

Super D. S 1851

Chapter 1851: Goodbye Li Jun

Ye Xuan was too lazy to pay attention to them, and directly rushed to collect the bodies of these black dragons.

The higher the level, the larger the shape of the black dragon, and the more dragon scales they have on them.

Although the dragon scales are not comparable to the dragon scales, these black dragons are huge and infinitely large, and they are still very impressive.

Today, if there is a Ye Xuan, according to the movement route of this Black Dragon group, I am afraid that it will kill the Qi family. When the time comes, the family will set off a storm.

Therefore, this time the spoils, Qi family did not take the text, all handed over to Ye Xuan.

"Hey, the host completes the serial random task, Megatron's magic weapon shape is improved!"

A system prompt sounded in Ye Xuan's mind.

The magic weapon form is finally improved!

"Hey, the figure of the second-class magic weapon, you can suppress the strength of 60%, it is really good!"

Ye Xuan opened his mouth and smiled.

Now he has fixed a total of four magic weapons, one is the mysterious warrior armor, the second is the refining soul pot, the third is the dementor bell, and the fourth is the picture of the beast.

With the improvement of the magic weapon form, the effects of these four magic weapons have also improved a lot.

The strength and defense of the mysterious warfare armor is stronger.

The refining speed of the refining pot is increased, and the effect of the refining soul is also enhanced.

The map of the beast can suppress the strength of 60%.

As for the most uplifting, it is the soul of the soul, and it can control the mind of the person. It is an enhanced version of the soul of the soul.

"With the dementor bell, my soul's eyes can also retire!"

Ye Xuan thought in his heart.

In fact, the eye of the soul can already retire. After all, Ye Xuan is now fighting so many levels, the eye of the soul has no effect at all.

At the moment, he just gave this skill to the system and got two points to swallow, plus a point that was not used before. There are three points.

In addition, those magic weapons that do not have a fixed reservation, the effect is also greatly improved, such as Shengxian step cloud, split axe, tied Xiansuo, Tianjian sign, sentenced pen and so on.

In short, this time the reward, Ye Xuan is very satisfied.

Now that the mission has been completed, then, Ye Xuan does not need to stay in the house again.

Before that, he and the messenger of the Blood Flame Hall said that they had not reported the big hatred. In fact, they said Li Jun.

Li Jun does not die, so the time-lapse skills can not be used in one day. This situation has gone down to the blood-steaming hall, and it is possible to have an accident.

Therefore, Ye Xuan Cai refused the middle-aged man!

"It has been so long, I don't know what kind of realm is Li Jun?"

Ye Xuan brows a pick, suddenly some curiosity.

He has already made a breakthrough from the second-class real person to the five-person real person, so should Li Jun break through several times?

I don't know, when I met Li Jun again, what is the other side?

Ye Xuan doesn't care so much anymore. Anyway, his strength is much stronger than before, and Megatron's magic weapon is advanced. He estimates that he should be able to clean up Li Jun.

"Qi Hao, seniors, there are still things to do, and say goodbye!"

After finishing the battlefield, Ye Xuan said to the master of the Qi family.

"This....."

The Qi family owner has some regrets, because Ye Xuan's real name is really easy to use, but Ye Xuan will go to revenge next, and then go to the Blood Yantang, so it is impossible to live in Qijiajiu.

"Okay, be careful with yourself!" Qi Hao nodded.

Then, Ye Xuan is directly turning around and leaving.

Now that things are done, then he is going to start collecting the dragon scales again. Fifty pieces of the dragon scales can increase the increase, and there are too many.

Fortunately, destroying the dragon scale is easier to obtain than the dragon scale, so there is another channel for improvement.

Next, Ye Xuan began to wander around, annihilating the Black Dragons and getting rid of dragon scales and destroying keels.

However, shortly after he left Qi family.

"Ok?"

A black figure appeared in the sky and was swiftly swept toward him.

After hearing the old words of the tree, Ye Xuan hurriedly stopped and fixed his eyes.

Although it is impossible to see who is coming, the old tree and the sinister ghost dragon can be seen.

Come, it is Li Jun!

"Li Jun, finally found it, see you still die today?"

Ye Xuan's dawn is big, and he has 100% confidence in this time.

why?

Because, after a while, he can break through again. When the time comes, the realm suddenly rises. Can you still pick up this Li Jun?

"It's a paradise. You don't have to go. There is no **** in hell. You are going to vote!"

Ye Xuan's mouth can not help but slightly lifted up, directly summoned the old tree and the sinister ghost dragon.

"This breath, the other party is already a six-and-a-half-step true king." Tree reminded.

"But the six-product half-step is really..."

Ye Xuan did not take it for granted. However, he felt that the black dragon that Li Jun had left was probably not that simple.

"What, what is the level of Zhenjun..."

After the death of the ghost dragon to report to himself, Ye Xuan, the latter is also moving.

He still remembers that the last time Li was tamed was a black dragon with only three products and half-steps. However, this time, Li Jun even crossed four realms and tamed a black dragon of true monarchy. I really didn't expect it!

"After approaching, do it directly and solve the black dragon that he left!"

Ye Xuan immediately made a plan.

Li Jun is the **** holder of the Royal Beast. As long as he kills his pet, then Li is just an ordinary six-and-a-half-step real.

At that time, don't say that the ghosts of the world are gone, that is, the old trees can solve him, not enough.

"Bad boy, you will die tomorrow!" Li Jun is not close, just shouted.

"Dead, it will be you!"

Ye Xuan's eyes widened, and after estimating the distance, he directly merged with the devil.

Strength, skyrocketing!

"Do not destroy the soul!"

In an instant, the strength has once again soared three times.

"Death chase!"

This time, Ye Xuan took the lead in marking the black dragon under Li Jun's, but unfortunately, when the death killing order was just marked, Li Jun actually joined his black dragon.

"Hey, the death killing effect disappears!"

A system prompts to sound.

Sure enough, Li Jun could not be marked by Ye Xuan's death killing order. After he and Heilong, he erased the death killing order.

However, this does not matter.

"killing and engraving!"

"The picture of the beast!"

"Inflame the black dragon wave!"

Before Li Wei was close, Ye Xuan directly spung a big mouth and spewed a bite of dragon.

This time, the map of the beasts can suppress the strength of 60%, which is more than the previous one. Although it is only 10%, it is enough.

"boom!"

Li Jun also opened his mouth and squirted a sip, and the two dragons collided and the air wave rolled.

This attack, Ye Xuan did not get any benefit, the inflammation of the black dragon wave was defeated.

Chapter 1852: Trial tower refresh!

"Is Li's strength improved a lot?"

Ye Xuan quickly avoided it, and thought in his heart.

However, he only used the invincible soul, and did not use the killing mark.

"Killing state, outbreak!"

The three killing marks were all consumed by Ye Xuan, which increased the combat power by nearly four times.

Add up, almost seven times!

"Come on, kill the black dragon wave!"

Another dark dragon erupted out.

"Booming!"

Another energy collision, but this time, even Ye Xuan took the wind.

"What happened? The last time I was able to tie him down, how was this weaker this time?"

Ye Xuan has some accidents.

The next moment, he thought of a factor, only to see that Li Jun's clothes seem to have several living bodies.

"It turned out that it was a contract with some small fairy beasts, and then went into battle together to improve the strength?"

Ye Xuan suddenly understood.

He also has this skill, as long as the old five of the tree go into battle together, then six people can get double the increase.

Although Li Jun only has the blood of the beast, but his blood is much higher than Ye Xuan, so the increase must be more than doubled.

"If this is the case, then show weakness first!"

Ye Xuan's eyes are slightly stunned.

This trick is called 擒擒擒!

Pretending to be defeated, after waiting for an opportunity, he will be a blockbuster, directly killing Li.

"Ha ha ha, stinky boy, today is your death, your blood, treasure, all are mine!"

Li Jun burst into laughter and squirted a bit of dragon.

"Aurora shield!"

Ye Xuan quickly applied the cards and absorbed the dragon's interest in the attack.

Then, triple back!

"Calling!"

Li Jun quickly avoided it and said: "There is a point to be able to bear, I can't wait to kill you!"

"Is it?"

Ye Xuan sneered, said: "Next, I will let you see, what is the strength!"

At the time when the voice of this sentence fell, Ye Xuan's mind was ringing a system sound.

"Hey, the host breaks through, and it's currently a six-person real person!"

"Hey, the sinister ghosts, the sinister ghosts, the Megatron, the broken gods, the breakthrough, the current is a half-step true king!"

Finally, broke through!

Nine products and a half-step truth, although it is a realm of difference, but because it is a big realm, it is more than ordinary breakthroughs.

Ye Xuan and the Ghosts of the World have been promoted together, and the strength after the combination has skyrocketed several times.

"Li Jun, you are finished!"

Ye Xuan's eyes widened and he had a big mouth.

"what?"

Li Jun was shocked because he did not expect Ye Xuan to suddenly increase his strength. He immediately applied his skills and was ready to flee.

However, the next moment, Ye Xuan in front of his eyes suddenly disappeared, and then came behind him.

This trick is not the eye of assassination, but the teleportation of time and space.

"Inflame the black dragon wave!"

This blow was accurately blasted on the body of the Black Dragon. This time, Li Jun was smashed and there was no residue left.

I have to say that Li Jun's luck is very bad, even before Ye Xuan broke through. In the battle, Ye Xuan just broke through and was able to kill Li Jun.

"Hey, the host's killing value is improved!"

"Hey, the host kills the beast **** and makes the **** holder, rewards the trial tower to refresh!"

After Ye Xuan heard this system prompt, the whole person was paralyzed.

Trial tower, refresh?

"The trough, this reward is enough for cattle!"

Ye Xuan was shocked.

Before he was still licking how to refresh the trial tower, it is now good, and it has been refreshed directly.

"I don't think I have been harassed by Li Jun so many times, and finally I have gained!"

Ye Xuan opened his mouth and smiled. He glanced at it and found that the time-lapse skills were finally available.

However, before that, he had to clear all the trial towers.

"Right, the last time I challenged the trial tower, there was a skill in the sky, and now I am expected to stop at the sixth floor. If you are on the seventh floor, you have to strengthen the blood!"

Ye Xuan thought about it, and then began the trial tower challenge.

The first layer is a higher level than Ye Xuan, and seven products are real people. This is not difficult for Ye Xuan.

The second layer is the eight-person real person, and the third layer is the nine-person real person. There is no problem.

Soon, Ye Xuan was hit, the sixth floor.

Now he is a five-person real person, the sixth-level keeper is six higher than him, reaching the second half of the real step.

This time the opponent is a cultivator, and the strength is stronger than the cultivator.

"Kirin down!"

Ye Xuan directly displayed the card and summoned a three-level ice emperor.

This unicorn has fallen, and Ye Xuan has not used it recently, but this does not mean that he is not practical.

At least in the trial tower, Ye Xuan can be used casually, after all, after each customs clearance, the skills will be refreshed.

This sixth-level keeper still failed to stop Ye Xuan's footsteps, but Ye Xuan also spent a lot of time to solve him.

"If you are on the seventh floor, I am afraid it is not so simple. It must be strengthened!"

Ye Xuan thought about it.

At this time, he already has a nine-point swallowing point, which can be used to strengthen the blood.

However, there are many places where swallowing points can be used.

"The beast **** makes the blood, there is no use in the trial tower, so it can be used to strengthen other blood, so that the trial tower can be opened, you can get the swallowing point..."

After thinking about it, Ye Xuan finally decided to strengthen the blood of Zhu Xian.

"Hey, killing and engraving advanced!"

"Hey, killing and engraving advanced!"

"Hey, killing and engraving advanced!"

Originally, the killing and engraving skills of the blood of the immortality were only advanced once.

This time, Ye Xuan directly advanced the killing and engraving skills three times.

After the advancement, the number of killings was directly increased to nine, and five times a day can be used.

In addition, after each killing mark is erupted, the killing status can be increased by a factor of eight, compared to twice before.

If all nine are used to kill, then it is sixteen times the fighting power!

At the same time, Zhu Xianyu can also carry out two engraving, four engraving, six engraving and eight engraving calls, and the fighting power is stronger.

The initial consumption of the three imprints of the immortal 绝, not only the power, but also can be used for three consecutive times.

The four-marked sacred arrow has also improved its power and the number has increased to five.

As for the five-marked 诛剑 sword squad, it has improved the power and scope of the tactics, and after the exhibition, it will automatically summon an eight-marked 弑仙傀儡 battle.

These three points swallow the point, spend the value!

As a result, there are only six points to swallow.

"Try the challenge first!"

Ye Xuan is not nonsense, and directly begins to challenge the seventh floor.

After three advanced killings, the effect was very obvious. At the beginning, Ye Xuan broke out five killing marks directly, and directly gained nine times the increase.

This battle, easy to win!

Chapter 1853: The strength is skyrocketing!

The seventh layer is a challenge, and you get a little bit of engulfing. Then, the eighth is.

However, the eighth layer is not so easy to pass, because the difference between the eight realms, which is several times more difficult than the seventh layer.

Ye Xuan, was beaten down and challenged defeat!

"Well, the eighth and ninth floors will not be played first."

Ye Xuan decided to give up these two layers. After all, the swallowing point can't always be used on his own body. Now he, but he relies on pets to eat.

At the moment, he pondered for a moment, and finally used the swallowing point to upgrade the blood of the beast.

The beast **** makes the blood, it is an advanced route, so a little swallowing point can be upgraded. This time, Ye Xuan is still improved three times.

In the advanced three times, the beast **** made the blood, the pet fighting power was doubled to 1.6 times, and the growth speed was also a little six times.

In addition, the appearance of a pet, between the owner and the pet will increase the strength of 80%, 60% higher than the previous 20%.

Five, that is four times!

"If the trial tower can summon a pet, I can at least fifteen!"

Ye Xuan is very helpless.

The fifteenth floor is the fifteen point swallowing point, which can make his strength several times.

After strengthening it so many times, Ye Xuan decided to leave some points to swallow and wait for it.

However, at this time, Ye Xuan suddenly remembered one thing.

"Right, that Li Jun has collected so many pets, and the effect of the blood of the beast god, his combat power has improved a lot. I still have five pet bars, it is better to also receive five mini pets. On the body, I will always maintain four times the increase in combat power. If the old ones come out, I can increase it by eight times!"

Thinking of this, Ye Xuan's eyes are bright.

This Li Jun, who gave him experience after his death, is really a good person!

This kind of pet for 'decoration', Ye Xuan does not need to look for it, there is room for planting.

It's just that there is a mini fairy called a silver silk snake, which is thinner than a finger and can be wrapped around the arm.

Even five, it does not affect anything.

"Hey, the master servant contract is successful!"

"Hey, the master servant contract is successful!"

A tone of voice sounded in Ye Xuan's mind.

Every time a contract is concluded, Ye Xuan feels that his strength has increased by 80%.

These five gold silk silver snakes, he is not ready to receive the planting space, and hang on his hand at any time.

Then, Ye Xuan summoned the tree and others.

Ten pets went into battle, one pet increased by 80%, and ten were eight times the combat power.

Ye Xuan couldn't help but **** a cold air. If there is such an increase, he will definitely have no problem with the eighth floor of the test tower.

"Catch an integer, come again!"

Ye Xuan's eyes slammed, and the king of the beasts was advanced to the blood, only three points left.

This time, the growth of a single pet has doubled, and ten is ten times. Moreover, it is not only Ye Xuan, but also the old man who enjoys this increase.

At this moment, Ye Xuan suddenly had a pet in hand, the idea I have in the world.

In fact, he forgot that he could still tamper five pets. Otherwise, he would have already received it. At that time, he would not be chased by Li Jun many times, and then he was repeatedly escaped by Li.

Now, his pet is full, and if he is all dispatched, he can get a tenfold increase. If other factors are added, his combat power is already strong enough to explode.

"Before I was afraid to go to the Blood Flame Hall, my strength was a little powerless. Now I can use the time-lapse skills again, enough to save my life!"

In thinking of Ye Xuan, he turned his head and looked into the distance.

He had already marked the messenger of the Blood Flame Hall with the Death Hunting Order. Now that he has completed the mission, it is better to follow the Blood Flame Hall messenger to the Blood Flame Hall.

At that time, it is not a problem to get a large number of extinction dragon scales with the qualifications of the destructive ghost dragon. In this way, Ye Xuan also saved a lot of things.

The blood sacred hall messenger is the three-class genius level, plus with the same name and other hundred geniuses, so the speed is not very fast,

Ye Xuan estimates that it will be able to catch up in about three days.

Don't forget, now the Shengxian cloud has been upgraded to the second level, and the strength of Megatron is greatly improved. It is certainly no problem to catch up with the blood-fire hall messenger.

At the moment, he is just starting to hurry.

After the skyrocketing strength, the black dragons encountered on the road did not pose a threat to Ye Xuan, and they were easily annihilated.

It is a pity that the number of extinct dragon scales that are needed to destroy the world is too large. From the three hundred to four hundred, it needs five thousand.

It seems that in the future, not only to kill the dragon, but to grab some!

After three days.

"Finally catch up with you!"

Ye Xuan looked at the target of death killing in front of him, and said in his heart.

However, just as he was about to catch up, he suddenly heard the loud noise coming from the sky ahead.

"Booming!"

Someone, fighting!

"This is not a small move, at least the battle of the true level!"

Ye Xuan brows a pick, suddenly feels the wrong place, the front, is not the blood scent of the messenger?

It's hard to be, is he fighting?

Thinking of this, Ye Xuan is speeding up his pace, and when he approaches, he discovers that there are three people who are besieging his death to kill the target.

Three, three products true!

As for the others, Ye Xuan did not see it, including the two hundred geniuses of the Qi family, the same name!

"No matter, kill!"

Ye Xuan does not say anything, directly summoned the five old trees and the evil spirits of the world, and fit together!

"Death chase!"

"The eye of assassination!"

In an instant, Ye Xuan is flashing behind a three-product half-step true king.

If it was before, Ye Xuan would not be able to compete with the three-step half-step Zhenjun.

But now, Ye Xuan's blood of the immortal has advanced several times, and the beast **** has made the blood flow advanced several times. The strength of the demon world has greatly improved. After the fit, the strength is skyrocketing!

"Destroy the Dragon Claw!"

Ye Xuan flashed behind one person, and when the claws were caught, the body of one person was directly blown open.

"Hey!"

The other two heard the voice and turned around and saw an incredible scene.

Their companions were actually killed by the second!

Not waiting for them to react, the devil is a big mouth.

Inflame kills Black Dragon Wave!

"boom!"

Another person, was killed by Ye Xuan.

As for the third person, it was stared at by the tree wearing the second-level mysterious armor.

"Hey!"

The old punch of the tree, although not able to kill the other side, is enough to be hit hard.

Then, just close by Ye Xuan!

"boom!"

Another is the killing of Black Dragon Wave, and this third person was also killed.

Chapter 1854: Blood flaming hall

Three Sanpin Zhenjun, killed by Ye Xuan in a short time, this strength, has been shocked to the blood flame hall messenger.

However, the blood flaming hall messenger was seriously injured at this time, and his chest was constantly licking his blood.

Ye Xuan rushed over and asked: "Predecessors, are you okay?"

"It turned out to be you..."

The middle-aged man recognized the devil and the dragon, and recognized the voice of Ye Xuan. He said weakly: "Thank you for this time. However, my demon is stabbed by the other side and the damage is serious. It is estimated that It won't take long."

"what?"

Ye Xuan quickly felt it, and found that the middle-aged people said yes, the latter's demon has been pierced, and it is estimated that he will live for a few more minutes.

If Ye Xuan did not arrive in time, the middle-aged man would hold up for ten seconds at most. Although he said that his strength is very strong, but the other three are all three products, and the combat strength is not weak, so he was seriously injured by the other side.

The middle-aged man sighed and shook his head. "It's useless. These three people are desperate. The people who heard me as the Blood Flame Church also attacked, and several of them are dead."

Upon hearing this, Ye Xuan quickly glanced at it and found that there were exactly the same names and other people's bodies. It seems that they were killed by the first time.

At this point, what Ye Xuan wants to do most is to go back in time so that he can speed up.

Although he was on the road at full speed during this time, there was still a rest on the way, as long as it was uninterrupted, he would certainly be able to come over.

However, it is at this time.

"Hey, the host triggers a random random task and goes to the Blood Flame Hall!"

Suddenly a system prompt sounded in Ye Xuan's mind.

System task, this time out!

This means that if Ye Xuan uses time-lapse skills, then this task will disappear.

In fact, Ye Xuan feels that he has crossed into this world, and he feels like he has entered an online game. Those characters are actually npcs.

At this time, the middle-aged man in front of him is actually an npc. If so, the system is the default.

Although it is time to save the middle-aged man, but let Ye Xuan give up a serial random task, Ye Xuan is difficult to do.

After all, he and the middle-aged have only one side, although the latter gave him a blood flame armor, but this blood flame armor has no effect, and he also let the middle-aged people live a little more.

The last serial random task made Megatron's magic form increase, which brought a great improvement to Ye Xuan.

Ye Xuan is not so noble, so after he weighed it in his heart, he decided not to use the time-lapse skills.

Of course, if his loved one is dead, he will definitely give up the random task.

"Kid, come to me, have you figured it out, want to enter the blood flame hall first?" asked the middle-aged.

"Yes, seniors!"

Ye Xuan Zheng focused.

"good very good."

The middle-aged man smiled with satisfaction and said: "The geniuses I have received are dead, and if they are compared with you, even if they add up to one tenth of yours, if you go Blood Yantang, will certainly grow into a super strong!"

After that, he took a flame token from the Qiankun ring and handed it to Ye Xuan. Then he said: "This is the **** flame of my blood flaming hall. You take it and enter the Blood Flame Hall!"

Originally, the genius of these families must be brought into the Blood Flame Hall by himself, but now he is not far from death, so he can only let Ye Xuan go.

In order to prove the authenticity of this **** flame, the middle-aged man took out a floating crystal spar, recorded the environment at that time, and left a last word.

"Kids, my things will be left to you. With your strength, as long as there is no accident, you should be able to reach the Blood Flame Hall." After the middle-aged man finished, he handed the Qiankun ring to Ye Xuan.

"Predecessors, I must do it!"

Ye Xuan Zheng focused.

What he did in his mouth was to bring back the body of the middle-aged man, because the family of the middle-aged people were in the blood.

Later, the middle-aged man was killed because of the fairy heart, leaving only Ye Xuan a living person.

As for the names and other people's bodies, Ye Xuan decided to have time to come back to their family in the future.

After the death of the middle-aged man, Ye Xuan looked at his Qiang Kun ring and found that there were two thousand pieces of dragon scales inside.

Two thousand pieces of extinct dragon scales are enough to make the destructive ghosts increase their combat power by 40%, which is very good.

"This time, the serial random task did not explain the reward in advance. It seems that the final reward will be affected according to my completion level!"

Thinking of this, Ye Xuan is directly moving to the Blood Flame Hall.

He estimated that at his current speed, it would take another three or four days to arrive, which is still the speed after his breakthrough.

After a few days.

"Hey, the host breaks through, and it's currently a real person!"

"Hey, the sinister ghosts, the sinister ghosts, the Megatron, the broken gods, the current breakthrough is the second half-step true king!"

Two systems prompt to sound.

After the breakthrough, Ye Xuan's strength skyrocketed and the speed increased a lot.

Since the death of middle-aged people, Ye Xuan has not met other people, only the Black Dragons, and the ruins of the run-down.

Soon, he came to the boundary of the Blood Flame Hall.

Blood Yantang, regarded as the hegemon of this region, they sent a large number of messengers to go around to find the genius of the fusion of the dragon scales.

However, at this time, Xueyantang did not know what happened, and he was not allowed to enter or leave.

Those who brought back the messengers could only gather outside the Blood Flame Hall and wait for the Blood Flame Hall to open.

"What happened, what happened in the church, how to close it in and out!"

"There must be something big, otherwise it is impossible to close the entry and exit!"

"I just saw that someone in white has entered the Blood Flame Hall. Is this the person of the White Dragon Hall?"

"What, Bailong Temple?"

"White Dragon Hall, it seems that the most hateful people who have combined the dragon scales, isn't it going to destroy my blood?"

"What kind of jokes, the method of integrating the dragon scales is almost open, even if it is not a black dragon, you can integrate. If you want to kill, how many people do you have to kill?"

The people around are talking in a whisper.

After Ye Xuan heard it, he felt that there was some truth.

Nowadays, the method of integrating the dragon scales has been widely circulated, even if it is not the people of the Black Dragon, it can be merged. In this case, the White Dragon Temple cannot distinguish which ones are Black Dragon.

Black Dragon teaches, it is amazing!

Ye Xuan is in this group of people, waiting quietly.

Although he did not integrate the dragon scales, he could destroy the world. Many people can see that he is a beastmaster.

However, at this moment, suddenly a woman in red, walking towards Ye Xuan.

Chapter 1855: contradiction

"Ok?"

Ye Xuan sensed this breath and immediately turned around and looked.

I saw that this red woman was staring at him, no, to be precise, staring at the ghosts.

After the Shura Ghosts advance into the Destroyed Ghosts, there is no time limit for the Ghost Dragon to change this skill, so the Ghosts can be switched between the Dragon Form and the Human Form.

At this time, the devil's ghost is a form of ghosts and dragons.

The goal of the woman in red is now on the body of the devil, and the look in her eyes is very unusual.

"Kid, I am looking at your dragon, and a price?" The red woman said directly to Ye Xuan.

"Do not sell!"

Ye Xuan said coldly.

The woman in red heard the words, paused, and said: "What contract is you and it?"

"The main servant blood deed!" Ye Xuan answered again.

If the servant is dead, the master will not have an influence, and if the master is dead, the servant will have to be buried.

In this blood-smooth hall, Ye Xuan does not want to provoke a sin, but he is talking about the blood of the master and servant.

The woman in red also understands the blood of the master and servant, and knows that the dragon cannot be sold, so she said: "If this is the case, then I will borrow it for a while!"

"borrow?"

Ye Xuan did not understand what this meant, but when he saw the red woman's gaze, he immediately understood.

At this time, the woman's gaze was staring at the *destroyed dragons.

Lying in a big slot!

This red woman, wouldn't it be to find a descendant of the genocide?

What kind of racial jokes!

"Do not borrow!"

Ye Xuan's tone is still so tough.

"You are looking for death!"

The woman in red has widened her eyes. If the non-Ye Xuan and the slain ghost are signed by the servant of the servant, she may have killed Ye Xuan and then robbed the sinister ghost dragon.

"Is a product in the district, and dare to be in front of me?" Ye Xuan was cold-hearted, even if it was Sanpin Zhenjun, he also killed three, not to mention that this is just a true product.

At this time, suddenly another person came over and was a young man.

"Sister, what's the matter?" The young woman looked at the red woman and Ye Xuan, and could not help but ask.

"Brother, I want that black dragon!" the woman in red said directly.

When I heard this, the young man's eyes glimpsed and felt a little.

Indeed, the Ghosts and the other Black Dragons are not the same, I am afraid that they have some noble blood.

"Which messenger did you bring?" asked the young man.

"This, it seems that it is not your business?"

Ye Xuan brows a pick, but he feels that this young man's strength is a bit strong, it turned out to be Sanpin Zhenjun.

"Oh, the blood flaming hall now accepts people, all must be brought by the messenger. You are not led, is it because you want to fish in the water to join the blood flame hall?"

The young man sneered a little, then took out a token from the Qiankun ring and said: "Unfortunately, I am also a blood-fire hall messenger. If you don't have a messenger to lead you, persuade you to let it go!"

"Who said that I did not, I was brought by Jiabo Yuan adults!" Ye Xuan said directly.

Jia Boyuan is the name of the middle-aged man.

"Gabo far?"

It is said that the young people have a slight meal. This person has met him too much and has had many contradictions.

"What about others?" The young man tried to ask.

"If something goes, just go back!"

Ye Xuan replied.

After listening to the youth, I didn't say anything more. "Sister, let's go!"

"Brother, you..." The woman in red did not think that the young man did not help her. What is going on?

"No hurry, that Gabor is not too small. After this guy enters the Blood Flame Hall, I will find another opportunity to help you get the dragon!" The youth voiced to the red woman.

The woman in the red dress also heard some from the dialogue between Ye Xuan and her brother. Ye Xuan is still brought by someone, so this is not a good time to start.

"Humph!"

The woman in red snorted and stunned her eyes and turned away.

Looking at the back of the two of them, Ye Xuan's eyes glimpsed a little, and he knew the two men.

After Jiabo's death, the Soul Bell is the soul of his memory.

The young man is also a messenger of the Blood Flame Hall, named Jiang Xingjun. The woman in red is Jiang Xingwen, the sister of Jiang Xingjun.

These two are the grandsons and granddaughters of the elders of the Blood Flame Church.

As for Jiabo Yuan, it is the grandson of Xueyantang and Elder.

Although Jiang Xingjun is a Sanpin Zhenjun, Ye Xuan is actually not afraid of him. After all, Ye Xuan has killed three Sanpin Zhenjun.

However, he did not want to make trouble at the door of the Blood Flame Hall, so as not to cause an accident.

Just after Jiang Xingjun and Jiang Xingwen left, the blood flaming hall suddenly came out of a few people, all dressed in white, their breath is very powerful, I am afraid they are all high-ranking true.

"White Dragon Hall, it really is the person of Bailong Temple!"

"My blood flaming hall is just to recruit some people who have combined the dragon scales. It is not the black dragon teaching rudder. The White Dragon Temple can't help us!"

"That is, now that the people in Bailong Temple are gone, does that mean we can go in?"

A group of people began to get excited, they are all from their respective geniuses.

Blood Yantang now has been reformed, only accepting elites, not waste. Therefore, the current threshold is to integrate at least two hundred pieces of extinct dragon scales before they can join.

"Okay, let's come in!"

Immediately after the departure of the Bailong Temple, there was a master of the Blood Flame Hall, and nearly a thousand people outside entered the Blood Flame Hall.

Ye Xuan also mixed in and walked in.

Among these people, there are many ambassadors of the Blood Flame Hall. The strengths are between Sanpin Zhenjun and Wupin Zhenjun. They are there. The geniuses they find can join the Blood Flame Hall without verification.

In addition to these people, there are some people who come here, they need to verify.

"You, who is your leader!"

At this time, an old man wearing a blood flame armor fell on Ye Xuan.

"It's so strong, it's estimated to be a high-ranking real gentleman!" Ye Xuan felt the breath of the other party, and then said: "I was brought by Jiaboyuan adults, but Jiaboyuan adults are falling in the middle!"

"What, Jiabo is far behind?"

The old man was shocked when he heard it.

The same is true of other people. They don't understand that the leader is dead. How are you still alive?

Not far away, Jiang Xingjun and Jiang Xingwen heard this and couldn't help but glance.

Malang Gobi, Ye Xuan dare to lie to them?

Ye Xuan subconsciously took a look at them, and then said: "This is the body of Jiabo Yuan adults, and the floating crystals he recorded before his death!"

The old man took a look at the floating crystal spar and looked shocked again.

Jiabo Yuan, actually died!

There are countless messengers who have gone out to the blood, and Jiaboyuan is one of them. However, there is an elder in the back of Jiabo, and now he is dead outside. If the elders know it, they will be very sad.

Chapter 1856: Super genius

"This....."

The old man sighed and said: "You stand by!"

The floating crystal spar can prove that Ye Xuan's words are true. After all, the floating shadow spar can not be forged by the old man himself.

On the other hand, Jiang Xingjun learned a little bit of regret after learning the death of Jia Boyuan. He knew that when he was outside, he could start. At that time, it is estimated that no one knows that Jiaboyuan is dead. Ye Xuan has no background. The person will also be won by him.

Then, the rest continued to verify, and then the old man used the messaging spar to send messages to the elders.

"Boy, although you are a person in Jiabo's far-sightedness, is your strength a bit too low?" The old man asked casually.

"The kid is a beastmaster. My pet has already merged two hundred pieces of dragon scales." Ye Xuan said directly.

"What, two-and-a-half-step true king, is the integration of two hundred pieces of the dragon scales?"

The old man was shocked and stared blankly at the ghosts.

Even if the black dragon family who grew up in the blood flaming hall grew up, it would not be so easy to integrate three hundred pieces of the dragon scale when the two products are half-step true.

However, Ye Xuan's Black Dragon can do it.

"Well, Jiaboyuan brought us a good seedling this time!" The old man was very satisfied.

Soon, there was a man who came to the door of the Blood Flame Hall and was an old-fashioned person.

"What about Bo Yuan's body?" the old man asked directly.

Hearing this, Ye Xuan said nothing, and he handed over the Qiang Kun ring with the Jiaboyuan body.

"Oh, life is not good!"

The old man shook his head with a sigh.

This person Ye Xuan knows that Jia Boyuan's father, Jia Yuanzheng, after all, Ye Xuan searched the body of Jiaboyuan.

Secondly, before Jiabo was dead, he had already been handed over to his father, grandfather and other relatives, so they knew it.

Then, the Canadian dollar is turning to look at Ye Xuan, said: "You should be Ye Xuan, come with me!"

"Yes!"

Ye Xuan nodded slightly, just followed the Canadian dollar.

Jiang Jiangjun and Jiang Xingwen looked at the back of Ye Xuan's departure and couldn't help but communicate with each other.

"Brother, that black dragon must have a noble blood, but the two-and-a-half-step true king has merged two hundred pieces of the dragon scales, I must get it!"

"Don't worry about my sister, how many days will die in the middle of the road, as long as he enters the Blood Flame Hall, I kill him like an ant!"

.....

Ye Xuan followed the Canadian dollar and left. On the way, the latter couldn't help but ask: "Ye Xuan, I listened to Bo Yuan, can you have a pet with Sanpin Zhenjun?"

"Yes, seniors!" Ye Xuan said back.

"Two products are half-step true, you can fight three products, really, this is the more ten realms, it is..."

The Canadian dollar does not know what words to use to describe the devils. This is also the case that Jiabo far gave him a message before he died, so the Canadian dollar did not say it clearly, but used the sound.

Such a good seedling is naturally hidden. If anyone is known, who knows what will happen.

Although the Canadian dollar is a bit unbelievable, it can be thought that this is a thing that Jiabo Yuan confirmed with death, so I believe it.

After a while, the Canadian dollar is taking Ye Xuan and seeing his own father, that is, an elder of the blood sacred hall, adding a penalty.

There are only five in the ancestral elders, and there are only a few in the blood sacred hall. This is a higher level than the ordinary elders.

"Father, people are here!"

The Canadian dollar is bringing Ye Xuan to a room and then talking to the old man who is facing his back.

The old man heard the words and turned around.

"Bo Yuan's body, brought back?" asked the sentence.

"Bring it back, I will go to the burial later!" The Canadian dollar nodded.

"it is good!"

After the sentence, he sighed and said: "Young people, before Bo Yuan dying, he said that you saved his life. At that time, he was an enemy three, and the other three were still three products. How did you do it? "

At that time, Jia Boyuan did not say the realm of Ye Xuan. In fact, at that time, it was only a half-step truth.

Now break through to the second half of the real step, so the day of the addendum and the Canadian dollar are thinking that he is only fighting for more than ten realms.

However, this is shocking enough!

"It's very simple. My black dragon has actually integrated 500 pieces of dragon scales!" Ye Xuan directly replied.

what?

As soon as this was said, both the penalty day and the Canadian dollar were shocked.

Five hundred pieces of dragon scales?

How can this be?

"This is impossible. Even if it is me, there are only five hundred blocks of extinction dragon scales..."

I can't believe it.

Who is he, he is a master of the eight-pronged king level, but only merged with 500 pieces of dragon scales.

It's just that the two-and-a-half-step singularly singular ghosts, how can they fuse so much?

At the moment, the Canadian dollar is taking out a spar. This is to verify the number of fusion dragon scales, just to test whether it is more than 500.

Ye Xuan tested the Ghosts of the World, and the spar glowed for a long time.

"It's really more than 500 pieces. It's incredible. Bo Yuan made a great contribution this time!"

The sentence was increased and the eyes widened.

In fact, if they take out the spar that tests a thousand pieces of dragon scales, they will succeed.

Because the number of extinct dragon scales that have been merged into the world has far exceeded this number.

Even if it is the blood-steam hall, it is impossible to have a half-step true to reach five hundred scales.

If the Ghosts of the World are growing up, it is enchanting!

"This qualification, we may not be able to accommodate this separation, Yuanzheng you take him to rest, remember not to let anyone know about this!" said the sentence.

"Yes!"

The Canadian dollar is nodding.

Before he left, he added another sentence: "This is a thousand pieces of dragon scales. It is the reward for bringing back Bo Yuan's body. As for the other four thousand, you can use it!"

"Thank you for your predecessors!"

Ye Xuan was out of sight, and even directly got five thousand dead dragon scales, which is cool.

In fact, this destructive dragon scale is more to give, after all, the current sentence of the sentence only thought that the destructive ghosts and dragons combined with 500 pieces of extinction dragon scales, only five thousand, enough for a lifetime.

It is just that the five thousand pieces of extinct dragon scales can raise the growth rate of the demon world to the fifth realm.

At the same time, Ye Xuan also knows that the day of the punishment is now holding his thigh. After he arrives at the main hall, he will definitely be trained in the key points, and he will definitely not forget the sentence.

Then, the Canadian dollar is carrying Ye Xuan, staying near his house. Because Ye Xuan's current situation is special, he is not good to send people to protect, otherwise it will cause other people to be suspicious.

Ye Xuan does not matter, anyway, he has already received the other five thousand pieces of extinction dragon scales, which is really big.

Chapter 1857: Confrontation

At the moment, Ye Xuan is to let the sinister ghost dragons begin to integrate these extinct dragon scales.

The smashing of the world's dragons and dragons will start to be a bit slow, and after a few thousand years of integration, the speed will be faster and faster, and the 5,000 pieces will be merged in a moment.

At this point, he has already quadrupled and entered the fifth stage.

In the fifth stage, it takes a hundred pieces of the dragon scales to be able to increase a little increase. In short, it requires 10,000 dragon scales.

So much, Ye Xuan can't get it yet!

That night.

"Brother, after the guy was taken away, the other party did not care about him. It must have been that he had falsely reported his strength. Wouldn't he do it now?"

Jiang Xingwen said to Jiang Xingjun.

"I look like..."

Jiang Xingjun nodded and decided to start.

Taking him as a member of the Blood Flame Church, it is still easy to take away a person.

Moreover, he is not going to kill Ye Xuan, just take it away.

Thinking of this, Jiang Xingjun came to the house of Ye Xuan.

"Hey!"

When he heard the sound, Ye Xuan paused. In fact, he had already sensed the breath of Jiang Xingjun.

"This guy, it really came again!"

Ye Xuan's heart whispered a word, but still went to open the door.

"Kid, we just borrow your black dragon, it is not your life. It only takes one day, I will give you ten pieces of dragon scales, how?"

Jiang Xingjun asked.

If Fei Yeu brought back the body of Jia Boyuan, he might be strong.

"Sorry, I don't miss these ten dead dragon scales!" Ye Xuan still refused directly.

Ten pieces of dragon scales, how to send rice?

Want to kill the world, at least 10,000!

"You are looking for a dead end!" Jiang Xingjun's eyes flashed.

A half-step Zhenjun, who dared to reject him twice, was really challenging his majesty.

That being the case, then he is coming!

"Snapped!"

Jiang Xingjun, a slap in the palm of Ye Xuan's shoulder, the powerful and powerful hand, so that Ye Xuan's body can not move.

"Well, then I will take a walk with you!"

Ye Xuan's eyes were awkward. In fact, he was not afraid of this Jiang Xingjun, but he felt that the other side was annoying.

Not as good as one-time solution!

At the moment, Ye Xuan left with Jiang Xingjun.

Jiang Xingjun, secretly took Ye Xuan to leave the blood flame hall, and then found Jiang Xingwen.

Jiang Xingwen saw Ye Xuan coming, his eyes could not help but brighten, said: "What about your black dragon?"

"What?" Ye Xuan asked.

"The old lady is going to be on it, not to be on you, what are you eager for?"

Jiang Xingwen looked cold and thought, if she was forced to rush, she directly smashed Ye Xuan.

At this time, Ye Xuan's mouth suddenly tilted slightly and said: "Oh, you know that I am here, what do you want to do?"

"Is it not a compromise?" Jiang Xingwen blinked.

"Nature is not!"

Ye Xuan shook his head, and then, the demon ghost was appearing beside him.

Upon seeing it, Jiang Xingwen's gaze changed immediately.

Ye Xuan said no, and summoned the sinister ghost dragon, what do you want to do?

Even Jiang Xingjun didn't know, but the next moment, they knew it.

"Destroy the ghost dragon, fit!"

In an instant, Ye Xuan is like a ghost, integrated into the body of the demon ghost, and then the breath will skyrocket.

"what?"

Jiang Xingjun and Jiang Xingwen were shocked. Their realm was much higher than Ye Xuan, but they did not see how Ye Xuan did it.

"I am coming over with you today to solve you, die!"

Ye Xuan's eyes widened and his claws were explored. Jiang Xingjun and Jiang Xingwen were caught.

The five killing marks have all erupted, and one mark can be improved by a factor of eight and five by nine.

Plus three times the invincible soul, it is twelve times!

"Hey!"

"Hey!"

In two sounds, Jiang Xingjun and Jiang Xingwen's brothers and sisters were directly pinched and smashed directly.

Jiang Xingwen, Yipin Zhenjun.

Jiang Xingjun, Sanpin Zhenjun.

However, it was so killed by Ye Xuan, a seven-person real person, to know that the middle has crossed more than a dozen realms.

"Not self-reliant!"

Ye Xuan snorted and slammed the two bodies and Qiang Kun. The two brothers and sisters had a thousand dragons in the ring, which was not bad.

Then, Ye Xuan quickly disintegrated, and then broke open the void back to the Blood Flame Hall.

Trouble has been resolved.

However, Jiang Xingjun and Jiang Xingwen are the grandsons and granddaughters of the elders of the Xueyantang guardhouse, and the guards also saw him and Jiang Xingjun leave the Blood Flame Hall together, and they will certainly ask.

Sure enough, shortly after Ye Xuan's return, someone immediately descended to his house.

No, it should be said that it is arrogant, directly to Ye Xuan.

"You are Ye Xuan?"

A middle-aged man asked in front of Ye Xuan.

Ye Xuan felt it and found that the other party was at least a high-ranking real gentleman. He hurriedly nodded: "Ye Xuan, I have seen seniors!"

"Will you and my son Jiang Xingjun, have left the blood flame hall together?" asked the middle-aged.

This middle-aged man is the father of Jiang Xingjun, an ordinary elder Jiang Yan of Xueyantang.

"Back to seniors, no!"

Ye Xuan directly shook his head.

"nonsense!"

Jiang Yang looked cold and plain: "I have already inquired about it. The guard said that you and the march have left the Blood Flame Hall. Do you still have to argue?"

In fact, when the other party found it, Ye Xuan already knew that Jiang should know the news of Jiang Xingjun and Jiang Xingwen. After all, there is still something called a life card.

Jiang Xingjun and Jiang Xingwen are dead, then the life card will be broken, so Jiang Jia knows that after inquiring, he will soon know this.

"Can the seniors find the person to confront?" Ye Xuan said.

"Why do you want to die, march and walk Wen, how to die," said Jiang Yang, his eyes wide open, and a pair of leaves to be ridiculed and bloody.

At this moment, a sudden wind blew in the house.

Ye Xuan fixed his eyes and found that the Canadian dollar was in a hurry.

"Ginger Elder, so late you came to a junior room, what do you want to do?" The Canadian dollar is blinking.

"Hey, this kid and the march left the Blood Flame Hall, and the life card of the march was broken. I suspect that he set a trap and killed me!" Jiang Yang said.

Ye Xuan is just a seven-person real person, and the strength is low, so it is impossible for him to kill Jiang Xingjun.

The reason why the Canadian dollar came over was actually the death of Jiang Xingjun and Jiang Xingwen, and he also knew that Ye Xuan had the strength to kill Sanpin Zhenjun, so after hearing this, he could not help but have some doubts.

"Ginger elders, Ye Xuan just joined me in the blood flame hall, and there is no grudge with Jiang Xingjun, Ye Xuan did not kill his motives!" Canadian dollar is right.

Chapter 1858: shelter!

"I heard that this kid had a conflict with my son and daughter before entering the Blood Flame Hall!" Jiang Yang sighed.

"It's just a small contradiction. I have heard it, but I don't want to kill anyone. Besides, how does he know the master of the real level?" The Canadian dollar continued to defend Ye Xuan.

Hearing this, Jiang Yang turned his head and looked at the Canadian dollar.

Ye Xuan does not know, but is the Canadian dollar?

Could it be that this is a conspiracy to add a penalty day and the Canadian dollar?

Jiabo is far from death, so, Jiatian and Jiayuan are taking the knife and the Canadian dollar to open the knife?

Thinking of this, Jiang Yang felt that something was wrong. Ye Xuan was just a small **** disciple. He used the Canadian dollar to personally come forward to defend Ye Xuan?

It's weird!

However, he did not think that the qualifications of the Ghosts were too high, but thought that this was a conspiracy of the Canadian dollar or the sentence.

"I don't have much to say nonsense. I want to search for him directly. When it's time, everything will be true!"

After Jiang Yang finished, he went straight ahead and prepared to search for Ye Xuan.

The Canadian dollar is seeing it, naturally it is in front of Ye Xuan.

"Add elders, this time is what you do?" Jiang Yang瞪 widened his eyes and asked sharply.

"Ginger Elder, you don't want to smother your blood. Your son is dead, but you can't rely on me."

The Canadian dollar is looking at Ye Xuan and said: "It's better, let's go to the church to preside over justice?"

"The owner?"

Jiang Yang listened and immediately nodded: "Good!"

This time it was his son and daughter who died. After the master knew it, he would definitely investigate it.

By then, the truth will be revealed!

However, what he did not know was that the Canadian dollar and Ye Xuan had been privately rumored.

Ye Xuan, bluntly about killing Jiang Xingjun and Jiang Xingwen!

Moreover, the sentence of addencing has already reported the matter of Ye Xuan to the church owner, and the owner must have suppressed the matter for Ye Xuan.

At the moment, Jiang Yang, Jia Yuanzheng and Ye Xuan are directly looking for the blood sect.

Huo Ming, the master of the blood flame hall, is the master of Jiu Pin Zhenjun, and the fusion of the dragon scales has approached 600 pieces.

At this time, next to Huo Ming, there are two figures, respectively, Jia Tian and Jiang Yang's father Jiang Tai.

"what is the problem?"

When Huo Ming saw the crowd, he immediately asked.

"The owner, this is the case. My son left the Blood Flame Hall with this kid tonight, and then my daughter's and my daughter's life cards are broken. I suspect that they set traps and harm my children! Jiang Yang immediately reported.

"they?"

Huo Ming's eyes stunned and turned his head and smashed the Canadian dollar and added a penalty.

Immediately after the sentence was added: "Ginger elders, if there is no evidence, don't talk nonsense."

"Oh? Jiang Yang is only talking about them. Could it be that the elders are guilty of guilty?" Jiang Taizhen said.

"Xinfu? What is my heart?"

After the sentence, I opened my mouth and smiled. "I have some understanding of things. It is better to call the guards and disciples to confront them. See if they see Ye Xuan and Jiang Xingjun leave the Blood Flame Hall together!"

"Well, I have already invited it!"

Jiang Tai waved his hand. Not long after, four Taoshan disciples came in.

These four people are all true-level, and one of them has reached the second best.

"I have seen the Lord, elders!"

The four men walked in and then respectfully said.

Huo Ming, the owner of the Blood Flame Hall, is also nonsense. He said directly: "You just saw that Jiang Xingjun and the young man left the Blood Flame Hall together?"

"This....."

The four men looked at each other and then had a small-eyed disciple. "We have not seen it. We only saw one of Jiang's brothers left!"

"what?"

When this was said, Jiang Yang and Jiang Tai were all shocked.

They only heard what they heard. The four people clearly said that they saw Jiang Xingjun and Ye Xuan leave together.

"Haha, this is the truth."

Adding a sentence and laughing: "Ginger Elder, are you thinking about nothing to look for?"

"you!"

Jiang Tai pointed at the wrong days and immediately understood that the four should be bought and sold, so he immediately hugged his fist: "The owner, I want to search the souls of these four disciples!"

"Search for the soul!"

When the words came out, the four disciples were shuddering. If they were to search for the souls of the four of them, wouldn't things be revealed?

"The soul of the soul can't be so casual. If there is a mistake, it will ruin the four disciples. So, let me come by myself, how?"

The owner of the Blood Flame Church said.

"There is no problem with the owner of the church!" Jiang Tai did not have any doubts and nodded directly.

Then, Huo Ming was doing it himself and began to search the souls of the four disciples one by one.

Within half a minute, the soul search was over, and then he shook his head and said: "They are really true. They really only saw Jiang Xingwen and Jiang Xingjun, and they left the **** hall alone!"

"What, this is impossible!"

Jiang Tai and Jiang Yang were shocked. What they had heard before was not the case.

"Ginger elders, you might as well take a look at yourself. Of course, if there is an accident, you have to compensate the four of them!" said Huo Ming.

"it is good!"

Jiang Tai immediately agreed.

With his ability to compensate for the disciples of the four Yipin and Erpin Zhenjun levels, it is extremely easy.

At the moment, he quickly flashed in front of the four people, and then began to search for souls one by one.

However, as time passed, his face gradually became difficult to look.

Because, he saw that these four disciples did not see Ye Xuan left, only to see Jiang Xingwen and Jiang Xingjun, who left the Blood Flame Church alone.

Then, why did these four disciples deceive Jiang Yang?

"Ginger Elder, your grandson and granddaughter, I am afraid that it is not so simple. These four disciples will dare to fill you. It is better to be instructed. It is better to take the four people down first and then investigate!" .

Jiang Tai was gloomy and did not speak.

Fang Cai, he searched the souls of these four people, but did not know why the four people chose to deceive him, saying that Ye Xuan and Jiang Xingjun left the blood flame hall together.

This is really a good question!

"The owner, I hope to hand over these four disciples to me!" Jiang Tai said to Huo Ming.

"Cheat the elders, frame others, it is indeed a punishment! Elder Jiang Tai, you deal with it at will!" Huo Ming nodded directly.

Immediately, Jiang Tai and Jiang Yang left the four people, leaving Huo Ming, as well as Jia Tian, Jia Yuan Zheng and Ye Xuan.

"The owner, thank you very much!"

After Jiang Tai and Jiang Yang left, they said in a hurry.

"No problem, Jiaboyuan can find such a genius, it is a great fortune of my blood flame hall. It is worthwhile to die a few people!"

Huo Ming nodded.

Chapter 1859: Kill

In fact, when he was searching for the soul, Huo Ming had already controlled the four disciples and falsified the memory of the four people. Therefore, when Jiang Tai was searching for the soul, he did not see Ye Xuan.

Elder Jiang Tai thought that Huo Mingtang had always been fair and clear, so he did not doubt, but did not expect that Huo Mingtang was because of Ye Xuan, and Jia Tian and Jia Yuan were both slanders.

"Thank you for the Lord!"

After thanking a sentence, Ye Xuan took out the bodies of Jiang Xingwen and Jiang Xingjun.

"Sure enough!"

Huo Mingtang was satisfied with the nod, saying: "However, you are too unscrupulous. If this is not my cover, you may be embarrassed by the elders of Jiang Tai!"

"The owner said!" Ye Xuan said quickly.

In fact, he is not afraid. After all, he still has time-lapse skills, big deal, and it will be fine before he returns to the Blood Flame Hall.

"You should go back first. Don't go away recently. I have already reported your affairs to the main hall. The general hall is very happy after learning about this. After I have carefully planned it, I will send you to the main hall!" Said.

"Xie Tangzhu!"

Ye Xuan once again thanked.

Then he left directly and returned to his place of residence.

Originally, he really wanted to go back in time, and then find a good opportunity to solve Jiang Xingjun and Jiang Xingwen, at least not to let the four guardian disciples see.

This, he still can get it, after all, he has the eye of the void!

However, he feels that Jiang Tai and Jiang Yang are two elders, and certainly will not be rewarded.

.....

"Father, this is really weird!"

On the way back, Jiang Yang could not help but pass on to Jiang Tai.

"I just asked you personally?" Jiang Tai said.

"Yes, these four people really said that they saw the march and the Ye Xuan left the Blood Flame Hall together!" Jiang Yang Zheng focused.

"That blame..."

Jiang Tai's eyes slammed and decided to bring the four people back and ask them carefully.

However, he has made all the methods. The confession of these four people is still the same, and there is no change.

Jiang Yang suddenly thought of a point and tried to say: "Father, it will not be the owner, four of them..."

"You mean, the church owner deliberately searched for the soul first, and then tampering with the memories of the four of them. Is he intentionally covered?" Jiang Tai immediately understood.

"There is this possibility!" Jiang Yang nodded.

"However, the church owner took office for so long, always public and private, and never interfered with the contradiction between me and the sentence, this time why..." Jiang Tai did not understand.

"Maybe, they have colluded together and are ready to rush their father to the blaze!" Jiang Yangdao.

"No matter what, first investigate and say, if it is really a ghost of the church, then it's ruthless to blame me..."

In the double eyes of Jiang Tai, the killing machine flashed.

.....

In the next two days, Ye Xuan was staying in the Blood Flame Hall. During the period, he also broke through the seven real people, and broke into the eight real people, Yan Ghost, Destroyed Ghost, Megatron, and God. It has reached the point of three products and half steps.

After that, he heard the voice of the sentence.

"Ye Xuan, tomorrow, I will **** you to the main hall!"

Hearing this, Ye Xuan's eyes are bright, is it finally going to leave?

He is already planning, and as soon as he arrives at the main hall, he will let the singer and the dragon detect the thousand scales. At that time, he will definitely be a blockbuster. Then he will open the lion and ask for a large number of extinct dragon scales or dying keels. Improve strength.

Soon, it was the next day.

When the next day arrives, the day of the sentence is already in front of Ye Xuan Mansion, and then leaves Ye Xuan directly to leave the Blood Yantang.

The Blood Yantang General Hall is said to have also sent a master of the nine-character Zhenjun level to meet, and the task of adding the penalty day is to send Ye Xuan to the master of the hall.

It is more concealed to add a sentence, but an eight-character Zhenjun left the Blood Flame Hall, and Jiang Tai still got it.

"Huo Ming, add a sentence, kill my grandson, granddaughter, this hatred can not report!"

Jiang Tai looked at the back of the sentence and left, and thought in his heart.

Although he does not understand what is going to be done with Ye Xuan on the day of the sentence, he has already classified the death of Jiang Xingjun and Jiang Xingwen as the extradition of the sentence, while the blood-flame hall is the main body of Huo Ming, it is the cover-up day. !

Therefore, it is a good opportunity to leave the Blood Flame Hall on this additional day!

However, at this time of the sentence, I do not know that I have been included in the list of murder.

"Ye Xuan, I am going to the main hall this time. If you are in the future, don't forget our separation!"

On the way to the road, I can't help but say to Ye Xuan.

"Predecessors can rest assured that the younger generation will not forget." Ye Xuan solemnly said.

Before the penalty days, he was given five thousand dead dragon scales. In the future, when he grew up, it would be no problem to get a 50,000-year-old dragon scale.

"So very good!" Nodded in satisfaction with the sentence.

However, after they left the Blood Flame Hall for a long time, the sky was a few figures.

"The breath is not weak, at least it is seven products, and there are two eight products."

Add a day to see the eyes.

After feeling these breaths, he deliberately took Ye Xuan off a distance, but did not expect that these people actually shifted direction.

It seems that these people are coming to them!

"Be careful, I am afraid that the person is not good!" The sentence was hurriedly reminded.

Ye Xuan also mentioned the spirit of 120,000 points. After all, with his current strength, he could not help the day.

"You, is there something?"

After the other party is close, it is impossible to ask for the sentence.

"Take someone to kill you!"

The eight-piece Zhenjun, who is headed, does not say anything, and does it directly.

The same is true of the four Qipin Zhenjun behind him. It is necessary to kill the sentence.

"The big words are not awkward, the old man has only not shot for many years, don't be a sick cat!"

After the wrath of the wrath, he directly turned into a majestic black dragon.

Moreover, it is still the black wind dragon in the Black Dragon family, the blood is more noble than the average black dragon.

Among the five people, the four Qipin Zhenjun are human beings, and only the eight-character Zhenjun who is the head is the black dragon.

However, they are more than people!

Since Ye Xuan's realm is too low, they simply can't afford any interest, so let's put it anyway.

"I can't participate in this level of combat, but I can help..."

Ye Xuan thought in his heart, that is to give a sentence to the sentence.

If you want to play hard in this battle, you have to use the picture of the beast.

"There are still such treasures, well, then I will try once!"

After hearing the voice of Ye Xuan, he immediately opened the distance with the other party and then turned into a human form.

At the same time, the map of the beast has also appeared.

Chapter 1860: Mysterious comer

"The picture of the beast, give me the town!"

Ye Xuan's eyes widened.

The next moment, the black dragon that was the first man to be transformed, the strength was directly reduced by 60%.

If the map of the beast is only one level, I am afraid that it will not be able to suppress him, but now the magical form of Megatron is advanced, and the map of the beast is a secondary magic weapon, enough to hold the other side.

"what?"

The black dragon was frightened. Suddenly, how did his speed drop?

"Haha, good opportunity!"

Adding a sentence, Tianyi opened his mouth and smiled and quickly killed the past.

Originally, the strength of the other party was at least 30% weaker than him, and now it has been reduced by 60%. In his eyes, the other party is no different from a seven-piece real.

"kill!"

Accelerated in an instant of acceleration, quickly flashed in front of the other party, and then punched out, directly penetrated the other side's chest, exploding its dragon heart.

Spike!

The map of the beasts, but all attributes are reduced, in addition to the speed and defense, attacks, etc., so the genius of the sentence can be a hit.

In addition, the four human beings were shocked and immediately turned around and left.

"Want to go, leave me all!"

After the sentence, Tianzhu's eyes widened and he was killed again.

It's just four of the seven best men, or humans. Naturally, they can't fight with him, even if they can't join hands.

However, the day of the sentence is now a human form, the strength is much worse than the body, leaving only two Qipin Zhenjun, and escaped two.

"Ye Xuan, your real name magic weapon is too much against the sky. If I have this treasure, I can fight with Jiu Pinzhen."

I can't help but say that I can't help it.

Ye Xuan just smiled lightly and said nothing.

Then, it is no nonsense to add a sentence, and directly throw the ring of the two Qizheng Zhenjun on Ye Xuan, and then accept the eight-character Zhenjun.

"These five people don't know who sent me to kill me. It seems that I have to search for the soul!"

On the day of the sentence, I stared at the body and said slowly.

"Predecessors, let me come, I have a magic weapon to search for souls!"

After Ye Xuan finished, he took the bodies of the two Qipin Zhenjun into the planting space, and then used the soul-sounding bells of Megatron to search the soul.

The flow rate in the planting space is very slow, and in less than a second, Ye Xuan is finished.

"It turned out to be him..."

Ye Xuan eyes a glimpse, and then took out a floating crystal spar.

After watching the scene on the floating crystal spar, the murder suddenly broke out.

"Mixing Jiang Tai, even entrusted others to kill me!"

This picture is Ye Xuan's use of the dementor bell, which is stripped from the souls of the two seven-character corpses. This is the new effect after the soul-sounding bell advances.

With this in place, Jiang Tai will die!

"Predecessors, why don't we go back and kill the Jiangtai?" Ye Xuan suggested.

"Well, anyway, the messenger will find a hall, but can't let that Jiangtai run!" He added a penalty and nodded, even if he took Ye Xuan back to the blood-fire hall.

After half a day.

Jia Tian and Ye Xuan returned to the Blood Yantang Hall.

"Father, how come you are back?" After feeling the breath, the Canadian dollar could not help but ask.

"That mixed ginger, even entrusted others to kill me halfway, he was almost stunned by him!"

I can't help but add a sentence.

On the way back, he also had been handed over to the Blood Flame Hall, the main owner, Huo Ming, but Huo Ming said that Jiang Tai and Jiang Yang are not in the blood flame hall at the moment.

"The vast majority of Jiang's people are..."

I felt a bit of a sentence, and in this case, Jiang Tai should not have escaped.

However, Ye Xuan always feels that something is not quite right.

Sure enough, after he had this idea, the face of the sentence was changed.

"Father, what happened?" the Canadian dollar was asking.

"There are a lot of masters, close to our blood hall!" The eyes were widened and the eyes hurried away.

Presumably, the blood-stained lord, the nine-character Zhenjun, has already felt it.

"Who is here?"

At this time, in the sky above the blood flame hall, Huo Ming asked aloud at the front.

However, this time it came to a group of black people. Among them, there are two masters of the nine-class Zhenjun level. In addition, there are ten eight-pound true kings and dozens of seven-piece true kings.

This time, I am afraid it is not that simple!

"Who, you don't need to know, kill!"

The head of a nine-character Zhenjun directly screamed, and the next moment, these black people in the air quickly swooped down.

"Still!"

Huo Ming's face changed and immediately ordered a counterattack.

At this level of combat, I am afraid that only the high-ranking Zhenjun can participate, and the rest will die.

However, Ye Xuan has a card, that is the picture of the beast.

However, what shocked him was that the people who came to attack the Blood Yantang were all human beings, not the demon.

On the side of the Blood Flame Hall, there are quite a few demons, and all of them have been combined with the dragon scales. If it is really better than that, the strength is not much different.

In this case, the damage of both sides may not be small.

In the end, it must be both loses!

Ye Xuan looked in the blood flame hall. This level of fighting is still not the way he can reverse the situation now. However, he wants to try it. After all, Huo Ming, Jia Tiantian and others are not bad for him. He also It is a member of the Blood Flame Hall.

At the moment, he summoned the old couple of trees, and even the fall appeared.

However, Ye Xuan is not prepared to let the fall participate.

When ten pets came out, Ye Xuan suddenly improved his combat power ten times. Not only that, but also the same.

It is a pity that after Ye Xuan and the destructive ghost dragon, the ten times and ten times can not be superimposed into twenty times, still ten times.

"fit!"

Ye Xuan directly merges with the destructive ghost dragon, and combines into one.

As for Megatron, this time it is naturally impossible to turn into the suppression of the beasts of the beasts, because the people who attack the blood of the flames are all human beings.

This time, Megatron can only be turned into a second-level Xuan Shen battle armor, set on the broken gods.

Fortunately, the broken **** is now a three-product half-step real person, after wearing the mysterious war armor, the strength can probably enhance two realms.

Don't forget, there are more than ten times the increase in the blood of the beast god, so its combat power should also be considered a seven-piece true king!

kill!

Ye Xuan first condensed a killing and engraved, and then joined hands to break the gods, the tree and the old three joined forces, attacking one person.

As long as you can kill one person, then you can say it!

The people present will almost never put Ye Xuan in his eyes, but his strength is enough to kill Qi Pinzhen.

"boom!"

Their combined attack accurately hit the back of a seven-character Zhenjun and killed him in an instant.

"Hey, the host's killing value is improved!"

"Hey, the host has a killing mark!"

"Hey, the host has a killing mark!"
