

Super D. S 2071

Chapter 2071: Cooperation

"Who are you in the end, the six elements of the eternal emperor, why can you bear so many attacks and no harm?" Five-way ancestors could not help but ask.

"I want to know, take things to change?" Ye Xuan mouth slightly tilted.

This one answer, let the five-way ancestor once again furious, killing Ye Xuan.

Next, the sword **** has been passive, no, it should have been beaten from the beginning to the present.

However, his tough and unhealthy body can withstand all the attacks of the five-way ancestors.

On the other side, his deity and the old ones have already hollowed out the five elements of the veins, and there is nothing left.

The fighting power of the five-line swordsman went straight up.

However, the only five-line swordsman was killed by the five-way ancestor, so with the cooling time, today can not be summoned.

"Now I am just a six-element eternal emperor. Apart from the Excalibur, I can't pose a threat to this old guy, or go up and upgrade!"

Ye Xuan deity thought about it, and then left the five-way road and plunged toward a nearby power.

Nearby, there are several forces at the same level as the five-way road. Their strongest players are also half-step masters, but the strength is worse than the five-way ancestors.

Ye Xuan, we must use them to enhance our strength!

.....

Because Ye Xuan has done too much, the five-way ancestor has been mad at Ye Xuan for three days and three nights.

During these three days and three nights, the sword **** did not know how many attacks he had suffered. Even if he was the second-class half-step master, he would be attacked by the five-way ancestor.

This shows how terrible the strength of the Five Elements ancestors!

"Boy, what did you do in the end, and suffered so many attacks from the old man, even unharmed?"

On the fourth day, the five-way ancestor asked again.

However, Ye Xuan may have been numb, or it may be because the heart is on the deity, so he is too lazy to reply.

But at this time, the five-way ancestors suddenly stopped, making Ye Xuan somewhat surprised.

"How, tired?" Sword God's mouth was slightly tilted.

"You destroy my five-way road, I can't kill you, you said what should I do?" Five-way ancestors asked helplessly.

The cruelest thing between heaven and earth is that the enemy is in front of you, but you can't kill each other.

Really, it's too bad!

"Don't worry, you will know what to do later?" Ye Xuan's mouth tilted slightly.

At this time, his fate rating has improved a lot compared to three days ago.

In the three days, he visited the two levels of the same level of the five-way road, and they all slammed it.

At this time, he is already breaking through!

The five-way ancestor was a bit strange, but not long after, he felt the change of Ye Xuan's breath.

"Hey, the host breaks through, and is currently the Seventh Eternal Emperor!"

In Ye Xuan's mind, a system sound was heard.

Finally broke through, now, Ye Xuan may have the ability to fight with the five-way ancestors?

"Old guy, come back and play again!"

At this time, Ye Xuan's glimmer of light flashed, and suddenly the tree and others were summoned.

Of course, the old tree is not a threat to the five-way ancestor. This time, Ye Xuan's card is a five-line swordsman.

"Humph!"

The five-way ancestors screamed coldly and killed the old trees in an instant.

However, when his attack fell on the five-line swordsman, he did not immediately kill the five-line swordsman, but was shackled.

"what?"

Five-star ancestors were shocked.

Ye Xuan, even now, how come a strange freak?

He felt it and found that the five elements of the sword waiter resolved his five elements of attack, and then his destiny attack, and defeated the five elements of the five-line swordsman defense, was weakened before falling to the five elements of the sword.

Good guy!

The heart of the five-way ancestors could not help but sigh one sentence.

At this time, the five-line swordsman who was shot and flew out suddenly burst out of a sword and forced the five-way ancestor.

"Glyphs!"

The five-way ancestor snorted and raised his hand to stop, but he was surprised that the attack of the five-line swordsman defeated his five elements.

Blocking the attack is completely destiny defense!

Fortunately, he is not an eternal emperor, but a half-step master.

At the moment, he is trying his best.

Although Ye Xuan has already broken through the seven-element eternal emperor, there is a huge gap between the eternal emperor and the half-step master. If Ye Xuan is the nine-time eternal emperor, he may be able to fight.

But he is only seven products now!

Sure enough, the five elements of the sword waiter are still repeating the same mistakes. Like the same day, the five-way ancestor who was dominated by half a step was killed.

"Kid, what other means do you have?"

The five-way ancestor used the old eyes to look at Ye Xuan.

"For the time being, I can't help you, but I don't worry, because at most one month, I will be able to clean up you!" Ye Xuan said slowly.

"One month?"

The five-way ancestors almost laughed out loud.

He is a half-step master, and he forgets how many years he has practiced from birth to the present.

Now, Ye Xuan said that he can pack him up in a month, and he really laughs at the big teeth.

"Kid, you are very strong, why don't we make a deal?" Five-way ancestral lord.

"I destroy your sect, do you still trade with me?" Ye Xuan stunned.

Five-way ancestors said: "You kill so many people, isn't it just to get the heavens and earth treasures to cultivate? I know a place here, there are good things there, you and I cooperate, harvest equal shares, how?"

"What good thing?"

Ye Xuan was attracted by his words. It is definitely a good thing to be able to make a half-step master.

"Well, you have seen my secret, then I may as well tell you. In my hand, there is a five-color **** stone, this is the treasure I got in my early years, but this is not the source of energy to produce the five elements of stone. I am the five elements of the vein, the most The main thing is not the five-color **** stone, but another thing." Five-way road ancestors.

"No?"

Ye Xuan a glimpse.

The five elements of the veins, the most important is not the five-color **** stone, what is it?

"It's a drop of false blood!"

The five-way ancestors said: "This pseudo-sacred blood contains enormous energy. It makes the five-colored **** stone continue to function. Therefore, my five elements of the vein can not be exhausted, but it will become bigger and bigger."

False **** blood!

After hearing the name, Ye Xuan was a bit surprised.

He finally touched his god, although it was only a false god.

"and then?"

Ye Xuan's eyes.

The five-way ancestor took a look at Ye Xuan and wanted to take out the five-color **** stone and the false **** blood, but he thought of Ye Xuan's means, in case of a blind man, it would be troublesome.

"This pseudo-sacred blood is the key to the half-step dominance of the realm. I accidentally got a few drops of false blood in a dangerous place in the Seventh Heaven, but after so many years, only the drop was left by me." "The five-way ancestor said.

Hearing this, Ye Xuan will understand.

Chapter 2072: Scarlet forest

"The cooperation you said is to let me enter the dangerous land and get fake blood?"

Ye Xuan brows a pick.

"Not bad!"

The five-way ancestors nodded. "Even if I can't hurt you, if we join hands, it may be rewarding."

"This is not bad, but I don't know anything about your realm." Ye Xuandao.

The five-way ancestral ancestors paused and began to slow down: "The nine-element eternal emperor peak, already has ninety-nine days of fate, as long as the ninety-nine heavenly fate is incorporated into the fruit, it can be condensed into a Taoist heart. , the achievement is half-step master."

"However, it's just a half-step dominance!"

"If you want to upgrade to the second half of the two-step master, then you must fake the blood. From the one-and-a-half-step master to the two-product half-step master, you need to refine the eleven drops of pseudo-sacred blood. From the two products half-step to the three products Half-step mastery, you need to refine and refine the eleven drops of false blood."

"Traditionally, nine products and half-steps dominate the peak, that is, refining ninety-nine drops of false blood!"

"If you can refine and refine the first hundred drops of false **** blood, then you can reach the dominion, and the peak of the dominating world needs to refine the nine hundred and ninety-nine false gods."

"After refining and refining the first thousand drops of false **** blood, it can be achieved without killing the master, and the peak of not killing is the nine thousand nine hundred and ninety-nine false gods."

"Refining and falsifying the blood of the gods is hard to climb the sky. Just like me, I have only refining five drops. It is only a half-step to dominate the medium term."

The five-way ancestor said a lot, and Ye Xuan nodded after listening to it.

Half a step dominates the realm, and each heavy need refining eleven drops of false **** blood.

To dominate the realm, each heavy need to refine and refine one hundred and eleven drops of false blood.

It is even more horrible to go to the realm of dominance, and each weight actually needs refining and turning out one hundred and eleven drops of false blood.

It is certainly more and more difficult to refine the fake blood of the gods. Even the ancestors of the five elements have refining the five false bloods of the beginning.

"What is the realm after that is not ruled?" Ye Xuan asked again.

"It is a false god. Only the reigning and ruling of the nine thousand nine hundred and ninety-nine false gods can reconcile the false blood with the heart and become a godhead!"

The five-way ancestor replied: "The dangerous place should be the fallen land of a false god, so there is a lot of false **** blood. However, it is also very dangerous. I was only squatting at the periphery, but it was almost degraded."

"What is the danger there?" asked Ye Xuan.

In fact, he already has the intention of cooperation, but before you go, you should ask clearly.

"There is a huge **** forest, and the plants inside will attack the invaders. This is not the point. The point is that there is a creature inside, we call it the blood demon."

The five-way ancestor said: "This **** blood demon is said to be the blood of the false gods, and the combat power is extraordinary. The strength of this blood demon is based on the number of pseudo-sacred blood in the body. The more you have, the stronger your strength. Even if I am, I can only fight with an ordinary **** of blood. If you encounter a **** demon made up of six drops of false blood, I am afraid there is a danger of corruption."

"That's pretty good, kill one, you can get a lot of fake blood." Ye Xuandao.

"It's not easy. If this **** of blood is dead, it will dissipate between heaven and earth. You must extract the false blood as soon as possible."

The five-way ancestor shook his head and said: "The body of this blood-blooded demon, dissipated very quickly, even if it is me, I can only extract one drop at a time. Only the fake blood that has been extracted can be accepted into the ring. "

"It turns out!"

Ye Xuan nodded slightly.

However, he has a god-level engulfing system. If he encounters a demon corpse, the speed of refining should be more than the five-way ancestor.

"This demon blood demon, the false blood that has not been extracted, will return to the center of the Scarlet Forest. It is said that there is a very scary demon king, and no one knows what his realm is!"

When I mentioned the demon king of the blood, the ancestors of the Five Elements couldn't help but shudder.

With his strength, at most, the first half of the middle-aged demon blood demon is tied, that is, the five drops of pseudo-sacred blood condensed into the blood demon.

"Then how do you want to cooperate?" Ye Xuan asked curiously.

"You and I joined forces and went into the Scarlet Forest together, and you came to explore the road." The five-way ancestor said.

The defensive ability of the sword **** is the most powerful one he has ever seen. He can't break it after three days and three nights. It should be able to enter the Scarlet Forest.

"Oh, this can be tried, but before that, I need something." Ye Xuandao.

"what?"

The five-way ancestor asked.

"A large number of eternal destiny stones, five elements of **** stone and various eternal emperors!" Ye Xuan replied.

"You destroy my sect, and ask me what I want?"

"If this is the case, then forget it."

Ye Xuan shrugged and said: "Don't think that it is a half-step master, I feel that I can stay here. If I want to go, I can't stop me even if I want to go!"

"you"

Looking at Ye Xuan's vowed appearance, the five-way ancestor slammed the words back and said: "You and I will cooperate, there will be unexpected gains, or worth it!"

After that, he began to pour things out of the ring.

These things are all given to Ye Xuan.

I have to say that these five-way ancestors are very wealthy. Even if I add up the things that Ye Xuan got a few days ago, I am afraid there are not so many.

Ye Xuan took these things into the swallowing space and said, "Good, you can leave now!"

The things that the five-way ancestor gave him, just the eternal destiny stone, is estimated to be enough for him to break through the eight-time eternal emperor.

However, Ye Xuan did not immediately break through.

In the three days when the sword **** was arrogant, the deity searched several forces, and the sword was actually restored.

Ye Xuan's plan is to use the Excalibur when he is in the Seventh Eternal Emperor.

Then, use the eternal emperor given by the five-way road group to restore cooling, and finally make a breakthrough.

In this way, you can use the Excalibur once more!

If he immediately breaks through the eight-time eternal emperor, then with the things of the five-way ancestor, perhaps it will not be able to restore the cooling time.

After so many things, Ye Xuan has become more and more refined.

"Okay, go!"

After hearing the words of Ye Xuan, the five-way ancestor nodded immediately and then plucked the five-way road that had been turned into ruins.

Zongmen, for the five-way ancestors, is nothing, he has long handed over everything to the elders.

As long as he breaks through, then these dead people can be resurrected.

Since someone helped to resurrect, Ye Xuan was the best, so during the hurry, he handed the body of the five-way disciple, the law-protection, and the elder's body to the five-way ancestor.

Chapter 2073: Blood demon

A few days later, the five-way ancestor took the sword to the gods and came to a transmission array.

"This transmission array can be directly transmitted to the periphery of the **** forest of Seven Heavens."

After the five-way ancestor finished, it was the operation of the transmission array.

The danger of the Scarlet Forest has been around for some time, so the surrounding masters are no strangers, and this has built a transmission array.

"Hey!"

After a while, the sword gods and the five-way ancestors landed.

They have not yet left the transfer palace, they smell a **** atmosphere.

The two went out, and in front, there was an endless **** forest.

"This is the **** forest," said the five-way ancestor.

"Well, it looks dangerous."

Ye Xuan nodded slightly.

However, the more dangerous the place, the more treasures.

"Next, it is up to you to enter, if you encounter the blood demon, you will immediately inform me. If the strength is strong, we will avoid it, the weak one will be shot by me, and the harvest will be equally divided!" said the five-way ancestor.

"Row!"

Ye Xuan nodded slightly, and then let the sword **** split into it.

The blood demon inside is at least a half-step dominance level. With his current strength, I am afraid that it cannot be a battle.

Therefore, at the beginning, Ye Xuan could use the hands of the five-way ancestor to get some false blood.

At this time, Ye Xuan has entered the **** forest.

Listening to the five-way ancestor, this blood-colored forest is a fallen land of false gods, so the surrounding plants have changed and will attack the invaders.

really!

The sword **** had just entered, and was attacked by these blood plants.

However, these blood-colored plants are much worse than the blood-blooded demon.

Just a sword god, you can pack a large piece, the five-line sword waiter is the nemesis of these **** plants, a burning is an area.

At the beginning of this section, Ye Xuan did not encounter anything, so he released the old tree, the black horn and other people, and spread the way.

The five-way ancestor is behind Ye Xuan, according to Ye Xuan's voice action.

In this way, it has been three days.

For the first three days, it was only the edge of the **** forest. From now on, you may encounter the demon of the blood.

In fact, what Ye Xuan most wants to encounter is the **** of blood, because he has a card in his hand, which is enough to kill the demon king.

Whether it is the blood of the demon or the demon king of the blood, it is caused by the blood of the false gods. According to the ancestors of the five elements, those demon gods did not open their minds, and they all fought with brute force.

Therefore, if Ye Xuan can meet the demon king of the blood, he may be able to kill it with a sword.

However, with Ye Xuan's current realm, perhaps even the chances of not even shooting, will be slammed by the blood demon king as a sandbag.

at this time.

"Little Master, here!"

The tree suddenly shouted.

The next moment, Ye Xuan directly broke through the void and came to the tree.

After Ye Xuan landed, he saw a corpse in front. This corpse was cut off by a sharp weapon and was dead.

However, the Qiang Kun ring on his body was not taken away.

It seems that it was slain by the blood!

"Hey, this corpse still has temperature, it won't last long."

Ye Xuan brows a pick.

This shows that the **** of blood, is near here.

"No matter what, let me say it first!"

Ye Xuan was shocked, so he forgot the important thing, that is, collecting the body.

But the next moment, he frowned.

"Hey, can't charge!"

The system suddenly prompts.

Unable to collect, what is going on?

Ye Xuan is a bit strange.

If you can't collect the items, it's a good idea. After all, there are still bans. However, the body can not be collected, it is still very rare.

Since the corpse could not be received in the swallowing space, then Ye Xuan would not accept it, only accepting the Qiang Kun ring.

However, this Qiankun ring is on this body, so Ye Xuan must take it off.

However, after he is close.

"call out!"

Suddenly, in this corpse, a large amount of blood rushed out, and then instantly formed and formed, and killed at Ye Xuan.

"what?"

Ye Xuan was very surprised, but before he could react, this blood shadow would kill him and stretch out a sickle and kneel on the neck of the sword god.

"Huh!"

The sword **** flew out, but fortunately he is an invincible body, otherwise it will be a half-step master, I am afraid to be killed on the spot.

This time, Ye Xuan finally understood what this is a ghost thing. It turned out to be the demon of the five-way ancestor.

"Old guy, why didn't you say that the **** demon can be attached to the body?" Ye Xuan hurriedly voiced.

"What, I don't know!" The five-way ancestor stunned back.

He had come in alone before, and he also encountered a separate blood demon, and did not encounter the body.

However, the **** demon is attached to the body and it has only recently appeared.

At this time, the sword **** who flew out and split, saw this blood demon body, there are three blood drops, which represents only the first stage of the blood demon.

"Hey, flame swallows unicorns to die!"

At the same time that Ye Jianshen flew out, the tree was killed by the demon-like demon.

Then, this **** demon smashed toward Ye Xuan.

"Hey!"

Ye Xuan's mouth was slightly tilted, and the tree was released again, and the body was collected.

This corpse is also a half-step master during his lifetime.

The half-step mastery has already condensed the ninety-nine and other destiny and the fruit into a Taoist heart. Therefore, there is no eternal destiny in his body.

However, as a half-step master, how can there be no eternal destiny in the Qiankun ring?

At the moment, Ye Xuan is swallowing up these eternal destiny stones. Although it has not broken through, it has also improved a lot.

However, this is still not the opponent of this **** demon.

God blood demon, there is also the division of strength, a drop of false blood is the weakest demon, then two drops, three drops.

The goddess of blood in front of Ye Xuan is a **** of blood with three drops of pseudo-sacred blood. The strength is very unusual.

During the period when the sword **** was violently violent, the five-way ancestor finally arrived in the sound. Then he took all his shots and battled the **** demon in front of him.

However, this battle is not quite the same as Ye Xuan learned.

"Old guy, don't you say that the blood demon will not escape the attack?" Ye Xuan could not help but ask.

"Budget, these **** demon must be gradually turning on the wisdom."

The five-way ancestor screamed.

What he encountered before, is indeed a clumsy blood demon, will not dodge.

Today, however, he encountered a **** demon like a beast, which is already beginning to be wise.

This means that the current blood demon is harder to clean up than before!

Fortunately, the five-way ancestor has refining five drops of pseudo-sacred blood, coupled with the power of the five elements, the strength is relatively strong.

After a while, he will kill this **** demon!

Chapter 2074: Pseudo-death blood

As the blood-blooded demon was broken up, the three drops of false blood in the body of the blood-blooded demon appeared.

The five-way ancestor saw the situation and quickly wrapped a drop with the Holy Power.

Ye Xuan, who has already prepared for it, quickly flashed over when the demon died, and collected it from the air.

"Hey, can't charge!"

Helplessly, the other two drops of false blood could not be collected. The system sounds have not yet fallen, and it has turned into a **** fog and swept toward the north.

Originally, Ye Xuan thought about refining this fake blood directly with the god-level engulfing system. Now, I am afraid it is impossible.

If you want to refine this blood, you have to wrap it with the Holy Spirit to prevent it from dissipating like the ancestors of the Five Elements.

However, Ye Xuan is only a seven-time eternal emperor, and this is not possible for the time being.

At this time, the five-way ancestor is refining the false **** blood, Ye Xuan looked at his back, and could not help but float a thought.

"This old guy is refining the false **** blood. Now if I use the Excalibur, I can kill him!"

Ye Xuan thought in his heart.

However, the strength of the five-way ancestor is not bad, able to clean up the blood demon.

If you use the Excalibur to kill him, then there is one less thug, and there is also less cooling of the Excalibur.

Of course, if the sneak attack fails, then this cooperation may be bye.

After thinking about it, Ye Xuan decided to take a look.

More than an hour later.

"Huh, finally refining!" The five-way ancestor breathed a sigh of relief, and received this fake blood into the ring.

In fact, in the process of refining the false **** blood, he is also guarding all around.

Because the bottom is a **** forest, if you kill another **** demon, it is very dangerous.

At that time, this drop of false blood will be dissipated between heaven and earth like the two drops before.

"Old guy, the first cooperation is pleasant, but this drop of false blood, is it necessary to give it to me first?" Ye Xuan said.

"Oh, although it is the blood demon that you found, but without me, you want to kill the blood demon? What's more, this drop of blood demon is refined by me, it should be given to me first!" Cold shouting.

Upon hearing this, Ye Xuan's mouth tilted slightly and shrugged and said: "If this is the case, then this drop of false blood will be given to you. At the same time, our cooperation will stop here!"

"you!"

The five-way ancestor was shocked. I didn't expect Ye Xuan to threaten him with this.

"You shouldn't be too insatiable. The old man is also a person who has entered the Scarlet Forest. Without you, I can still get fake blood!" Five-way ancestors.

Just kidding, the preciousness of a drop of false blood, even the entire five-way road can not match.

How can he give him the false blood to Ye Xuan?

"In this case, let go!"

When Ye Xuan finished, it was to break open the void and prepare to leave.

The first time you cooperate, you are not happy, then there is no need for cooperation.

Wait a minute, the five-star ancestor refines a drop, or do not give him what to do?

Instead of this, it is better to leave as soon as possible, so as not to be unbalanced in heart, and to take the sword out of the ancestors.

Seeing that Ye Xuan really had the intention to leave, the ancestors took a moment, and after thinking for a moment in his heart, he cried: "Slow!"

"how?"

Ye Xuan turned to the road.

"Kids, fake blood is a good thing, you don't want to get rid of it."

The five-way ancestor finally decided to compromise and threw a drop of false blood to Ye Xuan.

However, this drop of false blood is not the one that has just been refined.

This drop was obtained by the five-way ancestor many years ago, and the five-color **** stone opened up five lines of veins, so the energy is much less than the one that has just been refined.

Ye Xuan also found this, but he did not say anything, just to accept this drop of false blood.

"Happy cooperation!"

Ye Xuan smiled.

In fact, he is not trying to squat, but really wants to go.

If he is gone, he will not be able to go back and upgrade. As long as he breaks through the nine-time eternal emperor, he may not be able to stand in the Scarlet Forest.

However, the five-way ancestor can compromise, that is the best, because it can save a lot of time.

"Hey, the host swallowed a drop of false blood!"

Ye Xuan said nothing, he swallowed this precious blood of the false god.

Yes, it is to swallow!

This drip of pseudo-sacred blood was swallowed by the god-level phagocytic system and turned into a large number of god-level engulfing crystals.

Only when it becomes a Taoist heart, if it breaks through the half-step dominance, it can break through to the one-and-a-half-step master with the false **** blood.

Therefore, this drop of false blood does not have any effect on the realm of Ye Xuan.

However, after he converted it into a god-level engulfing crystal, he could do a lot of things.

"I didn't expect so many gods to devour the crystals, cool!"

Ye Xuan's heart has opened the flower.

In the **** level phagocytic system, you can exchange a lot of things, such as a magical medicine, but this is not very useful for Ye Xuan at present.

Therefore, Ye Xuan all engulfed the **** level and converted it into a large number of five elements of the **** stone, and then strengthened the five elements of the sword.

"Hey, the five-line swordsman has been strengthened!"

In Ye Xuan's mind, a system sound was heard.

The five-line swordsman is Ye Xuan's most powerful swordsman. After strengthening, the strength has skyrocketed by more than three times.

After all, that is a drop of false blood!

Ye Xuan immediately let the five elements of the sword in the devour space and the tree and others to practice.

As a result, the five-line swordsman easily killed the old, black-horned, and undead swordsmen.

Even with the black gold sword, the same result!

Strong, it is too strong!

"If you let me get a few drops of false blood, my strength, maybe you can approach the five-way ancestor, and then you don't need to cooperate with him!"

Ye Xuan thought in his heart.

Then he separated from the five-way ancestor and continued to explore the road.

The bodies that were encountered on these roads were all received by him in the swallowing space.

These are the bodies that are half-step-mastered!

However, the realm of these bodies is not high, and there is no blood in the Qiankun ring.

Until the seventh day, Ye Xuan met another strange body.

Ye Xuan does not say anything, just go up and test.

Sure enough, in this corpse, there is a demon god.

"Hey!"

The sword **** was shot and flew out, but at the same time, he put the tree out, just next to the body.

Receive!

That corpse was received by the tree old in the swallowing space.

"Oh, there is a drop of false blood, earning a lot!"

At this time, Ye Xuan's eyes suddenly lit up.

Even the eternal destiny stone inside, even got a drop of false blood, cool!

Now, he once again swallowed this drop of false blood, and then converted into a five-line **** stone, to strengthen the five elements of the sword.

The strength of the five-line swordsmanship has not been as great as it was at the beginning, but it is also very good.

Chapter 2075: Half step master

"Is it a **** demon, I don't believe you can't die!"

Ye Xuan's flash of light flashed directly into the beastly **** clock.

As soon as the beast of the beast appeared, the strength of the demon of the gods fell by 80%.

This **** demon is not a human being, so the effect of the body of the sword **** is useless to him.

However, this is a good thing for Ye Xuan. After all, the beast clock can suppress 80% of the strength.

In an instant, the speed of the demon blood demon is greatly reduced, and then the tree and others wait for the attack.

"The five-way ancestor is expected to hear the movement and solve it quickly!"

Ye Xuan glimmered, this time, he decided to use the Excalibur.

However, the strength of this demon blood demon is still deserved, in the face of the siege of the people, but also a pair of easy-to-wear look, but also the old tree, black horn, black gold sword waiter and undead sword service to die.

"boom!"

At this time, the blood-blood demon has a sickle to give the five-line sword to the flying.

Fortunately, the five elements of the swordsman used the power of the five elements to resolve most of the attacks, otherwise they would be like the old trees and others, and they would be killed by the blood.

"call out!"

The blood-blooded demon saw that the five-line sword waiter did not die, and immediately rushed up, ready to make up a knife.

At this time.

"Shenjian!"

Ye Xuan's eyes widened and he showed his cards directly.

A broken sword of the gods, kneeling under the head of the five-line swordsman, just happened, this **** blood demon plundered in front of the five-line swordsman.

"Oh!"

This sword has smashed the **** demon and the five-line swordsman into two halves.

At the same time, Ye Xuan quickly swallowed those eternal emperors and restored the cooling of the Excalibur.

Then, he is engulfing the eternal life stone.

"Hey, the host breaks through, and is currently the Eight Elements Eternal Emperor!"

The realm, direct breakthrough, and is the peak of the eight-element eternal emperor, only one step, you can break through the nine-element eternal emperor.

The breakthrough in the realm, Ye Xuan's speed is also a lot faster, not to wait for the three drops of false blood to emerge, he swept past.

He quickly wrapped a drop of false blood with the Holy Power, and then refined it with a god-level engulfing system.

As for the other two drops of false blood, it has dissipated between heaven and earth, turning into two **** fogs and plunging into the distance.

"Hey, fake blood refining success!"

The system prompts.

"Where, in my realm, it is a little reluctant to wrap the false **** blood with the Holy Power. Fortunately, my recovery speed is strong, otherwise the next moment, the false **** blood will break through the Holy Power."

Ye Xuan breathed a sigh of relief.

After all, he is only an eight-time eternal emperor. It is quite a good time to be able to wrap the false blood with the Holy Power.

The reason why the five-way ancestor can wrap for more than an hour is because he is half-step master, but also refining five drops of false **** blood, what is Ye Xuan able to compare?

The strong roots of Ye Xuan are not the Holy Power, but the blood!

"Is it a **** demon again?"

Just after Ye Xuan was finished, the five-way ancestor asked.

"No, a powerful blood-colored plant." Ye Xuan returned.

Now, he has the strength to kill the demon, but he relies on the sword.

At the moment, there is only one cooldown left in the Excalibur, so he still needs the five-way ancestor.

"carry on!"

Ye Xuan began to hurry.

He was thinking, it would be better to find some bodies, so maybe you can pile up a cooling of the Excalibur.

In addition, he also reached the peak of the eight-time eternal emperor, and even worse, he can break through to the nine-time eternal emperor.

At that time, perhaps have the strength to fight with the blood of the demon!

Next, Ye Xuan explored the road for four or five days. Unfortunately, on this road, he came to a dead body and still had nothing.

According to Ye Xuan's analysis, this corpse was not killed by the blood of the demon, but was sneaked to death by his own.

"Unfortunately!"

Ye Xuan shook his head helplessly. If this corpse was killed by the demon of the blood, then he might be able to break through to the nine eternal emperors.

However, opportunities are always there, no hurry!

Sure enough, the second day after he continued to move forward, there was a loud bang in front.

This is, someone is fighting!

In the **** forest, there are battles that can be fought. In addition to their own disagreements, they fight with the **** demon.

At the moment, Ye Xuan immediately rushed over.

When he arrived, he saw two figures and was fighting a demon.

These two people are only a one-and-a-half-step master, but that one blood demon is made up of six drops of pseudo-sacred blood.

Strength, very strong!

"Oh, you have to be a fisherman again!"

Ye Xuanyi opened his mouth and smiled, so he looked at it quietly.

The two products are half-step masters. In fact, they have already seen Ye Xuan. However, Ye Xuan is just an eight-element eternal emperor. It is a miracle to enter the Scarlet Forest. Is it still expected to help him?

"Oh!"

"Oh!"

Soon, the two men died one by one under the scythe of this **** demon.

Then, the blood of this demon blood demon fell on Ye Xuan.

"call out!"

The wind is coming!

This one blood demon, Chao Ye Xuan killed the past.

"Haha, things are mine!"

Ye Xuan laughed and quickly released the old tree and others, and collected the two bodies.

The things in Qiankun's ring are enough to restore a sword, and it is enough for him to break through the nine-time eternal emperor, or even the ninety-nine and other destiny, that is, the nine-element eternal emperor!

Immediately, he was to let the five elements of the sword to stop the blood demon.

"Shenjian!"

Ye Xuan is ready to reproduce the scene of the day, killing the blood demon and the five-line swordsman.

However, the combat power of this **** blood demon is much stronger than the previous one.

When the Shenjian fell, it only killed the five-line swordsman, and the blood-blooded demon, only one arm was broken.

"Day, it's a waste of time!"

Ye Xuan roared and quickly used those things to restore the cooling of the Excalibur.

Then, make another breakthrough!

"Hey, the current life rating of the host is ninety-nine!"

"Hey, the host breaks through, and it is currently the nine-element emperor!"

"Hey, the host can choose to devour a drop of false blood, break through to a half-step master!"

When the system prompts to sound, Ye Xuan brows a pick.

Others, even after reaching the age of ninety-nine, etc., need to integrate the ninety-nine and other destiny and the fruit into a Taoist heart.

Daochengcheng, then it is half-step mastery, but it can only be regarded as half-product half-step mastery. Only refining a drop of false **** blood can be regarded as a half-step master.

Unexpectedly, the god-level engulfing system directly shuns Ye Xuan to omit a step. As long as he devours a drop of false blood in the ninety-nine-day life, he can break through to a half-step master.

At the moment, Ye Xuan will swallow the previous drop of false blood.

"Hey, the host refines a drop of false blood, condenses into a Taoist heart, breaks through to a half-step master!"

Chapter 2076: Sword ancestor

"Hey, the host refines a drop of false blood, condenses into a Taoist heart, breaks through to a half-step master!"

With this system prompting to sound, Ye Xuan only felt that his internal environment has undergone earth-shaking changes.

Strength, at least 20 times soaring!

"Haha, is the blood demon?"

Ye Xuan suddenly laughed three times, and will also break through the old and black corners of the half-step dominance level. In addition, there are black gold swords and undead swordsmen.

As for the five-line swordsman, it is already dead under his sword, and it will be released tomorrow.

"Boom!"

Everyone has broken through to a half-step mastery, their attack power has skyrocketed, and everyone has attacked once and directly bombed this blood.

You must know that this time, Ye Xuan Lianwei Zhentian was not summoned, so this **** demon is almost at its peak.

"From the eternal emperor to the half-step master, it is a step in the sky. Now, I already have the capital in the Scarlet Forest. Even if I don't use the sword, I can still get the false blood!"

Ye Xuan's mouth is slightly tilted.

This means that he does not need to cooperate with the five-way ancestor.

However, he is not too excited, and there are more important things to do now.

"call out!"

After the death of the blood of the six drops of pseudo-sacred blood, the pseudo-sacred blood in the body emerged.

Ye Xuan had already swept to his side and wrapped the three drops of false blood directly with the Holy Power.

The five-way ancestor can actually wrap three drops of fake blood at once, but he can't refine three drops at the same time. If you do this, you may not be able to extract one drop at a time. After all, he needs to spend more than an hour. refining.

However, Ye Xuan is different!

After wrapping three drops of false blood, he immediately refining the god-level engulfing system. The speed of refining is much faster than that of the five-way ancestor.

Just when Ye Xuan's power was not enough, the three drops of false blood were refined.

One-time refining of three drops of pseudo-sacred blood, even if it is a two-product half-step master, I am afraid I can't do it.

"Haha, three drops of fake blood, cool up!"

Ye Xuanyi opened his mouth and smiled and directly swallowed the three drops of false blood.

However, after three drops of false blood swallowed, his strength did not improve much.

"Weird, I am now refining four drops of false **** blood, only a little less than the five drops of the five-way ancestor, how..."

Ye Xuan took a closer look and immediately jumped.

Nie a horse!

Others from the one-and-a-half-step mastership to the nine-and-a-half-step master of the peak, need ninety-nine drops of false blood.

And he actually needs 999 drops!

The pseudo-god blood he needs is ten times that of other people!

"It's really a dog. The fake blood that I need is ten times that of other people. But fortunately, others refine and refine a drop of false blood. I don't know how long it will take, and I only need a moment!"

Ye Xuan quickly responded. He has a god-level engulfing system. As long as the fake blood is enough, he can quickly break through to the nine products.

Even, it is a false god!

There was a battle here, and the five-way ancestor behind Ye Xuan also heard it, and immediately asked.

"No, I didn't meet the **** demon, but you can come over!"

Ye Xuan said to the ancestors of the Five Elements.

Not long after, the five-way ancestor followed, and then looked at Ye Xuan.

But the next moment, he was eclipsed.

"Half-step master?"

The five-way ancestor was shocked.

At the beginning, when he brought Ye Xuan to the Scarlet Forest, Ye Xuan was only eight eternal emperors.

Now, even broke through to half a step?

How can this be?

"Old guy, I said at the time, I can't cure you if I don't have an i-Russian month. You think I am exaggerating. Now, do you still think so?" Ye Xuan smiled.

"This....."

The five-way ancestor swallowed.

This is simply incredible!

However, this is a fact, because Ye Xuan is standing in front of him.

"Hey, don't think that I can fight with me!" The five-way ancestors snorted.

"I can't do it. I only know when I try it, but what I can be sure of is that you have to pay the price of blood!"

Ye Xuan glimmered and directly released the five-line swordsman.

All, they are half-step master!

This time, the five-way ancestor was shocked.

With his ability, he can't hurt Ye Xuan. Now he has to face so many half-steps, this is still worth it?

go!

The five-way ancestor took the initiative and turned around and left.

It's a pity that Ye Xuan has already taken his step and flashed to his back. When he turned around, Ye Xuan was already making a move.

"Oh!"

A sword smashed, and the head of the five-way ancestor threw it up.

dead!

After his death, Ye Xuan put his body away and muttered: "You told me this secret, I will not let you die, in the future, I will resurrect you, and then you can continue in the engulfing space." survive!"

After that, he swallowed up the drop of false blood in the ancestral home of the five-way ancestor.

Strength, and subtle changes!

Others are half-step mastery, as long as refining eleven drops of false blood.

And Ye Xuan, is a hundred and eleven drops, so a drop of false blood for him, the effect is minimal.

However, he has the ability to devour others.

At the moment, he is continuing to act.

In the days that followed, he continued to shuttle through the Scarlet Forest.

Tree old, black horn, black gold sword waiter, undead sword waiter and five-line sword waiter, can also be alone, collecting false blood for Ye Xuan.

In just a few days, Ye Xuan collected hundreds of drops of pseudo-sacred blood, and after all swallowed it, he reached the second half of the master.

This, of course, thanks to the refining speed of the god-level engulfing system, otherwise, he can only refine a drop of false blood at a time.

"Breakthrough to the second half of the two-step master, refining speed is much faster, but the pseudo-sacred blood required is the same, my breakthrough speed, I am afraid it is much faster than before!"

Ye Xuan brows a pick.

It will be more and more difficult for others to refine and falsify the blood of the gods. Although he needs ten times the false blood of the gods, he can swallow it, which is equivalent to refining, so he does not have to consider this trouble.

To put it simply, half-step mastery of the realm is harder at the beginning, and it will become easier and easier later.

In this way, it took another two days.

By virtue of his extraordinary means, Ye Xuan hunted a large number of demon blood demon, and after he swallowed the false blood, he broke through to the three-product half-step master.

At this point, he was thinking, do you want the deity to come in and hunt down the blood demon.

However, this is just to think about it.

The deity and the sword **** are different, they will die, and the **** demon in this **** forest relies on physical attacks.

Even if there is an evil spirit and a black gold armor, he will be in danger, so he is still outside.

Chapter 2077: God blood demon will

Now, Ye Xuan is already able to kill more than 30 drops of false blood and become a demon. However, in these thirty drops, he can only refine less than ten drops at a time.

Therefore, it is better to kill dozens of gods and blood demon, which is faster.

However, most people think this way, and they are all in the outer edge of the Scarlet Forest.

However, Ye Xuan's favorite is not to hunt the gods, but to hunt humans, because they have more or less false blood.

I have to say that the name of this Scarlet Forest is very loud, and there are many people who are at the level of the half-step.

It's just that these people are cheaper than Ye Xuan!

With Ye Xuan's current strength, even if he is a five-product half-step master, he can fight a battle. On this periphery, he is heaven.

None of the people he saw were spared!

Soon, he broke through to the five-product half-step master. At this time, he has refined more than 560 drops of blood.

These pseudo-sacred blood is enough for five people to break through to dominate the realm.

Of course, the pseudo-God is easy to get, but refining is not easy.

Even if you have a huge fake blood, you can't refine it, it's empty talk.

.....

"Oh!"

Somewhere in the Scarlet Forest, Ye Xuan's sword solved the unlucky one of the three-product half-step dominance level.

Then he just checked it out.

"Cut, only ten drops of false blood!"

Ye Xuan shook his head helplessly, and then directly swallowed.

At this time, the number of pseudo-sacred blood he swallowed has already approached six hundred. If you add more strength, you can break through to the six-product half-step master.

At that time, he went to the Scarlet Forest and turned around to see what kind of bird was like the demon king.

However, it is at this time.

"Booming!"

The sky, suddenly remembered a burst of loud noise, Ye Xuan listened to the ear, found that the scale of this battle is not small.

I am afraid, it is a group battle!

I don't know, is human beings against human beings, or is human beings demon to God?

Anyway, Ye Xuan likes this!

At the moment, he quickly swept away from the source of the sound. After a while, he saw nearly twenty figures and was fighting.

Among them, half of them are human beings, and the realm is dominated by four products and five products, and one of them is dominated by six products and half steps.

The other side is the demon of the blood.

However, in these gods, there is a very special large blood demon.

"I will drag the blood demon, you will solve it quickly!"

The six-product half-step master screamed.

Hearing this, Ye Xuan stared at it and found that the body of the large-scale **** blood demon had more than 70 drops of false blood.

Seven products dominate the level of blood demon!

No, it's not a blood demon, it should be a blood demon!

This is also the strongest one I have ever seen since Ye Xuan entered the Scarlet Forest.

This battle, played very fiercely, the two sides flashed, seeing Ye Xuan dazzled.

However, he only watched for a while and knew the end of the battle.

On the human side, I am afraid to destroy!

At this point, there have been several demon slayers who have killed their opponents, and the situation has been evenly matched. With the death of these people, the balance was instantly broken.

Ye Xuan hides in the distance to watch, he and the other party meet, there is no need to save.

You know, he is also a hunter, let him be a savior, what joke?

What he has to do is wait for these human deaths before he shoots again.

Simply put, it is the benefit of the fisherman!

However, things are not that simple.

"Oh!"

A crisp sound suddenly spread, Ye Xuan stared at it and found that a six-and-a-half-step master still lost to the seven-and-a-half-step mastery of the blood demon, and then was killed.

When he died, the others were the rabble, and they were instantly killed by the demon.

On the ground, the corpse is everywhere!

The blood-blooded demon glanced at the **** scorpion, and then turned into a **** mangle into the body of the six-product half-step, and the next moment, it smashed out again.

However, when it left the body, the body had turned into a dry body.

Then, in the same way, it **** the blood out of all the corpses.

When he reappeared, Ye Xuan saw it, and the number of pseudo-sacred blood in his body was actually one more drop.

"Day, this blood demon will absorb the blood of human beings and condense into a false **** blood?"

Ye Xuan brows a pick, a little shocked.

what's going on?

However, he was too lazy to take care of it and went straight out.

"Beast God clock, give me the town!"

Ye Xuan quickly summoned Megatron, and in an instant, these gods of blood and the **** of blood will be suppressed by 80%.

"call out!"

"call out!"

"call out!"

Shu Lao and others immediately smashed out. As for the sword god, it is already directly behind the gods of blood.

"Hey!"

In an instant, a powerful attack will kill the **** of blood, which is only a seven-and-a-half-step master.

However, what makes Ye Xuan wonder is that this blood demon will have the seventy-eight drops of false blood in the body, except for the more than ten drops wrapped by Ye Xuan with the Holy Power, only more than 50 drops are dissipated. The rest, even left in the body of the **** blood demon.

"Hey, refining is successful!"

In Ye Xuan's mind, a system sound was heard.

He was a little surprised, and he would force the blood of the demon to force the false blood in his body and then collect it.

"The false blood of these gods is that this blood demon will absorb the blood of human beings and condense it out?"

Ye Xuan thought about it.

However, he did not go deep into thinking and directly swallowed these false gods.

"Hey, the host breaks through, and is currently dominated by six products and half a step!"

Ye Xuan's realm has once again improved.

In fact, he no longer has to stay in the Scarlet Forest, because people who come to his realm have a lot of fake blood, and the hard part is refining.

However, he wants to see the demon king of the blood, and the foot is the fallen land of the false god, there may be some unexpected adventures.

Otherwise, those who do not lack false blood, do you still go to the Scarlet Forest?

For the sake of, is not the inheritance of the false god?

Then, he killed a demon **** of blood and refined the blood of the god.

Each one can give him more than ten drops of false blood.

This time, it is a big profit!

Just once, he got a lot of false blood.

At this time, Ye Xuan suddenly saw the false blood that had been dissipated, and turned into a **** fog that drifted into the distance.

Ye Xuan glimmered and decided to keep up.

However, this blood mist is so fast that even the Holy Power can't stop it, and it disappears in the blink of an eye.

However, Ye Xuan continued to move north, and encountered some false blood on the way, all of which were harvested by him.

His current realm is the six-product half-step master, one-time has been able to refine more than ten drops of false blood.

As long as you kill more blood demon, you can make another breakthrough.

Chapter 2078: God Blood Demon King

However, when Ye Xuan refining the pseudo-sacred blood is about to break through the 800 mark, there is a **** breath in front of him.

"Ok?"

Ye Xuan brows a pick, gaze with a look of insight into the eye, and found that there are hundreds of demon gods.

"Make big!"

His eyes immediately lit up, so many **** demon, if one only killed, it was a huge fortune.

At the moment, he is letting the tree out, and then seduce the blood demon.

Sure enough, if such a large group is surrounded by wind and grass, it will naturally not come together.

For the first time, it attracted three gods of blood.

Ye Xuan killed the three gods of blood, and then extracted forty drops of false blood.

"Hey, the host breaks through, and is currently dominated by seven products and half a step!"

One hundred and eleven drops of false blood can only break through once. If Ye Xuan kills all these blood demons, at least he can break through to the dominance.

Then, he let the tree lead a few demon gods and kill him.

The third time, it was several times.

After the third time, his realm has broken through to the eight-product half-step master.

If you come to the ten gods of blood, you can break through to the nine-step half-step master.

However, it was at this time.

"call out!"

Suddenly a gust of wind rang in Ye Xuan's ear.

He turned his head and saw a scarlet sickle cut towards him.

"puff!"

Bloody sickle, squatting on the neck of the sword god, the powerful force, instantly shocked it.

"The demon of the kingdom of blood?"

Ye Xuan felt a bit, scared.

The gods and blood demon inside, at most eight products and half-step dominance, but now, he actually saw a demon **** demon?

No, this is not a **** demon, nor a demon.

Instead, the demon king!

Because, Ye Xuan did not even wear this **** blood demon, do not know how many drops of false blood inside.

This is not a demon king, what else?

"Hey!"

The demon king of the blood sees his own sickle, but he did not cut Ye Xuan, and the **** sputum turned a bit, and once again turned into a **** afterimage, kneeling on the neck of the sword god.

This knife still can't hurt the sword god!

"I finally met you, die!"

The corner of the sword god's mouth was slightly tilted, and all the trees and others were immediately released.

kill!

However, what makes Ye Xuan strange is that the old trees, the black horns, the black gold swordsmen, and the undead swords are in front of this **** demon king, just like a chicken and a dog, they are generally vulnerable, and they are wiped out in the blink of an eye. Do it.

Even the five-line swordsman was killed in an instant.

"Good!"

Ye Xuan's heart sighed.

I don't know, what kind of realm has this heroic demon king achieved.

Always, strong to burst!

"Hey!" "Hey!" "Hey!"

In the next battle, the sword **** has been passive, and there is no power to fight back.

In the distance, those gods of blood and demon will watch, because their king is packing up their enemies.

However, the strength of this demon king is stronger, and it does not hurt the sword god.

At this time, the blood of the demon king demon turned, directly turned into a **** light, and flashed to the middle of the group of blood demon, the demon of the blood.

The next moment, Ye Xuan saw the body of this group of blood demon blasted open, and those pseudo-sacred blood instantly merged into the body of the demon king.

God blood demon king, in the absorption of other **** blood demon, enhance the strength!

Upon seeing it, Ye Xuan also suddenly understood that this demon king, I am afraid that it has already opened up the wisdom.

Therefore, he knows how to absorb the same kind and then strengthen himself.

After absorbing so many false gods, the power of the demon king has skyrocketed several times, and immediately rushed to the sword **** to kill.

It's a pity that it's still not hurting the sword god.

"too terrifying!"

Ye Xuan sighed in his heart and was hesitating to use the sword.

However, the speed of this demon king is much faster than him. After absorbing other demon gods, the speed is so fast that he can't even catch it.

Excalibur is used, it is also used!

Besides, even if the Excalibur kills this demon king, at most a dozen drops of false **** blood, it is not worth the candle.

"Hey, don't entangle with you, go!"

Ye Xuan thought in his heart, that is, he was prepared to take away the sword god.

However, at this moment, a system sound suddenly sounded in his mind.

"Hey, the host triggers a random mission, killing the **** demon king of the Scarlet Forest!"

Random tasks, actually triggered at this time.

"Kill a fart, go!"

The next moment, the demon king of the blood is the lost target, because the sword **** is separated, and Ye Xuan took it back.

At this time, somewhere outside the Scarlet Forest.

"The one **** demon king has already opened up the ingenuity. He knows how to let other gods and blood demon kill human beings to condense the false **** blood, and then absorb the blood demon to raise themselves. It seems that it is not very good to deal with!"

Ye Xuan looked at the scarlet killing word in the sky, thinking in her heart.

Next, the Scarlet Forest is probably going to be a hell. Anyone who sees the demon king of the blood, it is estimated that there is not much to survive.

"The blood demon king is hunting others. I just want to avoid him. I want to see if you improve faster or if I improve faster!"

Ye Xuan thought in his heart, that is, breaking the void and re-entering the Scarlet Forest.

The next time, he continued to wander in the Scarlet Forest, hunting the blood demon.

Within a day, it broke through to the nine-and-a-half-step mastery, and it was only one step away from the dominance.

He turned his head and looked at it. He looked at the scarlet killing word in the sky. He was guessing, what is the realm of the **** demon king now?

However, he did not think much, continue to search for the blood demon.

It is another day.

"Hey, the host breaks through, and is currently dominated by one product!"

Finally, Ye Xuan finally broke through to dominate the situation.

However, when he was in the middle of the half-step, he needed one hundred and eleven drops of false blood, but now that he has broken through to the dominance, each level needs a hundred and one and one hundred and one hundred false gods. blood.

Therefore, his breakthrough speed has dropped!

"Leadership, let me go for a while!"

Ye Xuan thought in his heart, and rushed over to the scarlet killing.

Before he was in the Scarlet Forest, at most he encountered a human being who was at the level of nine products. Now he has broken through to the dominance and can almost be the king in this **** forest.

Of course, he didn't know how many gods and blood demons that the demon king had absorbed.

However, the sword **** is not dead, but what about going there?

The movement of the demon king is not regular, but Ye Xuan is moving in a straight line. He estimates that he can probably fight with the demon king.

I don't know, who is strong and who is weak?

Chapter 2079: Split

After catching up with the blood demon king, it took a full three days. In these three days, Ye Xuan's realm dominated from the first stage of the product, and broke through to the mid-term.

The number of pseudo-sacred blood in the body has reached more than 1,600 drops.

The body that has been strengthened by the pseudo-sacred blood is as rock-solid as it is. Even if you don't use the sacred **** armor and the black gold armor, it is estimated that you can resist the attack of the nine-product half-step squad.

At this time, Ye Xuan estimated the distance. After about a minute, he could contact the demon king.

After a minute.

Ye Xuan finally caught up with this demon king, at this time, the two are looking at each other.

"Hey!"

The **** demon king is made up of blood, and the sound of rapid flow is like a poisonous snake.

It has already opened up the wisdom, so I recognize Ye Xuan.

At the beginning, it did not kill Ye Xuan, and Ye Xuan escaped. Today, Ye Xuan took the initiative to find the door, just right!

Ye Xuan also looked at the demon king of the blood, and found that the body of the demon king has grown by at least half.

It seems that the strength has also improved a lot!

"kill!"

At the moment, Ye Xuan put the old and black corners of the tree out and killed them in three directions toward the demon king.

"call out!"

The demon king of the blood moved at the same time, turned into a horrible wind, first solved the old tree, and then solved the black horn, and then a sickle, squatting on the neck of Ye Xuan.

It is a pity that he is not the deity of Ye Xuan, but the sword god.

"It's so strong, the attack power is at least five levels!"

Ye Xuan could not help but sigh.

He is now only a master of the product, and the demon king of the blood is actually dominated by five products. Is this speeding up too fast?

After all, Ye Xuan is upgraded so fast with a god-level engulfing system.

However, it can't manage that much!

war!

"Booming!"

The sword **** continually summons the tree old, the black horn, and the **** of blood demon king.

As for the black gold sword waiter, the undead sword waiter and the five-line sword waiter, since there will be cooling time after death, Ye Xuan has kept them on standby, waiting for the opportunity.

Fighting, very intense!

Although the breakthrough to a product dominates, but the strength of Ye Xuan is much different from the blood of the demon king, even if there is a tree old, black corner to help, can not make up the gap.

"Hey, I have a card!"

At the moment, Ye Xuan directly put out the black gold sword waiter, the undead sword waiter and the five elements of the sword waiter.

Then, in conjunction with the old and black corners of the tree, a six-sided attack is carried out.

"call out!"

The demon king of the blood is not afraid, and he rushes toward the nearest black gold sword.

Ye Xuanzhen was on time and summoned Megatron.

"Beast God clock, give me a suppression!"

In an instant, Megatron turned into a beastly bell.

The next moment, just in time to the black gold swordsman's front, the **** demon king who raised the sickle and prepared to attack, the speed was greatly reduced.

"Shenjia!"

Ye Xuan's light flashed, and he sacrificed the sword of the gods and suddenly fell.

This trick, he tried and tested, because whether it is a **** demon, or a **** demon, or the demon king of the blood, is a close combat.

However, he underestimated the strength of the demon king!

Under the sacred sword, the black gold swordsman was smashed, but there was no sacred blood demon king.

"what?"

Ye Xuan was shocked. He found that when the demon king of the blood was about to be broken, he suddenly increased his speed.

Dare to love, the demon king of the blood is also hiding in the Tibetan, the battle just now, it did not exert its full strength.

Therefore, this record breaking the **** sword, lost!

However, Ye Xuanyuan will have no backhand?

"call out!"

There have been many attacks on the route of the demon king's retreat.

Among them, the attack with the five elements of the sword is the sharpest.

In a muffled sound, the blood of the demon king is attacked by the five-line swordsman. In an instant, the blood body is divided into two.

"bingo!"

Ye Xuan brows a pick, this is the first time he hit the blood demon king.

Although it is said that the sword is not in the middle of the sword, it is already very good to be able to hurt the demon king.

The demon king of the blood was attacked by the five-line swordsman and was divided into two.

The pseudo-sacred blood in his body was also divided into two halves.

However, next, Ye Xuan is a bit surprised.

I saw that the two half-length bodies of the demon king of the blood were actually '咻' and re-formed.

Now, it is two demon kings!

Of course, the blood in his body is divided into two.

"Nothing to die, come again!"

Ye Xuan immediately ordered an attack.

The demon king, who was suppressed by the beast and was injured by the five-line sword, had to split, so this strength naturally declined.

Under the attack of Ye Xuan and others, his two blood bodies split again and suddenly became more than ten.

"Where are you, what are you?"

Ye Xuan has no choice.

However, he does not believe that the demon king is not dead, so continue to attack.

Soon, this demon king is divided into hundreds.

This is not the point. The point is that the hundreds of gods and blood demon kings have begun to merge, and they have merged into four in the blink of an eye.

"I still want to recover?"

Ye Xuan brows a pick, quickly attacked, and divided the blood of the demon king into countless copies.

However, this time, the demon king of the blood did not re-aggregate, but scattered.

Hundreds of gods and **** demon kings spread like water waves and fled around.

"My day, what should I do?"

Ye Xuan has no choice but to know which one to chase.

Even the death killing order disappeared after the division of the demon king.

In desperation, Ye Xuan no matter how much, let the tree and other people all dispatched.

Hundreds of gods and blood demon kings, and then doubled and doubled, the number is nearly a thousand.

Every **** demon king has a drop of false blood, and their vitality is much stronger than the average demon.

In the end, Ye Xuan only killed a hundred **** demon kings and got a hundred drops of false **** blood.

"It's really hard!"

Ye Xuan couldn't help but sigh.

If he is the only one who is the master of the second product, it should be able to solve all the **** demon king.

Unfortunately, he is only a master!

To blame, you can only blame him for being too weak, and you should break through again.

However, now he has broken through to a product dominated, want to upgrade, you still need more than 500 drops of false blood, this is not a small amount, at least a day or two.

Don't forget, Ye Xuan is now on a random mission, the longer it will take, the lower the reward will be.

"chase!"

Ye Xuan, no matter how much, decided to pursue the blood of the demon king, can destroy one is one.

However, these gods and **** demon kings can merge and grow with them after encountering other demon gods and gods.

Then, I gathered again!

God blood demon king, once again born again.

"Hey, the death chase makes the goal reappear!"

At this time, Ye Xuan's mind rang a system sound.

Chapter 2080: Sujia

Hearing this, Ye Xuan's brow picked and hurriedly looked around and found a scarlet killing in the sky.

At the moment, he immediately killed the past.

However, he feels that this time the speed of the demon king has increased a lot, it seems that it has absorbed other blood demon.

This is not the point. The key point is that when Ye Xuan chased half of it, he discovered that this demon king was actually leaving the Scarlet Forest.

"left?"

Ye Xuan was a little shocked, but did not think much, and immediately pursued.

It is a pity that the demon king is faster than him, and the distance between the two is constantly being opened.

Ye Xuan chased the three days, but was opened for at least two days.

However, when the seventh day was over, the demon king of the blood finally stopped.

Taking advantage of this opportunity, Ye Xuan quickly followed and shortened the distance.

Finally, he came to a big city.

"Strange, this **** demon king can actually enter the city?"

Ye Xuan is a bit strange and has entered this big city.

He followed the death killing order and went to a family.

Su family!

He inquired about it and found that the Su family is a big family in the city. The owner is a master of the six-product mastery.

"There is such a strong person, it seems to have been disguised!"

Ye Xuan thought in his heart, that is, he left directly, and then found a family of Su who had a low level. After killing, he swallowed it with a real mask.

Of course, this unlucky one, Ye Xuan pulled it into the list of resurrection, and will compensate in the future.

Then, he pretended to be the son of Su, and entered the Soviet Union.

"This blood demon king, in the east!"

After entering Sufu, Ye Xuan leaned toward the east, but when he was about to approach, suddenly someone stopped him.

"Su Mu, this is the house of the young master, not you should come, hurry to get out!"

Suddenly violently screamed, and in Ye Xuan's ear, he turned his head and saw that the speaker was a child of the Su family at the level of two products.

"The second product is dominated by the district, and dare to cross in front of me?"

Ye Xuan directly marked the other party with the death killing order and flashed to the back of the other party.

The next moment, the man's head flew up and was instantly received in the swallowing space.

I am afraid, this Sujiazi brother would not have thought that the realm of his own two products would be killed by Su Mu, a nine-and-a-half-step master.

Ye Xuan disguised himself as the face of this Su family, and at the same time searched the soul.

The young master of this Su family is the son of the Su family, Su Tai, who just returned from the outside yesterday.

Moreover, this Sujia child just happened to meet Sutai once.

"Blood?"

Ye Xuan is a bit strange.

He learned from the memory of Su's children that Su Tai's eyes were black, and after this experience returned, his eyes became bloody, and the whole person was not the same.

Therefore, Ye Xuan can be sure that this Su Tai is estimated to have died, and the body that occupies his body should be the demon king.

At the moment, Ye Xuan directly plunged into the sky, and then attacked the scarlet killing.

"Hey!" "Hey!" "Hey!"

A sharp burst of sound broke out, and Ye Xuan's attack directly broke the roof and smashed in.

"Hey!" "Hey!" "Hey!"

In an instant, the attack was defeated.

Then, Su Tai, the young master of the family who was looking for joy, jumped out.

"It's you?"

Sutai's pair of bloody, looking at Ye Xuan.

"Sure enough, you!"

Ye Xuan's brow was picked and said: "The demon king of the blood, do you think that you can escape from death when you are attached to him?"

"Haha, you didn't kill me that day, just right, today I can report the hatred of the day!" Su Tai said coldly.

"Just by you?"

Ye Xuan's eyes.

"You can catch up here, there is a bit of skill, but you have to look at what is under your feet!" Su Taidao.

"You are just a demon king who is attached to the body of the Su family. As long as I tell this fact, do you see if the Su family is helping you or helping me?" Ye Xuan's mouth was slightly tilted.

"Yes, then see if they believe you or not. From the moment I killed him and attached to him, he is me, I am him, I want to see, others believe in you, Still believe me!" Su Taidao.

"In this case, then we have nothing to say, die!"

Ye Xuan is no longer nonsense, directly summoning the old tree and the black horn, and attacking Su Tai.

His strength has already broken through to the second product during the hurry, and Su Tai's breath at this time is dominated by three products.

However, Ye Xuan feels that it is not that simple!

The strength of the demon king is better than the three masters. If the beast is not suppressed, he may not be able to clean up the demon king.

really!

At the time when Ye Xuan was shot, Su Tai also shot, and he directly turned into a **** light, and instantly picked up the old tree and the black horn.

At the same time, many people in the Su family jumped into the sky and surrounded Ye Xuan.

"Before you came, I had already robbed the Su family. Do you think that I am only the three masters?"

Su Tai sneered, and the next moment, Ye Xuan felt a strong sense of oppression.

Of course, this sense of oppression is useless to him!

"Six products dominate!"

After feeling the strong breath of Ye Xuan, his face changed.

The demon king of the blood can swallow the false **** blood to ascend, as he said, he has robbed the entire Su family.

Not only that, the masters of the Su family, who have been split by him, will be possessed.

Simply put, Sujia is now his world!

"Six products dominate, with my current strength, I am afraid I can't deal with it!"

Ye Xuan looked around in a circle and looked at this group of Su family masters who were at least four masters.

However, he did not have the courage, because this is the sword god.

"kill!"

With the order of Su Tai, all the masters including the Sujia family, all of them went to Ye Xuan.

"If that's the case, then kill it!"

Ye Xuan's flash of light, directly using the Ares field, put a five-product-level Su Jiagao into the field.

In the field of God of War, the higher the level of the opponent, the higher the increase that Ye Xuan won after he defeated him. This is why Ye Xuan does not use the four products.

On the same day, the demon king was smashed in half, and he was a little caught off guard, so there was no way to use it.

Today, he must kill the demon king!

"what happened?"

This one was picked up by the Sujia master of the demon of the blood, and he looked at Ye Xuan, revealing a strange look.

Still not waiting for him to react, Ye Xuan gathered the tree and others and killed the past.

In an instant, the five masters were gangstered.
