

Super D. S 1961

Chapter 1961: Meet the deity

Ye Xuan thought in his heart, it was to hurry again.

If this is the case, then he has to be careful. After all, the other side has a flame, and the number is definitely not less than him.

One is dead, there are many!

At this time, he and the tree are old, but they do not feel any breath. It seems that the other party is farther away than him.

However, two days later, he was sensed.

This time, fortunately, the old tree can sense the other party, otherwise he will be very passive.

Soon, the two sides met again.

"I didn't expect that you could destroy one of my undead avatars." Shi Xingyu looked at the sword fairy and couldn't help but say.

"One is all, ten can be destroyed!" Jian Xian turned back.

"Then try it, let me tell you, for me to die, as long as there is material, you can resurrect." Shi Xingyu said.

When this was said, Ye Xuan was embarrassed.

If his undead avatar is dead, but he needs to be resurrected with a swallowing point, and this Shi Xingyu, even only need a heavenly treasure?

He began to seriously doubt whether the system is not good for him!

"This undead avatar can be so easily resurrected, but the material should not be so easy. At that time, as long as you find his deity, you can kill it!" Ye Xuan thought.

"Come on, fight another!"

Shi Xingyu screamed and shot directly.

Suddenly, the two sides began to exchange fire.

This time, Shi Xingyu broke through to the second spirit of the Holy Spirit, so this battle is more difficult to fight, even if Ye Xuan deity to join, it will certainly lose.

Undoubtedly, this battle was defeated by Ye Xuan, but it does not matter. After a few days, Ye Xuan will kill Shi Xingyu.

After a few days.

"Hey, the host breaks through, and is currently the Six Spirits!"

"Hey, the sacred **** unicorn, Megatron, breaking the gods and breaking through, is currently a holy king!"

Ye Xuan broke through again and then went up, but this time did not trigger a one-shot killing effect. After a battle between the two sides, Shi Xingyu chose to flee.

"It's the owner of the 'system', the breakthrough speed is amazing, but I am not vegetarian!" Shi Xingyu said as he fled.

"There is kind, don't run!"

Ye Xuan controls the sword fairy and screams at the back.

However the next moment.

"Oh, then, before killing the **** holders, the host will not be allowed to use the eye of the void, the sword fairy will be replaced, and the killing bonus will be doubled!"

Suddenly a system prompts to sound, Ye Xuan is completely paralyzed.

This system must be watching him unhappy!

Can't use the eye of the void, that's it?

"This is trouble!"

Ye Xuan's face was gloomy, and he quickly recalled the sword fairy. This time, he first put Shi Xingyu a horse.

"Wait, one day, I will burn you to ashes!"

Shi Xingyu did not find the exception of Ye Xuan, but turned and left.

Now, what Ye Xuan can do is to quickly recruit the sword fairy and then separate it. This can confuse Shi Xingyu.

He, I have to give myself some time!

Unfortunately, Shi Xingyu does not give.

Soon, Shi Xingyu broke through to the three-product holy prince, and then, by induction, once again killed Ye Xuan.

This time, he did not act alone, but let the deity and the five avatars together.

Both sides are triple-combined, and the strength is much stronger than that of a separate Shi Xingyu.

"Little Master, there are two breaths, which are several times stronger than at that time!" Tree always hurriedly reminded.

"what?"

Ye Xuan, who heard this, fluttered and understood that the other party was engaged, and now the eyes of the void and the transposition can not be used. It is really on the fire.

"There is no way, only the remaining five points of phagocytosis can be used to strengthen the blood!"

Ye Xuan thought in his heart.

At this time, he is ready to make a desperate fight, but if you really fight, who is not necessarily dead!

Now, he only hopes that Shi Xingyu will come slower, because he can break through in a while, and then the strength will skyrocket and the odds will be higher.

Unfortunately, things are always so unsatisfactory.

On the day he was nearing the break, he had a strong breath and finally found him.

Shi Xingyu, come!

"Oh, I finally found you!"

Shi Xingyu looked at Ye Xuan in front and made a strange laugh.

The sword fairy has been seen several times, and he is a disapproving expression. At this time, Ye Xuan's expression is extremely dignified.

Obviously, he saw Ye Xuan's deity.

Of course, this time in order to kill Ye Xuan in one fell swoop, Shi Xingyu also dispatched the deity.

Just, Ye Xuan doesn't know!

"It's coming, it's still coming!"

Ye Xuan said slowly.

With the blood of the undead, how can he not know the benefits of multiple fits?

What's more, the other party's level of advancement is not higher than him.

Shi Xingyu will not tell Ye Xuan that his deity has come. After all, his blood and Ye Xuan are a little different. The avatar can be reshaped, but if the deity is dead, the avatar will be wiped out instantly. Therefore, this time he is also a big risk.

"Not much nonsense, come on!"

Ye Xuan said with a squint.

This time, if you are unsuccessful, you will be married!

"Hey, killing and marking is a success!"

"Hey, killing and marking is a success!"

Ye Xuan spent four points to swallow the point and advanced the killing state twice.

Below, an engraving will provide 2.6 times the combat power. After the advancement, thirteen killings will be erupted together.

Then, it is nearly thirty-four times higher than the previous one!

Although it is said that Ye Xuan can reclaim a skill and make up the six-point swallowing point, the sword used to advance the blood of the sword is one.

However, this will cost a skill, and it will increase by about ten times.

If it is a comparison, the killing state is more affordable. After all, in addition to the killing state, there are four other skills.

Ye Xuan and Shi Xingyu looked at each other and showed their killing.

"Sword fairy is separated, back!"

Ye Xuan quickly called the sword fairy back.

Although it is said that the position of the sword fairy can not be used, but he only needs to close the sword of the sword, the sword fairy will disappear, and the sword will be re-appeared.

"Killing state!"

Ye Xuan's breath has skyrocketed, and a large number of appeared next to him.

Now, he does not lack those 'sacrifices', that is, those holy beasts.

Killing and engraving, constantly being consumed, and constantly generated.

The previous sacred arrow must be killed by death to kill the other party, and this blood holder can not be marked by the death killing order, so it can not be used.

Fortunately, Ye Xuan has advanced several killings and engravings. Later, there was no such restriction.

With one summoning, there are nine brilliant arrows.

Anyway, Ye Xuan's sacrifices are many, and he has done it with the other side.

Chapter 1962: Fighting for a battle

Looking at the sky, the fairy scorpion, the sacred arrow, and the sacred sword array, Shi Xingyu eyes a glimpse, the heart of the dark road Ye Xuan really is not a good provoke, but he is not vegetarian.

"Kirin down!"

Shi Xingyu screamed and smelt three unicorns with the unicorn in the body.

What shocked him was that this time the unicorn fell, there were three powerful unicorns.

"It turned out to be a very powerful wild unicorn, you are dead!"

Shi Xingyu laughed in his heart.

Wild unicorn, a flaming unicorn or ice emperor Kirin at least before the top.

Three, it is equivalent to the previous nine.

Ye Xuan also felt the extraordinaryness of these three unicorns, and immediately ordered the old tree to solve the three wild unicorns.

Last time, he tested the picture of the beast to the summoned object, but this time Ye Xuan is not ready to use, but let the Megatron become a mysterious warrior, set on his deity.

Then, the sword fairy is blocked in front.

This time, if you are unsuccessful, you will become a benevolent person, so you must ensure your own safety.

"kill!"

The two were almost ready at the same time, and after a glance at it, a big battle broke out.

Ye Xuan and Jian Xian are separated, and Shi Xingyu is dealt with, and the old trees and those who are immortal and sacred are dealing with the three wild unicorns.

As a commander, Ye Xuan, hiding behind Jian Xian, continued to consume killing and engraving, summoning new 弑仙傀儡 and 绝仙箭, while maintaining the state of killing and 诛仙剑, and occasionally exerting 戮仙绝斩斩.

In his swallowing space, there are countless sacrifices. As long as the three wild unicorns disappear, his chances of winning will be greatly improved.

"Booming!"

Suddenly, there was a loud noise in the air.

The three-in-one fusion of Shi Xingyu is much stronger than before. In the face of him, Ye Xuan only dared to hide behind Jian Xian.

"Kid, it's hard to find you, but you are hiding behind, isn't it right?"

Shi Xingyu could not help but ridicule.

"Is it right? You are the three sacred princes, I am the six spirits, the difference is fifteen realms, you and I said upright?" Ye Xuan irony.

"Hey, you have a system, and now it's only three spirits. It's really violent, or give it to me, I will become a master of the world!" Shi Xingyu said coldly.

Ye Xuan heard this and yelled: "Why don't you give me your mom?"

"you wanna die!"

Shi Xingyu's face changed and his breath was more vigorous.

With a highly reinforced unicorn blood and undead phoenix blood, Shi Xingyu's flame attack power is very strong, and as the battle time continues to change, the surrounding temperature begins to soar.

Ye Xuan is now wearing a mysterious warrior armor, and they feel that they are a little hot. When they turn around, they find that those who are condensed by the infuriating scent are actually a little distracted.

"If you continue, these hundreds of 弑仙傀儡, I am afraid that they will all be steamed!"

Ye Xuan brows a pick.

So many 弑仙傀儡, it is also a good fighting power, if not for them, the old tree may not be able to hit the three wild unicorns.

It seems that you must use a little!

"Megatron, the picture of the beast!"

The next moment, the mysterious warrior was transformed into a picture of the beast, and instantly suppressed the three wild unicorns.

These three wild unicorns, screaming at the speed of recovery of their own blood, are fighting with the old trees, the immortals, and the numerous arrows.

But now with the strength reduced by 70%, they face the attack of the tree and others, it is a little powerless.

What's more, Ye Xuan risked his life this time to let Megatron suppress them, but he just looked at it.

"Death chase!"

"The eye of assassination!"

"The eye of assassination!"

The next moment, Ye Xuan and Jian Xian were separated, and they flashed to the back of a wild unicorn.

Then, the two men used the 戮仙绝绝, and they were behind a wild unicorn.

However, this wild unicorn is also dependent on physical fitness, without any attribute effects. After suffering these two attacks, it is not broken.

"Go to death!"

At this time, the tree suddenly snarled and opened his mouth to give him a unicorn burning.

"boom!"

This time, this wild unicorn was finally bombarded and dissipated between heaven and earth.

Three wild unicorns, finally solved one!

Although it is said that the old tree has used the unicorn to burn Tianyan, but it can solve one, then it will be a lot easier.

"Kid, do you think that it would be a threat to me if I solved a wild unicorn?"

Shi Xingyu's voice sounded and fell into Ye Xuan's ear.

Ye Xuan turned around and saw that he did not find any new tricks from Shi Xingyu, but looked at him coldly.

This guy, what big words?

"Don't worry about him, keep killing!"

Ye Xuan gave the tree to the old man and continued to attack another wild unicorn.

Soon, this second wild unicorn was also beaten.

But what makes Ye Xuan strange is that Shi Xingyu has no movements until now, very surprised.

However, just as he attacked the third wild unicorn.

"Kirin becomes!"

Shi Xingyu's eyes suddenly spewed two flames. The next moment, his figure was like a ghost, and he plunged into the last wild unicorn.

Suddenly, this wild unicorn is so high that it is far more than the moment of being suppressed by the map of the beasts.

"what?"

Ye Xuan was shocked. When he reacted, this wild unicorn was already rushing toward him.

This speed is amazing!

"Hey!"

In a loud noise, the wild unicorn hit a person's body, but not Ye Xuan.

Fortunately, Jian Xian was rushed to use the teleport to come to Ye Xuan, halfway blocking the hit.

Otherwise, Shi Xingyu was enough to hit Ye Xuan's body into a bolognese.

Even so, Ye Xuan was hit by Jian Fei's sword fairy and was seriously injured.

In the body, the blood of the gods is not dead, and the effect is quickly exerted to treat the injuries in Ye Xuan.

But at this time, the wild unicorn sprinted again.

"Transient!"

The sword fairy split again and appeared in front of the wild unicorn.

But this time, the wild unicorn suddenly had a big mouth, and actually swallowed the sword fairy, and then rushed toward Ye Xuan.

"Damn!"

Ye Xuan screamed and quickly closed the unparalleled sword. The sword fairy who was swallowed by the wild unicorns disappeared.

However, he could not wait for him to re-take the unparalleled sword, and the wild unicorn had already hit again.

"I flash!"

Ye Xuan's own show flashed away.

However, the teleportation skills of time and space are limited by the number of times. Although the time and space are advanced so many times, there are times when they are at the end.

Chapter 1963: Mysterious old man

"I see how many times you can flash!"

Shi Xingyu flashed a flash of light and flashed again toward Ye Xuan.

"Can't go on like this, kill!"

Ye Xuan's face sank, using the teleport to flash behind the other side, while holding the hand is not an unparalleled pair of swords, but a blow to kill the sword.

"Swordsman is coming!"

"A sword flying fairy!"

"puff!"

In a muffled sound, Ye Xuan's sword stabbed the back of the wild unicorn.

However, what makes Ye Xuan helpless is that this sword does not trigger a one-shot kill effect.

This time, the potholes!

A sword flying fairy skills, can only be used once a day, once failed, it can be troublesome.

Although it is said that holding a sword will kill the sword, it also has a one-shot kill effect, but the chance of triggering is probably not too high.

At this time, Ye Xuan suddenly remembered a skill that he ignored.

Thousands of absolutely!

"Hey!" "Hey!" "Hey!"

When the wild unicorn has not turned, Ye Xuan is a sword falling down. Jianqi instantly swayed thousands of times on the rough back of the wild unicorn, but still did not trigger the effect of one hit.

Take the opportunity to go, go!

At the moment, Ye Xuan is to let Megatron transform into a flying sword form, leaving people!

"Your attack is really painless!" Shi Xingyu snorted and quickly chased him up.

Ye Xuan's face was gloomy and quickly evaded the opponent's attack with a teleport.

It seems that today, it is impossible to escape this robbery, but fortunately he has a avatar in the mortal world.

At that time, as long as you recycle a few skills, you can resurrect the avatar.

However, after the resurrection, he once again flew up to the fairyland. I don't know what method to use, from the fairy world to the holy world.

In any case, Ye Xuan is now a poor man.

Soon, his teleportation is zero. Next, he has to bear the impact of Shi Xingyu, although the sword fairy can resist it, but if it is not blocked, then Ye Xuan will be bumped into bolognese. .

"Desperate? Let me send you on the road!"

The voice of Shi Xingyu rang in the back of Ye Xuan. In addition, there was the sound of the wind breaking through the air.

However, when the wild unicorn was about to hit the sword fairy, suddenly there was a breath and suddenly appeared.

In an instant, the body of the wild unicorn stopped, and Ye Xuan, who was chased by the wild unicorn, stopped.

They don't want to move, they can't move!

The next moment, an old man appeared in front of both of them.

"The blood of the Kirin family cannot be killed by each other!"

After the appearance of the old man, he slowly said a word, and then he turned his head and looked at the wild unicorn, and immediately popped a finger, and fell into the wild unicorn.

Then, the wild unicorn was collapsed, and Shi Xingyu in his body reappeared.

"You two, although not the people of my unicorns, but also the blood of my unicorn family!"

"Next, I will give you two choices!"

"One, I was killed on the spot!"

"Second, enter the battlefield to kill the enemy!"

After the old man finished, Ye Xuan and Shi Xingyu couldn't help but look at each other.

Where did the old man come from?

I don't know if this old man's appearance is a blessing or a curse!

"Predecessors, this battlefield is..." Shi Xingyu felt the extraordinariness of this old man and could not help but ask.

Unexpectedly, the other person gave him a look and said: "Shut up, give you three seconds to answer the time!"

Whether it is Ye Xuan or Shi Xingyu, they feel that the old man in front of him is not a general generation, and his realm is likely to reach the level of the Holy Emperor.

Not only that, but they also felt the blood of Kirin in their bodies, perhaps the Kirin ancients in the mouth of the old man.

"I choose to enter the battlefield to kill the enemy!"

Ye Xuan did not say anything, he chose it directly.

If the old man does not appear, he is afraid that it is fierce.

Entering the battlefield, there may be a glimmer of life!

As for Shi Xingyu, Ye Xuan is too lazy to take care of him.

"well!"

The old man nodded and turned his head to look at Shi Xingyu.

Under such strong pressure, Shi Xingyu did not have the idea of rebellion, and he could only nod his head.

"well!"

The old man said: "My unicorn family must be united and must not be used by the same family."

"go!"

The next moment, Ye Xuan and Shi Xingyu's body flew involuntarily.

"Today, I will spare you a life. If he has a chance, I will definitely take your first class!"

On the way, Shi Xingyu could not help but convey to Ye Xuan.

"cut....."

Ye Xuan licked his mouth.

For such a threat, he has already heard his ears are dying, and I don't know how many times I have already.

However, this Shi Xingyu is a hidden danger. If there is an opportunity, it must be removed soon.

The old man of the Kirin ancients, with Ye Xuan and Shi Xingyu did not know how many roads they had rushed, and finally fell in a first-line sky.

"grown ups!"

After seeing the old man of the Qilin ancients, a middle-aged man was respectful and clenched.

"These two people have the blood of my unicorn family and put them into the battlefield!" said the old man.

"Yes!"

The middle-aged people did not say anything, they took out two tokens and directly entered Ye Xuan and Shi Xingyu.

"Next, I will introduce you to the Battlefield of Purgatory."

The middle-aged man paused and said: "The current purgatory is divided into two camps, namely, my Qilin ancients and the hundred battle valleys. Our two camps are hostile to each other. Next I will send you to my Kirin ancients. If you go to a certain city, you will be integrated into your body, which is a token of merit."

"In the battlefield of purgatory, the system of merit is implemented. The token of tokens will condense after the death of the host. You can get tokens of other people's merits, and then drop blood and refine."

"The merits can be exchanged for various things in the territory of my Qilin ancients. I won't say much here, but only the tokens of refining the enemy's merits will be rewarded."

"My Kirin ancients, the most important thing is unity. If someone commits a letter of trust and commits to others, then they will be besieged by others!"

"Have you heard clearly?"

The middle-aged man looked at Ye Xuan and Shi Xingyu.

"Then, how can we leave this battlefield of purgatory?" Shi Xingyu suddenly asked.

"Hey, have a certain strength, you will naturally understand!" The middle-aged man said, directly throw it into the tunnel.

Then, it is Ye Xuan!

It turned out that there was a transmission array in this tunnel. After Ye Xuan and Shi Xingyu were thrown in, they were transferred to another place.

However, the places that Ye Xuan and Shi Xingyu sent were not together.

"This is purgatory, good sacredness, much more than outside!"

When Ye Xuan landed, he sensed himself in a transfer palace.

However, the atmosphere of the people around him is very similar to his, all of them are unicorn blood!

Some of these people are unicorns, and some are humans with unicorn blood.

Chapter 1964: Purgatory battlefield

"Shi Xingyu is not there, and the people around him are so low-level people. It seems that they have been dispersed. So, give me some time to grow!"

Ye Xuan thought in his heart.

However, he also felt a few strong atmosphere.

"The people who have the unicorn blood, the strength is probably not the same, then my leapfrog challenge will also be reduced."

Ye Xuan continued to think.

In short, first grab a person to search for the soul, and learn about purgatory.

However, it is at this time.

"Booming!"

Suddenly, there was a loud noise outside the palace, which caught the attention of Ye Xuan.

When he went out to see it, he saw that the people in the sky were fighting, and the bodies fell from the sky all the time.

Where is this, he just landed, how was he attacked?

"No matter, kill it first!"

Ye Xuan said nothing, directly summoned the sword fairy and the tree old.

He is able to sense the existence of the enemy by combining the token of the Kirin ancients. Anyway, he is now a camp with other people who have the unicorn blood.

kill!

At the moment, Ye Xuan is wearing the armor of the mysterious god, and then kills it.

"Death chase!"

"The eye of assassination!"

Ye Xuan and Jian Xian were separated, and they flashed behind a person. The two swords came together and killed him directly.

Then, Ye Xuan quickly took his body into the swallowing space, and then went to a safe place to search for the soul.

Because it is searching for souls in the swallowing space, it is very fast.

It turned out that this is called the Wolf King City, and the city owner is the Jiu Pin Sheng Jun. However, this wolf Wang Cheng is just a small town in the purgatory battlefield.

At this time, the attacking of the Wolf King City is the person of the Lieyang Zong, the master has come a lot, and there are even two nine sacred princes.

If it is before, then this Wolf King City must be a heavy loss, and even be destroyed by the Liyang.

However, with the arrival of Ye Xuan, the ending will be rewritten.

"Hey, the host triggers a random mission and brings the merits to the level!"

A system prompts to sound.

Meritorious, reaching the level of all levels, this is not an easy task.

A product of the Holy King and below, there is only a little merit, and when you think of reaching the system, you have to have a hundred * honours.

Fortunately, the merits will be upgraded with the improvement of the realm. The enemy who kills, the higher the realm, the higher the merits.

If you want to achieve a million merits, just kill ten of the nine sacred princes.

"When I was in the Holy Spirit, I was able to fight the sacred unicorn of the Five-Prince-level. Now I am the Seven Spirits, and in theory the combat power has reached the level of the Holy Emperor..."

Ye Xuan thought quickly in his heart.

Even so, the unicorn of the day was obviously not as powerful as the people around him.

After all, he learned from the memory of the disciple of Lieyang, that purgatory is a very cruel place, so those who can survive are not general.

Don't say ten nine sacred princes, even if it is a nine-prince prince, Ye Xuan may not have 100% confidence.

"The people of the Kirin ancients, apart from unity, are militant. And their opponents are the Battle Valley. It is a human with a special blood. It is said to be called the blood of the mad war, with the ability to mad, and the combat power is in no way In the Kirin family, so, let me come slowly!"

Thinking of this, Ye Xuan is once again attacking.

The owner of the Wolf King City is only the nine-story holy prince. This time, the Lieyang sect attacked the Wolf King City and dispatched two great nine princes.

They naturally would not pay attention to Ye Xuan, the little scorpion of the Holy Spirit level.

Not only they, but even other people, because even the Holy King, here is like an ant, not to mention Ye Xuan, the waste that even the Holy King does not come.

However, it is Ye Xuan's waste, and it's a surprise to kill Liyang.

"Everyone is careful, there is a Holy Spirit who is killing my disciples, at least high-ranking Saints, even the Holy Emperor!"

A master of the Lieyang Zong shouted.

It's a pity that he just finished talking about it, and Ye Xuan has already flashed behind him.

cut!

"Hey, the host's killing value is improved!"

When the system prompts the sound, Ye Xuan has summoned a large number of 弑仙傀儡, 绝仙箭, directly reversed the situation.

The original Lieyang Zong was prepared for a quick fix, but now it seems that it is not so easy.

Since the Qilin ancients had a lot of demons, Ye Xuan could not use the map of the beast to suppress it, but it does not matter. After all, the people present did not block the strength of Ye Xuan.

The two nine sacred princes have already plundered the city's main government!

Soon, the Lieyang master on this side was killed by Ye Xuan without temper and quickly retreated.

"What, Dongchengmen has a master, at least the nine-level holy king level, more likely to be the Holy Emperor?"

The two sacred princes of the Lieyang sect received news.

However, they have already killed the city government at this time. How could they give up because of this news?

kill!

At the moment, the two were killed in the city government.

The owner of the Wolf King City is the descendant of the unicorn and the wolf-like sacred beast. The combat power is also very weak, but the two sacred princes of the two dynasty ancestors have already realized the madness.

When the madness came out, the strength of the two men soared, and the Lord of the Wolf King City was defeated and finally killed.

"The Lord of the Wolf King City is dead, go, go to the South City!"

The two nine priests looked at each other and swept south.

Before, Ye Xuan repelled the master of the strong city of Dongcheng, and then rushed to the south city to kill.

At this point, he was turning his head to look north, and he felt two distinctive atmospheres.

"Kid, come on the name!"

One of the masters of Lieyang Zong couldn't help but say.

"Your ancestors!"

Ye Xuan said nothing, directly shot.

"Death chase!"

"The eye of assassination!"

In an instant, Ye Xuan and Jian Xian were separated from the other side, and then they broke out.

"Hey!"

The two celestial sorrows smashed into a three-segment.

Spike!

Although the nine sacred princes in the purgatory battlefield can be comparable to the external sacred master.

However, Ye Xuan's strength has exceeded that of the ordinary emperor. In his eyes, there is no difference between the nine sacred princes and the one sacred emperor.

Another person saw the situation, immediately scared the fart and rushed, ready to escape.

It is a pity that Ye Xuan and Jian Xian's avatar have already flashed behind his back. He has a pair of swords and he has been separated.

"The two elders of Lieyangzong are dead, go quickly!"

"The two elders are all nine sacred monarchs, and they are killed by a Holy Spirit. How is it possible?"

"The other party must be the Holy Emperor, just pretending to be the Holy Spirit. Going fast, it will be late if you don't leave!"

Suddenly, all the people in the Valley of Wars retreat.

But this is a good opportunity to get meritorious service. How can Ye Xuan let go?

Chapter 1965: Twisting

Countless countless began to madly chase the people of the Valley of War, countless deaths and injuries.

At the same time, the people in the Wolf King City are also secretly arrogant.

The owner of the Wolf King City was dead. They thought that they would also be buried with them. They did not expect to suddenly kill a master and saved the Wolf King City.

"The master of the Holy Emperor, disguised as the realm of the Holy Spirit, killed the Liyangzong a surprise!"

"I don't know where it is sacred, the back is really handsome, and I can control so many identical flaws. Is there such a blood in my Kirin ancestors?"

"I don't know, but there is indeed a unicorn blood in his body. Anyway, our people are right."

The people of Wolf King City are very grateful to Ye Xuan.

At the same time, Ye Xuan has already retired the masters of the Liyang ancestors and then withdrew.

"Hey, two nine sacred princes, worth twenty honours, plus others, this time won a total of thirty * honours, is already the nine-star captain level!"

Ye Xuan is satisfied with the nod.

Then he turned his head and looked at the Wolf King City. Now he doesn't need anything, he only needs merit.

The best way to get a lot of merit is to kill the enemy.

"Wolf King City, located at the border of the Qilin ancients and the Battle Valley, as long as I cross the border to kill the Valley of War, I am afraid that there is no merit?"

Ye Xuan thought in his heart, that is, rushed to the West, that is, the direction of the retreat of the Lieyang Zong master, but also the site of the Battle Valley.

However, Shi Xingyu was also sent to the battlefield of Purgatory, so he still had to be careful.

Strive to complete random tasks before encountering Shi Xingyu, so that you will be rewarded and upgraded.

Soon, Ye Xuan entered the boundary of the Valley of War, and the direction he was rushing to was Lieyangzong.

"The Lieyang Zong is a small force at the border of the Battle Valley. There is a strong man in the throne!"

When Ye Xuan's heart just finished, he saw a flame column that was straight into the sky. Presumably, it was Lieyang Zong.

Almost all of the people in the Valley of War are mad, but there are not many people who can use madness.

This Lieyang sect is to use high temperature to stimulate the blood of the body, so that the children of the next generation can master the madness.

Before the two nine sacred princes, they have already been used up, so they were killed by Ye Xuan.

"A lot of merit, I am coming!"

Ye Xuan said, it was jumped from the Megatron that turned into a flying sword, and then directly summoned countless and killing the violent Yangzong.

That Shi Xingyu was also sent to the battlefield of Purgatory. I don't know when it will appear, so Ye Xuan must seize the time to improve his strength.

If this violent yang is destroyed, then the merits are estimated to be almost the same.

"There is a Holy Spirit near!"

A disciple who was deployed outside the Liyang ancestors gave a message.

"what?"

The top of the Lieyang sect who was informed of the incident was shocked.

Only when they learned that the failure to attack the Wolf King City was provoked by a powerful emperor who pretended to be the Holy Spirit level.

After learning about the incident, the patriarch of Lieyang immediately called the masters and greeted them.

Soon, he and Ye Xuan met, but at this time Ye Xuan, not the deity, just the sword fairy.

"Even my realm, I can't even see each other..."

The Emperor of Zongyang Zongzong swallowed a swallow, and the heart secretly said.

He is already a sacred emperor, but he still can't see the realm of the sword fairy. The other party should be the second emperor.

"Everyone shot and killed him!"

Lie Zongzong, the main anger, screamed and killed Ye Xuan.

They who have the blood of the mad war, unless they are too big, will not choose to escape this road.

The master of Lieyang Zong is now out of the nest and may not be able to beat each other, so he will directly shoot.

However, Ye Xuan in front of me is just a sword fairy.

"Death chase!"

"The eye of assassination!"

The sword fairy was directly marked with one person and smashed into the crowd. The celestial celestial and the celestial arrow behind him also swept straight out.

"Booming!"

Suddenly, the Liyang ancestors launched a big battle.

Although Jianxian is divided into thin arms, but fortunately he is invincible, even if he is under strong attack, he will not be injured, even the clothes will not be damaged.

As for the Ye Xuan deity, it has been copied into the Lieyang Zong from the rear.

kill!

"The sovereign, not good, there is another person who has entered my school!"

At the time of a group of people and swordsmen, the Lieyang Zongzong suddenly received a message.

"what?"

He was shocked. It turned out that the other party came more than one person and helped.

wrong!

The person with a strong temperament in front of him, the person with strong defense, should be just a skeleton, and the deity is killed.

At the moment, the lord of the Lieyang ancestor took a group of people and went back to Lieyangzong.

Only three of the nine sacred monarchs and more than a dozen eight sacred monarchs were left to deal with the sword fairy.

However, at the time of the departure of the Emperor Yang of the Liyang.

The sword fairy suddenly summoned the tree to the old.

"Kirin burns the sky!"

When everyone is surprised, the old tree is already using the trick, killing a nine-product holy prince, and there are several eight-story holy princes to accompany the burial, and then the old tree and the big mouth are turned and squirted to the other two.

"not good!"

The other two changed their faces and quickly retreated.

However, the sword fairy has already flashed behind his back and quickly pulled out a few swords.

When the lord of the Lieyang Zongzong left, the rest of the people were not afraid of it, and they were quickly solved by the swordsman and the tree.

At the same time, inside the flames.

Ye Xuan turned his head and looked into the distance, and found that the scarlet killing had already hit, and immediately escaping from the streamer invisibility.

This time, the tiger was separated from the mountains and was very successful. He directly received more than 400,000 merits.

As long as the lord of the Lieyang ancestor is given up, the random task can be completed.

However, the lord of the Lieyang ancestor is a sacred emperor. If he uses madness, the combat power will be very strong. In the absence of the sword singer, Ye Xuan singles out the other side, it is still very dangerous.

After all, now he can't use the eye of the void, change his position and turn back time.

"Bick, what about others?"

The lord of Zongyang Zongzong could not help but anger.

Soon, the sword fairy was killed with a large force, and Hou Yexuan removed the streamer invisibility cloak, put on the mysterious armor, and then cooperated with the sword fairy to flash behind a nine-character priest.

"Zhu Xian is a must!"

The two men almost made a move at the same time, and instantly killed a nine-story holy prince.

At this moment, there is only one Jiu Pin Sheng Jun in Lieyang Zongli, and Ye Xuan's merits have reached 800,000.

With another 200,000, he can complete random tasks!

"court death!"

The patriarch of Lieyang was finally unable to sit still. After a sigh of relief, the whole person's breath rose wildly, and it turned out to be mad.

Chapter 1966: Magical form fusion

Those who have mad blood, every time they use madness, will fall into weakness, so he must kill Ye Xuan before this.

It's a pity that although Ye Xuan, who can't use the avatar and the eye of the void, can use the death killer and teleport, and want to catch Ye Xu, like a muddy, is it easy?

"Death chase!"

"The eye of assassination!"

At this time, Ye Xuan once again cooperated with Jian Xian, and the other one was kneeling under the sword.

Meritorious, reached 900,000!

Although the Lieyang sect has no other nine sacred princes, as long as you kill a few eight sacred princes, you can also complete the task.

after a little while.

"Hey, the host completes the random mission and rewards the Megatron's magical form fusion system!"

"Hey, the host has a chance to merge in a magical form."

Two system prompts suddenly sounded.

Hearing this, Ye Xuan's eyes lit up, this is the new system.

At the moment, he quickly checked the magical form of Megatron, but the results were a bit unexpected.

It turns out that not all magic weapons can be integrated, and two or more specific magic weapons must be used.

The most important thing is that only the magic weapon that is fixed by him can be integrated.

"Hey, the mysterious warfare is merged with the streamer stealth!"

"Hey, the fusion is successful!"

Wen Yan, Ye Xuan once again looked at it and found that the product after the fusion of two magic weapons, called the streamer armor.

This time, the fusion, although the system chooses itself, but the fusion of the streamer armor, combined with the characteristics of the mysterious armor and streamer stealth.

It can improve physical fitness, as well as strong defense, but it can be invisible, and the effect is greatly improved compared with the mysterious armor and streamer stealth.

"Haha, that's a good thing!"

Ye Xuan's eyes lit up and immediately put on the streamer armor. The next moment, his figure disappeared.

"Old guy, turn it into my merits!"

After screaming in his heart, Ye Xuan once again applied the eyes of the assassination, joined hands with Jian Xian, and flashed together behind the lord of the Liyang.

"Hey!"

The lord of Lieyang Zongzong only felt the scent of Jianxian, and immediately turned back to fight.

But at the moment when his current swordsman attacked, the other direction was also attacked.

"Hey!"

Zhu Xian was stunned and succumbed to the sect of the Lieyang Emperor Sect.

"How is it possible that the attack suddenly appears?"

Lie Zongzong was shocked. He felt it a little bit and found that something was wrong in front of him. A subtle breath was captured by him.

Unfortunately, it is too late!

Ye Xuan and Jian Xian are both at the same time using the 诛剑 sword array, the two superimposed on each other, the effect doubled.

Soon, this Lieyang Zongzong was killed by their joint efforts, and the body's token of merit was refining by Ye Xuan, which gave him a merit of 300,000.

Then, Ye Xuan quickly let the black horn, the entire Liyang sect is absorbed into.

However, only when the holy prince is reached can he have a token of merit, so the gains of others are not great.

But in general, this time Ye Xuan encountered a big opportunity.

The mysterious war armor and the streamer stealth blouse merged into a streamer armor, which greatly improved Ye Xuan's life-saving ability.

In addition, this streamer armor is used in combat, and it is also very crowded, unless the other party's perception is very powerful, it is difficult to find.

Of course, this time the integration was due to the opening of the new system, so rewarded.

If Ye Xuan wants to merge again, it needs a little swallowing point.

Before that, he fixed a total of five magic weapons, namely the dementor bell, the refining soul pot, the figure of the beast, the mysterious armor and the streamer stealth.

The streamer armor and the streamer invisibility cloak have been merged, so there are only three magic weapons left, and among the three magic weapons, the picture of the dementor and the beast can be merged, but since it is not used at present, Ye Xuan does not have to choose to consume the last point of swallowing.

"The mission is completed. Next, I will return to the boundary of the Qilin ancients. I will replace these merits and find some things for the ribs. It is best to find a suitable dragon to resurrect the ribs. Then my strength will increase in disguise!"

Ye Xuan thought in his heart, that is, flying a flying sword and flying back to the boundaries of the Qilin ancients.

However, before the Wolf King City was attacked, the Wolf King City died in battle, so the Wolf King City was already a man to go to the empty space, so Ye Xuan went to this time, it is a larger city than the Wolf King City.

After a few days.

"Hey, the host broke through to the Eight Spirits!"

"Hey, the sacred gods, the Megatron, the broken gods, the current breakthrough is the three kings!"

When he was taken to Purgatory, Ye Xuan broke through to the Seven Spirits. Now he has been driving for a few days and finally broke through to the Eight Spirits.

However, let alone the Holy Spirit, even the Holy King and even the Holy King are here.

Even if there are people in the enemy camp who pass by Ye Xuan, I am afraid that they will not attack Ye Xuan.

However, when Ye Xuan arrived at the destination, he did not know that he was known to everyone.

"So many people follow me. Is it difficult for me to help the Wolf King City get out of trouble a few days ago?"

Ye Xuan was slightly surprised and did not pay any attention.

Next, he is ready to convert the merits, all into good things, and then say.

However, when he got to the middle of the road, suddenly there was a city guard who stopped him.

This city guard is at least a master of the eight-level sacred princes, and the one headed by is the nine priests.

He took out a piece of sheepskin to see it, and the light shone.

"It is indeed the goal, catch him!"

The head of the person nodded and said.

what?

Hearing this, Ye Xuan is very strange.

He is here for the first time, why is the City Guard going to catch him?

However, he is not so irritating. Since the other party wants to be unfavorable to him, he will naturally not be merciful.

"If you want to figure out why the other person wants to catch me, you have to catch one!"

Ye Xuan's flash of light flashed quickly to the back of the head of the person, and then a sword stabbed and killed him directly.

As for the rest of the people, it is naturally impossible for him to be his opponent and have been killed.

Then, Ye Xuan quickly let Megatron conduct a soul search.

"What happened, the Kirin ancients took the lead, why did you issue my wanted order?"

Ye Xuan did not know the situation.

The captain of the city guard is only ordered to act. If you want to make it clear, you have to kill the city government directly.

"The most annoying thing about the Qilin ancients is guilt. Now I am rebellious. Even if I am not wanted, I can't let me down. If so, then I will be against it!"

Ye Xuan's eyes widened and he went directly to the city's government.

The city owner of this city is the second emperor, but this realm is nothing for the current Ye Xuan.

Chapter 1967: Wanted

The death of the city guard was soon spread, so a large number of city guards were searching for Ye Xuan. In this regard, Ye Xuan does not have to use the streamer armor to avoid their pursuit, but to see one kill one.

After killing three city guards, Ye Xuan finally came to the city government.

"He is the one who wants to go all over, grab him!"

The guards outside the city's main house suddenly recognized Ye Xuan.

Upon seeing it, Ye Xuan had to start killing again.

"Today, it is the day when your city is destroyed!"

Ye Xuan's light flashes and the direct fire is fully open.

"弑仙傀儡!"

"There are amazing arrows!"

"诛仙剑阵!"

Ye Xuan and Jian Xian split their cards to make a non-discriminatory attack.

Outside the city's main house, the rumbling rumbling sounds naturally caused the attention of the masters of the emperor.

"The city owner, someone told me that I saw the Ye Xuan on the wanted order!"

The city owner who learned the matter immediately rushed out.

The reward for this overnight mission is very much. It was passed down from him. If you can give birth to Ye Xuan, the reward is enough for him to break through several times.

However, Ye Xuan is not so simple to catch.

After Ye Xuan felt the breath of the three emperors, he was hidden in the streamer armor, leaving only one of the swordsmen.

Soon, these masters of the Holy Emperor appeared.

"One does not stay, kill!"

Ye Xuan's eyes were murderous.

If you don't do it, since you have already started, then play a little bigger!

"Death chase!"

"Swordsman is coming!"

"The eye of assassination!"

"A sword flying fairy!"

Ye Xuan and Jian Xian were separated, and at the same time, they used a sword to fly the fairy and went straight to the city.

Four masters of the emperor, including the city master, quickly fought off and intercepted the attack of the sword fairy.

Unfortunately, Ye Xuan, wearing a streamer armor, did not find out.

"Hey!"

I only heard a crisp and continuous sound, and the unparalleled sword in the hands of Ye Xuan pierced the heart of the city.

"what?"

In addition, the three sacred emperors sang a glimpse. When they reacted, they only saw the back of the city owner bright red, and the vitality quickly passed.

The second emperor, the fallen, it fell!

Even he is dead, then these three products of the Holy Emperor, naturally can not stop Ye Xuan, easily killed.

What is ridiculous is that they are all the cultivators of the Kirin family. They have no time to turn into the body, and this battle is over.

"Black Point, give me the whole city!"

Ye Xuan quickly released the black horn and said it directly.

Since the Kirin ancients want to catch him, he naturally wants to play bigger.

At this time, Ye Xuan did not immediately search for the soul, but began to throw a person with a unicorn blood or a demon, to throw into the devour space.

Some people don't understand what happened, they appear in the devour space.

Soon, this city has disappeared from the battlefield of Purgatory, and there are not many people who escaped from the safe days.

Then, Ye Xuan let Megatron start to search for the soul.

"The city owner does not know that he and other cities have just received a wanted order, but this wanted order was actually issued directly from the Kirin ancients, and the reward is very rich!"

Ye Xuan swallowed.

He is not a person of the Kirin ancients. It was just happened to be caught by the old man.

So who wants to catch him?

At this point in time, there is only one person with whom he has hatred, that is, Shi Xingyu.

"It must be that guy, he should have climbed the Kirin ancients!"

Ye Xuan suddenly understood.

In addition to Shi Xingyu, who else wants to catch him?

"This guy doesn't come by himself. It should be after climbing the Kirin ancients and starting to retreat."

Ye Xuan thought in his heart, his face could not help but dignified.

The giants of the Qilin ancients will certainly give Shi Xingyu a large number of heavenly treasures. After all, the blood of the unicorns in Shi Xingyu is much stronger than him.

In short, this is difficult to do!

At this moment, suddenly a strong breath, was perceived by Ye Xuan.

He turned his head and saw that there was a flash of fire in the sky.

"Good, at least three emperors, even higher!"

Ye Xuan was shocked and hurriedly summoned Megatron, then put on the streamer armor and hid it.

"Well? It disappeared?"

This fire, quickly came to the ruins, is a young man wearing a red armor, he felt a bit, but did not find the atmosphere of Ye Xuan.

"It should be a certain array of obstacles, seeing me push you out!"

The young red youth flashed and turned directly.

As he turned into a flame unicorn body, the surrounding temperature began to rise sharply, and the ground began to ignite, instantly turning into a sea of fire.

At this time, Ye Xuan, who wore the streamer armor, did not leave, because the red youth was too fast, and it was in the blink of an eye.

"A very high temperature, even if I have the blood of the fairy unicorn and the blood of the undead, I feel fainted!"

Ye Xuan brows his wrinkles, don't forget, he is still wearing a streamor armor.

The sweat continued to flow out and then evaporated quickly. This temperature was so high that Ye Xuan was dizzy.

"Sword fairy is separated, to lead him!"

At this time, Ye Xuan suddenly summoned the sword fairy.

As soon as the sword fairy appeared, he immediately used the assassination eye and flashed to the back of the red youth.

"It finally appeared!"

The red youngster's eyes brightened, and he turned and grabbed the unparalleled sword directly, and then another hand, smashed toward the sword fairy.

"Transient!"

The sword fairy splits and flashes away and appears in the sky.

"Want to go?"

The red youth quickly caught up.

Taking advantage of this opportunity, Ye Xuan also quietly left the sea of fire.

Through the previous search memory, Ye Xuan can speculate that this red youth should be a unicorn army soldier in the Qilin ancients.

This Qilin Army is the elite of the Qilin ancients. Only the masters of the hundred wars in the Battle Valley can compare with it.

Fortunately, the other side was attracted by the sword fairy, so Ye Xuan was able to escape the birth.

"I didn't expect even the Kirin army to be dispatched. I really don't give me a way to live. In this case, I can only enter the Battle Valley to survive!"

Ye Xuan looked gloomy.

This time, fortunately, I only met a high-ranking Qilin army elite. If Shi Xingyu sent a high-ranking emperor, then even if he had a streamer armor, I am afraid that he would not escape the beating.

However, when Jian Xian was separated, the red youth was taken away.

"Right, let's say that the kid has an undead avatar. Is this this?"

The Red A young man suddenly remembered this point. On his way to chase the sword fairy, he had tried to kneel down, but repeatedly failed.

It seems that I am the other person's way!

Chapter 1968: True and false mask

"Damn!"

The red armor youth stepped forward and quickly turned around and left.

Ye Xuan saw him in the eyes of Jian Xian, and he knew that the other party was awakened, so he quickly closed the sword.

However, the other party's speed is very fast, and it will catch up after a while.

However, Ye Xuan was wearing a streamer armor, and the other party could not capture his whereabouts. He only wandered around here.

"I can't find me. When I get to the Battle Valley, the threat is much smaller!"

Ye Xuan thought in his heart.

A master of the Kirin army enters the boundaries of the Battle Valley, and naturally it will attract the attention of the masters of the Valley of War. By then, he can survive in the cracks.

However, things are not so easy.

This red young man, after the search failed, actually notified two masters of the Qilin army in the vicinity.

Three people, search together for Ye Xuan!

If a person is okay, if three people search together, Ye Xuan is much more dangerous.

"Well? Is it a bit strange?"

At this time, the former Red A young man suddenly found something wrong near the border, which is to look forward.

This look, I found the clue!

"Swordsman is coming!"

"A sword flying fairy!"

Ye Xuan said nothing, directly using the eye of the assassination to flash behind the red youth.

"Hey!"

The long sword stabbed the red armor youth's armor, but did not break open.

This is the armor of the Qilin Army. Is it that Ye Xuan can easily break open?

Seeing the assassination defeat, Ye Xuan quickly replaced the unparalleled pair of swords, summoned the sword fairy to split, the deity quickly retired.

"Good boy, search for a few days, finally found you!"

The young red eyes are big.

In the past few days, he has come along with a trace of divine power, otherwise it is impossible to find Ye Xuan.

Now, the other party has finally appeared!

However, when he has not yet shot, there are a large number of 弑仙傀儡, 绝仙箭 appear, in order to cover the atmosphere of Ye Xuan.

"Worm the worms, dare to show up in front of my grandfather?"

The red A young man screamed and suddenly turned into a body.

"Damn, luck is really bad, I can break through in a little while!"

Ye Xuan's face is gloomy. As long as he can break through, the combat power will advance by leaps and bounds. At that time, he may be able to fight this red youth.

However, this red armor youth has now turned into a body, but it is in the middle of his heart.

After thinking for a moment, Ye Xuan decided to carry out a magical form fusion.

"Hey, is the host determined to fuse the Soul Bell with the map of the beast?"

"Yes!"

Ye Xuan answered directly in his mind.

He just had a little swallowing point, so he merged the two magic forms.

“Hey, the fusion is successful!”

When the system prompts the sound, Ye Xuan immediately checked it.

The Soul Bell and the Figure of the Beast, the magical form of the fusion is called the Beast!

This beast clock has all the powers of the dementor bell, and has increased the repression ability of the map of the beasts by 10%, reaching 80%.

In addition, if you modify the demon, the sacred beast, and so on, you can increase the chance of control.

Not only that, but also enhance the combat power of Ye Xuan's own pet.

The effect is really quite a lot!

"Beast God, now!"

Ye Xuan immediately made Wei Zhentian the latest magic weapon.

A quaint beast clock appeared in the air, and the flame unicorn of the red armor youth was instantly suppressed by 80% of the combat power.

"Hey!"

Suddenly a faint bell came and fell into the ears of the flame unicorn.

"Soul attack?"

The young red youth was shocked.

His strength has been reduced unambiguously. Otherwise, this kind of attack will not hurt him.

When the other side lost his heart, Ye Xuan quickly joined forces with Jian Xian to separate the body.

“Hey!” “Hey!”

The two immortals succumbed to the air and landed on the flame unicorn, suddenly dividing their body into three segments.

Spike!

Don't forget, Ye Xuan's immortal unicorn blood and the beast **** made blood and title, which caused him to damage the beast several times.

However, this is also beyond the expectations of Ye Xuan, because he feels that the Red Youth is not so easy to solve.

At the moment, Ye Xuan is quickly collecting his body. However, the movement on this side has attracted the attention of the other two Kirin elites.

"No, they both rushed over!"

Ye Xuan's face changed greatly.

Although he has the beast of the beast, but these two people do not turn into the body, he does not have the power of a battle.

It's just that Megatron's magical pre-selection today has a good magic weapon.

This magic weapon is called a true and false mask. It has appeared before, but at that time it was not useful for Ye Xuan, so I ignored it.

This true and false mask can make Ye Xuan become the red armor youth, even the realm will be promoted to the same level as the other side, so is the breath.

However, it is only a high degree of disguise. If Ye Xuan is shot, it will be exposed immediately.

Moreover, this true and false mask needs to be replaced by the body of the person. As long as the body is absorbed 60%, it can begin to be easy.

The higher, the more like!

Ye Xuan quickly let Megatron conduct a solicitation of the soul, and then absorb the body of the red young man with a true and false mask.

Then, Ye Xuan became the red armor youth, whether it is face, body, or realm, breath, exactly the same.

After all, the body was not damaged, but it was cut into three sections, so the absorption was infinitely close to 100%.

"Huo Qing, what is your situation here?"

After a while, another young man wearing a red armor swept over and asked Ye Xuan.

"Nothing, just a holy animal that doesn't have long eyes. Keep searching!"

Ye Xuan shook his head.

"Okay, let us know if you find it."

The other person turned around and said, while muttering: "It's weird, we have been chasing the holy force of the man, how can we not see it?"

Looking at the back of his departure, Ye Xuan was relieved for a moment.

Fortunately, this time God blessed him and there was a magic weapon of true and false masks.

However, now Ye Xuan has no point of swallowing and cannot fix the true and false mask.

Tomorrow, Megatron's magic form will be refreshed in addition to the fixed pieces, as is the true mask.

Of course, after tomorrow, as long as Megatron does not turn into other things, true and false masks have been there.

"This true mask is just a high degree of tolerance. If I take the shot, it will be exposed immediately, so it is not appropriate to contact the two!"

Ye Xuan thought in his heart, it was moving quickly. This time, he was going to enter the Valley of War and separated from the two.

He has already searched this Huo Qing's memory, but he did not get any useful news, but he had a preliminary understanding of the strength of Huo Qing and the other two.

Chapter 1969: Ba Tianlong

"Hey, the host triggers a random mission, kills Liu, and goes to Huahui, and completes the reward of true and false masks!"

Suddenly a system prompts to sound.

Hearing this, Ye Xuan's eyes lit up, and Liu Liu and Xiang Huahui were the other two who chased him.

"As long as the other two people are killed, the true and false masks can be fixed, this is good!"

After thinking about it for a while, Ye Xuan made a decision.

However, this random task will be completed tomorrow.

Today, Ye Xuan has used Jianxian to come and a sword to fly, but in a few hours it will be refreshed, and the realm will break through.

At that time, it is the death of these two people!

Time passed away.

"Hey, the host breaks through, and it is currently the nine spirits!"

"Hey, the sacred gods, the Megatron, the broken gods, the current breakthrough is the four kings!"

The system sounds and finally rings again.

Now, Ye Xuan has the strength to kill two people, even if they do not turn into the body, they still kill.

If it is turned into a body, it is to set fire to self-immolation!

"To Huahui, come here, I found him!"

At the moment, Ye Xuan is sending another person to the news. After the other party knows, he quickly rushes toward him.

After a while, the rush came over to Hua Hui, just to see Ye Xuan carrying a sword fairy.

"Haha, yes, this time we made great achievements, and promotion is expected!"

Laugh at Hua Hui.

Fang Cai, when Ye Xuan gave him a message, let him not tell Liu, the reason is that he did not have the ability to kneel down alone, so he did not doubt Huahui, he came alone.

However, it is just laughing at Hua Hui and relaxing when he is vigilant.

"The eye of assassination!"

Ye Xuan and Jian Xian split, suddenly shot together, and flashed to the back of the other side.

"Swordsman is coming!"

"A sword flying fairy!"

"Hey!"

"Hey!"

Last time, Ye Xuan used a sword to fly the fairy, but was unable to break the red armor.

This time, his realm improved, he broke it open, and he wore the heart of Huahui.

As for the unparalleled pair of swords in the hands of Jian Xian, it is piercing the head of Hua Hui.

dead!

"Hey, the host's killing value is improved!"

When the system prompts the sound, Ye Xuan will quickly collect the body of Hua Hui.

Solved one, then there is one left!

Then, Ye Xuan used the same method to convey the Liu.

Not long after, the Liu came also, and Ye Xuan directly started.

However, this time Ye Xuan, can no longer use the sword immortal and a sword flying fairy.

"Hey!"

In the two crisp sounds, Liu Shi, who had just arrived, was directly smashed by Ye Xuan and Jian Xian's two swords.

"Huo Qing, what are you doing?"

Liu was shocked, but the next moment, he saw Huo Qing's face began to change.

It turned out that he was not Huo Qing, but his pursuit goal.

Ye Xuan!

"Oh, it's late!"

Ye Xuan's flash of light flashed directly into the streamer and killed the past.

"court death!"

Liu Liu reacted and turned into the body.

But at this time, Ye Xuan's figure again appeared again, because the streamer armor changed again and became a huge beast clock.

The body of this Liuzi is a icy unicorn, but after being impressed by the beast god, it has a direct combat of 80%.

Therefore, he was also easily killed by Ye Xuan!

"Hey, the host completes the random task!"

When the system prompts to sound, the true and false masks have been fixed.

In the future, Ye Xuan can be used at any time.

"Finally solved!"

Ye Xuan sighed and took Liu's body away.

Although he said that with this true mask, he would not have to worry about being wanted. However, if Shi Xingyu personally dispatched him, he would be embarrassed if he was hiding deeper.

Therefore, the territory of the Kirin ancients can not be treated more.

Under this circumstance, it is safer to go there.

At the moment, Ye Xuan stepped on the flying sword of Megatron and entered the boundary of the Valley of War.

However, when he had just entered the boundaries of the Battle Valley, several messaging tokens in the engulfing space suddenly lit up.

"Well? Under the Optimus Peak, there is actually a tyrant dragon?"

Ye Xuan brows a pick.

Qing Tianfeng is a force under the battle of the Valley of War. Before that, a team of Qilin troops went to annihilate.

In the midst of the war, the team of the Kirin army accidentally unwrapped the seal and released a tyrannosaur.

At this moment, this unicorn army team is fighting this tyrannical dragon, but it is a little powerless, so request support.

"This messaging token is only visible to nearby people, so Optimus Peak is nearby."

Ye Xuan thought in his heart, he quickly looked at the map and found that it is not far from here.

Probably, it will take at least half a day.

However, this is in accordance with the speed of the flying sword, if you use the streamer armor, it will be a lot slower.

Don't forget, there is a place in the Valley of War. Under the circumstances of not wearing a streamer armor, if you encounter a high-ranking emperor, it will be a tragedy.

"This tyrant dragon is the high blood of the dragon..."

Ye Xuan's eyes are slightly stunned.

Before he got so many natural treasures, it has already bred the ribs of the dragons to the limit, as long as you find a suitable dragon corpse can make the ribs resurrected.

However, there are not many suitable dragons. After all, Ye Xuan does not want those low-level blood.

Looking for, just look for advanced!

At that time, through the change, the ribs after the rebirth must be very powerful.

"The body of this bully dragon, I want it!"

Ye Xuan blinked and immediately stepped on Feijian to start the journey.

Fortunately, this area is not advanced, and Ye Xuan has encountered a three-product holy emperor on this road.

He even smashed the elites of the three unicorns, let alone these ordinary three-piece sacred emperors.

After half a day, he finally arrived at Qing Tianfeng.

"There are brothers coming!"

Not waiting for Ye Xuan to come close, someone greeted him and was a four-class sacred emperor.

For this person, even if he searched for the memory of three people, Ye Xuan did not know him. After all, there are so many people in the Kirin army, not all of them must know each other.

"Brother, my name is Weng Ming, a commander in the Kirin army. I used to call it!" said the four royal emperors.

"Huo Qing, I have seen the leading adults!" Ye Xuan hurry to hold the fist.

As early as before, Ye Xuan had already made Megatron a true mask, so Ye Xuan was Huo Qing at this time.

"Now, we have two four-product emperors including me, and seven three-person sacred emperors, plus you are eight. And that tyrant dragon, although sealed for so long, but also five good Emperor level, if you can take it down this time, it will definitely not lose your benefits!" Weng Ming said.

"Thank you for guiding the adults!" Ye Xuan thanked.

Chapter 1970: Collecting dead bodies

"Well, let's go to rest first. Just a few more people, we will start!" Weng Ming said.

"Yes!"

Ye Xuan responded, and even if he walked aside, he did not want to have too much contact with other people. After all, he was afraid of meeting people he knew and then being exposed.

Next, he was waiting here, and in the latter half of the day, two more three royal emperors, as well as a four-product holy emperor.

In this way, there are three four royal emperors, and ten tri-products of the emperor.

The Qilin Army only accepts the elite. This group of people is enough to fight with several five-product holy emperors.

However, this tyrannical dragon is not the other holy beast, but has a high blood, so the insurance is better.

"You, people come almost, everyone is ready to do it, so that people from the battle group will come!" Weng Ming said after looking around.

Upon hearing this, the crowd quickly gathered, and then rubbed and prepared.

"That one is not completely out of the seal, so try not to attack the law, so as not to get out of trouble!" Weng Ming reminded.

Everyone is not a fool, they all understand.

Then they plundered toward Qing Tianfeng.

That one of the dragons, under the celestial peak, only revealed half of the body, is constantly roaring.

While waiting for other people, Ye Xuan also sneaked a glance, it was a black dragon, covered with hard dragon scales.

This tyrant is known for its physical fitness. What is stronger is its defensive power, so Weng Ming just called so many people.

If he can, he hopes to come back some people, but after they have destroyed the Optimus Peak, the Battle Valley will definitely know about this, so they have to solve this tyrannosaur before the arrival of the Warriors.

"This tyrant is extremely defensive and works according to plan!"

Weng Ming shouted aloud, it was directly made into the body.

The same is true of the other two four royal kings.

The three are all flame unicorns.

As for the other nine tri-products, there are flame unicorns, ice unicorns, and other blood vessels such as thunder and unicorn.

Fang Cai Wenming plans a bit, it is to let the ice unicorn and the flame unicorn cooperate, melt the dragon scales of the tyrannosaur, give the other side damage.

As for other people, it is not necessary to turn into the ontology, because there is no such necessity, and some people just have the blood of the unicorn.

After the battle began, Ye Xuan deliberately went around and went to the place where no one was attacking.

Although he has a fairy unicorn blood in his body, he is not a genuine card after all.

At this time, everyone's attention is also concentrated on this tyrant dragon, no one will go to Ye Xuan.

"The beast **** clock is easy to use, but if it is taken out now, the suppression will not only be this tyrannical dragon, but everyone else is the same."

Ye Xuan thought in his heart.

Therefore, this one card is ready to be used later.

As long as the tyrannical dragon dies, the beastly **** clock will appear immediately, suppressing others. And Ye Xuan, is to collect the body of the Tyrannosaurus in the air, and then escape.

"Roar!"

This one is a dragon, the latter half is still in the seal, so it can only continue to growl, from time to time to other people spurt a dragon attack.

Before Weng Ming led his men, he had a battle with this tyrant, but at that time they were not enough people to break their defenses.

Now, they are many people, and their attack power is strong. It is only a matter of time before they kill this dragon.

Of course, this should be the case when the enemy did not arrive.

Ye Xuan also prayed in her heart, hoping that no one else would come. After all, she was the site of others.

"Calling!"

"Boom!"

The sound was deafening. In fact, many people heard the movement, but they all knew that Qing Tianfeng was destroyed, so they dared not come.

The masters of the Kirin army joined forces to attack and constantly burn the hard dragon scales of Ba Tianlong. Soon, there will be an effect.

Under the combined effect of the ice and fire, the scales of the Tyrannosaurus became very brittle and thus shattered.

The dragon scale is broken, so the wound is the body of the dragon!

"I have the eyes of the unicorns and the blood of the beasts, and the title, the attack on the beasts is not weak, my attack is no worse than the three people."

Ye Xuan attacked while watching other people.

Knowing ourselves and knowing each other can make a hundred wins, and if you tear your face, you can cope.

And the long sword in his hand is a blow to kill the sword.

Maybe, when he attacked the Tyrannosaurus, suddenly triggered a hit and kill effect?

In that case, it saves a lot of time!

However, there is a lot of difference between him and the Ba Tianlong. In the case of not using a sword, the chance of triggering is low.

However, a sword flying fairy only triggers once, and he is now attacking constantly, and may be able to trigger.

"Roar!"

At this time, the big mouth of Ba Tianlong suddenly turned, and actually moved to Ye Xuan.

"The trough!"

Ye Xuan was shocked and hurriedly opened.

Then, a black dragon burst out.

This kind of attack, even Ye Xuan wearing a streamer armor, is not too daring to pick up.

Even if the blow was on the body of Weng Ming, it might be killed.

That momentum can only be described by the word horror!

Soon, this tyrannical dragon began to weaken, and the body continued to spur black blood, and the voice was extremely miserable.

"Brothers are working hard, as long as they kill it, a lot of merits are waiting!"

Weng Ming shouted.

If the body of this one is going back, you can exchange a lot of merits.

Of course, if you are born, it's better, but unfortunately they don't have this strength and can only bring back the body.

After a while, this tyrannical dragon is dying, and as long as there are several rounds of attacks, it will die.

However, it was at this time.

"Hey, the host triggers a hit and kills!"

Suddenly a system prompts to sound.

Ye Xuan, who heard the prompt tone, suddenly saw a glimpse.

It's really a big outburst, and he's useless. It's triggered a one-shot kill.

made money!

Since only he heard this system sound, others did not, so the group did not know that this tyrannosaur was dead.

Taking advantage of this opportunity, Ye Xuan quickly showed a flash close, and then seized the body of the Tyrannosaurus in the air.

This group of people, although being called by Weng Ming, is actually serving Ye Xuan, letting Ye Xuan get cheap.

"What, do you want to be a dragon?"

"Who, who took the body of the Tyrannosaurus?"

"what happened?"

Everyone has revealed an incomprehensible look.

Only then, it seems that Weng Ming, the three four-powered emperor, is close to the Emperor Dragon. However, the Ba Tianlong has suddenly disappeared. It must have been dead and taken away.
