Chapter 203: Whole body meridian rupture

"Song City!"

After seeing the arrival, the old man's face was also sinking. He didn't understand why Songcheng came to the land, and he happened to see him hurt Ye Xuan.

This sudden appearance is the Song Dynasty Emperor Songcheng of the Great Song Dynasty, and also the law enforcement elder of Lingxiao.

If the disciples of Lingxiaofu made mistakes, they were convicted by the people of the law enforcement hall, but the old ones were more and more arrogant, instead of Songcheng to discipline disciples, this is not in line with the rules.

"Tang Xun, you are so courageous, even ignore the rules of the door, kneel down to a disciple, Jiang You, take him!" Song Cheng coldly shouted.

Tang Xun's eyes screamed and hurriedly said: "Do you dare?"

"Even if the owner made a mistake, I also have the power to win it. Tang Xun, are you going to resist?"

Song Cheng took a step forward, and the majestic Dan Yuan spewed out. The powerful momentum almost stunned Ye Xuan, who had fallen to the side.

Tang Xun heard the words, and he was so angry.

Seeing that Tang did not respond, Jiang You was also a step forward, ready to kneel down.

However, at this time, his breath suddenly increased.

He estimated that he must have lost his position as an elder, and he would even be abolished and then expelled from Lingxiao.

He doesn't dare to wool, so he must go!

"boom!"

Tang Xun took a shot of the thunder in the shoulder of Jiang You, and flew it, then he immediately turned and fled.

Upon seeing it, Song Cheng also immediately shouted: "Tang Xuan fled and sinned, Jiang You, with him to kneel with him."

"Yes!"

There is also a fire in Jiang You's heart, and he immediately chased it up.

In the meantime, there was a big battle, a battle for the mighty and powerful.

Tang Xun's face was gloomy, and he fled while resisting. Fortunately, his body was well, otherwise he was already won by Songcheng.

At the same time, Song Chong Jing also quickly ran to Ye Xuan's side to see his injury.

But when she looked at it, she couldn't help but exclaimed: "The meridians... all broken?"

If the meridians are completely broken, then this life can be ruined.

Not only that, but Ye Xuan's body is still in chaos, and the injury is extremely heavy.

But Ye Xuan has not passed out, biting his teeth: "Help me... Dan medicine..."

His hands were all abolished, and on the one hand, Tang Yaoguang was both defeated by the bombardment, and he was with Tang Xun.

At this time, he could not even raise his hand, but he also directly spent the last swallowing points and exchanged a medicinal medicine.

Song Chong Jing's tears and tears, after Ye Xuan's reminder, found that Ye Xuan had a black medicinal medicine on hand.

"Is this the case?" Song Congjing asked the medicinal herbs.

"Yes..." Ye Xuan said weakly.

At the moment, the Song Dynasty is quickly throwing the medicinal herbs into Ye Xuan's mouth, which directly swallows it.

Fang Caicheng's remedy can only temporarily suppress his injury, but it is useless to break his meridians.

When the meridians break, Xuanqi can't circulate, and he can't even refine.

Fortunately, the Song Dynasty was still on the side, and quickly took some Xuanqi to help him refine.

The drug spreads instantly and flows in Ye Xuan. Every time it flows through the broken meridians, it always leaves some force, and the meridians are temporarily connected as a bridge.

Since the destruction of Dantian before, Ye Xuan has never experienced this feeling of emptiness and powerlessness. I did not expect that it was once again today.

The meridian breaks, if it is the average person, it must be abolished.

But he is not an ordinary person. Not only does he have a magical medicine that is exchanged in the phagocytic system, but also a mid-level flower. Just give him a little time and the meridian can pick it up.

"How are you?" Song cuts eagerly.

"Yes, I can't die, be careful."

Ye Xuan slowly said.

The medicinal herbs given by Song Cheng were not bad. Together with the blood of the flowers, the injury was already suppressed and began to recover slowly.

"Tread on."

At this moment, suddenly a footstep came and Song Cong turned around and saw that it was Tang Tian.

At the moment, the Song Dynasty immediately took out the weapons, and looked at Tang Tian not far away with vigilance. "Tang Tian, what are you doing?"

The members of the Shenzhou Alliance saw Tang Xuan's Ye Xuan go, but also quickly followed, and then guarded Ye Xuan.

At this time, Ye Xuan has no resistance at all. If Tang Tian wants to start, he can kill Ye Xuan with a single blow.

"You are not worthy of me, waste!" Tang Tian coldly shouted.

When Ye Xuan, who was lying on the floor, heard it, he couldn't help but laughed: "Go and see your grandfather first, haha."

Tang Tian's face sank, and he did not expect that Tang's will be shot at a crucial time, but the latter was a godland and could definitely abolish Ye Xuan.

However, he did not know the rules of the Lingxiao House. To be precise, it was the elder's set of rules.

Therefore, he did not understand what Tang Xing had to face and believed that Tang Xun would only be punished.

It is a pity that Tang Xun not only injured Ye Xuan, but also resisted, at least he would be expelled from Lingxiaofu. The seriousness of the plot may also be abolished and become a waste.

If it is an ordinary disciple, Tang Xing is at most removed from the post of elders.

Ye Xuan's status can be different, not because he defeated Tang Yaoguang, but because of Lin Wenyue.

After Tang Tian finished speaking, it was a cold cry, and then quickly walked out of the challenge field to chase the three.

From the beginning to the end, he did not look at Tang Yaoguang in the ring, and Tang Yaoguang was also disheartened, but this is his life.

The rest of the group surrounded Ye Xuan, they were whispering, they all saw that Ye Xuan's injury was serious, and he was venting his sigh of relief. This is obviously a sign of meridian fracture.

However, after watching these people for a while, they suddenly found that the speed of the mysterious gas leak slowed down a lot.

After a while, the mysteriousness of the leaks was sucked back. What the **** is this?

"Song Shimei, Ye Shixiong, he is..."

A disciple of the Shenzhou Alliance looked at Ye Xuan and couldn't help but ask.

"I don't know." Song cuts his head and shakes his head.

At this time, Ye Xuan is closed and his breath is very stable, not like someone who has been seriously injured.

After a long while, Ye Xuan also opened his eyes and then let out a slight relief.

"Ye Xuan, how are you?" Song cuts anxiously.

"It's okay, but I can't move it for a while, let me lie down for a while." Ye Xuan replied faintly, but he just felt it and found that the meridians were already picked up, just give him some time to recover. As early as.

However, he only used a special martial arts.

The price of this martial arts is to let him fall into three realms, lasting for half a month, is a life-saving martial arts.

If this is not a blast, Ye Xuan can't abolish Tang Yaoguang. When he faces Tang Xing, he will probably be shot dead.
