Chapter 185: Living together

As soon as this was said, more than 20 people present were shocked.

One of the bottoms is stronger than Tang Tian?

Now, Ye Xuan finally feels the pressure. With his current strength, whether he can beat Tang Tian is still a problem.

In other words, he did not grasp the list of the land.

The pressure on the list of the land is so big, so what will the heavenly palace look like?

"It is no wonder that this girl will come to the land, the feelings are not sure to be on the list within a year. However, since this is the case, then she also participates in the assessment of what to do, the qualification can definitely enter the Xuanzhi House directly."

Ye Xuan also secretly thought, this is totally unnecessary.

However, if the Song Dynasty is to give this opportunity to other people, others will definitely choose to enter the Tianzhifu.

Even if it will be eliminated after one year, it will be very good to be able to stay at the core of Lingxiao House for one year.

"In addition, before you become a formal disciple in a day, you will not enjoy the benefits of Lingxiaofu. The only thing you can enjoy is the strength of this world. Of course, there is another place where you can be promoted. That is to go. The experience room is connected to the task." Mo asked.

When this was said, everyone's mood was also low.

Originally, they thought that they would be able to fly into the airport after passing the assessment. I did not expect to have a checkpoint.

I don't know, how many people will stay in the land after one year?

"Brother, can you tell us something about the house of heaven?" Suddenly someone asked.

Hearing the words, Mo asked to hesitate. He seems to be cold, but it is still enthusiastic compared to others.

"Since you want to know, then I will tell you some."

Mo asked nodded: "The Temple of Heaven is the core of my Lingxiao House. The heavens and the earth are more abundant than the land of the land, because there is a great gathering of the spirits in the underground. In fact, it's all over the house of heaven."

"At the same time, my Guardian Law, the elders and the head of the house are living in the Tianzhifu. It can be said that the Tianzhifu is the real Lingxiao House, and the land, the Xuan and the Huang Sanfu are just the foil. I am also The disciples of Tianzhifu, but unfortunately, this life is not expected to break through to the gods, so they can withdraw from the law."

The audience was silent again.

The land of the land is so rich, the strength of the heavens and the earth, is it just that the house of heaven overflows?

Then, what will the heaven and earth vitality of Tianzhifu be enough?

How many times is it the land of the land?

Double or triple?

Or is it five times?

"Brother, you are so young, how can you not hope to break through to the gods?" Someone asked.

Do not ask a bitter smile, said: "The meridians have been finalized, so there is no hope to break through. Only before the age of twenty-five, we will break through to the half-step Danyuan. In the future, it will be possible to break through to the gods, otherwise it will be impossible. There have been no exceptions over the years."

"Senior brother, what is the realm of this half-step Dan Yuan, how have I not heard of it?"

Mo asked to continue to explain: "This half-step Dan Yuanjing is an excessive realm between the real Xuanjing and the Divine Realm. The real Xuanjing uses Xuanqi, and the Shendang uses Danyuan. If you want to break through to the gods, you must first condense the Danyuan, and you must also condense the Danyuan before the shaping of the meridians. After condensing the Danyuan, just blend one of the mysterious beasts, then Can break through to the gods.

In fact, these things are too early for most people to be present.

However, Mo asked to tell them earlier that it would be an incentive.

After all, the meridian is shaped at the age of twenty-five. If it is abandoned in the past few years, then life will not be able to break through to the gods.

The people present were silent, and secretly told myself that the next few years must not be relaxed.

"I only condensed Dan Yuan at the age of twenty-seven. If I forced the integration of the mysterious beast, I would explode and die." Mo asked to sigh.

At the age of twenty-seven, it was only two years slower, but it was two years apart, so that he could not break through to God in his life.

"Okay, say something right."

Mo asked and suddenly said: "The next step is to give you a place to live, two people and one hospital, I read the name together."

"Ye Xuan, Song Dian Jing..."

His voice has not yet fallen, and the Song Dynasty is exclaimed: "Brother, let me have a girl and live with him?"

"What is wrong?" Mo asked.

"This..." Song cuts his eyes and turns around and finds nothing. He refuses.

However, Ye Xuan has opinions.

This Song Dynasty was obviously coming to him, but he asked him to arrange him together. Isn't this a pothole? If you come to give him a sword in the middle of the night, isn't it finished?

However, Ye Xuan had forgotten at this time. The Song Dynasty was the princess of the Great Song Dynasty. There were many people who wanted to marry her. Moreover, the Song Dynasty is not bad, and live in a hospital with a beautiful woman. This is a hidden welfare.

Do not ask Ye Xuan, continue to read the name.

A total of eleven yards, the last one gave Tang Tian, his two guards were killed by the Song ruling an axe, and he was also cut off, and the resentment was so deep that no one dared to live with him.

Soon, the residence was allocated, and then Mo asked to leave.

However, before he left, he told Ye Xuan about his residence and said that he had any difficulty in finding him.

"I met a good brother." Ye Xuan exclaimed in his heart.

At this point, he was already in the same yard as Song Dynasty.

"Hey, bastard, you have to be careful in the future." Song Congjing stood at the door of his room and said to Ye Xuan.

"Why should you be careful?" Ye Xuan asked.

"You are not afraid that I will kill you suddenly, and then you will be boiled into a meat sauce?" Song Congjing suddenly showed a look of evil.

"What do you use?" Ye Xuan continued to ask.

The Song Dynasty's confession was also a glimpse. She found that her weapon had been taken away by Ye Xuan, and she did not even have a weapon.

"Hey, now we are also the same door, can you return the weapons to me?" Song Chong went to the yard and sat in front of Ye Xuan.

Ye Xuan looked around for a circle and then asked in a strange tone: "Hey? Are you talking to me?"

"Well, Ye Xuan, return the weapon to me." Song Congjing used the tone of the command.

"How does your tone seem to be subordinate to me? I correct it. I am not your subordinate, nor the people of your Song Dynasty. If you want to return to the weapons, then take your sincerity." Ye Xuan suddenly A pot of fruit wine was changed from the phagocytic system, which was bought in the Xuanyang Empire.

When Song Zongjing heard it, he immediately gnashed his teeth and said: "Bastard, don't deceive too much."
