Chapter 188: breakthrough!

"Your realm... have you broken through?" Song Congjing said.

"I don't think it's a big Song Princess. Yes, I am forging and practicing in the forging room. I broke through to the middle of the real world. How about it?" Ye Xuan did not hide it.

Before him, Tang Tian and Song Congjing were both in the early days of the real Xuanjing, but he lacked the top-level martial arts and the top-quality spirits, so he had no bottom in his heart, but after breaking through the middle of the real world, he had the confidence to defeat. These two people.

"How come... I have worked hard for 20 days, but I can't compare it with you while forging and practicing?" The look of the Song Dynasty is somewhat weird.

"No way, this can only show that my talent is higher than you." Ye Xuan shrugged and looked at the way Song Zongjing was eating, and his heart was already happy.

A low-level empire out of the talent, talent is higher than a prince's princess, and even the crown prince, this is indeed worth showing off.

"Hey, luck is good. In the next half month, I can break through to the middle of the real world." Song Congjing looked disdainful, and she was ashamed of being compared to Ye Xuan.

However, her big eyes on the water spirit will still show the envious look.

Hearing this, Ye Xuan was also a glimpse, and suddenly smiled: "Do you want to break through faster?"

"Let's break through again? What do you do?" Song's eyes suddenly turned bright, and she was obviously interested in this.

"Ha ha."

Ye Xuan did not explain, and directly produced a few handprints, and then, around it was the sound of 'Zizi'.

It's getting foggy!

"Ling, you will gather together?"

Song Congjing exclaimed, she suddenly remembered that Ye Xuan had used this array before, because it was because of this, she was given oysters by Ye Xuan. Moreover, Song Cheng also said at the time that Ye Xuan would also be a magical array.

"Yes, I will gather together, and I am quite good at it." Ye Xuan smiled, and then he quickly walked back to his house.

"You wait, how much do you want to help me with a gathering?" Song Chong hurriedly called Ye Xuan.

"I remember, you don't seem to have spar?" Ye Xuan turned and asked.

"Hey, you have earned so much in the past few days. If you borrow me, you will not die." Song Congjing said with some dissatisfaction.

Ye Xuan said slowly: "It is not easy to cloth a gathering of spirits, but I am not lacking spar now, as long as you owe me another favor, plus the previous one is two."

"No." Song Congjing did not want to refuse.

"I can build a matrix based on this gathering, and only need two pieces of crystal spar to maintain it every day. It is difficult, you will not need it in the future?" Ye Xuan added.

Song Congjing heard the words and said with a look of disbelief: "You will build a foundation? You are not kidding?"

"Goodbye!"

Ye Xuan's face is black and closes directly.

"Wait, I want it, I don't want two people." Song Zongjing said quickly.

"Dangdang!"

The door was opened again, and Ye Xuan smiled out from the inside: "Open the door, build the building into your house, you don't have to come in."

ten minutes later.

The gathering of the spirits was completed, and the surrounding world began to gather toward the courtyard.

The heaven and earth vitality of the land of the earth is overflowing from the heavenly palace. Ye Xuan once again gathered the strength of the heavens and the earth, and the cultivation efficiency has at least doubled.

After the incident, Ye Xuan also opened the door, and then took out a hundred pieces of the crystal spar in a very generous manner, handed it to the Song Dynasty, and said: "This hundred pieces are first loaned to you, and I will pay back later. ""

"Small ghosts." Song Tanjing said in dissatisfaction, she did not dare to say in the face of Ye Xuan, for fear of the other side to recover.

However, Gathering is also the best one she has ever seen, just covering the entire yard and practicing it here can do more with less.

"You will refining the instrument, and will be in the same way. The qualifications are still so high. Are you really coming out of the lower empire?" Song Congjing couldn't help but ask.

"Don't you think that I am the prince of a certain dynasty?" Ye Xuan asked.

"It doesn't look like you look at it. You shouldn't start practicing in the mother's womb?" Song Congjing looked suspicious.

Ye Xuan's face suddenly sank and said: "In fact, I am already a hundred-year-old monster."

When he finished, he was ready to go back to his room. At this moment, Song Congjing also stopped him.

"Right, when you are not there, there is a big fat man to come to you." Song Congjing suddenly remembered this matter.

Big fat man?

Ye Xuan's foot is the next one, should it be Zhao Pan?

Speaking of it, after entering Lingxiaofu, he has not yet gone to Zhaopan.

"I know."

Ye Xuan said, he turned and left, but he did not take a few steps but stopped, turned and asked: "Is there any interest in making a deal?"

"What?" Song dynasty asked with bright, big eyes.

"Top grade martial arts, you will not pass it to me, then the spirit of the martial arts can always be? I use the spar to buy." Ye Xuan asked.

Song Chongjing nodded: "Zhongpin Spiritual Martial Arts? It can be, but you can't pass it out."

"Only two people!" Ye Xuan added a sentence.

"This..." Song Dynasty hesitated for a moment, and finally nodded.

Now she has no resources to cultivate at all. Can't she sell the sword of Shangpin Spirit?

At the moment, Ye Xuan learned four martial arts martial arts from her side, which is just attack, defense, bodywork, and practice. She spent a thousand of spars.

These four middle-class martial arts are all superior, so the price is still expensive. With these four martial arts, Zhao Pan and Jiang Xian will be able to squeeze into the mysterious list within a year.

After leaving the residence, Ye Xuan went to Jiangyou and then went to Xuanzhifu.

The land of the house and the Xuanzhi House are adjacent, and the road is not far away. After Ye Xuan ran for an hour, he also successfully entered the Xuanzhi House.

However, he did not know where Zhao Pan lived.

"Hey, this brother, where did the disciples who just entered the Xuanzhi House live last month?"

Ye Xuan directly stopped a disciple of Xuanzhifu passing by.

The disciple of the local government saw that Ye Xuan suddenly appeared, and he almost scared the urine. He did not understand why a person in the middle of a real situation had such speed.

However, after he saw the clothes worn by Ye Xuan, he was calm, pointing to one direction: "It was the younger brother of the local government, they lived there."

"Thank you for your brother's advice!"

After Ye Xuan finished, it was a step away and the speed exceeded the reaction of the disciple.

"Hey, this hidden treasure is really good. He thought that I was only in the middle of the real world." Ye Xuan ran while thinking in his heart.

Hidden Baozhu is a treasure that he exchanged from the phagocytic system. He can disguise his own realm. Unless the realm greatly exceeds him, it is hard to find.
