

## Super D. S 1941

Chapter 1941: guide

"What blood is it?" Wei Jin asked curiously.

The Lord of the Sky Palace glanced at him and said, "You should be the person of the Devil's Palace. You know, why was my 12th animal palace so robbed?"

"I heard that it was a force, and then the two sides fought!" Wei Jin replied.

"Not bad!"

The Lord of Heaven broke out and said: "The force is called the four-beast family. It consists of four families, namely, Qinglong, Baihu, Suzaku, and Xuanwu. In those days, they took a fancy to the blood of the Sangong in my twelve animal palace!"

"Sangong blood, which is the third house?" Ye Xuan frowned.

"One is the Dragon Palace, the second is the Devil's Palace, and the third is the God's Palace."

The owner of the Broken Temple replied: "The Qinglong family, the White Tiger family, and the Suzaku family want to use the blood of the Sangong to strengthen themselves, so the battle broke out!"

Hearing this, Ye Xuan has three glimpses.

It turned out to be the case!

The demon dragon of the Dragon Palace is the blood of the dragon.

The Devil's Palace is the Nether Devil Tiger, the blood of the tiger.

The \*\*\*\* of the palace is the eight wild gods, similar to the blood of the Suzaku family.

Therefore, this three palaces were only eye-catching by the four-beast family.

"Predecessors, I heard that the twelve animal palaces at that time were similar to the strength of the four-beast family. Why are we going to be destroyed?" Wei Jin asked.

"There are two reasons. First, because our twelve animal palaces are not united, the dragons, the devil tigers, the devil snakes, the devils, and your devil's palace, and our seven palaces have a bad relationship, so when we are fighting, we both They were smashed one by one. At the time, if our 12th house could be united, it would be hard to say it!" said the ruined palace owner.

This point, Ye Xuan also knows.

"What about the second point?" Wei Jin asked.

"Second, it is because there are traitors in the 12th sacred animal palace, and the secrets are leaked, so they will be broken one by one!" replied the ruin.

When Wei Jin heard it, he was shocked: "The traitor? Who is it?"

"I am not very clear about this, but I am sure that someone must have leaked."

The eyes of the broken temple are stunned and said: "If you let me know, you will not let him go!"

"Predecessors, this is not to say for the time being."

Ye Xuan suddenly said: "At present, I still have to remove the seal of this four gods."

"This four gods are bound by the four masters of the four-beast family. If you want to break open, you will need the blood of the four-beast family, and it must be the blood of the children!"

"What about the four-beast family now?" Ye Xuan turned to look at Wei Jin.

Before he searched the souls of many people, it seems that he has not heard of this power. Is it a migration?

"The four-beast family will take all the children of Sangong and take them in captivity, and then use them to strengthen their own blood. Their current strength should be stronger than before. My blood, they are not interested, so it is estimated that I forgot."

After the completion of the Heavenly Palace, he looked at Wei Jin and asked: "Little mouse, this four-beast family, how is it now?"

"This, I moved very early, I don't know where they are now." Wei Jin shook his head.

"Well, let me tell you the ending of the war in that year."

Wen Yan, Wei Jin recalled, and replied: "In those days, you seemed to be the first to be sealed, and then the rest of the six palaces were killed, in addition to the devil's palace, the devil's palace."

"That is the Dragon Palace, the Magic Bull Palace, and your Devil's Palace?" asked the Lord of the Heavenly Palace.

"We fled together in the same year, but we still suffered interception. We dispersed and fled, and later things, I don't know." Wei Jin shook his head.

At this time, Ye Xuan suddenly remembered one thing, and hurriedly took out a floating crystal spar from the swallowing space.

This floating crystal spar is the result of Megatron's separation from his memory, that is, at the White Dragon Temple.

At that time, the middle-aged man of the horn appeared, forcibly took away the ghosts and then told him about the twelve animal palaces.

"This is the brute force of the Magic Bull Palace!"

The eyes of the broken temple are bright, saying: "However, from what he said, he can hear that he is going to arrest this demon dragon to unblock it. However, if you want to lift the seal of the four gods, it should not be Do you want to use the blood of your four-beast family?"

In this regard, Ye Xuan and Wei Jin did not know.

In the face of this problem, the broken Tiangong master thought about it and understood it.

"The Dragon Palace is the blackest man. At that time, it was the first strongman of my twelve animal palace. Maybe he was not sealed by the four-beast family, but chose to seal himself and isolate the breath, in order to escape the pursuit!" The Lord said.

"Then, seniors, do you know where he is?" Ye Xuan hurriedly asked.

"I don't know, the master of the four-beast family can't help me, but in that battle, my Qiang Kun ring was crushed by the other party, otherwise I can tell them!"

Speaking of this, the Lord of the Sky Palace is somewhat angry: "That brute force, know that I was sealed in Xianbaoshan, I did not even look at it!"

"But, he said that as long as you can come out, you can find him!" Ye Xuan suddenly said.

"Oh?"

The main eyebrow of the broken temple is a pick, saying: "In this case, perhaps he should be in Niu Mo Ling, where is his birthplace!"

After that, he informed Ye Xuan of the position of Niu Moling.

"Well, the younger generation will go to him when he arrives. At that time, the seniors may be able to get out of trouble!" Ye Xuan eyes lit up.

"Hey, if you find him, he probably won't help you."

The owner of the broken temple shook his head and said: "Don't say this, little monkey, in your memory of inheritance, there should be a shocking stick. How many sticks did you practice?"

"Hey! (Shocking Nine Sticks!)" replied.

"Yes, your qualifications are much stronger than that of the father. In the past, I only practiced a shocking day. Of course, this shocking stick is not the focus. If you continue to practice, you may be able to practice the method of breaking the stick. "The king of the broken palace said.

Break the law!

Ye Xuan brows a pick, this thing sounds very ugly.

"Young people, then I will point to the little monkey, you are waiting for it," said the Lord of the Heavenly Palace.

"it is good!"

Ye Xuan nodded.

His voice just fell, and a system sound was heard in his mind.

"Hey, the Lord of the Sky Palace began to guide the skybreaking, and the sky will enter the state of learning, and will temporarily leave the control of the host!"

Hearing this, Ye Xuan was shocked.

Nima, now even out of control, is only temporarily, but it makes Ye Xuan's sense of security drastically reduced.

Breaking the sky, but his current killer, if it is out of control, what if it is dangerous?

However, fortunately, here is the Xianbao Mountain. Even if the Lord of the Heavenly Palace is sealed, it can still order those holy spirits of the Holy Spirit level, so he should not be in danger.

Just how much time does this guiding process take?

Chapter 1942: Black Yao

Ten days?

Half a month?

Still, one year?

For the master of this level of the ruin of the Heavenly Palace, even if it is like playing for ten thousand years, if this is the case, Ye Xuan is estimated to cry.

Fortunately, the progress of this guidance will be related to the savvy understanding, and Ye Xuan has confidence in breaking the sky, should it be ok?

In the following period of time, Ye Xuan is waiting here to see the broken guide of the Heavenly Palace.

This is half a month!

Half a month later, Ye Xuan reached the Sanpin Dasheng, and broke through the heavens and successfully broke through to the Seventh Grand St., and now the latter put on the mysterious warrior, it is estimated that it can be a battle with the master of the Holy King level.

At the same time, in the past two months, the ruthless lord of the heavenly palace guided the breaking of the rod, so that the smashing of the sky and the smashing of the nine sticks, and the training of the sky, the attack power was greatly improved.

"I didn't expect your understanding to be so good, it was beyond my expectations!"

The owner of the broken temple is satisfied with the location.

"Hey!"

At this time, Ye Xuan stepped forward and said: "Predecessors, then let's go, go to the Niu Lingling?"

"Alright, with the current strength of the little monkey, you should not have much problem."

"Farewell!"

At the moment, Ye Xuan is holding a fist against the broken Tiangong master and then leaving directly.

As for Wei Jin, it is here, because Ye Xuan is not looking for the Lord of the Palace of the Snake, but the Lord of the Palace.

Before the break of the palace, the owner told Ye Xuan's position, far from Xianbaoshan, so Ye Xuan had to catch a long way.

Of course, even if there is no broken Tiangong owner to inform the direction, Ye Xuan can also find the middle-aged man of the horn. After all, he has a death killing order on the other side.

The time spent on the road was probably spent about ten days. After ten days, Ye Xuan entered the Niu Lingling.

"Now the sky has reached the nine great saints, only one step away from the Holy Spirit, his strength is already stronger than the general king!"

Ye Xuan thought about it.

This strength can already be rampant in Niu Moling, but this time he came not to sweep the Niu Lingling, but to find the middle-aged man.

At this point, he saw that the scarlet killing was not far ahead. It was a mountain range, and the middle-aged man of the horn was inside.

At that time, the middle-aged man of the horns forcibly took away the sinister ghost dragon, which made Ye Xuan rush for so long, and now, finally found it.

"If his strength is not as powerful as it is, then you must have a slap in the face to be able to solve my hatred!"

Ye Xuan thought in his mind that he entered the mountain range.

At this time, in the middle of the mountain, there is a horn mountain.

On the same day, Ye Xuan had a horn of the middle-aged man, and he was hiding here.

Soon, Ye Xuan was looking for it.

"Ok?"

In the Niujiao Mountain, the middle-aged man of the horn suddenly opened his eyes, and then he sensed a faint breath approaching.

He stared at it and his expression was a bit strange.

"You actually found it here!"

The \*\*\*\* middle-aged man looked at Ye Xuan, who swiftly swept, could not help but say.

"What about ribs?"

Ye Xuan said nothing, directly asked.

"You, go in and see!" The middle-aged man of the horn did not answer this question, but turned to look at a huge cave behind him.

Upon hearing this, Ye Xuan couldn't help but frown, and quickly walked in. After a while, he saw the huge body of the demon ghost dragon at the end of the cave.

Finally found!

As long as you sign a contract with the Ghosts, you can complete the random task. At that time, Ye Xuan can be combined with the Ghosts.

However, at this time.

The dying ghost dragon in his sleep suddenly opened his eyes, then Zhang mouth said: "Who are you?"

When the words came out, Ye Xuan was shocked.

Can the ghosts of the world be able to speak?

This is not the point. The point is why he doesn't know Ye Xuan?

"You don't know me?"

Ye Xuan's eyes widened.

Just right, the middle-aged man of the horns also came in and then passed the voice to the singer.

"Oh it's you!"

The singular ghost dragon suddenly got up and then turned into a human figure, a black skinned man.

"The body of the dying dragon has already been occupied by me. I want to thank you more!" said the black man.

what?

This sentence, but killed Ye Xuan was caught off guard.

The body of the devil's dragon was occupied by him!

Who is this goods?

"I introduce myself, my name is Black Yao, the strongest one of the twelve animal palaces!" said the black skin man.

"Black Yao!"

When Ye Xuan heard the name, he suddenly responded.

He is not the palace owner of the Dragon Palace in the Twelve Animals Palace?

"Still!"

Ye Xuan screamed and gave the order directly to the shoulders.

kill!

Dare to take the body of the ghost dragon, find death!

In an instant, the breath of the sky is skyrocketing, and it is a stick to raise the hand directly to the black skin man.

Amazing!

"Oh? The horror of the Lord's Palace?" Black Yao was a bit surprised, but he did not have any action.

At this time, although he did not even reach the Holy King, he was not afraid of breaking the sky.

Because there is still one person beside him.

"Hey!"

This stick of the sky was blocked by the middle-aged man who was quickly blocked in front of the black flank.

This middle-aged man of the horns was not sealed in the same year. He was only seriously injured. Now he has recovered to the middle-level holy king. It is still not a problem to take the next day.

"Strong strength!"

The middle-aged man of the horns picked up his brow, and after admiring one sentence, he actually raised his hand and responded.

In an instant, he will fight against the sky.

The strength of the broken sky is equivalent to the four kings of the king, and the middle-aged man of this horn is the five kings, and he is the master of the palace of the twelve beasts. The strength is not so simple.

However, the task of breaking the sky is just to drag the middle-aged man.

"Black horn, fall, give me a catch!"

Ye Xuan screamed.

During this time, the black horns and the falling realm have not fallen. Although it is not comparable to the sky, it is not a problem to deal with the black glory of the nine spirits.

Black Yao obviously did not expect that two people suddenly appeared, hurriedly retreat, but still squatted by the black horn and falling.

At the same time, the main force of the Magic Bull Palace Palace also stopped, looking at Ye Xuan.

"Black Yao escaped from the dead in the past, and he had to seal himself. I can only use this method to save him." Brutal force said.

"Can you sacrifice other people?" Ye Xuan said blindly.

"Your black dragon, it is not dead, I occupied its body after all, although it is not enough, but I made it into a dragon!"

Black Yao said, suddenly spit out a black ball, only the size of the fist.

"Dragon, what is that?"

Ye Xuan looked at this ball and couldn't help but ask.

Chapter 1943: Random task change

"You can understand that you are being beaten back. If you can find a matching dragon in the future, you can use this dragon to resurrect it!" Black Yao replied.

Upon hearing this, Ye Xuan couldn't help but scream: "Then I might as well kill you and use the dragon to resurrect it, so the fit is absolutely ten percent!"

This sentence is also to make the black Yao body tremble, hurriedly said: "It is my descendants, so I and his body are beyond the 10% fit, if you kill me, the dragon will be driven into In the body, it is the act of self-destruction!"

Ye Xuan is silent.

Black Yao is the ancestor of the Destroyed Dragon, and the Ghosts of the World have evolved before the scales of the Destroyed Dragons, so the fit of the Black Yao may indeed be higher.

Even if it is not higher, if it reaches 10%, it will be very tricky.

If Black Yao is dead, Ye Xuan will throw the dragon into the body of the sinister ghost dragon. The two will inevitably fight, and the bronted dragon will probably be countered by the black phoenix.

At that time, it is a corpse and two lives!

However, Ye Xuan is trying to give it a try. After all, he sometimes goes back to light skills.

However, it is at this time.

"Hey, random tasks have changed, resurrected with dragons to kill the world, the mission rewards, the resurrection of the evil dragons have a 50% chance of change!"

A system prompt sounded suddenly.

Originally wanted to directly start, killing this black Yao Ye Xuan, suddenly stopped.

The random task has changed, this is the first time it has appeared!

Maybe, because his speed is slow, so it will be like this.

"Oh, then forgive you for a life, it is best to cherish this body, otherwise I will not let you go!"

Ye Xuan solemnly said.

"The young man is a big tone. None of the people who used to talk to me in this tone lived!" Black Yao said coldly.

"Since it was before, why bother? I only know that I can easily pinch you now!" Ye Xuan answered.

Although the brute force of the Magic Bull Palace is powerful, but the sky can now hold the other side, when the black horns and the fall can kill the black Yao.

"Humph!"

Black Yao was said to be speechless. At this time, he was indeed not the peak, even one of the ten thousandth of that year.

At the moment, Ye Xuan is taking back the broken sky and putting the ribs of the ribs into the planting space.

If he wants to, he can find a dragon corpse now, but the degree of fit is not high.

Moreover, since the ribs have become like this, then Ye Xuan naturally wants to find a bloodline that is more advanced than the demon dragon, so that with the reward of random tasks, the ribs will be more powerful.

This time, it is actually not a pit, but an adventure!

It is precisely because of this that Ye Xuan has chosen to spare the black glory, and no one will die long ago.

"You have already been to Xianbaoshan, have you seen the old monkey?"

At this time, brute force suddenly asked.

"Not bad!"

Ye Xuan nodded.

"The seal of his is the four gods of the four-beast family. If you want to unlock the seal, you will need the blood of the four-beast family." Brutal force said.

"Do you have news of the four-beast family?" Ye Xuan frowned.

"In the past, I did not use the four-beast family, so I escaped from the dead and recovered the injury some time ago. However, during this time I did not do anything, but I was distracted to investigate the four-beast family!"

The brute force paused, saying: "The four-beast family that destroyed my twelve animal palaces has already moved away, but they still have a branch. This branch, in the far north, is built in the Valley of the Four Gods. However, I have used these years to establish a transmission array that can be reached nearby. If you want to go, you can send you in the past!"

On that day, he forcibly took away the sinister ghost dragon, and then sacrificed it to Black Yao, so he felt that some of the owed Ye Xuan, told Ye Xuan this news.

"Four God Valley?"

Ye Xuan eyes a glimpse.

The broken sky is the son of the lord of the heavenly palace, and the latter is sealed by the four gods, so Ye Xuan naturally wants to save it.

Therefore, this Four God Valley is going to go!

"However, the four-beast family has been strengthened by the blood, and it is already stronger than before. There may be masters of the sacred level. You may not be able to see this strength," said Brunet.

"What about the Holy King?"

Ye Xuan muttered in his heart, said: "That would not bother you, and inform me of the position of the transmission array, we cancel it!"

"Not self-reliant!"

Brutely thought about it, and then directly told Ye Xuan about the position of the transmission array.

However, it is at this time.

"Ok?"

Brute force suddenly brows a pick, seems to be what is sensed.

"What happened to the old cow?" Hei Yao saw brute force, and could not help but ask.

"There are a few breaths close, the middle king!" Brutal force.

"Here is your site, how can there be a middle-level holy king close?" Black Yao said inexplicably.

"I don't know, I will go out and have a look!"

Brute force said, just leave, and lean toward those breaths.

Ye Xuan and Heiyao also quickly followed, but their speed was certainly not as arrogant, and brute force instantly opened it.

"Booming!"

Suddenly, there was a sound of fighting in the distance, which made Ye Xuan somewhat surprised.

Niu Moling here, at most, the low-level holy king, how can there be several middle-level holy kings?

Moreover, can you fight with brute force?

The battle time was not short, and after Ye Xuan arrived, it was seen that brute force was being attacked by four young people.

"I said who it is. It turned out to be the dregs of the four-beast family. It should be followed by my breath."

Black Yao suddenly said.

Upon hearing this, Ye Xuan's brows were picked. These four young people are the four-beast family?

In this case, then the Lord of Heaven will be able to see the sky again.

Of course, this is the case when the four are the children of the four-beast family.

"Four beast family, generally four people for a team to go out and practice, they will play a more powerful strength. These four are just four saints, but they can be the brute force with the magic palace." The victory of the Holy King, the strength is really good!"

Ye Xuan thought in his heart.

At this time.

"Ontology!"

The long-haired youth among the four suddenly screamed, and the next moment, he turned into a long, green dragon.

In addition, the other three are the same.

Qinglong, Baihu, Suzaku, Xuanwu, arrived!

Brute force saw that they turned into the body, and thought of a move, and quickly turned into a huge black cow, the body shape is bigger than the four.

"Breaking the sky, help!"

At the moment, Ye Xuan is talking to the sky.

Although he had to deal with brute force, he did not use much power. After this period of recovery, he could already fight.

The original four youths joined forces and \*\*\*\* with brute force. Now all five are turned into a body, or they are tied.

Chapter 1944: Shikamiya

However, with the break of the battle, the situation has changed.

Moreover, Ye Xuan has a killer!

He quickly passed the brute force, and then they found a chance to erupt.

"The picture of the beast, the town!"

The mysterious war armor on the broken body, after getting the order of Ye Xuan, quickly transformed into the picture of the beast.

In an instant, the four youths and brute force of the four-beast family have all lost 70% of their combat power.

However, brute force has long expected that it will be so, so directly restore the human form.

"Magic Bulls!"

The brute force of the human form, aiming at the white tiger, punches a fist and directly explodes its body and instantly falls.

The four-beast family is good at combo, and now with the strongest attack on the fall of the white tiger, the strength that can be exerted instantly drops.

This is not the point. The point is that one person is dead, so the next three are not enough.

"go!"

The green dragon shouted and quickly turned around and left.

Unfortunately, they don't know the reason for their decline in strength. After all, at this time, who is free to think about this?

In the next moment, they were caught up by brute force, and then even the most defensive basalt was savagely killed.

Four beasts, only two!

"Fasting adult shape!"

The long-haired youth quickly rushed to another person.

At this time, he finally reacted, and the brute force also reduced the strength. After it became a human form, there was no such restriction.

Unfortunately, it is too late!

"Magic Bulls!"

He had just finished the sound, and the brute force was a punch, directly exploding his body, and when he turned into a human form, he had only half a body.

"Bastard!"

The last young man of the Suzaku family screamed and quickly took out the message token to report the matter.

But at this time, the sky suddenly burst into the sky, a stick down.

"Hey!"

This stick did not lie on the other side, but shot down the communication token in his hand.

Then, brute force is killing the past and another punch.

The youth of the Suzaku has been transformed into a human form. This punch, he used the strong flame to weaken it, and then hardened it.

However, Megatron has once again turned into a mysterious warrior armor, set on the broken sky.

"Stunning a stick!"

The stick fell and squatted on the head of the young man, instantly exploding his body.

Four people, all fallen!

Although it is the first time, it is not bad to cooperate with the brute force and brute force. Of course, the most important credit is Megatron.

Without it, brute force would not kill two people so easily.

After the death of these four people, Ye Xuan swiftly swept past and uncertainly took his body away.

Soul!

"Damn, these four are not the shackles of the four-beast family!"

Ye Xuan roared.

If these four people are shackles, then the ruined master can unlock the seal.

The brute force is very strange. Ye Xuan is not a great sacred realm. So he has given the four bodies to the soul so soon. This means, even if he is not.

"These four people should be the people of the branch of the Four Gods Valley. They are coming along the world." Brutal force said.

At the time of the sacrifice, Black Yao once broke out a powerful demeanour, which attracted the people of the four-beast family.

Although it has been innumerable for many years, the four-beast family still wants to seize the black glory. After all, the black glory is the lord of the dragon palace, the ancestor of the dying dragon, and it is best to use his blood to strengthen the blood of the dragon. of.

At this time.

"Hey, the host gets a dragon crystal that can be used to breed dragons. Does it start?"

Hearing this, Ye Xuan's brow was picked, Long Jing, was it taken out from the body of the Qinglong youth?

"Yes!"

At the moment, he replied in his mind.

Unexpectedly, Longjing can actually breed dragons, which means that if the dragons find a suitable dragon in the future, the fit will be higher and easy to change.

In this case, then this wind Qinglong, dead!

"If it is not too late, then I will leave!"

After Ye Xuan finished, he left.

The branch of the four-beast family is probably starting to move, so this cow magic ridge is estimated to be unstoppable, and brute force and black Yao must find another place to hide.

After Ye Xuan left, they quickly left the Niu Lingling.

At this time, Ye Xuan is the long-distance transmission array that was built to the brute force. This transmission array can be directly transmitted to the vicinity of the Four Gods Valley, which can save a lot of time.

After a few days.

"Hey, the host breaks through, and it's currently the Sixth!"

"Hey, Yan Ghost, Megatron, Breaking the Gods, breaking through, is currently a holy spirit!"

Breaking the gods, finally broke through to the realm of the Holy Spirit, and the strength is stronger than before.

Not long after Ye Xuan and others broke through, he finally came to the transmission array built by brute force.

"Hey!"

The transmission array starts to run.

After a while, Ye Xuan was transferred to the destination. He turned his head and looked at it. He found that he was very far away from the transmission point. If he had to make his own way, he would not know how long it would take.

"Four God Valley, in the north of this transmission array, and the four-beast family does not know me at all, it is convenient for me to act!"

Ye Xuan thought in his heart, that is, continue to start the road.

About two days later, he finally came outside the Valley of the Four Gods.

The four-beast family in the Four Gods Valley is a branch, but there are also many strong insiders. According to brute force, the strongest is a seven-good king.

This strength is not yet broken, but Ye Xuan is not ready to kill now, but slowly.

"Well? Come out with a team!"

At this time, Ye Xuan suddenly stared at it and found a team.

The four-beast family is generally a four-member team of four people, or a team of eight people, so it is safer.

At this time, the team that left the Four Gods Valley is the same as the same day.

Just right, they became the target of Ye Xuan!

This team does not know where it is going. Anyway, Ye Xuan is following him. When they pass by, Ye Xuan is letting it go.

Wearing the sky of the mysterious warrior armor, rushing on the ground, plundering toward the four.

"Well? There is a strange little monkey."

One of the team found a broken sky, but because the sky is just a realm of the Holy Spirit, it is not in his eyes.

How much attack can such a small thing be?

The four of them are the four kings of the holy king. They stand there and do not move. Nor are ordinary people able to break their defenses. Even the second king of the king does not work, let alone the destruction of a holy spirit.

However, they are wrong.

After the sky was close, he suddenly sacrificed his own weapons and squatted at the head of the person.

Amazing!

This stick will instantly kill the first person.

Spike!

Chapter 1945: Hidden murder

The other three, looking at the companion who had been mashed into a bolognese, all stunned.

Not waiting for them to react, the second stick of the sky fell.

"boom!"

Another person is fallen!

At the moment, the people who still have Xuanwu and Baihu families still stand. When they see the two dead, they quickly become the body.

"Be careful!"

At this time, the master of the Xuanwu quickly blocked the other person's head, just fell into the sky, and fell on the shell of the Xuanwu master.

"Hey!"

Only heard a crisp sound spread, Xuanwu's back shell was actually broken, the body was hit hard.

The white tiger master was shocked.

Xuanwu is known for its defensive power. How can it be killed if it is hit?

Moreover, he was still strangled by a small monkey of the Holy Spirit level.

Too fake!

Four people died three times with the speed of lightning. The remaining white tiger master is the strongest attack in the four-beast family, but it is not strong.

Soon, this fourth person also died, and he was also killed by a broken day.

No matter who it is, it is a stick to solve the problem. This strength has been so strong that Ye Xuan feels guilty.

"Dry beautiful!"

After the death of these four people, Ye Xuan quickly broke through and planted the bodies of the four people in the planting space, and then began to search for the soul.

Unfortunately, these four are also not children.

"There are no children in the family of the four gods in the Four Gods Valley."

Ye Xuan is somewhat disappointed, but it is also said that the family is generally in the general family, how can it be in the branch?

However, this does not matter, anyway, Ye Xuan's current goal is that Long Jing.

In the following period, Ye Xuan stayed outside the Valley of the Four Gods and saw that there was a good bullying.

Although the four-beast family is a branch, but the number is also quite large, but the collapse of such a large family of children will definitely attract the attention of the top.

In a few days, Si Shen Gu began to arm, because those who died were just leaving the Valley of the Four Gods.

However, this measure is not useful for Ye Xuan, but instead is in the middle of the leaves.

At this point, the broken sky has already broken through to the second spirit of the Holy Spirit. With its strength, it is no problem to directly enter the four-beast family.

"These people who are armed are at least five kings, and there are six kings patrolling. But what about this?"

Ye Xuan thought in his heart, that is, let the broken day continue to move.

Imagine a presence like the Four-Family Beast family. If someone encounters a low-level Holy Spirit-level sacred beast, will there be precautions?

will not!

Therefore, these people have become the target of Ye Xuan.

"Hey, there is a little monkey. My daughter recently clamored for a pet, just like it..."

A five-product holy king thought about it, but the next moment, his smile was abruptly stopped.

He saw a huge stick shadow falling down and staring at the shadow of his head.

"Hey!"

The head of the five kings, together with the body, burst directly.

dead!

After the death of this person, Ye Xuan quickly swept over and took his body.

It is also a dragon crystal, and it is also a five-level king, which can make the ribs of the ribs more powerful.

"Well? The broiler's birth rate has reached 10%!"

At this time, Ye Xuan suddenly discovered this change.

Only when the degree of enrichment reaches 100% can you enter the dragon corpse. If it can reach 200%, then there is a 50% chance of change.

The more difficult the degree of cultivation is, the more difficult it is to improve it. It is raised to two hundred. Ye Xuan does not know whether it can be achieved even if the four-beast family is destroyed.

However, as long as it reaches 200%, then there will be a 50% chance of change after the resurrection of the ribs, plus the 50% of the random tasks, which is 100% change.

Therefore, even if the Fengqing Dragons are destroyed, the degree of birth of the dragons has not reached 200%. Ye Xuan will continue to strive to bring the degree of cultivation to a full extent.

Having said that, this time, there are not many masters of the five kings of the four gods and beasts, only four.

Now, this five-product holy king is dead, then the four-beasted beast family will certainly be aware of it, so the sky must be shot as soon as possible.

However, the speed of the sky is fast, and the token is too fast.

After killing the second five-product holy king, the other two are meeting, but this does not affect anything. One person can still kill two.

After the war, the four sacred kings sent out by the four-beast family were all fallen.

As for the six-product holy king, because Ye Xuan had a death killing order, there was no trace of the sky.

At this time, the inside of the Four Gods Valley has already exploded.

There are four valley owners in the Valley of the Four Gods, the patriarchs of the four family branches, and they are all seven sacred kings.

Now that four of the five kings have died, it is enough for them to pay attention to them. After all, each family has about ten sacred kings.

Therefore, they decided to send more people to patrol, and it is necessary to find out the murderers who have maimed them.

But this time, Ye Xuan learned, and for the sake of convenience, he waited a few days outside.

After the breakthrough of the three spirits, they will start!

After the break of the day, even the six kings of the king had to be smashed by him, but he still did not rush into the four-beast family, but outside the squad of the four sacred family patrol master.

The four-beast family is now very cautious. It was originally to let the five kings patrol alone. Now the four big families are united to make a team of five sacred kings to act, so that even if they meet the six kings, Not afraid.

Unfortunately, this is still useless for Ye Xuan!

With the mini body and the realm of the three spirits, the sky was quietly approaching the teams, and then suddenly shot and quickly smashed each other.

Coupled with Ye Xuan's death killing order, he can cleverly avoid the six spirits.

Within a day, the four-beast family suffered heavy losses, adding up to the death of twenty five-good kings, each of which died five.

As a result, the four patriarchs of the four-beast family branch finally could not help but move.

However, Ye Xuan has hidden up and prepared to take it out after a while.

"Transfer all children, don't go out!"

.....

It was a few days, and the sky has grown to the realm of the Four Spirits. Now it is already equipped to destroy the branch of the four-beast family.

So this time, Ye Xuan decided to go directly into the Valley of the Four Gods!

Before that, he also made a good preparation, that is, using a dementor bell to control a child of a four-beast family.

To be precise, it is a four-product holy king of the Fengqing Dragon.

At this time, the four kings of the Holy King took the sky and entered the Valley of the Four Gods.

"Breaking the sky, acting as planned!"

Ye Xuan's light flashes.

When the day came to Fenglong Valley, Ye Xuan gave instructions directly to it.

Chapter 1946: Off!

At this time, the four kings of the holy king are carrying the sky, and the residence of the Qinglong clan chief.

If it is possible to kill this patriarch, then things will be easier. At that time, even if the other three patriarchs join hands, it will not be able to break the sky.

Soon, the four kings of the holy kings took the sky and came to the vicinity of the Fengqing Dragon clan residence.

Next, there is no way for the four kings to approach, and they can only let the heavens act.

"Hey, cute little monkey!"

"Who is this conquered?"

"It has to go in and let go."

The people of the Fengqing Dragon family did not care much when they saw that the sky was only the level of the Holy Spirit.

After all, even the young people in the Fengqing Dragons have a higher level than the four spirits.

In the end, the success of the day came to the residence of the Fengqing Dragon Patriarch.

Today, the Fengqing Dragon patriarch just patrolled back and was resting.

He sensed the breath of the sky, but the latter was too low, so he didn't care too much.

However, the next moment, the wind is coming!

After getting the order of Ye Xuan, Megatron, which turned into a fine needle, became a mysterious warrior.

After wearing the shadow of the mysterious warrior armor, the body is greatly improved, and the patriarch of the wind Qinglong is a stick.

"Calling!"

The wind is whistling.

The Fengqing Dragon patriarch's eyes widened and he just reacted, and a huge stick shadow crashed down.

"boom!"

The Fengqing Dragon Patriarch was hit and suddenly injured and died suddenly.

Although this is a seven-product holy king, but in the face of a sneak attack, it is more than enough.

When the other side was seriously injured, the sky once again took out a stick. This blow took away the life of the Fengqing Dragon Patriarch.

"Well done!"

Upon seeing it, Ye Xuan quickly broke through the void and separated the body of the Fengqing Dragon Patriarch.

Then, the sky broke again, this time its goal is the two six kings in the Fengqing Dragon.

At this moment, the people in Fenglong Valley still don't know what happened, only to hear a loud roar.

The other tribes have not responded, and the top of the Fengqing Dragons will die almost.

After killing the two six kings, the remaining five kings were wiped out.

Then, next, the good show begins!

"Black Horn, give me a swallow!"

Ye Xuan directly put out the black horns. The latter appeared in the state of the body. He had a big mouth and a strange energy enveloped the surroundings.

swallow!

The next moment, this area near the black corner was directly swallowed by him and appeared in the swallowing space.

This is not over yet. Now that the Fengqing Dragons have no people in the town, they can all clean up them.

Not to wait for the other three major families to react, the Fengqing Dragons in the Fenglong Valley, all swallowed into the devour space by the black horn, one is not left.

Although the Fengqing Dragons are only a branch, there are also many people. Now they are all swallowed into the swallowing space, and they become the prisoners of Ye Xuan.

Of course, Ye Xuan has not been cruel to kill so many people. He just took out the dragon crystals in these Fengqinglong bodies and used them to breed dragons.

At this moment, the degree of broiler brooding has exceeded 50%, and half of it can be reborn.

"Hey, the other three families have finally appeared!"

After a while, Ye Xuan looked at the silhouette of the sky and smiled secretly.

It's just that the break is already a break and you can fight again.

"How could it be that Fenglong Valley turned out to be a ruin, and the grass was not born!"

"What is the situation, where are they going?"

"There was someone who sent me a message saying that there was a black dragon flying over the Wind Dragon Valley and swallowing everyone in it..."

The other three families are shocked.

At this time, they just saw Ye Xuan in the ruins, and immediately swept away.

"Kid, who are you?"

A red-haired old man asked.

"It turned out to be the Suzaku patriarch, long-awaited!" Ye Xuan said with a smile.

"Do you know me?" The red-haired old man frowned.

"How can I not know, because, I want to kill you!"

Ye Xuan smiled and said: "Up!"

In an instant, the broken sky wearing the mysterious warrior armor was summoned by Ye Xuan from the swallowing space, and appeared directly in front of the red-haired old man.

"Stunning a stick!"

Raising the sky is a blow, directly squatting on the face of the red-haired old man, suddenly bursting his head.

The key to the immortal is the fairy heart, but after breaking into the saint, the head and heart become the key.

This hit, directly kill the red-haired old man!

There are four seven-sacred kings in the Valley of the Four Gods, only one died, and now one is dead, so only two are left.

The remaining Baihu and Xuanwu patriarchs, one is the strongest attack, the other is the strongest defense, but this is the same in the face of breaking the sky.

"Stunning a stick!"

The sky broke again, but this time it was not pulled from top to bottom, but swept.

A stick of shadow swept through the crowd, directly exploding an individual's body, and countless bodies fell from the air.

In addition, Black Point does not know when he came to the side, a big mouth, and swallowed those children of the four-beast family who were frightened and lost.

In the blink of an eye, the other three families died nearly half.

"Good strength, fast change ontology!"

The Xuanwu clan screamed and turned into a basaltic body, and combined with others to form a defensive array.

"Defensive array, is it useful?"

Ye Xuan sneered.

Break the sky and shoot again.

"Hey!"

Although a stick fell, this defensive array has not been broken, but it is almost the same.

"Stunning a stick!"

When the second stick fell on this defensive formation, this defensive array was immediately collapsed, and the Xuanwu masters who used the Holy Power to build this defensive array were all countered.

At the center of the defensive array was the patriarch of the Xuanwu tribe. After the formation was broken, his injury was the heaviest, and his body opened his mouth and spewed a blood.

"Hugh to rest!"

On the side of the violent screaming, all the white tigers who turned into the white tiger body directly attacked the past.

Although it is impossible to form a four-god battle, the attacking power of the Baihu people can not be underestimated, and will be surrounded by the sky.

However, the next scene makes them very stunned.

"White Tiger tears the claws!"

The patriarch of the White Tigers grabbed a claw against the scorio, but what surprised him was that the claw did not hurt the sky.

"How can defense be so powerful?"

The Baihu clan was shocked.

You must know that his claws can leave traces on the back shell of the Xuanwu masters, but they can't hurt the little monkey of the Holy Spirit level.

What is this little thing, what is it?

Just as he was surprised, he shot again.

Chapter 1947: General master

"Stunning a stick!"

Breaking the sky again, hitting the white tiger clan, but the latter was prepared for the time, so it was not killed.

On the other side, the black horns swallowed again and swallowed some people.

At this moment, the Baihu clan is seriously injured, even if there is no serious injury, it will not break the defensive power of the sky.

There is no suspense in this battle!

"Catch that kid!"

However, the Baihu clan still perceives a strange place and said quickly.

"Catch me, it's too naive!"

Ye Xuan's eyes slammed into the door of the void and disappeared into the eyes of everyone.

Next, the breaking of the sky is as expected by Ye Xuan, killing the masters of the Xuanwu and Baihu nationality, and the rest of them are swallowed by the black horn.

Now, in the swallowing space, the four-beast family has been made up.

After the event is over, Ye Xuan is once again breaking open the void.

However, for him, the Suzaku, Baihu and Xuanwu people seem to have no use, and the dragon crystal of the Fengqing Dragon can be used to breed the dragon.

However, it is at this time.

"boom!"

Suddenly three strong breaths appeared on the head of Ye Xuan. Ye Xuan looked up and found four middle-aged people.

"It's so strong, it's even stronger than the four family leaders, at least the eight kings and even the nine kings!"

Ye Xuan was shocked.

However, what shocked him is still behind.

Behind these four middle-aged people, there is still a middle-aged man with golden hair. After Ye Xuan sees the other person's face, he discovers that he is sealed in Xianbaoshan.

what happened?

"This branch has been destroyed, what is going on?" Ye Xuan brows a pick.

Before he could figure it out, the Lord of the Heavenly Palace was a voice: "Go fast, they are the people of the four gods!"

When the words came out, Ye Xuan was shocked.

How can the people of the Xuanwu general family come here?

"The Xuanwu generals caught one of my descendants and found that they can strengthen their blood, so I think of me, go quickly, don't let them find the little monkey..."

The Lord of the Sky Palace said.

Hearing this, Ye Xuan understood it.

At that time, the four-beast family was eyeing the twelve animal palaces, which led to a major war.

To be precise, it should be eyeing the Dragon Palace, the Devil's Palace, and the Shenque Palace.

These three blood vessels can be used to strengthen the blood of the Qinglong, Suzaku, and White Tiger.

Then, the Xuanwu people suddenly found that the blood of the gods can also strengthen their basaltic blood, so they thought of the ruined lord who had been ignored by them before.

Whether it is Xuanwu or breaking the blood of the gods, there is a strong defense, so just right.

"The smell of blood in the little monkey seems to be the same as that of the old monkey behind him. It should also be the blood of the gods!"

Thinking for the first middle-aged person, it is to order: "Catch them!"

"not good!"

Ye Xuan's face changed.

It was just a battle in the sky, although it was said that it had destroyed the branch of the four-beast family by itself, but it was a sneak attack.

If it is a single heads-up, I am afraid it will not work. After all, the four-beast family is good at four-player battles. If the four patriarchs join hands, they will not be able to kill the current realm.

What's more, the four middle-aged people in front of us are the masters of the four gods and beasts, at least the eight kings.

In the case of a single-on-one, there is no battle force in the sky, let alone four people join hands?

go!

Ye Xuan took the initiative and immediately used the time-lapse skills, and instantly returned to the past.

On the main body of the broken palace, there was also a death killing order, so Ye Xuan only returned to yesterday.

At this time, the four-beast family had not been destroyed, so Ye Xuan rushed in and destroyed once, and then quickly swallowed all the people of the four-beast family into the swallowing space and left.

Soon, he saw the four middle-aged people again, and the master of the broken temple.

With the eyes of Megatron, Ye Xuan can see that the four middle-aged people stayed in the air for a while, and then they opened the land, and there was a transmission array under the Four Gods Valley.

Although the four did not know who was killed by the four-beast branch, why was it destroyed, but it does not matter, anyway, the four-beast family has developed into dozens of branches.

Soon, these four people left with the King of Heaven.

Later, Xuan Xuan glanced at it and found that the ruined palace owner had appeared in a very remote place from him.

Fortunately, the other party did not destroy the transmission array, so Ye Xuan is also ready to send the past to see.

About half a day later.

Ye Xuan felt that the time was almost up, and he walked into the transmission array and started using some holy stones.

"Hey!"

The transmission array began to operate, and Hou Ye Xuan was transferred to the destination.

This time, he used his own method to see where the transmission array was sent.

After he landed, he felt a strong breath. He quickly turned his head and looked at himself and found himself in a transfer palace.

However, at this time, he is not far from the Tiangong Palace.

"Boy, where did you come from?"

Suddenly a strange voice fell into Ye Xuan's ear.

"I was on the way to the road and found a transmission array, so..."

Ye Xuan casually said.

"Is there a ruin?" asked a guard on the side.

"Yes!"

Ye Xuan nodded.

"If this is the case, then let's get started!" The guard saw Ye Xuan's realm low and didn't want to talk more.

Upon hearing this, Ye Xuan quickly left the transfer palace. He estimated that this is the foothold of the branch of the four gods, and the place where the Lord of the Heavenly Palace is located should be the general family of the four-beast family.

At the moment, Ye Xuan is the first to find a place to advance, and begin to position the void.

When he said what he said, there is actually a loophole. When he wants to blame the other party for not responding, he first finds a place to hide.

He put on a streamer invisibility cloak and hid it.

Sure enough, the transfer palace soon sent a lot of people to search for his position.

"It takes a lot of holy stone to use the transmission array. With the realm of that kid, it is impossible for ten generations to get together. He must be related to the destruction of the branch!"

"Give me a search!"

.....

Unfortunately, Ye Xuan, wearing a streamer invisibility cloak, is not something that these people can find.

At this time, Ye Xuan is chasing the main house of the broken temple.

However, after a short drive, he sensed that the position of the Lord of the Temple had changed.

"Well? Leave it again?"

Ye Xuan brows a pick, it seems that the middle of the way is just a rest, not the four gods and beasts.

Now, he almost left the search range of the transfer palace, so Ye Xuan took off the streamer invisibility cloak and let the black horn use the ascendant to climb the road.

Chapter 1948: Giant rat ruins

Two days later, he came to the place where the day and the four middle-aged people stayed.

Here is a small town with a lot of strong atmosphere.

Ye Xuan walked in to see if he could find some news about the four-beast family, and by the way, look at where it is.

"Ok?"

At this time, a notice at the town gate attracted his attention.

This is a mission to hunt the holy beast. The sacred beast called the white-haired rat, as long as the white hair on the forehead of the white-haired rat is taken, the holy stone can be exchanged.

Ye Xuan feels a little strange. After inquiring about it, I know that it is called the ruins of the giant rat.

Here, it used to be a super-powerful force. It is said that there are strong people sitting in the town.

However, I didn't know where the rat sacred beast came from, and began to prosper and multiply. At the beginning, this force did not agree. Later, when the rat tide broke out, the surrounding forces were completely destroyed.

In the end, the big forces had to move away.

Therefore, this place is called the ruins of the giant rat!

The task of hunting white rats is the release of the surrounding forces at their own expense.

The white hair on the forehead of the white rat is very tough, and if there is a large amount of it, it can be made into a good defense.

Therefore, there are many forces around the ruins of the giant rat, which can reduce the number of giant rats, and secondly, they can make a small profit.

However, the ruins of this giant rat are very dangerous. If you don't pay attention, you will be eaten by the giant rats. If you don't go to the realm of the Holy King, you will die when you go in.

Of course, even if it is a high-ranking holy king, it may be damaged.

"The few people, who entered the ruins of the giant rat, can they say that the four-beast family is in the ruins of the giant rat?"

When Ye Xuan turned to think about it, he felt that it was impossible. After inquiring, he realized that the four-beast family was behind the ruins of the giant rat.

The master of the four-beast family is going through the ruins of this giant rat.

"The ruins of this giant rat are dangerous, but for me, it is not a big deal."

Ye Xuan thought in his mind that he stepped into the ruins of the giant rat.

This town was previously built outside the ruins of the giant rat, but as the rat surges, the town is also within the ruins of the giant rat.

However, shortly after Ye Xuan entered the ruins of the giant rat.

"Hey, the host triggers the hunting mission!"

A system prompts to sound.

Hearing this, Ye Xuan brows a pick, and quickly checked it out and found that this hunting mission is to kill the white rat.

No, to be precise, it is the white hair on the forehead of the white rat that can be exchanged.

The highest, you can exchange the swallow point!

"Not bad, I can exchange the swallowing point. It seems that this time I can improve my strength!"

Ye Xuan's eyes are bright, he has not been swallowed for a long time.

Now he has two more swallowing points to use for backup. If you come back four points, you can open the second fairy level bloodline.

However, this hunting mission has a time limit. From now on, the white-haired rat hair that Ye Xuan received within ten days can be exchanged.

Therefore, Ye Xuan hesitated.

"Now the king of the broken palace is caught, and the sky is very anxious. If I am here for ten days, I don't know what will happen!"

Ye Xuan thought about it.

Finally, he decided to go through the ruins of the giant rat at full speed, not to find a white rat.

At the moment, Ye Xuan is chasing the scarlet killing in front.

With the great sacred realm, I dare to step into the ruins of the giant rat. I am afraid that there will be no other people except Ye Xuan.

However, now, even if he encounters a high-level holy king-level sacred beast, he is not afraid, because it will soon break through again.

The ruins of this giant rat are indeed dangerous. Ye Xuan just stepped in and encountered a group of white-haired rats.

This group of white-haired rats is only the middle-level holy king level, but the highest is the six-product holy king, so it is easy to kill it.

The higher the realm of these white-haired rats, the stronger the white hair is, which is equivalent to more low-level white hair.

If you compare it, redeem it in the system with white hair, which is much more than redemption.

Next, Ye Xuan went straight all the way, not looking for a group of white-haired rats.

Soon, the breaking of the sky is to break through the realm of the Five Spirits, and Ye Xuan himself has also entered a product of the Holy Spirit.

At this point, it is already the third day.

The ruins of this giant rat, in addition to allowing Ye Xuan to get white hair, can also provide a large number of sacred corpses to the refining gods, which can make the black horn and the falling quickly improve the realm.

After three days of hunting, Ye Xuan received a large number of rat hair and sacred body.

The current state of the black horn is not low, and the power of oneself is enough to kill the giant rat of the seven-level king.

Therefore, the small soldiers are solved by the black horns. Only when they encounter tricky ones, such as a large number or a realm of eight princes, they will be shot by the sky.

However, just as Ye Xuan went all the way, the rear suddenly had two more figures.

"That big man is only a low-level holy king, but he can kill several white-haired giant rats of the seven-level holy king level. I am afraid that it will not be small!"

"The seven kings of the district are gone. If I see it, I will only be killed by the spike. However, the other party should have reservations."

"Don't say so much, we rely on the past, as long as you take him down, you can know the reason for the more so many levels of fighting!"

These two figures are a man and a woman. The man's face has a knife and is very embarrassing.

Due to the realm of the situation, Black Point did not notice the two people behind him, even he did not, Ye Xuan, a product of the Holy Spirit is even more impossible.

After all, the realm gap is really too big!

The two kept moving forward, and Ye Xuan was a little faster because he wanted to leave the ruins of the giant rat.

The two men who were originally in the original are ready to wait for Ye Xuan and Black Point to encounter the rat tide again, but then they have never encountered it.

Therefore, they decided to shoot!

"Go, we accelerate, don't cause them to be suspicious."

The man made the decision, and after that, he was actively accelerating, and Ye Xuan and his two men were close.

The other woman quickly caught up.

Soon, they entered the range of perception of the black horn.

"Two little brothers, wait a minute!"

A shout broke away, and after Ye Xuan and Black Point heard it, they couldn't help but stop and looked at the two men.

"Is there something?" Black Point said cautiously.

"This is the case. We lost our way in the ruins of the giant rat. Can you tell us the direction of Hualan Town?" the man asked.

"What is Hualan Town? It's not clear, you can ask other people!" Black Point shook his head.

This place, he did not know, because the town that Ye Xuan came in before was not called Hualan Town.

After that, he turned and prepared to leave.

"Wait, even in other towns, it will help us to leave the ruins of the giant rat!" the man cried.

"Go straight to the direction behind you, you can go to Liyang Town." Black Point replied.

Chapter 1949: secret

"Oh, thank you!"

The man clenched his fist at the black horn, and even turned and prepared to leave.

However, just as he left his back to the black horn, the wind suddenly appeared.

It's not a man, not a black horn, but a broken sky.

"what?"

The man and the woman apparently did not expect the other party to attack them. They must know that they are eight kings.

Even if they meet them at the same level, they are very cautious, let alone Black Point?

The most important thing is, where is a little monkey, the attack power is so sharp?

It was only a blow that was blocked by the woman, but the woman's arm was already discounted.

A strong attack!

"Who are you, report it!" the man asked with a taboo.

"In my eyes, you are already dead, dead, you do not need to know my name!" Ye Xuan said coldly.

"Oh, let me go, let me die!"

The man shouted and killed the sword with Ye Xuan.

"on!"

Ye Xuan is not nonsense, directly ordered.

This man and a woman are all eight grades of the king, and the strength is near the top level of the eight kings. One person can clean up one day, and the other one is handed over to the black corner and the fall.

These two people appeared in the ruins of the giant rat. There should also be a lot of white rat's body in the ring of the Qiankun. If they are solved, they will be able to make a fortune.

"Booming!"

The five sides of the two sides launched a big battle. Although the black horns and the falling world were high, they were much worse than the ones that broke the sky.

In the face of women, the black horns and the fall occupy the disadvantage, but the other side of the sky is a great advantage.

Ye Xuan looked at the sticks that followed one another, and I realized that this war would not end soon.

Sure enough, in less than three seconds, the man was defeated.

Their strength is considered to be the top among the eight kings, but in the case of teaming up, in the case of a single-on-one, the man faced a powerful and shocking one, and was beaten without temper.

Soon, he was defeated.

"go!"

The man felt that things were not good and hurriedly voiced the woman.

However, at the moment when the woman retreated, the day suddenly turned around and the target swept out, hitting the woman's lower abdomen.

Fortunately, the woman wore a piece of clothing made from the white hair of the white rat, and removed a lot of strength, otherwise the attack was enough to kill her.

"Little!"

After the man saw it, he shouted loudly.

Unfortunately, the woman has been held by the black horns and the fallen.

"Let her go!"

Said the man.

"Do you think that's possible?"

Ye Xuan eyes a glimpse.

This man's speed is very fast, if the other side wants to go, the sky can't stop.

"What do you want?"

The man asked an eyebrow.

"You catch up with me, I am afraid it is not for anything else, it should be to kill people to win the treasure. So, my request is also very simple, take off your Qiankun ring to me, and then you leave!" said Ye Xuan.

"impossible!"

The woman immediately shouted.

In the ring of Qiankun, it is the wealth that they have come down for so many years.

"If that's the case, then kill!"

Ye Xuan is not nonsense, he turns his head and said.

The next moment, the hand of the black horn is a punch, straight to the woman's face.

There is a good piece of clothing on the woman, the defense is good, but the head is very fragile, even if it is a black horn can break open.

"Slow!"

At this time, the man suddenly said.

It is said that the black horn can not help but stop.

"Why, do you still have something to say to her?" Ye Xuan eyes.

"Things, can't give you, but I can tell you a secret," the man said.

secret!

This has caused Ye Xuan's attention, but he will not be on his face.

"Is there any secret that will be more valuable than your Qiankun ring?" Ye Xuan pretended to be a disbelief.

"We have been ruining the ruins of the giant rat for many years, and the terrain has been thoroughly touched. Under normal circumstances, there is no danger. However, in one of the ruins of the giant rat, we dare not go in!" said the man.

"and then?"

The man paused and said: "We used to see the white-haired rat of the nine-level king, and it is said that there may be a rat king of the holy king level..."

"The nine kings, the holy king!"

Ye Xuan smiled and said: "Do you want me to die?"

"I just told you this secret. The giant rats will feed the dead human body and bring back the Qiang Kun ring," the man said.

"Oh?"

Ye Xuan is slightly surprised.

The ruins of this giant rat have been formed for countless years. I don't know how many dead souls there are. If the giant rat will bring back the ring, then isn't it...

"Now, I don't have enough rat hair to redeem a bit of swallowing points. If you can kill them, you will be able to make a fortune!"

Ye Xuan suddenly came to interest.

Although the Lord of the Heavenly Palace was taken away, it only took a few days. The Xuanwu family should not take him to strengthen the bloodline so quickly, because if it is used for reinforcement, the amount must be large, so Ye Xuan estimates that the Xuanwu family still in arresting people.

The most important thing is that there is a death killing order on the main body of the broken temple. If he is dead, Ye Xuan will receive a system prompt.

It's not too late to go back in time!

"Well, take me there, I can let her go!"

Ye Xuan nodded.

"Is this true?" The man browsed.

"This situation, believe it or not!" Ye Xuan replied coldly.

"Well, I will take you there. If you dare to move him, I will kill you and do the backing!"

The man said, it was to the northwest direction of the ruins of the giant rat.

Ye Xuan is letting the black horn hold the woman and follow up.

Next, it took another two days.

Two days later.

Ye Xuan saw a mountain range. According to the situation on the ground and when it came, the giant rats here had a very large flow. It is estimated that millions of giant rats will enter and exit every day.

In this case, it is indeed possible to be the nest of the giant rat!

"Place, I have already brought it." The man stopped and said to Ye Xuan.

"If you find a place, just tell me that it is the secret you found?" Ye Xuan said coldly.

"It's hard that you still want to go in, but there is a king of the king of the sacred king!" The man's body trembled.

"Since it is here, it is natural to go in and see!"

Ye Xuan said, it is to look at the black horn.

Next, the black horn is to directly smash the woman to the man.

what?

The man and the woman were shocked. What is the situation and letting go?

"Don't worry, she was poisoned by me. I have only one antidote in my hand. If it is poisoned, even the master of the sacred level will have to fall. You have seven days."

Ye Xuan said slowly: "You, enter with me, if it is true, I will give you the antidote."

Chapter 1950: Giant Mouse Mountains

"poison?"

After the woman heard this, her face changed. She was held by the black horn along the way. How did the other party poison?

"I have no reaction in my body, no poison at all!" the woman said subconsciously.

"Too naive, if there is no poison, I will let you go? Before you killed you, he can't help me!" Ye Xuan said.

Indeed, if a woman dies, the man will be desperate, and he will not be able to take advantage of the siege.

"Funny, want to take us as a bait, you should not want to lead the Rat King?" The man yelled.

"The Rat King is the level of the Holy King. I don't dare to provoke it at the moment. I just want to see if you are telling the truth. If you encounter the white-haired rat of the nine-level king, I will give you the antidote. How?" Ye Xuan said.

"Nine products holy king!"

The man and the woman looked at each other.

They are eight kings of the eight kings, plus the powerful three of the three, facing a white sheep of the nine kings of the king, should not be a problem.

"it is good!"

Finally, the two still agreed.

Of course, they also have a ghost. If they really meet the white rat of the nine kings, they can fold one person and take Ye Xuan to get the antidote.

Although the woman did not know when Ye Xuan was poisoned, but Ye Xuan was a bit strange, so the more so many levels of fighting, the means is certainly not ordinary.

Therefore, the two think that Ye Xuan is true, otherwise the latter will not let people go.

Then, the two took the lead into the mountains, and Ye Xuan and Black Point, followed by the head.

"Be careful, there is a wave of rats coming, hide it!"

After a while, the ground began to vibrate, and men and women quickly hid in the nearby forest.

As for Ye Xuan, the crowd was also taken up, and then put on a streamer invisibility cloak.

"Booming!"

A burst of loud noise spread, this wave of rat, at least tens of thousands, and all are middle-level holy king level, very terrifying.

Even if the masters of the nine kings are surrounded, I am afraid that they are very tricky, let alone them.

"Huh!"

Knife men and women have breathed a sigh of relief, this giant mouse mountain is really terrible, an accident may be caught in a land of eternal annihilation.

At this point, they only want to meet a white sheep of the nine-level king level, and then Ye Xuan can give them two antidote.

However, is it so easy to encounter the white-haired rat of the nine-level holy king?

They both entered the Giant Mouse Mountains carefully, one after the other, about half a day later.

"found it!"

The man in front of him suddenly stepped forward. He saw an extra large rat in front of him, which was bigger than the eight-level king.

Jiu Pin Sheng Wang!

Ye Xuan heard the man's shouting and immediately let the black corner look at it. There is indeed an extra large rat.

"Okay, antidote to you!"

Ye Xuan nodded and lost the Qiang Kun ring.

This poison is the one that he redeemed from the scented phagocytic system. It is colorless, invisible and odorless, and the contact will be poisoned. Even if it is the hands of Saint Jun, it will be poisoned.

However, the poison is only for humans, and it is useless for the holy beast and the demon.

After getting the medicine, the two men quickly left, but Ye Xuan's purpose has also been reached.

Back in time!

In an instant, Ye Xuan returned to the time when he held the woman on the same day.

"Things, can't give you, but I can tell you a secret," the man said.

"Sorry, I don't want to know this secret, give you three seconds to consider, after three seconds, her head will burst open!"

Ye Xuan said coldly.

"you....."

The man pointed at Ye Xuan angrily. However, he still knows how to keep Qingshan in the absence of firewood.

At the moment, he threw his own ring to Ye Xuan. As for the woman, he was already picked up by the black horn.

Ye Xuan, successfully got the two Qiankun Rings, which have a lot of rat hair.

"made money!"

Ye Xuan looked at the back of the two men, the corner of his mouth slightly tilted, the rat hair inside, enough for him to exchange a little swallowing point.

"Hey, the host gets a little swallowing point!"

A system prompts to sound, and Ye Xuan's number of swallowing points has reached three points.

At three more points, you can open the second battle bloodline!

Then, Ye Xuan plunged toward the mountain of the giant rat. He wanted to make another breakthrough and then sneaked in.

This is a chance to make a big profit, but you can't just miss it.

Two days later, he came outside the mountains of the Giant Mouse. It happened that the last time the rat was passing by, so Ye Xuan decided to let the people break the sky.

"let's go!"

Ye Xuan immediately issued an order.

The next moment, the sky, the black horn and the fall are all out.

Under this circumstance, the effect of Megatron's transformation into the image of the beast is much better than that of the mysterious warrior.

As soon as the picture of the beast was released, all the giant rats were suppressed by 70%.

Millions of white-haired rats, this is not to be seen!

You must know that Ye Xuan has only seen a thousand rats in the past few days.

The skybreaking swiftness of a stick can sweep away the lives of thousands of giant rats. The black horn is even more ferocious. One big mouth swallows nearly 10,000 giant rats.

As for the fall, it is constantly moving through the giant rat tide, and the speed is so fast that it has formed two waves. When it passes, it will inevitably be able to split the giant rat into two.

This rat tide is already a master who can threaten the level of the nine kings, but under the joint efforts of Ye Xuan and others, it is like a loose sand.

Soon, the millions of rat surges were wiped out. These giant rats also smashed their eyes and did not kill Ye Xuan. They would not leave.

So, no giant rat fled!

Such a huge body of giant rats, let Ye Xuanle open the flowers, if these bodies are all refined into beasts, the realm of black horns and falling will inevitably be greatly improved.

However, Ye Xuan's goal is not the same, but is ready to enter the center of the Giant Mouse Mountains, where there are countless years of great wealth.

In the past few days, Ye Xuan has been guarding the outside of the Giant Mouse Mountain Range and letting the sky look at it. As for the black corners and falling, it is back to the devour space to practice.

Three days later.

"Hey, the host breaks through, and it is currently the second spirit!"

"Hey, Yan Ghost, Megatron, Breaking the Gods, the current breakthrough is the Six Spirits!"

The sky has risen, and now it has been able to fight the giant rat of the nine-level king.

However, if you encounter the Rat King, I am afraid I still have to run. After all, the Rat King is a holy king.

At this time, only two or three days left before the hunting mission, and now Ye Xuan has exchanged a little swallowing point.

In addition to the millions of rat surges that came to the Giant Mouse Mountains, Ye Xuan had never encountered such a big one. At most, it was tens of thousands. In a few days, it was only a few hundred thousand.

Therefore, Ye Xuan decided to enter the Giant Mouse Mountain Range!
