

Super D. S 200

Chapter 200: Half step Danyuan

After flying the other party, Ye Xuan also walked back to the center of Fujian and Taiwan without arrogance, then shouted: "Next!"

next!

Is this queued for warmth?

At this time, everyone in the audience gathered their eyes on the side of Tang Tian. To be precise, it was the young man on the edge of Tang Tian.

He is the 43rd disciple of the list of the land.

"What are you doing, go up!" Tang Tian gritted his teeth and whispered.

Ye Xuan has been so provocative, how can he show weakness?

"His Royal Highness, I..."

The young man was hesitant, and Ye Xuan was able to beat his opponent at the same level with two punches. This is obviously not something he can handle. If he also goes up, maybe this is the end, he does not want his bones to be hit.

"Go up!" Tang Tian clenched his fist with one hand and his body was shaking.

The young man still hesitated. After a long while, he just bit his teeth and turned and walked toward the ring. His footsteps are very heavy, one step at a time, while the heart is still asking himself.

on!

Still not?

On the top, it is very likely that one arm will be abolished. If it is not, this will annoy Tang Tian.

"Tread."

The young man did not pay attention to his speed, but he was already on the ladder next to the ring.

"Get me on!"

Behind him came the voice of Tang Tian's fury.

A strong man who is a true peak, no matter which empire he is going to, is definitely the object of the royal family's deliberation.

However, here, it is like a dog.

At that time, the young man made a decision and turned his head: "I give up!"

There is no confidence in his heart, and there is no confidence at all. Instead of being abolished by Ye Xuan and continuing to be Tang Tian's dog, it is better to leave the Tang Dynasty.

"what did you say?"

Not waiting for the opening of the squad, Tang Tian could not believe it.

"His Royal Highness, I give up and leave the Great Tang Dynasty!" The young man said with a strong face.

Although he was sent to Lingxiao House by the royal family of the Tang Dynasty, he was also a person, and Tang Tian's practice has already disappointed him.

"Do you say it again?" Tang Tian suspected that he was wrong.

The words of this youth made everyone in the venue shocked, and Ye Xuan was the same, but he quickly responded and smiled: "This brother, my China Alliance welcomes you!"

"Well, I am joining!" The youth did not hesitate and immediately agreed.

Since he has left the Datang Dynasty, it is best to join the most powerful alliance of the Chinese, so that it will be guaranteed.

"Haha."

Ye Xuan laughed loudly.

Unexpectedly, he actually saw such a dramatic scene.

Tang Tian's men were not only afraid to come to power, but also separated from the Datang Dynasty and joined the China Alliance.

Ye Xuan won so many games and swept the face of the Tang Dynasty, but what he had done before was probably not as good as this one. The face was really loud and he was beaten by himself.

This makes Ye Xuan associate a word and take it for himself!

"good very good."

Tang Tian was a little angry and ruined. He immediately said to the cold young man beside him: "If you die, you must abandon him. Do you know?"

A cold young man glimpsed and nodded directly.

He is not the same as the traitor. He was a slain trained by the Tang Dynasty and was loyal to the royal family of the Tang Dynasty.

Tang Tian's order, he will complete even if he is dead!

Moreover, he was the only person in the top 20 of the Tang Dynasty who was rushing into the land of the Tang Dynasty. He was already condensed with a trace of Dan Yuan.

As long as the amount of Danyuan is sufficient, then he can integrate the mysterious inner dragon. After the integration, it is the godland.

He has already condensed Dan Yuan, so he can deal with the general peak of the real Xuanjing, and he can easily defeat it like Ye Xuan.

"next!"

Ye Xuan's voice sounded again and echoed in the entire challenge field.

At this time, the challenge field has already gathered nearly a hundred individuals, disciples of the landed government, and disciples who have come to soy sauce in Xuanhuang Erfu.

When they heard this sentence, they were also unstoppable.

Ye Xuancai has just challenged a strong man who is a true Xuanjing peak. Now he has begun to challenge people who are half-step Dan Yuanjing?

We must know that even if it is used by the lower-level martial arts Danyuan, the power is stronger than that of the Chinese martial arts.

If you use the Shangpin-level martial arts, the power is to catch up with the level of martial arts.

"Go up, abolish him!" Tang Tian's face once again sank, whispered.

"Yes!"

The cold young man nodded and then walked slowly toward the platform.

Everyone's eyes fell on him.

Tang Yaoguang, the 19th in the list of the land, half step Dan Yuanjing.

The realm of this person is already more than everyone present, just do not know, Ye Xuan and his comparison, who is stronger.

Although Ye Xuan Fang won only a few games in a row, but then he has to face half a step of Dan Yuanjing, only half of the foot into the strong of God.

Song Zongjing looked at this Tang Yaoguang, but also frowned his brows. He said to Ye Xuan on the stage: "Enough, you have revenge, don't challenge any more, come down."

Ye Xuan turned his head and smiled: "Since it is revenge, it can't be abandoned halfway."

"No, you can't beat him, come down." Song Congjing said anxiously.

"I can even hit the peak of the real Xuanjing, and the area is a half-step Dan Yuanjing. I am still flying. Why, you don't believe it? Or do we gamble again, or the previous bet, how?" Ye Xuan asked.

"Do not gamble, you are coming down." Song Congjing glanced at it and found that Huang Yaoguang was already walking under the platform and was walking on the steps, and immediately trembled.

"I won't bet if I don't gamble." Ye Xuan shrugged with some rogue.

Song Tanjing compromised: "Well, then I lost, you are coming down."

"You don't just believe in my strength, you just look at it below." Ye Xuan calmly answered.

Although he and the Song Dynasty were enemies, they were only in the assessment. During this period of time, they contacted the Song Dynasty and found it quite cute.

Just in the moment, Tang Tian's practice made him misunderstood by the Song Dynasty, and even provoked the Song Dynasty to cry.

When Ye Xuan saw the wet eyes of the Song Dynasty, he had already made a decision.

This hatred can't be reported!

It is precisely because of this that he directly chooses to break through and wants to sweep the face of the Tang Dynasty.

Let him go?

impossible!

At this time, Huang Yaoguang has already embarked on the downfall, and the Anxious Song Dynasty has also jumped up directly, preparing for the departure of La Ye Xuan.

"You have promised so many games, it is enough, you don't need to fight for it. This challenge will not cause casualties, but Tang Tian obviously wants to abolish you, you don't want to..." Song Congjing took Ye Xuan Arm, whispered.
