Chapter 2091: Killing God

"kidding me?"

The middle-aged man suddenly responded and said: "Do you think that with the realm of eight-and-a-half gods, and a set of armor that has been forged into the forged robbery, can you fight me?"

"Who said, only me?"

Ye Xuan sneered.

The next moment, the tree old, the black horn, the black gold sword waiter, the undead sword waiter, the five elements sword waiter and the beast sword waiter, all appeared.

Next, but there is a big battle to break out, Ye Xuan must go all out.

"court death!"

Upon seeing it, the dawn of the middle-aged man of God flashed directly to the tree and others.

At the same time, the beast swordsman also used a big move.

Beasts!

Another hundred figures appeared. This time, Ye Xuan summoned eighty-eight gold-level warriors to mount.

In addition, there are eleven Platinum-level Ares mounts!

Eighty-eight gold-class mounts, plus eleven Platinum mounts, a total of ninety-nine!

And the hundredth God of War is not a gold-level, not a platinum, but a higher-level Zijin-level God of War mounts than Platinum.

This is a cute bird named Shading Dapeng, which can be changed at will.

At present, the sky can be maximized to cover a million kilometers of land.

Covering the sky, the name is true!

"let's go!"

Under Ye Xuan's order, everyone rushed to the middle-aged man as a beast.

At the same time, he also opened the skills given by the swordsman of the beasts - the feast of the beasts.

There is also a huge gap between the demigod and the god, but Ye Xuan is the peak of eight products and half gods. With so many helpers, he is not afraid.

"White Flames!"

"Give me the ashes!"

The middle-aged man of God also took out the tricks of pressing the bottom of the box. This is the product of the practice of the white flame **** in the White Flame Mountain. It is a kind of fire and powerful.

It is a pity that this thing has no effect at all in front of the five-line swordsman.

The five elements of the sword waiter, immune to the golden wood water and fire five kinds of attributes attack, this white flame fire is a fire, but it is still a fire attribute.

The five elements of the sword waited directly to the head and absorbed all of the white flames. Then, the breath of the five elements of the sword waited for a surge.

"What, swallowed the white flames of fire?" The middle-aged man was shocked.

These people, what is the end, one is more terrible than one?

When he was surprised, he was surrounded by a group, and then, a horrible attack followed.

Despite being a god, the middle-aged man can't stop such a powerful attack and is instantly injured.

It is not so easy to kill a **** man!

"Hey!"

The Zijin-class God of War mounts the sky and the Dapeng directly becomes bigger, and one of the claws will catch the middle-aged man.

Then, those power-type Ares mounts were all shot.

Although these God of War mounts are powerful, they can pose a threat to middle-aged gods. In fact, there are only five lines of swordsmen, beasts and swordsmen.

Of course, there is also a sword!

However, this time I was able to summon the Zijin-class God of War mounts, which was beyond the expectations of Ye Xuan, so it should not be used.

"Do you dare to kill me?"

The middle-aged man of the gods raised his eyes and asked a look that he could not believe.

Ye Xuan, just eight spirits and half gods, but even dare to blaspheme, is simply daring.

"God, it's just a group of people who are strong enough to kill, how about killing you?" Ye Xuan said coldly.

Now, he has no other thoughts about killing, just want to kill and kill.

First, it is to kill people and win the treasure, and then find the fall as soon as possible.

Second, those who are killed by him, he will collect his body, after he reaches a certain level, will resurrect it, let it survive in the devour space.

So, what is it that is difficult for him?

"Hey!"

In a crisp sound, the head of a middle-aged man is directly worn by a saber-toothed tiger, which is made by the beast of the beast.

dead!

Ye Xuan, with the realm of eight products and half gods, killing a **** man, can be described as horrible.

However, this is not the point!

At the moment, he took his body and took it together with Qiankun.

How much is the wealth of a **** man?

"Hey, the host breaks through, and it is currently the peak of the nine products!"

After Ye Xuan swallowed up the vast majority of the wealth of the middle-aged man, the system sounded a tone.

At this time, Ye Xuan has reached the peak of the gods, only one step, is the gods.

The bad step is the **** robbery!

"Hey, after the system calculation, the current success rate of the host is 100%!"

The system prompts again.

There are many factors that can affect the success rate of the robbery, such as Ye Xuan's semi-power, physique, magic weapon and so on.

However, the most influential one is the imaginary god.

The system has already taken into account all the factors of Ye Xuan, but the others are useless.

The magic weapon of the sacred spirit is enough to survive the robbery.

"God robbery, come on!"

Ye Xuan did not say anything, he began to take over the gods.

Whether it is the Eight Heavens or the Nine Heavens, people are dead all the time under the horror of God.

Ye Xuancai just broke through to the peak of Jiu Pin and Shen Shen, and began to take over the robbery. If it is known by others, it will definitely be a self-sufficient one.

However, Ye Xuan has a 10% grasp!

At this time, somewhere in the Eight Heavens, Ye Xuan's deity wore a virtual spirit, and felt that the **** of robbery on his head was growing.

After a long time.

"Hey, the thunder of God is about to fall, the countdown begins!"

"three!"

"two!"

"One!"

"boom!"

Ye Xuan's ear suddenly heard a roar, and when he looked up, he saw a slender robbery falling.

Then, it falls exactly on his head!

It is a pity that this robbery was easily shaken by the imaginary god.

The best way for ordinary people to rob God, is to resist the robbery, so that the robbers can greatly remove the impurities in the body. After breaking through to the gods, the strength is stronger than others.

Secondly, it is the use of the treasure to resist the power of robbery, so the effect of robbery is worse.

And Ye Xuan, who used the virtual spirit to directly immunize the robbery, but he has a god-level engulfing system.

"Hey, the host has gone through the robbing of God, and he has proved that he is a god."

Others need to use the robbery to temper the body of the demigod into a god.

And Ye Xuan, there is a **** level engulfment system to strengthen!

After the catastrophe, his physique has undergone earth-shaking changes.

He felt it, and he couldn't help but slightly tilt his mouth. He sighed: "Now, in this eight heavens, who else can pick me up?"

In the Eight Heavens, there are a lot of people who are sent by the White Flame Mountain to find the gods who are robbing the gods. The highest is the second person waiting for the gods.

Chapter 2092: system error

Now Ye Xuan has broken through to wait for a god, and with the increase of blood, no one can pick him up.

At the same time, he also has the qualification to break through the eight heavens and go to Jiuzhongtian.

However, this is not over yet.

The oldest trees are Ye Xuan's pets. Now Ye Xuan is a god. They are also dimmed and can become gods.

But what Ye Xuan expected was that the tone of his fantasy did not appear completely.

"Hey, Megatron breaks through, and is currently a godman!"

"Hey, the flames swallowed the unicorns, swallowed the black scale dragons, and destroyed the gods, and the qualifications reached the upper limit, and they could not be broken!"

Hearing this, Ye Xuan was stunned.

"The qualifications of the old tree, the black horn and the broken sky have reached the upper limit and cannot be made into a god?"

Ye Xuan muttered, and immediately told the three of them.

"Oh, it seems that this is our end." The tree sighed.

"Don't worry, there will be adventures in the future, so that your blood will improve!" Ye Xuan said quickly.

"Little Master, no need!"

The old tree shook his head and said: "These years, we have seen you grow from a mortal to a fairy, and then prove the position of God, already satisfied."

"The next road, I am afraid you can only go by yourself!"

"If you can, the two of us want to be in the space of engulfing, and the same life, quiet life!"

Hearing this, Ye Xuan could not help but be silent.

The sky has not appeared for a long time, although his realm has been followed, but due to blood, the fighting power has been insufficient.

"Hey, the host triggers a random mission, and cancels the contract with Yan Yan, devours the black scale dragon, and breaks the gods!"

"Reward, no!"

This system sounds so that Ye Xuan has a white eye.

For the first time, he encountered a random task without a task reward.

Even the last time he killed the demon king, he was slow to complete, but he also received a reward of 10,000 fake crystals.

But this time, this is the old request of the tree, presumably they are tired, do not want to fight and kill, so I want to live quietly.

"The tree is old, I respect your decision!"

Ye Xuan nodded, even if he unlocked the old, black corner and broken contract.

From now on, he will only have two pets left, one is the pick-up from the pick-up of the light from the nine heavens, and the other is Megatron.

If there is any adventure in the future, the old three of the tree will not change again, and the progress will become a stronger blood.

"Little Master, thank you!" Tree old grinned and smiled.

"Well, you are living in the space, you will not be in danger." Ye Xuan nodded.

Devouring the space, he is dominated, even if the gods go in, it is also a dead end.

Moreover, even if the old three of the trees are free, they can live with Ye Xuan's relatives, and they can become close relatives in the future.

Presumably, this is the real reason for the three old trees!

Of course, Ye Xuan is very grateful to the three old trees.

The battles of the three of them are Lei Lei. If they are not, Ye Xuan will not grow to the point where it is today.

Now, they should also retire!

"Fortunately, Megatron's qualifications are sufficient to keep up with me."

Ye Xuan smiled.

Megatron, his first pet, once died, and was resurrected by the upgrade of the phagocytic system into a super-phagocytic system.

Then, all the way to Ye Xuan went to the point of today.

As for the second pet, it is now in Jiuzhongtian, Ye Xuan can also sense her existence, but the distance between the two can no longer be measured by the gap.

In short, very far!

"Let's fall, wait for me!"

Ye Xuan's flash of light flashed directly into the sky, and then he took a sword and broke the eight heavens.

However, when he rushed into the dark space, the system's tone sounded again.

"Hey, Jiuzhongtian is close to the sky, if the host enters the Nine Heavens, the system will open the hidden mode, and there may be unknown faults at that time!"

"what?"

Hearing this, Ye Xuan's eyes widened.

Entering the nine heavens, the system will actually fail?

"What is the situation outside the day, but also to open the hidden mode?"

Ye Xuan couldn't figure out the situation.

This one changed, so that he could not help but stop.

However, he guessed that this was an inevitable event unless he stayed in the Eight Heavens.

However, if you stay in the Eight Heavens, how can you continue to grow, how to find the land?

So, he decided to give it a try!

At the moment, he broke open eight heavens and rushed into the dark space between Eight Heavens and Nine Heavens.

“Hey, is the host confirmed to enter the Nine Heavens?”

"Yes!"

This time, Ye Xuan did not hesitate to directly respond.

After he answered, the system did not have any echo.

The dark space between the Eight Heavens and the Nine Heavens was still long. Ye Xuan flew up for three days and three nights before coming out from the inside.

On the fourth day, Ye Xuan finally arrived at Jiuzhongtian, which is the **** of the world's population!

“Hey, the system automatically enters the hidden mode!”

“Hey, the trial tower system is off!”

“Hey, the gate system is closed!”

"Hey, Megatron's flying sword shape is lost, and the magic weapon is cleared!"

"Hey, the blood of the sword **** has changed!"

"Hey, the blood of the **** of war has changed!"

"Hey, the title is all lost!"

.....

A system prompt sounds, and it sounds one after another.

Unexpectedly, just open a hidden mode, the system has so many faults, it is terrible!

"Mom, Megatron's magic form is cleared?"

Ye Xuan has not finished listening, his head is a sink.

Megatron's magic form is very easy to use, such as the beast **** clock, the virtual spirit armor.

Throughout the Megatron, there was only the ability to change ordinaryly. The magical forms that he had fixed before were all lost. It was really terrible.

Moreover, changes have taken place.

Now Megatron's magic form, there are three magic weapons every day, after each use, the magic weapon will be refreshed, the day can not be reused, unless the magic weapon fixed.

Moreover, Megatron can only be turned into three magic weapons every day. Of course, if it becomes a fixed magic weapon, it is unrestricted.

However, this change in Megatron is not the focus.

What makes Ye Xuan helpless is that the blood of the sword **** and the blood of the **** of war have changed.

The sword **** is separated, Nima is gone!

Not only that, but the two avatars in the mortal world and the double heavens also disappeared together.

"System, you @#s¥%b@%"

Ye Xuan couldn't help but scream.

At the moment, he is quickly looking at the two half-level blood.

day!

The two most important blood vessels have turned weak!

Now the blood of the sword god, there are only two advanced routes of the sword **** body and the invincible sword service. Moreover, the invincible sword waiter, the black gold sword waiter, the five elements sword waiter, the undead sword waiter are all lost, only the left A beast sword waiter.

The advanced route of the kendo of God is lost after the system error, that is, the Excalibur is gone!

Ye Xuan's one card, even because of system errors, lost one after another, it is terrible!

"Hey, all the lost advanced routes are likely to be retrieved!"

The system prompts.

"How to get it back?" Ye Xuan asked immediately.

"Hey, the method is unknown, please host it yourself!"

This one answer, let Ye Xuan turn a blind eye, you are the system, you will not know?

Fortunately, the invincible swordsman is still in the advanced route, otherwise Ye Xuan will cry and die. If it is the body of a sword god, what is the blood of the sword god?

In addition, the blood of the God of War is only lost a skill in the field of God of War, the change is not too big.

No, not only in the field of God of War!

"Where is it, the gold-level guarantee of the God of War mounts is summoned, and it has become a silver-level guaranteed call?"

Ye Xuan turned his eyes again.

Can the silver-level Ares mount compare to the gold-level Ares mount?

Fortunately, with the retreat of this skill, the swallowing point required for advanced is also reduced. Now only three points of swallowing point are needed, and you can re-advance and return to the gold level.

However, the biggest blow to Ye Xuan is that the sword **** has disappeared.

This means that in the future, only his deity can be dispatched!

"Ugh!"

Ye Xuan sighed and summed up the changes.

Due to system error, the trial tower system was closed, the sacred door system was closed, the shape of the flying sword of Megatron was lost, the shape of the magic weapon was cleared, and the blood of the sword **** and the blood of the **** of war changed.

In addition, the eye of the void, the eye of the assassination, and the skills that followed him for a long time are also lost, leaving only the eye of insight and the order of death, and the lucky value of the Megatron and the crit effect disappeared!

In the future, unless you increase your lucky value again, there will be no crit or one-shot kill!

In this way, he only has the redemption system, the forging system, and the mission system.

As for the skills, only the hand of devouring, the engulfing of the air, the eye of insight, the killing order of death, summoning the invincible swordsman, summoning the God of War.

In addition, only Megatron is a helper!

However, Megatron's magic form is cleared, the true and false masks used for camouflage, the imaginary spirits of immune energy attacks, the beasts of the beasts that suppress the strength of the beasts and have the effect of searching for souls.

"Now I am a godman. I have to be careful after I have no evil spirits!"

Ye Xuan thought in his heart.

Before him, there were two ordinary avatars to prevent the fall and an invincible sword god, but now he has nothing.

Therefore, he must be careful!

at this time.

"Hey, after the system enters the hidden mode, a failure occurs. Please repair the system as soon as possible, otherwise it may continue to go wrong!"

"Hey, the system will compensate the host and start collecting random compensation rewards!"

Chapter 2093: Sword

"Hey, congratulations to the host, get random compensation from the system, attribute 'crit'!"

"Hey, congratulations to the host, get random compensation from the system, and the lucky value of the property is improved!"

Yep?

Crit attribute, lucky value attribute?

Ye Xuan's brows were slightly wrinkled, but they quickly spread out.

The two compensations given by the system seem to be no different from the previous ones, but they are not.

Let's talk about the crit attribute. This time, the crit has a high probability to trigger a ten-fold crit. At the same time, there is a small probability to trigger a hit.

The difference is here, the three words of high probability, have explained everything.

Let's say that the lucky value attribute, this thing seems to be embarrassing, but in the actual use process, it can greatly enhance Ye Xuan to find special items, and find the probability of the system hiding random tasks, more practical than the previous lucky value.

It can be said that the two rewards given by the system are simply tailored to the current strength of Ye Xuan's rapid recovery.

The most important thing for Ye Xuan now is to find it.

But now, the falling audio can be said to be nothing at all, only to sense the general direction of where the landing is, but the distance between the two is not enough to describe the gap.

Therefore, even if Ye Xuan is in a hurry, he can't help but can only take one step.

If the gods are invincible in the Eight Heavens, they can be a bargain in the streets.

It is completely at the bottom of the realm of the gods that Ye Xuan is now waiting for the realm of the gods.

A system error has caused Ye Xuan to fall into the lowest trough in history.

It's not that easy to find a way to recover and to restore strength.

Ye Xuan's current plan is to hide himself first and then seek a breakthrough opportunity. After all, he has only one deity.

There is no life-saving avatar, and there is no sword **** avatar, even the imaginary **** armor is gone.

Fortunately, the basic function of the system, the phagocytic ability did not fail. If the phagocytic ability is broken, it is really a tragedy.

Ye Xuan carefully observed it around and did not find anything special.

However, the front of a mountain, but it caught his attention.

"There are mountains, there are beasts. Now I am in the realm of the gods. Should it be called a beast? So, now, I will take these beasts to level up!"

Ye Xuan silently said something in his heart.

This sentence is full of helplessness, but it is also full of domineering.

Jiuluo seven mountains!

This is where Ye Xuan is now, but what Ye Xuan does not know is that this mountain of God is not as simple as he imagined.

Ye Xuan came to the mountain of God, just approaching the edge, he could not help but stop, as if he had thought.

There are beasts in the mountains!

Three products waiting for the beast, splitting the gods!

Five products waiting for the beast, the sharp tip seal!

.....

A large group, a large group of beasts are in front of Ye Xuan.

"Good place, this place is simply tailored for me now!"

Ye Xuan smiled and rushed straight up.

"Hey, the host triggers serial random tasks, the beasts fight, the first ring, the beast!"

"Hey, the host triggers a serial random task, the system recasts!"

"At this stage, the host will receive a variety of random tasks, each complete a ring, speed up system recovery time, all completed, will have the super-capability of a custom recast system!"

Two system prompts, let Ye Xuan go straight!

System recast!

Actually, there are such hidden settings.

Although it is said that Ye Xuan does not know the recasting of this system at all, how is it?

However, just listening to this name, we already know that this system is recast and should be related to system failure.

It seems that this Jiuluo seven mountains is just a small part of the system recasting the chain task.

In an instant, Ye Xuan thought of a word.

It's not a blessing, it's a curse!

Sure enough, this sentence is a bit good.

The moment before, Ye Xuan, who was in trouble because of system damage, saw the dawn of hope in the blink of an eye.

"kill!"

Ye Xuan said nothing, directly summoned the beast swordsman, and directly killed the group of gods and beasts.

"Beasts!"

The beast swordsman is directly using the big move, and once summoned hundreds of God of War mounts.

However, due to system errors, the original call of the God of War mounts, from the gold level to the silver level, the strength is greatly reduced.

However, even the silver-level Ares mount is already at the beast level.

Now, it is the battle of the beast to the beast!

Ye Xuan, the crit is constantly triggered, and occasionally there is a hit and kill skill trigger!

However, here, even the lowest level of the beast, the realm is much higher than Ye Xuan.

However, this is not a problem for Ye Xuan.

In just half a day, he killed hundreds of beasts!

"Hey, the host completes the first ring mission of the beast and the big ring, triggers the second ring mission, thousands of beasts!"

Continue to kill?

Ye Xuan wouldn't mind, killing these beasts, although it does not allow him to get too many benefits, but by swallowing the bodies of these beasts, Ye Xuan's strength has been rapidly improved.

At this point, killing the hundred heads of the beasts, has already let Ye Xuan rise to the second realm of the gods.

"Hey, the host completes the second bad task of the great beast, triggers the third ring, and the beast!"

After the thousand beasts are finished, there are still thousands of beasts!

This pitted chain of tasks.

Ye Xuan is surrounded by the nine mountains and seven mountains, and has been fighting for seven days in a row!

kill!

Unlimited killing!

Ye Xuan's strength is not enough to enter the interior of the Jiuluo Seven Mountains. He can only kill those who are single or small in the vicinity of the mountain.

However, this endless battle still makes Ye Xuan a little bored.

Of course, the strength of Ye Xuan is constantly improving. At this time, Ye Xuan has already reached the realm of the five gods.

This speed of improvement, really, very cool!

The key point is that this is a part of the system recast, Ye Xuan naturally will not give up.

It is fifteen days!

With the improvement of strength, Ye Xuan's ability to kill these beasts is getting faster and faster. In fifteen days, he killed thousands of beasts.

It can be said that the low-level beasts outside the Jiuluo seven mountains have been killed by Ye Xuan!

Of course, the endless battles also bring a lot of benefits to Ye Xuan.

Nine products are waiting for the gods!

Who can think of a guy who has soared in a nine-day genius for a month, and even went from a product to a **** man, directly to the nine products, a full eight levels of improvement.

This upgrade speed is simply shocking.

Such a long-term killing, so that Ye Xuan could not help but some numbness.

However, fortunately, after the beasts, there are no hundred thousand beasts!

"Hey, the host completes the mission of the beast, triggers the fourth ring, and the nine-seven-six-six-soul beast kills the mission. At the same time, the host receives the three-ring cumulative reward and randomly acquires one of the soldiers!"

"Hey, rewards are being drawn!"

"Hey, congratulations to the host, get upgradeable soldiers, and swear!"

Is the reward paid?

A sword?

Ye Xuan took the sword that the system gave to the hand, but only looked at it, but took a breath.

Good metamorphosis property!

弑Shenjian, the heart of the nine-day dragon is the marrow, the bone of the **** is the blade, the soul of the gods is the spirit, the heart of the hundred thousand demon gods, the core of the heavens and the earth, the fire of the void, the resentment of the soul is forged, experience nine The ninth and eighty-one gods robbery, spent seven hundred and seventy-nine thousand years of time, forged out the supernatural artifact!

Chapter 2094: Totem

At present, the Sword of the Sword is a primary form, with its own special attributes - 弑 God, in the face of the Devil, the demon, the gods, will provide the host with 5 percent of the ability to bless.

Bring your own attack skills, destroy the gods, face any gods, demon gods, gods and other gods, you will have a crit effect!

With its own defensive skills, the spirit of the shield, the host kills any demon, demon, spirit and other gods, automatically store the soul of the debris, if necessary, with the soul of the debris to construct an invincible defense shield!

The perverted scorpion sword, this is only the primary form, there is such a strong repression ability.

Is this the real system compensation for Ye Xuan?

Compared to the previous two attribute abilities, this sacred sword is undoubtedly more than a hundred times more powerful!

Ye Xuan is happy.

This time, he is really happy, good things!

This is definitely a super good thing he unexpectedly.

Such a good thing, I am afraid, if not the system compensation given, let Ye Xuan go to get it, the difficulty factor is not generally large.

Ye Xuan, holding the sword, once again found the invincible feeling.

Jiuluo seventeen sixteen beasts?

Wait, then!

I am Ye Xuan, I will kill you one by one!

For the first time, Ye Xuan began to walk inside the Jiuluo Seven Supreme Mountain. On top of this mountain, there was obviously a strong ban.

At the periphery, Ye Xuan still doesn't feel very obvious, but as he goes deeper, it feels more and more clear.

"Don't it be that this nine mountains and seven mountains are not a land of nowhere?"

Ye Xuan frowned slightly, and her heart raised doubts.

Of course, even so, Ye Xuan will not stop.

At this time, in front, suddenly a voice came, so that Ye Xuan immediately stopped.

"Well, weird, why are those low-level beasts, a lot of losses? Is it impossible for Jiuluo to be mad and not crazy?"

"Impossible, the mountain master has once again reinforced the seal of the nine Luo seven, they can not eat so many low-level beasts in a short time! And this nine Luo seven mountains, is the hinterland of my beasts, also It's impossible for someone to come in and mess around. The nine-six-six-six-soul beast is counted as precious, but it's just a top-notch totem of the best, and it's not worth the other gods.

This voice seems to be doubting the disappearance of the tens of thousands of low-level beasts.

At the same time, another voice continues to answer:

"It is not impossible. I heard that Mo Court has released a new mission. Any **** door, as long as it can surrender a hundred totems, you will be able to get a special reward from the cabinet, let us be the beast, but it is Mo There is a small **** door among the three thousand beasts in the cabinet, but there are 72 totems of different animals, saying that no one has an idea, this is afraid that no one will believe it!"

.....

The dialogue between the two people provided some useful news for Ye Xuan. It seems that his current position is a place called the Beast God Gate to raise the totem beast, and the nine Luo seven, sixteen beasts, It is a totem beast.

However, this beast of the beasts is nothing more than a branch of the small gods that is called the cabinet.

Totem beast?

Do you go to the cabinet?

Wan Beast God Gate?

Ye Xuan slightly frowned.

It seems that this godland, in fact, is not much different from other places. It is also the constant struggle, the same strength is respect, and the interests are the first.

However, Ye Xuan is now ignorant of this god.

Then, do you want to take down the disciples of the two beasts, and have a detailed understanding?

No matter, since it is difficult to meet two people, Ye Xuan, you can't let go.

Only by knowing oneself and knowing each other can you fight for nothing.

What's more, from the dialogue between the two people, Ye Xuan also heard some special things.

Is it possible that the fall may be attributed to the totem or something?

Was it taken by these forces to be taken to the Nine Heavens?

If this is the case, then Ye Xuan is absolutely unacceptable.

As soon as the figure moved, Ye Xuan quickly flew away in the direction of the two.

Just right, you can try the power of this sword!

The two did not have the slightest defense at all.

The nine mountains and seven mountains are the hinterland of their beasts. It is plain, that is, the back garden, who will be careful in the back garden of their home.

Therefore, although the strength of these two people is higher than Ye Xuan, they did not notice the slightest after Ye Xuan discovered them.

Of course, with Ye Xuan's approach, finally, one of them looked up at Ye Xuan's position with vigilance!

"Who!"

The man shouted loudly, and at the same time, a long whip in his hand gave a fighting stance.

"Brother, what happened?"

Another person looked at the brother of the difference and didn't know what was found.

"Someone!"

.....

However, this sentence is finished, Ye Xuan's attack has arrived.

It must be quick and quick. Once the two men let the signal out and summon their companions, then Ye Xuan is tragedy.

"Destroy the gods!"

A shot is the attack effect of the Excalibur.

Between the crashes, there seems to be a thousand gods in the void that have fallen to the supreme pressure.

The power of violentness made the two people frightened.

"Awesome power, this, is this the attack of the gods?"

Gods and people are divided into the middle and lower third!

Above the gods, it is the god!

God, is also divided into three!

It can be said that the gods have surpassed the two realms of these two disciples, and they are absolutely unbeatable.

"defense!"

The brother shouted, it seems to remind his younger brother, and he himself, there is a circle of milky white light around the body, to defend.

However, Ye Xuan's attack, the goal, is not him at all, but the younger brother.

"Hey!"

A sword kills, destroys the gods, and reveals for the first time.

Until this time, Ye Xuan was only until these two guys, they were all in the realm of middle gods.

Of course, it is not enough to fear.

The younger brother, who died before they figured out what happened, fell directly.

In the eyes of the brothers, it was a look of awkwardness. In the direction of Ye Xuan, he asked aloud:

"Who is the predecessor, why do you kill my disciples?" I have never been arguing with the world. Is there any misunderstanding?

misunderstanding?

Ye Xuan's figure came out.

"We really have no misunderstanding, but, sorry, you must die."

"You, you, you are just waiting for the gods? This, how is this possible!"

The beasts of the beasts are good at cultivating animals and beasts. Because of this, the disciples of this **** are all good at all kinds of animal control.

The animal soul blessing is the most basic means.

For example, the younger brother, the body has long been blessed with the power of several beasts, and the physical constitution has reached a very terrifying state.

I did not expect that it would be killed by a sword of the inferior god.

Such a terrible attack power, how to make this brother not afraid?

Ye Xuan can only say sorry to these two people.

Well, these two people are also the first people he encountered when he came to the realm of the gods. However, the nine-six-six-six-soul beast, Ye Xuan must be killed, so they must die.

Chapter 2095: First heard Lingxuan Court

Ye Xuan did not continue to speak, but launched an attack again.

"Destroy the gods!"

The pressure of terror is coming again.

The brother of the brother was stunned. The body of his younger brother was still there. Even the people in front of him were just inferior to the gods. He did not dare to carelessly.

"Red gold basaltic soul soul bless!"

"Wangguhu 魂魄 soul soul bless!"

"Give me a hold!"

In an instant, this person has a powerful and powerful pressure, all used for defense.

Unfortunately, it is still not enough.

"Hey!"

A loud noise, the man was directly smashed, even before it fell to the ground, he has lost any resistance, and was directly forced into the plant space by Ye Xuan!

A good sword, this power, no one!

At the same time, Ye Xuan also won the two people's ring!

It can be said that there are some things inside, which Ye Xuan has never seen before.

However, these two are not the disciples of the beasts of the beasts. Among them, most of them are the materials of various beasts.

From the memory of the brother, Ye Xuan did not get much news, but for the current stage, it is enough.

It turns out that there are many kinds of gods and beasts in the realm of the gods, but there are also many gods dedicated to raising these beasts. What they do is this totem.

Because the totem beast is an indispensable material for the refinement of some special magic weapons.

At the same time, some special exercises also need this kind of beast.

However, this feeling, but let Ye Xuan think, can it be said that in the realm of the gods, what is the **** beast, is there really no such status?

Forget it, take him so much, complete this random task first, then go to the cabinet, check the news about the fall, is the focus.

Ye Xuan is extremely fast, moving toward the top of the mountain.

He has now accurately grasped the position of the sixteen totems.

Soon, the first totem beast appeared in front of Ye Xuan.

This is a strange beast with a head like a tiger, a hoof resembling a cow, a four-winged back, and three pony tails.

This is not the key, the key is the word on his forehead!

"Respect!"

Yes, this is the word, respect the beast?

The biggest way to identify the totem beast is the word on the forehead, respect, king, emperor, heaven, and woo!

This is the hallmark of the five universal totem beasts.

Of course, in general, this handwriting will not be revealed. Only when it is discovered and a special spell is applied will it be clearly revealed.

"This is the cow and beast?"

It is said that the cow and tiger beasts are able to bless the power, refine the body, or make a blunt weapon. However, why can't I see what is special about him? "

Ye Xuan looked at the totem beast in front of him, and was puzzled.

At this time, the cow and tiger beast, like a sick old man, even lazy to look up and see Ye Xuan.

Is the prohibition of the beasts of the beasts suppressed?

Well, it's just cheaper.

"Destroy the gods!"

Say it is easy to start, since the goal has been clear, Ye Xuan, there is no need to delay time.

"boom!"

Enough to kill the gods of the gods, the violent attack on the cow and the beast.

However, the result was that Ye Xuan was an accident.

The attack is invalid!

how is this possible!

How could the attack be invalid!

This, what is going on?

Jiuluo seven beasts are the sixteen beasts that Ye Xuan must kill.

Only when this first head was encountered, an attack was invalid.

This makes Ye Xuan acceptable.

"No, I still don't believe, can't kill you!"

"Destroy the gods, give me a crit, give me a blow and kill!"

.....

Unfortunately, the crit effect came out, but it did not trigger a hit.

At the same time, Ye Xuan finally saw why he could not kill this cow and beast.

"Not good, it is a ban!"

Ye Xuan's heart screamed badly.

Try to use the **** level phagocytic system, but hear a system prompt.

“Hey, the system is currently in a broken phase and it is impossible to break the ban!”

Now, even the god-level swallowing system can't break the ban, and his attack is all taken over by the ban.

Then, there is no suspense, the people of the beasts of the beasts must have known the things here.

Retreat!

It's useless to stay here now.

Once the people of the beasts of the beasts are chasing, then Ye Xuan will be in trouble.

Damn ban.

Ye Xuan was annoyed in his heart, but he could only retreat at full speed.

Sure enough, shortly after Ye Xuan left, several disciples of the beasts of the beasts rushed over.

"Oh, weird, the totem beast has not changed. Why do we get an alarm that the ban is attacked?"

"Maybe a totem beast has just tried to attack the ban, hey, want to break the ban of the elders, these guys, think too much!"

.....

Ye Xuan has already withdrawn, his goal is Han Haocheng.

The gods, it seems, is not as simple as the surface.

The level of realm is one of them.

However, supernatural powers are also the most critical accessory combat power!

The attack on the cow and the beast failed, Ye Xuan, I thought of the Lingxuan Pavilion auction in this Hanhao City!

Yes, Ye Xuan, I want to buy something, because only in this way can we break the ban and strengthen our strength, for example, the magic weapon!

The Lingxuan Pavilion auction is said to be the largest auction in the realm of the gods. They themselves are a powerful organization.

It is said that there are sub-venues opened by the Lingxuan Pavilion auctions throughout the realm of the gods.

This auction, with strong strength as a card, so as long as you have enough capital, then, what you want to get here is possible.

Ye Xuan is not at all affluent at present. What he has is nothing but the material of the tens of thousands of beasts that he has killed, and the sacred ring that the two beasts of the beasts have left.

When it comes to materials, I have to say that when I swallow this beast, Ye Xuan can choose whether to leave important materials, which is one of the benefits of the upgrade of the phagocytic system.

After all, some materials, if used for exchange, are often able to obtain benefits that are several times greater than the value of direct devouring.

This point, Ye Xuan will not miss it.

He first came to see him. In the realm of the gods, he was just a rookie, a negligible pawn.

Therefore, Ye Xuan left a part of the material of the beast.

Otherwise, devour the tens of thousands of beasts, in fact, it is enough for Ye Xuan to break through to the realm of the middle god.

The common currency unit of the gods is something called a crystal.

This kind of thing is a special substance that is concise in the void.

No matter how many quantities, but you want to collect, you need the main **** level!

Lord God!

That is the super existence that Ye Xuan can only look up to now.

Shenjing is able to make energy refining and cultivating directly from all of them, so it becomes a universal currency.

Among the two sacred sacred disciples left by the sacred beasts, only a few thousand sacred crystals were left to Ye Xuan. It is conceivable how precious this is.

Ye Xuan walked directly into the Lingxuan Pavilion.

A receptionist, glanced at Ye Xuan, but the corner of his eyes leaked a disdainful look.

A subordinate **** man in the district, even dare to come to Lingxuan Pavilion?

Not self-reliant!

However, the rule of Lingxuan Pavilion is that the entry is not only a guest, so this reception, although with the cultivation of the finest gods, can only come to Ye Xuan.

Chapter 2096: Breaking the ban

"What do you have to buy or sell?"

The indifference and disdain in the tone made Ye Xuan slightly frown.

Hey, a reception in the district, even dare to be so embarrassed in front of yourself?

Ye Xuan also lazily took the bird directly, ignoring it directly, but went to another receptionist.

"Hello, I want to sell some animal materials."

"Amount, are you going to sell the materials, ok, I will take you there."

This reception is obviously more quality than the one just now.

"Damn, dare to ignore me!"

The former receptionist was cold and cold.

He is the person of Ling Xiaoge, but his strength is beyond the realm of Ye Xuan.

Ye Xuan in front of him, not only did not have the slightest respect, even dare to ignore him!

Such behavior makes him unacceptable.

Pinch the fist, if not in the Ling Xiaoge now, afraid that he will directly do it.

"Hey, kid, walking around, the gods in the area, and dare to be so arrogant, I must make you look good."

Ye Xuan did not realize that he had sinned such a villain without knowing it.

Of course, even if Ye Xuan knows, he will not care about such people.

This kind of villain is not worthy of Ye Xuan to pay attention to.

Soon, the reception in front of Ye Xuan brought Ye Xuan to an old man.

"The son, what material do you have, you can give it to the elder Lin, the elder Lin will estimate the price for you, and then give you the corresponding reward."

The reception smiled and looked at Ye Xuan.

In fact, the main source of income for these receptions is the commission. Whether they buy or sell things, they can get a one percent commission from the transaction.

This is also the main reason why the reception will not wait to see Ye Xuan at the beginning.

To put it bluntly, in the eyes of that person, Ye Xuan has no oil and water in the area of a god, and he certainly will not be happy to receive it.

Ye Xuan is also nonsense, and the long-awaited Qiankun ring is handed over to the old man.

Elder Lin opened his eyes slightly.

There are a lot of people who come to buy things at Lingxuan Pavilion, but there are very few people who sell things. Ye Xuan is still his first guest this year.

Feel free to pick up Ye Xuan's Qiankun ring, and glanced at it, but Lin Lin elders leaked a smile.

"Little guy, yes, actually killing so many low-level beasts, huh, I really don't know how you think, not good practice, but go hunting for the beast!

The materials of low-level beasts are generally rarely hunted. It seems that you are taking the road to killing! "

As soon as Lin Elder said, he had already given out a ring and handed it to Ye Xuan.

"This is a thousand gods, low-level animal materials, the cabinet has been acquired, but unfortunately no one is willing to waste time hunting.

Here, 10,000 gods, five thousand is what you should pay for the sale of materials, and another five thousand, I will give it to you in advance. Later, if you are hunting for the material of the beast, I hope that you can sell it to me, rest assured, the price is good. . "

Yep?

Give yourself more than five thousand gods?

Ye Xuan unconsciously looked at the elder Lin.

"Oh, don't doubt, the deity is refining something. It just needs a lot of gods and beasts below the level of the gods. Of course, three of them, I need you to bring me at least one hundred each, which is also the deity. Give your mission."

Deity?

Ye Xuan was not curious about the mission, but was curious about the name of Elder Lin.

Since the elder Lin claimed to be the deity, it is enough to explain his identity, not to be idle.

Of course, Ye Xuan is not interested in asking questions. Some things, I know it is good, there is no need to say it.

"Okay, I'm an elder, your commission, I picked it up."

Lin Elder smiled and threw a jade slip to Ye Xuan. This is recorded on the material that Lin Elder needs.

However, after doing all this, the elder Lin, once again closed his eyes, it seems that nothing happened in the past.

Ye Xuan frowned slightly and left the position of the elder Lin.

I still have doubts in my heart. This is the elder of Lin, who is it.

It seems that he is sitting there responsible for collecting materials. It seems that it is insignificant. However, every receptionist or something goes to him, but he subconsciously slows down. This shows that his identity is not normal.

Of course, this has nothing to do with Ye Xuan.

Two thousand gods, not many, but enough Ye Xuan to buy what they want to buy.

"Can you take me to the counter of the banned magic weapon?"

Ye Xuan turned and said to the reception again.

The man gave a slight glimpse, but he did not expect that this guy sold something, and he was going to buy something again.

Of course, this matter has nothing to do with him.

"Ok."

The man replied, and took Ye Xuan directly to another counter.

"Hello, what do you need?"

What is the purpose of Ye Xuanlai's Lingxuan Pavilion auction?

Of course, it is to buy things, perhaps, to enter the auction, he is not qualified at all. After all, there is no money in his pocket.

However, his goal is not an auction at all, but a magic weapon to break the prohibition.

"I need to be able to break the magic of the ban, can you recommend it for me?"

Ye Xuan lowered his posture and asked plainly.

"Well, of course, what level do you need, need to be permanent or one-off?"

"This, I will take a look at it myself."

"Ok!"

The man waved, and a light curtain appeared in front of Ye Xuan.

I don't know what to expect.

It's just such a magic weapon to break the ban, it is divided into countless kinds.

Ye Xuan thought about it. It is estimated that the ban on the cow and the beast is also arranged under the characters of the gods. Therefore, he directly selected the magic weapon of the gods.

There are many different types and functions.

Ye Xuan carefully selected for a long time, but fancy, is a second-hand ban.

This thing, called the aconite!

This is a magic weapon with a broken face. It is enough to break the ban on the Chinese god. Although the duration is not successful, the victory can be used indefinitely.

The key thing is that it is cheap enough to only need eight thousand gods.

Then, it is him.

Ye Xuan directly traded, and then, with his own banned magic weapon, he once again went to the Jiuluo seven mountains.

To be honest, the region of the realm of God is vast and boundless. It is said that no one has ever been able to explore the entire realm of God.

As far as Ye Xuan now knows the position occupied by the Moshang Court and the Three Thousand Gods Gate, it is really a metaphor. Then, perhaps they occupy a position that is just as small as a small drop of water in the Bohai Sea.

Ye Xuan went all the way, and quickly went to the Jiuluo Seven Mountains.

However, above the halfway, he was stopped.

"It's you!"

Ye Xuan looked at the person in front of him, revealing a strange look.

This person, it is the reception that he met at Lingxuan Pavilion!

Chapter 2097: Totem imprinting

"Oh, it's me, kid, a god-going person in the district, and I dare to be unreasonable to me. You know, how to write dead words?"

Ye Xuan slightly frowned, had seen stingy, but I have never seen such a stingy god!

"What are you doing?"

Ye Xuan pulled out the sword, the person in front of him, but the superior god, but behind him is Lingxuan Pavilion, Ye Xuan, do not want to offend easily.

"Haha, what do I want to do, ask well! Leave your ring and then admit your mistakes. I can spare you not to die, otherwise..."

Great tone!

"Otherwise, how are you going?"

"Haha, kid, I don't know how to live and die. If you don't, I will abolish your godhead and destroy your soul!"

Mania!

Very arrogant!

Unfortunately, he found the wrong object.

"Yes, I want to abolish my godhead and destroy my soul? Just see if you have the ability!"

"There is only one inferior **** in the district. The tone is not small. Then, today, I will let you see what it is, what is the real strong!

Mixed with Dafa, silence! "

In an instant, from the man, a black smoke-like thing erupted and rushed toward Ye Xuan.

Just in the blink of an eye, Ye Xuan is surrounded by it.

"Oh, my mixed-law Dafa will absorb your power, destroy your temple, kid, dare to offend me, this is your end."

"Is it?"

Ye Xuan looked at the man faintly, and the sword in his hand had been lifted.

"Destroy the gods!"

"brush!"

A sword screamed out, and between the moments, it smashed the smoke and attacked the man directly.

"There is only one inferior man in the district, and I want to hurt... Ah, this, what is this power, so scary!"

The moment before the man, he still ignored Ye Xuan's attack, but at the last moment, he was like a funeral dog, madly dodging.

"Hey!"

Ten times crit appeared.

The man was directly shot and flew out.

However, Hao Hao is a superior god.

This blow, although it caused him some damage, did not really kill him.

However, Ye Xuan's attack also frightened the man.

"You, who are you, why are there such powerful powers?"

"Who am I? You are not qualified to know, go to hell!"

"Brush!"

The two swords came out, and at the same time, Ye Xuan also held the sword, directly rushed over!

"Boom! Boom!"

Two loud noises, the man wants to dodge, but he can't dod off, directly hit by two killing gods, at the same time, Ye Xuan's third attack has arrived.

brush!

Kill a sword!

With a wave of it, directly devour all of this person, including the genius treasure in his ring!

"Hey, the host kills the value!"

"Hey, the host realm is improving, and it is currently a medium-sized god!"

In any case, the realm is fundamental.

If it is not necessary, Ye Xuan does not have the need to keep those genius treasures or animal materials!

This is the finest godhood!

Actually being directly killed by Ye Xuan!

A powerful sword.

It's a shame that Sayong's lost horses know it!

If it is not a system failure, I am afraid, there will be no compensation reward.

And if not compensation, Ye Xuan, how can I get this powerful sword.

Once the system is back to normal.

When Ye Xuan gets enough swallowing points and synthesizes a powerful avatar, he must have the help of this sacred sword. Ye Xuan's strength is enough to take it to the next level.

Moving on, the goal is directed at the nine mountains and seven mountains.

When Ye Xuan appeared again, the cow and tiger beast finally looked at Ye Xuan.

"Roar!"

The cow and the beast made a low-pitched voice, as if asking why Ye Xuan came again.

However, unfortunately, although this stolen cow and beast is a totem beast, it has not yet cultivated to the point of mouth and mouth, so Ye Xuan simply could not understand what he said.

Directly sacrifice the aconite cone.

The acone cone rotates quickly, and it is like an awl, which constantly destroys the prohibition.

In a short while, the ban, it was broken by a black-headed cone, enough to accommodate Ye Xuan.

"The cow and the beast, this time, see who will help you fight the damage!"

This cow and beast is the target that Ye Xuan must kill, because this is the target of the system mission.

Therefore, Ye Xuan is too lazy to talk nonsense, directly out of a sword.

"Hey, the host triggers a hit and kills, kills the cows and beasts!"

Amount, actually a shot will kill!

This can be all.

Ye Xuan smiled slightly.

Directly swallowing the entity of the cow and the beast, gaining a lot of killing value.

Then, we will continue to move forward. Jiuluo seven and sixteen totem beasts, Ye Xuan, one will not let go.

Even less than a day, the nine Luo seven totem beasts, all of them were killed by Ye Xuan.

Of course, Ye Xuan also had to thank the prohibition of the beasts of the beasts. If this is not a ban, it is almost impossible for Ye Xuan to kill these totem beasts with such ease.

This ban, the strength of those totem beasts is suppressed very low, it is simply to give Ye Xuan experience.

"Hey, the host completes the random mission of the beast!"

"Hey, the system repair rate is improving!"

"Hey, the host turns on the totem beast synthesis system!"

"Hey, the host kills the totem beast, will get the totem mark, synthesize the special totem beast!"

"Hey, the totem beast can synthesize the soul beast by swallowing the mark!"

A series of reward tips for the system arrived.

However, this time opened for Ye Xuan, but it is a soul beast synthesis!

Ye Xuan frowned slightly. This thing, he had not touched before, and he said no doubt, it was a lie.

At this time, Ye Xuan's hands have sixteen totem marks.

Then, Ye Xuan is inevitably itchy, want to see, this synthetic totem beast, what kind of thing is.

"System, I want to synthesize the totem beast!"

"Hey, the host uses the totem beast synthesis!"

"Hey, the host currently has sixteen totem marks, please host the synthesis!"

"Hey, the host can only open up to ten totem imprints at this time!"

Is it a self-synthesis?

This can be.

Ye Xuan looked at the totem marks.

These totem marks, each with some special abilities, as well as some specific changes.

This totem beast synthesis function.

It turned out to be the ability and shape of the totem beast killed by Ye Xuan, according to Ye Xuan's wishes, from a new integration to a new form, with new capabilities!

Needless to say, the more stamps you use, the better the effect.

So, can you use up to ten at the moment?

Then I will use ten!

With Ye Xuan constantly adjusting, soon a new totem beast appeared in front of Ye Xuan.

However, I don't know if Ye Xuan deliberately, or why.

This totem beast is actually the shape of a Pegasus.

Yes, it's all a white horse, but with a pair of wings and a white one.

However, the ability of this Pegasus is not that simple.

Ye Xuan used five imprints to enhance his speed.

Four more were used to strengthen his talented attack of the one-horned horn. Ye Xuan temporarily named it "the one-horned hit!"

As for the rest, it is only strengthening the defense.

Ten totem marks, in exchange for a fast riding mount?

Loss?

It may be a loss, but for Ye Xuan, it is worth it.

Because of this Pegasus, then Ye Xuan can quickly find the whereabouts of the fall.

Besides, the totem beast can spend a certain amount of swallowing points and merge into a soul beast. At that time, it will be the time when this Pegasus shows its true strength.

Ye Xuan, already has a plan in mind.

Chapter 2098: Looking for the door

The beast of the beasts of the beasts of the beasts was broken, saying that they were not possible to induce, but that Ye Xuan's movements were too fast. Moreover, the action is also very secretive, so after killing 16 totem beasts in succession, the talents of the beasts of the beasts reacted.

At this time, in an imperial palace, an elder suddenly woke up.

"Not good, the prohibition of the totem beast is broken, fast, go see the totem beast!"

"Yes, great elder!"

In an instant, dozens of people, directly and quickly flew away from the position where the totem beast is located.

However, when they arrive, there is still a totem beast!

Jiuluo seven, 16 totem beasts, have been killed by Ye Xuan, even the body did not stay.

"Damn, who is it, who is it, dare to scatter in the land of my beasts, and find death! You, give me around, inform the law enforcement team, let go of the beast, and must find out the guy."

The people of the beasts of the beasts are angry, and the nine mountains and seven mountains are the places where they hold the totem beasts. They are also their back gardens. Now, in their own back garden, some people take the totem beasts away. How can they accept it.

Soon, the law enforcement team with the beasts of the beasts quickly dispersed around.

Listen to the beast!

A special beast of the beasts of the beasts of the beasts, the gods and beasts, the greatest talents, are their strong ears, and the sharp nose!

Listening to the beast of the beast can identify even the weakest scent within 100,000 miles, and thus, quickly track.

Ye Xuan did not think that he had just left Jiuluo and the seven mountains, and he had already been locked in by the tens of thousands of beasts.

At this time, Ye Xuan is rushing toward the north, because the location he feels is now in the extreme north.

But because the distance is too far, only a general direction can be sensed, but the exact position has no way to locate it.

On this day, Ye Xuan was on the road. There was no special place on the road. There was a huge hole leaking between them.

"What the hell?"

Ye Xuan was so strange that he stopped directly and looked at the huge hole. However, he thought about it. Is there any monster?

However, it was at the time of his observation.

It was from the hole that a pair of people came out quickly.

Is it the people of the beasts?

It turns out that this is another special beast of the beast of the beast.

Squirrel!

This thing is not a small mouse. Although there is a mouse in the name, in fact, he is quite big and quite awkward. Moreover, at the bottom of the earth, once it is launched, the speed is even more amazing.

"Is this the kid?"

One person looked at Ye Xuan, his brow was slightly wrinkled. It seems that he did not want to believe that Ye Xuan was the one who stole the sixteen totem beasts.

"who are you?"

Ye Xuan also looked at those people, and his heart was quite puzzled. When he first came to the realm of the gods, wherever he knew anyone, he would not even say any enemy.

However, looking at these people's imposing manners, it is clear that they will not have any good intentions for him.

"Well, listening to the beast has never been wrong, so what is certain is that he is!"

"A medium-sized man in the district? Dare to offend my beasts? Is it to steal the sixteen totem beasts? How is this possible?"

Although the results are very obvious, but the people of the beasts of the beasts still do not want to believe, after all, Ye Xuan's strength is too weak.

Weak so that they can't imagine at all, what kind of guy is it that can use the strength of a medium-sized man to steal a sixteen totem beast in the heart of a god?

Let's not say anything else, that is, the prohibition, and it is not a middle-aged man in a district can crack it!

"You, who is it? The deity is the elder of the beastmaster of the beast, the white, the boy, who are you?"

Looking at Ye Xuan, looking in the eyes, there are doubts, doubts, but more, but contempt.

"Tian Shen Jing!"

Ye Xuan took a breath of cold, and it would be a super strong person in the gods.

This is not the current Ye Xuan, can overcome.

Ye Xuan's eyes turned, and in his hand, there was a Qiankun ring, which was left by the waiter of Lingxuan Pavilion. Among them, there was a jade card of the Lingxuan Pavilion waiter as proof of identity.

It seems that it is a good excuse at the moment.

"I am the waiter of Lingxuan Pavilion. I am going to work outside the office of the elders of Lin Lin. I dare to ask you, what can I do?"

Ye Xuan now, it is impossible to be the opponents of these people, even if there is no possibility of escape.

Therefore, he wants to borrow the name of Lingxuan Pavilion to see if he can confuse him.

Sure enough, when I heard Ye Xuan say so, those people are obviously slightly stunned.

"Lingxuan Pavilion? You are a person at Lingxuan Pavilion. Can you prove it?"

Lingxuan Pavilion, although it has no competition with the world, its strength is by no means a leisurely one. Don't say that this little beast is a god, even if it is not on the cabinet, it does not dare to provoke, so when Ye Xuan said that he is Lingxuan Pavilion After the people, those people really retreated.

"Certificate? Give it to you!"

Ye Xuan waved his hand and directly lost the jade.

When Ye Xuan took out the jade card, his eyes were obviously changed, and the jade card of Lingxuan Pavilion, of course he knew.

At this time, the jade card that Ye Xuan took out is not the authentic Lingxuane identity certificate, even if it is only a minimum level of waiter proof!

"No, since you are a Lingxuan Pavilion person, then naturally I am not looking for someone to look for, I am taking the liberty."

Yu Bai also waved his hand and pushed the jade card back into Ye Xuan's hand.

Obviously, it is not ready to check.

Ye Xuan's heart was secretly relieved, but fortunately, the signboard of Lingxuan Pavilion was quite easy to use. Otherwise, this time, he was really in trouble.

"It doesn't matter, since I admit the wrong person, then I will go first. After all, Elder Lin is waiting for me to complete his task."

Ye Xuan said, on the one hand, has summoned the totem Tianma and walked away directly.

This is the strongest of the gods, and he is a medium-sized man in Ye Xuan District, and in the case of system damage, there is a real conflict. It is simply sending food.

What's more, people still have a lot of people.

Ye Xuan's movements are extremely fast, and there is no moment to stop.

.....

"No, it is him, this guy, that jade card, there is a problem!"

Suddenly, the white stunned and turned back, his face leaking annoyed look.

At the beginning, it was forced to be famous by Lingxuan Pavilion. Therefore, when Bai Bai was inspecting, this was a careful one, and he did not dare to offend.

But now I want to come back. On the jade card, there is no imprint of Ye Xuan. This shows that Ye Xuan is not the owner of the jade card, nor is it the Lingxuan Pavilion.

Chapter 2099: Mysterious valley

"Damn, it's damn, the deity is actually being played by the kid! Chasing, chasing me, the deity must crush his godhead by hand!"

I was so angry that this time, there would be a slight hesitation. In an instant, the people of the beasts of the beasts will turn into streamers and chase the past toward Ye Xuan.

Ye Xuan also understands that the use of Lingxuan Pavilion's jade card is only an expedient measure. Once the other party reacts, then he can be tragedy.

Therefore, starting from the group of people who left the beast of the beast, Ye Xuan constantly urged Tianma to speed up again and again.

At this point, the speed of the totem Tianma has reached its limit.

A mountain, a river, and constantly retreating at the foot of Ye Xuan, Ye Xuan did not dare to have a moment of delay.

Unexpectedly, this came to the realm of the gods, but first passed a blind man.

From the moment when the self-reported identity is the person of the beastly god, the sage has already understood what the purpose of these people is.

Is it not yourself?

"Follow, **** guy, it's so slippery."

The speed of the people of the beasts is also extremely fast. By listening to the inductive power of the beasts, they have been in control of Ye Xuan's position.

.....

If you go on like this, it is not a solution at all. The speed of the totem flying horse is not slow, but the people of the beasts of the beasts also have special mounts and magic weapons.

Going this way, Ye Xuan will be caught up sooner or later!

Once caught up, the consequences are not conceived.

How to do?

You must find a suitable way to do it!

Ye Xuan fled, thinking constantly in his heart.

The system failure caused Ye Xuan to be very passive now. If there is another time, he has so many concerns!

This time, it is the deity, the body of Ye Xuan, not the avatar!

Among the enemies, there is a strong god.

Escape, you can only escape, except for escape, there is no other way.

.....

This chase is a full seven days!

In the seven days, Ye Xuan relied on the speed of the totem Tianma, all the way.

And the people of the beasts of the beasts, at this time, but only the day of the gods are still chasing after Ye Xuan.

Heavenly Kingdom!

It's not that God's humanity can resist!

At noon on the seventh day, Ye Xuan suddenly noticed that the white has been chasing after him, and the speed has dropped significantly.

What happened, the guy, is it difficult to give up?

No, with the performance of the guy in the past few days, it is obviously impossible to give up so easily!

So, what will it be?

Is it because of this position now?

Ye Xuan's speed has also slowed down. At the same time, the gods are alert and watched around.

Now where Ye Xuan is located, the surface looks like there is no special place. The green mountains and green waters, some fairy grass flowers are everywhere, and from time to time, there will be some small beasts walking through the ground.

In short, it looks like it is not usual here.

However, the performance of the elders of the beasts of the beasts is obviously somewhat strange.

What is the reason?

Ye Xuan slightly frowned.

.....

"Hey, this kid is not too small, but dare to hide in the valley, the deity wants to see, how do you come out!"

He was not in a hurry, even stopped directly chasing, but he looked at Ye Xuan so far, with a shallow smile on his lips. This smile was full of ridicule.

That is obvious, but Ye Xuan is looking for a dead end.

Out of the valley?

What is this place?

For Ye Xuan, I don't know so much.

At this time, Ye Xuan also found out that something is wrong, first of all, it is the change of divine power.

At this time, Ye Xuan can clearly feel the violent breath from the air.

In this area, it seems that even the air is violent.

How is this going?

Yu Bai was on the outside, and Ye Xuan did not dare to go out. He could only land slowly on the ground.

The totem Tianma kept snoring and at the same time, the four-legged uneasily kicked.

Ye Xuan frowned slightly and collected it directly.

This began to carefully observe the surrounding situation.

However, there is no special place to see.

Amazing place.

It is really unremarkable to say that it is here.

In this case, Ye Xuan is absolutely not convinced.

If there is no danger, then it is impossible to stop chasing.

No matter what the naked eye or the result of the exploration, it shows that there is nothing special about it.

So, what kind of secrets are there?

“Hey, the host triggers the first ring mission of the recast system, the mysterious valley, congratulations to the host.”

“Hey, the system prompts, this exploration, the system will not provide any help, please host to explore.”

The system prompts, let Ye Xuan slightly frown.

Mysterious Valley?

Ye Xuan will take a look at it, here is what is mysterious.

Directly sacrificed the sacred sword, tightly held in the hand, Ye Xuan, step by step, toward the depths of the valley.

Green mountains and green waters, birds and flowers, if not the ubiquitous temperament, Ye Xuan, even think that this is a paradise.

Step by step, Ye Xuan's movements are not fast.

In the face of this sudden situation, Ye Xuan had to be vigilant.

It can be said that he has not passed smoothly since entering the realm of the gods.

The loss of the fall, the damage of the system, and the continuous troubles, I have to sigh in the heart of Ye Xuan, I am really unlucky.

"Hey!"

Suddenly, an attack that broke into the ground almost didn't kill Ye Xuan directly.

Yes, it is spike!

A cold sweat suddenly flowed from Ye Xuan's body.

Just now, just when Ye Xuan is about to step out.

Suddenly he felt an unknown feeling in his heart, so he jumped without hesitation.

But he just jumped off the moment.

Above the ground, a big tree suddenly emerged.

In the blink of an eye, where there was nothing in the past, there was a pale old tree.

Moreover, this ancient tree is not an ordinary ancient tree, but an ancient tree named Soul Eater!

It is said that this tree actually has its own consciousness.

Usually, they lurk in the form of seeds, but once they have the right target to enter their attack range, they will immediately rise up and grow up instantly.

If anyone accidentally touches any of the branches of this Soul Eater tree, then congratulations, your soul will be swallowed up by this Soul Eater tree.

"The soul-burning old tree! This, is this thing already extinct in the realm of God? Why, here, there is another!"

Not to mention Ye Xuan, even outside the attention to Ye Xuan's white, but also instantly scared to jump up.

"The Valley of the Dead! It is a smashing valley. It is a terror, it is terrible."

The white figure retreats, this is a valley, even if he is a god, he will never enter easily.

Chapter 2100: Wolf Kun

Of course, he did not go far, but waited quietly, waiting for Ye Xuan to die!

Ye Xuan was shocked by his Soul Tree.

Until now, my heart is still rumbling.

However, this is not enough to stop him.

The more we are so surprised, the more we explain that this is not a leisure, let alone recast the first task of the system.

Ye Xuan, can't give up.

"Keep going!"

Ye Xuan bit his teeth and directly bypassed the ancient soul-eater, and continued to walk forward.

When Ye Xuan was only left, the soul-burning old tree disappeared instantly.

It seems that everything has not happened, that is, the ground has also returned to its previous form.

"Hey..."

It seems that it is a wolf cry?

However, here, how can there be a wolf?

Here is the realm of the gods, even if there are wolves, it is also the existence of wolves.

Ye Xuan stopped and silently stared at the direction of the sound.

Suddenly, a shadow flashed.

Although it only appeared so suddenly.

But it was still caught by Ye Xuan.

"What, pretend to be a ghost."

Ye Xuan clenched his sword and looked at the front.

.....

"Haha, the little doll of the Terran? It's interesting. It's really interesting. I didn't expect that there would be a small doll of the Terran. It's so daring. I am good at my own domain. You know, I will die in my field." "

A voice came over, and the voice seemed to be on the front, but it seemed to be around, and it seemed to be so illusory.

Moreover, among the sounds, there is a faint **** breath.

Let the person who hears this sound can't help but feel a creepy feeling.

"Hey, pretend to be a ghost!"

Ye Xuan Shen read the outside, carefully searched each position.

What is certain is that this voice is absolutely around Ye Xuan, just don't know where to hide!

"Human family, do you want to find me?"

Suddenly, a strange creature of half man and half wolf came out.

werewolf?

This thing is also found elsewhere.

However, the wolf who appeared in front of Ye Xuan was somewhat surprised because he not only had the form of a half-human and a half-wolf, but also had a semi-virtual form.

The body of his general wolf is so clear that people can feel the entity very clearly.

However, the body of his half is illusory, as if it were just a shadow.

What is this monster?

This kind of thing, Ye Xuan has not seen it before, it is not surprising, it is impossible.

"Human baby, you are a small guy in the realm of a middle-aged man in a district. Why do you sneak into my louver? Today is your luck. I met the wolf, if I met the other four guys, I was afraid, You are already dead. Say, come into my domain, what do you want to do!"

Wolf Kun? Is this the guy's name?

Ye Xuan's brow is slightly wrinkled. The current situation has completely exceeded his control. Everything now is beyond his expectations.

In front of this wolf Kun, although the surface looks, it seems that it is just a realm of the gods.

Yes, Ye Xuan can feel it, his strength, not just that.

war? Or escape?

No, there is no chance to escape. Everything here is too strange, and even Ye Xuan has no grasp of escape.

So, can you fight?

The sacred sword was held tightly by Ye Xuan in his hand.

Don't look at this wolf Kun now seems to be very good to talk, but unfortunately, Ye Xuan is not a fool, saying that the other four guys are dead, and they don't have to die when they meet him? how is this possible!

"Who are you, here, where is it?"

Ye Xuan looked at Wolf Kun and asked the same, but the whole body has already made the best adjustments, ready for a battle!

"who am I?

Haha, I am in the domain, I don't know who I am? The deity is one of the five great ambassadors, the wolf **** makes! Do you know? "

"I don't know!"

Wolf Kun's expression was slightly wrong. I didn't expect Ye Xuan to tell him directly, I don't know who he is!

"Kid, you are looking for death, oh, it's not easy to read you, leave everything you have, and then, immediately, get out of my domain, the lord will not die, otherwise, the blame is not welcome."

Wolf Kun threatened.

However, if he does not threaten Ye Xuan, perhaps Ye Xuan will have some concerns.

However, now that he exports threats to Ye Xuan, Ye Xuan is laughing.

"Haha, what do you want me? Yes, let's take it!

Destroy the gods! "

Said to start doing it, Ye Xuan actually did not even hesitate, and directly shot.

The power of violentness broke out from the sacred sword.

The wok Kun looked changed and wanted to escape.

Unfortunately, it's late!

"The hand of devouring!"

Suddenly, Ye Xuan's second attack has arrived.

Actually, the wolf Kun was directly sucked into the space.

This seems a bit too simple, right?

How is this going?

Even if it is even Ye Xuan, it is slightly wrong.

You must know that even if this wolf-kun strength is fluctuating, it is also the realm of the gods and gods. How can it be said that there is no resistance at all, and it is directly swallowed by Ye Xuan?

It's weird!

Absolutely weird.

Ye Xuan was too lazy to ask the wolf Kun, what he heard from other people's mouth, never had the clarity he saw directly.

Therefore, Ye Xuan directly chose the soul search!

Now he has broken through to the human condition, and he can use the mind to search for souls.

In this vast valley, the system is damaged.

Now, regardless of what he does, Ye Xuan can only act on his own body. Therefore, he can't be too careless and can't let him relax.

.....

After a while, Ye Xuan leaked a weird smile.

He finally knows why this absolute valley has stopped the sacred whites of the beasts, and why it is so strange!

Because, here, it is a tomb of God!

You can think of it as a treasure!

However, it is a treasure that no one can open at all, no one can enter.

This is why it is called a sinister domain.

The former Wolf Kun, in fact, the real strength is the gods!

Thousands of years ago, he was bold, and several other gods were chosen to enter here, and wanted to find out what was going on here.

It is a pity that it was not long before it was entered, and it was contaminated by the violent breath.

In the end, several people actually had an infighting.

Wolf Kun was lucky. He was not too deeply affected by the breath, so he fled in time. However, it was only the beginning of the tragedy. Later, Wolf Kun encountered various strange things until he was made the deputy. People, wolves are not wolves.

To be precise, the part of his body as a human being has fallen. In desperation, the goddess will be hosted in the native creatures of this region, and the body of a three-tailed wolf will become like that.

From the memory of Wolf Kun, Ye Xuan found that these few sad reminders, even the real door of the Valley has not arrived, it has fallen.

And killing the wolf Kun to kill them, but only the strange violent atmosphere.
