

## Super D. S 202

Chapter 202: Elder sneak attack

"Use Danyuan to use prefecture-level martial arts, then I have to see if you are strong or I am strong!"

Ye Xuan's light flashed. When Tang Yaoguang's palm reached him, his breath also rose several times in an instant, including the strength of the body.

"Land level martial arts, explosive!"

It is faintly audible to hear a few muffled sounds on Ye Xuan's body. This is the sound of the opening of Ye Xuan's body, and the price of doing so is to make the intensity of Xuanqi soar.

"Give me death!"

Ye Xuan is drinking in the sky, and the right fist is like a meteor.

Level-level martial arts, great sadness!

"Hey!"

When the two palms touched, two different energies were bombarded together, and the wind blew up in the ring, and the audience under the ring was blown back a few steps.

"Hey!"

"Hey!"

The two fragile sounds spread one after another, and both of them fell back quickly.

These two crisp sounds are the sound of the broken bones of the two hands.

Tang Yaoguang squinted back and quickly felt that his left hand was already abolished. The shoulder was the hub of the left hand connecting the body. However, the meridians of this piece were all shattered, and Xuanqi could not pass.

"Impossible, how can I be blocked by the martial arts of the prefecture level that Dan Yuan used?" Tang Yaoguang could not believe it.

His palm is already a strong person who can kill a true peak. Even though Ye Xuan has a refining body, it is impossible to follow.

However, the next moment, he responded, and the strength of Ye Xuan's body was even stronger than that he had cultivated to the extreme.

How can this be?

At this time.

"Hey."

Suddenly a series of crisp sounds fell into the ears of Tang Yaoguang. He fixed his eyes and saw that Ye Xuan did not know when he rushed to him.

"not good!"

Tang Yaoguang's face changed dramatically, and the right hand holding the sword suddenly slammed.

"Oh!"

The long sword was directly on the shoulder of Ye Xuan. At the same time, Ye Xuan's palm was also directly photographed on Tang Yaoguang's right shoulder.

"Hey!"

Tang Yaoguang flew out.

Two strikes the big sorrow, one left and one right to abolish the meridians of his shoulders, and the Dan Yuan in his body has been exhausted. In this game, he has no threat to Ye Xuan.

Ye Xuan raised his left hand and pulled out the long sword hanging on his shoulder and threw it on the ground.

The next moment, he turned into a streamer.

"Tang brother, go to death!"

Tang Tian wants to abolish him, then he will first abolish the No. 1 dynasty of the Tang Dynasty.

However, it is at this time.

"Kid, stop!"

Suddenly there was a violent drink in the sky, and then there was an extra figure on the ring. This person wore the costumes of the Linglong House and went straight to Ye Xuan.

"what?"

Ye Xuan, who was looking at his own hand, was suddenly shocked by this figure.

Elder?

Godland?

"not good!"

Ye Xuan screamed in the heart, but his left hand still did not stop, and he photographed it accurately on Tang Yaoguang's chest. A thick and incomparable Xuanqi instantly poured into Tang Yaoguang's body and flew it again.

"Kid, you are looking for death!"

When the old man saw it, both eyes were red. He quickly swept to Ye Xuan's side, and the same palm was photographed on Ye Xuan's chest.

"Hey!"

This old palm is seemingly powerless, but in reality it is so powerful that Ye Xuan will fly directly.

Ye Xuan only felt that his chest was about to split, and there seemed to be a meat grinder in his body. The mystery in the body began to converge, and he was fainting.

The palm of the gods is not the only one who can take it.

This scene happened too fast, only the Jiangyou in the field reacted. At the moment, he quickly swept up.

After the elders flew Ye Xuan, they turned their heads and looked at Tang Yaoguang's injury and suddenly murdered.

"Kid, I want you to die!"

The old man screamed, the whole person burst out, not waiting for Ye Xuan to land, it was another palm.

What surprised him was that Ye Xuan in the air was not stunned by him, and he still kept a glimmer of consciousness. He struggled to condense a hint of mystery, and then slammed a palm and the old palm of the old man.

"Hey!"

"Hey!"

Ye Xuan's left hand bone was also shattered.

The old man showed an incredible look, but his men did not stop, and once again slammed a palm.

"stop!"

Jiang You didn't know when he was chasing him up, but his speed was still a bit worse, so he looked at Ye Xuan in the second palm of the old man.

"Hey!"

Another energy broke into Ye Xuan's body, and his internal organs were shattered.

"I am your cousin..." Ye Xuan still did not faint, and roared in his heart.

He didn't understand before, why did an elder in a godland shoot him?

But now, he understands.

This old man should be the strong man of the Tang Dynasty, and he gave Tang Yaoguang a waste and angered the old man.

The four great dynasties, each other checks and balances, there is only one \*\*\*\* Dan.

Tang Yaoguang was the most likely genius of the Tang Dynasty to break through to the gods, and he was abolished by Ye Xuan. The other party did not find Ye Xuan to avenge his blame.

The old man saw that Ye Xuan was still dead, and his heart was very surprised. He was ready to make another hand, but at this time, Jiangyou was finally rushed.

Originally, Jiangyou wanted to hide his strength, but he did not expect this elder to suddenly shoot Ye Xuan. He didn't want to see Ye Xuan die, so he could only shoot.

"boom!"

The two great gods and the strong men are on the palm of their hand, and the surf is swept 100 meters away, and the disciples who have not responded are given to the earthquake.

Both Jiang You and the old man have stepped back a few steps. The former suddenly asked: "Elder Tang, what are you doing?"

"He abolished the second \*\*\*\* of the Tang Dynasty!" The old man gnashed his teeth and said that he was also shocked.

Fang Cai Jiangyou and his banged once, not even worse than him. He already knew that Jiangyou was already a godland, but he did not expect the strength to be so strong.

"What is the identity of the elder Tang? Is it the Taishang Emperor of the Tang Dynasty, or the elder of the Lingxiao House?" Jiang You asked.

The old man screamed, and his heart screamed badly.

He was indeed the Emperor of the Tang Dynasty, but at this time it was Ling Xiaofu, and he was an elder of Lingxiao.

An elder, even against the rules of the Lingxiao government, ventured to challenge the disciples in the ring. Therefore, he is likely to be expelled from Lingxiao.

"It's my abruptness, but this one is so heart-wrenching that I have ruined my brothers and brothers. The old man just cleaned the door."

The old man quickly found an explanation for himself.

"Clean up the portal? Tang Xun, are you doing the law enforcement on my behalf?"

Suddenly an old voice sounded, and then, there was a figure descending from the air and falling to Ye Xuan.

He quickly fed Ye Xuan a medicinal herb and helped Ye Xuan refine, and then turned to look at the old man.
