Chapter 184: Preparing disciples

"Know it."

Song Cong Jing was nodded.

"Well, then I will go and talk to Ye brothers." Song ruling said, it was to the Tang Dynasty dynasty camp.

"Brother, don't..." The Song Dynasty has not yet reacted, and the Song ruling is already here.

At this time, Ye Xuan, who was talking to Mo, looked at the Song ruling that suddenly ran to him. He asked some strangely: "Is there anything?"

Here he and Mo asked two people, Song ruling ran over, certainly came to him.

"Ye brothers, although my Tang Dynasty dynasty won, but my sister chose to enter the land of the government, but also hope that the Ye brothers take care of one or two ..." Song ruling.

Ye Xuan heard the words and was shocked. "What, don't you go to the temple of heaven?"

"Yeah, she has no confidence in herself, so she chose the land of the land. Before she was offended, please forgive me." Song ruling nodded.

"The good end of the heavenly palace is not going, but it is running to the land of the government, I want to find revenge for me to use this?" Ye Xuan said subconsciously.

At this time, not far away, there was another shadow.

"You are right, I am coming to find you to take revenge, wash your neck and die!"

The coming is the Song Dynasty, and the sound is not small, suddenly attracting the attention of the people around.

The people present, but no one did not know the Princess of the Song Dynasty, they immediately guessed that Ye Xuan was doing something that people and gods were angry with, and made the Song Dynasty so angry.

"Ye brother, she is used to it, please don't worry." Song rude hurriedly.

Ye Xuan is also helpless, said: "Revenge on revenge, why come out from the Tianzhifu, do you know how many people want to enter the heavenly palace?"

"I want you to manage? Where do I want to go, are you afraid?" Song cuts a slap.

Business Panel.

Although the Song Dynasty has a Shangpin-level martial arts, he can learn after entering Lingxiaofu, and he will certainly be able to abuse the Song Dynasty.

"Ye brother, then my sister will ask you to look after it." Song rude whispered.

After hearing it, Song Chong immediately dissatisfied: "Brother, have you treated me as a pet, what is it to look after?"

"Sister, they are all brothers, don't do too much." Song ruling ignored it. After he finished speaking, he turned around and ran.

"W governments, what are you running, I still haven't promised." Ye Xuan rolled his eyes, this is really a pair of wonderful brothers and sisters.

However, this is not the point. The point is that his next days may not be easy.

Song Censu hates him and will definitely find trouble.

Moreover, there is another trouble, that is Tang Tian.

Tang Tian was arbitrarily cut off by the Song ruling, leaving only his right hand, but the Song ruling was to call his brother and brother...

His eyes glanced, and sure enough, Tang Tian was already looking at this direction with the eyes that seemed to be eating.

"Song ruling should not be intentional, tragedy." Ye Xuan heart bitterly, he only wants to upgrade well, do not want to cause too much trouble.

However, now he is also a person with identity, that is, the disciple of Ling Xiaofu, if Tang Tian wants to deal with him, he has to measure his own weight.

"You bastard, pay attention to it in the future, maybe I will stab you a sword at any time." Song Congjing whispered to Ye Xuandao.

Ye Xuan was too lazy to pay attention to it. Although the Song ruling allowed him to look after the Song Dynasty, he did not agree. Moreover, if the Song Dynasty is so large, can it still run?

Then, the elders of Lingxiao House carried the twenty-one people and took a flight to the land of the city.

Song Grandpa, the grandfather of the Song Dynasty, also left with the nine.

As for the rest of the people, it is not to go to Xuanzhifu or Huangzhifu.

The original four dynasties plus hundreds of empire, a total of more than 2,000 people, but at this time survived, less than a hundred people, it really does not exist.

Ling Xiao Dapeng flew for a long time and finally flew into a building with an area.

The land of the house!

"I am the capital of the heavens and the earth, the four sacred houses, each of which is divided into four veins. The house of the earth is second only to the heavenly palace. The heavens and the earth are full of vitality. Over the years, there have been many disciples of the gods, and some have been in Zhongzhou. No small fame. After you enter, you must work hard to cultivate, and don't defile the reputation of Lingxiao."

On the Dapeng of Ling Xiao, Yang Tai said to the 21 people behind him.

"Yes!"

A group of people focused on the head, and the tight face was stretched out.

From today, they are disciples of Lingxiaofu.

"There is ample land and vitality. This is at least ten times more than the place where I lived before. It is a year of cultivation here, which is equivalent to more than ten years."

"Haha, the real yuan in my body is already in the air, I guess, I can break through in a month."

"There is a high-level empire that hits the idea of my country. Now he must not dare."

Some people are talking in a low voice.

Soon, Ling Xiao Dapeng fell to the ground.

"Well, I still have something to do, Mo asked, you explain to them the rules of the local government, and give them a place to live."

After Yang Tai confessed a sentence, he left directly.

"Yes, elders!"

Do not ask for a respectful nod, then said: "The next thing I said, I hope you will keep in mind, if there is a problem, you can ask directly."

He paused and continued: "Although you passed the assessment, you can't count as a disciple of Ling Xiaofu at this time. To be precise, you can only be a prepared disciple."

After listening to this sentence, someone immediately asked: "Why can you only be a prepared disciple?"

Mo asked to explain: "You are preparing a disciple for the time being. If you want to stay in Lingxiao House for a long time, you have to become a formal disciple. It is not difficult to become a formal disciple, as long as you reach a condition."

"I have a heaven and earth Xuanhuang Sifu, I have a list in the four houses. The house of my land is the list of the land. There are three hundred names on it."

"And all you have to do is defeat a brother on the list of the land within a year. As long as you defeat one person, then you can replace his position and become a formal disciple."

"If this condition is not met within one year, then it will be sent to Xuanzhifu. Similarly, if the target is still not achieved in Xuanzhifu, then it will be lowered to the Yellow House. If it is not reached, then it will be Expelled from Lingxiao."

He said very clearly that the twenty-one people present were able to understand.

"In short, you have three years, as long as you can squeeze into a list, then you can become a formal disciple."

Mo asked, it was a pause, and then continued: "However, if you want to become a formal disciple in the first year, it is still difficult for most of you. I can tell you in advance, even if it's the bottom of the list on the ground, and its strength is even stronger than Tang Tian, so you have to work hard."
