

## Super D. S 1951

### Chapter 1951: Rat king

The ruins of the giant rat have been formed for so many years, and not many people dare to enter the Giant Mouse Mountains. They entered like Ye Xuan and were the first in history.

Here, all over the place are crises!

Ye Xuan, wearing a streamer invisibility cloak, began to move quickly. Anyway, he sometimes has a back-lighting skill, so the ability to detect is very strong.

When there is no one, he will go back in time and find the other side!

Soon, he was confronted with a giant rat army in the 'camp camp', about 100,000 or so.

"on!"

Ye Xuan said nothing, directly let the three killed the past.

Now with their strength, these more than 100,000 giant rats can be solved in almost three seconds.

Three seconds later, the giant rat army was wiped out and swallowed by the black horns.

"Breaking the sky, go back to rest!"

Ye Xuan said that he would receive the devour space in the sky.

This level of combat, only a few seconds of rest is enough. Of course, this refers to the time outside.

Next, Ye Xuan began to move forward again, and met a giant rat army. He once again extinguished his group and began to hurry.

At the beginning, Ye Xuan did not feel anything, but later Ye Xuan found that the position of these giant mouse corps seems to be regular.

No, it can't be said that it is a law. It should be said that it is like a soldier, staying in a specific position.

If it is magnified, these giant rat army groups are arranged in a row and a column. Each point is a giant rat army.

"Is this the masterpiece of the Rat King?"

Ye Xuan brows a pick, no matter what, these giant rats are his rations.

"If you kill another million, you can redeem the second point of devouring!"

Thinking of this, Ye Xuan is in a good mood.

However, it was at this time.

"Ok?"

The black horn at the front of the road suddenly reported that he had seen a king-sized giant rat, which is estimated to be a nine-level king.

"Well, kill it, at least millions of giant rats!" Ye Xuan eyes lit up and quickly followed.

Although the strength of the black horn is not stronger than the sky, the realm has already broken through to the holy king. With a strong constitution, it is still possible to fight the giant rat of the nine-level king.

"Breaking the sky, falling, doing it!"

Ye Xuan heart angered.

The devour of the black horn is connected to the phagocytic space, so the sky can come out of his mouth. When Ye Xuan arrives, they have already fought.

Rumble!

The sound of the battle is deafening. This level of combat is not something that Ye Xuan can intervene.

Unless you are able to fuse the second battle blood!

However, this second battle blood column, you need three points to swallow the point to open, so not yet.

Soon, under the siege of the three-day tribe, the white-haired giant rat of the nine-level holy king was bombarded.

After it died, Ye Xuan quickly swept past and collapsed his body, and immediately opened his eyes and smiled. The white hair of a nine-pronged king-level white-haired rat was able to survive the previous million-million-strong division and earned a lot!

Next, Ye Xuan continued to hurry and prepared to kill all these white-haired giant rats.

Soon, he met the second white-haired giant rat of the nine-level king.

This white-haired giant rat was finally killed by Ye Xuan, and then was made into a beast, and served under the black horn.

Black Point, break through again!

Now the black horn has reached the level of the four kings, the strength is no longer weaker than wearing the mysterious \*\*\*\* armor, the two cooperate, the efficiency is higher.

From the beginning to the present, Ye Xuan has killed millions of giant rats, but these rat hairs add up, only enough to redeem two points of swallowing.

"Two more points to swallow, I can open the second battle bloodline!"

Ye Xuan's brow is to speed up the pace.

After a while, he met the third giant of the nine-level king, and then easily killed him.

This one beast, Ye Xuan is handed over to the fall, let it break through.

Now, the strength of the black horns, the broken sky, and the falling, are almost the same, even if they encounter the Rat King, they may not be able to fight.

However, it is at this time.

"Who gave you the courage to dare to enter here?"

Suddenly a strange voice fell into Ye Xuan's ear. The latter's body trembled and turned and looked down. He found a long-haired man looking at him.

Breath, no!

how is this possible?

"Even if the black horns and the broken sky did not find out how the other party came, this person is so strong!"

Ye Xuan swallowed and asked, "Who are you?"

"You are on my site, killing you, you ask me who?" The man asked with a wink.

This time, Ye Xuan understands.

"You are the Rat King!" Ye Xuan said coldly.

"Yes, those people call me that."

The man nodded, and his eyes were about to fall on the broken sky. He said: "If I don't see it using the stunned method, some of you may be dead!"

"you know?"

Ye Xuan was shocked again.

"Why don't you know!" The Rat King snorted and said: "This little monkey is full of blood and should be the descendant of the old monkey. The reason why I don't kill you is to give him face."

After hearing this, Ye Xuan couldn't help but silence. Her heart quickly thought for a moment and said, "You, is the master of the palace of the devil?"

Being able to control so many giant rats, and also know the Lord of the Temple, I am afraid that there is only the demon palace palace of the twelve animal palace.

"You can recognize me, it is strange!" Rat Wang opened his mouth and smiled. "In the past few days, I also saw the weak old monkey being taken away. Are you following him?"

"You saw it, didn't even shoot it?" Ye Xuan asked slyly.

"Why should I save him, his life and death, nothing to do with me!" Rat King shook his head and said:  
"Not only that, even other people, I will not save!"

Ye Xuan looked at the Rat King, and the other side was really cold-blooded.

Available at this time.

"Well, I have said so much with you, I should do business, I want this little monkey."

When the Rat King said, it was a direct shot against the sky.

what?

Ye Xuan was shocked and quickly let the three hit back.

This rat king, how can we catch the sky?

After thinking about it, Ye Xuan finally understood, why the Rat King looked at the broken Heavenly Palace and was arrested. Now it is necessary to catch the sky.

"You are the traitor?" Ye Xuan angered.

When I heard this, the Rat King made a meal and smiled and said: "Yes, I was the one who colluded with the Four-Family Beast family and let the Twelve Animals Palace go to ruin. Otherwise, how can I get to where I am today?"

At that time, the twelve palace owners of the Twelve Gods and Animals Palace were also the seven kings.

But now, the Rat King has actually broken through to the realm of the Holy King. I am afraid that it should be the four-beast family, so it is only to turn a blind eye to the broken Tiangong, but to catch the sky.

The purpose is to give the four-beast family!

"If this is the case, then I will do it for Heaven!"

Ye Xuan blinked and ordered to kill the Rat King.

Chapter 1952: Sword fairy blood

At that time, the sky, the black horns and the falling, all took out the true skill and killed the Rat King.

"Good courage!"

The Rat King did not agree with it and greeted him.

These people of Black Point, the realm and the gap between him is so big, how can he be arrogant?

But then, he understood that things were not that simple.

The black horns, the broken sky and the fallen three people joined forces to fight with him.

The three people cooperated very tacitly, and they attacked the sky. The black horn and the fall helped him. After a few rounds, the Rat King couldn't help them.

"This little monkey is so strong, I guess it should be the youngest son of the old monkey?"

The Rat King suddenly thought of a little and said with a smile.

"you guess?"

Ye Xuan returned coldly.

"This is the blood of the gods, I am afraid that it will surpass the little monkey. If I can hand it over to the four-beast family, I might break the shackles and break through to the second prince!" The rat king thought secretly.

He did indeed rely on the four-beast family, and gained a lot of heaven and earth treasures from there, so that today's achievements.

Just, it's not so easy to catch the sky.

"Human form, can't play 10% of the combat power, then I will let you know, not everyone can provoke!"

When the Rat King screamed, the body began to expand rapidly and turned into a body.

The body of the Rat King is called the Purple Rat. This is not much different from the white-haired giant rat. The only difference is that the forehead is not a hundred hairs, but a purple golden hair.

After being turned into a body, the Rat King, the speed is amazing, directly killing the black horn.

He is going to catch the sky, so as long as the black horn or one of them is killed, the battle is over.

"Too naive, the picture of the beast, give me the town!"

Suddenly, the sacred \*\*\*\* of the broken sky was transformed into a picture of the beast. The next moment, the speed of the rat king suddenly dropped.

Taking advantage of this opportunity, the three corners of the black horn quickly launched the strongest attack.

"Black Devil Claw!"

"Stunning a stick!"

"Flame rain!"

Three people, three strokes, all fell on the body of the Purple Rat.

The map of the beasts reduces all the abilities, and even the defenses are reduced.

The three strokes of the whole, although still killing the Purple Rat King, but it has already caused it to be hit hard.

"cough!"

The purple king mouse spit blood, do not understand how this is going, but the body told him that it must go at this time, otherwise it will be troublesome.

"It's not so easy to go,"

The Purple Rat King, who was reduced by 70%, was slower than the human form, and the black horn looked at him, and the big mouth opened in vain.

"Devouring!"

Although the opponent's realm is too high to be swallowed, it can limit the speed of the other party.

"Stunning a stick!"

"Flame rain!"

Another two rounds of attack fell on the Purple Rat King. At this time, he was already beaten.

"kill him!"

At this time, Ye Xuan suddenly screamed.

"Slow, slow, I can take you into the four-beast family!"

The Purple Rat King was shocked and said in a hurry.

"Sorry, I don't need it!"

Ye Xuan snorted.

In a few days, the strength of the sky and other people will probably sweep the four-beast family. Why do you need the purple king mouse belt?

"Gambling, if that's the case, then die together!"

When the Purple Rat King finished, he screamed and the voice spread all around.

Ye Xuan understands that he is going to summon all the giant rats, and to kill a fish.

Just, is it so easy?

"Stunning a stick!"

"Flame rain!"

"Black Devil Claw!"

The three shots again, and when the attack fell on the Purple Rat King, the latter was already beaten to death.

Next, the black horn quickly opened a mouth, directly into the devour space of the Purple King Mouse.

In this way, things will be solved!

At the moment, Ye Xuan is a quick look at the Qianjin Kun of the Purple Rat King. Sure enough, there are a lot of white hairs of white rats.

He estimated that the Purple Rat King is a white-haired rat, and then the rat hair is given to the four-beast family in exchange for benefits.

In addition, this piece of Qiankun ring, there are a large number of heaven and earth treasures, the number is so large that Ye Xuan heart.

"Hey, the host exchanged a little swallowing point!"

"Hey, the host exchanged a little swallowing point!"

Two consecutive system prompts to sound.

Ye Xuan uses these obtained rat hair to directly convert into a swallowing point.

Now, he has a total of six points to swallow, and he immediately used these six points to swallow the point, opened the second battle blood column.

"Hey, the host opens the second sage battle bloodline!"

"Hey, Jianxian blood is purchased successfully, is it immediately integrated?"

The system beep sounds again.

The blood of Jianxian is a battle blood that Ye Xuan has already seen before.

With this blood of the sword, he can also join the battle.

"Yes!"

When Yaxu was answered in his mind, he merged the blood of this sword.

"Hey, the host gets a hit and kills the sword, and the pair has no sword!"

"Hey, the shape of the Megatron flying sword is improved!"

Ye Xuan quickly checked it. The next moment, there was a pretty long sword in his hand.

This one is called a hit and kills the sword.

As the name implies, it has the effect of one hit and kill, which can greatly enhance the skills of one hit and kill.

In addition, as long as you hold this one shot and kill the sword, Ye Xuan's combat power will rise directly by 30 times.

Then, Ye Xuan took back this one-shot sword and replaced it with another long sword.

Unparalleled pair of swords can also increase the combat power of the host by 30 times.

Ye Xuan turned his head and saw that there was a person who was exactly the same as him. This is the sword fairy, and the other hand holds the unparalleled sword.

The most important thing is that this sword fairy will not be destroyed, and Ye Xuan can exchange positions with him at any time. In addition, he can use Ye Xuan's various skills.

A hit will kill the sword, with the effect of spike.

Unparalleled pair of swords, let Ye Xuan have a gold medal for death, very easy to use.

Moreover, this is only the two weapons that Jianxian blood has given.

"The sword is one, every time you advance, you will increase the combat power of a sword and a matchless sword."

"Swordsman is coming, greatly enhancing the combat effectiveness, and you can cast a trick and fly a sword!"

This is the two advanced routes of Jianxian blood, which are very against the sky.

However, there are quite a few swallowing points required for these two advanced routes.

"It's terrible. With the unparalleled sword, the strength has increased by 30 times. At this time, I am afraid that the strength is not weaker than wearing the mysterious warrior."

Ye Xuan swallowed it.

This sword fairy blood is the last blood in the fairy phagocytic system, and it is also the strongest one.

The six-point swallowing point opens the battle blood column, the absolute value!

The black horns and the falling are all four kings, and the broken sky is the six spirits.

Chapter 1953: Re-testing tower

If the three men join hands, if they do not use the picture of the beast, it is already stronger than the general Saint.

However, Ye Xuan, who has the blood of Jianxian, has greatly improved his strength.

"My trial tower, since it was refreshed, can only reach the seventh floor, even the eighth floor can not pass customs. Now I have to see how many layers can be hit!"

Thinking of this, Ye Xuan is sinking his mind into the trial tower.

In the trial tower, you can't summon a pet, but Ye Xuan, who has the blood of the sword, easily opens the eighth layer that had previously stuck him.

In this way, you get a little swallowing point!

Next, it is the ninth floor!

Ye Xuan, who holds a sword and kills the sword, will harvest the opponent with a single sword.

Clearance!

As for the tenth floor, it is still spike!

The eleventh floor is that the realm is 11 times higher than him, that is, the four-level holy king level.

However, it was still killed by Ye Xuan!

Twelve layers, spike!

Thirteen layers, spike!

At this point, Ye Xuan has already got a five-point swallowing point. As long as he has another layer, he can take back the six-point swallowing point that opens the second battle bloodline.

At the moment, Ye Xuan is on the fourteenth floor.

At that level, if it is not triggered by a hit, it will not be so easy to pass.

He feels that this fourteenth floor will not be so simple, it is estimated that skills will be used.

The fourteenth floor is a cultivator, the seven kings of the realm of the king.

Time, start counting down.

"zero!"

At the moment when Ye Xuan returned to zero, he used six times of killing and marking, and instantly improved the combat power by 13 times.

Spike!

I have to say that the blood of Jianxian and the blood of Zhuxian are really strong.

The next fifteenth floor, Ye Xuan also easily passed, but the sixteenth floor, it is tricky.

At this time, he is not holding a sword in his hand, but a pair of swords.

In the next battle, he skillfully used the sword fairy to split and played a guerrilla war with the other side.

The sword fairy is separated, and the other hand is armed with a pair of swords. You can use Ye Xuan's skills, and it is still invincible.

Ye Xuan let him block the attack, and then constantly superimposed killing and engraving.

In the end, all the eleven killings have been erupted!

Twenty-four times the fighting power, let Ye Xuan's strength go wild.

The sixteenth floor, through!

This 16th floor trial tower, Ye Xuan encountered a master of the nine-level holy king level, but this is not his limit, because he has nine points of swallowing point is not used.

On the 17th floor, Ye Xuan did not try it for the time being, because it was the level of the holy king, and he knew that he could not have played.

Therefore, he first prepared to use the swallowing point and then said.

"Hey, the sword is a success!"

"Hey, Jian Xian is coming to advanced!"

These two advanced routes of Jianxian bloodline require three points of swallowing point for each step, so Ye Xuan consumes six points of swallowing points and advances them once.

The sword is combined and advanced, and the increase in combat effectiveness has reached 40 times, ten times more than before. It is not a problem to play the 18th floor.

Right now, there are three points to swallow.

"Hey, the 18th floor of the host clearance, reward a little swallow!"

The swallowing point reached four points.

Then, Ye Xuan is beginning to challenge the 19th floor.

With the realm of his two holy spirits, the more than nine realm challenges, the opponent is the three sages.

"three!"

"two!"

"One!"

At the moment when the countdown is zero, Ye Xuan uses the cards directly.

The state of killing, thirteen times the increase in arrogance!

"Swordsman is coming!"

Ye Xuan's light flashed, and the whole person burst into white light. Even his hair turned into white long hair. He held the unparalleled sword. At this time, there was a taste of the fairy bone.

This 19th-level opponent is a demon, and he is the Fengqinglong he has ever seen.

At the moment when Ye Xuan turned, the other party also turned into the body.

"A sword flying fairy!"

Ye Xuan said nothing, directly with the sword fairy at the same time turned into a streamer, stabbed to the wind Qinglong.

However, this three-class sacred dragon-class Feng Qinglong is not so well solved. After it snarls in the sky, the body has popped up countless wind blades.

These wind blades are very sharp enough to easily cut the body of the two saints.

The sword fairy is invincible, naturally not afraid of these wind blades, but Ye Xuan is different.

Ye Xuan, who exhibited a sword in the flying sprint, had to stop and use the air shield and other means of life.

Unfortunately, these wind blades are constantly flowing, and the 19th floor of the entire trial tower is full of wind blades.

In the end, Ye Xuan was cut into meat by these wind blades and failed.

"There was a failure..."

Ye Xuan did not think.

As the trial tower goes to the back, the strength of the guards is stronger, and almost all of them are demonists.

However, this time Ye Xuan encountered Feng Qinglong, which is very tricky. As long as the next method is relatively simple, it may not have the power of a battle.

In general, now Ye Xuan should have the qualification to destroy the four-beast family.

"Four beast family, wait for death!"

Ye Xuan looked at the sky with a scarlet killing word, and his eyes were murderous.

But for now, there is still a problem to be solved, that is, the giant rats that were brought together by the Purple Rat King.

If it was before, it was quite tricky, but even the Purple Rat King was received in the swallowing space. Who can these giant rats get?

"Black horn, you can collect it, or you will kill it!"

Ye Xuan immediately gave orders to the black horn, and then he himself also offered a pair of swords.

These giant rats still have some uses. The rat hair may be able to exchange the swallowing points. In addition, if they are taken into the swallowing space, Ye Xuan needs to directly kill them and obtain the killing marks.

A burst of blood and rain, start!

Among all the people, Ye Xuan has the strongest strength, and this is still the case without wearing the mysterious warrior armor.

If you can wear the armor of the mysterious god, even if the purple king mouse is a three-product holy prince, it is impossible to escape.

"Sword fairy is separated!"

"There are amazing arrows!"

Ye Xuan began to make crazy moves, and the giant rats that gathered together died in pieces.

There are still two days left, so Ye Xuan wants to solve all these giant rats.

Two days later.

"Hey, the host gets a little swallowing point!"

A system prompt sounded in Ye Xuan's mind.

In these two days, Ye Xuan slaughtered more than 20 million giant rats, and the grades were different. Then they used the white hairs of these white-haired giant rats to exchange a little swallowing point.

Now, he has five points to swallow.

"Go, destroy the four-beast family!"

Ye Xuan does not say anything, turn around and leave.

From now on, the road has no need to use the Shengxian cloud, but the shape of the flying sword of Megatron.

In less than half a day, he left the ruins of the giant rat and then chased the Lord of Heaven.

Chapter 1954: Four animal family

"Well? Did they stop?"

At this time, Ye Xuan suddenly felt that the Lord of the Broken Temple stopped, and could not help but wonder if the other party had arrived at the Four-Family Beast family.

He estimated that it would take another two hours to catch up with each other.

"Breaking the sky, it's time for your father and son to reunite!"

Ye Xuan's light flashed and he said to the sky.

Soon, he was close to the goal of the death chase, which is the Lord of the Sky.

Looking from afar, there are four towering statues in front, namely Qinglong, Baihu, Suzaku and Xuanwu.

It seems that the four-beast family has finally arrived!

From the memory of the Purple Rat King, Ye Xuan can learn that the four sacred beasts have four ancestors, that is, the four who sealed the Zijin Palace.

These four people are already the second sages. If they are joined together, they will not be afraid if they are the three priests.

However, Ye Xuan at this time is also not afraid of them.

Ye Xuan, who has a strong fighting ability, no longer needs to fear them, and directly flashes in the past.

"The eye of assassination!"

The next moment, Ye Xuan came to the face of a person, the owner of the broken palace.

Beside the main body of the broken temple, there are four masters of the four-beast family, all of which are the nine kings.

At the moment, Ye Xuan is the shot, and the four people will be killed easily.

With his current strength, even if he is the four ancestors of the four-beast family, he is not afraid, let alone these four people?

"Ye Xuan?"

The Tiangong Palace looked at the four bodies on the ground and stunned.

"Predecessors, I am here to save you!"

Ye Xuanyi opened his mouth and smiled, and directly received the devastating space in the devastating space, and reunited with the broken sky.

Now, whether it is black corner, broken sky or falling, the strength can not catch up with Ye Xuan, therefore, Ye Xuan does not need their help.

Four animal family?

One person is enough!

"Megatron, flying sword form, with the Suzaku ancestor!"

Ye Xuan immediately issued an order.

Then his breath is skyrocketing.

Eleven killings and engravings all broke out, and arrogant 24 times the fighting power.

kill!

In the Qinglong family, there is a strong breath, presumably the second ancestor of the two princes.

Ye Xuan stepped on the flying sword and arrived in an instant.

After the Qinglong ancestors sensed Ye Xuan, they opened their eyes and then broke through.

"who are you?"

Qinglong ancestors looked at Ye Xuan Road. Because he has the blood of the Qingqing Dragon, he is very sensitive to these blood vessels in Ye Xuan.

"In those days, you have destroyed the 12th and the beasts for your own sake. Today, I will also destroy your four-beast family for your own sake, and die!"

When the voice fell, Ye Xuan had already started.

The sword fairy is coming, a sword flying fairy!

At that time, Ye Xuan turned into a white streamer, directly through the body of the Qinglong ancestors.

Qinglong ancestors, dead!

This move is the most powerful attack of Ye Xuan.

If you use a one-shot kill sword, the attack power of a sword flying fairy will be greatly improved, and the success rate of one hit will also increase.

If you use the unparalleled pair of swords, then the sword fairy will also display a sword flying fairy skills, more difficult.

In general, there are pros and cons!

However, after the death of the Qinglong ancestors, Ye Xuan discovered the wrong place.

After the death of the other party, it did not turn into the body, but dissipated.

It turned out to be a holy force!

"It's just the avatar of Qinglong's ancestors, no matter what, to reach the level of the Holy King, kill innocent!"

Ye Xuan immediately issued an order.

At the same time, it also summoned the broken sky.

At that time, the Twelve Animals and the Immortals Palace was attacked by the four-beasted beast family. The Lord of the Heavenly Palace was sealed, and it also flowed to the lower space of the mainland.

Today, how can it not come out of revenge?

In the meantime, the Qinglong family set off a storm of blood.

Ye Xuan, Jian Xian, body, Megatron, and the sky are killing people in madness. As long as they reach the level of the Holy King, they will not die.

At the same time, the black horn is in the body of the Qing dynasty, and then stripped the dragon tires of Longjing.

At the same time, in the depths of the four gods and beasts, the four old people sitting on the plate opened their eyes.

"Someone is killing me in my Qinglong family!"

"Miscellaneous things, just follow me out, or my Qinglong family will be seriously injured!"

"The seal can not be completed!"

"I can't manage so much, go!"

The four old men quickly left the ground and came to the ground.

At this time, on the ground, the Fengqing Dragons changed, and the other three families have already learned.

"Hey, the degree of birth of the dragon is up to 10%!"

A system prompt sounded in Ye Xuan's mind.

If the dragon is born to 10%, you can find a dragon with a high degree of fit to resurrect the ribs.

However, if the dragon's fetus can be enriched to 200%, it will increase the chance of 50%, and with the random task of resurrecting the ribs, the chance will increase to 10%.

Therefore, Ye Xuan does not want to resurrect the ribs for the time being.

At this time, suddenly four strong breaths appeared.

"Don't dare to scatter in my four-beast family, and report it to the name?" Baihu's ancestors yelled.

Seeing that the Lord has finally arrived, Ye Xuan can not help but turn around and look at the four figures in the distance.

"It's just right, I'm going to find you in the province!"

Ye Xuan's light flashed, and the next moment, Megatron was turned into a sacred warrior.

His fighting power has soared again!

"court death!"

After the four people smelled the spread of \*\*\*\* smell, they immediately formed a battle of four gods and killed Ye Xuan.

The four-beast family is good at forming a battle of four gods, and the three birds of Suzaku, Qinglong, and Baihu have been strengthened by blood, so the battle of the four gods is more powerful, but it is slightly weaker in defense.

Unfortunately, Ye Xuan is not afraid!

"call out!"

When the other party has not yet been killed, the sword fairy is marked with a death killing order, and then crosses a large distance to the other side.

After the assassination of the eye, the sacred swordsmanship began, and surrounded by four ancestors.

"Be careful!"

The Xuanwu ancestors quickly applied means to protect the remaining three.

Unfortunately, this is impossible to stop the sword fairy.

"Death chase!"

"The eye of assassination!"

The next moment, the sword fairy split again after the Suzaku ancestors, and then a sword.

"Oh!"

Only heard a crisp sound spread, the back of Suzaku's ancestors was smashed, and if he was not protected by Xuanwu's ancestors, he would probably fall.

The four people were gloomy and they all understood that it was impossible to fight with human form, so they turned into the body.

As a result, Ye Xuan's heart is in the middle.

This time, I did not wait for Ye Xuan to give instructions, and Megatron directly made a picture of the beast.

town!

In an instant, the fighting power of the four ancestors plummeted.

Chapter 1955: Kirin

"You, go to hell!"

Ye Xuan looked at the four huge figures in the air, the eyes of the murderous flash, joined hands with the sword fairy to the Qinglong ancestors Qiqi shot.

"The eye of assassination!"

"Zhu Xian is a must!"

Both, use the same tricks.

Two huge snipers crossed the body of the Qinglong ancestors, and instantly turned his body into three segments, and the dragon heart was cut into two halves.

Qinglong ancestors, dead!

As long as the four gods and beasts die, the power of the four gods will be greatly weakened, not to mention the situation of being suppressed by the map of the beasts.

"Old dragon?"

The other three ancestors, after seeing the body of the Qinglong ancestors, all smashed.

Not waiting for them to react, Ye Xuan and Jian Xian split their hands again.

This time, it is Suzaku ancestors!

Then, it is the white tiger ancestor!

Finally, it is the strongest defensive basal ancestor, who is the one who wants to take advantage of the blood of the gods to strengthen themselves.

In the blink of an eye, the four ancestors of the four-beast family are all fallen, and there is no left.

In this way, the four-beast family is also extinct!

"Follow the plan!"

After the death of these four people, Ye Xuan said quickly.

Although the four ancestors died, the purpose of Ye Xuan's this time is not only that, but also the body of the strong Qinglong strong.

As for the other three families, he is too lazy to manage. As long as he kills the other side, he can't afford the big waves.

This task was performed by Jian Xian and Megatron.

A dragon crystal, obtained by Ye Xuan, and then used in the breeding dragon.

The degree of birth of dragons is also rapidly increasing, from 100% to 110% and then to 120.

I don't know, how much can this be cultivated this time?

The best is to achieve 200%, so Ye Xuan will save trouble.

On the other hand, the people of Suzaku, Xuanwu, and Baihu, who saw their family's ancestors, died, all of them were scared and daring.

It is a pity that they can't stop the swordsman and the Megatron that turned into a flying sword.

A body that fell from the sky.

The blood of the Suzaku family dripped down and turned into a flame, which ignited a raging fire.

However, just as Ye Xuan revenged for the Twelve Gods, a creature in the depths of the ground suddenly made a roar.

"Roar!"

The snoring sounds deafening, causing the earth to tremble, and the four towering statues began to vibrate.

After Ye Xuan heard it, she could not help but be a little surprised.

Underneath, is there anything?

Not waiting for him to react, the four statues around him collapsed and there was a wave of sacred power.

Until this time, Ye Xuan discovered that the four statues turned out to be a four gods.

Is it difficult to seal something?

"Booming!"

The earth began to fission, and a burning scent came out from the ground, and instantly burned that area into ashes.

Then, a huge head was found.

Ye Xuan stared at it and found this one skull. He seemed to have seen it there.

However, the temperature of this sky is too high, even if he is wearing the armor of the mysterious god, he feels uncomfortable, so he quickly retreats.

As for the sword fairy, it is here, after all, the sword fairy is invincible.

"Whatever it is, kill!"

Ye Xuan did not say anything, gave the commander to the sword fairy.

The next moment, the sword fairy is turned into a streamer, killing the pillar of fire.

"Zhu Xian is a must!"

Sword Fairy lifted his hand and pointed it at the fire pillar.

"call out!"

The huge swordsman went hollow and squatted on the pillar of fire, but the accident was that it was burned out by the pillar of fire.

You know, this blow is enough to kill a second sacred prince, but even the fire pillar can not be broken.

What is this holy beast?

At this time, the one of the sacred beasts inside the pillar of fire quickly vacated and then caught the eye of Ye Xuan.

After seeing all of his body, Ye Xuan's figure could not help but tremble.

This turned out to be a unicorn!

"Ah, run fast, the yin unicorn breaks the seal!"

The people of the four-beast family shouted.

Sure enough, it is Kirin!

"I didn't expect that the four-beast family also suppressed a unicorn underneath."

Ye Xuan was a little surprised, and hurriedly took Megatron to the swallow space and let him search for the soul.

In an instant, Ye Xuan understood where this yin unicorn came from.

At that time, after the four-beast family destroyed the 12th animal palace, it did not actually move here.

They accidentally encountered this seriously wounded unicorn, the two sides fought a battle, the screen is autumn, and then the four ancestors of the four-beast family used the four gods to seal it.

Later, they discovered that the blood of this bulging unicorn had a promoting effect on their blood, especially for the Suzaku.

Therefore, they have migrated here again, constantly extracting blood from the yin yin and strengthening themselves.

Otherwise, with the twelve animal palaces, they broke through to the level of the Holy King. With this sacred unicorn, their blood is still improving.

The four ancestors of Fangcai took the blood of Qilin, but it was too late to seal, because Ye Xuan was killed in the family of four gods.

Not completely sealed, this Yanri Kirin eventually killed.

Ye Xuan, who knows the ins and outs of this matter, blinks.

This yin unicorn gave him the feeling, very bad, because he also has unicorn blood in his body, although it is a fairy unicorn, but the same root blood.

"Roar!"

This Yanri Kirin also paid attention to Ye Xuan, which sensed the blood of the fairy unicorn in Ye Xuan's body, and the powerful fire attribute of the blood of the undead.

"not good!"

At this time, Ye Xuan's face changed, he felt that this Yan Ri Qilin wanted to swallow him to restore his strength.

"Hey, the host triggers random missions and kills the sacred unicorn!"

A system prompt sounded in Ye Xuan's mind.

At this time, even triggered a random task?

"What a joke, this jasmine kylin has been recovering a lot for so many years, I am afraid that it has reached the level of four saints, I can kill now!"

Ye Xuan was shocked and hurriedly broke away from the void.

"Roar!"

This Yanri unicorn saw Ye Xuan disappear, and he was so angry that he roared.

At the time of its roaring, there is still a horrible flame, and everything around it is turned into ashes. Even if it is a master of the Suzaku, it is impossible to escape.

Although Ye Xuan has gone, but the Suzaku is also a fire attribute, so many people can still make it recover a lot.

Therefore, this Yanri unicorn began to chase the Suzaku master, see one swallow one.

At least the four-day sacred temperament of the sacred unicorn, even if it is suppressed by the map of the beasts, it is not the current Ye Xuan can fight.

Chapter 1956: Single-handed unicorn

Fortunately, in a few days, Ye Xuan can break through, and when he uses the sword, he will use it to kill him with a sword.

At this moment, Ye Xuan is observing everything that happened in the four-beast family through the eyes of Megatron.

Yan Ri Qilin, ruined the four gods and beasts, all things were burned and burned, and the masters of the four gods and beasts died.

Then, this sacred unicorn was the flame that absorbed the masters of the Suzaku and began to recover from the injury.

"The breath is growing, this guy absorbs the power of the flame!"

Ye Xuan brows a pick.

In this case, the plan to kill this yin kylin in a few days will be lost.

However, even if it recovers, it is faster than Ye Xuan's breakthrough speed?

Ye Xuan let Megatron follow it remotely, and when the time is right, he will solve it.

Next, Ye Xuan followed the three-day time of this flaming unicorn. In these three days, the sacred unicorn burned all the way, destroying countless forces on the way, and passing the grass.

Ye Xuan let Wei Zhentian look behind his \*\*\*\* and feel the other's breath a little bit better.

"Hey, the host breaks through, and it is currently the Holy Spirit!"

"Hey, Yan Ghost, Megatron, Breaking the Gods, the current breakthrough is the Seven Spirits!"

Ye Xuan's realm has finally improved.

However, the realm of this sacred unicorn has actually returned to the level of the five priests.

"Today, I will take the road for you and marry you!"

Ye Xuan's flash of light flashed directly into the void and came to the side of Megatron.

In the distance, the unicorn in the sun also sensed the blood of the fairy unicorn in Ye Xuan's body. He turned his head and looked at him and ran towards him.

"Shuangzi even heart, give me even!"

Megatron instantly turned into a pair of twins, sending out two red lights, connecting Ye Xuan and Yan Riir.

It is a pity that the twenty realms between the two are very small.

In desperation, you can only use the map of the beast.

In the meantime, the Yanri Kirin was suppressed by the strength, but what made Ye Xuan unexpected was that this time the picture of the beast was not 100% effective.

Originally, the map of the beasts can suppress the strength of 70%, but now, Ye Xuan feels that the Japanese unicorn has only dropped by 50%.

It seems that it is not because the other side's realm is too high, because the blood of the other party is too noble.

"Five achievements 50%, see me pack you!"

Ye Xuan sacrificed a sword and killed the sword. He killed the past.

Killing state, breaking out!

In an instant, Ye Xuan's combat power was mad.

Then, it is the sword fairy!

"Bee, see me kill you!"

Ye Xuan's eyes widened and turned directly into a white streamer, hitting the sacred unicorn.

"Roar!"

In the hot sun, Kirin screamed and spurted a hot breath against Ye Xuan.

However, Ye Xuan is using the strongest attack on a sword flying fairy at this time, as long as it can hurt the Yan Qilin, then there is a chance to kill each other.

Originally, Ye Xuan had a killing skill, and now with a hit and a sword, and a sword flying skills, the chance of triggering is greatly improved.

"call out!"

Ye Xuan directly broke the flame with a sword and attacked the past.

"puff!"

In a muffled sound, Ye Xuan's sword stabbed into the huge head of Yan Riqilin. But unfortunately, this time did not trigger a one-shot kill effect.

Moreover, the temperature of the head here is high and amazing. Ye Xuan just wanted to continue the attack, and he got out of a very strong heat, so he had to use teleport to leave.

"I don't believe it, it won't trigger a kill!"

Ye Xuan's light flashes.

One person, one beast, began to fight.

The realm of this flaming kylin peak period must be very high. Otherwise, if it is a general sacred beast of the five-level sacred monarch, it will have been seriously injured and even spiked.

This battle, played very fiercely, Ye Xuan holding a blow will kill the sword, but it is always a second kill this unicorn.

Instead, he felt that he couldn't bear it anymore.

The surrounding temperature is getting higher and higher, even if Ye Xuan, who has the blood of the fairy unicorn and the blood of the undead, also begins to sweat.

After all, his realm is too low, and it is entirely challenged by the blood of the immortal and the blood of the sword.

"I don't believe it, time goes by!"

Ye Xuan's eyes stunned and let time return to half a day ago.

After half a day, he killed as scheduled, and then launched a sword flying fairy against the sacred unicorn.

Unfortunately, it still didn't work!

"Come back!"

The second time back, there is still no spike!

"I will stick with you!"

The third time back in time, or failure.

In this way, Ye Xuan constantly used the time-lapse skills, returned ten times and failed ten times.

Finally, Ye Xuan decided to give up.

"What is the unicorn of this hot day? It's a dozen swords flying fairy, and it's impossible to kill!"

Ye Xuan is a little helpless.

Due to the gap in the realm, the chance of spike is not high. If it is only 5 percent, it is difficult to encounter it once in eleven times.

Therefore, he decided to follow it for the time being, and after he made another breakthrough, he killed the sacred unicorn in accordance with the normal plan.

However, on the third day after his breakthrough.

This one-day unicorn suddenly came to a city.

Ye Xuan took a look at the map and found that the city is called the Flame City. It is built on a volcano and the temperature is extremely high.

Yan Riir, the favorite is this kind of place, so it rushed directly into it.

"There is a powerful holy beast!"

The Flame City Shoucheng General screamed.

In the next moment, there were a large number of masters, but they were just outcropping, and they were spit and smoldered by the yin of the sun.

Inflamed in the unicorn, into the flame city, the flame spread, like a \*\*\*\* on earth.

After the news of the city of Flame City, the master quickly came to try to kill this sinister unicorn.

The Lord of the Flame City is a five-level sacred king, plus other masters, but it can be a battle with this sacred unicorn.

"Booming!"

This group of people, besieged the sun in the air.

But this one-day unicorn skin is thick and thick, facing the attack of this group of people, even disapproving, just looking forward.

At this time, in a distant place, Ye Xuan saw the battle with the eyes of Megatron.

"This yin unicorn seems to want to enter the volcano, and then use the violent flames inside to restore strength?"

Ye Xuan blinked and hesitated.

This time, it is a good opportunity for him to shoot, after all, there are others who are helping.

At the moment, he is quickly breaking through the void.

When he walked out of the door of the void, the footsteps of the flaming unicorn in front suddenly stopped, and then turned and looked at Ye Xuan.

The two did not say a word, and they all shot.

"Unparalleled sword!"

Ye Xuan summoned the sword fairy to be called out, and then the latter marked the death chase and marked the Yan Riir, and quickly used the assassination to come to the back.

Chapter 1957: Second unicorn

"cut!"

Jian Xian was hand-held with another sword of the unparalleled sword, and stabbed the eyes of Yan Rilun.

"Hey!"

The unparalleled sword stabbed the eyes of the unicorn, but did not break the defense.

Ye Xuan used the eyes of Jian Xian to see and found that there was a layer of flame defense.

Before he played more than a dozen games with Yan Rilin, he once stabbed the other side, but did not find this thing at the time.

So Ye Xuan immediately understood that this has something to do with the environment. This is the yin unicorn with the help of the volcanic environment and become stronger.

"Hey!"

At the time when Ye Xuan was different, the sword fairy was sprayed by the flame of the yin yin, and flew out.

However, the sword fairy is an invincible existence, unharmed.

Then, Yan Riqiong regained his attention on Ye Xuan and killed him.

"Afraid you are not?"

Ye Xuan's light flashed and the fire was fully opened and greeted.

At that time, he joined the battle.

On the side of the Flame City, a five-product holy prince, three four-person holy princes, more than ten three-product holy princes.

Coupled with Ye Xuan and Jian Xian, there is no need for a battle.

However, if it is in other places, this yin unicorn is estimated to have long been a fart, but now it is near the volcano, the Yan yin was injured, and can be recovered with the help of these violent flames.

"It's a bit difficult!"

Ye Xuan's forehead collapsed, and the long sword in his hand was replaced with a one-shot sword.

"Swordsman is coming!"

In an instant, his breath has skyrocketed again.

The next moment, he turned into a streamer stinging to the sun unicorn.

A sword flying fairy!

However, what surprised him was that this time, a sword flying fairy, could not break the breath of the unicorn.

This guy, influenced by the environment, has become stronger!

"Roar!"

When Yan Qiu saw that he couldn't help Ye Xuan, he gave up the attack and turned to the volcano.

"Catch it quickly. If you let him into the volcano, the strength will be stronger!"

Ye Xuan screamed.

"what?"

The people in Flame City were shocked.

Now they are besieging the yin of the sun, but they can't help each other. If the strength of the other party is raised again, the flame city will be extinguished.

This group of people, all took out the cards, crazy attacking the sacred unicorn.

It is a pity that some people can't break the defense. Some people will break open and the wound will heal quickly.

Finally, the Lord of the Flame City gritted his teeth and yelled: "Everyone listens, we move to the city!"

When the words came out, the people present were shocked.

Moving to the city?

Moving to the city is not a trivial matter, and they are relying on this volcano to develop to the present level. If it is removed, isn't it a waste of so much time?

However, this yin unicorn is obviously coming to the volcano. If it is here, who would dare to stay in the flame city?

Even the Flame City Lord is not willing!

Therefore, this group of people decided to give up, take the others away from the Flame City, and then find another place.

"This group of people is actually awkward!"

In the heart of Ye Xuan's heart, it seems that he has to find another way.

However, he is not in a hurry, just look at the realm of this flaming kylin in the end, so he watched the flame city take the people to leave, and finally left an empty city.

"Megatron, take a look at the volcano!"

Subsequently, Ye Xuan remotely gave orders to Megatron to let him enter the volcano.

Megatron immediately heard the words and immediately rushed to the volcano. Then he searched and found that the sacred unicorn was hidden in the magma at the bottom of the volcano.

Its breath is growing fast!

"In two days, I can break through. I have to look at it. Is it fast, or I am fast!"

In the very distant place from the volcano, Ye Xuan thought secretly.

He has a scented phagocytic system, and the upgrade speed is faster than anyone else. Although the sacred unicorn is recovering speed, it is impossible to be faster than him.

Two days later.

"Hey, the host breaks through, and it is currently the four spirits!"

Ye Xuan finally broke through, and now he can go to fight with Yan Rilín.

At the moment, he broke open the void, came outside the volcano, and then directly sneaked in.

Yan Ri Qilin also seems to feel Ye Xuan, immediately pulled out from the magma, waiting quietly.

Soon, the two met again.

"You are my mission goal, you are not dead, how can you do it?"

Ye Xuan's light flashes and hands-on.

However, what surprised him was that this time, the unicorn of the sun, even broke through to the realm of the Six-Princess.

This is awkward, pit!

"You are the five sacred princes, or the six sacred princes, you are going to die today!"

Ye Xuan, regardless of the three seven twenty-one, directly shot.

However, this turbulent unicorn breaks through the realm, and the surrounding environment is still a volcano, so Ye Xuan is still unable to kill.

However, when Ye Xuan was about to leave, he suddenly sensed the surrounding environment and a slight change occurred.

Temperature, lowered!

"Ok?"

Ye Xuan turned his head and saw that there was a huge figure in the distance.

This time, it came to be a light blue unicorn!

This Yanri unicorn felt the arrival of the ice unicorn, and immediately snarled in the sky, ignoring Ye Xuan and rushing toward the ice unicorn.

In the blink of an eye, the two unicorns are doing it!

This one is a icy unicorn. In fact, it was played with the yin yin before, and the two battles were both hurt. After that, the unicorn was discovered by the four ancestors of the four-beast family, and it was sealed with the four gods.

As for the ice unicorn, he found a place and fell asleep.

On the same day, the yin yin broke through the seal, and the cold ice unicorn in the sleep felt it, and all the way came over.

When I met today, the two unicorns exuded to fight for a life like you.

"It's really helping me!"

After clearing his thoughts, Ye Xuan's eyes lit up and immediately returned to the past with time-lapse skills.

He has already fought a battle with Yan Rilín, and consumed some, so he wants to let Yan Rilín and Tihan Qilin fight you to death. Finally, he will shoot again and kill the Yan Qilin.

After all, Yan Rilín is his mission goal!

Back in time, the Yanri kylin recovered in the volcano, but this time Ye Xuan did not find it, and it was the ice unicorn.

The two unicorns met again and began a big fight.

Then, Ye Xuan broke through the void.

"Black Point, let me swallow this volcano!"

Ye Xuan quickly summoned the black horns.

Pointe-Noire got the order, a big mouth, and began to madly devour.

Yan Riyin can restore the realm here, as long as the volcano is swallowed, its strength will also be reduced.

"Roar!"

Yan Riqiu felt the temperature drop sharply and couldn't help but roar.

One side is the devour of the black horn, and the other side is the ice unicorn. It is a bit of a dilemma.

Chapter 1958: The tree is old, advanced!

After a while, the volcano was swallowed up by the black horns in the swallowing space, nothing left.

On the other hand, the ice unicorn is also a six-level sacred king, so it has a tie with Yan Rilun.

"Roar!"

Inflamed in the unicorn, one side is fighting with the ice unicorn, while beware of Ye Xuan.

It feels that the situation is not good!

This level of sacred beast, IQ is probably still above humans, so it is not stupid, when Ye Xuan has not yet shot, retreat.

"I don't want to go, it's not so easy!"

Ye Xuan's glory is full of enthusiasm.

The timing of the shot, it is time!

"Unparalleled sword!"

Ye Xuan immediately summoned the sword fairy to come, but he did not join the battle.

The ice unicorn, plus a sword fairy, is enough to bring great trouble to the yin unicorn.

This is not the point. The key point is that Ye Xuan is taking the sea tactics.

Numerous 弑仙傀儡, countless 绝仙箭, was summoned by the sword sage, and smashed into the sun.

Inflammation of the unicorn has now lost its volcanic environment, and its resilience has been much worse. After being injured by the swordsman, the singular arrows are smashed into groups.

After a few rounds, the sacred unicorns were bruised and bruised, the blood flowed out of the body, instantly turned into a flame, and then quickly extinguished by the cold.

Ye Xuan in the distance has been watching the battle. After all, this Yanri kylin does not seem to be in a state of sudden death.

If the last yin unicorn is not what he killed, then the random task can't be finished.

However, he feels that this battle has almost no possibility of reversal.

Sure enough, under the cooperation of Ye Xuan and Han Bing Qilin, Yan Rilin was seriously injured and died.

At this time, it is Ye Xuan's mobile phone!

In an instant, Ye Xuan changed his position with Jian Xian, and then replaced the unparalleled sword in his hand with a sword.

"The picture of the beast!"

"Swordsman is coming!"

"A sword flying fairy!"

Ye Xuan breathed up and turned into a white streamer, directly immersed in the head of Yan Rilin's unicorn, and actually penetrated the whole body, wearing his head and heart.

After being struggling for a few times, the huge body was crashed to the ground.

dead!

This time, Ye Xuan is the result of triggering a hit and killing. I don't know if it is luck, or because the Yanlin itself is in a state of sudden death.

Anyway, it was killed by Ye Xuan!

"Hey, the host completes the random task and rewards the fairy kylin bloodline for an advanced step!"

This time, the reward is not bad. After all, there are four advanced routes in the eye of the sacred unicorn, which is equivalent to getting a four-point swallowing point. It is not so long that Ye Xuan pursues the yin yin for so long.

However, the death of Yan Rilín's unicorn made the ice unicorn very angry, because the Yanri unicorn is its old enemy, and now the yin yin died in the hands of other people, it naturally can not see the past.

"Roar!"

The ice whistle roared and rushed toward Ye Xuan.

At the same time, Ye Xuan took away the body of Yan Riir.

The next moment, a system sound, sounded in his mind.

"Hey, the host gets a unicorn heart, can be used for the Yan Ghosts advanced, is it going?"

After hearing the system prompt, Ye Xuan stunned.

The heart of Kirin?

"Yes!"

At the moment, Ye Xuan is the direct answer.

Just kidding, how can you disagree!

The old tree has been quiet for a long time. From Ye Xuan's ability to merge with the destructive ghosts and dragons, to the later rise of the sky, and then to his own integration of Jianxian blood, the tree has never had a foothold.

Now, I can finally advance again!

"Hey, Yan Ghosts combines the heart of Kirin, and the advanced is the sacred unicorn!"

Old tree, advanced success!

Inflammatory ghosts, advanced into the sacred unicorn, even have the unicorn blood.

However, this is not over yet.

Not waiting for Ye Xuan to view the skills of Yan Shen Qi Lin, the system will prompt again.

"Hey, the fairy kylin blood is advanced!"

"Hey, don't die, the blood of the phoenix is advanced!"

Two consecutive system prompts to sound.

Ye Xuan's strength has once again improved.

The celestial blood of the fairy eye, a total of two advances, so that Ye Xuan improved the physique of 20%, in addition, there are also unicorn infuriating, rebirth and so on.

But let Ye Xuan care about how strong the tree will become after the advanced stage?

He glanced at it and found that after the tree was advanced, there was only one skill called Kirin Burning.

"The old tree, this ice unicorn, will be handed over to you!" said Ye Xuan.

"The old man has been so quiet for so long that he can finally show his talents and hand it over to the old man!"

The old man opened his mouth and smiled.

At this point, he has appeared beside Ye Xuan. After the advancement, the whole man's momentum has become different. The flame of his body is stronger than the previous Yanlin.

"Roar!"

The ice unicorn that had to continue to attack, after seeing the old tree, could not help but reveal the color of jealousy.

"kill!"

The tree does not say anything, directly turned into a flame and rushed to the ice unicorn.

The cold air, as the tree darted forward, instantly became violent.

At that time, one person and one beast will hand in it.

It's just the old tree of the eight spirits. In the face of this six-piece holy prince, it is not inferior.

Sixteen realms, say more and more!

Of course, in the case of the suppression of the map of the beasts, if the earthquake is to become a mysterious warrior, the old tree will probably be stronger.

“Hey!” “Hey!” “Hey!”

Originally turned into a place of extreme ice, after the old tree rushed, these ices melted instantly, but they also made the surrounding hot.

Ice and fire have always been incompatible. The higher the temperature, the more uncomfortable the ice unicorn feels.

"Okay, don't play with you, let you see my true strength!"

The old man opened his mouth and smiled. The next moment, his body shape was quickly enlarged and turned into a sacred unicorn.

This is a sacred unicorn, although the body shape is not bigger than the sacred unicorn, but the momentum is much stronger than the bulging unicorn.

As soon as the ontology appeared, the ice crystals on the ice unicorns began to melt wildly, and a pair of faded look.

"Roar!"

The ice unicorn finally realized that it was not good, but he had to turn and flee.

"Want to go, it's too late!"

The old tree roared, and the big mouth opened, and a hot fire column was directly sprayed.

Kirin burning Tianyan!

"boom!"

This blow directly penetrated the body of the ice unicorn, burning it into ashes in the blink of an eye.

"Hey, the host's killing value is improved!"

In Ye Xuan's mind, a system sound was heard.

Trouble, finally solved!

This time, Ye Xuan has gained a lot. Not only has the tree become a sacred unicorn, but the blood of the celestial unicorn has also advanced twice. The blood of the undead phoenix has advanced once, and it is really big.

At this time, Ye Xuan has already reported the great vengeance of the 12th Beast Palace, then he has to plan carefully.

Chapter 1959: Goodbye \*\*\*\* holder

However, it is at this time.

"Little Master, I feel that there is a similar atmosphere in the north." The tree suddenly said.

"Similar breath?"

Ye Xuan brows a pick, did not open the inquiry, he heard a system prompt tone.

"Hey, the system has generated a blood holder, killing the blood holder, and the host will be rewarded."

Hearing this, Ye Xuan's body could not help but tremble.

Is it a blood donor?

This is a pit!

The blood donor who appeared last time, but brought a lot of trouble to Ye Xuan, now one more, really terrible.

After the \*\*\*\* holder appears, the other party can sense him, but he can't sense the other person. The most important thing is that he can't use the time-lapse skills.

"Damn, I don't know where the blood holder is, I don't know what blood he holds, and I don't know if his realm is high or low!"

Ye Xuan was frightened.

Although he can fight with the middle-aged prince now, can the other party come to the high-ranking holy prince?

Even if it is not a high-ranking holy prince, it is only a middle or low-level sage, and the blood of the other party will give the other party the ability to challenge.

Therefore, Ye Xuan felt a headache!

However, it is at this time.

"Little Master, the only thing I sensed, I rushed towards us!" Tree reminded again.

"Ok?"

Hearing this, Ye Xuan brows a pick.

Is this too clever?

Is this breath, is it rushing to the tree?

Or, is it for him?

"It is difficult, this time the \*\*\*\* holder, is holding the blood of the fairy eye unicorn?"

In the mind of Ye Xuan, she suddenly had such an idea and immediately asked: "How old is it, how long will he come over?"

"It is estimated that it will take two or three days!" answered the old tree.

"Two days and three, then I can go in the opposite direction, wait for me to break through and then find him trouble!"

Ye Xuan's eyes are slightly stunned. This is not his embarrassment, because he still can't figure out the realm of the other side.

Therefore, he immediately summoned the sword immortal to separate, and then plunged to the south.

If this breath is really the \*\*\*\* holder, then the other party should first find the sword fairy, after all, the sword fairy is exactly the same as Ye Xuan.

At the moment, Ye Xuan is directly breaking away from the void, and the sword fairy is separated, but with the tree old, toward the breath.

The two parties walked opposite each other and soon met.

That breath is a young person, and the breath of his body is a saint.

This is a good thing for Ye Xuan!

"You, is my goal?" The young man looked at the sword fairy and said coldly.

"Who are you?" The old tree couldn't help but ask.

"Shi Xingyu, kill you guys!"

When the young man finished slowly, he did it directly.

A very strong flame of swords, smashed toward the sword fairy.

"Hey!"

Jianqi squatted on the body of Jianxian, but only knocked it back, but did not hurt the sword fairy. After all, the sword fairy is invincible.

"Oh? A little skill!" Shi Xingyu saw it, a little surprised.

On the way he came, but a sword burned the masters of the five-level sacred kings into ashes, and did not expect that even a Holy Spirit could not kill.

Ye Xuan, who is far away from the sky, looks at this attack. What is certain is that the other party is the blood pulse holder.

First, the sword fairy can not use the death killing order to mark each other.

Second, the sword of the other side is the qi of the unicorn.

"Sword fairy is separated, the tree is old, kill him!"

At the moment, Ye Xuan is giving orders to two people in the air.

The next moment, the tree is always turned into a sacred unicorn, killing each other.

"Hey, Kirin, I have it!"

Shi Xingyu's eyes glimpsed, and the unicorns in the body rolled out, and there were three horrible flame unicorns gathered around them.

This move, Ye Xuan will not be unfamiliar, it is the Qilin drop.

However, it is terrible that this \*\*\*\* holder can summon three unicorns at once.

This Shi Xingyu has a bloodline that is much higher than Ye Xuan's, so he can summon three unicorns.

The same was true of the \*\*\*\* holder of the beast \*\*\*\* before, and the ability was much higher than that of Ye Xuan.

At that time, the sword fairy was separated from the tree, and it was with the three flames.

As for Shi Xingyu, he is constantly attacking the sword fairy. He does not know that the sword fairy is invincible.

"Booming!"

The sound continued, and the battle was not fierce. Because of the attack by Shi Xingyu and the other three flame unicorns, the old tree could not hold on and was quickly bombarded.

As for the sword fairy, because it is invincible, it can continue to withstand attacks.

The loud noises were all attacks on the sound that fell on him!

"The blood vein holder, really is not a general generation, first hide for a while and then say!"

Ye Xuan said secretly, wait until the breakthrough.

If he wants to hide, it is very difficult for the other party to catch up. After all, he has a sword fairy and a hollow eye.

"wrong!"

At this time, Ye Xuan suddenly remembered that the other party has the blood of the fairy eye, the eye of the void, the other party should also.

damn!

"No matter, run a little further, and then find the trouble of this guy after breaking through!"

Ye Xuan's neck shrinks and continues to use Megatron to hurry.

As for the sword fairy, he has been in a state of paralysis, but he has been going north, trying to attract Shi Xingyu.

"This guy is just a four-pronged spirit. How can he have such a strong defense? How many blood types are there in his body?" Shi Xingyu couldn't help but think.

At this point, the three empire unicorns he summoned were already killing the tree and then joined the battle.

However, despite being four-on-one, they still can't help but the sword fairy.

Over time, I feel that something is wrong!

"This guy is very weird, and there is a breath in the other direction. Is that the deity?" Shi Xingyu thought about it, but he left the sword fairy directly and plunged toward the south.

Seeing it, Ye Xuan, who is far away from the horizon, finally realized that the other party was discovered.

"I don't want to go, it's not so easy!"

The sword fairy splits in the light, and instantly uses the sword immortal to descend and kill the state, directly turned into a white streamer, killing Shi Xingyu.

"what?"

Shi Xingyu was shocked.

Fang Caijian Xian was smashed and beaten. He also saw that the strength of Jian Xian's avatar was actually much weaker than the old tree.

But now it seems that the other party is just hiding in Tibet.

"A sword flying fairy!"

Jian Xian was hand-held with a pair of swords, and a sword stabbed into the chest of Shi Xingyu, but the position was not good, and did not pierce the heart of Shi Xingyu.

In addition to not puncturing the heart of Shi Xingyu, there is no triggering effect!

Chapter 1960: Two blood vessels

"Hey!"

Shi Xingyu's brow wrinkled, and a strong flame force emerged from the body, and the sword fairy was separated.

In the next moment, Jian Xian saw the wound of the other side and healed quickly at a speed visible to the naked eye.

A little means!

Next, Shi Xingyu rushed toward Ye Xuan's deity, and the sword fairy was separated, and he no longer cares about him, turning around and leaving.

"Just kidding, just because you want to catch up with me, it's really whimsical!"

Far away in the heart of Ye Xuan heart cold, after waiting for the other side to catch a road, he is directly and Jian Xian changed the position.

The sword fairy is not only possessing all the skills of Ye Xuan, but also the invincible existence. In addition, he can change the position with Ye Xuan in an instant.

Therefore, Ye Xuan and Sword Xian have interchanged positions at this time, and the other party should not know.

Soon, Shi Xingyu was looking for it, and he was beaten to the sword fairy.

"Strange, how can this guy not move?"

Shi Xingyu was very surprised and decided to take the sword fairy back and take a look.

Ye Xuan felt his intention and immediately put the unparalleled sword away, and then the sword sect was directly collapsed.

"What about people?"

Shi Xingyu was shocked.

The sword fairy is separated, just disappeared under his nose. How is it possible?

However, another breath has not disappeared, that is, the fragrance of Ye Xuan.

"Humph!"

Ye Xuan, who is far away from the sky, couldn't help but scream, and then quickly summoned the sword fairy to continue to hurry!

However, what he could not think of was that after Shi Xingyu disappeared in Jianxian, he was actually walking on foot, instead of using the empty eye to open the door, which made Ye Xuan very surprised.

"Is it difficult, the other side will not be the eye of the void?"

Ye Xuan's eyes are slightly stunned.

His is the blood of the fairy unicorn, and the other party may be the blood of other unicorns. In this case, he does not have to worry.

Next, Ye Xuan continued to avoid this Shi Xingyu. A few days later, he broke through the five spirits.

Strength, soaring!

After the strength was guaranteed, he decided to take the initiative. Of course, before this, he must use the sword fairy to test it.

On that day, the beast of the beast and the blood of the holder of the blood, the repair is also very fast, so Ye Xuan is afraid of this Shi Xingyu.

Soon, Jian Xian was once again met Shi Xingyu.

The other party is still the realm of a holy prince!

"Humph!"

Shi Xingyu saw the Jianxian avatar, could not help but scream.

For the sword fairy, he has no way, and he also feels that after the sword fairy, there is still a breath, so he is prepared to ignore the sword fairy.

However, this time, Jian Xian was separated but did not want to let him go!

At the moment, the sword fairy is called out the tree old, Megatron.

Jianxian has a place where Ye Xuan regrets, that is, he can't use the armor of the mysterious god, otherwise the strength will be greatly improved.

However, Megatron came here this time, not to watch the game.

Ye Xuan broke through, Megatron and the tree were also upgraded, as was the sword fairy.

All three realms have broken through. This time it is possible to fight Shi Xingyu.

"There are so many ways for this kid. As long as I kill him, then I will inherit his abilities. When will there be someone in the world who can stop me?"

Shi Xingyu thought in his heart.

Originally, he did not believe it, but after the person who claimed to be a system gave him the strength to improve his strength for no reason, he believed.

No one will refuse!

Therefore, there is only one battle!

"Kirin down!"

Shi Xingyu screamed in his heart, and the body was filled with huge unicorns, and three unicorns came together.

This time, it is three ice emperors.

kill!

In an instant, the two sides are handing over.

The last time the old tree was brutally slain by three Yanhuang Qilins, this time he broke through, naturally he was looking for a return.

However, now these three ice emperors are not covered, and the strength is evenly divided with the old body of the tree, the \*\*\*\* of unicorn.

It is a pity that this time, in addition to the sword fairy and the tree, there is Megatron.

"The picture of the beast, the town!"

Megatron changed instantly, and the strength of the three ice emperors was directly reduced.

Ye Xuan did not expect that the picture of the beast was actually effective for the summoning. He originally wanted to try it, but it really worked.

In this way, it will be easier.

"Give me as ashes!"

The old tree roared in the sky, a big mouth, and a hot pillar of fire.

Kirin burning Tianyan!

"boom!"

The three ice emperors, Kirin, were directly blasted by Kirin burning Tianyan, and then the old tree was aligned with Shi Xingyu.

"I want to hurt me like this attack?"

Shi Xingyu's dawn was so beautiful that he had stopped the Kirin burning Tianyan.

However, it is no wonder that after all, his body is a unicorn blood, has a unicorn infuriating, and is also highly resistant to fire attacks.

This trick does not pose much threat to him!

At the same time, the sword fairy has also taken out the card, the hair instantly becomes longer and white, and then turned into a white streamer, stabbing Shi Xingyu.

"puff!"

In a muffled sound, the unparalleled sword stabbed into the chest of Shi Xingyu, but he was still avoided by him.

A hit will kill the sword, can improve the success rate of one hit, but this does not mean that the unparalleled sword has no one hit and kill. After all, Ye Xuan himself has a killing skill.

This time, he really took the big fortune and actually triggered it.

In the next moment when the unparalleled sword stabbed into the chest of Shi Xingyu, Shi Xingyu's body was like a flame, and it collapsed between heaven and earth.

died?

Ye Xuan, who was far away from the sky, did not expect Shi Xingyu to be killed by the spike. It was really lucky to explode.

But what surprised Ye Xuan was that after Shi Xingyu's death, he did not hear the system prompt.

No, to be precise, I didn't hear the tone he wanted to hear.

"Hey, the host killed the bloodless holder's undead avatar, please keep up!"

Hearing this, Ye Xuan completely stopped.

When is the blood of Qilin, when is it not dead?

Not dying, isn't it the blood of death?

"Hey!"

Ye Xuan couldn't help but swallow, and suddenly thought of a bad thing.

That Shi Xingyu, is it that there are both Qilin blood and the blood of the undead?

The other party is the two blood holders?

Thinking of this, Ye Xuan couldn't help but shudder.

Before he solved a \*\*\*\* holder of the sacred beast, now if you have a \*\*\*\* bud of the unicorn and the blood of the undead, then next time, will you come to a three-volume holder?

Three blood, it's terrible!

Ye Xuan once again swallowed a spit, decided not to want so much for the time being, or solve this \*\*\*\* holder first.

"No wonder, before it can heal quickly, it turns out that it has the blood of the undead, then his flame resistance and flame attack power should be much higher than me!"
