

## Super D. S 2081

Chapter 2081: Keep chasing

In the time limit of the Ares field, Ye Xuan succeeded in killing the five products and gained an increase.

As this person died, the field of God of War was also broken directly, and the surrounding space and time returned to normal.

Ye Xuan's strength skyrocketed and attacked.

On the other side, the \*\*\*\* demon king Su Tai looked at the battle and couldn't help but narrow his eyes.

He has already opened up his intellect, and naturally he can see that Ye Xuan's qualification is still above this Su Tai.

It's just that Ye Xuan, who is dominated by the second product, can have such combat effectiveness.

Therefore, he took a fancy to Ye Xuan's body and was waiting for the opportunity to shoot.

However, as the fighting time continues to change, the Su family masters are falling one after another.

It's a pity that the disappointment of Ye Xuan is that these Sujia masters are all possessed by the demon gods who have been split by the demon kings, so the blood of the gods they have saved is demonized by the blood and the blood of the gods. The demon king is swallowing.

Ye Xuan has killed a few people, but these people are in the ring, there is no drop of false blood!

"call out!"

At this moment, suddenly a sound broke, Ye Xuan turned around and found that Su Tai opened his mouth, and a \*\*\*\* man came from inside.

"puff!"

This blood mans, like an arrow, shot at the chest of the sword god, but the latter's invincible body blocked the blood.

Ye Xuan condensed, found this blood awn, is the blood demon king.

"Hey, just because of you, I want to occupy my body?"

Ye Xuan sneered.

Just kidding, the sword \*\*\*\* is a invincible existence, even if the false \*\*\*\* is here, it can not kill the sword god.

What's more, just a \*\*\*\* demon king after the death of the pseudo-god?

"You have this body, I have to fix it!"

The \*\*\*\* demon king shimmers and flashes directly into a \*\*\*\* fog, enveloping the sword god.

However, he, who turned into the body, could not speak.

"I want to occupy the sword god, it is the Arabian Nights." Ye Xuan's mouth slightly tilted, but he did not immediately drive away the blood demon king.

As for the other people, it is handed over to the old tree, the black horn, the black gold sword waiter, the undead sword waiter and the five-line sword waiter.

Regrettably, before Ye Xuan was chasing the demon king, there was no extra time to get the material, plus the material that was already dominated by the two products, and the material to restore the Excalibur was so amazing that he could not use the Excalibur now. Hey.

The demon king of the blood also wraps the sword \*\*\*\* apart from the life and death of others.

As a result, other people were killed by the five-line swordsman.

Even the family of the Su family, who dominated the six products, died in battle.

However, after the death of these flesh-and-blood demon corpses, they are turned into the body, and they gather at the blood demon king.

Soon, the entire sky was left with only the demon king and Ye Xuan and his party.

"The tree is old, you go to collect false blood!"

At the moment, Ye Xuan is giving orders.

"it is good!"

The tree nodded and slammed.

Then, the city set off a storm of blood, and all who reached the level of \*\*\*\* were killed.

If you want to achieve a master, you need a hundred drops of false blood. Although Ye Xuan needs ten times as many fake gods as the average person, it is already seven heavens.

The person who dominates the level is like a dog!

Soon, Ye Xuan collected a lot of false blood.

However, he did not immediately swallow, but existed.

From the master of one product to the master of two products, Ye Xuan needs to consume more than a thousand drops of pseudo-sacred blood, and from the second product to the three products, it also requires more than a thousand drops of false blood.

Breakthrough will be faster and faster!

Soon, the city was smothered by the old trees and so on, and even the city owners were dispatched.

However, this can not stop the tree and others!

Within an hour, Shu Lao and others collected thousands of drops of false blood.

Then, Ye Xuan directly swallowed it.

"Hey, the host breaks through, and is currently dominated by three products!"

A systematic reminder of the sound, Ye Xuan's realm, directly from the second product dominated, all the way to the six products dominated.

Breath, instantly skyrocketing!

"what?"

After Su's family, the demon king of the blood felt the scent of Ye Xuan, and was shocked and hurried away.

It's a pity, it's late!

"dead!"

Ye Xuan sacrificed the beast of the beast, directly suppressing the demon king, and then attacking with all strength.

In an instant, the demon king of the blood is split from one ontology into two, and then split again.

In the end, hundreds of gods and blood demon kings were split.

"Today, I will kill all of you, and see if you are still dead!"

Ye Xuan's eyes widened.

The six products dominated him, the strength has actually approached the nine products to dominate, killing a demon king, isn't it the hand?

Within two seconds, under the attack of Shu Lao and others, these gods and demon kings fell one after another.

Finally, there is no one left!

"Weird, all the avatars are dead, why are there no system prompts?"

After Ye Xuan himself killed the last demon king, he asked strangely.

At this moment, he suddenly felt a strange breath, and immediately stared at it.

Found that there is this drop of extra large fake blood in front!

The false blood of the gods in the blood of the demon king has been collected by him.

At least tens of thousands of false gods swallowed by the demon king of the blood, but the false blood that Ye Xuan obtained from his body is only a few hundred.

I don't know what it is!

Is it difficult to be swallowed up by the fake blood of the eyes?

Just as Ye Xuan was preparing to collect this large amount of false blood, it suddenly trembled a bit and then plunged into the distance.

"Looking down, have you escaped?"

Ye Xuan brows a pick.

I immediately analyzed it with the God-level phagocytic system and found that this drop of blood is the life of the false god.

It is the original form of the demon king of the blood, so the demon king of the blood can swallow so many false gods to strengthen themselves.

"Want to run?"

Ye Xuan immediately pursued, but the pseudo-God's life was extremely fast, and disappeared into the sky in the blink of an eye.

Fortunately, the death killing order did not lose the target as it did last time.

Ye Xuan looked at the scarlet killing and ran wildly.

At the same time, Shu Lao and others are taking separate actions to collect false blood.

.....

Ye Xuan's chase is a few days.

In these few days, Shu Lao and others have split their actions and collected a large amount of false \*\*\*\* blood. It is already the realm of Ye Xuan, which has been piled up in the nine products.

Just now, Ye Xuan is already catching up with the demon king.

After an hour, you can meet!

"This blood demon king is so difficult, this time, you must kill it. Otherwise, the reward of random missions is worrying!"

Ye Xuan thought in his heart and entered a hot place.

This hot place is said to have a powerful phoenix.

Before, when Ye Xuan came to Sixth Heaven, he took a task at the Congenital Gate to kill an undead phoenix.

Chapter 2082: Pseudo-god

But this time, what Ye Xuan has to face is not an undead phoenix.

An hour later, Ye Xuan finally found the fleeing demon king, but at this time, it already occupied the body of a phoenix.

This phoenix is called the undead phoenix!

After Ye Xuan heard about the name, he also sighed once, because he used to integrate the blood of the undead.

Undead phoenix, has a strong ability to recover, in addition to undead avatar and so on.

I don't know, is this the undead phoenix in front of me?

"God blood demon king, do you think that you can not escape a dead phoenix that occupies an immortal lord?"

Ye Xuan said coldly.

"Haha, although I don't know what method you used to catch me, but this time, I am waiting for you!"

Undead phoenix suddenly opened his mouth and spit.

"Oh? I want to see, what ambush did you lay?" Ye Xuan looked around.

The next moment, there are a lot of figures, and the surrounding temperature suddenly rises.

It turns out that there is more than one undead phoenix here, and there are many.

Moreover, all are invincible!

After the \*\*\*\* demon king fled here on the same day, he occupied the body of the undead phoenix king, and then let him sort out the blood demon, occupying the body of other undead phoenixes.

At this time, Ye Xuan is surrounded by the center, and there are dozens of undead phoenixes that do not destroy the master.

In the face of this decline, Ye Xuan is only slightly tilted, and he does not know how many times he has experienced such a scene.

In short, he is not empty!

Coincidentally, the undead phoenix is the sacred beast of the fire attribute, and the five elements of the sword servant are all attacks of the immune five elements.

Coupled with the shocking gods of Megatron, the surrounding undead phoenix is still a group of chickens and dogs.

Even if there is no breakthrough to the undead master, Ye Xuan is enough to clean them up.

"Boom!"

Suddenly, there was a terrible battle in this hot place. One was not dead, and then a \*\*\*\* demon appeared and was killed.

"These demon gods who are separated by the demon king of the blood will have only one drop of false blood in the body, but the strength is really strong, it is unreasonable!"

Ye Xuan thought in his heart.

However, in this world, many things are unreasonable.

After all, the demon king of the blood is formed by the blood of a false god.

Soon, these undead phoenixes died, but the demon king, the king of the undead phoenix, is still strong.

Its recovery speed is unprecedented, and it is more than Ye Xuan.

However, this is not a thing in front of Ye Xuan.

"Put him down!"

Ye Xuan gave a voice to everyone.

Under the shock of the beastly \*\*\*\* clock, the speed of the undead phoenix king is greatly reduced, and it can only continue to withstand attacks. If it does not have strong resilience, it will die long ago.

However, he will die if he does not die!

"Shenjian!"

A broken sword of the gods fell, squatting on the undead phoenix king.

Although the resilience of the undead phoenix king is superior, it can not stop the spike effect of the sword.

In an instant, the king of death is slain!

Then, the drop of the false god's life, again appeared in front of Ye Xuan.

But this time, this drop of life is bigger than before.

"There is no system sound, it seems that this blood demon king has not died, destroy it!"

Ye Xuan immediately issued an order and attacked himself.

However, it is at this time.

"call out!"

This drip of false blood, once again violently shaken a bit, and then plunged to the earth.

"Want to go, leave me!"

Although Ye Xuan fully resisted, this drop of false blood is a false god's life, and instantly splits the sword \*\*\*\* into the earthquake, and then drills into the land.

Ye Xuan hurriedly let everyone into the land.

He has let the blood demon king escape twice, and definitely cannot happen for the third time.

However, it is at this time.

"Booming!"

The earth suddenly began to tremble fiercely, not knowing what happened.

Then, a horrible atmosphere spread and let the tree and others wait for it.

"Hey!"

Suddenly, a huge man came out from the ground and grabbed Ye Xuan and others directly.

"Hey, flame swallows unicorns to die!"

"Hey, devour the black scale dragon to die!"

"Hey, black gold sword waits for death!"

A death reminder sounded in Ye Xuan's mind.

This big hand directly kills all the people except the sword god.

What kind of fear is this power?

"What the hell?"

Ye Xuan's brow was a pick, but he couldn't get rid of the other's big hands. He could only look at it. The giant in this land slowly climbed out.

This is a red giant, red and bloody, with a height of at least 10,000 meters.

The breath of his body, the horror to the extreme, at least the high-order immortal master.

"Kid, didn't you think of it?"

At this time, the red giant suddenly spoke up.

"God demon king?"

Ye Xuan raised his eyebrows.

"Yes, it's me!"

The red giant snorted and nodded. "You think, why do I come here, and control a group of undead phoenixes, ambush you?"

"I just play with you. Do you think that with your means, you can kill the great me?"

"That's ridiculous!"

"If you kill me directly, it would be too boring, so I want to see what you look like after seeing my new face!"

Upon hearing this, Ye Xuan couldn't help but smile and said: "The new face is not so good!"

"Ignorant pediatrics, this giant is the body of the \*\*\*\* flame giant. It was a strong \*\*\*\* of the pseudo-god class before his death. When I found him, it was just a corpse. After my splitting these days, I finally raised it. It!"

The demon king demon sneer: "Do you think that you can compete with him in this realm?"

"It's ridiculous. It's just a fake \*\*\*\* before life. There is a kind, you try to kill me?" Ye Xuan didn't believe it.

"I can't say anything, since you ask for it, then I will fulfill you!"

The demon king of the blood immediately slammed it all together, but what surprised him was that he did not hurt Ye Xuan.

"Do you have this body, is it also the body of the false god?"

"Yes, this is also the body of the false god. Why, is it very disappointing?" Ye Xuan should immediately agree.

Hearing this, the demon king of the blood can not help but reveal the color of greed.

At this time, Ye Xuan was in his hands. Although he could not hurt Ye Xuan, he could first trap him. When he grew up to the false god, it was the death of Ye Xuan.

However, it is at this time.

Seven heavens suddenly burst open, and then a red light fell.

Ye Xuan and the demon king of the blood turned around and saw a red-haired man walking out of the red light.

The breath of this person is similar to this blood flame giant.

Chapter 2083: Goal, eight heavens!

"Brother, did you die?"

After the red-haired man saw the \*\*\*\* flame giant, he was surprised and happy.

The demon king of the blood, a quick search for the memory of this pseudo-god body, and then directly pinned Ye Xuan, smiled: "Big brother!"

Come, it is the feeling of the \*\*\*\* giant, so it came from the Eight Heavens.

He is just the younger brother of the resurrection of this false god, but he does not know that the blood flame giant at this time has been possessed by the demon king.

"Brother, you haven't heard any news in these years. I have ran seven days in countless times. I am just ready to go back and feel your breath!" The red-haired man was amazed.

He had already broken away seven heavens and was ready to return to the Eight Heavens.

"Big brother, I was devastated by traitors before, and I fell into a deep sleep. I just woke up today."

Shenxue demon king said this, is to focus on Ye Xuan, said: "Big brother, I just woke up, this kid angered me. This kid is also the body of the false god, with my current strength, can not Injury him, please ask my older brother to help!"

Hearing this, the red-haired man browed and picked, "Hey, dare to provoke my \*\*\*\* giant family, find death!"

"call out!"

The voice has not yet fallen, there is a sword, and it is attacked by Ye Xuan.

"cut!"

Ye Xuan did not care.

For the sword god, he has always been indifferent, he has not seen anyone who can hurt the sword god.

But the next moment, his smile is abruptly stopped.

"Oh, the invincible body of the sword \*\*\*\* is broken, and the damage is 13%!"

This system sounds so that Ye Xuan is shocked.

The invincible of the sword \*\*\*\* is broken?

Invincible, isn't it good to be invincible?

What a joke!

Ye Xuan's face is black. He estimates that the invincible body of the sword \*\*\*\* has an upper limit. Once the attack exceeds the upper limit, it will be damaged.

The most important thing is that Ye Xuan does not know what will happen after the invincible body is seriously damaged.

Is it dead, or is it going to be fixed?

"Hey, the sword \*\*\*\* is currently in a state of invincibility, and it is attacked by five levels higher than the deity, and it will be damaged!"

The system prompts again.

Now Ye Xuan is the master of nine products, which means that the sword \*\*\*\* will be injured by the five products and five products.

Damn it!

Ye Xuan's heart yelled, this \*\*\*\* red-haired man actually injured the sword god.

The red-haired man raised his hand and hit the invincible body of the sword \*\*\*\* by 13 percent. If you come again, the sword \*\*\*\* is estimated to be dead.

Not to mention the red-haired man, at this time the sword \*\*\*\* is separated, even if it is a blood-flame giant possessed by the demon king, you can easily destroy the sword god.

"go!"

Ye Xuan deity of the sky, a flash of light, quickly separated the sword \*\*\*\* to receive it.

He didn't dare to let the sword \*\*\*\* split into an adventure!

In this way, the sword \*\*\*\* avatar disappeared into the hands of the blood flame giant, leaving the wrong demon king and red-haired man.

.....

At this time, somewhere in the Seventh Heaven.

Ye Xuan's deity quickly hid with the imaginary god, he only asked the red-haired man not to search for seven heavens, otherwise he would be in trouble.

The strongman of this level can kill him by raising his hand, although he has a avatar in the mortal world and the next day, but if it is dead, it can be troublesome.

"I still have three points to swallow the point, but I can't let the sword \*\*\*\* take the risk, or be safe, remember this for the time being!"

Ye Xuan's eyes stunned and decided not to look for revenge for the demon king.

The red-haired man from the Blood Flame Giant is at least a false god, and his strength is very strong.

Looking for a red-haired man with his current strength is a dead end.

At this time, he felt that the demon king was moving. Fortunately, the demon king was moving upwards.

Not only that, but the red-haired man is the same!

This means that the demon king of the blood was taken away by the red-haired man and went to the Eight Heavens, and went to the Eight Heavens.

It seems that the demon king of the blood did not put him in the eye. After all, the demon king of the blood now occupies the body of the \*\*\*\* of blood and flames. If you return to the family of blood and flame giants, you should be able to recover soon. Pseudo god.

The two left, Ye Xuan did not have any scruples, and immediately was a split action.

He must break through to the immortal ruler as soon as possible, and then reach the peak of immortality.

Only by becoming a false \*\*\*\* can he break through the seven heavens and go to the Eight Heavens, and then find revenge for the demon king and the red-haired man.

In the following time, Ye Xuan is constantly rushing around.

The blood of the gods he needs is ten times that of the average person. If he breaks through to the rule of extermination, he needs refining and refining 11,110 drops of false blood. Then every realm needs the same false blood.

However, after breaking through to the dominion, he collected the speed of false blood, which is doubled.

Because, those big families have a lot of fake blood.

It is a pity that whether it is a half-step master or a master, or an eternal master, after death, it cannot be like a destiny.

After all, they are not fake gods!

Otherwise, Ye Xuan's collection speed will be greatly improved!

Finally, after more than a month, Ye Xuan got together more than 90,000 drops of false blood.

At this time, his realm is already dominated by nine products!

If you still have two thousand drops of false blood, you can reach 100,000 drops of false blood.

At that time, he can condense the heart into a false godhead and achieve the false god.

At this point, he came to a top city in the Seventh Heaven.

Here, it will be Ye Xuan's last stop in the Seventh Heaven!

Because, in this city, he can get the last two thousand drops of false \*\*\*\* blood. In addition, there is a transmission array leading to the Eight Heavens in this city.

"kill!"

Ye Xuan said nothing, directly summoning the old tree and the black horn.

With Ye Xuan now the nine realities do not destroy the realm of dominance, there is no need for other helpers, only by one's own strength, you can destroy this city.

The reason why he summoned the tree two, it is because the tree old and the black horn can help him swallow.

He can't wait!

At the moment, the three are the top cities in this seven heavens.

The city owner of this top city is a master of nine products. After he felt the three breaths of Ye Xuan, he almost scared the urine.

Nine products do not destroy the master, enough to occupy a place in the seven heavens to dominate, everyone is generally well water does not make river water.

How now, suddenly there are three nine products that do not destroy the master?

"You, what are you doing on my site?"

The city owner immediately jumped into the sky and looked at the Ye Xuan who had plucked himself.

Unexpectedly, Ye Xuan did not answer his meaning.

"Death chase!"

"The eye of assassination!"

In an instant, Ye Xuan hit the back of the other side, and then slammed a sword.

Chapter 2084: Pseudo god!

"Oh!"

The head of the city owner was thrown up and was instantly spiked!

Ye Xuan is now the master of nine products, killing his opponents, is easy to raise his hand.

At the moment, he is taking the lord of the city.

"Hey, the host refining 2,367 drops of false blood!"

"Oh, the host's heart is hardened and will be transformed!"

"Hey, the pseudo-god is condensed!"

"Hey, the host breaks through to the false gods, and it is currently a fake god!"

Finally, Ye Xuan broke into the realm of pseudo-god.

With his breakthrough, the old and the black corners have also broken through, and then they have been divided into two, and they have received this city into the swallow space.

"After breaking into the false gods, the blood in my body has all been transformed into pseudo-sacred blood. At the same time, part of the Holy Power has also turned into a more powerful pseudo-power."

Ye Xuan thought in his heart, could not help but take a drop of false blood.

After more than a month of killing, he learned a lot.

For example, if the false \*\*\*\* wants to break through, it is to enhance his own pseudo-power.

If you want to improve the pseudo-magic power, you can absorb the pseudo-Shenjing, or you can extract some false power from the false \*\*\*\* blood, and use it for refining.

Of course, the pseudo-divine power contained in the blood of the false gods is very small. I want to use the false \*\*\*\* blood to extract a pseudo-shen crystal. The pseudo-sacred blood required is almost astronomical.

"With my current strength, although I may not be able to beat the red-haired man, I already have the qualification to go to Eight Heavens!"

Ye Xuan thought in his heart.

Now that the sword \*\*\*\* is damaged by 13%, if you want to repair the sword god, you need a good thing.

Before the devour of the space was also torn apart, and later Ye Xuan spent a great price to repair it.

The repair of the sword god, in addition to those necessary for repair, you can also choose to use the swallowing point to repair.

A little swallowing point can repair 20% of the damage. Although Ye Xuan currently has three points, he is still hesitating.

"When the invincible body of the sword \*\*\*\* is not broken, at least it can withstand a big realm, that is, the attack of the nine-level masters. Now, after being broken, it can only resist the five high-level realms. I will still fix it!"

In the heart of Ye Xuan's mind, he spent the only three points of swallowing and repaired the sword god.

This point, after the invincible body of the sword \*\*\*\* was broken, he only knew.

At that time, the blood-fire giant occupied by the demon king of the blood, just happened to be the master of nine products, within the scope of invincibility.

However, the red-haired man is a false god, at least ten levels higher than Ye Xuan, so the sword \*\*\*\* is only damaged.

"Hey, the repair is successful!"

"Hey, the sword \*\*\*\* is currently being damaged to zero, and the invincible body is restored!"

"Go, go to the Eight Heavens!"

Ye Xuan's eyes glimpsed and then transmitted directly to the Eight Heavens by means of a transmission array.

He finally came to the Eight Heavens!

It's only one step away from the falling nine heavens!

Eight heavens, it is very close to the nine heavens. Here, the dominance is like a dog, and the false gods go everywhere.

Ye Xuan is a fake god. It is only the beginning of this eight heavens.

At this time, he turned his head to look north, where there was a scarlet killing.

The goal of death killing is in the north!

However, the demon king of the blood is a long way from him.

At the moment, he is plundering toward the north. On the way to finding the demon king, he is also constantly collecting the property of the surrounding forces.

With his realm of pseudo-god, it is easy to single-handedly fake four gods. If you launch a group attack, even if you are a five-pronged god, you have to plant a head.

As a result, his cultivation is also beginning to improve.

In just a few days, his cultivation has broken through from the fake gods to the three fake gods.

At the same time, he also heard a message.

"The northern part of the country is the site of the blood flame giant family. However, I heard that the blood flame giant family began to expand the site some time ago, and there are a large number of fake animals to go to them."

Ye Xuan thought about it.

These things are what he learned from the memories of others.

And the blood flame giant, is said to be a descendant of a beast, the strength is very strong.

However, the ancestors of the beasts went to Jiuzhongtian, so the family of the blood-flame giants went from bad to worse, and after a certain war, only a few of the seven fake gods were left.

However, Ye Xuan heard that this family of blood flame giants has risen again during this time, and there has been a semi-god-level master.

Do not you know why?

"The time for the rise of this blood-flame giant family coincides with the time when the demon king of the blood came to the Eight Heavens. Wouldn't it be the demon king?"

Ye Xuan brows a pick.

According to the attack power of the red-haired man on that day, the red-haired man should be only a low-level pseudo-god.

Otherwise, the sword \*\*\*\* will probably be spiked!

If the red-haired man is just a fake god, he is ten times higher than the sword \*\*\*\* that is dominated by the nine products. It just breaks the invincible body of the sword god. After all, the invincible body of the sword \*\*\*\* can only resist. Nine realms of attack.

"Whether or not, go and know!"

Ye Xuan thought in his mind that he entered the realm of the blood flame giant family.

With the rise of the Blood Flame Giants family, there are a large number of pseudo-souls to go, and it is said that they have all been upgraded.

Therefore, in the blood flame giant family, there are a large number of fake animals.

"Exactly, on the way to the \*\*\*\* giant family, I can collect high blood and see if I can open the swordsman!"

Ye Xuan thought in his heart.

Before, he killed the undead phoenix and the undead phoenix. These two blood vessels are counted among the hundreds of blood vessels that open the beast swordsman.

In addition, Ye Xuan also killed a lot during the road, so the blood has been made up to eighteen.

Now, he came to the Eight Heavens, where the pseudo-souls, the blood of the noble, should have reached the standard.

Not long after entering the site of the Blood Flame Giants family, Ye Xuan met a team of pseudo-beasts.

This kind of pseudo-beast, called the squirrel, is said to have the ability to break the sky, but also all group activities, they often break the sky, go to Six Heavens, Seven Heavens to vandalize.

Ye Xuan felt a bit and found that this group of squirrels is only a level of six fake gods, not enough fear.

Suddenly, he released the tree and others and began to clear the group of squirrels.

Sure enough, this \*\*\*\* mouse has been recognized by the system, and Ye Xuan can also open the swordsman in one step faster.

At the moment, Ye Xuan is searching for the soul of this group of squirrels.

It is known from the memory of these larvae that this group of pheasant was originally a low-order pseudo-beast, but after they attached to the family of the blood-flame giant, they got strange pseudo-sacred blood, and then the strength soared.

Chapter 2085: Beast swordsman

"The blood-blooded demon king was formed by the blood of a false god. But now, in the Eight Heavens, he has such a means. Could it be that the \*\*\*\* forest formed after the fall is not a pseudo God, but half god?"

Ye Xuan brows a pick.

Even if it is a powerful false god, the fate of the life after the fall will not have such a great ability, and it will be able to resurrect a pseudo-god in a short time, so he suspects that the body of the demon king, It is the body of the demigod.

At the moment, he is to let this respect go back to the six heavens.

However, when he returned to the Scarlet Forest, he found that the Scarlet Forest was no longer there.

It seems that the demon king of the blood has already taken his step and retrieved the body of the demigod.

"After the demigod of the gods, the blood of the \*\*\*\* is turned into a demon king. If the demon king returns to the body of the demigod, the resurrection is only the demon king, and the strength should not be so easy to recover. Half god?"

Ye Xuan thought in his heart.

In any case, his movements are a little faster, and it has been a long time since the random task was triggered. Even if it is completed, it is estimated that there will be no good things.

"Thirty... thirty-one... thirty-two..."

In the territory of the \*\*\*\* giants, Ye Xuan began to slaughter those fake animals.

The blood that the beast swordsman needs is also a little bit reduced.

At the same time, Ye Xuan's realm is constantly improving.

Those pseudo-beasts are all pseudo-sacred blood, and he can use the god-level engulfing system to drain the pseudo-sacred blood of these pseudo-sacred beasts, and then extract the pseudo-shen.

Refining and purifying pseudo-shen crystals can increase the pseudo-magic power and thus enhance the realm.

When Ye Xuan obtained more than 90 kinds of blood, his realm has been upgraded to five fake gods.

Its single strength is already able to fight with the eight-art pseudo-god. If the old man and others are assisted, even the nine fake gods are not afraid.

"Almost, the demon king of the blood, die!"

Ye Xuan's flash of light flashed directly to the blood flame giant family.

On the way, he solved three pseudo-sacred beasts and got three new noble blood.

"Hey, the host can open the beast swordsman, is it open?"

This one tone, Ye Xuan has been waiting for a long time, he immediately replied in his mind: "Yes!"

"Hey, the beast swordsman opened successfully!"

Finally, it is open!

"The beast swordsman can summon a hundred powerful beasts to help fight, and then cooperate with the God of War mount skills. Now I can summon a hundred gold-level Ares mounts, which is really a big hit!"

Ye Xuan was shocked.

The Ares mounts are divided into general, silver, gold, and platinum, and of course higher, but Ye Xuan currently only summons the Platinum-level evil phoenix and the Deathwing.

Just the gold-level Ares mount, the strength is comparable to the black gold sword, if it is the Platinum-level God of War mount, the strength should be the level of the five elements of the sword.

If the Beast Swordsman can summon a hundred gold-level Ares mounts at once, the scene does not know what it is.

The most important thing is that the Ares mount skills currently call the gold-level mounts. If you match the beast swordsman, you will summon hundreds of them at once, and there may be several Platinum mounts.

This is the most terrible!

In addition, after the opening of the Beast Swordsman, Ye Xuan also got a skill called the Beast Feast.

This beast feast is an active skill. Once cast, all the pets and mounts of Ye Xuan will have a strength increase.

"It is the third super-strong swordsman on the list of swordsmen. With the beast swordsman, I am enough to deal with the entire family of blood flame giants!"

Ye Xuan thought in mind, is to speed up the pace.

Not long after, he came to the vicinity of the Blood Flame Giants family.

"stop!"

At this moment, a violent drink rang in Ye Xuan's ear, and then a figure blocked him.

This person in front of him is a person of the family of blood and flame giants, reaching the six fake gods.

Not far away, there are several children of the Blood Flame Giant family, looking at Ye Xuan.

"dead!"

Unexpectedly, Ye Xuan directly shot, and immediately used the eye of the assassination to hit the back of the other side, and then slammed a sword.

Oh!

The six fake gods have not yet reacted, and the head is thrown into the air.

The next moment, the few people in the distance, were also the poisoned hands of Shu Lao and others.

Ye Xuan quickly swallowed these corpses into the space, and then used the god-level phagocytic system to extract all the false blood, and then refined the pseudo-crystal.

His strength is a step closer!

Then, he summoned the black gold swordsman, the undead swordsman, and the five elements of the swordsman.

A total of six people, all in one fell swoop toward the family of blood and flame giants.

Those on the way saw Ye Xuan's unclear origins and immediately blocked them, but they all died.

This time, Ye Xuan was very swaying, so he directly shocked the top of the blood flame giant family, and suddenly there were seven products, eight products of the pseudo-god killed.

"One is not left, kill!"

Ye Xuan immediately ordered.

The top of this group of blood-flame giants, in front of him is a group of chickens and dogs, instantly killed and defeated.

In this way, it also attracted the attention of the nine fake gods in the blood flame giant family.

"stop!"

A violent drink fell into Ye Xuan's ear, but Ye Xuan did not stop. When the voice fell, he was already killing all the masters of the blood flame giant family.

Through the search memory, he can know that the comer is the owner of the blood-flame giant family, a nine-pin peak.

Seeing that so many people died in the hands of Ye Xuan, the owner of this family of blood flame giants instantly became the body.

His body, a 100,000-meter-high blood flame giant, then lifted his foot and stepped on Ye Xuan.

"The beast swordsman, it's your turn to play!"

Ye Xuan immediately summoned the strongest cockroach.

The shape of the beast swordsman is very handsome. The whole body armor is made of fur of various animals. The left shoulder is a wolf head, the right shoulder is a tiger head, and the head is wearing a dragon head helmet. It is unpretentious.

His appearance made the blood giants feel a lot of pressure.

This is not the point!

"Beast God clock, give me the town!"

Ye Xuan once again summoned the beasts of the beasts. In an instant, the \*\*\*\* giants were suppressed by 80%.

"Roar!"

At this time, the beast swordsman suddenly screamed, the whole person turned into a blue dragon, and instantly penetrated the hard body of the blood flame giant.

The core of the blood flame in the body of the Blood Flame Giant was taken out by this blue dragon and died in an instant.

This is the swordsman's third-ranked beast swordsman, which can be turned into a variety of powerful beasts to fight.

Of course, if the blood flame giant is not suppressed by the beast \*\*\*\* clock, the beast swordsman is enough to defeat it and even kill it.

The No. 1 character of the Blood Flame Giant family died and caused a huge sensation.

Chapter 2086: Semi-divine bloodthirsty dragon

At the moment, Ye Xuan is collecting his body, and then drawing blood to refine the pseudo-crystal.

Coupled with the huge resources of the Qiankun Ring, Ye Xuan's realm, a direct breakthrough.

"Hey, the host breaks through, and it's currently a six-pseudo-god!"

With the breakthrough of Ye Xuan, Shu Lao and others have also made breakthroughs.

Now, even if the beast sword can't serve the horse, Ye Xuan can easily level the blood flame giant family.

"A death killing order is in the \*\*\*\* giant family, and a death killing order is on the ground."

Ye Xuan glanced.

Needless to think, the death killing order on land should be the red-haired man of the day.

As for the underground, it should be the demon king!

"on!"

At the moment, Ye Xuan is to let the sword gods split, the old trees and the black corners rush into the ground.

However, at this moment, the earth suddenly began to tremble fiercely. Then, a dragon humming sound came from the ground and it was shaking.

"Booming!"

In front of Ye Xuan, a blood-colored dragon was smashed out of the ground. At that time, the blood was shining, and even the dark clouds in the sky were stained with blood red.

"God demon king, finally came out?"

Ye Xuan looked at the \*\*\*\* dragon, and the scarlet killing on the top of his head, could not help but mutter.

However, the breath of this \*\*\*\* dragon is ten times more powerful than the home of the \*\*\*\* giant family.

The demon king of the blood is no longer a false god, I am afraid that it has reached the half god!

Half-god is half a foot stepping into the gods, and it is many times stronger than the pseudo-god.

However, Ye Xuan is not empty!

"Boy, you can catch up with the eight heavens from the seven heavens, but it is a bit of a skill."

This \*\*\*\* dragon, opened with a big mouth, the sound is deafening.

"This, should it be the body of the demigod?" Ye Xuan asked coldly.

"Yes, this is the body of the demigod under the \*\*\*\* forest."

Even Ye Xuan did not expect that there would be a demigod under the \*\*\*\* forest.

No wonder those who tried to explore the land did not appear again.

At that time, Ye Xuan actually wanted to let the sword \*\*\*\* split up, but because the realm was too low, he did not go. Later, because of the random task, the pursuit of the demon king went.

When he returned to the Scarlet Forest, the Scarlet Forest had disappeared, and he guessed it was made by the demon king.

Now it seems that it is!

"You are awesome, actually turned back to the Lord!" Ye Xuan said.

This \*\*\*\* dragon is a semi-god in his life. I don't know why it fell to the seven heavens.

After the death of the blood-colored dragon, a blood-colored forest was formed, and the blood of the pseudo-sacred blood was turned into a demon king.

Hearing this, the blood-blooded demon king screamed: "What is the opposite of his master, he is dead, that is his incompetence, and I, it is replaced!"

"Well, as you say, anyway, I am coming to revenge today!" Ye Xuan said.

"revenge?"

Shenxue demon king is slightly surprised, because he is looking for Ye Xuan to avenge, how to become Ye Xuan to find him revenge?

"The light of the rice grain, and dare to compete with the moon, I will look at how you fight against my demigod!"

When the demon king of the blood is finished, it is turned into a \*\*\*\* man, and it is swept toward Ye Xuan.

Ye Xuan was confident this time, because the invincible body of the sword \*\*\*\* had been repaired, so he was not afraid.

Otherwise, the sword \*\*\*\* is at most resistant to attacks of five or less.

As long as the current realm of this demon king does not reach the seven-story and half-god, then he will not be able to hurt the sword god.

In an instant, the old tree, the black horn and other people are all killed together.

The sword \*\*\*\* is separated, the first is to secretly collect the beasts of the beasts, and then kill the past.

He must first look at the current strength of this blood demon king!

"Booming!"

Suddenly, a terrible battle broke out in the sky.

Ye Xuan is currently three people here, namely the sword god, the tree and the black horn, because one of them is the invincible body, and the two are infinite resurrection.

As for the swordsmen, Ye Xuan temporarily closed up because of the cooling time after death.

However, Ye Xuan is underestimating the demon king of the blood, only to fight, the old tree and the black horn are killed by the blood demon king.

However, the sword \*\*\*\* is still strong!

"The pseudo-god has already possessed the pseudo-god, and then condensed the pseudo-power, and the demigod has already raised the pseudo-magic power to the peak that can be promoted, that is, the semi-divine power, and then used the semi-power to quench the body into a demigod. The pulse is so strong, so the body is extremely powerful."

Ye Xuan thought while controlling the sword \*\*\*\* to attack the demon king.

Judging from the attacking power of the demon king, his realm should be around the peak of a product.

"Just because it has crossed a big realm, the strength is a bit big, but today you are still dying!"

At this time, Ye Xuan's dawn suddenly burst into flames. The next moment, the black gold sword waiter, the undead sword waiter, the five elements of the sword waiter and the beast swordsman appeared instantly.

"Beasts!"

At the moment, the beast swordsman is directly using the big move.

Then, a gold-only God of War mount appeared, which was also mixed with Platinum-level Ares mounts, adding up to just one hundred.

This trick of beasts is the trick of the beast swordsman, and it is also compatible with the God of War mount skills, so the beasts summoned are at least gold-level.

Large, small beasts, piled up in the sky, surrounded the demon kings.

"God demon king, today is your death, come on!"

Under Ye Xuan's order, hundreds of beasts, at least gold-level, were killed directly toward the demon king.

Among them, there are five Platinum super beasts!

The demon king of the blood is so scared that he is so scared, but the demigod of his possession is the bloodthirsty dragon, a descendant of the beast with super body.

Each attack fell on him, and was shaken by the flowing blood, or blocked by the dragon scales.

Those who can really hurt the bloodthirsty dragon are only the attack of the Platinum-level beasts.

Of course, there are five lines of swordsmen and beasts.

However, the injury to the bloodthirsty dragon was also repaired by the huge blood gas shortly after it appeared.

"Ha ha ha, do you think that the number is enough to win?"

The blood-blooded demon king laughed a few times, and when the dragon tail smoked, several golden-level war gods were mounted on the mount.

"Yes, then you try this again?"

Ye Xuan smiled coldly. The next moment, Megatron suddenly appeared.

Beast God!

Repression!

In an instant, the laughter of the demon king of the blood is abruptly stopped. He feels that his physical condition has dropped by at least 80%.

what happened?

He suddenly remembered that this happened during the day when he was in the Scarlet Forest.

After thinking about it, he immediately locked in the Megatron days that had just appeared, and then spoke a big mouth and spewed a \*\*\*\* dragon to Megatron.

Chapter 2087: Goodbye

"boom!"

It's just the Megatron of the six-pseudo-realistic realm. It's hard to stop the attack, and it's directly smothered by this dragon's breath.

Only, the next moment it will appear again!

The old tree, the black horn, the Megatron, and the broken sky, the body of the four are magic weapons, and they have the ability to die. As long as Ye Xuan has a avatar, they will not fall.

The \*\*\*\* of blood demon wants to kill Megatron, it is the Arabian Nights!

"what?"

God blood demon \* shocked.

At this time.

"Calling!"

The squally winds roared again, and the gold-level and platinum-level God of War mounts around them once again launched a group attack.

In addition, there are five lines of swordsman and a beast swordsman who turned into a white tiger.

After the shock of Megatron, the strength of the demon king has dropped by 80%, which is 80%, including his physique.

Originally, he could not hurt his attack. Suddenly he could be hurt. He could have injured his attack and can now seriously hurt him!

After the \*\*\*\* demon king withstood this round of attacks, the huge body suddenly burst into the blood like a flood, pouring down and setting off a \*\*\*\* rain.

"Hey!"

The blood-blooded demon king screamed and screamed, and the blood in the body began to recover.

He knows that if you don't show a card, things are not good!

He brewed it, and the whole body began to bloom with the bleeding color.

The light shines around, and all the mounts with flesh and blood begin to change.

"what happened?"

I saw that the mounts began to madly rush, and then gathered toward the bloodthirsty dragon.

After the bloodthirsty dragon absorbed the blood, not only did the injury begin to recover, but even the breath began to become stronger.

"If there is no beast clock, I am afraid that it is really difficult to cure you today. Unfortunately, no matter what you are today, it is a dead end!"

"The beast of the beast!"

Ye Xuan thought about it, and gave the war gods the order to the air, and used the skills that were obtained after opening the sword of the beast.

The atmosphere of these God of War mounts suddenly skyrocketed, and immediately slammed into it, instantly surrounded by bloodthirsty dragons.

At the same time, the sword \*\*\*\* also smashed a sword.

Excalibur!

A broken sword of the gods suddenly appeared, and the horrible breath spread, letting the \*\*\*\* demon king tremble.

He wanted to escape the sword, but his body was surrounded by many Ares mounts, and there was a Platinum super giant who grabbed his dragon tail.

He can't hide at all!

"Oh!"

In a crisp sound, the body of the bloodthirsty dragon was broken into two pieces by the broken \*\*\*\* sword.

The original demon king of the blood thought that he was only seriously injured, and there is still the possibility of survival.

However, this trick of Yuzhong is the Shenjian.

Breaking the sword of the gods, but killing the sword, all the recruits will be violent.

Before the six or seven heavens, Ye Xuan also used Shenjian, and the broken sword of the gods could break through the sky. However, now that he is using it in the Eight Heavens, he can no longer break the sky.

"Hey!"

One of the big mouths of the bloodthirsty dragon, spurting out a blood, and immediately two bodies, it is falling from the air.

"Hey, the host completes a random mission and rewards 10,000 fake gods!"

With the fall of the demon king of the blood, Ye Xuan's random task, which has been dragged for a long time, is finally completed.

However, because the completion speed is too slow, the system told the reward of 10,000 pseudo-crystals.

This 10,000-pseudo-real crystal, for Ye Xuan, now the six fake gods, is simply a drop in the bucket.

However, don't forget that there is a semi-god-level corpse in front.

At the moment, he has collected the two bodies of the bloodthirsty dragon from the air.

The blood flowing in the body of the semi-god is the blood of the demigod, which is a higher level of blood than the pseudo-sacred blood.

Ye Xuan uses the \*\*\*\* level phagocytic system to refine it into a pseudo-crystal.

"Hey, the host breaks through, and it's currently a fake!"

In an instant, Ye Xuan is a cross-level three, from the six-pronged gods all the way to the nine-pseudo-god.

This is precious more than a system reward!

"Nine products are fake gods, only one step, you can enter the half god!"

Ye Xuan's eyes lit up.

Half-god, that is half a foot into the gods, his blood of the sword \*\*\*\* and the blood of the \*\*\*\* of war, are only half-god level.

As long as he enters the realm of the gods, the blood of the sword \*\*\*\* and the blood of the \*\*\*\* of war can be respectively grown into the blood of the unparalleled sword \*\*\*\* and the blood of the supreme \*\*\*\* of war.

I don't know, what will be the strength of these two god-level blood vessels?

"Huh!"

Ye Xuan breathed a sigh of relief, this time the random task is the worst one he has done.

However, things have finally been solved, and he also opened the beast swordsman through this incident, and also broke through the nine fake gods.

Just one step away, it is half god!

"Let's fall, wait for me, I will be able to go to the Nine Heavens soon!"

Ye Xuan thought in his heart.

He has already searched the soul of the bloodthirsty Tianlong, and at the same time learned about Eight Heavens and also had a preliminary understanding of Jiuzhongtian.

Ye Xuan is from the first heaven to the eighth heaven, but what he has gone is just the tip of the iceberg of the eight heavens.

However, even if the first heaven is added to the eighth heaven, it is far less than the ninth heaven. Compared with the nine heavens, the first heaven to the eighth heaven is just a pediatrics.

If the world is likened to a planet, then the first heaven is the earth's heart, and the ninth heaven is the earth's surface.

The surface is naturally the most vast!

At the same time, Ye Xuan also knows that this ninth heaven has a name!

The ninth heaven, called by the world - the gods!

Therefore, Ye Xuan's Excalibur can no longer break the sky. Otherwise, he has already been on the Nine Heavens.

"The ninth heaven, the gods, I am Ye Xuan, will definitely arrive!"

Ye Xuan secretly vowed.

Because the fall was picked up by the sacred light from the ninth heaven, and there is no news so far.

Ye Xuan's current primary goal is to keep getting stronger and then violently smash the person who has been abducted.

At present, he is only a realm of the demigod. According to his experience during this period of time, the days he flies to the realm of the gods are not far off.

As a matter of urgency, he must first raise the realm to a demigod.

However, it was shortly after the \*\*\*\* flame family and the demon king.

"boom!"

Suddenly a loud noise fell into Ye Xuan's ear. He turned his head and saw that there was a golden beam in the east.

"this is....."

Ye Xuan brows a pick, slightly surprised.

He suddenly remembered that he was in the Seventh Heaven, when the Nine Heavens came down to pick up the golden light and picked it up.

Now, is there another one?

No, more than one!

In the other two directions, there is even a golden light, but it is very far away from him.

Chapter 2088: Devastation

"Nine heavens, is the \*\*\*\* world, what happened?"

Out of curiosity, Ye Xuan immediately swept toward the nearest golden light.

This time, he may be able to go to Jiuzhongtian in advance.

The first golden light is not very far from Ye Xuan, and it lasted for a very long time.

When Ye Xuan is about to arrive, this golden light is not over yet.

However, when he is about to arrive.

"stop!"

A violent drink fell into his ears.

Ye Xuan stopped and looked at the man in front of him and said, "Hello, is there something?"

"Ask a question, have you seen this stone?" The man took out a portrait.

In the portrait, it is a strange stone with strange symbols.

"No!"

Ye Xuan shook his head.

"is it?"

The man's eyes slammed, and the next moment, he shot directly.

The second half of the district, half of the gods, even dared to shoot Ye Xuan, really looking for death, in an instant, he was killed by Ye Xuan several.

After Ye Xuan took his shackles and the body to receive the engulfing space, he heard a system prompt.

"Hey, the host breaks through, and it is currently a product!"

The pseudo-god has already possessed the pseudo-god, refining the pseudo-power, while the demigod is the need to quench the semi-divine, while the pseudo-power will gradually transform into a semi-divine force, and the pseudo-god will also grow into a semi-deity.

Half-death, half-deity, semi-divine, this is the place where the demigod is strong.

However, let Ye Xuan be curious, what is the stone that this man is looking for.

At the moment, he is searching for the body of the body.

"Broken God Stone?"

Ye Xuan brows a pick.

What the man is looking for is called the robbery stone, which is said to be a kind of immune energy attack.

As for why you are looking for it, it is because the gods who came to the Eight Heavens in the past few days have commissioned.

Yes, it is a god!

The golden light is called a miracle, and in this miracle, a \*\*\*\* from the nine heavens is coming.

It is him, looking for this robbery stone!

"Is the smashing \*\*\*\* of immune energy attack, my virtual spirit, isn't it an immune energy attack?"

Ye Xuan brows a pick, suddenly had an idea.

Immediately, he immediately swept away toward the advent of the golden light.

There, it is called the Eight-Party Mountain.

It is said that this eight-party sect once cultivated a \*\*\*\* who flew up to the realm of the gods. At that time, the eight sects of the sects were considered to be the top forces of the eight heavens and were favored by the major forces.

However, after this \*\*\*\* man flew into the realm of the gods, there was no news and no doubt.

Therefore, Ba Fangzong suddenly fell to the valley and fell into disrepair. Now there is only one Qipin and half god.

However, with the coming of the gods in the realm of the gods, Bafangzong has once again received attention.

Coincidentally, this \*\*\*\* who descended on the Eight Heavens was the one that had risen to the gods before the Eight Fangs.

At this point, Ye Xuan is planning one thing in his mind, that is to use the virtual spirits to change some cultivation resources.

Hey!

Not long after, Ye Xuan came to the Eight Fangzong.

This \*\*\*\* who descended on the Eight Heavens is said to represent a certain mountain to find the stone of the robbery, so after he married the Eight Fangzong, he left and went to other strengths.

As for the other golden light, it is also the descendant of the gods.

The gods who had been rare for a few years, even took them one after another, and let the people of Eight Heavens be flattered.

For a time, this became the most popular topic in the region.

"Hello, is there something?"

After Ye Xuan came to the Eight-Party Zongshan Gate, there was a disciple of Bafangzong who stopped Ye Xuan.

"I, there is news of the robbery of the gods!"

Ye Xuan said directly.

"what?"

The disciple was shocked and looked at Ye Xuan and found that it was only a semi-god.

"Are you sure?" the disciple couldn't help but ask.

"determine!"

Ye Xuan nodded.

"Okay, then you come with me!"

The eight-party disciple nodded, and immediately brought Ye Xuan into the Eight Fangzong, and then handed it to an elder of the Eight Fangzong.

This elder of the Eight Orthodox is a six-and-a-half god, and is already one of the best in the Eight Dynasties.

"Kid, do you have news of the robbery?"

Asked the elders of Bafangzong.

"Have!"

After the sword \*\*\*\* is finished, he summoned the virtual spirit armor directly. He said: "My armor is what I got in an adventure. He has the effect of robbing the \*\*\*\* stone. I suspect that it is forged. At the time, it may be mixed with the robbery stone!"

"Battle armor?"

The elders slammed and immediately raised their hands to launch an attack.

This attack is only a semi-god level, but when it falls on the imaginary god, it is instantly shaken.

The elders were dubious, and attacked with the sword of the second-and-a-half-level gods, but they were still scattered by the imaginary gods.

Then, it is the three-and-a-half god, four products and half \*\*\*\* level.

"It's incredible. Even if it's a semi-artifact, if it's attacked by me, there should be a crack!"

The elder was shocked.

Then, he tried the attack of the five-and-a-half gods, and then his six-fifth attack.

However, his full-scale attack could not leave any trace on the imaginary god.

The robbery of the \*\*\*\* stone, it really is a robbery stone!

Of course, this is unlikely to use a whole robbery stone, but as long as some powder is added during forging, it is enough to achieve this effect.

"Young people, this set of armor, where did you get it?" asked the elder.

"It's from a ruin, but it doesn't matter, I can sell this set of armor to you."

Ye Xuan smiled.

"Sell?"

The elders sighed and said: "Is it difficult? This armor does not recognize you as the main?"

Treasures of this level generally recognize the Lord. Once the owner is convinced and the master dies, then the treasure will disappear.

How to sell this?

Unless this set of armor, there is no recognition at all.

"Elders, my armor, is to exchange some cultivation resources, I do not know how to elders?" Ye Xuan said with a smile.

"Okay, that's great!"

The eight-party elders almost cried, because this is what the great people of the world need, and now he is given, he will certainly be able to get a huge reward.

"These things are all used to buy your armor, how?"

The elders poured a lot of things out very generously.

After Ye Xuan saw it, it was also broken, and he hurriedly put everything into the swallowing space.

The elders are not afraid that Ye Xuan will leave with something. After all, the latter is only a semi-god. It is a delusion to want to take things away under his nose.

Ye Xuan did not say anything more. He took the imaginary gods directly and gave them to the elders.

"Very good, you can live in the Eight Fangzong now, and the Sovereign will also meet you!"

When the elders finished speaking, they took this imaginary \*\*\*\* and hurriedly went out.

Ye Xuan, under the arrangement of the disciple, stayed in the Eight Fangzong.

Chapter 2089: God!

"These things are enough to create a four-and-a-half god!"

Ye Xuan's eyes lit up and directly swallowed those good things.

"Hey, the host breaks through, and it's currently a second-and-a-half god!"

"Hey, the host breaks through, and it's currently a three-and-a-half god!"

His realm, continuous breakthrough, reached the three products and half gods.

Now, with his strength, there is no need to fear the Eight Dynasties.

However, he is jealous of the god, it is God.

Not long after, the lord of Bafangzong was looking for it.

"Young people, can you tell the address of the ruins?"

The lord of Bafangzong said.

Behind him, he followed the elders, but because Ye Xuan deliberately concealed the atmosphere, and this matter is no small matter, he did not care.

"That place is in Seven Heavens!"

Ye Xuan casually told each other a location, but it was actually the \*\*\*\* forest before.

However, the patriarchs of the Eight Dynasties did not believe much.

"Well, then I will ask you again, only then will you give the old armor of Lin, how can you disappear for no reason?" asked the Eight Owners.

disappear?

Naturally, there is no need to say more, it must be that Ye Xuan has collected it.

You must know that Megatron is not a true semi-artifact.

"Not sure!"

Ye Xuan shook his head directly.

"Young people, offended!"

When the voice fell, the Eight Dynasties, the seven-story and the half-sacred, flashed to the back of Ye Xuan, and pressed it on the head of Ye Xuan, ready to search for the soul.

Ye Xuan suddenly reacted. The next moment, he directly used the eye of the assassination to come behind the elder.

"Oh!"

A crisp sound spread, the elder's head flew directly, and the Qiang Kun ring also fell into the hands of Ye Xuan.

With Ye Xuan now the realm of three products and half gods, plus a sneak attack, killing a six-and-a-half \*\*\*\* is simply easy.

The sect of the Eight Dynasties did not expect that Ye Xuan could have such a means, and immediately turned and slammed a punch.

This blow is enough to kill a six-and-a-half god, but the fists fell on the evil spirits and were easily blocked.

"Solve him!"

Ye Xuan did not say anything, he let the tree and others waited for a hurricane, and started.

The octopus of the Eight Dynasties is the strongest of the Eight Dynasties, and the realm has reached seven products and half gods.

However, this strength, for Ye Xuan, is nothing.

Under the siege of the old trees, the black horns, the black gold swordsmen, the undead swordsmen, and the five elements of the swordsmen, the Eight Dynasties were killed.

Qiankun Ring also fell into the hands of Ye Xuan.

"Hey, the host breaks through, and it's currently a four-and-a-half god!"

Ye Xuan's realm, once again broke through.

Then, he used the true and false masks to disguise himself as the chief of the Eight Dynasties.

Ten percent camouflage!

As long as he does not shoot, even if it is a nine-faced god, or even a real god, I am afraid it may not be recognized.

"Put up a little character that doesn't know how to be tall and thick. Everyone is gone!"

At this time, Ye Xuan suddenly jumped into the sky and shouted aloud.

The movement here has already attracted the attention of the surrounding disciples, so Ye Xuan quickly explained it with the identity of the Eight Dynasties.

The disciples heard this and immediately dispersed.

Then, he took out another messaging token, and after brewing it, it was an open channel.

"My ancestors, I found a set of armor with a robbery stone!"

Ye Xuan disguised as the voice of the Eight Dynasties.

The next moment, there was a voice of a middle-aged man.

"I am coming soon!"

At this time, the object of Ye Xuan's voice is the \*\*\*\* man who came down from the gods. He also came from the Eight Orthodox Church, so the generation is much higher than the Eight Owners.

Ye Xuan is waiting here to prepare for the \*\*\*\* man.

If the demigod wants to prove the position of the gods, then you have to go through the gods and robbery. Once you have passed the gods, there will be earth-shaking changes.

Semi-divine, semi-divine, and semi-divine will be transformed into godheads, divine powers, and gods.

A \*\*\*\* man, there is no danger at all in this eight heavens, unless it is a rival.

The ancestor of the Eight Fangzong, who only spent a while, arrived at Bafangzong and did not know where he was from.

Anyway, the speed is amazing!

In the Eight-Parts, Ye Xuan felt the scent of this huge, immediately flashed out, and then quickly marked the other with the death killing order.

"This is the \*\*\*\* man!"

Ye Xuan's eyes are awkward and there are some flaws in his heart.

Although the real mask of Megatron is very practical, he is now facing God, and I don't know if it will be exposed.

"Old ancestor, you are here!"

Ye Xuan hurriedly smiled and greeted him.

This \*\*\*\* man is a middle-aged person, and it seems to be no different from ordinary half-god.

However, he wore a white armor with two words on his chest - white flame.

Ye Xuan knows that this is a force of Jiuzhongtian, called Baiyan Shenshan, and this \*\*\*\* man is joining the White Flame Mountain.

Now I have received the task, only to come to the Eight Heavens!

"Do not talk nonsense, what about things?" The middle-aged man said directly.

Hearing this, Ye Xuan is preparing to sacrifice the imaginary spirit, but in the next moment, his face is greatly changed.

"Tragic, the evil spirits are made by Megatron, and the true and false masks are also Megatron. Now I wear real masks, how can I take out the virtual spirits?"

Until this time, Ye Xuan discovered the loopholes and quickly used the god-level engulfing system to strip away the memory of the elder who died and then tamper with it.

"Old ancestors, please take a look at this!"

Ye Xuan took out a floating crystal spar and lost it.

This floating crystal spar is a scene that records the elders' test of the evil spirits.

After reading the middle-aged man, the eyes could not help but brighten. "It is indeed possible to rob the \*\*\*\* stone, something?"

"This... Elder Lin holds this treasure, I don't know where to go, maybe..." Ye Xuan said.

"Still, dare to grab things with me, find death!"

The middle-aged man was furious, and the knowledge of God began immediately, but he did not find the elders of the Eight-party sect.

At the moment, he immediately left the place and began to check around.

Taking advantage of this opportunity, Ye Xuan also made Megatron a virtual spirit, wearing it on the sword god.

Then attacked Bafangzong.

"Booming!"

The entire Eight Fangzong, like a piece of hell, was baptized by Ye Xuan.

However, these dead people will be resurrected by Ye Xuan in the future, and then they will be taken into the swallowing space to live in it.

Now their role is to be an extra actor, let Ye Xuan play this play.

The drastic changes of Bafangzong caused the attention of the middle-aged man of God. He immediately rushed back, and when he arrived, Bafangzong was already a ruin.

Chapter 2090: Lion mouth wide open

The middle-aged \*\*\*\* man glimpsed and turned to look at Ye Xuan, saying: "Is it what you did?"

"Ha ha ha, the armor of the ruined stone, is powerful, even the lord died in my hands."

Ye Xuan suddenly laughed.

"You are, Elder Lin?" The middle-aged man of God responded.

At this time, Ye Xuan wore a virtual spirit, and it was the first time he saw it, so he did not think that something was wrong.

"Old ancestors, sorry, I just want to try this armor made by the ruined stone, is it really so powerful." Ye Xuandao.

The middle-aged man is already angry and shouted: "Give me something, spare you a dog!"

Upon hearing this, Ye Xuan shook his head and said: "That can't be done. I want this armor. You have to exchange things with your ancestors!"

"Big words, look for death!"

The middle-aged gods have changed their faces.

Good guy, a half-god, dare to talk to him so much, really looking for death!

However, at this time he ignored a point.

The elders of Lin are six and a half gods, and the people in front of them are just four products and half gods.

In an instant, the middle-aged man is his own shot, ready to take this set of virtual spirits.

Of course, he has the strength to play, only seven products and half gods.

However, what surprised him was that his attack fell on the imaginary god, and it was instantly shaken.

Attack, invalid!

"It really is a robbery of the \*\*\*\* stone. As long as it is there, the mountain owner can safely pass the gods!"

Middle-aged gods think in their hearts.

The mountain master is the master of the White Flame Mountain. He is in a very dangerous realm. As time goes by, the time of the robbery is also approaching, so he has to rely on this robbery.

The so-called robbery of the gods is to ignore energy attacks and even resist the robbery.

At this time, the middle-aged man is planning to test this set of armor, and incorporates the powder of the ruined stone.

For him, of course, the more the better!

Only his attack, only seven products and a half gods, but this attack is enough to kill the eight-party sect.

However, Ye Xuan is able to be safe and sound.

So next, the middle-aged man is ready to raise the attack to the eight-and-a-half level.

"call out!"

A knife smashed away and once again fell on the imaginary god, but this time, just like Fang, has no effect.

Since there isn't, then try the nine-and-a-half-level attack!

"puff!"

The attack is still shattered by the imaginary god.

This time, the middle-aged man's face is a bit strange.

Even if the attack of the nine-and-a-half-level gods can't cause damage, then he has to attack with all his strength.

He, though only a god, is a \*\*\*\* man after all, and his full blow is enough to kill a \*\*\*\* man.

Can this set of armor survive?

"If you can't bear it, then if you take it to the mountain owner, you can't help."

Middle-aged gods think in their hearts.

In fact, the mountain owners of the White Flame Mountain did not have any hope, and they were ready to be robbed and killed by God. He just sent some people to look for it.

The high-powered gods are looking for in the realm of the gods, while the weak ones are coming to the Eight Heavens to try their luck. Maybe there will be unexpected gains. Anyway, they are dead horses.

Unexpectedly, I really found it!

"Old ancestors, why not attack?" At this time, Ye Xuan said.

"court death!"

The middle-aged gods were so angry that the long knife in their hands rushed out, and a colorful knife ran away.

"Calling!"

In an instant, this full-scale attack of the gods fell on the illusion of Ye Xuan.

But what makes the middle-aged man unexpected is that his attack still has no effect.

"The robbery of the \*\*\*\* stone, it must be the robbery of the \*\*\*\* stone is correct!"

This time, the middle-aged man can be determined 100%.

In this set of armor, it must have been incorporated into the robbery stone.

"Old ancestors, why don't we make a deal?" Ye Xuan said.

"What transaction?"

Middle-aged gods and gods are different.

"I will sell this armor to you!"

Ye Xuan said: "In addition, you have to guarantee that after you get this set of armor, you will not kill me!"

"I have cultivated so far, your courage is the biggest I have ever seen!" The middle-aged man of God slowly said.

"Old ancestors, although this set of armor can withstand the energy attack, but can not withstand the ordinary attack, if you want to kill me, it is easy. But, then you can not ensure the integrity of this set of armor!" Ye Xuandao .

As soon as this was said, the middle-aged man was hesitant.

He has already verified the effect of this set of armor. In his opinion, this set of armor must have been incorporated into the robbery stone.

If he shoots and kills Ye Xuan, then this set of armor may have to be destroyed.

Imagine taking a complete set of armor and going back with a broken armor. Which is better?

Nature is complete!

"Well, what do you want?" The middle-aged man of God suddenly agreed.

Of course, his purpose is only to get the armor. As for Ye Xuan, it is natural to kill, because Ye Xuan angered him.

"I need enough talents for me to cultivate to the top of the nine products and half gods!" Ye Xuan directly opened.

"what?"

The middle-aged \*\*\*\* man stunned and sighed that Ye Xuan was really a big lion.

A mouth is to have so many treasures!

However, in the realm of the gods, there are countless nine gods who have fallen to the top of the gods.

Even if you have so many treasures of heaven and earth, you may not be able to become a god.

Moreover, he has been a \*\*\*\* for some time, and these things are nothing to him.

"Well, I can give it to you, but if you want to play tricks, I will fight to destroy the armor, but also kill you!"

The middle-aged man of God immediately agreed.

"I am strong, how dare to deceive you!" Ye Xuan laughed.

At the moment, the middle-aged man is simply picking up a scattered ring of sorrows and then throwing things in.

Ye Xuan looked at this piece of heavenly treasure into the Qiankun ring, and then was thrown over by the middle-aged god.

"Hey!"

Ye Xuan took over the Qiankun ring, and immediately swallowed everything in the head.

"Hey, the host breaks through, it's currently eight products and half gods!"

Ye Xuan swallowed up the things inside, directly across the four realms.

If he does not need more experience than the average person, he can directly break through to the peak of the nine products.

"Ok?"

Ye Xuan's change in breath made the middle-aged man shocked.

How can a person break through from four products and a half gods in an instant?

"How did you do it?" The middle-aged man was surprised.

"When you die, I will tell you!"

Ye Xuan's face suddenly became cold, and the tone of the whole person has undergone earth-shaking changes.

He is not afraid of the real \*\*\*\* man in front of him.
