

Super D. S 199

Chapter 199: Streak

"Well, you remember this sentence, I am watching here, seeing that you can beat a few people!" After Tang Tian finished speaking, he stood quietly.

The people present felt the relative atmosphere of the two battles. They have been whispering that the people of the Datang Dynasty are a bit arrogant compared to other dynasties and the alliance of China. Many people are blind.

Soon, the disciple named Zhang Yong came on the list of the land. He did not notice Tang Tian and went straight to the ring.

"Is you challenging me?" Zhang Yong did not figure out the state. He was just practicing and was called out.

"come on."

Ye Xuan did not say much.

His tone directly caused Zhang Yong's dissatisfaction.

"court death!"

After Zhang Yong's snoring, he rushed straight ahead.

Although he is in the middle of the real Xuanjing, the 80th place in the list of the land is already the peak of the real Xuanjing. Therefore, his strength is the peak in the same order.

However, the next moment, he felt a pain in his chest, and the whole person flew out uncontrollably.

"what?"

Zhang Yong looked blank and then spit out a blood outside the ring.

"Ye Xuansheng!"

The referee of the Fujian and Taiwan announced again.

Now, Ye Xuan has defeated all the disciples in the middle of the Tang Dynasty. In the following, it is the peak of the true Xuanjing.

"waste!"

Zhang Yong, who fell under the ring, suddenly heard a voice. When he turned around, he found that Tang Tian stood not far away and suddenly changed his face.

what's going on?

"Brother, I want to continue to challenge!"

Ye Xuan on the ring continued to shout.

"Well, I am already letting people know!" The squadron administrator of the Alliance of China has already sent a lot of people to inform him, and several times, I am afraid that those people will soon One came to the challenge field.

However, at this time, Tang Tian suddenly said: "Ye Xuan, I know what you want to do, but then it is the peak of the real Xuanjing, you are sure you have to ask for it?"

Ye Xuan was just breaking through, so Tang Tian still doesn't know. He thinks that Ye Xuan is definitely looking for death.

But at this time, there was a whisper on the side: "His Royal Highness, he is already the peak of the real world!"

what?

As soon as this was said, Tang Tian was shocked.

How can this be?

Before he was beaten by Ye Xuan, Ye Xuan was only in the middle of the real period. However, it was only a few days later that Ye Xuan broke through to the peak of the real Xuanjing.

It's hard to be done. Ye Xuan is eating a precious treasure of heaven and earth, and directly raised a grade?

However, he quickly searched the memory and found that there is nothing that can directly lead people to a higher level from the middle of the real world.

"It's really enchanting, his qualifications are still above the Song ruling, but why would he participate in the assessment?" Tang Tian's heart is very puzzled. He has already felt tremendous pressure from Ye Xuan. When thinking about it, he can't help himself. Showing the murder.

It is not a good sign to be an enemy of such a genius, but at this time he and Ye Xuan are still endless, so he only has one idea in mind, that is to remove Ye Xuan.

Soon, there were two more figures in the challenge field. They were the two peaks of the real world in the capital of the Tang Dynasty.

They are not the same as Zhang Yong. After entering, they saw Tang Tian, and immediately went to Tang Tian.

"That Ye Xuan is looking for death, and will not be merciful, and abolish him!" Tang Tian whispered.

He doesn't know who will play first, but as long as he can abolish Ye Xuan, then Ye Xuan is finished.

"Yes!"

The two men respectfully said, and then one of them went to the ring.

Looking at the young man, Ye Xuan also smiled slightly. At this time, the Song Dynasty under the stage suddenly shouted: "Ye Xuan, fly him!"

"it is good!"

Ye Xuan's answer is also very simple.

The referee in the downfall heard the words and shouted directly: "Begin!"

Real Xuanjing peak!

This is the first real battle of Ye Xuan.

But what about this?

"Ye Shidi, you must first shoot, if I am, you may not have a chance to shoot." The young man said coldly.

"Okay, then I will be more respectful than my life!"

Ye Xuan is too lazy to talk nonsense, directly transporting Xuanqi, and that time, it is turned into a streamer.

"call out!"

Everyone present was unable to see his movements, including the disciples of the true peaks, and even the young man standing in front of Ye Xuan.

The young man regretted it and regretted that he had said such a big word, but now is not the time to regret it. He stared at it and even actually caught him the image of Ye Xuan. Immediately, he was arrogant and suddenly punched a punch at the front.

However, the next moment, he was shocked.

Ye Xuan, suddenly an acceleration, and then the whole person disappeared.

He punched this punch!

No, no fight!

The young man's heart trembled. He felt that his right fist had hit something, but this feeling was just passed to his brain, and then there was a heartbreaking pain.

"Hey!"

A crisp sound spread in this quiet challenge field. When everyone reacted, I found that the young man had a strange thing on his back, which was actually a bone!

"what....."

Although the youth is the realm of the peak of the true Xuanjing, he still could not help but scream.

Ye Xuan, punched his hand bones through the shoulders.

You must know that this young man is also using the top-level martial arts, and Ye Xuan is the same, but why is the gap so big?

The young man screamed and stepped back. At this time, the biggest thought in his heart was to escape!

"Want to run? Roll me down!"

Ye Xuan quickly followed, and his ankles were on the other side's waist, and he took him out of the ring.

The challenge was five meters high, and the man flew out like this, then fell to the ground and slammed a dog.

"Ye Xuansheng!"

The downfall administrators are already blaming, and immediately shouted.

This young man is the 67th. That is to say, Ye Xuan has already entered the 67th place in the list.

Next, it is the forty-third.

"Yeah, Ye Xuan is good!" The Song Dynasty of the stage was cheering, and Ye Xuan took a break from the other side. The second punch hit the other side. It was too much relief.

The audience is already serving.

At the same time, the peak of the real Xuanjing, why is the gap so large?

It's hard to be done. Ye Xuan is already condensing Dan Yuan. Is it a half-step Dan Yuanjing?

How can this be!

How many disciples of the real Xuanjing peak in the Lingxiao House are stuck in the step of concise Dan Yuan?

Ye Xuancai has just entered the land of the government for two months, how can it condense Danyuan?

Everyone doesn't believe it, but Ye Xuan is the leader of the 67th in the list of enclaves. This is an undisputed fact.
