Chapter 20: I want Chen Song to die!

"Do you mean it?"

Ye Jia's elders asked strangely.

"Yes, I am indeed the fifth middle of the martial arts, Qingqing can testify!" Ye Xuan solemnly nodded. In fact, he is now the fifth peak of the martial arts, but now he is extremely cautious, or a low-key one is better.

"Well, I can testify that he is indeed the fifth medium-term martial art, and he still..." Xue Qingqing on the side has not finished, but was interrupted by Ye Xuan.

Ye Zhang and the four major families do not care, they care only about Ye Xuan's realm.

"Haha, it is God bless my Ye family, the fifteenth-year-old martial arts fifth mid-term, the future achievements, may be able to reach the eighth martial arts, or even the ninth martial arts!" Ye family's second family, that is, two The elders laughed.

"Slow!"

Not waiting for other people to talk, Ye Xuan is a low drink, everyone's attention is placed on him.

"I didn't seem to say that, I want to go back to Ye Family?" Ye Xuan took a look and saw Ye Zhang five people.

"You..." The elders laughed abruptly and pointed to Ye Xuan.

"Hey, my expression on that day, I remember clearly, now my strength is restored, do you think I will return to Ye Family so easily?" Ye Xuan still said in a cold tone.

When you need it, you will cultivate it vigorously. When you have no value, you will kick it off. Ye Xuan is also a temper. Even if you are a family, you can't compromise.

None of them are idiots, they all can hear the meaning of Ye Xuan.

At the moment, Ye Zhang is asking: "How can you get back to Ye Family?"

He can hear that Ye Xuan is back to conditional.

"Yes, we can all agree on what conditions."

"simple."

Ye Xuan directly reached out and said: "Five million and two silver!"

hiss!

When his voice fell, the audience all took a breath.

Five million and two silver, it is really a big opening for the lion!

"Ye Xuan, are you not laughing?" Ye Zhang asked in disbelief.

Five million and two silver, this is equivalent to Ye Jia's income for more than two months.

"Da Bo, do you think I am joking? Or, do you think that my qualification is not worth five million yuan?"  
Ye Xuan looked around at five people.

"This....."

Ye Zhang and the four major ethnic groups looked at each other.

In the mid-fifth period of the fifteen-year-old martial arts, this is the first time in Lianyun City. Even if it is a large Nanlin County, I am afraid there is not much.

At present, the strongest Ye Family is the seventh most important martial art, and Ye Xuan's qualifications can even reach the eighth martial arts in the future, and even the ninth heavy martial arts. At that time, Lianyuncheng was the world of Ye Family.

"Okay, five million two silver!" Ye Zhang immediately nodded.

However, the next moment, Ye Xuan's words made him one of them.

"Five million two is a little, I have a condition."

Ye Xuan continued.

"What conditions?" Ye Zhang asked.

"I want Chen Song to die!"

When this sentence spread in the Yejia lobby, the entire lobby was silent.

Chen Song is the younger brother of Chen's family, and it is not ordinary. He is the nephew of the Chen family. If he is dead, then Ye Jia and Chen's family may directly start playing directly.

"This..." Ye Zhang was hesitant again.

The four elders also look at each other.

"Ye Xuan, you are too embarrassed." Xue Qingqing whispered.

"ruthless?"

Ye Xuanyuan flashed a murderous machine and said: "To Liu Liu, it is a death sin!"

Xue Qingqing stopped talking. Suddenly, she found that the boy next to her had a unique hegemony.

"Ye Xuan, Chen Song's identity is not normal. The last time you made the noise, you have already lost a few good hands to Ye Jia. If you kill Chen Song again, then we can really not die." Zhang brows wrinkled.

"Da Bo, then if I tell you, I have already killed Chen Feng, the head of Chen Jia Si Jie in the Lianyun 18 Mountain Range?" Ye Xuan suddenly said.

The voice has not yet fallen, the four major old and Ye Zhang are all Qiqi up, exclaimed: "What?"

Now, the five people are not calm, and Ye Xuan has already killed Chen Feng. If this is passed to Chen's ear, it is even more exciting than killing Chen Song.

"Ye Xuan, are you sure? You are not kidding?" The first family was too old to ask.

"Old age, it is difficult for you to think that the fifth realm of the martial arts in the middle of the realm, but also kill a dead medicinal herbs pile up Chen Feng?" Ye Xuan eyes condensed.

This problem is to let the four major families and Ye Zhang get together.

Their thoughts still stayed at the time when Ye Xuan broke into the fourth stage of the martial arts, but now, Ye Xuan is already the fifth middle of the martial arts.

"I can testify, Ye Xuan is in front of me, killing Chen Feng alone." Xue Qingqing on the side suddenly said one.

Ye Zhang also felt a pressure, and asked: "Ye Xuan, who knows this?"

"Just with me and Qingqing." Ye Xuan answered honestly.

"That's good, this must not be spread out. Otherwise, I Ye Jia and Chen Jia are really not dead!" Ye Zhang hurriedly reminded him, and said: "As for Chen Song, we have to discuss discuss."

Chen Feng's death, although more explosive, but Chen Feng is dead in the wild, no one knows. But if Chen Song is dead now, then everyone will doubt the Ye Family. By then, the two families will start a big fight.

Ye Zhang and the four major families went to the lobby to discuss.

Ye Xuan also thought for a moment, or shouted: "Da Bo, four old people, I give up this condition."

The five people behind the lobby heard this and hurriedly walked back.

"That's good, then that's good." Ye Zhang breathed a sigh of relief.

For Ye Xuan alone, to let Ye Jia and Chen Jia fight a battle, this matter has to be long-term.

At this time, Ye Xuan suddenly added: "I want to remove this condition of Chen Song, you can remove it, but I have to take two million more silver!"

"Good guy, it's a big lion."

The five people thought about each other.

However, if you want to let Chen Song die and compare these two million and two silvers, it is naturally easy for the latter to accept.

Isn't it two million yuan and two silvers? It's not lost. It's just for Ye Xuan. This is equivalent to raising a lot of money in advance to train him.

"Well, a total of seven million and two silver." Ye Zhang is very refreshing.

Seven million and two silver, but the equivalent of Ye Jia's income for more than three months, and the entire Ye family's children spent a month, the estimated amount of money is less than one tenth.

Ye Xuan agreed to return to Ye Family, but blackmailed seven million and two silver, which is not bad. However, Ye Xuan has a plan in mind.

"Da Bo, I went to Lianyun 18 Mountain Range a few days ago and I got two Wuwu martial arts..."

Ye Xuan said, suddenly took out two martial arts that he exchanged in the phagocytic system, which he copied on his way back.
