

## Super D. S 2051

Chapter 2051: Black gold family

In this way, Ye Xuan began to wait for time.

This is ten days!

Ten days later, the cooling of the Excalibur was finally restored, and then the sword \*\*\*\* split directly against the best black gold giant.

This sword, like cutting tofu, cuts the best black gold giant into two halves.

Instant, spike!

At the moment, Ye Xuan is scraping the past and then collecting his body.

This is the best black gold giant body, there is indeed a best black stone, Ye Xuan does not say anything, used to strengthen the black gold sword to serve.

This time, fortunately there are black gold minerals, otherwise Ye Xuan can not get so many black gold stones, and then restore the Shenjian 诀 cooling time.

If this best black gold giant leaves, then this area will suffer a heavy blow.

Fortunately, Ye Xuan will solve it!

Since things have been resolved, then, Ye Xuan is going to the Zijin family.

Before the Zijin Emperor was trapped, the Zijin family had hundreds of emperors. I don't know what the Zijin family is now.

According to the memory of the Purple Emperor, there is a transmission array that is transmitted back to his family in one direction, so Ye Xuan spent three days and found the transmission array.

"Hey!"

The transmission array began to rotate, but at this time, only the sword \*\*\*\* was separated.

Soon, the sword \*\*\*\* avatar is landing, what makes him surprised is that the foothold of this transmission array seems to have been abandoned for many years.

"This tragedy, the Zijin family has moved away!"

Ye Xuan turned a blind eye.

It seems that he has to find it, and hopes that the Zijin family will have a clue.

He just looked for a direction and found a city after a day, so he went in and asked.

Unfortunately, most people have never heard of the Zijin family because this city was later established.

However, he does not believe that no one here knows!

"Looking for the once-dominant power of the Zijin family in this area, the insider rewards 10,000 pieces of black stone!"

Ye Xuan went directly to the city's main government and spent some money and issued a reward order.

When the news came out, the whole city was sensational, and 10,000 pieces of black stone, this is not a small amount.

The average person hears this number and his head is big. I don't know how many.

But those who are in high realm know this value!

Ten thousand black stone, even if it is a big family in the city, may not be able to come out.

And this way, you only need one message, you can get it!

However, these people have heard the words "Zijin Family" and they all have a face.

Who, have you heard of this family?

"Hey, there is no money to spend!" Ye Xuan shook his head helplessly.

Finally, on the tenth day of the mission, someone finally used the message token that Ye Xuan left in the city government.

"I know where the Zijin family is!"

A voice that sounds from the messaging token.

Upon hearing this, Ye Xuan quickly grabbed the messaging token and replied: "Where?"

"I can tell you, but I want to know, why are you looking for this Zijin family?"

"Then why don't you tell me why you want to ask this question?"

Ye Xuan asked a question, this question, let the other side be silent.

After a long time, the other party replied: "I am at the gate of the city government!"

Upon hearing this, Ye Xuan quickly broke through the void and then saw a young man standing at the gate of the city government.

"what?"

After seeing this young man, Ye Xuan was a bit surprised because he felt familiar.

This breath seems to be similar to that of Ziyang. Is it also a tribe of the Zijin family?

Just right, the Purple Emperor was behind Ye Xuan. After the young man saw the Purple Emperor, he was shocked.

"Big brother?"

The young man shouted out.

Ye Xuan quickly recalled it and found that this young man turned out to be Zijin, the younger brother of Zijin Emperor.

It is no wonder that where the Zijin family is, it turned out to be the Zijin family!

"Brother, are you?" Zijin is slightly surprised.

The two brothers, even able to meet in this place, luck is really good.

"Big Brother, where have you been in these years, how come a little bit of audio?" Zijin could not help but ask.

"I was sealed by the purple wind and I only recently escaped, but when I returned to the family, I found that the family had moved away." Zijin replied.

"Purple wind?"

Ziyin brows one pick, said: "mix things!"

"Don't say this, how is the family now?" Zijin asked again.

"The family is fine. The former people found a place more suitable for the black gold box, so our whole family moved over. However, the purple wind has become the owner of our Zijin family and renamed it the black gold family!" Purple silver road.

When Zijin heard this, he couldn't help but whisper: "Sure enough, when you are the master!"

"The purple wind is very capable. After being a master, the family is indeed strong, but he is acting arrogantly, and now it is crowding out our home. Recently, there have been many people who have died in this period of time. I suspect that he is under him. Hand!" Ziyin Road.

"The purple wind can shoot me, and naturally I can also shoot for others!" Zijin Dao.

Purple wind is the son of his uncle, and he has a blood relationship with him. However, he can all be shot for him. When he is a master, he is naturally unscrupulous.

Therefore, Zijin decided that the purple wind could not continue.

However, at this time, although his strength has returned to the Eight-Piece and Half-Step Emperor, this strength is not enough for the current Black Gold family.

"Big brother, let me go back to the family first, my father will be very happy." Ziyin Dao.

Wen Yan, Zijin shook his head directly: "At the beginning, the purple wind started with me. If I appear now, isn't it telling others, his conspiracy?"

"No, big brother just disguise, and our veins have already left the main house, have their own territory, purple wind will not know." Ziyin said.

"If that's the case, let's go!"

Zijin nodded and agreed.

Then, Ziyin is carrying Zijin and Ye Xuan to the Zijin family.

On the way, Ye Xuan also learned about the status quo of the Zijin family.

Before the purple gold was sealed, his father was the owner, and the Zijin family had hundreds of emperor-level masters.

Nowadays, the Zijin family has become powerful enough to have the powerful power of the Six Emperors.

This is also thanks to the black gold mine!

However, the black gold veins are in the black gold family. After the Zijin family moved out, they started to go downhill. After all, they were suppressed by the purple wind and moved out. It was the intention of the purple wind.

This time I went to the Zijin family. Although it was led by Ziyin, it took a month. If there is no purple silver, Ye Xuan wants to find the Zijin family, I am afraid it will take three months.

At this time, Zijin was already disguised, and then led by Ziyin into the Zijin family.

On the way back, Ziyin has already passed the communication token to inform the family about the matter.

Chapter 2052: Emperor

"Hey, the host completes the second loop of the serial random task!"

After Zijin returned to the Zijin family, Ye Xuan's mind sounded a system sound.

After Zijin's father learned it, he was very happy and rushed to see him.

"Zijin, you are finally back!" Zijin's father Zi Li could not help.

"Father, how is your face wrong?"

Although I haven't seen each other for many years, Zijin still feels that something is wrong.

After Zi Lieton paused, he replied: "Oh, in the morning, three other people died."

"Is it purple?" Zijin asked.

"I don't know, but 80% is what he did. The bodies of these people have never been found. Otherwise, I can resurrect them!" Zi Lie shook his head.

He is already a master of the Five Emperors. It is really easy to resurrect an emperor and a second emperor.

However, if there is no body, even the nine emperors can do nothing.

"This purple wind is really mad, this is the same root, and actually wants us to destroy the family!" Zijin could not help.

"There is no way. After all, the other veins are attached to him, and he is also the Sixth Emperor. We are not opponents at all!" Zi Lie shook his head.

Everyone was silent.

At this time, Zijin Emperor suddenly said: "Father, this is my savior, Ye Xuan, and the means are good, you can let him help me into the appearance, and then look for the purple wind!"

"This, it seems that it is useless, even if you look for him, with his current means, no one dares to say anything." Zi Lie shook his head.

"Then we can't let it be slaughtered, it's a big fight!" Ziyin was also provoked with emotion and angered.

"No hurry, Zijin has a very high cultivation talent. Now there is a black stone. He can quickly restore strength and break through. As long as he grows up in secret, we don't have to worry about purple wind!"

After Zi Lie finished, he took out ten black stones directly and said: "Zijin, these ten best black stone, you take it to refining."

The big family is the big family, and one shot is the ten best black stone.

With these ten best black stones, Zijin may be able to quickly break through to the Three Emperors.

In the current realm, it is not only the seizure of others' fate that can be promoted. As long as you strengthen your body or improve your sanctity, you will increase your destiny.

All in all, the stronger, the more you will be loved!

However, now the Purple Emperor has been controlled by Ye Xuan, so these ten best black stone will fall into Ye Xuan's pocket.

"Hey, the host triggers the chain and then the third ring of the mission, killing the purple wind."

The system prompts.

Before I found the Zijin family and the road, I have spent a lot of time. If I don't want to be faster, the rewards will be deducted.

Therefore, Ye Xuan let the Purple Emperor stay in the Zijin family, and then let the sword \*\*\*\* leave.

The ten best black stone, is already used to strengthen the black gold sword, and the rest is used for spare, then you can quickly cool the sword.

However, before Ye Xuan left, he first dismantled the Purple Emperor, except for his head, all were swallowed by true and false masks.

If the Purple Emperor does not die, it is simple to recover, but if it is dead, then it will consume a lot of destiny.

Now, the true and false masks already have 80% authenticity. Even if Zijin's biological father is purple, I am afraid I will not recognize it.

Then, Ye Xuan let the sword \*\*\*\* with a true and false mask, disguised as a purple gold emperor, went to the black gold family.

This black gold family is a hundred times more powerful than before. The current owner, Zifeng, is already a master of the Six Emperors.

Although on the way to the Zijin family, Ye Xuan deity has also experienced a lot of things, but now it is also a nine-step half-step emperor level.

Want to fight with the purple wind, not yet!

However, he can start from other aspects, such as the black gold vein.

At this time, Ye Xuan has come to the vicinity of this black gold vein.

This place is the heavy place of the Black Gold family, but the sword \*\*\*\* has a virtual spirit, but it has passed many people.

He came to the entrance of the black gold vein, and then let the old and black corners of the tree move, and the sound hit the west.

In this way, he entered the black gold vein.

This black gold vein is hundreds or even thousands of times larger than the one in the swallow space. After all, it has been formed for countless years.

However, only the middle part of the vein has a master sitting in the town. Under normal circumstances, some ordinary people are mining black stone.

Ye Xuan this time, is to let the black gold family bleed!

"Give me a receipt!"

He said nothing, and began to exploit the power of phagocytosis to exploit black stone, which is much faster than others.

It is best for the average person to collect the complete black stone, so that the price is higher, but Ye Xuan is different. He does not have this requirement. Anyway, it will be all collected.

After all, these black stone are used by him to forge the emperor.

In the following period, Ye Xuan picked a large number of black gold stones, the number is as high as 100,000, and there are many excellent black stone.

The strength of the black gold sword waiter has undergone earth-shaking changes!

"Ok?"

At this time, a nearby black gold family master found something wrong, and immediately looked at it in the past.

However, nothing has been discovered!

However, he just turned around and there was a gust of wind blowing behind him.

"Oh!"

A crisp sound spread.

The second emperor of this black gold family was directly cut off by Ye Xuan.

Destiny, corpse, all charged by Ye Xuan instantly!

Now, he is standing on the side of the Zijin family. Anyone who is a black gold family is his enemy.

Ye Xuan, who is already a nine-step half-step emperor, is very destined, because as long as his destiny is enough, he can break through to the emperor.

In his current situation, this realm should not be far!

In the following period of time, Ye Xuan was in this black gold vein, and anyone who was met by the Black Gold family could not escape.

However, these people are not high in realm, and at most there are only three emperors, so they have all turned into Ye Xuan's experience.

At this point, Ye Xuan got another fate, and he swallowed in quickly.

The next moment, I heard a system prompt.

"Oh, the destiny has risen to thirty-four, etc., and the host has broken through to the Imperial Emperor!"

Finally, Ye Xuan is a breakthrough.

Half-step between the emperor and the emperor, although it is a big realm, but the strength of the promotion, compared to the life and death of the king and half-step emperor, but a lot less.

However, this is also very good, which means that Ye Xuan can go to see the depths of the black gold veins.

The depths of the black gold veins are where the black gold minerals are. It is said that in the years when the Purple Emperor was sealed, the Black Gold family gave birth to two children who had condensed black gold minerals.

Therefore, in the depths of the black gold vein, there are three black gold minerals.

Chapter 2053: Purple wind

"If you get these three black gold minerals, the rate of expansion of the black gold veins that devour the space can be doubled!"

Ye Xuan's eyes lit up.

However, in the depths of this black gold vein, there are a large number of masters sitting in the town, in addition to the five four emperors, there is also a five-element emperor.

This defensive can be described as a solid soup. It is not so easy to win black gold minerals from these people!

However, it is even more impossible to stop Ye Xuan at this level.

At the moment, the sword \*\*\*\* is rushing straight into it!

Moreover, it is not a direct statement.

Excalibur!

A sword is appearing out of thin air, directly squatting, killing one person directly with the thunder.

In an instant, there is one less person!

At this time, in the deep hole of the black gold vein, there are only four four emperors, and the five emperors.

"God of War mounts!"

"Black gold sword waiter!"

The sword \*\*\*\* is separated, first the tree and the black horn are summoned out, then the God of War mount and the black gold sword waiter.

This time, Ye Xuan summoned it quite well, summoning a gold-level mount.

However, this gold-level mount is in this situation, and in the case of joining forces with other people, at most, it blocks two of the four emperors.

As for the rest, there is no way!

However, their purpose this time is not to kill everyone, but to take the three black gold minerals.

At this time.

"The eye of assassination!"

The sword \*\*\*\* splits in the light, and the figure disappears instantly, and then appears behind a five-class emperor who guards the black gold mine.

"what?"

The five emperors were shocked. The next moment, he saw the sword \*\*\*\* smashed out his sword.

"Hey!"

A crisp sound spread, the five emperors blocked the sword of the sword god.

But the next moment, the long sword in his hand suddenly burst open.

The sword \*\*\*\* is separated, and also has the blood of the semi-god sword god, so he has absolute control over the sword, and can also cast a sword burst.

The better the quality of the swordsman in your hand, the greater the power of the sword's burst!

Of course, if it is too good, the burst of the sword will not be used.

"Hey!"

The whole long sword broke into countless pieces, and instantly fell into the body of the five emperors.

Fortunately, these five emperors are the people of the Zijin family, plus the strengthening of black gold all year round, the body is strong.

"I accept!"

Taking advantage of this opportunity, the sword \*\*\*\* split again.

It was also a sword that fell, instantly breaking the seal of three black gold minerals, and then the black gold minerals inside, directly received by the tree to the engulfing space.

Before Ye Xuan received a large amount of black stone, so after using a Shenjian, he immediately swallowed those quasi-dimensions and then resumed the cooling time.

"Still!"

When the five emperors saw three black gold minerals disappeared, they immediately became angry, because these three black gold minerals are the lifeblood of their black gold family. If they are lost, then the black gold family will have no reliance.

It was because of this importance that he was sent to the five emperors to sit in the town, in addition to five four emperors.

This strength is already enough for the last six emperors!

Unfortunately, the three black gold minerals were still given by Ye Xuan.

"This place should not stay for a long time, go!"

Ye Xuan said nothing, let the sword \*\*\*\* detached, but he took away the black gold minerals, these black gold people, will not be rewarded.

With the appearance of the five emperors, the old trees, the black horns, and the silver mounts were both tragic. As for the black gold swordsman, because of many reinforcements, they were very resistant to grass and still strong.

"This is what you are looking for!"

At this time, the sword \*\*\*\* once again flashed to the back of one person, and then squatted again.

Another sword appeared, killing a four-powered emperor.

Backed by a huge black gold vein, the cooling of the Excalibur recovered very quickly.

Although there are black stone, there is no good device for forging, but Ye Xuan has no other materials, and it has the largest amount of black stone, so it is the cooling time of the amount of Shenjian.

Seeing that there were compatriots who died tragically, the five emperors immediately became mad, and at the same time, the rest of the people quickly reported the incident to the purple wind.

Just kidding, the black gold family of the Black Gold family was taken away. The importance of this matter is second only to the family.

It's a pity that if the sword gods want to go, they can't stop it.

However, the sword \*\*\*\* did not want to leave, but silently took the black gold sword and then acted as a sandbag.

Anyway, if he can't fight, he will vent his anger to the other side.

At the same time, Ye Xuan, who got three black gold minerals, has already planted it in the phagocytic space.

Four black gold minerals can condense black stone all the time.

Every second after the outside world, Ye Xuan will have something to gain, how can a cool word get?

The current patriarch of the Black Gold family, Zifeng, immediately rushed over after receiving the news.

"A group of waste, even a single emperor can not stop?" Purple wind could not help but roar.

"The patriarch, this person has resorted to it, and the body does not know how it is refined. My attack does not work at all, and his shackles have been taken away, but things are not inside." The five emperors immediately answered.

"Humph!"

The purple wind immediately looked at it carefully, and sure enough, the sword \*\*\*\* had no other shackles.

In desperation, he decided to split the sword \*\*\*\* and then search for the soul.

However, it is impossible to hold on to the sword god.

You must know that the invincible body of the sword \*\*\*\* is not immune to all kinds of pressures, even if the eternal emperor is present, he can't suppress him.

"call out!"

The purple wind turned into a black light, and plunged toward the sword god, and a slap in the shoulder of the sword god.

But in the next moment, the body shape of the sword \*\*\*\* disappeared instantly, and then appeared behind a four-character emperor.

Excalibur!

"cut!"

In an instant, another four-class emperor fell, and the body and the destiny were taken away.

However, this is the last time Ye Xuan used the Excalibur. The black stone that was previously obtained in the Black Gold Mine has been completely consumed.

But he has already got four black gold minerals, and as long as he gives him time, he can recover.

The people around the group of black gold family, when they saw the patriarch's shot, they couldn't help but the sword gods were separated.

A six-element emperor, even injured a second-class emperor, how is this possible?

The battle here has also attracted the attention of many people. Some people are immediately speculating that the sword \*\*\*\* is the person who is actually able to attack the six masters.

This is too horrible?

"Ha ha ha, no one in the black gold family, but I can't hurt me. But the tribes are constantly falling. If this is spread out, your black gold family will be known to everyone!"

The sword \*\*\*\* can not help but laugh.

Chapter 2054: Rebellious

When I heard this, the purple wind changed and I shot it all out.

It's a pity that it's still not hurting the sword god.

This battle lasted for a long time, and no one on the Black Gold family could hurt the sword god.

Instead, the sword \*\*\*\* can rely on extraordinary means to constantly kill the people of the Black Gold family.

In the end, the purple wind ordered everyone to evacuate, leaving only one of himself, and three five emperors.

The battle lasted for a day and a night, and the sword \*\*\*\* was like an unbeaten warrior. He continued to fall down and stood up, making the people around him shocked and speechless.

Is that human being?

On the other side, after a day, the black gold veins in the swallowing space have expanded a lot, and the amount of black gold stones produced is astonishing.

The cooldown of the Excalibur has been restored!

At this time, the sword \*\*\*\* suddenly flicked and disappeared.

"What, man?"

The purple wind was shocked, and even the six emperors could not see where the other party went.

At this point, the sword \*\*\*\* avatar has already put on the evil spirits, quietly left the battlefield, and then suddenly appeared.

Excalibur!

A broken sword of the gods, appeared in an instant, and instantly fell.

"Oh!"

A four-character emperor was smashed into two halves and died on the spot.

Everyone was paralyzed, and before they reacted, this corpse and destiny was taken over by the sword god.

The next moment, the breath of the sword \*\*\*\* violently rose.

"Hey, the host breaks through, and is currently the second emperor!"

Finally, after killing so many people, Ye Xuan's realm broke through.

Now, he already has the strength to kill the Five Emperors, but because the cooling of the Excalibur has not recovered, he can't kill.

At the same time, the Black Gold family and the purple wind also understand why Ye Xuan stayed here.

It turned out that they are playing them!

Ye Xuan originally had the ability to escape, but he just didn't leave. He wanted to fight.

If you do this, the Black Gold family will probably be destroyed!

"who are you?"

Purple wind immediately stopped and asked.

Upon hearing this, the sword \*\*\*\* smiled and then used the true and false mask to transform into the appearance of the Purple Emperor.

Immediately, someone recognized him!

"Zijin?"

The purple wind is very strange.

He naturally recognizes Zijin, because he is the cousin of Zijin, and he is also the seal of Zijin.

After he sealed the purple gold, he won the position of the homeowner, the power is getting bigger and bigger, and his strength is getting stronger and stronger, so he has forgotten the purple gold.

Unexpectedly, Zijin was able to break through the seal and came here.

Moreover, the strength has improved!

"Cousin, when you attacked me and sealed me, I must have thought that I could see the sky again?"  
Sword God sneered.

When the words came out, the audience was in awe.

It turns out that Zijin was sealed by the purple wind. It is no wonder that these years have not been seen.

"Come out, how?" The purple wind snarled.

Now he is the patriarch of the Black Gold family and the strongest of the Black Gold family. He only covers the sky, even if things are revealed.

"It seems that you are acknowledging, but this fact should have no effect on you."

The sword \*\*\*\* smiled and glanced at the people around him. "But you should pay for your actions."

"Just by you?"

Purple eyes look awkward.

"Yes, just rely on me!"

After the sword \*\*\*\* was finished, he set his sights on the three five emperors, and then said: "Now I will give you a way to live. As long as you return to me, you can save yourself from death. Otherwise, even purple. Can't save you!"

When the words came out, the three five-class emperors looked at each other.

Is this what the second emperor can say?

A small second-class emperor, even dare to threaten to kill them, I really do not know the heights.

However, it is such a second-class emperor, under their eyes, bombarded several four emperors.

The most important thing is that it was done in the time of the Emperor of the Emperor. Now, if you break through to the Emperor of the Second Emperor, the strength will definitely improve.

For a time, the three five-character emperors hesitated!

"Jokes, just because of you, but also want to shake them?" Purple wind said confidently.

These three five-element emperors, although all of his elders, were all cultivated by his hands.

Now that Ye Xuan has turned them down, how is it possible?

"kill!"

Still not waiting for Ye Xuan to open again, the purple wind is already hands-on.

After the three five-class emperors looked at each other, they also shot.

"Booming!"

The sound of the battle spread, and every sound was shocking.

At the beginning, the surrounding black gold people felt that the six-element emperor of the purple wind was a must, but after a day and night, they did not think so.

Ye Xuan was stunned for a day and night, and there was no injury. It was strange.

Moreover, even the ability to kill others is not something that ordinary people can do.

If you continue to fight, one day, the tribe will die.

Therefore, some people have made a decision.

Moreover, one of the three major five emperors was made to make this decision.

"call out!"

Suddenly a sound broke, and then a figure fell from the air.

Everyone stared at it, and the shot was actually one of the three major five emperors, but the person who was attacked did not die, but was seriously injured.

More terrible is still behind!

I saw that the third person actually raised his hand to launch an attack.

"not good!"

The purple wind heard the wind, his face changed greatly, and he hurriedly stopped.

No, he is still a slow step!

"Oh!"

The crisp sound spread, the five emperors were separated and died on the spot.

Upon seeing it, Ye Xuan's mouth was slightly tilted.

As early as the second person made up the knife, he had already used the death killing order and the assassination eye to flash behind the other side.

When the other party dies, he can directly take away the body and the destiny!

The five emperors who had shot the two were actually passing through him and decided to confess to him.

Although the purple wind ability is there, it is too cruel, let alone those who have been ordered to assassinate, even if they are ordinary people, as long as they do something wrong, they can hardly escape.

They are also afraid that they will be useless to the purple wind in the future and then be killed!

So, on the spot, I turned to Ye Xuan.

"You two, right from the best black stone that I have given you these years?" Purple wind is furious.

"Purple wind, your dynasty is over, you can still smash it!" a five-character emperor shouted.

"You are looking for death!"

The purple wind widened his eyes and immediately understood his situation.

At the beginning, he took three of the five emperors to encircle Ye Xuan. Now, two of the five emperors have turned their backs, and the third person was sneaked to death.

Then, next, he was besieged by Ye Xuan!

Chapter 2055: Wings of Death!

Fortunately, these years, the purple wind swallowed a lot of the best black stone, so the strength is very strong, only one step into the seven emperors.

However, Ye Xuan's current strength is not weak.

After he got the fate of the five-character emperor, he immediately swallowed it. Although he did not break through to the three-class emperor, his fate rating also increased.

In addition, the five-character emperor's Qiankun ring also has a large number of black stone and the best black stone. After all, this is the top character of the black gold family before the life, how can it be poor?

Therefore, Ye Xuan has been able to use the Excalibur again at this time!

However, it can only be used once, so he wants to do one hit and kill.

At that time, Ye Xuan is teaming up with two other five-class emperors, and the purple wind battle is together.

If there are only two of the five emperors, they will certainly not be the opponents of the purple wind.

But don't forget, the old and the black corners can be resurrected infinitely, so they also joined the battle.

From the beginning of three dozens to five dozens, the pressure is much smaller.

Not only that, the sword \*\*\*\* wearing the sacred \*\*\*\* armor is very difficult to sneak, and sometimes it will sneak into the purple wind from time to time, so the purple wind is very headache.

At the beginning of the day and night, and now the purple wind faced these people's attacks, the speed of life is already dozens of times yesterday.

If this continues, the consequences will be disastrous.

"You want me to die. If so, I will pull you back when I die!"

The purple wind sighed and the breath suddenly rose.

The average person, just using the destiny to fight, is able to recover.

But the purple wind is now burning the destiny, that is, constantly reducing the repair, in order to obtain a strong increase.

In an instant, the situation reversed back!

"You two back, we block!"

The sword \*\*\*\* sipped a big drink, and then he greeted the old tree and the black horn.

In addition, the black gold sword waiter has also appeared.

After a day of recovery, the Ares mount skills are already available.

At the moment, the sword \*\*\*\* is used directly.

A black bone dragon was summoned out of thin air, and a breath of death spread instantly, and the people around him were a little breathless.

"Hey, the wing of death summons success!"

A system prompt sounded in Ye Xuan's mind.

What makes Ye Xuan wonder is that the black bone dragon summoned this time is not silver-grade, nor gold-level.

Instead, it goes beyond the gold-level white gold mount!

This strength is not easy!

With the appearance of the Wings of Death, the face of the purple wind has already sunk to the bottom.

It seems that trouble!

"I don't believe, I will be defeated here!"

Purple wind screamed and fought hard.

It's a pity that the two fists are hard to beat, and Ye Xuan has a large number of people.

In addition to the two five-class emperors, the sword \*\*\*\* avatar, the black gold sword waiter, the death wing, the old tree, the black horn, are not fuel-efficient lights.

Even other people can see that the trend of the purple wind has gone.

Sure enough, after the appearance of the Wings of Death, the purple wind was suppressed and he must use the destiny to bless the defense to prevent accidents.

In the end, he also decided to desperately and directly became the ontology.

This, but I jumped into the pit!

"Ontology? You are looking for death!"

The sword \*\*\*\* split his eyes and directly made the Megatron become the beast clock.

In an instant, the strength of the purple wind is down by 80%.

"what?"

The purple wind is a little confused. If it is turned into an ontology, his strength will improve. But now, how has it dropped so much?

Still waiting for him to react, a broken sword is the head.

"Hey!"

In an instant, the purple wind is split into two by a sword.

As long as the sword can hurt the enemy, even if it only scratches the skin, it will trigger a one-shot kill effect.

What's more, the purple wind has been split into two halves?

"Hey, the host completes the serial random mission, rewarding the God of War mounts - the gold level!"

With the death of the purple wind, Ye Xuan's mind once again sounded a system sound.

Hearing this, Ye Xuan's eyes lit up.

God of War mounts skills, there is a guarantee call, and is still a gold level?

This means that in the future, he will use the Ares mount skills and will eliminate the ordinary mounts, even the silver-level mounts will be ruled out.

At least, it will summon a gold-level mount, it's too big!

At the moment, Ye Xuan quickly took the purple body and the destiny, and then swallowed it.

The fate of the purple wind is already very close to the seven-character emperor. Just after it was swallowed up, Ye Xuan broke through to the three emperors.

With his current strength, even if it is added up, it may not be his opponent.

"In the future, Zijin will be your patriarch!"

At this time, the sword \*\*\*\* suddenly said a word.

This sentence is to make everyone around you jealous.

Zijin, are you not Zijin?

Still waiting for everyone to react, the sword \*\*\*\* was released to the Zijin Emperor. At this time, all the people understood that the sword \*\*\*\* was disguised.

No wonder, the strength will be so strong!

Then, Ye Xuan, regardless of other people, directly ordered the black horns and the old trees to bring the entire black gold family into the devour space.

Such a huge family has provided Ye Xuan with a lot of convenience, for example, an eight-star qualified genius.

"Hey, the host completes the seventh ring of the Zongmen chain task, rewarding the swallowing space flow rate and increasing the size twice!"

The system prompts to sound.

The doubling of the flow rate of the space, Ye Xuan can not remember how much, anyway, the outside world, engulfing the space is more than 17,000 years.

Now, the double lifting means not to reach 35,000 years, but to 50,000 years. Because, here is twice as much, not twice as much.

Now, the outside world is 50,000 years in the space!

Although it is useless for those who live in the devour space, their life expectancy is calculated according to the time of the outside world. In short, their life expectancy is 50,000 times more than their peers.

Not only that, but it also greatly enhances the production capacity of the swallowing space!

As for the eighth ring of the door mission, there must be one hundred eight-star geniuses, and they must all be eternal emperors. This task is a lot more difficult than before.

However, the harder the task, the more rewarding the reward.

"It has been raised to more than 50,000 times. I don't know when it will wake up?"

At this time, Ye Xuan suddenly remembered one thing, that is, falling into a sleep.

I don't know, how powerful will it be to reach the second-order days?

This matter will be said later.

At the moment, Ye Xuan quickly checked the purple wind's Qiankun ring. The patriarch of the black gold family is really rich in oil. There are a lot of black stone and the best black stone.

Chapter 2056: From the introduction of Jiuzhongtian

However, with Ye Xuan's breakthrough, the things that Shenjian's cooling time needs are also improved. With Ye Xuan's current body, just to restore the cooling of the Excalibur, you can use it again.

At this moment, Ye Xuan's attention suddenly fell on the same thing.

This is a yellow stone with a seal on it, but after learning the soul of the purple wind, he learned that this is an eternal life stone.

Half-step the emperor and the emperor's realm will die, and the destiny will be separated from the body, and then be obtained.

However, if the master of the Eternal Emperor level is dead, the destiny will condense into an eternal life stone. Simply put, this eternal destiny stone is formed by the fate of a strong emperor.

Lying in a big slot!

Ye Xuan is already shocked and can't speak.

An eternal destiny stone, even if it is only a first-order, it is at least a life of sixty-seven!

If Ye Xuan devours this eternal destiny stone, then the cultivation will be leaps and bounds, and the bottom can reach the Seven Emperors, or the eight emperors, or even the nine emperors.

If the owner of this eternal destiny stone is not an eternal emperor, Ye Xuan can even directly break into an emperor.

However, at this time, this eternal destiny stone has a heavy seal.

"This seal is probably laid out by a strong emperor. The purple wind is really miserable. I accidentally got a eternal life stone of a priceless city, but I can only watch it."

Ye Xuan shook his head helplessly.

Cracking the seal on this eternal destiny stone is simply impossible for the average person.

However, don't forget that Ye Xuan still has a strong card.

Excalibur!

At the moment, he is directly using the Holy Power to hold this eternal life stone into the air, and then directly apply the Excalibur.

A broken sword appeared, suddenly fell!

Ye Xuan's control is still very good. This sword is just breaking the seal on the eternal life stone, and it does not damage the eternal life stone.

Before, he used the \*\*\*\* of the gods to kill the enemy, and this time, it was used to break the seal.

However, this is definitely worth it!

The seal on the eternal destiny stone was broken, and Ye Xuan quickly took it and then swallowed it.

"Oh, the eternal destiny stone level is too high, the host can't swallow it now!"

What Ye Xuan expected was that this eternal life stone could not be swallowed.

How high is this level?

"This eternal destiny stone is definitely not an eternal emperor, I am afraid it is higher!"

Ye Xuan's eyes lit up.

Although it can't be swallowed up now, it can be done in the future, no hurry.

Therefore, Ye Xuan directly throws this eternal destiny stone into the devour space, and then does not control it.

Now that things have been solved, then he goes directly to the Zijin family and gives the entire Zijin family a space to be swallowed up.

However, it is at this time.

"Ok?"

Ye Xuan suddenly brows a pick, hurriedly sinking his heart into the swallowing space, only to see that he was destroyed by the seal, thrown into the eternal life stone in the devouring space, and suddenly took the initiative to pluck to the side of the fall.

Then, this eternal destiny stone began to melt, turned into countless destiny, and poured into the falling body.

After the fall of these fatals, the breath skyrocketed, but did not wake up.

If other people, Ye Xuan will definitely stop, but the change is falling, and seeing this situation is obviously a good sign, so he just looked at it.

"Eternal celestial stone that can't be swallowed up even by the god-level engulfing system, has it been absorbed and absorbed?" Ye Xuan's brow was a pick, and it was incredible.

However, he knows that as long as the fall absorbs this eternal destiny stone, it can certainly reach the level of the eternal emperor.

Now, the outside world, it is 50,000 years in the space. Therefore, the process of absorbing the eternal life stone lasted only half a minute.

Half a minute later, this eternal destiny stone has been absorbed and not left. The atmosphere of the fall has reached the level of the Eternal Emperor.

"Haha!"

Upon seeing it, Ye Xuan couldn't help but laugh out loud.

At this moment, the fall of sleep for many years, and finally opened the blind eyes, wake up.

At the moment, Ye Xuan will put the fall out and smile. "Small girl, you can really sleep."

"Young master, I haven't seen you for a long time!"

Since she last fell asleep, although the outside world only took a few months, it is almost a million years in the space of engulfing.

"Shantou, awakened realm is much higher than me, how do you feel?" Ye Xuan asked.

“Very good, the strength is many times stronger than before.”

He nodded and felt it, saying: "And, my blood is boiling, very energetic, I don't know why."

"It must have just been awakened. It will be a while." Ye Xuan said.

However, just as his voice fell, the sky above his head suddenly broke open.

Then, a golden light came, and it even shrouded the fall.

"what?"

Ye Xuan brows a pick, what is the situation?

"Young master, my body can't move, it seems that there is a feeling of ascending to heaven, and there is a voice calling for me." Fallen surprised.

Ye Xuan listened and said: "What sound?"

"I don't know, she seems to pick me up to Jiuzhongtian!" He shook his head.

Nine heavens!

When the three words fell, Ye Xuan was shocked.

Now he is only in the five heavens, the top is six heavens, then there are seven heavens and eight heavens. This nine heavens, still above the eight heavens, is already the last heaven.

Who is calling for the fall?

"Young Master, I seem to be being picked up soon..."

Falling down quickly.

Wen Yan, Ye Xuan quickly swallowed the power of engulfing the space, but the strange thing is that this time it is impossible to collect.

What is the origin of this golden light?

Not waiting for Ye Xuan to react, the fall is directly along this golden light, and began to take off quickly.

"stop!"

Ye Xuan screamed and quickly followed.

However, the fall quickly reached the end of the fifth heaven, and then into the dark night sky, and Ye Xuan, but was blocked by the crack.

"Let's fall!"

Ye Xuan hurriedly yelled in his heart. The accident was that there was no reply.

He is only the emperor of Sanpin, and he has not broken the ability of the five heavens. Moreover, the fall is picked up by the power of a certain nine heavens. Even if his strength is increased by a million times, I am afraid that he will not be able to recover.

Fortunately, he can also sense the location of the fall, but the distance between them is expanding at a horrible rate.

Chapter 2057: Murder group

"Day, who is it?"

Ye Xuan couldn't help but scream.

At this time, his heart was very angry, because he could not save the fall, he could only watch the fall and be taken away.

The most important thing is that he still doesn't know the details of the other party. If it is a person who is not good, isn't it miserable?

"Damn!"

Ye Xuan sensed the distance between him and the falling, and made a decision in his heart.

Hurry and break through, then kill the nine heavens!

However, the current he is only the second emperor, above this emperor, there is the eternal emperor, and then I heard that it is half-step master!

What he has is just the memory of the Seven Heavens. Even the Eight Heavens do not know what it is, let alone the ninth heaven.

However, it is at this time.

"Kid, is the Zijin family nearby?"

Suddenly a strange voice fell into Ye Xuan's ear.

Ye Xuan turned to look at it and found a middle-aged man looking at him. The latter's breath turned out to be the six-level emperor.

"Not bad!"

Ye Xuan nodded.

"Good, take me there!" The middle-aged man said directly in a commanding tone.

"You want to order me in one sentence?"

Fang Cai was left to be taken away by the mysterious person, so Ye Xuan's anger was very strong. Just one person who was not afraid of death came to the door. How could he not take it?

"Bold, a trinity emperor in the district, dare to talk to me like this?"

Middle-aged people are angry.

Unexpectedly, Ye Xuan directly shot.

"call out!"

The wind that suddenly sounded behind, the middle-aged man trembled, and the next moment, he separated himself.

This person, it's really not the time to come, just hit the gun!

Ye Xuan quickly collected his body and his destiny, and then searched the soul.

It turned out that this middle-aged man was ordered to find the purple wind of the patriarch of the black gold family, but the black gold family did not know where to go, so he came to the Zijin family.

He is a person from a top-notch city in Wuzhongtian. The Black Gold family used to provide black stone, and then exchanged for other resources, such as the fate stone.

"Is it possible to use black stone for the fat stone?"

Ye Xuan's eyes glimpsed and immediately went to the top city called Tianwu City.

The black gold family is not very far from the Wucheng city. Ye Xuan spent five days and came here.

At the same time, in these five days, the black gold veins in the devour space have begun to take shape, producing a lot of black stone.

At the moment, he entered Tianwu City and then went directly to the city government.

So many black stone and the best black stone, Ye Xuan sold all in exchange for the fat stone, leaving only some spare.

Five days ago, after he swallowed the fate of the middle-aged man, he was already on the verge of breaking through. Now he has gotten a lot of fatal stones, which is a direct breakthrough to the four emperors.

However, in the previous battle, he used the Excalibur many times and consumed a lot of black stone. Otherwise, he might break through the Five Emperors.

However, it was at this time.

The sky suddenly plucked a group of black and crushed figures. They quickly approached Tianwu City. After the Tianwu City Lord sensed it, they immediately jumped into the sky.

"Who is here?"

The master of Tianwu City is the master of the nine emperors, and he is the hegemon of the five heavens.

This time, the number of people who rushed to the Wucheng City was only half a hundred, but all of them were masters, and all of them reached the high-ranking emperor.

They did not say anything, and launched a fire attack directly against the master of Tianwu City.

"It's a looting group!"

Tianwucheng changed his face and suddenly responded, then shouted.

The looting group is a gang that specializes in killing people and plundering others' lives to quickly improve their strength.

Wherever they pass, they will not be born, and almost all will kill the city.

The arrival of this looting group caused the attention of Tianwu City. Suddenly, the masters of the city government were killed and greeted.

As the city government, it is natural to take up the responsibility of protecting the city, but this time, the city government is a little powerless.

Because this looting group comes from Liutiantian, and there are two nine emperors in the regiment.

"The city owner is not good, everyone is helping!"

At the moment, the people in Tianwu City are shooting, because if the city owner is dead, they may be destroyed in this day, and not many people will be spared.

Under this circumstance, you must be united and united against each other!

Ye Xuan happened to meet this good show, but he did not immediately take a shot, but watched.

This looting group is strong, and the worst is the Seventh Emperor. It is not that he can intervene.

However, he can fish in troubled waters!

At the moment, he put the black gold swordsman, the old tree, and the black corner.

Of course, he is not the deity in the Tianwu City, but the sword \*\*\*\* is only a part of him, so he is not worried at all.

"Booming!"

Over Tianwu City, there was a battle of soaring ghosts and ghosts, and there were thousands of people participating in the war.

However, it was at this time.

In Tianwu City, there was also a battle, and some unscrupulous people rushed to kill others and then took the treasure.

Ye Xuan is too lazy to pay attention to them, because he is not a saint himself, there is no need to be a Madonna in this world of the strong.

His attention is focused on the battle in the air!

"The time is right, shot!"

Ye Xuan glimmered and immediately ordered.

Suddenly, all the swordsmen and other people were dispatched to open the plunder mode, in order to collect the and the destiny as the primary goal.

The sword \*\*\*\* has a virtual spirit, and with the eyes of the assassination, the speed of the plucking is astonishing. In the blink of an eye, several

This battle must be a serious death and injury. If you are lucky, Ye Xuan may be able to break through to the Five Emperors.

However, there are also many people who share the same idea with Ye Xuan.

For a time, there was a contradiction inside Tianwu City and it turned into a big battle.

Ye Xuan can't manage so much, because there are people in Tianwu City who shot him, so he flashed a light, directly told the tree and others to stand up, and then use the cards.

"Shenjian!"

A broken sword is appearing, and it is directly under the head.

Some people did not dodge, were directly killed, and then the body and destiny were immediately taken up.

Among them, there is a master of the seven-class emperor-level looting group.

Unfortunately, the realm of Ye Xuan still failed to break through.

Due to the unsatisfactory heart of Tianwu City, they were quickly dispersed by the people of the looting group. Then the owner of Tianwu City was besieged and fell.

Just before the fall of the Tianwu City, Ye Xuan also showed his assassination eyes flashing behind his back, but when he appeared, he was beaten by a nine-element emperor.

The reaction of a nine-character emperor was much faster than his four emperors, so his destiny could not be taken away.

Chapter 2058: Congenital door

"A big courage, I dare to lick my things, find death!"

The nine-emperor emperor of this murder group was furious and prepared to play the scorpion of the sword god.

However, he attacked for a while, but he couldn't help but the sword god.

The sword \*\*\*\* is too lazy to pay attention to him, continue to display the eyes of assassination, and constantly flash behind others.

This method has given him a lot of good things.

It is a pity that the people who died in Tianwu City are not higher than the Six Emperors, so there is not much gain.

Soon, the Tianwu City side was killed and lost their helmets and fled.

The people in Tianwu City saw it and left.

After today, I am afraid there will be no Tianwu City.

However, it was at this time.

Suddenly, the five heavens were broken, and an old man's footsteps came.

His appearance stopped the people of the murder group.

No, it should be the pressure on the old man, so that everyone can't move.

In the presence of the sword, no one was spared except the sword god.

"Oh? It's fun."

The old man bowed his head and put his gaze on the body of the sword god, and even opened it.

The sword \*\*\*\* looked at him and looked at him with some shock.

This person comes from Six Heavens and has the means to tear the five heavens, at least the Eternal Emperor.

I don't know, what did he want to do when he came to Wuzhongtian?

At this time, the old man continued to speak: "In the past few days, there has been a change in this area, a golden light tearing five days, who saw it?"

When this was said, everyone was paralyzed.

However, after Ye Xuan heard this, his brow was a pick.

Jinguang tears five heavens, isn't that the golden light from the nine heavens?

At that time, the one received the golden light and took it away. Ye Xuan was present.

Just, what does this old man investigate?

"Whoever saw it, said it, greatly rewarded!" The old man added a sentence.

However, no one answered.

In desperation, the old man can only wave a hand and bring together countless people from Tianwu City.

Then, the big bag in his hand suddenly magnified and sucked everyone in.

This time, even the sword gods have no way to escape, and they have been directly absorbed into this magic weapon.

Of course, this is Ye Xuan's initiative.

The sword \*\*\*\* has an invincible body, and unless it is attacked, the effect of the pressure is useless to him.

Ye Xuan took the initiative to enter this magic weapon, but also wanted to see what the other party is going to do.

If he wants to go, he can directly take back the sword god.

"This old man, what do you want to do?" Ye Xuan thought.

At this time, the people who were received in the bag magic weapon were all limited to a small array.

I don't know how long it took, the bag was opened again, and then a large number of people came in.

You must know that there are millions of people in Tianwu City, at least in the realm of life and death.

A magic weapon can charge so many people, Ye Xuan is the first time to see it except for his own engulfing space.

The old man ran all the way around, as long as it was a living thing, he was given a pocket.

Ye Xuan, seems to understand the practice of the old man, the latter should be to bring everyone back, and then search the soul one by one.

In this way, after a month's time, a month later, the bag magic weapon suddenly burst into a wind, blowing everyone out.

After Ye Xuan landed, he glanced at it and found that there were countless people around him.

I am afraid that this number has exceeded 10 billion!

Every emperor can perceive countless places inside and outside, and so many people pile up together, they can all be sensed.

I am afraid, this is just the tip of the iceberg!

At this point, everyone was suppressed and unable to move, while the air was standing a few figures.

The old man who had taken away Ye Xuan before slowly said:

"You, I will introduce myself first, the six heavens first doorkeeper!"

"Please come here, I want to investigate one thing, because everyone said that I have not seen it, so next, I will search for you one by one!"

The congenital doorkeeper did not say anything, he would \*\*\*\* one person and then start searching for the soul.

The process of searching for souls is not long, only one second, but don't forget, there are countless people here. If you want to search for souls one by one, don't you know that you have to go to the Year of the Monkey?

Not to mention all, even if it is 100 million people, if you want to complete the search for the soul, you have at least three years.

Not to mention, I don't know how many millions of people are here!

After thinking about it, Ye Xuan made a thing using the god-level engulfing system.

It was a floating crystal spar, which was stripped from his memory, that is, the scene that was falling and rising.

However, this floating crystal spar is stripped from his own memory, so it can be modified by the \*\*\*\* level phagocytic system.

He changed this scene to look like he accidentally saw the falling and rising, and he just saw it by chance.

At the moment, he is beginning to think.

Before the first doorkeeper said, if you tell the situation, there will be rewards.

Just don't know, what reward?

After a while, Ye Xuan was thinking about it. He decided to hand over this floating crystal spar.

Maybe, what is the connection between the congenital gate and the golden light that has left and left?

At the moment, he is directly saying: "Predecessors, the younger generation has a floating crystal spar, the seniors must be interested."

"what?"

Hearing this, the first door of the congenital door was picked and said: "Show me!"

Then, Ye Xuan lost the floating crystal spar, and then the first doorkeeper swept it.

"Sure enough!"

The congenital door murmured a word, then flashed in front of Ye Xuan and asked: "Do you know this flying girl?"

"The younger generation did not know, and the younger generation happened to pass by, and they saw this scene." Ye Xuan replied.

"But I see, she seems to be talking to you?" The innate gatekeeper asked again.

"Yes, she is asking for help, but the strength of the younger generation is low, and there is nothing to do." Ye Xuan shook his head.

The congenital doorkeeper was silent.

On that day, he also saw this golden light, but this golden light was broken from the Seven Heavens, directly through the six heavens, and then picked up one person.

So, he wants to investigate!

However, he did not see any clues.

"Oh, I think too much, and Seven Heavens is too far away from us."

The owner of the congenital door shook, and then he lost a stone to Ye Xuan. He said: "I see that you can resist my pressure, but it is also a personal talent. In the future, you will practice under my door."

Ye Xuan took this stone and looked down, could not help but \*\*\*\* a breath.

Eternal, destiny stone?

Chapter 2059: Undead fire

"Thank you for the door!"

Ye Xuan hurriedly thanked him.

Then, the masters of Xiantianmen sent these people back.

Of course, most people are willing to stay in the innate gate.

If there are top-notch forces of the five heavens, and this congenital door gives you choices, I believe many people will choose to stay at the innate gate.

Because, even if the congenital gate is only the bottom of the six heavens, the foundation is not comparable to the top forces of the five heavens. In the six heavens, the opportunity is much higher than the five heavens.

For example, this congenital door, although not knowing what the realm of the door is, is at least the level of the Eternal Emperor.

In the five heavens, there are only a few eternal emperors, and each is in charge of an area, there is not much room for improvement.

Subsequently, Ye Xuan was brought to the congenital gate by an eternal emperor master of the congenital gate.

Ye Xuan's qualifications can just become a foreign disciple.

After all the arrangements were made, Ye Xuan focused on the eternal life stone.

Before that eternal destiny stone, he did not know that it was a few orders. Because it exceeded too much, it could not be swallowed up.

However, he can feel that this eternal life stone is lower than that one.

"Devouring!"

Ye Xuan did not say anything, just tried it.

"Hey, the host has swallowed an eternal destiny!"

"Hey, the host breaks through, and is currently the Seventh Emperor!"

The system prompts.

The seven-character emperor is already more than the purple wind.

This time, it really did not come to the white, and suddenly raised three realms.

However, as his realm improves, those black stone are useless, but the best black stone has some uses.

Next, he has to start planning a new route.

The primary goal, breakthrough!

Only a breakthrough, can find the fall as soon as possible, and then violently will pick up the mysterious people who will pick up!

If you want to improve your cultivation, it is simple, just keep grabbing!

However, Ye Xuan felt that this method could not be done, so I thought about it.

At this time, he happened to pass the experience hall of the congenital door, which has many tasks.

He went in and saw that he had found a suitable task for him.

This mission is to kill a sacred beast of the Eternal Emperor level and bring back his body.

The reason why this task is caused by Ye Xuan's attention is because this holy beast is called the undead phoenix.

The immortal fire in the undead phoenix is the necessity to open the undead sword. As long as Ye Xuan has opened the undead swordsman, he himself has the ability to reborn.

"Eternal emperor level, small meaning!"

Ye Xuan's brow was picked.

Before the battle in Tianwu City, his Shenjian 已经 has been restored, so it can be used once.

In addition to his current state, it should be an undead phoenix that can kill an eternal emperor.

At the moment, he just left the congenital gate and plunged into the flameless mountain.

A few days later, he came to the Undead Flame Mountain.

The temperature here is terrible, because it is the undead flame left by the undead phoenix.

This flame, even if there is nothing to burn, can be maintained.

This undead flame mountain is also very famous in this area. No one can live alive if there are entrants.

Because the deity is still in the five heavens, Ye Xuan let the sword \*\*\*\* enter into it to explore.

These horrible undead flames have no effect on the sword god.

However, this undead flame mountain is very poor. After the sword \*\*\*\* entered, he did not see other living things.

However, just the second day he entered the Undead Flame Mountain, he suddenly heard a loud noise.

"Booming!"

Hearing this voice, Ye Xuan's brow picked it up and rushed over to see it.

Sure enough, someone is fighting the undead phoenix in this undead flame mountain.

Ye Xuan stared at it and found that it was three young people who were besieging the undead phoenix.

These three people are just the realm of the nine emperors, but the strength is very strong in the same class, so the three people join hands, but it can be tied with this undead phoenix.

At this time, the three people have already noticed Ye Xuan, one of them violently said: "I don't want to die, just roll!"

Ye Xuan is only a seven-emperor emperor, and will not be seen by the other party.

However, the tone of this person makes Ye Xuan very unhappy.

"Don't give you some lessons, I am also called Ye Xuan?" Ye Xuan brows a pick.

His mood has fluctuated since he was taken away for no reason.

In short, these three are killing themselves!

At the moment, the old trees, the black horns and the black gold swordsmen are already killing them.

Not only that, but the sword \*\*\*\* avatar directly flashed behind the other side, smashing a sword.

"Hey!"

A crisp sound spread, the sword \*\*\*\* split the sword, and squatted on the other's treasure.

"Eternal emperor?"

Ye Xuan a glimpse, it seems that these three guys, but a bit of background, actually have a eternal emperor.

Before he got the best black stone in the five heavens, at most, he was forging the middle-class emperor, and even the upper-class emperor could not do it, let alone the eternal emperor.

However, with an eternal emperor, I want to block Ye Xuan's attack, but it is not so easy.

Don't forget, these three people are provoking the phoenix. Undead phoenix sees Ye Xuan helping him, naturally it will not attack Ye Xuan.

The original three people's combat power is the same as the undead phoenix, but with the addition of Ye Xuan and others, they immediately fell into a dead end.

"Do you know who we are?"

The young man spoke again.

"Even if you are the king of heaven, you will die today!"

Ye Xuan's eyes widened and attacked with all his strength.

The eternal emperor is so powerful that it can't stop so many attacks.

After all, the eternal emperor also needs the blessing of destiny, and the destiny needs the support of the Holy Power.

In the face of such a strong attack, their holy power is rapidly consumed and will soon bottom out.

"go!"

This is the first young man who took a look at Ye Xuan.

"It's not so easy to leave, leave me!"

Ye Xuan's light flashed, and a sword suddenly appeared out of thin air, then slid out.

"Oh!"

Although wearing the eternal emperor, but facing the sword of the gods, it is still as fragile as tofu.

Ye Xuan used this sword to directly kill two people!

"A terrible attack!"

The headed youth saw it and was shocked.

A trick for two people, even an eternal emperor can not do, let alone Ye Xuan is only the seven emperors?

What a joke!

Not waiting for him to react, the undead phoenix opposite is a spurt of flames.

The divine power in his body is rapidly decreasing!

Finally, exhausted!

"No, I am a person at Ice Front Villa, I can't die!"

The head of the youth shouted.

It's a pity that the undead phoenix will not be merciless.

Chapter 2060: Undead sword

Soon, this headed youth could not support it, and then the sword \*\*\*\* who came out of the flash cut his head.

The Qiang Kun ring and the destiny have fallen into the hands of the sword god.

Then, the sword \*\*\*\* quickly swallowed the destiny, and then sacrificed the beastly bell.

When the beast \*\*\*\* clock came out, the strength of the undead phoenix fell by 80%, and it was also injured by three people before, and with the blood of Ye Xuan's swordsman, its strength is only stronger than the ordinary nine-character emperor.

After a while, it was besieged by the sword \*\*\*\* and others.

"Undead fire!"

Ye Xuan hurriedly took out the undead bells in the undead phoenix, and then used it to open the undead swordsman.

"Hey, the sword is not dead!"

The system prompts.

At the moment, Ye Xuan quickly summoned the undead swordsman.

This undead sword waiter, wearing a white bone armor, wearing a white bone mask, only revealing two eyes.

Just don't know, how strong!

Ye Xuan hurriedly let the undead swordsman and the black gold swordsman play a game. What surprised him was that the strength of this undead swordsman was even comparable to that of the black gold sword who had strengthened many times.

No, to be precise, the undead swordsman is still slightly better!

Because, the undead swordsman himself has a resurrection of rebirth once. However, Black Gold Swords did not share resurrection skills.

"Not bad, there is more than one member!"

Ye Xuan is very satisfied with the nod.

Then, suddenly he smashed other unopened swordsmen, and there was an impulse in his heart.

Swordsman is really stronger than one. If it is all turned on, it is simply a blast!

In particular, the beast swordsman can summon hundreds of powerful holy beasts at once.

This is not the point. The point is that Ye Xuan also has another bloodline - the blood of the \*\*\*\* of war.

This beast swordsman cooperates with the God of War mount skills and can instantly summon hundreds of God of War mounts.

Lying in a big slot!

Don't forget, before Ye Xuan completed a series of random missions, the bottom call was a gold-level mount.

In other words, as long as the Beast Swordsman is turned on, Ye Xuan can summon a hundred gold-level mounts at a time.

Maybe, there will be a platinum-level mount that goes beyond the gold level.

"Hey."

Ye Xuan couldn't help but laugh.

However, this beast sword waiter is not so easy to open, it must be Ye Xuan to kill a hundred \*\*\*\* noble beasts.

This undead phoenix can be regarded as one, so Ye Xuan still needs to kill ninety-nine kinds of sacred beasts of this blood level.

"It's a tough task!"

Ye Xuan thought about it, just look at the task that was copied in the congenital door.

Inside, there are three kinds of missions to hunt the holy beasts, and the blood of these holy beasts is not bad.

At the moment, Ye Xuan is acting again.

However, what he did not know was that he had killed the three young people and had special magic weapons to record the pictures he saw before he died.

Therefore, Ye Xuan's scene of killing them has already passed back their family.

At this time, somewhere in the six heavens.

"Budget, a congenital door in the district, even dare to kill my ice-fighting villa, find death!"

The high-rise anger of the Ice Feng Villa was sent directly to the master and rushed to the first door.

.....

Ye Xuan, who didn't know the matter, was still on the road. Soon, he found the second sacred beast, and then used the beast \*\*\*\* clock to suppress it and then killed him.

Hundreds of blood, have got two!

Then he hurried again.

After more than ten days, he completed the task.

Then, he is ready to leave and return to the innate gate. After all, he still has rewards for these tasks.

but!

When Ye Xuan returned to the first door, he found that it was already a mess.

The corpse is everywhere, and the blood flows into the river!

"what happened?"

Ye Xuan brows a pick.

How long has he left, this heavenly gate has been destroyed, and this is too bad, right?

He felt a little strange, he took all the bodies and collected them.

This search made him understand who the murderer is!

"The people at the Ice Peak Villa have slaughtered the entire congenital door?"

Ye Xuan suddenly recalled that when he was not in the flames of the flames, the head of the young man claimed to be the Ice Feng Villa.

It seems that it is this ice front Villa that can't find him, and then he will come to the congenital door.

In short, the source of all this is him, he is the first heaven.

"You will rest in peace for a while, and if I have enough strength, I will be resurrected!"

Ye Xuan took the body of the owner of the congenital door and kept it in a safe place.

As long as his strength grows up in the future, it is a breeze to resurrect these people.

But for now, there is one more thing to do, that is to destroy the Ice Front Villa!

Although he was the child who killed the ice front Villa, the man was stunned.

In today's world, it is no surprise that things have been destroyed because of one sentence.

And this is still in the six heavens, obviously more cruel!

At the moment, Ye Xuan is plunging in one direction.

The owner of the Ice Feng Villa is just a three-element eternal emperor. It is five levels higher than Ye Xuan, so the difficulty is not very high.

About seven days later, he came to the outside of this ice front.

"Sword God is separated, up!"

He did not say anything, directly attacked the sword \*\*\*\* into the Ice Front Villa.

See people, kill!

All who reach the level of the emperor will die.

Suddenly, there was a gust of wind and rain outside the ice front.

"Where is the mouse generation, I dare to let go in my ice front mountain village, find death!"

A lot of people have come out of the Ice Feng Villa, all of them are eternal emperors, but they are just an eternal emperor.

Suddenly, Ye Xuan and the masters of the Ice Front Villa battled.

This time, Ye Xuan is holding the idea of destroying the Ice Front Villa, so he will not be merciful.

The sword \*\*\*\* avatar, the undead sword waiter, the black gold sword wait three people to block the eternal emperors of the ice front villa.

As for the old tree and the black horn, it is to pack other people!

"God of War mounts!"

In order to improve efficiency, the sword \*\*\*\* also directly used the big move, directly summoned a gold-level mount.

This time, it is Golden Bimeng!

"boom!"

This is a behemoth with a height of 100,000 meters. With a foot, you can step on a lot of people.

A group of fate, floating from the bodies of these dead, and then swallowed by the old tree, the black horn.

Then, these destiny were swallowed up by Ye Xuan.

Although the realm has not improved, but Ye Xuan's destiny rating is constantly improving, so his strength is also arrogant.

At this time, the sword \*\*\*\* suddenly showed a card that had never been used before.

"God of War!"

When this skill comes out, in an instant, the whole world is frozen.

At this time, it is only one side of Ye Xuan, and there is another one-time emperor.

This trick is in the blood of the \*\*\*\* of war, and can be forced to single out.
