Chapter 1891: Home

Killer!

Ye Xuan suddenly reacted.

In front of this nine-pronged black dragon school disciple, is to kill him!

"flash!"

Ye Xuan was furious and quickly took advantage of the flash to leave, while at the same time offering a picture of the beast.

The combat power of this person has dropped by 70% in an instant!

However, at this time, Ye Xuan could not fit with the sinister ghost dragon, so he could only mark the opponent with the death killing order, and then quickly broke open the void.

In this way, he escaped!

"Although the strength of the other side has dropped by 70%, the strength is far from being able to compete when I can't fit together..."

Ye Xuan breathed a sigh of relief.

Unexpectedly, I encountered a killer in the battlefield of the Black Dragon. As for the killer who was commissioned, it is natural that there is no need to say more.

"I have already marked the death killing order. When my skills are restored, I will kill you!"

Ye Xuan eyes a glimpse, and then continue on the road.

Fortunately, this Black Dragon battlefield only allows the entry of the Emperor and the following. The half-step true respect and the true level can't come in, otherwise he will only be able to use the time-lapse skills.

One day later, the fit skills cooled down, and Ye Xuan looked at the scarlet killing of the sky, and the light shimmered.

"This guy is a nine-piece real emperor. There should be a lot of dragons in the ring, and kill him, maybe more!"

Thinking of this, Ye Xuan is on the road again, ready to take the guy down.

The other party also left a mark on him. Yesterday, he used the door of the void to move constantly to escape the pursuit of the other side.

Today, he is actively welcoming!

"Hurry towards me?"

Yesterday, the assassin sensed the breath of Ye Xuan, slightly surprised, but did not think much.

Soon, he met Ye Xuan, but today he also brought two helpers.

Ye Xuan, but has the strength to kill the scene, it is difficult for a person to deal with him, so two people will be insured a little.

"Three people?"

Ye Xuan's flashing light, coldly said: "Today, even if you come to thirty people, you can't escape!"

After all, his breath is skyrocketing!

"fit!"

At that time, Ye Xuan and the devil's ghost dragon fit together, and the breath suddenly skyrocketed.

Last time, after defeating the scene, the blood of Zhu Xian was advanced.

The number of killing marks is initially six, and it can be superimposed to eleven. Each killing and inscription can increase the strength by 2.2 times.

The most important thing is that Ye Xuan's planting space has received a large number of black dragons, and he has just killed one, which is enough to fill eleven killings.

"The eleven killings are engraved and broke out!"

Ye Xuan's eyes widened and his breath soared twice.

Twenty four times!

The three nine-good real emperors were shocked, and suddenly there was a feeling of blaming themselves.

The next moment, Ye Xuan in their eyes disappeared.

"The eye of assassination!"

"Inflame the black dragon wave!"

This angle, just three people can be erupted, when the three people reacted, they are already wrapped in the black dragon wave, and instantly killed!

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

The three-way system prompts the sound, and the three people fall off instantly.

"Oh, don't be self-sufficient!"

Ye Xuan snorted and slammed the three of them.

The strength of these three people is actually stronger than the glory, but in front of him, it is still vulnerable.

At the moment, Ye Xuan checked their Qin Kun ring, but there is no identification of the three people in it, it seems to have been taken away, in case of any accident, and then exposed.

In this ring, Ye Xuan also found a large number of Longyuan, which has more than 5,000 copies, which is really big.

As long as these are combined, the destructive ghost dragon is the 200,000 scale genius.

"Megatron, search for the soul of the three of them!"

Ye Xuan immediately put the three bodies into the planting space, allowing Megatron to search the soul.

"It really is Fuyang, but the three people that I didn't expect were actually the ones at home..."

At the time of the search for the soul, Ye Xuan only felt that Feng Bei had raised a white-eyed wolf.

After Fengbei's death, the alliance collapsed almost, leaving two families, leaving only one family to support.

But in the end, this family has also left, it is the home.

Unexpectedly, after this family was turned down, he actually began to be ordered by the new master and came to kill him.

In this case, when the other two families go, they will leave together. Why bother?

"Are you at home?"

Ye Xuan looked at the sky, and his eyes flashed.

He estimated that the killing of him this time will definitely not only be the three children, but also more.

"No matter, let's continue killing!"

Ye Xuan does not want to take care of this for the time being. He intends to use the time spent in conjunction with the Ghosts of the World.

Next, another killing, Ye Xuan received a large number of the best to destroy the dragon scales, and then converted into the best extinction dragon scales.

Then, he found another place to merge the evil dragons.

This time, the integration phase took about five days, which made Ye Xuan break through the six-and-a-half-step real king, and the smashing ghost dragon finally reached the realm of a real king.

The admission standard of the Black Dragon School is that it is necessary to integrate 10,000 ordinary dragon scales in the half-step real king stage.

However, the Destroyed Ghost Dragon has merged 300,000 best dragon scales, and the gap between the best dragon scales and ordinary dragon scales is a million!

Even if the top geniuses of the Black Dragon Dance are added together, I am afraid that it is not one tenth of the Ghosts.

In these five days, when the cooling time of the fit is over, Ye Xuan will merge with the demon ghost, and then go out for a hunt.

Therefore, there are 300,000 pieces of the best dragon scales in his engulfing space.

Today, the cooling time of the fit has passed, so Ye Xuan came out for food.

What he is thinking now is to let the sinister ghosts directly merge into the million scales, and then go out and find troubles.

However, he only wandered for a while, the Black Dragon Group did not find it, but he saw several people at home.

The reason why he knows is because he has searched the souls of the three family members.

The one that hit this time is still the three people who are at home.

"dead!"

Ye Xuan said nothing, once again fit, and then the three killed.

Then, using the rest of the time for hunting, I got a lot of dragon scales.

During the following period, Ye Xuan is the same as before. When the cooling time of the fit is over, he will go out to hunt, otherwise he will stay in a place to retreat.

In less than a month, he broke through the true kingship from the six-and-a-half-step real king.

At the same time, the best dragon scales that have been combined with the Ghosts of the World have reached a million.

Million scale genius!

"Unfortunately, the destructive ghosts and dragons fuse the best dragon scales, the effect is too small compared to other people, but he can win quickly."

Ye Xuan thought in his heart.

Chapter 1892: Mysterious leader

Since the goal of entering the Black Dragon battlefield has been reached, then the next step is to leave the Black Dragon battlefield and find trouble in the league.

Through the door of the void, Ye Xuan quickly returned to the entrance of the Black Dragon battlefield and then sent it back to the Black Dragon School.

But below, he did not go directly to Liyang and Lijing, but went directly to the old man.

"Ye Xuan, is there anything to find me?"

When I saw Ye Xuan, I was surprised. This is the first time Ye Xuan was looking for him.

"I am old, there are some things, I want to invite you to see!"

Ye Xuan did not say anything, he took out a few floating crystals from the phagocytic space.

After ten days of curious reading, his face changed greatly.

"Mixed things, even dare to send people to harm you?"

Ye Xuan, Hao Hao is also the apprentice of Feng Beihan, and the family even dared to go to the black hand, really looking for death.

However, the next question is coming.

The old man suddenly thought of a point, said: "Ye Xuan, I don't doubt you, but this floating crystal spar, I am afraid I can't do the evidence."

"Why?" Ye Xuan brows a pick.

"Because their memory may have been tampered with, even if it is a soul search, I am afraid it can not be proved." Xun Lao shook his head.

After a reminder of the old, Ye Xuan also reacted.

If these people have been tampered with memories, this really does not prove that the Alliance has started with him.

"If that's the case, then forget it!"

Ye Xuan shook his head, but he was referring to the evidence. The other party sent someone to kill him. He could not report it.

"Recently, you should not go out and practice well. If you can, go to the Black Dragon Tower, so that the people of the League have the courage to dare to move you!"

"I am old, if you open 30 floors, what rewards?" Ye Xuan asked curiously.

"This reward is not known to the average person. I can tell you."

The old man paused and said: "If you can get through 30 floors, then the leader will personally accept you as a disciple!"

"Teacher?"

Ye Xuan's eyes lit up.

The Black Dragon teaches the leader, and he will personally accept the apprentice. This is a big hit.

At that time, let alone the alliance, even if the Black Dragon is the winter, even the two assistants do not dare to move him.

"Well, I will try it!"

Ye Xuan was a little excited and left quickly.

Xun old looked at the back of his departure, his body shape also flashed rapidly. He had heard that Ye Xuan had hit the twenty-seventh floor. This time, after returning from the battlefield of Heilongjiang, the strength had a qualitative leap. I don't know. Hit the first few layers?

"On the last time, I was only a three-and-a-half-step real king, and I hit the twenty-seventh floor. This time, I am already a true king. The destructive ghost dragon has reached a million scales, and I will not believe it!"

Ye Xuan thought in his heart.

This time, he is going out, even if he spends the three points of swallowing, he must be on the 30th floor!

If you can become an apprentice of the Black Dragon Church, you will be able to make a fortune in the future. Are you afraid that there is no Longyuan?

Soon, he came to the front of the Black Dragon Tower.

As long as he becomes the leader of the Black Dragon, the people of the Alliance will have to hide when they see him. By then, he will be able to take revenge easily and let Dong Dong give an explanation!

Thinking of this, Ye Xuan entered the Black Dragon Tower.

This time, he is still in the same way as before, easy to pass.

The twenty-seventh layer of the black dragon that had been beaten last time was also killed by him today.

At this point, he has come to the twenty-eighth floor.

Outside the Black Dragon Tower, it has already boiled up.

"Hey, he is going to start challenging the twenty-eighth floor. I don't know if I can pass today!"

"The Black Dragon Tower guards the Black Dragon on every floor. The strength is several times higher. At that time, he struggled to win. Is it unlikely today?"

"What is impossible? When you saw him hit the 25th floor, he knew that he would hit the twenty-seventh floor, is it the same as the Jupiter River brother?"

This said that the man was speechless.

Indeed, things always go beyond their expectations, and Ye Xuan is always able to create miracles and open their eyes.

Just don't know if this will succeed!

At this time, the 28th floor of the Black Dragon Tower, Ye Xuan is already shot.

"The eye of assassination!"

"Inflame the black dragon wave!"

Ye Xuan still has only one stroke, but this is the trick, killing the twenty-eighth layer of the guardian black dragon.

Clearance!

The record of the Black Dragon Outer Tower, refresh!

Outside the Black Dragon Tower, everyone is paralyzed.

pass!

The 28th floor of the Black Dragon Tower was opened, and the record of the Jupiter River on the first day of the Black Dragon School was refreshed by Ye Xuan!

"Oh oh, this kid is really amazing, even refreshed the record of the end of the Jupiter River!"

The black dragon teaching deputy teacher raised his brow and said with a smile, he thought that no one would be able to refresh the record in 100,000 years.

"Feng Beihan, this time is a dead place, can bring back such a genius, it is God bless me Black Dragon!"

"Yes, if this child grows up, let alone the White Dragon Hall, even if it is facing the entire Dragon Slayer, it is not inferior."

"This Dragon League, for fear that we have created the second ruined black dragon, want to kill the second dragon, see if we don't pack him!"

Several black dragon ambassadors whispered.

At this time, Ye Xuan has embarked on the twenty-ninth floor, and then did not say a word, directly open.

After a few seconds, twenty-nine layers, customs clearance!

The audience was shocked again.

At the time of their shock, Ye Xuan was already on the 30th floor and the last floor of the Black Dragon Tower.

"When the twenty-ninth floor, he seems to be more than comfortable, it is difficult, he wants to be the first super genius to get through the Black Dragon Tower since the establishment of the Black Dragon Academy?"

"Thirty floors of the Black Dragon Tower, this is the more 30 realm challenges. Although the opponent is a black dragon, the realm gap is there, it is impossible!"

"Three geniuses, it is very good to be able to hit more than ten floors. The four geniuses are rarely found on the 20th floor. Even if they are five geniuses, in addition to the Duanmu Xinghe brothers in history, they also hit twenty. On the fifth floor, this Ye Xuan is going against the sky!"

"I heard that there are special rewards for getting through the Black Dragon Tower. I just don't know what this reward will be."

The people underneath are shocked.

Not only that, but even the black dragon ambassadors and the vice-presidents in the air.

"As a vice-president, if he really broke through the Black Dragon Tower, the leader will come?" asked a black dragon holy ambassador.

"Teacher, I have never seen it, is it mysterious?"

"I don't know, but I will report it to him. To be honest, even I don't know what the leader is like, maybe only the vice-president Hu is clear." The long-haired man shook his head.

"What, even Chen, the vice-president, has never seen you."

Several black dragons around the house, can not help but feel surprised.

This black dragon teaches the Lord, what is it?

Chapter 1893: Million dragon source

In their conversation, Ye Xuan has already played against the 30th floor of the Black Dragon.

This battle is very intense!

Unfortunately, the current strength of Ye Xuan seems to be somewhat inadequate. This layer has not been able to pass customs.

"Is it a failure..."

The outside man, seeing Ye Xuan being killed by the 30th-level Guardian Black Dragon, could not help but show his disappointment.

However, only after they saw Ye Xuan and the 30th floor of the black dragon battle, they felt that Ye Xuan had hopes to clear the customs. Although it has failed, but in the near future, Ye Xuan can get through.

"I didn't expect to fail..."

Ye Xuan did not expect.

However, he is now a real kingdom, and the Black Dragon Tower has been refreshed.

Opened the 29th level, so Ye Xuan can receive more than 4,000 Longyuan, he estimated that after the integration of these dragon sources, it is enough!

At the moment, he is leaving quickly, and after receiving so many dragon sources, he will directly retreat.

After a few days.

"Hey, the host breaks through, and is currently the second king!"

"Hey, Yan Ghosts, Destroyed Ghosts, Megatron, Breaking the Heavens, Breaking, the current is the six kings!"

Ye Xuan's realm breakthrough, while the destructive ghost dragon also merged with more than 4,000 copies of Longyuan.

Today, he will challenge the Black Dragon Tower again. It is necessary to get through the 30th floor and become a leader!

After those foreign disciples saw Ye Xuan, they all followed.

For Ye Xuan, they only admire the word.

When I thought about it, when Ye Xuan joined the Black Dragon School, it was just a three-pronged master. And now how long it has passed, it has broken through to the real king!

This is not the point. The key point is that after reaching the second king, the title of five talents can be maintained. It is simply a enchanting.

Soon, Ye Xuan came back to the Black Dragon Tower again and walked straight in.

The tenth level... The twentieth level... The twenty-fifth level...

In front of the twenty-nine off, directly in one go, there is no trace of muddy water.

Everyone also saw his growth, and his strength was significantly stronger than it was five days ago.

Then, the next is the 30th off!

"Killing state!"

"诛仙剑阵!"

Ye Xuan's card is layered and directly confronts the black dragon of the 30th level.

Fortunately, Ye Xuan can now be killed and engraved at any time. The last time he used the sea tactics, he and the 30th level of the security guard Black Dragon.

Today, he still uses this tactic!

There are countless 弑仙傀儡, countless 绝仙箭, and they are attacking the black dragon.

In addition, there is also a squadron that keeps running and the wind whispers.

The group of geniuses outside the Black Dragon Tower, as well as the Black Dragon Sanctuary and Vice-Chan, all of them held their breath and looked at the battle.

This battle did not live up to everyone's expectations. The last victory was Ye Xuan!

Although the tactics are not very good, he did win the battle and opened the 30th floor of the Black Dragon Tower.

"Actually, I actually got through the Black Dragon Tower!"

"It's incredible. Isn't this a sign that the brother of Duanmu Xinghe is much worse than him?"

"Hey, Duanmu brother, how can you compare with Ye Shixiong?"

The crowd underneath has the urge to hold Ye Xuan's thighs.

At this time, Ye Xuan came out of the Black Dragon Tower, and the black dragon ambassadors and the vice-presidents in the air also fell.

"Yes, I didn't expect my Black Dragon School to have a super genius who can get through the Black Dragon Tower."

Vice-Chan Chen fell to the ground and looked at Ye Xuan with delight.

"I have seen the priests and met the sages!"

Ye Xuan also understands who these people are and hurriedly said hello.

"Since the establishment of the Black Dragon School, no one has ever been able to open the Black Dragon Tower. Even if I was the first day of the Black Dragon School, I would not be able to end the Jupiter River. I didn't expect you to!"

Vice-Chan Chen said with a smile: "I think everyone knows that there are 30 layers of black dragon towers. It is rewarded. Then I will tell you that this reward is to become the apprentice of the leader!"

When this was said, everyone was shocked.

Open the 30th floor of the Black Dragon Tower, will be accepted as an apprentice by the teacher?

This is a flying sky!

"Next, I immediately reported the matter to the leader, you wait a moment." Deputy Director Chen said to Ye Xuan.

"Yes!"

Ye Xuan nodded.

This time, he would like to see who dares to be against him!

The apprentice's apprentice, who dares to move?

Among the group of black dragon school disciples, there are also many people from the League. After seeing Ye Xuan get through 30 layers, his face suddenly became very ugly, and he hurriedly sent a message to the other people in the League.

This is trouble!

When these people reported, Vice-Chan Chen also sent the matter to the Black Dragon leader, but he did not get a response.

"Teacher, it is too mysterious, and I didn't reply to me once."

Vice-Chan Chen shook his head helplessly, but at this time, another messaging spar in his ring was lit up.

"The leader is retreating, let me do it!"

A voice fell into the ears of Associate Chen and other saints.

This voice is that Black Dragon teaches another teacher, Hu Feng.

Unexpectedly, the vice-president Hu was actually staying with the leader. What is the relationship between the two?

Not waiting for Chen's deputy leader and other saints to react, there was a black shadow in the sky.

"I have seen Vice-President Hu!"

The black dragon sacred hurriedly said hello.

The one who came here was Hu Feng, another deputy teacher of Heilongjiang. After he arrived, he directly fell on Ye Xuan and asked: "Is he?"

"Yes, that is, he broke through the 30th floor of the Black Dragon Tower!" Chen deputy nodded.

However, the next moment, he was shocked.

"The master is retreating, so I will do it for you. Today, I will accept your younger brother on behalf of the master!"

Vice-president Hu said.

master?

After hearing the people around, they were all shocked, even Chen Xin, the deputy teacher of Chen.

It is no wonder that only the Hu Feng can be contacted by the Black Dragon teaching master. It turns out that Hu Feng is the apprentice of the Black Dragon teaching master.

This is the first time they have heard of it!

Ye Xuan did not understand this. After he heard this, he hurriedly said, "I have seen my brother!"

"Well, you can see him when the master leaves the customs. Here, I will give you some greetings, accept it!"

After Hu Feng finished, he directly threw a ring to Ye Xuan, and the latter caught it and looked eclipsed.

A lot, Longyuan!

"Nima, there is a million dragons?" Ye Xuan was shocked.

The Destroyed Ghost Dragon has been combined with millions of best dragon scales, and this million dragon source is equivalent to 30 million best dragon scales.

This Hu Feng, a shot is too wide, right?

"Longyuan is extremely depleted. You can use it first, and then use it up!" Hu Feng emphasized.

In general, the fusion of the best dragon scales is almost always a failure, so it consumes a lot. But what Hu Feng would never have thought of is that the dragons and dragons that have been combined with the best dragons have never failed, and the speed of integration is far more than ordinary people.

Chapter 1894: Compensation

"Okay, practice well, and then contact me after you enter the inner government!"

After Hu Feng dropped such a sentence, he left again.

Although somewhat indifferent, Ye Xuan got a million dragons, which is a big surprise for him.

Millions of dragons, 30 million of the best dragon scales, if the fusion of the ghosts and dragons, the strength is bound to advance by leaps and bounds.

However, with so many dragon sources, integration time is a problem.

At the moment, Ye Xuan directly drops other people, goes back to his place of residence, and then begins to retreat.

This time, it took a long time to retreat for more than a month.

At the time when the Destroyed Ghosts and Dragons merged with all the best dragon scales, Ye Xuan's realm just broke through to a half-step real emperor, and the destructive ghost dragon reached the five-product half-step real emperor.

This realm, in the foreign government of the Black Dragon School, is still the bottom of the level. However, no one dared to doubt the strength of Ye Xuan.

"At the end of the integration, the strength of the Ghosts is now ten thousand times stronger than a month ago!"

Ye Xuan's eyes widened.

In the past month, the Destroyed Ghost Dragon has integrated one million dragons, and the total number of dragon scales is up to 30 million.

What is the end of the Jupiter River, what a million scale genius, all in front of the Ghosts are all slag!

Originally, the people of the Black Dragon School thought that Ye Xuan would have been retreating for a long time, at least for the calculation of the unit, but I did not expect it to come out in more than a month.

Moreover, when it came out, the realm of a qualitative leap was simply too horrible.

However, what makes Ye Xuan wonder is that after he came out, he found that many people were waiting for him.

"Who?"

Ye Xuan's eyes glimpsed and finally fell on a person, that is Liyang.

The people waiting outside his house, at least half-step true respect and above, should be the inner door of the Black Dragon School.

However, at this time, Fuyang is behind a young man.

"Less master, you are going out, little master!"

The young man smiled and greeted him.

Ye Xuan glanced at him and asked, "Which, who?"

"Less Lord, I am a rush, the inner capital of the League." The young man smiled and said: "Before I heard that the people in my alliance have provoked the Lord, so today I took them to plead guilty!"

"Oh? The inner government lord?" Ye Xuan's eyes glimpsed.

Before that, it was the ally of the foreign government and the younger brother of Fuyang. Now, there is another mainland government leader.

"This Xiangyang, courage is not small, saying that if I enter the inner government, I will let me know the consequences of offending the alliance, how serious it is!" Ye Xuan said with a smile.

"Still!"

I was furious and caught Xiangyang directly, then raised my hand and hit.

"Snapped!"

A hot slap in the face, pumped on the cheeks of Fuyang.

The deputy ally of the sect of the League, even slap in the face of the public, I am afraid this face has been lost!

Fuyang, also know that he has provoked the wrong person, if let him know that Ye Xuan has the ability to open the Black Dragon Tower, it will definitely not find Ye Xuan trouble, let alone recruit!

Just kidding, now Ye Xuan is the apprentice of the Black Dragon cult leader. Even if the Black Dragon sect sees Ye Xuan, he has to be respectful, let alone their disciples?

"Less master, you see..." He smiled and looked at Ye Xuan.

"Those who threaten me, then forget it." Ye Xuan casually said.

As soon as this was said, Qian Chong, Fuyang and the surrounding children of the Alliance all breathed a sigh of relief.

But the next moment, their face is a stiff.

"However, Xiangyang sent the family to kill me, but I can't just forget it." Ye Xuan suddenly said.

"Yangyang, send someone to kill you?" After hearing the sound, the tiger's body was shocked.

Why didn't he know about this?

"not good!"

The face of Fuyang has also changed greatly. This is a big deal. Even if it is a black dragon sanctuary, I am afraid I can't keep him.

Before he could speak, Ye Xuan had already taken out the floating crystal spar, which he had stripped from the memories of the children.

After the rushing, I wanted to kill Xiangyang on the spot.

"Who is it, give you the courage?"

"Big, big brother, I am also a ghost of the moment, one person to do things alone, to kill the shackles, with your disposal!" Fuyang a pair of ready to die.

Before Ye Xuan, it can be said that there is no background!

But now Ye Xuan, the whole black dragon teaches no one dares to move him, after all, Ye Xuan is the apprentice of the Black Dragon teaching master.

The Black Dragon teaches the Lord to establish the Black Dragon Teach, and the strength is naturally above the two deputy leaders. Dare to move Ye Xuan, is the face of the leader.

Not to mention the Black Dragon Holy Seal, even if Chen is the vice-president, I dare not know how to Ye Xuan.

"Looking for someone to assassinate me, although this is in front of me becoming a leader, but I can't just forget it!"

Ye Xuan's eyes sighed and said: "I'm too lazy to kill you. This is Xiangyang's person who is a member of the Alliance. Use Longyuan and cultivation resources to compensate!"

"Compensation?"

Upon hearing this, the eyes of Yan Chong and Fuyang lit up. The former curiously asked: "How much?"

"Hey, at least 300,000 Longyuan, plus an equivalent cultivation resource!" Ye Xuan said casually.

300,000 Longyuan!

This is not a small amount for the League!

However, if Ye Xuan shakes this out and tells Hu Feng, then there is no need for the alliance to exist, even if it is winter, it can't be saved.

"Well, 300,000 Longyuan, plus the equivalent of cultivation resources!" 胥冲一牙牙, directly agreed.

Still not waiting for Ye Xuan to surprise, he took it directly from the Qiankun ring.

"Good guy, it's a lord!"

Ye Xuan's eyes lit up.

If he didn't know, the scene that had been abolished by him was still looking for someone to kill him, or it was this smashing, all the sons of the black dragon sage, so the winter would definitely give 300,000 Longyuan!

In addition to that 胥景, Fuyang and 胥冲 are already masters of the true emperor level, this point of Longyuan for the life of Fuyang, value!

After receiving the gift, Ye Xuan snorted and said: "If things are gone, give me a go!"

"Yes, yes, let's go!"

Yan Chong and others nodded in a row, then quickly left, not dare to disturb Ye Xuan.

Ye Xuan looked at the back of their departure, and the corner of his mouth could not help but tilt slightly.

A slap in the face of those compensation, I want him to fire?

What a joke!

Ye Xuan, who must report, has never let go of anyone who wants to kill him. He just can't deal with this alliance with his current situation.

Although the Black Dragon Master is his current backing, Hu Feng does not seem so enthusiastic, so Ye Xuan wants to take revenge!

"There was another 300,000 dragons, and the next generation of ghosts can continue to merge."

Ye Xuan thought in his heart.

Chapter 1895: Black dragon

Originally, Ye Xuan wanted to go directly to the Black Dragon battlefield and kill another round. Now someone has given him money, which saves a lot of time.

The realm of the realm will increase, and the speed of the fusion of the sinister dragons will also increase. The 300,000 dragon source, the smashing ghost dragon only took three days to complete.

His strength has once again improved!

"In my current situation, if I want to enter the government, there will be no problem at all."

Ye Xuan thought in his mind that he applied to the Black Dragon School.

Now, who among the Black Dragon Schools does not know Ye Xuan?

Even if it is the inner government, there are many people who come to see Ye Xuan personally, including non-girl disciples. If they can climb Ye Xuan, then it is also flying.

However, Ye Xuan has two wives in his family, and he dares not to blame again. The cold and cold face directly isolates these female disciples.

Soon, Ye Xuan rose from the foreign house of Heilongjiang Academy to the inner government.

"Brother, I am in the house!"

After entering the internal government, Ye Xuan quickly voiced Hu Feng.

"Well, come to me!" Hu Feng replied.

After inquiring, Ye Xuan understood Hu Feng's residence and immediately rushed over. When he came to Hu Feng's residence, the latter just came out.

"I haven't seen you for a while, and your realm has broken through a lot. It's amazing!" Hu Feng couldn't help but admire.

"The brothers have won the prize!"

Ye Xuan is modest.

"The master is still in retreat. He said that after you have received the inheritance of the Black Dragon, come back to see you." Hu Fengdao.

Ye Xuan is not interested in this Black Dragon teaching master. However, the black dragon inheritance in Hu Feng's words has caught his attention.

"Brother, what is the black dragon heritage?" Ye Xuan asked curiously.

"Knowing that you can pass the Black Dragon, you can get the Black Dragon heritage. In short, it is the recognition of the Dragon Soul." Hu Feng said.

Dragon Soul is the soul of the dead black dragon that countless years ago!

"So, what can I enter the Black Dragonfly?" Ye Xuan asked differently.

"The first heavy black dragonfly, at least half a step of true respect can enter, the second is true respect, and so on. Black dragonfly has a total of five weights, only to enter the third heavy black dragonfly, it is possible to encounter the dragon soul Hu Feng replied.

"The first weight is half-step true respect, the second is true respect, then the fifth is heavy, isn't it half-sacred?"

Ye Xuan brows a pick.

The third heavy black dragonfly is a half-step true emperor level. With his current realm, if the firepower is fully open, it should be achievable.

"The Black Dragon Tower, you don't have to go any further. The inner tower is like the outer tower. There are 30 layers. If you need Longyuan, if you come to me, or enter the Black Dragon, the first and second. Get it yourself!" Hu Fengdao.

In fact, the more than one million dragon source, Ye Xuan is already spent.

However, he does not want to ask Hu Feng now, after all, the other party may be suspicious. Therefore, his plan is to enter the Black Dragonfly to get the best dragon scales.

"Brother, then I will leave!" Ye Xuan clenched his fist at Hu Feng and left.

This black dragonfly is a good place. For the first two, Ye Xuan, there should be no problem.

Then, next, Ye Xuan has to do it himself.

There are hundreds of thousands of disciples in the foreign government of the Black Dragon School. The inner government is nearly 100,000. The realm of Ye Xuan has not been found to be lower than him.

However, his face is not unknown.

After inquiring, Ye Xuan went straight to the black dragon and went, and then he had to retreat again.

The foreign government is called the Black Dragon battlefield, and the black house is called the Black Dragon.

When Ye Xuan passed the transmission and arrived at Heilongjiang, it made him a little surprised.

In the battlefield of the Black Dragon, there are dragons and sounds everywhere, and in this black dragonfly, there is no sound at all, and some are strange.

But then, he soon knew it.

"Now my position is a black dragon, here is at least a half-step black dragon..."

Ye Xuan thought in his mind that he saw a black shadow hitting the sky, but he stared at it and found that it was not a black dragon.

This is a strange dragon. To be precise, it is a dragon. It has no life. It is actually a dragon that is made of some super dragon scales and ordinary dragon scales.

"This is convenient, I will merge it in the province..."

Ye Xuan's eyes glimpsed and greeted him directly.

He estimated that this scale dragon is a six-product half-step true respect level, in order to eliminate the power of the ghost dragon, it is not a problem to solve it easily.

Sure enough, after the destructive ghost dragon approached, the Linlong was killed by a direct blow.

However, Ye Xuan also found a point.

This Linlong is not affected by the picture of the beasts. After all, it is not a beast!

"It seems that this black dragon is not so good!"

Ye Xuan lamented, collected the scattered dragon scales, and continued on the road.

This Linlong brings a lot of gains, and it will be more than the Black Dragon.

In the following days, Ye Xuan also spent the time in this heavy black dragonfly. This is more than a month.

For more than a month, he did not know how many Linlong, bone dragons and blood dragons were killed. Anyway, the harvest was quite a lot.

Not only did the realm break through to the true emperor, but the best dragon scales that were combined with the evil dragons also reached 60 million.

This is a very horrible number, because even a sacred ambassador may not be much more than a sinister ghost.

"The blood of the devil's dragon is almost the same as that of the black dragon. I don't know if I can meet the dragon soul!" Ye Xuan thought.

If you can get the inheritance of the Black Dragon, the strength of the Ghosts will definitely rise.

However, he is currently a heavy black dragon, the chance of encountering the dragon soul is zero, because the dragon soul will only appear in the triple black dragon.

Therefore, Ye Xuan decided to move on.

Other black dragon school geniuses, many of them are also mixed in the black dragon, but these people, as the realm of the rise, the ability to leapfrog challenges will continue to decline.

The destructive ghost dragon is able to keep this record, and it is getting stronger.

Of course, when the Ghosts of the World reach the true emperor or the semi-sacred, it is estimated that there will be no more real battles.

He feels that the best dragon scales should not be infinitely integrated, there should be restrictions, although I don't know how much.

At this time, he is already going to the second heavy black dragon. The Linlong, the bone dragon and the blood dragon here are at least true level. The harvest after the killing is also more than the first black dragon. many.

Then, he began to continue to kill, and the growth of the destructive ghost dragon is also constantly improving.

After the fusion of so many best dragon scales, the strength of the destructive ghost dragon has been continuously improved. Ye Xuan estimated that it is estimated that the best dragon scales that have been combined with the destructive ghosts are almost 100 million.

Chapter 1896: Invitation to Bailong Temple!

Billion scales genius!

Don't say billions of scales, even if it is a tens of thousands of geniuses, there are no disciples in the Black Dragon School.

Tens of thousands of grades, that is, the eight black dragons of the Holy Spirit have been reached. As for Hu Feng and Chen's deputy leader, Ye Xuan does not know.

During the period of Black Dragonfly, Ye Xuan actually encountered a lot of fellow brothers, but they stayed in Heilongjiang for many years, so they did not know Ye Xuan.

However, this time, when Ye Xuan hunted Lin Long, he encountered one person.

This is a young man with a strong breath and does not know what it is.

With the previous experience, Ye Xuan kept a distance from this person and watched the other side.

"Teacher, don't be so cautious!" said the young man.

"Is there something?" Ye Xuan asked directly.

"This is the case, my name is Yuan Lie, it is a special trip to find your younger brother."

The young man opened his mouth and smiled. Then he used the voice: "I don't know Ye Shidi, do you want to climb higher?"

"Climb higher, what do you mean?" Ye Xuan asked inexplicably.

"Climb higher, meaning to change your environment, a better environment than Black Dragon!" Yuan Lie said.

Hearing this, Ye Xuan's eyes could not help but smash.

What does this Yuan Lie mean?

It's hard, he's...

"You, is the person of Bailong Temple?" Ye Xuan suddenly guessed the identity of the other party.

This Yuan Lie, I am afraid it is the spy of Bailong Temple!

"haha, yes!"

Yuan Lie laughed and said: "The White Dragon Hall is much stronger than the Black Dragon Church, and it is the right way. A genius like you, if you are willing to join my White Dragon Hall, will definitely be valued."

"The people of Bailong Temple have already come to the Black Dragon School. It is really negligent."

Ye Xuan thought about it and replied: "What good is it?"

"Longyuan, unlimited supply!" Yuan Lie said.

"unlimited....."

Ye Xuan's eyes lit up.

If he had heard this before, he would definitely be tempted, but now he feels that the devil and the dragon have merged with the best dragon scales. It is almost coming, even if he is given more dragons, he may not be able to merge again.

Besides, he can earn Longyuan now, why is it necessary to join the White Dragon Hall?

Black Dragon teaches, but he is not thin!

"Sorry, I refuse!" Ye Xuan directly shook his head and refused.

"Teacher, you know the consequences of your refusal?" Yuan Lie suddenly sinks.

"Know, isn't it killed by you?" Ye Xuan nodded.

"I don't want to kill you either, so please ask me to take a trip until you think about it!" Yuan Lie said, he had to do it.

"I want to catch me, it's not that easy..."

Ye Xuan's eyes widened and he was about to leave, only to find that the eye of the void could not be used.

"not good!"

His face changed greatly, and before he could react, Yuan Lie had reached out and grabbed him in the air.

"I am also a true emperor. If you let this real emperor escape, it is better to die." Yuan Lie's voice fell into Ye Xuan's ear.

Real Emperor!

Ye Xuan did not think that the other party turned out to be the real emperor level. Such a person should not be going to the fourth heavy black dragon.

The true emperor level stays in the second black dragonfly, is not afraid to attract attention?

You know, the Black Dragon School is closed!

"Yuan Lie is it, I remember you!"

Ye Xuan's light flashed and his mind was moving.

Back in time!

The next moment, Ye Xuan returned to yesterday, and then quickly broke through the void and left the Black Dragon.

"I didn't expect that the Black Dragon School was infiltrated by the White Dragon Hall. It seems that you have to be careful!"

After leaving the Black Dragonfly, Ye Xuan thought.

He first stayed in the government for a day, and restored the cooling of the time back. Then he went to investigate and found Yuan Lie.

That Yuan Lie, how could not think of it, Ye Xuan had nothing to investigate him.

There is such a real emperor in the eye, Ye Xuan is also a little scared, but fortunately, sometimes the light backflow skills, he will not be accidental, unless the random task is triggered.

"I am just a real emperor, and Yuan Lie is a true emperor. It is dozens higher than me. I can't beat it for a while..."

Ye Xuan thought in his mind that he decided to retreat.

Before he got the cultivation resources from the League, it was enough for him to break through to the real emperor all the way, so there is no need to worry.

In the following period, he will go to the Black Dragon once a day, but he will wait for a heavy black dragon. As soon as the fit time passes, he will quickly break open the void and then let the dragons and dragons merge into the dragon source.

In a blink of an eye, it is more than a month.

"Hey, the host breaks through, and it's a half-step truth!"

"Hey, Yan Ghosts, Destroyed Ghosts, Megatron, Breaking Heaven, Breakthrough, the current five-product half-step true respect!"

At this time, Ye Xuan's strength is more than a month ago, and I don't know how many times it is strong. Anyway, it is the gap between the nine realms.

With his current strength, if he meets Yuan Lie again, he should be able to hand it over, but if he wants to defeat Yuan Lie, I am afraid it will not work.

After all, Yuan Lie was once a four-genius genius. With the improvement of the realm, the ability of the leap-level challenge has dropped a lot, but he is not able to cope with it.

Today, Ye Xuan is going to explore the black dragon.

"The best dragon scales that have been combined with the Ghosts of the World are already as high as 150 million. It seems that they have not yet reached the end, not bad!"

Ye Xuan thought in his heart.

He originally thought that 100 million is a head. After all, the Black Dragon Saint is also a million-level, and I did not expect it to exceed.

This is a good thing for him!

However, on his way to Black Dragon, he suddenly met one person.

Before he came out, he always became a public eye, and this time is no exception. But this time, in this group of onlookers, he saw Yuan Lie who intercepted him before time.

"I finally saw you, death killing order!"

At the moment, Ye Xuan took a glance at him and quickly marked each other with a death killing order.

After marking the death killing order, he does not have to worry about the other party's interception.

Of course, since Bai Long Dian can insert a spy, he can insert a second one, so inside the Black Dragon School, certainly not only Yuan Lie is a spy!

"No matter what, let's go and sweep the Black Dragon!"

Ye Xuan thought in his heart.

Anyway, he sometimes goes back to the skills, not afraid of this Yuan Lie.

However, just as he entered the Black Dragonfly this time, the land of the Black Dragonfly suddenly began to tremble fiercely.

"what happened?"

Ye Xuan brows a pick.

This kind of thing, he was the first time to see it, not only that, but also the disciples who have been wandering around in the black dragon.

Not waiting for Ye Xuan to react, there was a shadow attack on the sky, and then quickly fell into the body of the demon ghost dragon with lightning speed.

"What the hell?"

Ye Xuan looked at the world's ghosts and dragons, and after he had a closer look, he found that the smell of the sinister ghosts suddenly skyrocketed.

Chapter 1897: Dragon Soul!

"What, you said that the shadow of the shadow is the dragon soul?"

Ye Xuan brows a pick.

The destructive ghost dragon has already merged with the dragon soul, so the breath will skyrocket and the strength will increase a lot.

However, why is this dragon soul actively sent to the door?

Doesn't it mean that only the third black dragon will start, will there be a dragon soul?

Is it because the smashing ghosts and dragons fuse a lot of the best dragon scales?

Ye Xuan also did not understand.

"You said, now you can vaguely sense the location of other dragon souls?"

After Ye Xuan communicated with the Ghosts in the mind, it was a bit strange.

This is the same as the original dragon scales when they merged with the dragons.

Ok, that's great!

Thinking of the possibility of a large number of dragon souls in the future, Ye Xuan was a little excited, and quickly set off to the double black dragonfly.

This time, he has to look at the triple black dragonfly.

The triple black dragonfly is a half-step true emperor level, but Ye Xuan has now broken through a half-step true respect, and the demon ghost has got the dragon soul, and the real combat power has reached the real emperor level.

For the three black dragons, it should be nothing to him!

In a heavy black dragonfly and a double black dragonfly, there are actually many shortcuts to go, so Ye Xuan soon came to the double black dragonfly.

This time, he is not prepared to wander around the double black dragon, but goes straight to the triple black dragon.

"The three black dragons, there are half-step real emperors, the harvest will certainly be more than before, but..."

Ye Xuan thought about it and turned his head to look at the sky.

The scarlet killing word suddenly crossed a large distance, and the position was a heavy black dragonfly.

"That Yuan Lie, sure enough to chase in, or wait for my breakthrough, kill you a piece of film does not stay!"

Ye Xuan thought in his heart.

He estimated that after entering the triple black dragonfly, he could break through to the two-product half-step true respect. When Yuan Lie would dare to come up, he would kill each other!

Soon, Ye Xuan arrived from the Double Black Dragonfly and arrived at the Triple Black Dragonfly.

"It is estimated that it will take another day to catch up, kill it first!"

Ye Xuan eyes a glimpse.

After the integration of the Dragon Soul, the Destroyed Ghost Dragon has sensed the other Dragon Souls. At this time, it has sensed three shares.

"Go!"

At the moment, Ye Xuan is directly on the road.

With the help of the dragons and the dragons, he quickly found the second shadow of light and a dragon soul.

Of course, this dragon soul is almost the same as the previous one, and it is a remnant of the black dragon.

After the Ghosts of the World have absorbed them, the breath has once again skyrocketed, and I don't know how many dragons are there in the Black Dragonfly?

"That guy, finally!"

After the dragons and souls absorbed the dragon soul, Ye Xuan was far away and found that Yuan Lie finally caught up.

Ye Xuan can be sure that he has not been imprinted by the other party, otherwise it will definitely be discovered by the experts of the Black Dragon. Therefore, he is somewhat curious about how the other party catches up with him.

"Brother, is there something?"

Ye Xuan shouted far away.

Yuan Lie plucked over and said: "Hello, Ye Xuan, my brother, Yuan Lie."

"I know!" Ye Xuan nodded.

This one answer, but Yuan Li was a little surprised, because he and Ye Xuan are the first time to meet, how can Ye Xuan know him?

What he didn't know was that he had already seen Ye Xuan before, and he tried to recruit Ye Xuan, but he failed. Finally, Ye Xuan returned to the past with time.

Then, Yuan Lie once again tried to recruit Ye Xuan to take the identity of Bai Long Temple.

"Brother, should you test my loyalty? The technique is too bad!"

After listening to Ye Xuan, she just shook her head and said with a smile.

Yuan Lieyi, the daring of Ye Xuan is to regard him as a high-ranking Black Dragon to test whether Ye Xuan is really loyal to the Black Dragon.

"Teacher, I can tell you very seriously, only what I said is true." Yuan Liedao.

"Oh, Black Dragon teaching is so easy to sneak into it? If you are really a white dragon temple, can you not be found?" Ye Xuan continued to ask.

Yuan Lie explained: "You brother, you don't believe it is right. After all, the Black Dragon School is heavily guarded. However, I know a secret passage to leave the Black Dragon School. If you promise, I will take you away immediately!"

"That won't work, I will collect Dragon Spirit." Ye Xuan shook his head directly.

"Dragon soul, I have it here!" Yuan Lie.

"how many?"

"I have been looking for the third time in Heilong, and I have found the Ten Commandments Dragon Soul. If you need it, I will give it to you." Yuan Lie said very generously.

Ordinary people, even if they have found the Dragon Soul, they can't sense the position of other Dragon Souls. The Ghosts are a different kind.

Moreover, Ye Xuan heard that this dragon soul is generally looking for the door, and rarely can actively find it, this Yuan Lie can find the Ten Commandments Dragon Soul, which is already very good.

"Then give me the dragon soul, I will follow you after ten days!" Ye Xuan suddenly said.

"Ten days, good!"

Yuan Lie nodded and directly threw the bottle containing the Ten Dragons to Ye Xuan.

This is what he got when he walked the Black Dragon for nearly 10,000 years. Now he gives Ye Xuan all the time. He is thinking, if Ye Xuan is cheating on him, he will forcefully walk away.

However, if you can bring Ye Xuan to the White Dragon Hall, it will be a great achievement. You may not get the Dragon Soul, but you can get a huge Tiandi treasure to improve your cultivation.

Compared to the leapfrog challenge, the realm is still more tempting!

However, Ye Xuan is not a three-year-old child, so it is easy to be cheated.

"Hey, the Ten Commandments Dragon Soul, enough!" Ye Xuan's eyes slammed into the planting space immediately, and then let it refine the dragon soul.

With so many dragon spirits, if all refining, the strength of the destructive ghosts will be significantly improved.

The most important thing is that after ten days, Ye Xuan's realm can be upgraded again, reaching the four-product half-step true respect. At that time, he can definitely pinch the Yuan Lie, and then go up and find other white dragon temple spies.

Time, day after day, during this time, Yuan Lie gave Ye Xuan the law.

After ten days.

"Hey, the host breakthrough, the current four-product half-step true respect!"

"Hey, Yan Ghosts, Destroyed Ghosts, Megatron, Breaking the Gods and Breakthroughs, the current eight-product half-step true respect!"

Two system prompts sounded in Ye Xuan's mind.

breakthrough!

Moreover, the ten dragon spirits are almost finished refining.

After feeling the change of Ye Xuan's breath, Yuan Lie was also deeply surprised.

Ten days, break through twice, it is simply enchanting!

When I thought about it, when he broke through, he also used the year to do unit calculations. No, it is exactly one hundred years!

The people who can get through the Black Dragon Tower are really different!

Chapter 1898: Missing!

"Ye Xuan, younger brother, can you go?" Yuan Lie said.

"Yuan Lie's brother is really sincere, good, I will go with you!" Ye Xuan nodded and then got up.

"Okay, that's great!"

Yuan Lie was very happy. There was no doubt at all. After all, he had been staring at Ye Xuan for ten days. The latter did not have any strange moves.

Moreover, he is a true emperor, can't he still cure Ye Xuan?

Although Ye Xuan has opened a 30-story black dragon tower, the black dragon tower is only a black dragon. How can combat power compare with the repairing demon?

However, what he did not know was that the realm of the demon world was also raised to the eight-product half-step true respect during this time, and the difference between the real emperor and the twenty realms.

More than 20 levels of challenge, small meaning!

Just as Yuan Lie turned and prepared to leave Ye Xuan from the secret passage, he was summoned by Ye Xuan, and the two quickly joined.

"Killing state!"

"Inflame the black dragon wave!"

Ye Xuan does not say anything, Zhang mouth will spray!

The burning dragon will pass through Yuan Lie's back and burn his dragon heart to ashes.

Yuan Lie would not have thought that Ye Xuan would attack him, and would not have thought that Ye Xuan had the power to kill him!

If he knew the result so early, he would start working ten days before, and forced Ye Xuan to leave.

Unfortunately, he lost his wife and lost his soldiers!

Both gave Ye Xuan Dragon Soul, and also gave Ye Xuan the law, and finally fell to the end of the spike!

"Hey, the host's killing value is improved!"

In Ye Xuan's mind, there is another system that prompts to sound.

The only blow was that he did not use all his strength. Otherwise, Yuan Lie's entire body would be burned to ashes.

After Yuan Lie's death, Ye Xuan quickly swept past and took his body and Qiang Kun.

In addition to Longyuan, there is no dragon soul, and there is nothing else.

As for his body, Ye Xuan was directly thrown into the planting space, allowing Megatron to search for souls.

"Strange, how is this guy's memory so strange, is it because it has been erased?"

Ye Xuan blinked.

Since Yuan Lie was the spy of Bailong Temple sneaked into the Black Dragon School, there must be related memories, but Yuan Lie did not, so it should have been erased.

"There is a mysterious person who gives him instructions to recruit me or kill me. He uses the word 'black and white' as the secret connector. Who is this mysterious person?"

Ye Xuan can't guess it.

Because, like the mysterious person who came to find Yuan Lie, and then gave the task after the joint, Yuan Lie did not know who the mysterious person was.

As a result, the clue is broken!

"It seems that I have to be careful. Yuan Lie will die, Bai Long Temple and Black Dragon will notice!"

Ye Xuan thought about it.

When joining the Black Dragon Academy, Ye Xuan also put a piece of life jade card in a certain place, Yuan Lie certainly has it, he will definitely cause concern when he die.

Ye Xuan looked around for a while, then quickly broke open and left.

"No matter what, anyway, I am not really agreeing, even if the Black Dragon teaching executives come to the door, give them the body!"

Ye Xuan thought about it and started to move on.

Triple black dragonfly, here there are a lot of dragon souls, and the destructive ghosts and dragons have combined so many best dragon scales, should there be a dragon soul to come to the door?

Sure enough, the same as he guessed!

After the death of the Ghost Dragon into the triple black dragonfly, it is like a big magnet. When moving, the dragon spirits will move with it, and it will be rushing toward him.

In less than a day, three dragon spirits took the initiative to find the door.

"Hey, this is cool, the third heavy black dragonfly is like this. If you go to the fourth heavy black dragonfly, the fifth heavy black dragonfly, isn't it cool?"

Ye Xuan's eyes glanced.

With his current strength, there is absolutely no problem in the triple black dragon.

However, after Yuan Lie's death, more and more Bailong Temple's spies have entered the Black Dragonfly.

"Well? Triple black dragonfly, suddenly more people?"

Looking for Dragon Soul in Ye Xuan and Ye Xuan who hunted Lin Long, Bone Dragon, and Blood Dragon suddenly felt that it was wrong.

He holds the magic weapon made by Heilongjiang in his hand, which can sense the whereabouts of the nearby Black Dragon disciples. Yuan Lie relied on this to catch up with him. After all, he was the least powerful in the entire triple black dragon.

At this time, Ye Xuan saw this radar-like magic weapon, and a large number of internal government disciples approached him.

"These people, I am afraid that the people are not good!"

Ye Xuan's eyes were slightly stunned, and my heart thought.

This position is not a shortcut to the four black dragons. Why are there so many people coming to him?

Definitely stupid!

"These people, maybe the white dragon temple sneaked into the black dragon religion!"

Ye Xuan thought in his heart.

Although it is impossible to determine 100%, Ye Xuan has a 90% grasp.

On that day, Yuan Lie, although he was killed by him, but Yuan Lie is only a true emperor, the strength is not very strong.

However, the strength of these people who are coming next should be above Yuan Lie, otherwise how will Bai Long Temple be sent?

If you come to a high-ranking real emperor, Ye Xuan will finish playing!

"Now I am in the Black Dragon Church. There seems to be no one who can be trusted. How to deal with it?"

Ye Xuan thought carefully in his heart.

Xun Lao, Pan Hong, and the vice-president Hu Feng did not seem to be fully trustworthy.

The black dragon sanctuary seals the cold, Ye Xuan is absolutely trustworthy, after all, the White Dragon Temple does not need to make a bitter play.

Although Xun Lao and Pan Hong have a relationship with the fallen Feng Beihan, Ye Xuan does not trust them.

He opened the black dragon tower of the foreign government some time ago and became the apprentice of the Black Dragon teaching master, but it was collected by Hu Feng.

For this black dragon teaching assistant, Hu Feng, Ye Xuan still can not fully believe.

I am afraid that the entire Black Dragon Church can fully believe it. I am afraid that only the Black Dragon teaches the Lord.

The Black Dragon and the White Dragon Temple are deadly enemies.

"No one else can believe, I am still self-reliant!"

Ye Xuan thought in his heart, that is, toward the four black dragons.

There, at least the Emperor-level Lin Long, the bone dragon and the blood dragon can at least drag the pace of these people.

And he, there is a streamer stealth, these lifeless Lin Long, etc., should not find him.

On his way to the Four Black Dragons, the black dragon school disciples who went to him couldn't help but succumb.

"Hey, how did the kid go to the four black dragons?"

"This kid is really looking for death. I really thought that the more challenges I could have, the more I could go to the four black dragons?"

"Don't kill, chase!"

"No, he disappeared, and the magic weapon could not find him!"

"How is it possible, a district and a half-step true respect, how can you escape the special search magic weapon of Black Dragon?"

Chapter 1899: Sound east hit west

Before this group of people was shocked, Ye Xuan wore a streamer invisibility cloak, so he avoided the tracking of the magic weapon.

This streamer invisibility cloak is very easy to use. After all, it is a three-level magic weapon, and it just happened today, just to solve the urgency of Ye Xuan.

"This streamer invisibility cloak can be fixed!"

Ye Xuan thought in his heart.

He still has three points to swallow, which he used to spare. After all, sometimes time goes by and it will not be used. If the body is destroyed, he can only use the swallowing point to resurrect.

"Hey, streamer stealth is fixed!"

A system prompts to sound.

In the future, Ye Xuan's ability to hide will be even higher.

In fact, he can continue to stay in the Triple Black Dragonfly with the streamer invisibility cloak, but the three black dragons are too many people, which is unfavorable.

And he was the shortcut to the four black dragons, letting the other party think he was going to the four black dragons.

However, if you think about it, Ye Xuan is only in this realm, dare to go to the four black dragons?

impossible!

Just as Ye Xuan's whereabouts disappeared, many people thought that it was only a scorpion to go to the four black dragons. Ye Xuan would definitely stay in the triple black dragon scorpion, or even escape to the double black dragon scorpion.

This trick is called the sound of the East!

The four-fold black dragon scorpion, at least the combat power of the true emperor level, is actually a little difficult with the fact that Ye Xuan is now in this realm.

However, he has a streamer invisibility cloak, and when he encounters a strong one, he will be invisible, and the weak will do it!

Next, he was mixed in the four black dragons. If he was allowed to stay for a month, he would be able to sweep the four black dragons.

"Ye Xuan, where are you now?"

Just when Ye Xuan stayed in the four-fold black dragon, suddenly one person came the message.

This is, old!

"I am old, ask me where?"

Ye Xuan brows a pick.

I can't take the initiative to give him a voice before I am old. It seems a bit strange to ask him where he is at a critical time.

"I am old, is there anything?" Ye Xuan asked.

"Someone wants to see you!"

The old man replied: "Are you practicing in the Black Dragon?"

"Ok!"

"How heavy?"

This question, let Ye Xuan slightly sigh, replied: "Triple Black Dragon!"

"With your strength, there should be no problem in the Triple Black Dragonfly, but if you have time, come back." said the old man.

"it is good!"

Ye Xuan nodded.

Although it was just a few conversations, Ye Xuan thought that the more wrong he was, the more he called him back, not to vote for himself?

It's a coincidence!

Definitely stupid!

"It's also possible that the White Dragon Hall sneaked into the black dragon religion. I didn't expect it, the Bailong Hall's penetration was so thorough..."

Ye Xuan can't believe it, but he is too lazy to cope with each other, first upgrade and then say.

Give him another time, let alone those masters of the real emperor, even if the first day of the Black Dragon Academy is the end of the Jupiter River, he has to be stepped on his feet.

Time, a little bit.

"Hey, the host breakthrough, the current two-product half-step true respect!"

The road system prompts the sound, and Ye Xuan's realm is constantly improving. From the one-step half-step true respect that has just entered the four-fold black dragonfly, it has broken through to the three-product half-step true respect.

At the same time, the number of the best dragon scales that have been combined with the Ghosts of the World has reached 500 million, and even the Dragon Soul has collected hundreds of them.

"It's time to go to a killing!"

Ye Xuan's eyes glimpsed and he had made plans in his heart.

This time, he wants to return to the three black dragons to remove the nails of the white dragon temple.

"Hey!"

The door of the void opened, and Ye Xuan got in and quickly returned to the Triple Black Dragon.

Killing, start!

After returning, he quickly removed the streamer stealth, exposed himself, and observed the movements on the magic weapon.

At this moment, there are six people who come to him!

"It is estimated that everyone is Bailong Temple, look at your strength first!"

Ye Xuan thought about it and then greeted him.

Using the search magic weapon, he cleverly walked and gathered all six of them together.

According to the movement speed of these six people, it is estimated that they are all mid-level true emperors, probably around the four products, and the strength is not weak.

It's a pity that Ye Xuan at this time is not what they can provoke!

"Destroyed ghosts, long-lost killings have come, and they have done them!"

Ye Xuan did not say anything, and directly merged with the destructive ghost dragon, and then greeted him.

Combining so many best dragon scales and dragon souls, the strength of the destructive ghost dragon has been very horrible, killing these geniuses is not too difficult.

"found it!"

After seeing Ye Xuan, those mid-level true emperors were very happy, but the next night, the nightmare came.

"Killing state!"

"The eye of assassination!"

In an instant, Ye Xuan directly kills the back of a person, and then a big mouth.

Inflame kills Black Dragon Wave!

"boom!"

This blow is the full attack of Ye Xuan, and the three people will be killed in an instant, and the angle is extremely appropriate. Only the chests of these three people are blasted, and the head and the Qiang Kun are still there.

After they died, Ye Xuan quickly passed to collect their bodies.

"Hey, a lot of dragon souls, a lot of dragons!"

Ye Xuan smiled and closed his mouth.

But for the moment, there are still three other ones that have not been resolved.

The three men saw Ye Xuan instantly killed his companion, immediately scared the fart, and turned away.

"Do you dare to kill the brothers?"

One of them asked.

"You, the embers of the White Dragon Hall, thought you could win my eyes?"

Ye Xuan snorted and harvested the lives of the three men.

Six Qiang Kun Rings, let Ye Xuan gain a lot, and added a hundred dragon souls.

As for the bodies of these six people, Ye Xuan was still thrown into the planting space to search for the soul of Megatron.

Sure enough, these six people, like Yuan Lie, were instructed by mysterious people and sent to arrest him.

"This mysterious person, who is it? Is it old?"

Ye Xuan's brow was a pick, and it's too clever to associate this with the old man.

Of course, the old man is probably the same as the six people, then, the real high-level officials, at least the level of the Black Dragon.

"No matter who it is, I will definitely pick you up!"

Ye Xuan thought in his heart, that is, wearing a streamer invisibility cloak, decided to hide a day, and then clean up.

One day later, Ye Xuan took off the streamer stealth and then exposed it again to the enemy's magic search.

This time, there are only five people, but one of them seems to be a high-ranking emperor.

"It's really bloody, but no one is surprised that so many real emperors stay in the triple black dragonfly?"

Ye Xuan is very surprised.

This time, he decided to escape the high-ranking Emperor, and then killed the other four mid-level true emperors.

Like yesterday, he attracted these people, and then used the empty eye to avoid the high-ranking true emperor and back to the other four.

Chapter 1900: Dragon soul heritage

"Hey, the host's killing value is improved!"

"Hey, the host's killing value is improved!"

A systematic reminder sounds.

Four mid-level true emperors were killed by Ye Xuan, and then Ye Xuan quickly put on the streamer invisibility cloak and disappeared without a trace.

"So many people are dead, so the mysterious person of the White Dragon Temple must know it?"

Ye Xuan thought in his mind that he was looking for a place to hide.

Another day passed, he reappeared again, and then killed the white dragons who had chased him.

In this way, day after day, Ye Xuan's realm has broken through, and the number of the best dragon scales that have been combined with the Ghosts of the World has also greatly increased.

At this time, Ye Xuan's realm is already five cents and half steps, and the dragon scales that have been integrated into the world have reached 900 million, and the dragon soul is also thousands.

Now Ye Xuan, even if he meets the high-ranking Emperor, he is not afraid!

In the past few days, the White Dragon Hall has also converged a lot. Not many people have chased Ye Xuan.

Because, among the Neifu disciples of the Black Dragon School, there are not a few breakthroughs to the semi-holy.

So many people are dead, how can the top executives not know?

After Ye Xuan cleared some people again, he went to the Four Black Dragons and prepared to continue collecting the Dragon Soul.

In this almost isolated situation, I believe that I am the king.

However, it was not long after Ye Xuan entered the four-fold black dragon.

No, to be precise, it is the time when the singular ghost dragon after the integration of the billion-dollar dragon scales was summoned by Ye Xuan.

The entire black dragonfly, again shocked!

"what happened?"

Ye Xuan and other disciples of the Black Dragon School turned their heads and found that the source was in the place where the five black dragons were.

What happened there?

Not waiting for Ye Xuan to think about it, there is a ray of light on the avenue, and a familiar atmosphere of Ye Xuan spreads!

Desperate!

"Good, good big dragon soul..."

Ye Xuan was frightened.

Even if he adds all the dragon spirits he has collected before, it is less than one percent of this dragon soul.

At this time, this dragon soul suddenly swooped down and directly into the body of the devil.

Before, there were a lot of dragon souls doing this, but this time it came so big, but killing Ye Xuan was caught off guard.

"The big opportunity!"

In the mind of Ye Xuan, I thought of these five words.

The most important thing is that this huge dragon soul does not need to be destroyed, and instantly merges with the dragon spirit in the world.

"young people....."

Then, an old voice rang in Ye Xuan's mind.

"Who? Who is talking!"

Ye Xuan has a trembling shape.

Who is it, give him a voice?

"I am the black dragon in your mouth. I know that this black dragon is tamed by you, so you can directly convey it to you!"

Hearing this, Ye Xuan was frightened and hurriedly said in his mind: "Are you a black dragon, are you not fallen?"

"It is true that it has fallen. But the people of the Dragon Slayer League did not capture my dragon soul. The refining spirits that you used to refine before are the souls of the dragons. The real dragon soul refers to my supreme dragon soul! "

The black dragon said.

"Supreme Dragon Soul?"

Ye Xuan asked differently.

"In the fifth heavy black dragonfly here, whether it is Linlong or bone dragon, or blood dragon, are supreme, these are actually controlled by my supreme dragon soul."

"These are actually my life dragon scales, my life dragon bones and my life dragon blood, but you are the name of the people who teach the black dragon."

Ye Xuan brows a pick, his heart whispered: "The fat dragon scale, it seems to be a better level than the best dragon scales?"

"Young people, I found it because of your black dragon. I have a similar atmosphere to me. Maybe we are the same race..." said the black dragon.

"One race?"

Ye Xuan blinked, and between the devil and the black dragon, it should be considered the same race.

However, the eternal black dragon will never think of it. The smashing dragon is a combination of his dragon scales, and it is advanced into a smashing dragon.

"To tell the truth, I don't know the specific race. I didn't inherit the memory when I was born. I finally grew up, but I was stunned by the Dragon Slayer..." The black dragon sighed.

"There is no inheritance of memory, how is it possible!"

Ye Xuan does not believe it.

Now this kind of realm, with a random beast, will have a memory.

The extinction black dragon is so powerful, it is impossible not!

Then, there is only one saying, that is, the inheritance memory of the dead black dragon is sealed.

"The outside world is saying that you were ruined by the predecessors, so the Tulong Alliance was formed..." Ye Xuan said.

"Yes, I have caused a lot of damage, but there is no way to do it, because I can't restrain the imprint of the world. Every time it breaks, it almost destroys the earth. Only I am safe." The black dragon sighed again.

"What is the mark of destruction?"

Ye Xuan muttered.

"Young people, the only dragon soul, there is my life dragon soul, the destruction of the world has been passed to you."

The words of the world's black dragon, but Ye Xuan was scared.

The seal of the world was passed on to him?

"Oh, the Ghosts of the World have gained the mark of destruction!"

"Hey, the evil spirits of the world are comprehending skills and destroy the world!"

Two systems prompt to sound.

Ye Xuan felt it for a moment and found the skill of destroying the gods.

This destructive power is the attack that the black dragon automatically erupts. It is natural that there is no need to say more.

However, this has a drawback!

This can be used actively, but it will be used automatically every three days.

If you are not careful, you will kill yourself!

Fortunately, the automatic use of the devastation is the demise of the ghost dragon, not Ye Xuan, otherwise Ye Xuan will be miserable.

As for the killing of the black dragon wave skills of the evil dragons, it has also changed, and the advanced has become a roaring roar!

Although the names of other skills have not changed, the power has been greatly enhanced after the combination of the eradication marks.

Adventure, it is an adventure!

"Fortunately, I have room for planting, otherwise it will be miserable."

Ye Xuan breathed a sigh of relief.

In the planting space, he is the master, and the realm of the demon world is not as strong as that of the era of the black dragon, so the attack of the gods should not be so strong.

In this case, Ye Xuan can still cope with it.

"Actually, I have already noticed you, you can take it into a place, so you should be able to cope with the problem of the mark of destruction."

"The outbreak of the mark of the world will increase with the improvement of the realm, and each time will be prolonged. After the end, if you can master the mark of destruction, then your strength will be very strong!"

"Oh, I was still unable to master it, so it was a great disaster!"

The dying black dragon sighed again and again.
