

Super D. S 2001

Chapter 2001: Teacher task

"Accept me as a disciple?"

Hearing this, Ye Xuan's eyes glimpsed, and it seems that this thing can't be avoided.

However, this does not matter. After all, he will enter Jin Yu's infield sooner or later. After all, he is looking for the revenge of Luo An and He Jian.

Then he said goodbye to Huo Zhen, and then he followed the young man.

The people on Canglan Island have revealed their envious look. They can be accepted as disciples by an elder. It is a step in the sky.

Ye Xuan followed the young man, left Canglan Island, and then flew to Jinyu Island.

Jinyu Island, also known as Jinyu Infield, is where the elites of the Jinyu Dojo and the elders live.

"My name is Bai Chen, but it is the second apprentice of Elder Luo. It is already a nine-step half-step prince. If there is no accident, you are my little teacher!" said the young man.

"I have seen my brother!" Ye Xuan hurriedly said hello.

The young man nodded slightly and said: "Yes, He Jian, the younger brother, seems to be from Canglan Island. Do you know?"

"He Jian?"

After hearing this name, Ye Xuan's brow couldn't help but pick.

This name is more than knowing?

"He Jian? It's a matter of knowing!" Ye Xuan nodded slightly.

"Oh, this He Jian's qualification is still quite good. It is said that it is a soul-seeking physique that can be used to devour the souls of other people. However, after he was accepted as a disciple by the master, he has been retreating and never appeared." Said the morning.

"What is the soul physique, I have never heard of it!" Ye Xuan shook his head.

In any case, he must solve this hidden danger, otherwise he will not know when he will be ruined by the other party.

Soon, Bai Chen came to a palace with Ye Xuan.

In the Jinyu Dojo, all the elders can build a palace, then accept the disciples and pass on.

Along the way, Bai Chen explained some things to him. Ye Xuan also knew that this elder Luo had already received nine apprentices. He is the tenth.

The ninth apprentice is He Jian!

After a while, Bai Chen took Ye Xuan to see the elder Luo, who was a white-haired old man.

"Master, Ye Xuan brought it!" Bai Chen said respectfully.

"Okay, go on!"

When Elder Luo waved his hand, Bai Chen retired.

Then, Elder Luo fell to Ye Xuan and looked at the latter with a strange look.

"You, can you be willing to worship me as a teacher?" asked the elder Luo.

"The disciple is willing!"

Ye Xuan directly answered.

Since all come, it is natural to agree, otherwise it will anger the elder.

You must know that the elders of the Jinyu Dojo are at least the masters of the Tianjun level, which is not comparable to the half-step Tianjun.

"Well, then you are the tenth apprentice under my door. You can use these things first, not enough."

Luo Elder did not say anything, directly lost a Qiankun ring to Ye Xuan.

"Thank you for the master!" Ye Xuan should have a sentence.

"Okay, let's go ahead. There may be tasks in these days. When you go out and practice with other brothers," said Elder Luo.

"Yes!"

After Ye Xuan was finished, he retired and then arranged for the residence of Ye Xuan by Bai Chen.

However, after Ye Xuan left, the eyes of Nairo's elders were constantly flashing.

"Ye Xuan, you certainly won't think who I am, hey, dare to kill my pet, see if I don't kill you?"

Luo's heart is secret.

If you let Ye Xuan hear it, I am afraid I will be scared to death.

He killed Ho Jian's pet. When did he kill Luo's pet?

Unfortunately, Ye Xuan does not know this.

At this point, Ye Xuan has come to his place of residence, and then settled down.

In less than a moment, someone found it. It turned out to be several of his brothers.

"Ye Shidi, we will go to experience the day after tomorrow, you are ready!"

A burly youth said to Ye Xuan.

"Yes, brother!"

Ye Xuan nodded.

However, behind this burly youth, he saw an acquaintance.

Luo An!

"How can this guy be here, wait, Roan, Ronald, is it..."

After Ye Xuan saw Luo An, his body trembled.

This Luo An, is it the son of Elder Luo?

"Hey, Grandpa asked me to kill you casually. Go out this time and see how you survived?" Luo's mouth tilted slightly, then thought about it.

Ye Xuan did not expect that this Luo An turned out to be the descendant of Elder Luo, in this case, the other party is likely to shoot him.

However, if he comes to the end, he will also report the revenge of the day.

However, he still has a purpose now, that is to find the whereabouts of He Jian.

He only hated that he did not use the death killing order to mark He Jian that day. Otherwise, he would find more.

After telling Ye Xuan, the few brothers left, and so did Luo An.

Ye Xuan is no longer too ruling, because those brothers are also six products, seven products and half-steps, but nothing.

If you dare to shoot him, you are looking for death!

Two days later, his brothers and sisters organized a team and then prepared to go to experience.

This team is led by three seven-and-a-half-step Tianjun, and there are three and a half-step Tianjun, plus Ye Xuan, the holy emperor.

Of course, among these people, not all of them are the pro-disciples of the elders of Luo. They are only disciples of His Majesty, and his identity is one level lower than that of Ye Xuan.

However, everyone has heard that although Ye Xuan's strength is weak, there are several servants with superior combat effectiveness, but it can help.

"This is the task that the master gave us to annihilate a nine-and-a-half-step sea king king."

Said a disciple headed.

"Senior brother, is this too strong?" asked a disciple of a six-and-a-half-step Tianjun.

"No, the three of us have already been there once, and we can fight the sea beast king, but there are too many sea beasts around the last time, so we have retired!" The first disciple shook his head.

When they heard this, they all breathed a sigh of relief and it seems that they can do it.

At the moment, they are just starting to fly and headed by the disciples who are headed, and the speed is fast.

In less than two days, I arrived at a sea animal nest.

"Everyone pays attention, don't leave us too far!" After the first disciple said it, he rushed into the nest of the sea beast.

As for the others, they immediately followed.

However, on the way, Ye Xuan noticed that Luo An, and another disciple of the seven-step half-step Tianjun was secretly paying attention to him.

It seems that these two people may be able to play some small means!

"Ye Xuan, brother, your thug?" Suddenly there was a six-and-a-half-step disciple of Tianjun.

"Oh."

Ye Xuan nodded, and immediately summoned the old and black corners of the tree, and then hid himself into the black horns.

The black corner of the Sanzong sage is matched with the heart of the dragon, and the survivability is greatly improved. Even if these people besieged him, they may not be able to get him out.

As for the fall, Ye Xuan did not call her out because it was a card.

Chapter 2002: Swallowing beast

"Damn!"

Na Luoan saw Ye Xuan hiding in the black horn, and immediately screamed in his heart.

Soon, they just saw the sea beast, and then began to kill crazy.

The blood, soaked in the nest of the sea beast, the sound of tearing heart and lungs spread.

These sea animals, which are blocked, are all easily killed by the three seven-and-a-half-step Tianjun disciples who are headed. The people behind can't get out.

After a while, they met the heavyweight sea beast, three eight-and-a-half-step sea monsters.

However, it is still unable to stop the pace of everyone, and is easily killed.

Then, in the end, the nine-and-a-half-step sea king level king.

"Well? The breath is wrong!"

At this time, the first disciple suddenly shouted.

Everyone felt that something was wrong and hurriedly stepped up.

In the end, they saw that the nine-product half-step Tianjun level sea beast king was actually trying to break through.

As long as it breaks through, it is the level of the heavenly king. It is not that they can compete.

"Quick shot!"

For the first disciple to drink, almost everyone has a card.

"Swallow the dragon roar!"

Ye Xuan also let the black corner attack, but the other side of the realm is much higher than the black corner, this blow did not have much effect.

It is the three seven-and-a-half-step Tianjun, which caused no small damage to the sea beast king.

"Roar!"

The sea beast roared and angered at the crowd.

"Be careful, although it didn't break through, it's stronger than before!"

Immediately shouted for the first disciple.

This level of combat, even if it is a black horn, I am afraid it is difficult to intervene, so Ye Xuan quickly broke through the void in the black horns, away from the sea animal nest.

The sword fairy is separated, but stay here.

The sea beast king is mad, and the other sea beasts in the lair are also rushing out of the nest, instantly encircling the people in three layers and three outer layers.

"Kill it out!"

Shouting for the first disciple, while killing, while retreating.

They had seriously injured this sea beast king last time. I did not expect that the injury of the Sea Beastmaster was restored and it became more powerful, so it could not be left for a long time.

"Still!"

Na Luoan originally wanted to kill Ye Xuan, but he did not expect himself to be in crisis.

He looked at the huge body of Black Point, and the countless sea beasts underneath, and immediately raised his hand to attack.

He is prepared to kill the black horns and then let his body feed the sea beasts. In doing so, there will be fewer sea beasts chasing them.

Unfortunately.

"Hey!"

The attack fell on the black horn, and although it broke the dragon's scale, it recovered in the blink of an eye.

"Roar!"

The body of the sword immortal killing flashed, this guy actually attacked him blatantly, really looking for death.

At the moment, the sword fairy is released from the fall, and the heart of the dragon has turned into a virtual spirit.

Falling away from the black horn of the body, and then attacked that Luo An.

"call out!"

A cold mangling flashed, and Luo's chest was severely damaged and fell from the sky.

"Luo Shidi!"

The three seven-and-a-half-step Tianjun were frightened. If Luo's fall like this, he would be swallowed up by the sea beasts like the hungry tigers!

Damn it!

The seven-and-a-half-step priest, who was arrogant with Luo An's wolf, roared and prepared to rescue Luo'an.

Unfortunately, Ye Xuan also included him in the list of murders.

"call out!"

It was another cold flash.

The head of this seven-and-a-half-step Tianjun was thrown directly, and then the body fell.

Both of them, both fell into the sea, and then swallowed up by the sea beast.

The rest of the people are shocked, and the people who are still alive are still living.

That seven-and-a-half-step Tianjun would be the case. The first Luoan who fell down was the grandson of Elder Luo. When he died, the people in this trip could not escape.

"Don't worry, go!"

The disciple of the head gnawed his teeth and rushed out of the sea beast.

Although I don't know how Luo An will fall, but at this time, they still have to keep their lives.

The rest of the four people, I do not know that there is a stealth in the side.

After finishing the task, he returned to the body of the black horn, and then appeared in the original shape and appeared again.

However, they are flying more slowly above the sea than the sea beasts.

"Can't escape, fight back!"

Angry for the first disciple, actually turned back.

The other three are also like this, they can only fight hard.

"Let's fall, help them!"

Ye Xuan reminded me that the next moment, the big mouth of the black horn is to open again, and then the landing begins to move.

Falling down now wearing the imaginary armor, the combat power is terrible, let her deal with the words of the sea beast king, others will not be dangerous.

As long as you solve the small sea beasts around, it is much simpler!

"Teacher, how can you call her out now?" shouted the half-step Tianjun.

"Sorry, my brother, I have to sleep for a while after each battle. Before I played with Brother Luo, I didn't wake up!"

Ye Xuan said with a look.

Everyone also heard that Ye Xuan had had a festival with Luo An, so he didn't ask again, let's talk about this crisis first.

Wearing the sacred spirit of the gods, directly and the sea beast king singled out, seeing the four people stunned.

"Ah, young master..."

At this time, the fall suddenly shouted.

Ye Xuan saw through the field of vision that this is behind the Sea Beastmaster and there is a mark.

Devouring the beast!

"My God, this sea beast king, turned out to be a devourer!"

Ye Xuan is also frightened.

Unexpectedly, this time the mission actually encountered a swallowing beast, it is really worthwhile.

"This corpse, I want it!"

Ye Xuan's eyes widened, and the swordsman was directly sent to summon a large number of 弑仙傀儡.

Soon, those little sea beasts were solved!

These brothers were slightly angry. They clearly had the strength to fight back, but they were chased because of Ye Xuan. Finally, Luo An and another person fell.

Unfortunately, Ye Xuan's idea also hit their bodies!

At this time.

"Hey!"

The fall suddenly shot at the seven-and-a-half-step Tianjun.

"Hey!"

A muffled sound spread, this seven-and-a-half-step Tianjun was severely wounded, and then unable to resist the devour of the black horn, was taken into the swallowing space.

"what?"

The other three were shocked, but when they reacted, they fell again and again.

Not long after, the three were dropped in the same way and received the devour space.

Then, it was the fall and once again singled out this devour of the Sea Beastmaster.

Although it is not a magic weapon to say that it is falling, it is not too dangerous to wear the spirit of the gods, and the resilience of the blood of the undead.

In addition, with the help of Shu Lao, Black Point and others, after a fierce battle, this only swallowing the Sea Beastmaster was finally killed.

After his death, Ye Xuan quickly swept the past, then put the body back and swallowed.

Chapter 2003: Refining the gods, poisonous gods!

"Hey, the host gets three points to swallow!"

The system prompts to sound.

Hearing this, Ye Xuan was stunned.

This one swallowed the beast, turned out to be a high-level swallowing beast, worth three points to swallow.

Make big!

"Haha, that's great!"

Ye Xuanle opened the flower, this time is a big adventure.

With these three points of swallowing, Megatron's magic form can continue to merge.

At the moment, he spent two points to swallow the point, used for magic integration.

"Hey, the combination of the drug and the judges is successful!"

"Hey, the refining pot and the beasts are successful!"

When the two systems prompted the sound, Ye Xuan quickly checked the new magic weapon.

The refining pot and the beasts of the beasts are merged into a refining god.

Now, refining the gods can smelt all things, corpses, heavenly treasures, etc., can be refined into a refining god, to enhance the strength.

In addition, it has the ability to be trapped, and if it is trapped, it will bear the burning of the fire of refining the gods.

This magic weapon is simply the alchemy furnace of Taijun Laojun!

As for the magic form of the combination of the venomous scorpion and the judge's pen, it is called the poisonous thorn.

This poisonous thorn will update a toxin every day. Today, Ye Xuan sees the poison of ice. If you use this poisonous **** to stab the other party, you can freeze the other party.

This is not the point, the focus is on the poisonous **** stab, as well as lethal toxins, if you update to this toxin, as long as you hit a person, regardless of the level, will fall directly.

This poisonous thorn is simply a spike artifact!

However, some poisons are used only once a day, and the chances of lethal toxins appear randomly are not high.

Of course, even if it is other toxins, the effect is not low.

Ye Xuan rushed to experiment and found a seven-and-a-half-step Tianjun-class sea beast.

"Poisonous thorns, let's go!"

Ye Xuan ordered Megatron's poisonous thorn to attack the sea beast.

Hey!

In a crisp sound, the poisonous **** stabbed into the body of the sea beast. The next moment, the sea beast turned out to be an ice sculpture.

"Hey, the host's killing value is improved!"

A system prompt sounded in Ye Xuan's mind.

Poisonous thorns, killing each other directly!

"Yes, try again!"

Ye Xuan satisfactorily nodded, and found another eight-and-a-half-step sea king beast, the same is to kill it.

Even ordinary ice-cold poisons have such power. If you are random to those powerful toxins, it is simply against the sky.

Then, Ye Xuan tried again to refine the gods, and it was better than the previous beasts.

The refined medicinal herbs can not only improve the physique and cultivation of the Yaozu, but even Ye Xuan can take it.

However, Ye Xuan's cultivation methods are different, so repairs will not be promoted.

"With this refining, the strength of the father can also come up all the way!"

Ye Xuan's eyes lit up.

This refining is a plug-in that allows people other than him to upgrade quickly.

Of course, the premise is the constant support of things, such as heavenly treasures, weapons, bodies and so on.

Only a few people were received by him in the swallowing space, so Ye Xuan scraped several people and used them on the refining dragon.

A refining **** Dan was refining, and then swallowed by the fall, and soon, the realm of falling is raised to the four-step half-step Tianjun.

However, at this time, Ye Xuan found a wrong place.

The random task of killing He Jian has changed.

Now, what he wants to kill is not He Jian, but the Luoyang elder of Jin Yu Daochang.

"What happened? How did the random task change directly? There is no hint at all. And why should I kill this Luoyang elder?"

Ye Xuan was a little confused about the situation, and quickly let Megatron search the soul.

The next moment, he was shocked!

This Luoyang elder, turned out to be his master Luo elder!

day!

The system is to let him marry!

"What the **** is going on, why don't you kill He Jian?" Ye Xuan couldn't figure out the situation.

Luoyang is his master. Now the system allows him to kill Luoyang for no reason, which makes him a bit unacceptable.

The one who wants to kill him this time should be just Luo An. Otherwise, those brothers can shoot him on the way, and will not wait until this time.

However, this Luoyang had received He Jian as an apostle before, and maybe they had some kind of business.

"The system should not let me kill the elders of Luoyang for no reason, or go back and check it out."

Ye Xuan's eyes glimpsed and then flew toward the Golden Feather Dojo.

Although there are void positioning points along the way, but now it is about to break through, or be careful.

It happened that when he returned to the Golden Feather Dojo, he had already broken through to the nine emperors, while the old trees, the black horns and other people were the four saints.

Even the fall, the strength has also been upgraded to the four-product half-step Tianjun.

Now, the fall estimate has been able to compete with the masters of the Tianjun level.

But before that, Ye Xuan is still careful.

Therefore, he used the time-lapse skills before, repeating the scene of the day, and Luo An, who had been thrown into the sea and swallowed by the sea beast, received the engulfing space.

In this way, the true and false masks can make Ye Xuan 100% into Luo An.

"Grandpa, I am back!"

Ye Xuan pretends to be Luo An with a real mask and gives Luoyang a voice.

"What happened, why can't everyone contact?" Luo Yang strangely returned.

"The sea beast king almost broke through to Tianjun, and then joined other sea beasts to kill us. The brothers were all swallowed by the sea beast to protect me." Ye Xuan explained.

"I know!"

Luo Yang should have a sentence, and there is not much emotional fluctuation, which makes Ye Xuan very strange.

You must know that the disciple who is the leader is also a disciple that Luo Yang prefers. Now that he is dead, Luoyang has no emotions.

It's tricky!

"Grandpa, I have something to show you, it is really in the sea animal nest." Ye Xuan continued.

"come on!"

After a while, Ye Xuan found the residence of the elder Luoyang and then walked in.

"What?" asked the elder Luoyang.

However, at this time, Ye Xuan suddenly showed murder.

"Swordsman is coming, a sword is flying!"

Ye Xuan turned into a cold man, and attacked Luoyang.

"Ok?"

Luo Yang was shocked. He did not expect that Luo An would suddenly shoot, and the moves used were not Roan at all.

Fortunately, he is a master of the Tianjun level, why would you be so tempted?

"Hey!"

He shot it in the palm of his hand and slammed it into the belly of Ye Xuan and flew it.

"Ye Xuan?"

Luo Yang suddenly recognized it.

"He Jian, is that you?"

Ye Xuan slowly got up and said to the elder Luoyang.

Chapter 2004: Luoyang, He Jian!

"what are you saying?"

Luoyang eyes a glimpse.

"Don't pretend, what method do you use to capture the body of the elder Luoyang?" Ye Xuan said.

Upon hearing this, the elder Luoyang gave a slight glimpse and immediately smiled: "Sure enough, I didn't reveal the stuffing in front of the Taoist, but I was exposed by you?"

"Sure enough, you!"

Ye Xuan is a big sister.

Before he thought, He Jian could change his body. Then why can't he change one?

So he guessed that the elder Luoyang was taken away by He Jian, so the system task will be changed to kill Luoyang.

"Yes, it's me!"

He Jianyi opened his mouth and smiled: "I don't think about it? Just from the ancient country of the lower class, I actually captured the body of a Tianjun-level elder. When asked about this world, who can do it?"

"How about you, you will die in the end!"

Ye Xuan said slowly.

Since the other party has already admitted, then it is right, and the next goal is to kill He Jian.

However, it was at this time.

"Hey, the host triggers random tasks, and then you can't use time back. If you succeed in killing He Jian, the reward will double!"

A system prompt sounds, can be frightened by Ye Xuan.

Before Ye Xuan wanted to use time back, and then wait for the realm to break through and find any trouble.

But now, time is running out of use?

Day of the dog!

"No matter, fall, go!"

Regardless of the three seven twenty-one, Ye Xuan directly summoned the three people and attacked He Jian.

Upon seeing it, Luo Yang couldn't help but change his face and angered: "Bold Ye Xuan, I am your master, you dare to shoot me, you are a big boy, I will clean the door today!"

This voice is deafening, I am afraid that everyone in the palace has heard it.

Just before Luoyang Zhengzheng can't find a reason, now, you can blatantly kill Ye Xuan.

"Just by you?"

Ye Xuan's light flashed, and Luoyang gave it to the next moment.

Fortunately, it is only the invincible sword fairy who came in to find Luoyang. Otherwise, he will be the first one. He is afraid that he will be seriously injured.

Of course, it is impossible to use time back now, so the imaginary **** is naturally used in the falling body.

"Booming!"

The two sides began to fight, and the attack intensity was so great that Luoyang's residence was ruined in an instant.

When the disciples saw it, they could not help but sigh underneath.

"Who are those people who dare to shoot the elders of Luoyang?"

"Oh, isn't that Roan?"

"What, Luo An, the grandson of Luoyang's elders?"

"What a joke, grandson shot his grandfather?"

The disciples underneath all recognized.

At this time, Luo Quan's younger brother Luo Quan also swept over and said: "Grandpa, Big Brother, what happened to you?"

"He is not your big brother, it is a traitor to pretend!" Luo Yang quickly said.

"Take the body of the elders of Luoyang, and even have a face to say this, it is a joke." Ye Xuan said loudly.

These two sentences are heard by everyone.

Everyone felt incredible for a while. Both sides said that the other party was a fake. What happened?

However, this is the truth.

Ye Xuan installed Luo An with a true and false mask, and He Jian used the method of winning the house to win the body of the elder Luoyang.

So, both people are fake!

At the same time, the movement here has also attracted the attention of other experts.

"What happened, how did the elder Luoyang shoot his grandson?"

The elders who lived nearby have arrived, and this is somewhat puzzling.

"Elders, this person pretending to be my grandson came in and assassinated me!"

The elder Luoyang said loudly.

"It turns out!"

Everyone nodded, and immediately shot directly.

Relatively speaking, the words of the elders of Luoyang are more authoritative. After all, the elders of Luoyang are masters of the Tianjun level.

The elders around are also Tianjun, knowing that not everyone can take the body.

At the moment, these two elders are shot, attacking the people of Fall and Black Point.

"Grandma's, it seems that there is no way to go this time, go!"

Ye Xuan, who is far away from the sky, flickers, directly let the sword fairy split the body and receive the engulfing space, and then close the unparalleled sword.

The sword fairy disappeared and everyone lost their goal!

Fortunately, Ye Xuan was insured this time. After the breakthrough, he went to find He Jian. Otherwise, it may be dangerous because of the realm before the fall.

However, this time it has come to the fore, then the elders of Luoyang are waiting to die.

"I can't help you this time, as long as you break through again, you can kill him!"

Ye Xuan looked at the scarlet killing word in the sky, thinking in her heart.

This is why Jian is absolutely dying, but the time of death will change.

Now that two random tasks are superimposed, He Jian is dead early, so Ye Xuan's reward is better.

Therefore, Ye Xuan is going to go to the Jinyu Dojo in a few days and kill Luoyang.

During the period, the Golden Feather Dojo also sent a large number of masters to search for Ye Xuan, but wearing Ye Xuan, the **** of the evil spirits, unless there is a master of Tianjun passing, otherwise he could not find him.

Soon, it took a few days.

"Hey, the host breaks through, and it's a sacred thing!"

"Hey, the sacred **** unicorn, Megatron, the broken god, the devour of the black scale dragon breakthrough, the current five-good holy!"

Realm, finally broke through again, now Ye Xuan, relying on these cards, should be able to kill He Jian.

At the moment, he used the true and false masks to disguise himself as a disciple and returned to the Golden Feather Dojo.

"Luoyang, wait to die!"

Ye Xuan flashed and sneaked into the palace where Luoyang was.

However, when he came to Luoyang's new residence, Luoyang was indifferent.

"kill!"

Ye Xuan immediately summoned the others, and attacked.

"Booming!"

In the Jinyu Dojo, suddenly there was a booming sound.

Elder Luoyang, in the face of so many attacks, was instantly bombarded.

"Hey, death kills and kills the target!"

A system prompt sounded in Ye Xuan's mind.

mission completed!

However, when his mouth was slightly tilted, he did not hear the system prompt.

"what happened?"

Ye Xuan looked at it strangely and found that the two random tasks were not completed, and the time-lapse skills could not be used.

He Jian, not dead!

The random task has changed again. Now that Ye Xuan wants to kill, it turns out that the owner of the Jinyu Dojo is Wukong.

"call out!"

At this time, a cold mang attacked and directly hit the fall.

Fortunately, Ye Xuan had already let Megatron turn into a virtual spirit, and the attack was enough to hit the ground.

what happened?

Ye Xuan turned his head and looked around and found that a large number of Jinyu Dojo elders had been killed.

The breath of a strong Tianjun strong man spread, and he was a little breathless.

Chapter 2005: Task change

Among them, there is also a strong atmosphere, this breath is the main character of the Jinyu Daochang.

Now Ye Xuan finally understands that this He Jian took the method of winning the house and seized the body of Wukong, and then laid a trap here, waiting for him to cast the net.

"Damn, careless, didn't notice the content change of the random task!"

Ye Xuan's eyes are slightly stunned.

Fortunately, this time it is still the sword fairy.

"Ye Xuan, you are a sinister disciple who has killed his own master. Today I am going to do the heavenly road and marry you this enchanting!"

Wukong, a pair of righteous and sorrowful, said to Ye Xuan.

Before Luoyang's body was still under his control, this time, he deliberately let Luoyang be killed by Ye Xuan.

"He Jian, your means are good. After taking the body of the elders of Luoyang, now you have won the body of the Taoist!"

Ye Xuan could not help but smile.

The elders around were a little surprised.

However, they felt that there was no strange place in Wukong, so they were a bit skeptical about Ye Xuan.

"This kid, why can I recognize me again and again?"

Wukong is a bit strange. His method of winning the house is seamless. It is the soul that directly devours each other and is completely integrated with the other body.

Whether it is manners or breath, it is exactly the same!

However, this can also be recognized by Ye Xuan, it is unlikely.

But this is the truth!

"Elders, let me join forces to kill this son!" Wukong shouted.

In an instant, the surrounding elders are all out.

A horrible attack hit Ye Xuan.

If it is an ordinary person, in the face of a Tianjun master, he will be scared to death, but Ye Xuan and others face such a strong attack, there is no such thing as a slap in the face.

"Let's fall, kill it!"

Ye Xuan's light flashes.

Although these elders around are likely to be innocent, He Jian now controls the body of Wukong, and the other party will certainly obey the orders of the Taoist.

So, can only kill!

"it is good!"

Falling down should be a sentence, even directly against so many attacks, killing up.

The sacred spirit armor has a strong defense ability, and the most important thing is to immune all energy attacks, that is, swords and the like.

To put it simply, those attacks are not harmful to the fall.

"How is it possible to block so many attacks?"

Wukong was shocked, and he knew that he was also shot.

That series of attacks, even if he is, I am afraid I can not block them all.

However, the fall is like killing them like nothing, not very likely!

However, this is the truth!

"You, look for death!"

Falling and screaming, finally launched an attack.

With a near-invincible sacred spirit, her combat power is unprecedented, coupled with the blood of the undead, she is a perpetual motion machine.

Wukong, and the other six elders of the first-class Tianjun level, simply can't fall.

"Hey!"

An elder was left close, and the latter broke out instantly, taking the first level directly.

The first elder of the Tianjun level has fallen!

In addition, the black horn, the old tree and the sword singer have also launched an attack.

The sword immortal is the real invincible. If he is there, the black horn and the old tree can be resurrected immediately if they are dead.

There are countless 弑仙傀儡, 绝仙箭, surrounded by elders and Wukong.

"Bastard, how can it be so tricky?"

Wu hollow said angrily.

If he knew it, he would kill Ye Xuan directly. If so, how can he end up like this now?

"I don't believe, I can't help you!"

Wukong decided to go out in person and killed the past.

It's a pity that for the time being, I don't want to be singled out with him. I will solve the extra people around me.

"Booming!"

This battle on Jinyu Island, soaring and screaming, caught the attention of everyone.

The disciples of these Jinyu Dojos were all shocked. It is hard to imagine that the Taoist worshippers in their hearts even united the elders to besiege a group of people whose realm was far lower than them.

This is not the point, the point is that the elders have fallen down one by one.

After a while, all six elders died and then the body disappeared.

These bodies were naturally taken up by the swordsmen.

In the blink of an eye, Wukong became a polished commander without any helper.

"Damn, why didn't my attack work?"

Wukong couldn't understand, with the realm of his second-class Tianjun, he couldn't help but drop this half-step Tianjun, too fake!

However, he does not believe it!

Next, he played again with the fall, the latter never hurt, and the Holy Force is like a steady stream, attacking him madly.

For a time, Wukong actually smelled a dangerous atmosphere.

In desperation, he can only transfer firepower and attack other people.

It is a pity that whether it is old or black, every time it is destroyed, it will reappear and die.

As for the sword fairy, it is even more horrible, and like wearing the sacred god, it does not evade his attack.

at this time.

"Huh!"

Suddenly a gust of wind fell into the ears of Wukong. He turned his head and saw a black spike hit him.

He lifted the power of the body and reached out to prepare to block it.

What surprised him was that this spike had instantly defeated his holy force and then stabbed him in the palm of his hand.

"Hey!"

This black spike is the poisonous thorn of Megatron, and today's toxin is called the flame toxin.

Once stabbed, the body is as painful as falling into the flame abyss.

The Holy Power in the body is constantly evaporating. After a while, Wukong will be alive and burned by the adult.

After stabbing the emptiness, the sword fairy was quickly put away from Megatron, and then fell into the devour space to wear the sacred spirits, and then attacked again.

"Damn, go!"

Wukong's face changed greatly and turned away.

If there is no poisonous thorn, then even if everyone can't help him, this flame toxin can't even be removed by him. If he fights, he must be dead.

"Hey, want to run?"

The sword fairy was flashing in the light, and immediately flashed to the other side to launch an attack.

"Get out!"

Wukong turned around and flew the sword fairy, but before that, the fall had been re-stuck and released by the sword fairy, appearing beside Wukong.

"Hey!"

The fall suffered a palm and was blown away, but the powerful imaginary gods only caused her to be slightly injured. In the blink of an eye, she was recovered by the blood of the undead.

"This guy is carrying two random missions. As long as he kills him, I can get double rewards. Be sure to kill as soon as possible!"

Ye Xuan thought in his heart and kept chasing Wukong.

Chapter 2006: Occupy the body

However, the speed of this empty space is indeed very fast. After all, it is the master of the second-class Tianjun level. If there is no eye of assassination, it will not catch up with him.

"Damn, what is the burning scent in the body, and the Holy Power is constantly consumed!"

When Ukong defended and took out the precious medicinal medicinal clothes, he knew that if the Holy Power was exhausted, then it was his death.

At this time, his aura flashed, and there seemed to be a big city near the Jinyu Dojo. The strength was not weaker than the Jinyu Dojo.

Before the Jinyu Dojo, there have been many cooperations with this big city. In the past, he may be able to seek help.

Ye Xuan did not know this, let the sword fairy continually display the assassination of the eye, and constantly approach the black sky.

When the emptiness of the Ukrainian Air Force was about to dry up, he finally found the big city. At the moment, he rushed in and shouted: "I am the lord of the Jinyu Daochang, the traitor is chasing and killing, Wang Chengzhu Please help me!"

The sound is deafening and spread throughout the city!

At the moment, the master of the city's main government is Qiqi, and then I saw the sky.

"It is indeed the main lord of the Golden Feather Road, help!"

A middle-aged man screamed and led the masters to kill the past.

"A second-class Tianjun, six Yipin Tianjun, but that's it!"

Swordsman split his eyes and greeted him directly.

Then, the fall of wearing the sacred spirits is the appearance, and the people fight.

"Booming!"

There was a loud noise in the sky.

Even in the face of so many masters, there is no fear of falling.

"This guy, how to cultivate in the end!" Wu hollow can not help but think.

In such a short period of time, Ye Xuan's group of people's combat power has increased so much. Before the first battle with the second product of the Holy Emperor, it is now incredible to upgrade to the level of being able to fight with the second product.

Therefore, Wukong is also very interested in Ye Xuan's body.

He was seriously injured, looked at the outside, and helped from time to time.

He swept away and waited for someone to make a decision.

"call out!"

Suddenly, Wukong's body burst into a fine man, and he plunged directly toward Jianxian.

However, when this fine mangage hit the body of Jianxian, it was suddenly shaken.

"what?"

This kind of fine man, in fact, is the soul of Wukong, he wants to get into the sword fairy, and then like the elders of Luoyang and the Ukrainian.

But did not think, failed!

The sword fairy was seen and immediately took out a sword, but this ordinary attack could not hurt the soul of He Jian.

After the soul of He Jian left the body of Wukong, the flesh fell from the sky.

The next moment, He Jian is eyeing the recent fall.

But the accident is that the fall of wearing the evil spirits is immune to this attack.

Then, next, there are only two old and black corners.

"You are the one!"

He Jian's eyes lit up and plunged toward the tree.

He knows that the tree is always a demon, and the black horn is a holy beast, so the tree is preferred.

"puff!"

Not waiting for the old reaction of the tree, He Jian's soul was drilled in.

At the same time, Ye Xuan's mind sounded a system sound.

"Hey, the body of the sacred unicorn is occupied!"

Hearing this, Ye Xuan's brows are picking up, what awkward, actually want to occupy the old body of the tree?

However, what surprised him was that this body was really occupied by He Jian.

"Little Master, I can't control my body!" The old voice of the tree is in the mind of Ye Xuan.

This is not the point. The point is that after the old body of the tree is occupied, the breath suddenly rises.

From the five saints, directly reached the half-step Tianjun level.

Lying in the trough!

Ye Xuan was frightened. After He Jian possessed the body, he also forced the promotion of the realm of the old tree. This means that the strength of the old tree will be very strong.

"boom!"

Suddenly a powerful flame skyrocketed and spread instantly.

Whether it was the city owner or the tall ships of the Tianjun level, they were all burnt to ashes, and even the black horns could not be blocked.

Fortunately, this kind of attack has no effect on the falling of the sacred **** armor.

As for the sword fairy, naturally there will be nothing!

"Ah, young master, this guy is eating my soul!"

The old tree shouted again.

Ye Xuan's face is gloomy. Since the soul of He Jian occupies the old body of the tree, he can no longer command the sacred unicorn.

However, the old tree is still his magic weapon. As long as he is killed, the old tree should be reborn, and then He Jian will disappear.

"Falling, Jianxian split, kill him!" Ye Xuan immediately ordered.

In an instant, the three figures are fighting in a sea of fire.

However, even the wearing of the sacred **** armor is only an immune flame attack. She was accidentally hit by the sacred unicorn, almost collapsed.

The virtual spirits attacked the immune energy, and they also had a lot of material defenses, but they almost all crashed and fell, and scared Ye Xuan to let the fall retreat.

You know, the second random task prohibits him from using the time-lapse skills. If he doesn't die, he will never use it.

If the fall is dead, then there is no way to save it!

Moreover, if the old soul of the tree is forcibly swallowed, Ye Xuan does not know whether he can continue to resurrect.

"How to do?"

Ye Xuan's face changed greatly, and her mind quickly thought about it.

"Little Master, I am totally resisting his desire to devour my soul, but it is not so easy, you should go first, and wait until the strength is enough to save me!"

The old voice of the tree sounded in Ye Xuan's mind.

Right now, it seems that this is the only way!

Ye Xuan immediately let the sword fairy split the body and collected it, and then tried it, and found that it was impossible to recover the Yanshen.

As for the Jianxian avatar, it is here to stay with the Yanshen Qilin to fight, dragging the sacred unicorn, so that He Jian has no way to divide too much heart, to devour the old soul of the tree.

At the foot, it was a sea of fire, and even the city owners of the second-class Tianjun were burned to death, let alone other people.

"Ha ha ha ha, kid, finally know that I am amazing!"

He Jian laughed.

"Don't be crazy, you will definitely die in my hands!" Ye Xuan screamed.

"This body is not bad. If I swallow his soul, then the combat power will continue to improve. At that time, I see how you deal with me!"

He Jian plunged into the distance in the big laughter. He knew that the sword fairy was an invincible existence, so he was too lazy to pay attention.

The sword fairy was seen and immediately chased the past.

This chase is more than ten days.

During the period, Ye Xuan's realm broke through to the second sage, while the black horn and others were the six sacred sages.

However, as He Jian continues to devour the old soul of the tree, the strength of Yan Shen Qilin is also growing stronger, so Ye Xuan is hesitant.

Chapter 2007: King of gold

This time the crisis was beyond the expectations of Ye Xuan, so he planned not to reward this mission.

In any case, you must kill He Jian!

It is more than ten days passed.

At this time, Ye Xuan is already a six-pronged saint, and Heijiao and others finally broke through to a saint.

As for the fall, it is the realm of heaven!

"Little Master, I guess, in three days, I will be swallowed up!" The old voice of the tree is very weak, as if it is dying.

"Okay, Swordsman is avatar, black horn, falling, shot!"

Ye Xuan's face was dignified and nodded.

The next moment, the eyes of the assassination are constantly being used to kill the sacred gods of the sacred gods, and suddenly they shot.

"Is it finally released?"

He Jian's eyes slammed and immediately turned and spewed a hot flame.

However, this does not have any use for the sword fairy and the fall.

"Tian Yan Li!"

"A sword flying fairy!"

"Swallow the dragon roar!"

The black horns are all shot.

Among them, the attack with the drop is the strongest, but the attack is also the fire attribute, and the Yanshen Kirin is still a pet of Ye Xuan, and the attack is greatly reduced.

However, the fall is now the level of Tianjun, and the sacred **** unicorn is only the second product of the king, only one stroke, it seriously injured the sacred unicorn.

In fact, every time you break through Ye Xuan, you will try it, but Yan Shen Qilin also has the blood of the undead, and the resilience is very strong, so Ye Xuan can't help him.

Fortunately, it is finally ok!

"No, how can your strength improve so fast?"

He Jian shouted.

He used the secret method, at the expense of the soul, the Yanshen Kirin broke through to the second product.

But how many days have it been, it has been impossible to break through this realm!

"Nothing is impossible, die!"

Jian Xian split his eyes and directly shot.

The body of the sacred unicorn has not recovered as it was, and it has suffered the attack of the sword fairy and the black horn, and the injury is even heavier.

Then there is the attack that falls.

"boom!"

Under the flames of a meteor, the sacred unicorn is directly smashed into a meat sauce.

"Hey, Yanlin Kirin is dead!"

"Hey, the **** of temper is resurrected!"

The two systems prompted to sound, and the tree was resurrected in the swallowing space.

Moreover, the soul has returned to the previous level.

Mission, finished?

Ye Xuan brows a pick, but did not hear the prompt of any task completion, immediately took a look.

He found that the body of the sacred **** Kirin had turned into a mud, and there was a blue mist floating.

If you don't have the eye of insight, Ye Xuan, I am afraid I can't find it!

"This group of blue fog is definitely the soul of He Jian!"

Although I don't know why this is why Shen Jian's soul is like this, Ye Xuan can't manage so much, and directly attack.

Unexpectedly, he could not hurt!

"Stupid, do you think I am a normal soul state!"

He Jian coldly said.

His soul is also strange to the end, and even he will speak.

"I don't believe it, I'm going all out!"

Ye Xuan immediately ordered.

Falling, black horns, old trees, and swordsmen are all out of the way, but helplessly, it is still the soul that can't hurt He Jian.

This is why, what the **** is it?

At this time.

"call out!"

He Jian suddenly turned into a blue shadow, this time actually went to the black corner.

"I still want to win again, no way!"

Ye Xuan quickly took the black horns and the old trees into the swallowing space. As for the falling, due to wearing the evil spirits, immune to this attack, the last time the soul was shaken, so there is no need to be afraid.

"Hey, you can't hurt my mutant soul, it's better to write off this way, you go your sunshine, I walk my wooden bridge!" He Jian suddenly proposed.

"Fold you, you almost killed me, just want to write off this?"

Ye Xuan directly screamed.

What's more, he still has two random tasks that haven't been completed yet. As long as He Jian is dead, these two random tasks can be ended.

After all, random tasks don't end, he can't use time-lapse skills.

You know, some random tasks are mandatory now, and you are not allowed to refuse and give up.

"Then you can treat me again, just rely on your current means, but also want to kill me?" He Jian cold channel.

At this time, Ye Xuan is thinking about it, and if Megatron has a magical form, he can accept the mutant soul of He Jian.

However, it is at this time.

Suddenly a strong pressure appeared, and it was impossible for Ye Xuan and He Jian to move.

Then, a middle-aged man wearing a costume of Jin Yu Daochang reflected the eyes of the two.

"This is the master of the total dojo!"

He Jian recognized it at a glance.

The Jinyu Dojo, where Wukong is the leader, is only a small branch in the Double Heaven, and the Jinyu General Dojo is built on the Triple Sky.

This middle-aged man, from the general dojo of Santiantian, has probably reached the level of invincible Tianjun.

"The kid, is you, the bully annihilation ancestor, killing all the elders of the 72nd Dojo, and then chasing the lords of the squad?" The middle-aged man began.

Ye Xuan was shocked and hurriedly said: "Predecessors, you misunderstood, some people have won the body of Luoyang elders, and then they have won the body of the Taoist Ukrainian, want to harm me. The people who win, It's the mutant soul in front of you."

"Oh?"

The middle-aged man was a bit strange, glanced at it, but he did not see any soul.

However, the soul of variation is not something that ordinary people can see.

At the moment, he is taking out a lantern magic weapon and then opening it.

In the next moment, He Jian's mutant soul is inhaled and can be seen.

"There is really a mutant soul, but what you said has yet to be confirmed, let me take a trip!"

The middle-aged man said coldly, and he left with Ye Xuan directly.

Ye Xuan was shocked. This time, is he going straight to the triple sky?

really!

The strength of this invincible Tianjun surpassed his understanding and directly rose to the sky, all the way to heaven.

Then they crossed the long dark area and came to the third heaven.

Then, after a few days of rushing, I arrived at the Jinyu General Dojo in Santian.

"The Taoist, I have brought people back!"

Middle-aged people voiced.

"Okay, bring them in!"

After a while, the middle-aged man was with a mutant soul of Ye Xuan and He Jian and saw an old man.

This old man has no breath, just like a mortal.

"Golden feathers road master?" Ye Xuan was shocked.

I heard that the Taoist priest of the Jinyu Dojo is a half-step prince-level existence, and it is already beginning to comprehend 'dao'.

"Come, show me the mutant soul." The old man said to the middle-aged.

Then, the lantern that trapped the soul of He Jian fell into his hands.

Chapter 2008: Zongmen system

"The Taoist, forgive!"

He Jian's soul hurriedly shouted, and he felt a dangerous atmosphere.

Ye Xuan, I can't help him, but middle-aged people are enough, let alone the master of this half-step monarchy.

"Reassure, if you are innocent, I will naturally let you go."

After the Jin Yu Taoist finished, he opened the lantern directly and even grabbed the broken soul of He Jian with his hand.

After three seconds.

"The ins and outs of things, I have already understood clearly, this He Jian's soul has changed, it seems to be a win, but in fact it is forcibly swallowing the growth of others' souls and occupying the flesh of others!"

The king of Jin Yu said slowly, saying: "This person, sin is incomprehensible, just as I understand the soul-hunting road in the 100,000 avenues, you will accept this soul!"

"no, do not want....."

He Jian heard it and immediately shouted.

The next moment, his mutant soul was pinched by the golden feathers under Ye Xuan's eyelids, and then the blue mist all poured into the main body of Jin Yu Road.

"100,000 avenues, the soul-stricken road?" Ye Xuan brows a pick, with his current realm, still can not understand.

However, after He Jian's death, two system prompts sounded in his mind.

"Hey, the host completes two random tasks!"

"Hey, the Tianjian sign magic weapon is fixed!"

This is the reward that Ye Xuan has dragged on to complete the random task for so long.

"A pitted, even rewarded the fixed Tianjian sign magic form!"

Ye Xuan looked helpless.

This magic weapon pattern has long been eliminated, and even one tenth of the shape of the flying sword is inferior, and it is useless.

However, Ye Xuan's luck is not bad, because this day's signing of the magic weapon shows that it can be merged with the poisonous god.

At this time, the king of Jin Yu said: "Are you called Ye Xuan?"

"Yes, seniors!" Ye Xuan nodded.

"I learned from this He Jian's memory that your qualifications are very good. At the same time, I am a disciple of my Jin Yu Dojo. It is just that I have a task in my hand. I don't know if you can help me with it?" said the Jin Yu Taoist. .

Ye Xuan paused and said: "Predecessors please say!"

"I want you to go back to the second day, and then build a new dojo, you are the master, but don't use the name of the Golden Feather Dojo." Jin Yu said.

what?

After Ye Xuan listened, he asked with a strange look: "I don't even have a half-step, how can I build a dojo?"

"There is my Jin Yu Dojo as your backing, you don't have to worry!"

Jin Yudao said: "It doesn't matter, there may be a robbery in the next, and it may even make the Jinyu Dojo disappear, so I want you to pass on this incense."

"Then, why not find someone else?" Ye Xuan frowned.

"Everyone else has already made a face-to-face appearance. You have a means of tolerance. As long as you change your face, the average person will not trace it."

After the Jin Yu Taoist finished, he took out a piece of Qiang Kun, and said: "Are you willing to take on the big task?"

"This....."

Ye Xuan hesitated.

Now, this golden feather lord asked him to open a school and become his own lord. He was the first time he met.

Now, in fact, it is the sword fairy who was brought to the triple heaven, and the deity is still in the double heaven, as long as he wants to leave, even if he is half-step, Jun can't keep him.

But the next moment, he made a decision.

"Hey, the host triggers the Zongmen mission, the mission completes the reward, and the Zongmen system is turned on!"

Zongmen mission?

New system?

Ye Xuan was shocked. Before he could react, the system prompted:

"Hey, accept the golden bells of the Golden Road Lord, and return to the Double Heaven to establish a new dojo and become the Taoist!"

This is the Zongmen mission, very simple!

However, this is still a task requirement. The requirement is to fix a Zongmen position and then receive a hundred and a half-step Tianjun-level disciples.

This is not difficult for Ye Xuan at present!

In this case, then Ye Xuan promised!

"Predecessors, I promised!" Ye Xuan nodded, and then took over the ring.

"There are not many things here, but it is enough for you to cultivate to the invincible Tianjun, and there are some martial arts exercises. After the invincible Tianjun, you have to rely on your own hands."

After the King of the Golden Buddha finished speaking, he took out a sword-shaped token and said:
"This, as your head token, it will be good to put it in the ring."

"okay!"

Ye Xuan didn't think too much and put things together.

"When you come, it is brought by Yunguang. Next, Yunguang will take you back and establish a sect in another place."

When the king of Jin Yu finished speaking, he waved.

Then, the middle-aged man named Yunguang took Ye Xuan to hide from the Jinyu Dojo and then returned to the Double Heaven through a transmission array.

"Remember, this is a hidden mission. Don't reveal that you are a disciple of my Jin Yu Dojo, and don't tell people that you have seen the Tao!"

Yunguang paused and said: "Next, you are the master of the school, do you think of the name of the dojo?"

"Amount, it is called Lianyun Dojo!" Ye Xuan said casually, because he was born in Lianyun City.

"Well, then even the Yundaochang, now I will go to erase the memory of some people in the lane, but even so, you can change your face!" Yunguang nodded, even if he broke open again.

This time, it was also beyond his expectations. I did not expect that there would be such a major task suddenly. It was really a pothole.

However, he also found some clues.

At this point, he has sunk his mind into the swallowing space.

The sword-shaped token given to him by the golden lord of the land is somewhat strange and does not seem to be a general thing.

But, let's get back!

Now he is back to the Double Heaven, and he has to start building a sect.

What is important is that he is only a realm of sacredness, and there is no way to be a leader.

"Right, after the old body of the tree was occupied by He Jian, it directly broke through to the half-step Tianjun, and then He Jian consumed the soul and helped the tree grow up to the second product. Now the tree is old in this two heavens. The wind is calling for the rain."

Ye Xuan thought secretly.

That He Jian, can be regarded as a big help for him, but due to the contract, so the old realm of the tree may not be able to upgrade, unless Ye Xuan reaches the nine-step half-step Tianjun.

"Hey, it is not difficult to open the task of the Zongmen system. As long as you receive a hundred and a half-step disciple-level disciples, you can open it. I don't know, what function does this door system have?"

Ye Xuan is looking forward to it, but for now, let's choose a location and talk about it.

He spreads black horns, old trees, fallen people, etc., and then finds a nice place.

After half a day.

"Little Master, it's a good place, it's a valley, it's very suitable for arranging the hidden array!"

The old tree came to the news.

Chapter 2009: Lianyun Daochang

Ye Xuan's plan is to find a good place to arrange the array, and then build a portal to engulf the space at the entrance.

In this way, anyone who enters the dojo will be transferred to the devour space.

There are good places to swallow space, how can Ye Xuan not use it well?

Soon, Ye Xuan chose that place, and then let the fall learn to exchange the array from the Xian devour system.

Not a long time, the formation of the formation, and Ye Xuan arranged the engulfing space into the transmission array at the entrance of the array.

"The place is ready, don't you know how old the tree is?"

Ye Xuan thought in his heart.

Before, he had let the tree go to search for the nearby city, and then received some disciples.

Just after, after a long time, the tree was brought with hundreds of people.

These people are all half-step Tianjun level, high and low, all meet the mission requirements.

Although some people are not qualified, but Ye Xuan is all in order to cope with the task, and it is good to reward things.

These people, entering the phagocytic space transfer point, came to the phagocytic space.

"Hey, the host completes the sacred mission and opens the sacred door system!"

"Hey, the current level of the sect is zero, and the number of disciples is 467!"

Hearing this, Ye Xuan quickly checked the Zongmen system.

The Taoist, in the eyes of the outside world, is old, but it is actually him. The old tree is only the temporary master. However, this does not matter. After all, he attaches importance to the sacred door system. The name is not important.

In addition, there are the names, genders, realms and qualifications of these disciples.

The average person is a one-star to two-star qualification, and only a few have achieved Samsung qualification.

"I am going to have a total of nine grades. The highest qualifications among these people are only Samsung?"

Ye Xuan rolled his eyes and quickly added the name of the fall to become a part of Lianyun Daochang.

Unexpectedly, the qualifications for the fall are unknown!

Not only that, but the old tree is the same.

"But look at the benefits of Zongmen!" Ye Xuan shook his head and looked at it carefully.

The Zongmen system has many advantages. As the owner of the dojo, Ye Xuan can enjoy various increases.

The current level of Zongmen is zero, so there is no increase at all. If it is upgraded to the first level, then the strength of Ye Xuan and his pets can be increased tenfold!

In addition, his disciple's disciples have doubled their qualifications and combat effectiveness.

It's terrible!

"The tree is old. In the future, you are the leader of the Yundao Daochang, and I am behind the scenes."

Ye Xuan said to the old tree.

"Well, then I will be known as Ye Cang in the future, and the owner of the Yundao Daochang!"

The old tree said.

"Ye Cang..."

After hearing the name, Ye Xuan's eyes were awkward for the tree.

In this way, Ye Xuan established a Lianyun Daochang, the old tree as the Taoist, at this time the fighting power is probably already the top Tianjun.

This strength is enough to be rampant in the second day!

"Hey, the host triggers the Zongmen chain task, raising the level of the Zongmen to the first level, and rewarding the time to control the time!"

Another system prompts to sound.

It's not that hard to see Ye Xuan's brow picking up to the first level.

Now the level of Zongmen is currently zero, and the number of disciples in the half-step Tianjun level has reached more than 400. As long as the number of disciples in the half-step Tianjun level is expanded to 10,000, then it can be upgraded to the first level.

"Young master, what do we do next?" asked the old tree.

"If you want to recruit a disciple, then you have to make a little movement, and the tree is old. You are now going to challenge the masters of the major cities or sects, and let us spread the name of Yundaochang!" said Ye Xuan.

"Okay, then I will go right away!"

The tree nodded old.

As for the fall, it is the cultivation of the sword in the swallowing space. After a while, her strength is estimated to reach the level of invincible Tianjun, so that it is enough to dominate the entire double heaven.

And his deity has long found a good hidden place.

The strength of the old tree is almost the peak of the double heaven. As long as you don't come to the invincible Tianjun, there will be no problem.

In addition, Ye Xuan also sent a large number of people to go to the major cities to build a transmission array to provide convenience for everyone.

In the following period, the name of Lianyun Daochang quickly spread.

Before the Jin Yu Taoist gave him the Qiang Kun ring, there are countless natural treasures in the head, which allows one to continue to cultivate to the invincible Tianjun.

He left two-thirds to drop, and then used to train his disciples.

After all, these are half-step disciples of the Tianjun level. It is a very easy thing to raise tens of thousands of disciples to the level of Tianjun with one-third of the resources.

There is a huge supply of cultivation resources to supply, and then cooperate with the devouring space, the Zongmen level will meet the requirements in a short time!

After a while.

In the period of waiting for the return of the tree, Ye Xuan's realm has also broken through to the nine sacred sages, only one step to reach a sacred emperor.

During this time, people were constantly joining the Lianyun Dojo and then arranged to practice in the devour space.

Ye Xuan, it can be said that the visitor does not refuse, because he has a large cultivation resources to back up.

He was thinking, in case of encountering a few disciples with qualifications, it would be cool!

Finally, the tree has a lot of fame, and the people who brought it back have tens of thousands, and they are all high-end half-steps, and they are masters of the middle-class Tianjun level.

Those high-ranking Heavenly Kings are basically the existence of certain sectarian towns and cannot leave.

Being able to join the mid-level Tianjun has exceeded the expectations of Ye Xuan.

"Oh, yes, I have come to a five-star genius!"

Ye Xuan is satisfied with the nod.

"Hey, the host completes the first ring of the Zongmen chain task, rewarding the time to control the time!"

When the system prompts Ye Xuan to sound, the flow rate in the phagocytic space is slowed down again.

One day outside, the engulfing of space is 4, 480 years, it is terrible.

The first ring of the Zongmen chain task was completed, then the second ring task.

This second ring mission, for Ye Xuan, is still a bit difficult, because it is to find a six-star qualified disciple.

However, beyond his expectation, the five-star qualified disciple, after joining the Zongmen, actually upgraded to a six-star qualification.

Don't forget, the level of the Zongmen is now one level, and the qualifications of the disciples under the door are doubled.

The qualifications of the five-star disciples have doubled and they have grown to six-star qualifications. It's a coincidence that it's no coincidence.

"Hey, the host completes the second ring of the serial Zongmen mission, rewarding time and blood for advanced!"

When the system prompts the sound, the flow rate of the phagocytic space becomes slower again.

The outside world, devour space for nearly 10,000 years!

Who is able to compare the cloud road field?

Chapter 2010: Tianjun

However, the third ring of this door-to-door mission is a bit difficult.

Actually, I asked Ye Xuan to find a hundred six-star qualified disciples, and there are also realms that must be the Tianjun level.

This is still a little difficult!

After all, the current six-star disciplinary disciple, Nima is only eight steps and half a step.

"It's all a group of mud that can't help the wall. Even if the qualification is doubled, the highest is five stars."

Ye Xuan shook his head.

You must know that the highest qualification rating is nine stars, and five stars are simply failing qualifications.

However, he is also calm, after all, his door system is just open.

At this time, he suddenly thought of a point.

"Right, there are countless people in the devouring space. If they are all received in the Lianyundao field, they may be able to find many qualified people!"

Thinking of this, Ye Xuan immediately took out a large number of disciples, and then forced everyone to refine.

In this case, they are forced to become disciples of Lianyun Daochang.

Ye Xuan rushed to check it out. Now there are more than 300 billion people in the Yundao Daochang. This number is a shock to him.

Before he was, he had collected a lot of people before, even some of the enemies were received in the swallowing space, and then because the time is inconsistent with the outside world, so it has been multiplied for many generations.

This engulfing space is actually a small world, and Ye Xuan is the master of this world.

With so many people, it is really not a difficult thing to find a hundred six-star qualified people.

However, these people with six-star qualifications are in a different state, and some even differ from each other in several realms.

Ye Xuan quickly distributed the cultivation resources to them, and then gave a master of Tianjun level guidance. It took only one day to train these people to the half-step level.

"Hey, the host completes the third ring of the Zongmen chain task, rewarding time and blood for advanced!"

Time and blood are advanced, so the time of control and the space of control are advanced, which affects the flow rate of the phagocytic space and the size of the phagocytic space.

It's a breeze!

However, the fourth ring of the Zongmen chain of tasks, he was awkward, and even need to cultivate a seven-star qualified Tianjun.

This is not what Ye Xuan can do now!

The six-star qualifications are so few, and the seven-star qualification is none of them. Looking for a wool?

Ye Xuan in a distress, suddenly thought of a point, immediately brightened his eyes: "Right, the space of engulfing space is very large, and these long-lived saints rarely bred future generations, I just let them live more More fertility, there may be some genius of genetic mutations, reaching the seven-star qualification!"

Now the space of the swallowing space is slow to burst. The outside world is nearly 18,000 years old. If it is in the 20th generation of ordinary human beings, the outside world can proliferate for nine hundred generations.

In this case, it is not as simple as multiplying the population by nine hundred, because those new people will continue to multiply.

Ye Xuan calculated a little, and then gave the command to the entire swallow space.

He is using the cultivation of resources as a reward to let these people have more births.

This announcement has shocked everyone who has swallowed up space. It is too simple to have children to cultivate resources.

However, it is not so easy to get pregnant in their realm. Fortunately, they are consuming the space.

One day later, the population of more than 300 billion people in the space swallowed up to a population of 100 trillion.

One trillion is a trillion people, and a hundred trillion is a trillion.

So many people have really found a few seven-star qualifications for Ye Xuan.

However, the size of the swallowing space has not allowed to proliferate for a day, so it will burst, so Ye Xuan immediately stops.

Then, Ye Xuan continued to spend a lot of talents to make this seven-star talent grow up.

This process took a few days!

"Hey, the host breaks through, and it is currently a holy emperor!"

"Hey, Megatron, breaking the gods, devouring the black scale dragon to break through, is currently the Five Emperor!"

I am afraid that people in the swallowing space will not think that Ye Xuan's realm is so low, because many of them are already at the level of the Holy Emperor, and the master of the half-step Tianjun is calculated by billions. .

However, this is only one in a million of the total population because the total population is one trillion.

"Hey, the host completes the fourth ring of the Zongmen chain task, rewarding the fairy kylin bloodline advanced!"

There are four blood vessels in the eye of the celestial unicorn. If it is all advanced, it also needs to consume a lot of swallowing points.

However, Ye Xuan still hopes to be able to advance the time and space.

Now that the fourth ring of the Zongmen mission has been completed, then the fifth ring mission is over.

"Hey, the host triggers the fifth ring of the Zongmen chain task, raising the popularity to the requirements!"

"The current popularity is one percent of the requirements!"

This time, it is not the task of cultivating disciples, but to raise awareness.

These two heavens are actually very large. I know that this area of the Lianyun Daochang is just the tip of the iceberg.

Therefore, Ye Xuan can only send a large number of people to build a transmission array, and at the same time go to the martyrdom and promote the popularity.

"Hope visibility has increased to 2%!"

"Hope visibility has increased to three percent!"

"Hope visibility has increased to five percent!"

Ye Xuan looked at the popularity of this point and said that he was very satisfied.

Nowadays, people have communication tools. They only need to add the words of the cloud road to other friends, and they will increase their popularity.

It is a pity that these people are now raising their popularity in the outside world, so the time has passed very slowly.

This process is very slow. It has been one and a half months, and the popularity has increased to 80%.

At this time, Ye Xuan has already raised the realm to the peak of Jiu Pin Sheng Di.

But what surprised him was that the next breakthrough needed not to cultivate resources.

But, experience!

From Jiuxiang Shengdi to half-step Tianjun, as long as you walk through a long way, you can teach others the experience. Just like Huo Zhen, he passed his cultivation experience to the land, otherwise he still falls. Can't break it.

Now, Ye Xuan is going to devour and absorb these experiences before he can break through.

Fortunately, there is also a middle-class Tianjun in the swallowing space, so he can provide a lot of experience.

"Hey, the host has gone through the first Tianyuan Road!"

"Hey, the host has gone through the tenth paragraph Tianyuan Road!"

"Hey, the host has gone through the thirty-fourth Tianyuan Road!"

The system prompt tone continued to sound, and Ye Xuan swallowed up the experience of the middle-ranked Tianjun, and even crossed the half-step Tianjun realm and broke through to Tianjun.

"That's horrible!"

Ye Xuan was frightened.
