

## Super D. S 1931

### Chapter 1931: Xianbaocheng

Of course, after the shocking day was taken into the planting space, Ye Xuan had already let Megatron carry out the soul search.

At first, this stunned sacred rebellion, but the soul of the soul was later turned into a soul attack. After Ye Xuan let it torture for a while, the shocking sacred finally could not resist, and was forced to search the soul.

Therefore, Ye Xuan has already learned what he wants to know, so this shocking sacredness is useless to him.

Next, let Mrs. Bone handle it myself!

"Small bones, I still have things, I will go first!" Ye Xuan suddenly gave a message to Xiao Bian.

"Are you not waiting for me for a few days?" asked Xiao Bing.

Although she and Ye Xuan have not known for a long time, but have become friends, this time, thanks to Ye Xuan, otherwise she will not be so successful.

"No, I have already known about what I have to ask. There is a friend who is waiting for me to save. There will be a period after it!"

Ye Xuan shook his head and turned away after throwing a message token to Xiao Bing.

"Oh, goodbye!"

.....

The stunned sacred monk was beaten to death, and the realm also fell to the Eight Senses of the Holy Ghost. As long as Mrs. Bone restricted him from healing, the sacred sacred sacred should not be able to turn any big waves.

What's more, there is a strong fighting power of the small bones.

Before Ye Xuan saw the battle of Xiao Bing and Shengtian Dasheng, I felt that the strength of Xiao Bian has surpassed the nine great saints and infinitely approached the realm of the Holy Spirit.

If Xiao Bian is not a demon, Ye Xuan can consider conquering it, but unfortunately the little bone is a demon, so Ye Xuan gave up the idea.

"When you find the ghosts of the world, come back and see!" Ye Xuan thought, it was to the north.

Before Megatron searched the soul of the sacred sacred, Ye Xuan learned that this singular sacred priest was a monkey soldier in the Monkey Palace. Before the dramatic change in the Twelve Animals Palace, he could almost become a monkey.

After the dramatic changes in the Twelve Animals Palace, the Monkey Palace and the enemy fought a battle, died and fled.

Then the Great St. also left, came to this remote place, and became a king.

According to his memory, the Twelve Exotic Palace is located in the northeast of the Thousand Spider Mountain. As for the Xianbao Mountain, it is near the site of the Twelve Animals Palace.

In that year's war, the enemy chose to seal it because of the powerful defense of the monkey palace.

[illegible]

Ye Xuan in the road, could not help but think.

In addition, the hordes of the sacred monkey hairs were all pulled down by Ye Xuan, and the day was slowly refining.

This time, Ye Xuan probably spent more than ten days, and he did not expect Xianbaoshan to be so close. However, there is no Xianbao Mountain on the map, but only one Xianbao City.

This Xianbao City was built at the foot of Xianbao Mountain. At this time, Ye Xuan has already entered this Xianbao City.

"Xianbaoshan, I heard that I was sealed by a master. If I want to enter the treasure, I have to buy a place!"

Ye Xuan thought in his heart.

There is a Xianbao auction in Xianbao City. If you want to enter the first newspaper, you have to bid at the auction.

After inquiring, Ye Xuan was looking for the past.

However, just as he was about to arrive at the auction house, he suddenly screamed and fell into his ears.

"Hey, in the broad daylight, do you dare to steal things?"

This violent drink attracted Ye Xuan's attention. Out of curiosity, he strode over.

What year has it been? Someone has stolen something. How is this possible?

After all, everyone is in possession of the Qiankun Ring. Generally, the Qiankun Ring is worn on the hand. How to steal it?

When Ye Xuan arrived, he saw a group of people in front of him, and there were two figures in the middle of the crowd.

These two figures, one is the five big three thick brawny, and the other one is a short middle-aged man, a pair of thieves eyebrows look like.

At this time, the short middle-aged man was being lifted by the burly strong man, just like a chicken and duck.

"A big sage in the district, I dare to pay attention to Laozi, you want to find death?"

The strong man yelled at the mouth and spoke with a slobber. The spit spouted a little middle-aged man.

The little middle-aged man swallowed his mouth and said: "Adult, you know that I am the great saint, how dare you steal your things?"

This five-strong and three-strong brawny is the Holy Spirit that transcends the Great Holy Spirit, and is also the second Holy Spirit. Naturally, the realm of the short middle-aged people is seen at a glance.

Only then, he clearly felt the hand of a short middle-aged man, slipped over the back of his hand, and the ring was still loose.

If it wasn't for his quick response, you couldn't lose it!

"Hey!"

Hearing this sentence, the brawny did not say much. He directly grabbed the big fist of the casserole and punched it on the face of the short middle-aged man. At that time, the nose of the short middle-aged man was beaten. Two nosebleeds flowed out.

"Big, adults, I really don't have to steal your shackles, just passing by accidentally." The short middle-aged man said slyly.

But the next moment, he was sinned again.

"Snapped!"

The brawny directly slammed the past and pulled the little middle-aged man into a swollen face.

"grown ups....."

"Snapped!"

The brawny is a slap in the face.

This Qiankun ring is all his family. If he is stolen, he will be busy in the past few years, so he can't listen to the short middle-aged people, raising his hand and giving him a slap.

"Snapped!"

At this time, suddenly a person with a sense of justice stood up and said: "Stop it, people are just passing by, he is just a nine-character, and you are the second spirit, you are sleeping, he also steals Don't go."

I heard someone talking to the little middle-aged man. The brawny immediately blinked. "What do you know? This person is very different from me. I have a lot of shoulders higher than his head. Can he touch my hand when he walks?"

His discourse on Laozi's mouth and a rather unreasonable look made some passers-by feel a little disgusted. However, the brawny said something.

The strong man is taller than the short middle-aged man. It is reasonable to say that the two hands cannot be touched.

When the words came out, the others did not say anything, even the one who stood up.

The less trouble, the better!

"Let you steal, see that I don't kill you!"

The strong man saw no one for the short middle-aged man, and continued to smoke the latter's face, a burst of crisp sound spread.

"Don't fight, wait for the city guard to come!"

Suddenly someone reminded.

"Less nonsense, are you not his accomplices?" The strong man suddenly turned and asked.

"You, you can't blow your blood!" The man who reminded the brawny was awkward.

Chapter 1932: Quota auction

"Then shut up, Laozi is Yejia, I see who dares to do more business?" The words of the strong man directly stunned the people around.

Although he is only the second product of the Holy Spirit, he is the person of the Ye Family in Xianbao City, not the people around him can make it.

In Xianbao City, Ye Jia is one of the three major families, and the weapons shop of Xianbao City is almost always the industry of Yejia.

If the ranks of Xianbao City are ranked first, the city's main house is the first, the other is the second, and the third is the Lin family.

Then, the two men silently returned to the crowd, watching the little middle-aged man mad at the blood.

"Hey!"

The brawny even took a small middle-aged man's three slaps, and then threw the latter on the ground, looking at the nose and face, and couldn't help but say: "I am in a good mood today, I will spare you a life, roll!" "

The little middle-aged man heard this and couldn't care for the blood on his face and quickly got out of the crowd.

The onlookers are all in the heart of the dark and strong, with the background of the Ye family for the tiger.

At this time, suddenly a burst of exclamations sounded.

"My dry, Qiang Kun ring is gone!"

This scream broke into everyone's ears. After hearing it, everyone didn't go too far, but subconsciously touched their fingers.

"Ah, what about my ring?"

"Impossible, my singularity never leaves, how come?"

"Damn, who stole it?"

The screams continued to spread, and the crowds of these people's enthusiasm, all without exception, stole them. Suddenly, the crowd broke open.

"Ha ha ha, you guys, I said he is a thief, my good..."

When the brawny had not finished, he suddenly found something wrong. He saw that his hands were empty.

The dragon ring in his hand is gone!

"Budget, the man must have been a bait, gathered us here, and then joined the gang to take the opportunity to steal the Qiankun ring!"

"What the \*\*\*\* thing, who saw where he went?"

"Chasing, that's all my family, I must find it!"

Listening to the roar of a group of people in front, Ye Xuan shook his head with a smile.

Under the eyes of the public, silently stealing so many people's ring, this thief gang is very sharp.

At the moment, he also subconsciously swept his hand, but found that the ring in his hand also disappeared.

"What, mine is gone?"

Ye Xuan was shocked.

However, he is now only a second-rate saint, this realm is low. Even the masters of the second spirit of the Holy Spirit have been stolen, and he did not find it normal.

"But, anyway, the ring is just a decoration!"

Thinking of this, Ye Xuan shook his head, he did not feel angry, but a little gloating.

The group began to discuss countermeasures, but no one noticed the whereabouts of the short middle-aged man, so they could only organize it to report to the city government and wanted the short middle-aged man.

This is just a small episode, without damaging the interests of Ye Xuan, so Ye Xuan is too lazy to use time to go back and see who stole him and these people.

Then he left directly and then came to the entrance of Xianbao Auction.

"Exactly, tomorrow is the annual auction, and I will come back later..."

Ye Xuan thought in his heart.

However, if you want to enter the auction, you have to buy a ticket.

Although this ticket is not expensive, even the high-end Dasheng may not be able to afford it.

What's more, those who want to enter Xianbaoshan treasures are at least the realm of the Holy Spirit. It is impossible for you to have a great saint and their quota.

If you miss this auction, you have to wait another year. After all, Xianbaoshan will only be opened once a year.

Ye Xuan went to buy an auction ticket and then left.

The waiter at the auction house is also a bit strange. Ye Xuan is not only a second-class saint, but he can buy a ticket. Is it a child of a big family?

Soon, it took a day.

The next day, Ye Xuan came to the auction and went straight to the scene.

He bought only ordinary tickets, which is one of the 10,000 lower-level seats in the auction house. On top of this, there are intermediate, superior seats and various levels of boxes.

The audience entered the scene one after another, and soon they sat full of positions, which made Ye Xuan sigh, and the money was so good that the ticket alone would make a big profit.

However, the main strength of Xianbao City is extraordinary, and the money in his eyes may be a slap in the face.

"The auction will start!"

These treasures that were auctioned are nothing more than holy objects, martial arts, heavenly treasures, etc., so Ye Xuan has no interest in these things.

Many people are just like Ye Xuan, looking at it quietly, they are just coming to see.

About half a day later.

"Well, I think everyone can't wait any longer, then, next, start auctioning the Xianbaoshan quota!"

An old man suddenly stepped onto the auction floor.

When the words came out, the entire auction site was boiling up. Finally, is it necessary to start auctioning the Xianbaoshan quota?

"The old look, the first round of 50 places, the starting price of one million holy stone, each increase must not be less than 10,000 holy stone!"

"Start the auction!"

When the voice of the old man fell, someone immediately increased the price.

"1500000!"

The shots were so wide, and only the Ye Family, one of the three major families of Xianbao City, suddenly raised the price by half.

Fifty places, taken at a price of 1.5 million, is equivalent to a 30,000-year-old stone, which is already a normal price.

In the past, most of them were prices.

"Well, start the second round of auctions, forty places, starting at 800,000..."

"Pharaoh, don't say so much, one hundred and twenty thousand!"

In a treasure chest, an old voice was heard, and it was a representative of Lin Family, one of the three major families of Xianbao City.

This unit price is also a 30,000 stone, almost the same as the Wang family.

The previous auction also formed such a convention, the first two are for Ye Jia and Lin Jia.

Although there are a lot of foreign forces, but the strong dragon does not suppress the words of the head snake, they still heard.

Then, there are 30 places, 20 places, and 10 places.

The first two are all about 30,000 yuan, but behind them, the price will reach 35,000, 40,000 or even 50,000.

A quota, 50,000 sacred stones, even if it is a second product, the Holy Spirit is not so easy to come up with.

However, if Ye Xuan is a piece of it, he can still take it out.

At the moment, Ye Xuan began to advertise the price, and finally took a Xianbaoshan quota at the price of 53,000.

This quota is just an admission token. After Ye Xuan took it, he got it on the spot.

Chapter 1933: Kingal sacred

This time, the auction of the quota is about 500, which is given by various people of all kinds. Ye Xuan is also one of them.

About a week later, Xianbao City will organize the staff, escorted them into Xianbao Mountain, and then began to explore the treasure.

Soon, all the places were robbed, then the next thing is.

"Everyone should not rush, the Xianbaoshan quota is not the last auction item."

At this time, the old man at the auction house suddenly said.

Many people just wanted to get up and leave. After hearing this sentence, they sat back again.

Over the years, the auctions have been ranked last, but now there is a finale auction, what?

After everyone sat down, the old man used to bring up a plate. The plate was covered with a red cloth. The people didn't know what was underneath.

However, many people feel that this auction item is probably not the same as what I have seen before.

That breath, so many people are heartbroken!

"What is it?"

"I feel that it should be a magic weapon. What will be the finale of the Xianbao auction house?"

"Hey, this one ticket, no loss!"

The audience looked at it with enthusiasm, but the old man did not reveal the red cloth and deliberately dangled his appetite.

"You shouldn't be able to wait, well, I will show it to everyone!"

When the old man finished, he opened the red cloth.

What caught everyone's eyes was a pair of gloves.

"The pair of gloves, which was obtained when Xianbaoshan was opened last time, is a device of the holy king, but it seems to be somewhat damaged, but it is also the most precious auction item in the history of the auction." Slowly said.

When this was said, everyone was shocked.

The instrument of the Holy King!

It turned out to be the instrument of the Holy King!

"God, someone found the instrument of the Holy King. How good is this luck?"

"The instrument of the Holy King is the weapon used by the mighty King. If I can get it, I will definitely be able to kill the enemy!"

"Why are these good things not used by the city owners themselves?"

"Crap, the city owner is using a sword, what to do with a pair of gloves."

The whole game is boiling!

Although it is somewhat damaged, it is also a device of the Holy King, which is much better than the Spiritual Device.

This is no longer the average person can get involved!

"The city owner has already evaluated this. The damage of this king-level sacred instrument is about 80%, so the price will not be as high as imagined, but it will also surpass the best spiritual sacred device." The old man said, can not help but 瞥 I have a look at those families.

These things, only these giants can afford it!

"Well, this king-level holy device, the starting price of 50 million holy stone, each increase must not be less than one million!"

"Start!"

When the voice fell, it was surprising that none of the big families and big forces present were bidding.

The whole audience suddenly fell silent.

This is a pair of gloves, it is a relatively common weapon, it should be more sought-after.

However, at this time, the reason why the major families did not increase the price was because they knew that the bid would be very intense.

A king-level sacred device can greatly enhance a person's strength. If it falls into the hands of a big power leader, it will surely bring up a force.

These people are secretly calculating how many holy stones they can use and how much the price of this king-level device will stop.

"Since no one is willing to pay the first price, let's come from the old man!"

An old voice sounded, and the head of Ye Family spoke up.

"One hundred million holy stone!"

Ye Jia, the shot is wide, and the starting price of this king-level saint is doubled.

One hundred million holy stone, if used to buy the Xianbaoshan quota, you can buy at least three hundred places, which is already very much.

After all, even a big family like Ye Family and Lin Family may not be able to enter Xianbao Mountain every year.

"Ye's master is very broad, but the old man is also practicing the fists and feet. This king-level sacred device, the old man can't let it!"

"150 million!"

The speaker is the owner of the Lin family.

"If this is the case, then the price is high, 200 million!"

"250 million!"

"Three hundred million!"

Ye Jia and Lin Jia began to work.

Everyone knows that Ye Jia and Lin Jia's two owners can appear here, presumably because they have already got the news of this king-level sage.

In the past, they sent individuals to attend the auction at the most, and the owner would never appear.

Therefore, everyone has opened up a mode of watching the show!

In the blink of an eye, the price has already mentioned 500 million, a very scary number.

"Hey, I managed to spend 50,000 to buy a place, but people are all 500 million. It's really more people than people."

Ye Xuan said secretly.

Between 50,000 and 500 million, but the difference is 10,000 times!

However, he is only a second-class saint, and the homeowners of Ye Family and Lin Family are hopeful that they will break through to the existence of the high-level Holy Spirit in their lifetime, and certainly cannot be compared.

If it is financial resources, the Lin family is better than the Ye family, but this time the Lin family owner just happened to meet the favorite weapons, even if they are ruined, they must buy it.

"700 million!"

The Lin family's owner reluctantly shouted the price.

The Ye Family's owner listened and hesitated.

He is mainly practicing swordsmanship. This king-level sacred device is bought back for use by others, so the Ye family is a bit reluctant.

"Yeja, do you give up?"

The old man at the auction house couldn't help but ask.

If Ye Jiaru gives up, no one will increase the price with Lin Jia, then their auction house will earn less.

"If this king-level sacred weapon is a sword weapon, I will definitely increase the price in the end, but it is a boxing glove, so I still give it to the Lin family!" said the owner of the Ye family, giving himself a step.

"Haha, thank you Ye Jiazhu!" Lin Jiajia said with a smile.

In this way, this king-level device is owned by the Lin family.

However, it was at this time.

"Boom!"

Suddenly a loud noise caused everyone's attention.

The crowd turned their heads and found that one side of the auction house was blasted with a big hole.

Who did this?

I dare to be in the auction action, do not know if this is the city owner opened?

However, this is just a blind man, and the real good play is still behind.

When everyone focused on the big hole, there was a gust of wind on the auction floor, and a black shadow quickly rushed up. His goal was the king-level sacred device.

"A big courage, dare to steal at my auction house?"

The old man at the auction house screamed, and he was also a five-person holy spirit. Some people dared to start under his eyes and look for death!

Chapter 1934: Was stolen!

However, the next scene, even he would not think of it.

The shadow was very fast, and suddenly broke out when approaching the old man, and instantly grabbed the glove from the latter.

"what?"

The old man was shocked. When he reacted, the glove had already fallen into the other's hands.

Since this is an auction item, the array method is arranged above, and it cannot be accepted into the Qiankun ring, in case someone breaks the ring, the hardness of the king-level device must be much higher than that of the Qiankun ring.

However, no one would have thought that someone had stolen the king-level device on the spot and even wore it directly.

If this thing is lost, it will be a big loss for the auction house, because this is the price of selling 700 million holy stone.

The most important thing is that this thing is still in the hands of the auction house, and has not yet traded with Lin Jia!

If this thing is lost, Lin wants to pay?

"court death!"

The old man was furious and punched his shadow.

However, wearing the shadow of this king-level sacred instrument, the combat power has skyrocketed.

"Hey!"

a punch!

With just one punch, the old man of the Five Spirits was shot.

"Good!"

Everyone was shaking.

They all feel that this black shadow is only the three spirits of the Holy Spirit. After wearing this king-level sacred instrument, they even flew a five-piece holy spirit.

Everyone is shocked. Is this the power of a king-level device?

Even if it only breaks 80%, it is not comparable to the Spiritual Device!

This black shadow, after flying the old man, quickly turned around and left, and the speed is fast.

"Leave me!"

The Lin family owner had to take the shot because he had taken a fancy to this king-level saint. If he let the other party \*\*\*\* it, where can he buy it?

However, the speed of this black shadow is astonishingly fast, and it disappeared into the auction floor in the blink of an eye.

Who is this?

"Still, give me a search!"

The old man at the auction house sipped a blood and screamed.

Who is it, dare to rob this thing under the eyes of a group of masters.

Who has this courage?

However, this is not the most shocking.

"Ah, what about my ring?"

"What, my Qiang Kun ring is gone!"

"Damn, someone stole my ring!"

The entire auction venue was boiled again.

From the beginning to the present, some people actually left the auction, but there was no difference at that time.

Now, the king-level sacred device was taken away on the spot, and then someone found that their sacred ring was lost, the number of at least thousands of people, this is definitely a premeditated event!

Who is it?

"The waiters are the waiters of the auction house, those who give us tea!"

Someone reacted.

Unfortunately, they reacted slowly, and the waiters were all left and all left.

The old man realized the importance of the incident and immediately took out a messaging token to inform the owner of Xianbao City.

At this time, Ye Xuan, who was hidden among the crowd, his eyes picked up slightly.

The man who stole the king-level sacred device was already ordered by him to kill him when he was fighting against the old man.

Simply put, he can find that person!

The other party now has a king-level sacred device, and the old man who flies the five spirits of the Holy Spirit in a punch, with the strength of breaking the sky, must not be able to deal with it.

However, he can sell the position of this person to the city government.

Presumably, the city government will definitely pay a generous reward!

"Go and see first!"

Ye Xuan's eyes stunned and left the auction house. He was only a second-class saint, and no one noticed it.

According to the induction of the death killing order, the speed of the other party is very fast. In the blink of an eye, he came to the city gate and left the Xianbao City.

After the city owner learned of the incident, he immediately ordered the closure of the city gate, but it was a pity.

When Ye Xuan came to the city gate, he found that the city gate had been closed, but this did not affect his departure from the city.

"Hey!"

The door of the void opens, and Ye Xuan passes directly to the outside of Xianbao City.

There must be a tracking mark on that king-level sacred instrument, and it cannot be received from the ring.

The thief must break his seal, otherwise he will be caught up, so he is quickly away from Xianbao City.

About a day later.

The thief broke the seal and then retired the king-level sacred device into the ring, so that the city government could not catch him.

However, what he did not know was that there was another person following his footsteps.

"The seal finally broke open. I didn't expect to find the weapon of the owner of the Zijin Palace. It really helped me!"

In a mountain some distance from Xianbao City, a teenager played with his gloves and was smug.

He is the one who had previously taken the king-level device from the auction house.

What he didn't know at this time was that there was a hidden person nearby and he heard his words.

This person is Ye Xuan who is looking for a streamer invisibility cloak and a death killer.

"The Purple Palace Lord?"

After hearing this, Ye Xuan could not help but be a little surprised.

In the Palace of the Twelve Animals, the Temple of the Monkey is called the Lord of the Heavenly Palace, and the Lord of the Palace of the Mouse is also called the Lord of the Golden Palace.

It's hard to be true. Is this teenager related to the Magic Rat Palace?

Thinking of this, Ye Xuan has the impulse to test it.

Anyway, he sometimes goes back to the light skills!

"Hello, is the owner of the Purple Palace in your mouth, is it the one of the twelve animal palaces?"

Suddenly a strange voice fell into the ears of the boy.

"Who?"

When the teenager heard this, his body trembled.

With the realm of his three spirits, he did not notice that someone was approaching. What is the situation?

At this time, Ye Xuan suddenly pulled off the streamer invisibility cloak, revealing the true face.

"Two saints?"

The teenager is very surprised.

A two-person saint, who was able to get close to him silently, is impossible, so there is only one saying that the realm of the other side is higher than him.

"who are you?"

This time, the teenager did not flee immediately because Ye Xuan said something that would interest him.

"Who is who I am not important, what is important is that the owner of the Purple Palace in your mouth is not the master of the palace of the twelve animal palaces?" Ye Xuan said.

"He actually knows the twelve animal palace!"

The teenager was a little surprised because the Twelve Exorcism Palace had been destroyed for a long time. He glanced at Ye Xuan and said, "Is it, what does it have to do with you?"

"Of course I have a relationship with me!"

After Ye Xuan finished, he summoned the sky directly and said: "It is a \*\*\*\* god."

Break the gods and blood!

For this blood, the teenager is naturally not strange, because the God Monkey Palace is a broken god.

With that said, this little monkey is the son of the Lord of Heaven.

"I remember that in the war of that year, the people of the Monkey Palace were broken up, and some even fled to other space continents to survive..." The young man thought.

In this way, this little monkey is really likely to be the descendant of the lord of the heavenly palace.

Chapter 1935: Enter Xianbaoshan

"What do you want to do?" asked the boy.

"Do you know that the Lord of the Heavenly Palace was sealed on Xianbao Mountain, so I came here this time and wanted to rescue the King of Heaven." Ye Xuan said the truth.

"I have known that the Lord of the Sky Palace was sealed in Xianbaoshan. I know, but you want to release the seal? It's really laughing at me!" The boy suddenly laughed.

"how?"

Ye Xuan eyes a glimpse.

Although he is now a second-generation saint, the strength of the broken sky has reached the level of the Holy Spirit.

"You know, the seal of the lord of the heavenly palace, but the holy king, just rely on you, but also want to release the seal?" The young man said coldly.

"Then you know, twenty years ago, I was not even a fairy?" Ye Xuan retorted.

When the words came out, the teenagers were paralyzed.

Twenty years ago, even the immortals were not, but after twenty years, they actually practiced at the level of the saints.

How can this be?

"If you don't believe it, then take a look." Ye Xuan said, took out a test age crystal.

Age, but a hundred!

"Uh....."

The teenager suddenly did not know what to say. After a long time, he said: "In this case, you may grow to the Holy King."

Twenty years ago, even the immortals were not, and the immortals came to the Holy One, but there were more than 30 realms.

Twenty years, from the immortals to the saints, this is impossible!

However, Ye Xuan is indeed less than one hundred years old, which is even more incredible.

Now the world is very young, even if it is thirty years old.

"If this is the case, then let's join forces!" Ye Xuan said.

"Join? Now you are not qualified to join me." The boy shook his head.

"forget about it!"

Ye Xuan also did not intend to talk to the boy, because he can see that the other party does not take him seriously.

In this case, he is not as good as one person.

At that time, the twelve animal palaces were not so harmonious. The relationship between the Dragon Palace, the Magic Mouse Palace, the Magic Snake Palace, the Magic Cow Palace, and the Magic Tiger Palace was not good.

Therefore, when the middle-aged man of the horns saw the \*\*\*\* of the gods, he did not choose to take it away.

However, the other party also hindered that the Lord of the Heavenly Palace was once one of the twelve animal palaces, so he told Ye Xuan some things.

Later, after Ye Xuan searched the soul of the Great St., he learned more about the Twelve Gods and Animals Palace.

At this time, the boy in front of him is already a person in the devil's palace, so he has the speed of the wind, and the one used should be the magic hand of the devil's palace.

At that time, the master of the Zijin Palace was very powerful, and he could make dozens of punches in an instant. The combat power could be squeezed into the top three in the 12th.

When I saw Ye Xuan turned and left, the young man thought about it quickly and reminded him: "You still find a place to bury it. When you break through to the realm of the Holy Spirit, come back to me!"

"I can't wait for so long, and in a few days I will enter Xianbaoshan." Ye Xuandao.

"As far as your realm is concerned, it is really a death to go in!" the young man said.

This time, Ye Xuan did not answer, directly put on the streamer stealth, and then broke open the void to leave.

It seems that this time he is looking at his eyes. If the other party is a good person in the other six houses, then he will definitely join hands.

It is a pity that this boy is a man of the Devil's Palace. It seems that he does not have much interest in unlocking the seal of the Lord of Heaven.

Soon, Ye Xuan returned to Xianbao City.

At this time, Xianbao City is already in trouble, and many city guards patrol the search, trying to find the one who took the king-level device.

However, the boy was wearing a cloak and the speed was fast. The auctioneer did not see the boy's face. It is not so easy to find it now.

This search is just a few days.

Today is the time when Xianbaoshan was opened. Although a series of incidents occurred before, it was the auction house's own business, so it could not be delayed.

Ye Xuan has an admission token, but it is not him who entered Xianbaoshan this time.

Although he said that he has broken through to the three saints in the past few days, this realm is too low. After all, even if he is a three-person sage, he does not dare to go in.

Therefore, during the waiting period, he used the dementor bell to forcibly grasp a nine-product grand priest to cover the eyes and ears.

At that time, this Jiu Pin Da Sheng will hold the admission token and Megatron enter Xianbao Mountain.

Megatron can carry out special void positioning, and when Ye Xuan can break through the void into Xianbaoshan.

At this time, this Jiu Pin Da Sheng has already taken the mount of the city's main house and entered the Xianbao Mountain.

"Everyone notices that from the beginning of today, in the next 30 days, you can move freely in Xianbao Mountain. After 30 days, Xianbao Mountain will be rioted, and it will be very dangerous at that time, even the high-level Holy Spirit may be afraid. You can't live, so you'd better leave the Xianbao Mountain with an admission token before the advent of the change!"

A master of a city government official said loudly.

Xianbaoshan can only explore one month at a time, and there will be horrible things happening one month later. This is already an experience for countless years.

As for why this is so, everyone does not know!

Soon, more than 500 people left Qiqi. They had auctioned 500 places at the auction, but it did not mean that only 500 people came in. After all, there are masters of the city government.

The city government is the power to control this Xianbao Mountain, so they can come in without buying a place.

However, they are not always ready to go in. After all, this is only the case every month, and the other 11 months are in turmoil.

The nine-product grand priest controlled by Ye Xuan also quickly separated from the team, and Hou Yexuan broke open the void and sneaked in.

"The Lord of the Sky Palace was sealed in Xianbao Mountain, but I don't know where the seal is, I have to find it slowly!"

When Ye Xuan thought about it, he took the nine great saints and began to explore in Xianbao Mountain.

There are many holy beasts in Xianbao Mountain, and even high-order holy beasts, so it is very dangerous.

Every time you explore a team, the number of people who can live alive may not reach one-fifth.

In other words, every time there will be many people falling.

You must know that these incoming people have at least reached the Holy Spirit, and the powerful ones have reached the Five Spirits, so the probability of this fall is too great.

"Roar!"

Ye Xuan has not gone long, there is a tiger-like holy beast rushing toward him.

Second product Holy Spirit!

In this case, the effect of using the picture of the beast is not as big as the mythical armor, so Ye Xuan directly let the sky wear the mysterious armor.

"Stunning nine sticks!"

Nine sticks of shadow fell on the head of this sacred animal, and instantly smashed his head into a meat sauce.

Spike!

The thrilling nine-stick is so powerful that even the three spirits may not be able to take over, let alone the second spirit.

Chapter 1936: Safety Zone

However, after each shot, it is necessary to go back to sleep for a while, but fortunately there is room for planting, and the sky is quickly restored, and then appears.

Next, Ye Xuan saw a kill one.

However, they are still near the foot of Xianbao Mountain at this time, and they are not deep. If they continue to climb, they will encounter a more powerful sacred beast.

"There is still a month to explore, and I am not strong enough now, it is better to kill the holy beast near the foot of the mountain!"

Ye Xuan thought so in the heart.

His current strength is very embarrassing, and now it is not enough to fight at the top of the three spirits. It is not enough to survive in this place.

Therefore, Ye Xuan decided to use half a month to improve the realm and then climb.

At the same time, in the magical form of Megatron, there is also a magic weapon called the beast of the beast. This magic weapon can be used to transform the corpse into a beast.

This beast, for the repair of the demon, is a big tonic.

Now, Ye Xuan is not lacking in cultivation resources, so there is no need to devour the upgrade of the corpse. These corpses are all made into beasts by the beasts of the beasts, and they will break through the black horns and fall.

The corners of the black horns and the falling world began to rise rapidly!

After about ten days, the black horns and the falling, all raised to the high-level Dasheng level.

Ye Xuan himself has also reached the five-goods, and the broken sky has also broken through the level of the nine-sacred saints, only one step away from the Great Saint.

Now their strength is enough to save their lives in this Xianbao Mountain.

"There are more than ten days to start climbing!"

Ye Xuan's flash of light began to gradually move towards the foothills of Xianbao Mountain. The higher the upper limit, the higher the realm of the Holy Beast.

Megatron can't be separated, so you can't use the map of the beasts while using the mysterious armor.

Otherwise, their viability will be greatly improved!

"Hey, there is a little nephew of the Five-People, how did you come in?"

A discordant voice came over and Ye Xuan glanced at it and found it to be a low-level Holy Spirit.

Not to mention the other, just because he is a small scorpion, it is enough to die several times.

Before he could continue to speak, there was a breath in the vicinity, which was black horns.

"Dare to be my boss, find death!"

Black Point does not say anything, directly turns into a streamer flashing, and instantly kills it.

Although the black horn is not turned into a body now, but he has the blessing of the mysterious warfare, and his realm is the seven great saints, it is too easy to solve a low-level holy spirit.

After the death of this person, Ye Xuan quickly passed, and he took it away.

"Oh, it's still a Ye family."

Ye Xuan is slightly surprised.

Ye Jia, one of the three major families of Xianbao City, was also the most prolific one, and directly won 50 places in Xianbaoshan.

However, there are only forty-nine left now!

However, what Ye Xuan did not know was that the Ye family was still more united, and they were able to sense the direction of their own people. Only then did the person die, and the remaining forty-nine people immediately learned.

"Yebei is dead, what is going on?"

"Go, look at the past!"

"Yebei Wasteland is the person I am searching for near the foot of the mountain. There should be nothing to threaten his existence. How can he die?"

Suddenly, Ye Jia's people on the mountainside and near the foot of the mountain all plundered in the direction of the fall of Yebei.

At this time, Ye Xuan is moving toward the mountainside, so it is inevitable that he will meet the Ye family.

"Weird, how can there be a saint, a stupid!"

A person who met Ye Xuan could not help but think of it.

It is no wonder that after all, the people who come in are at least the level of the Holy Spirit, and a saint in the Ye Xuan District, even the Holy Spirit is not there, how come in?

Most people will be surprised!

At the moment, this Yejia master is directly killing Ye Xuan, ready to leave Ye Xuan down.

However, Ye Xuan has already discovered him.

"kill!"

Ye Xuan did not give the other party nonsense time, directly let Black Point shot and kill him.

The vast majority of the fifty people that Ye Jia came in this time were the three spirits, and there were not many middle-level Holy Spirits.

Ye Xuan now has the ability to compete with the middle-level Holy Spirit, so he is not afraid at all.

Then, the Ye Jia people, one by one to die, Ye Xuan also received a single receipt.

These people have also killed a lot of holy beasts. They are all dead, and everything falls into Ye Xuan's ears.

"I got a lot of magic weapons, although they are all broken, but it is not bad."

Ye Xuan is satisfied with the nod.

He also knows that these people are because of his realm, he feels that he is tricky and wants to arrest him.

Unexpectedly, he was all killed by him!

From the beginning to the present, he has killed more than a dozen Ye Family, and with other words, probably solved about twenty-five.

However, the large-scale death of Ye Jia master also attracted the attention of several middle-level Holy Spirits.

"What happened, all died on a road, is someone deliberately killed?"

Thinking of a middle-level Holy Spirit, it is plucking in that direction.

At this time, Ye Xuan is already arriving at the mountainside of Xianbao Mountain. I heard that there is a safe area there. It is opened by the owner of Xianbao City. There are several high-level Holy Spirit level shackles. No one can do it there. The same is true of the people in the city government.

This place was originally for other people to rest, but then, that can not be said.

Soon, Ye Xuan arrived at this safe area, but his appearance caused the attention of everyone in this safe area.

"What about more than fifty people?"

Ye Xuan looked at the people in this safe area, his eyes glimpsed.

This safe area is built between the foot of the mountain and the mountainside. The average person searches around this place and will not move to the mountain. After all, it is very dangerous to have a high-level Holy Spirit-level sacred beast.

However, Ye Xuan, the saint, appears a bit strange.

"Weird, how can there be a saint?"

"It's not clear that among the hundreds of people we came in at the time, it's all about the Holy Spirit. It's impossible to have a holy person!"

"So, he was originally in Xianbaoshan?"

"Hurry, grab him, maybe he knows something!"

At the moment, many people have taken out from the safe area and went straight to Ye Xuan.

"Black horns, falling, it's time for you to show your talents!" Ye Xuan snorted.

The next moment, wearing the fall of the mysterious warrior armor, and the black corner of the body of the avatar appeared.

The strength of both of them at this time has also surpassed the low-level Holy Spirit and reached the four spirits.

These people are not afraid at all!

Suddenly, there was a violent storm outside the safe area. Numerous broken limbs flew up, and one living person was killed and turned into a dead body.

In the blink of an eye, most of the people in the vicinity died, and even the body was taken in by Ye Xuan.

Now, not many people dare to come out and find Ye Xuan's troubles.

Chapter 1937: plot

However, there are still a few four spirits in this safe area. They also think that Ye Xuan is very surprised, so after looking at it, he came out.

"Is Lin Jia and the owner of the city's main house?"

Ye Xuan's eyes glanced.

He also searched the souls of many people before, and he knew hundreds of people who entered Xianbaoshan this time.

Falling and Black Point combat power is equivalent to the four spirits, but they will face four four-good spirits, which may not be dominant in terms of numbers.

In this case, it will only make it happen!

"Well? There is a little monkey again." After seeing the sky, this group of people thought very strangely.

Whether it is Ye Xuan, or the black horns, falling, it is very different, and now there is a little monkey, so they have to be more cautious.

"on!"

Suddenly, a master of the Wang family of the city government drank a low sentence, even if he killed Ye Xuan.

The other three heard the words and immediately started.

The four great four spirits have joined forces, and it is enough to compete with the five spirits.

It is a pity that the current strength can be extraordinary.

"Stunning nine sticks!"

Breaking into a golden stream of light, flashing to the side, and then shot with the thunder.

Nine sticks of shadows fell, all hit a person.

"Hey!"

This leading Wang family master was directly smashed his head and was shot on the spot.

"Hey, the host's killing value is improved!"

A system prompt sounded in Ye Xuan's mind.

Everyone was shocked.

A monkey who does not even have a great sanctuary, actually kills a four-good spirit, they must be dreaming!

But when they are surprised, they will shoot again.

"Stunning nine sticks!"

"boom!"

Another stick, and one dead!

At this time, there are only two of the four great four spirits.

"Rewind!"

The other two were scared to death, quickly turned around and wanted to storm into the safe area.

However, Megatron's attack was fast and he killed one person.

Just let the last one escape into the safe area.

Once, the bodies of three four-character spirits are good.

"The sacred corpse has a lot of corpses and earned it."

Ye Xuanyi opened his mouth and smiled and glanced at the people in the safe area.

The group of people were seen by Ye Xuan, and suddenly they felt hair.

They suspect that Ye Xuan should be the son of a powerful sacred beast in Xianbao Mountain, otherwise how could it be so sharp?

"who are you?"

The only remaining four spirits could not help but ask.

"You don't need to know this." Ye Xuan said as he walked toward the safe area.

"You don't come over. There are two golden armor. There are no, you can see, but it is the level of the seven spirits. When you come in, you will be immediately killed!" The master of the king suddenly reminded him kindly.

"As long as they don't work in the safe area, they won't attack me." Ye Xuan smiled and entered the safe area.

Sure enough, the two embarrassed, did not shoot!

These two monks are the ones that the Xianbao City Lord got in an adventure and the strength is very strong.

At that time, a total of five were received, three of them were in the city's main government, and two were in Xianbaoshan.

However, only the master of Xianbao City can control, even if the people of the city's main house can not control, so Ye Xuan can safely step in.

"who are you?"

The master of this royal family could not help but ask.

"Don't talk nonsense, don't blame me for being ruthless!"

Ye Xuan's eyes are slightly stunned.

He was only able to break the sky, so he took a rest in the planting space. During this time, he stayed in the safe area first.

The master of the royal family quickly notified the five spirits of the city government, not only that, but also other people.

Ye Xuan is so strangely present in Xianbaoshan, there are likely to be some secrets, so all parties are coming to the safe area.

However, Ye Xuan has a planting space, and it will definitely recover before the arrival of the other party.

What's more, Ye Xuan is still in the safe area.

Soon, the day will be restored. When Ye Xuan summoned it, other people in the safe area couldn't help but shrink.

In fact, if Ye Xuan is to let the sky break, the four spirits and other people should not escape.

After all, Ye Xuan wants to use the suicide method to kill all these people. Don't forget, breaking the sky is also a magic weapon, with the ability to resurrect infinitely.

However, Ye Xuan did not let the sky do so, because there may be many masters coming.

Sure enough, he did not expect that, in less than half a day, there would be a strong breath coming, a five-good spirit.

The five spirits that arrived first, not the royal family, but the Ye family.

"Uncle, you should be him!"

In the safe area, a leaf master's master pointed to Ye Xuan.

During this time, Ye Jia masters successively fell, Ye Xuan should not be able to escape the relationship, after all, even the four spirits of the Holy Spirit died at the foot of Ye Xuan.

"Is that you?"

The five spirits of the Ye family came into the safe area and asked Ye Xuan.

Unexpectedly, Ye Xuan did not intend to answer his question.

In the safe area, there is a golden armor on the left and right sides. If the five spirits are hands-on, they will be attacked by two golden armor. When they don't say that he is the five spirits, even the six spirits, I am afraid Can not escape a death.

However, after so many years, only a few people dare to work in the safe area. Once they start, the two golden armor will chase each other to the ends of the earth.

Then, by then, the safe area is no longer a safe area!

The five spirits are thinking, waiting for another five spirits to arrive, then they may be able to lead two gold armor, and then another one will take Ye Xuan, but before the other person does not come, he does not dare to Any move.

It took another half day.

The second five spirits arrived, the Lin family.

Although the relationship between Ye Jia and Lin Jia is general, in this case, they can still join hands.

Big deal, message sharing.

However, the following questions have come again. It is a very dangerous thing to lead away two gold armor. Who is willing to go?

Therefore, they hesitated.

At this time, in the safe zone.

Ye Xuan looked at the two five spirits, and his mouth tilted slightly.

The other party is waiting for time, and why is he not waiting?

Finally, on the third day he entered the safe area, the five spirits of Wang Jia, Ye Jia and Lin Jia all came, and there were two in each of the three, a total of six.

Six five spirits, even the six spirits can be defeated.

"This kid, who is not allowed to bear the secret of Xianbaoshan, must take him out!" A master of the Wang family said.

"But, what about the two gold armor?"

"If everyone can't believe it, it's better to send one person to each party to attract, and then leave one person?"

"This is a good way!"

Chapter 1938: Big shot

At the moment, the three parties are negotiating countermeasures. The three five-speed holy spirits, which are relatively fast, are used to lead the two gold armor.

At this point, the three have already left the safe area and are ready to act.

"Hey, do you want to do it?"

Ye Xuan opened his mouth and smiled.

He is already ready.

"Hands!"

At this time, a master of the Wang family shouted. The next moment, the three people outside the safe area shot, all attacking Ye Xuan.

By their means, there is no need to catch Ye Xuan live, and death can be done.

"Hey!" "Hey!" "Hey!"

Three swords, the attack on Ye Xuan!

When the three swords were drawn into the safe area, the two golden armor were finally moved.

The security zone cannot be used, even if it is outside the security zone, as long as the attack enters the security zone, it will not work.

These two golden armor will analyze this holy force and then find the master.

"Hey!" "Hey!"

The two golden armor were dispatched and killed by the three five-character spirits. The three men were already ready, and they ran away.

However, they just turned around and heard a muffled sound behind them.

"Boom!"

The other three, as well as others in the safe area, were surprised.

These three powerful swords were actually beaten by the little monkey, so strong!

Since the break is a passive defense, after the two gold armor were identified, they were still killed by the three.

In the blink of an eye, the two golden armor were taken away.

"Hands!"

The other three saw two gold armor leaving and immediately succumbed to Ye Xuan.

"One does not stay!"

Ye Xuan's light flashed, and the black corners and falling were released.

After a few days of cultivation, the black horn and the strength of the fall are one step closer. After all, a large number of sacred corpses have been obtained before.

As for the breaking of the sky, it is also higher than the day, and one person blocks the three five spirits, which is nothing.

"Stunning nine sticks!"

Wearing the sky of the mysterious warfare, directly attacked the three people.

As for the other side, the black horn and the falling are killing the rest.

They thought that when the three families gathered, it was the death of Ye Xuan.

But I don't know, Ye Xuan is waiting for the other party to gather, so that you can go all out and find it.

"Booming!"

A burst of loud noise spread.

But I have to admit that these three dragging the five spirits of the broken spirit, the strength is relatively strong compared to the previous four products of the Holy Spirit.

The four previous four spirits of the Holy Spirit were hit by the smashing of the nine-sex sage level, and three died and fled.

Nowadays, the breakthrough has broken through to a great sacred, spanning a big realm, and still facing three five spirits, but failed to kill one in the first time.

These three people are worthy of being the top players of the three major families.

But what about that?

Even in the face of three people, the sky is still a pair of easy-to-follow look, every time he attacks, the other party is afraid to pick up, can only hide.

As long as the black horns and the falling corners solve the other group and join the battle on the side of the sky, then the three are dead.

"The three big families are mutually restrained and restrict each other. If only two people are led to the Golden Armor, there are four people who have to deal with the breaking of the sky. It is estimated that things are not so simple!"

Ye Xuan thought in his heart.

However, what he thought was a reality.

The two gold armor were indeed taken away, but there were only two gold armor, so one person would be very relaxed.

After the battle was carried out to a certain extent, the third person who attracted the golden armor was actually folded back.

This person is the master of the royal family of Xianbaochengcheng!

Although he could not control the two gold armor, he had a way to let the other party not chase him, so he was able to fold back.

In short, he is putting Ye Jia and Lin Jiakeng!

"Come on help!"

Another master of the Wang family hurriedly shouted.

In an instant, the five spirits that had been folded back joined the battle. Now it is the four great five spirits of the Holy Spirit.

"I didn't expect to come back again. It seems that things are a little troublesome. It can't be solved!"

Ye Xuan thought in his heart.

Even if it doesn't work, it will not be a big deal. It will be a good time to come to the safe area in the next few days.

However, this time does not seem to be needed.

After the defeated Wang family master joined the battle, in the forest, suddenly a black shadow came out.

This black shadow is fast and directly attacks the masters of the three major families.

"boom!"

In a muffled sound, a master of three big families was shot.

"Who?"

The other three people were shocked and turned around and found that it was a three-pronged spirit.

However, the gloves worn by the three spirits in the hands of the Holy Spirit are what they really want to find.

King level holy instrument!

It turned out to be the king-level sacred device that was taken away by the auction house on that day. So, the person who shot this time was the thief of the day.

"I finally couldn't help but shoot?"

Ye Xuan opened his mouth and smiled.

In fact, when he had not entered Xianbaoshan, he already knew that hundreds of people were sandwiched by a person he knew.

The person who knows this is the boy in the devil's palace.

However, Ye Xuan did not put him in the heart at the time, because the other party may also come in and kill, after all, there is a king-level device in the other hand.

However, Fang Caixuan noticed that he also came to the vicinity of the safe area. I did not expect that when the three family masters besieged him, the boy would actually help.

With the addition of this teenager, the situation was reversed in an instant, and the masters of the three major families were gloomy. Two of them looked at each other and turned around and fled.

Both of them are masters of the Wang family, because they feel that if they don't leave, they are likely to fall.

"Still!"

Ye Jia and Lin Jia saw each other and screamed.

Unfortunately, it is too late.

The day and the boy reached a consensus, and they took the lead in launching an attack against one person and directly killing him.

Then there is another person.

In the blink of an eye, the masters of Ye Jia and Lin Jia fell, then the masters of the two Wang family.

"call out!"

The boy was so fast that he quickly caught up with one person and then intercepted it.

The other one was shot by the sky, using the shocking nine sticks to stop him.

From the beginning of the pair of three, to the later one pair of four, and then two to four, and finally, the two into two.

One pair of four, no one feels the pressure in the sky, in the case of one-on-one, it will not.

In less than two seconds, the opponent will be killed, and then the youngster will be killed and the last one will be killed.

"Hey, the host's killing value is improved!"

Chapter 1939: All destroyed!

"Hey, the host's killing value is improved!"

In Ye Xuan's mind, a system sound was heard. Then he saw the dead body holding two bodies back.

"I didn't expect you to be here too." After seeing the boy, Ye Xuan couldn't help but say.

"I didn't think that you could come in. What method did you use?" asked the boy.

"This is a small thing for me, just why, why do you shoot?" Ye Xuan asked.

In the face of this problem, the boy paused and said: "At first I thought that you were just a highly qualified person, but only after I saw its strength, I realized that what you said is not empty talk!"

"You mean, save the monkey palace palace master?" Ye Xuandao.

"Not bad!"

The young man nodded and said: "My name is Wei Jin, what about you?"

"Ye Xuan!"

Ye Xuan replied.

The other party can reveal the name, indicating that he is already recognized by the other party.

"After seeing your strength, I decided to assist you and save the monkey palace!" Wei Jindao.

"Then you know, where is he sealed?" Ye Xuan asked curiously.

If you want to save the Lord of the Monkey Palace, you have to know the location of the seal, but now he has no clue and is still blindly looking for it.

"This is nature!"

Wei Jin nodded: "The foot of the mountain and the mountainside have been explored countless times by people in Xianbao City. Although they can find new magic weapons every time, the seal location will definitely not be here, so it may only be in the mountains. 巔 or Xianbaoshan Center!"

When this words came out, Ye Xuan reluctantly turned his eyes, and he could speculate on this kind of thing. Need to say?

"However, if it is under normal circumstances, even if it is estimated that the mountain can not find the seal location." Wei Jin suddenly said.

“Why?” Ye Xuan asked differently.

"In general, it refers to the current period, that is, the stable period of Xianbao Mountain. The special case refers to the rest of the eleven months of riots. According to my speculation, at that time, the seal will appear!"

The Wei and Jin Dynasties couldn't help but paused, and then said: "This Xianbaoshan, I have come in many times. With the way of my magic mouse palace, I once rushed to the mountains. At that time, I heard a horrible Howling!"

"What sound?" Ye Xuan frowned.

"At that time, after I heard the voice, my body couldn't help but follow the sound. Fortunately, I woke up and then hurriedly left Xianbaoshan. I guess it should be the scream of the lord of the heavenly palace, used to summon those sacred beasts. "Wei Jindao.

"Call the holy beast, what to do?" Ye Xuan asked inexplicably.

"I don't know this, so I think that if you want to find a seal, you have to wait until half a month later, the whole Xianbaoshan riots." Wei Jin shook his head.

"Let's wait!"

Ye Xuan nodded.

Wei Jindao: "But the Xianbao Mountain during the riots, the high-level Holy Spirit-level sacred beasts that are entrenched above the mountainside will all be dispatched. At that time, the danger is at least one hundred times now!"

"Reassure, since I dare to stay, it means I am sure, after half a month, I can go rampant in Xianbaoshan." Ye Xuan laughed.

After the Wei and Jin Dynasties heard this, there was some doubt, but since he decided to assist Ye Xuan, he could not go.

"If this is the case, then I have to look at your ability, but finding the seal is only the first step. Whether you can break the seal is the key!" Wei Jindao.

"Wait, then!"

.....

Next, Ye Xuan is in the Xianbao Mountain, continue to find other people's troubles.

The masters of the three major families who came in this time were almost cleared by Ye Xuan. After all, the six five spirits were dead. Who else can stop the sky?

No, now Black Point can't find an opponent, let alone break the sky!

However, after learning of the incident, the owner of Xianbao City, Ye Jiajia and Lin Jiajia, have gathered to discuss countermeasures.

Then, the owner of Xianbao City decided to reopen the Xianbaoshan formation. This time, they did not need quotas and all entered.

The owner of Xianbao City, the family of Linjia, and the owner of Yejia are all six spirits, and their strength is very strong.

And this time, they almost brought the family masters because they all received the news.

First, the king-level sacred instrument appeared in Xianbao Mountain.

Second, in Xianbaoshan, there was a saint with a monkey. This monkey killed the five spirits.

Therefore, they feel that this time is not the same, they are out of the nest.

However, what they did not know was that Ye Xuan at this time was already waiting for them at the foot of the mountain.

Soon, the teams of the three major families entered the Xianbao Mountain, but they just set foot on Xianbao Mountain, and there was a loud noise on both sides.

"What is it?"

Everyone turned around and found that they were two shackles wearing gold armor.

"how is this possible?"

The owner of Xianbao City was shocked.

These two gold armor, it is he sent to Xianbaoshan, how now appears at the foot of the mountain?

Not waiting for him to react, these two golden armor, comparable to the Seven Spirits, directly killed them.

The three major families joined the team and set off a storm.

This is not the point. The point is that after the appearance of the Golden Armor, Ye Xuan, who is in the vicinity, has also shot.

"Stunning nine sticks!"

Killing the sky directly, aiming at a six-pronged spirit to pick up a stick.

"Hey!"

This unlucky person was the owner of the Lin family. He was seriously injured by a stick. Together with a nearby golden armor, he was directly killed by an instant.

A six-pronged spirit, which was directly degraded, was unexpectedly unexpected.

"go!"

The owner of Xianbao City was decisive. After a low drink, he turned and left.

Unfortunately, his back road was also intercepted.

"The Shadow Hand!"

Wei Jin, who took the king-level sacred instrument, suddenly flashed to the rear of the lord of the Xianbao City, and then punched out a fist, instantly splitting thousands of fists.

Because this fist is sudden, which is virtual and which is real, even the city of Xianbao City can not be separated.

"Hey!"

The main city of Xianbao City was hit with hundreds of punches and was shot.

Taking advantage of this opportunity, Wei Jin, the broken sky and the two golden armor quickly harvested the lives of the three family masters. After a while, these living people were all smashed into bodies.

Right now, there are only two people, one is the owner of Xianbao City, the other is the owner of the Ye family, and the two are leaning back against each other, and their faces are already sinking to the bottom.

"You, why can you control my embarrassment?" Xianbao City City could not help but ask.

"Is this hard?"

Ye Xuan slowly came out.

The strength of these two gold armor is not weak, but the anti-defense power is amazing. Ye Xuan uses the broken sky to attract hatred, while using the Xian-level engulfing system to control it. Although it took a lot of time, it finally succeeded!

Otherwise, today he will not be so easy to destroy the team of the three major families.

Chapter 1940: Four gods

Next, the owner of the Xianbao City and the owner of the Ye Family did not support much time. In the end, they were still killed by the shackles.

The city owner is dead, then the capital of the city of Xianbao City has become the object of Ye Xuan's bag.

However, it is not the time to go out.

"Booming!"

The main body of Xianbao City was not cool, and the whole Xianbao Mountain suddenly trembled fiercely.

Then, countless holy beasts began to riot!

"What is going on, it should be said that there are still ten days to be right, how is it ahead?" Wei Jin asked very puzzledly.

"No matter what, look back at the mountainside!"

Ye Xuan took all the corpses into the planting space, and then broke open the void to the safe area of the day.

At this time, the holy beasts were rioted, almost all from the bottom up.

The original Ye Xuan plan was to go to the seal after ten days, but now it is ahead of schedule. The strength of the broken sky is only the level of the six spirits. Now it is too dangerous to go up the mountain.

"Do you want to go up and see?"

Ye Xuan's eyes glanced.

Although he sometimes has a light-returning skill, in this case, it is likely to trigger a task that cannot use the time-lapse skills.

In this case, if something happens, it is not good!

Therefore, Ye Xuan decided to wait for a while, or to go back to the foot of the mountain.

The reason why I don't leave Xianbao Mountain directly is because I can hear the movement here at Xianbao Mountain.

However, the Xianbao Mountain during the riots was indeed horrible. On the first day, the sacred beasts came back after going up the mountain, and then began to wander around.

Even if the master of Xianbao City Master is in Xianbaoshan, I am afraid that he will die.

Ye Xuan waited at the foot of the mountain for ten days. After ten days, the breakthrough broke into the four great saints. Now, the strength can almost reach the level of eight spirits.

In the Xianbao Mountain, the high-level Holy Spirit is indeed quite a lot, but there are very few who have reached the nine spirits.

At the moment, Ye Xuan once again broke open the void, returned to the safe area of the day, and then began to walk to the foothills.

On the way, he encountered a lot of middle-class sacred beasts, as well as seven holy spirits of the Holy Spirit.

However, they have not threatened Ye Xuan.

During this period, Ye Xuan did not want to encounter eight grades and nine spirits of the Holy Spirit level, so he left a lot of void marks on the road, and when needed, he could break the void and avoid the holy beast.

About two days later, he finally came to the foothills and saw the rift on the foothills.

"Roar!"

Just as there was a deafening sound spread, it shook the ears of Ye Xuan.

In fact, when he climbed up, he once heard such a buzz. Wei Jin was at his side, but at that time, Wei Jin's body could not help but act, so Ye Xuan received the planting. In the space.

Not only that, but the snoring also has an effect on the black horn and the fall, but not on him, so he guessed that the voice is for the sacred beast and the demon slayer.

In addition, the sky is not affected!

There are several factors in this, Ye Xuan can be sure that this snoring is from the \*\*\*\* monkey palace.

"The Lord of the Sky, is it you?"

After Ye Xuan came to the foothills, he immediately screamed at the canyon.

Then, the buzz stopped.

"Who?"

A strange sound came out of the canyon.

"In the next leaf Xuan, is a special trip to find the predecessors, to see if it can help the seniors out of trouble!" Ye Xuan continued to shout.

However, there was no sound in the canyon. After a long time, I came up with a sentence: "Let's go, my seal, you can't break it!"

"The seal is not to be said for the time being, but the younger generation brings a person that the predecessors must want to see!"

Ye Xuan deliberately sold Guan.

However, the break should not be considered a human, but Ye Xuan does not know how to describe the sky.

"Who I want to meet, who?"

After hearing this, Ye Xuan took a look at the broken shoulders and said: "It is like the predecessors, with the blood of the gods!"

"what?"

When the words came out, the people in the canyon were shocked.

"Come, bring it in!"

This is a bit of an impatient tone, so that Ye Xuan's mouth is slightly tilted, and then it is with a broken sky and Wei Jin, into the canyon.

The canyon is very dark, but everyone can still see it. It's just that there is nothing in the canyon. Where did the sound come from?

"Ok?"

At this time, Ye Xuan, who has an eye for insight, suddenly saw a weird place.

At the end of the canyon is a stone wall, but this stone wall is a bit strange, and it gives off four different flavors.

"Come here, this seal shields my perception, I can only look with my eyes, you are closer!"

After the stone wall, a voice came.

Ye Xuan quickly approached the sky and Wei Jin, and finally they saw that there was a middle-aged ape in the stone wall.

"Little monkey, it turned out to be a little monkey!"

After seeing the broken middle-aged apes, the emotions were very exciting. If there was a seal in front of him, he would have already rushed out.

"Predecessors, do you know it?"

Ye Xuan's eyes lit up and asked.

"Crap, not only know, it is my youngest son!"

The middle-aged apes said: "In the war that year, my wife fled with the shackles in it. I am now sealed and can not sense the blood, but I recognize its eyes, not wrong. !"

This one answer, let Ye Xuan three shocked.

Ye Xuan also thought that the break of the sky is only the descendant of the God Palace Palace, but he did not expect to be a biological son. It seems that this time, there is no mistake.

"When I found the sky, we were still in another space continent. Later I happened to come to the Holy Land. I didn't expect it to belong here." Ye Xuan said.

"Young people, thank you very much, I did not expect that I will be able to meet with him in my lifetime!"

The middle-aged apes said that they could not help but shed two tears.

He is indeed the lord of the Temple of the Monkey, but it has been sealed for so many years, the strength has been falling, and the life expectancy is almost over.

"Hey?"

At this time, the sky suddenly jumped to the front of the seal, with the mini palm of the hand on the top.

"Children, this seal is not so easy to break, this is the four gods to seal the sky, I ordered those holy beasts to continue to attack the array for countless years, but did not move the points." The broken Tiangong master shook his head.

"Predecessors, is there any other way?" Ye Xuan frowned.

"The four gods are very horrible. If they are forcibly broken, the inside of the formation will break out. In my current state, I am afraid I will not survive!"

Originally, Ye Xuan wanted to go through a period of time and forcibly broke the formation. Now it seems that it is not working.

However, the Lord of the Heavenly Palace suddenly remembered something and said: "Right, there are cracks in the four gods, that is, to get four specific blood!"
