space, to the new world!"

Everyone is a bit eager.

This group of people, almost stood at the peak of the four worlds, the weakest is the eight-grade Xianzun level, where they are difficult to upgrade, but if they reach a more advanced space than the fairy world, they will be faster than the fairy world. .

After thinking for a while, everyone decided to go in, but at this time, Ye Xuan suddenly said: "Slow, let my people first explore the way!"

When everyone heard this, they could not help but stop.

Then, Ye Xuan summoned the tree and the Shura ghosts.

"The old tree, the ribs, you have to go in and see." Ye Xuan said to the two.

This time and space remains, I don't know how dangerous it is. In case, just in case, Ye Xuan still let the tree and the Shura ghosts who have the undead body go to the cannon fodder.

"it is good!"

The old tree and the Shura ghost nodded, and then they entered the time and space relics in tandem.

However, when the two passed through the gate, Ye Xuan quickly passed the voice to the two.

However, they have not received a response!

"It's weird, it's impossible to pass the sound!"

Ye Xuan was shocked.

You know, his voice is the sound between the owner and the pet, this time the first time the voice failed.

However, Ye Xuan has another method.

"I am going to see it advanced."

When Ye Xuan finished, he jumped straight in. When he passed through the gate, he found himself being transported to the second door.

"The old tree, the ribs, are you there?"

At the moment, Ye Xuan continues to pass the voice, but still can't get an echo.

In desperation, he can only wear the armor of the mysterious god, and then explore the road.

The old tree and the Shura ghosts just lost their connection. Because there is no prompt to sound, the two should still be alive.

However, when Ye Xuan was ready to summon the land and fight side by side with himself, he suddenly found that the fall could not be summoned.

"What is going on, the fall cannot be summoned from the planting space, not only that, but even other beasts."

Ye Xuan's eyes widened and he didn't understand what was happening on his body.

After he checked it, he discovered that there was a skill that could not be used.

Time and space back!

"hiss!"

Time and space backward skills, can not be used!

This is how the same thing?

Ye Xuan's original plan was to explore for himself. If something happened, use it back to the entrance to the eternal relics of time and space.

Unexpectedly, in this time and space relics, time-lapse is actually impossible to use.

This tragedy!

"Tragedy, it is really a tragedy. If this skill cannot be used, then if my three avatars are ruined, they will be really ruined!" Ye Xuan thought secretly.

wrong!

If the three avatars are ruined, then he is not counted in the ruins of time and space. At that time, the fourth avatar in the mortal world may be able to use the time-lapse skills.

However, he does not dare to pack tickets, so he must be careful to treat the time-lapse skills as unusable.

Although he now has three points of phagocytosis, he can resurrect three avatars. It is not so easy to swallow the points, and it can save you money.

"Fortunately, Megatron can summon it!"

Thinking of this, Ye Xuan is relieved.

Megatron is the sixth-grade sacred level, and if it is turned into a mythical armor, even the Qing emperor may not be able to open it.

"Hey, the host triggers a random mission, smashes the time and space ruins, and completes the reward time and blood stream!"

At this time, the system suddenly prompted.

This time, the reward is very rich, and it turns out that the time and space are advanced.

Under the blood of time and space, there are two advanced routes, which are to control the time and control the space.

If the control time is advanced, the cooldown of the skill of the time-lapse will be shortened, and the time for backflow will be longer. In addition, the flow rate of the planting space will also increase.

As for the control of the space, it will enhance the effect of the polar shield, as well as the distance and number of teleports.

In short, this reward is very good for Ye Xuan.

However, this random task is still time-limited. Ye Xuan must be able to survive the ruins of time and space within seven days.

"I originally wanted to stay in front of this door for a while, and then I will wait until the realm has improved. But now it seems that there is no time for me!"

Ye Xuan's eyes glimpsed and thought in his heart.

The time limit for random missions is seven days. The next time Ye Xuan breaks through, it will take four or five days. If you break through, there will be only two days left.

However, if you are embarrassed now, the danger is great, and the three avatars are in danger of falling.

After all, falling and breaking the sky can't be summoned now.

"No matter, hey!"

Finally, Ye Xuan still made a decision.

They are all flying up to the fairy world, and they have achieved sacredness. Can you be so timid?

on!

At the moment, Ye Xuan is wearing the armor of the mysterious god, heading for that door.

"Boom!"

Before he was approached, the door was automatically opened, and then there was a burst of crisp sound.

"Hey!" "Hey!" "Hey!"

Ye Xuan rushed to look at it and found that there was a row of arm in front of him, and there was a regular rapid swing.

"Institutional maze?"

In an instant, Ye Xuan reacted.

There is only one entrance to the maze of this organ in front of us. However, the speed of the arm swinging is very horrible, even if it is a nine-piece fairy.

Chapter 1802: Spiritual real person

"Megatron is not a creature, so it can be summoned. If the old tree and the Shura ghost are still in the planting space, it should not be possible."

Ye Xuan thought about it, and then decided to let Megatron go to explore the road first.

Megatron turned into a fine needle, and then chose the first road to wear it.

Through the sharing of vision, Ye Xuan can see that the arms are all along the way, and the road is far away, not the average person can pass.

"This labyrinth is in all directions, and I don't know where it is."

Ye Xuan has a slight headache. Although Megatron can cope with this arm, it still needs something to be able to draw a map with the Xian phagocytic system.

Since I can't use the eye of the void here, I can only wait for Megatron to find the exit, then come back and then pass it again.

This step has been carried out for a short time, but only for half a day.

Then, Megatron took another half-day to come back and re-created it as a mysterious warrior.

Next, Ye Xuan moved by himself.

If Ye Xuan of the second-class fairy statue is his own, I am afraid it will not be worn.

The use of Skyfire three metamorphosis, you can let Ye Xuan temporarily upgrade to the five-character fairy, but the Tianhuo three metamorphosis has a duration, once the duration has passed, then Ye Xuan will fall back to the second product Xianzun.

However, after putting on the armor of the mysterious god, it is not the same!

"There seems to be no place to rest in the middle. After using Tianshen Sanxuan, try to catch some roads. When the Tianhuo Sanxuan is cooled, it can only be smashed by these organs."

Ye Xuan thought in his heart.

If there is a place to rest on the way, it will be easy to do, but there is no way on the way, so it can only be beaten, so it is a break.

Ye Xuan, who has the mysterious warfare armor and the blood of the undead god, should not be a problem.

After preparing for his heart, Ye Xuan started the action directly. He strode into the labyrinth.

Put on the mysterious warfare armor, and cast Ye Xuan, the **** of the three fires, the speed is fast, easily avoid these obstacles, and then follow the map in the fairy phagocytic system.

However, the duration of Skyfire's three metamorphosis soon passed, and then Ye Xuan's speed dropped.

"Hey!" "Hey!" "Hey!"

A muffled sound spread, and Ye Xuan was smashed by the arm of the organ and bounced like a ball.

Fortunately, the mysterious warfare armor is very hard, coupled with the recovery speed of the undead phoenix blood, Ye Xuanzhen is supported.

after a while.

"Tianhuo three metamorphosis, the third change!"

Ye Xuan once again used the Tianhuo three metamorphosis, and then began to sprint again.

After several times, he finally left the maze of the institution, but it was already two days later, plus one day that Megatron used, that is, three days.

In the past two days, Ye Xuan did not know how many embarrassed he had, but fortunately, he had left the lab maze.

"Even if I have been so difficult, then those eight-piece fairy and nine-piece fairy, I am afraid I can't pass it?"

Ye Xuan thought in his heart.

However, he can't manage that much. The lives and deaths of those people have nothing to do with him. This road is chosen by the other side.

Moreover, the other party may not have come in yet?

After passing through the labyrinth, Ye Xuan looked at the new environment.

It is very spacious, like in a large hall, with only one organ in front.

"Young people, after defeating this institution, you can pass customs!"

A voice fell into the ears of Ye Xuan.

"Who is talking?"

Ye Xuan asked differently.

"Young people, as long as you beat it, you will be able to see me, and then I will know who I am!"

The sound rang again in the hall.

"If that's the case, then it's gone!"

Ye Xuan's eyes were slightly stunned, and he said in his heart: "System analysis!"

This kind of flaws must be flawed, and the fairy-level engulfing system is so powerful that sweeping out flaws should not be a problem.

"Hey!"

At this time, this cockroach began to move, and the speed was very fast, at least at the level of Xiandi.

Ye Xuan also recalled that the labyrinth of that institution was almost the same as the Xiandi level.

However, let's solve this trouble first!

“Hey, the analysis is successful!”

Still waiting for the rush, the system is prompted.

This awkward key, at some point on its back, can be defeated as long as it is hit.

"on!"

Ye Xuan is also nonsense, directly escaping from the fire sword, rushed up with the armor of the mysterious god.

“Hey!” “Hey!” “Hey!”

The road was crisp and sounded in the hall.

Now Ye Xuan can't use the Tianhuo three metamorphosis, so I can only fight with this scorpion armor.

Of course, he is always beaten during the battle.

However, after the cooling of the Tianxuan Sanxuan, he broke out directly.

"Tianhuo three metamorphosis, the third change!"

In an instant, Ye Xuan's realm has soared from the second-class fairy statue to the five-character fairy.

Then he quickly used the assassination of the eye, came to the back of the donkey, and then stabbed a sword.

"Hey!"

This sword accurately penetrated into the key points of the cockroach, and it was not bad.

In the next moment, this shackle is instantly disintegrated.

"Young people, you are very good. I originally set up a battle at the same level, but I didn't think that Xiandi would dare to enter this ruin. You are so obsessed!"

The mysterious sound sounded.

"Predecessors have won the prize!"

Ye Xuan hurriedly clenched his fists.

"Take this cockroach, the key is that I deliberately stay, otherwise you can't beat it with your strength!"

Following the meaning of this voice, Ye Xuan hurriedly took away the smashed smashed, and he saw that this is a good thing.

"Through the door, you can find me!"

At the moment, Ye Xuan is the door that quickly entered the front. After he passed through, he saw a middle-aged man with a shadow and stood in front.

"I have seen seniors!"

Ye Xuan said quickly.

The middle-aged man waved his hand and said: "This relic is built by me, but I have left my lifelong school here. You have passed two levels. If you pass another level, then you can Get my inheritance!"

Hearing this, Ye Xuan's eyes lit up.

"Before introducing myself, I am a spiritual person. I don't know if I am still alive. This is just a remnant of my legacy. If you can get my inheritance, then you can try to find me, maybe. Will accept you as a disciple!" Middle-aged humanity.

"Is it true?"

Ye Xuan hearted a meal.

Real person, what is this title?

If this middle-aged person is still a Xiandi level, then he should be called a spiritual emperor.

It seems that he has broken the shackles of the Emperor and reached a higher level.

Chapter 1803: Hundreds of exercises

"Before you, there have been many people who have failed. Anyone who has lost is trapped in this place. The longest one has been millions of years."

When the soul is finished, the back of him is a slap in the face. "These cockroaches are all grades of the Emperor. This third level is to let you defeat one hundred cockroaches."

"One hundred?"

Ye Xuan brows a pick, only one of them, he still relied on Tianhuo three metamorphosis to defeat.

Now let him challenge a hundred cockroaches, I am afraid not!

"These cockroaches can only play the fighting power of a celestial emperor for the time being. If the full force breaks out, even the nine princes can easily kill them. You can defeat them one by one by finding out their weaknesses one by one." .

"The younger understand!"

Ye Xuan nodded slightly and said: "However, can the seniors let the younger rest for two days and then challenge?"

"can!"

The soul is nodding.

What he didn't know was that after two days, Ye Xuan could break through again and directly upgrade to Sanpin Xianzun.

At that time, he used the Tianshen three metamorphosis to defeat this hundred flaws in one fell swoop.

Then, Ye Xuan started to rest.

"Hey, the host breaks through, and it's currently the Sanpin Xianzun!"

"Hey, Shura ghosts, Megatron, Yanyin ghosts, breaking the gods and breaking through, now the seven-character fairy!"

Two days later, Ye Xuan unexpectedly broke through as expected.

"It turns out that you are already on the verge of breaking through."

When the real person sees it, he can't help but sigh: "But it doesn't matter. As long as you don't reach the Emperor, the combat power of these shackles will not change."

Although this is the case, the more you look at Ye Xuan, the more pleasing your eyes are.

The more you fight in such a realm, even if he is, he has not seen much.

Moreover, the geniuses he has seen, all have a large background, crushing opponents in terms of fairy tales and equipment, which can be more challenging.

Although Ye Xuan is also somewhat dependent on the meaning of the mysterious warrior armor, but its strength is not weak, the spiritual real person can see it at a glance.

"Predecessors, I am ready!"

Ye Xuan said.

"Okay, then it will start in three seconds!" The soul of the real person nodded slightly.

In fact, in the past two days, Ye Xuan has used the Xian-level phagocytic system to sweep the 100 scorpions.

These hundred flaws, each with different key points, but this is not a problem for the current Ye Xuan.

This time, he must pass the customs, otherwise he will be trapped here by the soul.

"Hey!" "Hey!" "Hey!"

After three seconds, the hundred cockroaches, so moved, and a virtual shadow directly through the soul of the real person, killing Ye Xuan.

"Tianhuo three metamorphosis, the third change!"

Ye Xuan's flash of light flashed, and the realm of the realm was instantly raised to the six-paste fairy, and then the whole person turned into a streamer, and rushed to the hundred.

His speed is very fast, and he even surpassed the speed of the cockroach. When he was stabbed in the hands of the fire sword, he was able to defeat a cockroach.

One...two...five...ten...

The number of cockroaches is rapidly decreasing.

When the soul is seen, it can't help but look at Ye Xuan. Even if it is a master of Xiandi, it can't find flaws in such a short period of time.

These are not difficult to entangle, as long as they are the second-class emperor, you can hide in the past, the important thing is that the key is hard to find, and finally will be killed by living.

Soon, more than half of the crickets in the field were defeated by Ye Xuan, and Ye Xuan's Tianhuo San Xuanchang had a duration, and it would not be a problem to defeat all the remaining scorpions in the rest of the time.

Sure enough, the rest of these embarrassments could not stop Ye Xuan's footsteps, and his life was torn apart.

The soul is really shocked.

Not to mention Ye Xuan's realm, even if it is one or two higher than the realm, I am afraid I can't find the flaw so quickly.

What's more, these tricks are controlled by him, and the combat power they play will be the same as the challenger.

If it is a product of the Emperor, then this hundred cockroaches will play a level of combat power. If it is the nine-character emperor, then it is the combat power of the nine-class fairy emperor.

However, Ye Xuan is a few more realms. After passing this level, the qualifications are enough to be highlighted.

"Okay, very good, young people have passed this third level!" The soul is satisfied with the truth.

Upon hearing this, Ye Xuan's mouth couldn't help but tilt up slightly. It seems that he can pass through this time and space.

Moreover, it is really good to get the inheritance of this spiritual real person.

Not waiting for him to react, the soul of the real hand waved, and then there was a word floating in the air.

"Hey, the host found a hundred machine exercises, is it transcribed?"

"Yes!"

"Hey, the host transcript is successful, whether to learn immediately!"

"Yes!"

Although I don't know what this is, it is a good thing since it is the inheritance of the soul.

"This is called a hundred machine exercises, which have the method of manipulating this hundred flaws, you can let them form a variety of battles to defend the enemy!"

The soul of the real person waved again, and the hundred cockroaches were reassembled, and then he said: "This is a hundred cockroaches, but I am refining it, so there will be flaws. If you can find me in the future, I will give it. You are so savvy that when you play with a hundred machines, even a real person can fight!"

"Real people?"

Ye Xuan heard a keyword.

Real people, is it a realm?

"Well, you can control this ruin now. How do those people deal with you. However, one of them has the blood of my old friend. I accidentally sneaked in. It seems to be Ling Kai. You put him away! "The soul is real."

"Yes, seniors!"

Ye Xuan nodded.

When the voice falls, the virtual shadow of the soul is dissipated, and even where he is, what identity is not left.

It seems that Ye Xuan has to find it himself!

However, the clue is on Ling Kai, because the real person said, this Ling Kai is the descendant of his old friend, when you just follow this line, you should be able to find it.

"Boom!"

At this time, suddenly there was a big door open next to the main hall. Ye Xuan hurried into it and saw that there were hundreds of people in it.

Not only that, the breath of these people is much stronger than him, and even the high-ranking Emperor.

Oh my God!

Ye Xuan was so scared that he hurriedly glanced at him and found out the traces of the old tree and the Shura ghost.

"Little Master, you can come, I have been waiting for many years!"

The tree is somewhat helpless.

"many years?"

Ye Xuan brows a pick, he and the tree are only a few seconds apart, the time difference is actually calculated in years, this is too terrible.

It's no wonder that his time back can't be used. It turned out to be the case!

"Wow, someone is here!"

"Hey, young man, let me go!"

"Kid, let the Laozi go out, or cut you!"

Chapter 1804: Holy world

These people are all being held incommunicado, and they are protected by the law, so they are not threatened.

If they can come out, they can indeed destroy Ye Xuan, but if they can come out, why should they use threats?

Ye Xuan now controls the relics of time and space, so he directly put the tree and the Shura ghosts out.

Then he released the one hundred common cockroaches.

"Hundreds of machine performances can instantly control this hundred common cockroaches, and can be combined into various battles. However, in my current realm, I am afraid that even one in ten thousand of them will not be able to control their strength. Say it again!"

Ye Xuan thought about it, and then he was preparing to implement a plan, that is, to put all the people into the planting space.

"You guys have not survived this ruin, but have been trapped by the soul of the real person. Unfortunately, I have passed the assessment of the soul and the real person, now your life and death, it is up to me to decide!"

Ye Xuan said slowly.

When this was said, everyone was shocked.

"What, the soul is real, the owner of this relic is actually a real person!"

"Day, this three-product fairy has actually got the inheritance of a real person, I don't know how big the dog is!"

"What is the fart? Now he controls the ruins. If you dare to talk nonsense, do you believe that he killed you?"

Nearly a thousand people, all of them are quiet.

Among them, the strongest one is the nine-character emperor, which is a super-power.

However, after Ye Xuan wanted to put them into the planting space, he would not let it out.

"Next, I will put you one by one into my space. If anyone dares to refuse, kill it!"

Ye Xuan's face suddenly became cold and looked around.

Everyone swallowed a spit, and the worst of them were the ones, and they fell into the hands of the souls, but they now fall into a trinity. It's a shame on hand.

However, they did not know that Ye Xuan could not completely control the hundred cockroaches. After all, the means of real people, they could not guess.

"Good, very good, it started!"

Ye Xuan's eyes were slightly stunned, and then the energy of the planting space was enveloped by a single fairy.

This one of the immortals did not dare to have any resistance and was directly received in the planting space.

In the planting space, even if it is the nine-character emperor, you have to be trapped!

Then, one by one, Emperor Xian, was received by Ye Xuan, and for the time being no one resisted.

However, after Ye Xuan received more than 100 people, there was a failure to collect.

This is a four-character emperor, that is, the one who is the only one.

"What is your name?" asked Ye Xuan.

"I am Lin Yuanlong, I want to kill you, and listen to you!"

Hearing this, Ye Xuan smiled and nodded: "Come to the individual, kill him, and I will let him free!"

"I!"

"I am coming to me!"

"I am happy to help!"

Suddenly, all the emperors were out.

Kill a four-character emperor, you can get the power of freedom, which is sure to earn!

The brawny was frightened and pale, and had not yet opened. The barrier behind him suddenly disappeared, and then a six-character emperor came in and instantly pierced his fairy heart.

Kill chickens and monkeys!

Only then will the next person enter the planting space.

"Very good, I will let you be free after a while. I am Ye Xuan, speak and count!" Ye Xuan said to the six-character emperor.

"Thank you, thank you!" This six-character emperor is in a hurry to thank.

Next, Ye Xuan is in the wind, and one does not fall into the planting space.

Even the nine-character emperor was also hesitated and was taken in by Ye Xuan.

Jiu Pin Xian Di, already very close to the real person, but now the level of planting space is high, by his means, still can not leave.

As a result, these people's Qiang Kun ring, all fell into the hands of Ye Xuan.

"Hey, so many natural treasures, enough for me to break through for a long time!"

Ye Xuan opened his mouth and smiled. This time it was really full of harvest and he died.

Of course, he did not forget the commission of the spiritual real person, that is Ling Kai.

At the moment, he projected into the planting space and asked: "Which of you is Ling Kai?"

When the words came out, those people were all face to face, and finally came out alone.

This is a six-character emperor, but unfortunately, it is the six-character emperor who killed Lin Yuanlong.

"You... are you looking for me?" Ling Kai looked at Ye Xuan somewhat strangely.

"The soul of the real person said that you are the descendants of his old friend, you do not know?" Ye Xuan said.

"My friend?"

Ling Kai sighed and said: "My ancestors did have a real person, but they have traveled the sky, and many elders have never seen it."

"What is your ancestor called?" Ye Xuan asked again.

"Ling Lang!"

Ling Kai did not want to answer.

"Okay, I know." Ye Xuan nodded slightly and said: "What kind of realm is that real person?"

"After the Emperor Xian, it is a real person, oh, there is still a half-step real person!" Ling Kaidao.

"Half-step real person, real person?"

Wen Yan, Ye Xuan heart paused.

Now he, even the Emperor Xian did not arrive, it is too far away from the real person.

At this time, he only remembered that he had said that if he changed all the one hundred scorpions into a spiritual one, he could even fight the real person.

Unexpectedly, it is so strong!

It is a pity that now he controls a hundred cockroaches, and his strength is very weak. He can only use these shackles as a meat shield to fight. If you fight, you should hand it over to the old tree, the sorrowful ghost, and so on.

"Okay, I understand."

Ye Xuan nodded slightly and then asked: "Dare to ask, after leaving this ruin, what is it? I came from other space continents."

"Other space continent?"

Ling Kai was a little surprised, saying: "There are indeed some small spaces in the mainland that will dock with the holy world."

"What about the Holy Land?"

Ye Xuan's eyes are slightly stunned. No matter where it is, anyway, his goal is only one, that is, the world's strongest!

Wherever, it is the same, anyway, it is to be upgraded!

"Okay, don't say this first, wait for me to leave this ruin and let you out."

After Ye Xuan finished, he left the exit of the relic.

As for the Qing Emperor of the Immortal World, the Wuhou, and the Undead Dragon Emperor and the Red Dragon Emperor, Ye Xuan naturally chose not to.

Fang Caishu and Xiu Luo ghosts first marched. He only entered after a few seconds, but there was a difference of decades. Even if the Qing emperor and others followed him in, there would be a big gap.

Even if it was a year, Ye Xuan was too lazy to wait, not to mention that he did not know when the Qing Emperor came in, what if he wanted a thousand years?

What international jokes!

Chapter 1805: survey

"go!"

Ye Xuan does not say anything, directly from this time and space remains, no, it should be said to be left in the relics.

He had just left the ruins, and there was a system prompting: "Hey, the host completes the random task, and the time and space is advanced!"

The random task is completed, and the time and space are advanced.

Now, the space velocity in the planting space has been raised to 51,200 times.

It took a hundred and forty years in the planting space, and the outside world only passed the day. This is a tool for cultivation.

After the relics, Ye Xuan came to the so-called holy world in Lingkai.

No matter where it is, it is the same anyway!

"Is this the holy world?"

Ye Xuan's eyes are slightly stunned, only feeling that the fairy is ten times more abundant than the fairy world. It is a pleasant thing to practice here.

However, he has just left the ruins, and there is another system that prompts to sound.

"Hey, the host triggered a chain of random missions, escorting Ling Kai back to the Ling's Escort!"

Just solved a random task, and now there is a serial random task, which is really good.

“There is no written reward, it seems to be related to my completion efficiency!”

Ye Xuan’s eyes glimpsed directly into the planting space and asked: “Ling Kai, where is your family?”

"I? I am the person of the Ling's Escort." Ling Kai replied.

"Ling's Escort?"

Ye Xuan immediately found a moment, before he received a lot of Qiang Kun ring, all the maps inside were copied to the Xian phagocytic system.

Now, you can take advantage of it!

Soon, he called up a map and looked at it.

"Ling's Escort, if it is full speed, it is estimated to take three days."

Ye Xuan said secretly, this is still calculated at the speed of Ling Kai.

You must know that when Ling Kai accidentally entered the spiritual relics, it was only the three emperors.

Ling Kai's family Ling's Escort is next to a city, and is responsible for escorting some valuable things. I heard that it is quite famous in this area.

Ling Kai is the grandson of the deputy rudder of the Ling's Escort, so he also has some status in the Ling's Escort.

However, since this is a serial random task, I am afraid it is not so easy after escorting Ling Kai.

"Ling Kai, you are locked in, how much time?" Ye Xuan asked again.

"It's nearly 100,000 years." Ling Kai replied honestly.

"100,000 years, so long..."

Ye Xuan paused, 100,000 years is a fantasy for him, and 100,000 years is enough to change a lot, maybe this Ling's Escort has migrated?

No matter what, since the system has already prompted, then there must be this Ling's Escort.

At the moment, Ye Xuan put Ling Kai out and said: "The soul is a real person to entrust me, so I have to go with you to the Ling's Escort, you take me on the road!"

"it is good!"

Ling Kai is also nonsense, leaving with Ye Xuan directly.

Although he has already broken through to the Six Pinxian Emperor, since Ye Xuan can get the inheritance of the soul and the real person, but also control the hundred cockroaches, the combat power may not be so simple.

Therefore, Ling Kai did not intend to how to Ye Xuan, so as not to have an accident.

Then, Ling Kai took Ye Xuan and flew in the direction of Ling's Escort.

However, things are not that simple.

Ling Kai flew with Ye Xuan for three days. He didn't find anything. The area that was in that year was directly ruined.

People, no more!

Ling's Escort is not there anymore!

"What happened? What happened to the 100,000 years I was locked up?" Ling Kai was shocked.

Ling's Escort, Hao Hao is also a family that has been inherited for millions of years. There are still half-step real people in the family. How can you say no?

"It's not an easy task. The Ling's Escort does not know whether it was killed or moved..."

Ye Xuan had some headaches, and then confronted Ling Kaidao: "It may be that the migration has gone. Only when we pass a city, is it better to ask and ask?"

"It is good!"

Ling Kai nodded.

If the Ling's Escort is gone, will he not become a homeless person?

However, it has only been 100,000 years old, which is not a long time for a Xiandi.

If you check it, you should be able to check it out.

At the moment, Ling Kai is once again flying with Ye Xuan to a city that has passed by.

"Hey, the host breaks through, and it's currently four treasures!"

"Hey, Shura Ghost, Megatron, Yan Ghost, Breaking the Heavens, Breaking, the current is the Eight Pinxian!"

One and a half days later, they arrived, and Ye Xuan also broke through again. However, this realm is not bad in the fairy world, but to the holy world, which is the lowest level.

This city is called Silver City. Although it is not large, it has a large population.

Moreover, the people inside are at least the level of Xianzun, and the Emperor is also everywhere, even half-step real people.

In almost every city, there is such a place to inquire about news, such as inns.

Ye Xuan and Ling Kai entered the largest inn and asked about it.

"I haven't been very clear about the Ling's Escort 100,000 years ago. It's only 50,000 years since our establishment."

The shopkeeper of this inn said.

That being said, the Ling's Escort has disappeared 50,000 years ago. It seems that you have to ask other talents.

Just when Ye Xuan and Ling Kai were preparing to leave, the shopkeeper suddenly said: "Yes, I have never heard of the Ling's Escort. There is a Lin's Escort in the north."

"Lin's Escort?"

Hearing this, Ye Xuan and Ling Kai could not help but look at each other.

Ling Helin's sound is different, just more like it, but there is a Lin's Escort, which is a bit ridiculous.

"The treasurer, how many years has this Lin's Escort been established? Who is the rudder?" Ling Kai asked.

"It's been a long time than Silver City. It's about 70,000 years ago. The rudder master seems to be called Lin Biao, half-step real person!" The shopkeeper replied.

After Ling Kai heard this name, his body could not help but tremble.

At the time of the Ling's Escort, there was a deputy rudder called Lin Biao. Is it difficult to be the same person?

Seeing Ling Kai, Ye Xuan also understands that this Lin's Escort is likely to be related to the Ling's Escort 100,000 years ago. It seems that they have found clues.

At the moment, they are asking the shopkeeper again, hoping to get more clues, but this shopkeeper is also from other places, so I don't know much.

After leaving the inn, Ye Xuan could not help but ask: "Ling Kai, this Lin Biao, was also the Ling's Escort?"

"Well, he and my grandfather were both deputy rudders." Ling Kai nodded.

He suddenly remembered that Lin Biao came, the Lin Biao was silent, doing a lot of things for the Ling's Escort, and he did his best, so he became the deputy helm.

Chapter 1806: Lin's Escort

Therefore, Ye Xuan decided to go to the Lin's Escort to take a look and confirm whether the rudder of the Lin's Escort is the Lin Biao of the Ling's Escort.

At the moment, Ye Xuan and Ling Kai are leaving again, heading towards the Lin's Escort in the north.

One day later, they came to this Lin's Escort.

"Two lords, are you going to dart?"

Outside the Lin's Escort, a strong man greeted him.

Ling Kai felt a bit and found that the other party turned out to be a master of the seven-class Xiandi level. Such a person is now coming to see the door. This Lin's Escort seems to be much stronger than the previous Ling's Escort.

"I am looking for someone." Ling Kai said straight to the door.

"Who are you looking for?" The brave man asked strangely.

"The rudder of the Lin's Escort, Lin Biao!"

When Ling Kai finished, the strong man obviously stunned for a second, and then said: "Where are you coming from, you will see our rudder when you open your mouth, who are you?"

Seeing that Ling Kai is not going to be a dart, this brawny is too lazy to talk nonsense, and the attitude has directly changed.

Just as Ling Kai was still opening, Ye Xuan suddenly said: "First of all, don't worry, see if there is a place to find the portrait of Lin Biao's main rudder Lin Biao!"

Hearing this, Ling Kai was surprised, how did he forget this one?

If Lin Biao, the rudder of the Lin's Escort, is the same person as Lin Biao, the deputy rudder of the Ling's Escort, Ling Kai will know at a glance.

Then, Ye Xuan and Ling Kai left again, and then the former broke through the void and returned to the Silver City.

Here, it should be possible to find a portrait of Lin Biao.

Sure enough, not five minutes, Ye Xuan and Ling Kai bought a floating crystal spar, which is the scene of Lin's darts rudder Lin Biao passing through Silver City.

"Yes, it is him!"

After seeing this Lin Biao, Ling Kai nodded immediately.

That being said, Lin Biao, the rudder of the Lin's Escort, is now the same person as Lin Shu, the deputy rudder of the Ling's Escort 100,000 years ago.

That being the case, it will be easier!

Then, Ye Xuan once again broke open the void.

Since this Lin Biao is the Lin Biao who Ling Kai knows, then he should also remember Ling Kai. After all, Ling Kai's grandfather is also the assistant rudder. Grandpa is the chief rudder of Lin's Escort.

Therefore, he wants to use the easiest way!

"Grandpa Lin, I am the grandson of *, Ling Kai, returning from experience, please see!"

Ling Kai drummed up and shouted directly outside the Lin's Escort.

The sound was deafening and fell into the ears of everyone in the Lin's Escort.

After hearing this, the strong man at the door immediately locked Ling Kai and then directly killed him.

"Mixed things, even dare to disturb other people, see if I don't fan you?"

Although this brawny is somewhat strange, but Ling Kai is a poor and sour, how could he know Lin Biao, the rudder of Lin's Escort?

joke!

At that time, the brawny was flashed in front of Ling Kai and shot directly.

"The tree is old, do him!"

Ye Xuan immediately summoned the old tree that had been put on the armor of the mysterious god.

"Hey!"

This fist, the tree is old, and the back of the strong man is back.

The other party is the seven-character emperor. Although the old tree is an eight-pronged fairy, he can wear the mysterious warrior, and he is still indifferent to each other.

Of course, the other party is obviously a small shackle, and when the tree suddenly appears, it is repelled.

"Asshole, look for death!"

The strong man saw himself being repulsed and immediately became angry.

But the next moment, Lin's Escort was a person who flashed and shouted: "Stop!"

When the brawny heard this, his body immediately trembled and accepted his hand.

The person who came here is the general manager of the Lin's Escort. Almost all of them are taking care of the Lin's Escort. The sound of the strong man can be recognized.

"Li Shu?"

Ling Kai recognized it, the general manager of the Lin's Escort, also the general manager of the Ling's Escort.

"Ling Kai, it's really you!" Li Shu fell to the ground in a strange way and asked: "Where have you been in these years?"

"I went out to practice, and I have only come back now." Ling Kai said.

"Not bad, I remember when you left, but the three Pinxian Emperor, less than 100,000 years, broke through to the six Pinxian Emperor." Li Shu satisfied nod.

"Li Shu, my father, grandfather, what about them?" Ling Kai could not help but ask.

"Hey, come in with me first, I will tell you slowly." Li Shu sighed.

Then, he took Ling Kai and Ye Xuan into the Lin's Escort.

The brawny who had just shot, in fact, had already scared the cold sweat out. He did not expect that Ling Kai actually knew Lin Biao, but fortunately he did not hurt Ling Kai, otherwise he would die!

Ye Xuan and Ling Kai, under the leadership of Li Shu, entered the Lin's Escort.

At the same time, at the moment when Ye Xuan entered the door of Lin's Escort, the system prompted the sound: "Hey, the host completed the **** Lingkai back to Ling's Escort!"

The first ring mission, complete!

However, the second ring task does not seem to have triggered.

Li Shu took Ling Kai and went to a room. Before he spoke, Ling Kai asked again: "Li Shu, my family?"

"They, they have all migrated away!" Li Shu replied.

"Migration is gone, where are you going?" Ling Kai asked strangely.

Uncle Li shook his head and said: "I am not very clear about this. When you were too grandfather, I don't know what to do. I started to organize your Ling family, ready to move away!"

"The reason for the matter, I am afraid that your grandfather knows that even your grandfather may not know. Later, they left, leaving a messy Ling's Escort. Lin Biao couldn't bear to reorganize and set up. Lin's Escort."

"The reason for the migration, only the grandfather knows?" Ling Kai is somewhat puzzled.

Whatever things, even their loved ones are not willing to tell, and they are so anxious.

Could it be that something happened that might be annihilated?

"Then, after nearly 100,000 years, they have no news?" Ling Kai asked.

"The rudder master has investigated it many times after they left, but so far nothing has been achieved. Your grandfather, they are like evaporation from the air!" Uncle Li shook his head.

"This....."

Ling Kai was a bit unacceptable and didn't know what to say for a while.

"Ling Kai, this matter can not be anxious, anyway, the rudder master has been sending people to find clues, you should live first, if there is news, will inform you the first time." Li Shu said.

"Okay, then trouble Li Shu!" Ling Kai nodded.

Now, he can be said to be ignorant. It is also a good choice to live in Lin's Escort for the time being.

Before the Ling's Escort, there were many other surnames, including Li Shu and Lin Biao. For these people, Ling Kai is still familiar.

"Hey, Ling Kai, are you back?"

At this time, suddenly a young man came in.

After Ling Kai saw him, he immediately recognized it and said: "Lin Qi?"

Chapter 1807: Darter

Lin Qi, the grandson of Lin Biao, once had a very good relationship with Ling Kai. In the nearly 100,000 years that Ling Kai was trapped in the relics of the spirituality, he also broke through from the Sanpinxian emperor to the seven-character emperor.

I have not seen you for many years, and the two good friends are naturally more cordial.

Ling Kai and Lynch chatted for a while, then temporarily stayed in the Lin's Escort, and Ye Xuan did the same, because he had not triggered the second ring mission.

However, this serial random task is definitely related to Ling Kai.

Ye Xuan lived in the Lin's Escort for two or three days. Later, he got the voice of Ling Kai.

"Linkey wants to **** a mission, let you be together?"

Ye Xuan eyes a glimpse.

Intuition tells him that this time is possible...

"Hey, the host triggers the second ring of the random task, following the Lynch escort!"

The system prompts.

Sure enough, the second ring random task appeared!

"Ling Kai, bring me when I arrive!"

Ye Xuan hurriedly voiced.

Lynch is just a seven-character emperor, and this **** task seems to be very easy, so add some people to nothing.

Tomorrow, I will leave the Lin's Escort and **** a thing to a city.

Ye Xuan feels that this mission is probably not simple.

When the second day arrived, Ye Xuan joined Ling Kee and joined Lin Qi's escort.

Before Ling Kai and Lin Qi said, Ye Xuan is the son of his friend, so Lynch does not put Ye Xuan in his eyes, and there is no time to take care of Ye Xuan, just like soy sauce in the team.

In addition to Lin Qi, the seven-character emperor, there are four six-character emperors and more than ten five-character emperors. The time required for escorts is about half a month.

Ye Xuan is mixed in this team, with soy sauce.

In the previous section, it was very flat, but on the day when Ye Xuan broke through to Wupin Xianzun, he encountered some things.

Lynch's guards were stopped by a band of robbers.

"A big courage, I dare to stop the darts of Lin's Escort. Who gave you the courage?"

Lynch stood in front of the team and said to the band of robbers in front.

Lin's Escort, when carrying a dart, will hold a big banner, so that people passing by know what forces they belong to.

This group of robbers obviously saw it, but they still chose to stop it. I am afraid that the person coming is not good.

"Ha ha ha, Lin's Escort, I am so scared!"

The robber who led the head laughed happily.

Among them, there are three six-character emperors, and the remaining dozens are the five-character emperor and the four-character emperor. If they start playing, they may not be able to fight.

"If you know each other, just let me go, or you will kill you!" Lynch was furious.

Since I know that they are the Lin's Escort, I dare to intercept it. I am really looking for death!

"There is no more nonsense, the brothers are ready to prepare, robbery!"

The first man screamed and sacrificed weapons.

"court death!"

Lynch took a look at the first shot.

"Hey!" "Hey!" "Hey!"

Suddenly, the flying swords of both sides began to confront each other.

As the only one of the seven best emperors, Lynch is naturally the leader and directly chooses to enter the bandit regiment.

His sword is not used for control, but is held by hand.

Lynch is a sword fairy!

"Damn, it turned out to be a sword fairy, go!"

As the first man saw it, his face changed greatly and he quickly retreated.

"I want to go now, it is already late!"

Lin Qi screamed and took out a sword directly, and instantly turned the headed robber into two halves.

In the bandit group, the other two were scared and pale. They thought they were evenly matched, but they did not expect the gap to be so great.

"Don't kill us, we are also trusted by people!" A robber who had a six-character emperor hurriedly shouted.

"Accepted by people?"

Lynch heard it, a little surprised.

This dart, even his seven best emperors can be followed, who is eyeing?

The robber nodded: "Yes, it's a black man, at least eight emperors. He told us to rob you, otherwise it would destroy our robbers!"

"Black man, eight good emperors?" Lynch's eyes glimpsed, feeling like the other person lying.

However, he also thought that his Lin's Escort is strong, and the other party is not allowed to jealous of Lin's Escort, so he asked other people to take the shot, which seems to make sense.

"Oh, if that's the case, then go to hell!"

Lin Qi snorted, and the long sword in his hand fell, killing this person.

The strength of Jianxian is not something that ordinary people can resist.

Soon, this bandit group was killed by Lynch's guards, but the bandit did not give them any clues.

"There was someone who wanted to rob me of this dart, really looking for death!" Lynch said coldly again.

He looked around and did not find any suspicious people, but this does not guarantee that the eight-character emperor is not nearby.

Although the Lin's Escort is large, there have been many cases of robbery. There are successes and failures.

However, Ye Xuan feels this time, not simple.

Before he reminded Ling Kai, there was a breath that enveloped everyone.

"It's a bunch of waste, it seems that I still have to get an old man!"

Suddenly an old voice sounded, and then, a man in black, reflected everyone's eyes.

Lin Qi and others looked at it and felt it.

Eight Pinxian Emperor?

No, it is the nine-character emperor!

"Is it you, threatening them to rob my Lin's darts?" Lin Qi asked.

"It is the old man!"

The black man replied coldly.

"Great courage!"

Lin Qi Li shouted.

The nine-character emperor is two higher than his seven-story emperor. Even if he is a sword fairy, it is difficult to win a battle.

"It's a big deal, you can't talk nonsense anymore, you can make a quick decision!" The black man thought about it, it was a direct shot.

"Calling!"

The wind is raging.

Lynch and others didn't think that the black man said that he would do it, and he didn't put Lin's dart in his eyes.

However, the masters of this realm are not afraid of group warfare. Among those who are present, I am afraid that only Lin Qi.

"Ling Kai, with a dart, I dragged him!" Lin Qi handed a ring to the Ling Kai behind.

This Qiang Kun ring is something that the employer asks to **** to the destination. However, there is a law in the ring, and there is no special means that cannot be opened.

"it is good!"

Ling Kai also knows that these people can't help, and after picking up the ring, they quickly turn around and leave.

"Hey, want to go?"

The black man was cold and squatted down Lin Qi, and killed Ling Kai.

"I want to catch up, have you asked my sword?"

Lynch directly swallowed a medicinal herb. This is a kind of medicinal medicine that has soared in strength. However, it has a great damage to the fairy heart and may not be able to break through in the future.

But at the moment, there seems to be no other way. If they don't eat again, they are likely to die.

Chapter 1808: The oriole is behind

After Ling Kai took over the Qiang Kun ring, he immediately took everyone away.

The bodyguard method of Lin's Escort is similar to that of Ling's Escort. If you encounter a robbery, you will first throw the dart to other people. Then you will use the blind eye method to separate and flee.

In this way, you can confuse those chasers!

On the other hand, Ye Xuan, the five-family sage, is a bit strange in this team. After all, the lowest of them is the five-character emperor, which is higher than him.

However, when Ling Kai fled, he only brought Ye Xuan.

Ye Xuan is actually very confused. This time it should be the second ring of the serial random task, but the system only let him follow Lin Qi, and did not specify anything.

It seems that the time has not arrived yet!

"What is this dart?"

Ye Xuan's heart is quite curious. What is it that leads to a cautious emperor?

However, just a minute after Ling Kai left with Ye Xuan.

"Hey, the host triggers the third ring of the random task, killing the black man and regaining the dart!"

The serial random task even jumped directly over the second ring and came to the third ring.

How is this going?

The only man in black is already being ordered by him to kill him. Not only that, but even Lin Qi has it.

However, now he sees that the goals of these two death killing orders are getting farther and farther.

Thinking of the gap between Lin Qi and the black man, Ye Xuan had a guess in his heart.

Lynch, perhaps injured by a black man, is fleeing.

However, in this case, why don't the black man pursue?

Suddenly, Ye Xuan thought of what it was like, and hurriedly said: "Ling Kai, what are you looking at in this ring?"

"There is a battle on the top!" Ling Kai said subconsciously.

"give me!"

Ye Xuan immediately robbed the Qiang Kun ring, and then threw it into the planting space, and asked the nine-character emperor in the planting space to help.

This nine-character emperor can only listen to Ye Xuan's instructions in the planting space, and soon will break this ring.

However, this Qiankun ring does have a lot of good things, but it has not reached the point where a nine-character emperor shot.

"This is a blind eye, just a blind eye, the real dart should still be on Lynch!"

Ye Xuan's face changed.

The genius devour system prompts him to kill the black man and then retrieve the dart.

This means that the dart has arrived in the hands of the black man.

In other words, Lin Qi's only lost to Ling Kai's is a fake dart. The real dart is still on Lynch.

However, the black man saw this, so he got a real dart from Lynch, and Lynch was seriously injured and fled.

Therefore, the goal of the two death killing orders is to go in the opposite direction!

"Ling Kai, you go back first!"

When Ye Xuan finished speaking to Ling Kai, he directly broke through the void and wore the past. He returned to the place where he met the black man.

This black man is very fast, and with his realm, he can't keep up with it anyway.

"You can only chase it slowly. I hope that the other party will stop to crack the array of the darts and the ring!"

Ye Xuan's heart is a dark sentence.

Just now, Megatron can be transformed into a rising step, so the speed is still very fast.

There is a death killing order, Ye Xuan will not lose the whereabouts of the black man, but it is not so easy to get back from the nine emperors.

"I am now a five-character fairy, the old tree, the repairing ghosts, the Megatron and the breaking of the sky are nine products of Xianzun, waiting for me to make a breakthrough, the broken sky should have 80% of the grasp of the black people to kill!"

Ye Xuan thought secretly.

The power of breaking the sky has already broken through the fall of a fairy, and when you put on the armor of the mysterious god, you can definitely get a return dart.

However, the premise is that the other party can stop.

Ye Xuan's chase is just a few days. During this period, his realm was also from the five-character fairy, and broke through to the six-pronged statue.

The old tree, the Shura ghost, the Megatron, and the broken sky finally reached the top of the Emperor.

Now, Ye Xuan is confident.

Coincidentally, the black man stopped after two days of running, seemingly trying to crack the array of the ring.

"Stop, I hope you don't continue to run again, or how can I chase?"

In the heart of Ye Xuan's heart, he continued to pursue.

At this time, Megatron has already broken through to the level of a fairy, and the speed of the ascendant is also amazing. It is estimated that after another three days, Ye Xuan can arrive.

In these three days, Ye Xuan has been paying attention to the movement of the black man. This is just as Ye Xuan hoped, the black man did not move.

After three days, Ye Xuan finally got up.

"The black man is hiding in the ground and should still be cracking the pattern of the Qiang Kun ring!"

Ye Xuan thought in his heart, it was the old tree: "The tree is old, you will beat him out!"

"it is good!"

The tree nodded and went down directly.

In a short while, the ground began to tremble, and then Ye Xuan heard several system sounds.

"Hey, Shura ghosts, Yan Ghosts are dead!"

"Hey, Shura ghosts, Yan Ghosts are resurrected!"

The old tree and the Shura ghosts were solved by the Jiu Xian Xiandi underneath, which was expected by Ye Xuan.

The old tree and the Shura ghosts joined forces, and in the absence of wearing the mysterious armor, at most, they played against the eight emperors.

The one below is the nine-character emperor, and it is a matter of course to be killed!

However, Ye Xuan's purpose is to introduce this black man.

Sure enough, shortly after the death of Shu Lao and Shura, the black man broke out and held the ring in his hand that had not been fully solved.

"Six Pin Xianzun?"

The black man was shocked.

District Liupin Xianzun, even dare to come to him trouble?

However, what shocked the black man was that Ye Xuan could find him. It was a coincidence, or what?

"I remember you, the person in the team at that time, what do you want to do?" The black man said coldly.

To be honest, he is interested in Ye Xuan.

The six-character fairy statue is like an ant in his eyes. However, when facing him, he can face it without changing his color. It seems that he is not an ordinary person.

"What do I want to do?"

Wen Yan, Ye Xuan's mouth slightly tilted, and then slowly said: "Nature is, kill you!"

When you listen to your words, you have already worn the **** of the gods, and you have been summoned by Ye Xuan.

A product of the demon level, the **** of destruction, and wearing the armor of the mysterious god, the combat power has exploded.

"what?"

The black-faced talents had just reacted, and they saw a hundred and eight sticks and went to him.

This one hundred and eight sticks are very fast, and the black talents have just reacted and they are directly hit.

"Hey!" "Hey!" "Hey!"

One hundred and eight sticks of shadows, all squatted on the black man, and instantly smashed his shoulders, even the fairy heart was broken directly.

Spike!

Chapter 1809: Han Xingzong

"Hey, the host's killing value is improved!"

When the system prompts the sound, Ye Xuan has swiftly swept the past, and will take it to the ring and the dart.

"Hey, the host completes the serial random task, the system rewards thousands of advances once, and the unicorn descends to the next level!"

The serial random task is finally complete!

Moreover, the reward for this serial random mission is simply too good.

Before the first step, I have to go through the stage once again. I need two points to swallow the point again. Now the trigger probability is high, and it can oscillate three thousand times in an instant. This is very important for the Ye Xuan leapfrog challenge.

Moreover, Qilin Jiang wants to advance again, but he needs four points to swallow. Now, Ye Xuan can directly summon the second level unicorn, which is very good.

"Let me see, what is this in the ring!"

At the moment, Ye Xuan is to let the Xian phagocytic system analyze this array of shackles.

"Hey, it takes two days to crack the array. Is it immediately cracked?"

"Yes!"

Ye Xuan immediately agreed.

In two days, he was still able to wait.

At the same time, in these two days, Ye Xuan's realm has been upgraded to the seven-character Xianzun, the old tree, the repairing ghosts, the Megatron and the broken gods are to the second emperor.

Now they should be invincible under half-step real people!

Two days later.

"Hey, the array method is successful!"

The system prompts.

After hearing this, Ye Xuan quickly checked the Qiankun ring and found that there was nothing in this ring.

No, there is something!

It was a black scale of the size of a fingernail, and it still seems to have broken, it should be half of the scales.

At the moment, Ye Xuan uses the Xian phagocytic system for analysis.

"Hey, this thing is a dragon scale!"

It turned out that this is just a dragon scale.

However, if it is just a dragon scale, how can it cause the attention of the nine-character emperor, is it difficult to have any tricks?

Ye Xuan played a bit, but did not find anything special, but this piece of black dragon scales, can not be swallowed.

"It's weird."

Surprisingly, Ye Xuan also investigated the black boxing ring of the black man to see what the other person is.

"Elder of the Cold Star?"

After Ye Xuan looked for it, he confirmed the identity of the other party. This nine-class Xiandi level is the elder of Han Xingzong.

However, there is no other useful thing besides this, or I don't know what this dragon scale is for.

"Right, someone entrusted the Lin's Escort to **** this dragon scale, which can be checked from the employer or from the **** destination!"

Ye Xuan's eyes lit up.

This dragon scale is indeed the Lin's Escort, but it was previously robbed by the black man, and Ye Xuan robbed it back.

Therefore, Ye Xuan does not want to return to the Lin's Escort. After all, he feels that this dragon scale is very unusual.

"Look back to the Lin's Escort!"

Ye Xuan thought in his heart, is ready to break open the void, back to the Lin's Escort.

However, it is at this time.

"Hey, death kills and kills the target!"

Suddenly a system sounds, let Ye Xuanzhen in the same place.

Death killing order, target death?

Before, Ye Xuan marked the three little devils, the black man and the Lynch. The mixed world demon is in the planting space, the black man is dead, then this time, the death is Lynch!

"That position, isn't Lin's Escort?"

Ye Xuan was shocked, and he was ready to break the void, and suddenly stopped.

Lynch, died near the Lin's Escort, what's going on?

At the moment, Ye Xuan glanced at it and found that this skill can be used back in time. Therefore, he directly broke the void and came to the vicinity of Lin's Escort.

"Gap, find, be sure to find out for me!"

A violent drink fell into the ears of Ye Xuan.

Then, it was a strong breath.

Dozens of people, all of them are high-ranking emperors, and there are three more powerful than the singer of the nine-character emperor.

Half step real person!

"Hey!"

Ye Xuan swallowed the swallow and looked at the Lin's Escort, which had been destroyed in the front, and suddenly responded.

This Lin's Escort was actually destroyed!

No wonder Lynch is dead, it turned out to be the case.

"Boy, what are you doing?"

Suddenly, a voice fell into Ye Xuan's ear.

"not good!"

Upon hearing this, Ye Xuan's face changed greatly. Although the comer is an eight-pronged emperor, there are still a large number of masters around him patrolling. Once they start playing, they must face the three half-step real people.

"Hey, destroy the Lin's Escort, this hatred me to help Ling Kai!"

Ye Xuan's eyes widened and he flashed a murder.

Three and a half steps, real people, he should be able to do it, although it can be back in time, but hatred may not be reported once.

What he can do now is kill!

"Breaking the sky, doing them!"

Ye Xuan screamed, and the next moment, the broken gods appeared, and the eight-character emperor was directly beaten by a stick.

"Stunning one hundred and eight sticks!"

The second-class demon level of the broken gods, wearing the mysterious warfare after the combat power is superior, the nine-class fairy emperor is only a stick.

"what?"

Not far away, the three half-steps were shocked, and I don't know where the broken gods came from.

However, the attacking power of the gods is already threatening them.

"I didn't expect the Lin's Escort to have such a fairy beast, you can grab it back to the sovereign!"

The first half of the real person gave the other two voices, and then killed the past.

war!

Breaking the gods, plus the old trees, the repairing ghosts, and falling, is enough to fight the three half-step real people.

If you really want to compare it, Ye Xuan's strength still prevails.

"I am coming, the third change of Tianhuo Sanxuan!"

In an instant, Ye Xuan's realm has gone from Qipin Xianzun to Jiu Pin Xian Zun.

Because the realm is high, the Tianxuan three metamorphosis has only improved two realms, but this is also very good.

The nine-level fairy level, plus six times the state of killing, his strength is already very good.

Ye Xuan and others began to kill crazy.

Although the strength of the three half-step real people is strong, but it is still strong but the full-fledged outbreak of the gods.

In less than five seconds, the three men were defeated and then killed one by one.

At the moment, Ye Xuan is swiftly swept away and will take care of these people.

"They are all people of Han Xingzong!"

Ye Xuan's eyes are slightly stunned.

These three half-step real people and a few nine-character emperors are the elders of the Han Xingzong, and the former black man is also.

It seems that Han Xingzong knows what this dragon scale is.

However, before this, it is time to go back.

Before he cracked the formation, it took two days, and after he cracked, he happened to encounter the death of Lin's Escort.

Therefore, he still has two days to remind Lin's Escort.

Chapter 1810: Destruction

"Back in time!"

At the moment, Ye Xuan is using his magical skills to return to the moment when the black man just died.

"Although the Qiankun Ring has not been cracked yet, I already know what is inside, and it will not be a problem later."

Ye Xuan's heart whispered a sentence, and then he broke open the void and returned to the Lin's Escort.

Lin's Escorts also knew Ye Xuan, and immediately let Ye Xuan go in.

Ling Kai and Lynch have come back, they are discussing countermeasures, after all, they lost a dart.

However, what they don't understand is that this time the important new darts, two days later, is their catastrophe.

"Ling Kai, you and Lin's Escort said, two days later, at noon, Han Xingzong will send three half-step real people to destroy Lin's Escort!"

Ye Xuan directly to Ling Kai.

"what?"

Ling Kai was shocked.

Han Xingzong, three half-step real people, destroying the Lin's Escort?

"The one you lost is the ring of the dragon. I guess it is the thing of the Han Xingzong. Now that you have lost it, they will find it." Ye Xuan said.

"How, how is this good?" Ling Kai was silent.

"Do not worry, I will help you after two days." Ye Xuan said.

After two days, his realm can be upgraded to the seven-character sect. When the time is broken, the gods and other people can repeat the scene before the time.

Before him, he was slowed down and heard the sound of Lin Qi's death before breaking through the void.

Now, he is staying near the Lin's Escort, waiting for the people of Han Xingzong to come.

At this time, he is already a seven-character fairy, as long as the people of Han Xingzong come, then he will kill him all.

In the past two days, there was nothing in Lin's Escort. Although Ling Kai had told Ye Xuan's words, the other party did not care.

A dart in the district, I want to destroy their Lin's Escort?

However, the employer has never been in contact.

Sure enough, after two days.

"No... not good. A large number of people came from the northwest. They are all high-ranking emperors, and there are three people. They are suspected to be half-step real people!"

A master of the Lin's Escort rushed in.

This time, the entire Lin's Escort was turbulent.

It's hard to be true. Is it true that Ling Kai's message was told before?

What is the treasure in that dart?

"Lin's darts rudder master gave me out!"

A half-step real person who was smashed by the gods before the time back, shouted over the Lin's Escort.

Then, in the Lin's Escort, they jumped out of the masters. One of them was Lin Biao, the rudder of Lin's Escort.

"Hello?" Lin Biao said differently.

However, the other party did not answer this question, but directly took out a portrait and said: "This person, did you entrust you to darts before?"

Lin Biao glanced and found that he did not know, but his grandson, Lin Qi, knew, because the person in this portrait was his employer.

"Hello, isn't the person coming?" Lin Biao asked directly.

"Less nonsense, surrender that one dart, otherwise today's Lin's darts up and down, the dog and dog will be restless!" The half-step real person headed directly said.

This sentence is indeed a threat to Lin Biao, but they are Lin's Escort, and what they do is integrity.

First, the employer cannot be disclosed.

Second, do your best to protect your body!

When the employer entrusted Lynch on that day, he only said that there were some important things, but he did not choose the highest level of escort.

Under normal circumstances, the more precious things, will choose the master escort.

However, this employer only hired Lynch and a few six-character emperors, and naturally will not be taken care of.

Unexpectedly, this turned out to be a blind eye, and the things inside were even half-steps that real people wanted.

This is trouble!

Lin Biao can be sure that this is the disaster of Lin's Escort. If it is not handled well, it is very likely that it will be destroyed.

In desperation, he had to compromise, saying: "The darts had been escorted a few days ago, but on the way was robbed by a black man of the nine princes, and my grandson was injured."

"Man in black?"

The first half of the step was a real shock. They did send some elders out. It's hard to be done. Have the elders tracked down and regained things?

Of course, he did not fully believe that he had to take some action just in case.

"Kill them!"

The first half of the real person, shouted.

"what?"

When Lin Biao heard this, he immediately offered a weapon. It seems that this battle is inevitable today.

On the same day, Ye Xuan did not remind Lin's Escort, and the Lin's Escort was later destroyed.

After the time back, Ye Xuan reminded, but the Lin's Escort did not care, but today Ye Xuan is nearby, there is him, Lin's Escort should not be a problem.

"Little monkey, you are going to play!"

In the distance, Ye Xuan directly summoned the broken gods and killed them directly.

Before they had destroyed the team of Han Xingzong by their own efforts, today, with the help of Lin Biao and others, it is naturally easier.

The firepower is full of broken gods, directly into the crowd, seeing the people of the cold star sect.

"what?"

The three half-steps were shocked by the real people. They have not reacted yet, and they have killed two nine-character emperors. How is this possible?

In the plan, they killed Lin Biao and others and then searched the soul. Unexpectedly, a small monkey suddenly came out on the way and threatened them.

When Lin Biao saw his own help, he immediately became wary.

Although he is afraid of the background of the Han Xingzong, the other side is going to destroy the Lin's Escort, and he must fight anyway.

The strength of breaking the gods is terrible. The three-and-a-half-step real people were suppressed with a dozen hits. Now, with the support of Lin Biao, these three are solved faster than before.

As for other people, they were quickly solved by the old ones. This battle is much faster than before the time goes by.

After the war, Lin Biao and other Lin's Escorts were shocked. This team that threatened them was much stronger than Lin's Escort. There are only three people in the half-step.

The original Lin's Escort was definitely going to be destroyed, but now it is the other side, which makes them relieved.

Taking advantage of this opportunity, Ye Xuan quickly cleaned up the battlefield, but this time he helped Lin's Escort, and the spoils naturally belonged to him.

"This....."

Lin Biao, Li Shu, Lin Qi and others saw Ye Xuan come out and all stunned.

The only disaster that was caused by Ye Xuan to help them resolve?

"Hey!"

You must know that before Ye Xuan let Ling Kai remind them, but they did not care, thinking that it was just an ordinary dart. After all, the employer is only a seven-character emperor, things are not good, and it is a big deal. .

However, I never thought that the darts were so important. Han Xingzong directly dispatched three half-step real people.

Thinking of this, they can't help but be curious. What is it in the dart?
