

## Super D. S 1981

Chapter 1981: Second pass

"No matter what, first find the entrance to the second gate of the Ghost Gate."

Ye Xuan thought in his heart, that is, plunging in one direction, there is a city.

In the Ghost Gate, the prisoners are all prisoners of the ancient kingdom of the Devil. They can't leave the Ghost Gate forever, so they lived in it.

However, when they think of that kind of voice, these people will stand up and tremble.

Therefore, many people left the first gate of the ghost gate and went to the second gate.

After a while, Ye Xuan came to the city, and then inquired about it, and learned the location of the second gate of the ghost gate.

"I want to pass the long ropeway from the first gate of the ghost gate to the second gate of the ghost gate. However, this long ropeway, even if it is a master of the holy level, I am afraid it is not so easy to pass..."

Ye Xuan thought about it.

The long cableway is nothing special, but once someone steps on it, he will hear the heartbreaking sound and then can't stand falling into the abyss.

No one knows what is underneath the abyss, but they can learn from the life jade that people who have fallen into the abyss have died without exception.

"Now I can use the time-lapse skills, but I don't fear this long ropeway."

Thinking of this, Ye Xuan started directly.

About half a day later, he came to the long cableway.

This long cableway is not long. If the black horn is full flight, it will take about half a minute. If it is a master of the holy level, it will be faster.

However, there is a law on this long ropeway, it is impossible to fly, and you can only use your feet to hurry.

"Looking at the past!"

Ye Xuan immediately said.

At the moment, the old tree, the broken sky and the black horns are on the long ropeway.

There was nothing at the beginning, but when they reached one tenth, the screams sounded.

Ye Xuan did not hear it, but the old three trees were heard.

The cry of the heartbreaking lungs made them unable to stop and the tingling of their heads prevented them from moving half a step.

In the end, the three old trees all fell from the long cableway, and the figure fell into the dark abyss.

The screams continued, and soon, Ye Xuan heard three system sounds.

"Hey, Yanlin Kirin is dead!"

"Hey, the \*\*\*\* of death is dead!"

"Hey, devour the black scale dragon to die!"

The old three trees, all fallen.

However, before they died, Ye Xuan saw a figure through their eyes.

"It turned out to be a rare sacred animal suffering banshee!"

Ye Xuan suddenly understood.

The painful banshee is a special kind of sacred beast. Although the attack power is not strong, the screaming can directly attack the soul. If it is fully screaming, even the master of the same level will be shaken by the soul.

This painful banshee, which should have been thrown in after the ancient taming of the demon spirit, is at least the level of the sacred, its voice has no effect of attacking the soul, it will only make the first door of the ghost door feel a headache, but This is enough.

However, this is a small meaning for Ye Xuan.

"Sword fairy is separated, you are on!"

At the moment, Ye Xuan is letting the sword fairy pass through the long cableway.

When he came to the tenth, the roaring sounded again, but this had no effect on the invincible swordsman.

Soon, the sword fairy split through the long cableway and came to the second gate of the ghost gate.

Then, Ye Xuan uses the skill of splitting the position, allowing himself and the sword fairy to change positions, and then close the sword.

Ghost gates are close to the customs. If you are more than one, the first pass is the most, because there is no danger, just listen to the call every day.

The second level of the Ghost Gate is called the Flame Gate. Here, there are high temperatures. Once you step in, the Holy Power will be dissipated. If you don't have the ability, you will become a waste when you enter the second gate of the Ghost. Until death.

The Holy Power is consumed first, then those who are not strong, or who have no means, will be burned alive.

However, this is not a threat to Ye Xuan.

Ye Xuan, who has the blood of the immortal unicorn and the blood of the undead, has a strong fire resistance, coupled with the super-recovery ability of the blood of the undead, this environment has little effect on him.

However, Ye Xuan's realm is too low, so he can only hide in the black horns.

"The Prince of Rong, is not in the second gate of the ghost gate."

Ye Xuan tried to come up with the induction token, but did not get any response, so Rong Rong should be the third level of the ghost gate or later.

Prince Rong is the prince of the ancient country of Cangyan, the brother of the emperor of the ancient country, and its strength will naturally not be weak.

He was seriously injured in a big battle, and then accidentally was knocked into the ghost gate, and now the strength has recovered more or less, so it should not be the first and second gates of the ghost gate. The level is wandering, after all, he wants to go out.

In this case, then Ye Xuan had to find the entrance to the third gate of the ghost gate.

During the hurry, he also broke into the four kings of the holy king, the old tree, the broken sky is already the Eight Kings, and the black corner is a realm.

In another ten days, the black corner can break through, and its strength will be stronger at that time, so that Ye Xuan is safer and more convenient in the Ghost Gate.

at this time.

"Ye Xuan, have you entered the Ghost Gate?" Gu Tianlei suddenly came over.

"Yes, I have already gone to the second gate of the ghost gate." Ye Xuan returned.

"Okay, please be careful."

After a few words, Ye Xuan began to hurry.

This time he met an individual on the road, but according to the breath of the other party, the other party turned out to be a strong man.

"This person's breath is strong, but it looks like a sluggish look. It is obviously waiting for the second time in this ghost gate, then his combat power is not so powerful!"

Ye Xuan thought about it and decided to take it.

"Black Horn, Sword Fairy, on!"

Ye Xuan immediately issued an order.

The other side also found Ye Xuan, but Ye Xuan's realm made him feel very surprised.

"Is this going to me? Good boy, find death!"

This sage master was furious and slapped out directly, and instantly shot the black horn into a meat sauce.

A strong attack!

"The ability to go to the second gate of the ghost gate should be the master of the sacred master, otherwise it will come to death. With my current strength, it is estimated that it is impossible to stand on the second gate of this ghost gate!"

When Ye Xuan thought about it, he decided to use the time back and returned to the time when he had just entered the second gate of the ghost gate.

Then, he decided to retreat first, at the entrance of the second gate of the ghost gate, at the end of the long ropeway.

This retreat is ten days!

Ten days later, he finally broke through to the six kings, while the old trees, the broken sky and the black horns broke through to a saint.

Chapter 1982: Flame road

Now, if the black horn is added to the heart of the dragon, it is probably a battle with the master of the sacred level. After all, there are swordsman avatars, two old trees, and environmental factors.

As for the heart of the dragon, it is so easy to use, so Ye Xuan will not hesitate to recycle the eye of perception, and then get two points to swallow, and then use a point to fix the heart of the dragon.

After the breakthrough, Ye Xuan continued to hurry and met a person after half a day.

Although it was not the one who slapped the black horn into a bolognese on the same day, according to the breath, it is probably a sacrament.

"Black Horn, Sword Fairy, Old Tree, Go!"

Ye Xuan directly ordered the road.

In the meantime, the three people in the black corner killed the past and started to fight.

Whether it is the black horn or the old tree, there is an undead body. The sword sect is even more abnormal, and even death will not die.

Under the joint efforts of the three men, this sacred priest was quickly defeated, and then swallowed into the swallowing space by the black horn.

"Search for the soul!"

Then, Ye Xuan let Wei Zhentian search the soul of this person and learn about the second thing of this ghost gate.

As for the position of the third gate of the ghost gate, I don't know.

"carry on!"

Because of the blood of the undead, Huang Xuan can act without restrictions. If you change to another person, you have to stop and recover the Holy Power, otherwise it will be exhausted.

"Little Master, there are people fighting here!"

After a while, the tree always heard the news, Ye Xuan through his eyes, saw two figures in battle.

At the moment, Ye Xuan broke through the void.

The two fight, he likes this situation the most, because he can be a fisherman every time, when the other side loses, he will shoot again.

After waiting for him to watch for a while, I discovered that the two men fought, for what reason.

The flame of the second gate of this ghost gate is closed. Because of the high temperature, the sacred air in the air is very violent. Some people are consuming the Holy Power, and when there is no medicinal support, they will absorb the Holy Power in the air.

Therefore, these people are affected by the violent saints, and they become very violent, which affects the mind and begins to see people.

Ye Xuan has the blood of the unicorns and the blood of the undead, but don't worry about this.

At this time, the person with the violent sacred power has already seriously injured his opponent.

Soon, just kill it!

"Okay, let's go!"

Ye Xuan saw the timing and immediately let the sword fairy split and wait for the heat to move.

"The eye of assassination!"

The sword fairy split first to the back of the sacred sacred, and a sword broke out.

"Hey!"

Unexpectedly, there was a violent sacred force in the other side of the body, and the swordsman was separated from the body.

However, the sword fairy did not give up and used the assassination eye again.

Although there are limits to the number of death killing orders, the assassination of the eye is not.

One of the hardships of Jianxian is that after marking the opponent with the death killing order, you can use the assassination eye indefinitely, which is annoying.

In addition, the old tree has also turned into an ontology, began to attack, although his strength is weak, but in the environment of the flame off, he has increased.

Of course, the strongest is the black horn, and the fusion of the heart of the dragon, coupled with the shared blood of the undead, even if it is the second sacred, I am afraid it can not help it.

Soon, this sacred sacred man who was influenced by the violent saints of the mind was murdered.

Then Ye Xuan once again searched him and another corpse, this time, finally learned where the third gate of the ghost gate.

"The third level of the ghost gate is to pass a path of fire, where there is ample sacredness, but it is extremely violent. When people go to the general, they will be affected by the mind. It is recommended that the three saints pass again!"

Ye Xuan eyes a glimpse.

In this case, he can pass this flame road and enter the third level of the ghost gate.

Ghost Gate Jiuguan, in fact, is a region, there are many cities, transmission arrays and so on.

One day later, Ye Xuan came to this flame road through the transmission array.

Just two people in front are preparing to enter the flame road.

When Ye Xuan arrived, they had already entered.

"Let's see it first!"

Ye Xuan stopped and did not immediately let the tree enter, but was ready to wait and see.

This flame road, but I can't see the head, but Ye Xuan saw that the two men who had just entered the flame road suddenly began to attack each other after a while.

"Booming!"

In the path of the flame, the voice of the battle came out.

Soon, one of them was bombarded, while the other one did not even close the body and disappeared into Ye Xuan's field of vision.

"This road to the flames is not simple, but it still does not affect me!"

Ye Xuan thought in his heart, that is, let the tree and others wait.

The old tree, the sword fairy and the black horn enter the flame road together and start moving fast.

However, after they left for a while, they also changed.

The old trees and the black horns began to attack each other. Finally, the old trees were killed by the black horns.

"Hey, Yanlin Kirin is dead!"

"Hey, the \*\*\*\* of temper is resurrected!"

After the two system prompts to sound, Ye Xuan summoned the tree.

"Little Master, I can't stop the violent sacred, lost my mind!" The old man said awkwardly.

"No problem!"

Ye Xuan smiled and said: "Swordsman is separated, and the black horns are taken back!"

At this time, in the path of the flame, the black horn is mad at the sword fairy.

The black horn was also affected, and it was not controlled by Ye Xuan. It was weird.

The next moment, the sword fairy will receive the black corner to receive the engulfing space.

This road of flames can only be separated by the swordsman in invincible state.

The invincible sword fairy split, began to deepen, and then the body was collected.

This kind of mutual attack is obviously not the first time, so there may be other bodies in the path of the flame.

Sure enough, after the sword fairy had gone for a while, he encountered another body and was taken over by the sword fairy.

After being lost in the mind, they don't care about these interests. They only know the battle.

On this road, Jian Xian had encountered a lot of corpses, apparently no one passed the land of fire, so it was cheap to be given by Ye Xuan.

However, soon Jianxian was one person, but this time it was not a dead body, but a living person.

This person is the one who just killed his companion.

This is not the point, the point is that the other party is the second product.

If it is outside, Ye Xuan may be able to fight with him, but he will kill the other party.

But in this path of the flame, after the other party is lost in the mind, it constantly absorbs the violent sacred spirit, and their strength is more terrible than the peak.

Chapter 1983: Strange ice sculpture

Fortunately, the sword fairy is a small strong who can't die. In the face of the other party, a direct assassination eye flashes behind the other side.

Then, the other party quickly turned around and punched the sword on the body of the sword, and slammed it out.

"This person is a second-class sage, even if it is a black horn, it can't fight with it, let alone the sword singer. So, why not let him play the flame road?"

Ye Xuan's mouth is slightly tilted.

This is a way!

If there are no other people on the road to the flames, the sword fairy can be separated on foot.

There are roadblockers on the road, so he can only use this method.

Was thrown out!

"Boom!" "Boom!" "Boom!"

A muffled sound spread.

The second sacred sage fell on the sword fairy body and punched it many times.

Even if it is a three-pronged sage, after suffering so many punches, I am afraid I will be seriously injured. Fortunately, Jian Xian is invincible and can be spared.

Soon, the sword fairy was met with the second big living, and then the two attacked each other and killed each other.

The body was captured by the sword fairy and then was beaten again.

About half a day later, Jian Xian's avatar was finally hit by a flame.

Moreover, the person who beat him out, because he was lost in his mind, continued to attack.

"Void positioning!"

Ye Xuan quickly positioned the sword fairy to locate, and then let the black corner break through the void.

The third gate of this ghost gate is called the ice ice gate. As the name suggests, it is a land of ice and snow, which is in stark contrast with the flame of the second gate of the ghost gate.

The man who lost his mind by the violent sacred spirit, after entering the third gate of the ghost gate, the violent sacredness of the body was suppressed and actually recovered.

Just right, Ye Xuan has already closed up the unparalleled sword, and the sword fairy has disappeared.

"I, have you passed?"

This second sage is a bit strange, but I have not seen my companions who have entered the flame path with myself.

After he thought about it, he knew the reason, so he sighed and left alone.

Having said that, this time, if it is not the sword fairy, he may have to continue to wander on the road of flames and cannot be killed from the road of flames.

However, the next cold ice will be more cruel than the flame.

This land of ice and snow will freeze their holy power. If the Holy Power is unusable, it will be frozen to death.

The second sacred sage is here, and there is also the danger of corruption. Only the level of the three sacred sages can be acted here.

"This cold ice, I heard that it is very peaceful. After all, everyone is thinking about saving lives, not wandering outside, not fighting!"

When Ye Xuan thought about it, he broke open the void and came directly from the flame to the cold ice.

As soon as he landed, he felt the chill of the surrounding, and he was still in the black horn. If there was no protection of the black horn, he might have been frozen into an ice sculpture.

At the moment, Ye Xuan has checked the induction token, but there is still no reaction.

It seems that the Prince of Rong is not in the third gate of the ghost gate.

"carry on!"

Ye Xuan began to let the black horn fly on this snowy land, he must understand this cold ice off.

As before, he first searched through a diffusion search to find a person in the ice, and then let the black horn swallow it.

The third gate of the ghost gate is closed to the fourth gate of the cabinet door. It is necessary to have an ice and snow mountain range. If the strength is not enough, it will not be able to pass through. It must be frozen into an ice sculpture.

Ye Xuan feels that if Jian Xian is separated, it is still not a problem.

However, this fourth gate of the ghost gate requires at least three saints to enter, so Ye Xuan stayed at the third gate of the ghost gate for a few days.

"Hey, the host breaks through, and is currently the Seven Kings!"

"Hey, Yanshen Kirin, Megatron, breaking the gods, devouring the black scale dragon to break through, is currently the second product holy!"

If the realm breaks, then they can also go to the next place.

This time, Ye Xuan is still letting Jian Xian be separated, and soon passed the snow-capped mountains and came to the fourth gate of the ghost gate.

As before, he just landed and took out the induction token.

But this time, it was beyond his expectations!

Inductive token, there is a reaction!

"Famous Prince, in the northwest direction?"

Ye Xuan's eyes widened.

After looking for so long, I finally found Rong Rong.

At the moment, Ye Xuan is heading toward the northwest.

The fourth gate of this ghost gate is called the mad wind. It will blow up the fierce wind all the time. If you are not careful, you will separate your body.

If it is a comparison, naturally the first level is much easier, even if it is in the cold and the flame is off.

"Calling!"

Ye Xuan has not run a few steps, and the wind is raging.

The black horn was too small to hide, and was accidentally cut a piece of meat.

"It's so strong, if it's in the head, it's dead!"

Ye Xuan hit a chill, this wind blade does not seem to be able to be taken by ordinary people, even if it is a four-pronged sage, I am afraid it will not work.

However, this does not stop Ye Xuan's footsteps.

After a while, he came to a relatively small area with a wind blade.

At this point, the inductive token is blooming with white brilliance.

Ye Xuan took a look at the direction and then continued to rush.

As long as you find Rong Rong, then the task is half completed.

The other half is to bring Rong Rong out of the ghost gate.

Guanghua is more and more dazzling, Ye Xuan looks in the direction, and finally saw an ice sculpture.

not good!

Ye Xuan's face changed, should there be no accidents?

He quickly swept over and then looked at it and immediately breathed a sigh of relief.

Before, Gu Tianlei showed him the appearance of Rong Prince, and this ice sculpture is not a prince.

So how does the induction token sense him?

Ye Xuan quickly swallowed this ice sculpture into the space because the other party has died.

At this time, Ye Xuan suddenly remembered a strange place.

Here, it is the fourth gate of the ghost gate, not the third ice barrier.

Here, how can there be an ice sculpture?

Moreover, this ice sculpture should have stood here for a while, why was it not crushed by the wind blade?

Ye Xuan took the ice sculpture again, and then tried it, and found that this ice sculpture actually blocked the wind blade.

"Which master is the martial artist who uses the ice attribute to freeze people?"

Ye Xuan is a bit curious.

Right now, the problem is coming again.

If you freeze this person, the realm is not low, and even the wind blade can block it.

So, how does Ye Xuan break open the outer layer of ice crystals?

Ye Xuan once again engulfed the ice sculpture in the space, where he is the king.

However, what surprised him was that even if he could not break the ice crystal layer, then he could only try the second method.

"Tree old, try it first!"

Ye Xuan let the tree be old, the latter is the sacred unicorn, with a strong flame power.

However, the old tree can not help but this ice sculpture.

Chapter 1984: Ghost gate sixth

"I don't believe it, Kirin burns it!"

The old man's eyes widened and his mouth opened, using the strongest attack.

"boom!"

The oldest attack of the tree covered this ice sculpture, but it still has no effect.

terrible!

"Black Point, you try to devour the Dragon Howler!"

Ye Xuan said again.

"Hey!"

The black horn screamed and screamed at the ice sculpture.

Unfortunately, the defensive ability of this ice sculpture is too strong, even the swallowing of the dragon roar is useless.

"At least the five sacred sages can do it? Or is it the Sixth Respect?"

Ye Xuan swallowed it.

He found the ice sculpture with the induction token, but he couldn't break the ice sculpture, so he couldn't know the person in the ice sculpture. Why did he have the token of the honorable Prince?

However, Ye Xuan has the last killer.

"Sword fairy is split, crush it!"

Ye Xuan said again.

At the moment, the sword fairy is beginning to attack constantly.

Jian Xian has the skill of Ye Xuan, which is an invincible version of Ye Xuan. Then, he naturally has the effect of killing.

However, this layer of ice crystals is too hard, and I don't know what the realm of the realm left, so the sword fairy has been separated for a long time.

Fortunately, Ye Xuan has a good place to swallow space.

One day outside, inside the millennium.

Even so, the Jianxian avatar spent a whole hour of the outside world, triggering a killing effect and crushing the ice crystal layer.

In this one hour outside, Jian Xian did not know how many swords were thrown, and now it is finally broken.

"Hey!"

At this point, the ice crystal layer was already crushed, and then the body was exposed to the air.

At the moment, Ye Xuan quickly reviewed it and let Megatron conduct a soul search.

However, the process of searching for the soul has cost the outside world for half a day, that is, about 500 years in the space.

The realm of this person is very high!

"Heaven, it turned out to be a high-ranking sage!"

Ye Xuan was shocked.

However, Ye Xuan is already aware of the identity of the other party.

This person is the Guardian of the Prince of Cangyan Gu Guorong. He also entered the Ghost Gate and wanted to find the Prince of Rong.

Before Ye Xuan's induction token, it was a small magic weapon that sensed him. This magic weapon, everyone in the guard team.

In other words, this time Ye Xuan did not sense Rong Rong.

However, this person's Qiang Kun ring, it is cheaper Ye Xuan, there are a lot of cultivation resources inside.

Before the ancient Tianlei also forgot to tell Ye Xuan, he also sent a guard team and other people to come in, so that you can constantly check the Ghost Gate and see if the Prince is in a special place, not being sensed.

Maybe, the first level of the ghost gate is also possible!

Ye Xuan searches the soul of the prince's Guards. From the memory of the latter, he can see that it is a white man who freezes it like this with only one hit.

Moreover, this white man did not even see his ring, but he was not afraid of the fourth edge of the ghost gate, and then left.

This ancient country of the devil is really terrible. Even the eight saints and even the nine saints are included.

After the body of the Guardian was received in the swallowing space, Ye Xuan's induction token did not respond.

It seems that he has to continue to pass the investigation.

Soon, he found the way to the fifth gate of the ghost gate. It was a gusty wind gorge. The frequency of the wind blade attack was very high. Even the four sacred sages had a great chance of dying.

It is a pity that even if these wind blade attacks are increased ten times, they can't help the sword fairy.

However, these wind blades are disorganized, and the sword fairy is constantly being repelled. It took a few days to pass this windy canyon.

However, it is finally passed!

At the same time, Ye Xuan's realm has also been upgraded, reaching the eight kings of the king, the old tree and the black horn, but also broke into the three sacred princes.

This realm is still too low!

"The faster the task of saving the Prince of Rong, the better the reward. Now I have entered the Ghost Gate for a month. If it is completed, I don't know what kind of reward will happen!"

Ye Xuan fantasized in his heart, but the reward is still far away from him.

At this time, he has already arrived at the fifth gate of the Ghost Gate. He has just arrived here. He does not know what the fifth level has, so he can only experience it for himself.

He looked around, but did not find any strange places, but at this moment, suddenly a thunder came down in the sky.

"Boom!"

This thunder, directly on the black horns, and then passed to Ye Xuan in the black horns.

In an instant, Ye Xuan feels black and hung!

"What, dead?"

Ye Xuan's last avatar was frightened, and he quickly applied his time back skills to return to the fifth level before he entered the gate.

Then, he specifically went to the fourth gate of the ghost gate to investigate and know.

This ghost gate is the fifth level, called Lei Mingguan!

Anyone who enters the fifth gate of the Ghost Gate must not stay in an area for three seconds, otherwise there will be a thunderfall.

Fang Cai Ye Xuan is stunned, and then was killed by the thunder!

"It turns out that you want to keep moving?"

Ye Xuan immediately understood, and then let the sword fairy pass through the Windy Canyon again, and once again reached the fifth gate of the ghost gate.

This time, he immediately began to move, and kept on moving.

This level is really strange, and the cold ice is a stark contrast.

The cold ice is because it is too cold, everyone is maintaining the Holy Power consumption, so they generally do not walk outside.

And this thunder is off, but it needs to move constantly, so people can be seen everywhere.

"Rong Prince, not in the fifth gate of the ghost gate, then he is at the sixth level or later."

Ye Xuan has some headaches. No matter what, he first finds the way to the sixth level.

However, due to the eagerness to find him early, the clearance speed is a bit fast, so the realm is not enough.

He is more difficult to move, because there are people everywhere running around, you can fight here, you may be targeted.

At the same time, this level will greatly limit the pace of people, while moving fast and moving, there is not much time to practice.

The general passer-by is that when you are caught in the Ghost Gate, the realm is relatively high, so you can easily deal with it.

This time, Ye Xuan was in Lei Ming for several days, and then found the way to the sixth level.

That place, called the land of mines, has no rules for the thunder, and when it hits the ground, it spreads out, ten times more terrible than the windy canyon.

Ye Xuan once again took advantage of the Jianxian avatar, easily passed this level, came to the sixth gate of the ghost gate.

This is the real horror!

Chapter 1985: Prince Rong

If Lei Ming Guan is compared with this sixth level, it is simply a pediatrics.

The environment of the sixth gate of this ghost gate will constantly erode the flesh and blood of the warrior. If you want to survive here, you must have a strong constitution.

If Ye Xuan is exposed to the air, I am afraid that I can't hold it for a second. Even if there is a rapid recovery speed of the blood of the dead, it is useless.

After a second, he will be eroded and dead.

Fortunately, the black horn plus the heart of the dragon and the blood of the undead, can survive here.

It is a pity that this ghost gate is the sixth level, and there is still no news of the Prince.

Ye Xuan started the investigation again and found the entrance to the seventh level.

What surprised him was that, with his current ability, after entering the dark abyss, he was eroded without ten seconds.

The recovery speed and corrosion speed are not proportional to each other and are instantly spiked.

In desperation, Ye Xuan can only use the time-lapse skills again, return to the past, and then let the sword fairy pass.

The eighth gate of the Ghost Gate is called Tianliangguan. It is surrounded by white, no other colors, and it is very dazzling. If you look at it a few times, you will feel dizzy.

In this level, the average person must close his eyes and the perception is greatly reduced. Those who are stronger will lose their way.

However, this time, the sensor token in Ye Xuan's hand finally reacted again.

"go!"

With this sensory, Ye Xuan found the past.

The seventh gate of the ghost gate is the place where the seven sacred sages can come, but Ye Xuan came here with the realm of the nine sacred kings, and had to say that he was very courageous.

The average person feels reduced here, can't blink, but Ye Xuan has a sword fairy to help look at the road, a broad field of vision, coupled with the induction token pathfinding, quickly found the target.

In front, an old man closed his eyes and knees on the ground, without any movement, even Ye Xuan was close to knowing.

"Finally found!"

Ye Xuan looked at the face of this person, his eyes could not help but shine.

Finally found!

Swordsman moved forward and finally entered the other's perception.

"Hello, please stay still!"

Rong's eyes were not awkward.

"Predecessors, I am the trustee of people, come to find you!" Jian Xian said.

"Ok?"

After hearing the prince Rong, he couldn't help but open his eyes and glanced at it. He found that the face of Jian Xian's avatar was very strange.

"Who sent you?" Rong Rong said strangely.

"Gu Tian Lei!"

Ye Xuan directly replied.

"It turned out to be him!"

Prince Rong Rong immediately understood.

Gu Tianlei is the first guardian of the ancient emperor of Cangyan. He disappeared, so Gu Tianlei was ordered to start investigation.

"Before he also sent a lot of people to come in, but the two who found me, and they are already dead, you can find it, luck is not bad."

When Prince Rong said, he shook his head and said: "However, what is the use of finding it? We don't know the specific location of this ghost gate, so we can only rely on ourselves!"

"Then, do you know where the entrance to the eighth level is?" Ye Xuan asked.

"I know that I know, but I have been there once and I have been planted in it. You can come here in this realm. It is beyond my expectation. Can you still want to go to the eighth gate of Ghost Gate?" Rong Prince nodded. Road.

He has already recovered to the realm of the Seven Desires, but this strength is not enough to go to the eighth gate of the Ghost Gate, so he still stays in this seventh.

Here, although you can only open your eyes for a while, but fortunately there is no danger, so most people will choose to practice here.

"That may not be, I can come to this seventh level, naturally have the ability to go to the eighth level, the predecessors just want to inform me of the location!" Ye Xuan said.

"Well, since you want to go see it, then go, there is no direction here, but I know where to follow me."

When Prince Rong said, he stood up and then turned and walked in the direction behind him.

Ye Xuan hurry to keep up.

After a while, he came to the end of the seventh level. The original Prince had a magic weapon that could be used to identify the position and was able to find this place.

"There is no way to open your eyes. When you open it, you will immediately stun, and the perception will drop to a very low level. You must find the exit from this entrance before you can reach the eighth level!" said Prince Rong.

"It turns out!"

Ye Xuan nodded, even if the sword is divided into a look.

"What?"

After seeing the sword fairy, Rong's Prince reminded: "Someone wanted to use it before, but they lost contact later."

"Predecessors are assured, I am awkward, but not ordinary!"

Ye Xuan just smiled.

At this point, the sword fairy has already entered. He has an invincible body and has been squinting since the beginning.

For the first time, Prince Rong has seen someone who can do this. Is it possible to pass the customs?

Although there is no direction in the inside, but Ye Xuan can sense the position of the sword fairy, and then go in the opposite direction.

Soon, I found the exit and then left.

"The eighth gate of the ghost gate, it seems nothing special."

Ye Xuan suddenly spoke.

Upon hearing this, Rong Rongwang stunned and asked: "Are you gone?"

"Well, but there is nothing special about the eighth level." Ye Xuan nodded.

"I didn't expect you to have really passed!" Rong Prince felt incredible, but did not ask much, just said: "The eighth gate of the ghost gate, I heard that it is a fantasy. If the strength is not enough, it will fall into a mirage as soon as you step into it. Among them, you can never wake up."

"It seems that I saw a few people standing in the same place, no action." Ye Xuan nodded.

That being the case, then he is welcome!

This group of people has already fallen into a illusion, some laughing in that wretchedness, some crying in that sadness, and some actually standing and doing some kind of piston movement, it is drunk.

The sword fairy quickly passed, and the people's enthusiasm was taken away, and then they began to wander around.

In the eighth gate of this ghost gate, not everyone is caught in a fantasy, or there are some people with more determined minds.

However, these people are retreating in the closed, because this is already the eighth gate of the ghost gate, the next level is the ninth gate of the ghost gate.

That, but the last one!

Maybe, where is the way out?

If you want to go out, everyone will stay in the first level. Why do you need to move on?

Jian Xian was searched for the eighth time in this ghost gate and finally found the entrance to the ninth gate.

The entrance to the ninth level is actually an enhanced version of the illusion, but for the Swordsman avatar, there is no use at all.

After a while, Jian Xian was directly connected to the ninth gate of the ghost gate.

I don't know, what is this level?

Chapter 1986: Ghost door three-headed dog

Ye Xuan did not immediately pass, but let the sword fairy be explored.

However, he did not find anything special. Is this the ninth gate of the ghost gate, like the eighth gate, a level like the fantasy, so the sword fairy is not found?

Just when Ye Xuan thought about whether or not to look at it personally, suddenly someone leaned on.

"It's weird, it's a holy priest?"

A strange voice fell into the ears of the sword fairy.

Ye Xuan turned to look at it and found that the person who came was a young man, but the breath of the young man was very strong, and I am afraid that he has reached the nine sages.

"Dare to ask, is there any danger in this relationship?" Jian Xian said.

"Danger? No!"

The young man shook his head and said: "The ninth gate of this ghost gate, there is no danger. The people who come to this border, apart from killing each other, no one else has fallen."

"No, this is the last level of the ghost gate, how can it be no danger?" Jian Xian said that he could not believe it.

"There is no danger, but those who come to the ninth gate of the ghost gate will also be trapped here and unable to go out."

The young man paused and continued: "Unless, the ancient king of the devil is recruited, and those who are willing to work for the ancient kingdom of the devil can leave. The second method is to kill the ghost at the end of the ninth gate of the ghost gate. Door three-headed dog, escape from prison!"

"Ghost door three-headed dog, what is the realm?" Sword fairy asked curiously.

"At least the level of the Holy Emperor, it is said to be the pet of the ghost gate of the Ghost Gate. If you want to leave the Ghost Gate, you have to kill it, but no one has succeeded, so I don't know if it is true or not." .

"It turns out, thank you!" Swordsman nodded and thanked.

"You, it should be just a slap, it is awesome to be able to control a pass."

The young man understood the appearance of the sword fairy, and then he held the fist and said: "Farewell!"

Sword fairy looked at the back of his departure, his eyes glimpsed, and then Ye Xuan informed the Prince of the situation here.

"Ghost door three-headed dog, I have heard of it."

Prince Rong recalled, said: "It is said that this is the ghost of the ghost gate warden from childhood to the big pet, the strength is very strong, even the same level of the demon can not beat it."

"As for the warden, it is the prince of the emperor of the ancient spirits, the strength is stronger than the ghost three-headed dog, but few people see him."

Ye Xuan thought for a moment and said: "If this is the case, then let's go to the ninth gate of the ghost gate."

"How come?" Rong Prince was a stranger.

Next, Ye Xuan directly opened the door of the void, and after they passed through, they came to the ninth gate of the ghost gate.

For the first time, the seven sacred sages like the Prince of Rong came to the ninth gate of the Ghost Gate.

Of course, like Ye Xuan, this product is a miracle.

However, in the ninth gate of the Ghost Gate, there may not be only eight saints, nine saints, and many holy emperors.

These people are the descendants of the people trapped in the ninth gate of the ghost gate, so Ye Xuan comes in, it is not a unique style.

The ninth gate of this ghost gate is not big. Ye Xuan turned around and found less than a hundred high-ranking holy sages. Among them, there are more than twenty nine sacred sacred statues.

Before the young man said that the ancient kingdom of the devil might send people to recruit, as long as these people promised, then it will be used by the ancient kingdom of the magic, and naturally will leave the ninth gate of the ghost gate.

As for those who disobey, I am afraid I will continue to stay here unless I can kill the ghost three-headed dog.

After a while, Ye Xuan saw the ghost-like three-headed dog.

The horrible atmosphere, pressed Ye Xuan heart mad.

"The ancient country of the devil wants to recruit these people, then it should not be killed, so it should just be repelled back." Rong Wang looked at the ghost gate three-headed dog and said slowly.

At this moment, someone suddenly swept toward the one-eyed three-headed dog.

This is a blue middle-aged man. Ye Xuan is slightly impressed.

This person is the master who will be frozen into ice sculptures by the princes of Rongrong. He is now going to the ghost gate three-headed dog. Maybe it is a challenge.

"The Ice King finally has to start challenging the ghost gate three-headed dog!"

"Go, go see!"

"The magic king of the ancient generation, the ice master, is finally going to shoot."

"The Ice Emperor is the owner of the cold home in the ancient country of the devil. I don't know what was wrong. I was beaten into the Ghost Gate. It is said that he played against a Holy Emperor when he was in the Holy Spirit. The land of defeat."

"If he can defeat this ghost gate three-headed dog, he is free. But this ghost-headed three-headed dog is not comparable to the general emperor. Can he play it?"

When the masters spoke, the ice emperor was already in front of the ghost gate three-headed dog.

The Ghost Gate trio had already noticed him and opened the three pairs of huge eyes.

"drink!"

The Ice Emperor did not talk nonsense, but directly attacked the ghost gate three-headed dog.

Unfortunately, this blow did not even break the defense of the Ghost Gate.

When the ice \*\*\*\* saw it, he couldn't help but stop. Although there was only one blow, he understood the gap between himself and the ghost dog, so he could only sigh and find a place to continue practicing.

"Hey, even the Ice King has no way to break its defense, we are even more impossible, or to practice, if it can break through the Holy Emperor, maybe it will!"

The crowd also shook their heads and then went back to practice.

As for Ye Xuan, he is looking at the huge ghost gate three-headed dog.

Although the attack of the sword fairy is not strong, but there is a killing effect, if it can be triggered, this ghost three-headed dog will be ten times stronger and will be spiked.

However, the last time Ye Xuan was consuming the space, let the sword fairy break through the ice crystal layer, but it took five hundred years.

Now, if you let Jianxian split to attack this ghost-level three-headed dog, let alone five hundred years, even if it is a year, Ye Xuan feels long.

"There is no way, just let me stay for another month, there should be no problem!"

Ye Xuan's eyes were slightly stunned, and my heart thought.

At this time, he is only a sacred prince, and the black horn is a five-product holy prince. It is estimated that he can only fight with the four products and the five sacred sages.

However, if you let Ye Xuan stay for a month, you can breakthrough to the seven sacred princes. At that time, the black horn can fight this ghost-level three-headed dog.

Don't forget, Ye Xuan also has a super magic weapon of the beast \*\*\*\* clock. When the time is suppressed, the strength of the ghost gate three-headed dog can only play 20%.

Next, Ye Xuan found a place to retreat, and the same was true of Prince Rong.

The prince of the glory of the peak period was actually the strongest of the Holy Emperor, but later he was beaten with both people. In the case of serious injury, the realm fell.

Chapter 1987: Escape from the ghost gate

As long as you give the Prince Prince time, it should be no problem to revert to the Jiuxiang Holy Respect, but if you want to return to the Holy Emperor, you will need a lot of natural treasures.

Therefore, Ye Xuan can't rely on this prince, he has to rely on himself.

"After a month, say it again!"

Ye Xuan thought in his heart.

Not a ghost gate three-headed dog of the Holy Emperor level, what are you afraid of?

Next, Ye Xuan spent a full month in the ninth gate of this ghost gate.

A month later, his realm broke from the first prince to the seven sages.

The old tree, the black corner, the broken sky and the Megatron are the breakthroughs to the second emperor.

Now, the strength of Black Point is almost enough to kill this ghost gate three-headed dog.

"I don't know if there are other people behind the Ghost Gate, but I sometimes go back to the skills, or kill them first!"

Ye Xuan thought in his heart, he summoned the black horn and then entered his belly.

"Hey, someone passed to the ghost gate three dogs!"

"How is it just the realm of the Holy Emperor?"

"This black dragon, the breath is very different from what I have encountered before. What is the blood?"

Those who are trapped in the ninth gate of the ghost gate are a strange look.

Even Rong Rong, I don't know what Ye Xuan is going to do.

"With the cooperation of Black Point and Megatron, it is almost impossible to fight, but if Megatron is the beast of the beast, it should be easier!"

Ye Xuan was in the body of Black Point. After thinking about it, he directly attacked the ghost gate three-headed dog.

This move is directly the strongest to devour the dragon roar.

In addition, the beast clock has also appeared, and the ghost gate three dogs were instantly suppressed by 80%.

"Ok?"

This ghost-headed three-headed dog felt an extraordinary breath and immediately looked up and found a black fire pillar hitting himself.

"Roar!"

The Ghost Gate three-headed dog opened three times and spewed out three black fire pillars.

These three black fire pillars are combined into one, and then snarled with the swallowing dragon.

However, this attack was instantly defeated by the engulfing effect of the Dragon Howler.

"boom!"

Devouring the dragon roar, directly through the body of the ghost gate three-headed dog, the devour effect also instantly swallowed the ghost gate three-headed dog.

"Hey, the host's killing value is improved!"

A system prompt sounded in Ye Xuan's mind.

The ghost gate three-headed dog of the Holy Emperor level is directly killed by the spike!

The audience was shocked!

"This, what is going on?"

"God, even the ghost gate three-headed dog, who can't help but the ice queen, is killed by the spike!"

"That attack is a good horror, ten times more powerful than the Ice King's attack!"

The audience, all shocked!

At this time, Ye Xuan in the black horns couldn't help but slightly sway, directly commanding the black horn, and forcibly swallowed the prince.

"Song Prince, I will \*\*\*\* you to leave!"

Ye Xuan, regardless of other people, directly rushed through the door behind the ghost gate three-headed dog.

And the group of people, immediately after seeing this scene, rushed over.

They were blocked by the ghost gate three-headed dog behind this door. Now the ghost gate three-headed dog is dead, they may be able to leave this ghost place.

After Ye Xuan passed through the door, he found that it was a dark place with no light, but this did not have any effect on Ye Xuan.

"Go south!"

Ye Xuan's eyes swiftly slid the black horn toward the south.

Before he had a death killing order on Gu Tianlei, and Gu Tianlei was in the south at this time, so there should be the ancient country of Cangyan.

"Hey, the host completes random tasks, rewards, time advances!"

Rong Rong was rescued and Ye Xuan's mission was completed.

It may be because Ye Xuanzhen has been mistaken for too long, so the reward is not so tempting, but it is not bad, so the flow rate of the phagocytic space is slower.

The outside world, the past two thousand years, too against the sky!

After Ye Xuan, there were a large number of prisoners coming out of the Ghost Gate. I am afraid that the ancient country of the Devils would be in chaos.

"I have rescued Prince Rong, where did you meet?" Ye Xuan quickly rushed to Gu Tianlei.

"What, are you out of trouble?" Gu Tianlei was shocked.

Before he and Ye Xuan made a deal, I thought that even if things went well, it would take at least a million years. I didn't expect Ye Xuan to spend only a few months. It was terrible.

"Now the Red Dragon collar has been accepted by my ancient country, and you quickly go to the Red Dragon collar. I will send people to meet you!"

Gu Tianlei returned to God and returned.

"Red dragon collar, no problem!"

Ye Xuan's eyes are slightly stunned. Here is the exit of the Ghost Gate. Although he doesn't know where it is, he just needs to find someone to ask.

However, things are not that simple.

At the moment the Ghost Gate's three-headed dog died, a young man suddenly opened his eyes at a place in the Ghost Gate.

"Three heads are dead, someone killed him?"

Young brows pick one.

The three heads in his mouth are the ghost gate three-headed dog, which is his pet.

And he is the warden of the Ghost Gate!

Now, the ghost gate three-headed dog is dead, which means that the ghost gate is broken, so that he is the warden, and naturally his face is dull.

"Good guy, actually killed three heads, seeing that I won't kill you!"

The youth glimmered, passing through the gates momentarily, then standing in front of the gate.

At this time, the body of the ghost gate three-headed dog has been swallowed up, and there is no left.

"I am guarding the ghost gates and nine customs. Only those who have returned to the royal family of the ancient spirits can go out. Now there are other people who have left, and their sins are awkward!"

The young people did not say anything, they crossed the gate and began to pursue those who fled.

With his strength, even the opponents can not easily kill them, let alone a single pursuit.

However, after he killed several prisoners who had escaped from the Ghost Gate, he felt a breath.

"Ok?"

The young man brows and looks to the south.

This breath directly caught his attention. At the moment, he chased the past.

After a while, he caught up with each other.

This breath is left by the black horns.

"Ok?"

Ye Xuan, who was on the road, picked up his face and suddenly felt something. He immediately turned Black Pointe to look.

I saw that a young man is approaching quickly.

"Is it you, killing my pet?" The young man said coldly.

pet?

Upon hearing this name, Ye Xuan suddenly reacted.

The pet in the other party's mouth is not the ghost gate three-headed dog?

In this case, then this young man is the warden of the Ghost Gate, which is the crown prince of the ancient kingdom of the devil.

"A strong breath, it is estimated that the second product of the Holy Emperor!" Ye Xuan secretly swallowed a spit, and then knowingly asked: "Who are you?"

Chapter 1988: Ghost Warlord

"Ghost door three-headed dog, are you killing?"

The young man did not answer this question and asked again.

"What is it?" Ye Xuan replied coldly.

"Since it is, then you should die!"

The youthful dawn was cold and it was directly killed to the black horn.

"I would like to see if your \*\*\*\* is as powerful as the rumors!"

Ye Xuan screamed and summoned the sword fairy directly, and then attacked He Jian with the black horn.

"Booming!"

The two sides immediately played against each other.

With the black horn of the heart of the dragon, the combat power is extremely powerful, and with the sword fairy, even He Jian is also a headache.

"This person has the strength that he can't have. What is it?"

He Jian frowned and thought while attacking.

The ancient country of the demon is just a small ancient country. There are also intermediate ancient countries and ancient countries.

However, he feels that even if he is an old country, he may not be able to cultivate such a rebellious existence.

"Is it the dojo?"

He Jian thought it when he thought about it.

In the ancient country of the magic spirit, how can there be a disciple of the Dojo?

Anyway, grab Ye Xuan first.

"This is not the first genius of the ancient country of the devil, it is much stronger than the ghost three-headed dog. If you are entangled by him, you want to go to the red dragon collar, it is difficult!"

Ye Xuan thought in his mind that he was ready to use the time-lapse skills to return to the past.

Last time, he stayed for a month, and he could not wait to kill the ghost gate three-headed dog, and then fled the ghost gate.

This time, he is ready to stay for a few more days, and then leave after making a breakthrough.

In this way, even if it is hard to kill, it can't help him!

Of course, if you do this, the reward for the rescue of Prince Rong's random mission is likely to drop a grade.

"Hey, the host triggered a random mission, successfully escaped, and escorted Prince Rong to the ancient kingdom of Cangyan!"

A system prompts to sound, now, Ye Xuan does not want to use the time back skills.

"Good luck, one task after another!"

After sneaking up, Ye Xuan decided not to entangle with the other side, and turned around and left.

"Want to go, leave me!"

The youth made a lot of efforts to eat milk and tried to intercept Ye Xuan.

However, he did not know the details of Ye Xuan.

"Sword fairy is separated, go!"

Ye Xuan controls the sword fairy to leave, but the other party does not care, and then only shot at the black corner.

However, the black horn with the heart of the dragon, coupled with the physique of the black dragon, even if the youth is the second emperor, can not help it, can only continue to entangle.

After Jian Xian's avatar has rushed for a while, Ye Xuan suddenly used the position change to let himself and the sword fairy change position.

Then, Ye Xuan let the sword fairy split the black corner into the swallow space, and put it out with the deity.

"Ok?"

The youth is very surprised.

However, before he saw that the sword fairy was a shackle, so he did not pursue it. Now, the black horn disappeared, and the sword fairy appeared again?

He can't figure it out!

Still not waiting for him to react, Ye Xuan will again unparalleled the sword, and the sword fairy will disappear.

"Damn!"

Upon seeing it, He Jian couldn't help but roar and then chased him toward the south.

At this time, somewhere in the ancient country of the devil.

"Hey, just because you want to catch me, it's really whimsical!"

Ye Xuan was cold-hearted, then took a look at the map and estimated it. After about half a day, he could enter the Red Dragon collar.

This red dragon collar was previously the site of the ancient country of the demon, but in the battlefield of the purgatory, the Qilin ancients supported by the ancient spirits of the devil failed, so the red dragon collar was assigned to the ancient country of Cangyan.

When Ye Xuan entered the Ghost Gate, the Red Dragon Collar had already been called, so it is now the territory of the ancient country of Cangyan.

As long as you enter the Red Dragon collar, then someone will come to pick it up!

However, things are not that simple.

"finally reached!"

After half a day, Ye Xuan saw a huge red dragon head in front of him, and sighed in his heart.

It seems that this time the task is completed!

At the moment, he is to release the sword fairy, and then cross the border between the two countries, and then use the way to change into the red dragon collar.

Available at this time.

"A strong breath, everyone is careful!"

The guardian of the border suddenly screamed.

Those who saw the gaze and found that the person turned out to be a holy emperor.

At the junction of the two countries, all masters of the Holy Emperor level cannot enter the other side of the border unless they invite them.

And now the border generals have not received any news, what is the other party doing?

This holy emperor is He Jian who came after the pursuit of Ye Xuan. He quickly flashed in front of the red dragon collar wall, and said: "The hyperthyroidism of the ancient country of Cangyan, what is going on?"

"Where are you, come to the name?" The border general of Cangyan ancient country shouted loudly.

"The general existence of ants, but also know my name?" He Jian said nothing, even shot directly.

The second product of the Holy Emperor, he instantly killed this border general who is only the nine sacred sage!

He had been retreating somewhere in the Ghost Gate, so he did not know that the Red Dragon collar had been assigned to the ancient country of Cangyan.

Now, he killed the border generals of the ancient country of Cangyan, which has caused great chaos.

He also, regardless of the other, directly broke into the Red Dragon collar and continued to pursue Ye Xuan.

"The trough, this guy is going to trigger a war between the two countries!" Ye Xuan was shocked.

However, the sword fairy has been separated from him, even if the other party finds it, it will not help.

"Gu Tianlei, that He Jian broke through the Chi Longguan!" Ye Xuan rushed to Gu Tianlei.

"This guy must not know about the Red Dragon collar, drag it, I will be there soon!" Gu Tianlei returned.

Although the other side can't help but the black horn, but Ye Xuan is too lazy to play against each other.

"He Jian, do you know that the Red Dragon collar is now the site of the ancient country of Cangyan?" Ye Xuan suddenly shouted.

"what?"

After He Jian heard it, it was a bit strange.

When did the Red Dragon Collar become the site of the ancient country of Cangyan?

However, he thought of the new border that was established in the Red Dragon collar, and he felt that things were not going well.

He has already invaded the territory of the ancient country of Cangyan, and also killed a border general of the ancient country of Cangyan.

"In any case, you have to stay!"

He Jian blinked and shot Ye Xuan again.

"Grandma's, don't force me to use time to kill you!" Ye Xuan screamed.

This time, he didn't want to go back in time, but if he was to find death, he wouldn't mind using it once.

However, if you do that, his random task will not be completed.

Just then, the sky suddenly plucked a figure.

"He Jian!"

The other party screamed.

After hearing this voice, He Jian turned around and looked at it.

"Gu Tianlei?"

Chapter 1989: Self-destruct

"Gu Tianlei?"

He Jian could not help but shout.

How can he not know the red man Gu Tianlei around the emperor of Cangyan?

"He Jian, you have invaded the territory of my ancient country of Cangyan!" said Gu Tianlei.

"This red dragon collar, when became the territory of your Cangyan Empire?" He Jian could not help but ask.

"The battle of the infernal battlefield has ended. It is my ancient victory in Cangyan!" Gu Tianlei replied.

Here, He Jian understands!

"I don't know this!" He Jian answered coldly.

"If this is the case, then the speed will recede!" Gu Tianlei said.

"No!"

He Jian glanced at Black Point and said: "He killed my pet, I want to take him back!"

"pet?"

Gu Tianlei heard this, it was very strange.

Ye Xuan, actually killed the ghost gate three-headed dog?

Before the ancient Tianlei heard the news, I thought it was a high-level person to help, but I did not expect it to be like this.

"This person enters China for the holidays, naturally it is handled by my ancient country. I have a clear understanding of the ins and outs of the ancient government. He Jian, you still quickly retreat!" Gu Tianlei said.

He Jiangang wanted to speak, but the next moment, he saw Gu Tianlei take out a message token to listen to.

Suddenly, Gu Tianlei's face changed dramatically!

"He Jian, although you are unaware of it, but you have killed a border general in our country. If so, then I can only leave you!" Gu Tianlei said.

"Just by you?" He Jian glimmered.

"With me, it is enough!"

Gu Tianlei did not say anything, directly shot.

On the other side, Ye Xuan saw it and immediately ordered Black Point to shoot.

Before He Jian couldn't help him, now with Gu Tianlei, the odds are naturally a lot bigger.

"Booming!"

Suddenly, the two sides began to fight.

However, I have to say that the strength of this He Jian is very strong. After all, it is the crown prince of the ancient country of the devil, but Gu Tianlei is not weak. Together with the black horn, He Jian is suppressed.

"It seems that there is no way, go!"

He Jian took the initiative and turned around and left.

"I want to go now, it is already late!"

Gu Tianlei's mouth was slightly tilted.

Upon hearing this, He Jian immediately turned around and found that there were two breaths that quickly approached.

Plus Gu Tianlei, there are actually three second-class holy emperors!

"Do you want to provoke a war between the two countries!" He Jian sighed.

An ancient Tianlei and Black Point, he can cope with it, but he did not expect that the other party actually has two people to intercept him.

This is trouble!

"Although you are the emperor of the future of the ancient kingdom of the devil, but you can not arrogate the territory of my ancient country, and kill the generals of our country, I naturally want to marry you back to the emperor, from the emperor!"

The voice of Gu Tianlei fell in He Jian's ear.

At this time, He Jian's mind suddenly thought of a thought. This time, is it the conspiracy of the ancient country of Cangyan?

The purpose is to lead him to cross the border?

"Bastard, want to catch me, the door is not!"

He Jian screamed, suddenly the breath began to skyrocket, scared Gu Tianlei and others quickly retire backward.

Finally, after the sound of ‘嘭’, He Jian’s body exploded.

Detonated!

"How hard is this, is it crazy? We just catch him, he needs to fight for himself?"

Gu Tianlei was shocked, but the next moment, he felt that something was wrong.

"No, it's just a avatar, not a strong deity!"

He reacted.

Before they had to arrest He Jian, they just wanted to extort a sum of money. After all, He Jian killed a border general in the ancient city of Cangyan.

However, He Jian is desperate to blew himself, which is very unreasonable!

Therefore, Gu Tianlei carefully examined it. Sure enough, this is not a deity.

However, this is the case, Ye Xuan has successfully sent Rong Rong to the territory of Cangyan ancient country, but the random task is to send Rong Rong to the Imperial Capital, so the task has not been completed.

Then, Ye Xuan gave the Prince Rong Rong.

"I have seen Prince Rong!"

After seeing Rong Rongwang, Gu Tianlei immediately said that he was holding a fist.

"Exemption!"

Prince Rong said, and then his eyes fell on Jian Xianfen, saying: "This young man is young and promising. If it is not him, I can't leave the Ghost Gate. It is necessary to pay attention!"

Gu Tianlei did not think that Ye Xuan could really save the prince, but he was a bit stunned by the talent of the latter.

"This son, is it a disciple of the dojo, come to us to practice?" Gu Tianlei has some doubts in his heart.

However, it is still up to the emperor to say it.

At the moment, they started to hurry. In less than two days, Ye Xuan arrived at the emperor of the ancient city of Cangyan.

"Hey, the host completes the random mission and rewards the swordsman for coming to the advanced level!"

The system prompts.

After Ye Xuan listened, the eyes could not help but shine.

This time the reward is really rich!

When Jian Xian descends to the advanced level, he can increase his combat power. If he is to cast a sword, the chance of triggering a hit will be higher.

Cool!

You must know that before he has upgraded the sword and the sword, and every time he raises, he has to consume six points.

In other words, this random task is equivalent to a six-point swallowing point.

However, if you want to continue to advance, you will need nine points to swallow.

Then, Gu Tianlei and Rong Prince took Ye Xuan and entered the palace to see the emperor of the ancient country of Cangyan.

This emperor of the ancient country of Cangyan, although only a level of the Holy Emperor, is a country that is loved and loved.

"Feng, Ye Xuan is offering a product, giving the palace a house, a beautiful woman..."

The emperor of the ancient country of Cangyan was not embarrassed, and directly rewarded Ye Xuan with a lot of things, enough to cultivate to the high-ranking holy deities.

It's a pity that I don't have a cold now.

"Emperor brother, Ye Xuan's qualifications are not comparable to the average person. Do you think these things are given to him? Don't you feel too cheesy?"

At this time, Prince Rong said suddenly.

"What do you mean..." A glimpse of the ancient emperor of Cangyan.

"If I remember correctly, then after a while, my brother of the ancient family of Cangyan will go to the Jinyu Dojo?" Rong Rongwang said.

"Yes, the meaning of the emperor is to let Ye Xuan replace a place?" The ancient emperor of Cangyan.

"Yes, with Ye Xuan's qualifications, even if my top talent in the ancient country of Cangyan is in front of him, he will be eclipsed. He can definitely win a quota, and even pass the test of the Dojo!" Rong Prince nodded.

Hearing this, Ye Xuan could not help but ask: "What is the dojo?"

"You don't know?" Rong Prince turned around strangely. He thought that Ye Xuan was a disciple of the Dojo, otherwise would it be so enchanting?

Fang Cai, in fact, they are acting, just to see Ye Xuan, is to hope to be able to close some distance with Ye Xuan, I did not expect Ye Xuan is not a disciple of the Dojo.

Chapter 1990: Nine heavens

"never heard of that."

Ye Xuan shook his head.

Prince Rong was shocked. If Ye Xuan did not come out of the dojo, then there would be somewhere to cultivate such geniuses.

The more two battles in the big realm, it's terrible!

"If he enters the Golden Feather Dojo, it will inevitably become the most dazzling star in the Jinyu Dojo, then my ancient country will grow up!"

The ancient emperors of Cangyan, Prince Rong, and Gu Tianlei's heart all think so.

At this time, Gu Tianlei explained to Ye Xuan: "Whether it is my ancient country or the ancient country of the magic, they are built around the Jinyu Dojo."

"This Jinyu Dojo is a giant, and it is said that there are still half-step masters. Of course, the Jinyu Dojo in our mouth is just a branch, built on the double heaven!"

Hearing this, Ye Xuan is a glimpse, and stunned: "Double Heaven, is..."

"Heaven, there are a total of nine weights. Our current place is a heavy heaven, and the Jinyu Dojo Division is the power of the Double Heaven. The Double Heaven is much more than a heavy heaven, the heavens and the earth, the environment, Opportunities, etc., are not comparable to one heaven," Rong said.

"Nine heavens?"

Ye Xuan's eyes were slightly stunned, and he was the first to see this.

"We are not very clear about the things of Jiuzhongtian, but the headquarters of the Jinyu Dojo is said to be a top force in the Triple Heaven." The ancient emperor of Cangyan said.

"So, what is the realm of half-steps?"

Ye Xuan asked again.

"After the Holy Emperor, I began to touch the heavens, half-step Tianjun, Tianjun, invincible Tianjun, and half-step Daojun, after the invincible Tianjun, these realms, not what we can understand." The ancient emperor shook his head.

"It turns out!"

Ye Xuan nodded slightly, no longer asked.

After all, he is only a holy prince now. After the holy prince, there are the Holy Emperor, the Holy Emperor and the Holy Emperor. He is too far away from that realm.

Seeing Ye Xuan, the emperor of Cangyan ancient country said: "If this is the case, then let's say so. At that time, Ye Xuan and I, the elite of the ancient family of Cangyan, went to the Dojo to participate in the assessment."

"Thank you for the emperor!"

Ye Xuan thanked a sentence.

He thought that he was almost going to the pinnacle of the world, but he didn't expect it to be just the tip of the iceberg. But this is also good. He has only just warmed up since he cultivated it.

I don't know, how strong will it be when he breaks through that realm?

Then, Ye Xuan lived in the palace of the ancient country of Cangyan.

Because of the time when He Jian was arrogant, the ancient country of Cangyan also put pressure on the ancient country of the magic, and then obtained a compensation.

The ancient country of the demon spirit is a little sad reminder. The ghost gate is not only forced, but one of He Jian's avatars is also destroyed. It is equivalent to being interrupted and can only swallow in the stomach.

During the following period, Ye Xuan was resting in his own residence, and his realm continued to improve over time.

Ten days later.

"Hey, the host breaks through, and it is currently a nine-prince priest!"

"Hey, the sacred gods, the Megatron, the gods, the black dragons, and the current four kings!"

Breaking through the realm, their strengths are greatly improved. At this time, if Ye Xuan is mad, no one can stop him in the entire ancient city of Cangyan.

However, now he does not lack cultivation resources, so there is no animality, and the entire ancient country of Cangyan is destroyed. At the same time, he is too lazy to go to the ancient country of the demon.

Soon, it is time.

Today, the team of the ancient country of Cangyan has been ready to go to the end of the first heaven, where there is a road to the double heaven.

When Ye Xuan came to the meeting point, he saw the royal elites of the ancient country of Cangyan, all staring at him.

"I heard that the black dragon behind him has the strength to fight with He Jian, the prisoner of the Ghost Gate!"

"It's terrible. Is it difficult to cultivate it in an intermediate or advanced ancient country?"

"He is sure to successfully pass the assessment and enter the Jinyu Dojo!"

"Be sure to take a break later, maybe take care of us."

These royal elites are not old enough, but the strongest one is already the nine-story sacred, just to meet the requirements of the Jinyu Dojo.

Although it is said that the powerful is the black horn, but Ye Xuan can tame such a black dragon, certainly not a fuel-efficient lamp, even if it is only a nine-product holy prince, can not be underestimated.

Indeed, if Ye Xuan is full of power, the strength is not worse than the old man, although it is not a black horn, but it can also deal with these royal elites.

After all, he is a super genius who has passed the 18th floor of the Trial Tower. If you have another paragraph, you may be able to challenge the 19th floor.

"Calling!"

At this time, the sky suddenly dropped a golden Dapeng, there are several figures on the back, and Gu Tianlei is among them.

"This is the only holy beast of the Holy Emperor level in my ancient country. This time it carries us to the transfer point of the Double Heaven!"

The royal elite recognized it.

"Okay, come up!" Gu Tianlei shouted.

Then, this group of royal elites all jumped on the back of the golden Dapeng.

However, Ye Xuan did not.

The strength of Black Point is 100 times stronger than this golden Dapeng. Do you need it to hurry?

Gu Tianlei did not say anything. He felt that the strength of Ye Xuan after ten days was a lot stronger. I am afraid that even he would not be an opponent.

Then, this group of people began to hurry.

Two days later, a group of their professional people came to a transfer point. At the footing, the messenger of the Jinyu Dojo is estimated to have arrived.

When they were finished, they saw the people at the Jinyu Dojo waiting there.

"See the messenger!"

Gu Tianlei immediately greeted Ye Xuan and others.

The leader of the dojo was a middle-aged man. Although his appearance was flat, his breath was nothing.

"Good, at least the high-level Emperor!" Ye Xuan heart trembled.

However, the high-ranking emperor in the dojo, I am afraid it is not enough to see, after all, even if it is only the double-day Jinyu dojo branch, there are also Tianjun level masters.

"What about the ancient country of Cangyan, wait for it first." The Taoist messenger shouted.

Gu Tianlei, a glimpse, did not ask, just stood there waiting.

After a while, another group of people landed. After Gu Tianlei took a closer look, he understood that the other party was the ancient country of the devil.

"Your two countries are the last ones, let's go!"

When the dojo is finished, it is a glimpse of the sky.

The next moment, everyone is shocked!

Heaven, it actually cracked!

"go!"

Not waiting for everyone to react, they are surrounded by a mass of energy and then rise quickly.

The leaders of Gu Tianlei and the ancient kings of the magic spirit looked at them and quickly ascended to heaven, and could not help but show the envious look.
