

Super D. S 2061

Chapter 2061: Revenge

At the same time as the heads-up, the whole world is forbidden, and the two will split a victory in the field of God of War.

If the sword **** wins, then he can temporarily gain strength, but if he loses, then the sword **** and Ye Xuan will permanently reduce the combat power by 10%.

This skill, Ye Xuan can only be used under the determination to win. Although the sword **** is separated from the horse, it is impossible to defeat, but there is a time limit in the field of victory.

When time is up, he will lose!

This is not the point. The focus is on the field of the God of War. The old tree, the black horn, the undead swordsman, the black gold swordsman, and the golden behemoth can all act.

Simply put, it is a group!

"What is going on?" The eternal emperor of the Icehead Villa was shocked.

He saw that the movements of other people stopped, and even the empty sword was the same.

And he, there are those enemies, but they can act.

what happened?

Still waiting for him to react, the sword **** and other people are attacking.

Although he is an eternal emperor, but the two fists are difficult to attack four hands, and soon, he was smashed by the sword god.

"Hey, the host has an undefeated God of War effect!"

With the sound of this system, the strength of Ye Xuan and the pets all skyrocketed.

The speed of killing has also doubled!

"presumptuous!"

At this time, the sky suddenly came a violent drink, and the sword **** turned his head and looked around and found several powerful breaths rushing toward him.

"Is the high-rise of the Icehead Villa finally coming?"

The sword **** looked at it and found that there were two people who had seen it in the memory of the innate disciple.

These two second-class emperors are the murderers who will kill the congenital gates!

"Finally found you, die!"

Ye Xuan was furious and directly let the sword **** kill him. In an instant, he just flashed behind one person and then slammed a sword out.

It is a pity that the other party has an eternal emperor, and it is also a second-class emperor. Even though it has the effect of increasing the undefeated God of War, it cannot break the defense of the other side.

"Humph!"

The man snorted and turned and sent the sword **** to fly.

Now, the sword **** can not break the defense of the other side, but below, it is not necessarily.

At this time, there are already a few emperors who have fallen, and then Ye Xuan got their eternal destiny.

After the swallowing, it is a breakthrough!

"Hey, the host breaks through, and is currently the Eight Emperors!"

As soon as the realm breaks through, the strength will skyrocket. Now Ye Xuan only has three realms with each other, and it should be able to threaten him.

"dead!"

Seeing that there was no harm, the two eternal emperors once again took out a sword. However, the sword was not broken, and the eternal emperor in his hand suddenly burst open.

The burst of the sword!

"Hey!"

This eternal emperor exploded and turned into countless pieces, directly shooting the group of weaker emperors underneath.

This is just an appetizer!

"Let the storm come even harder!"

Ye Xuan's light flashes.

In the next moment, all the emperors and the eternal emperors burst open, and the sound of the fierce breaks spread.

In an instant, the people at the bottom of the ice-cream villa are almost dead.

At the same time, among the people in the air, only the long sword in the hands of the owner of the Ice Feng Villa is still intact. After all, this is the treasure of the town of Ice Front.

"Baby, I must kill you!"

Ice Front Villa is furious.

Only in that blow, the Ice Front Villa died several famous eternal emperors. As for the emperor level, it has been countless.

With his realm, it is easy to resurrect those who are at the level of the emperor.

However, if you resurrect a person of the eternal emperor level, even if he has to pay a huge price.

"Haha, I have the courage to kill me!" Ye Xuan laughed three times and directly flashed behind a second-class eternal emperor.

"Hey!"

A crisp sound spread.

The long sword of the eternal emperor level bursts open, and it will be the same as the armor of the eternal emperor level. Now Ye Xuan fills this sword directly, which directly breaks the opponent's defense completely.

"not good!"

This second-class eternal emperor changed his face and quickly retreated.

At the same time, the two former eternal emperors and the ice-cream villa owners also tried to stop Ye Xuan's attack.

Unfortunately, Ye Xuan's attack method is really hard to prevent.

"call out!"

The body shape of the sword **** disappeared, and then appeared behind the two eternal emperors.

A sword swept out, the head of this second eternal emperor was thrown up!

dead!

A second-class eternal emperor is very important for the Ice Peak Villa, and the whole mountain is three.

Now, one is dead!

Even if it is the Ice Feng Villa, the strongest of the three eternal emperors, the fate level is not enough to resurrect.

Still not waiting for everyone to react, the sword **** split is again behind the one person, and once again shot.

"Be careful!"

With the lessons of the past, this person is much smarter than the one who died. He quickly turned to a sword and flew the sword god.

It is also a joke, three eternal emperors, a three-time eternal emperor, and even an eight-piece emperor.

If this is passed out, it will definitely be laughed at!

However, when it was passed out, it spread out, because when the matter was passed out, the Ice Front Villa no longer existed.

The sword **** is delayed here, while the other side, the tree old, the black horn, the black gold sword waiter, the undead sword waiter and the golden behemoth, are killing insanely.

The black gold sword waiter can be strengthened with ore, and the undead sword waiter can be strengthened with the heavenly treasure of the death attribute.

And because they are the same realm as Ye Xuan, the reinforcement effect is very obvious.

At this time.

"Wang Lei!"

Suddenly, it screamed and rang through the sky.

Then, a corpse fell from the sky, and when it was halfway down, it disappeared out of thin air.

There is also a second-class eternal emperor, who was smashed by the sword god.

At the moment, there is only one second-class emperor, and the three eternal emperors of the Icehead Villa.

As for those eternal emperors, they have already died!

"Rather Stick to your guns!"

Ice Peak Villa has made a tough decision.

He took a light blue stone from the ring of Qiankun and wrapped it with his destiny.

The next moment, Ice Front Villa is blowing a blizzard.

"Ok?"

Ye Xuan brows a pick and feels that the surrounding temperature drops sharply.

The entire Ice Front Villa has instantly solidified!

Not only that, but even the living people are the same.

"What is this going to do?"

Ye Xuan was a little confused about the situation. He turned around and found that the only remaining two eternal emperors and ice-cream villa owners also turned into an ice sculpture.

In addition, there are black gold swordsman, undead swordsman, old tree, black horn, and that huge golden behemoth.

In addition to the sword god, all solidified!

Chapter 2062: Ice and snow

At the moment, Ye Xuan is letting the sword **** go to try it out, and finds that his full blow, even the ice crystal layer can not be broken.

Moreover, it cannot be swallowed!

It seems that that light blue stone is a good thing!

"Hey, the flame swallowing unicorn is sealed by ice and snow and cannot be recovered!"

"Hey, swallowing black scale dragons is sealed by ice and snow, can't be recovered!"

"Hey, the black gold sword waiter was sealed by the snow and could not be taken back!"

"Oh, the undead swordsman was sealed by the snow and could not be taken back!"

A systematic system sounds, which sounds in Ye Xuan's mind.

This is trouble!

The tree is waiting to be frozen, not dead, otherwise they can be resurrected.

However, Ye Xuan has a way, that is to display the Excalibur.

At the moment, he just fell to the ground, then flashed and used the cards.

Excalibur!

A broken sword of the gods, squatting out.

Everything that comes into contact is as fragile as tofu.

This smashed the sword, first killing the old tree, the black horn, then the black gold sword waiter, the undead sword waiter, and finally the ice front villa owner and the second eternal emperor.

As for other people, because the realm is too weak, Ye Xuan is too lazy to kill.

"Hey, the flame swallows the unicorn to resurrect!"

"Hey, devour the black scale dragon to resurrection!"

"Hey, don't die, wait for the resurrection!"

The system prompts to sound.

Both the old tree and the black horn are both magic weapons, so they can be resurrected. The undead swordsman is passive with a resurrection, so he is born again.

However, the black gold sword can't wait, so I can only wait until tomorrow to call again.

At the moment, Ye Xuan is collecting spoils.

This ice front mountain villa is also rich in oil, and the owner of the Qiankun ring has a lot of heaven and earth treasures.

"Hey, the host breaks through, and it is currently the nine emperors!"

This battle, let Ye Xuan harvest Shuofeng, directly broke through twice.

At this time, his destiny level has reached sixty-four, and even worse, you can achieve the eternal emperor.

However, things are not finished.

After Ye Xuan cleaned the battlefield, the sky suddenly swept a figure.

This breath is even stronger than the owner of the Ice Feng Villa. I am afraid that it has reached the four-element eternal emperor.

"Who?"

Ye Xuan is a bit strange.

It's hard to be done, and there are hidden strong people in Ice Front Villa?

However, even the four-time eternal emperor came too slowly.

If it is only then, Ye Xuan is afraid, I am afraid that I can only avoid the edge, but now, he is not afraid.

After the arrival of this strong man, he looked around and said, "What is going on here?"

In front of his eyes, the sword **** is a living person, so naturally he is asked.

"do not know!"

Ye Xuan replied casually.

This sentence makes the person somewhat unhappy, but he has no nonsense. When he waved his hand, he will solve the ice crystal layer of an ice sculpture and then directly search for the soul.

The next moment, he knows the ins and outs of things!

"It's you?"

The visitors fell on Ye Xuan's body.

He saw from the memory of the person who was searched for the soul that Ye Xuan had been killed in the Ice Front Villa, and the ice-cream villa owner and others were defeated, and the ice and snow stone was used.

"What about me?"

Ye Xuan brows a pick.

"Who are you, dare to slaughter the forces in my ice and snow alliance?" asked the middle-aged.

Ice and Snow Alliance!

Upon hearing the name, Ye Xuan stunned and quickly found a body to search for the soul.

Here is the snow-capped mountains, and there are many forces in the surrounding area. These forces form an ice and snow alliance.

This person should be the ice and snow temple from the Alliance of Ice and Snow Alliance.

What was held in the hands of the owner of the Ice Feng Villa was the ice and snow stone owned by each of the affiliated leaders.

This thing is generally used when it is devastated. Once used, everyone will fall into a frozen state and can only be unblocked using a special method.

"To fight and fight, ask so much to do?" Ye Xuan said coldly.

"You are looking for death!"

The middle-aged man was furious and directly killed Ye Xuan.

Just kidding, the district's nine-character emperor, dare to say this in front of him, really looking for death.

But the next moment, he knew that Ye Xuan was not looking for death, but really had the ability.

In an instant, he was attacked by several individuals.

This time, Ye Xuan is also full-strike, and the other party is not a sword repair, so it directly reduced the strength of 30%.

Before, when Ye Xuan did not break through, under the siege of so many people, it seemed to be easy.

Now that he has broken through, there has been a huge change in strength, and it is certainly easier to deal with it.

However, I am afraid that it is not so easy to kill this middle-aged person.

"Booming!"

Suddenly, the two are fighting.

Ye Xuan took the siege tactics, the old tree, the black horn, the undead sword, and the sword god, and attacked from four directions.

This middle-aged man also has an eternal emperor, so Ye Xuan can only consume it.

This battle has been a short time.

"These people, where did they come from, dare to provoke my ice and snow alliance!"

The middle-aged people thought about it and looked at their own sacred power, leaving only one-third.

In the battle of Fangcai, he was constantly killing the old and the black horns, but the two of them could be resurrected and it was very difficult.

Moreover, the undead swordsman wearing the white bone armor is even more terrifying.

His attack can actually ruin the destiny!

"Go back and inform the Lord!"

The middle-aged man immediately made a decision.

If it is before, he can directly take out the communication token and report it directly.

Under the siege of four people, he couldn't take it.

At this time, Ye Xuan saw the other party's intentions and immediately took all the shots.

"Death Sword!"

The unspoken swordsman's eyes were flashing and a horrible attack.

This sword is the trick of the undead swordsman. With the old tree, the black horn and the sword god, the middle-aged people have no way to escape and are directly bombarded.

"Hey!"

The set of eternal emperors on his body broke directly, but this trick did not kill him, only serious injuries.

The middle-aged man made a chill on his own, and then he used the only holy force and used the cards.

"Ice and Snow Trip!"

In an instant, the middle-aged man turned into a streamer and plunged into the distance.

"So fast!"

The sword **** splits his brow, and this scene suddenly comes. He can't even use the assassination eye.

However, there is a death killing order on the other side, so he can't escape.

chase!

At the moment, Ye Xuan is chasing each other.

At the same time, he also knows that this guy should be able to escape to the ice and snow alliance of the ice and snow alliance.

This chase is just a few days.

A few days later, Ye Xuan sensed that the other party actually fell back, it seems to have recovered the injury.

Chapter 2063: Ice and snow temple

However, after Ye Xuan met again with the other party, he knew that the other party was called a helper.

At this time, Ye Xuan faced three major four-element emperors.

"Is this kid, will you be seriously injured?" asked a white-haired old man with a frown.

He felt that Ye Xuan was just a nine-character emperor. Even the Eternal Emperor was not. How could he seriously hurt a four-element eternal emperor?

"Yes, this kid's strength is very different, and the ice front has been destroyed by him!" The middle-aged man nodded.

"How is it possible that he is just a nine-character emperor? How can he destroy the Icehead Villa?" The old man could not believe it.

However, it is a fact that a middle-aged person is seriously injured. If it can really hurt a middle-aged person, what can be done by destroying an ice-cream villa?

"If this is the case, then leave him and bring it back to the Lord!"

The old man is already ready.

Fight, at the touch of a hair!

The next scene, naturally needless to say, naturally, the sword **** is divided into three besieged mad, and Ye Xuan, but temporarily helpless.

However, he still has the next best policy.

In the past few days, his deity has found a transmission array leading to Six Heavens, and he has come to Six Heavens.

Before, the sword **** was brought up by the innate gatekeeper, so his deity is still in the five heavens.

Now, finally it is up!

This is not the point. The point is that after he came up, he used the imaginary gods to rob the forces.

"Hey, the host's destiny rating has increased to sixty-seven!"

"Hey, the host breaks through, and it is currently an eternal emperor!"

Ye Xuan, suddenly broke through!

Jiu Pin Di Jun, to an eternal emperor, although the cross is not as big as the life and death of the king to the half-step emperor, but the strength is also leaps and bounds.

He was originally stalked. After the breakthrough, the sword gods, the old trees, the black horns, the undead swordsmen, and the black gold swordsmen were promoted to the level of the eternal emperor.

Strength, instantly turned over ten times!

"what?"

The three men who besieged Ye Xuan were shocked. What is the situation?

Several people, suddenly broke through from the nine emperors to the eternal emperor, so that they were shocked.

In the next moment, they have to pay a heavy price for their actions.

"Hey!"

Suddenly a crisp sound spread, the eternal emperor of the white-haired old man suddenly shattered and then was killed.

Then there is another person!

"Not good, ice and snow trip!"

The middle-aged man's face changed greatly and he showed his cards again, but this time, Ye Xuan's speed kept up.

"Hey!"

It was a crisp spread.

At this time, the strength of the sword **** is stronger than before, because he swallowed the fate of the old man and another person. Although he did not break through to the second eternal emperor, he also improved.

"My ice and snow temple will not let you go!" The middle-aged man knows that he is going to die, so he can drink a word.

Unfortunately, Ye Xuan did not have the slightest thoughts of his mercy.

Oh!

The middle-aged man's head was thrown up and fell on the spot.

Then, Ye Xuan put his body and destiny away.

The eternal life stone of three four-time eternal emperors, plus three let Ye Xuan gain a lot.

In the blink of an eye, his breath is skyrocketing again.

"Hey, the host breaks through, and it is currently the second eternal emperor!"

The three are the management of the Ice and Snow Temple, and they are worth a lot. After the Tiandi Dibao was swallowed up by Ye Xuan, it was let it break through.

Then, he searched the souls of the three bodies and found out.

"Ice and Snow Alliance, the main force of the alliance is the Ice and Snow Temple, and the thirteen alliance forces are under the arm. Ice Front Villa is one of them."

At this time, suddenly a name caught the attention of Ye Xuan.

Ice and snow stone!

"Is there a snow and ice stone in this ice temple?"

Ye Xuan's brow was picked.

The ice and snow **** stone is the same material that the invincible sword waiter needs in the five-line swordsman.

In addition, the pale blue stone that had previously sealed everyone's ice, is the ice **** of this ice and snow stone, called the ice and snow.

Not only that, but in addition to the ice and snow temple, there are four forces and the ice and snow temple side by side.

That is, the four temples of the golden wood and fire in the five elements, just in the four temples, there is a corresponding **** stone.

As long as Ye Xuan has all strolled in the past, he can open up the five-line swordsman who ranks in the top of the invincible swordsman.

"The five elements of the sword waiter ranks fifth among all swordsmen. If you can open it, the strength will advance by leaps and bounds!"

Ye Xuan's eyes glimpse directly toward the ice and snow temple.

This ice and snow temple, can be regarded as a party overlord, the temple owner is the six-element eternal emperor, the strength is not bad.

However, this can not stop Ye Xuan's footsteps!

Ye Xuan had killed three ice and snow temples before, and from their memory, Ye Xuan got the ice and snow trip.

This martial art is very easy to use in this snow and ice, and the speed is faster than that of Megatron.

Three days later, the sword **** arrived at the temple of ice and snow, and then he used the real mask to transform into a middle-aged man and entered the temple of ice and snow.

He advanced to wander around and explored.

However, the death of the Ice Front Villa did not cause the attention of the Ice and Snow Temple, because they thought that things had been resolved.

Therefore, Ye Xuan wants to use the identity of the disguise to solve the people of the Ice and Snow Temple one by one.

But before that, Ye Xuan also learned one thing.

In the past world, it is sin to have the same treasure. In these six heavens, nature is the same.

Some people used to play the idea of ice and snow, but they were all frozen by the temple of the Ice and Snow Temple. These people did not die, but they were all frozen.

"Seven five-element eternal emperors, dozens of four-element eternal emperors!"

Ye Xuan's brow was picked.

The reason why the Lord of the Ice and Snow Temple does not kill them, but instead puts them at the door of the Temple of Ice and Snow, that is to let other people take the precepts, not to provoke the Temple of Ice and Snow.

These people are destined because they are not dead. This time, Ye Xuan is going to take them.

At this time, Ye Xuan has left the temple of ice and snow and came to the gate.

Before, he thought that these ice sculptures at the door were some people who made mistakes and were sealed by ice. Now it seems that they are those who play the idea of ice and snow.

"Fifty-seven ice sculptures, all in!"

Ye Xuan's mouth is slightly tilted.

Among the fifty-seven ice sculptures, seven ice sculptures are the strongest of the five eternal emperors. If other people are added, it is enough for him to break through again.

Since a lot of good things have been obtained before, the Shenjian can already be used.

The sword **** found a position, and then suddenly used the card.

Excalibur!

A broken sword of God suddenly appeared, and it came out.

Breaking the sword of the gods is like cutting the tofu. These ice sculptures are all split into two halves.

These people did not die, and now they are dead under the sword of the gods.

Chapter 2064: Ice and snow stone

The next moment, Ye Xuan is to collect all the bodies of the people, of course, and the most important eternal life stone.

"Hey, the host breaks through, and is currently the third eternal emperor!"

Ye Xuan's realm, once again broke through.

He also wanted to use the disguise to print out the people of the Ice and Snow Temple one by one. It seems that it seems to be no longer needed.

The change here has also caused the attention inside the ice temple.

Suddenly, there are bystanders reporting the matter.

The next moment, the top of the Ice and Snow Temple is to rush out.

The leader of the temple is the temple of the ice and snow temple!

A six-element eternal emperor, five five-element eternal emperors, and more than ten four-element eternal emperors.

This trend is already very awkward!

Ye Xuan stood at the gate of the Ice Temple, and at his feet was the blood-stained ice layer crushed by him. He looked at it so quietly.

As soon as the high-rises of these ice and snow temples appeared, they surrounded the Ye Xuan group.

"Yang Yang, what are you doing?"

The elder of an ice temple shouted.

These ice sculptures are the things that the Ice and Snow Temple used to shock others. Now they are destroyed. Is it not a face?

Not only that, but the destruction of ice sculptures is still their own, what is going on?

Of course, the most important thing is that these eternal destiny stones all fall into the hands of Yang Lan.

A five-element eternal life stone, if it is completely refining by a four-element eternal emperor, is enough to break through the five-element eternal emperor.

Simply put, those eternal destiny stones are worth a lot.

"Lord, you use these ice sculptures, you don't need to exist!"

Ye Xuan said.

"why?"

The owner of the Temple of Ice and Snow frowned.

"Because, the ice and snow stone in your hand will fall into my hands." Ye Xuan slowly said.

"Bold!"

Before he could wait for his voice to fall, there was an elder who yelled at Ye Xuan.

At this time, Yang Xuan, who was disguised by Ye Xuan, was also dedicated to the Ice and Snow Temple. However, now, how can he say such a thing?

But what they don't know is that this Yang Lan is disguised by Ye Xuan, even Yang Yu's biological parents can't recognize it.

"Yang Hao, relying on your four eternal emperors, but also dare to smash the ice and snow stone?"

At this time, the main hall of the Temple of Ice and Snow opened.

"The treasure, always has the ability to get it, the Lord, my ability is stronger than you, should not give it to me, to whom?" Ye Xuan said.

"Budget, don't look at yourself a few pounds, and dare to say such words, I want you to know, what is called heaven and earth!"

An elder screamed and rushed straight toward Ye Xuan.

Five eternal emperors, if it is for the previous Ye Xuan, it is very tricky.

But now, he is already a three-time eternal emperor, not afraid at all!

In an instant, he cast an assassination eye and flashed behind the other side.

"Hey!"

In a crisp sound, the elder's eternal emperor shattered, not only that, but the entire head was opened, and it was killed!

The Five Great Five Eternal Emperors of the Ice and Snow Temple, now only four big.

The audience was shocked!

"Yang Hao, how dare you dare to dare..."

The elders immediately angered.

Yang Lan, the management of the Ice and Snow Temple, the four-time eternal emperor, the strength is not strong, but there are some weights in the Ice and Snow Temple.

However, today, even the elders?

Not waiting for the voice of this elder to fall, Ye Xuan's figure is once again flashing, came to the other side.

"Hey!"

It was a crisp sound, and the elder's head was also thrown away.

Another fate, fell into the hands of Ye Xuan!

Now, in the temple of ice and snow, there are only three major five-element emperors.

"court death!"

The owner of the Temple of Ice and Snow is furious.

Every five eternal emperors are the foundation of the Ice and Snow Temple. Now they are two dead. With his strength, I am afraid that it cannot be resurrected.

No matter what, Ye Xuan will die!

In an instant, the Lord of the Ice and Snow Temple is a direct shot.

However, his realm is only three more than Ye Xuan. What is it?

"Resolve other people first!"

Suddenly, the sword **** was separated from the tree, the black horn and the black gold sword waiter and the undead sword.

"God of War mounts!"

The sword **** once again summoned a powerful assistant.

Since the random task was completed before, the system rewarded the Ares mount for a golden level.

But this time, the summoned is not a gold-level mount, but a platinum level.

At this time, in front of Ye Xuan, it was a fiery red phoenix.

This phoenix is called the evil fire phoenix!

The ice and fire are incompatible, and this evil fire phoenix appears as a tie with the Lord of the Ice and Snow Temple.

Originally, Ye Xuan wanted to block the Lord of the Ice and Snow Temple, but now it seems that it is not needed.

Taking advantage of this opportunity, Ye Xuan immediately cooperated with other people to solve all the elders of the five eternal emperors and the four eternal emperors.

This process, but only three seconds!

Then, the owner of this ice and snow temple became a light pole commander.

"Where are you sacred?"

The owner of the Temple of Ice and Snow could not help but ask.

With this strength, it is impossible to do things under his hands for so many years. This Yang Lan, certainly not himself.

"Since you have asked sincerely, then I will tell you mercifully!"

The corner of the mouth of the sword **** is slightly tilted, showing the original shape.

Sure enough, not Yang Lan!

However, it was already late when the Lord of the Ice and Snow Temple reacted.

At this time, Ye Xuan has solved everyone, then the next step is to deal with the temple of the ice and snow temple.

"The eye of assassination!"

In an instant, Ye Xuan once again flashed behind the owner of the Temple of Ice and Snow, and then slammed a sword.

"Hey!"

This attack was blocked by an eternal emperor, and it seems that it is not a product.

"Hey, this eternal emperor is given to me by the master. Is it broken when it is broken?"

However, this is nothing for Ye Xuan!

It can be done without time!

The tortoise shell is harder and there is a day to be broken. Even the water droplets can wear the stone. Ye Xuan is not afraid of breaking.

What's more, they are crowded!

"Booming!"

The sound of the battle is deafening.

The sword **** avatar, the black gold sword waiter, the undead sword waiter, the tree old, the black horn, the evil fire phoenix, the six besieged the ice and snow temple, the master, the other side has no temper, can only be forced to defend.

It didn't take long for the owner of the Ice and Snow Temple to be a little bit ugly, and his face gradually became gloomy.

"Want to ice and snow, good, I will give you!"

The Lord of the Ice and Snow Temple suddenly screamed and took out a blue stone.

This blue stone is the treasure of the town hall of the Ice and Snow Temple - the ice and snow stone.

The owner of the Temple of Ice and Snow held it in his hand and wrapped it with the Holy Spirit. The next moment, the Temple of Ice and Snow blew a blizzard.

Chapter 2065: Five Elements Temple!

This blizzard is a hundred times more violent than the previous one at Icehead Hill.

In an instant, things around you are frozen.

The black gold sword waiter, the undead sword waiter, the old tree, the black horn and even the platinum-level **** of war riding the evil fire phoenix, were frozen.

Only, the sword **** is spared!

"What, you..."

The owner of the Ice and Snow Temple was panicked, because this ice and snow stone came out, even he had to be frozen. At this time, his lower body was already unable to move. He looked at Ye Xuan and looked surprised.

Why, the effect of Ye Xuan's immune ice and snow stone?

"Hey!"

Ye Xuanyi opened his mouth and smiled, so he looked at the ice and snow temple to become an ice sculpture.

The Lord of the Ice and Snow Temple himself died, which is what he meant. Because of this, the Lord of the Ice and Snow Temple could not move, let him slaughter.

Although there is a good eternal emperor on the main body of the Temple of Ice and Snow, plus the ice crystal layer of the ice and snow **** stone, even if it is the Seventh Eternal Emperor, it may not be able to break.

However, don't forget, Ye Xuan has a magical skill that no one can stop.

Fang Caixuan first solved other people because he expected it to be such a solution.

At the moment, everyone except the sword **** is frozen, just to reproduce the scene at the time.

He put the ice sculptures together as before, and then they came out.

Excalibur!

"Oh!"

Last time, the owner of the Ice Feng Villa used the ice and snow holy stone formed by the ice and snow stone slag.

This time, the owner of the Temple of Ice and Snow used the ice and snow stone, the effect is more than a hundred times stronger than the ice and snow.

But even so, it doesn't work!

In an instant, all the ice sculptures, including the Lord of the Ice and Snow Temple, were divided into two by the broken **** sword, and died on the spot.

Ye Xuan, directly obtained the fate of the six-element eternal emperor level.

However, because he just broke through, this group of fate for him, just raised the level of destiny, can not break through again.

As the Lord of the Ice and Snow Temple died, there is no need for this temple of ice and snow.

At the moment, Ye Xuan let the resurrected tree old and black horns receive the entire ice and snow temple in the swallowing space.

"Oh, the ice and snow gods have swallowed up successfully, and the current five-line swordsmanship is 20% open!"

The system prompts.

The five-line swordsman needs five specific materials to open, and the combat power ranks fifth among all swordsmen, very powerful.

You must know that the undead sword waiter barely squeezed into the top ten!

Then, Ye Xuan also searched the soul of the temple of the Ice and Snow Temple.

"Recently, is the dead wood temple."

Ye Xuan's brow was picked.

In the dead wood temple, there is a dead wood stone, which is just what is needed to open the five-line swordsman.

At the moment, Ye Xuan is going to the dead wood temple.

Although Ye Xuan is doing a good job now, he has to do this in order to find a place to go to Jiuzhongtian as soon as possible.

What's more, as long as he is strong enough in the future, he can resurrect these people and even give the other party a hundred times of cultivation resources as compensation.

Simply put, Ye Xuan is forcibly borrowing the property of the other party!

A few days later, he came to the dead wood temple.

The dead wood temple, compared to the ice and snow temple, is still better solved.

With his own power, Ye Xuan easily solved the people of the dead wood temple and then received the space to swallow.

At this moment, he is already on the verge of breaking through, and then some fate, you can break through to the four eternal emperors.

However, the Temple of Ice and Snow and the Temple of the Dead Wood were successively destroyed, and the news reached the other three temples.

The masters of the three great temples are already gathering to prevent accidents.

If you want to rank these five temples, the Temple of Ice and the Temple of the Dead Wood are the bottom of the five temples.

Because the temples of the other three major temples are all seven eternal emperors, and their strength is extraordinary.

But what about this?

After Ye Xuan destroyed the Temple of the Dead Wood, he went to the Temple of the Earth.

But this time, on the way, he was intercepted by a group of people.

"Ok?"

Ye Xuan in the road, sensing that there are a team of dozens of people approaching themselves in front of them, the atmosphere of these people add up, very terrifying.

At least, there are nine six-element eternal emperors!

He immediately glanced at it and found that there were three kinds of costumes for these people. He only looked at him and understood the origins of these people.

It turned out that this team is the master of the three great temples, the purpose is to take Ye Xuan back.

Ye Xuan first extinguished the ice and snow temple, and then destroyed the dead wood temple, so the three temples sent people to gather in the nearest temple of the dead wood temple.

They went to the dead wood temple, just happened to meet Ye Xuan.

"Yes, it is him!"

At this time, a person in front of the team took out a floating crystal spar to correct it.

In the floating crystal spar, it is the scene of Ye Xuan's killing the master of the dead wood temple. Although the person who recorded this floating crystal spar has been received by Ye Xuan in the swallowing space, the floating crystal spar he recorded has passed through the space. The other three temples.

So much so, Ye Xuan was recognized at a glance!

"Do not mix things, dare to make such a thing, report it to the name!" The head of the man yelled.

"It's going to die anyway, knowing my name is useless!" Ye Xuan shook his head and murmured.

When this was said, it immediately aroused the resentment of everyone.

Big words, is a bit too much to say?

Although Ye Xuan destroyed the Temple of Ice and Snow and the Temple of Dead Wood, these two temples have only one six-element emperor.

Now, they have organized ten eternal emperors to catch Ye Xuan, even if they are seven eternal emperors, they all have confidence in a battle.

Not to mention, Ye Xuan is just a small three-time eternal emperor.

"Up, take it down and say it!"

At the moment, the person who is heading is angered, and then everyone expands the encirclement and surrounds Ye Xuan.

But the next moment, Ye Xuan's body shape disappeared into their eyes.

No, it didn't disappear!

Some people have captured Ye Xuan's figure, but behind the head of the person.

"Be careful!"

A person screamed beside him.

Unfortunately, it is too late.

"Hey!"

A crisp sound spread, the eternal emperor of the first person was directly crushed, and even the head was cut off.

There is an idiom called "this is not the same!"

Although Ye Xuan is the same as when the Ice and Snow Temple was destroyed that day, it is a three-time eternal emperor.

However, during this time, his destiny rating has improved.

At that time, he could not break the eternal emperor of the temple of the ice and snow temple. Today, it is enough.

The death of the masters of the team shocked everyone, and they did not wait for them to react. The fate of this man was collected by Ye Xuan.

Then, Ye Xuan's breath skyrocketed!

Chapter 2066: Eight eternal emperors!

"Hey, the host breaks through, and is currently the four-element emperor!"

In Ye Xuan's mind, a system sound was heard.

If there is no breakthrough, he will probably be surrounded by sand, but now that he breaks through, he does not have to fear anyone.

Sure enough, after his breakthrough, the masters of this group of three great temples were actually a group of chickens and dogs, and they were beaten without being left.

Finally, all were killed by Ye Xuan!

Qiankun Ring, was obtained by Ye Xuan.

Destiny, also swallowed by Ye Xuan!

This group of people is simply the reborn parents of Ye Xuan. It is difficult to know that Ye Xuan is coming to give him benefits.

Now, he has broken through to the four-time eternal emperor, and no one in this neighborhood can stop him.

The other three temples are also a seven-element eternal emperor, not afraid.

At the moment, Ye Xuan is continuing to hurry. As long as the three great temples are destroyed, the five elements of the sword can be opened.

Next, with the super strength, Ye Xuan first destroyed the Temple of the Earth and then destroyed the Temple of the Golden God.

As a result, only the temple of the Red Flame is left.

At this time, Ye Xuan had already traveled to the Temple of Chiyan. Before that, he destroyed two temples and raised his destiny level.

He estimated that if the most powerful temple of the Red Flame is destroyed, it is possible to break through to the Five Eternal Emperors.

However, things are not as simple as he imagined.

The temple of Chiyan, after learning the news of the demise of the other four temples, has already notified a strong man.

A few days later, Ye Xuan arrived at the Temple of Chiyan, but at this time, the temple of Chiyan was already surrounded by all the masters. All the masters lined up neatly, waiting for Ye Xuan to come.

"The Lord of the Red Flame Temple, come out and see!"

After Ye Xuan arrived, he was angry.

"Who?"

The masters of the Chiyan Temple have been looking around, but they are not seen.

At this time, the sword **** avatar suddenly faded away from the sacred spirit, and the real body came out.

This time, they discovered Ye Xuan!

"he came!"

After seeing Ye Xuan, the person who had the temple of Chiyan immediately reported the matter to the top.

Of course, even if they do not report, the temple of the Red Flame Temple has already learned that, after all, Ye Xuan's words are almost indicative of the intention.

However, because Ye Xuan is fierce, the masters of these red temples are not willing to act rashly.

Soon, the Lord of the Temple of Chiyan came out.

This is a red-haired old man who possesses the strength of the seven-time eternal emperor and is the strongest of the five great temples.

"Is it you, destroy the other four temples?" asked the main temple of the Red Flame Temple.

Ye Xuan did not deliberately conceal, directly nodded: "Yes, I did."

"You are really a courage, even dare to kill some of my brothers." The main hall of the temple of Chiyan.

It can be known from the memory of those people that the lords of the five great temples were former disciples of a certain power.

Ye Xuan naturally will not forget, laughing: "The treasures have the ability to know that if you can hand over the red stone, I can spare you a life!"

Although this is the case, he does not think that the temple of the Red Flame Temple will be so easily compromised. After all, the red stone is the treasure of the town hall of the Red Flame Temple. Can you give it to you?

"You are really a big lion."

The main hall of the Red Fire Temple is cold and cold: "Now, you have already got the four attributes of the **** stone. If you add my red stone, it is five. I am curious. What do you want to collect from the Five Elements?"

"What you do, you don't need to worry about it, you just have to hand it over to me. Of course, you can choose not to pay, then the consequences will be the same as your other four divisions." Ye Xuandao.

"Just by you?"

The main hall of the temple of Chiyan was furious, and the holy force of the body rolled, raising his hand and attacking Ye Xuan directly.

"court death!"

Ye Xuan's glory suddenly disappeared and turned to the back of the temple of the Chiyan Temple.

"Hey!"

Just a single blow, the eternal emperor of the temple of the Red Flame Temple was crushed by Ye Xuan.

The main hall of the Red Fire Temple is shocked. His strength is much stronger than the other four. Ye Xuan, the four eternal emperors, can instantly break his protection. This strength is too enchanting.

Before he could react, Ye Xuan shot again and flew it.

If it is an ordinary seven-element eternal emperor, I am afraid that it has been killed by Ye Xuan, but the temple of the Red Flame Temple still has a bit of skill, so it survived.

However, it didn't last long, and Ye Xuan had a murderous heart for him.

However, it is at this time.

"stop!"

Suddenly violently drunk, fell in Ye Xuan's ear, he turned his head and saw that there was a figure in the air, just shot him.

"call out!"

This man's attack was very rapid, and it instantly fell on the body of the sword god. After the latter was hit, he flew out.

Fortunately, the sword **** has an invincible body, otherwise, even the seven-element eternal emperor will fall.

So strong!

Ye Xuan shuddered and felt it. He found that the breath of this person was several times stronger than that of the temple of the Red Flame Temple.

Eight eternal emperors!

"Where is this strong?" Ye Xuan couldn't figure it out.

However, after he saw the face of the person, there was a memory that emerged immediately.

This person, who had appeared in the memory of the four lords, and has a relationship with the four.

Because this person is the master of the five temples of the Five Elements Temple, Yan Wenhua!

"This is the Wenhua, it is a big force to protect the law of the Five Elements, for the eight-element eternal emperor, and this five-way road is a strong man with half-step master!"

Ye Xuan thought in his heart.

Still not waiting for him to react, Yan Wenhua once again shot, it is necessary to kill Ye Xuan.

In this battle, if you follow the normal hand, Ye Xuan can't kill the other party anyway. Even if you have a sword, you have to do it in the other side.

However, with Ye Xuan's temper, he will not be singled out with the other side.

"I am not alone in the fight!"

Ye Xuan's dawn was over, and he immediately released the tree and others. But the opponents of Shu Lao and others are not the Wen Hua, but the main temple of the Red Flame Temple.

He used this method of summoning to make Yan Wenhua somewhat surprised. Now, the latter is immediately shot, directly killing the tree and others.

However, he took the shot and gave Ye Xuan a chance.

At this time, Ye Xuan has used the eye of the assassination and flashed to the back of the temple of the Chiyan Temple.

"Hey!"

It was a crisp sound spread. Under this, the defense of the temple of the Red Flame Temple was completely broken.

"not good!"

The faces of Yan Wenhua and the temple of the Red Flame Temple have changed greatly. However, even if the former is an eight-time eternal emperor, it will not stop the next scene.

I saw that the tree and others who were killed by Yan Wenhua appeared again.

Chapter 2067: Five lines of swordsman!

"boom!"

In a booming sound, the main temple of the Red Flame Temple was smashed. When the body fell from the sky, it was received by Ye Xuan in the swallowing space.

At the same time, the red stone in the hands of the temple of the Red Flame Temple also fell into the hands of Ye Xuan.

Now, the five elements of the gods, all together!

"Hey, the host can open the five-line swordsman, is it open?"

"Yes!"

Ye Xuan immediately responded.

"Hey, the five-line swordsman opened successfully, and the host's five-line affinity reached the upper limit!"

The system prompts.

The five-line affinity reaches the upper limit, which is full value. This means that Ye Xuan's future use of the five-line attack will have a significant power increase. In addition, he also has damage reduction for such attacks.

Before, Ye Xuan improved the flame attack power with the blood of the undead phoenix and the blood of the fairy unicorn.

Now, he has added four more, which is very good!

At the moment, Ye Xuan is putting out the five-line swordsman.

Five-line swordsman, the costumes are quite handsome, and there are five elements of gold, water, fire and earth floating around them.

Although there is no shot, but Ye Xuan also feels his breath, this is a more powerful sword waiter than the undead sword.

"Your opponent is him, up!"

Ye Xuan immediately gave orders to the five-line swordsman. In an instant, the latter was killed in the past.

This Wenhua is the protection of the Five Elements. The cultivation of the Five Elements is a powerful method.

However, this is like a play for the five elements of the swordsman.

"call out!"

A sniper broke through the air and attacked the five-line sword.

At the same time, the five elements of the sword maid smashed a sword, a sword containing the five elements of the air.

"Hey!"

In the air, a shock swayed.

The two swords collided in the air and they disappeared together.

The five-line swordsman is the same level as Ye Xuan, and it is only the four-element eternal emperor.

However, his attack was even the same as that of the eight-element eternal emperor level.

How can this be?

Yan Wenhua was shocked, even Ye Xuan.

However, Ye Xuan knew that the five-line swordsman was also completely immune to the five-line attack, and his attack was also true.

Therefore, only in that collision, the attack of the five elements of the swordsman directly shocked the other side with the five elements of the sword, and then the attack of the five elements of the sword waiter was equal to the other's destiny.

All in all, this Wenhua attack is only a destiny attack for the five elements of the swordsman.

If you change someone, the five-line swordsman will be in a disadvantage, this time just right.

In an instant, the five elements of the sword waiter and Yu Wenhua hand in hand, although the realm of the two is huge, but the strength is evenly divided.

"The five elements of the sword waiter, really powerful, a lot stronger than the undead sword."

Ye Xuan nodded with satisfaction.

However, he couldn't just look at the five elements of Jianwu and Yan Wenhua.

"God of War!"

At this time, he launched another card, the next moment, the whole world seems to have solidified.

In addition to him, only another master of the Red Flame Temple can move.

"The eye of assassination!"

The master of this red temple has not yet reacted, Ye Xuan has come to his back, suddenly smashed a sword.

"Oh!"

In an instant, the sword **** smashed the person, and then got the effect of the undefeated God of War.

"on!"

As the world resumed, Ye Xuan took the tree and others to kill Yan Wenhua.

This trend, even Yan Wenhua must also pay attention!

"Kid, what is your origin?" Yan Wenhua finally couldn't help but ask.

"You are dead, I will tell you again!"

Ye Xuan did not answer this question because it was not necessary.

"Great tone!"

Yan Wenhua snorted and decided to go all out.

However, in the face of various sieges, his eight-time eternal emperor seems to be a bit weak.

This battle, a full fight for a minute!

You know, a second of time, for the realm of this realm, you can do a lot of things.

For example, easily crossing the tens of millions of kilometers of land!

Don't say the Eternal Emperor, even if it is a fairy, you can easily go through a million miles.

One minute, enough for them to fight back countless times!

However, in this minute, it is not Ye Xuan, but Yan Wenhua.

It's so funny, there's an eight-element eternal emperor, and it's actually a group of four eternal emperors. If it's passed out, Yan Wenhua's face is dull.

However, what Qi Wenhua still does not know is that Ye Xuan has not done his best.

"Okay, have enough, so you should go with your five apprentices!"

At this time, Ye Xuan's mouth suddenly tilted.

Fang Cai, the temple of the Red Flame Temple was killed by him, and the rest were also solved by him.

In other words, he has a huge cultivation resource in his hands!

After opening the five-line swordsman, Ye Xuan wanted to test the combat power of the five-line swordsman, so he has only been playing since now.

Now, don't play!

"Hey, the host breaks through, and is currently the Five Eternal Emperor!"

In an instant, the scent of a group of people in Ye Xuan is skyrocketing!

The sword **** avatar, the tree old, the black horn, the black gold sword waiter, the undead sword waiter, the five elements sword waiter, and the war **** mount that Ye Xuan summoned, without exception, rose from the four-element eternal emperor to the five-element eternal emperor.

The overall strength has turned over ten times!

"what?"

Yan Wenhua was shocked.

Before they broke through, these people could make him feel bad, and now they both broke through, which is still a fart?

"go!"

Yan Wenhua took the initiative and immediately turned around and left.

"I want to go now, it's late!"

Ye Xuan's eyes widened.

The next moment, everyone is showing the cards.

A series of attacks broke through the air, and Yan Wenhua hit a spirit, escaped the attack of the old tree and the black horn, but it was the two swords of the five-line swordsman and the undead sword.

The death sword of the undead swordsman is good, and Wenhua Wen can still hold it.

At that time, the attack of the five elements of the sword waiter, he could not stop.

After the breakthrough, the invisible swordsman can easily defeat his destiny protection. When the five-color swordsman is not in his body, Yan Wenhua feels that his body is surging.

The next moment, Yan Wenhua died directly!

At the moment, Ye Xuan is plundering and collecting the Wenhuan ring and the destiny of Yan Wenhua, and then swallowed it unceremoniously.

Strength, another step!

The disciples of the Chiyan Temple have already seen stupidity. Even if the temple owner is dead, how can the master of the temple also die? Is this too fake?

Not waiting for them to react, this group of low-order eternal emperors were all taken into the swallow space by the tree and the black horn.

Since the birth of the beast clock, Ye Xuan has had a habit, that is, let Megatron conduct the soul search.

After he read the memory of Yan Wenhua, he realized that the five five-line gods of the Five Elements Temple were originally given by Yan Wenhua.

Chapter 2068: Five elements of vein

In the Wenkun ring of Yan Wenhua, Ye Xuan also discovered a lot of five elements of the **** stone. At the moment, he is to strengthen the five-line swordsman.

Yan Wenhua is the guardian of the Five Elements, while the Five Elements is a half-step master.

The people in the Five Elements are cultivated by virtue of the Five Elements. They are generally a group of five people, and then complement each other and practice together, so that the cultivation speed will be much faster than the average person.

"In the five-way road, there are actually five veins of the **** stone?"

Ye Xuan's mouth is slightly tilted.

Now the five-line swordsman is his strongest fighting force. If he can continue to strengthen, it is definitely excellent.

However, the five-way street has a half-step power to dominate the realm and must be careful.

"Zhu Wenhua exploded and died. Although the body was collected, it was a lot worse, only 80%. I don't know, if you disguise it with a real mask, will it be seen?"

Ye Xuan brows a pick and decides to try.

Before, he was almost all disguised as a 10%, and now he has to go to an 80% camouflage. He doesn't know if he will be discovered.

Eighty percent of the disguise, on the other hand, can only be disguised as the face, voice, breath, etc. of Wenhua Huacheng, which is easily recognized.

"But it can be as good as 80%, and when it comes to cultivation, it will be fine."

Ye Xuan does not want to be so much, ready to go to the five-way.

Just right, Yan Wenhua built a transmission array, just near the temple of Chiyan, so it was cheaper.

Through this transmission array, Ye Xuan crossed a large distance and came to the vicinity of the five-way road.

"The five-way ancestor is said to be in the spirit of the Five Elements, and the affinity for the elements of the Five Elements has reached a very high level. Therefore, when he is half-way, he has condensed five kinds of species, and his strength is very strong."

Ye Xuan thought in his heart, and leaned toward the past five gates.

"Protect the law, you are back!"

When he came to the gate of the Five Elements Road, several disciples at the door were respectfully saying hello.

Ye Xuan pretended to be deep, and after a slight nod, he went in.

He searched for the memory of Yan Wenhua. Although the memory is not complete because of the corpse, it should not be difficult to deal with general things.

"The five-way road, it is a five-way road!"

After entering, Ye Xuan couldn't help but scream because he felt a lot of temperament that didn't have to be weak.

This means that at least eight eternal emperors!

In addition, there are a few nine elders of the Eternal Emperor level!

With Ye Xuan's current strength, if it's here, it's definitely a thankless thing.

"Go to the five rows of veins first!"

Ye Xuan's eyes are slightly stunned.

He is now disguised as a five-way road guardian, Wenhua, who is qualified to enter the five elements of the vein.

The five elements of the five-way vein can produce five elements of stone, but the five-way ancestor is not allowed to mine, because the practice they cultivate, if cultivated in the five elements of the vein, can speed up.

The five elements of the veins are extremely rare. If they are ruined, they will lose money.

Once the five elements of the mine have collapsed, the five-way road is estimated to be over, and the next road is likely to go downhill.

Ye Xuan entered the Wuxing vein with the help of Qi Wenhua.

This time, he did not dare to exploit the five elements of the stone, because the above is arranged in the array, once someone touches, there will be elders.

However, Ye Xuan's attention this time did not hit the five elements of the gods.

His goal is to go to the five-way disciples who have entered the five elements of the veins.

"The five-way disciple, the most outstanding one is just the seven-element eternal emperor, not afraid!"

Ye Xuan's mouth tilted slightly, looking at the five winding roads ahead, and chose one to go in.

There are five sub-mineral veins in the five rows of veins, and there are countless mines in each vein. Each disciple will choose a mine for cultivation.

Ye Xuan entered the gold mine, and felt a little, and found that there is also a small guardian array.

If you don't go in, don't know who is inside!

Ye Xuan casually found a mine hole and found that there is a disciple in the cultivation.

"Ok?"

This five-way disciple felt the arrival of Ye Xuan, but he was slightly angry when he was not blinking.

You must know that the rules of the Five Elements mines are clearly written at the door.

As long as there is someone, the guardianship method will shine, so other people are not allowed to come in.

However, after seeing the face of Ye Xuan, the disciples of the five-way road will put the words that have already risen to the throat and put them back.

"寇护法!"

The five-way disciple hurriedly said hello.

But when his voice fell, Ye Xuan's figure suddenly disappeared and then appeared behind him.

"Oh!"

A crisp voice spread, the disciple's head was directly cut by Ye Xuan.

In an instant, the fate of this disciple is condensed into an eternal destiny.

"Receive!"

Ye Xuan said nothing, he took the body and relics.

This scene, which happened quickly, the disciple of the five-element eternal emperor, who simply did not respond, was murdered.

So, no one will notice!

Then, Ye Xuan left the mine and then entered the second mine.

In the same way, he killed all the people in these mines and sought profits.

In this single gold mine, there are thousands of people practicing, and at least three grades of the Eternal Emperor, because this realm is the standard for entering the five elements of the mine.

In order to improve efficiency, Ye Xuan decided to release the tree old, black corner and other people to assist him.

However, black horns, old trees, etc. are too obvious and can be easily found.

Once discovered, it will cause a lot of unnecessary troubles, such as the attention of the elders.

The guardian of the elders is the master of the nine-time eternal emperor, only one step away from the half-step master.

Such a strong, Ye Xuan can be a battle, but don't forget, who is the site under the feet?

Five-way road!

The most important place in the five-way road has been fighting, and it will naturally attract the attention of the five-way ancestors. At that time, the half-way ancestor of the half-step mastery level may be personally dispatched.

So be careful!

Ye Xuan is acting alone. Although the efficiency is low, the safety is very high.

He is disguised in true and false masks, even if the five-way ancestor is standing in front of him, he will not be able to recognize it.

The next time, Ye Xuan was in this gold mine, hunting the disciples of the five-way street.

Within an hour, he killed half of the disciples inside. However, he did not dare to solve all of them. This would inevitably lead to suspicion, so they could only come one by one.

Chapter 2069: Deep vein

Then, Ye Xuan left the gold mine hole and entered the wood mine hole. In the same way, he killed many disciples.

These disciples are very unlucky. If they are well-prepared, they will be killed. It is really unsuccessful. However, Ye Xuan promised that he will definitely resurrect him, and he will give him a treasure.

This kind of thing is really a pediatrics for Ye Xuan!

Not to mention breaking through to a higher realm, his current five-element eternal emperor is enough to resurrect the three eternal emperors.

However, this will be self-defeating, but if you arrive at the Sixth Eternal Emperor, there will be no big problem.

At this time, Ye Xuan has already strolled into the fourth fire system mine.

He felt it and found that his destiny had reached the level. As long as he solved the fire hole, he could break through the six-element eternal emperor.

At that time, among the five streets, no one will be his opponent except the ancestor of the half-step master.

His current strength has increased by at least two times compared to when he first entered the five elements of the vein.

After all, these disciples have some five elements of the holy stone, although this thing is worse than the five elements of the stone, but the victory is large.

Therefore, the five elements of the sword waiter has also improved a lot!

Soon, Ye Xuan is almost solving the people in this fire system.

Yes, this time he has no scruples. After all, he is about to break through.

After he killed an elite disciple of the Seventh Eternal Emperor level, he heard a system prompt.

"Hey, the host breaks through, and is currently the Sixth Eternal Emperor!"

Hearing this, Ye Xuan's glimmer of light flashed, and the corner of his mouth could not help but rise slightly.

Finally, broke through!

Now, among the five elements, which of the Eternal Emperors can stop him?

In this case, then he does not need to act low-key, and directly let the tree and others.

The five-series mines in the five elements of the Five Elements Road have a guarded channel, and there is a law enforcement law in the town.

Ye Xuan knows that these five roads lead to the depths of the five elements of the veins. There is a forbidden place for the five-way road. Even if it is protected, it cannot enter.

At the same time, it is also the destination of Ye Xuan!

At the moment, he is heading towards the entrance.

"Well? How to protect the law?"

At the entrance of a law, I recognized Ye Xuan.

However, Ye Xuan did not have any nonsense, directly applied to the death hunt and the assassination of the eye, hit the back of the opposite.

"Oh!"

A crisp sound spread, this protection method instantly fell.

Just kidding, even the elders of the nine-time eternal emperor are not worth mentioning in front of Ye Xuan, let alone the protection of the Eight Eternal Emperors?

"These five roads have one guardian guardian, and in the depths, there are two elders."

Ye Xuan thought in his heart.

This matter was learned from the memory of Yan Wenhua.

Two elders, that is, two nine-element eternal emperors, this amount is not low.

Just, in front of Ye Xuan, it is not enough to see.

Ye Xuan said nothing, walked into this channel, and in a short while, it sensed two powerful atmospheres.

"Who?"

Not to wait for Ye Xuan to walk out of the passage, there was an old voice inside.

"Elders, I have something to report!"

Ye Xuan immediately said.

"Come in!"

The people inside recognized the voice of Yan Wenhua.

Ye Xuan continued to walk. When he walked out of the passage, he saw two old men wearing five-way elder costumes sitting cross-legged in the center.

Behind them, there is a quaint gate, where it should be the secret of the formation of the five elements of the veins.

"Protect the law, I remember that today is not your guard, how come you?" said a black robe elder.

"Because, I am going to kill you!"

Ye Xuan was anxious, and the voice had not yet fallen, and it flashed directly behind the other side.

"Hey!"

The eternal emperor of the black robe elders broke directly into pieces.

Ye Xuan's blow will break his defense, so the next shot will kill him!

"what?"

The black robe elder, and another white robe elder was shocked.

Yan Wenhua, just eight eternal emperors, and the black robe elders, although the strength is not the top in the Eternal Emperor, but also the nine-element eternal emperor in the middle.

How did he do it?

"The big bad guys!"

When the white robe elders saw it, he immediately took a handful of Wenhua.

But the next moment, Ye Xuan appeared in front of a few figures, covering his body shape.

"puff!"

The attack of the white robe elders was stopped by the invisible sword after the killing of the tree and the black horn.

At the same time, Ye Xuan used this one space to flash behind the other side.

"Hey!"

The white robe elders, who were killed again, were caught off guard and flew out.

"Fast, inform the ancestors!"

The white robe erupted a blood and sighed.

Unfortunately, the black robe elders did not reply.

The white robe elders were gloomy and gloomy. They found that the black robe elders who had been smashed by Ye Xuan had already been pierced by a golden saber-toothed tiger, and they fell.

Two of the nine eternal emperors, one person died in a moment, seriously injured one person.

"It's over!"

The white robe elders seem to see the end of the day.

Ye Xuan has the strength to kill the black robe elders, so naturally he also has the ability to kill him.

He, I am afraid that I will not live the next moment!

Sure enough, before he stopped, Ye Xuan and other people launched a rapid attack on him.

"boom!"

The crowds attacked and directly killed the white robe elders of the nine eternal emperors.

Then, Ye Xuan took the two bodies away with lightning speed and then quickly moved to the quaint gate.

The battle of the genius, although not lasting for a long time, but the two elders may have been voiced to the five-way ancestor.

Therefore, Ye Xuan must obtain treasures as soon as possible!

After Ye Xuan observed for a while, it was discovered that this array was unusual and should be arranged by the ancestors of the Five Elements.

"This can't stop me!"

Ye Xuan smiled confidently and instantly joined forces with other people to launch an attack.

However, after these attacks fell on the guardian array, they disappeared instantly.

Moreover, even the sound is not!

This makes Ye Xuan a bit strange.

"What is the situation, how is there a soundproof array?" Ye Xuan is somewhat puzzled.

Instead of having this leisurely arrangement of sound insulation arrays, it is better to have a layer of defensive formation.

However, he can't manage that much, and continue to attack.

However, this layer of defensive formation is very good, and with his current strength, it can not be broken.

"Good guy, half-step master is amazing!"

Ye Xuan could not help but sigh.

Half-step mastery is already in a new realm.

From the eternal emperor to the half-step master, there is also a huge gap. The former is not the enemy of the latter.

Such a strong man is not able to be solved by an eternal emperor.

What's more, Ye Xuan is just a six-element eternal emperor?

Chapter 2070: Five-way ancestors?

"If that's the case, then you have to use the cards, get things done, leave!"

Ye Xuan's flashing light is already decided to use the cards.

If you can get the treasure that generates the five elements of the vein, then he can plant it in the devouring space, so that the five elements of the sword can be continuously strengthened.

"Shenjian!"

Ye Xuan said nothing, aiming at the quaint gate.

This move has opened up the entire five elements of the veins.

This quaint gate was broken together with the defensive array!

"Boom!"

The stone at the door was broken and slammed on the ground, causing countless soot.

As the formation is broken, Ye Xuan's perception can penetrate.

However, after he felt it, he was scared.

Inside, there is a very strong breath!

Nine-time eternal emperor?

Do not!

No!

This breath is ten times more powerful than the nine-time eternal emperor.

"Five-way ancestors?"

Ye Xuan almost fainted in the past, he did not expect that his own imperious five-way ancestor, his mother was retreating inside.

Although the smoke was pervasive, Ye Xuan had the eye of something, and he saw a figure sitting cross-legged inside.

Presumably, it is the five-way ancestor!

The most ridiculous thing is that Ye Xuan Fang's sword is on the side of the five-way ancestor, only half a meter away.

As long as the distance is further deviated, it is possible to kill the super-master who is a half-step master.

"Looked in a big slot!"

Ye Xuan screamed in his heart.

At this time, the five-way ancestor reacted, and the right hand waved, and quickly picked up the two things next to him.

These two things, but his secret!

"who?"

An old voice fell in Ye Xuan's ear.

His expression at this time was very exciting, just like when he was doing the succession of the ancestors, and he was brought in by Ye Xuanzhen.

However, Ye Xuan did not respond, his brow wrinkled, is thinking back.

The two things that were collected by the five-way ancestors must be the secret of the five elements of the veins. I knew that he flashed in the past and put things together.

Loss, it is a loss!

"Who are you, how come in?"

The five-way ancestor asked again.

It's strange that there should be two elders guardian at the door, why not?

However, after he thought about it carefully, he found the person in front of him, he was a bit impressed, it was actually a protection method for his five-way road.

Because Ye Xuan's camouflage effect is only 80%, and the five-way ancestor is extremely mysterious, even if it is to protect the law, it may not be able to see the side, so the five-way ancestor did not recognize the face of Yan Wenhua in time.

"Old ancestors, I came here this time, I want to ask you two things!" said Ye Xuan.

"what?"

After hearing the five-way ancestor, he asked subconsciously.

"That is, the two you just put away." Ye Xuan laughed.

"court death!"

The five-way ancestor was furious.

Although I don't know how Ye Xuan came in, I don't know where the two elders went. In short, this is the secret of the Five Elements. Only the elders can know.

Now, Ye Xuan knows, and definitely can't stay alive!

In an instant, the five-way ancestor was killed.

"Boom!"

A burst of roaring spread, Ye Xuan this side of the person, in a second, in addition to the sword **** avatar, actually completely destroyed.

So strong!

"It's a master of half-step dominance!"

Ye Xuan couldn't help but sigh.

The strongman who dominated the half-step is to merge the Daoguo and the ninety-nine and other destinies into a Taoist heart.

These five-way ancestors already have a heart and their strength is extraordinary.

Fortunately, the sword **** is an invincible body, even if it has been shackled for thousands of years, it can not die.

However, next, let Ye Xuan hesitate.

With his current combat power, he can't be an enemy of the five-way ancestor, even if he is a five-line sword.

So, is it going, or stay?

"Don't go, let the five elements go out!"

Ye Xuan's light flashed.

This time, he decided to send the deity.

The sword **** is dragging the five-way ancestor, and his deity is coming in person.

With his strength, no one except the five-way ancestor can stop it. As long as the other people who have killed the five-way road, they may break through the seven-element eternal emperor.

At this time, Ye Xuan's face suddenly changed, and it was restored to the original appearance, because Megatron, which turned into a true mask, has been accepted by him.

And the deity, has come to the five-way road, and put on the evil spirits.

In order to insure, he even summoned the black gold gods.

The five-way ancestor is a half-step master. Even if you don't use energy attacks, you may be able to kill him by fist alone, so be careful.

"Booming!"

Within the five elements of the veins, there is a constant deafening sound.

At this time, I wondered how to beat Ye Xuan's five-way ancestor and feel what it is.

"what have you done?"

The five-way ancestor could not help but ask.

"Nothing, it's killing the elders of your five-way road." The sword **** split his mouth and smiled.

The face of the five-way ancestor changed, but did not leave this place, continue to attack Ye Xuan.

His attack is very sharp. If Ye Xuan is respected again, even if there are black gold gods and virtual spirits, I am afraid there is a danger of corruption.

However, at the time of the attack of the five-way ancestor, Ye Xuan's breath suddenly increased a lot.

Although there is no breakthrough, the level of destiny has actually improved. That is because the other elders of the Five Elements have been killed by his deity, and the fate is absorbed.

In addition, there are those who protect the law and the disciples of the middle-class eternal emperor.

After solving them, Ye Xuan's deity was killed in the five elements of the vein, and then began to exploit the five elements of the stone.

In addition to strengthening the five elements of the sword, these five elements of the stone can also be used to forge weapons.

As long as the Shenjian 诀 restores the cooling time, then Ye Xuan can pose a threat to the five-way ancestor.

"Do you want to destroy my five-way road?"

The five-way ancestor suddenly felt something, and could not help but anger.

"If it is extinguished, it will be destroyed. Anyway, the ancestors can raise them, aren't they?" Ye Xuan said.

"court death!"

The five-way ancestors were furious, and no matter what else, they attacked Ye Xuan.

However, he played for a long time, but Ye Xuan was not hurt at all, too surprised.

On the other side, Ye Xuan and other people are already starting to smash the five elements of the gods.

However, this is not a big deal for the five-way ancestor, because he has a five-color **** stone, as long as this five-color **** stone is still there, then his five-way road will not be extinguished.

As for other people, even in his realm, even if he is the Seventh Eternal Emperor, he can easily resurrect.

However, he played for so long, Ye Xuan is still a relaxed look, which makes him can not help but have some doubts, Ye Xuan is not dead.
