

Super D. S 2021

Chapter 2021: Big kill

To put it simply, as long as you learn the flying star sword, you can easily pass the sword in the flying star sword.

Of course, if you come to the six-and-a-half-step road, then this sword is the six-and-a-half-step level.

The gates were not closed, but there was a layer of formation that made it impossible for those who were in the Golden Lion Dojo to enter.

They are all watching the show and seeing how Ye Xuan was killed.

However, what they wanted to see did not happen. After the sword was moved, Ye Xuan also moved, and Ye Xuan is now playing the flying star sword.

"Hey!" "Hey!" "Hey!"

A clear voice spread, and Ye Xuan actually played against Jian Jian.

The group outside the door was shocked because only the elders of the Golden Lion Dojo entered, but the three rounds were killed.

And now, Ye Xuan has actually reached six rounds!

"Impossible, has this kid learned the flying star sword?"

"What a joke, the Flying Star Cave was only opened for less than half a day, how did he learn?"

"Isn't it necessary to write down nine pieces of debris before they can be combined into a flying star sword? Has this guy already run nine palaces?"

"My Golden Lion Dojo teamed up with other dojos to integrate half of the flying star swords. He couldn't have finished it!"

The guardians and elders of the Golden Lion Dojo, who don't believe in their faces, are the same as the Golden Lion.

But the next moment, their chin is about to fall.

In the small hall, Ye Xuan's sword stabbed the throat of the sword, and the next moment, the strange voice came from the temple.

"Congratulations, learn the flying star sword, you can move on!"

When the words came out, the group of people behind the door were all shocked.

Ye Xuan, really **** to learn the flying star sword, how is this possible?

However, they can only see that Ye Xuan took the corpse and then did not return to the ground and walked forward.

Although I don't know why Ye Xuan will fly the sword, but they can know that Ye Xuan should be the first person to enter the tomb.

At this time, Ye Xuan had already passed through the small hall, and then after a long walk, he came to the tomb of Feixing Daojun.

There is nothing in this tomb, only one crystal is in the center.

Ye Xuan walked over and saw a young man lying inside.

"Young people, lying in the crystal plaque, is the body of my flying star!"

The strange voice rang again.

"I have seen seniors!"

Ye Xuan hurry and say hello.

"You don't have to be polite, you can come here and explain that it has a relationship with me. My most precious thing is the kind of sword, but before that, I have a request!"

The flying star said.

"Predecessors please say!"

"My flying star, Jun, named Jiang Feixing, is the younger brother of the Jiang family of Lingguangjiancheng. So, I want you to bring my body back and bury it with my mother!" said Feixing Daojun.

This task is very simple, so Ye Xuan agreed to it: "The younger generation must do it!"

"But what I want to remind is that my Jiang Feixing has done a thing that I am sorry for, that is, I have stolen a Taoist soldier, so I have been removed from the family. I am afraid that this willingness is not so simple!" Road.

"No matter how difficult, the younger generation must be completed for the predecessors!" Ye Xuan vowed.

"Good, then please!"

When the voice of the flying star Dao was dropped, the crystal cymbal was automatically opened, and then the 乾 戒 ring that was worn on the right hand of the meteor daojun flew out and fell into the hands of Ye Xuan.

"In this sacred ring, there is everything in my life, the most precious of which is the kind of sword, and the squadron - the dead sword."

"However, this dead sword is very important for the family. I stole it. If you bring my body back, you will inevitably be cross-examined. Therefore, you can't expose it, otherwise you will have a life worry."

The flying star Dao once again reminded.

Ye Xuan nodded slightly, and then looked at the Qiankun ring.

There are a lot of heaven and earth treasures inside, there is also a sword-shaped road, and a black long sword that exudes a gloomy atmosphere. It should be the one of the Taoist soldiers in the mouth of the meteor - the dead sword.

Ye Xuan does not say anything, he will swallow the sword.

This kind of sword is the early stage of Dacheng. After Ye Xuan swallowed it, it directly condensed a small sword into the early stage of the sword.

"Hey, the host breaks through to the four-and-a-half-step road!"

"It turned out to be a small one..."

Ye Xuan was somewhat disappointed.

In the early days of Xiaocheng, I could only break through to the four-and-a-half-step road, but this is not bad. After all, this is a relatively rare kind of sword. Without talent, it is impossible to condense.

"Well, you put my body away."

"Yes, seniors!"

Ye Xuan nodded, even if the body of the flying star Daojun was collected, then there would be no sound.

"Boom!"

At this time, the door at the end of the hall was opened again, but this time, Ye Xuan is not ready to leave.

"This dead sword is a Taoist soldier. This is the weapon used by Daojun. Look at the breath that comes out of it. It is estimated that if someone is injured, I am afraid it will be wiped out in an instant!"

Ye Xuan thought in his heart, that is, the road to the future.

Just when he opened the door, he saw that the nine roads had been unblocked, and then all the eight dojos rushed over.

"What about the sword road?"

The Golden Lion said immediately after seeing Ye Xuan.

"I have been refining by me." Ye Xuan answered honestly.

"Good boy, although I don't know what method you got, but you'd better call out the inheritance of the flying star Daojun, otherwise you will die without a place to die!"

A red-haired old man said.

Ye Xuan recognized that this is the leader of the Chihkan Dojo, the most powerful one among the people present.

"If you want to inherit, then come and get it!"

Ye Xuan was holding a pair of swords and holding a dead sword in one hand.

When the dead sword came out, the people present were all looking at the past.

"This sword, with a horrible death scent, is it a Taoist?"

"How come there is such a Taoist, it's weird!"

"Don't care, this kid looks a bit not easy!"

"What is not easy, see the old man kill him!"

An elder suddenly took the lead in killing Ye Xuan.

"There are five products in the district, and I dare to play in front of me and find death!"

Ye Xuan's light flashes, and the next moment, Jian Xian's avatar appears behind the other side.

"Flying star swords, nine stars chain!"

"puff!"

A series of attacks, running through the head of the elder, killed him in an instant.

Five-and-a-half-step princes, even seconds!

Everyone **** in the air. Is this the power of the flying star sword?

Chapter 2022: Lingguang Jiancheng

"Everyone is together!"

I don't know who shouted. The next moment, this group of people just killed the past.

The flying star swords, they all have, but there is only one species of sword.

Who won, who is it!

These more than one hundred people are at least the realm of the three-and-a-half-step princes. The worst of those lords are the five-and-a-half-step princes.

However, in the face of this group of people, Ye Xuan is not afraid.

Ye Xuan's deity, Jianxian avatar, black horn, and old tree, all face the people.

Ye Xuan, holding a dead sword, can kill each other with a single blow.

"This is a dead sword. It is a squad, no matter what attack can be broken, it is terrible!"

Ye Xuan said secretly.

After a while, this group of people was picked up by them, leaving only the few masters to join hands.

"Awful, terrible, so many of us, I can't help them, how can I fight?"

"Mom, don't fight, Laozi goes first!"

"Still, even as a deserter!"

"Escape your Malang Gobi, die yourself!"

Suddenly, there are two Taoist retreats.

Only, can they get past Ye Xuan?

In an instant, Ye Xuan and Jian Xian are one person, flashing behind the two.

"Flying star swords, nine stars chain!"

Ye Xuan and Jian Xian split their hands together, a total of 18 cold flashes flashed, the two escaped owners, suddenly frightened.

"Give me a stop!"

One person is drunk.

There is only one unparalleled pair of swords in the hands of Jian Xian. The attack power is much worse than that of Ye Xuan.

Therefore, his opponent did not die on the spot, but was seriously injured by the sword.

However, the other person is not so lucky.

All the nine-star serials did not enter the other's body, although they did not hurt the key, but this attack was issued by Ye Xuan with a dead sword.

The breath of death spread instantly, and the lord was wiped out. In the blink of an eye, a white bone fell to the ground.

After everyone saw it, they swallowed it.

The most horrible thing is not the power of the sword. It is probably this black sword.

"You are willing to surrender, I am willing to surrender to you!"

The seriously injured leader was scared of urine and immediately shouted.

"Sorry, I don't need it!"

Ye Xuan snorted and shot again.

The nine-star chain came out and killed it in an instant.

Just kidding, now Ye Xuan can't easily get people to get rid of the space, because there is a foresight.

Although there are many half-steps in the swallowing space, the people inside are not higher than him.

In this way, it will not pose a threat to the swallowing space!

The other five masters saw the two men die, and immediately looked at them and applied their own pressure box bottom.

Unfortunately, their attack did not work for Ye Xuan.

The attack falls on the body of the sword fairy, but it can be repelled, but it falls to the face of Ye Xuan wearing the evil spirits, it will instantly collapse.

After a while, the five people, including the Golden Lions, all fell, turning into the bones of the forest.

Then, Ye Xuan swallowed all their species.

The phagocytosis of the species, the fire of the species, etc., all upgraded to the early stage of Xiaocheng.

This time, the trip to the Flying Stars, Ye Xuan has received a lot of gains. If he has no more fucking, he will earn so much.

However, subject to the favor of the flying star, then he naturally has to complete the last wish of the flying star, that is, bring the body and the dead sword back to the spiritual sword city.

According to the memory of the flying star Daojun, the Lingguangjiancheng is in the northeast of this area, and the city government is the Jiang family.

I heard that Jiang Lingguang, the city owner, is a master of Dao, and his strength is very strong.

In the next section, Ye Xuan spent a lot of time, for a full month.

After numerous transmissions, he finally came to the Lingguangjiancheng.

However, Ye Xuancai just entered this Lingguangjiancheng and heard that Lingguangjiancheng is holding a swordsmanship competition.

Reward, very rich, turned out to be a sword!

"It's a big sword, it's a big deal. If you give a reward, you will come up with a sword."

Ye Xuan brows a pick.

Before, those dojos fought for a sword, and all of them were killed by him.

Now, this Lingguangjiancheng has a trial, and even took out a sword to plant as a reward, it is already very powerful.

Feixing Daojun is one of the geniuses of the Jiang family. When he is young, he is already a kind of sword. However, this does not mean that the Jiang family has no other people to condense, but there are still many.

"The reward is actually a kind of sword in the mid-term, which is not bad."

Ye Xuan's eyes glimpsed and then followed the crowd.

Soon, he came to the edge of the big platform in the center of Lingguangjiancheng.

At this time, there are already thousands of people gathered here, most of them are half-steps.

On the platform, there are a group of masters dressed in the costumes of the spiritual city of the city, and their realms are at least five and a half steps.

"This time the city's main government, in order to recruit the genius is also the cost, as long as it can beat the genius of the three city government, you can get rewards."

"This is a bigger contest than the sword. You can't use the holy force and the road. If you can win seven games in a row, you can get a sword. You may be the apprentice of the master of the city!"

"Just kidding, I want to win seven games in a row. It's not so easy. I saw it. It's Jiang Tianchen. It's already a seven-and-a-half-step road. It's said that it's almost a bit of a sword. He is not so easy!"

"Look, it is Jiang Sheng's deputy lord Jiang Sheng. It is said that it is already a nine-and-a-half-step prince. It is only one step away from Daojun!"

Everyone's sight fell on the looting old man.

This person, Ye Xuan is to know, from the memory of Feixing Daojun, he can know that this Jiang Sheng is his grandfather.

"You, the big game is about to begin, anyone can go to the stage to test, the request is sword repair, and can not use the Holy Power and the road, as long as you can win three people, then you can get rewards, the more people win, the more rewards rich."

Jiang Sheng said loudly.

At the moment, many people have come to power, and then they began to compare with a young man.

The seven young men of the Jiang family are geniuses of kendo. It is not so easy to defeat one.

However, if the sword is lost, it can be supplemented by physical fitness.

The first four Jiangjia youths are five-and-a-half-step princes. As long as the challenger reaches the six-and-a-half-step squad, almost all of them can dominate the physique.

The first one to come to power is a six-and-a-half-step prince, but in the ring, he can rely on the physique, that is the sword.

Chapter 2023: Jiang's first day

"Start!"

Under Jiang Sheng's order, the two figures on the ring began to move.

"Hey!" "Hey!" "Hey!"

A crisp sound spread.

The challenger of the six-and-a-half-step prince, even the first genius of the Jiang family did not take over, and they lost.

Although the realm is higher than the other side, the Jiang family's genius sword is indeed true. It is not so easy to win the first victory.

What's more, these seven Jiang family geniuses are ranked in order of strength.

Then, the second challenger came on stage and continued to challenge.

For people in this realm, fighting is a very fast thing. After a while, hundreds of challengers are defeated.

Among them, only one person won three games in a row.

"Hey, there is no good seedling in this session than the sword meeting."

Jiang Sheng shook his head and said in his heart.

However, at this time, a young man came to the downfall. This young man is Ye Xuan.

Ye Xuan sacrificed a shot to kill the sword, and then looked at the first youth.

Jiang Sheng is no longer shouting. The challenger will start as a shot, so it is up to Ye Xuan to attack.

However, Ye Xuan, the four-and-a-half-step, is not optimistic for everyone.

"tread!"

Ye Xuan took a single foot, the next moment is the skyrocketing, and instantly came to the front of the No. 1 Jiang family genius.

This speed is beyond everyone's expectations!

In the previous battle, Ye Xuan was accelerating with the fire and the path of the wind. Now it is entirely dependent on physical fitness. Therefore, he used the state of killing.

The Jiang family genius of the five-and-a-half-step prince has not yet reacted. Ye Xuan's blow will kill the sword, and it is already on his neck.

Won!

The whole audience was silent.

"Oh?"

Jiang Sheng's eyes were a bit stunned. I didn't expect Ye Xuan to be able to challenge the genius of a Jiang family. It's incredible.

Next, it is another martial genius of the five-and-a-half-step priest.

However, it is still being smashed by Ye Xuan.

Not only that, but the remaining two five-and-a-half steps are the same.

Ye Xuan, directly won four games.

No one was optimistic about Ye Xuan at the beginning of the game, but now they all stretched their necks to see if Ye Xuan could defeat several Kendo kendo geniuses.

However, the first four are five-and-a-half steps, while the fifth and sixth are six-and-a-half steps.

Ye Xuan, can you still win?

"This kid is not bad, but it can be seen into the Jiang family."

That Jiang Sheng thought in his heart.

At this point, the fifth game has begun than the sword.

"Killing state!"

Ye Xuan said nothing, directly opened the big move, but because of the inability to use the Holy Power, everyone can not see what changes he has.

"Hey!" "Hey!" "Hey!"

A crisp sound spread.

Ye Xuan, who is only a four-and-a-half-step prince, can actually fight with the Jiang family genius of the six-and-a-half-step prince, which makes people a little unbelievable.

This is not the point. The focus is on Ye Xuan's swordsmanship, which is even more powerful than the fifth Jiang family genius.

"Hey!"

Suddenly a crisp sound spread, I saw the fifth Jiang family genius of the quasi-dao soldiers, suddenly broke, and then Ye Xuan sword pointed, lying on the other's neck.

This attack makes Ye Xuan a bit unexpected, because it triggers a killing effect, otherwise the battle will continue for a while.

"Challenger, five wins!"

Jiang Sheng shouted a word, and at the same time his eyes fell on Ye Xuan, nodded slightly, expressed appreciation.

Ye Xuan won five people, so if he wins another one, he can challenge Jiang Tianchen, the first day of the Jiang family.

Sure enough, not surprisingly, Ye Xuan still won the sixth game, although it took a lot of time, but it is also very good.

"It's really a bunch of waste, and even a four-and-a-half-step can't be cleaned up."

The first day of the Jiang family, Jiang Tianchen's heart was cold.

Ye Xuan won six victories, then win another game, you can get a sword of the Jiang family ancestors left behind.

You know, there have been countless games in the Sword Contest, and no one has ever been able to get this kind of sword.

Today, is it possible to be born?

"The seventh game!"

Jiang Sheng shouted, and then Jiang Tianchen went up.

Speaking of it, this Jiang Tianchen is also the cousin of Feixing Daojun Jiang Tianxing.

Of course, Jiang Tianxing's qualifications are much better than Jiang Tianchen, because Jiang Tianchen has not yet condensed the way of the sword, but Jiang Tianxing has done it.

Ye Xuan thought, as long as you get this kind of sword, then the path of his sword should be improved. At that time, the realm will follow.

However, it is not so easy to win the first day of this Jiang family.

Even if the six people are together, I am afraid that this is not the opponent of Jiang Tianchen.

"Kid, don't think that you have defeated six of them, you are qualified to fight with me, you still go down." Jiang Tianchen said to Ye Xuan.

"Oh? I am not qualified. Is it true that the rules have changed? You are the eighth person, not the seventh person?" Ye Xuan brows a pick.

Jiang Tianchen had a glimpse of his eyes and knew that he had made a mistake, so he no longer talked nonsense and waited for Ye Xuan to shoot.

"excuse me!"

After Ye Xuan finished, he directly shot, and instantly turned into a streamer, killing Jiang Tianchen.

This Jiang Tianchen is the first genius of the Jiang family, so the strength is very good, plus it has been cultivated for countless years, so the sword is also unprecedented.

Among the peers, one can find a sword with him, almost no!

Just, don't forget that Ye Xuan also has the blood of the sword, and he also has a sword.

Although it is impossible to use the attack of the Tao here, his sword method is still above Jiang Tianchen.

The battle between the two was very intense, but the outcome was not unexpected by Jiang Sheng.

"The physique of this kid is still above the sky, is it the power and the like?"

Jiang Sheng's eyes glimpsed.

There are a total of 100,000 kinds of trails, and there are many ways to improve the body.

Those who have realized these words, although unable to use the attack of the Tao, still have an advantage for this game.

However, Jiang Sheng also saw that Ye Xuan's sword is still above Jiang Tianchen.

At this time, Ye Xuan has already picked up Jiang Tianchen's prospective Taoist soldiers and put a one-shot killing sword on Jiang Tianchen's neck.

The battle lasted only five seconds, but it was already very long for people in this realm.

"The challenger wins!"

When the voice fell, the audience was boiling.

How many years have passed, and now there is a challenger who wins seven games in a row.

However, some people began to wonder if Ye Xuan was the one that Jiang Jia had found.

However, there is no need to register for the challenge, and there is no need for any fees. What is the use of finding a support?

Playing your own face?

Chapter 2024: Kill

After Jiang Tianchen heard this, he was also in the same place. It is hard to imagine that as the first talent of the Jiang family, he was defeated by a four-and-a-half-step prince.

"I want to kill you!" Jiang Tianchen screamed, and even directly directed at Ye Xuan.

"presumptuous!"

When Jiang Sheng saw it, he immediately flashed to Ye Xuan and slapped Jiang Tianchen.

Jiang Tianchen is his grandson, but now Ye Xuan has won the victory. If Jiang Tianchen kills him, how would everyone look at the Jiang family?

After being fanned by his grandfather, Jiang Tianchen also calmed down and could only glare at Ye Xuan.

If he is fighting all-out, he can kill Ye Xuan with a sword, but unfortunately this game is more than a sword, unable to use the Holy Power and the Tao.

"Young man, what is your name?" Jiang Sheng asked.

"Yearning Ye Xuan!" Ye Xuan answered.

"Good, this is your reward!"

Jiang Sheng is also nonsense, and he took out a sword from the Qiankun ring.

The sword was planted, and everyone present was wide open.

The road of the sword is the best of the ninety-nine holy roads. Even if it is only in the early stage, it is enough to clean up the late stage.

Ye Xuan took over this kind of sword, and looked at it carefully.

This kind of sword is the kind of Tao in the middle of Dacheng, that is, the strongest of the eight-and-a-half-step princes before the Lord's life.

Ye Xuan estimates that as long as you swallow this kind of sword, you can at least break through once, or twice.

At this time, Jiang Sheng said again: "Ye Xuan, are you willing to go under my door?"

When this was said, the people present were in a hurry.

Jiang Sheng, but the deputy head of the Jiang family, that is, the deputy city owner, was able to enter under his door, but step into the sky.

After hearing this, Ye Xuan thought about it quickly.

Jiang Feixing is the grandson of Jiang Sheng. If he can get in touch, it is much simpler to complete Jiang Feixing's will.

"Apprentice sees the master!" Ye Xuan said nothing, directly holding the fist.

"good very good!"

Jiang Sheng was satisfied with the nod.

Ye Xuan's qualifications are even higher than Jiang Tianchen's. If it is cultivated, the combat effectiveness may not be low.

Jiang Tianchen, already mad at his teeth, because he is the grandson of Jiang Sheng, and Ye Xuan is now an apprentice of Jiang Sheng, which means that Ye Xuan has raised his seniority.

In the future, he will see Ye Xuan, isn't he a gift?

"No!"

Jiang Tianchen directly sighed.

Upon hearing this, Jiang Sheng turned his head strangely and asked, "Why not?"

"Grandpa, have you never accepted an apprentice?" Jiang Tianchen immediately said.

"With such a good seedling, why can't you break the rules? It's you, you should learn to be a good person!" Jiang Sheng blinked.

Although Jiang Tianchen is his grandson, he is also the best of the current qualifications. However, the character of the former is really not good. Therefore, he does not like Jiang Tianchen very much.

"Old things, even in the face of so many people, I am still not your grandson?"

Jiang Tianchen screamed in his heart.

This game is over than the sword contest, Jiang has another genius, that is Ye Xuan.

Then, Ye Xuan left with Jiang Sheng and came to the city government.

"Ye Xuan, you will live here in the future, go to the road of enlightenment swords, if you don't understand anything, just ask me."

Jiang Sheng said to Ye Xuan.

"Yes, Master!"

Ye Xuan nodded.

At this point, he was thinking about one thing, that is, whether to tell Jiang Shengxing about Jiang Feixing.

However, after thinking about it, he decided to forget it.

Subsequently, Jiang Sheng left, and after he left, Ye Xuan casually found a Jiang family's next man, and then forcibly swallowed the soul.

"It turns out that Jiang Feixing's stealing of the dead sword is a taboo for the Jiang family. No one can mention this. Jiang Feixing's father fell in his early years, and his mother committed suicide after Jiang Feixing's stealing a dead sword. Out of the Lingguangjiancheng."

Ye Xuan eyes a glimpse.

In this case, it is better to bury the body of Jiang Feixing with his mother first.

At the moment, Ye Xuan left the city government directly and then went straight out of the city.

Before Jiang Feixing's last wish was to bury his mother's body together, but because he had stolen the dead sword, the mother's body did not enter the family ancestral hall, so Ye Xuan had to first bury the body of Jiang Feixing and let it be Jiang family, moved their bodies back.

As for how to let the Jiang family do this, then there is no need to say more, that is, use force!

However, when Ye Xuan left the city government, suddenly a person followed.

He asked Megatron to look back and found that Jiang Tianchen, the grandson of Jiang Sheng, turned out to be.

"This guy, follow me after losing to me, want to teach me, or want to kill me?"

Ye Xuan's eyes glimpsed and thought in her heart.

However, he did not turn his head, just continued on his way.

After a while, Jiang Tianchen was chasing it up.

"Stand up!" Jiang Tianchen yelled.

Ye Xuan heard the sound and stopped.

"Oh, it turned out to be you, is there something?" Ye Xuan asked with a smile.

"Put up your face and hand over the sword. Then give me a little more. Otherwise, don't blame me." Jiang Tianchen is not nonsense, he said directly.

"It turned out to be the way to fight the sword. Why, you Jiang family, can't afford to lose?" Ye Xuan could not help but ridicule.

"Less nonsense, give you three seconds to hand over the sword of the road, otherwise, die!" Jiang Tianchen's eyes in the eyes of the killing.

"Is it?"

Ye Xuan's mouth tilted slightly, and he took off the ring in his hand and said, "I have the ability, can you take it yourself?"

"A big courage, the four-and-a-half-step prince of the district, even provoked me, don't think that it is better than me in the sword law, I will be able to see everything, today I will let you see, what is called heaven!"

When Jiang Tianchen's voice fell, he had turned into a streamer and killed Ye Xuan.

"Who said, I am a four-and-a-half-step prince?"

Ye Xuan smiled coldly, and the breath suddenly rose.

Four products and half steps?

Do not!

At this time, Ye Xuan, the breath is already a six-and-a-half-step prince, because he swallowed the middle of the sword in the middle of the Dacheng, so that his own sword path was raised to the late stage of Xiaocheng.

"Flying star swords, nine stars chain!"

Ye Xuan's right hand instantly pierced the Nine Swords, which combined various attacks. The power was terrible, and it easily defeated Jiang Tianchen's attack and then penetrated his head.

"puff!"

A muffled sound spread, and then Jiang Tianchen's body was planted on the ground and fell.

"It's not me, not me!"

Ye Xuan shook his head and quickly took over the body of Jiang Tianchen.

I am afraid, Jiang Tianchen would not have thought that Ye Xuan had already condensed a kind of sword, and that the display was still the flying star sword created by Jiang Tianxing.

Chapter 2025: Where the sword is located

Then, Ye Xuan again swallowed the body of Jiang Tianchen from the true and false masks and turned it into Jiang Tianchen, reading the memory of Jiang Tianchen.

However, the next moment, Ye Xuan was shocked because he learned a secret.

"There is a dead road inside the dead sword?"

Ye Xuan's eyes widened and it was a little hard to believe.

The road to death is not ranked lower than the kendo in the Jiujiu Holy Road. If you can understand the way of death, the combat effectiveness will be greatly enhanced.

That a dead sword, originally made of the road, is no wonder so powerful.

This is not the point!

The point is that there is another Taoist soldier made by the Tao, called the Sword.

The sword and the dead sword are a pair, called the sword of life and death.

This is the inheritance of the Jiang family, but the birth sword was lost in an accident.

"Which swords have the ability to bring people back to life?"

Ye Xuan is a bit stunned.

The path of the sword in the sword, called the species of life, the way of life, is also the top of the nine-ninth holy road.

Once, the Jiang family used people to resurrect the sword!

"The way of life, the way of death, it is terrible."

Ye Xuan made a chill, and he was thinking at this time that if he got a sword, wouldn't he be able to resurrect the flying star and his mother?

Not only that, but also many people can be resurrected!

"This is a lost sword, but the Jiang family has the method of finding a sword. As long as you rely on a dead sword, you can find a sword..."

Thinking of this, Ye Xuan was directly on the move, and soon arrived at the burial place of Jiang Feixing's mother.

Then, he simply took the body of Jiang Feixing's mother.

In this realm, it is really easy to want the body to be rotted, so Ye Xuan feels that Jiang Feixing's mother can still be resurrected.

Then, he directly turned into Jiang Tianchen and returned to the Jiang family.

There is a sword-seeking method in the martial arts house of the Jiang family, so Ye Xuan immediately went in.

As the grandson of the deputy head of the family, the Jiang family was the first genius, so Jiang Tianchen still has this power.

Ye Xuan went straight to the top floor and then looked for a while. Sure enough, he found the way to find the sword and then transcribed it.

Then he left the city hall again.

"Now, I got the law of finding a sword, and I have a dead sword. I should be able to find it."

Ye Xuan's eyes were slightly stunned and the dead sword was taken directly.

"call out!"

After Ye Xuan exhibited the method of seeking a sword, this dead sword pointed to the north.

"In the north?"

Ye Xuan whispered, immediately returned to Lingguang Jiancheng, and then transferred to a city in the north.

Then he used it again, but the sword tip of the dead sword still pointed to the north.

"It's still north!"

Ye Xuan continued to transmit, but the dead sword still pointed to the north.

In desperation, he only needs to transmit over long distances, but he is still in the north.

Next, he spent a lot of wealth before finally seeing the dead sword pointing towards the south.

This shows that his transmission exceeds the location of the sword!

However, this is already a few days later.

"Mom, continuous transmission, all are poor!"

Ye Xuan roared.

Fortunately, he is already about to find it.

"Between the two cities, there are four more cities, slowly narrowing the scope."

Ye Xuan began to continue to transfer, and finally locked in two cities.

That sword is in a certain area in the middle of the two cities.

At the moment, he just left and hurried.

However, with his realm, it was enough time for more than ten days before finally locking it in one place.

This place is a large forest with huge trees inside, and from time to time there will be a strong life.

Under normal circumstances, places like this will have a treasure.

Ye Xuan did not say anything, he sent swordsman avatars, old trees and black horns to check.

The level of this area is not low. He is already passing through several cities with masters of Daojun. With his strength, it may be dangerous.

However, after hesitated for a while, he decided to go in together. After all, he can now use the time-lapse skills.

This forest looks a bit strange, and what Ye Xuan doesn't know is that this life-filled forest is known as the forest of death.

The entrants, no one left to live!

Ye Xuan entered it and there was nothing to do at the beginning. It didn't take long before he heard several system prompts.

"Hey, devour the black scale dragon to die!"

"Hey, flame swallows unicorns to die!"

"Hey, devour the black scale dragon to resurrection!"

"Hey, the flame swallows the unicorn to resurrect!"

When he reacted, he saw Jianxian being in the darkness.

"what's the situation?"

Ye Xuan brows a pick.

At this moment, suddenly a **** mouth opened wide and swallowed him directly.

The sword fairy was swallowed, because he focused his attention around him, but this time, he saw something swallowing him, turned out to be a big flower.

Cannibalism!

At this time, Ye Xuan was already swallowed into the mouth of the piranha, and the corrosive liquid dripped down, and the virtual spirit was pierced.

"My day!"

Ye Xuan was shocked and quickly shot, but the defense of the piranha was very tough, and his attack could not be broken.

"I don't believe it!"

He widened his eyes and sacrificed the dead sword.

This time, broke open!

The death scent spread, and the eater was decaying.

It turned out that this is the crisis of this forest!

"Hey, look at me and burn all of you!"

Ye Xuan's eyes widened and he held the dead sword directly and began to shoot crazy.

The level of these piranhas is not low, although it has not reached the level of Daojun, but only eight products, nine products and half-steps.

However, all that were attacked by the dead sword were all decaying.

Ye Xuan, began to sweep wildly, wherever the flowers and trees are withered.

During the period, Ye Xuan also used the method of seeking a sword to check the position of the sword and then killed it all the way.

No matter what, this piece of forest is infinite, he killed for three days, not yet killed.

At this time.

"A big tree..."

Ye Xuan was shocked. This tree, I am afraid it is tens of thousands of meters high, and it is very strong.

This is not the point, the focus is on this tree, which exudes a strong sense of life.

Ye Xuan stood here and only felt that he was very angry and increased his life.

However, at the time of this tree, there was a group of black shadows swimming. He looked at it carefully and turned out to be a mosquito.

"This group of mosquitoes is absorbing the essence of the life of this tree."

Ye Xuan's heart was a secret sentence, but he did not take much care of it, but quietly circumvented it.

However, after he walked around the big tree for a while, he found that the direction pointed by the dead sword had deviated.

According to two angles, the sword should be in that big tree.

Chapter 2026: Resurrection, the flying star!

Ye Xuan thought about it, but sent a sword fairy to three people.

Sure enough, as soon as they approached, they were attacked by those big mosquitoes.

"Nine-heavy tiantianyan!"

The tree made a big trick and directly burned a group of large mosquitoes.

However, these mosquitoes are not counted at all, and they can't be killed. So the black horns and the old trees are alive and dead.

Fortunately, Jian Xian is not satisfied with Ye Xuan, still strong.

These mosquitoes can't hurt him at all!

"what?"

At this time, Ye Xuan suddenly found a point.

After the mosquitoes are killed, the vitality of the body will come together and then flow into the distance.

Ye Xuan frowned, let the sword fairy go to check it out.

After the latter arrived, they saw a huge altar there, and above the altar there was a crystal bottle.

The breath of life has flowed into this crystal bottle!

Swordsman split in the past and waited for him to prepare to put away the crystal bottle, and suddenly a breath came.

"Who?"

A violent drink, let Jian Xian stop his hand, he turned his head and saw that a long-haired youth stood up and looked down on him.

This long-haired youth, wearing a green gown, is the realm of nine-and-a-half-step.

"who are you?"

Sword fairy asked and asked.

However, the other party did not answer this question, but directly shot.

"boom!"

The sword fairy also shot at the same time, the two energy collisions, spelling a comparable.

"Good guy, look for death!"

The long-haired youth's eyes stunned and they immediately played against Jian Xian.

At the moment, Ye Xuan has quickly rushed over and turned into a four-on-one situation.

In the case of one-on-one, Jian Xian's avatar is really why this long-haired youth, but four-on-one, it's more than enough.

"Still!"

The long-haired youth roared.

But the next moment, his chest was pierced by Ye Xuan.

"Hey, the host's killing value is improved!"

A system prompt sounded in Ye Xuan's mind.

Ye Xuan quickly took the body away and then searched for the soul.

It turned out that this long-haired youth is a disciple named Jumu Dojo. He made this area, the purpose is to attract others to go in, and then let those eaters swallow the flesh and blood, and then transfer the essence to the giant tree of life. .

Then, the big mosquitoes absorb the essence of life and sink it into the bottle.

These essences of life will eventually be absorbed by the young people.

"What, is there a life in his body?"

Ye Xuan was shocked.

This kind of life is a kind of life that the long-haired youth devours a lot of life essence. Now he is using the essence of life to enhance the life.

The species of life is more precious than the kendo, and ranks even higher in the Jiujiu holy road.

Unexpectedly, this giant wooden dojo has a method, it is really amazing!

However, this method is a bit inhuman. After all, this kind of life is accumulated by countless lives.

Ye Xuan, regardless of the other, directly devours this life-threatening species, and then uses the other species of the phagocytosis to swallow it twice.

Just can't break it!

However, Ye Xuan also found a useful thing from his memory.

The raw sword was accidentally obtained by the long-haired youth and then planted on the ground.

Simply put, the sword is under the giant tree of life.

Ye Xuan hurriedly passed, and then let the Megatron become the beast of the beasts, and then kill those mosquitoes.

At this time, he already has the life of the species, he put his hand on the tree of life, and then began to absorb the essence of life.

This giant tree of life is the root of the entire forest. Simply put, the whole forest is actually one.

Ye Xuan constantly absorbs the essence of life, and the just-acquired species of life has been continuously improved since the beginning of Xiaocheng, and finally raised to the early stage of Dacheng.

"Hey, the life of the species is raised to the beginning of Dacheng!"

"Hey, the host breaks through, and it's currently a seven-and-a-half-step road!"

When the two systems prompted the sound, the forest was completely withered.

The long-haired youth originally used this forest to lure other people into it, and then made the essence of life absorbed by himself.

This was originally an infinite loop, but Ye Xuan absorbed this giant tree of life and could not do it.

Then, Ye Xuan began to excavate and took out the raw sword hidden in the ground.

The sword of life and death, finally got together!

"The original forest made like this requires a large number of natural treasures, but this long-haired youth just got the sword, so it saves a lot of money."

Ye Xuan thought in his heart and took out the dead sword.

These two squadrons are made of the Tao, and if the two squadrons are destroyed, they can get a life and a dead species.

However, the Taoist soldiers are the weapons of the Daojun level. So what can he destroy now?

"In my current realm, I should be able to resurrect Jiang Feixing and his mother."

Ye Xuan thought about it.

However, what he did not know was that the death of the long-haired youth had already been passed back to the giant wood dojo.

At the moment, he took Jiang Feixing's body out, and then used the dead sword to absorb the death scent, and then used the raw sword to fill the life.

Not a moment, the originally dead Jiang Feixing actually came alive.

"this is....."

Jiang Feixing opened his eyes.

He used to use the dead sword to fight, so he was stained with dead air, and he could only build his own tomb.

Now, how come suddenly come alive?

Is it difficult to be made into a vicious war corpse or a smash?

"Predecessors, we met again!"

Ye Xuan said with a smile.

"you are....."

Jiang Feixing was confused.

This can not blame him, after all, he has long since died, before the remnant soul and Ye Xuan exchange, so not knowing Ye Xuan is normal.

Ye Xuan told the previous story again. After listening to it, Jiang Feixing looked like a face.

"You, did you find the sword?" Jiang Feixing was shocked.

You must know that before the Jiang family ancestors went to find a sword, they came to this dead forest, but there was no way to enter it, so they could only give up.

Unexpectedly, Ye Xuan's half-step road was actually done!

However, Ye Xuan can come in, thanks to the sword fairy and the dead sword and the virtual spirit.

Of course, there is still time to go back. After he entered this dead forest, he actually used time to look back and look for places with low risk.

"Predecessors, your mother's body is also here, I can also resurrect her!" said Ye Xuan.

"what?"

Jiang Feixing was shocked again and hurriedly said: "Fast, resurrect my mother!"

"it is good!"

Ye Xuan did not say anything, and took out the body of Jiang Feixing's mother.

Resurrection is not difficult, but the realm must keep up.

Chapter 2027: Mother and child reunion

Just right, Ye Xuan is already a seven-and-a-half-step prince, and can resurrect the same mother who is the seven-and-a-half-step prince.

The dead sword took the dead air, and the sword was poured into the gas of life. After a while, Jiang Mu opened his eyes.

"mother....."

Jiang Feixing could not help but shout.

Shortly after he left the dead sword, he heard about the news of her mother's suicide, and then she was heartbroken and had several suicidal thoughts.

However, he later heard that the sword had the ability to return to life, so he wanted to find a raw sword, but he did not expect the death sword to be used more, and it was contaminated with death, so that it fell.

The death breath, Ye Xuan is actually contaminated, but the blood in his body can suppress this breath, and after getting the life of the species, this death breath is gone.

"Stars..."

Jiang mother looked awkward.

Then, Ye Xuan directly received the two people in the swallow space, let them reunite.

And he is preparing to return to the spiritual city of Light Sword.

"Ye Xuan, my father used to fall in the war with people, can you..."

Jiang Tianxing suddenly asked.

"Eight products and half-steps, I don't know if I can succeed with my current realm, but as long as I break through again, it should be fine."

Ye Xuan answered one sentence.

"Thank you first!" Jiang Tianxing thanked.

After death, the soul will gradually dissipate, but only the virtual soul will be dissipated.

In the human brain, there is also a physical soul. Ye Xuan resurrected the two with a raw sword and a dead sword. In fact, he used the dead sword to absorb the breath of death, and used the raw sword to recover the soul in his head and gave birth to a new soul. .

Therefore, it is impossible to resurrect if there is a raw sword alone, unless it can remove the dead air.

Having said that, on the way, Ye Xuan has always left a void positioning point, so it is very easy to return to Lingguangjiancheng.

After a while, he is returning.

Then he just found Jiang Sheng directly.

According to Jiang Tianxing, his grandfather Jiang Sheng was very good to him. He stole the dead sword that year, so he felt very embarrassed about Jiang Sheng.

At this time, Ye Xuan has returned to the city government.

"Master, are you there?" Ye Xuan gave a message to Jiang Sheng.

"come on!"

The next moment, Ye Xuan appeared outside the home of Jiang Sheng.

"What?" Jiang Sheng turned to look at Ye Xuan.

"Master, next, I want to tell you something, I hope not to be too surprised!" said Ye Xuan.

"Haha, the old man is also a man who has been through big winds and waves. There are not many things that can make the old man surprised!" Jiang Sheng laughed.

But the next moment, his smile is abruptly stopped.

In case, just in case, Ye Xuan arranged a sound insulation array around, and then said: "Master, your grandson Jiang Feixing, come!"

"what?"

After Jiang Sheng heard it, he couldn't help but stunned. Then he saw two people who were very familiar.

One is his daughter-in-law, and the other is his grandson.

"Wen Hao, Fei Xing, you..."

Jiang Sheng was shocked.

Since his grandson Jiang Feixing stole the dead sword, his daughter-in-law, who had committed suicide for the family, was not allowed to bury her in the family ancestral hall.

Now, how come back?

"Grandpa, in fact, my mother and I are already dead, but Ye Xuan found the sword and raised us again." Jiang Feixing said.

When this was said, Jiang Sheng was shocked again.

Raw sword!

how is this possible?

You must know that the place where the sword is located is a very dangerous place.

The home of the Jiang family, his father, the master of the Daojun level had led the team, but in the end he failed to return at the cost of half of the dead.

Now, Jiang Feixing said that the birth sword was retrieved by Ye Xuan, a half-step, how could it be?

At this time, Ye Xuan took out the sword and the dead sword, and then told the story.

"Appreciation, thank you, thank you for bringing back the sword of life and death." Jiang Sheng was grateful.

However, Ye Xuan is shaking his head: "Master, you misunderstood, I am not helping you find it, but because I need this life and death sword."

"This....."

Jiang Sheng is a glimpse.

"In addition, I entered the Jiang family, just to investigate some things, so from now on, I will no longer be your apprentice." Ye Xuan's face suddenly dignified.

With his strength, Jiang Shengke is not qualified to be his master!

"Ye Xuan, this..."

Jiang Feixing suddenly spoke up, but did not know how to say it.

Before he handed the dead sword to Ye Xuan, he hoped that Ye Xuan could bring his body and death sword back to Jiang.

Now, Ye Xuan said that he needs a dead sword. What should I do?

After all, Ye Xuan even found his sword and resurrected him and his mother. If you ask Ye Xuan to return to his life and death sword, he will be a little ungrateful.

"You can rest assured that I just borrowed the sword of life and death. I will return it in the future. However, I can resurrect the dead people of the Jiang family, but I need some kind of reward as a reward!" said Ye Xuan.

The voice fell and the audience was silent.

"This....."

Jiang Sheng was hesitant.

In fact, he wanted to hide Jiang Feixing and Wen Yuxue first. After all, Jiang Feixing was a sinner of the Jiang family.

However, now Ye Xuan will bring back the dead sword and retrieve it together with the raw sword. If Ye Xuan can return the life and death sword to the Jiang family, then Jiang Feixing will be a happy thing if he is guilty of sin.

Unfortunately, Ye Xuan is not ready to return the sword of life and death.

"What kind of species do you need?" asked Jiang Sheng.

"It is best to be a high-class fire. Of course, the other does not matter. However, I must ask for a large amount!" said Ye Xuan.

His request made the three people puzzled!

Tao, just need one to understand, just need so many kinds of things to do?

We must know that the more the species gathers, the harder it is to condense. In the half-step Junjun realm, it is not bad for the average person to condense two kinds of roads. The three are very rare.

"I use the life and death sword to help you resurrect the people, just ask for the kind of reward as a reward. Should this transaction be too much?" Ye Xuan asked again.

"It is not an exaggeration, but I have to discuss it with other people."

Jiang Sheng said.

He is only the deputy head of the Jiang family, the owner is his brother, in addition, his father is sitting in town.

This kind of thing, still have to discuss it!

"Okay, this is fine!"

Ye Xuan nodded, even if the sword was closed.

Then, Jiang Sheng left quickly, with Jiang Feixing and Wen Hao.

The Jiang family did not know that Jiang Feixing had died once, but many of them saw the body of Wen Hao.

Now that the resurrection of Wen Hao and Jiang Sheng's own eyes have been seen, it is not difficult for the Chiang family to believe this fact.

Sure enough, after a while, a large group of people came.

The breath of one of them is even stronger and almost suffocating.

Chapter 2028: Threatening Jiangjia

"Old, ancestors?"

"God, how did the ancestors come out, is he not retreating with his family?"

"The homeowner is also out, the deputy owner is also there, what happened?"

The people in Jiang's family are all inexplicable.

At this time, Ye Xuan in the courtyard of Jiang Sheng has also seen this group of Jiang family executives.

"Life and death sword, call it out!"

The white-haired old man headed by him was directly cold.

According to Jiang Tianchen's memory, Ye Xuan can recognize that this person is the ancestors of the Jiang family, Jiang Lingguang.

This Jiang Lingguang is a half-step kingdom and a sword repair. He also has a sword in his body, and has been promoted to the late Dacheng, only one step away from the avenue, and the combat power is terrible.

"Why do seniors need to be angry, the younger generation just borrowed the sword of life and death!" Ye Xuan smiled and said slowly.

"Let's go, this life and death sword is what I am Jiang's family. Is it what you said borrowed?"

Another old man screamed, he was the home of the Jiang family, and Jiang Yong's brother Jiang Yong.

Whether Jiang Lingguang or Jiang Yong, power is bigger than Jiang Sheng, so Jiang Sheng has no way.

"Ye Xuan, you still hand over the sword of life and death." Jiang Sheng reluctantly said.

Before, he also told the story to his brother and father, but after the two learned that the sword of life and death was retrieved, they rushed over with impetuosity, and he could not stop it.

"That can't be done. Although this life-and-death sword is something of your Jiang family, it is not that I took it from your Jiang family, and I didn't say it or not, just borrow it for a while!"

Ye Xuan shrugged and smiled.

Things are indeed yours, but I am forced to borrow, what?

"Okay, then I have to look at it, you have any skill, dare to borrow the life and death sword of my Jiang family!"

Jiang Yong did not say anything, even directly directed at Ye Xuan, want to leave Ye Xuan down.

In this way, the sword of life and death will arrive, no need to talk nonsense!

"Big brother!"

Jiang Sheng saw it and just wanted to shoot, but it was stopped by Jiang Lingguang.

In desperation, he could only watch Jiang Yong flash in front of Ye Xuan, and then slap on the shoulder of Ye Xuan.

However, Ye Xuan faces this palm, and the wind does not move.

"How is it possible?" Jiang Yong was shocked.

With his nine-and-a-half-step princes, he can't cope with a seven-and-a-half-step prince. How is it possible?

"Ha ha!"

Ye Xuan opened his mouth and smiled.

joke!

It's not his deity to come to the Jiang family, but the sword fairy.

What's more, with his strength of seven products and half-steps, this Jiang Yong just raised his two products and wanted to leave him?

Jiang Yong did not believe that he immediately went to the swords and sorcerers in his hands. However, Jian Xian's avatar immediately took his hand and held it in his hand.

"If you want to completely lose your life and death sword, then continue to do it!"

Ye Xuan's voice fell, Jiang Yong did not dare to move again.

If the Qiankun ring is broken, the sword of life and death will disappear, and I don't know where it will appear.

"stop!"

Jiang Lingguang finally couldn't stand it anymore and immediately stopped drinking.

"Predecessors, what advice?" Ye Xuan said with a smile.

"As a junior, I am afraid to threaten me when I see this kind of battle. You are also the first!"

Jiang Lingguang glanced at the old eyes and said: "Then we will take a step back. You will give me the sword of life and death. I am not guilty of your offense. Not only that, but Jiang Feixing's stealing of the sword has not happened, how?"

"Predecessors are really old, I just said, I want to borrow this pair of life and death swords, are you not listening?" Ye Xuan said.

"you wanna die!"

Jiang Lingguang's eyes widened and he wanted to shoot.

However, if he is shot, he will have to succeed, otherwise the sword of life and death will be gone.

"Oh, I heard that the predecessors brought people into the dead forest, and finally returned without success. Instead, I died a lot of masters. But I was able to turn the death forest all over again, and I was able to bring the sword back. Do you think that I will be afraid of you?" Ye Xuan's face suddenly became cold.

When the words came out, the people present were silent.

Ye Xuan, what is the end of the day, even completed things that even the old family can not complete?

Everyone thinks this way.

However, Jiang Lingguang, who is already Daojun, still does not put Ye Xuan in his eyes.

"No matter who you are, as long as you can return the sword of life and death to my Jiang family, my Jiang family will regard you as a guest. Otherwise, if I am dead, I will take back the sword of life and death!"

Jiang Lingguang once again threatened.

Upon hearing this, Ye Xuan could only helplessly shake his head and said: "Since the seniors are not willing to do this transaction with the younger generation, then the fish will die!"

After that, he is clinging to the Qiang Kun ring, trying to crush this piece of Qiang Kun.

"Slow!"

Jiang Lingguang was frightened. He didn't think that Ye Xuan was really afraid of death.

He paused and said: "After three days!"

"Alright, then I will give you three days to prepare enough seeds. Maybe I will give you the sword of life and death after three days?"

Ye Xuan smiled and then sat down and closed his eyes to rest.

When everyone saw it, it looked blank.

In the face of a strong monarch, Ye Xuan is sitting so unprepared, this must have some certainty!

Otherwise, how can we threaten the Jiang family who have the Tao Junqiang sitting in the realm of the seven-and-a-half-step prince?

Then, Jiang Lingguang also ordered to go down and sent people to strictly guard the yard. To be precise, stare at Ye Xuan, don't let Ye Xuan escape.

As for Jiang Lingguang himself, it is also hidden around to see if there is a chance to shoot.

As long as you get the ring in the hands of Ye Xuan, then the matter is over, and Ye Xuan's life and death, he does not care!

Unfortunately, in three days, Ye Xuan was still sitting cross-legged, and even his eyes did not open.

This is really shaking Jiang Lingguang and other Chiang family members.

After three days.

"Predecessors, how are things prepared?"

At this time, Ye Xuan suddenly said something.

"Things are ready, but you must first resurrect the people who died in Jiang's home!" Jiang Lingguang did not know where to come from.

"Free talk!"

Ye Xuan stood up and said slowly.

Jiang Ling was so angry that he bite his teeth, and then directly lost a piece of Qiang Kun to quit, with a lot of roads inside.

Among them, there are the species left by the Jiang family to die, and the trophies that the Chiang family has won to kill the enemy. Of course, the most is the one they bought in these three days.

After receiving this piece of Qiang Kun, Ye Xuan opened his mouth and smiled and said: "Thank you for your predecessors!"

This kind of road in the Qiankun ring is really a shocking number.

He quickly devours all of them, and then swallows the species and the fires, all of which have been promoted to the mid-March period, and others have the early stage.

Chapter 2029: Death road soldier

"Hey, the host breaks through, and it's currently eight-and-a-half-step!"

The system prompts.

After the breakthrough, Ye Xuan's breath skyrocketed!

Before that, he was not afraid of the Jiang family. After the breakthrough, he should not worry.

"Very good, please send the bodies of those people, I will resurrect them one by one. Of course, the realm of life can not exceed eight products and half a step, and the success rate of resurrection is not ten percent." Ye Xuan said.

Some people, their heads have been blown up, how can they be resurrected?

There is no physical soul, even if it is a life and death, the king can't live again?

Jiang Lingguang heard it and immediately did it.

After many years of establishment of the Jiang family, many people have died in battle. Some of the bodies have been left outside, and some have been collected.

Then, the Jiang family dug them out one by one and sent them to Ye Xuan.

At this time, Ye Xuan has also sacrificed the sword of life and death, the right hand dead sword absorbs the dead air, the left hand sword will pour the life into the soul of the dead soul.

Then this person is resurrected!

This feat, but shocked the surrounding Jiang family.

It's a way of going back to life!

As early as before, the Jiang family executives blocked the yard, so other people could not come in, and they could not even approach.

However, this secret must be spread soon. After all, there are so many resurrections of the dead. Even if the Jiang family is deeper, it will be exposed.

The deceased of the Jiang family, there are thousands of people who can be resurrected, and Ye Xuan revived them all, which is fair trade.

When Jiang Lingguang saw the resurrection of so many people, he could not help but feel a bit wrong. If the sword of life and death is in his hands, he can resurrect the realm of the Jiang family.

At this time, Ye Xuan is already busy, he looked at Ye Xuan, said: "What are you going to do to return the sword to the Jiang family?"

"Reassured, I will return, but not now, if you really want to say, at least I have to wait for the breakthrough!" Ye Xuan said.

Daojun!

When this word spread, everyone was shocked.

Who are you fucking, just rely on you, and want to break through to the king?

Many people think so in their hearts, but in the next moment, they suddenly think of it.

At that time, Ye Xuan won the first time in the sword contest, and the district was four and a half steps. However, now, it is already eight-and-a-half-step, what is going on?

"Well, then you can stay in the Jiang family, I personally guide you!" Jiang Lingguang nodded.

There is a Taoist guidance, this is the dream of countless people, but for Ye Xuan, there is no temptation.

Is it useful to devour the genus and life in his body?

However, at this time, suddenly a strong breath came.

Jiang Lingguang frowned and looked at the distance, and he was able to pay attention to him. The comer must be the realm of Daojun.

Sure enough, in a short while, a man dressed in Tsing Yi appeared in the Jiang family.

"You have some face, I don't know if you are..." Jiang Lingguang asked strangely.

The Tsing Yi man glanced at him and then set his sight on Ye Xuan. "You killed my brother?"

When the words came out, Ye Xuan couldn't help but look at it. He recalled it carefully and found that in the memory of the disciple of the Jumu Dojo, there was this memory about the Tsing Yi man.

It turned out that this Tsing Yi man is the brother of that person and a disciple of the giant wooden dojo. At the same time, it is already the realm of Daojun.

"How about that?" Ye Xuan did not pretend to be silly, directly asked.

"Then, you **** it!"

The Tsing Yi man is also nonsense, directly shot, ready to kill Ye Xuan.

"call out!"

A flame of swords broke through the air, and instantly hit the sword fairy, but the Tsing Yi man was amazed that Ye Xuan was unscathed.

"Just by you, I want to kill me, too arrogant." Ye Xuan's mouth is tilted, and his body shape disappears instantly.

The eye of assassination!

The next moment, Ye Xuan came to the back of the Tsing Yi man, and then went out with a sword.

"Hey!"

The Tsing Yi man was caught unprepared, and with the dead sword in Ye Xuan's hands, he could not resist at all and was instantly hit.

The breath of death spreads rapidly, but there is also a lifeline in the body of Tsing Yi.

The breath of life suddenly rushed out of his body, clearing these deaths.

"Death soldiers?" Tsing Yi man was shocked.

The death squadron is the Taoist soldier made from the dead road. This is not something that ordinary people can refine. Even the Taoist Taoist lord does not.

If a dead soldier is used by a person with a dead cult, the power will increase greatly.

It must be said that Ye Xuan's strength is already beyond the general Daojun, but the life of the Tsing Yi man's body has been raised from the trail level to the Avenue level. It is not so easy to kill him.

However, Ye Xuan is not a person. At the moment, the old tree and the black horn are coming out to help each other. Not only that, but even his deity is wearing a virtual spirit.

Now, it is four to one!

Underneath, the group of Chiang family members have been shocked to say nothing, and Ye Xuan really has the strength against Daojun.

However, Jiang Lingguang was hesitating, he was thinking, if Ye Xuan was killed by this man, then the life and death sword may be able to recapture.

However, what if the other party and Ye Xuan do not pay the birth sword?

"stop!"

In desperation, Jiang Lingguang can only drink a big sentence.

"Old guy, shut up, or even kill you!" Tsing Yi man yelled.

As soon as this was said, Jiang Lingguang's face changed dramatically.

Even if he didn't mean to take the shot, now he can't be without it after hearing this sentence.

Underneath, it was his people. He was shackled in the face of so many people, and he could not go under his face.

"Ignorant junior, the old man wants to let you know, what is called honor!"

Jiang Lingguang screamed and killed the sky directly.

He condensed the sword of the road, the combat power is very powerful, just a sword, the Tsing Yi man was seriously injured.

"Old guy, you dare to hurt me, I am a disciple of the giant wood dojo!"

The man in Tsing Yi finally changed color. He did not expect that Jiang Lingguang's comprehension turned out to be a kendo, and he was promoted to the avenue level.

Although the way of life is still above the kendo, the combat power is far from being swayed by the kendo.

"I care who you are, dare to come to my home in Chiang, and I will definitely let you pay some price!" Jiang Lingguang continued to attack regardless of his identity.

Of course, if you let him know what a giant behemoth is, he will regret it.

Unfortunately, the influence of the giant wooden dojo did not reach here, otherwise Jiang Lingguang would not dare to take the courage.

Taking advantage of this opportunity, Ye Xuan is ready to go, suddenly when the Tsing Yi man was shot.

"The eye of assassination!"

Ye Xuan and Jian Xian came to the back of this Tsing Yi man, directly stabbed into the latter's body.

Chapter 2030: Achievement Avenue, Daojun!

The sword absorbs the life of the Tsing Yi man, and the death sword is to let it be contaminated with death. The two match, in the blink of an eye, the Tsing Yi man is turned into a flaw.

"This sword can actually absorb the vitality of others and then enhance my life."

Ye Xuan's eyes are bright, so that would be great.

While Jiang Lingguang was still shocked, Ye Xuan quickly put away the body of the Tsing Yi man and then peeled it off.

"Hey, the host breaks through, and it's currently a nine-and-a-half-step road!"

Ye Xuan's realm suddenly increased. He used the people in the Tsing Yi men's body and the Qiankun ring to directly promote the phagocytic species to the late stage of Dacheng.

Now, he is only one step away from Daojun. If it is a full-blown outbreak, even the old Daojun Jiang Lingguang will be killed by him in a short time.

"Jiang Laojiazhu, this life and death sword will be temporarily used for the younger generation, and there will be a period!"

After the breakthrough, Ye Xuan, it is useless to stay here again, so after directly laughing three times, he broke away from the void and left only a group of Chiang's family who were wrong.

If it wasn't for Jiang Feixing, he would have already killed the Jiang family, but it was estimated that the Jiang family would not be upgraded, so Ye Xuan felt it.

At this time, he was already searching for the body of the Tsing Yi man Wan Peng. Not only that, he used to use true and false masks and disguised as Wan Peng.

"Jumu Dojo, let your disciples plant a giant tree of life outside, and then use this to enhance their strength. This Wan Peng is the manager of this area, and there are five dead forests under his majesty."

Ye Xuan said secretly.

This time, he is preparing to go to the other five dead forests, and then to absorb the essence of life, to break through.

The practice of these giant wooden Taoist disciples is simply devastating. Ye Xuan is going to do the heavens.

As for why the Tsing Yi man was able to trace him, it was because the life of the long-haired youth was given by the Tsing Yi man. His mark was left on him. The young man died and the Tsing Yi man could naturally trace it.

.....

Through the transmission array, Ye Xuan came to a dead forest, and then used a bead in the Wanpeng Qiankun ring to easily avoid plants such as piranhas.

"Hey, how are you coming from Wan Shisi?"

Suddenly a voice sounded, Ye Xuan stared at it and found it to be a disciple of the giant wooden dojo.

At the moment, Ye Xuan is the eye of the assassination, flashing to the back of the other side.

"Hey!"

I only heard a crisp sound spread, this jujube of the nine-story half-walking prince, suddenly fell.

Then, Ye Xuan took down his body, swallowed the seeds, and then used the raw sword to absorb the essence of the life tree.

In a short while, this dead forest disappeared.

The kind of life in Ye Xuan's body has also improved a lot.

"If I go on like this, I will soon be able to break through to the king!"

His eyes lit up, breaking away from the void and looking for the next dead forest.

In the following period, he will kill the remaining dead forests. However, it is not an easy task to upgrade the life of Dacheng to the Avenue level.

In desperation, he can only go to the next area.

This giant wooden dojo is sending disciples out to open branches and leaves, so that they can cultivate themselves, so there are many areas like this.

Ye Xuan spent more than a month destroying a dead forest.

Finally, it is finally to raise the life of the species to the Avenue level.

"Hey, the host breaks through, and it's the current one!"

The system prompts.

However, the battle of life is not high, but the way of engulfing and the way of fire, etc., is already in the late stage of Dacheng, and it is estimated that it will soon be upgraded to the Avenue level.

"It's too slow to kill a dead forest everywhere, or go directly to the giant wood dojo!"

Ye Xuan thought in his heart, that is, rushing toward the north.

The master of the giant wooden dojo is the master of the four-character king, and there are nearly one hundred monarchs under the arm, and the strength is strong.

However, the combat power of these people is not particularly strong. It is not the way of the dead wood, but the way of life.

After more than a month of rushing, Ye Xuan finally came to this giant wooden dojo.

This giant wooden dojo is very different from other dojos, because it is a huge dead forest, and it is no longer in the triple sky, but in the four heavens.

This huge dead forest was divided by the giant lord and other elders and guardians.

Ye Xuan looked at the death forest in front, and the light shimmered, and it rushed in.

According to the past situation, this giant wooden dojo is a magic sect, so Ye Xuan is not prepared to show mercy.

However, in order to facilitate the operation, he pretended to be Wan Peng to go in.

In this giant wooden dojo, there are some disciples on the periphery. Ye Xuan uses the identity of Wan Peng to quietly enter a disciple's area.

This disciple saw Wan Peng and ignored it because he thought that Wan Peng should be passing by.

Unexpectedly, Wan Peng is coming to kill him!

"The eye of assassination!"

Ye Xuan instantly killed this disciple of the grade.

With Ye Xuan's current realm, it's too easy to kill his opponent.

Then, the species and the essence of life were swallowed by him, and this dead forest was withered, and then he continued to act.

.....

In less than half a day, the outer dead forest in this circle was all withered, and Ye Xuan was the disciple who had picked up more than 20 giant wooden dojos.

"Hey, what happened, how did the outer film disappear?"

I was surprised by a passing road in the Great Wood Dojo.

But it is at this time.

"Huh!"

There was a gust of wind behind his back, and when he turned around, there were two long swords piercing his body.

A handle, a sword.

One handle, a dead sword.

Coupled with Ye Xuan's phagocytosis, the body's organs are swallowed up instantly and become a body.

dead!

The second-grade prince-level protection method was directly killed by Ye Xuan.

"It seems that the action is going to be faster!"

Ye Xuan thought in mind, is to speed up the pace.

This time, he has to go directly into the area of the law.

With his means, just be careful, it is a breeze to kill a second-class prince.

However, things are not that simple!

At this time, a middle-aged man opened his eyes at the center of the giant wood dojo.

"How are the giant trees of life on the periphery withered?"

The middle-aged man has some doubts. There is also a giant tree of life beside him, and it is the center of the entire dead forest.

After all, he is the master of the giant wooden dojo, and this giant tree of life is what he planted.

At the moment, he left the place and then swept outward.
