Chapter 208: Six yuan Dan

However, Jiang You's name is to shock Ye Xuan.

Big brother?

In a short while, the door was opened, and then a young man of the Confucianism was born.

"Second brother, how come you?" The young man walked slowly and glanced at Ye Xuan.

"Big brother, I am looking for you some things. This is Ye Xuan who just joined my China League." Jiang You said, it was introduced to Ye Xuan: "This is my big brother, the second place in the land, the alliance of China. Deputy leader."

"I have seen the vice-president." Ye Xuan respectfully said hello.

Jiang Liu's eyes once again fell on Ye Xuan's body. "The qualifications are very good. Why are you still in the land?"

"He will rise up in a while." Jiang You replied that with the strength of Ye Xuan's half-step Dan Yuanjing, he would definitely be able to hit the Tianzhifu. After all, there are still many real Xuanjing peaks in the Tianzhifu. .

"Oh, what is the second brother you are looking for?" Jiang Liu nodded slightly and asked.

Jiang Youdao: "This is the case. Ye Xuan is a spiritual forgemaster, and he is still a top forging tool. Just a few days ago, he created a hundred top-quality swords, so I thought... "

"What? In the past few days, I have created a hundred top-grade spirits?" Jiang Liu directly interrupted.

"Yes, three days, one hundred, and all of them are very good. I came here this time, I want to get some forging materials, and the ground-level forging materials are also needed." Jiang You finished, he gave the two big boxes. Changed out.

When the river opened it, it turned out that there were a hundred swords. Suddenly, it was shocked:
"He can forge geodetic weapons?"

Territory weapons, referred to as ground devices, can be different from the spirit. Even if it is a hundred upper-class spirits, it is not comparable to a lower-quality device.

Even the rivers and rivers that are already in the gods have no land.

"Ye Xuan said that I want to try, so I have to ask if there is any prefecture-level material for Big Brother." Jiang You said.

"This....."

The river paused. "I don't have this, but I can go and ask for some of my master. You are here, I will come."

"Big brother waits, there is one more thing." Jiang You hurriedly stopped him, and took out two six-yuan Dan from the Qiankun ring. "Big brother, this is two six-yuan Dan, the true Xuanjing peak of the military service. After that, you can directly condense Dan Yuan..."

"What?" The river was once again shocked.

An medicinal herb can make the people of the real Xuanjing peak condense out of Danyuan. Is this so magical?

"If this medicinal medicine is so magical, then I am a Chinese alliance, no, my overall strength of the 霄霄, , will be upgraded several levels!" Jiang Liu stunned his eyes.

"Yes, I have hundreds of real Xuanjing peaks in Lingxiao. If this medicinal medicine can be mass-produced, then my Lingxiao government will be able to add a lot of strong people from the gods, and definitely can overpower the other three domains. Sect." Jiang You nodded.

Jiangliu still couldn't believe it. He asked: "Where is this six yuan Dan, where did you come from?"

"Don't be in the sky, close to the eyes, it is Ye Xuan refining." Jiang You said with a smile.

"What?" The river took a breath.

Ye Xuan will both be an alchemy and a refiner. The qualifications are not worse than others. This is a bit too enchanting.

"Not only that, Ye Xuan will also build a battlefield, and a few days ago, it was already a member of the three houses." Jiang You continued.

After listening to it, Jiang Liu has already admired the five-body cast, and looked at Ye Xuan with surprise: "Refining, alchemy, and formation, you should not be a hundred-year-old monster mixed into Lingxiao House? This six yuan Dan, really Is it so amazing?"

"The vice-president can call a person who has not concocted Danyuan to try." Ye Xuan faintly said.

"Well, you will wait, I will call people."

After the river flow, it was quickly left.

If this six-yuan Dan is really the case, then the strength of the China Alliance will be upgraded several levels.

Perhaps, the value of this six-yuan Dan is still above a ground.

Soon, the river is bringing a person.

What makes Ye Xuan strange is that he still knows this person.

Song ruling!

"Well? Ye Xuan, how are you here?" Song decided to find Ye Xuan when he entered the door, and immediately revealed a strange look.

Ye Xuan, isn't the disciple of the land government?

"Do you know?"

The river was shocked, but after seeing the rulings of the Song ruling and Ye Xuan, there was nothing strange about it. The heart was also loose. He was afraid that Ye Xuan and Song ruling had a holiday.

"Big brother, the younger sister's sister lived with Ye Xuan." Jiang You replied.

"Oh, that's good. The ruling, your mystery is already cultivated to the extreme, but hasn't condensed Danyuan yet?" Jiang Run turned and asked.

"Yes, brother." Song decided to nod.

"Then you take this medicinal medicine to see." Jiang Liu handed a six-yuan Dan.

Song ruling, but did not ask, directly swallowed it, and then closed his eyes.

The river flow also entered Danyuan on the side, helping Song to refine and refine.

five minutes later.

Song ruling suddenly opened his eyes and exclaimed: "Dan Yuan, I am condensed out of Dan Yuan!"

In his speech, there is an energy that flows from the body. This energy is mysterious, but it is also mixed with another weak energy. This second energy is Danyuan, but the amount is very small, the average person feels Not enough.

"Six yuan Dan is really magical, younger brother, you have broken through to the half-step Dan Yuanjing." Jiang Liu excitedly looked at the Song ruling.

Unexpectedly, Liu Yuan Dan turned out to be true, and it was able to make a real Xuanjing peak condense out of Dan Yuan.

The Jiangyou on the side was also shocked. He seemed to see the scene of Lingxiaofu becoming the head of the four.

"Ye Xuan, this six yuan Dan, how much can you refine?" Jiang Run turned and asked.

"With refining materials, I can refining infinitely!" Ye Xuan replied faintly.

"Okay, then tell me the material, I am going to get it now."

When Jiang Liu finished, Ye Xuan also directly took out a list of materials written in advance, and then the river flowed away like lightning.

The Song ruling was already too surprised to say anything, and the six-yuan Dan was actually made by Ye Xuan.

However, at this time, he still has a lot of medicine in his body, but he can't waste it, so he just sits quietly in the refining.

This time, Jiangliu went for a long time and returned only after an hour. However, he also brought back three elders from Lingxiao.

After the introduction of Jiang Liu, Ye Xuan also met the three.

What shocked Ye Xuan was that one of them turned out to be the elder of Lingxiao.

Ling Xiaofu does not have a deputy head. This elder is actually the head of the Lingxiao House of the previous one. It is only that he has a high abdication to his glory.

Therefore, the identity of the elders is even bigger than the head of Lingxiao. As for the other two, it is the chief refiner and chief alchemist of Lingxiao.

The three high-ranking figures of Lingxiao House stood in front of Ye Xuan, just like the three big mountains pressed against his head. This is the super strong person of the three places.
