Chapter 197: Lin Wenyue

"Well, now I don't owe you." Song Congjing blushes, the look of a little woman.

"Haha, if I tell this to others, you must kill me." Ye Xuan laughed.

"I count you."

After the Song Dynasty was finished, he suddenly remembered something and said: "And you, you obviously have the strength to defeat Tang Tian, why do you show a sense of being beaten, you are clearly intentional."

"When did I show a look that I couldn't beat, I was very confident that day?" Ye Xuan was helpless.

"Oh, anyway, you are deliberate, deliberately gamble with me, you are a bad guy." Song cuts a small mouth, very dissatisfied.

Ye Xuan shrugged and smiled. "You think so, I have nothing to say. I remember that this condition was raised by yourself."

"In any case, you are deliberate."

"Okay, okay, I just deliberately. If you go where you have been in these two days, can you see anyone?" Ye Xuan said.

Song Congjing replied: "Go to the Heavenly House to find my grandfather, are you looking for someone?"

"Oh, your grandfather heard of that name?" Ye Xuan remembered the problem.

The Song Dynasty hesitated a moment and said: "My grandfather's reaction is very strange. He said that he will come to you personally."

"The reaction is very strange, come to me in person?" Ye Xuan.

This is what the representative knows about Songcheng. Lin Wenyue may also be an elder.

However, the reaction is very strange. What is the situation?

"Your grandfather has said who it is?" Ye Xuan asked again.

"No." Song cuts his head.

"ok, I get it."

Ye Xuan is in the heart, then wait for the Songcheng elders to find it.

However, at this time, the Song Dynasty on the side suddenly felt what it was, and said: "Ye Xuan, your realm..."

"realm?"

Ye Xuan glanced and smiled: "I was kissed by you just now, accidentally broke through, thank you very much."

"What? How is it possible?" Song Congjing couldn't believe it, she was the first to hear this breakthrough.

"I have deliberately suppressed it, you can still find it, not bad." Ye Xuan praised.

"That is of course... Wait, you haven't been a month before, how can you break through so quickly?" Song Congjing couldn't believe it.

Even if the land and the land of the land are very abundant, even if there is a large amount of cultivation resources, it will take a lot of time to refine the medicine. It is absolutely impossible to break through so quickly!

"No way, genius is like this." Ye Xuan shrugged again.

The devouring system is the root of his strength. He is already determined and can never tell anyone.

Now, the Song Dynasty finally feels how powerful Ye Xuan's talent is.

The Song ruling is already eighteen years old, and Ye Xuan is only sixteen years old. The former has been practicing for two years, and he has the same level as Ye Xuan.

"Your talent is so strong, why should you go to the assessment? Are you at least perfect talent?" Song cut can not help but ask.

"Perfect talent? I am outstanding and medium." Ye Xuan answered honestly.

Although he does not know how this talent is measured, he now understands that the higher the talent, the faster the cultivation speed and the easier it is to break through.

However, his cultivation has no relationship with this talent.

"Impossible, my brother is perfect, you can't be outstanding." Song Congjing shook his head.

"It doesn't matter, it's just a matter of cultivating talented toilet stocks, and there are times when it is not allowed." Ye Xuan replied.

When she saw the horrible situation in the Song Dynasty room, Ye Xuan had an anger in her heart. She thought of Tang Tian in the first time. Therefore, at that moment he directly swallowed the spar and broke through to the peak of the true Xuanjing.

At that time, he really wanted to rush directly to Tang Tian, violently smashing Tang Tian and abandoning his other hand. However, he thought that this is Lingxiaofu, so he endured it.

"You have this talent, it is no problem to enter the heavenly palace, or I will go to Grandpa again to see if I can..."

After the Song Dynasty had not finished, he was directly interrupted by Ye Xuan: "Where everything is the same, you should not want to return the last one?"

"You don't want to go? You have been vying to go before, is it a loss to change with one person?" Song Congjing is somewhat puzzled.

"Before it was before, now is now, and, a person of the Great Song Princess, is more precious in my heart than the House of Heaven." Ye Xuan said casually.

The House of Heaven and the House of the Earth are very different for other people, because the underground of the Temple of Heaven is the Great Gathering, and the speed of cultivation there may be several times that of the House of the Earth.

Moreover, the top management of Lingxiao House lives there. If it can be seen as a disciple by an elder, then in the future, as long as the Danyuan is condensed, it will be much easier to break through to the gods.

After all, every elder is at least a godland, and wants to break through the half-step Danyuan to the gods, but needs a nemesis of the mysterious beast, and there will be master funding and guidance, and cultivation is not fast.

"Well, if you don't go, then how do you want to practice next?" Song Congjing also asked helplessly.

"What is how to cultivate?" Ye Xuan did not understand.

"You have already broken through to the peak of the real Xuanjing. As long as you cultivate Xuanqi to the peak, you can begin to consolidate Danyuan. However, condensing Danyuan requires a prefecture-level exercise. Do you have it?" Song Cong continued to ask .

"Land level exercises?" Ye Xuan was shocked.

"You don't know? Without the level-level exercises, you can't condense Dan Yuan. I don't have it, but I can let my grandfather teach you a door." Song Congjing stared at the big eyes.

"How do you always think about that person's feelings? I don't have a prefecture-level method, but I can get it. You don't have to worry about it." Ye Xuan said calmly.

The Shangpin spirit-level exercises are much more expensive than the general martial arts. Not to mention the prefecture-level exercises. However, he has a system of swallowing, and there are even heavenly exercises, not to mention the prefecture-level exercises.

"Hey, you believe in the alliance of the gods. Although they are powerful, the prefecture-level exercises are not freely available." Song Zongjing.

Ye Xuan said with a smile: "I am not just breaking through. I don't know when I can refine my mysterious spirits. Let's talk about it later."

Although he said this in his mouth, his heart is actually thinking.

His cultivation method is different from that of other people. Is it possible to directly devour the Tiandi Dibao to break through the half-step Danyuan, or do you need the prefecture-level exercises?

He didn't know which kind it was. Anyway, the system didn't prompt, and he continued to swallow it. After all, when he broke through to the real world, the real yuan in the body was directly transformed into mysterious.

At this time, Song Taijing suddenly remembered something and said: "Your physical condition is so strong, is it difficult for you to have a prefecture-level refining exercises?"
