Chapter 1881: Third messenger

"Ok?"

When the Black Dragon St. made a sound, it did feel strange. The White Dragon Sanctuary was already crushed by him. Waiting for a while, the White Dragon Sanctuary will surely be defeated.

However, Bai Long Sheng Ming knows that he can't beat him. He has no chance to take the time to kill Ye Xuan, but he still has to stay to continue fighting. Why?

The next moment, he will know!

"Not good, another one!"

Black Dragon St. changed his face and turned his head to see another white figure.

Another white dragon sanctuary!

No wonder, this middle-aged person does not leave, it is waiting for rescue.

If it is a one-on-one, the middle-aged man in white must not beat the Black Dragon Saint, but if it is two-on-one, this is not possible.

Not only that, but the Black Dragon Saints also found that the White Dragon Saint, who had just arrived, looked like a middle-aged man, and turned out to be twins.

"It turned out to be you!"

The Black Dragon Saint suddenly reacted.

In the White Dragon Hall, there is a pair of twin ambassadors. The two are good at the combination of the two, so that if two people join forces, they can at least three people.

The middle-aged man in front of Ye Xuan was the younger brother of the twins, Cao Zhenxiong, and his brother, who was just arrived, was called Cao Zhenying.

This is trouble!

"Is it you, did you seriously hurt my brother last time?" Cao Zhenying asked with a wink.

"What is it?" The Black Dragon Saint made a low drink.

"If that's the case, then..."

Cao Zhenying looked cold and was preparing to shoot, but it was received by Cao Zhenxiong.

"Big brother, first grab the kid and the black dragon!"

In this trip, their purpose is to seize Ye Xuan and destroy the ghost dragon, not to kill the Black Dragon.

Because the Black Dragon Holy Ghost can't beat it, but he still escaped.

When Cao Zhenying heard this, he couldn't help but divert his attention. Cao Zhenxiong still has to cope with it. He can run away at that time, or solve Ye Xuan and the dying ghost dragon first.

"not good!"

Black Dragon St. makes his face change again.

If he is allowed to bring Ye Xuan back to Heilongjiang, he will be able to let the Black Dragon teach over the White Dragon Temple, so Ye Xuan is very important.

Certainly, you can't let Ye Xuan fall into the hands of Bailong Temple!

"I am serious, even if I am dead today, I will kill you both!"

The Black Dragon St. screamed with anger and a **** pattern appeared throughout the body.

"It's going to be desperate!"

Cao Zhenying and Cao Zhenxiong looked at each other and immediately became cautious.

At the same time, Ye Xuan's mind also sounded a tone.

"Hey, the host triggers random missions, avoiding the chase of the white dragons!"

Random tasks, even triggered!

Moreover, this time, as before, it is impossible to use the time-lapse skills, and the avoidance time is three days. It cannot be found by the two white dragon saints.

This is awkward, pit!

"Predecessors, help me to block their pressure, I can escape by myself!"

Ye Xuan rushed to the Black Dragon Saint.

"it is good!"

The black dragon sanctuary quickly flashed between Ye Xuan and two white dragons.

The next moment, Ye Xuan's body can move, and the mark left by the white dragon's sacred body disappears.

At the moment, he received the planting space from the black dragon envoy who had passed through the ghost dragon and had passed the ditch, and then broke open the void and drilled in.

"not good!"

Cao Zhenxiong reacted, but it was already late, and the door of the void was closed.

Ye Xuan, escape from birth!

When Ye Xuan left, the Black Dragon Sanctuary was much easier. He only had to find a chance to leave on his own.

However, this Cao Zhenying and Cao Zhenxiong brothers are very difficult to join together. Even if the Black Dragon Sanctuary is desperate, it is not so easy to escape.

At this time, on the other side.

"The White Dragon Sanctuary is at least a semi-sanctified level. It is several times higher than Megatron. The map of the beasts and the mysterious warfare will not have any effect. Fortunately, I fled..."

Ye Xuan is frightened. After all, the time-lapse skills can no longer be used. If you accidentally hang it, you will need to consume three points to repair the three avatars.

The most important thing is that the fourth avatar is in the mortal world. Even if he rises to the fairy world, he does not know how to come to the holy world again!

Therefore, he is very careful!

"I have left a death killing order on the Black Dragon Saint. If he is dead, I will know. If it is really dead, I will help him revenge!"

Ye Xuan made a decision in his heart.

However, at present, he still escaped these three days and said that in the past three days, he has a low-key point.

In addition to knowing if the marked object is still alive, the death killing order can sense its distance.

A few seconds after he left, the Black Dragon Sanctuary also moved quickly and appeared to be fleeing.

In these three days, Ye Xuan was so worried that no one was released, and he acted alone.

one day.

Two days.

Three days.

Finally, three days have passed!

"Hey, the host completes the random task and rewards the time to control the time!"

Now, the ratio of planting space to the outside world is 560 years to go one day, the outside world one day, inside 560 years.

At the same time, at the moment when the random task was completed, the time-lapse was finally available, but it was impossible to return to yesterday and only return to the few seconds after the completion of the random task.

Therefore, Ye Xuan decided to stay in the day, so that if something happens, it can be back in time.

"In the days when I avoided the White Dragon Saint, I broke through to a true prince, but this strength has no effect on this level of master..."

Ye Xuan thought in his heart, that is, looking into the distance, the distant sky has a scarlet big character.

This means that the Black Dragon Sanctuary is still alive!

"He hasn't moved, it's estimated to be healing..."

Ye Xuan thought in his heart and decided to go to the Black Dragon Sanctuary.

He estimated the distance, and it took about two or three days to find the Black Dragon Sanctuary. Of course, this would have happened if the Black Dragon Saint did not move.

Moreover, Ye Xuan also only wants to not touch the two white dragons, otherwise they can only use time back.

Fortunately, Megatron has another magic weapon, called streamer stealth, which can greatly reduce the existence of Ye Xuan, which is most suitable for concealing the road.

Soon, it took three days.

Three days later, Ye Xuan's realm also broke through to the second product, and after a breakthrough, he found the Black Dragon Saint.

Unfortunately, the Black Dragon Sanctuary at this time is already dying.

"Predecessors, how is your injury?"

Ye Xuan immediately asked.

"You kid can find me here, and it's a bit tolerant..."

The Black Dragon Sheng opened his mouth and smiled, then shook his head and said: "Unfortunately, I was sprayed two by the two. Purifying the holy light is very deadly to me. The poison has spread to the heart. It is estimated that I can only support one day. !"

For him, the purification of the holy light is poison!

Chapter 1882: Pan Hong

"What, only one day left?"

Ye Xuan brows a pick, this is a tragedy, he finally met the Black Dragon Saint, but did not expect to encounter two white dragons.

This black dragon sacred can only live for a day, then what should he do?

"Haha, don't make a fuss. Although I am seriously injured, I also pulled Cao Zhenying down and buried it." Black Dragon Sheng smiled.

Cao Zhenying, is the twin brother who came to later. If he is dead, Cao Zhenxiong is afraid to be crazy.

"Predecessors, is there any other way?" Ye Xuan frowned.

"No, this level of poison, you can't solve it. Now I am even difficult to move, and I am ready to die."

The Black Dragon Saint shook his head.

Even so, Ye Xuan still took out his own blood bottle, but unfortunately it was useless.

His realm is only a true monarch. After the real king, there are still half-step true kings, true kings, half-step true emperors, true emperors, half-step true respects, true respects, half-step true emperors, true emperors.

It's worse than so many realms, it's blameless for the blood of the gods!

"Forget it, I know your heart." The Black Dragon Holy Shake shook his head.

For him, Ye Xuan is also guilty, because if he was not discovered, the Black Dragon Sanctuary will not be besieged, and it will fall to the point of being degraded.

"Right, the reason why you are discovered is that your black dragon is a fusion of the best keel, and the low-level hidden beads can't hide the breath..."

The Black Dragon Sheng said, can not help but look to his hand, sighed: "Unfortunately, in the previous battle, my Qiang Kun ring was destroyed, nothing can be left for you."

"But, I have one last thing!"

Ye Xuan heard this, his eyes could not help but shine.

What is the level of the Black Dragon St., his gift must be very good!

"The last thing is my body!"

The Black Dragon St. said: "I also combined a lot of the best dragon scales, keel and dragon blood. Although I can't catch up with the black dragons of the year, the dragon scales on my body are almost the same as the dragon scales. When I am dead. You are all separated!"

"The body?"

Ye Xuan's brow wrinkles, the black dragon sanctuary is a demon, not a fairy beast, his things, the world's ghosts can not be integrated.

However, he did not directly say it. After all, this is a good intention of the Black Dragon Saint.

"In addition, give me a floating crystal spar, I want to record something, let you hand it over to my apprentice."

The Black Dragon Saint said.

"it is good!"

Ye Xuan said nothing, directly exchanged with the most advanced floating shadow spar that can be exchanged.

After the recording of the Black Dragon Sanctuary, he handed it over to Ye Xuan, saying: "My name is Feng Beihan, but it is one of the nine great emperors of the Black Dragon. I just received the apprentice named Pan Hong, who has a special constitution. I want to train him to help him become a black dragon ambassador. It seems that it is no good. You will go to him with a floating spar, he will arrange it!"

"Predecessors, I must do it!" Ye Xuan nodded.

Then, the Black Dragon Saint is to teach Ye Xuan how to find Pan Hong. It turns out that there is a hidden transmission array nearby, which needs to be opened with the best keel. The foothold of this hidden transmission array is in the Pan family.

One day later, the Black Dragon Sanctuary fell, and Ye Xuan took his body and went to the hidden transmission array.

However, this section of the road, Ye Xuan went to fear, because he was always afraid of being discovered by the two white dragons.

No, the Black Dragon Saint has killed Cao Zhenying, so there is only one White Dragon Saint.

Fortunately, it is just a false alarm!

A few days later, Ye Xuan arrived at the covert transmission array built by the Black Dragon Sanctuary, and then used the synthetic piece of the best keel to transmit.

"Hey!"

The transmission array is turned on.

This transmission array can transmit a long distance. As long as it falls, Ye Xuan estimates that there is no need to worry about it.

At this point, somewhere in the sanctuary, a transmission array suddenly started to work.

"The transmission array is starting to run, fast, and immediately notify the lesser owners!"

This one transmission array is under the Pan family.

Not waiting for Ye Xuan to land, Pan Hong is already rushing over.

"The master is back?"

Pan Hong brows a pick.

Then he saw a figure and appeared in the transmission array.

"Well? Not a master?"

After seeing this strange young man, Pan Hong was surprised and couldn't help but ask: "Who are you?"

This person who appeared in the transmission array is Ye Xuan undoubtedly. He looked around and found only a little fat man who was about fifteen or six years old.

"In the next leaf Xuan, is to find Pan Hong!" Ye Xuan replied.

"I am Pan Hong, how do you know this transmission array?" Pan Hong eyes a glimpse.

Hearing this, Ye Xuan is a little unbelievable.

This little fat man is the apprentice Pan Hong of the Black Dragon Saint.

This is totally different from Pan Hong in his fantasy!

However, the strength of Pan Hong is so strong that he can't see through it. It is much stronger than the former Black Dragon Envoy.

"I was entrusted to the North Han seniors, come to Pan's home to find you." Ye Xuan is also nonsense, directly from the Qiankun ring to take the floating crystal spar, and the black dragon sanctuary sealed the cold body.

"This....."

After Pan Hong saw the body of Feng Beihan, the whole person was paralyzed. "Master, is it dead?"

"Fengbei Han seniors were seriously injured by the twin sacred sects of Bailong Temple. Finally, the purified dragon light corroded the dragon heart and died." Ye Xuan said things.

"Still!"

Pan Hong screamed, and the breath spread, and Ye Xuan could not be moved.

After a long time, he only came over. At this time, he had already finished watching the floating crystal spar, then turned to look at Ye Xuan and asked: "My master told me to arrange you, but your black dragon is really level. , even combined with two hundred best dragon scales?"

"Yes!"

Ye Xuan nodded, but did not summon the sinister ghost dragon, because he was afraid to attract the White Dragon sacred again. At that time, the Pan family had to bear the catastrophe.

In the floating crystal spar, Feng Beihan also mentioned this point, so Pan Hong did not ask more, directly took out a hidden bead and threw it to Ye Xuan.

This hidden pearl is the highest level of Black Dragon teaching. With it, there is no need to be afraid of leaking after the evil dragons are destroyed.

Then, the demon ghost was summoned by Ye Xuan, and then Pan Hong felt it.

"It's incredible. I'm already a nine-pronged king. I only have a combination of ten best dragon scales." Pan Hong has some helplessness.

Ten pieces of the best dragon scales, is the standard of the true emperor level, Pan Hong can be reached in the realm of the nine kings, this qualification naturally needless to say.

Originally, he had a little bit of a nose and a feeling of heaven. After seeing Ye Xuan's dying ghosts, some had only a sense of shame.

In the face of this enchanting demon, the ten geniuses are nothing at all.

After all, the demon world is the realm of the king.

Chapter 1883: Black Dragon Academy

"The master said, let you go to the Black Dragon Academy for study with me."

At this time, Pan Hong suddenly said.

"Black Dragon Academy, where is it?" Ye Xuan brows a pick, he is the first time to hear the name, before the North Han did not tell him.

"Black Dragon Academy is the place where the black dragon teaches the cultivation of genius. Only when it is recommended can it go in. The master originally wanted to come back and personally take me to the Black Dragon Academy." Pan Hongdao.

"This Black Dragon Academy is a place where Black Dragon teaches to cultivate genius. If I go in this situation, I will be able to get a lot of the best dragon scales and keels."

When Ye Xuan thought about it, he nodded directly.

Pan Hong felt that things should not be delayed, so after explaining it, he stood directly in the transmission array.

It turned out that this transmission array can also be directly transmitted to the Black Dragon University.

Ye Xuan thought that he was living in Pan, but he did not expect to go directly to one of the most strict places in Heilongjiang, and he was a bit scared.

Before he continued to be shocked, the transmission array was already running again. This time, the destination was the Black Dragon School.

"Hey!"

Inside the Black Dragon Church, the Black Dragon School.

"The Holy Ghost is back!"

In a transfer palace, a white-haired old man suddenly stood up and looked at the transmission array respectfully.

This, but the most advanced transmission array, only the Black Dragon Holy Seal can be used.

However, the people from this transmission array are not the black dragons, but the two young people.

"Ok?"

The old man was in shape and looked at it carefully.

A three-pronged true king, one, nine good king!

"Who are you two?" The old man looked at Pan Hong and Ye Xuan who landed.

"See you old!"

Pan Hong respectfully embraced the boxing, and then said: "I am the ninth sacred ambassador of the Black Dragon Church, Pan Hong, the apprentice of the North Cold, this is my recommendation!"

"Oh? The apprentice of the saints?"

The old man, who is called the old man, has a bright eye, and the recommendation is received in the air. It is indeed the handwriting of the North Cold.

"Well, come with me!"

Nodded old.

Before the closure of the North Han has passed with him, and received a new apprentice. However, he did not know that the Black Dragon Sanctuary had fallen.

"This predecessor is called the old man, and he is the genius who specializes in receiving the pulse of the master."

On the way, Pan Hong gave Ye Xuan a voice: "This time, only I have the certificate, so it is me who joins the Black Dragon School. You may want to enter as my attendant. But I will communicate with the old man now to see if Help you get in."

When Ye Xuan heard it, he nodded immediately: "Good!"

After a while, the old man who walked in front of him suddenly stepped forward and stared at Ye Xuan.

The old man looked at Ye Xuan with a blank look and asked: "Do you have a black dragon that blends two hundred dragon scales?"

"Yes!" Ye Xuan nodded.

"I am old, he is the apprentice that the master has just received, and he still hopes to forgive him." Pan Hong said quickly.

The old man nodded slightly and said: "If this is the case, then there is no problem. If the owner knows that there is such a genius to enter school, he will be very happy."

It seems that Ye Xuan has no problem.

However, his realm is so low. If the qualifications are exposed, there may be many problems.

For example, red eyes.

The ten-year-old position is still quite big, and directly helped Ye Xuan to be included in the Black Dragon School.

"After entering the Black Dragon Academy, you must learn to keep a low profile. After all, there are countless geniuses here. It's much better than you to come out alone. Although you are entering a foreign house at the moment, you can't take advantage of yourself as a saint. If you come in, you can deceive yourself..."

The old man said to Ye Xuan and Pan Hong.

"Yes, old!"

Ye Xuan and Pan Hong are nodding.

Indeed, this black dragon school is unfathomable, even if it is just a foreign government, there are many real emperors, and their strength comes in, it is the bottom of the existence.

"The Black Dragon School can receive a cultivation resource every year, and it is given according to your qualifications."

When the old man finished, he couldn't help but look at Pan Hong. He said: "You are the king of Jiu Pinzhen. It combines ten best dragon scales, two levels higher than the standard. Plus you are the apprentice of the saints, recommended by him. People who come in can get three times the resources!"

"As for Ye Xuan, your black dragon has already merged two hundred pieces of the best dragon scales, and it is only the real world of the real king, five levels higher than the standard, and you have acquired a multiple of cultivation resources, and more than Pan Hong!"

For the cultivation of resources, Ye Xuan has no need for it. After all, his upgrade speed has been limited.

However, the fall and the black horn can be used, and when it comes to planting space, the realm of the two will be mad.

"I am old, how do you distribute the dragon scales and keels?" Ye Xuan asked.

"There is no regularity in the distribution of these. I estimate that you can get a Longyuan every year."

The old man replied: "A dragon source, including ten best dragon scales, a superb keel and a bottle of dragon blood, so that the combination will be better than a single fusion, but the dragon blood is rare. So there is no circulation."

"It turned out to be."

Ye Xuan nodded slightly.

However, every year a Longyuan, this is a bit less, if it is counted, it will be thirty pieces of the best dragon scales.

It seems that you have to find other ways to do it.

"I am old, can you get Longyuan in other places?" Ye Xuan asked again.

"Yes, there are many places in the Black Dragon School that can get Longyuan, such as the Black Dragon Tower. If you really get through the first layer, you can get a Longyuan, and the second layer can get two Longyuan. This type of push."

Xun Lao explained: "However, the Black Dragon Tower will change according to each person's realm. Anyway, the first layer is higher than you, and the second layer is high. If you break through to the next big realm, Then the number of layers in the Black Dragon Tower will be refreshed."

After listening to it, Ye Xuan felt a bit like a deja vu, and it was similar to the trial tower. He estimates that he can get a lot of dragon sources here and then improve his strength.

"Well, other things, you can see the manual just given to you. If you have any difficulties, you can come to me."

When the old man finished speaking, he left directly.

The residences of Ye Xuan and Pan Hong have already been allocated, so they decided to go back and see.

"Ye Xuan, the old man does not know that the master has fallen, but the master has a life jade card in the black dragon teaching. When he died, the life jade card also directly shattered. I estimate that the black dragon education elite has already angered."

Pan Hong gave a message to Ye Xuan: "In the Black Dragon School, there are actually nine veins, and the nine great sacred sects are all in one line. There are still many black dragon families supporting them. Now the master is dead. It is estimated that he supported his family before. I have to go to other people."

Chapter 1884: Black Dragon Tower

"This is also a no-brainer, we can only become stronger, and then help him revenge!"

Ye Xuan sighed.

"Yes, but the master is a sage, but there is another ambassador who is not in harmony with him. We must be careful. The sage is called 胥冬, he established the alliance, and if the people of the squad know that the master is dead, I am afraid I will come to us for trouble."

After Pan Hong finished speaking, he couldn't help but look around and said: "So I suggest that you should go out less and retreat. If you encounter any difficulties, go to the old one."

"understand!"

Ye Xuan nodded.

Then, Pan Hong went back to his residence. He had just entered the Black Dragon School. In fact, he could receive Longyuan. However, he was the apprentice of Feng Hanhan, and he could not find these things.

What he wants to do most now is to retreat and cultivate!

As for Ye Xuan, but he does not have money, naturally he first went to receive a Longyuan.

A dragon source, including ten best dragon scales, a piece of the best keel and a bottle of the best dragon blood.

After a while, Ye Xuan received a copy.

"A dragon source goes down, I don't know how much the Ghosts can be improved."

Ye Xuan threw this dragon source directly into the planting space.

Unfortunately, this stage requires a hundred pieces of the best keel, a dragon source is only equivalent to three.

However, a Longyuan is a 5 percent increase in the elimination of the Ghosts. You should know that if all of them are the best keel, then it would be only three percent at most. It seems that this is the effect of the three together.

"Now Longyuan is used up, and the cultivation resources are full, still have to go out and earn!"

Ye Xuan thought in his heart.

He is a genius of five geniuses, which is five grades higher than the standard, so he can get five times the resources for cultivation.

Plus, it is recommended by the Black Dragon Saint, and tripled, so he can get eight times the resources every year. It is a pity that there are not many temptations for Ye Xuan to cultivate resources.

After leaving the residence, Ye Xuan went to the Black Dragon Tower. There were many people on the road pointing at him. He thought he had already known his identity.

Pan Hong is just a second-class genius, but he is a five-genius genius!

No, the devil is the five geniuses!

You must know that there have been many geniuses in the Black Dragon Dance. Their final achievements are at least 100,000 geniuses and even millions of geniuses.

There are these examples, as long as there is no accident, Ye Xuan is also a genius of this level sooner or later.

Soon, Ye Xuan came to the front of the Black Dragon Tower.

"With my strength, even if it is not combined with the destructive ghosts, it should not be a problem to hit ten or more floors?"

Ye Xuan thought about it.

This black dragon tower and trial tower are of a nature, but the trial tower is not allowed to summon pets.

Just don't know if this black dragon tower has this restriction!

At the moment, Ye Xuan is going in.

This Black Dragon Tower is a very powerful magic weapon. Everyone goes in differently. Ye Xuan enters the first floor of the Black Dragon Tower. Then he has to face a high-level opponent.

Moreover, these opponents are all black dragons!

"It's all black dragons, it's just welfare for me!"

Ye Xuan's eyes lit up.

"Hey!"

Still not waiting for him to react, the black dragon in front of him killed the past, he raised his hand is a sword, and instantly kill each other.

Although Ye Xuan is only a three-pronged true monarch, it is really a fighting power that has already got a half-step true king level. It is too easy to kill a four-figure level black dragon.

However, Ye Xuan did not feel complacent about it. What surprised him was that Megatron could appear in the Black Dragon Tower.

"Hey..."

Ye Xuanyi opened his mouth and smiled. In this case, with the help of the mysterious warrior armor, the strength will be unparalleled.

The first layer, through!

The second layer, through!

The third layer, or spike kill!

The speed at which Ye Xuan got through was amazing.

Outside the Black Dragon Tower, there are also many people gathered. They can see a battle inside the Black Dragon Tower.

In the end, these people gathered their eyes on Ye Xuan.

"The more you can fight so many levels, this guy is too powerful?"

"He seems to be just a human being, and he has not merged with the evil dragons. I don't know why he has such a strong strength."

"You don't know. I heard that he was recommended by the Ninth Holy Ghost. He is the apprentice of the Ninth Holy Messenger."

"What, the apprentice of the Holy Ghost? No wonder so powerful!"

"If you let him integrate the dragon scales, it is not stronger, I don't know why it is not."

"That is because he is a beastmaster. The black dragon he surrendered is only a seven-piece real king, but he has already integrated two hundred pieces of the best dragon scales. He has reached the standard of half-step true respect, and is a five-genius genius!"

"What, five geniuses, how is this possible?"

"I didn't expect it to be a five-genius genius. I don't know where it came from."

Outside the Black Dragon Tower, countless Black Dragon geniuses are sighing there.

In a twinkling of an eye, Ye Xuan has already hit the seventh floor, and is still going up.

The eighth, ninth, and tenth layers...

With the mysterious warfare armor, Ye Xuan has hit more than ten floors by his own strength.

Not only that, but his attack has increased for the beast, and he estimates that his limit should be around the thirteenth level.

However, this is not the point. The focus is on the old trees, the gods and the devils.

Soon, he hit the thirteenth floor, but this time it was a tough win.

"It has already reached the thirteenth floor. The next layer is the height of my fourteen realms. The eight-product half-step real king seems to have let the ghosts go down."

Ye Xuan thought secretly.

In order to eliminate the current strength of the Ghost Dragon, even if you don't fit with Ye Xuan, you can easily play the 14th floor. After all, it is four levels higher than Ye Xuan.

The geniuses outside the Black Dragon Tower finally saw the deity of the Ghost Dragon.

They looked at the dragon's tortoise and couldn't help but open their mouths. This domineering black dragon, they saw it for the first time.

A blow, kill the 14th floor guard black dragon!

However, the strength of the destructive ghost dragon is far from this. After all the way, it will directly kill the twentieth layer. Now he has to face the master of the nine-level real king.

If it was before, he couldn't beat this level, but now it has merged so many dragon scales, and the opponent is a black dragon. There is Megatron, what can't you kill?

"Inflame the black dragon wave!"

Ye Xuan is now taking a quick fix, and he will directly kill his opponent.

Twenty floors, customs clearance!

"In the combined state, you can kill the twenty-story black dragon without using the killing state. If it is full force, you may hit the twenty-fifth floor!"

Ye Xuan thought in his heart.

Chapter 1885: Dragon Soul

From the first floor to the twentieth floor, Ye Xuan's rewards are constantly superimposed. That is to say, he has already received two hundred and ten dragons.

At the moment, he only needs more than a dozen Longyuan to upgrade to the next stage, two hundred and ten, enough.

However, he is still in the middle of the current situation, so he did not receive Longyuan.

"Twenty-one, continue!"

Ye Xuan's eyes glimpsed and climbed the ladder of twenty-one.

From this level, he has to have a card.

"Killing and engraving, ten explosions!"

On the 21st floor, Ye Xuan, who saw the 21st floor guard, directly broke out 10 killing marks and enhanced the power of 20 times.

Originally, he only had five chances of killing and engraving. But this black dragon tower is very strange. The black dragon who killed these guards will also get the kill value, so his killings will be raised to ten on the twentieth floor.

Ye Xuan, who has improved his strength by 20 times, is still killing the 21st floor of the black dragon, and then embarked on the 22nd floor.

The twenty-second layer is still 20 times outbreak!

The twenty-third layer, still twenty times!

Twenty-four layers, twenty times!

However, on the twenty-fifth floor, it is difficult to kill the black dragon with a 20-fold outbreak.

After all, Ye Xuan after the fit is Qipin Zhenjun, and the twenty-fifth-level Guardian Black Dragon is twenty-five more than him, reaching the five-good real emperor.

Moreover, this is just the limit of the suppression of the map of the beasts. Although this war can be played, it is not too easy.

After a big battle, Ye Xuan still killed the 25th floor of the black dragon, and cleared the 25th floor.

At this time, his Longyuan reward has been superimposed over three hundred copies.

Outside the Black Dragon Tower, the group of foreign geniuses were shocked and unable to speak.

"Too, it's terrible. It's actually twenty-five, it's really super enchanting!"

"Five geniuses, it is worthy of five geniuses. We must know that there are more than 30 layers in the top of our black dragon tower. So far no one has ever been to it. When he came in, he hit the 25th floor. It was terrible! "

"I remember that the first day of our Black Dragon School was the Jupiter River. The highest record is twenty-seventh floor?"

"Yes, the end of the Jupiter River brother is also a five-product genius, and it is already a million-scale genius, it is amazing!"

These foreign geniuses, the number of integration is more than a hundred, because more than one hundred, they can apply to enter the government.

And Ye Xuan's destructive ghost dragon, but more than two hundred pieces of the best dragon scales, far beyond them.

At this moment, Ye Xuan has already given up the challenge of the Black Dragon Tower and has come down.

Everyone looked at his indifferent face, but they didn't dare to approach. After all, such a genius was very strange. If you angered him, don't think about mixing in the future.

Ye Xuan was also deliberate, so that these flies would not be greeted. After he left the Black Dragon Tower, he went directly to receive his reward, a total of 325 Longyuan.

Moreover, the record of the Black Dragon Tower will refresh the number of Longyuan that can be collected at this level every year.

Originally, Ye Xuan was only able to receive a Longyuan every year, and now it has soared to 325.

However, Ye Xuan can wait less than a year.

Moreover, giving him a year, he can break through dozens of times, enough to reach true respect.

After receiving 325 Longyuan, Ye Xuan quickly returned to his place of residence, allowing the dragons to merge with these dragons.

A dragon source, there are ten best dragon scales, a superb keel and a bottle of dragon blood.

After the combination of these dragons, the increase was directly increased by fifteen times.

However, after the increase of fifteen times, the degree of increase will not be seen, but the increase is still.

"The speed of integration of the Ghosts and Dragons, combined with the planting space is simply too strong, and now the Ghosts of the World have finally reached the point of the best genius..."

Ye Xuan's eyes are slightly stunned.

In the Black Dragon School, the best scales are the standard of the half-step true emperor, and the demon ghosts are actually completed in the real world.

However, in order to fuse so many dragon sources, it took a lot of time to destroy the ghost dragon.

The outside world has actually been in the past ten days.

In these ten days, Ye Xuan's realm smashed into the five-character Zhenjun, while the ruined ghost dragon was Jiu Pinzhen.

However, when Ye Xuan was ready to continue to challenge the black dragon tower of the foreign capital, Pan Hong suddenly came to the sound.

"Ye Xuan, is it convenient now?" Pan Hong said.

"what's up?"

Ye Xuan brows a pick.

Seeing the return of Ye Xuan, Pan Hong immediately rushed to the house of Ye Xuan.

"There are some things that must be said to you."

Pan Hong walked in and said: "I heard that you took the black dragon tower to the 25th floor a while ago?"

"Not bad!"

Ye Xuan nodded, this is already news ten days ago, Pan Hong is retreating these days, just knowing that it is normal.

"The master has fallen, and now the inside of the Black Dragon teaches this thing. Someone has asked me before, so the ninth black dragon made this position, and it was empty."

Pan Hongton paused and then continued: "Before the master passed me, let me continue to pass on the ninth Black Dragon ambassador, but in my current situation, I am afraid it is difficult to shoulder heavy responsibility..."

Hearing this, Ye Xuan somewhat understands what Pan Hong wants to say.

"I am just a second-class genius, but you are a five-talented genius, and I am also a deputy apprentice to openly to the public. With your qualifications, there is a great chance to become the ninth ambassador." Pan Hong said.

Sure enough, Pan Hong wanted him to be the ninth ambassador of the Black Dragon.

However, it is at this time.

"Hey, the host triggers a random mission and becomes the ninth ambassador of the Black Dragon!"

A system sound, suddenly sounded in Ye Xuan's mind.

Although Ye Xuan did not want to be a ninth ambassador, but since the task came out, he was not good to refuse.

"But, I am just a real gentleman now, too much difference!" said Ye Xuan.

"Black Dragon Sanctuary, it has always been a qualification, not a realm. As long as you can pass the Black Dragon and get the Black Dragon heritage, then you are the Ninth Holy Messenger." Pan Hongdao.

Black Dragonfly!

After hearing the name, Ye Xuan could not help but ask: "Black Dragon, what is it?"

"Black dragon scorpion is the land of the ruined black dragon. There is a dragon soul of the black dragon. If you can get the dragon soul, then you can become the black dragon sage!"

Pan Hong explained: "The master also got the dragon soul before, but after he died, the dragon soul disappeared."

"Is there a dragon soul?"

Ye Xuan's brow was picked.

Dragon scales, keels, dragon blood three combinations, the effect will be better than a single, if you come to a dragon soul, the effect will definitely be very good.

When I heard this, Ye Xuan was tempted.

Chapter 1886: Twenty-seven layers?

The breath of the sinister ghost dragon is very similar to that of the dying black dragon. It should not be a problem to get the black dragon heritage, but at the moment, the most troublesome thing is his realm.

Looking at Ye Xuan's thinking, Pan Hong said: "Before the masters established by my master, there are three great families under the squad, but after the fall of the master, there are two great families who have turned to other black dragon sacred priests. There is only one home left."

"Would you like to become a black dragon ambassador, and have a great relationship with these families?" asked Ye Xuan.

"The master is degraded, and my background is not deep enough. If there is no support from these families, whether it is cultivation resources or Longyuan, it is not enough!" Pan Hong sighed.

"It turns out!"

Ye Xuan understood.

Although I have gone to two families, there is still one family left, not too bad.

With these cultivation resources and Longyuan, Ye Xuan's strength can be upgraded infinitely.

"In this case, I try to be!" Ye Xuan nodded.

Of course, if there is no random task, he may not agree.

However, things are not that simple.

Just after Ye Xuan agreed, Pan Hong suddenly received a message and suddenly changed his face.

"what happened?"

Ye Xuan asked.

"The last family has gone, and now we are isolated!"

Pan Hong said a message that leaves Ye Xuan cool.

Originally, Ye Xuan thought there was still a backing, but now it seems that Mao is gone!

"It really gave me a problem."

Ye Xuan had no choice but to sigh. If this is the case, then he has to earn it himself.

"Black Dragon Tower, currently calculated according to my true level, if I break through to the half-step real king, then I can refresh, and the reward will be more!"

Ye Xuan's eyes are slightly stunned.

At this time, he is only a five-pronged master, and he wants to upgrade to a half-step real king, and it takes nearly a month.

In this case, he will practice with peace of mind.

In less than a month, Ye Xuan broke through from Wu Pinzhen, all the way to a half-step true king, and the evil spirits of the world have also been upgraded to the five-product half-step real king.

Now he can continue to challenge the Black Dragon Tower.

"I heard that the half-step true king level challenged the Black Dragon Tower, which is three times the level of the true king. If I hit the 25th floor again, I can get nearly a thousand Longyuan."

Ye Xuan thought in his heart.

A dragon source is equivalent to thirty pieces of the best dragon scales, and one thousand is 30,000 pieces.

The geniuses of the foreign government cannot use so much. However, they will generally fail when they integrate the dragon source, and the dragon sources that failed will be consumed, so there will be so many dragon source rewards.

But no one knows that the desolation of the ghost dragon is already a genius of genius. This qualification has already crushed any genius of the Black Dragon Academy, even the Black Dragon Saint.

At this moment, Ye Xuan has come to the Black Dragon Tower.

Breaking through the half-step true queen, he has more confidence in his own strength. This time, he may be able to hit the twenty-six or twenty-seventh floor.

You must know that even the first day in the history of the Black Dragon School, when you were in the foreign capital, you hit the 27th floor.

Soon, Ye Xuan came to the Black Dragon Tower again. At this time, there are many geniuses in the Black Dragon Foreign House who are challenging, but this does not affect Ye Xuan.

Ye Xuan once again entered the Black Dragon Tower.

The first layer... the tenth layer... the twentyth layer... the twenty-fifth layer...

These levels can't stop Ye Xuan's footsteps.

Combining those dragons and dragons after the dragon source, the strength is much stronger than before, and the twenty-five layers that were originally difficult to win are also easy to pass.

Then, next, it is the twenty-sixth floor.

"Look, the five geniuses challenge the twenty-sixth floor!"

"I remember the last time he was stuck in the twenty-sixth floor, this time I don't know if I can pass."

"Definitely, after all, he actually broke through to half a step in a month, and definitely wants to refresh the record."

"Hey, it's over!"

Under the eyes of everyone, Ye Xuan and the Ghosts of the World have merged. At the same time, Megatron is ready.

The picture of the beast, the town!

In an instant, this black dragon of the nine-level real emperor level reduced the combat power of 70%, leaving only 30%.

"killing and engraving!"

"The eye of assassination!"

"Inflame the black dragon wave!"

Ye Xuan immediately fired all the power, flashed to the back of the other side, and then a big mouth.

A hot dragon's breath was sprayed directly behind the black dragon, and the body was pierced in an instant.

Spike!

Twenty-sixth floor, pass!

Now, he is only one layer away from the record.

Ye Xuan estimates that he should be able to play the twenty-seventh floor, but it may be a hard battle.

But it doesn't matter. After all, he has already hit the twenty-sixth floor. This layer is a failure. Just go back and integrate Longyuan, you can definitely pass.

At that time, the 30th floor of the foreign government is not in the words.

Soon, he came to the twenty-seventh floor, but this time, outside the Black Dragon Tower, there are already a lot of masters.

Among them, there are high-level figures in the Black Dragon.

"This time, Fengbei Han brought back a super seed. You said, can he clear the twenty-seventh floor?"

In the sky above the Black Dragon Tower, a long-haired man couldn't help but ask a few people next to him.

"I guess, no!"

"I don't think so. This record is left by the Jupiter River. Can you break it so easily?"

"Also, the end of the Jupiter River is the first genius since the establishment of the Black Dragon School. There are many five geniuses who are hard to compare with him. This young man should not."

Several people behind the long-haired man are shaking their heads, and no one is optimistic.

"This time, you are afraid to look away. This black dragon has the most advanced hidden beads. Even if you are not able to sense how many best dragon scales he has combined." The long-haired man smiled.

"What does the assistant teacher mean?"

"Is it hard to be this month, has he combined a lot of the best dragon scales?"

Everyone can't believe it.

The genius in the foreign government, which combines a superb dragon scale, takes a lot of time, and the unit is calculated in years.

However, Ye Xuan entered the Black Dragon Academy for only one month, and it was merged again. This is a bit ridiculous.

You must know that Ye Xuan is only half a step in the real king, and he will come out alone, and his realm is much higher than him.

"My realm is higher than you, so I have induced one or two. I estimate that the best dragon scales on this kid have been more than a thousand..."

The long-haired man said.

"impossible!"

"impossible!"

"impossible!"

When the words came out, everyone behind him shouted three words in unison.

Half-step true king, combined with thousands of best dragon scales, this is impossible!

You must know that a thousand pieces of the best dragon scales, but the standard of true respect level, only in the time of the nine products really respect or before reaching a thousand best dragon scales, it is possible to enter the Black Dragon Academy.

Chapter 1887: Alliance

"I thought he was only a genius in the realm of the real king. I didn't expect to break through to the half-step real king. I can still keep it. It is really beyond my expectations." The long-haired man smiled.

Speaking of this, he couldn't help but think of the first day of the Black Dragon School to end the Jupiter River.

At the end of the Jupiter River, it was also a genius of five geniuses. However, as the realm of the realm improved, it began to go downhill. This is an inevitable thing.

However, it is rare for Ye Xuan to be able to stay.

Just as they talked about it, the battle in the Black Dragon Tower was over, and Ye Xuan struggled to win.

The twenty-seventh floor, customs clearance!

"Through the pass, he actually opened the twenty-seventh pass, this is the record left by Duanmu brother."

"His qualifications, even compared with the Duanmu brothers, is really terrible."

"Look, the assistant teacher and several holy ambassadors are there."

The genius underneath heard this and immediately looked up and saw the long-haired man in the air and a few people behind him.

This long-haired man is an associate teacher of the Black Dragon Church. His strength is unfathomable and he is still above the nine black dragon ambassadors.

Just as Ye Xuan came out of the Black Dragon Tower, he also saw several super strong people in the air.

"Young people, you are very good, continue to work hard, and strive to open the entire Black Dragon Tower." Heilongjiang vice-teacher said with a smile.

"Yes!"

Ye Xuan nodded. It seems that he was noticed by the seniors of the Black Dragon Church. So, the other party will reward him with something.

At that time, even without the support of the family, he does not need to be guilty of cultivation resources and Longyuan.

It is a pity that this priest does not seem to have this meaning. After he left such a sentence, he disappeared in a blink of an eye.

The black dragon sacred behind it also took a deep look at Ye Xuan and then left.

"Pit, a group of ghosts..."

Ye Xuan screamed in his heart and quickly left.

He first went to receive the reward for the 27-story Black Dragon Tower and then returned to his place of residence.

Last time, he opened 25 floors in the realm of Zhenjun and got 325 Longyuan.

This time, he hit the 27-story Black Dragon Tower in the realm of half-step real king. If you count it, you can get thousands of Longyuan.

These dragon sources are enough for him to merge for a while.

At the moment, he is back to his place of residence, and then let the endangered ghost dragon begin to integrate Longyuan.

More than 1,100 Longyuan, if it is counted as the best dragon scale, it is more than 35,000.

Fortunately, the realm of the Ghosts of the World has been improved. Otherwise, if there are so many dragon sources, even if there is room for planting, it will not be enough.

This time, it took ten days to complete, and Ye Xuan's realm also broke through to the three-product half-step real king.

However, just as he was about to challenge the Black Dragon Tower again, there was a sudden outside the courtyard.

"Who?"

Not waiting for the other party to knock on the door, Ye Xuan asked directly.

"Adult, I am a disciple." A strange voice fell into Ye Xuan's ear.

Sealing the league?

Ye Xuan was a little surprised, but he quickly responded. Although there is no support from the family, there are still some disciples still there.

"Dangdang!"

When Ye Xuan waved his hand, he opened the courtyard door and asked: "What?"

A young man came in and then respectfully said: "Adult, the lord fights with others and is seriously injured!"

"Lord? Pan Hong?"

After Ye Xuan heard it, he frowned and said: "Who is playing?"

"It is the vision of the alliance!" the young man replied.

"胥盟!"

Ye Xuan recalled that on the same day, Pan Hong and he said that this alliance was established by the Black Dragon Saint, and this winter has a contradiction with Feng Han.

Before Pan Hong let him be careful, that is, be careful of the people of the League!

At the moment, Ye Xuan is letting this person lead the way.

In the Black Dragon School, life and death warfare is not allowed, so Pan Hong is not life-threatening, but this injury has affected his blood.

When Ye Xuan arrived at the Black Dragon platform, he saw Pan Hongyi leaning against the wall, with a trace of blood hanging from his mouth and looking at him pale.

"Are you OK?"

Ye Xuan quickly went over and asked.

"No worries about life, but..."

Pan Hong coughed up a bite of blood and said: "The master said that if I completely awakened the blood, at least the four-genius level, but now, I guess that even if it is completely awakened, it can only be a three-genius genius..."

"Your blood is damaged?" Ye Xuan brows a pick.

"Ok."

Pan Hong nodded and looked a little depressed.

Originally, he will be at least four geniuses in the future, but at the end of this battle, he will become a top three genius, and the loss is too great.

Ye Xuan turned to look at the black dragon battle platform, standing above a young man, grinning at him.

"You are Ye Xuan, I finally saw you!" The young man smiled and said: "I, Li Jing, is the ally of the foreign ministers of the Black Dragon Academy. Now I sincerely invite you to join us!"

"Join the league?"

Ye Xuan snorted: "You hurt my friend, let me join you now?"

"It's just hurting, not killing."

Hui Jing replied: "Now the Ninth ambassador has fallen, and there is no need for the ally. Even the three great families under the squad are all turned to my alliance. Imagine that you can have no support from the family. What is it?"

During the heyday of the League, there were Fengbei and the three great families, and the strength ranked in the middle of the nine great ambassadors.

But now, Fengbei has fallen, the three major families have turned their backs, and the alliance has almost collapsed. There is really no need to exist.

However, this is not a big deal for Ye Xuan.

Without the background, can't you cross it?

"It's just a nine-piece real emperor. What are you?"

Ye Xuan's eyes are slightly stunned and she is preparing to go up and give this guy a good look.

Available at this time.

"Hey, the host triggers a random mission, defeating all the league's disciples on the Black Dragon's list, and rewarding the bloodlines of the immortals!"

A system prompt sounded in Ye Xuan's mind.

"Black Dragon out of the list, all the league disciples?"

Ye Xuan eyes a glimpse.

The Black Dragon Outer List is the ranking list of the Black Dragon Foreign Government. The higher the ranking, the more resources are cultivated each year.

Before Ye Xuan had forgotten this, and now the system reminds, it is a good way to retaliate.

He has heard that the disciples on the Black Dragon List, if they are challenged by low-ranking people, will not be on the list for a hundred years.

If Ye Xuan defeats all the disciples of the League, then these people will not be able to supply resources for cultivation within a hundred years.

Originally, Ye Xuan wanted to fly this scene directly, but now he has taken this random task and he has to follow the task.

"Well, is it? I will let you go today, and then you have to be prepared to withstand my anger!"

Ye Xuan blinked and said to Li Jing.

Chapter 1888: challenge

"Well, is it? I will let you go today, and then you have to be prepared to withstand my anger!"

When the words came out, everyone around them thought that Ye Xuan was afraid, but this is also true.

Although Ye Xuan has played the twenty-seventh floor of the Black Dragon Tower, the guards in it are black dragons, and the one hundred on the black dragon list are at least three geniuses.

It's not that easy to beat all!

But don't forget, the people who are present, who can break through the speed of Ye Xuan?

Even one percent of Ye Xuan is not there?

Looking at the backs of Ye Xuan and Pan Hong and others, one person jumped on the black dragon platform and whispered to the scene: "Lord, let them go?"

"No hurry, there is still more time, and these two are the apprentices of the Ninth Holy Messenger. It is not so easy to pull them in." Shajing shook his head.

In his opinion, he had a lot of time to recruit Ye Xuan to join the alliance, but then he would not think so.

.....

After leaving with Pan Hong, Ye Xuan also carefully planned it.

"Pan Hong, give me the information of all the disciples of the League, to be on the Black Dragon outside the list." Ye Xuan said to Pan Hong.

"Black Dragon outside the list, what do you do first?" Pan Hong asked a little strangely.

"Nature is to smash their people, one by one." Ye Xuan said casually.

This task is not too difficult for him, just a little time.

Pan Hong did not ask much, his strength is too weak, and now it is only the nine kings, it is really worse than Ye Xuan.

After Ye Xuan got the information of the disciples of the League, he went directly to the Black Dragon Temple.

There are a total of 18 disciples in the Black Dragon Outer List. This is already very good, and the last disciple is just the 100th in the Black Dragon Outer List.

Therefore, Ye Xuan directly applied to challenge him!

At the beginning, the manager still felt that Ye Xuan was a little self-sufficient. After all, the 100-year-old disciple of the Black Dragon outside the list was already a six-pronged emperor.

And Ye Xuan, just a half-step real kingdom!

The difference is too big!

After he saw Ye Xuan's face, it was the tiger's body.

Isn't this the sinister who had survived the twenty-seventh floor of the Black Dragon Tower and kept the same record with the first day of the Black Dragon Academy?

"School, younger brother, are you going to punch the list now?" the manager asked slyly.

"Yes, it's rushing today!"

Ye Xuan nodded directly.

What six products are really emperor, and only twenty more than he is now, little meaning.

"Good, good..."

The manager was shocked and immediately registered with Ye Xuan, and then personally notified the ranking of the hundredth.

The Black Dragon School is closed, and all disciples are in the Black Dragon School, unless they can enter the government.

At the same time, Ye Xuan is already rushing to the Black Dragon platform, waiting for the other side.

When Ye Xuan returned to the Black Dragon platform again, the people of the League had already left, and there was no one.

He waited here for a while and saw the manager returning with a young man.

"Hey."

This young man has to come to fight. After all, if he does not come, it is equivalent to abstaining.

However, even he did not know how to defeat Ye Xuan.

After all, Ye Xuan rushed to the twenty-seventh floor when he was a half-step master. Now he is a three-and-a-half-step real king. It should not be a big problem to deal with him.

"Teacher, people are coming!" said the manager, respectfully pointing to Ye Xuan.

"Okay, please!"

Ye Xuan nodded and held a fist at the disciple of the alliance.

"Hey!"

The disciple of this alliance swallowed another spit, although at this time he was only a half-step king in front of him, but he felt the endless pressure at this time.

If it is outside, even if it is a half-step, the real emperor is in front of him, but the black dragon school, all of them are geniuses, not to mention the top five geniuses standing in front of him.

As a result of this battle, it is natural to say nothing. After the protagonist became a body, he was first suppressed by Megatron, and then was killed by a dragon and a dragon.

This battle is a success, Ye Xuan also stepped on this Weimeng disciple and entered the black dragon outside the list.

At the same time, at the end of the game, the number of people challenged by the random task was reduced by one person, leaving only seventeen.

"Senior brother, then I have to challenge the 95th, and trouble the brothers to run again!" Ye Xuan said to the manager.

"You still have to challenge?"

The manager said strangely.

"Not bad!"

Ye Xuan nodded.

The manager still doesn't know the grievances between Ye Xuan and Yan Jing, but knows that Ye Xuan is the apprentice of Feng Han and knows the contradiction between Feng Meng and Yu Meng, so he did not say much and left.

Next, the ninety-fifth of the allies of the League came, and then they were fattened by Ye Xuan.

Below, there are two other disciples who have been challenged by Ye Xuan, and all of them have been left to the Black Dragon.

One day, the four allies were taken down the list, and the disciples of the Black Dragon Foreign Affairs Office also knew that Ye Xuan was working with the League.

In the next few days, Ye Xuan is still challenging the disciples of the League. After a few days, the disciples of the League are almost completely destroyed.

Right now, there is only the glory of the third place in the Black Dragon.

At this time, Ye Xuan's realm has also broken from the three-product half-step true king to the four-product half-step true king.

Now, he can squeeze the scene with almost one hand!

"Miscellaneous things, all of them are waste!"

Somewhere in the black dragon outside the house, the roar of the glory came out.

In just a few days, the disciples of the Allies on the black dragon's list were almost completely destroyed, leaving him alone. How can this calm him down?

Although it is said that the cultivation resources provided by the Black Dragon Outer List each year is a slap in the face of the family, these younger disciples are on the list, and they are losing their faces.

This hatred can't be reported!

Just in time, when the scene was furious, the manager of the Black Dragon list came over.

"Teacher, Ye Xuan applied to challenge you!" The voice of the outside list manager passed into the eyes of the audience.

"Challenge me?"

When Li Jing heard this, he immediately slammed.

It seems that you can take revenge!

If it was before, he was afraid that there would be no way to teach Ye Xuan. After all, the black dragon outside the house was not allowed to fight in private. The last time Pan Hong challenged him, so he was beaten.

Now, it's a coincidence that Ye Xuan sent him to the door to give him a slap!

At the moment, Lai Jing is leaving the mansion directly to the Black Dragon platform.

When he arrived, he saw Ye Xuan standing on the black dragon platform waiting for him.

"It's really timid!"

Lai Jing has a low drink.

For Ye Xuan's stupid behavior, he said that he couldn't figure it out. He dared to challenge it. He really wanted to die.

Chapter 1889: Black Dragon Battlefield

Although it is said that Ye Xuan has defeated the ninth-ranked Weimeng disciple, the squad is a true emperor.

However, the disciple is only three geniuses, and he has reached the top four.

Ye Xuan challenges him, purely dead!

Lai Jing jumped on the ring, first smashed Ye Xuan, and then smashed Pan Hong's eyes behind the back of Ye Xuan.

"As long as you fly him, you can complete random tasks!"

Ye Xuan thought in his heart.

Defeating the scene, you can not only complete the random task, but also help Pan Hong revenge, it is a two-pronged thing.

If it was before, Ye Xuan did not have much confidence. After all, Li Jing was the spokesperson of Weimeng in the foreign government, certainly not weak.

But now, his realm breakthrough, no fear!

"Kid, do you want to prove your strength to me, so that after joining our alliance, I will pay attention to it?"

Suddenly, his eyes stunned and said: "If you do this, you can say that it is useless. If you join our alliance with your qualifications, you will definitely be trained."

"You think too much."

Hearing this, Ye Xuan just shook his head indifferently.

prove yourself?

He does not need!

"It seems that you are sincere to do the right thing with me?"

"I haven't met someone who is as humorous as you have been for a long time. Can't I just be doing it?"
Ye Xuan laughed.

"If this is the case, then I will not say more, come on!" Yu Jing is no longer nonsense, ready.

"Gemini has a heart!"

Ye Xuan quickly summoned Megatron and then connected.

It is a pity that the realm of this scene is too high, and the twins have no effect at all.

In this case, use the soul bell!

"Hey!"

At the time when a crisp sound spread, Ye Xuan was already in harmony with the Ghosts.

Moreover, as early as before, Ye Xuan had already purchased a lot of fairy beasts in the Black Dragon Academy. These fairy beasts were packed into the planting space. When a certain time was reached, they were directly killed by Ye Xuan.

Now, the time is up!

Ten killings are engraved and instantly condensed!

"诛仙剑阵, 斩!"

Ye Xuan directly consumed ten killings and engraved seals, and sacrificed the swords of the immortals. The one of them also appeared directly, killing the scene.

The Black Dragon battle platform is so big, and when the swordsmanship of the sacred swords is unfolded, the entire Black Dragon battle platform is wrapped directly into it.

胥景, can't hide!

"This guy....."

When Yan Jing's face changed, he had already heard of Ye Xuan's powerfulness. Now, after seeing it with his own eyes, his heart could not help but raise an unpredictable foreboding.

Since Ye Xuan can't be used by the League, then it will be abolished!

After all, this is Ye Xuan challenging him first. He only needs to fabricate a reason for the loss to abandon Ye Xuan, so as not to grow up and pose a threat to the alliance.

After planning it in my heart, the scene is directly transformed into the ontology.

If it is in its heyday, Ye Xuan may not be able to help him. After all, his body is a cold iron black dragon, and his defense is amazing.

Unfortunately, he turned into an ontology.

"The picture of the beast, give me the town!"

At the moment when the scene became a body, Megatron also directly turned into a map of the beasts. In the meantime, the combat power of the scene was reduced by 70%.

"what?"

The scene was shocked.

This picture of the beast, Ye Xuan did not sacrifice when he challenged other people, so no one knows what the magic weapon is.

For this is the moment!

The reduction of 70% of the combat power is already a threat to Ye Xuan.

"Death chase!"

"The eye of assassination!"

"Inflame the black dragon wave!"

Among the sacred swords, Ye Xuan quickly flashed behind the scene, and a big mouth was a burning dragon.

This blow directly melted the powerful dragon scale of Li Jing, and smashed his half body into slag.

Spike!

This scene suddenly came, and everyone present did not expect it to be such a result.

After seeing the manager of the black dragon outside the list, he immediately opened the defensive array and then rushed up to try to stop Ye Xuan.

Although Lijing is only a nine-piece real emperor, but he is the family of the family, otherwise, how can you sit on the position of the foreign government?

However, Ye Xuan did not mean to kill Li Jing, just wanted to win the victory of this battle.

Of course, with the strength of the manager, if he wants to stop, even if there are ten Ye Xuan, they will not kill.

"Hey, the host completes the random task, and the blood is advanced!"

This random task is too simple for Ye Xuan to easily win.

At the same time, he also avenged Pan Hong!

"Cough... Ye Xuan, after today, you will be unable to walk in the Black Dragon teaching!"

The scene of the serious injury has turned into a human form. After coughing up a bit of blood, he said to Ye Xuan in a threatening tone.

"Oh? Then I will show it to you!"

Ye Xuan snorted and left the Black Dragon battle platform directly.

In the Black Dragon religion, it is not the one-handedness of the League. The biggest one is the two assistant teachers.

As for the leader of the Black Dragon Church, no one has ever seen it. It only knows that it is very mysterious and very powerful.

The League of Nations, in Ye Xuan's eyes, is only a stepping stone. Although this stepping stone is now very large, it can be smashed after he has grown to a certain level.

After leaving the Black Dragon platform, Ye Xuan was the leader who took the third place in the Black Dragon.

With his half-step real king, he can receive a thousand Longyuan every year. This thousand Longyuan has not improved much for him now, but he is better than nothing.

Then he went back to the retreat.

After a few days.

"Hey, the host breaks through, and is currently a five-and-a-half-step real king!"

"Hey, the sorrowful ghosts, the sinister ghosts, the Megatron, the breaking of the gods, the current breakthrough is the nine-step half-step real king!"

At the same time, the Destroyed Ghost Dragon will also integrate all the Longyuan obtained, and the number of real dragon scales has exceeded 60,000.

"I heard that the Black Dragon Tower has not yet reached the 30th floor, so no one knows what the reward is. But in my current situation, I hit the twenty-eighth floor at most, and there are two more layers!"

Ye Xuan thought about it, took the black dragon manual and looked at it.

There are many places in the Black Dragon School that he has not been to. If you want to get Longyuan quickly, there is a place that is very suitable.

That place is called the Black Dragon Battlefield!

In the battlefield of the Black Dragon, there are a large number of black dragons, all of which are descendants of the black dragons that combine the best of the world.

Many disciples of the Black Dragon Academy are going to hunt and kill the Black Dragon, and then get the best to destroy the dragon scales, keels, etc. and return to the Black Dragon Academy to convert into the best dragon scales, and then merge.

However, Ye Xuan does not need to do this, because the Xian phagocytic system can be integrated.

Thinking of this, Ye Xuan is acting immediately.

Chapter 1890: Not good

However, when he had just left his house, several people greeted him.

"You, is Ye Xuan?"

A long-haired young man headed, looking at Ye Xuan coldly.

"Who are you?"

Ye Xuan looked at the long-haired youth and asked, he felt that the face of this long-haired youth seemed to have seen it.

However, the breath of the other party has been so strong that even he can't sense it, which means that at least half a step is true.

The first and second place on the black dragon's list are also nine products, but the combat power is stronger than the scene.

However, the long-haired youth in front of him and the two followers behind him all surpassed the real emperor.

Therefore, Ye Xuan guessed that the three should not be the people of the foreign government, but the inner government!

"Yangyang, the people of the League!" Changfa Youth said directly: "Yujing is my younger brother. I am here today to see what the five-genius genius that wounded my brother is what it looks like."

"No wonder I think that your face has been seen before. It turned out to be the elder brother of Lai Jing. It is really long-awaited."

Ye Xuan immediately opened his mouth and smiled, then hugged his fist: "It's just hurting, it's not killing. Is it so popular?"

Xiangyang smiled and said: "I would like to thank you for teaching me the brother who can't help me. However, the lesson is learned. You have hurt the people of my alliance. This can't be done."

"Can't do this, then how do you want to count?" Ye Xuan asked curiously.

"Now the seal of the North Han Sheng has fallen, the seal has existed in name only. Although you are his apprentice, but there is no backing, join me to join the alliance, is the best choice!" Fuyang Road.

"Your brother said so, but I still refuse!" Ye Xuan shook his head directly.

"It seems that you are bent on doing the right thing with me. If you are right, then you will stay in the foreign house. If it is time to rise to the inner government, I will let you know the consequences of rejecting my alliance. How much is it?" serious!"

When Liyang was cold and cold, he turned and left.

Ye Xuan is also lazy to pay attention to him, how to join the alliance, and wait for his strength is enough, the league is a fart!

Now, what he lacks most is time!

At the moment, he is rushing to the transfer point of the Black Dragon battlefield.

"Black Dragon battlefield, every big realm has one, with my current strength, the original entry should be a half-step real king level battlefield, but my strength is so strong, or enter the real emperor level!"

Ye Xuan thought in his heart.

The black dragon battlefield of the real emperor level is just suitable for the disciples of the foreign government, but the person who transmits the point is fortunate to know Ye Xuan, otherwise it will prevent Ye Xuan from going to death.

Just kidding, even the scenery has been smashed by Ye Xuan, entering a real-class black dragon battlefield, will there be danger?

"Hey!"

The transmission array started to work and Ye Xuan's figure disappeared.

However, after he left.

Fuyang also received news that Ye Xuan went to the real black dragon battlefield. He thought about it and immediately pointed to the person next to him: "Notify the family, let them send some people in, give this boy a accident!"

.....

At this time, Ye Xuan has been transmitted to the battlefield of the Black Dragon. Here is the place where the disciples of the Black Dragon School are experienced.

Inside, except for the Black Dragon, it is a disciple of the Black Dragon School, and no one else.

This real-class black dragon battlefield, only the real emperor or the following talents can enter, half-step true respect can not come in, so Ye Xuan's strength here, almost no danger.

In the case of inconsistency, the nine-and-a-half-step true king-level demon-like ghost dragon can probably fight with the nine-product half-step real emperor. In the case of fit, even the nine-good real emperor can easily kill.

Ye Xuan entered the real-class Black Dragon battlefield and wanted to follow a plan.

Do not open for one year, open for one year!

To put it simply, it is to hunt the black dragon when it is combined. After the time has passed, stop and rest.

Anyway, he has a variety of cards, it is impossible to die!

"Okay, start work!"

Ye Xuan directly turned the demon ghost into a ghost dragon, and then began to search.

Whether it is a black dragon of the true emperor level or a black dragon of the nine-level real emperor level, it is a huge wealth for Ye Xuan. After all, he is only a half-step real king, even the real king does not arrive, from the real emperor. There is also a half-step true emperor, just come to a corpse, all worth the price.

Soon, he found a black dragon group that was squatting, and then directly fit.

kill!

Then, in the air, there was a concrete body that fell and was taken away by Ye Xuan.

These black dragons, each of which is huge in size, have countless best ruined dragon scales.

After Ye Xuan took these bodies, he was already laughing.

But now is not the time to calculate these, he must kill more black dragons before the time of the fit, anyway, there is no rival in this black dragon battlefield.

Ten... a hundred... a thousand...

Just a fit, Ye Xuan easily slaughtered thousands of black dragons, including up to seven pieces of real emperor.

"I earned me a death, but it is a pity that the realm is now suppressed. Otherwise, with these bodies, I guess I can directly break through to the real emperor!"

Ye Xuan shook his head helplessly.

However, his current realm has improved relatively quickly and is very stable, but don't worry too much.

At this point, his fit time has passed, and he is preparing to find a place to let the smashing dragons blend these best dragon scales and rest and recuperate.

What he didn't know, however, was danger, and it was getting closer.

"Incorporating so many dragon sources, staying inside for a month, it is estimated that you can reach 100,000 scales..."

Ye Xuan thought in his heart.

These black dragons are descendants of the best dragon scales, the best keel and the best dragon blood, so the dragon scales, keels and dragon blood on their bodies can be combined to kill the world.

All in all, Ye Xuan does not need to go to the list in the future, and he will be in the dark on the battlefield of the Black Dragon.

At this point, he has already planned, and he will stay in this battlefield for a month, so that the realm can not only break through, but the growth rate of the destructive ghosts can also be continuously improved.

When he goes out, it is the day when the Black Dragon Tower is opened!

However, just as he chose a position and was preparing to retreat, the sky suddenly swept a figure.

"Well? Disciple of the Black Dragon Academy?"

Ye Xuan brows a pick, and he also feels the other side's realm, it is actually a nine-piece real emperor.

The nine-good real emperor of the Black Dragon Foreign Government is actually more than twenty. It can be met here, and luck is not bad.

But then, Ye Xuan felt that something was wrong. After seeing him, the nine-legged real emperor did not sing, but directly turned into a body, and erupted a sigh of relief to him.
