

Super D. S 1911

Chapter 1911: Shoot again

"Glyphs!"

Cui Ming snorted, he is a four-character sage, if it is injured by Ye Xuan, who is not even the real emperor, is it a shame?

At that time, the two were fighting.

There is a layer of white light in Cui Ming's body, which resists the attack of the Jianxian sword array, the and the

Before Ye Xuan heard that Bailong Hall had created a purification pool, which could purify the dragon scales and be merged by Bailong.

This Cui Ming does not know how much purification dragon scales are combined. Anyway, the strength is terrible.

If such a strong person is killed in the Sifang Pavilion or Qianshanzong, I am afraid that both forces will not be able to pick up.

"Old guy, how do you keep the body?"

At the time of the war, Ye Xuan could not help but ask.

"To deal with you, you still need the body?" Cui Ming coldly said.

"Hahaha, you must think that your own body is too ugly. To be honest, your body is like a big white lizard, disgusting!"

Ye Xuan laughed loudly, and the voice fell into the ears of all survivors.

Good guy, even dare to provoke the old master!

"Miscellaneous things, today I do not pull your skin, I will not surname Cui!" Cui Ming was furious, directly turned into a body, ready to strike Ye Xuan to solve.

It's a pity that this is in the middle of the leaves.

"I finally turned it into a body!"

Ye Xuan looked at the huge white figure, his eyes could not help but brighten, directly summoned Megatron.

The picture of the beast, the town!

In an instant, the strength of Cui Ming fell directly by 70%, and the speed, attack power and defense power were all weakened.

Moreover, his strange time is Ye Xuan's best attack opportunity.

"Destroy the world!"

Ye Xuan's light flashed, and a black ray bloomed in his body.

"Boom!"

A horrible atmosphere spread in an instant.

Fortunately, the White Dragon Hall has already suffered a devastation, and this time it is in the air, so the damage is not as good as before.

What makes Ye Xuan strange is that this attack, Cui Ming actually went on.

"The trough, turned into a humanoid attack, is afraid that the body is too big, is it too much damage?"

Ye Xuan's face sank, it seems that this time he made a mistake, and he knew that he would use the roar of death.

Moreover, after this time, Cui Ming knew that the human form is stronger than the ontology, and next time it will not be so easily transformed into the ontology.

"This time, I can't do it. If that's the case, then see you in a few days!"

Ye Xuan snorted and quickly broke away from the void.

This time, he is not prepared to use the time-lapse skills, just want to give Bailong Temple a lesson, let them live in the shadows.

Waiting for Ye Xuan's realm to make a breakthrough, he will come to Bailong Temple to find trouble, as long as he can kill the four saints Cui Ming, then the White Dragon Temple will be destroyed.

"The **** thing, I will kill you!"

.....

At this time, Ye Xuan is already far away from the White Dragon Temple, and is looking for a place to retreat.

Time passed a little.

One day, two days, three days.

"Hey, the host breaks through, and it's the current seven-piece real respect!"

"Hey, Yan Ghosts, Destroyed Ghosts, Megatron, Breaking the Gods and Breakthroughs, the current is the second half of the real emperor!"

Realm, finally broke through.

A few days ago, Ye Xuan and Cui Ming had a battle. Who couldn't help but who could, but now Ye Xuan's realm breakthrough, that Cui Ming could not afford the big waves.

Therefore, Ye Xuan directly acts.

However, when he came to the White Dragon Hall again, he just saw a team and entered the White Dragon Hall.

"It's so strong, there are actually two three-person saints, and there are more than a dozen products of the first and second products..."

Ye Xuan was shocked.

Where are these people?

In the nearby area, if there is such a strong person, then there is only a thousand mountains.

Qian Shanzong once formed the Dragon Dragon Alliance with Bai Long Temple and Sifang Pavilion. Now I am coming to Bailong Temple. What do you want to do?

Ye Xuan also couldn't figure out the situation. He decided to wait and see, but he saw that Qianshan Zongma had entered the White Dragon Hall for a long time, and nothing happened.

Therefore, he suspected that Bai Longtang had invited Qian Shanzong to come, perhaps to deal with the Sifang Pavilion.

If it was the former White Dragon Hall, one would be enough to single out the square, but after Ye Xuan caused great damage to it, only the old master, as well as a three-person saint and several injured two saints The person.

In this way, you can't deal with the Sifang Pavilion!

"It is estimated that Qian Shanzong and Bai Long Hall have joined forces. If so, then I will do it with you!"

Ye Xuan did not say anything, and directly merged with the destructive ghost dragon, killing it.

Bailong Temple and Qianshanzong, a total of four saints, three three saints, and more than a dozen two products, one saint.

On the same day, Ye Xuan could easily kill the two saints, and today he broke through, even if the three saints are in his eyes, it is like an ant.

However, if these people gather together, there are still some tricky things.

This breath of his appearance immediately caught the attention of Bai Longdian and Qian Shanzong masters.

"The kid finally appeared. Today, I will kill you!"

Cui Ming was furious and directly swept away with Ye Xuan with his breath.

"too naive!"

Ye Xuan's mouth tilted slightly and directly marked the three saints behind Cui Ming with the death killing order.

The eye of assassination!

"Killing state!"

"Destroy the world!"

A dazzling black light blooms.

This scene has happened twice in a few days, this is the third time.

And so close bursts, even if the three saints, but also directly smashed into dross.

Not only that, but the team of Qianshanzong is not far from Ye Xuan, and the outbreak of the demon of the world has threatened them.

Fortunately, they are gathered together, but they can also join forces to resist. Except for those few saints, the two saints and above are only hurt.

"Good, strong attack!"

"Is this the outbreak of the World's mark? How do you feel that it is much stronger than it was then?"

"This person's breath is just two products and half-steps of the real emperor. How could it be stronger than the dying black dragon of that year? It is hard to be..."

"His blood is stronger than the black dragon, and definitely can't stay, so be sure to kill it!"

The masters of Qianshanzong were shocked.

Ye Xuan has become the one they will kill.

This time, the reason why they came to the White Dragon Hall was to join forces with the White Dragon Hall to kill Ye Xuan in the cradle.

Unfortunately, things are not so easy!

"In the state of destroying the world, there are three outbreaks of destruction in the world at the end of the day. This is the first time. There are two times that must be used well, or you will run away!"

Ye Xuan thought in his heart.

In fact, in his case, there is nothing to attack Bailong Temple after a while. When his strength is improved, even Cui Ming is like an ant in his eyes.

However, if you crush everything, what fun?

Chapter 1912: Mysterious strong

"There are amazing arrows!"

Ye Xuan's card is layered.

When the swordsmanship of the ancestors began, the white dragon temple and the masters of Qianshanzong were surrounded.

"Don't let go!"

A master led by Qian Shanzong hurriedly shouted.

This sword array is enough to pose a threat to the three saints. It is good to gather together, but if it is scattered, the consequences will be unimaginable.

However, if they don't let go, Ye Xuan can't take them anymore?

"Death chase!"

"The eye of assassination!"

In an instant, Ye Xuan directly marks the middle person and then appears behind the other side.

After the assassination of the eye, the power of the gods is terrible.

"Boom!"

The black light blooms, and the whole white dragon temple is like a night.

Fang Cai, the three-person saint of Bailong Temple is so dead, and Ye Xuan is now used again, this time no one survives.

Qianshan Zong team, all destroyed!

Right now, there is only four powerful saints who are powerful and powerful.

"Old guy, only me and you are left." Ye Xuan's mouth tilted slightly.

Cui Ming looked gloomy at Ye Xuan, cold and cold: "You, what is it?"

"I? Of course, the inheritor of the ruined black dragon, I inherited his last wish, that is to destroy the White Dragon Temple!" Ye Xuan replied.

"As long as I am not dead, the White Dragon Temple will be there!" Cui Mingdao.

"Is it?"

Ye Xuan opened his mouth and smiled.

In the next moment, countless appeared out of thin air, at least hundreds.

Bailong Temple, directly set off a storm of blood.

Every time someone dies, there will be a

People, less and less.

However, there are more and more in addition to the help of the old tree, the **** of the gods, and so on, there is no way to fight.

"I'm going to kill you!"

Cui Ming looked at the Bailong Temple he had built up, and was washed by Ye Xuan, his eyes were red.

However, the last time he ate it, he didn't dare to become a body again, because that strength would be weaker than human form.

In this way, only the human form and Ye Xuan can be maintained!

"kill!"

The war of the two has burned to the extreme. Today, the two must be degraded, otherwise the battle will not end.

If it was a few days ago, Ye Xuan faced Cui Ming, and certainly could not beat it.

However, after the breakthrough today, there are so many help, Cui Ming instantly fell to the disadvantage.

"Is it really the day of the demise of my White Dragon Hall?"

Cui Ming, who was bruised and bruised, couldn't help but think.

He suddenly remembered that the disaster that was countless years ago was caused by the death of the Black Dragon.

In fact, it was destroyed by the black dragons in the past, and it was a place where people were sparsely populated. However, the White Dragon Hall saw the immortal imprint of the dying black dragon, so the Dragon Dragon Alliance was formed.

Today is their retribution!

"Old guy, I should send you to hell!"

After seeing the expression of Cui Ming, Ye Xuan knew that he had given up.

At this time, there are already hundreds of brilliant arrows, and hundreds of exist, Cui Ming did not survive.

"Let me hit this, solve you!"

Ye Xuanyuan's eyes widened and he was ready to use the roar of death and kill Cui Ming.

However, it was at this time.

"Hey!"

Suddenly a breath spread, the time in the entire White Dragon Temple seemed to be still, and everyone could not move, including Ye Xuan and Cui Ming.

"I didn't expect it..."

A voice fell into Ye Xuan's ear, and then, a figure appeared in his eyes.

This is a black middle-aged man with a pair of black horns!

At this point, his gaze fell on Ye Xuan, looking up and down.

Strong!

A peerless powerhouse!

Even Cui Ming of the four saints can suppress the bombs, at least the high-ranking saints.

Or, great saint!

Who?

Cui Ming and Ye Xuan have never seen this middle-aged man with a horn.

However, Ye Xuan felt a little familiar to the pair of horns.

"Is it a demon or a demon?"

Ye Xuan frowned.

The demonizers have the ability to be transformed into human figures, and at the same time they can not completely shape, that is, let themselves grow long angles, covering dragon scales and the like.

However, the breath of this long-horned middle-aged man makes Ye Xuan feel a bit like the atmosphere of the Mozu.

"I didn't expect it to be found here, the blood of the demon dragon..."

The middle-aged man slowly spoke up.

Ye Xuan and Cui Mingyi listened, some strange.

Destroy the world, is it a black dragon?

Still not waiting for Ye Xuan to react, the gaze of the middle-aged man is a glimpse. The next moment, Ye Xuan directly disengaged from the sinister ghost dragon.

"It is God's will, the blood dragon of the Dragon Palace, the blood of the **** monkey palace, the blood of the gods, I met at the same time, there is a common master, it is a joke!"

The middle-aged man of the horns said coldly.

The Dragon Palace, the Destroyed Dragon, the Monkey Palace, the God of Heaven...

When these fell into Ye Xuan's ear, his body could not help but tremble.

This middle-aged man of the horns actually saw the blood of the broken sky. Who is he?

"Kids, they, do you think you are the master?" The middle-aged man of the horn suddenly asked Ye Xuan.

Faced with this problem, Ye Xuan can only nod slightly, saying: "Yes!"

This middle-aged man with a horn is too terrible, and he can kill him with his fingers, or a low-key one.

"In this case, you'd better take the initiative to lift the contract of the demon dragon, don't let me do it myself." The middle-aged man said.

"what?"

Ye Xuan brows one pick, the other party let him cancel the contract, how is it possible?

Moreover, the other party also recognized the blood of the gods, why did it only require the removal of the ghosts?

It seems that this middle-aged man knows something, so Ye Xuan asks: "Why?"

"No, just because his ancestors were my good friends, now I need him!"

The horns of the middle-aged humanity: "As long as you are willing to lift, then I will send you a creation that you can't imagine. You can easily break through to the Holy One, the Great Saint and even higher. How?"

"Hey!"

It's not Ye Xuan, but the Cui Ming, who swallowed this spit.

Sending a creation, you can easily break through to a higher level than the Great Saint, then what is the realm of this middle-aged man?

"I don't want to make anything."

Ye Xuan directly refused.

You must know that the best dragon scale has been collected, and he is not lacking in any natural treasure.

Nothing can seduce him!

Moreover, if there is less of a ghost, then his strength will be greatly reduced, and even a saint may not be able to beat it. How can this be done?

"If that's the case, then I will do it myself!"

Chapter 1913: Forced release

"If that's the case, then I will do it myself!"

The sound of the middle-aged man of the horn is sounded.

Ye Xuan's heart is cold, you do it, anyway, I sometimes have a light back trick, afraid that you can't?

The reason why he didn't use it was to see what the middle-aged man of the horn would say. After all, he might know the origins of the god.

However, the next moment, Ye Xuan's face froze.

Two black lights flashed, and they did not enter the body of Ye Xuan and the Ghosts of the World. Then, Ye Xuan heard two system prompts.

"Hey, the destructive ghost and the host force to cancel the contract!"

"Hey, the host triggers a random mission and re-contracts with the sinister ghost dragon!"

This middle-aged man of the horns has been powerful enough to force the dismissal of the contract between Ye Xuan and the Ghosts of the World.

This is not the point. The point is that after seeing the tone, Ye Xuan subconsciously took a look back.

Lying, can't be used?

This time, the tragedy!

"The trough, the last time it happened to kill Jiang Tai in the Blood Flame Hall, is it now?"

Ye Xuan's eyes widened, and the middle-aged man of this horn has been smashed thousands of times.

Time-lapse skills can't be used, then he can't go back to the past, so the sinister ghosts will be forced to cancel the contract.

Not yet waiting for Ye Xuan to open, the demon ghost dragon quickly became smaller in a dragon scream, and then was taken into a bag by the middle-aged man.

Destroy the ghost dragon, disappear!

"What are you doing, bring it back!" Ye Xuan shouted.

"Kid, don't toast, don't eat and drink fine wine, I will take away him for you. You know, if someone let him meet it in the future, what will happen to you?"

When the middle-aged man of the horns is cold, he will pay attention to the **** of the gods. He said: "This little monkey should be careful in the future, so as not to lead to the killing!"

"The murder of the body, kill you!" Ye Xuan again roared.

"Their ancestors were the palace owners of the Twelve Animals, but they were all sealed. I took away the demon dragon and wanted to release the seal of its ancestors."

The horns are middle-aged, but this time they used the sound.

"Then why do you just take it away?" Ye Xuan could not help but ask.

"The stinky monkey in the Monkey Palace has a bad relationship with me. Why should I help it unblock it?"

The middle-aged man of the horns screamed: "If you want to, go to Xianbaoshan yourself. If you can help the stinky monkey get out of trouble, you can naturally find me!"

After that, his body shape disappeared directly, and there was no chance to return to Ye Xuan.

"day!"

Ye Xuan gnawed his teeth and remembered several names in the other party's words, the Twelve Animals Palace, Xianbao Mountain, the Monkey Palace, the Dragon Palace...

However, at this time, Ye Xuan's face suddenly changed.

When the middle-aged horns appeared, they suppressed everyone and made it impossible to move.

Now that he has gone, he has also taken away the evil dragons. Now the strength of Ye Xuan, I am afraid that even a saint can not beat.

You must know that Ye Xuan can't use the time-lapse skills now. If he is dead, he will be miserable.

However, when Ye Xuan turned his head, he found that Cui Ming had died.

Not only that, the children of the Bailong Temple are the same, the death is single, and all are killed by the pressure.

Ye Xuan couldn't help but shudder, because he knew that if he had no relationship with the sinister dragon and the sacred god, he would probably die.

"Long horns, wait for me to find you, you must take your horns off!"

Ye Xuan said with a bite.

Originally, he relied on the destructive ghost dragon to have such strength. Now that the destructive ghost dragon has been forcibly removed from the contract, Ye Xuan cannot be combined with the destructive ghost dragon, and his strength is greatly reduced.

Now he is the seven masters of true respect, the old tree, the broken **** is the second half of the true emperor, their strength at this time, at most, is the true emperor level, even the semi-san may not beat.

It's a dog!

Ye Xuan's heart screamed again.

Fortunately, there is a death killing order in the middle-aged man.

With this death killing order, Ye Xuan still has the possibility to trace the middle-aged man of the horn.

However, strength is still the key. After all, the middle-aged man of the horn is definitely stronger than the big holy.

"No matter, Mom, go back to retreat!"

Ye Xuan snorted and immediately received the battlefield and left the White Dragon Hall.

The most urgent task is to break through and then trace it!

Soon, Ye Xuan returned to the Sifang Pavilion, and then told the Qi Qi, and then asked Qi Qi to help investigate the 12th animal palace.

"The twelve animal palaces, is it the twelve zodiac, the mouse, the cow, the rabbit, the dragon, the snake, the sheep, the chicken, the pig?"

When returning to his house, Ye Xuan suddenly thought of this.

The Dragon Palace, the Monkey Palace, these two correspond to the dragon and the monkey, and the middle-aged man of the horn seems to be a cow.

It is really possible to think of it like this.

"No matter what, improving your strength is the most important!"

Ye Xuan brows a pick and directly begins to practice retreat.

.....

"Hey, the host breaks through, and it's a half-step true emperor!"

"Hey, Yan Ghost, Megatron, Breaking the Gods, breakthrough, the current five-product half-step true emperor!"

Somewhere in the Sifang Pavilion, Ye Xuan opened his eyes. He listened to the sounds in his mind and couldn't help but sigh.

This retreat, he actually did not have much effect, it is completely closed eyes.

However, the fall and the black corner two, with that a large number of heaven and earth treasures, coupled with the planting space of the millennium that day, directly broke through to the semi-holy.

The best dragon scales, etc., are useless for Ye Xuan, but they are still useful for black corners.

At this time, the black horns turned from the devour of the one-horned black scorpion, and turned into a black dragon.

After his transformation, he has greatly improved his ability to swallow and fight.

Unfortunately, he is the master servant contract signed by the demon and Ye Xuan, so it is not a pet of Ye Xuan, it can only be a thug.

"The strength of Falling and Black Point has surpassed the old and broken trees. However, now I have those dead creatures, and the strength is still not weak. No, I have no endangered ghosts, now I can't control those dead creatures."

Ye Xuan brows wrinkled, thinking in his heart.

At this time, suddenly someone fell outside his yard and then passed the voice.

"Ye Xuan, what you let me investigate, there is beauty."

The one who came is the Quartet.

Previously, because the team of Qianshanzong was destroyed by Ye Xuan, the Qianshan Zongqun had no head, so it was already annexed by the Sifang Pavilion.

In this regard, Qi Wei is also very grateful to Ye Xuan.

"What clues?"

When Ye Xuan heard Qi Qi's words, he immediately opened the door and asked.

"You have asked me to inquire about the twelve animal palaces, the dragon palace, the monkey palace, etc., but some people have heard of a force called the monkey house." Qi Qi replied.

"God monkey house?"

Chapter 1914: Monkey House

"God monkey house?"

Ye Xuan brows a pick.

What is the relationship between this monkey house and the Monkey Palace in the Twelve Animals Palace?

The name is so like, there may be a connection.

"This monkey house, where?"

Ye Xuan asked.

Wen Yan, Qi Hao took out a map and handed it to Ye Xuan. "This monkey house is much stronger than my Sifang Pavilion, but there are a lot of transmissions on the way. If it is at my speed, probably. You can reach the Monkey House in one year."

One year!

"It takes so long?"

Ye Xuan was frightened.

If it is before, he can quickly reach the Monkey House, because he can continue to break through on the way.

However, now that he has lost the Ghosts of the World, the strength is not as good as before, even if it is to let Qiqi take a long time.

"It seems that I have to retreat for a while." Ye Xuan thought secretly.

He is now a half-step true emperor. After three months, he is probably a semi-holy realm. However, the speed of this realm is not as good as a nine-and-a-half-level bone dragon.

"It seems that we must break through when we have to hurry!"

Thinking of this, Ye Xuan suddenly looked into the distance, the scarlet killing and a terrible distance between him.

What is the realm of the middle-aged man of the horn?

At the moment, Ye Xuan left the Sifang Pavilion directly, but before he left, he turned Gu Tao into a body and escorted him on the road, while he practiced on the back of Gu Tao.

His realm began to improve rapidly and soon broke through to the real emperor level.

This strength is already very good, but in this area, it is still not enough.

The more northward, the more dangerous it is, because there are saints everywhere, and it is almost impossible to safely reach the Monkey House.

"Ye Xuan, there seems to be a few sacred breaths in the front, bypassing the road?"

On the way, Gu Tao suddenly asked.

"How many Saints..."

Upon hearing this, Ye Xuan's brow was picked.

Gu Tao is the black dragon sect of the Black Dragon, which is the son of Hu Feng.

This strength is not bad in the previous area. After going north for a while, it is a little powerless.

Here, a lot of holy people!

Along the way, Ye Xuan has encountered countless waves of saints, some people ignore Ye Xuan, and some people want to kill Ye Xuan and Gu Tao, want to kill people to win treasure.

Therefore, along the way, Ye Xuan constantly uses the time-lapse skills to try to avoid these saints.

"Go ahead and see."

Ye Xuan said.

Every time he meets the Holy One, he decides to go and see because the other party may directly ignore him.

If you want to kill someone to win the treasure, then the big deal will be back in time.

But this time is different, because his strength has improved a lot, as long as it is not a middle-level saint, it should be no problem.

When Gu Tao carried Ye Xuan in the past, he found that two saints were fighting, and two saints were on the road.

However, after seeing Gu Tao and Ye Xuan, these two saints looked at each other.

Kill the machine!

Ye Xuan instantly felt the murder.

These two people want to kill and win the treasure!

Whether it is the mortal or the fairy world, or the sacred world, there are many things to kill and win the treasure.

Ye Xuan, I saw it again today.

"If it was before, you two were not qualified to wave in front of me. Now, although the demon ghosts have been forcibly taken away, I am not the two of you who can provoke!"

Ye Xuan's flash of light flashed, and two people appeared next to him.

Fall, there are black corners!

During the time he was on the road, the realm of the fall and the black horns also improved a lot. The former is six products and half holy, while the latter is seven products and half holy.

Coupled with the mysterious war armor, Ye Xuan is not afraid of these two saints.

"kill!"

Ye Xuan directly ordered.

"Yes, boss!"

The fall and the black corner nodded slightly, the latter was directly turned into the body of the black dragon, and killed toward the two saints.

Although the two sides did not speak, they all wanted to let the other party die.

The two saints are not nonsense, attacking the black horn.

However, after the black horns changed, the combat power became very powerful, and there was also the means that Ye Xuan also envied.

"I swallow!"

The black dragon swallowed a big mouth, swallowing the attack of these two saints, and it was unharmed.

"what?"

The two saints were shocked.

Swallow attack?

Their two attacks, even if they are a saint, can kill, let alone the black horn of the seven-and-a-half, or hit the body.

"You two, come in for me!"

Suddenly, the big mouth of the black horn was once again enlarged, and an invisible suction covered the two saints.

Then, the two were sucked in irresistibly.

This is not the point!

The point is that the two saints who were inhaled into the black horns appeared in the planting space. This is the change that occurs after the black horns devour the black dragon. The body space is connected to the planting space.

"Black horn, doing a good job!" Ye Xuan nodded.

When it comes to the planting space, it is to kill him and follow his wishes.

"I can't take my shot." Shouted and shrugged his shoulders, but said helplessly.

Ye Xuanyi opened his mouth and smiled. The two saints who were included in the planting space were already ransacked by him.

Two one-of-a-kind saints, there are not many places to go. After all, Ye Xuan is even the White Dragon Hall. However, he is now unable to make ends meet, so Ye Xuan is not too small.

Next, Gu Tao continued to drive with Ye Xuan.

Ye Xuan estimates that in a few days, the speed of the black horn will exceed the speed of Gu Tao, when Gu Tao can go back to the square.

However, just the next day Ye Xuan continued on his way.

"Ye Xuan, there are several saints in front, and at least two saints." Gu Tao said to Ye Xuan.

"Nothing, look at the past!" Ye Xuandao.

The second sage is now also vulnerable to the eyes of the black horn, even if it is the three sages.

In this case, why should we detour?

Maybe, the other party is coming to send benefits, maybe!

However, when Ye Xuan arrived, he saw two figures standing in the sky above a sect.

These two figures are weird, with golden hairs all over them, holding two fine iron sticks, and they are squatting with a group of saints.

After seeing this scene, Ye Xuan was a little surprised, because the two figures were similar to the broken sky, and they were completely two big monkeys walking.

"I heard that the monkey house is a group of monkeys who spit out people's words. They use long sticks as weapons. Are these two people in the monkey house?"

Ye Xuan's eyes were slightly stunned, and my heart thought.

He decided to look at it!

"Hey, the time for you has arrived. You still don't pay. If you don't pay, you will be ruthless!"

A small-eyed monkey soldier glanced at each other coldly and then said.

Chapter 1915: Monkey soldier

"Adults, please limit yourself for a while, those things will not be together for a short time!" The sect of this denomination pleaded.

"I don't care about this. If you can't get together, then I will do it myself!"

The little-eyed monkey soldier said that he even killed the sect directly.

In the sect, there are actually four sages, and they are not the opponents of the two sacred monkeys.

In the blink of an eye, these four saints were killed by a small-eyed monkey soldier and won the ring.

"Everyone, you will hand over the Qiankun ring, otherwise don't blame your monkey grandfather's stick is not merciless!" The little-eyed monkey soldier chilled.

The people in this power have seen that their lords are dead, and naturally they dare not resist, so they have to hand over the ring.

In the distance, Ye Xuan saw it and his brow was slightly picked.

These two monkey soldiers are actually doing the work of robbing the family!

However, at this moment, the sky suddenly plucked three figures, the atmosphere is not weak.

"Three two saints?"

The little-eyed monkey soldier turned his head and said: "It is estimated that the people from Qingyange are big, and if they dare to do it, they will kill them!"

"it is good!"

The other burly monkey soldier nodded.

"Hey, are you so brave, these two stinky monkeys dare to succumb to the territory of my Qingyan Pavilion?"

A young man yelled.

"Dog green rock pavilion, this site is my **** monkey house in the future, we collect some protection fees, what is your Qingyan Pavilion?" The small-eyed monkey soldiers returned.

"Where, when did you become the site of your monkey house?" asked the young man.

"Before it wasn't, it's just starting today!"

"Your monkey house, 嚣张跋扈 is not a day or two, now I am going to the Qingyan Pavilion site, and today I will clean the door for your house!"

The head of the youth directly sacrificed weapons.

Although they have an advantage in terms of numbers, they have heard that the monkeys and monkeys of the Monkey House are all invincible, fighting, and fighting more and more, so they have no chance of winning in this battle.

"Three wastes, the big head to kill them!" The small-eyed monkey soldiers finished, continue to receive the ring.

"it is good!"

The burly monkey soldier nodded and shook hands with the fine iron stick. He raised his hand and pointed at the saints of the three Qingyan Pavilions.

"flash!"

The young man felt the extraordinariness of this stick and was scared to drink.

However, this stick is still a simmering Qingyan Pavilion saint, turned into a meat sauce.

A stick, kill each other!

So strong!

The other two were scared of cold sweat.

The same is the second product of the saints, how is the gap so big, this strength, at least the three saints, right?

"Unfavorable, inform the brothers!"

The young man immediately voiced, and his figure quickly exploded.

Three to one, all were killed by one, and now there are only two, how can this be played.

"If you want to come, you want to go, you can go?"

The burly monkey soldiers said coldly, and once again, they would smash the young people directly.

This speed is too late to react!

As for the last one, it must not escape far, and was directly killed.

The three great two saints, facing the burly monkey soldiers of the same level, were successively killed.

This strength, see Ye Xuan also heart.

"The strength of this burly monkey soldier is quite strong, but if it is black horn, it should be able to play!"

Ye Xuan thought in his heart.

Black Point, already a seven-and-a-half level, plus that special physique, has been combined with countless dragon sources, the leapfrog challenge is not to mention.

What's more, there are six products and half of the holy, as well as the mysterious warfare to help.

After the death of the three men, the little-eyed monkey soldier also fell his eyes on Gu Tao, saying:
"You two, also handed it out, and then you know it."

Sure enough, the idea went to Gu Tao, after all, Gu Tao is a saint.

"If I don't pay?"

Ye Xuan on the back of Gu Tao suddenly said.

"Do not pay, then die!"

In the eyes of the small-eyed monkeys, the murderous flickering, the next moment, the burly monkey soldiers directly confronted Gu Tao.

"Black Horn!"

Ye Xuan quickly summoned the black horns.

The black horns in the body state, the dragon scales are extremely hard, this stick hits the black horns, just let the huge body tremble, and has not suffered any substantial damage.

"what?"

The small-eyed monkey soldiers and the burly monkey soldiers were shocked.

This stick is enough to seriously injure the three saints, but even one and a half saints can't kill.

The burly monkeys all suspected that they had just left a stick.

No, even if you have a stick, it is enough to kill a holy person, let alone a seven-story and a half-sacred?

"This is impossible!"

The small-eyed monkey soldiers and the burly monkey soldiers can't believe it.

One and a half holy, blocking the blow of the two saints, and seems to have not suffered much damage, this must be a dream.

Still waiting for the other party to react, wearing the fall of the mysterious warrior armor, it is already on the side, and then killing the small-eyed monkey.

Although the fall is only six products and a half, but after wearing the mysterious warfare armor, the strength rose.

At that time, the fall and the small-eyed monkeys played against each other. The two men differed by five realms, but the fall was not weaker than the small-eyed monkeys.

As for the other side, Black Point is killing with the burly monkey, and it is not falling behind.

"Not bad, now I am, the strength has finally recovered to the point before!"

After seeing this scene, Ye Xuan could not help but nod.

Before him, after the annihilation of the ghost dragon was forced to take away by the middle-aged man of the horn, the strength has regressed a lot, and now it is finally restored.

However, this is not his all cards.

"Don't fight with these two people, kill directly!"

At the moment, Ye Xuan is giving orders to two people.

The next moment, Megatron is a picture of the direct incarnation of the beast.

If you do not expect Ye Xuan, these two monkey soldiers, should also be holy animals, just speak.

Sure enough, the figure of the beast of the beast, the strength of this small-eyed monkey soldier and the burly monkey soldier, fell directly by 70%.

"what?"

The two monkey soldiers were shocked.

How did their strength suddenly drop so much?

They can still be singled out with the other side, but now the strength is declining. How can this be played?

At the moment, the small-eyed monkey soldier is retreating backwards, but what he does not know is that after falling to the armor of the mysterious god, the strength can be reduced by more than 70%.

"Hey!"

On the other hand, after the burly monkey soldier fell by 70%, he was directly hit by a corner of the black corner and died on the spot.

"Hey, the host's killing value is improved!"

A system prompt sounded in Ye Xuan's mind.

At the same time, the face of the small-eyed monkey soldier changed greatly.

The burly monkeys who are stronger than him are dead, and his final estimation is just like that.

"Who are you, don't you know that we are the people of the Monkey House?" The little-eyed monkeys knew that things were not good and rushed out of their own backstage.

Chapter 1916: Sun?

"I care who you are, die!"

Ye Xuan's flash of light flashed directly.

The next moment, the black corner was once again turned into a black streamer, and the corner of the small-eyed monkey soldier was penetrated.

dead!

Two great two saints, this is fallen!

"Okay, it's good!"

After they died, Ye Xuan couldn't help but praise, and quickly collected the bodies of the two monkey soldiers.

"Megatron, search for souls!"

Ye Xuan ordered again.

after a little while.

"The two monkey soldiers are indeed the people of the monkey house. They are ordered by the head of the monkey house and want to expand their own territory."

Ye Xuan said secretly.

These two monkey soldiers, before meeting them, have already searched for a lot of wealth, so they are worth a lot.

However, what caught Ye Xuan's attention was that there was a fundamental monkey hair on each of the two monkey soldiers.

Ye Xuan quickly found it out, and then looked at the two basic life monkey hair, thinking in his heart: "The monkey soldiers who can condense the life of the monkey hair, the qualifications are good, and this monkey monkey may decide and the monkey palace Related to, the **** monkey palace is also the ancestors of the broken sky, the two basic life monkey hair to the sky, may have any effect!"

Then, he just thrown the two dead monkeys to the sky.

When I received these two basic life monkey hairs, I carefully played them. Finally, what made Ye Xuan wonder is that these two fundamental life monkey hairs were finally refining and refining, and they grew up on him.

"Breaking the sky, your strength has become stronger?" Ye Xuan brows a pick.

"squeak!"

Nodded in the sky, these two basic life monkey hair directly made him more than double the strength.

It is a pity that the realm of breaking the sky is too low. Even if it is more than doubled, it is estimated that it will not fall under the circumstances of wearing the armor of the mysterious god.

"It's not bad. If you have a little bit of a monkey hair, you can be like a smashing dragon..."

Thinking of this, Ye Xuan's eyes are bright.

However, there is an essential gap between breaking the sky and destroying the world.

That is the fit!

Ye Xuan can be combined with the destructive ghost dragon, and can only be combined with the destructive ghost dragon, so the strength of the broken sky is stronger, but it is better than the evil dragon.

"In the future, it will definitely be fit, but I don't know how to do it. Is it a random task reward?"

Ye Xuan's eyes glimpsed and decided not to think about it anymore and continue on his way.

It can be known from the two monkey soldiers that the **** monkey house owner is very ambitious and wants to expand his territory.

His strength is indeed very strong, but doing so will only cause dissatisfaction with the surrounding forces. After all, there are still several forces that are similar to the Monkey House.

However, this is a good thing for Ye Xuan. After all, he needs some virgin monkey hair to strengthen the sacred god.

What Ye Xuan did not think was that the broken gods could still sense the position of these monkey soldiers, which is another great news for Ye Xuan.

Before the death of the ghost dragon can sense the atmosphere of the dragon scales, now the **** of the gods can sense the atmosphere of the monkey soldiers around, really good.

With the break, Ye Xuan quickly swept toward the monkeys.

These monkeys sent by the Lord of the Monkey House are at least of the holy level, but in the current situation of Ye Xuan, it is better to find the low-level Saint-level monkeys.

Within a few days, Ye Xuan got more than a dozen basic monkey hairs.

As for the monkey soldiers, some were killed, and some were swallowed into the stomach after being suppressed, that is, they were received in the planting space.

Breaking the strength, start to improve quickly!

Tracing the horns of the middle-aged people, now Ye Xuan has no way, the distance between Ye Xuan and him is as far away as a human looking up at the sun.

At present, it is still based on upgrading strength.

“Hey, the host breaks through, and it’s currently the Sanpin Zhendi!”

"Hey, Yan Ghost, Megatron, Breaking the Gods, the current breakthrough is the Seventh Emperor!"

Now, the strength of the old tree is not keeping up with the rhythm.

With its strength, wearing the three-level mysterious warfare armor, has reached the semi-holy level.

However, there are two generals, Fall and Black Point, on top of it. It wants to exceed it, and it needs a lot of life.

The reason why the monkeys of the Monkey House are stronger than the human genius is because of this life, and each monkey soldier does not have to have only one. The more the monkey hair, the better the qualification.

Ye Xuan had encountered a powerful monkey soldier with three fundamental life monkey hairs. At that time, there was a suppression of the map of the beasts, and he was able to fight against the black corner. The strength is very good.

But in the end, he still struggled against Ye Xuan everyone, was killed on the spot!

"If you go at this speed, after more than a month, the strength of the sky will be able to catch up with the realm and the black horns."

Ye Xuan nodded with satisfaction.

After all, the broken **** is now only the seven-level real emperor level, and the fall is already seven products and half-sacred, and the two are in a big gap.

However, just as Ye Xuan was on his way, suddenly a strong breath came to him.

Instigated for a moment, at least the four saints.

If it was before, Ye Xuan may still be afraid, but now Black Point has also broken through to eight products and half holy, as long as you don't come to the Five-People, you can say.

Soon, this monkey soldier quickly swept to Ye Xuan, and then he looked at the mini sky and browsed.

"The real emperor of the district, even has more than a dozen basic life monkey hair, this, how is it possible?"

The monkey soldier was terrified, and he was far away. He suspected that he had made a mistake.

Now looking for it, he can be sure that his feelings are absolutely wrong.

Even the half-sacred is not there, and even more than a dozen essential life monkey hairs have been condensed. This qualification is really strong and explosive.

"Big, adults, don't know your name?"

This monkey soldier couldn't help but say.

Name?

After hearing the words on the back of the ancient Tao, I couldn't help but look at Ye Xuan.

"You said, you are called Sun Broken!"

Ye Xuan rushed to the sky.

The **** of ruin, originally had no name. At that time, the people of Longyu called it a little monkey, and later gave it a name after being tamed by Ye Xuan.

However, at that time, the middle-aged man of the horns also mentioned the blood of the gods, so Ye Xuan quickly added a grandson.

In the memory of Ye Xuan, when it comes to monkeys, it is associated with a classic character, plus a grandson, very appropriate.

"squeak!"

Breaking the sky.

In this case, the average person can't understand, but the monkey soldier in front of the sky is understandable.

"What, even surnamed Sun?"

This five-seat-level monkey soldier was shocked.

In the monkey house, the surname of Sun is a big surname. Only the relatives of the owner, or the relatives of the four great saints, and those who have made great contributions can be given to the surname Sun.

Chapter 1917: Monkey

"Strange, Sun Daren is still not talking about people?"

This monkey soldier frowned, but did not think much, directly said: "Sun Daren, let me follow you!"

follow?

Hearing this, Ye Xuan's eyes glimpsed, and there was a five-person saint as a hitter, which was good. After all, this five-product holy person also has three fundamental life monkey hairs.

After obtaining the consent of Ye Xuan, the sky was also slightly nodded and agreed.

"Thank you for your grandchildren!"

This five-level holy-level monkey soldier is already happy with his mouth.

At this time, Ye Xuan suddenly stepped forward and said: "Under the introduction, I am the servant of Sun Daren, Ye Xuan. Since you followed Sun Daren, the benefits will definitely be inevitable in the future."

"Yes Yes Yes!"

The monkey soldier nodded quickly.

On the realm, Ye Xuan is four levels lower than the broken sky, and it is still human, so in this monkey soldier's heart, Ye Xuan must have won the trust of the sky.

He is a follower, but dare not underestimate Ye Xuan.

Not waiting for the opening of the five-monkey soldiers, Ye Xuan continued to say: "You, since you followed Sun Daren, then take a basic life monkey hair and give it to Sun Daren!"

"what?"

The monkey soldier's brow was picked. The three basic monkeys on his body, but he finally condensed, and now let him pull out one, but it will hurt.

Moreover, the life of the monkey hair is his condensed, even if it is given to others, it is useless.

Sun Daren, what do you want to do with this life monkey?

"Don't ask, Sun Daren's ability is not something you can guess. If you want to follow Sun Daren, then you will know what to do."

Ye Xuan reminded.

The monkey soldier listened and hesitated.

At the level of the true emperor, there are more than a dozen essential monkey hairs. This is not a fake, let alone the surname of Sun, must be a big man in the monkey house.

Although he is a five-person saint, but in the monkey house, it is still the bottom of the general existence, and now if you can hold a thigh, the future is boundless.

After thinking for a moment, the monkey soldier decided to do it, reluctantly pull out the basic life monkey hair from the body, and then throw it to the sky.

After receiving the basic life of the monkey hair, he immediately held it in his hand. Then, the root monkey hair was absorbed by it.

This scene, but to the eyes of this monkey soldier, was shocked.

"Sun Daren, can actually absorb the virgin monkey hair of others, is this too bad?"

The eyes of this monkey soldier are about to come out. He is the first to hear about this kind of thing.

He estimated that this grandson of the sun is likely to be related to the owner, and may be the apprentice of the government.

With this ability, you can definitely surpass the owner in the future!

Days, earning big!

"In the future, my monkey will open up Beijing, and the grandson of the grandson will be the leader. Let me send it!"

The monkey soldier said, holding a fist.

When I said this, I almost didn't laugh at Ye Xuan.

Monkey jingjing!

This name is good!

"good very good!"

Ye Xuan satisfactorily nodded and said: "Next, you can contact other monkey soldiers around you and bring them together. Remember, Sun Daren sneak out this time, don't talk nonsense!"

"Yes Yes Yes!"

The monkey turned to Beijing and nodded quickly.

Next, Ye Xuan is looking for a place to rest, ready to retreat.

As for the monkeys, it is to start convening the nearby monkey soldiers and let them come quickly.

In less than three days, more than a dozen monkey soldiers were gathered, most of them were low-level saints, and only two were middle-level saints.

For these people, Ye Xuan also took a monkey hair each.

"Hey, if you gather more people, it is also a weak force!"

Ye Xuan opened his mouth and smiled.

These people all thought that the broken sky had a relationship with the head of the monkey house, and they were surnamed Sun, so they all held their thighs.

In this way, Ye Xuan has a number of super backup.

"Go more and grab some cultivation resources!"

Ye Xuan's eyes glanced at the trio of these people under his hand and then went to the sectarian sect.

In addition, they are also allowed to keep in touch with the surrounding monkey soldiers on the way, let them come to worship.

Ten, twenty, thirty...

There are more and more followers of the sky, and there are more than five middle-aged saints, one of which is the Sixth Saint.

This strength is already very good!

During the looting of these horses, Ye Xuan's realm has once again increased.

At this time, Ye Xuan is already a six-product true emperor. As for the broken sky, it has already broken through to a product and a half-level.

The one-and-a-half-sacred man has no more fighting power than the three-person holy ones. If he wears the mythical armor, the strength approaches the high-ranking saints.

However, just as they enjoyed their success, someone suddenly passed a voice to Ye Xuan.

"Ye Xuan adults, not good, Qingyange organized a large number of people, is killing us!"

This voice is the first horse to break into the sky.

"almost there!"

Ye Xuan immediately responded.

This monkey, Beijing, is also the first follower of the day, and naturally still has to take care of some.

At the moment, Ye Xuan is dispatched with a master and goes to the rescue.

Just right, Ye Xuan made a few in the area where the monkey was in Beijing.

"Hey!"

The door of the void opened, and Ye Xuan got in.

Not far ahead, there are monkeys and other monkeys, and behind them, there are a group of middle-aged saints.

"Up, one does not stay!"

Ye Xuan immediately ordered.

The next moment, the six saints beside him, and the other two five saints directly killed the past.

Among the chasers of the Qingyan Pavilion, there are also two six-person saints. In addition, the five saints and the four saints add up to more than ten.

However, Ye Xuan is not empty.

"Black horns, breaking the sky, you are also on!"

Ye Xuan gave orders to the two.

"okay!"

The black horn should be a sentence, directly translated into the body to kill.

The masters of the Qingyan Pavilion saw the support and immediately formed a formation.

Suddenly, the two sides will fight.

"Booming!"

A burst of loud noise continued to spread and the battle was fierce.

This level of combat, Ye Xuan is now unable to participate, after all, he is only the true emperor, even the semi-sanctification is not.

However, after wearing the **** of the mysterious war, the fighting power is very strong.

"Stunning thirty-six sticks!"

Wearing a sacred **** of the mysterious warrior armor, aiming at one of the six sacred sages of the enemy, is a full force.

"Come out, the housekeeper's shocking thirty-six sticks!"

"Sun Daren, must be the apprentice of the owner, or how can you learn to shock the thirty-six sticks?"

"It's too powerful. When you hit it, you will fly your opponent. Sun Daren has only recently entered the semi-holy!"

The group of monkey soldiers were shocked.

The qualifiers, surnames, and the thrilling thirty-six sticks have made this group of monkey soldiers convinced that he is a close relative of the monkey house, and he is not doubtful.

After all, even in the monkey house, it may not be able to find out the existence like a broken sky.

Chapter 1918: Things are exposed

In the monkey house, there are quite a few surnames of Sun, but there is no such thing as the qualifications are close to the sky, let alone the master of the monkey house.

There are broken days to join the battle, the masters of this group of Qingyan Pavilion, directly defeated by the army, and then died to death, escaped, and finally all were chased.

Great victory!

"Too great, Sun Daren is a cow, and with Sun Daren, you will definitely fly!"

"Low-key, we must be low-key, don't be discovered by Qingyan Pavilion, otherwise they will definitely send a master to kill Sun Daren!"

"Afraid of what, when they come, the strength of Sun Daren will definitely go up one level, who will die!"

The monkey soldiers are warlike and all kinds of flattering.

As a servant of the sky, Ye Xuan quickly passed the bodies of the group of Qingyange masters.

"Hey, it's a big income. With such a monkey army, you can definitely sweep the surrounding forces!"

Ye Xuan has already opened the flowers in his heart.

At the beginning, he also killed two monkey soldiers. I didn't expect to have so many monkey soldiers to follow the class. It was incredible.

However, just as he was about to leave.

"A strong and strong breath, Sun Daren is a high-ranking saint!"

The six saints couldn't help but say.

Seven products, eight products, and nine products are all high-order, so at least seven people are coming.

If it is seven products, they can still fight this group of people, but if it is eight products, things will be troublesome.

Ye Xuan quickly collected those unrelated people. After all, this level of fighting, they can not participate.

Soon, the breath came over.

Seven saints?

No, it is the Eight Saints!

"What about the eight-sacred saints, first play with him and see the strength of the broken world!"

Ye Xuan thought in his heart.

Now the fighting power of the sky is infinitely close to the seven saints, but it has not been fully played. This eight-piece saint is a good sandbag.

Even if you can't beat it, Ye Xuan can also use the time back directly. It is enough to come to the rescue monkey to get up early.

This eight-person sage is dressed easily, and he is the person of Qingyan Pavilion. He swept Ye Xuan and others and finally looked down on the sky.

Although the sky is only a sacred, but he felt a lot of life in the sky.

"The **** * monkey house, find death!"

This eight-product holy person does not say anything, directly attacking the sky.

"Hey!"

With just one hit, the sky will be blown away, and the mysterious armor of Megatron will be directly broken.

Fortunately, the broken body is a broken **** stone, strong defense, just suffered a little injury.

Don't forget, Ye Xuan and the pets share the blood of the undead, which gives the sky a strong recovery.

"not dead?"

These eight saints are very surprised.

His attack, even the seven saints can kill, but it can only hurt the day, and immediately resumed.

This little monkey is not easy!

"kill!"

Eight Saints are ready to attack.

"Ye Xuan adults, what should I do?" The six saints couldn't help but look at Ye Xuan.

"No hurry, Sun Daren has no big tricks!"

Ye Xuan said with a smile.

Big move?

How could it be!

There is only one trick in the sky, and that is the shocking method.

The big move in his mouth refers to his own time-lapse skills.

Hearing this, the monkeys of the six saints are also relieved.

"Boom!"

"Hey!"

In the distance, a burst of sound came.

Ye Xuan looked at this battle and couldn't help but sigh, because if the evil spirits were not forced to take away, it would be absolutely easy to kill the eight saints.

unfortunately!

In the distance, the Eight-People of the Qingyan Pavilion saw that it was so difficult to see the sky, and his face could not help but be ugly.

A one-and-a-half sacred, can actually block his attack without dying, if it grows up yet?

So today he must kill the sky!

However, although the sky has been hit, but its expression is not so heavy, because he sensed that a breath is approaching quickly.

This breath, there are also a lot of life monkey hair, is the high-level saint of the monkey house!

Soon, this breath was also sensed by the monkeys of the six saints.

"This breath is so good, it must be a monkey!" The monkey soldier's eyes lit up.

The monkeys of the Monkey House will be at least the high-ranking saints. As long as you come to a seven-sacred saint, it is enough to clean up the Eight-People of the Qingyan Pavilion.

Soon, there was a figure that caught everyone's eyes.

"Not good, it is the monkey of the monkey house!"

The eight-person sage of the Qingyan Pavilion turned around and looked a big change.

"what happened?"

The monkey who just arrived will turn to look at the monkey soldiers of the six saints.

"We were chased and killed, and Sun Daren shot to help us!" The monkey soldier explained.

"Sun Daren?"

Hearing this, the monkey will be a little surprised, he carefully felt it, and found that there is only one and a half holy.

This qualification is also against the sky!

"This grandson, where is the sacred?" The monkey could not help but ask.

"Unclear, Sun Daren called Sun Broken, saying that he sneaked out of the Monkey House." The Monkey Soldier shook his head.

In the monkey house, each monkey will be given the surname of Sun. However, this surname cannot be hereditary, that is, the son of the monkey. If you do not become a monkey, you will not be able to surname the grandson before.

Except for the monkeys, only the four great saints and the people of the government are eligible to be surnamed grandchildren.

There are so many monkeys, he also has an impression, but he has never heard of Sun Broken.

It seems that it is the descendants of the four great saints or the owners!

Thinking of this, this monkey will directly sacrifice weapons, and shouted: "Sun Daren, I will help you!"

This qualification is not enough to find a second person in the Monkey House. Therefore, this monkey will be considered to be secretly cultivated by the Monkey House. If there is any difference, it will not be enough for all the monkeys to take it.

With the addition of this monkey, the face of the eight-person sage of Qingyange has sunk to the bottom of the valley and quickly retreats.

"squeak!"

When I saw someone coming to the rescue, I was too lazy to attack. After shouting, Megatron was a momentary disintegration.

"Hey!"

The mysterious warfare armor is set on the monkey of the seven-sacred level.

After putting on the armor of the mysterious god, the power of the seven saints has skyrocketed and the attack speed has increased a lot.

"Hey!"

The stick shadow, which fell on the eight-person saint of Qingyange, instantly bombarded it into a meat sauce.

Spike!

"Good, good!"

The monkey would not dare to believe that he had killed a Qingyan Pavilion eight-person saint himself.

He knows that this must be the credit of Sun Daren's armor!

After the death of the Eight-People of the Qingyan Pavilion, the sky was quickly swept away, and the body was thrown to Ye Xuan, and then Ye Xuan took it up, which was not at all polite.

"I have seen adults!"

The monkey will not say anything, respectfully hold the fist.

Chapter 1919: Back in time

"Hey? (What is your name?)"

The sky shouted.

"Sun Lei, the monkey will be under the sun in the sun!" The monkey will introduce himself.

Ye Xuan once searched the souls of two monkey soldiers, so I know that there are four great saints and one government owner in the monkey house.

This great sun, is one of the great saints, and there is no need to say more about its realm.

"Hey!"

The sky continued and said, this is what Ye Xuan told it, so that the monkey will not tell his things, otherwise...

"Yes, my subordinates understand!" Sun Lei hurriedly nodded: "His willingness to follow adults!"

"squeak!"

Satisfied and nodded.

In this way, Ye Xuan's team has another super fighting power.

There is him, as long as he does not encounter the master of the great holy level, Ye Xuan can go sideways, after all, there is a mysterious war armor.

However, things are not that simple.

This Sun Lei said that he did not tell the above, but he felt that the identity of the heavens was honorable, and absolutely no accidents could occur. Therefore, he was guilty of sinning his danger and secretly confessing to the top.

However, what surprised him was.

After the discovery of the Great Sun, the matter was told to the head of the monkey house, but the head of the monkey house said that there was no such thing as Sun Broken.

There is no name, and there is no super genius that condenses dozens of fundamental monkey hairs in one and a half holy levels!

Sun Broken, is not a person of the Monkey House!

Because Sun Lei's realm is high, Ye Xuan did not find out that Sun Lei, who was informed of the incident, was already shocked and could not speak.

He looked at the broken **** in front of the goddess of war, and he hesitated.

The sacred sacred sacred voice came to let him catch the gods and bring back to the monkey house.

What made him hesitate was that at this time, the sky broke through to the second and the half.

A product of half a holy level of the sky, it has killed six people of the saints, and can resist the strength of the seven saints.

This qualification, even the **** monkey house owner is also amazed!

Therefore, Sun Lei did not grasp the smashing of the sky, so he secretly contacted the two monkeys in the vicinity.

"Sun Daren, his subordinates contacted the two monkeys around, they are coming!"

At this time, Sun Lei suddenly stepped forward and said respectfully.

"Hey! (Dry beautiful!)"

Breaking the sky and opening a smile, jumped to Sun Lei's shoulder.

Soon, these two monkeys will be coming, they are two seven-monkeys, and the life of the monkey hair has been condensed more than fifteen, and the strength is very strong, comparable to the eight-piece holy people of Qingyan Pavilion.

"I have seen Sun Daren!"

The two monkeys will respectfully say.

However, they are already aware of the matter, so they want to get close to them, and then they will work with Sun Lei to catch the sky.

Since there was no accident before, Ye Xuan did not think much, and accepted the two.

When he was still happy that he had two more generals, Sun Lei and the two monkeys who had just joined, suddenly surrounded the broken sky.

"What are you doing?"

Ye Xuan could not help but ask.

He is only the realm of the real emperor, so he is not put in the eyes of the three, the three directly, hands-on.

"what?"

The sky was a little shocked. I didn't expect Sun Lei and the two to collude and want to catch it?

no way!

In an instant, breaking the sky is a powerful force, but the most powerful one is the shocking thirty-six sticks. Now it is controlled and there is no way to launch an attack.

"Hey! (What do you do?)" asked amazedly.

After hearing it, Sun Lei replied: "Sun Daren, sorry, the head of the house asks you to go back!"

The owner!

When this word falls into Ye Xuan and the broken ears, I understand that things have been revealed.

Where do they know what the monkey house owner is?

"It seems that someone has secretly reported it, it should be this Sun Lei!"

Ye Xuan suddenly reacted.

He was fine before, but after Sun Lei came, there was an accident.

Of course, it is also possible that other people reported it. Sun Lei, like the other two, secretly lurked in.

In any case, things are lost!

Even if it is a second-and-a-half sacred, it is not the opponent of the three big seven saints, let alone still being held?

Although Ye Xuan can directly collect the broken sky, and then escape, but these three monkeys, each person has more than a dozen basic life monkey hair, can you let it go?

"Back in time!"

As a last resort, Ye Xuan used time back and returned to the day before Sun Lei.

Today, Monkey Bingjing has not encountered the pursuit of Qingyange masters, so enough time backflow skills have cooled down.

"Next, things will reappear. When you can't let Sun Lei report it, you have to send it into the planting space!"

Ye Xuan thought in his heart.

He was thinking, when Sun Lei met, Sun Lei already knew.

If you don't know, then it is the **** monkey house that Sun Lei reported. When Sun Lei should listen to the words of the sky, Ye Xuan can restrain him as long as he enters the planting space, and then lead the other two monkeys.

Of course, if Sun Lei encounters a broken sky, he already knows that the sky is a fake, so I am afraid I have to fight directly.

Regardless, Ye Xuan first tried this situation and saw if Sun Lei had a broken day, did he know that the sky was fake?

"Ye Xuan adults, not good, Qingyange organized a large number of people, is killing us!"

The monkey came to Beijing and heard the news.

Prior to this, Ye Xuan had asked Megatron to search all the monkey soldiers in the planting space once.

These people all followed his meaning and did not report things.

At the moment, Ye Xuan is once again breaking through the void and killing all the chasers of Qingyan Pavilion.

Then, the eight-character sage of Qingyange came and violently broke the day.

Then, Sun Lei appeared, with the mysterious war armor, spiked the eight saints.

"Hey, hey! (I see you are good, when my followers!)"

The sky broke into Sun Lei.

"The subordinates are willing to filial piety, for the grandchildren to send!" Sun Lei eyes bright, hurriedly clenched his fist.

"Oh! (If you do, then don't resist!)"

When the sky broke, there was a force that shrouded Sun Lei.

Sun Lei saw it, initially resisted, but later gave up.

The next moment, he appeared in the planting space.

When he arrived here, even if he was a seven-sacred saint, he was allowed to be killed by Ye Xuan.

At this time, Ye Xuan has also collected the monkeys and other people, and then began to search for souls.

However, nothing has been discovered!

"There is nothing to discover, it seems that Sun Lei later reported it!"

Ye Xuan thought in his heart.

"Adult, what is it here?" Sun Lei asked curiously.

Ye Xuan is also nonsense, directly pulling off the life of the monkey hair on Sun Lei, and the other monkeys on the other monkeys, and gave it to the sky.

Chapter 1920: The danger of the monkey house

The next moment, Sun Lei was shocked.

Throughout the day, all of these life monkey hairs were refining, and finally broke through a hundred, and the breath rose.

"Sun Daren, you are this..."

Sun Lei looked at the sky with a strange look.

Refining and refining the lives of other people, even he was the first to hear.

"What's so strange, Sun Daren's talent is different, and you can understand it?"

Ye Xuan, who was on the side, said coldly, "Next, you will look for the nearby monkeys and bring them together. The future benefits are indispensable to you!"

Sun Lei hesitated.

If Sun Daren can continue to refine the life of other people, this strength will certainly easily surpass the owner, when the Monkey House will certainly be more powerful.

"Yes!"

Sun Lei nodded.

Then, Ye Xuan gave him out and then watched him contact the monkeys around him.

"You are doing very well, follow Sun Daren, and you can become a great saint in the future!" Ye Xuan said with satisfaction.

"Yes!" Sun Lei said respectfully.

Indeed, he feels that way too.

After Sun Daren refining the virgin monkey hair, the breath has indeed skyrocketed a lot, and when he breaks through to the Holy One, he can at least compete with the Great.

Let me ask, from the semi-sacred breakthrough to the difficulty of the saints, and the difficulty of breaking the saint to the great saint, which one is higher?

Nature is the Holy One to the Great Holy!

This is beyond doubt!

Soon, the two monkeys will be coming, and then Ye Xuan will also accept the two men, and then reintegrate the monkey hair.

All of the three monkeys' brooding monkey hairs were refining and refining, and their strengths dropped greatly. It is estimated that they cannot be challenged.

However, after wearing the mysterious battle armor, the strength has improved a grade.

At that time, it was a sacred sacred slay that killed the six saints and then attacked the eight saints.

Now it has broken through to the second and second sacred, and refining so many sacred monkey hairs, it should be enough to defeat the eight sages.

"Very good, you will continue to contact, remember, don't tell the four great saints and the head of the house, otherwise Sun Daren will be angry and kill you all!"

Ye Xuan will say to the three seven-sacred monkeys.

Next, they continue to expand their teams and collect their own monkey hairs as before.

However, just as he expanded his team to five monkeys, suddenly a message came.

Ye Xuan took out the message of the spar in his hand and his face changed.

"The Monkey House was attacked by three major forces and supported quickly!"

This is the news that the Great Sun of the Sun gave the monkeys and monkeys a voice.

The monkey house was besieged!

"It's unfortunate. If you wait a little longer, don't talk about the three forces. Even if it's the top ten forces, you can't stop it!"

Ye Xuan's eyes are slightly stunned.

The Monkey House, Ye Xuan is estimated to be related to the Monkey Palace in the Twelve Animals Palace. If it is destroyed, it will not be good.

Right now, he has two plans.

First, it is to go to the support of the Monkey House. On the way, you should be able to break through to the San Pin and the Half, and then it will be invincible under the Great.

Second, it is to directly kill the Qingyan Pavilion and attack the Qingyan Pavilion.

Qingyan Pavilion is one of the three major forces. If it is a fire in the rear, it may be retired and returned to rescue.

"In any case, I sometimes go back to the temple to see the situation, if I can't talk about it."

Ye Xuan thought in his heart and immediately let a monkey take him to the Monkey House.

As for the Black Dragon Sanctuary Gu Tao, Ye Xuan has commanded a middle-aged saint to **** him back to the Sifang Pavilion.

"God monkey house, hold on, don't be killed before I come!"

Ye Xuan thought in his heart.

A few days later, he finally entered the realm of the monkey house.

At this time, he is already a nine-character emperor, only one step away from the semi-san, and at the same time, the broken gods also broke through to the four-and-a-half level, which is called the invincible existence under the great saint.

A few days ago, the Great Sun passed the news, so that the monkeys and monkeys who were outside were quickly rushed back to the support of the monkey house.

Ye Xuan also encountered a lot on the way, they are willing to join the broken team, the strength of the sky has also improved a lot.

At this time, in the realm of the Monkey House, there are also masters of the three major forces of Qingyan Pavilion, Jishangcheng and Changhong.

Ye Xuan was just entering the site of the Monkey House, and he encountered many people blocking.

Among these people, there are also high-ranking saints, but these people are not in front of Ye Xuan.

Ye Xuan passed the road and finally came to the vicinity of the Monkey House.

At this time, the Monkey House is surrounded by the forces of the three parties. Countless monkey soldiers and monkeys will hold their positions and are facing each other.

"Smelly monkey, I think you are still smashing it, lest we start killing."

A Tsing Yi old man said that he is the owner of the Qingyan Pavilion.

"Smelly monkey, your ambition is too big. Don't think that you can do it with strength." Changhong sent the lord.

"Yes, although the strength of our three people is not as good as you, it is not so easy to deal with them. If we really want to kill them, it will definitely be a heavy loss. Why is it not expensive?" said the Lord of the City.

These words fell into the ears of a monkey wearing a hyperthyroidism in the monkey house, but it was a bit funny.

"My **** monkey house is a natural war, to fight and fight, where is so much nonsense?"

The monkey house is cold and cold.

He is already ready to break the net.

If he really wants to fight, he has 80% of the leaders who kill the three forces, but his monkeys and monkeys will probably suffer heavy casualties. This is what he does not want to see.

Therefore, the two sides have been deadlocked!

Ye Xuan in the distance looked at the current situation and felt that the pressure on the monkey house is not small. And even if he joins, he may not be able to reverse the situation. After all, the human side has a huge number of people, so he hesitated.

However, he did not directly use the time to go back to the Qingyan Pavilion, because the two sides may continue to squat down?

As long as the gods break through once again, then he has the confidence to reverse the situation, and see when the two sides start playing.

In the next few days, the three parties of Qingyange continued to give pressure to the monkey house, but the monkeys and monkeys of the monkey house will hold their positions because they still have a plan.

As long as those monkeys and monkeys who are going out will return, the combat power will at least turn up. When the time is won, the chances will be greatly improved. Whoever loses and wins is not necessarily.

However, just on the third day of Ye Xuan's arrival.

"Don't wait, since this stinky monkey is not willing to compromise, then come on!" said the director of Qingyan Pavilion.

"First kill the four great saints and the head of the monkey house, and the monkeys and grandchildren of the majesty are best enslaved. This is also a good choice." Changhong sent the main road.
