

## Super D. S 1921

### Chapter 1921: Killed in Qingyan Pavilion

The Lord City Master heard this and could only nod his head slightly: "The two minds have been decided, then I naturally help each other, but by the time, don't forget our previous agreement."

The agreement is that after the death of the monkey house, the three sides are equally divided!

In the monkey house, the head of the monkey house saw a murder that was directly revealed by the three people, and immediately snarled and the whole army was on alert.

The big battle is coming!

"It's still a little slower."

Ye Xuan shook his head helplessly, but he still wanted to try to join the battle. Maybe there will be a miracle?

Just when he thought so, the owner of Qingyan Pavilion was directly ordered.

attack!

"kill!"

Qingyan Pavilion, Changhong School, and Shangshang City, the masters of the three major forces immediately surrounded the monkey house.

The storm is finally here!

The head of the monkey house also shook hands with the long stick, aiming at the three two great saints, was to launch an attack.

At the same time, the four people have two great saints, but the head of the monkey house has condensed a lot of virgin monkey hairs, and the fighting power is superior. He beats three people alone, and it is still no problem.

"Boom!" "Boom!" "Boom!"

In the blink of an eye, these four people started to fight, and the battle was very intense.

Ye Xuan, who is hiding in the distance, is only a person at this time, so no one will notice him. After all, he will not even be holy.

"Okay, break the sky, let's go!"

Ye Xuan directly summoned the broken gods and wore the sky of the gods, and the combat power has reached its peak.

kill!

At this time, Ye Xuan is helping the monkey house, so the map of the beast is of no use.

If he is helping Qingyan Pavilion, Changhong School and the Shangcheng City this time, this monkey house is absolutely gone.

The four-and-a-half-level holy monkeys turned into a streamer and rushed into the crowds of Qingyan Pavilion.

"Stunning thirty-six sticks!"

It's only a trick to break the sky, so you can only use this trick.

A stick down, turned into thirty-six sticks, directly killed a large number of Qingyan Pavilion masters.

However, its appearance has also attracted the attention of other great monasteries in Qingyange.

"There is still a backhand, looking for death!"

A great sanctuary of Qingyan Pavilion noticed the breaking of the sky, quickly killed the past, and directly played against the sky.

The sky is broken, and now it can be called the invincible existence under the Great Holy Spirit. Even if it is against the Great Saint, it has a power to fight.

It is a pity that at this time, the sky was entangled and could not be separated in a short time, and Ye Xuan in the distance did not dare to approach, and the atmosphere was awkward.

The battle on this side also fell into the eyes of the head of the monkey house. After all, there are hundreds of fundamental monkey hairs in the sky. It is incredible.

"There will be a shocking method, and the extent of the thirty-six sticks. Is it also a descendant of the Monkey Palace?"

The eyes of the \*\*\*\* monkey house are bright, but for now, let's solve this battle.

"You guys, let me die!"

The Lord of the Monkey House shouted, and the breath suddenly rose up. Then, his body began to expand, and he grew to more than a hundred times in the blink of an eye.

A monkey turned out to be a gorilla!

Ye Xuan in the distance saw it and couldn't help but sigh: "Hey, let me go, is this the Saiyan people seeing the moon turned into a body?"

After the transformation of the \*\*\*\* monkey house, the strength of the skyrocketing, it was easy to suppress the three people of the Qingyan Pavilion.

However, Qingyan Pavilion, Changhong School and Extreme City, in addition to the leading three, there are more than a dozen masters of the Great Saints level, they have an advantage in terms of numbers, even if the people of the Monkey House are good at fighting.

Ye Xuan only came to see the situation this time. If this battle is won by the Monkey, then he may not need to use the time-lapse skills.

If it is defeated, he will have to go back and plan to save the monkey house.

"Booming!"

A burst of loud noise continued to spread, and the two sides fought very fiercely, and people continued to fall.

If the strength is not enough, Ye Xuan has long wanted to collect the bodies of the monkey soldiers and monkeys, so that the sky will definitely be able to go up one level.

After the transformation of the head of the monkey house, the strength of the house has skyrocketed, but the three masters of humanity are not vegetarian. They have adopted guerrilla warfare because they know that this transformation is time-limited. Once the duration has passed, the head of the monkey house will surely fail. .

Sure enough, the trio's conjecture was correct. They succeeded in delaying the time, and the main body of the monkey house began to shrink.

In the next scene, there is no need to say more, the main theme of the monkey house is dead, and then the monkey house is divided.

"The situation is certain, it seems that I still have to go out!"

Ye Xuan's eyes squinted and used the time-lapse skills directly.

Hey!

In a blink of an eye, he returned to the time when he received the sound of the Great Sun.

"Go, go to Qingyan Pavilion and let them get angry in the backyard!"

Ye Xuan's eyes stunned and let Sun Lei rush to Qingyan Pavilion.

As long as the Qingyan Pavilion has an accident, the Qingyan Pavilion team going to the Monkey House will not sit idly by, and it is very likely to retreat.

As long as one retreats, even if the Changhong faction and the extreme Shangcheng join forces, they can't help the monkey house.

Ye Xuan's previous position, the time to go to Qingyan Pavilion and the Monkey House is actually about the same. If it is really better than going to Qingyan Pavilion, it will be faster.

A few days later, Ye Xuan finally came to the vicinity of Qingyan Pavilion. On this road, he passed through the enemy and directly killed the enemy.

Qingyan Pavilion, Changhong School and the Shangcheng City have been consulted and brought a lot of masters. Therefore, in the Qingyan Pavilion, there is a great sanctuary.

Although the use of time-lapse skills, but these days of the road, Ye Xuan has also broken through to Jiu Pin Zhen Emperor, breaking the gods also return to the four products and half holy.

"If you don't want to be late, let's go!"

Ye Xuan said directly to the broken sky.

The great saint in the Qingyan Pavilion was dragged by a broken person. As for the others, it was shot by Black Point.

During this time, Ye Xuan got a lot of heaven and earth treasures, so the black horn has already broken through to the saint level, and it is still the three saints.

The more six battles, the problem is still no problem!

"Hey!"

After the black horn appeared, he snarled in the sky and killed at Qingyange.

"There is an enemy attack!"

The guards of Qingyan Pavilion discovered the broken sky and the black corner, and immediately yelled.

Because of the breaking of the sky and the black horn, one is a four-and-a-half sacred, and the other is a Sanpin sage, so it did not attract the attention of the great sage in Qingyan Pavilion.

However, after the front door of Qingyan Pavilion fell, this great saint was noticed.

"Who is this, dare to go to my Qingyan Pavilion?"

This human great saint jumped into the sky.

At this time, just seeing a figure hit, it is a broken sky.

"Stunning thirty-six sticks!"

If you don't say anything, raising your hand is a stick.

"Hey!"

This blow was blocked by the Great Saint of Qingyan Pavilion.

Although the difference between so many realms, but the day is still let the other party feel the pressure.

"Is this the killer of the Monkey House?"

This Qingyan Pavilion Dasheng suddenly reacted.

Chapter 1922: Backyard fire

The Dasheng of Qingyan Pavilion knows that the owner of the house took the master to the monkey house, and at this time they were attacked by monkeys, which would inevitably associate with the monkey house.

"Just by you, want to kill me?"

The Qingyan Pavilion is a cold scream.

But what he didn't know was that the sky was not trying to kill him, but he wanted to entangle the other side.

Black Point, at this time also killed in the Qingyan Pavilion, is fighting against those nine saints.

"The battle time of the sky is limited, and it must be quick and fast!"

Ye Xuan's eyes stunned and let the sky break as planned.

"Boom!" "Boom!" "Boom!"

Being in the midst of a battle with the Qingyan Pavilion, I suddenly turned around and pointed at the nine sacred people. It was a shocking thirty-six stick.

"Hey!"

Thirty-six sticks of shadows, squatting on the three nine-sacred people, suddenly killed two people, one seriously injured.

The defensive power of the sky is amazing. He does not need to defend against the attack of Qingyange Dasheng. However, Qingyange Dasheng can't stop the other people from attacking the sky.

"I swallow!"

When the black horns were seriously injured by the only one of the nine saints, the big mouth slammed open.

A force that shrouded the seriously wounded nine saints and then inhaled them into the black horns, along with the two bodies.

The next moment, this seriously injured nine-person saint was swallowed by the black horn and then entered the planting space.

When it comes to planting space, even if they are holy people, it will not help.

This is not the point. The key point is that Qingyan Pavilion is now a big holy, three nine-sacred people.

Now these three nine saints, two dead, and one missing, who else can stop the black horn?

"Black Point, let everyone swallow me!"

Ye Xuan said.

"Well, boss!"

The black horn should have a sentence, and the big mouth opened again.

Even the nine saints have been swallowed by the black horn, then other people can not escape.

After a few times, these people were swallowed up by the black horns, even those buildings.

Qingyan Pavilion, the whole army is over!

No, it should be said that almost the whole army is annihilated, and there is still a great saint.

"You, swallow all of them?"

The Qingyan Pavilion Dasheng's eyes widened and said to the black horn.

"Of course not, they are not dead yet."

Black Point shook his head and said: "I advise you to stop, otherwise, I can't guarantee their life!"

"you!"

This Qingyan Pavilion is not dare to do it again.

Seeing the sky, I quickly opened the distance with the other side.

"What do you want to do?" asked Qingyange Dasheng.

"It's very simple, let you tell your lord to stop them from attacking the monkey house!" Black Point replied.

"This is impossible. The \*\*\*\* monkey house is too deceiving. How many land has been seized in my Qingyan Pavilion?"

Black Point: "That's not my business, anyway, my words are brought, give you three seconds to consider, after three seconds, I will ruin me ruthless!"

"you....."

This Qingyan Pavilion big anger refers to the black horn, but he dare not refuse again. After all, what if the other party comes to a dead net?

The Monkey House was finally destroyed, but the Qingyan Pavilion was finally destroyed. Is this still playing with an egg?

Those who were swallowed up by the black horn, the relatives of the owner, and his relatives.

"How do I know that they are still alive?" asked Qingyange Dasheng.

"Take it for you!"

The black-horned mouth was once again, and even spit out some saints and half-sacred people, some of whom he had swallowed before.

"Damn!"

Qingyan Pavilion is a big roar.

Now he is completely passive.

"three!"

"two!"

Just as he thought about it, Black Point suddenly began to count down.

This Qingyan Pavilion is hesitant. If the countdown is completed and he has not followed the instructions of the other party, the consequences must be unimaginable.

No way, he had to take out the messaging token and send a message to the owner of the Qingyan Pavilion near the Monkey House.

"What, Qingyan Pavilion was attacked, and everyone else is the captive of each other except you?"

The Qingyan Pavilion owner was shocked after learning about the incident.

"The owner, what should I do now?" Qingyange Dasheng asked.

"Give the communication token to the other party, I will talk to each other!" said the director of Qingyan Pavilion.

After hearing this, the Qingyan Pavilion Dasheng directly threw the communication token in his hand to the black corner.

"Who are you? What do you want?"

Asked the owner of Qingyan Pavilion.

"You don't need to ask more. I have only one request now, that is to see you. When I see you, I will naturally let people go!"

Said the black horn.

"See me?"

The Qingyan Pavilion chief responded suddenly, and the other party wanted him to give up attacking the monkey house.

"I don't have any patience with this person. I will give you three seconds to consider. After three seconds, you have not withdrawn, and you will be at your own risk!"

These words are what Ye Xuan told him to say, intact, and the word is not bad!

"Okay, I am withdrawing!"

The Qingyan Pavilion chief gnawed his teeth and directly ordered the withdrawal of Qingyan Pavilion. After all, there is no way at the moment.

The entire Qingyan Pavilion, except for the man he is carrying now, is left with the remaining great saint.

Outside the monkey house, the face of the city master and the Changhong sect saw the change of the Qingyan Pavilion.

"Qingyan Pavilion, what are you doing?" Changhong sent the lord to ask.

"There was a misstep. When someone took me to kill someone, I controlled all of my Qingyan Pavilion people and forced me to retreat!" said the director of Qingyan Pavilion.

"what?"

As soon as this was said, the Lord of the City and the Changhong Sect of the Emperor looked at each other.

Old home, being yin?

"This matter, let's put it aside for the time being. It's best for you two to call back and ask."

After the Qingyange Pavilion owner finished, he directly withdrew from the masters of Qingyan Pavilion.

The head of the monkey house was seen, some strange, and did not understand why Qingyan Pavilion would retreat at this section.

what happened?

As soon as Qingyan Pavilion left, the Shangcheng and Changhong factions did not dare to stay and rushed to retreat.

The crisis of the monkey house is lifted!

The Qingyan Pavilion retreats. Originally, he was able to rush back to Qingyan Pavilion first, but he was worried that the main house of the monkeys would be chased, so they must be escorted back.

As a result, it will take several days.

Ye Xuan is counted as this, so I want to see the main side of Qingyan Pavilion.

After a few days.

"Hey, the host breaks through, and it's a half-sacred one!"

"Hey, Yan Ghost, Megatron, Breaking the Gods, breakthrough, currently five products and half holy!"

Near the Qingyan Pavilion, Ye Xuan's mind sounded two system sounds.

Now, the strength of the broken sky has once again increased, and it is no longer afraid of that product.

However, he did not let the sky break directly, because he felt that the Green Rock Pavilion owner was coming back soon.

Sure enough, shortly after his breakthrough, a large force was killed in the sky, and it was the master of Qingyan Pavilion and the master of Qingyan Pavilion.

Chapter 1923: Qingyan Pavilion, destroy!

"I have retreated according to what you said, and I still don't let people go?" Qingyange said to the black horn.

"People, I can put it, but let's put one tenth today!"

Black Point said, a big mouth, released tens of thousands of people.

One day, put one tenth, then ten days to release all!

After ten days, the realm of breaking the sky will be upgraded again. Is it still afraid of this Qingyan Pavilion owner?

"one tenth?"

Qingyange's main brow is picking up. I don't understand what the black horn is doing. Why should I put it a little more a day?

However, it is better to put a tenth of the number out.

"This guy, what is the idea?" Qingyange, and other Qingyange masters are all inexplicable look.

When I met for the first time, Black Point put a tenth of a person.

The next day, it was another tenth.

On the third day, it is still one tenth.

The captives of the Qingyan Pavilion were released a little bit by the black corner, but before the full release, the Qingyan Pavilion would not have any action.

A few days later, Ye Xuan broke through to the second half of the holy, and the broken \*\*\*\* also reached the six-and-a-half.

At this time, the black horn has released more than half of the people, because the sky is in the planting space, so the people of Qingyan Pavilion do not know.

Soon, it took another few days.

Today, it is the tenth day that Black Point sees the owner of Qingyan Pavilion.

"Today is the tenth day, still not letting people?" Qingyan Pavilion owner facing the black corner.

"Don't worry, wait a little longer!" Black Pointe opened his mouth and smiled.

after a little while.

"Oh, breaking through the gods, the current is seven products and half holy!"

In Ye Xuan's mind, a system sound was heard.

Finally, broke through!

"Okay, black corners let go!"

Ye Xuan passed the air to the black corner.

"understand!"

The black horn nod, and even if the mouth is wide open, the remaining group of Qingyange will be released.

Now, a prisoner is gone!

The people of Qingyan Pavilion quickly counted and found that there were no few people.

However, on the same day, Qingyan Pavilion died two sacred sages. This feud can not be reported.

"What do you want to do?"

The Qingyan Pavilion owner could not help but ask.

In the past ten days, one-tenth of the people in Black Point have come out every day. Apart from robbing those who have stopped the ring, they have not hurt anyone. This makes the people of Qingyan Pavilion feel surprised.

"Nothing, just delay the time!" Black Point replied.

Qingyange's eyes squinted and decided not to ask any more. Just grab the black horn and don't know?

"On the same day, you killed two of the nine great saints in Qingyan Pavilion. Now that you have released everyone, can you escape?" said the director of Qingyan Pavilion.

"Escape? Why do you want to escape?" Black Point asked.

"Go up and grab him!" Qingyange the owner directly ordered.

As soon as this was said, two great saints rushed up.

In the past ten days, the black horns have been waiting outside, so they have not entered the cultivation space to cultivate, and the strength is still the three saints.

With his strength, facing the nine saints is already the limit. Now there are two great saints, there is no chance of winning.

However, he is not alone.

He has a big mouth, and the next moment, there is a miniature figure, which is the broken \*\*\*\* of the gods.

The body of the black horn is combined with the planting space, so the broken \*\*\*\* can also come out of his mouth.

"not good!"

On that day, the Qingyan Pavilion's face changed, and when he just wanted to speak, he launched an attack.

"Stunning thirty-six sticks!"

There was no hand in the sky, and a stick of 36 sticks was taken out, and they were smashed to the two Qingyan Pavilion.

"Hey!" "Hey!"

This scene suddenly came, even the Qingyan Pavilion owners did not expect.

In the blink of an eye, these two Qingyan Pavilion Dasheng fell directly from the sky.

More than ten days ago, the realm of the four-story and half-sacred, and the sacred battle of the Qingyan Pavilion, although weaker than the disadvantage, but also played a lot of rounds, the other party can not help it.

After more than ten days, the breakthrough to the seven-story and half-sacred, the destructive power of one strike, the second kill is very normal.

You must know that the sky has increased three realms!

"How can this be?"

The owner of Qingyan Pavilion was shocked.

In Qingyan Pavilion, there are only five people who have a great saint. Now they have died two times and they are very hurt.

This is not the point. The point is that it is also killed by a half-sacred. How is this possible?

"After today, there is no Qingyan Pavilion anymore!"

An indifferent voice sounded, and everyone turned around and saw that the speaker was a young man of four products.

Who?

They didn't wait for them to ask, and they attacked again.

"Stunning thirty-six sticks!"

This move, no one on the scene can be able to pick up, even the Qingyan Pavilion owner will not work.

The owner of Qingyan Pavilion, as if in the sky, saw the shadow of the head of the monkey house.

Do not!

The heroic posture of the sky is not comparable to that of the monkey house.

"Booming!"

Although the sky is only seven products and half holy, but one person is singled out the entire Qingyan Pavilion. After the three sticks, there is no master of the great holy level in Qingyan Pavilion. Even the main owners of Qingyan Pavilion are degraded.

After today, I am afraid there will be no Qingyan Pavilion!

"Everyone, come in for me!"

The big mouth of the black horn suddenly disappeared.

Under the pressure of the sky, the saints of the Qingyan Pavilion had no resistance at all, and were once again swallowed into the planting space by the black horn.

Qingyan Pavilion, destroy!

"Five fifteen days ago, I couldn't even have a big product." After fifteen days, the entire Qingyan Pavilion was destroyed. The fairy-level engulfing system is terrible!"

Ye Xuan couldn't help but shudder.

At this time, he suddenly remembered a previous horror memory, that is, the beast \*\*\*\* made the blood owner.

If he dies in the hands of the other party, then the fairy phagocytic system will be captured by the other party.

Fortunately, he successfully killed the other side, otherwise he was dominated by anti-customers!

Things have been solved, then, next, Ye Xuan is going to rush to the Monkey House.

In case, just in case, he decided to go slowly, so that he can guarantee that he will be defeated by the 10% after seeing the monkey house.

After breaking through to the eight-story and half-sacred, Ye Xuan came to the vicinity of the Monkey House and then summoned the sky.

"What is the Lord of the Monkey House?"

Ye Xuan shouted.

At the time of the skybreaking, the people of the entire Monkey House were shocked.

More than one hundred basic monkey hairs, the entire \*\*\*\* monkey house, also the four great holy and the monkey house.

who is it?

Soon, Ye Xuan saw the Lord of the Monkey House rushing out. He took a look at Ye Xuan's shoulder and said: "You are..."

"What do you think is the reason why Qingyan Pavilion retreated?" Ye Xuan said with a smile.

The Lord of the Monkey House said, "Is it what you did?"

"Yes, when I took the Greenstone Pavilion and led the people to attack your Monkey House, they put a fire behind them. However, now Qingyan Pavilion has ceased to exist." Ye Xuan continued.

Chapter 1924: Cheng Wang defeat

Qingyan Pavilion, no longer exists!

The Lord of the Monkey House heard this and was slightly shocked. However, the Monkey House can actually destroy the Qingyan Pavilion. This is nothing.

However, Ye Xuan does not even have a great sanctuary. What qualifications are there to destroy Qingyan Pavilion?

"How do you do it?" The Lord of the Monkey House could not help but ask.

"How to do it, you don't need to know, I help you, but I don't want you to be destroyed, because I have something to ask you."

Ye Xuan said, after smashing the sky, he said: "I don't know, have you heard of the Palace of the Monkey in the Palace of the Twelve Animals?"

Twelve animal palace!

God Monkey Palace!

Hearing the words, the main body of the monkey house was trembled and said: "I have never heard of it!"

Of course, he has heard of it, but Ye Xuan's origin is unknown, he will not tell Ye Xuan.

Ye Xuan looked at the subtle movements of the head of the monkey house, and both eyes immediately lit up. It seems that the \*\*\*\* monkey house owner knows something.

The monkey palace, the monkey house, this name is very similar, plus the \*\*\*\* monkey house owner will also be shocked, so Ye Xuan guessed that the other party has 90% know the monkey palace.

"The owner, you are not kind, I helped you solve the crisis, just looking for you to inquire about one thing, but you are not willing to tell?" Ye Xuan blinked.

"I didn't ask you for help, and I don't know what the twelve animal palaces and the monkey palace are in your mouth." The monkey house chief shook his head.

"Is it?"

Ye Xuan's mouth tilted slightly, said: "The owner, don't blame me for not reminding you, I can destroy the Qingyan Pavilion, and naturally can also destroy your monkey house, you can not make your own mistakes!"

"Just by you?"

The main face of the monkey house was suddenly cold and cold.

The Monkey House is the most powerful one in this area. Only when they bully others, where else can other people dare to threaten him?

Even in the face of the Qingyan Pavilion, the Changhong School and the Extreme City, the Lord of the Monkey House did not have any timidity.

What's more, Ye Xuan, these juniors who are not even Saints?

However, intuition told him that Ye Xuan is not very simple, after all, the opening is actually Ye Xuan, not the black horns of the four saints.

The most important thing for the Lord of the Monkey House is the mini monkey wearing armor on Ye Xuan's shoulder.

"The Holy Sun, you will meet them when you go up!" The monkey house chief suddenly opened his mouth.

"Yes!"

A red-haired monkey came out.

It was clear that he had appeared and went out.

"Are you sure you want to fight with me? I am afraid that I will knock you to death with a stick!" said the Great Sun.

"Hey? (then let me try?)"

Seeing the ridiculous expression of the broken sky, the Great Sacred Day came out with his own red long stick, and mercilessly aimed at breaking the sky is a stick.

"Hey!"

This blow fell accurately on the broken body, but it was first blocked by the mysterious warrior armor, but only the crack of the mysterious warrior armor.

The mysterious war armor is the transformation of Megatron, and Megatron is now the same as the broken heaven, and it is a three-level magic weapon, so the defense is very hard.

The sacred sacred sacred sect, even the defense of the sacred \*\*\*\* armor can not be broken, let alone broken.

"What, how is this possible? My blow, even his armor can't be broken?" The Great Sun was shocked.

Among the four great saints of the Monkey House, his attack power is the strongest one. In addition, he has condensed hundreds of basic life monkey hairs, and his strength is stronger than the second product.

However, this is...

"Oh! (I am!)"

At the time of the sacred day of the sun, the sky broke out with lightning speed.

"Stunning thirty-six sticks!"

"Hey!"

This stick fell on the Great Sun, and actually collapsed his shoulders.

This is not the point. The key point is that the hit is still not used, and only about 30% of the power.

Even if it is only 30% of the power, it is enough to kill this sacred day, and if it is on the chest, it will surely explode the heart of the Great Sun.

So strong!

The audience was shocked!

The sun was stunned by the sun, and he was smelling a death. He did not expect death to be so close to him.

He knows that the sky is to stop, otherwise he will be immediately boiled into a meat sauce.

Horror is really terrible!

Is this really just a eight-and-a-half holy?

"Hey!"

The other three great saints, as well as the head of the monkey house, swallowed one after another.

This strength, I am afraid it is above the head of the monkey house!

Where did this little monkey come from?

The head of the monkey house is a glimpse of the other's strength, and it is estimated that the strength of the other party, if it is together, may not have the power of a war.

"Up, kneel down to him!"

The Lord of the Monkey House shouted.

The next moment, the other three great saints were dispatched together, and together with the head of the monkey house, they killed the sky.

"Not self-reliant!"

Ye Xuan snorted and gave the order to the world.

Already the sacred sacred sacred, even the Qingyange lord killed, not to mention the time when the monkey house was raised, the realm was raised once again.

These people are actually no different from the Qingyan Pavilion in front of him.

"Stunning thirty-six sticks!"

Soon, the battle is over.

All of them, including the head of the monkey house, are defeated!

"Black Horn, give me a swallow!"

Taking advantage of this opportunity, Ye Xuan quickly ordered.

The head of the monkey house was seriously injured and fell to the ground. Before he could react, the monkey soldiers and monkeys would begin to be swallowed by the black horn and then sent to the planting space.

This, but a lot of wealth, so many monkey soldiers, monkeys, at least have a root of the monkey hair.

"who are you?"

The head of the monkey house looked at the monkey soldiers and monkeys who had worked hard to cultivate them. All of them were swallowed by the black horns and could not help but ask.

"Ask me to answer my questions early, I won't end up like this, but you can rest assured that these people are not dead, safe!"

Ye Xuan opened his mouth and smiled.

It is indeed very safe in the planting space, but after the monkey soldiers and monkeys are sent in, the life of the monkey hair is directly removed.

At the same time, the sky was also taken in by Ye Xuan, and then quickly summoned.

At this time, the number of the monkeys in the sky has reached a thousand.

Although the original monkey hair of Ye Xuan's harvest is far more than a thousand roots, the realm of breaking the sky is not enough. At most, there are only a thousand refining and refining. As long as we continue to break through, we can continue refining.

This is not the point. The focus is on these monkey soldiers and monkeys. In the future, they will be the backyard corps. Ye Xuan will let them continue to condense their life and then supply them to the sky.

"If this is the case, then you will also take me in!" said the Lord of the Monkey House.

"Okay, as you wish!"

Ye Xuan's head slammed his eyes on the black horn. The latter immediately noticed and directly received the plantation of the monkey house and the four great saints.

Chapter 1925: Thousand spiders

In this way, these people are at the mercy of Ye Xuan, and there is no such power in the future.

At the moment, Ye Xuan is projected into the planting space and appears in front of the head of the monkey house.

"Now, can you talk about it?" Ye Xuan said to the head of the monkey house.

"You said the Monkey Palace, I did hear it." The monkey house chief nodded: "However, it was heard from my father."

"Your father is?" Ye Xuan asked.

"This monkey house is built by my father, and my father, who is said to have been a monkey soldier in the monkey palace." The lord of the monkey replied.

"Your father, a monkey soldier in the Monkey Palace, why did you leave the Monkey Palace?" Ye Xuan asked again.

The main theme of the monkey house: "That is because the twelve animal palaces were destroyed. The twelve palace owners were not killed or killed, or sealed. Therefore, the twelve animal palaces were also dissolved."

"Is it destroyed?"

Ye Xuan muttered in his heart and said, "What about your father?"

"My father, who was once saved by the \*\*\*\* monkey palace, wanted to go to Xianbaoshan to save the monkey palace." The main theme of the monkey house.

"Xianbaoshan?"

Hearing this noun, Ye Xuan suddenly thought of a person, that is, the middle-aged man who forced the death of the ghost dragon!

The other party also mentioned Xianbaoshan!

It turned out that it was the seal of the Lord of the Monkey Palace.

"Where is this Xianbao Mountain?" Ye Xuan asked curiously.

The head of the monkey house shook his head: "I don't know this, maybe, the mysterious sacred sage will know."

"Stunning, who is it?" Ye Xuan asked.

"Amazing, it is said that a very important person in the Palace of the Monkey, after the dissolution of the Twelve Animals Palace, he was hidden in the Thousand Spider Hills as a hermit, and my father learned from his mouth. The location of Xianbao Mountain."

The head of the monkey house was paused and said: "The location of Xianbao Mountain, I don't know, I know where it is."

After that, he took out a map directly and handed it to Ye Xuan, indicating the location of the thousand spiders.

"Thousand spiders?"

Ye Xuan's eyes are slightly stunned. This place is a long way from him. Even if he uses the transmission array continuously, it will take more than ten days.

However, this is nothing, at least he found clues.

At the moment, Ye Xuan is going straight to the Thousand Spider Mountain.

This section of the road is very boring, and I have not encountered any special things. There are only a few robbers who think that Ye Xuan is bullied.

These people, not dead, were sent to the planting space by Ye Xuan.

About half a month later, Ye Xuan came to the foot of the thousand spiders.

During the period, Ye Xuan's realm broke through to the seven-story and half-sacred, and the broken sky also broke from the eight-story and half-sacred, to the second-class sage. Now his strength can probably deal with the middle-aged sage.

The danger of Thousand Spider Mountain, Ye Xuan has already learned on the way. It is said that even if the middle-level high-order grand priest goes up, there is a danger of degeneration.

The owner of Thousand Spider Mountain is called Mrs. Thousand Spider. She is the wife of the Great St.

Rumors, if someone can find the Thousand Spider Temple, you can get the sacred inheritance.

This stick is very powerful, so it attracts many people to climb.

Ye Xuan looked at the Thousand Spider Mountain, which was full of horror at all times. After taking a deep breath, he boarded it.

Thousands of spiders can't fly, because there are a lot of high-level Dasheng-level flying spiders in the air. Once they fly, they will be attacked by these flying spiders.

Therefore, you must go on foot!

Ye Xuan walked in with a black horn.

The black horn is now the ninth-order saint, and the strength has surpassed that of the sacred monkey house. It is probably the five-level sacred level. He has a path open, and small problems are generally not available.

These climbers are at least middle-level saints, but few black horns carry a 'tired'.

"Thousands of spiders are all spiders and sacred beasts. There are pictures of the beasts and the sky, and the chances of climbing to the top of the mountain are high."

Ye Xuan thought in his heart.

Even if it doesn't work, he can't go back in time and wait a while to come in.

"The kid, the nine-person saints in the district dare to come in, and they are really impatient."

Ye Xuan and Black Point haven't walked for a long time, and there is a discordant sound. They turn their heads and look at it and find that there are several four great saints.

"Swallow up!"

Ye Xuan said that the other party is not good, directly said.

The next moment, the black horn is directly turned into a black dragon, a big mouth, directly inhaling a few four products into the planting space.

Not self-reliant!

For this kind of person, Ye Xuan is already strange, and Black Point has long been used to it.

They began to climb the mountain. On the way, there were many holy saints of the Holy Order who shot them and were swallowed by the black horns without exception.

As they climbed thousands of spiders, the realm of the sacred beasts was higher. Within two days, they came to the mountainside of Thousand Spider Hills and almost climbed halfway.

"Next, you may encounter high-level holy beasts, be careful!"

Ye Xuan thought in his heart.

However, as they continued to move forward, they suddenly flew into the sky.

Someone wants to fly to the top of the mountain by flying, it is really dead!

"Zizizi!"

The flying thunder spiders in the air found the figure, and immediately released countless electric lights to attack this person.

Unexpectedly, this figure is very fast, and it has flashed this batch of attacks.

Ye Xuan hurriedly glanced and found that this is a girl in her teens, and her strength has reached the level of five products.

However, those flying spiders in the air are all in groups, constantly attacking this girl.

Although the speed of the girl is fast, she has not escaped so many attacks. She was finally hit, but she did not die, but fell from the air.

However, those flying spiders are not prepared to let her go, and immediately win the pursuit.

"It's really welfare, Black Point swallows her!"

Ye Xuan immediately said.

When Heiner heard this, he directly turned it into a body, and with a big mouth, there was a force that shrouded the girl and then swallowed it.

Thousands of spiders have been climbed by countless people. Although these flying spiders are horrible, they will not attack as long as they do not exceed a certain distance from the ground.

After the black horn swallowed the girl into the planting space, the flying thunder spiders lost their target and gave up the pursuit.

"Hey, where is this?"

In the planting space, the girl turned around and looked around for a circle, could not help but ask.

"This is my space, I saved you!" Ye Xuan suddenly appeared in front of the girl, of course, just a projection.

"Thank you, but, can you let me go, I will continue to the top!" the girl thanked.

Chapter 1926: Small bone

"You are only five good, want to climb the top of the mountain, enter the Thousand Spider Temple is not a possible thing, or give up." Ye Xuan shook his head.

"Who said, I know a shortcut, you can go straight to the top of the mountain." Girl said.

Hearing this, Ye Xuan was a little surprised and asked: "So how did you still fly?"

"That is because I am too lazy to go, I want to fly directly to the shortcut, and I accidentally encountered the flying spider." The girl said awkwardly.

Ye Xuan was dubious about what she said.

After all, the average person does not dare to fly to the sky, even if it is a high-ranking great saint, not to mention the girl is only a middle-aged saint.

However, this girl suffered from the attack of the flying spider, but she did not suffer much damage. This made Ye Xuan very surprised.

"Well, I saved your life just now, if you take me to the top of the mountain, even if I am still a human person!" Ye Xuan said to the girl.

This girl is just a five-product grand priest, so Ye Xuan has little interest in it.

On the way up the mountain, Ye Xuan also killed a lot of five great saints, nothing.

At the moment, he is the girl who gave it up.

"My name is Xiao Bone, what about you?" the girl turned and asked.

"Ye Xuan!"

Ye Xuan directly answered.

"Are you also looking for a shocking day to learn the magical stick method?" asked Xiao Bing.

In her opinion, Ye Xuan's realm is too low, but the strength is still quite powerful. However, this thousand spider mountains, even if the high-order Dasheng came, if there is bad luck, there will be danger of corruption.

Faced with this problem, Ye Xuan couldn't help but paused and shook his head: "Not all!"

Even the Lord of the Monkey House has been trained to the extent of the thirty-six sticks. This shocking day should be more than him. In this case, it may be possible to guide the sky.

"Not all, are you looking for something else?" asked the little bones.

Ye Xuan is not ready to answer, directly said: "Lead the way!"

"Oh."

Xiao Bone no longer asked, turned and left.

That shortcut, not far from the front, the bones soon found Ye Xuan, and then walked in.

"In this shortcut, there is no holy beast." Xiaoyan suddenly smiled and said to Ye Xuan.

Ye Xuan frowned and asked: "How did you find this place?"

If this shortcut is exposed, then other people can use this shortcut to lead the mountain, and find a shocking day to learn the magic.

"Nature is someone who told me." Xiaobiao laughed and continued to lead the way.

Without the entanglement of the Holy Beast, Ye Xuan and Xiao Bone were very fast, and they came out of the shortcut after one day, and then they rushed for a while and came to the foothills of the thousand spiders.

At this time, there are already many people waiting outside the temple.

"What happened? How can it not come out?"

"Isn't that going to be a retreat?"

"Wait a minute, maybe something is wrong."

A group of high-ranking great saints, whispered in that, there are many nine great saints.

The stunned sacred, in fact, is also the nine great saints, but his strength is very amazing, he is relying on the set of shocking sticks, so even if it is the nine great saints, there are many people who want to learn.

However, just as Ye Xuan and Xiao Bing were together, the door of the Thousand Spider Temple suddenly opened, and then a young man came out.

"Sorry, let everyone wait!"

The young man said a word, then explained: "I am an apprentice of the great sacred, very unfortunate, the master has recently gone out, so please wait a little longer."

"How long will it take?"

Someone asked.

"This, I am not very clear, the master did not tell!" The young man shook his head.

"Well, then we are waiting here, anyway, there is no holy beast in the mountains."

"Wait, as long as you can learn the magical stick method, how many years are worth it!"

"There is no chance to get the guidance of the great sacred, this is very rare."

A group of people continued to discuss.

However, after seeing this, Ye Xuan couldn't help but frown.

Amazing, not even?

Then what to do!

He came to ask the singer to ask about Xianbaoshan. Now that the great sacred is not there, can he wait for him to come back?

However, this apprentice of the great sage said, he did not know when the great sacred return.

In case, is it to use the year as a unit?

Just then, the small bone next to Ye Xuan suddenly said: "I know where the big shout is."

"Ok?"

Upon hearing this, Ye Xuan turned slightly and asked: "How do you know?"

"I just exchanged with him. I was shocked and went to Baigushan. I went to see Mrs. Bone!" Xiao Biao replied.

"Baigu Mountain, Lady of White Bone?"

Ye Xuan paused and continued to ask: "Why would he tell you?"

"It's still used to say that I know him, so he told me that not only that, but I am also very familiar with the great sacred." Xiaobiao smiled.

"Oh?"

Ye Xuan was shocked again.

This girl in front of her eyes is very familiar with the sacred sacred, which is beyond his expectations.

However, if Xiao Bian's words are true, then she knows that the shortcuts of Thousand Spider Hills are also normal.

Ye Xuan suddenly thought of a point, and asked: "Baigushan, Mrs. Bone, what is your relationship with her?"

"Well....."

The little bone was silent for a while, and finally he said slowly: "Mrs. Bone, it is my mother, and it is my father."

"parents?"

Hearing this, Ye Xuan couldn't help but recall one thing. Mrs. Thousand Spiders is also the wife of the great sage.

"I understand."

Ye Xuan nodded.

"I used to sneak out to find my father. I didn't expect him to go to Baigushan. If you are looking for him, you can join together." Small bones.

"Okay, then go to Baigushan!"

Ye Xuan nodded, then took the small bones back through the shortcut and returned to the foot of the thousand spiders.

Then they went to the Bone Mountain.

Baigushan is a bit different from Qianshanshan. The holy beasts of Qianlongshan are all spiders, while Baishanshan is a dead creature.

It is said that the white bone lady of Baigu Mountain is a white bone demon, and the body is a skeleton. This is a very rare thing.

A few days later, Ye Xuan finally arrived at Baigushan. Because the little bone is the daughter of Mrs. Baigu, the next road is not too difficult to walk.

Of course, during the hurry, the breakthrough broke into the level of the Sanpin Saint, even if it is to climb alone, Ye Xuan is not afraid.

"Baigu Mountain is my site, no death creatures dare to touch me, let's go!"

After the little bones are finished, they are carrying Ye Xuan to climb.

However, it was at this time.

"Booming!"

Suddenly, there was a fierce tremor in Baigushan, and countless dead creatures were alarmed.

"what happened?"

Ye Xuan and Xiao Bing were surprised. They looked up and found two figures in the mountain.

These two figures are fighting.

Chapter 1927: Hit it up!

"Father, mother?"

Xiao Bian was very surprised after seeing it, because the two figures that were fighting were actually the Lady of the Bone and the Great Shrine.

How do you fight the couple?

In this regard, Ye Xuan is not strange, it is their own people, it is estimated that it will not hit the point.

However, he was wrong this time.

These two people are really playing!

"Old monkey, I have been with you for many years, today you want to take my bones of life, you are really good heart!" Mrs. Bone is angry.

"With your source of bones, I will be able to break through to the Holy Spirit. By then, I will help you to restore the realm!"

"Still!"

Mrs. Bone continued to roar: "I didn't expect you to say such a thing. You know that I am forcibly taking out the source of my life, and there is a chance that 80% will fall."

The sacred sacredness needs the source of the sacred bones, thereby breaking the shackles of the Great Holy Spirit and breaking through to the Holy Spirit.

If Mrs. Bone's wife forcibly removes the source of the bone, 80% of the chances will fall. Otherwise, Mrs. Bone is willing to hand over the source of the bone to the sacred.

Unexpectedly, the great sacred is a white-eyed wolf.

"Eight percent of the odds. After so many years, how many times have I survived and survived? Isn't it still alive?"

"you....."

Mrs. Bone was almost mad at this sentence.

The stunned sage, even able to say such a thing, Mrs. Bone only felt that she had seen her eyes in the past, and she actually looked at such people.

"Do not talk nonsense, I will not give you the source of my life, if you want, come and kill me!" Mrs. Bone angered.

"Do you think I dare?" The big sacred eyes widened and the murder was revealed.

After Mrs. Bone felt the other side's killing, she couldn't help but shudder, and she was really going to kill her.

"Okay, you are very good. If I don't die for a few years, you will use the people to condense the stunned sticks, and then kill them and reinvent them." Everything will be known!" Angry and shouted.

Hearing this, the murderous eyes were more prosperous, and he sighed coldly: "If this is the case, then today you will not die!"

The two men, and they immediately fought together.

The great sacredness is the nine great saints, but the lady of the bones is also the nine-level grand priest.

However, the shocking method used by the Great St. is very powerful, and the white bones directly defeated.

Looking at the empty battle that was unprecedented, Ye Xuan and Xiao Bian were all stunned.

"Father, actually want to kill the mother?"

The little bones are in the same place, and I did not expect this situation.

Ye Xuan is also the case, he can not think of the shocking sacred even his own wife also killed, it is heartbreaking.

However, Mrs. Bone is not vegetarian.

"Smelly monkey, I am dead today, and will not let you get the bones of your life!"

At this time, Mrs. Bone suddenly shouted, the breath began to skyrocket, and the body shape began to change.

The body of Mrs. Bone is a white bone. She was originally a human, but after the death, she changed and became the body of the bone demon.

She was forced to use the bottom of the pressure box, or she would die.

Mrs. Bone, who turned into a giant skeleton, has skyrocketed in strength and began to look for a shocking day.

This battle is very intense.

"Well? Those dead creatures have come to help!" Ye Xuan suddenly found a point.

Baigushan, after all, is the site of Mrs. Bone, the boss is beaten, the younger brother naturally wants to help.

"Damn, shocking the nine sticks!"

The stunned face changed and attacked with all strength.

However, these dead creatures are too many, and they can't finish playing. Together with the body of Mrs. Bone, it is a bit of a sigh.

"Old guy, try this trick!"

Mrs. Bone suddenly shouted, and the shocked sacred man surrounded by the dead creature looked up and saw a huge bone fist.

"Hey!"

This punch is extremely fast, and the punch will vomit blood and fall from the sky.

Mrs. Bone was originally able to win the battle, but she read the old feelings and did not kill.

"In the future, we will be ruined, let me roll!" Mrs. Bone yelled.

The stunned sacred scorpion that had been smashed to the ground had widened his eyes. After coughing up a bit of blood, he quickly climbed up from the ground and stunned: "Smelly woman, have you used the bone source?"

Just a record of the bone fist, the power is a little beyond imagination, if there is a card, it will die long ago.

Therefore, the great sacredness is that Mrs. Bone has integrated the bones of his life into that trick.

In short, the source of the bones is gone!

"roll!"

Mrs. Bone did not answer this question, just roared.

If the source of the bones is forcibly stripped, she is in danger of being degraded, but if it is consumed, there will be no such possibility.

"Smelly woman, count you!"

The stunned singer screamed and turned around and left.

That punch made him seriously injured, and his strength was ten. He would definitely be beaten to death by Mrs. Bone.

This war can be said to have lost the wife and the soldiers, not only did not get the source of the fate, but also fell a serious injury.

Looking at the back of the stunned, the little bones immediately swept into the sky, worriedly asked: "Mother, how are you?"

"I'm fine!"

Mrs. Bone re-formed into a human form and shook her head.

The little bone seems to be a young girl, but it is not too small. She knows the reason from the dialogue between Mrs. Bai Bing and the great sage.

"Mother, how is the father doing this, even if the mother's life is not safe, we must get the bone of the life." Small bones frown.

"He has been stuck in the realm of the Great Holy Spirit for many years, and he has lost his mind. Only when I seriously injured him, I am afraid that it is the way to break his Holy Spirit." Mrs. Bone shook her head.

"That mother's fate of your life..." The little bone frowned, but she was shocked to say that the lady of the bones had used the bones of her life.

Mrs. Bone's head shook her head: "That's the trick, I didn't integrate the source of my life, but at the expense of retreating the realm. Small bones, then I will pass on the source of the bones to you, and then you will find a place to hide. Let's go."

"The source of this life? That is not..."

After the little bone heard this, the petite body trembled.

"Reassuring, forcibly stripping the source of the bones, I do have the danger of falling, but it will not be passed on to you. Now he thinks that the source of the bones has been used by me and will not come again!"

Mrs. Bone said: "The source of this bone is originally to be passed on to you. You are a rare skeleton. With the source of your life, it is not a problem to break through to the Holy Spirit!"

Chapter 1928: Return to Thousand Spider Mountain

The little bones have to be said, but they are forcibly locked by the lady of the bones. Then, there is a light source in the body of the lady, from her hand to the small bone.

The next moment, the breath of the little bones began to skyrocket, the six great saints, the seven great saints...

Finally, stay in the eight realities of the Holy Land!

This scene, even the Lady of the Bone has not thought of it.

"I didn't expect your thousand bones to be so bad, but only a little refining the source of the bones, it has been promoted to this realm. I guess, now your strength is not weaker than your father."

Mrs. Bone is pleased to say.

If she knew this earlier, she would have long passed the bones of her life to the bones, and would not wait until today.

Xiao Bing felt a bit and found that it was many times stronger than Zhiqiang, but these were not attractive to her.

"Mother, what about you?" asked Xiao Bing.

"I, I will live in Baigushan." Mrs. Bone said: "I guess that your father has become like this. It should be listening to the woman's words, so I only have one wish. If there is a chance, let the woman in the future. Grab me!"

"Mother is, Mrs. Thousands of Spiders?" Small bones.

"Yes, it is her, with your current realm, it is enough to clean up her, it is best to bring her to me, I have a way to torture!" Lady Bone nodded.

If it was the previous bone, it would definitely not be promised, but she saw her father meet with her mother, and her heart was full of hate.

"Well, I am going to take her to punish her mother!" Little bones.

"I am not in a hurry. After you refine and refine my bones, you say that your father is seriously injured, but after all, it is on the thousands of spiders. You have not enough combat experience. I am afraid I can't do it. You should first find a place. The bone source of this life is completely refining, and you should be able to break through to the nine great saints. Only when you reach this realm, you are qualified to go to the thousand spiders!"

"Okay, then I will first find a place to retreat." Xiao Biao nodded.

"Go, don't worry about me. Although the source of the bones is gone, the realm has fallen to the Eight Great Stories, but next time I will not let him go up the mountain again!" said Mrs. Bone.

"Mother, I will send you back to the mountain." Xiao Bian said.

Then, the little bone is to send the lady of the bones back to the mountain, and then come back.

"You, want to go to the thousand spiders?" Ye Xuan saw the bones down, could not help but ask.

"Father must have been instigated by Mrs. Thousands of Spiders, only to ask the mother for the source of the bones, hey, I must let the woman pay the price!" Small bones.

"Exactly, I also asked your father to ask something, let's go!" Ye Xuan laughed.

"it is good!"

The little bone nodded.

In her memory, Mrs. Thousand Spider is also a great saint.

And now that she has obtained the source of her life, she has also broken through to the Eight Great Stories. Although she hasn't played it yet, she feels that her strength should be above Mrs. Thousands.

At the moment, Ye Xuan is going with the little bones to the Thousand Spider Mountain.

"Hey, the host breaks through, it's currently a nine-and-a-half holy!"

"Hey, Yan Ghost, Megatron, Breaking the Gods, breakthrough, currently the four saints!"

On the way back to Thousand Spider Mountain, Ye Xuan and the realm of breaking the sky once again improved.

Now, if you let the sky break on the sky, Ye Xuan is also sure. After all, the current horror is seriously injured, and he also has the picture of the beasts.

Soon, Ye Xuan and Xiao Bing are returning to the Thousand Spider Mountain.

"According to the death killing order, the shocking sacredness is in the center of the Thousand Spider Mountain. It seems to be healing at the retreat." Ye Xuan thought.

Although the shocked sacred was seriously injured, but not to death, Ye Xuan decided to help the little bones to catch the lady of the thousand spiders.

After arriving at the Thousand Spider Mountain, Ye Xuan and Xiao Bone passed the shortcut and came to the foothills.

At this time, those people were still waiting outside the temple, and did not know what had happened.

"The lady of Thousand Spiders should be in the Thousand Spider Temple, but here is her place. If it is done now, I am afraid it will lead to siege."

The little bone looked at the Thousand Spider Temple and whispered.

Upon hearing this, Ye Xuan also had a new evaluation of Xiao Bone. The latter was very angry at the time, but still kept his reason.

Indeed, if it is done at this time, Mrs. Thousands of Spiders will control the siege of the Holy Beast.

Not only that, but the group of masters outside the Thousand Spiders Temple may also help Mrs. Thousands of Spiders.

"What do you think you have to do?" Ye Xuan asked.

"Before my mother told me that my father used these people to condense the stunned sticks, and then he secretly killed them, took out the amazing sticks, and raised the power of the shocking method."

Xiao Bun paused and said: "So, I want to mobilize these people and help us to deal with Mrs. Thousand Spider!"

"Yes, this is a good way!"

Ye Xuan was satisfied with the nod, he thought so before, so he had already prepared the evidence.

The evidence in his mouth is that he is on his way back to the thousands of spiders, letting Megatron remove the floating crystal spar from his memory.

This floating crystal spar records the dialogue between Mrs. Bone and the Great St.

As long as this exposure, then the image of the glory of the great sacred will collapse immediately.

In order to break through, kill chickens and take eggs!

In order to enhance the power of the magical villa method, the strength of others is used to condense the stunned sticks.

These two points are enough to pronounce the death penalty!

At the moment, Ye Xuan took the floating crystal spar and then directly projected it.

"Old monkey, I have been with you for many years, today you want to take my bones of life, you are really awkward!"

"With your source of bones, I will be able to break through to the Holy Spirit. By then, I will help you recover the realm!"

"I didn't expect you to say such a thing. You know that I am forcibly taking out the source of my life. There is a chance that 80% will fall."

"Eight percent of the odds. After so many years, how many times have I survived, aren't they still alive?"

"Do not talk nonsense, I will not give you the source of my life, if you want, come and kill me!"

"Do you think I dare?"

"Well, you are very good. If I don't die for a few years, you will use everyone to condense and smash the stars, and then kill them and reinvent them."

"In this case, then today you are not dead!"

The conversation in the Bailingshan sky that day fell into the ears of these people.

These people who came to see the great sacredness, all saw it after seeing this floating shadow.

"What, the stunned sage is so mad, even his wife will kill?"

"Hey, he turned out to be using us to promote his amazing method!"

"Asshole, we are all cheated by them."

"This dog day thing, everyone together, took the Thousand Spider Temple!"

Chapter 1929: Things are exposed

Suddenly, this group of high-ranking great saints all got angry and got up, and some people even launched an attack on the Thousand Spider Temple.

"Booming!"

The Thousand Spider Temple was attacked and rumbling loudly. Suddenly, the gate of the Thousand Spider Temple was opened, and then a woman came out.

"Who is this dare to let go in the thousands of spiders?"

This woman is not the lady of Thousand Spiders, but the apprentice of Mrs. Thousand Spider.

It is a pity that she was only the seventh realm of the seven sacred sacred sacred sacred sacred sects.

"Mrs. Thousand Spiders, get out of me!"

The sound was deafening and it rang through the sky.

In the next moment, there are a lot of masters coming out of the Thousand Spider Temple, which is the wife of Mrs. Thousand Spider.

"What are you doing?"

On that day, the apprentice of the great sacred sacred came out and saw a group of people who were arrogant and could not help but ask.

"What to do, look at yourself!"

The young man looked over and his face suddenly sank. This matter, even he did not know.

He also thought that the great sacredness is a noble character, and he will not hesitate to teach strangers how to make a fool.

Now it seems that the original is to have ulterior motives, is to improve their own magical villa method.

In this case, then his apprentice seems to be in danger!

Still waiting for him to react, he was also smashed by a nearby eight-character.

"Kill, kill into the Thousand Spider Temple, and hold the Lady of Thousand Spiders!"

In an instant, this group of masters rushed into the Thousand Spider Temple and launched a big battle.

At this time, Ye Xuan, who triggered this battle, was watching with a small bone in the distance.

These people have been used as cannon fodder.

Ye Xuan, ready to let these people fight with Mrs. Thousand Spiders first, and then lead to a great sacred.

For Mrs. Thousand Spider, Ye Xuan has no interest at all.

However, it is also the father of Xiao Bing, so Ye Xuan still has to be merciless, so as not to kill.

"Small bones, you will not turn into a body after fighting later." Ye Xuan reminded.

"Why?" Xiao Bing asked inexplicably.

"You look!"

After Ye Xuan finished, he summoned Megatron.

The picture of the beast, the suppression!

In the next moment, the strength of those who repaired the demon, the strength directly fell by 70%.

Although there is also a demon hunter on the side of the crusadeer, there are almost all of the temples in the Thousand Spiders, and there are also holy beasts. Therefore, the figure of the beasts is suppressed, and the crusadeer will instantly become an advantage.

Thousand Spider Temple, heavy casualties!

"presumptuous!"

At this moment, suddenly a horrible breath spread, a woman in black appeared, with a wave of hands, there was a huge white spider web falling, directly trapping these crusadeers.

Mrs. Thousand Spider, finally appeared!

"Mrs. Thousand Spiders, you and the sorrowful sorrow are sinister, and today I will kill the people!"

A middle-aged man sipped and lifted his knife to kill Mrs. Thousand Spider.

This person is the only one of the nine great saints, a higher than a thousand spiders.

Mrs. Thousands of Spiders still couldn't figure out the situation. I didn't understand why the outsiders suddenly violently rushed into the Thousand Spider Temple, but the people in front of them had already killed, and she had to do it.

"Hey!"

She and the other party played a trick, both sides were shaken off by the other side.

"Nine products are holy?"

The middle-aged man was shocked. He did not expect that Mrs. Thousand Spiders had broken through to the nine great saints. This was troublesome.

"You, \*\*\*\* it!"

Mrs. Thousands of Spiders screamed and made a sharp scream, and the next thousand Thousand Spider Hills began to oscillate.

She is the master of Thousand Spider Hills, and all the holy beasts are under her control.

"Be careful, she is summoning those holy beasts!"

The middle-aged person reminded me.

Thousands of spiders, this is very horrible, if all the holy beasts are killed, they estimate that few can escape.

After all, there are those flying spiders in the air.

No, those flying spiders are the first to kill thousands of spiders.

"Fast, leave a thousand spiders, or everyone will die!"

Everyone rushed to Mrs. Thousand Spider.

At this time, in a corner of the Thousand Spider Temple.

"This woman, can't just tell her to die like this!" The little bones snorted and prepared to shoot.

"Don't worry, she has now broken through to the nine great saints, and there are so many sacred beasts to help, but it is not so easy to die. And, everyone wants to leave her, don't rush to shoot." Ye Xuan reminded.

"Then what do we do, just look at it?" Small bones.

"First kill all these holy beasts, otherwise it will be difficult to wait until these people are all dead!" said Ye Xuan.

"it is good!"

Xiao Bone has no objection and directly shot.

There are pictures of the beasts, these holy beasts are not the enemy of a small bone.

Originally, Ye Xuan wanted to make a shot, but Megatron now turns into a picture of the beast to suppress the Holy Beast, so it can no longer become a mysterious warrior.

In this case, I am afraid that even Mrs. Thousands of Spiders can't beat it, so Ye Xuan didn't let it come out so early, I was afraid that it would run out of energy and need to go back to the planting space to sleep.

This level of battle, Ye Xuan can not participate, even the black corner is also the case, so Ye Xuan is so looking.

If there is no map of the beasts, the crusadeer will definitely be besieged to death, but with the picture of the beasts, those holy beasts are not afraid, and they are directly killed.

In this way, it is the siege of Mrs. Thousand Spider!

"Smelly monkey, the people who come to you to learn the magical stick method are crazy, can you not give me out?"

Mrs. Thousand Spider feels that she can't hold it and rushes to speak.

"what happened?"

Hearing in the center of the Thousand Spider Mountain, he was asked to hear this and hurriedly asked.

"how could I know?"

Mrs. Thousand Spiders raised her brow. "They said that you used them to enhance the magical stick method, so they came in!"

"Damn, the old witch actually said it!"

"Come on, I can't hold it anymore!"

Mrs. Thousand Spiders shouted, and the next moment, she turned into a body.

However, as soon as the ontology appeared, it was directly affected by the map of the beasts and was suppressed by 70%.

In the blink of an eye, he was seriously injured by the middle-aged man and three eight great saints.

If she is still useful, I am afraid it is already dead!

"Mrs. Thousand Spiders, where is the Great St.?"

The middle-aged man of the nine-level grand priest couldn't help but ask.

"Reassure, he will come out soon. At that time, you can't escape!" Mrs. Thousand Spiders said coldly.

However, what she did not know was that before the shocking day and the Lady of the Bone had fought a battle, she was seriously injured and her fighting power dropped.

Even if the strength of the great sacred is strong, it can't stop so many masters.

The situation has been fixed!

Everyone waited for a while, but it was a long time ago, and it was a bit strange.

"Don't wait, the King of Sorrow was seriously injured in the battle with Mrs. Bone. Now I should be rehabilitated somewhere in Thousand Spider Mountain."

Suddenly someone said.

Everyone knows about this matter, because everyone has seen it.

Chapter 1930: Screaming

"What, he was seriously injured?"

Mrs. Thousand Spider heard this and her face changed.

That being said, it may not be possible to save her.

"Smelly monkey, hurry up!"

At the moment, Mrs. Thousand Spider immediately voiced, but did not get any response.

Her face finally sank to the bottom.

"A good one has no conscience!"

Mrs. Thousand Spiders roared and said, "I will take you down!"

When everyone heard it, they understood that Mrs. Thousand Spider was also sold by the Great St.

Then, Mrs. Thousand Spiders came to a hidden place in the Thousand Spider Temple with everyone, and then opened a secret door to the center of the Thousand Spider Mountain.

However, Xiao Bing and Ye Xuan, but left directly.

Because Ye Xuan sensed, the Great St. is far away from the Thousand Spider Mountain. After all, there is a death killing order on the latter.

Before, Mrs. Bone wanted to let the little bones catch Mrs. Thousands of Spiders, but it was decided that it would be better to take his father to confess.

Therefore, at this time, Xiao Bian followed Ye Xuan, left the Thousand Spider Mountain, and then chased the sacred sacred.

Suddenly injured, the speed is actually not fast, Ye Xuan gave the small bones a rising fairy, and quickly rushed up.

"father!"

After seeing the great sacredness, Xiaoyan couldn't help but shout.

The shocking sacred sense of the atmosphere of an eight-piece sacred, originally wanted to kill it, it can be seen that after the small bones, the footsteps.

"Why are you here?"

Asked in amazement.

Of course, what makes him even more surprised is that the small bones have broken through to the eight great saints. How is this possible?

"Father, come back to Bai Bingshan with me!" Small bones.

"It turns out!"

The shocking day suddenly understood, he guessed that Mrs. Bone had not used the bone source before, and later gave it to the little bone, and then the small bone broke through to the eight greats.

He was thinking that if the source of the bone was removed from the small bones, his injury might be good, and he might break through it. After all, his injury was caused by Mrs. Bone.

"Small bones, let's go with the father!"

The little bones glimpsed a little, saying: "Father, you have been fascinated by the lady of the thousand spiders. It seems that you will not go back with me easily."

"What do you want to do?"

In the next moment, the little bones are condensed with a bone sword.

When I was shocked, I saw it: "Smelly girl, do you dare to do it to me?"

"Father, offended!" Xiao Bian said nothing, directly killing the great sacred.

"Hey, I thought I could break with the eight great saints, can I compete with me?"

The horror of the sky is cold.

But in the next moment, his face changed, and he felt that his strength had fallen again.

The picture of the beast, the suppression!

Originally, the great sacredness was seriously injured, and its strength was greatly reduced. Now it is suppressed by the map of the beasts, just like an elephant, shrinking into a puppy.

If it was before, he still had a bit of control, but after seeing the strength of the small bones, there was no point.

In the blink of an eye, the great sacred sacred like a ball, hit by a small bone.

The original was seriously injured, and now it hurts and hurts. If you hit it again, it is estimated to be degraded.

"Smelly girl, you want to kill you as a father, don't you hurry up and stop?"

However, Xiao Bone did not stop and continued to attack.

"Small bones, almost enough, to hold your father, I want to accept him in!" Ye Xuan saw, rushed to the small bones.

The stunned sacred sacred, and then shackled by small bones, almost no resistance.

Ye Xuan summoned the black horns and then directly swallowed the horror that had no rebellious ability.

When I arrived at the planting space, I couldn't help but think about it.

"Mrs. Thousands of spiders, I have to grab it!" Xiao Biao reminded.

"You use it as a prison?" Ye Xuan was a little dumbfounded.

"Let's borrow it!"

At the moment, Ye Xuan is directly breaking the void and returning to the thousand spiders.

At this time, the group of great saints are still looking for the place where the great sacred sacred is, and turned the thousand spider temples to the bottom.

"Mrs. Thousand Spiders, said, Where is the Great St.?" The middle-aged man saw the shocking day and disappeared, asked aloud.

"He has been retreating under the Spirit of the Thousand Spiders, only then I have been rumored with him, but then there has been no sound."

She understands that she has also been sold by the great sage, so there is no need to maintain the sacredness at this time.

"Oh, it seems that this is a terrific, the character is already bad to the extreme."

The middle-aged man snorted.

"In this case, it is better to kill her, then go down the mountain, it is estimated that the Holy Trinity will not come back!" said one on the side.

"Yes, this time we also got a lot of good things, and it's not a bad thing!"

"Kill it!"

Mrs. Thousand Spider heard this and scared her body.

At first, she was the queen of the Thousand Spider Mountain. If he thought, even if the nine products are loud, don't want to climb the mountain.

But now, she has become a prisoner of other people, and there is still a danger of corruption.

If so, why not fight hard?

"Just rely on your waste, I want to kill me?"

Mrs. Thousand Spiders shouted and turned into a black spider body again.

"Oh, all of them are seriously injured, and they want to resist, find death!" The middle-aged man snorted.

However, this time Mrs. Thousand Spider is holding the determination to die. After she makes a sharp scream, the body begins to expand rapidly.

"Hey!"

In a muffled sound, this huge black spider suddenly burst open, and countless black venoms and poisonous mist spread.

"not good!"

The middle-aged face changed greatly and quickly turned around and left.

This lady of a thousand spiders blew herself up, and she still dragged a lot of people into the water, including two eight great saints.

This blow caused the crusader to die two-thirds, and even the middle-aged people of the nine-level grand priest were injured.

However, he still can't die.

"Hey, there are a lot of people who have died of dying, and they can divide more."

These surviving people, after a deep sigh of relief, smiled.

Just now, Ye Xuan and Xiao Bing, who rushed back, saw this scene.

"Mrs. Thousand Spiders blew themselves up, it seems that they can't get back." Ye Xuan muttered.

"It's really cheap for her. If that's the case, let's go." The little bone snorted.

"Go, go back to Baishan!"

After Ye Xuan finished, he broke open the void again. After several consecutive times, he came to the foot of Baigushan Mountain.

Under the leadership of Xiao Bone, Ye Xuan easily climbed the foothills and saw Mrs. Bone.

"Small bones, how come you are back?" After seeing the little bones, Mrs. Bone asked very strangely.

"Mother, I brought my father back!"

Xiao Biao said directly.

"what?"

Mrs. Bone was shocked. What is the situation?

Not waiting for her reaction, there was a 'corpse' on the ground, which was the horror of being beaten to death.
